

A Killer 3381

Chapter 3381: Born ninth-level zombie

After this arm was stretched out, soon another arm also stretched out from the female actor zombie's abdomen, and these two arms actually tore a hole in the female actor zombie's abdomen, followed by an old man's head from The female actor's zombie abdomen came out. .

"Hong Zhan" was extremely excited at this moment, but it did not take off Li Tian's hand and fly out as before.

The nine-color corpse crystal also showed exceptional excitement, countless transparent silk threads flew out automatically, and the small vortex on Li Tian's chest was spinning rapidly, as if it was providing infinite energy to these transparent silk threads.

But Li Tian was uncomfortable.

Li Tiangang controlled the female actor's zombie, and the little zombie came out, and the female actor's zombie broke free of Li Tian's control. As a result, Li Tian received some backlash.

"Boom!"

"Boom!"

"Boom!"

The transparent silk threads that had been wrapped around the corpse crystal in the female actor's zombie's head were all broken one by one.

Li Tian only felt the nine-color corpse crystal on his chest beat violently, and a strong backlash rushed into Li Tian's body.

Li Tian quickly sat down and began to adjust.

On the stage, there was another "puff!"

A thin leg that was almost entirely bones, just a trace of flesh and blood on the skin stretched out from the female actor's zombie abdomen. Half of the little zombie had already emerged from the female actor's zombie abdomen.

This is definitely not a normal human production process.

At this time, the little zombie was constantly tearing the flesh and blood from the female actor's zombie abdomen with both hands, opening the mouth full of sharp teeth, chewing and swallowing the flesh and blood.

And what about the female actor zombies?

As if she couldn't feel the little zombie eating the flesh and blood on her body at all, she stretched out her hand, his eyes filled with kindness, and gently caressed the little zombie.

The female actor zombie said kindly: "Eat, eat, my dear boy, eat quickly!"

Seeing this, Li Tian guessed that before the end of the world, this female actor was taken care of by a certain man. That man should have sworn each other and said a lot of sweet words to this female actor, and might even agree to marry this female actor.

But all this changed after the actress announced that she was pregnant.

It is possible that the female actor wanted to use her pregnancy to get the upper hand, forcing the man who adopted the female actor to divorce and marry her, or it might be that the man who adopted her was suddenly tired of this kind of affair, and he just refused to answer her phone and never come again. At the beginning, they were the love nest of Nong Nong and Nong, but they went into hiding without seeing the actress.

In order to make a living, this female actor can only continue to sing on stage with resentment and earn living expenses.

The little zombie moved very quickly, almost within a few minutes, he even ate the female actor's zombie abdomen, revealing the bones of the female actor's zombie, but the female actor's zombie's face was full of happiness.

And on the body of the little zombie, there was skin that was growing at a speed visible to the naked eye.

Moreover, these skins are not the gray skins of zombies, but the human skins of advanced zombies like female actors.

"Crack!"

"Crack!"

The little zombie was devouring the lost body of the female actor, and the female actor's zombie had fallen to the ground with a happy smile on his face. Li Tian hardly dared to look directly at this **** scene.

"This gentleman!" The female actor zombie suddenly looked up at Li Tian and said to Li Tian.

"Did you know? The bats in this hall are fed by the flesh and blood of other zombies! Because these bats are the snacks I left for my children, but you killed them all! Oh, you There is one bat left. But, should you make up for my loss?" said the female actor zombie.

"How to make up? Do you want me to block your child's food like you?" Li Tian said with a sneer.

Li Tian had already made good preparations for the battle, and even thought that he would act first and behead the pair of zombie mothers and children directly, but Li Tian unexpectedly produced a trace of pity in his heart, a trace of intolerance, so he has been restraining.

But if this female actor zombie and this little zombie attack Li Tian, then Li Tian will behead them unceremoniously.

"Chuck! Mr. laughed!" The female actor zombie said with a smile: "Actually, since that man abandoned our mother and child, I know this child shouldn't be in this world, but as a mother, how could I be willing to let him go? This kid who hasn't seen one side of the world is knocked out!"

"I just think of a person giving birth to this child, and I pulling the child to grow up alone. But now you can also see that this child may be starving, and it is impossible for me to pull this child up. !"

"I am not afraid of death, but I am afraid that my child will have no parents at birth! So I beg you, gentleman, can you adopt my child?"

"Adopt?" Li Tian didn't expect that the female actor zombie would say such things.

Doesn't she know that she is already a zombie? Didn't she know that her child was a zombie when she was born?

"This gentleman can kill all so many bats. It can be seen that this gentleman is powerful, and you are fully capable of adopting my children. But the transparent silk threads you just released can control me. If I am not mistaken, you have a nine-color corpse crystal on your chest, a corpse crystal that only ninth-level zombies with bugs can have! And these nine-color corpse crystals can be used to control zombies!" The female actor continued. .

It can be seen that the female actor zombie knows that she and her children are zombies, and the female actor zombie can also feel the transparent thread released by Li Tian's nine-color corpse crystal.

"I believe you can also feel the strong power in my child!" said this, the zombie face of the female actor was full of pride, as if she was proud of her being able to give birth to such a powerful little zombie : "My child is a born ninth-level zombie. Following you will not become a burden to you!"

"Please be sure to agree to my request!" The female actor zombie said to Li Tian pleadingly.

The little zombie is just a little gluttonous glutton, who has swallowed the body of the female actor's zombie cleanly, and even the bones of the female actor's zombie's body have been swallowed by the little zombie "click" and "click".

At this time, only the head of the female actor zombie was left.

Born to be a ninth-level zombie, it was really extraordinary. The bones of the eighth-level peak zombie could be eaten so easily by him.

Li Tianan endured the joy in his heart, and said, "Hey, why do you call me a kind hearted person? I will reluctantly agree to you!"

Li Tian, the little bitch, could not wait to release thousands of transparent threads towards the head of the little zombie.

Chapter 3382: Born to Level 9 Zombies (2)

The transparent silk thread quickly rushed into the head of the little zombie, and Li Tian couldn't help but be overjoyed.

This little zombie is indeed a ninth-level zombie by nature, and that ninth-level corpse crystal can't deceive people!

If the corpse crystal of this kid is taken out and eaten by the captain, the captain doesn't know if he can evolve to the level of ninth-level zombie. This thought just flashed through Li Tian's mind.

The little zombie does not seem to have much autonomous consciousness. The transparent silk thread controlled by Li Tian entered the little zombie's mind. The little zombie did not resist, and even released a fluff-like silk thread on the ninth-level corpse crystal of the little zombie. Li Tian released the transparent silk thread contact.

Li Tian didn't expect to control the little zombies so smoothly.

And after the little zombie continuously swallowed the whole body of the female actor zombie, the body gradually became rounded, and the whole body was white and tender. The small arms and legs

were just like lotus roots. Now it looks like this little zombie. There was still a bit of zombie appearance, like a fat boy of two or three months.

If Li Tian didn't say anything, who could tell that this big fat boy turned out to be a little zombie?

At this time, the little zombie, after being controlled by Li Tian, was already staring, and fell to the ground and started to fall asleep!

And the female actor has been eaten by the little zombie and only one head is left. Watching the little zombie sleeping on the stage, the female actor's zombie eyes are full of dissatisfaction and love, facing Li Tian Said: "I gave this child a name, his already called: Tianyi! The sky of the sky, the wings of the wings! It should be God's will for him to come into this world. I also hope that he can follow you, slow Grow up slowly, so that you can fly like a bird!"

"Tianyi!" Li Tian repeated the name to himself and said, "Good name! I don't know what your name is? If this kid asks about it later, what should I say?"

At this time, Li Tian didn't treat the female actor zombies as zombies. Although the female actor zombies had only one head left, Li Tian still wanted to ask like normal people.

"My bad name doesn't need to be mentioned in front of the children anymore! I have nothing to repay you. Please dig out the corpse crystal in my head!" The female actor zombie has closed her eyes. Said with a relieved expression on his face.

All ***** are ruthless, and the actors are meaningless, but Li Tian has seen the maternal greatness in the zombie female actors!

The eighth-level pinnacle zombies already possess human consciousness, and their strength can definitely stand at the top in this small city. It can be said that this little zombie, the female actor zombie did not hesitate to choose to let the little zombie swallow her body.

Mother, where is Li Tian's mother? After so many years, doesn't Li Tian miss his mother?

Think, how not!

It's just that Li Tian doesn't want to think about this kind of thing.

Li Tian believes that it is destined in this way that he and her mother will definitely meet one day.

It's like back then, if it weren't for Situ Ningbing, how could Li Tian leave Liaocheng, how could so many things happen later, and how could he meet his father, grandpa, etc.?

"I've got this corpse crystal!" Li Tian raised "Red Sword", and personally inserted "Red Slash" into the female actor's zombie's head, and then dug out the corpse crystal from the female actor's zombie's head.

This "Red Slash" and the nine-color corpse crystal seemed to understand Li Tian's mood at this time, or there were too many zombies swallowing mutant bats, and they did not act on the corpse crystal of this eighth-level peak zombie.

Li Tian wiped the corpse crystal with a soft cloth, and then tore a slightly clean cloth strip from the costume of the female actor's zombie, and wrapped the corpse crystal with the cloth strip. He took out a piece of clothing from his backpack, wrapped Xiao Tianyi, and placed the corpse crystal belonging to the eighth-level peak on Xiao Tianyi's chest.

Li Tian was still asleep on the small Tianyi, and he took the time to collect all the wings of the mutant bat.

After searching the auditorium again, apart from finding a few low-level corpse crystals dropped by the female actor's zombies, there was nothing else to gain. Li Tian put on his backpack and walked out of the auditorium with Xiao Tianyi in his arms.

The sun was shining outside the auditorium, the sky was azure blue, and a few white clouds floated in the sky, as if they were still stationary.

Li Tian likes this kind of weather, but the mutant bat closed his eyes, holding his two paws tightly under Li Tian's backpack, and dumped them.

This time on this trip to the auditorium, Li Tian conquered such a mutant bat with great promotion potential, and five mutant mourning crystals. The "Red Slash" and the nine-color corpse crystal also changed to varying degrees. Of course, the little zombie Tianyi was most delighted by Li Tian.

When Du Litian showed up in front of Situ Ningbing and the goddess Xueji with the little zombies, both Situ Ningbing and the goddess Xueji felt very surprised. But after learning that the little Tianyi turned out to be a zombie, Situ Ningbing and the goddess Xueji didn't feel disgusted because the little Tianyi was a little zombie, they still treated the little zombie as a child.

Even the two of them took turns holding the little zombies, and they liked it very much.

This was quite surprising to Li Tian, after all, Situ Ningbing was a cold-blooded killer, and the goddess Xue Ji was a cold woman with hundreds of years of cultivation history in another world.

Soon, it was time for the appointment to gather.

Tang Xiaolong was exhausted and returned to the camp where the car was parked.

After Tang Xiaolong saw the little zombie, his face was full of weird expressions. He even sneaked up to Li Tian, elbows Li Tian, and said to Li Tian with a mean expression: "Brother Tian, is this little zombie born to you and that beautiful female zombie? You are worried that Ningbing and the others are angry that you said you picked it up in the auditorium!"

Tang Xiaolong stayed on Tianshan for three years, and his mind stayed in his understanding three years ago.

Since the advent of the end times to the present, there has not been any record to prove that zombies have the ability to copulate.

As for the little zombie Tianyi in the zombie's arms of the female actor, this is the child that the female actor had been pregnant with before she became a zombie, and it was a coincidence that such a little zombie was born.

If zombies can copulate and reproduce, then this world may have been occupied by little zombies, and humans may really have no chance to re-rule the earth.

Soon the captain returned to the camp with the barbarian on his back.

The captain's body was all minced meat and slimy stains, and even the skin on his body had a few small wounds. It was conceivable that the battle of the captain was quite thrilling. However, the barbaric body was wrapped in long black hair by the captain, not to mention getting injured, there was not even a trace of stains.

"This is true love!" Li Tian thought in his heart.

Chapter 3383: Bats are not birds

The captain stared at the little zombie Tianyi with both eyes curiously. This kind of eyes looked like a child's curiosity and love for the new life.

After hearing Li Tian's explanation of the origin of the little zombie Tianyi, the captain put the barbarian down, stretched out his arm, and said to Situ Ningbing, "Can I hold it for a while?"

The captain's eyes are pure and clean in this one, just like a dark gemstone, without a trace of impurities, and the captain's voice is quite pleasant, this kind of childlike request makes Situ Ningbing unable to Refuse!

Situ Ningbing handed Xiao Tianyi into the hands of the captain, and the captain gently held Xiao Tianyi with both hands, as if he was holding an exquisite work of art, cautiously, even the captain still used his black long Fa wrapped Xiao Tianyi like a small hammock, hanging from the captain's chest.

And Xiao Tianyi woke up at this moment.

Xiao Tianyi didn't cry, didn't make a fuss, opened his eyes and looked at the captain curiously. Two arms that looked like white lotus roots stretched out in the air, as if he wanted to reach out and embrace the captain.

"This kid likes the captain!" Situ Ningbing said.

Li Tian nodded and said, "Maybe it's because the captain has the same taste as him! I was still worried about who will take care of this little Tianyi, but now I know it, and this little Tianyi will be handed over in the future. To the captain! Captain, do you agree?"

There was a hint of surprise on the face of the captain, and he nodded quickly and said: "I can take care of the things that Master Li Tian handed over to me!"

Li Tian hesitated, took out the female actor's corpse crystal from the infant, and said: "This is a corpse crystal of an eighth-level peak zombie! It is a reward for you to take care of Xiao Tianyi!"

The captain also unceremoniously put away the corpse crystal.

The current captain needs this kind of high-level corpse crystal most. Only by swallowing the high-level corpse crystal that is higher than the current level of the squad leader, can the squad leader quickly upgrade his level in a short period of time, otherwise he can only consume low-level corpse crystals continuously through accumulation. , Get the power of the corpse, and then slowly increase the level.

Li Tian didn't tell everyone that this little Tianyi was a level 9 zombie, but Li Tian could feel that the captain should be able to feel the strength of this little Tianyi.

"Brother Tian, what kind of bird is hanging behind your ass?" Manzi asked Li Tian, lying halfway on the back seat of the car.

Li Tian just remembered that he was still carrying a backpack? And the mutant bat is hanging upside down on the backpack. From the barbarian's perspective, it is very possible to regard the mutant bat as a bird!

Li Tian immediately controlled the mutant bat to fly. It was the size of an owl, with its wings spread out, with a diameter of more than one meter. The fluff on the huge double wings shone like a metal texture in the sun, and you saw that one. The sharp claws like a hook make people shudder.

But this bat is a nocturnal animal after all. It was controlled by Li Tian to fly in broad daylight, but it looked listless, otherwise it would give Li Tian a bit of face.

"Brother Tian, this bird is good, can you give it to me? I don't want any corpse crystals and zombies, I will help you take care of this bird for free!" The barbarian began to drool.

"Do you have any common sense, is this a bird? This is a bat!" Tang Xiaolong said to the barbarian with a look of disdain. Suddenly Tang Xiaolong turned his head and said to Li Tian, "Brother Tian, this bat can give Me? No, it's not for me. I'm letting me take care of this bat for you! My god, you see that I have no strength. Sometimes when I encounter a more flexible opponent, I get blinded!"

This is definitely a sign of weakness for Tang Xiaolong. If Tang Xiaolong had cultivated the ten-fold training body, he would already be a fourth-level middle-level, and his strength was already close to more than 2,500 kilograms. This strength is not limited to punching. The strength and the explosive power on his legs are also very powerful, let alone ordinary bounty hunters, even the core cadres of the top ten legions may not be as powerful as Tang Xiaolong.

However, Li Tian would not refuse this request from his good brother Tang Xiaolong.

"Little dragon, this is a mutant bat. If this mutant bat wants to advance, it needs to swallow the death crystals of those bereaved birds, especially the advanced ones." Li Tian said.

"Don't worry, Brother Tian, I don't have a girlfriend, so I eat corpse crystals and zombies like peanuts! If I get corpse crystals and zombies, I will give priority to this mutant bat. Hey, promise to feed this mutant bat. Fat and fat!" Tang Xiaolong said when he heard a play, his eyes burst with happiness.

Manzi was dissatisfied with Tang Xiaolong's words, but what could he do? He raised his head and glanced, the captain who was still immersed in happiness, could only shook his head and silently accepted this kind of thing.

Li Tian gave the mutant bat to Tang Xiaolong.

After being conquered by Li Tian, Li Tian can feel the emotional fluctuations of the mutant bat. In this way, even if Li Tian and Tang Xiaolong separate, Li Tian can also feel the approximate location of Tang Xiaolong.

In case Tang Xiaolong encounters any danger, Li Tian will be able to rush over immediately.

...

Kyoto city, a house somewhere

It has been a while since Mr. Liu hung up the call from Yin Yang Gate, but Mr. Liu was still in pain.

During the call, the master of the Yin-Yang Gate had already informed Lao Liu that Liu Jun's corpse had been refined using Yin-Yang Secret Techniques and that Liu Jun could be resurrected within three months, and this Liu Jun had excellent talents, the resurrected Liu Jun Strength can be taken to a higher level.

"How strong can it be?" Liu Lao said to himself with trembling lips.

Elderly bereaved grandson, white-haired man sent black-haired man, this kind of pain caused Liu Lao to not go to the bounty hunter headquarters for several days. He has been waiting for the call from the master of Yin Yang gate, now the call comes, but Lao Liu didn't get rid of this pain, but seemed even more painful.

Liu Jun can be resurrected, but this Liu Jun wants to become the slain soldier of the sect master of the Yin Yang Gate. No matter how strong Liu Jun's strength is, this has nothing to do with the Liu family. This line of Liu Lao is already regarded as the last!

Old Liu looked at the computer monitor in front of him and opened a private email in the mailbox. The email contained all the information of Li Tian, including his life stories, relatives and friends, and even how many women Li Tian had. All have records.

Seeing a series of heavyweight names on the e-mail, Old Liu frowned, squinted, and said, "If Li Tian is allowed to come to Kyoto City, the old ghost of the military soul will definitely intervene in this matter. My grandson But it's dead in vain. What's more, it's not just the soul of the army, and the woman in the Sakura Legion can't just sit idly by!"

"No! A general Jingtao can no longer guarantee that he can complete the task!" Liu Lao picked up the phone again and dialed a phone number.

Chapter 3384: Army Soul Legion

The call was quickly connected. Old Liu seemed to know that the person he was looking for was the one he was looking for. Without any greetings, he said directly: "It's me. I have been raising you for so long. It's time for you to repay me." Up!"

"Say!" The voice on the other end of the phone was cold, as if it were mechanical.

"I want you to kill someone for me! This person's name is Li Tian, he is the commander of the Celestial Army. This person will arrive in Kyoto City within 20 days. I don't want to see him enter Kyoto City!" Old Liu said directly. Said locally.

"Understood! After killing this person, are we free?" The person's voice was still cold, but when he said this, there was such a fluctuation in his tone.

"Yes! You will be free! But if Li Tian enters Kyoto City alive, you will know your fate!" Liu Lao said with a sneer, seemingly threatening.

"Even if all seven of us died outside, he would certainly not let him enter Kyoto City alive!" The voice returned to the previous mechanical sound.

After hanging up the phone, Mr. Liu didn't mean to stop there, and dialed the phone number of his family army.

The Liu Family Legion, although not one of the top ten legions, is also a first-class legion.

As a well-known first-class army, there are naturally many good players in the Liu Family's army, and even some of the good players are even comparable to the top twelve bounty hunters. For example, this Jiang Jingtao was brought out by Mr. Liu from the Liu Family Corps.

When the phone rang three times and was connected, Mr. Liu said directly: "The third child, it's me!"

"Second brother? Why do you think of calling me?" A trembling voice came from the other end of the phone.

The owner of this voice is definitely not a small person, but Liu Xiangjun, the current commander of the Liu Family Corps. Among the five Liu family brothers, except for the natural death of the boss, the fourth and fifth all died at the beginning of the end times!

And this Liu family legion was founded with iron and blood, even if Liu later let go of the Liu family legion and concentrate on doing things in the bounty hunter headquarters, but Liu's authority in the Liu family legion remained the same.

"The third child, Liu Jun is dead! It was killed by Li Tian!" Liu Lao was talking to his younger brother Liu Xiangjun almost in a calm tone.

"Oh my God, how could Jun'er die? Didn't he just be sent to the heavens by you? How come there was a conflict with Li Tian? Why is that? I...I want to smash him into pieces!" Liu Xiangjun almost It was roaring.

As the head of the Liu Family Corps, it is impossible not to understand the situation in the northwest region. Naturally, he has also heard of Li Tian's name.

"Listen to me, now that Li Tian has intervened in this matter, they asked Li Tian to go to Kyoto City for trial within a month. You also know that Li Tian is not in my control. I can't see what punishment Li Tian will receive in the end. Control. But for us, Liu Jun died. Li Tian only died to eliminate the anger in my heart. Otherwise, even if Li Tian was punished, it would not help us. Now you Listen to my arrangements..."

"Understood! Understood...Three arrows are fired, I think Li Tian, even if he has three heads and six arms, don't even think about entering Kyoto City alive." Liu Xiangjun said.

Three arrows were fired, but Old Liu still didn't have full confidence in his heart. He looked at the series of names on the computer screen, and then said bitterly: "Now it's up to how they took the move! If this can still make Li God came to Kyoto City alive, then I can only implement my power to slay dragons!"

...

Army soul, from the name, you can tell that this legion and the army are inextricably linked.

The fact is also true.

The eschatological era suddenly came, and it was impossible for all the millions of troops in all major military districts to become zombies. A legion with an army nature was born, and the soul of the army is one of these army regiments.

But this army soul is the most powerful, and it is now one of the top ten legions.

It is also because the army soul is one of the ten major legions, and this army soul has become the only official legion recognized by the government after the end of the world. From this it can also be seen how powerful this army soul is.

On the top floor of the Army Soul Headquarters, this is a huge suite with an area of more than 300 square meters, but in the entire suite, apart from the necessary furniture, there is no extra display and decoration, so although the suite is large, it looks a bit empty.

It can be seen that the owner of this suite did not enjoy the extravagant life just because he stood on top of the army soul.

The old man who was called the old ghost by Mr. Liu was an old man. This old man was sitting on a solid wood sofa. There was a pot of good tea in a few cases, but the old man was not in the mood to taste tea at this time, but looked carefully He holds an investigation report on Li Tian.

The Northwest was turbulent, the heavens were born strongly, and Li Tian was born.

Li Tian didn't know it himself, but his name seemed to be plugged into the wings and flew into the ears of the commanders of the major legions. Regarding the emergence of Li Tian, he will naturally become the subject of investigation by the major legions.

The old man looked at the picture of Li Tian in the investigation report and couldn't help smiling with relief.

This photo is of Li Tian during the night banquet held by the heavenly realm. The photo is not very clear, but the old man can tell at a glance that Li Tian is the person he is looking for.

When the old man read the investigation report, there was a smug smile on his face. He seemed to be talking to himself, his lips were moving, but he didn't make a sound.

"Should we intervene in the affairs of the heavens and the bounty hunter Liu's family?" a man standing behind the old man asked.

The old man's lips moved again, and the man seemed to have heard the old man's voice. He immediately stood up straight and said, "Okay, I will arrange to go to Kyoto city immediately!"

...

Southwest, Longtenglitian headquarters.

Looking at the report in his hand, Long Yin suddenly patted his thigh with his hand, laughing.

"As expected, Li Tian, he can rise up so soon, and he actually killed the grandson of the bounty hunter Liu Lao. Yes, yes, if I hadn't been in the Southwest all the year round, I would have slaughtered that ***** kid. Up!"

"But this time, I won't help you! If you Li Tian can't even handle this small situation, you don't deserve to be the only enemy of my Long Yin in this life! But such an important matter, how can I lose my Long Yin? What?"

"Without my Long Yin in the city of Kyoto, it must be a lot lonely! But now that Li Tian is here, you should be lively!"

Chapter 3385: Captain promotion (1)

The captain handed Xiao Tianyi to Situ Ningbing, and then quickly swallowed the eighth-level corpse crystal of the female actor zombie. &Top&Point&{ }.{23}{wx}.{ }

When the captain swallowed Yang Qingyun's corpse crystal in the Tianshan Ice Cave before, the captain had already broken through to the seventh-level peak. Now that he swallowed this eighth-level corpse crystal, the captain had barely undergone any changes, and broke through. Eight levels.

"This is the eighth level? It doesn't seem to have changed!" Barbarian said.

The captain can feel that her strength has improved, but she feels that the power of the original corpse in the corpse crystal she swallowed has not been fully utilized, as if all the power of the original corpse was gathered around her head, It may explode at any time.

This feeling made the captain quite uncomfortable.

"Are there other high-level corpse crystals? Seventh-level corpse crystals are fine too!" said the captain.

This time she broke through to level 8. The captain felt that her strength had been improved to a certain extent, but the captain understood that her breakthrough was far from achieving her expected results.

When she swallowed the corpse crystal and broke through, Tang Xiaolong, Xue Ji, Situ Ningbing and others were also practicing. Including the sick barbarians are raising knives.

If everyone is standing still, then the captain can be said to have improved.

But now everyone is making progress. Although the captain is also making progress, it can be calculated that the captain is falling behind.

"The high-level corpse crystal is gone, but there is a fourth-level mutant zombies here. The power of the corpse origin contained in this mutated zombies is the most pure, so you must pay attention when taking it!" Li Tian said A fourth-level mutant bat lost crystal was handed over to the captain.

The captain nodded earnestly, and couldn't wait to swallow the lost crystal.

As the captain swallowed this fourth-level mutant crystal, the captain felt as if a ball of flame appeared in her chest. To know that the captain is a zombie, she hasn't appeared for a long time with this hot feeling.

The captain knew that this hot feeling was precisely because it had swallowed up the pure corpse power contained in the mutant death crystal.

The captain did not dare to neglect, and hurriedly pulled strands of the corpse's power from the flame-like corpse's power. The captain controlled the corpse's power and drilled into the head along the veins of the body. Among.

"Boom!" A sound.

After the purest corpse original power got into the head of the captain, it immediately reacted with the corpse crystal in her mind.

The strands of pure corpse original power kept drilling into the corpse crystal. The original calm corpse crystal, like a few drops of water into a pan, immediately began to boil. The transparent shell of the corpse crystal is bearing the impact of the surging corpse's power in the corpse crystal.

Every time the power of the original corpse hits this shell, a loud noise will be heard in the head of the captain.

It is as if a big wishing bell was pressed in the head of the captain, and the strength of the corpse was like a believer who came to worship. Every believer must beat this bell. a bit.

The captain did not forcefully endure the pain, but screamed openly, causing her body to constantly mutate with the impact of the power of these corpses.

"puff!"

"puff!"

The first few thin scales appeared on the skin of the captain's arms. These thin scales were a faint blue color, but they were a bit close to the mutant bat crystals that the captain had swallowed.

"Brother Tian, won't the captain become a monster?" The barbarian looked at the green scales growing on the captain and said with some worry.

Li Tian shook his head, he didn't know what the captain would become.

But no matter what the captain looks like now, Li Tian understands that this is temporary. After all, the ultimate goal of the captain is level 9, or above, and as long as the captain is promoted to level 9, the captain will be with humans. It's almost the same.

Situ Ningbing was holding Xiao Tianyi in his arms. Although Xiao Tianyi seemed to have felt the power of the original corpse, Xiao Tianyi seemed to feel attracted by the power of the original corpse. Without stopping, Xiao Tianyi's two small arms stretched out in the air, swinging towards the captain, as if reaching out to hold the captain.

"Ah!" The captain suddenly roared wildly, his figure galloping across the street quickly.

"Boom!" With a sound, the captain's body directly slammed into a wall. The huge impact force knocked the entire brick wall into a big hole. Broken bricks splashed, but the captain was not injured. Even the figure didn't pause much, and then ran into another wall.

"boom!"

"boom!"

"boom!"

The body of the captain kept hitting this wall, and those walls seemed to be paper-paste in front of the powerful captain, unable to withstand the destruction.

"Li Tian, what exactly did you eat for the captain? Why do I feel like a **** pill!" Xue Ji asked in a puzzled manner.

Li Tian also couldn't understand. It is reasonable to say that the power of the corpse in the four-level zombies cannot be so much, is it?

Li Tian suddenly had a guess that every time he swallows a zombie, the body of the corpse cannot completely absorb all the power of the corpse, and a part of the power of the corpse is stored in the body of the leader. .

Including the eighth-level peak zombie crystal that swallowed Yang Qingyun in the Tianshan Mountains, and the eighth-level peak zombie crystal that swallowed the female actor's zombies just now, this is the result. And the mutant death crystal of this mutant bat is just like a starter, allowing the power of the corpse stored in the captain's body to be completely released, and this is the result.

The captain had already crashed more than a dozen walls in a row, and only then did the captain's body slow down.

"Huh!"

"Huh!"

The captain walked out of the wall slowly, and all fell into the middle of the street. At this time, the entire street was filled with the sound of the captain breathing.

"what!"

Suddenly the captain let out a scream, the captain climbed to the ground, and bones drilled out of the captain's body like a hammer, "Puff!" "Puff!" and plunged into the concrete floor of the street. Among.

"Wow!"

A series of noises sounded, and behind the captain appeared a bone tail that was more than three feet long, and the bone tail was swaying from side to side, constantly tapping the glass on the left and right streets.

However, countless dense turquoise scales appeared on the captain's skin. If you look at these skins, it will look like a water snake, which makes people feel quite uncomfortable.

However, these small scales quickly disappeared.

A smile suddenly appeared on Li Tian's tight face, and he said excitedly: "Don't worry, the captain has been promoted to level 9!"

Chapter 3386: Captain promotion (2)

"This is the strength of the ninth-level zombie?" The barbarian swallowed, and said with some horror.

Although Manzi had fought against masters like Liu Jun, Liu Jun was a human being after all, and Manzi didn't have much fear in his heart. But seeing the change of the captain, Manzi suddenly felt a sense of powerlessness.

After Tang Xiaolong's battle in the Tianshan Mountains, the cultivation of the heavens, and the battle with Liu Jun, his progress has been quite obvious. Now his ten-fold training has reached the fourth intermediate level, as long as he keeps working hard for three to five months It is entirely possible to cultivate to the fifth level of the tenth refining body within.

The current Tang Xiaolong's strength is probably better than the eighth-level zombies, but it is worse than the ninth-level zombies, but it is a bit inferior.

If Tang Xiaolong's ten-fold body training reaches the fifth stage, then his strength has reached the level of a ninth-level zombie.

And Situ Ningbing and the goddess Xueji, although they are not comparable to Tang Xiaolong, if they were to fight face to face, the current strength of the two would be a little worse than Tang Xiaolong.

As for the barbarians

If the recovered barbarian does not count as launching a fatal blow, which is a completely suicidal attack, the barbarian's strength is probably the strength of a seven-level zombie.

What about Li Tian?

Li Tian's strength had already reached the level of a ninth-level zombie before he entered the Tianshan Mountains. After a battle with Liu Jun, especially after continuous retreats, Li Tian's strength has now surpassed that of a ninth-level zombie. Between level 11 zombies and level 12 zombies.

After all, Li Tian hasn't fought against zombies above level nine.

Originally, the strength of the barbarian and the captain was almost the same. Even if he was bullied by the captain, the barbarian felt that as long as he healed from his injury, coupled with the sword-raising technique, and the summary of the previous battle experience, he must surpass the captain.

However, in a blink of an eye, the strength of the captain increased. In ten minutes, the captain has reached the level of ninth-level zombie strength, how can this not surprise the barbarians!

"No, I can't go on like this anymore. This time, Tian Ge sees that I was injured because of fighting with Liu Jun. He took my barbarian to Kyoto City, but what about in the future? If my barbarian strength still stagnates, my barbarian has become everyone's burden. After that, in front of Brother Tian, there will be no chance for my barbarian to play!"

"I want to practice, I want to fight!"

Manzi said to himself in his heart.

"Huh!"

"Huh!"

The captain has gradually changed back to a human form, and the body shape of the captain after changing back to a human form has changed a little. After this series of changes, the captain who is now a ninth-level zombie is almost the same as a human.

The former red pupils have faded and turned into a pair of pupils like sapphires, and the captain's skin has become as white and smooth as scallions, and the captain seems to have grown again, and his height has been raised again. At about 1.75 meters, his chest became fuller. Especially now, the captain's clothes are ragged, and he can barely cover the full part of the captain's body, but it seems so wildly beautiful!

To say that the former captain was Little Loli, and the captain after the Battle of Tianshan was Little Fresh Meat, then the captain now is the goddess Fan.

Barbarian's eyes straightened involuntarily, and he swallowed gruntingly.

Tang Xiaolong's eyes were also a little straight. He still didn't understand why the captain had suddenly and directly become a beauty full of temptations.

"Does it look good?" The captain grinned suddenly, showing a mocking smile, and said to Tang Xiaolong and Manzi.

Tang Xiaolong nodded, but he was aware of the danger and immediately hid behind Li Tian, his eyes still peeking at the captain.

And Barbarian is an honest child with a look of excitement, and his saliva is about to drip on the ground, nodding his head and saying, "Good-looking!"

"Huh!" With a sound, a black waterfall flashed past, and the barbarian was wrapped in the black waterfall and flew to the captain.

"It looks good, let you watch enough!" As soon as the captain's voice fell, bones grew on the back of the captain's body. These bones were like a cage, and the captain directly threw the barbarian. Into this cage of bones.

"Kachacha!" The bone cage closed.

"Misunderstanding! Captain, this is a misunderstanding! In fact, you are not good-looking at all!" The barbarian said pleadingly.

The captain's face became gloomy, and the bone cage tightened for a few minutes. The barbarians immediately uttered a scream: "Good-looking! Good-looking!"

"what!"

"Not good looking"

"what!"

Li Tian and others are full of black lines, the captain is trying to play the rhythm of the barbarians! But Tang Xiaolong's heart stood silently and the barbarian felt silent.

"Brother, don't say that a woman is not good at any time! Even if he is a female zombie!"

Li Tian is happy now. The team leader's sudden promotion completely exceeded Li Tian's plan. In the past few days, the team leader's strength has improved by leaps and bounds. With the addition of Xiaotianyi, Li Tian's team is now The strength is not strong.

Even if they encounter level 9 zombies, Li Tian and others can easily slaughter them.

This kind of small city may have unexpected surprises such as mutant bats, but this can no longer meet the needs of Li Tian and others for cultivation. Li Tian felt that it was necessary to make adjustments to their plan to go to Kyoto this time.

"Everyone, now the captain has been promoted to the ninth level, and our strength has been improved again. So I plan to not stop in the next few small cities. At most, each small city will go in and search for us. The most advanced zombie slaying we can encounter, and then we will set our trial location in Beitang City! Beitang City is a large city with a population of several million, and there must be many advanced zombies!" Said excitedly.

"If we stay in Beitang City, we need to pay attention to the Yin and Yang Gate. Then Beitang City is the sphere of influence of the Yin and Yang Gate." Situ Ningbing said.

"It doesn't matter! The fat pig woman and the thin monkey man of the Yin and Yang gate have some friendship with our heaven. Besides, we are only trying out in Beitang City, and we are not going to provoke the Yin and Yang gate!" Li Tian said.

"Brother God! I fully support your idea! But, can you let the captain put me down first? I'm almost out of breath!" The barbarian said pleadingly.

"Is the captain good-looking?" Li Tian asked jokingly.

Situ Ningbing, Xue Ji, and Tang Xiaolong all looked at Barbarian, waiting for his answer!

The barbarian's face flushed, as if he was making an extremely difficult decision. About half a minute later, the barbarian said with a ruthless aura: "Good-looking, just good-looking!"

Chapter 3387: Arrive at Beitang

At noon, there was not a single cloud in the sky, the sun was hanging high in the sky, and the weather seemed extremely hot.

The ground was green, with a few flowers occasionally dotted with it, which looked extraordinarily gorgeous, and a zombie wandered idly under a row of Farton trees.

Suddenly the roar of the car motor came out from a distance. The zombie was attracted by this sound and slowly moved to the middle of the road, trying to rush towards the steel car.

"Boom!" The car clearly saw the zombie on the road, but did not slow down at all. Instead, it speeded up and rushed towards the zombie, knocking the zombie out, and then the two cars before and after did not hesitate. The earth rolled over from this zombie.

The two cars before and after did not drive on the Beitang City Ring Expressway, but turned and followed the path of the Ring Expressway to continue toward Beitang City.

Naturally, Li Tian and others are in this car.

After driving forward for about ten minutes, the outline of Beitang City has already appeared in front of my eyes.

Li Tian slowly stopped the car and got out of the car.

After three days, Li Tian's injuries were basically healed. Li Tian is now wearing a dark green jacket and a pair of black jeans. Li Tian is still carrying a relatively large backpack.

After Li Tian got off the car, Situ Ningbing and the goddess Xueji also got out of the car.

Situ Ningbing was wearing black tight-fitting and capable clothes, and also carrying a small backpack, while the weapon in Situ Ningbing's hand was shining with cold light, making it appear that Situ Ningbing was a cold beauty.

The goddess Xue Ji wore skinny jeans that were washed and slightly whitish. These jeans showed the figure of the goddess Xue Ji, but the goddess Xue Ji carried a sniper rifle behind her, and she held Li Tianjiao in her arms. The Dragon Sword for her.

Seeing Li Tian in front of him parked the car, Tang Xiaolong who followed behind stopped the car.

As soon as the car stopped, Tang Xiaolong couldn't wait to lift his bat from the passenger seat, opened the door and walked out.

"Brother Tian! You see that the captain has already been promoted to a level 9 zombie, Xiao Tianyi has been playing long like a booster for the past three days, but my little bat is still the same! Isn't it? Consider letting my little bat also advance to the promotion?" Tang Xiaolong asked.

Little Tianyi's growth definitely exceeded Li Tian's expectations. Li Tian also planned to feed Xiao Tianyi as an ordinary child, but the captain directly fed Xiao Tianyi various corpse crystals. In this way, this little Tianyi was just like Nezha. He was pregnant for three years, and not long after he was born, he started to jump!

Now Xiao Tianyi can run and jump, just like a child of two or three years old.

It's a pity that this little Tianyi is a level 9 zombie, but he hasn't gone through the learning stage after all. Although he can walk and jump, he still can't speak, and his mouth will babble and speak baby-like language.

However, Xiao Tianyi's level 9 zombie strength has been fully demonstrated. At the beginning, the team leader needs to feed the corpse crystals she harvested to Xiao Tianyi, but from the next day, Xiao Tianyi will walk down the road by himself, or even by himself Accompanying the captain to hunt down zombies.

Li Tian glanced at the listless bat in Tang Xiaolong's hand, and asked jokingly: "How are you going to let the little bat advance? Didn't you pat your chest and say you would take care of the little bat?"

Tang Xiaolong didn't feel embarrassed, and said, "Brother Tian, aren't we planning to stay in Beitang for a few days? Then I hope that when Brother Tian is in a group, I can be grouped with Xue Ji. If we meet To the ferocious bereavement, Xue Ji's sniper rifle can help me!"

This Beitang city is one of the largest cities in the inland. Now this city has become a barren land. It has become the home of all kinds of wild animals, and these animals have become food for zombies. Similarly, there are many flying birds in this city.

Li Tian had already thought about it when he came to Beitang!

He will still keep acting alone. Li Tian will go directly into the hinterland of the city and look for those zombies at the 11th and second level. Only with these powerful zombies can Li Tian progress faster.

And Situ Ningbing and the goddess Xueji will form a battle team with Tang Xiaolong and the captain of the barbarians, step by step from the periphery into the hinterland, and finally meet with Li Tian in the hinterland.

Before Li Tian answered, the goddess Xue Ji smiled and said, "Don't worry, your brother has already made a plan! Then we will be a team!"

Speaking of Xueji, Li Tian's plan in the car was fully explained.

"Really? This is great!" Tang Xiaolong said excitedly.

The barbarian was crying, walking a few steps back and forth between the two cars, and then said to the captain, "Captain, can you let me go by myself this time! You see, I'm walking fast now."

The last time the barbarian was wrapped in a black wrap around his back by the captain, the captain did not kill a zombie, he would ask the barbarian if he could eat the corpse crystal, which made the barbaric painful! Therefore, he is risking his death to speak out.

Li Tian and others all laughed kindly.

The captain looked like an idiot. He looked at the barbarian, and put Xiao Tianyi behind him with his hair, and said with a mocking look: "Idiot, you are passionate!"

Seeing Manzi's suffocated face, everyone immediately laughed more unscrupulously.

Li Tian said: "Tang Xiaolong, although your strength is ordinary, barbarian, although you are a trash now, you are the only men in your team..."

Tang Xiaolong and the Barbarians were not bothered by Li Tian's ridicule. Before Li Tian had finished speaking, the Barbarians said first: "Brother Tian, I understand that even if my Barbarians abandon them again, I will definitely guarantee their safety!"

"As long as you drag your legs, thank God!" Tang Xiaolong was dismissive of Barbarian's assurance, and said with a mockery, although he said to Li Tian later: "Thank you, my brother, there is me!"

"Wow!"

The little zombie Tianyi expressed dissatisfaction and waved his arms, saying something that only he could understand!

Li Tian and the others burst out laughing immediately.

"By the way, Xiao Tianyi is also a man! Seeing that, even Xiao Tianyi is not at ease with you two. This shows how unconvincing the words of you two masters are!" Xue Ji said with a smile.

"Yes, I don't know who is protecting whom by then?" Situ Ningbing also said with a smile.

"Then I, Li Tian, handed over the responsibility of protecting these women to our little Tianyi!" Li Tian said seriously, looking at the fleshy little Tianyi.

"Wow!" Xiao Tianyi showed an excited expression on his face, as if to promise Li Tian.

Chapter 3388: Forty lost soldiers

Li Tian still believes in the strength of Xiaotianyi, especially the future development potential of Xiaotianyi, definitely surpassing the captain.

After all, the starting points of these two zombies are different.

The joke is a joke, but when it comes to serious matters, everyone immediately gets serious.

Li Tian stretched out his hand and stroked Xiao Tianyi's head, and then unfolded a hand-drawn map of Beitang in his hand and said: "We are going along this direction, and finally we gather in the central clock tower where Beitang City is located!"

Several other people silently remembered the approximate route drawn on this hand-drawn map, and nodded solemnly.

Li Tian quickly set off on his own and disappeared into the streets and lanes on the outskirts of Beitang City. After Li Tian left, Tang Xiaolong and others began to prepare to set off.

Everyone gave up their cars and went on foot, and soon they met some zombies.

This Beitang is indeed a big city, even if it is still on the outskirts of the city, there are still more than a dozen miles away from the city center, the zombie level here is already four or five.

This made Tang Xiaolong and the others very excited, and Tang Xiaolong was a zombie butcher, rushing to the forefront, using his clank and iron fist to beat the zombies blocking the road into mud. And Xiao Tianyi is a natural snack, following Tang Xiaolong's ass, picking up the corpse crystal to eat.

This little glutton quickly ate dozens of grade 4 and 5 death crystals. If these crystals were held in a small organization, it would be a fortune. But for Tang Xiaolong and others, who would still care about this corpse crystal.

The captain said that he ignored the barbarian, but in the end the captain was walking with the barbarian on his back, and Xue Ji seemed to be a fairy who can't eat fireworks, but just followed behind silently and didn't make a move.

Yes, for the zombies encountered now, there is no need for everyone to take action, one Tang Xiaolong is more than enough.

Situ Ningbing disappeared after Li Tian left, and did not walk with Tang Xiaolong and others.

Tang Xiaolong and others also understood that Situ Ningbing cultivated the hermit killing technique. She was a killer, and she suddenly cast cold arrows and secretly assassinated, just like a shadow. But if you keep a unified pace with Tang Xiaolong and others, and walk outside in a fair manner, then the attack power of her hermit killing technique will be useless.

...

Forty, this is both a number and a name.

He is the mourning soldier handed over by the Yin Yang Gate to Jiang Jing Tao.

After forty followed Jiang Jingtao, he was placed in Beitang City.

Tell Jing Tao that as long as he meets a black monkey named Tang Xiaolong, he will tear the black monkey.

This was because Jing Tao still had a sorrow about Tang Xiaolong's throwing Liu Jun's calf into the fire, so Jing Tao asked for it.

As for the others, Jiang Jingtao did not ask.

As a mourner, Forty has no favors with any human beings, including Jiang Jingtao.

However, he could not resist the master's order, and he could only follow Jiang Jingtao, but Jiang Jingtao did not have a good impression of the soldier named Shishi. After giving Shishi the order to kill Tang Xiaolong, he hurried away. The only way from Beitang to Kyoto, Tangguan!

Waiting for the arrival of Li Tian and others in Tangguan.

"Black? What is black?" Forty kicked the corpses of several bounty hunters who had died at his feet, and said indifferently.

In three days, Forty was here to find human footprints. For Forty, no matter who it is, as long as it is a human, he has an impulse to kill him.

And these hapless bounty hunters became the dead souls of Forty's men.

Suddenly, several figures were slowly moving towards the center of Beitang, and among those few figures, there was a dark figure.

Standing at the top of the four-story building, Forty, who had another impulse to kill, said with a sneer: "You black monkey has really bad luck. I actually met him! If you meet, let me clean up you!"

Forty jumped directly from the top of the four-story building and landed on the top of a small car covered with leaves and dust.

Huge impact and powerful destructive power.

With a "boom", the entire car was crushed.

Leaves and dust flew around, and the huge noise also attracted the attention of a dozen scattered zombies wandering the street. These zombies accelerated their pace and moved toward the place where the loud noise came.

Tang Xiaolong, who was walking in the front to fight Xiao Tianyi, was startled by the forty falling from the sky, and Xiao Tianyi's face was full of surprise.

"Wow!" Xiao Tianyi started crying with dissatisfaction when he saw that the soldier who had fallen from the sky was forty without pupils.

Forty is a zombie, and his appearance is not much different from ordinary zombies. Tang Xiaolong directly attributed Forty to a deadly zombie.

"Tianyi is good! It's okay! With Xiaolong's father, I won't let this zombie uncle scare my baby!" Tang Xiaolong heard Tianyi cry, completely ignoring the existence of Forty, and started to coax Xiao Tianyi in a mess. .

But Xiao Tianyi couldn't listen at all, and the more he cried, the more severe it became.

"Little Tianyi, be good, let Xiaolong's father kill this zombie and take out the corpse crystal to play with Xiao Tianyi?" Tang Xiaolong said.

But Tang Xiaolong hadn't finished speaking yet, forty had already rushed over.

With these forty-one movements, Tang Xiaolong and others immediately discovered that these forty were very different from ordinary zombies, and the death air released from these forty bodies caused Tang Xiaolong to tremble so much.

"Look at the fist!" Tang Xiaolong pushed Xiao Tianyi on his back and rushed towards the forty claws.

"Boom!" With a sound, Tang Xiaolong's iron fist was so powerful that he directly hit the lighthearted Forty. Forty's body flew out and hit a tree trunk with a bowl-thickness on the side of the road.

With a "click", the thick and thin trunk of the bowl was actually broken by the forty, the huge crown of the tree fell down with a loud "Wow!", and the dead soldier was not injured at all.

Legs kicked on the trunk, body swish! With a sound, rushing past the fallen tree crown, two sharp claws pierced Tang Xiaolong's chest.

Forty forty mourners that suddenly appeared, the barbarians, captain, and Xue Ji did not take too seriously. At this time, they were still cleaning up the fragmented zombies that threw on them. He was not injured at all, but instead rushed to Tang Xiaolong again, which attracted the attention of these guys.

The captain was already a ninth-level zombie. Seeing that the forty was so brave, and feeling that the forty was weird, he released several transparent threads from his mind, preparing to control the forty.

But as soon as the transparent silk thread entered the head of the Forty Soldier, the captain found the difference and shouted at Tang Xiaolong: "Be careful, this guy is not a zombie!"

Chapter 3389: The first stop

When the captain yelled these words, Xiao Tianyi had already jumped out of Tang Xiaolong's back, and fought in front of Tang Xiaolong and Sangbing Forty. vertex;

"Puff!" With a sound, the forty-two sharp claws of the soldier pierced into the white and fat little Tianyi's chest.

Forty mourning soldiers didn't have the intention of being unbearable. With a harder hand, they tore abruptly, and they tore Xiao Tianyi directly in half.

Xue Ji, Captain Tang, Tang Xiaolong, Barbarians, no one thought that Xiao Tianyi would suddenly jump out, and no one thought that the Forty Lost Soldier would not even let such a cute child go, and directly tore Xiao Tianyi into two. half.

The scene is very **** and the picture is very violent.

Seeing that Xiao Tianyi, who was still crying just now, was torn in half by the mourner forty, Tang Xiaolong was stunned, his face was full of anger, at this moment, Tang Xiaolong had forgotten that Tianyi was A ninth-level zombie, but regarded Xiao Tianyi as an ordinary child!

"Beast!" Tang Xiaolong yelled, and was about to rush to the mourning soldier forty!

But at this moment, the situation suddenly changed. In Xiao Tianyi's chest, which had been torn in half by the zombies, suddenly countless bones grew. These white bones interlaced with their canine teeth to form a huge bone cage, and the mourner was forty. Contained in this cage.

And these white bones kept pulling the two halves of the body together slowly, as if they were about to swallow the forty soldiers in Xiao Tianyi's body.

All of this was completed between the electric light and flint, and the captain, Tang Xiaolong, Manzi, Xue Ji and others did not expect such a result.

"Scared me to death! I thought Xiao Tianyi was torn in half by this ghost zombie!" The barbarian said, patting his chest.

"Haha, this little Tianyi is a ninth-level zombie, so how could it be easily torn to death by this zombie!" Tang Xiaolong saw that Xiao Tianyi was fine, and after the move, his face finally showed a relieved expression. Said to himself.

Xue Ji swung the Dragon Sword in her hand and was about to rush up to help Xiao Tianyi slay the dead soldier forty, but was stopped by the captain, "Let Xiao Tianyi solve it by herself! If Xiao Tianyi needs help, we will help! "

The soldier forty lost soldiers was controlled by Xiao Tianyi in the cage of white bones. There was no fear on his face. He firmly grasped the white bone of Xiao Tianyi with both hands, trying to forcefully break this white bone into two pieces.

In Xiao Tianyi's body, bones were continuously stretched out, and these bones were inserted directly into the gap of the cage like white steel thorns.

"puff!"

"puff!"

These white bones are like long hair, inserted one by one into the body of the forty soldiers from all directions.

And that Sangbing Forty actually sneered: "Hahaha, don't do it in vain. My Sangbing Forty is an immortal body that has been transformed by the Yin-Yang Secret Technique! How could your two little bones hurt me!"

"Bang!" With a sound, the goddess Xue Ji fired a shot at the head of the Forty Soldier from a distance.

The bullet passed directly through the head of Sangbing Forty, and that Sangbing Forty showed a weird smile. He turned to look at Xue Ji and said, "Now you know!"

With that said, that Sangbing Forty actually inserted his finger directly into the bullet hole and slowly tore his skull open, exposing the white-sense skeleton in his head.

"How is it possible? This...this is too weird!" The Barbarian first said in shock.

"What is the secret technique of Yin and Yang? You shouldn't be a zombie!" Xue Ji asked.

"Zombie? Hahaha, I am a noble soldier, an immortal soldier! And this yin and yang mystery technique is our yin and yang sect that does not teach mystery. It can reverse the dead and bring them back to life. Possess the art of immortality!" Sangbing Forty said proudly.

"Yin-Yang Gate? Are you from the Yin-Yang Gate? Why did you attack us?" Tang Xiaolong asked in a puzzled manner.

Sangbing Forty said with a smile: "I don't belong to the Yin-Yang Gate anymore. I was given to a man named Jiang Jingtao by our sect master, and I am here when I heard Jiang Jingtao's order and wait here. you guys!"

Will Jingtao!

Tang Xiaolong immediately thought of the man who took Liu Jun's body when he was in Heaven.

"Jian Jingtao, the Bounty Hunter Association, one of the twelve strongest people. At that time, Xiao Qiuman asked Li Tianxiao's boss to rush to Kyoto within a month to accept Liming's trial. At that time, Jingtao did not Opposing Xiao Qiuman's words, I didn't expect him to think about intercepting us halfway! It seems we need to tell Li Tianxiao boss as soon as possible!" Tang Xiaolong said to the barbarian and the others.

"Hahaha, you are thinking too much! Since you met me forty, don't even think about leaving here alive!" said forty with a frantic smile.

The voice of Sangbing Forty was unpleasant at first, and the laughter was like a sharp strange sound produced by the rubbing of countless metal fragments, which made people listen very harsh.

And the dead soldier forty, while laughing wildly, had already pulled out the bones inserted into his body one by one.

Every time a bone was pulled out, the little Tianyi's body trembled.

Although Xiao Tianyi is a natural ninth-level zombie, after all, he is too young and is the youngest ninth-level zombie. Facing such a powerful forty zombies, Xiao Tianyi still feels a little bit hard to support.

The captain watched Xiao Tianyi's support reluctantly, and slowly walked to the bone cage, sneered, released countless black hair, and used black hair to control the mourning soldier forty in his black hair.

At this time, Xiao Tianyi took the opportunity to get free, let go of the forty soldiers, and changed back to the appearance of a white and fat child.

The captain stretched out his hands, his hands gradually changed into two sharp bone spurs, directly "poof!" "poof!" and stabbed the dead soldier forty!

But the soldier forty could not feel the pain at all, and his two claws kept tearing the black hair entwined with him, ignoring the captain's white bone spur on his body.

"Don't do it in vain! I said that I am immortal. Unless the sect master of Yin and Yang gate takes my soul back with mystery, otherwise, you can't kill me!" Sangbing said with a mad smile.

"Immortal body, I don't believe that there will be an immortal body in this world!" Tang Xiaolong handed Xiao Tianyi to Manzi to take care of him, and his iron fist continued to blast towards the dead soldier forty.

The mourning soldier forty was controlled by the captain's black silk, and there was no room for resistance for the time being, and he could only bear Tang Xiaolong's iron fist like a storm.

"boom!"

"boom!"

"boom!"

Tang Xiaolong blasted more than three hundred punches in a row, and only Tang Xiaolong was a little weak before he stopped.

And among the black hair of the captain, the forty mourners have turned into soft flesh! And at this moment, the long black hair pierced through forty ridicules: "Futility! I am immortal!"

Chapter 3390: eat

How powerful is the secret technique of Yin and Yang? This forty soldiers have been bombarded into fleshy flesh, but they still haven't died.

Tang Xiaolong and the others were completely overwhelmed by this mourning forty.

Kill, you can't kill.

It's impossible!

"No, even the secret technique of Yin and Yang must have weaknesses, otherwise the world would have been ruled by Yin Yang Sect!" Xue Ji was also stunned by the forty undead body, but she quickly figured it out. After this, he said to everyone.

"Weakness, but what is this weakness? The weakness of the zombie is the head, as long as the head is broken and the corpse crystal in the mind is excavated, then the zombie will definitely die, but this guy's head is actually empty!" Tang Xiaolong couldn't understand, he couldn't help asking.

The captain has released the forty mourning soldiers. The mourning soldiers who have become a mass of muddy forty are lying on the ground, and the rotten flesh on his body is creeping slowly, as if reshaping. The body of the dead soldier is the same.

"Yeah" Xiao Tianyi broke away from the arms of the barbarian suddenly, and rushed towards the forty soldiers.

This little glutinous rice noodles directly used two small hands to tear open the forty soldiers who were healing, and tore them into small pieces of minced meat.

"What are you doing?" Sangbing Forty said with some horror.

"eat!"

This is the first word in life spoken by Xiao Tianyi, not to lose money as a snack, but to be born for eating.

But this word seemed to shock everyone with magical powers, and forty soldiers said: "I'm not food, it's not tasty at all! It's not tasty at all!"

And how about Xiaotianyi?

This snack shop seemed to have no idea what Meng Soldier Forty was talking about, gulping the pieces of meat into his mouth and chewing.

Xiao Tianyi woke up the dreamer with a single word, the captain laughed loudly, sat on the ground, and tore apart the forty body of the bereaved soldier one by one, and then kept stuffing her mouth.

"Barbarian, do you want some! Although it's not delicious, it's chewy!" The captain turned his head, revealing two rows of blood-stained white teeth, and stretched out his hand to hand a small piece of minced meat to the barbarian.

"Enough Captain, you are enough!" The barbarian resisted his nausea and shouted angrily at the Captain.

"Wow," Xiao Tianyi actually learned the movements of the captain, and made the same movements towards the barbarians, and said in a plain tongue.

The barbarian couldn't bear it anymore, twisted his body, and began to retching.

"Don't eat anymore! I know it's wrong! Please let me go!" Funeral Forty begged for mercy in a crying voice.

Although Sangbing Forty was begging for mercy, it didn't seem to give up, and he was still speeding up the healing process. At this time, Sangbing Forty's body had a rough shape, and it was almost starting to stand up wobbly.

"puff!"

"puff!"

"puff!"

"puff!"

Four white bones grew from the bodies of Xiao Tianyi and the captain, and at the same time they pierced the limbs of the forty soldiers, and nailed the forty soldiers to the ground.

"Boiled ducks can fly, and it's impossible for my captain to let her fly away from the meat that fell on the ground!" The captain said with a sneer and smiled.

Speaking of Captain and Xiao Tianyi speeding up their eating speed, these two zombies seemed to be extremely hungry guys. Suddenly they encountered a delicious meal and gobbled them up. The food was really ugly.

"No!" Mengbing forty exclaimed unwillingly.

Tang Xiaolong and Xue Ji were stunned. They couldn't imagine that the captain and Xiao Tianyi would use this method to solve the battle.

Looking back now, for ordinary attacks, this loss of soldiers is naturally immortal.

Especially when you encounter ordinary bounty hunters who use knives, guns and sticks to attack the mourners, only to find that these attacks are of no use to the mourners. These bounty hunters naturally panic and lose without a fight, or even go straight into failure. escape.

But what about senior zombies like Captain, Little Tianyi? Although these high-level zombies can't use the body of the zombies, these zombies can completely swallow the zombies.

And there are other attacks, such as burning with flames.

As long as the body of the mourning soldier was destroyed, and the mourning soldier was unable to fuse his body, then the battle would naturally end.

It's just that when fighting, many people simply can't think of it.

This zombie forty had never dreamed that he would encounter two high-level zombies, and these two high-level zombies were still foodies. They would eat if they couldn't be killed.

Unintentionally, the captain and Xiao Tianyi had created a business. A zombie's way to deal with the Yin and Yang gate.

No matter how hard they struggled, the lost soldier was unable to break free from the bone nails nailed by the captain and Xiao Tianyi, and stopped struggling, but suddenly said with a sneer:

"Hahaha! Even if you destroy my body, How? As long as my soul is immortal, as long as the sect master finds a body for me, I can still be resurrected!"

"Don't do it in vain, it's impossible for the two of them to give you up!" Tang Xiaolong said with mocking expectations.

"Just wait and see! I will definitely ask the sect master to resurrect me. At that time, I will let you repay the blood debt and double the repayment!" said Sangbing Forty.

"Okay! Let's wait for you!" The captain tore off another piece of minced meat, stuffed it into his mouth, and said with a smile.

"Wow" Xiao Tianyi also seemed to say: "Come on, I haven't eaten enough yet!"

Soon, the captain and Xiao Tianyi ate more than half of the body of the dead soldier.

At this moment, a ball of light blue material the size of a little finger flew out from the chest of the soldier forty. This ball of light blue material, which was as light as water, flew out. The movement stopped at ten, as if he had already died.

"The power of the corpse!" The captain said in surprise when he saw the light blue substance.

Needless to say, these forty zombies can have immortality. The most important thing is that he is controlled by the power of this group of corpses the size of a thumb. It is also for this reason that no matter how many zombies are beaten Whatever it looks like, it can heal slowly, and finally return to its original shape.

It seems that this so-called yin and yang secret technique should be a way for the master of the yin and yang gate to use the power of the corpse.

Seeing the power of the original corpse, there is no reason not to swallow it, the captain and Xiao Tianyi both showed greedy eyes at the power of the original corpse.

But at this moment, the two of the foodies both chose to control, as if they were deliberately letting each other out.

"Fluttering!"

At this moment, Tang Xiaolong's mutant bat suddenly flew up and flew directly to the power of the original corpse, swallowing the power of the original corpse.
