

A Killer 34

Chapter 34: Incredible

In this way, Li Tian lay groggy on the bed alone, and fell asleep in a daze.

When he fell asleep, suddenly something strange happened, and his body began to change unnaturally.

The tadpoles that were seen in the "Book of Heavenly Book" actually wandered Li Tian's body, wandering in the eight channels of his strange meridians, and as he wandered little by little, Li Tian had suffered serious chest injuries. The blood congested in his chest began to dissipate gradually.

It's really weird.

Who would have thought that the "Book of Heaven Pill Volume" would have such a strange effect.

Originally, Li Tian, who was still extremely injured and breathing heavily even sleeping, gradually became smoother after passing through which tadpoles swam through the Qi Meridian and Eight Meridians, but he didn't know all of this.

On the streets of Kyoto City, Xiao Zhou's two cars drove quickly towards the villa of the Tang company.

Feifei, the eldest lady sitting in the car, hasn't said a word since she got on the car. Her face is extremely ugly, and the man in the suit who is driving in the car does not dare to show one.

What about Xiao Zhou? He didn't speak either, he knew in his heart that Missy would definitely hate him this time.

But as a subordinate, what can he do?

The car quickly drove towards a luxurious villa.

This mansion with the perfect combination of Eastern and Western architectural style is Feifei's home.

The car stopped in the huge parking lot. Although the parking lot was privately owned, it was more aggressive than the large parking lot outside.

The first thing I saw was a Bentley Motors Limited. The beautiful and overbearing traffic flow showed the arrogant style of Europe and America to the fullest.

Next to it is a BMWX6, which is huge.

Some people say that BMW is the favorite of Chinese people, not because of anything else, but because it is big, just like men like women with big breasts.

In turn, there is a red and gorgeous mini-trot Lotus Cars, which is regarded as a "Lotus car" by the Chinese, very coquettish and feminine.

Closer to home, after Xiao Zhou and their car stopped, Feifei opened the door with a slam, and walked coldly towards the mansion.

The old maid Liu Ma, who came out of the mansion, said hello when Feifei came back, but she didn't respond, and walked straight towards the hall.

Xiao Zhou also followed closely behind several bodyguards in black suits.

In the hall, Tang, who was dressed in casual clothes because it was Saturday, was eating breakfast there.

I blinked an eye to see that my baby girl came back, and immediately became happy.

"Feifei." Tang Zheng called his daughter.

But Feifei? After walking in, without even looking at his father, he ran straight to the oval-shaped high-grade wooden staircase and returned to his room.

Tang Zheng was taken aback for a while, seeing that his daughter hadn't even paid attention to him, his face was unhappy, and he suddenly got up from the stool.

"Feifei." Tang Zheng shouted.

But Feifei? But as if arguing with dad deliberately, he ran into his room, closed the door with a slam, and ignored anyone.

"This girl..." Tang Zheng immediately sprinkled a nest of bird's nest porridge that he was eating on the table with his hands on the ground.

The servants next to him hurried over to clean up, not dare to make one.

At this moment, Xiao Zhou has also walked in.

"What the **** is going on with this girl?" Tang Zheng asked angrily as he watched Xiao Zhou who walked in.

Xiao Zhou in front of him gently supported the golden glasses on his eye sockets, raised his clean face and looked at Tang Zheng: "Mr. Tang, Missy may hate me very much now, that's why."

"Hate you? Why do you hate you? Is it because you dragged her back? This girl is really... the bigger the girl, the more disobedient." Tang Zheng blew his beard and stared in the seat.

Xiao Zhou shook his head slowly beside him.

"Mr Tang, this is how things are,"

...

On Friday and October 10, Xiao Zhou told Tang Zheng all about Li Tian and the eldest lady, and of course he also told all about Li Tian desperately protecting Tang Feifei.

Hearing Tang Zheng's face shrugged.

"So that young man is not bad? You are trying to protect my daughter for my daughter?"

Xiao Zhou nodded: "Yes, Mr. Tang."

"I listened to their conversation, maybe the lady deliberately concealed her identity, and also called us bad guys, that young man was afraid that we would hurt the lady, so he made such a move."

"Oh, that's what happened." Tang Zheng suddenly understood.

Xiao Zhou continued, "But it's my fault that I just wanted to pick up the eldest lady at the time, so I made a heavy shot and hurt the young man... Mr. Tang, this matter is my fault. Miss punished me."

Xiao Zhou lowered his head and said.

Tang Zheng waved his hand slightly: "No matter what your business is..."

"Hey, I don't think there are such young people in this society today, yes, yes. Especially still desperately protecting my Tang Zheng's daughter."

"How did that kid be beaten by you?" Tang Zheng suddenly turned his face to look at Xiao Zhou and asked.

Xiao Zhou slowly said: "He may have a few broken ribs, and he looks like a character he has never practiced before, so he will have to lie down in the hospital for at least ten and a half days when I hit him. "

Tang Zheng didn't say anything, he didn't have any doubts about his personal bodyguard saying such words.

"Well, you find time to go over and see that young man, take him to the hospital to cure his illness, and then give others some money. After all, they are inexplicably involved in this girl's affairs, and it is for My daughter was injured," Tang Zheng said.

Xiao Zhou nodded: "Well, I'll do this right away."

"That's good."

"Feifei hates you these past two days, so don't take it to your heart. That girl is so temperamental, and it will be fine in two days." Tang Zheng smiled and said to Xiao Zhou.

Xiao Zhou smiled faintly: "Miss should hate me, I will not think about it."

"Ms. Tang..." Xiao Zhou suddenly wanted to say something, but he didn't say what he said.

Tang Zheng slowly turned his head and looked at Xiao Zhou: "What's the matter?"

Xiao Zhou hesitated and said, "It's nothing."

Tang Zheng didn't ask too much.

In fact, Xiao Zhou wanted to say that the young man (Li Tian) who was desperately fighting with him was very strange.

Because that character who hadn't practiced, suddenly an inexplicable breath came from him and almost destroyed one of his arms...If Xiao Zhou hadn't dodged so quickly, the consequences would be really hard to imagine, so he felt puzzled. very.

What happened at the time? How could a character who didn't look like Lianjiazi suddenly burst into such invisible and huge energy from his body? It's incredible.
