

## A Killer 3431

Chapter 3431: Up the bell tower

Hallucinations. .

It must be an illusion just now!

The Guardian zombies closed their eyes and then opened them again.

But the illusion he was looking forward to did not appear. Seeing that his arms were still empty, the guardian zombie looked up, and the baby was still nailed to the wall of the bell tower.

The guardian zombies rushed to the edge of the fence angrily, two paws tore apart the baby skeleton, and saw the baby skeleton in the baby skeleton broke off the ribs, the "Red Slash" blade directly penetrated the corpse insect parasitic inside the baby skeleton, nailing on the wall.

And the corpse worm had already died, and there was no more broken spar in the body of the corpse worm, and the corpse worm had only a layer of dry skin at this time!

Seeing that the corpse worm has died, and the power of the corpse within the corpse worm has been sucked up by "Red Slash", the guardian zombie can no longer restrain the anger in his heart, and punches the entire wall through with a palm. "Hong Zhan" held it in his hand and roared: "Li Tian, I want you to die!"

The corpse worm is dead, so as the guardian of the zombie, he will inevitably suffer from the thunderous anger of the master ghoul. For this plan, he must behead Li Tian and hold Li Tian's head to apologize, maybe the master of the ghoul will do it. Kaiyen, otherwise, even if the guardian zombie has 20 heads, it is not enough for the ghoul master to play!

Seeing the guardian zombie's angry look, the other eleventh-level zombies immediately fell silent.

The Guardian zombies suddenly turned their heads and shouted at the trembling eleventh-level zombies: "It's all trash, what are you doing here? Are you still waiting to lift the coffin for me? Go to Li Tian, I want to gather all The zombies in Beitang, even the bones and scum left by Li Tian and his people were eaten by the zombies!"

I saw that the guardian zombie released countless transparent silk threads, which flew out from the doors and windows of the bell tower and stretched toward the dark night sky of Beitang City.

And the eleventh-level zombies on the bell tower jumped off the bell tower one after another, rushing toward the east street.

The peaceful Beitang city night became unstable at this moment, countless eighth and ninth-level zombies in the darkness were controlled by the transparent silk thread, and those high-level zombies led their own low-level zombies.

Under the faint moonlight, black zombies walked out of the building and walked onto Beitang North Street leading to the clock tower. Behind these zombies, more low-level zombies were ragged, their bodies rotted, and the smell of corpses was slow. Moving on the ground, the wide eight-lane road was soon crowded with countless low-level zombies.

West Street, South Street, East Street, the situation is almost similar, endless groups of zombies walked out of the buildings, and then moved slowly towards the clock tower as if they were parades.

East Street, less than two hundred meters away from the clock tower, Li Tian can already see the whole picture of the clock tower.

Because of this, when "Hong Zhan" showed excitement again and wanted to let go, Li Tian did not hesitate to let go and let "Hong Zhan" fly out. Li Tian believed that under that "Red Slash", another corpse insect must be killed by "Red Slash" mercilessly.

It's just that Li Tian didn't expect that "Red Slash" flew out in less than a minute. There were a dozen level 11 zombies in front of him. These dozen level 11 zombies were definitely among the zombies in Beitang. Li Tian didn't dare to be careless about his top-level power.

And on the streets of East Avenue behind Li Tian, zombies have gathered one after another, and the zombies farther have gathered together, like a tide, slowly rushing towards Li Tian.

"The corpse tide! I didn't expect the Guardian zombies to greet us in this way!" Li Tian said with a smile.

"Wow!" Xiao Tianyi said on Li Tian's right side riding a mutant bat, as if saying: Let's kill one by one, and kill one by two.

"No, there are millions of zombies in this Beitang. Even if the guardian zombies can only control some high-level zombies, these zombies can still control other zombies. In this way, the zombies appearing in this tide of corpses, at least There are more than hundreds of thousands. Even if we can kill, how many can we kill? There will be other zombies constantly adding up, even if we are exhausted to death, it is impossible to kill them!"

"Woo?" The little Tianyi zombie looked at Li Tian with a puzzled look.

"Shoot the horse first, and catch the thieves first! We will directly kill the bell tower and kill the zombies of the Guardian!" Li Tian sneered slightly at the corner of his mouth.

"Little Litan's wisdom is second only to this young master, and this young master thinks the same way. As for these eleventh-level zombies, this young master will reluctantly accept this young master's space for you again! But this young master can only I have helped you so much, after all, you still have to rely on your own practice." Xukong Yasha said.

Li Tian nodded and said a word of thanks to Void Yasha.

"Huh!" With a sound, those dozen eleventh-level zombies were taken into the space by Xiaoyasha in an instant.

And Li Tian immediately ran towards the clock tower.

Void and Di Xing Yacha, sat on Li Tian's shoulders one by one, clutching Li Tian's clothes tightly.

"Wow!" The zombies behind Li Tian howled after seeing Li Tian running away, thinking that Li Tian chased them.

The distance of two hundred meters, according to the speed of one hundred meters, is 20 seconds, but for a master like Li Tian, it is five or six seconds.

"Huh!"

"Huh!"

Li Tian's figure flashed across the dark street, and Li Tian also raised a palm casually, and blasted at the low-level zombies that rushed towards him from the buildings on both sides.

Without a palm, the zombies that rushed towards Li Tian seemed to be exploded from the body by a bomb, with mucus and flesh and blood flying across.

Ten seconds later, after Li Tian shot seven or eight low-level zombies to death, they already appeared under the clock tower.

Riding on the momentum, Li Tian jumped up slightly, his right foot hit the bell tower wall a bit, and he slammed upwards, his left foot hit the bell tower a little more, and again, Li Tian had already flown more than ten meters high. The wall of the bell tower fell on the bell tower.

Looking around, Li Tian couldn't help but feel afraid for a while.

I saw countless zombies on the four streets in the surrounding area, southeast, northwest, and northwest. The farthest from the clock tower was no more than 500 meters away.

If once surrounded by these zombies, even if Li Tian had three heads and six arms, it would not be possible to rush out of the hordes of zombies.

At this time, in the interior of the clock tower, the guardian zombie stood in the middle of the bell tower with the same anger on his face. Suddenly, the guardian zombie shouted: out.

Only three hundred and twenty white ribs came out of his body and quickly shot towards the windows on all sides of the bell tower.

"puff!"

The bone shot through the window, and Li Tian immediately slapped his palm on the bone, leaped forward, broke through the window, and landed in the bell tower.

Chapter 3432: The secret of nine-color corpse crystal

After the guardian zombie saw Li Tian, he didn't care at all, and continued to control the three hundred and twenty white bones that got out of him.

After passing through the window, these white bones continued to bend down and grow, and soon took root on the ground. Numerous white bones were shaped like umbrella bones, like a blooming wild chrysanthemum, and this clock tower is the wild The stamens on the chrysanthemum.

Li Tian saw the dead corpse insect that was thrown on the ground by the guardian zombie. The corner of Li Tian's mouth turned slightly, and he stretched out his hand to take Hong Zhan back, and said with a sneer: "Get ready to die!"

"Hold on!" The Guardian zombie suddenly stopped.

"Why? Know you are afraid?" Li Tian sneered.

"Hahaha, what an arrogant kid! You know, but at the twelfth-level zombie peak, the Nine-Colored Corpse Crystal is already in the third rank! How can you be afraid of you kid? But I've been alone in Beitang for three years and want to find someone Just come to talk."

"Boy Li Tian, I know you. Half a year ago, you got the old ghost's nine-color corpse crystals in Ewa Village, and the fusion was successful. After that, you wounded the master's corpse insects in the mine, and then killed them in Fancheng. The red-robed zombie killed the master's corpse insect. Counting the corpse worm you killed today, you have already killed two of the master's corpse insects and injured one of the master's corpse insects!"

"Then I want to ask you, do you know how many corpses the owner has? How many guardians are there?" The guardian zombie said.

Li Tian shook his head. He didn't know these things, but what does this have to do with Li Tian's killing of the Guardian's zombies?

With a move, Li Tian controlled the "Red Sword" and suddenly attacked the guardian zombie's head.

"Puff!" With a sound, "Red Slash" cut open the head of the Guardian zombie, and the black mucus came out from the head of the Guardian zombie.

"Success!"

"I don't have the strength of level 12 zombies, but that's it. Killing level 12 zombies is even easier than killing level 10 zombies!"

"No!" Li Tian suddenly awakened.

As a level twelve zombie, how could it be so simple to be killed by Li Tian!

"What a despicable kid, he knows sneak attacks! But what a pity, what a pity! Even though you are the owner of the Nine-Color Corpse Crystal, you don't even understand the simplest truth!" The head of the guardian zombie was cut open. Speaking, and as the guardian zombies began to speak, the severed head gradually began to heal.

"How could this happen?" Li Tian was shocked!

"Boy, isn't it weird? I'm obviously a zombie, why am I still alive if I cut my head?" The Guardian Zombie said in a mocking tone.

Li Tian did not speak, and took "Red Slash" back into his hand, staring at the guardian zombie vigilantly.

"Is it the chest?" Li Tian released two brilliant lights in his eyes and looked at the guardian zombie.

At the same time, "Red Slash" has galloped towards the chest of the guardian zombie.

"Qiang!" With a sound, "Red Slash" did not break through the defense of the Guardian zombie, and was bounced back.

"Boy, isn't it good! My mind is not so stupid as to be hopeless!"

Speaking of that, the guardian zombie tore open his shirt abruptly, revealing the dry figure in the clothes.

In front of the chest of the guardian zombie, countless bones formed a cover, and went into his chest to completely cover it. And when the Guardian zombies ripped off their clothes, the bones retreated one by one, revealing a whirlpool above the chest.

This vortex was almost exactly the same as the vortex in Li Tian's chest, and the nine-color corpse crystal was in the center of the vortex.

The only difference is that Li Tian's nine-color corpse crystal is now black, while the guardian zombie's corpse crystal is black and purple.

"Why do you have this vortex too?" Li Tian asked somewhat surprised.

"Hey, this whirlpool, naturally the nine-color corpse crystal brought me! Since you asked about this, then as your predecessor, I will tell you about the nine-color corpse crystal, the corpse insect, and Master's matter, so that you can understand in death!"

"Ordinary people will confuse the nine-color corpse crystal with the ninth-level corpse crystal. In fact, these are completely two concepts. The ninth-level corpse crystal is the corpse crystal owned by the ninth-level zombies. Tenth-level corpse crystals, eleventh-level corpse crystals, etc. The number of zombies controlled by these zombies will also continue to increase. But at most they can only control the number of zombies and zombies of their level."

"But the nine-color corpse crystal is different. The nine-color corpse crystal does not upgrade but only turns color, and the maximum is nine turns. I believe your nine-color corpse crystal should also start to change color!

"So where is the nine-color corpse crystal stronger than the ninth level thing? Naturally, this is the vortex. Have you seen the corpse crystal particles on this vortex? Do you feel that these corpse crystal particles are similar to the corpse crystal particles in the corpse insect body? What?"

Li Tian nodded.

"The power of the original corpse contained in any zombie corpse crystal is limited, and the power of these original corpses is the root of the changes in the zombies. For example, you killed the tenth-level zombies in the dungeon of bones. Those white bones are all the power of the original corpse in his body. If you keep cutting off the bones in his dungeon, the power of the original corpse in his body will be exhausted. He will be degraded as a waste, not even as a primary zombie."

"Hey, but if you have nine-color corpse crystals? You can borrow the power of the original corpse crystals in the broken corpse crystals above the whirlpool. Think about it, ordinary zombies only have one corpse crystal, and what about us? We can have two One, three, even nine!"

Li Tian suddenly remembered what happened at the Tai Sui Bar, and now after the guardian zombie said so, Li Tian understood completely.

"Going back to the question I asked you originally, the master ghoul has nine, ninety and eighty-one corpse insects. These corpse insects will mutate after ingesting a certain number of corpse crystals and form corpse crystals in the body. The ghost master can also pass through these corpse insects and use the power of the corpse original among these corpse insects!"

"Li Tian, why don't you follow the ghoul master and let us build a zombie kingdom that belongs to our zombies!" the guardian zombie said.

Li Tian sneered and said, "You are wrong! Even if the corpse worms in the village ran away, there should be seventy-nine corpse worms now! There will be fewer and fewer in the future! Zombie Kingdom?"

"Let him go to hell!"

Li Tian thought, "Red Zhan" flew directly to the chest of the guardian zombie again.

At this moment, the guardian zombie seemed to have completed something, with a hint of sarcasm at the corner of his mouth, and suddenly shouted: "Turn!"

Immediately, the guardian zombie began to turn quickly like a top, and the three hundred and twenty white bones were turning with the guardian zombie like a sharp blade.

With a "boom", the supports on all sides of the bell tower attic were instantly destroyed, and the top of the bell tower collapsed.

Chapter 3433: In desperation

Li Tian's "Red Slash" returned without success. In order to avoid being injured by the rotation of the three hundred and twenty white bones, Li Tian could only roll on the ground in embarrassment.

At this moment, the ground of the entire bell tower shook a few times, and the bell tower even tilted a little, and Li Tian involuntarily rolled towards the guardian zombie.

opportunity!

"Knot!" Li Tian yelled, and the "Red Slash" flew directly into Li Tian's right hand, and combined with the nine-color corpse crystal, forming a white bone armor on Li Tian's arm.

But Li Tian rolled on the spot and chopped "Red Cut" to the guardian zombie's legs.

However, at this moment, another mutation occurred.

The dilapidated bell tower suddenly fell into the ground, and it continued to fall downward.

"Boom!" After a loud noise, the bell tower fell, dusty, bricks and sawdust flying everywhere, completely blocking Li Tian's sight.

Although Li Tian was not injured by the fall, he was not feeling well.

Rising hard from the ruins of the bell tower, Li Tian looked around vigilantly.

The dust has not yet dispersed, and the entire space is gray, but in this gray space, Li Tian found a pair of red eyes. These eyes are looking at Li Tian.

Looking up, the moon has disappeared.

"Where is this place? Is the underground of the clock tower also the underground palace?"

"What are those red eyes? Is it a beast?"

Li Tian guessed in his heart, but he dared not act rashly.

After two or three minutes, the surrounding dust gradually fell on the ground. Li Tian found out that the entire bell tower had fallen into the underground subway layer. In the darkened subway passage, there were countless zombies. Staring at Li Tian with red eyes.

"Hahaha, Li Tian, there is another secret of the Nine Color Corpse Crystals, that is, you can have a team of 1,000 zombies. You can enjoy being gang-beaten by these 1,000 level nine zombies!" The zombie sat on the subway card reader a dozen meters away from Li Tian and said with a wild smile.

"Certainly, I forgot the zombie army of the guardian zombies! No wonder the guardian zombie would tell me so many secrets of the nine-color corpse crystals, it turned out to be to stabilize me, so that he can connect this bell tower to the subway floor." Li Tian thought in his heart.

There are a thousand ninth-level zombies, if there is no cooperation between Void Yasha and Li Tian, it is very likely that Li Tian will be bitten by these zombies without the bones left.

You can't sit still, you have to find a way to rush out from here, and then look for a chance to fight alone with the Guardian zombies.

Li Tian looked up at the big pit where the bell tower fell, and saw that the big pit was surrounded by zombies. Those zombies curiously poked their heads and looked down. From time to time, several zombies were squeezed from above by the zombies behind. Got down, let out a scream, and fell off.

Nothing above, although the zombies above are not as high as the zombies below, the number is far greater than the zombies below.

"How to do?"

Li Tian's brain turned quickly, and his eyes swept around.

Quit?

Run away?

So what about the barbarians?

If Li Tian escapes now, then Barbarian and Shen Tao are bound to die.

And if once escaped, although Li Tian can escape, from then on, there will be a shadow in Li Tian's heart, how to face other brothers in the future.

"I didn't expect Li Tian to be in such a desperate situation today!" Li Tian said to himself with a sneer.

"Huh!" Li Tian let out a sigh and gradually adjusted his mood.

war!

Fight to the end!

This is the decision Li Tian made in an instant!

Xiang Yu, king of the Western Chu Dynasty, can fight back, break the boat, let himself be put to death and live, why can't I, Li Tian!

As long as I, Li Tian, killed the Guardian zombies, these unowned zombies legions are nothing more than bones and flesh!

The Guardian zombies did not expect that Li Tian would be fearless when facing these thousand ninth-level zombies, and he couldn't help sighing in his heart that Li Tian was indeed a human being.

However, the guardian zombie at this time has also been forced on the road to the end, without Li Tian's head, the guardian zombie will inevitably be killed by the ghoulish master.

"kill!"

With the cry of the guardian zombie, a thousand ninth-level zombies rushed towards Li Tian.

As for Li Tian, with a wave of "Red Slash", the ninth-level zombie that rushed in front of him was cut into two pieces, and then he turned to the Guardian zombie to kill.

"Huh!"

"Huh!"

"Huh!"

As red lights flashed, Li Tian had killed several ninth-level zombies, and at this time Li Tian was only five or six meters away from the guardian zombie.

"Huh! I want to single it out with me! Wait until you have the ability to kill these thousand ninth-level zombies!" The Guardian zombies sneered, and gently voted backward.

The distance between Li Tian and the zombies of the Guardian was stretched by more than ten meters.

Those ninth-level zombies swarmed over immediately, completely surrounding Li Tian.

"kill!"

There is no way out, Li Tian can only grit his teeth and fight these ninth-level zombies.

Two fists are hard to beat four hands, and a hero can't hold back a pack of wolves.

These thousands of zombies rushed to Li Tian, there is no routine at all.

"Hang!" With a sound, Li Tian blocked the attack of a white bone machete with his white bone armbands and beheaded the ninth-level zombies with his backhand, but at this moment, "Puff!" "Puff!" He was stabbed by a long bone thorn.

As time went by, Li Tian's body wounds also increased.

Li Tian rolled on the spot, and "Red Zhan" chopped the feet of seven or eight zombies to the ground. After the zombies fell, the zombies behind immediately tore the zombies in front to pieces, added them up, and killed Li Tian.

In the space of Feitian Yasha, Feitian Yasha, Dixing Yasha, Void Yasha, and the small Tianyi mutant bat and mutant crow are all there.

This is the second time that the mutant crow has come to this space. He looks like an old bird, explaining to Xiao Tianyi and the mutant bat his heroic deeds in fighting Fei Tian Yasha in this space.

Three small yashas sit in a row and eat fruit.

Feitian Yasha said: "Young Master Void, we are hiding like this, and only Xiao Litian will fight outside. Isn't it too important to be loyal?"

"Yes, although Xiao Litian rushed to the clock tower, there are no less than tens of thousands of zombies around the clock tower! I am worried that Xiao Litian can't kill so many alone!" Dixing Yasha also said.

"Haha, what you said is so reasonable! This young master is also beginning to worry about Li Tian! How about the three of us here to put all our energy to cheer for Xiao Li Tian, okay? Xiao Li Tian will definitely be a godly help!" Void Yasha said thoughtlessly.

The other two Yashas immediately felt that what Void said was reasonable and didn't have much brains. They nodded and laughed, nodded and said, "Okay, okay!"

Chapter 3434: Dark light

The mutant crow really wanted to spit out: "Good girl!"

But the mutant crow also knows that the abilities of these three Yashas are vast.

In order to save Li Tian, the mutant crow flew down and fell in front of the void, saying in a very pious tone: "Respected young master of the void, and two masters of Yasha, your strength is strong, just shout A cheer can make Li Tian act like a god. Unfortunately, those zombies were killed by Li Tian!"

"The barbarians rescued at that time will only think that Li Tian is strong and they will admire Li Tian more, but they will not think that there is credit for your cheering and shouting here!"

"This little bird is so reasonable, we can't do this kind of loss!" Xukong Yasha said.

"That's right! That's right! Xiao Li Tian can't be cheaper!" Dixing Yasha and Feitian Yasha also nodded in agreement.

"Instead of letting Li Tian buy people's hearts, why not show the strength of the three Yasha masters and clean up the zombies? This can shock Li Tian, let Li Tian is now carrying whom to run, and let the zombies know the three. The prestige of Master Yasha can also make the barbarians thank you. It's so wonderful to kill three birds with one stone!" said the mutant crow.

"Three birds with one stone, can one stone hit you with such three birds? Haha, it's so funny!"

"Yeah! Yeah! That's so funny!"

The three Yashas seemed to have been poked in a laugh, and they crawled on the ground and laughed.

The mutant crow really wanted to swear at these three Yashas: "Laugh at your sister!"

"If you don't go out anymore, Li Tianke will kill the zombies..." Mutant Crow said.

The mutant crow hadn't finished speaking before the three Yashas left the space.

Li Tian can't remember how many level 9 zombies he killed. The corpses of those zombies were laid on the subway, but Li Tian was uncomfortable. Li Tian's legs, arms, and body were large and small. After more than a dozen injuries, these wounds are now aching, and they have gradually begun to affect Li Tian's movements.

And until now, Li Tian has not had direct contact with the guardian zombies.

The three Xiaoyachas of Void, Dixing, and Feitian suddenly appeared next to Li Tian, and landed on Li Tian's left and right shoulders and head.

Seeing Li Tian's miserable appearance, the three Yasha said with some disdain: "Xiao Litian, did you not receive our cheering blessings? It's really embarrassing to us!"

"Come on, blessings? What is that?" Li Tian was speechless for a while.

Seeing the three ugly little things that suddenly came out of the palms of only three hands, the Guardian zombies didn't care at all.

Seeing that the knives and forks in the hands of these three little things are not as big as those of Western food, the Guardian zombie also mocked: "Li Tian, it turns out that you have this ability! It's really disappointing!"

"What the \*\*\*\* are these three little things? Do you still expect these three things to turn around?" As he said, the Guardian zombies were also amused by his thoughts.

"Young Master Void, have you seen it? You are despised by that zombie!" Li Tian said to Void that fell on his head.

"My young master is so angry that my young master must make him pay for his stupidity and ignorance!" Void Yasha said through gritted teeth.

Feitian Yasha flew straight up, flew in front of Li Tian, and said, "Void, you have performed many times, now it's me!"

Speaking of Feitian Yasha flew directly, Feitian's dark light group that enveloped Feitian Yasha started to burn like a flame, and Feitian Yasha flew directly to the corpse group of those ninth-level zombies, Feitian Yasha flew over Where there is a long black light tail.

"Xiao Litian, keep your eyes open. This is Feitian's stunt!" Dixing Yasha said with a grin.

"That's right! Feitian Yasha can still see this trick! As for other things, it is commonplace!" said Void Yasha.

"Playing with fire? This can be blown out with just one fart!" The Guardian zombie thought disdainfully.

However, the Guardian zombies soon opened their eyes wide, and looked at the dark light on Feitian Yasha with some horror.

I saw that after the Flying Yaksha flew up, the tails of the dark light remained in the air, and did not disappear as the Flying Yaksha flew by, and once the bodies of those ninth-level zombies touched the dark light, the whole The body will be surrounded by these dark lights.

This dark light is like a dark flame. It begins to burn on those zombies. After other zombies touch the flame of this dark light, their bodies will also be surrounded by this black flame.

This flame seems to be unable to burn the zombies to death, but it is more fearful than burning to death.

Those zombies were withering at a speed visible to the naked eye, and their bodies made a "chick" sound under the dark light, and a few oily liquids flowed out of these zombies, following the zombies. The body continues to flow downward.

Soon, the skin on those zombies turned dark black and began to emit a shiny luster.

And the hands and feet of the zombies are becoming more and more mechanical, as if every step of the movement requires huge hard work.

In just a few tens of seconds, hundreds of level 9 zombies on this layer of the subway were surrounded by dark light. After another ten seconds, these level 9 zombies were like terracotta warriors, and their whole body was shiny. The black luster, it didn't move.

These zombies have different shapes, movements, and expressions, and these zombies are not dead, and their eyes can still rotate, which is more realistic than the terracotta warriors.

"This...what kind of skill is this!" Li Tian asked somewhat surprised.

"The light of darkness! Feitian's ultimate skill! How about it? Now know that we are great!" Void Yasha said triumphantly.

Li Tian's jaw was about to fall.

These Yashas are really not people, they are so brave.

"Awesome, more than just amazing! Burn him with the light of darkness?" Li Tian stretched out his finger to the guardian zombie.

At this time, Feitian Yasha had already flown back to Li Tian's shoulders, and the body that was previously wrapped in the dark light showed its original appearance.

Feitian Yasha said exhaustedly: "Next time, this dark light is the substance that grows from my Feitian Yasha's figure. Only half a year can I use this dark light skill."

Hearing what Feitian Yasha said, the guardian zombie breathed a sigh of relief, and there was a feeling of aftermath.

Seeing his zombie army again, all of them have turned into black mummies. The guardian zombies couldn't help but furious, sneered, and shouted at Li Tian: "Now let you see how powerful the twelfth-level peak zombies are! "

Chapter 3435: Dead body

After the guardian zombies said this sentence, the guardian rushed towards Li Tian.

In the process of rushing, a three-foot-long white bone tail has been dragged behind the guardian zombie. At the end of the white bone tail, there is a one-meter-long white bone spur, and the white bone spur flashes black. Light.

Corpse poison!

This is the corpse poison extracted from the guardian zombies using millions of zombies in Beitang.

This corpse poison is extremely dangerous. Once stabbed by this long bone thorn, ordinary people will immediately become zombies, and even those who are naturally immune will die because of this corpse poison!

After running two steps forward, the guardian's left and right legs began to grow frantically, from just over one meter to two, three meters, and the guard's back spine suddenly elongated, and the guardian's body was a zombie. It also stretched from about half a meter to three meters.

The left and right arms of the guardian zombie began to become bones, changing into giant tongs more than one meter long like a crab, and his head unexpectedly changed, and his mouth spit out like a bird's beak.

Starting from the tail behind him, a row of sharp bone spurs grew to his head.

And the whirlpool and nine-color corpse crystal on the chest of the guardian zombie shrank inward, and a dozen bones grew from behind to protect the whirlpool and the nine-color corpse crystal in the middle.

And in the chest of the guardian zombie, there are even seven black \*\*\*\* the size of a basketball.

In front of this huge skeletonized guardian zombie, Li Tian seemed to be a little ant, as if as long as that guardian zombie could trample Li Tian to death.

The guardian zombie walked towards Li Tian with a sneer, the three-foot-long tail suddenly pulled towards Li Tian, and the two bone pliers on the left and right hands were also one after the other, "click" and "click". "It stabs Li Tian loudly.

"You are careful!" Li Tian said to the three Xiaoyasha.

Immediately, Li Tian did not retreat but moved forward, leaping to avoid the sweep of the bone tail, and using the bone arm armor to block the guardian zombie's attack. With a wave of red slash, he directly slashed the white bone pliers that came from behind.

"Humph! In front of my Hong Zhan, there are not many zombie bones that can stop you!" Li Tian snorted coldly in his heart.

Seeing that "Red Slash" was about to come into contact with the guardian zombie's bone pliers, Li Tian suddenly felt a sense of alertness. A strong sense of crisis made Li Tian feel very upset.

Li Tian closed the "Red Cut" abruptly, and the bone armband blocked the giant pliers.

Li Tian's body flipped a few times in the air, and then moved back more than ten meters before landing on the ground.

And just as Li Tian flipped backwards, a black ball of meat inside the guardian's dead body suddenly "screamed" and exploded. The black mucus splashed, and the black mucus dripped on the ground. It immediately left a corrosion mark the size of a bowl on the slate floor.

A strong pungent and decadent smell immediately permeated the space.

Li Tian couldn't help taking a breath.

If Li Tian cut off a giant pliers of the Guardian zombie just now, then Li Tian would have to be splashed on his body by this mucus. In this way, even if Li Tian was not dead, he would have to peel off a layer of skin.

After the basketball-sized black meat ball burst, a group of black shadows flew out of the guardian zombie's body and flew towards Li Tian.

"No, this black shadow is likely to be the black meat ball! This meat ball is extremely corrosive. If the meat ball touches the body, it will definitely lose a layer of skin!" Li Tian thought to himself.

And Li Tian's left hand had already blasted the broken soul palm.

"Boom!" With a sound, the broken soul palm hit the black shadow heavily, and the black shadow just flew around in the air and fell back into the body of the guardian zombie.

Immediately, Li Tian saw clearly what the black shadow was.

I saw a baby who was only a foot tall back and forth crouching, standing inside the guardian zombie like an old man.

"Hahaha, don't do it in vain! This is a baby corpse refined with the power of my corpse and my flesh and blood and bones! Each baby corpse has 30% of my attack power! Even swords and guns can't hurt them. To this baby corpse." The guardian zombie said with a sneer.

"Baby corpse? I thought it was a gourd baby!" Li Tian sneered.

"Things that do not live or die, let you know how powerful my baby corpse is!"

The Guardian zombie suddenly turned around, and the white bone tail drew towards Li Tian like a whip, and on the white bone tail, the baby corpse ran fast, and the baby corpse was flat on the bone tail. Strive like flying.

In order to avoid the sweeping attack of the bone tail, Li Tian leaped back, and the baby corpse jumped up from the bone tail while Li Tian was avoiding it. The two tiny arms were like two steel needles. , Stabbed Li Tian.

When he saw the baby corpse flying towards Li Tian, Li Tian cried out in his heart: "No!"

But now there is no way to avoid it.

Li Tian screamed, and the broken soul palm of his left hand blasted towards the baby corpse.

At the same time, Li Tian shouted: "Open!"

"Boom!" The broken soul palm blasted on the black shadow, and it really only blocked the baby corpse, but the baby corpse's attack direction did not change in any way.

"Huh! I just used a baby corpse, and it has succeeded! It seems that Li Tian is nothing more than that!" The guardian zombie sneered in his heart.

At this critical moment, the "Red Slash" on his right arm changed back to the shape of a blade, broke out, and smashed into the baby corpse.

"Huh!" A red light flashed across the infant corpse, before returning to Li Tian's body quickly, spinning in front of Li Tian.

The baby corpse was struck by "Red Cut", and it continued to fly towards Li Tian!

Seeing this scene, the Guardian zombie finally couldn't help laughing: "Idiot, don't you know how strong my twelfth-level zombie is? Don't you know? How about the corpse! Go to \*\*\*\* you! Hahaha"

As soon as the words of the guardian zombies fell, the baby corpse that flew towards Li Tian turned into two halves from one of them, passed by Li Tian, and fell heavily to the ground.

"No...impossible! According to the information, your Red Slash can break the defense of level 11 zombies at most..."

If it were before today, then Li Tian's "Red Slash" can indeed only break through the defenses of the 11th-level zombies, but today, "Red Slash" and the nine-color corpse crystal have undergone some wonderful changes, which can not only form a bone arm Armor, even the attack power has become stronger.

It is difficult to break through the defense of the twelfth level zombies, but it is not easy to break through the defense of a small zombie with only 30% of the strength of the twelfth level zombies.

Li Tian stretched out his hand to hold "Red Zhan" in his hand, sneered and said, "The next one is you!"

Chapter 3436: Rogue play (1)

"Huh! Young, I don't know how high the sky is, so arrogant, but you have to pay a heavy price! Let the old man do you!"

As soon as the guardian's zombie's voice fell, the ribs on the chest were completely opened, and the remaining six basketball-sized black meatballs flew towards Li Tian like cannonballs, and after these meatballs flew out, the air was actually in the air. There was a roundabout, and as a result, Li Tian was surrounded by these six meat balls.

When these meat \*\*\*\* were only five or six meters away from Li Tian, they all exploded.

"Hey!"

"Hey!"

"Hey!"

With a few loud noises, the meat ball exploded, and the black mucus splashed around like ink.

With a strong pungent smell and strong corrosion, the black mucus was splashed on Li Tian from all directions. If you want to avoid it, you can only go to the sky or the ground.

The guardian zombie saw that Li Tianwei was inevitable, and he laughed wildly, and said, "Boy, these are the seven baby corpses I have cultivated over the past three years. Now you can die under this baby corpse. The place to die."

But what about Li Tian?

I saw that the black mucus was about to pounce on Li Tian, but Li Tian suddenly disappeared.

The guardian zombie's eyes widened, and he couldn't believe what was in front of him.

"How can this be!"

The Guardian zombies twisted their body abruptly, and their eyes quickly swept around.

No, in the entire subway floor, except for the hundreds of ninth-level zombies burned into black terracotta-like figures by the light of darkness, Li Tian, including the three little monsters, disappeared completely.

"Impossible!" the guardian thought in his heart, but Li Tian disappeared out of thin air in front of him, and he had to convince him that this was the truth.

Could it be those three little monsters?

The guardian zombie instantly thought of the three small Yashas following Li Tian.

"It must be one of the little monsters that has the ability to control space. It's no wonder that the captain's zombies suddenly lost contact with me. It's no wonder that so many level 11 zombies suddenly disappeared!"

"Li Tian, get out!"

"Don't be like a turtle with a shrunken head! Get out!"

"Li Tian, don't you want to kill me? I'm here now, you come to kill me!"

The guardian zombies screamed in the ground, a huge echo echoing in the subway.

"Okay! Since you don't come out, then I will go to the bell tower and eat all the people you like!"  
The Guardian zombie shouted loudly.

The six still alive baby corpses were summoned by the guardian zombie, and they flew back, flying towards the guardian zombie's chest.

At this moment, a red light suddenly flashed in the space.

"Huh!" With a sound, "Red Zhan" appeared out of thin air, and cut a baby corpse into two parts with one knife.

Immediately, Li Tian also appeared!

The skin of the guardian zombie's mutated face was slightly beating, the guardian zombie angrily let out a beast-like neighing sound towards Li Tian, and the remaining five baby corpses just fell on the guardian zombie, and The arrow rushed towards Li Tian.

"Knot!" Li Tian shouted, "Hong Zhan" flew back to his right hand, and the white bone armband formed.

Li Tian didn't retreat but moved forward, facing the five infant corpses flying towards him.

Li Tian slid forward, his legs slid forward five or six meters on the smooth ground. Li Tian's body leaned back, avoiding five baby corpses, and Li Tian's "Red Cutter" moved from one of them. The baby corpse's abdomen slashed across, and one hand out of the broken soul palm at the same time.

"Boom!" With a sound, the baby corpse hit by the broken soul palm flew directly, and then fell to the ground.

The other baby corpse that was struck by "Red Slash" also fell directly to the ground.

The baby corpse that had been beaten by the broken soul palm twisted its body a few times and stood up again.

"Hey, don't do it in vain, as long as you avoid your weapons, your attacks are not effective on these infant corpses!" The Guardian zombies sneered.

But the baby corpse that was struck by "Red Slash" was lying on the ground, motionless, already dead.

The guardian zombie hadn't seen how Li Tian made the move. The baby corpse was already dead, and what he said just now was like he was smoking his own mouth.

The face of guardian zombie was very ugly. While controlling the remaining five infant corpses to attack Li Tian, his right leg kicked Li Tian on one side of his body, while the three-foot-long bone tail behind him twisted from the right side. Stabbed Li Tian with his stinged tail.

"Huh!"

Li Tian disappeared again!

The arm of the five corpses was about to pierce Li Tian, but Li Tian disappeared.

But the guardian zombie did not avoid the baby corpse who rushed over, and its body was severely chopped off by the five baby corpses at the same time.

Although the injury was not serious, it could even be ignored completely, but this kind of humiliation made the guardian zombies lose their mind.

"No! Bastard! Come out!"

"I'm going to kill you! Get out!"

"Well, you don't need to come out, then I will let other zombies go up to the clock tower and kill all your people! Damn bastard!"

As soon as the guardian zombies looked up, the senior zombies that existed on the ground and were controlled by the guardian immediately began to retreat.

Among them, ten ninth-level zombies jumped onto the heads of the group of zombies, starting from the heads of which zombies, ran towards the Drum Tower.

Li Tian reappeared in the subway floor. This time, Li Tian was surrounded by only Dixing Yasha and one Yasha, but the other two Yasha disappeared.

"Why? Don't you plan to hide? It's a pity that my zombies have gone to the Drum Tower, and your people will soon become food for those zombies!" The Guardian zombies said with a wild laugh.

"Don't hide, expect to be dodge, it's better to kill you sooner, so as not to have more dreams at night!" Li Tian sneered and said "Red Cut" horizontally.

As long as Li Tian does not hide, the guardian zombie has absolute confidence to behead Li Tian.

The Guardian zombies laughed wildly, and suddenly said coldly: "Then I will fulfill you!"

Five baby corpses, three-foot-long white bone tails, and giant white bone tongs simultaneously attacked Li Tian.

But when these things were about to attack Li Tian, Li Tian's body suddenly plunged into it, as if it was a native grandson in a fairy tale, and suddenly disappeared.

"This..." The guardian zombie can no longer describe his shock in words, and the expression on his face can no longer show his anger!

And at this moment, Li Tianhe Dixing Xiaoyacha suddenly got out from behind the guardian zombie.

"Despicable, have the courage to fight me openly!" The Guardian zombie already shouted angrily.

And Li Tian, who had already appeared behind the guardian zombie, jumped and jumped onto the back of the tall guardian zombie. His right hand grabbed the long bones on the back of the guardian zombie, and the left hand "red "Slash", slashed heavily to the back of the Guardian zombie!

Chapter 3437: Rogue play (2)

"Red Slash" cut on the white bones on the back of the Guardian's zombie, and unexpectedly made a metal-like crash. .

Without breaking the defense of the Guardian zombie, Li Tian was not surprised. His legs kicked on the back of the Guardian zombie. When the bones of the tail stabbed, Li Tian had already jumped out and landed on the ground. Above.

As soon as he landed, Li Tian immediately sank into the ground.

The Void Yaksha masters space and can freely shuttle through the void, the Flying Yaksha can fly, and the dark light also has super powerful burning ability, and the earth-moving Yaksha's stunt is the earth-moving technique, and the earth-moving Yaksha can freely shuttle underground.

After being attacked by Li Tian with the "Red Slash", the Guardian zombies didn't care at all. He had absolute confidence in the bone defense of his twelve-level zombies. What if he let Li Tian attack several times?

As long as the Guardian zombies seize an opportunity, Li Tian can be left without return and stay with him forever.

...

In the pavilion of the Drum Tower, the light of the moon shone into the panes, and there was still some light in the pavilion.

After some excitement outside, peace was restored again!

"It doesn't look like Brother Tian!" Manzi said weakly.

"Barbarian, you have to hold on! Brother Tian will definitely come to save us!" Shen Tao kept talking to Barbarian.

The barbarian was covered with blood, and his body was almost reddened with blood. His arms were swollen like pigs' hind legs, and his head began to swell a little.

"Shen...Shen Tao, I guess it won't work! If you can wait until Brother Tian, you tell Brother Tian, my barbarian died in battle!" The barbarian lay weakly on the ground and said.

When the Zombie Garden was breached, the barbarians who had been raising the knife once again made the fatal blow in order to protect the captain. That huge backlash made the barbarian who had just improved into a useless person in an instant, and even worse than last time!

The bones on the two arms of the barbarian were shattered into pieces by the backlash force. At this time, his two arms could not be lifted at all.

"Stop talking nonsense! If you want to talk, you can tell Brother Tian yourself." Shen Tao directly used Manzi's arm again and displayed his power.

As the white mist sprayed out from Shen Tao's arms, the two arms of Manzi were completely wrapped by the crystals formed by the white mist.

At this moment, Manzi was so clean that his arms seemed to be unconscious, and he was much more comfortable.

"Thank you brother. But don't waste your effort!" Manzi said with a smile.

"No! I believe Brother Tian! Brother Tian will definitely find a way to save us."

"You heard the huge sound just now, isn't it sure that Brother Tian has already played against the Guardian zombies, I believe in the strength of Brother Tian."

Shen Tao said with a look of worship.

And at this moment, "Swish!" "Swish!" A black shadow jumped up to the Drum Tower. These black shadows climbed on the windows of the Drum Tower, showing greedy eyes and drooling.

In the attic of the Drum Tower, the two girls who were arrested with Shen Tao screamed in horror! The body retreated involuntarily.

However, when they retreated, seven or eight dark figures appeared on the windows behind them.

"Don't worry, Brother Tian will come to rescue us soon!" Shen Tao comforted.

A zombie outside said with a sneer: "Hey, still dreaming! Li Tian has been taken by the guardian into the subway floor under the bell tower. There are a thousand ninth-level zombies waiting for Li Tian on the subway floor. !"

"Now, he cannot protect himself. Let us send you a few to reunite with Li Tian!"

"Crack"

With a few "clicks", these zombies broke in directly through the window and slowly walked towards Manzi, Shen Tao and others.

At this time, these zombies had already exposed their fangs, and the barbarians and others had turned into sweet treats in the eyes of these zombies.

"Huh!" With a cry, the brutal man who was already covered in blood scabs reluctantly stood up, drew out the Azure Dragon Sword suddenly, and said: "If you want to hurt them, pass me first!"

"Yes, if you want to hurt us, you have to fight the barbarian first. His Azure Dragon Sword Technique is very powerful. He has killed level ten zombies. I advise you... Hey, hey, why did you fall? !" Before the woman finished her words, she saw that the manzi didn't even lift the Azure Dragon Sword, and fell to the ground with a "puff".

The barbarian crawled on the ground feebly, and only his eyes could move up and down.

Barbarian looked at the zombies that gradually walked in, recalling the first time he met Li Tian in the town.

"Brother Tian, in the next life, I will be your brother!" Manzi closed his eyes, thinking in his heart.

"Ah!" A scream came from the bell tower, and the barbarian heard some fighting and tearing sounds, and even some slimy liquid splashed on his body and face.

"Barbarian, someone has come to save us! Great, we are saved!" Shen Tao said with some excitement, shaking Manzi's body.

Barbarian could hardly believe his ears, but when he opened his eyes, he happened to see Xiao Tianyi pressing a small hand on the head of a ninth-level zombie, and another small fat hand directly inserted into the nine. Among the heads of the ninth-level zombie, a light blue ninth-level corpse crystal was taken out of the head of the ninth-level zombie.

"Little Tianyi!"

"How could Xiao Tianyi appear here!"

Little Tianyi is a tenth-level zombie and possesses the strength of an eleventh-level zombie. In front of these ninth-level zombies, the owner of the little Tianyi absolutely has the ability to kill in seconds.

The two small Yaksas, mutant bats and mutant crows may be weaker in hunting zombies, but it is easy to harass these zombies and disturb the attacks of zombies.

Within two or three minutes, a dozen ninth-level zombies that rushed to the Drum Tower pavilion were completely killed by Xiao Tianyi.

At this time, Manzi saw more zombies pouring up to the Drum Tower.

If this state continues, Manzi, Shen Tao, and Xiao Tianyi will still be unable to escape.

Xiao Tianyi rode a mutant bat and flew to the barbarian, showing a bright smile, and said, "Wow!"

It seems to be showing off his strength, and it seems to be telling the barbarian, don't worry.

But can Manzi not worry?

Seeing so many zombies that are constantly pouring in, and staring at them with enthusiasm, the barbarians feel that in the next second, these people and Xiao Tianyi will be torn apart by these zombies.

"Thank you, Xiao Tianyi!" Manzi said frustratedly.

But Manzi only felt a flash in front of his eyes, and all the zombies had disappeared.

Barbarian rubbed his eyes, only to realize that it was not that the zombies were missing, but that they suddenly appeared in another space, and a little monster-like thing was looking at him triumphantly.

"Woo, if you came earlier, the captain would not die!" The barbarian suddenly cried and said.

Chapter 3438: Rogue play (3)

On the subway floor under the clock tower, Li Tian fell to the ground. At the waist of Li Tian, blood was seeping from the black clothes. Although the blood stains were not clearly visible, the clothes appeared wet.

Just now when Li Tian sneaked an attack on the guardian zombie, in order to avoid the guardian zombie's long tail attack, he was caught in the waist by the guardian zombie's giant pliers. Although only a little bit was caught, this little bit already made Li Tian's muscles of Tian's waist were riddled with flesh, and blood had soaked his clothes.

"Hahaha, it's almost! Next time, I will kill you!" The guardian zombie looked at Li Tian's embarrassed appearance and said with a wild smile.

Li Tian looked at the guardian zombie. There were still three baby corpses on the guardian zombie, and the other two had been killed by Li Tian.

But the long tail and giant pincers of the Guardian zombies still exist, and the three baby corpses should not be underestimated.

After just a few minutes of fighting, the Guardian zombies have gradually adapted to Li Tian's attack, and even the Guardian zombies will deliberately leave a flaw, allowing Li Tianlai to attack him, and he will fight back.

For example, when Li Tian was injured, it was the guardian zombie intentionally.

"Xiao Litian, are you okay? How about we retreat first!" Dixing Yasha said with some worry.

"I'm fine! I want to buy time for Xiaotianyi and Xukong. Only if I entangle this guy can they have a chance to rescue the barbarians! So please continue to help me!" Li Tian endured the pain and said sincerely.

And Li Tian knew that although the guardian zombie's bones were hard, cracks had begun to appear under his "Red Slash"'s continuous attacks, and these cracks were still expanding.

As long as the attack continues, Li Tian will inevitably be injured, but the ultimate winner must be Li Tian.

"Okay, I'll help you!" The Di Xing Yasha held Li Tian's shoulder with his hand and launched a stunt: Di Xing Shu.

Seeing Li Tian's body sinking below the ground again, the guardian zombie behaved very calmly, and continued to let the three baby corpses stand behind him in the shape of the character, and his giant tongs were ready to turn around and take Li at any time. Preparations for the lazy waist to cut.

The bone tail swayed behind the guardian zombie, and the guardian zombie's eyes glanced back slightly.

But at this moment, Li Tian suddenly jumped out of the ground less than one meter in front of the guardian zombie.

"Huh!" With a sound, "Red Slash" severely slashed on the chest of the guardian zombie.

"Wow!" The guardian zombie's white bone tail slammed forward, and the poisonous white bone thorns had already pierced Li Tian.

However, after Li Tian hit his hand, he had already landed on the face and sank into the ground again.

With a "pop", the bony tail of the Guardian zombie pierced the floor heavily, piercing a hole in the subway floor.

"Damn it, how come this kid suddenly attacked from front of him? It's just a little bit, as long as I have another chance, I can let this kid die!" The Guardian zombie returned without success, and the new center thought with some dissatisfaction. .

"This \*\*\*\* Li Tian, relying on the help of a few little monsters, is completely using a set of hooligan styles."

The guardian zombie thought warily.

"Next time, next time, this \*\*\*\* Li Tian must be stabbed to death!"

"But this time, where will he come out? Is it the front? Or the back"

The Guardian zombies continued to bet that Li Tian would attack from behind, so his three infant corpses still stood behind him in the shape of the character, but this time, the long bones of the Guardian zombies' tail tilted forward slightly.

But this time the Guardian zombie guessed wrong again, and Li Tian still attacked from the front.

Li Tian suddenly appeared in front of the guardian zombie, and with a leap, "Red Slash" once again slammed the guardian zombie's chest heavily.

"Chang!" With a cry, "Red Zhan" did not break the defense of the bones on the chest of the Guardian's zombies.

However, Li Tian's movements were obviously slower due to his injury, and when he fell to the ground again, his movements were not smoother than before.

"Good opportunity!" The Guardian zombies whispered.

The white bone tail had pierced from the bottom to the top, and the three infant corpses also rushed towards Li Tian from behind.

Seeing that the white bone's long thorny tail was about to pierce Li Tian, Li Tian turned around and resisted the white bone tail's attack with the white bone armor, and Li Tian's body floated upward.

With a "click", Li Tian's white bone armor had such a crack.

Li Tian felt tight.

But this defense is worth it.

This resistance not only allowed Li Tian to defend against the attack of the Bone Tail, but also avoided the attack of the three infant corpses.

Where's Li Tian

With the strength of the rebound, the body has flown to the chest of the guardian zombie.

"Huh!" With a sound, "Red Slash" once again severely slashed on the chest of the guardian zombie.

"Damn! I'm going to eat you!" the Guardian zombie roared.

Two giant white-bone pliers pierced back at the same time, and wanted to pierce Li Tian again.

But Li Tian didn't even evade at this time. His left hand was holding the bones of the guardian zombie's chest, and the "Red Slash" of his right hand had been aimed at the giant bone pliers.

"Could it be that I knew that if I jumped rashly now, I will be stabbed to death by my white bone tail and baby corpse, and Li Tiancai will fight back?"

"Hmph, even if your white bone armbands are defensive well, they can withstand my attacks several times!"

"go to hell!"

The giant bone pliers of the Guardian zombies are less than a few centimeters away from Li Tian, but Li Tian still has not avoided, even Li Tian has waved his right hand, letting "Red Slash" go to the giant white bone pliers. under.

At this moment, Li Tian's body turned to the side, and the giant white bone pliers pierced Li Tian's body.

"Puff!" With a sound, blood was splashed, and another extremely terrifying wound appeared on Li Tian's body.

At this time, Li Tian's face showed a sly smile.

With a sound, although the giant guardian zombie also injured Li Tian, it did not completely stab Li Tian's body. It struck Li Tian's body and stabbed him heavily on the ribs of his chest.

"Crack"

There are some cracks on the ribs of the guardian zombie's chest!

Attack his shield with his spear.

"Lunatic!" This is the evaluation of Li Tian from the guardian zombies.

But Li Tianli was crazy, but he did something crazier.

I saw Li Tian suddenly put his hand on the giant bone pliers of the guardian zombie, and he moved up and rode directly on the giant bone pliers.

Then Li Tian ignored the baby corpses and the white bone tails and attacked him, and suddenly stab the "Red Slash" to the ribs where the guardian zombie nine-color corpse crystal vortex was located!

"It's over!"

Chapter 3439: End of the battle

"Red Slash" pierced the chest ribs of the guardian zombie, and pierced into the whirlpool where the nine-color corpse crystal was located.

The three infant corpses of the Guardian's zombies and their white bone tails all pierced Li Tian's body simultaneously.

"Red Slash" stabbed the nine-color corpse crystal first.

A powerful force burst on the "Red Slash", making a loud "Boom!"

And that Li Tian actually fell directly from the guardian zombie's arm at this moment, "Bang!" He slammed heavily on the ground.

Li Tian felt that his whole body was broken, and it became extremely difficult to move his body.

And Li Tian's head was "buzzing", and at the moment he hit the ground, Li Tian even had an illusion of space distortion.

Li Tianxiang raised his arm to continue fighting, but found that there was no white bone armband on the arm he finally raised, and "Red Zhan" was not in his hand.

Li Tian's arm fell weakly again.

"Are you going to die?"

Li Tian opened his eyes and looked at the guardian zombies who were still aloft.

The noble head of the guardian zombie underground, looking down at Li Tian who fell to the ground, gave a sneer, and said: "The victory or defeat is determined! Li Tian, you can push me on this kind of path, you will not die! Ha! Haha"

Said that the guardian zombie had already controlled the white bone tail and swayed a few laps, from top to bottom, it pierced Li Tian's eyebrows.

And at this moment, a sudden change occurred.

The "Hong Zhan" that had escaped from Li Tian's arm was inserted into the chest of the Guardian zombie at this time. The "Red Zhan" seemed to have autonomous consciousness, and it automatically stabbed forward again.

At this time, the distance moved probably was less than a few millimeters, but at this time, the "Red Slash" actually pierced the nine-color corpse crystal on the chest of the guardian zombie.

"Boom!" A loud thunder-like sound resounded on the chest of the guardian zombie.

After "Hong Zhan" pierced into the nine-color corpse crystal, he greedily began to \*\*\*\* the power of the corpse in the nine-color corpse crystal frantically.

The power of the surging corpse made "Red Slash" look extremely excited.

Small tails like steel thorns grew on the handle of "Red Cutter".

"How could this be? Is this weapon still spiritual?" The guardian zombie looked down at his chest, trying to use huge bone pliers to pull Li Tian's weapon out of his chest.

But when he lifted the bone pliers, he found that one bone pliers had been broken from his body at this moment, and the entire bone pliers had fallen downward.

The bone pliers fell off, and did not hit Li Tian's body, making a "pop!"

"Do not!"

The guardian zombie screamed, and then the bones on his body made a sound like popping beans. With these sounds, the bones of the guardian zombie seemed to have lost moisture and shrank quickly. , The previously tightly connected bones began to break and fell downward.

Li Tian saw that the guardian zombie's body began to fall apart, the white bone pliers, the white bones on the body, the head, and the tail all seemed to have lost control, and they smashed down towards his own.

Li Tian said with a bit of self-deprecation: "I really want to die here! But I am going to be smashed to death!".

"It's not that easy to want to die!",

Di Xing Yasha suddenly drilled out of the ground and appeared next to Li Tian. He stretched out his hand and directly pulled Li Tian into the ground.

"boom!"

The guardian's body fell apart completely, and all his bones fell on the ground, piled into a pile of bones.

As for the nine-color corpse crystal, it was still inserted by the "Red Slash", suspended in the air, and the power of the original corpse poured into the "Red Slash" far and wide.

Guardian Zombie!

dead!

...

After the Guardian zombies died, in the space of Void Yasha, those eleventh-level zombies, the captain, all instantly regained their freedom.

"What's the matter? Why do I suddenly feel that I am free again!"

"Could it be...Is the guardian-sama dead?"

"It's impossible! Lord Guardian is a strong man with nine-color corpse crystals! In the entire Beitang, in the entire northwestern region, few people are opponents of Lord Guardian."

"But before we entered here, didn't Li Tian kill him? It was Li Tian?"

"Li Tian? Is Li Tian's strength strong enough to kill Lord Guardian?"

"Li Tian also has nine-color corpse crystals, and has more blessings than Lord Guardian. This is... completely possible!"

"My lord is dead, so we should be next!"

"We were taken into this space by Li Tian and completely lost our freedom! What's the difference between death!"

"However, I heard that Li Tian is still very polite to the zombies in the Zombie Garden, and we still have a chance!"

"Don't dream, we are the zombies of Master Guardian! These are two concepts!"

The eleventh-level zombies looked at each other for a while, completely unaware of what would happen next.

The captain stretched his waist, but there was a smug smile on the corner of his mouth.

Although he was tightly controlled by the Guardian zombies for less than a day, the captain felt as if he had been controlled by someone for a century.

While following Li Tian, the captain seldom laughed, but the captain felt that she was a member of that team and she was also very important.

But after being controlled by the guardian zombies, the captain felt that he had become a zombie again, completely becoming a tool of the guardian zombies.

"Li Tian, Brother God!"

"Thank you!"

...

"What to do? Do we need artificial respiration for Li Tian?"

"It's better for me to sacrifice, let me come! I was a nurse before the end of the world. Trust professionals!"

"The beauty of thinking, if you give Li Tian artificial respiration, what if Li Tian wakes up to fall in love with you? Then you suddenly turned into a phoenix?"

"Yes, there is only one opportunity for this kind of opportunity, and you can never judge it professionally."

"Or let's use rock paper scissors and a fair duel! Whoever wins in the end will give Li Tian artificial respiration! Who is Li Tian's woman!"

"I'm here too!"

"Go away, you are a man, and men do artificial respiration with woolen threads!"

"What if Li Tian likes men too?"

"You seem to be right..."

The few humans in the zombie garden who were returned by Xiao Tianyi from the Drum Tower said each word.

"Whatever you argue, don't say a few words!" Shen Tao glared at those people with some dissatisfaction and said.

The barbarian moved his hand, put his hand on Li Tian's arm, and shouted at Li Tian: "Brother Tian, the battle is over, you wake up!"

"Let's see! Sure enough!" The man behind Shen Tao whispered a little excitedly.

Chapter 3440: Lord of Beitang (1)

The weak sunlight passed through the glass windows and shone into the room. There was a faint smell of disinfectant in the room. Li Tian forced his eyes on the hospital bed, and the drops in the drip bottle fell drop by drop.

Li Tian wrinkled slightly and woke up.

Opening his eyes, Li Tian found that he had left the place of battle and appeared in the ward. Situ Ningbing and Xueji were accompanied by him one by one. Their faces were full of concern, eyes Among them is looking at him affectionately.

"How long have I slept?" Li Tian wanted to reach out and stroke Situ Ningbing's hand, and found that his body was covered with bandages just like the barbarian.

Situ Ningbing stretched out his hand to hold Li Tian's hand, and said, "It didn't take long before dawn!"

"The Guardian zombie is dead? In the end I didn't see it very clearly!"

Xue Ji also stretched out his hand to hold Li Tian's other hand, and said, "Dead! Now Beitang belongs to us!"

Li Tian smiled and said, "That's good! Where about Xiaolong and the others?"

Situ Ningbing smiled slightly and said, "Xiaolong cried for a long time when he saw you coming back from your injury. Later, we persuaded you to go out. Now he is on guard outside!"

"Where are the barbarians? Are they all rescued?" Li Tian asked.

"Don't worry, they are all back! Not one is missing!" Situ Ningbing gently patted Li Tian's hand and said.

"Manzi was sick in another ward, and the captain was by his side."

"The other Xiao Tianyi, Shen Tao, Tang Xiaolong, mutant crows, mutant bats, and three Xiaoyasha went to the nearby area to guard."

Although the guardian zombies of Beitang are dead, there are still other places similar to the zombie garden in this city, and the zombies of the guardian zombies have not died.

Therefore, Beitang is not safe now.

"You take a good rest and recuperate! Our schedule will not be delayed for a few days!" Situ Ningbing said with relief and relief.

Li Tian nodded slightly and said, "I understand!"

After the battle, Li Tian began to summarize the gains and losses of this battle.

This time, Beitang's Luggage Day's biggest gain was the trip to the underground palace of Tashan Temple. Not only did Situ Ningbing get the artifact butcher knife but also Li Tian also got Qingyun, and also got three small Yaksha accompanying.

This time, if it hadn't been for Xiaoyacha's help, Li Tian and others would have been wiped out.

Thinking of this, Li Tian couldn't help but feel unwilling.

"This time I won by fluke, but what about next time?"

"Does it depend on Xiaoyasha to win by chance every time?"

"I heard that the guardian zombie said that this ghoul has eighty-one corpse insects, and the strength of the guardian of these corpse insects is already so strong, so what about the ghoul? But the ghoul can absorb 81 corpse insects. The super existence of the power of the corpse crystal. How powerful is his strength?"

"The three corpses, the three corpses, and the two guys, the corpse and the corpse! So far, I only know that the corpse has 81 insects, and the corpse can control the soul of the dead, so what about the corpse? "

"There is also a trip to Kyoto. How much confidence do you have when you go to Kyoto City with your own strength now! Do you have to rely on Duanmu Sakura?"

"But even if the trip to Kyoto depends on Duanmu Sakura, what about Ouyang Shiqing? My own woman can't be settled by another woman, right!"

Strength, only strength is the only one!

The current nine-color corpse crystal and "Red Slash" are improving, and Li Tian's strength has also been greatly improved.

Broken Soul Palm and Xuantian Fingering are also improving, but as the levels of the zombies Li Tian encountered are getting higher and higher, it is obvious that Broken Soul Palm and Xuantian Fingering are already a little bit unable to keep up.

Even if Li Tian's Broken Soul Palm can fully recover to its peak, he can slap a twelfth-level zombies with one palm, but what about higher-level zombies? Where are the three corpses?

Li Tian thought of the blue cloud on his chest.

Yes, it was Qingyun. The energy released from the pieces of paper found in the underground palace deeply fascinated Li Tian.

Since the earth world cannot practice illusion, then why not try this Qingyun!

At this time, there was a fierce fighting in the courtyard outside the hospital.

"Boom!" With a loud noise, even the windows of the ward shook a few times!

"Don't stop me, we just want to see Li Tian, and we are not malicious!" A man's voice came in from outside.

"It's not bad if you don't! Now my brother has something to do, I don't have time to see you!" Tang Xiaolong said coldly.

"I'm sorry, we are going to rush!"

"Don't think you have level 11 zombies, I will be afraid of you! Little Tianyi, go!"

As soon as the voice fell, fierce fighting came from outside.

"boom!"

"boom!"

The loud sound made the windows of Li Tian's room tremble.

"You two go out to see, see who wants to see me! Tell Xiaolong not to stop! With you and the three Xiaoyachas, they can't make any waves!" Li Tian said.

Soon, Situ Ningbing, Xue Ji and Tang Xiaolong all walked into Li Tian's ward, and behind them was a 37-year-old man.

To be precise, it is a male zombie!

When Tang Xiaolong saw Li Tian wake up, he immediately crawled on the edge of Li Tian's bed, crying.

The male zombie was surprised to see Tang Xiaolong's face-changing performance, but soon he returned to normal, coughed, and said to Li Tian: "Brother Li Tian, take the liberty to visit, and invite Haihan! It is Li Xingyu, the owner of the zombie home in the western suburbs!"

Li Tian patted Tang Xiaolong on the shoulder and signaled Tang Xiaolong not to cry anymore. Then he sat up with difficulty, and let Li Xingyu sit down again. Then he said, "I don't know why Patriarch Li came here to find me? "

Li Xingyu said: "You must know that the city of Beitang has undergone earth-shaking changes yesterday. The first is the corpse tide. From day to night, there were two corpse tides. The corpse

tide uprooted the zombie garden. A corpse tide at night caused the bell tower to fall, and the guardian zombies were beheaded by a group of corpses!

"Fart, the clock tower was killed by my heavenly brother!" Tang Xiaolong said politely.

Then Li Xingyu stood up immediately, bowed slightly to Li Tian, and then continued: "Actually, since last night, the senior zombies in Beitang have been in chaos. Many senior zombies have seen you, Brother Li Tian killed and guarded. Zombies. This is why I came to you today."

"Please keep talking!" Li Tiandao.

Li Xingyu sat down and said, "Before yesterday, the Guardian zombies were the master of Beitang. All the zombies were guarding themselves, even in fear. But now, the Guardian zombies are dead, Beitang has lost its master, and the entire Beitang is in chaos. It's a pot of porridge!"
