

A Killer 3441

Chapter 3441: Lord of Beitang (2)

The chaos in Beitang turned into a pot of porridge, which was beyond Li Tian's expectation, but it was reasonable.

Those zombies, especially high-level zombies, were suppressed by the guardian for three years, and they lived a life of fear every day, lest they made a mistake, they would be eaten by the guardian zombies as a snack.

Now, the Guardian zombies are dead, and the mountain on their heads is gone. It's weird not to go crazy.

Li Xingyu said to Li Tian: "I know that the Guardian zombies were killed by Li Tian. Logically speaking, the Lord of Beitang is naturally you. As long as you come forward, I believe that none of the senior zombies in Beitang dare Against your meaning."

"It's a pity that you have been injured so badly now, don't tell me, even self-protection is probably a problem! There are zombies in Beitang now that there are zombies who have spoken out, if anyone can cut Li Tian's head , The master ghoul will definitely refer someone to the master of Beitang!"

Upon hearing Li Xingyu's words, Li Tian, Xue Ji, and Situ Ningbing couldn't help frowning.

"What do you mean? Do you want to fight? Not to mention you, even if all the zombies in your zombie house come out, Tang Xiaolong, I may not be afraid of you!" Tang Xiaolong stood up again and angrily faced Li Xingyu Said.

"Please don't get me wrong, I'm just telling the truth!" Li Xingyu said.

Li Tian stopped Tang Xiaolong and said to Li Xingyu: "Then what is the purpose of your coming to me? Wouldn't it be that you want me to help you become the lord of Beitang?"

Li Xingyu smiled slightly and said, "I don't talk secretly in front of the Mingren. Li Xingyu was a small character in Beitang before. There are only more than two hundred high-level zombies in our zombie house. The only zombies at level 11 are me and The other two are just two. But now, in Beitang City, for any zombie group and organization, how many can there be one or two hundred? And how many level 11 zombies?"

"Speaking of asking Beitang, I am afraid that our zombie house is the strongest competitor. Today I am here to get your support from Li Tian. I believe that with the strength of our zombie house, plus yours Support, that is justified. Other zombie organizations and groups will not, nor dare to complain too much!"

"If we want to be beautiful, we will follow Brother Tian and behead the guardian zombies. For this reason, how many zombies we have died and how many people have been injured, now you will reap the benefits of the fisherman!" Tang Xiaolong said angrily.

Li Xingyu smiled slightly and said: "You can understand this, or you can understand that this is a strong alliance. I believe Li Tian, you are a sensible person. If you support our zombie home, then half of this Beitang belongs to you. Heaven belongs to your heaven!"

"What if I don't agree?" Li Tian asked with a sneer.

Li Xingyu's expression was slightly taken aback, and then quickly returned to normal. He smiled and said: "You have no reason not to agree! Now Beitang has become a mess. A strong person is needed to clean up the mess, and I, Li Xingyu and the zombie house behind me are the most ideal choice."

"What you call strong and powerful, do you mean you and another level 11 zombie in your zombie home? I can kill level 12 zombies, let alone level 11 zombies!" Li Tian sneered. Said.

At this moment, Li Xingyu had already reached the murderous aura released from Li Tian.

Li Xingyu stood up at once, and said with some caution: "Li Tian, you are only half a waste now. I, Li Xingyu, want to give you a share of the pie. If you reject me, you think you can live. Leaving Beitang?"

"Sure enough to show your true colors! You are just thinking about taking the emperor to make the princes, thinking about controlling me, you can make all the zombies in Beitang be jealous, so as to fulfill your dream of unifying Beitang!"

"So what? Li Tian, you still have some brains. But don't you think about how I, Li Xingyu, found here just one night? And I, Li Xingyu, dare to come here alone to find you, could it be Li Xingyu Are you really not prepared!" Li Xingyu said with a sneer.

"To tell you the truth, the outside of this hospital has been surrounded by all the zombies in our zombie home! If you cooperate with me, it's fine, I promise you will still have some status in this Beitang in the future, but you will be wronged. You will become a useless person. If you don't know good and bad, then within half an hour, your location will become a secret known to all high-level zombies in Beitang City."

"At that time, I am afraid that we don't need our zombie house to do it, you are already dead!" Li Xingyu laughed contemptuously!

"Cooperation? Just rely on your more than two hundred high-level zombies in your zombie house? Just rely on you and another eleventh-level zombie?"

"Also, just now, what did you say about my Li Tian? Isn't it a waste? Then I will let you know how I, this waste, killed a level 11 zombie!"

As soon as Li Tian's voice fell, a red light suddenly flashed from Li Tian.

This red light is as fast as lightning, and it has reached Li Xingyu's front.

"Huh!" Li Xingyu saw his body standing upright in front of him, and his head had fallen to the ground.

"So fast! So strong!" This was Li Xingyu's last thought.

"Puff!" With a sound, "Hong Zhan" pierced Li Xingyu's head.

And the nine-color corpse crystal on Li Tian's chest immediately stretched the transparent silk thread into the eleventh-level corpse crystal in Li Xingyu's head.

And "Hong Zhan" flew back again, and landed at Li Tian's hand.

This time, it only took a few seconds, and a powerful eleventh-level zombie was killed by Li Tian.

After "Red Slash" swallowed the guardian zombie's nine-color corpse crystal, it became stronger. Li Tian believes that even if there is a level 12 zombie in front of Li Tian, this "Red Slash" can be easily broken. The defense of level twelve zombies.

Situ Ningbing, Xue Ji, and Tang Xiaolong looked at each other. They didn't expect Li Tian to cut and kill when he said to kill, and they didn't even procrastinate.

"Little boss, you are already injured like this, and you killed an 11th-level zombie as soon as you shot it. But how can we brothers who follow you be good! Do we have to clean up the corpse in the future?" Tang Xiaolong looked at Li Tian with some admiration and said.

Li Tian smiled slightly and said, "Little Dragon is now your chance to perform. Go and take Xiao Tianyi and Xiao Yacha with them, let go and kill them, and let them out of the news that I am in this hospital!"

"Come one to kill one, and two to kill a pair. I want all the senior zombies in Beitang to understand that this guardian zombie was killed by me, Li Tian, and the Lord of Beitang has no turn to watch. !"

Chapter 3442: Liu Jun is resurrected

After three days of uninterrupted slaughter, no other zombies can be seen outside the hospital.

All the high-level zombies in Beitang finally understood that it was definitely not luck for Li Tian to kill the Guardian zombies, and since Li Tian started ruthlessly, it is entirely possible that all the high-level zombies in Beitang will be beheaded and left. Drop those low-level zombies and let those low-level zombies continue to evolve.

These high-level zombies also believed that Li Tian had that ability, because on the third day, ten level 11 zombies had appeared outside the hospital. These level 11 zombies were the coffin carriers of the guardian zombies!

After three days of rest, most of the wounds on Li Tian's body have healed, and he can get out of bed and walk.

Li Tian went to see Manzi, and Manzi's situation was not optimistic.

The swelling of the current barbarian hasn't gone down yet, just like a swollen fat pig, lying on the hospital bed, groaning.

But fortunately, the captain treated the barbarian well, and served the barbarian without giving up.

This gave Li Tian a little more confidence in the feelings of the captain and the barbarian.

"Brother God! I'm afraid I can't follow you to Kyoto City!" The barbarian said with a bit of disappointment.

"Recover well! Don't think about others!" Li Tian comforted.

"Brother Tian? When will you leave Beitang? I...If you leave, can the captain stay?" Manzi asked embarrassedly.

Li Tian glanced at the captain and saw a blush on his face.

Since reaching the ninth level, the captain has been no different from humans.

At this time, he was still a little shy.

"Barbarian, the captain is my Li Tian's right-hand man. How can I miss the captain on the trip to Kyoto? If you are worried about safety, I will let the deputy captain stay with you!" Li Tian deliberately teased the barbarian.

The eleven level 11 zombies in the space of Void Yaksha were released. Except for one that was a bit noisy and was killed by Li Tian with a "red behead", the other ten level 11 zombies expressed their willingness. Return to Li Tian.

Among the ten zombies, Li Tian found one of the zombies' most captain's deputy and named him the deputy captain.

The barbarian's expectant face was a little lost, and the captain's face was also a little lost.

Seeing the expressions of the barbarians and the captain, Li Tian couldn't help but laugh out loud and said: "Since the zombie guardian of Beitang has been killed by me, then I didn't want to give up in Beitang."

"Now, we have killed a lot of high-level zombies in Beitang, and they dare not come to this hospital to make trouble. But there is still a big gap before we completely rule Beitang, so this Beitang I hope you And the captain can stay."

"First, because your injury is too serious and you need to rest. Second, the strength of the captain also makes me rest assured. There is also the help of the deputy captain and other zombies. You rule the Beitang zombie world, just Sooner or later. Of course, I will contact Celestial Realm as soon as possible and let Celestial Realm send some people to Beitang to support you."

There were some embarrassing smiles on the faces of the barbarians and the captain.

"Brother Tian, don't worry, I will definitely build Beitang into the second heaven!" The manzi promised!

"Guarantee? This Beitang is not as simple as you think. Now, I have controlled fifty ninth-level zombies, and these fifty ninth-level zombies, I will also stay, and I will hand over to the captain to manage them. To help you unify the Beitang zombie world."

"Captain, there is nothing kind to deal with these zombies. If you obey, then we can allow them to survive in this Beitang. If they don't obey, just kill them!"

"The biggest advantage of Beitang is that Beitang has a Ming Dynasty city wall, and it is well maintained! As long as you can clean up the low-level zombies in the inner city, the inner city can be managed as an independent city!"

"Also, it is definitely not an easy task to unify the zombie world in Beitang. There are still many zombies in Beitang. These zombies will inevitably have ghouls. This requires you to slowly belong to the ghouls. Found the zombies."

"And those eleventh-level zombies so far, at present, I still have no way to control them. They can betray the Guardian zombies this time, and they will betray us next time! So how do you prevent them from betraying again? How to prevent them from betraying, and what should you do if they betrayed. I need you to make an emergency plan and be ready at any time!"

"Finally, the most important thing is the Yin Yang Gate"

"This Yin-Yang Gate is one of the ten major legions. This one of the ten major legions, which is only a few tens of kilometers away from Beitang, has never gone out and has been guarding their headquarters."

"If the Guardian zombies were still there, they didn't dare to attack blindly, then I still believe it. But now the Guardian zombies are dead, I think it won't take a few days before the Yin Yang gate will know this news. At that time, It is impossible for them to be indifferent to the fat on the lips of Beitang."

After Li Tian analyzed this way, Manzi knew that Beitang is definitely a hot potato now, but it is not so easy to pick up!

"Brother Tian, can... can you leave us with more powerful zombies? It's better to be able to bring Li Dan, Xinyan, and Huo Liantong here!" The barbarian said embarrassedly.

Li Tian nodded.

This is an inevitable trend in the future, but now Heaven is the base camp and the headquarters. If the heavens are unstable, Li Tian will have no way out.

And at this moment, Situ Ningbing walked in with a serious face, and whispered to Li Tian's ear: "Yin Yang, the master of the Yin Yang Gate, came to visit and said that he wanted to chat with you alone! Also accompanied... and Liu Jun!"

"Liu... Liu Jun? How is this possible? Isn't he dead? How can he be resurrected?"

"I don't know this, but now Liu Jun is full of coldness, as if he was a soldier. I guess it should be the Yin Yang Sect who used secret techniques to resurrect Liu Jun!" Situ Ningbing said.

The barbarian and the captain were also somewhat surprised listening to the dialogue between Situ Ningbing and Li Tian, and their hearts were also full of doubts.

"People say that Beitang is evil and ruthless, and it is true. Cao Cao is here! Then I will go to meet the master of Yin Yang gate, Yin Yang! See what tricks he can do!" Li Tian said.

The dean's office of this hospital has now become Li Tian's office and rest place.

When Situ Ningbing came here with Li Tian, through the glass, Li Tian saw the master of the Yin and Yang gate, Yin Yang was wearing a mask made of pure silver, sitting on the sofa waiting for Li Tian!

And Liu Jun stood behind Yin Yang with a black face.

Chapter 3443: Master of Yin and Yang Gate

Li Tian opened the door and entered the office, and Situ Ningbing also walked in behind Li Tian. .

Li Tian had never seen the master of the Yin and Yang gate before. Except for a few fights with the fat pig woman and the thin monkey man, Li Tian and the Yin and Yang gate had no intersection. So Li Tian didn't know why this Yin Yang Gate suddenly visited.

Li Tian was more concerned about Liu Jun's resurrection than Yin Yang, the master of the Yin Yang gate.

Yin Yang clearly saw Li Tian's thoughts and said to Liu Jun, "Although I don't know what kind of festival Liu Jun and you have, but that's all from the past. Although Liu Jun is now resurrected, But he is no longer Liu Jun, but a mourner in my hand! It's just a walking dead."

The mourning soldier, a gadget created in the secret technique of the Yin and Yang gate, looks no different from a living person.

But these slain soldiers are like zombies. Although they have the characteristics of immortality, they have lost the vitality of living people.

"Then Sect Master Yin came to see me Li Tian today, what is the so-called?" Li Tian smiled.

"The so-called side of the couch can't let others snoring, you can't understand this truth, Li Tian?" Yin Yang said with a sneer.

Yin Yang's voice was a bit sharp, like a sound made by metal rubbing.

Hearing it in my ears, I couldn't help but let a little chill, and even goose bumps appeared on my body.

And this sentence was full of murderous intent. Li Tian felt that at this moment, only Yin Yang and him were left in the entire room, and Yin Yang's words seemed to be sharp swords, and he had already reached Li. Heaven's neck.

"Magic sound!"

This is another skill of Yin Yang.

As one of the top ten legions, Yin Yang, if he didn't have the ability to master, just rely on the mourning legion, I am afraid that the bones and scum that had already been eaten by other legions would not be left.

Li Tian's consciousness was in a trance for a few seconds, and he immediately awoke from the shock of this magic sound.

However, Li Tian's mind was still a little confused at this time, and the "Red Slash" on Li Tian's body was shaking so badly that he seemed to jump out to protect Li Tian at any time!

Li Tian stretched out his hand and patted "Hong Zhan". It was not yet time for "Hong Zhan" to come forward.

Situ Ningbing and Li Tian were in almost the same state. When the magic sound attacked, Situ Ningbing lost consciousness in an instant, but Situ Ningbing felt that she had suddenly entered a piece of darkness. A ray of light.

And she herself seemed to be falling continuously in the darkness. She couldn't scream out, she couldn't scream out, she wanted to reach out and grab something, but her body was also unable to move.

And at this moment, Situ Ningbing felt her butcher blade butcher **** scream in the darkness, and this scream actually tore a hole in the endless darkness.

The sun was shining again, and Situ Ningbing gasped for breath.

When Situ Ningbing glanced at Li Tian, he found that Li Tian was awake earlier than her, and gradually calmed down.

"So what does the Yinyang Sect Master want? Did you drive me Li Tian out of Beitang?" Li Tian said with a smile after adjusting for a while.

Yin Yang didn't expect Li Tian to wake up in such a short period of time. He was taken aback, but he was wearing a mask at this time, so no matter how rich the expression on his face is, others can't see him clearly. .

Yin Yang stood up, took out a photo from his body and placed it on Li Tian's desk, then stepped back and sat on the sofa without saying a word.

Li Tian picked up the photo in doubt. When Li Tian's gaze swept across the person in the photo, his eyes were immediately attracted.

This photo is several years old, and it seems to be a snap. In the photo, there is an old man and a woman's back in the distance behind the old man.

"The old man Wuji and Duanmu Ying!" Li Tian recognized the two characters in this photo at a glance.

"Why do you have a picture of them?" Li Tian asked.

The sect master of Yin Yang Gate did not directly answer Li Tian's question, but continued to say in his sharp voice: "It was about three and a half years ago. When the end of the world is coming, the world is in chaos, Beitang will soon fall and become In the sea of zombies, in those few days, chances are that every day you can see the pictures of zombies eating people."

"A lonely young man is hiding in a small broken building. All doors and windows are locked by the young man, so as not to be eaten by the zombies. The young man is helpless, almost starving to death! And here it is! At the time of planting, there was a big fire in this small broken building, and the boy was about to be buried in the sea of flames. At this time, an old man and a girl rescued the boy from the sea of flames!"

"The injury of the teenager was not serious, but at that time, there were no doctors and nurses in the hospital, only zombies. It was not easy to survive. But the old man and the young girl took the teenager to the hospital and treated the teenager. ."

"Because of various reasons, the old man cannot take the young man out of Beitang, but the old man left the young man a ninth-level corpse crystal, as well as a practice technique, so that the young man can live on his own!"

When the yin-yang gate master said this, Li Tian had already guessed that the young man was the yin-yang gate master in front of him, and the old man and the young girl were the old man Wuji and Duanmu Ying respectively.

"Although the young man has survived, he wants to practice that exercise without three or five years, and it is impossible to be effective. But facing the zombies everywhere, it is still full of difficulties to survive."

"The teenager is desperate!"

"At that time, the teenager was full of hatred for the old man and the girl, hate them for why they didn't take the teenager out of Beitang, hate them for why they didn't let the teenager be directly burned to death by the fire, die well, and don't suffer the suffering of survival.

"At that time, the young man had thought of death, and everything was empty after death. For this reason, the young man directly chose to swallow the ninth-level corpse crystal!"

"You know, even if a level four or five zombies directly swallow the ninth level corpse crystal, if there is no correct way to absorb the power of the corpse crystal in the corpse crystal, they will be eaten back by the powerful corpse crystal's power and die."

"But I didn't expect that the young man's life should not be extinct. After experiencing the shuddering Phoenix Nirvana, the young man not only was not swallowed by the power of the ninth-level corpse crystal, but survived and even possessed it. Part of the strength of ninth-level zombies. At the same time, the teenager discovered the secret that exists in the corpse crystal, that is, using zombies and corpse crystals can make zombies!"

"After that, the young man quickly took control of a mourning corps and became a scary existence! Even the young mourning corps became one of the top ten corps!"

Yin Yang paused, and continued to say to Li Tian: "You didn't guess wrong! That boy is me!"

Chapter 3444: Butcher the dog (1)

Until now, Li Tian didn't understand what the sect master of Yin Yang Gate meant to him!

Yin Yang sneered and said, "You must be very puzzled why I want to tell you this story!"

"Jiejie, although the old man and the young girl didn't save others to the end, they were kind to me! But in the same way, the old man and the young girl abandoned me in this Beitang again, letting me fend for myself and let me I experienced so much suffering in Beitang! So I hate them again..."

"Can you understand this kind of pain? Can you understand?"

Li Tian discovered that the master of the Yin-Yang Gate was not a mysterious and unpredictable person in the legend, but a neurotic.

Because the old man Wuji and Duanmuying didn't take Yin Yang to leave Beitang, Yin Yang hated them? Then they shouldn't have saved Yin Yang, the white-eyed wolf, they might as well let Yin Yang be burned to death.

"This is all shit? Just because they didn't take you to Kyoto City, you hate them. Then you never thought that if they didn't rescue you from the fire, you would have been burned into a pile. Ashes." Li Tian said with a sneer in disdain.

"You are right! But without them, can I be like this?" Yin Yang suddenly tore off the silver mask on his face, revealing his true colors.

When Li Tian and Situ Ningbing saw Yin Yang's face, they were shocked. This Yin Yang had a yin and yang face!

This Yin Yang's face was burned by fire, half of his face was covered with scars, and his face full of scars was not the color of ordinary scars, but light blue. Strands of blue corpse power kept flowing on his face.

"The power of the original dead body!" Li Tian shouted in surprise.

"Hey, you guys see it! Scared! Now you understand why I hate that **** old man and woman, right?"

"Look at this face of me. The once handsome face was burned like this by fire. And after I swallowed the ninth-level corpse crystal, my face became the result now, and I am now half-human. Half-corpse, human beings, ghosts and ghosts."

"Heaven's evil is forgivable, you cannot live by yourself! It is you who committed suicide by swallowing the ninth-level corpse crystal, and it is not the old man Wuji and Duanmuying who forced you to swallow the corpse crystal. You don't even understand this simple truth?" Li Tian said.

"Understood! How can I not understand! But everything has a cause and effect. Because they saved me, I can live and live to the present. But also because they abandoned me in this Beitang, so I will swallow the corpse crystal Suicide, they abandoned me in Beitang, so my face would look like this!"

"So then I thought of a way to relieve this pain in my heart. That is, whoever is the enemy of the old man and the girl, Yin Yang will regard whomever as the enemy, I will find a way to kill that person, yes The old man and the young girl repay their gratitude. And if who is the person that the old man and the young girl care about, my Yin and Yang will also find a way to kill that person in order to avenge the old man and the young girl!"

"Hey, you happen to be the latter!" Yin Yang pointed to Li Tian when he stretched out two chicken paws.

After saying this, Yin Yang once again released a chill, and the temperature in the entire office seemed to have dropped a lot!

"Huh!" With a sound, Li Tian and Situ Ningbing pulled out their weapons at the same time and aimed at Yin Yang.

Then Yin Yang sneered and said, "Don't be nervous, I haven't finished what I said! If I want to make a move, you will be dead when I use the magic sound to attack for the first time, so how can you still listen? Finish the story I told later."

"Hey, I know that you have not been fighting with the Guardian zombies for long, and the injuries on your body are not completely healthy, and I will not take the risk. It is him who really fought against you, Liu Jun, the soldier!"

"This soldier Liu Jun has nearly half of my strength. If you can't even defeat Liu Jun, then you should not go to Kyoto! It is better to die on the road, lest the old man and the girl are sad! If you can beat Liu Jun, then at least on you, my demon will no longer haunt me! On the contrary, I will help you so that you can reach Kyoto safely!"

Standing behind Yin Yang, Liu Jun listened to what Yin Yang said to Li Tian. He couldn't help but sullen his face and said, "Yin Yang, I am looking for Li Tian to take revenge. This is a matter between Li Tian and I, not to overcome you. The demon in your heart! Don't forget that our Liu family is also kind to you, Yin Yang!"

"Of course I won't forget, otherwise, how could I use mystery to save your waste! But now I have resurrected you, and the kindness I owe you to the Liu Family is over." Yin Yang sneered.

"Trash? Okay, then I will let this trash understand the legendary ten legion commander's power!" Said that Liu Jun's whole body was suddenly filled with flames, and he suddenly started to attack Yin Yang from behind.

But Yin Yang sneered and didn't move at all.

That Liu Jun's flame fist attacked halfway through, and he couldn't move at all when he was half a meter away from Yin Yang!

"Liu Jun, don't forget, you are my slain soldier now, and I am your master. Without me, Yin Yang, you are just a pile of rotten meat. I have not resurrected so many slain soldiers yet. It can only be out of my control!" Yin Yang said with a sneer.

Liu Jun wanted to forcefully break free of Yin Yang's control, but how could he do it!

Suddenly, all the flames on Liu Jun's body were extinguished, and Liu Jun knelt directly on the ground, his body twisted together, his mouth screamed like a beast.

Yin Yang stood up, walked to Liu Jun, like a madman, kicked Liu Jun wildly, and shouted in his heart: "You are just a dog, so you dare to fang at me!"

"I know it was wrong! Let me go!"

"Please! Let me go!"

Li Tian and Situ Ningbing looked at each other, and for a moment they didn't know what the trouble was.

After a few minutes, Yin Yang finished cleaning Liu Jun, and then said to Li Tian: "Now this dog is handed over to you. If you have the ability to kill dogs, if you don't have the ability, you will be torn to pieces by this dog! "

Then Yin Yang said to Liu Jun who fell on the ground: "If you fight with Li Tian, you can win and behead Li Tian, then I will fulfill your wish and give you freedom! And if you lose, you will be defeated. Li Tianzai. Then even if your grandfather Liu Lao kneels in front of me, I won't be able to revive you again!"

"Have you done it yourself!" Yin Yang sat back on the sofa, with a calm look, and continued:

As soon as Yin Yang finished speaking, Liu Jun jumped up from the ground and rushed towards Li Tian.

Chapter 3445: Butcher the dog (2)

There was already a ball of flame in Liu Jun's hand, and this ball of flame formed a giant fist that hit Li Tian's face directly.

"Knot!" Li Tian yelled, and a white bone armband appeared on Li Tian's right arm.

With a wave of his arm, Li Tian blocked the front door with his bone armor, blocking the flame fist. Li Tian turned around one by one and kicked Liu Jun in the abdomen. However, Liu Jun placed a little on Li Tian's lap, and fluttered back.

With this side kick, Li Tian didn't kick Liu Jun, and the scarred wound broke open again. The hot blood flowed down the clothes. Soon Li Tian's clean clothes were stained red with blood.

"Hey, Li Tian, you're still this trash, you are injured before the fight begins!" Liu Jun said with a sneer.

"You weren't my Liu Jun's opponent before. Now you have not become stronger, but you are also injured. What about me? I have been transformed by the secret technique of mourning and have an immortal body. I think you will die today. Land."

"Li, are you okay!" Situ Ningbing walked to Li Tian, stretched out his hand to help Li Tian, and looked at Li Tian with some worry.

"Ningbing, go find Xiaoyacha! I have a way to deal with Liu Jun, but I am worried that Yin Yang will be unbelievable!" Li Tian whispered to Situ Ningbing.

Seeing Situ Ningbing cautiously turning around and walking out of the office, Yin Yang did not stop him, sitting on the sofa and let out a sneer.

Li Tian tore his jacket abruptly to reveal his sturdy muscles, then tied the jacket to his waist, gritted his teeth, pulled hard, tied the wound tightly with clothes, and sneered: "Now let me Come and see your immortality!"

After that, Li Tian kicked out his left leg and kicked a chair towards Liu Jun. With his right leg, he ran towards Liu Jun like a shadow.

Liu Jun threw a punch, and the punch flew towards his chair.

At this time, "Hong Zhan" had already pierced into Liu Jun's body like a flying arrow.

"Haha! Idiot, I am immortal! Even if you chop me into meat sauce, I can still restore it!" Liu Jun sneered, and punched Li Tian on the chest.

"Hey!" With a sound, a hot flame started to burn on Li Tian's chest skin.

With a muffled hum, Li Tian pulled "Red Zhan" from Liu Jun's body, and stepped back seven or eight consecutive steps. Li Tian lowered his head and glanced at the skin on his chest. It was already red, flesh and blood sticking together, and it looked a little scary.

As for Liu Jun, he sneered and attacked Li Tian again.

"solution!"

Li Tian shouted, "Hong Zhan" immediately flew out of Li Tian's hand and slashed into Liu Jun's head.

A red light flashed, and Liu Jun's head was split in half. However, Liu Jun's movements were not affected by "Red Slash" at all. He continued to run towards Li Tian with a strange smile, but was already split by "Red Slash". His head is constantly healing.

And Liu Jun's flame fist has blasted Li Tian's head again.

While Li Tian controlled "Red Zhan" to fly back, he kept backing backwards.

"Drink!" Li Tian shouted, his right hand already slapped Liu Jun's flame fist.

"Boom!" With a sound, a hot air swept across the office, forming a wind in the office, and the paper on the desk flew randomly.

Li Tian's palm uttered another "兹!", and Liu Jun's entire arm was shattered by the bones of the broken soul palm.

Li Tian and Liu Jun stepped back at the same time.

"Idiot, your attacking method of losing both ends can work for ordinary people, but it is useless against me Liu Jun!" Liu Jun said with a sneer.

While speaking, Liu Jun's arms began to recover at a speed visible to the naked eye.

"That's right! You are not an ordinary person, because you are just a lowly dog! Even if both lose and lose, I will slaughter your dog today!" Li Tiansi rushed towards Liu Jun regardless of the injury.

In the entire office, all the furniture had been destroyed because of Liu Jun and Li Tian's fight. Only the sofa that Yin Yang sat on was still intact.

Yin Yang watched Li Tian and Liu Jun fighting, and shook his head involuntarily.

The mourning soldier is a transformed magical existence, even if the mourning soldier is beaten into a pile of flesh, the mourning soldier can still be restored to its original state. Otherwise, the Yin Yang Gate would not be able to become one of the top ten legions by relying on less than a thousand soldiers.

And if Li Tian continues to fight like this, it won't take long for Li Tian to lose ground, and he will soon become Liu Jun's defeat!

It's just a matter of time before death!

Li Tian's "Red Zhan" kept slashing towards Liu Jun. Under Liu Jun's avoidance, "Red Zhan" did leave many wounds on Liu Jun's body, but Li Tian's "Red Zhan" cut open. The number of wounds is increasing, and Liu Jun's wounds are healing very quickly.

"boom!"

Li Tian's broken soul palm directly blasted one of Liu Jun's arms, and Li Tian was also kicked by Liu Jun.

A burning foot kicked Li Tian's waist wound. The clothes wrapped around Li Tian's wound were immediately ignited by the flame, and the blood-stained wound immediately exuded the smell of charred.

Li Tian snorted again, and hurriedly tore the clothes he was helping with with his hands, revealing a terrible wound, and the scorched blood kept dripping down the wound on Li Tian's waist!

"Patter!"

"Patter!"

A few drops of blood dripped on the floor.

"Hahaha, butchering the dog? Didn't you clamor to slaughter me? Today I was like looking at who slaughtered whom!" Liu Jun sneered.

The arm that was blasted off by Li Tian turned out to be alive. The five fingers became legs, and he walked towards Liu Jun. When Liu Jun pressed the arm to his shoulder, it immediately returned to its original appearance.

At this time, Li Tian was full of wounds, wounds burned by flames, burnt wounds, wounds stabbed by guardian zombies, and cracked wounds.

Liu Jun sneered, his body was burning again.

"Li Tian, give up! If you can kneel down to give up to me, I can give you a happy one! Otherwise...I will tear down your bones one by one and burn them as firewood!" Liu Jun step by step Walk towards Li Tian.

"You want my bones? Hahaha, you really are a boneless dog! No bones are not happy!" Li Tian sneered, and the spirit sense controlled "Red Zhan" with both left and right hands at the same time, and then rushed again. Xiang Liujun.

And what about Liu Jun?

Laughing wildly, the body has become a ball of flame, and the whole person's body is surrounded by flames, rushing towards Li Tian like a cannonball.

"boom!"

Chapter 3446: Butcher the dog (3)

A huge explosion sounded from the office, and the entire office, including all the glass windows in the rooms on the left and right, were blown open, and slugs of broken glass flew out. The powerful shock wave blasted Li Tian and Liu Jun to both sides.

The two were smashed into the wall respectively, and then the brick wall collapsed before stopping.

The entire office was in a mess, and only the sofa on which Yin Yang was sitting with him was intact.

Li Tian's body was sticking to the wall and he kept vomiting blood. At this time, his hair was scorched by the flame, and his chest, arms, and legs were all burned by the flame. trace.

Looking at Liu Jun again, a basketball-sized hole appeared in Liu Jun's chest at this time, and the slimy liquid continued to flow from that hole, and Liu Jun's right arm had already flown out.

But from the looks of it, Li Tian had the upper hand, but at this time Liu Jun's body continued to recover, but Li Tian's injury was getting more and more serious.

"Li...Li Tian, your death is over! When I return to normal this time, it will be your Li Tian's death date!" Liu Jun wiped off the black mucus from the corner of his mouth and said with a sneer.

Actually, you don't need Liu Jun to say, Li Tian also understands that his situation is not good at this time. If he continues to fight like this, he will be burned into a pile of barbecue by Liu Jun's flames and become Liu Jun's slain soldier. food.

But if Li Tian gave up like this, how could that be possible!

But the only thing that reassures Li Tian is that Yin Yang did not intervene from the beginning to the end. In this way, this situation has benefited Li Tian on the contrary!

Li Tian sneered, spit out a mouthful of blood, and said, "It's not always the one who will kill you!"

"Red cut!"

Li Tian called out the name of "Hong Zhan", and the "Hong Zhan" flew quickly in front of Li Tian. Randomly understood Li Tian's sense of consciousness, and immediately flew towards Liu Jun.

"Idiot, don't you know that I am immortal? If you want to kill me with a knife, you can dream!" Liu Jun said with a sneer.

However, Li Tian didn't pay attention to Liu Jun's ridicule at all, and controlled "Red Zhan" wholeheartedly.

"Huh!"

"Hong Zhan" flashed past, and Liu Jun's head was directly cut off from his body and rolled to the ground gruntingly.

Although Liu Jun's head fell to the ground, he still smiled at Li Tiandao in a mocking tone: "Idiot! Even if I don't have a head, my body can still move, I can still kill you!"

With that, Liu Jun, who had lost his head, walked a few steps forward, stretched out his arm, and even wanted to pick up the head that fell on the ground.

"Huh!"

Liu Jun's outstretched arm was directly cut off by "Red Slash".

"I said that I want to slaughter dogs. Today, I must slaughter dogs."

Li Tian walked slowly towards Liu Jun's body, stretched out his foot to hook Liu Jun's head, and brought Liu Jun's head from the side of his body to his feet like a football. Just step on your head with your foot.

"Li Tian, you bastard! See if I won't burn you to death!"

Liu Jun's head under Li Tian's feet kept cursing, and at this moment, Liu Jun's body began to burn again, and he rushed towards Li Tian.

"Humph!" Li Tian sneered, and controlled "Hong Zhan" to chop off both Liu Jun's legs.

As a result, Liu Jun's head was at Li Tian's feet, his body and legs were in another place, and his arms walked toward Liu Jun's body just like things that had come alive.

"Idiot Li Tian, you can do nothing about me! Even if you chop me into a thousand pieces, my body will still heal continuously!" Liu Jun said with a sneer.

With a "boom", Li Tianyi's broken soul palm patted directly on Liu Jun's head, blasting Liu Jun's head into a bunch of **** sticky things.

Sure enough, Liu Jun's body was still healing, and the head that was slapped by Li Tian's palm was also healing.

"What to do? This loss of soldiers is more difficult to deal with than the Red Wolf. The Red Wolf at least has weaknesses, but now Liu Jun seems to have no weaknesses at all!"

Li Tian quickly thought of a way to deal with Liu Jun, and in order not to let Liu Jun's body heal, Li Tian could not stop using his broken soul palm to blast Liu Jun's body and head into a pile of flesh.

"Wow!" Xiao Tianyi suddenly flew up from downstairs on a little bat and flew outside the office window.

And at this time, Xiao Tianyi looked at Liu Jun's body with a look of food, and the corners of Xiao Tianyi's mouth began to show off.

"eat!"

"eat!"

After Xiao Tianyi uttered this word mechanically, he flew to Liu Jun's side, and stretched out his hand to hold one of Liu Jun's arms in his arms and bit his mouth.

"Eat?" Li Tian didn't expect this little Tianyi to treat Liu Jun this way, but this seemed to be a good way too!

Looking at Yin Yang again, Yin Yang waited for the mask again, and there was no change in the expression on Yin Yang's face.

"You bastard, let go of my arm!"

When Liu Jun scolded this sentence, the arm in Xiao Tianyi's hand actually burned into flames.

This sudden change made Xiao Tianyi jump down and threw Liu Jun's arm directly.

"Boom!" With another palm, Li Tian smashed Liu Jun's head again.

When Li Tian smashed Liu Jun's head, the flame on that arm went out again.

"Wait!" Li Tian seemed to have discovered something!

It turned out to be like this. Although Liu Jun has become a slain soldier, his own strength has also been greatly improved. However, Liu Jun's fire ability still needs Liu Jun's head to control. As long as Liu Jun's head will smash with a palm, the power will disappear with it!

An imperceptible smile appeared on the corner of Li Tian's mouth, and said to Xiao Tianyi: "Let's eat, today Uncle Li Tian treats you!"

"Wow?" Xiao Tianyi was taken aback by the flame arm. She stretched out her hand timidly and touched that arm. Seeing that the arm didn't turn into flame again, he chewed with confidence.

Liu Jun's body has gradually healed, and Li Tian controlled "Red Zhan" to cut Liu Jun's body into several sections. And Liu Jun's head was finally healed, and Li Tian was also slapped to pieces.

The smile of the winner hangs on the corner of Li Tian's mouth.

"The mad dog Liu Jun still wants to eat my bones, but he didn't expect him to be eaten as bones by the zombies!"

"It's not as good as everyone's happy, Xiao Tianyi can eat a zombie! What's the point of eating a zombie! It's better to let other zombies taste the taste of this zombie!"

After Li Tian smashed Liu Jun's head with another palm, he had already come to the body of Liu Jun who had been chopped into several sections by "Red Chop".

Li Tian lifted his big feet and kicked Liu Jun from the window with a few feet!

"Let's eat! Zombies!" Li Tian shouted to the 11th-level zombies downstairs.

Chapter 3447: Commitment

After Li Tian kicked Liu Jun out of the window, Tang Xiaolong, Situ Ningbing, Xue Ji, and three Yasha, including the captain, all rushed in. .

Seeing that Li Tian was injured so badly, both Situ Ningbing and Xue Ji's faces were full of worry, and both rushed towards Li Tian and put Li Tian's arm on their shoulders.

"Little boss, where is Liu Jun?" Tang Xiaolong glanced left and right, but he didn't find Liu Jun's figure, and asked nervously.

"Pop!" Li Tian kicked the newly formed Liu Jun's head towards Tang Xiaolong, and then said: "Liu Jun is dead, this is Liu Jun's head!"

That Liu Jun's head gradually took shape in Tang Xiaolong's hands. As soon as Liu Jun opened his eyes and saw Tang Xiaolong, he saw a black iron fist hit him again.

"Boom!" With a sound, Liu Jun's head turned into a pile of minced meat in Tang Xiaolong's hands again.

In the hospital compound, several eleventh-level zombies were holding a piece of Liu Jun's body in each hand, biting with mouthfuls. In just a few minutes, that Liu Jun's body had been eaten. It's more than half.

The general situation is gone, and when Liu Jun's head is formed again, Liu Jun has already found his head in the hands of the captain.

"Close your eyes! I'm going to eat you!" The captain said to Liu Jun's head with saliva.

"Crack!"

"Crack!"

Tenth-level zombie captain, dealing with an ordinary head is not as simple as eating a watermelon.

"Flap! Pop! Pop!" Yin Yang stood up from the sofa and clapped his palms at Li Tian.

"Li Tian, you won! I will keep my promise to help you go to Kyoto City! Because now you are qualified and capable to go to Kyoto City! I will go to Tangguan first, and where is Shou Shi to prepare for you Tell Jingtao, let him let you go to Kyoto City!" Yin Yang said.

After that, Yin Yang didn't look at Li Tian and the others again, turned around and left, showing no signs of dragging.

But Li Tian's body softened and fell into Situ Ningbing's arms.

"Brother Heaven..."

"Little boss..."

...

Tangguan is a small county.

The dangerous terrain is the most important channel from Beitang to the outside world, so it has been a battleground for military strategists since ancient times.

Jiang Jingtao has been in Tangguan for a few days, and in these few days, Jingtao killed the whole zombies that didn't have long eyes in Tangguan. At this time Jiang Jingtao was sitting on the only road from Tangguan to Kyoto, his eyes closed and motionless.

When he first arrived in Beitang, Jiang Jingtao was full of confidence. He believed that as long as Li Tian arrived in Beitang, he would pass through Tangguan sooner or later and become his subordinate soul.

At this time, ten days have passed since the time set by Xiao Qiuman, but Li Tian did not appear. Jiang Jingtao did not see Li Tian's figure, which made Jiang Jingtao's heart unable to calm down.

What if Li Tian doesn't take this path?

No, this is the closest way to Kyoto City. If you take other routes, you may be able to reach Kyoto City within a month, but the journey is far too much.

"Wait another day, if I have not waited for Li Tian before it gets dark today, then I will take the initiative and look for Li Tian on the road from Beitang to Kyoto. Then...!" Jiang Jingtao thought to himself. Said it himself.

"Huh!" Jing Tao breathed out a long breath, and his mood gradually stabilized.

From the scorching sun until the sun was slanting to the west, Jiang Jingtao did not move, neither eating nor drinking, sitting on the road like a stone.

At this time, a figure appeared in the direction of the sun setting, and the sun shone on the back of that person from behind, pulling the figure of that person very long.

Jing Tao slowly opened his eyes and saw a dark shadow, and that shadow's face was actually wearing a silver mask.

"How could it be him?" Jiang Jingtao asked with some doubt in his heart.

This person is no one else, but the master of the Yin Yang Gate, Yin Yang.

This is the first time Jiang Jingtao has seen Yin Yang. Even if he personally sent Liu Jun's body to the headquarters of Yin Yang Gate, he did not see Yin Yang's face. Jiang Jingtao can only recognize Yin Yang because of his iconic mask.

Now, no one dares to pretend to be Yin Yang.

If ordinary people encounter Yin Yang, they will definitely hide away in fright.

But who is Jiang Jingtao, one of the twelve strongest people in the Bounty Hunter Association, even if he is not as famous as Yin Yang, how can Jiang Jingtao be afraid of Yin Yang.

"My young master is resurrected?" Jiang Jingtao said.

"Resurrected! But dead again!"

"What? Dead... Dead? How is this possible?"

"nothing is impossible!"

"Could it be... is there something wrong with your Yin and Yang Secret Technique?"

"No! My Yin and Yang Secret Art has never had any problems!"

"Then how did Liu Jun die?"

"After he is resurrected, I will find Li Tian for revenge, and I took him there. But he is really useless, he was killed by Li Tian!"

"No! Impossible! Liu Jun's strength is definitely above Li Tian! How could Li Tian be my master's opponent!"

"The earth is round, and everything can happen! Liu Jun, an idiot, can completely suppress Li Tian, but Li Tian can find the key point. If you die, you will die. I can't blame others!"

"Then how do you explain to Lao Liu!"

"Explain? Why should I explain to that old man? I have resurrected his grandson, and the kindness I owe him has been paid off. Why should I explain to him?"

"You..., did you come to me today just to tell me that Liu Jun is dead again?"

"Yes, no! I also want to tell you that the person you are waiting for will not come, at least not for the time being! He suffered heavy injuries in Beitang, and it is estimated that he will not be healed within ten days and a half! "

"I can go to him! He must die!" Jiang Jingtao said.

"I'm afraid this won't work! Li Tian has already killed Liu Jun and has been approved by me! I once promised that if he can survive Liu Jun's attack, then I will keep him safe in Kyoto. "

"So, I'm here to inform you, please leave here and go to Kyoto City to wait for Li Tian, don't affect Li Tian to Kyoto City!"

"What if I say no?" Jiang Jingtao said with a sneer.

"Liu Jun died. Actually I am really sad. He is the most powerful mourner I resurrected, but he is dead now because he has no head. I am looking for a better corpse to make a mourner. To make up for the shortcomings in my heart!"

"Okay! Then let me learn about the strength of the legendary ten legion chiefs!"

As soon as Jing Tao's voice fell, Jing Tao attacked Yin and Yang like a bolt of lightning, and the figure of Jing Tao in Yin Yang's eyes grew bigger and bigger.

The distance between the two of them was less than five meters. They took Jing Tao a long stride, and a black dagger in his hand flashed with cold light and struck Yin Yang's neck.

Chapter 3448: Keep promises (2)

"Huh!" An afterimage flashed past, and Yin Yang's body had appeared seven or eight meters away. .

"You are not my opponent. I like complete bodies. Don't let me destroy my work!" Yin Yang said with a sneer.

"Then take out your skills!" Jiang Jing Tao suddenly exerted force.

I saw that the asphalt pavement at the foot of Jiang Jingtao had a trace of cracks when Jing Tao exerted his force, and when Jing Tao's feet were off the ground, two deep spots appeared on the asphalt pavement. Footprints.

"clatter!"

"clatter!"

"clatter!"

Every time Jing Tao's feet landed, a footprint appeared under his feet. At this time, Jiang Jingtao's speed had already exceeded the limit of human beings, and one by one participating in Jiang Jingtao appeared behind him.

"So fast!"

Yin Yang sighed in his heart.

And that black dagger had come to Yin Yang again.

But how about Yin Yang?

There was no fear at all, his feet lightly touched the ground again, and his body floated a few meters back.

"Is this the strength of the twelve strongest bounty hunters? Come out with some real skills! Otherwise, how boring!" Yin Yang said lightly after avoiding the attack of the general Jing Tao.

Jiang Jingtao didn't say a word, but his movements were getting faster and faster.

If two or three afterimages can appear behind Jiang Tao at the distance of seven or eight meters, now there are five or six afterimages behind Jiang Jingtao, which shows how terrifying Jing Tao's speed has been increased. degree.

These afterimages were connected one by one, and as the number of afterimages behind Jing Tao continued to increase, the last afterimages would gradually disappear into the air.

"Yes, yes! How can such a strength match your reputation in the top 500 on the Forbes personal strength list?" Yin Yang said.

Jiang Jingtao suddenly stopped attacking, and he walked backwards continuously, and stopped after a dozen steps.

While pulling Jing Tao's body back continuously, a long bone thorn had already appeared in front of Jiang Jingtao.

If it hadn't been for Jing Tao to retreat continuously, it was very likely that Jing Tao would directly hit this long bone thorn.

Jing Tao shook his head vigorously, only then recovered his sobriety, and sneered: "Despicable, I want to use magic sounds to disturb my mind and my nervous system!"

"Yeah, it's not easy! You can see through this! That's a pity!" Yin Yang said with a smile.

"The master of the Yin and Yang gate, others say that you have a powerful magic sound skill, but for me, Jiang Jingtao, it is nothing more than that! There are many ways to crack the magic sound skill, and the easiest way is to keep yourself awake. !" When Jiang Jingtao said these words, Jiang Jingtao immediately used the black dagger in his hand to pull a line on his left arm.

Afterwards, Jing Tao quickly took out a strip of cloth from behind and bandaged his arm.

"Hey, now because of this pain, I will always stay awake, I see how your magic sound affects me!" Jiang Jingtao said with a sneer.

Yin Yang sneered and said, "The easiest and most direct way to crack the magic sound skill is to pierce the ears. Or do you pierce the ears first, and then we will fight fairly?"

"Do you consider me an idiot?" Jiang Jingtao said angrily.

"Hahaha, there is not much difference between you and an idiot! You can underestimate the enemy even if you are arrogant. You dare to underestimate the enemy even against me. It is really arrogant."

"Underestimate the enemy and face the commander of the ten major legions, how could I underestimate the enemy!" Jiang Jingtao thought.

"Don't you like self-mutilation? Then you can do it yourself!" Yin Yang's voice at the beginning remained steady, but when he said the last sentence, his volume was already very sharp.

After Yin Yang finished speaking, Jiang Jingtao discovered that his left arm was completely out of his control.

His left arm came to **** the black blade in his right hand.

"Puff!" A cry.

During the snatch, Jing Tao had another wound on his left arm.

Jiang Jingtao's arm already had more gaps, but he didn't feel any pain.

"How can this be? Why can't my arm be controlled by me?" Jiang Jingtao thought with some horror in his heart.

At this time, Yin Yang had already rushed towards Jing Tao.

The body on the left of the half-corpse, half-human yin and yang maintains the posture of a human, while the body on the right has changed into the appearance of a high-level zombie, bones drilled out of his abdominal cavity, forming a semicircle in front of him Shaped his body.

"Puff!" With a sound, a sharp bone spur more than one meter long came out of Yin Yang's right arm.

"drink!"

Yin Yang had already rushed to Jiang Jingtao's body in a few steps, and gave a burst of shouts. Before he could reach Jiang Jingtao's body, the long bone thorn had already pierced his heart.

"Chang!" With a cry, Jing Tao used the black short sword in his right hand to block the long bone thorns, and he continued for a dozen steps behind him.

When he blocked Jing Tao with his right hand, his left hand pinched Jiang Jingtao's neck uncontrollably.

Half of Yin Yang was in the form of a normal person, and the other half was in the form of a zombie. One arm of Jing Tao was blocked in self-defense, while the other arm was pinched to his own neck. This picture is extremely strange.

"When did I get his magic sound skill? Shouldn't it! Why didn't I expect it?" Jiang Jingtao thought with some trepidation.

Jiang Jingtao understood that if this state continues, his strength will be greatly reduced. Because of the influence of the arm that had been controlled by the magic sound, not only would Jing Tao not be able to use his full strength, but would also be hindered by the arm.

"What to do? Do you want to chop off my arm?"

"But if I cut off my arm, my strength will also be affected. Facing this Yin-Yang gate master, I'm afraid there will be no chance to fight back!"

Yin and Yang smiled and said, "Your right arm is now under my control. You are now half a handicapped person. How can you beat me? Long pain is worse than short one. Cut it! If you cut it, maybe you still have it. There is a silver lining!"

Raising Jiang Tao's right hand, the black short sword in his hand was shining with cold light.

And Jiang Tao's left arm was automatically crossed, as if he had already accepted the trial of fate, and was waiting to start the sword.

"Cut it down..."

"Cut it down..."

This voice kept appearing in Jiang Jingtao's ears.

Jiang Jingtao's right hand was trembling slightly.

"No! My arm is not controlled by him at all. If the arm is controlled by him, but the nervous system is still connected to my brain, why can't I feel the pain?"

Suddenly Jiang Tao woke up, shook his head vigorously, and then looked at his left arm, only to find that his left arm was not hurt at all!

"Puff!" A white bone spur pierced Jiang Jingtao's heart.

Chapter 3449: Three Monsters of the Liu Family

Jiang Jingtao looked down at his heart, and the blood dripped down the thorns of the white bones. A heart-piercing pain made Jiang Tao's body tremble slightly.

"It's a pity that I understood it too late!"

Yin and Yang collected the long bone thorns and stepped back a few steps. The long bone thorns retracted into his body, and Yin and Yang returned to its original appearance.

"Puff!"

Jiang Tao knelt down in front of Yin Yang, his head hanging weakly.

Human beings, no matter how powerful they are, if their hearts and brains are destroyed, they will inevitably die.

"When...when...I was your demon..." Jiang Jingtao died on the highway without even finishing his words.

Yin Yang sneered and said: "I said you underestimate the enemy, you are still not convinced! When you said the first sentence to me, I had already launched a magic sound attack. It is a pity that you, an idiot, didn't know it at all, and you talked to me for so long. if!"

"That means you underestimate the enemy, or you will inevitably have to waste some effort today!"

"At this point, you are far inferior to Li Tian and Situ Ningbing! The two of them have already woken up one after another when I said the second sentence!"

"So, you are not wronged! Even if you go to Li Tian, the end result is the same. Maybe you will be the same as Liu Jun and become food for zombies."

"Instead of doing this, let you fulfill me!"

With that, Yin Yang reached out and lifted Jing Tao's body.

Even with a mask, I can still feel the excitement on Yin Yang's face: "One of the twelve strongest bounty hunters, ranked 498th on the Forbes personal strength list! Hey, I finally have something to take. Lost soldiers who shot!"

Then, Yin Yang gently stroked Jingtao's body, and said softly, "Don't worry, I will treat you well! I will refine your body into the strongest under me at the Yin Yang gate. Lost soldiers!"

As the sun set, Yin and Yang carried Jiang Jingtao's body and quickly disappeared into the distance.

...

Kyoto City, Old Residence of Willow.

Lao Liu was curled up in the sofa, with a thick blanket covering him, but Lao Liu still felt cold.

This is a kind of icy cold, even if Liu Lao is covered with a few blankets, this cold still makes him unable to resist.

Mr. Liu feels that he has aged a lot recently.

Since the death of his dearest grandson, he felt that he had suddenly lost the energy to fight for fame and fortune. If it weren't for avenging Liu Jun in his heart, Mr. Liu's body might just collapse.

It has been several days, and Mr. Liu still hasn't received any feedback.

But fortunately, yesterday evening, Mr. Liu received a call from Yin Yang, the master of Yinyang Gate. The content of the call was very simple. Liu Jun was resurrected and Liu Jun wanted to find Li Tian for revenge.

Liu Jun is resurrected, but Mr. Liu understands that now Liu Jun no longer belongs to Liu Jia Erlang, but a mourner under Yin Yang Sect.

But the reason why he asked Jing Tao to send Liu Jun's body to Yin Yang Gate was not to bring Liu Jun back to life?

As long as it is still alive, whether it is a zombie, a zombie, or something, it is better than nothing.

Now it was Jiang Jingtao that made Lao Liu dissatisfied. His confidant love would seem to have disappeared since he left the Yin Yangmen headquarters, and he never heard from him again.

Old Liu knew in his heart that he finally said something serious.

Liu Jun is already dead, so how could Mr. Liu be willing to let his love die outside, but if Mr. Liu didn't say that, then would Jingtao want to avenge Liu Jun?

Thinking of this, Mr. Liu thought of the three monsters of the Liu family, the three freaks he had taken in.

The three monsters of the Liu family were the secret weapons that Mr. Liu had prepared to help Liu Jun bring the Liu Family Corps into the top ten. The individual strength of these three guys was

close to that of Jiang Jingtao, and when these three guys worked together, That is far more than Jiang Jingtao!

Thinking of this, there was a cold smile on Liu Lao's face: Li Tian, even if you bypass Jiang Jingtao, as long as you come to Kyoto City, you will be torn apart by the Liu Family.

And the Liu Family Corps has dispatched many elite cadres. These elite cadres may not be Li Tian's opponents, but these elite cadres are all the role of the death squad. As long as they can hurt Li Tian, even the people around Li Tian, and reduce the power around Li Tian, they will have fulfilled their mission!

Kyoto City, the headquarters of the Sakura Corps.

Duanmuying sits on the sofa in the office. On the coffee table, there is a set of tea sets. Huang Chengcheng's tea is poured from the teapot by Duanmuying, and Duanmuying pushes the teacup to the single sofa to her right. Promise old man on the road.

"Mo Jianyuan and Xiao Qiuman of the Bounty Hunters Association have returned to Kyoto, but Liu Lao's confidant will never come back. If he guessed correctly, then Jingtao would probably be against Li Tian boy It's not good!" The old man Wuji took a sip of tea and then said calmly.

"No effect! I believe in Li Tian! Let alone Jiang Jingtao, even Jiang Jingtao, Mo Jianyuan, and Xiao Qiuman may not be Li Tian's opponent." Duanmuying said calmly.

"You know that Xiao Qiuman is ours. If Xiao Qiuman is really with Jiang Jingtao, then things will be easy! With Xiao Qiuman here, Jingtao won't hurt Li Tian boy"

Duanmuying said: "I believe in Li Tian. The information from Gu Baili said that now Li Tian can gather a group of good players! Even if they are put into our Sakura Army, they are also good players at the cadre level. Are they there? There will be a difference!"

"It stands to reason, but the new information that just came back today said that the Liu family actually sent out the three Liu family monsters secretly cultivated! The strength of the Liu family three monsters should not be underestimated! How about we send someone in secret. Go help Li Tian boy? Can't let him have an accident on the road!"

"No need! Now the zombies in the south are about to move, and high-level zombies have appeared in Kyoto City. Now the headquarters are a bit anxious! And now the northwest is already in the heavens, and now it gradually stabilizes, I will Let Lily return to the headquarters! At that time, Lily will be on the road to assist Li Tian and the others."

"Okay! I'll make arrangements!" The old man Wuji said.

Duanmuying smiled and licked some tea from the old man Wuji's tea cup, and said, "Then there will be Master Lao!"

The old man Wuji drank the tea in the cup and stood up. He just walked a few steps, then stopped and said, "Oh, by the way, he has already arrived in Kyoto. Would you like to arrange a meeting ?"

"No more, waiting for Li Tian together!"

The top ten legions now have six in Kyoto, and this time the military is also coming. This time, Kyoto is really lively!

Chapter 3450: Qingyun (nine days)

After a week of recuperation, Li Tian's wounds are getting better.

During this period, the zombies in the Beitang city wall have been cleaned up by the captain with those high-level zombies. There is the captain, ten other zombies at level 11, as well as Xiaotianyi and three Xiaoyasha. The senior zombies above level 9 in the city chose to surrender almost without resistance.

And those zombies above level 5 and zombies below level 9 basically flee away watching the wind.

As for the lower-level zombies, either they were killed and became corpse crystals, or they fled the city with other zombies.

As for those zombies who chose to surrender, Li Tian used nine-color corpse crystals to control more than 200 ninth-level zombies to maintain daily safety in the city.

For other zombies, Li Tian delineated the city from the bell tower to the city wall, and specifically listed them as living areas for zombies. These zombies can live here or form their own zombie families here.

Li Tian listened to Situ Ningbing's suggestion, and classified every ten zombies as one. One of the senior zombies was the longest and was responsible for the management of the other nine zombies. Every five zombies was a team, and one of them was the captain. , Responsible for managing these five things.

The captain is the captain of the zombie world in Beitang, and the deputy captain is responsible for assisting the captain.

Li Tian stipulated that zombies should go to hunt other zombies and bounty hunters. Li Tian can ignore it, but within this city wall, any fighting is forbidden, especially the fighting and killing of humans by zombies.

If the zombie slaughtered humans, then all the zombies where the zombie was located would be buried with the dead humans, and the team leader of the zombie was demoted.

Li Tian wants to build Beitang into the first city where high-level zombies and humans coexist.

During this period, Li Tian arranged for Tang Xiaolong to go to the Celestial Realm and asked the Celestial Realm to send a legion to Beitang, ordering the Celestial Realm to open up the passage between the Celestial Realm and Beitang as soon as possible.

The bell tower has collapsed, and this historic site that has existed for hundreds of years has been completely destroyed because of the battle between Li Tian and the zombies of the Guardian.

No way, Li Tian could only locate the headquarters of Beitang City in the Bell Tower Hotel next to the Bell Tower.

After several days of cleaning led by Shen Tao, the Bell Tower Hotel was finally back to its pre-apocalyptic appearance.

However, at this time, the four characters of Bell Tower Hotel had been removed by Shen Tao, and replaced by the four characters of Tianjie Beitang.

A week after killing Liu Jun, Li Tian was discharged from the hospital and took everyone into the original Bell Tower Hotel, now the headquarters of Beitang.

A spacious presidential suite became Li Tian's new office in Beitang. After everything was arranged, the others took their orders and retired.

Li Tian stopped Situ Ningbing.

"Ningbing, wait a moment, I have something to tell you." Li Tiandao.

Situ Ningbing stopped amidst the doubtful gazes of Captain, Xue Ji and others, turned and walked back.

"Ningbing, follow me into the bedroom!" Li Tian turned around and walked towards the bedroom.

"You don't want to die? The wound has just scarred!" Situ Ningbing's face was slightly red, and said a little anger.

Looking at Situ Ningbing's tone and expression, Li Tian knew that Situ Ningbing had misunderstood him and regarded him as a disciple.

Li Tian awkwardly took out the pale yellow paper, Qingyun, and then handed Qingyun to Situ Ningbing's hand and said, "Ningbing, this is what we found in the underground palace. These Sanskrit characters I don't know each other, so I need you to translate it for me! By the way, we two will study and practice together!"

Situ Ningbing's face blushed slightly, took Qing Yun in his hand, and followed Li Tian into the bedroom.

The original Bell Tower Hotel is a five-star hotel. The rooms and corridors are covered with heavy high-quality carpets. After Shen Tao and others have cleaned them, these carpets are already very clean, especially the rooms in Li Tian's office. It must be the cleanest.

The two went into the bedroom and sat on the floor separately.

Situ Ningbing carefully read the pages of paper again. The expression on her face was excited for a while, disappointed for a while, seeing Li Tian anxiously like a cat's claw.

"Quickly say, quickly, is this Qingyun a set of cultivation techniques? How about the secrets on Tianshan Mountain?" Li Tian said anxiously.

Situ Ningbing said: "This is indeed a set of cultivation techniques, and it is still a legendary cultivation technique. According to this Sanskrit, the name of this technique is Qingyun, which means: Above Qingyun. There are nine layers of Qingyun. It's called Jiutian. You know that although this blue cloud is in Sanskrit, it was spread to Tianzhu from our country, and then Tianzhu was brought back by the eminent monks of the Tang Dynasty. Nine days: one is Zhongtian, two is Xiantian, and three is from Tian, Four is the sky, five is the sky, six is the sky, seven is the minus sky, eight is the sun, and nine is the sky."

"According to the above description, if you can cultivate Qingyun to the fourth level above the sky, you will understand the laws of nature, have the ability to transcend nature, and it is completely possible to move mountains and seas. And when you cultivate to the sky, you can fly into the sky and escape. The earth, broken into the void, became a fairy in the legend."

Li Tian's eyes straightened when he listened, gleaming with excitement.

"If it's true as Qingyun said, then as long as Qingyun is cultivated to the extreme, who else is Li Tian's opponent in this world. Even in another world, this technique can be used in the world." Li Tian thought in his heart.

"But... it's a pity that these nine days have been missing thousands of years ago, and we only have Qingyun's first-tier Zhongtian cultivation key! The other eight-tier cultivation methods have not fallen." Although Situ Ningbing didn't want to He poured cold water on Li Tian, but he still told the truth.

Li Tian immediately, like falling into the ice cave, said disappointedly: "Then...Is there any clues to record the other heavens of this Qingyun?"

In Li Tian's hopeful eyes, Situ Ningbing slowly shook his head.

It can be seen that Situ Ningbing's face is also full of disappointment.

"By the way, this cheat is something of Void Yasha, I will go to Void Yasha to see if he can provide us with some clues."

Speaking of Li Tian, he went to Xukong Yasha and asked about the origin and whereabouts of Qingyun.

But the result was not as simple as Li Tian thought. This blue cloud turned out to be found in a space crack when Void Yasha was playing in the void of the underground palace!

"It doesn't matter, this Qingyun was originally a cheat we got by chance. If we didn't get this cheat, maybe we didn't even know that Qingyun had it, and now we should feel satisfied. Moreover, since this Qingyun has been silent for a thousand years, it's important. Today, we might have other chances to get other cheats in the future," Li Tian said.
