

A Killer 3461

Chapter 3461: Attacked (1)

Li Tian and others did not know that the fact that they were with Yin and Yang had spread to Kyoto City, nor did they know what is happening in Kyoto City now.

After the car left the town controlled by the Rock Corps, it continued toward Kyoto City.

There was another person in Yin Yang's car, that was Shi Xu, but poor Shi Xu was no longer a captain, but Yin Yang's driver. As for the other members of the Red Sun Corps, Shi Xu is now a mud bodhisattva who cannot protect himself from crossing the river, so he has no time to worry about their life and death, leaving them to fend for themselves.

Li Tian's car was still the same person, but Little Crow, Little Bat, and Little Tianyi all followed the three little Yashas into their space. Without them chirping around, the car was quiet. There are many, but Li Tian, Situ Ningbing, and Xue Ji finally have the opportunity to talk about private topics.

Of course, Tang Xiaolong is the happiest person now.

This guy didn't know when he got together with Lily, and the two now felt more and more lovers.

No, Tang Xiaolong drove the car, and the mysterious female Lily ignored the traffic safety, holding one of Tang Xiaolong's arms, with a girlish sweetness and smile on her face.

After leaving that town, there are more and more bounty hunters on the road, and from time to time you can see a car passing in front of their car.

"Li, have you found something wrong?" Situ Ningbing said suddenly.

Li Tian drove the car and asked suspiciously: "What's wrong?"

"These bounty hunters! From our departure from the heavens to Beitang, from Beitang to the town controlled by the Rock Legion, we also met bounty hunters, but we met very few bounty hunters. And we went out. After that town, today we are the seventeenth bounty hunter we met!" Situ Ningbing said.

"This is probably the difference between the Northwest region and the Central Plains region! The Northwest region is sparsely populated, and the Central Plains region is densely populated. It is not surprising to encounter so many bounty hunters!" Li Tian explained.

Situ Ningbing said nothing, but her heart became more and more disturbed.

It was said that a woman's sixth feeling was terrible. After Situ Ningbing said her worry, Xue Ji also began to feel a little uneasy.

"Li Tian, I feel that what Ningbing said makes sense. Even if the Central Plains area has a large population, there are too many bounty hunters we encountered today. And these bounty hunters came out of the town behind us. It's heading toward Kyoto. And there are very few bounty hunters from Kyoto to that town, don't you feel strange?" Xue Ji said.

When Xue Ji said so, Li Tian knew the problem and immediately stopped the car.

"Brother Tian, why did you stop the car suddenly?" Tang Xiaolong asked, poking his head out of the car window.

"Xiaolong, pay attention, something may happen!" After Li Tian gave Xiaolong an explanation, he drove the car again.

After the car started here, Li Tian's "Red Cut" had already flown on the roof, flying close to the top of the car. If there was any trouble, Li Tian wouldn't mind using "Red Cut" to harvest those of the younger generation. life.

After walking for about three hours, the car gradually moved from the plains to the mountains. A tunnel has appeared in front of the car.

"Li, be careful!" Situ Ningbing reminded.

"understand!"

Li Tian looked vigilantly around the tunnel and on the hillsides up and down, but he didn't find any targets.

This tunnel is not very long, it is about ten meters, when the headlights are turned on, there is no one in the tunnel.

"Is it because I think too much?" Situ Ningbing thought in his heart.

When Li Tian cautiously just drove out of the tunnel, several large pits suddenly appeared on the road ahead. These large pits were obviously man-made damage!

"Be careful!" Xue Ji reminded her.

Li Tian hurriedly stopped the car.

At this moment, a sharp sound rang on the roof of Li Tian's car.

"Rocket!" Li Tian was startled, but at this moment he had no time to escape from the car.

"Boom!" With a loud noise, the rocket hit Li Tian's car, making a huge explosion.

"Brother Tian!" Tang Xiaolong twisted the car abruptly, and the car stopped less than two meters before Li Tian's exploded car.

"Brother Tian! Brother God!" Tang Xiaolong rushed out of the car anxiously, ignoring the splashing of bullets behind him, and wanted to rush into the burning car to save Li Tian, but was pulled by Lily and hid. Behind the car.

"You are crazy, Brother Tian must be fine! Or let Brother Tian rush out early! Now our top priority is to kill the attacker first!" Lily said.

Seeing Li Tian's car being hit by a rocket, Na Shi Xu felt so happy that he immediately parked the car in the tunnel and did not continue to drive forward.

Jing Tao had already rushed out of the co-pilot seat, and his figure flashed through the tunnel, rushing in the direction where the rocket attack came.

On the hillside, the ten-meter bounty hunter smiled triumphantly, holding a machine gun at Tang Xiaolong and Lily who were hiding behind the car below the hillside and shooting frantically.

"Haha, I didn't expect it to be that simple, and Li Tian is nothing more than that!"

"That's right, we set up an ambush here and suddenly attacked them with rockets. Even if we had three heads and six arms with them, we couldn't escape the net of heaven and earth we laid out!"

"It's too easy to get these five hundred seven-level corpse crystals! It's even easier than sneaking on a seventh-level bounty hunter!"

"That was our team leader was well prepared, and it was a sudden attack. Naturally, it was a hit." Several bounty hunters began to flatter their team leaders.

At this time, Jing Tao had already rushed out of the tunnel. After rushing up the hillside and seeing Jiang Jingtao, the bounty hunters laughed wildly and pointed their guns at Jiang Jingtao.

"Da da da!"

"Da da da!"

The machine gun sounded, and countless bullets entered Jiang Jingtao's body.

"Damn, what an idiot, we know so many people, so many guns, and we still have to come and die!" The group leader sneered and sneered.

However, the regimental commander couldn't laugh anymore. How could he be injured by this bullet because Jingtao was killed?

"Get on the rocket! Blast the ***** to death!" the captain cursed.

As soon as the group commander finished cursing, a red light flew out of the burning car and directly touched the group leader's neck.

"Puff!" Blood splattered, and the legion commander's body was like a rock rolling down the mountain, rolling down the mountain.

And Li Tian, Situ Ningbing, Xue Ji, Xiao Tianyi, Little Bat, and Xiao Yasha have already appeared beside the bounty hunters who attacked.

"Kill!" Xiao Tianyi shouted as Li Tian followed.

Chapter 3462: Attacked (2)

There was almost no suspense in the battle, it was a one-sided situation.

The bounty hunters on the mountain were chased and killed by Xiao Tianyi riding a small bat, and those bounty hunters who finally escaped to the mountain would chase Jing Tao and Tang Xiaolong and others. And the three little bats were ordered by Li Tian to catch a live mouth, and directly put a bounty hunter holding his head and one head into the grass, and controlled the bounty hunter with an ostrich with his ***** up.

In a few minutes, the battle was over, and all the bounty hunters who sneaked up and down the hills survived.

Li Tian called Xukong Yasha to release the bounty hunter who was pretending to be an ostrich. The ostrich bounty hunter saw the corpse full of mountains and plains, his face pale in fright, and he knelt in front of Li Tian and kept kowtow.

"Please, uncle! Forgive me! I have an eighty-year-old mother in my family, and a young child who is waiting for eight months!" The ostrich bounty hunter kept begging with his head like pounding garlic. .

Tang Xiaolong's lungs were about to explode.

As soon as he drove, he saw Li Tian's car being hit by a rocket. He thought that Li Tian might have been killed, so he was crying and rushing into the fire. After hearing Lily's words, he remembered that there were three great Xiaoyachas. Even if Li Tian wanted to be burned to death, he probably couldn't do it.

Later, being pressed and beaten by those bounty hunters on the mountain, Tang Xiaolong had long wanted to get angry. This anger can't be quenched even if you kill a few more bounty hunters.

Therefore, when he heard the ostrich bounty hunter begging for mercy like witty words, Tang Xiaolong could no longer suppress the anger in his heart. He rushed up to the ostrich bounty hunter with a punch and kick, kicking and cursing. Writing: "Asshole, bastard, I tell you to have an old mother and a young child. Is your family inheritance a natural immunity?"

The ostrich bounty hunter held his head, pouting his butt, and let Tang Xiaolong beat him!

Tang Xiaolong was also trying to vent his anger, so although he fought fiercely, he did not use the ten-fold refining body, otherwise Tang Xiaolong would kill the ostrich bounty hunter with a single punch.

When Tang Xiaolong was panting, the ostrich bounty hunter raised his head and asked Tang Xiaolong with a surprised expression: "Master, do you know me?"

"Go away, who the ***** knows you!" Tang Xiaolong said angrily.

"Master, you don't know me, how do you know that our whole family is immune?" The ostrich bounty hunter cried and continued: "After the end of the world, if someone else's family is dead or turned into a zombie, absolutely Most people eat their food by themselves, and the whole family is not hungry. But our whole family is born immune to the zombie virus. I really have a mother and young children!"

Li Tian kicked the ostrich bounty hunter and asked, "Who sent you? How did you know we will go here today?"

The ostrich bounty hunter knew that the man in front of him who asked him was that they hadn't killed them with rockets, but the ghostly Li Tian who appeared behind them. Therefore, he didn't hide the slightest, and said: "This Lord , It's not a lie. About five days ago, a bounty hunter named Liu came to our bounty hunter corps. The man told us that as long as we kill you, we can get five hundred seven-level corpse crystals. Reward. Then the man and the leader of our bounty hunter group planned the location of the ambush. As for the time of the ambush, we only informed us last night."

"Liu?" Hearing the ostrich bounty hunter say so, everything is clear at a glance, it must be Liu Lao's use for his grandson Liu Jun.

"Where is the bounty hunter surnamed Liu?" Li Tian asked.

The ostrich bounty hunter said: "Back to the uncle, the bounty hunter with the surname Liu left early this morning. I don't know where he went."

"I thought the trouble had been resolved, but didn't expect the trouble to start now!" Li Tian shook his head somewhat helplessly.

"Little boss, aren't they just a few bounty hunters, what's the trouble?" Tang Xiaolong said puzzledly.

Lily said: "Brother Tian is right. The bounty hunter surnamed Liu must be a member of the Liu family army. Since those people have already appeared here, they will definitely appear on the road in the future. These people are just like a fly, although he can't do anything to Brother Tian, it's annoying."

"So, the trouble just started."

"It's okay, these bounty hunters are mediocre. If one comes, I will kill one, and two, I will kill one pair!" Tang Xiaolong said.

"I am afraid that their real purpose is not to kill us by these bounty hunters, Li, but to influence us. Therefore, I guess that in a place not far from Kyoto City, there must be a master of the Liu family waiting for us! Situ Ningbing said.

"Didn't some people say they want to protect Brother Tian to go to Kyoto City? If it weren't for Brother Tian to have Xiaoyasha today, some people would be ashamed!" Xue Ji said to Yin Yang sarcastically.

Yin Yang's face was also a little embarrassed, but he was wearing a mask, and no one could see it.

"This is totally an accident. Next time, our car will be at the forefront!" Yin Yang said.

"Well, is this okay? I don't know the way to Kyoto City!" Shi Xu immediately became nervous and said.

Yin Yang sneered and said, "Really? You have two options in front of you. The first is to know the roads of Kyoto City. You drive to Kyoto City by yourself. The second is that you are now a dead body and I will drag you to Kyoto City! "

"Haha, I suddenly remembered that I have been to Kyoto city many times, I know, know..."

"Brother Tian, what should this ostrich bounty hunter do? Killed?" Tang Xiaolong kicked the man again and asked.

"Kill! What's the use of keeping it? Also wasting food!" Jiang Jingtao said with a sneer.

The ostrich bounty hunter immediately cried his face again, kept kowtow, and said, "Master, I'm really useful. I have a very good nose. Others call me a dog nose. I can smell someone in ambush nearby. , I can smell even how many people ambush!"

"Hey, this guy has the ability to compete with Wang Rui. In this case, I will save your life, and you will call it dog nose! If all the fighting you say is true, Then I will spare you not dying. If you dare to lie to me, have you seen that child? I will feed him you as food!" Li Tian said with a sneer.

The dog nose saw that Xiao Tianyi was sitting among the corpses at this time, chewing on the fresh corpses. This was nothing short of gluttony.

And when the dog nose was looking at Xiao Tianyi, he happened to see Xiao Tianyi violently biting an arm and cracking his ***** hula la mouth, saying hello to him: "Wow!"

Chapter 3463: Head-to-head contest (1)

The dog's nose turned pale.

He finally understood why Li Tian and others were attacked by a rocket launcher without any problems.

Because the guys in this team are all perverts. These perverts are among the best in any bounty hunter team.

The dog nose, who had just joined in, immediately took Li Tian and others to the hidden parking places of the bounty hunters in order to claim credit. Not to mention, the cars of these bounty hunters are really good. They are basically mid-to-high-end off-road cars before the end of the world. They are much better than the cars that Li Tian was bombed by a rocket launcher.

Li Tian is not polite to these things that have no owners. Tang Xiaolong does not hesitate to change a car. Shi Xu is very despised of the mentality of Li Tian and Tang Xiaolong. Yes, but after despising, Shi Xu also chose one.

The three cars set off again. This time Tang Xiaolong's car was in the front, the one in the passenger seat became a dog nose, and Lily sat in the back row.

Originally, Tang Xiaolong had complained, but for Li Tian's safety, Tang Xiaolong agreed.

With this dog nose, the situation immediately began to change. Every time the car is more than a kilometer away from the ambushers, the dog nose can tell the specific location of the sneakers, bounty hunters, and the number of people can be clearly stated. .

In this way, Li Tian immediately released Xiao Tianyi, the little bat and the three mischievous Xiaoyasha in a counter-attack, killing those sneak attackers when they were still not sure about the truth.

After having a dog nose, Shi Xu's car fell to the rear.

After no trouble, the driving speed will naturally be much faster.

On the third day after leaving Beitang, the car of Li Tian and others was less than a hundred miles away from Kyoto. In another half day, he can reach Kyoto City. Knowing that Kyoto City is close at hand, Li Tian's mood suddenly becomes complicated.

According to earth time, it has been more than three years since Li Tian left Kyoto.

Don't know what Duanmu Ying has changed in the past three years?

The most important thing is that Duanmu Sakura is now the commander of the Sakura Legion, and she can be her own. She is no longer the little girl who needed Li Tianlai to protect.

"Crunch!"

In front, Tang Xiaolong's car suddenly stopped!

In front of Tang Xiaolong's car, three strange-looking people appeared.

The reason why they are strangely shaped is because if these three people follow the pre-apocalyptic standards, they definitely belong to the freak family.

One of the necks has a front and back head, and naturally there are two human faces on this head, and each of these two faces naturally has two eyes, a nose and a mouth; while the other person has only one The head, but there are four arms, and these four arms each hold a weapon, a sword, and a firearm; the third person sees the upper body completely normal, and even has a handsome face, long hair, and Kind of handsome, but this person actually spread four legs, like a centaur, and this person holds a bow and arrow in his hand and an arrow basket on his back.

But now is the end of the world, no matter which bounty hunter, who has never seen a zombie, and how many people have not seen a senior zombie deformed.

"This...these three people are full of foul smells, and these foul smells cover up their human odor, so I didn't smell it. I'm sorry!" Goubi apologized to Tang Xiaolong.

Tang Xiaolong waved his hand, but did not pursue it.

The three freaks were not on the road, and were blocked in the middle of the road. Tang Xiaolong could only get out of the car, and Li Tian, Yin Yang and others also got out of the car.

"If I didn't guess wrong, these three guys should be the Three Monsters of the Liu Family!" Jiang Jingtao frowned slightly when he saw these three guys, and said.

Yin Yang turned his head and glanced at Jiang Jingtao, and said, "Have you not seen them? You are Liu Lao's confidant and beloved!"

Jing Tao didn't change his face, and said, "We have different divisions of labor. My main responsibility is in the Bounty Hunter Association. I am responsible for helping Liu Lao handle some things within the Bounty Hunter Hunter Association. The main responsibilities of the three monsters in the Liu family are In the Liu Family Legion, otherwise assassinate!"

"Assassination? Is it because they are freaks and shameless people, so they are responsible for the assassination? Only the Liu family can have such abnormal people." Shi Xu said disdainfully.

Jing Tao's brows were slightly furrowed, but they did not occur, he adjusted his breathing slowly, and then said: "According to Mr. Liu, these three guys have their own unique skills, and their strength should not be underestimated. Moreover, these three This guy is a female compatriot, and the three of them have telepathy. So, if these three guys unite to take action, you will feel that one person is fighting with countless people."

"Is it that exaggerated? It seems like there are masters everywhere in this world!" Shi Xu said with a sneer.

"Why don't you try it first?" Yin Yang said.

That Shi Xu immediately wilted, and muttered: "There are so many masters here, how can it be my turn to shoot!"

The three guys stood in the middle of the road according to the shape of the product, among them the double-faced man said: "Who is called Li Tian, we only need Li Tian to stay and play with us for a while, the others can go!"

"Hey, brother, you are lying, it is Grandpa Liu who wants us to kill Li Tian, how do you say you are playing with us for a while! Is it your brother!" said the four-handed man stupidly.

The centaur put an arrow on the longbow, and the arrow on the longbow was directly facing Li Tian. He shook his head and said, "Li Tian, neither of my two brothers have a clear mind. But what they said was right, we just took your order from Mr. Liu to kill you!"

"Originally, I wanted to attack you, but my stupid big brother didn't allow it. He said that he was not doing dark things. I can't help it. Who calls him my big brother? The younger brother always listens to the big brother. So, I also hope you can give us a chance to compete head-on."

Li Tian was quite surprised, took two steps forward, and said, "How is a head-on contest?"

"The three of us are brothers of the same mother, and the three of our brothers have telepathic since they were young, so the three of us are one person. So I hope I will stand against you! That is, the three of us will stand against you! "When the centaur said this, his face was not red and his heart was not beating, as if he was saying something very normal.

The four-handed man immediately clamped all the weapons under his arm socket and extended four thumbs to the centaur, as if he was complimenting what he was right.

"Even if the three of you are counted as one person, but after all you have eight legs, eight hands, and four heads, right, in that case, I will call three little helpers, so it's okay!" said Li Tianyi beckoned the three Xiaoyachas over.

As soon as the four-handed man saw the three Xiaoyashas, his silly face immediately showed a shrewd feeling, and said, "Hey, they are so small! You can trample to death with one foot. Yes, yes, this is a game. A very fair contest!"

Chapter 3464: Head-to-head contest (2)

Seeing the silly appearance of the four-handed people, they had to pretend to be shrewd. Situ Ningbing and others couldn't help laughing out loud, but when they thought of their certified appearance, Situ Ningbing and others still held back Up.

Yin Yang had seen the little Yasha next to Li Tian before, but he was only curious about what kind of creature it was. At first, he only regarded the three little Yashas as pets, but today Li Tian took the initiative to ask for it before the battle. With these three little pets, Yin Yang immediately put away his contempt.

Yin Yang wanted to know how many secrets Li Tian still had.

Tang Xiaolong is very itchy, especially wanting to fight alongside Li Tian, but since Li Tian has agreed to single out with the Liu Family, Tang Xiaolong can only give up. Of course, Tang Xiaolong knows that these three Xiaoyashas have not shown too much personal combat ability until now, but these three Xiaoyashas are the support, that is definitely the strongest, even Tang Xiaolong can't catch up. .

Void Yasha sat on top of Li Tian's head and said angrily: "Little Li Tian, we have an opinion on you!"

"Yes, there are opinions!" The other two Xiaoyachas stood on the shoulders of Li Tian in agreement.

Li Tian covered his head with black lines, and said softly: "Three big brothers, just say what you want!"

"Xiao Litian, are we your pets? Are we your subordinates? When you think of us, you call us out to serve you. When you don't think of us, let us be in the space and not allow us come out!"

"Yes, but don't forget, it was you who followed us outside with a faceless face. We are very unhappy now like this!"

"Very unhappy, we refuse to play!"

"Yes, refuse to play!"

Three little Yaksas, you start to criticize Li Tian every word, and you have been able to describe Li Tianneng as a heinous talent.

In fact, Li Tian has his own consideration.

These three Xiaoyasha appeared in the earth world, even in the last days, it still seemed a bit shocking.

Moreover, the abilities of these three little Yashas are extraordinary, even if they are used as auxiliary use, they can also play the role of a surprise weapon. In many cases, maybe these three little Yashas are the factors that turn things around.

Therefore, Li Tian has not let the three small Yachas come out, even if the three small Yachas come out occasionally, Li Tian does not use the power of these three small Yachas.

Similarly, this Li Tian also kept a hand against Yin and Yang.

But when the rocket hit Li Tian's car, Li Tian had already used three small Yashas, and there was nothing to hide in front of Yin Yang.

On the contrary, Li Tian also wanted Yin Yang and Jiang Jingtao to see the strength of these three small Yashas, and let them fully realize the strength of Li Tian.

But now these three Xiaoyashas are getting angry, and Li Tianke was a little caught off guard.

"Three big brothers, you really wronged me, Li Tian, you three are in the legend."

"We humans have such a saying, heroes are often the last to appear, like the three of you so magnificent and mighty, that must be played at the most important time, so that you can show your importance! "Li Tian quickly explained.

"Well, although Xiao Litian's strength is sparse and ordinary, his quality of telling the truth is worthy of recognition, and he will continue to maintain it in the future!" Xukong Yasha said.

"Yes, I just look at Xiao Li Tian's loyalty and honesty! What did you just say we are from? What? What? What is it?" Feitian Yacha said with a mean expression.

"Qiyuxuanang, mighty and extraordinary!" Li Tian repeated it again.

Hearing Li Tian repeat it again, the faces of the three Xiaoyasha were full of satisfaction.

Feitian Yacha said with a smug look: "Xiao Litian is right. Hey, these two words are made for me, oh no, they are tailored for the three of us! I decided this time we will help you Out of war!"

"Play!" the other two Xiaoyasha echoed.

After finally pacifying the three Xiaoyachas, Li Tian walked towards the Liu Family Three Monsters.

Li Tian was standing seven or eight meters across from the Three Monsters of the Liu Family with "Red Zhan" in his arms. Since it was a head-on contest, Li Tian wanted to hit these three guys directly from the front. But the Three Monsters of the Liu Family actually pretended to be nothing, their eyes squinted at the sky, their face slightly turned upwards, their mouths curled, and then they moved slowly to the sides.

These three guys were like thieves, and they soon surrounded Li Tian in the middle.

"Li Tian, I admire your courage and jumped into the encirclement of the three of us! You have won our respect, and we will leave the whole body for you!" said the four-handed man shamelessly.

The shamelessness of this four-handed man has surpassed Li Tian's knowledge.

You have to say he is stupid, he still knows how to seize the opportunity, how to occupy a favorable position, you have to say he is not stupid, his words and deeds are completely beyond your definition of a normal person.

"Huh!" Li Tian directly pointed "Red Zhan" at the four-handed man, and said with a sneer: "Come on, let me see the strength of your Liu family three monsters!"

The four-handed man held swords in both hands and guns in both hands. When Li Tiangang made the first move, he shot first.

"Bang!" With a sound, the bullets roared towards Li Tian.

This close attack, how fast the bullet is, if it weren't for Li Tian's preparation, I'm afraid this one will suffer.

I saw Li Tian's body on the side at the moment the four-handed man raised his hand, avoiding the muzzle first, and swiping his feet, his body bombarded the four-handed man like a shadow.

"Huh!"

"Hong Zhan" flashed, Li Tian's "Hong Zhan" directly slashed at the two extra arms of the four hands.

Seeing that Li Tian's "Hong Zhan" was about to be smashed on one of the four-handed man's arms, the four-handed man's mobile phone was like soft noodles along the "Hong Zhan" blade and pinched towards Li Tian's neck. Come here.

Li Tian was shocked, kicked his feet on the ground, and immediately backed out.

Looking at the four-handed man's arm, it has returned to normal, holding a sword and slashing in a cross, slashing towards Li Tian.

Behind Li Tian, the centaur had already attacked with his wrist, an arrow feather full of domineering power was released from his hand and shot towards the back of Li Tian's head.

On Li Tian's left hand, Li Tian turned his head and saw the double-faced four-eyed man staring at him like a fool.

"Does this guy think that his eyes can kill people?" Li Tian thought disdainfully.

Suddenly, Li Tian felt a nausea, a feeling of dizziness, and his body softened, and for a while, he was completely weak, and even the strength to avoid the arrow feathers and cross slashes was gone.

"No, that double-faced man has weird eyes!" Li Tian cried out in a dark voice.

Chapter 3465: Head-to-head contest (3)

"Hey, it's a pity that you knew it too late!" Although the double-faced man couldn't see Li Tian on the other side, he seemed to hear the voice Li Tian was thinking of, and said with a sneer. .

The arrow feathers, electric light and flint, had already flown in front of Li Tian, and Li Tian was still soft at this time, as if the power of his whole body was evacuated by those eyes, and Li Tian felt that he was dizzy. Kind of nausea and retching feeling.

"Hey! It's time for the hero to appear again!" Xukong Yasha stretched out his hand and pulled Li Tian's hair in his hand, saying stupidly.

"Swish!" With a sound, the centaur's powerful arrow feather was about to hit Li Tian, but Li Tian disappeared in an instant, and when the centaur rubbed the corner of his eye and looked over again , Li Tian appeared in place again.

And that arrow feather went directly to the four-handed man.

Fortunately, the four-handed man and the centaur have a strong heart. When the centaur raises its hand and bends the bow, the four-handed man knows that the centaur is going to attack Li Tian, and when Li Tian suddenly disappears and escapes that arrow feather, four The hand man immediately slashed at the arrow feather with a cross cut, and just in case, the four-handed man also extended a hand, and that hand wrapped around the arrow feather like soft noodles.

Li Tian, who had escaped an arrow, was not relaxed in his heart. The disgusting feeling on his body did not disappear, and he was still unable to deal with the three monsters of the Liu family.

Li Tian was also secretly frightened, but fortunately he had three small Yashas to help, otherwise, the arrow just now could surely shoot him through.

And Li Tian suddenly disappeared and appeared suddenly, making Shi Xu, Jiang Jingtao, Yin Yang and the mysterious female mourner also very surprised.

Both of these two soldiers were secretly thinking about two things in their hearts. The first thing is how sure they can survive the close cooperation of the three monsters if they face the three monsters of the Liu family. One thing is, if they meet Li Tian, how much chance they have to win.

Shi Xu found that he was very sad, and he could do nothing about those two things.

As the former commander of the Red Japanese Army, the longer he followed Li Tian and the others, the more he discovered that Li Tian and others were unfathomable.

Now he, the once arrogant mind has long been worn away without a trace.

Jiang Jingtao believes that if he is allowed to face the three monsters of the Liu family, if he becomes a mourning soldier, he may or may not be able to avoid it. After becoming a mourning soldier, their attacks will be negligible. Up.

Facing Li Tian, Jing Tao thought in his heart, even if he becomes a slain soldier, how much chance can he have now?

Yin Yang's pupils dilated slightly, and he didn't expect Li Tian to bring him such an unexpected surprise.

Li Tian is not a supernatural person, but Li Tian used three little monsters to completely make up for his lack of being a supernatural person, and watching the three little monsters dominate Li Tian's head, their strength is not enough. That's it!

The three Xiaoyasha saw that Li Tian's spirit was a little weak. The three guys glanced at each other, and they all saw a smirk on each other's face. The three guys actually held the steel fork or steel knife in their hands. , At the same time stabbed Li Tian's body.

Although this small steel knife and small steel fork can't kill people, it is also palm-sized, and it hurts terribly when stuck in the flesh.

"Ah!" Li Tian screamed, and immediately woke up.

"Hey, I'm sober, these three little things really get in the way!" said the double-faced man.

The four-handed man showed a smirk and said to the double-faced man: "Then let's squash these three little things first!"

As he said, the four-handed man suddenly raised his hand and fired a shot at the void Yasha among the three Xiaoyashas.

"Huh!"

"Hong Zhan" took off Li Tian's hand and galloped past, cutting the bullet in half in half with a single knife.

However, Li Tian controlled "Red Zhan" with his mind to compare his sword strength with the four-handed man. Li Tian directly turned to face the centaur, continuously released Xuantian fingering, and ten air bullets shot out towards The centaur galloped away.

After practicing Qingyun, the power of Xuantian ***** has increased sharply. The power of each of these gas bullets has surpassed the bullets on the gun, especially when the gas bullet can penetrate into the body of low-level zombies or people. The gas bomb is like an untimely bomb, which may explode at any time, exploding low-level zombies or people into a pile of debris.

Facing Li Tian's Xuantian fingering, the handsome centaur gently shook his long hair, a sneer appeared on the corner of his mouth, and grabbed it directly from the arrow basket behind him, and ten feather arrows had appeared in his hands.

The centaur didn't seem to panic at all, and ten feather arrows were on the strong bow at the same time.

"Boom!" With a cry, the ten feather arrows came out, and after the ten feather arrows flew out of the centaur's longbow, the arrow actually began to spin, and as the arrow rotated more and more open, A small air vortex appeared in front of the arrow.

"boom!"

Xuantian ***** air bomb and the ten feather arrows met in midair, and there was an explosion.

The ten feather arrows were immediately fragmented by the explosion, and directly fell to the ground.

The gas bomb released by Li Tian's Xuantian ***** also disappeared at that moment.

"This centaur is not easy!" Situ Ningbing, who was watching the battle, said to Xue Ji.

"Yes, let's not talk about the power of Li Tian's Xuantian fingering. The ten gas bombs released can be intercepted by the centaur's arrows in mid-air. This is a superb skill. !"

Shi Xu secretly rejoiced in his heart. Fortunately, Yin Yang's timely arrival just prevented Li Tian from doing anything to him. Otherwise, with Li Tian's strength, Shi Xu would definitely not be an opponent.

Although he has lost his freedom now, at least his life has not been lost, and there are sentiments and six desires. Unlike Jiang Jingtao, he is completely a pile of meat, but a pile of meat with strong combat effectiveness.

"Crack!"

"Crack!"

Several clear sounds of metal being cut off sounded behind Li Tian.

The weapon in the hands of the four-handed man facing Li Tian's "Red Chop" was like a cucumber facing a kitchen knife, and it was cut into a pile of debris in a few seconds.

The four-handed man hummed coldly, and immediately threw away all the weapons in his hand. Facing Li Tian's "Red Slash", the four-handed man not only did not back down, but moved forward, and the four hands were grasping at the same time. "Red Cut"

And the four arms of the four-handed man crossed towards Li Tian's "Hong Zhan" and used his arms to make a cage in the air, enclosing the "Hong Zhan" in the cage.

"This weapon is good, it's mine if I grab it!" said the four-handed man.

Chapter 3466: Head-to-head contest (4)

After the four-handed man took Li Tian's "Red Cut" in his hand, he immediately smiled and jumped up and down.

"I got it, I got it. Li Tian's weapon has become mine!" The four-handed man said to himself with a silly smile on his face.

As soon as Li Tian's consciousness moved, the "Red Zhan" immediately broke free from the four-handed man and flew out.

But how could the four-handed man wish that the weapon he had just acquired would fly away by himself, and he stretched out his two hands and grabbed it toward the "Red Cut".

"Huh!"

A blade of light flashed, "Red Zhan" suddenly turned the blade, and actually killed a carbine, and directly slashed at the two hands extended by the four-handed man.

The two hands of the four-handed man once again turned into soft noodle-like shapes, trying to avoid "Red Slash"'s slash.

However, Li Tian had already seen through the four-handed man's moves. When the "Red Zhan" was slashing, it sank slightly, and the blade of the "Hong Zhan" was still slashing towards the four-handed man's two arms. go with.

"Don't worry, you will soon become a normal person from a four-handed person!" Li Tian said with a sneer in his heart.

However, at this moment, a feather arrow shot over like a thunder, and galloped past Li Tian.

"Boom!" With a sound, the arrow hit "Red Zhan", causing Hong Zhan's blade to shift slightly, and it was this shift that Li Tian directly took advantage of to make "Red Zhan" directly Fluttering and dancing.

It looked as if "Red Zhan" was shot by that feather arrow and flew up.

"Be careful!" The double-faced man and the centaur simultaneously shouted impatiently at the four-handed man.

In fact, the three of them have telepathy and don't need to shout at all. The reason why they would subconsciously shout out is because the "Red Slash" was like an unexpected thought, and it directly slashed to the neck of the four-handed man.

The four-handed man seemed to have been affected by the shouts of an older brother and a younger brother, or they were already alive and well, and the four-handed man's brain leaned back slightly to avoid the "Red Zhan" slash.

It is a pity that he is still a little short.

"Huh!"

"Hong Zhan" stroked the four-handed man's neck, leaving a finger-long, half-deep hole on his neck.

"Puff!" A stream of blood sprayed directly from the neck of the four-handed man, like a fountain.

The blood actually formed a rainbow of blood under the sun.

And the head of the four-handed man thought that the other side of the wound fell weakly.

"What's wrong with me? Suddenly my head feels heavy!" This was the last thought of the four-handed man.

"Puff!" The four-handed man fell on his knees.

died!

When Li Tian controlled "Red Zhan" to kill the four-handed man with his mind, Li Tianzheng couldn't deal with the double-faced man.

The double-faced man's eyes have supernatural powers. Li Tian didn't dare to look directly at the double-faced man, so he could only glance at him with a peripheral light. In this way, Li Tian's broken soul palm and Xuantian ***** were both hit empty.

And when fighting the double-faced man, Li Tian still put a part of his mind on the centaur.

But fortunately, Li Tian had practiced with one mind and three uses. Although it was very uncomfortable to fight like this, it was not a disadvantage.

"Asshole! I'm going to kill you!" The centaur suddenly became angry when he saw his brother's four-handed man being beheaded by Li Tian, and his four legs were sliding on the ground like horseshoes.

And as the centaur's limbs and feet kept sliding on the ground, the centaur's limbs, to be precise, six limbs, seemed to be full of powerful force, each of them wrapped around him like bubbles. mobile.

These bags finally gathered on the two arms of the centaur, and then gathered along the longbow in his hand on the feather arrows on the longbow.

"call!"

There was a sudden wind around.

But Li Tian could also see that it was because a whirlpool appeared on the bow and arrow feathers in the centaur's hand, and the surrounding wind was caused by the whirlpool behind the arrow.

The double-faced man rushed to the front of the four-handed man, reaching out to help the four-handed man continue to fight, but the body of the four-handed man was already soft, and his head was already drooping to one side. Up.

The double-faced man shouted angrily at the sky, then lifted the two halves of the sword that the four-handed man had fallen on the ground, and shouted angrily: "Li Tian, I will kill you!"

At this moment, the centaur shot an arrow full of anger in his hand.

The arrow flew out of the bowstring, and the vortex behind the feathers was like a rocket propellant, and the pusher arrow continued to accelerate forward.

If Li Tian could still see the trajectory of the arrow when he left the bowstring, when the arrow flew a few meters from the bowstring, the trajectory of the arrow suddenly became strange.

And Li Tian can be sure that the arrow is 100% directed at him, no matter how much he avoids, the arrow will face him like a tracking missile.

The arrow pierced the air, and there was a sound of ghost crying and wolf howling from the arrow, which directly rotated and flew towards Li Tian.

At the end, the speed of the arrow is faster.

In the end, it was almost impossible for Li Tian to see with the naked eye, and it was almost beyond Li Tian's imagination.

Even for a master like Li Tian, Li Tian felt that this arrow was inevitable.

Li Tian said to Young Master Void: "Void, help me!", while slapped at the arrow, he shot five or six palms with broken soul palms.

You can take a powerful arrow directly through the palm of the broken soul palm and continue to fly towards Li Tian.

"Huh!" With a sound, Li Tian disappeared again.

And after the feather arrow couldn't find the target, it flew back and forth a few times in the air, and then it seemed to fly out into the sky unwillingly.

"Bang!" The feather arrow finally exploded in the air.

"What a powerful attack!" Yin Yang said with a sigh.

"Look at that centaur?" Tang Xiaolong suddenly exclaimed.

Following Tang Xiaolong's fingers, Situ Ningbing and the others saw that after the centaur shot that arrow, the whole person was aging rapidly. The handsome face just now was covered with wrinkles, and the long black hair It turned into a flowery white in an instant.

"Could it be that this powerful feather arrow was formed from his life?"

Everyone guessed like this in their hearts.

And the two cheeks and four eyes of the double-faced man seemed to be stained with blood, turning red.

"Li Tian, bastard, you come out, I'm going to kill you!" The double-faced man has two broken knives in his hand and has 360 degrees of sight without blind spots, but he can't see Li Tian and can only shout angrily. .

After the centaur shot the arrow, the longbow string in his hand broke, and he sighed and said reluctantly: "Brother! You go! We are not Li Tian's opponent!"

"Go? Where can we go? Our three brothers have been like this freak since they were young. Except for the Liu family, who is willing to take us in. Now that the second child is dead, we don't have revenge for him, so how can we live alone?" The double-faced man said angrily.

"Perhaps the Yin Yang Gate is your best destination!" Yin Yang said, not knowing when he had reached them.

Chapter 3467: Ambition

"Yin-Yang Gate? One of the Ten Army's Yin-Yang Gate?"

"Hahahaha, don't our two brothers need to be discriminated against by others after joining the Yin Yang Gate?"

"Can my brother be resurrected by joining the Yin Yang Gate?"

The two-faced man had sadness on both faces, and tears in all four eyes at the same time, which made people feel heartbroken and unhappy.

"You should know that my Yin and Yang gate has a secret technique that can resurrect the dead. But to tell you the truth, people after the resurrection have no souls, they are the killing machines of my Yin Yang gate!" Yin Yang said .

"Without a soul, isn't it just a walking dead, what is the difference with a zombie?" The centaur walked over and said.

Yin Yang called Jing Tao to his side, pointed Jing Tao to the centaur and the double-faced man, and said, "This is Jiang Jingtao, Liu's confidant general, and one of the top twelve members of the Bounty Hunter Association. , You two should have heard of his name, except that he now has no soul, can you see how he is different from ordinary people?"

"Of course, only the mourning soldiers worthy of Yin Yang's personal use of Yin Yang secret technique can have this perfect feeling, can he completely preserve his memories during his lifetime, and look no different from ordinary people in appearance. After becoming a mourning

soldier, their abilities will be more powerfully improved. Most importantly, being a mourning soldier is equivalent to having an immortal body."

"And once you have an immortal body, then your three brothers can be together forever and never separate again!"

Yin Yang spoke to the centaur and the double-faced man in a language full of inducing.

Both faces of the double-faced man were already full of heartfelt expressions, and from time to time he looked up at the centaur, hoping to get answers from the centaur.

Yin Yang saw that these two people were still hesitant, decided to add another flame, reached out to the double-faced man in the building and walked aside, took off the mask on his face, and looked at the double-faced man. With two surprised faces, Yin Yang said: "The masters of the Yin and Yang gate are all like this. Who in the Yin and Yang gate dares to laugh at you, and what qualifications do they have to laugh at you. Who dares to laugh at you in the future, who is our Yin Yang gate? Enemy."

The face of the double-faced man was immediately full of excitement. After Yin Yang put on the mask again, the double-faced man didn't even turn around, and said directly to the centaur with the other face: "Brother, I Decided to join the Yin Yang Gate."

The centaur smiled bitterly and said, "Since it is my brother's decision, I will definitely follow my brother as my brother! But before we join the Yin Yang Gate, we should settle the accounts with Li Tian."

The centaur turned and continued to face Li Tian and said, "Li Tian, the three of our brothers and you were originally innocent, but the Liu family is kind to the three of our brothers, and the three of us have to repay. So even if we If we can't beat you, the three of our brothers will also fight you!"

"That's right! We will pay for the kindness of the Liu family to us. Li Tian, do it!" The double-faced man opened his hands, fully exposed his chest, and made a big gesture towards Li Tian. Ran said with an expression.

The centaur also had the same expression, and said to Li Tian: "Leave us a whole body! Even if we become mourners, we want to be more beautiful!"

Li Tian's heart was actually full of moving, deeply moved by their brotherhood, and moved by their loyalty.

Three brothers, one of them died, the other two never lived alone.

The three brothers were favored by others and paid with their lives.

Li Tian believes that if the three brothers join the Yin-Yang Gate, they will definitely become a powerful help for the Yin-Yang Gate. After the Yin-Yang Secret Technique transformation of the Yin-Yang Gate, the strength of the three brothers will inevitably be greatly improved.

At that time, the strength of these three people will be even more terrifying.

Fortunately, Yin Yang, the master of the Yin-Yang Gate, can only have a maximum of 1,000 mourners, and the number of high-quality mourners like Jiang Jingtao and the Three Monsters of the Liu Family is extremely limited. Otherwise, the world will become the Yin-Yang Gate. .

"Okay! I will fulfill you, and let the three of you brothers reunite at the Yin Yang Gate!" Li Tian Jiang said with a smile while "Red Cutting".

The centaur and the double-faced man even laughed.

"Thank you!"

The two of them spoke in three at the same time. After speaking, the expression on their faces turned out to be a sense of relief, and after this relief, satisfaction and happiness were hidden.

The three people who have been called freaks since their childhood, after being taken in by the Liu family, lived a dark life.

Until the end of the world broke out, the three brothers gradually found their place, but they still couldn't change the ridicule and bullying of others.

Now, all of this must be freed.

"Woo, what a touching picture! With such a brother, what can you expect from your husband!" Tang Xiaolong threw himself into Lily's arms, feeling the softness and warmth in Lily's arms, crying.

Lily reached out and stroked Tang Xiaolong's hair and said, "Don't you have such a brother? You and Li Tian, Li Tian and you, don't you two have a feeling worse than their three brothers? Besides, Tianjie, you still have So many good brothers, those good brothers and sisters, are not willing to protect you with their lives!"

The expression on Li Tian's face didn't change much, and there was more regret in his heart.

"Huh!"

"Huh!"

Two red lights flashed, and the centaur and the double-faced man died under "Red Slash."

Li Tian met the centaur's requirements, and controlled "Red Zhan" to give the two men the most damage with the smallest damage. After the two died, there were not many wounds from the corpses alone.

"Shi Xu, aren't you unwilling to go to Kyoto? Now give you a chance to drive the bodies of the three monsters of the Liu family back to the Yin Yangmen headquarters. The winning streak will accompany you back to the Yin Yangmen headquarters." Yin Yang faced Shi. Xu said.

And the masked female mourner behind Yin Yang nodded gently, and began to carry the bodies of the Three Monsters of the Liu Family into the car driven by Shi Xu!

When Na Shi Xu saw that he was going to the Yinyangmen headquarters with the three weird corpses and the cold female mourners who never spoke, Shi Xu's expression was as ugly as he could be. He almost said in an imploring tone: "The doorThe master, I can actually go to Kyoto City!"

"Huh!" The female mourner called the winning streak directly lifted Shi Xu from behind and strode towards the car that Shi Xu was driving.

Shi Xu drove the car with a sad face and turned around and drove towards Beitang.

"Li, I feel that Yin Yang is not just to send you to Kyoto City!" Situ Ningbing walked to Li Tian and said in a low voice.

Li Tian nodded slightly, he felt the same way in his heart, but now he still doesn't understand what Yin Yang's real purpose is?

Chapter 3468: Ten Legions

As night fell, Li Tian and others accelerated their driving speed. When it was completely dark, Li Tian and others finally arrived in Kyoto City.

The city of Kyoto is surrounded by a plain. Even in the dark, the sky above Kyoto city is still a light. You can see the lights of Kyoto city from a distance of about a kilometer away.

Covered by the dark wheel, the black city wall, which is more than three feet high, stands tall, straight into the sky. And this new Kyoto city is surrounded by such walls, and I can't see the edge of the wall at a glance.

On the top of the city wall, there will be a few hundred meters of light, and below the light, all kinds of modern weapons are clearly visible, tanks and artillery are clearly visible.

If there is a wave of zombies attacking Kyoto City, those seemingly quiet things will start spraying flames for the first time.

In the face of these large-scale modern weapons, for zombies below level 9, it is completely a spike.

However, it is obvious that there has been no corpse tide in this city for a long time. The soldiers on the city wall breathed lazily, and the outside of the city wall, starting from close to the city wall, was a piece of low building.

And among these buildings, there was no star of light, it was a dead silence, completely plunged into darkness, as if there was no sign of life.

The car Li Tian was driving was passing through the road among these buildings, heading towards Kyoto City.

Yin Yang, sitting in the passenger seat of Li Tian's driving car, pointed his finger at the city wall of Kyoto in the distance, and said, "Is it shocking? The first time I came to Kyoto, I felt very shocked. ! The city wall over three feet high was built three years ago without knowing how much manpower, material and financial resources were used to build it. The outside of the city wall looks like it was repaired with bricks, but in fact, The inside is all reinforced concrete, and those steel bars are arm-thick steel bars, which can withstand missile attacks! That's why this new Kyoto city has become the strongest fortress and the strongest defense. For this reason, there are so many in the country. People desperately yearn for the city of Kyoto."

"Who will rule this Kyoto city now? Who is qualified to rule such a big super stronghold!" Li Tian asked.

"Let me ask you a question first, we often talk about the Ten Legions, then do you know which Legions there are in the Ten Legions?" Yin Yang asked.

Seeing Li Tian shook his head, Yin Yang continued: "These ten legions are the Longteng Litian Corps in the southwest in terms of geographic location, and the legion commander is Long Yin..."

When Yin Yang uttered the first name, Li Tian's head rang "Boom!" Li Tian subconsciously stepped on the brake and stopped the car in the middle of the road.

"He is alive too!" Li Tian thought in his heart.

In fact, Long Yin is still alive because it should have been in Li Tian's expectation.

With the advent of the end times, even if ordinary people are not infected by the zombie virus, nine out of ten people will become the dinner in the mouth of the zombies, but for a strong man like Long Yin, if he does not trouble the zombies, the zombies are grateful. How could it hurt him.

"Long Yin, the commander of the Ten Great Legion Longtenglitian." Li Tian said this sentence silently in his heart, and what made Li Tian more concerned about was the legion's name.

"Long Teng Li Tian, Long, naturally refers to Long Yin, and that day, did it refer to me, Li Tian?"

"It seems that Long Yin has not forgotten the battle he agreed with me, Li Tian! Fortunately, since he has returned to the earth world, this battle will come sooner or later! But not now!"

Situ Ningbing was equally shocked as Li Tian, but the two quickly recovered their calm.

"What? You know Long Yin?" Yin Yang asked suspiciously.

Li Tian shook his head and explained: "I felt a little surprised when I heard that the legion had my name in it."

"Oh, it's Li Tian, Li is leaving! Not your name!" Yin Yang said suspiciously.

"Please continue to introduce it!" Li Tian started the car and said to Yin Yang.

Yin Yang continued: "In the Yin Yangmen Legion in the middle, the commander of the army is Yin Yang; in the southeast, with a military background, the commander of the army is Mu Yunlong; in the northeast of the Black Dragon Legion, the commander is called Yin Yang. Northeast King's high-speed steel."

"Grandpa is still alive! Great! His old man is still alive. And grandpa turned out to be the commander of the army soul!" Li Tian's heart was immediately filled with joy, and this joy even surpassed any advice and treasures Li Tian received. Gongfa.

Is there anything more joyous than to find a loved one in the last days?

"We must find an opportunity to take Duanmuying, Situ Ningbing, and Xue Ji to visit Grandpa!" Li Tian thought in his heart.

Yin Yang continued: "The other six army headquarters are all in Kyoto!"

"They are the Sakura Legion, and the commander is Duanmu Sakura."

"Rock Legion, the legion commander is called Gao Gang!"

"Flamingo Legion, the commander of the Legion is Agni!"

"The pilgrimage and the holy army, there are two army commanders, they are the pilgrimage and the holy!"

"Heroes' Palace Legion, the legionnaire is a man nicknamed Hua Hero!"

"The wind and rain are the same as Cheng's army, the army commander is Liu Feng!"

"In the city of Kyoto, there are two major associations, namely the Bounty Hunter Association and the Agricultural and Commercial Association."

"Bounty Hunter Association, you know, I won't introduce it to you! And from the outsider, the Association of Agriculture, Industry and Commerce seems to be a non-combatable association, but this association is definitely not simple. You think, one currently controls Seventy percent of the food supply and sales in Kyoto City, and in large and medium-sized cities and towns across the country, there are also associations with their branches. Can it be a simple association?"

Yin Yang paused, and then continued: "Also, there are hundreds of other organizations and associations, large and small, in Kyoto City. I am not very clear, so I won't go into details here. Let's go back. To the question you just asked. This city of Kyoto has a population of more than one million and is the largest city after the end of the world. Here is a mixture of dragons and snakes, and all parties are entrenched. No one can dominate one family, even the most powerful one. The Legion cannot allow other Legions to surrender them."

"So, now the city of Kyoto is controlled by the coalition composed of the largest six legions and two major associations!" Yin Yang said.

After Yin Yang's introduction, Li Tian's car finally came before the city wall.

After the initial excitement, excitement, and joy, Li Tian's heart gradually calmed down.

Looking at the towering city wall, Li Tian secretly shouted in his heart: "Kyoto City! I'm here!"

Chapter 3469: not qualified

Kyoto City is really extraordinary.

The guards and soldiers of the four city gates, everyone is strong and powerful. And the bounty hunter badge of level 5 or above issued by the Bounty Hunters Association hangs on their chests, still shining in the dark, and beside the bounty hunter badge, there are also two swords hanging. Crossed bronze badge.

And under this bronze badge, there will be some small stars, and these small stars represent the status and rank of the soldiers worn in the coalition army.

At this time, the night has already covered Kyoto City, but the gates of Kyoto City are still open, and vehicles and pedestrians are constantly coming in and out.

This is the confidence.

If it were in other places, the city gates would have already been closed by this time, and traffic would be prohibited.

The new Kyoto City is only a hundred miles away from the former Kyoto City, a city that has long been occupied by high-level zombies. But the city of New Kyoto still dared to open its gates after nightfall.

Of course, the reason why New Kyoto City has such a seventh is that the headquarters of six of the ten major legions are inseparable here.

At this time, in front of the city gate.

Nearly twenty soldiers are fully armed and are constantly checking pedestrians or vehicles entering Kyoto City.

"What's the matter? I have never seen such an inspection before in Kyoto City!" Yin Yang, who was sitting in the passenger seat of Li Tianche, muttered to himself with some confusion: "Could it be that something is wrong with Kyoto City??"

After the end of the world, Li Tian came to this city for the first time, naturally he didn't know what he was like before.

But soon, Li Tian and others knew the whole story.

It turned out that the Forbes Power Tournament started in Kyoto, and the competition will officially start the day after tomorrow.

And this annual event attracts experts from all over the country to participate. Naturally, there are also many people who want to enter the city of Kyoto to show the charm of those experts.

At this time of the year, there will always be some high-level zombies taking the opportunity to enter the city of Kyoto, which will affect the peace of Kyoto.

For this reason, the coalition forces discussed this year to strictly check all people entering Kyoto City.

If you are not a resident of Kyoto City and cannot produce the certificate of a Kyoto City resident, and you want to enter Kyoto City, you need a resident of Kyoto City as a guarantor.

And each guarantor can only guarantee one person to enter Kyoto City. Only in this way can the population entering Kyoto City be controlled, and it can also effectively prevent high-level zombies from entering Kyoto City.

As for residents of non-Kyoto City, they could not find a guarantor, and thinking about entering Kyoto City, the coalition forces also gave a way to pay for the inspection of one hundred fourth-level corpse crystals, and they were checked by a dedicated person. After the inspection, it can be proved that you are not a zombie. Only then can you enter Kyoto City and stay in Kyoto City for a maximum of one month.

And those one hundred fourth-level corpse crystals would definitely not be returned.

Of course, if you want to obtain the status of a resident of Kyoto City, there are ways.

The first method is through the upper-level relationship, through the high-level discussion of the coalition forces, the identity can be issued.

The second is relatively simple, that is, buying a property in Kyoto City, but this is definitely not something ordinary people can do.

The third method is more difficult. It needs to have special contributors to the entire human race, such as breakthroughs in zombie research technology, or retaking cities controlled by corpse tides, expanding territory for mankind, and so on.

No matter which one of these three conditions, Li Tian can completely meet. But now Li Tian still doesn't know this kind of regulation, and is still waiting obediently for the inspection.

A first-level coalition soldier wearing a five-level bounty hunter badge walked up to Li Tian's car, tapped the window glass of Li Tian's car a few times with his hand, and said to Li Tian: "Please get out of the car, accept an examination!"

Li Tian put down the window of the car, reached out and took out a few level 5 corpse crystals from the skin, smiled and stuffed the corpse crystals into the soldier's hands, and said, "Trouble you, brother, it's convenient, we are in a hurry to enter the city!"

The soldier took Li Tian's corpse crystal, threw it in his hand, with a smile on his face, and directly stuffed the corpse crystal into his skin. But this guy soon changed his face, returned to a serious look, and continued: "Please get out of the car for an examination!"

What's wrong with this Nima?

The corpse crystals have been collected, and they are so shameless.

"Stupid? Do you think this city of Kyoto is an ordinary fortress? It is normal for them to collect your corpse crystals and not do anything for you. Come on, it's up to me!" Yin Yang stretched out his hand. Passed Li Tian a bronze plaque the size of a palm with an embossed dragon head on it.

Yin Yang continued: "The kid in the car behind you is a zombie. It will be very troublesome if it is examined. You give him this sign, and he will let it go as soon as he sees the sign!"

Li Tianjiang accepted the bronze plaque suspiciously, handed the plaque to the soldier, and said, "The car following me is also ours, so please help me."

After the soldier took the bronze plaque handed over by Li Tian, the expression on his face immediately became in awe, even like Li Tianjing's salute, shouting loudly: "I don't know it is your car. Please forgive me."

Said that the soldier held the bronze plaque with both hands and carefully returned the bronze plaque to Li Tian.

Then he reached out to the skin to dig out the corpse crystals, thinking about returning the corpse crystals that Li Tian had just received to Li Tian.

"The little comrade has performed well and deserves praise. These corpse crystals are regarded as rewards for you, and you must continue to maintain them in the future!" Li Tian immediately pretended to say.

Situ Ningbing, Xue Ji and Yin Yang in the car rolled their eyes, especially Yin Yang, wishing to kick Li Tian from the car.

Li Tian and Tang Xiaolong's cars did not need to be inspected and were immediately released.

"Who did you check just now? How did you see that you were laughing and saluting? In this Kyoto city, there are not many people who can let us do this?" One of the soldiers asked the soldier just now. Tao.

The soldier's face still kept excited, pretending to be mysterious: "Guess who is sitting on the car I checked just now?"

"Who is it? Say it! Don't sell it!" several soldiers said.

"Hey, what the person showed me just now was a brand with an embossed blue dragon dragon head on it! Do you know it now?"

"Huh!" The soldiers who heard around immediately took a breath.

Inside Li Tian's car.

"Can you return that brand to me, right?" Yin Yang said a little displeased.

"Hey, your brand is good, let me play for a few days!" Li Tian said roguely.

"Hmph, this brand is not easy to handle, don't blame me for not reminding you, if you hold it in your hand, it may bring a fatal disaster."

"What's so great, isn't it just a broken bronze brand!" Li Tian said disdainfully.

Yin Yang sneered and said, "This bronze brand is only ten yuan in the country. Only ten people are qualified to hold the brand. You are not qualified now!"

Chapter 3470: Massacre (1)

"Not qualified?" Situ Ningbing and Xue Ji asked in confusion.

"Don't you understand? This is a brand that the commanders of the top ten legions are qualified to hold. And our heaven is still a super second-rate legion. Even if we have the strength of the first-class legion, we still have not been recognized by the first-class legion. The difference between the legions is not one and a half stars!" Li Tian said.

It is often said that in the end times, the strong is respected, and it works equally well on the legion.

The ten legions, in the town controlled by Panshi, because Yin Yang was the commander of the ten legions, the guard commander fled in fright. Even Shi Xu, the friend of their city lord, was kneeling in front of Yin Yang. People dare to manage.

In this city of Kyoto, if you are an ordinary person, you need to undergo strict censorship. Even if you have more corpse crystals for the soldiers, those soldiers will still not kill you. You should be checked or you must be accepted. But with the brand of these ten legions, the soldier smiled and saluted again.

This is the difference.

Li Tian secretly decided in his heart that he must bring the heavens to the height of the Ten Legions, so that the people of the heavens can arrogantly no matter where they go, and not be bullied and despised by others.

After entering Kyoto City, Yin Yang invited Li Tian to live in the office center of Yin Yang Gate in Kyoto City.

But when Li Tian and others drove to the office center in Kyoto City, they saw that the house was full of dark lights, full of eerie feeling, like a haunted house, and several girls immediately objected.

Li Tian tactfully declined Yin Yang's invitation, and Yin Yang did not force it.

"Brother Tian, let's go to the Sakura Legion! If the legion commander knows that you are here today, he will definitely be very happy!" Lily said with some excitement.

Li Tian didn't want to go to Sakura's Legion to find his Li Tian's woman Duanmuying.

However, Li Tian is a man.

A man must have the self-esteem of a man. When I come to Kyoto this time and look for Duanmu Sakura, I will definitely go, but not now.

The first thing Li Tian needs to do is to find Xiao Qiuman and tell Xiao Qiuman that Li Tian has come to Kyoto City.

Then Li Tianhui came forward alone and went to the Bounty Hunters Association to solve his affairs personally.

Rather than relying on the Sakura Army, rather than relying on Duanmu Sakura!

"Tonight we will go to the hotel, and tomorrow I will go to the Bounty Hunters Association!" Li Tian said calmly.

When Li Tian said this, Lily immediately understood Li Tian's thoughts.

"This is Li Tian's character! The man the commander likes is really extraordinary!" Lily looked at Li Tian and thought.

Turning her head, Lily looked at Tang Xiaolong again.

Tang Xiaolong's dark complexion under the dim light was like a black man, full of mystery.

"But my little dragon is also very masculine, especially in the darkness, full of ***** and mysterious feeling, deeply attracted me!"

And Tang Xiaolong saw Lily looking at him, smiled at Lily, showing two rows of white teeth.

"Oh, I found that I can't breathe anymore!"

The car drove out of the Yinyangmen office center in Kyoto.

As the core cadre of the Sakura Army, the first thing Lily did when he came to Kyoto City was to report to the commander of the army.

Therefore, Lily can't continue to accompany Tang Xiaolong, but as a half host, Lily still shows Tang Xiaolong conscientiously, brings Tang Xiaolong to a hotel, and settles Li Tian and others to Li Tian. Pointing to the address of the headquarters of the Bounty Hunter Association in Kyoto, and also said the address of the headquarters of the Sakura Corps, and then reluctantly left.

The next day, Li Tian asked Situ Ningbing to take Xue Ji to take a stroll in the city of Kyoto. After all, there is still a big difference between cities in the earth world and cities in other worlds. Then Li Tian took Tang Xiaolong and Dog Nose to the headquarters of the Bounty Hunters Association.

In order not to cause unnecessary trouble, Li Tian allowed Little Tianyi, Little Bat, and Mutant Crow to enter the space of three Yashas.

The headquarters of the Bounty Hunters Association is a building over twenty stories high. In front of the building is a huge square, and in the center of the square, there are still twelve bronze statues of real people.

These twelve bronze statues are naturally the strongest twelve members of the Bounty Hunter Association.

From the square to the lobby of the Bounty Hunters Association, there was a wavy of people.

Those bounty hunters who have a rare opportunity to enter Kyoto will make a special trip to visit here, and those who are capable of bounty hunters will pay a fee and directly pass the corresponding level at the bounty hunter headquarters.

Li Tian also carried his bounty hunter level badge on his chest, but now Li Tian's bounty hunter level is not enough to see, and the level of a bounty hunter who can be pulled across the street is higher than Li Tian's.

Those who are like Li Tian with a level six or seven bounty hunter badge on their chests, in some organizations, may be the pillars, and now after entering the lobby of the Bounty Hunter Association headquarters, they dare not rise up. Noisy.

In the hall, occasionally one or two bounty hunters wearing eighth or ninth-level badges will pass by. These people are like arrogant peacocks, almost not squinting, enjoying the gazes of those admirers.

"You really can pretend to be forceful! Brother God, you have a relationship with the Bounty Hunter Association. Otherwise, you have already reached the ninth level of bounty hunter just by hunting twelve-level zombies in Beitang!" Tang Xiaolong said unconvincedly.

Tang Xiaolong had no good intentions to bring out his bounty hunter badge.

So far, Tang Xiaolong's bounty hunter badge is still level five, which was issued to Tang Xiaolong when the president of the Baijing Celestial Bounty Hunter Association.

According to Tang Xiaolong's current strength, Tang Xiaolong now has the strength of an eighth-level bounty hunter, which may even be higher.

"Do you want to say that your strength has reached level 8 bounty hunter? Don't you wait for us to return to the heavens, I called Bai Jing to create a batch of level 10 bounty hunter badges, the first one will be Are you hanging up?" Li Tian said.

"Brother Tian...you don't like me?" Tang Xiaolong looked at Li Tian with a tearful look, as if he had received a great grievance.

"vomit!"

Hearing a black man talking to another man like this, several bounty hunters beside him retched at the same time.

Li Tian completely ignored the bounty hunters, and went directly to a staff member of the Bounty Hunters Association.

"My name is Li Tian! I want to find Xiao Qiuman!"

The staff member was obviously aware of the existence of Li Tian, and said in a little surprise:

"Li...Li Tian, okay, wait a moment, I will report to my superior!"
