

A Killer 351

Chapter 351: Sad, parting

A crisp slap hit Li Tian's face fiercely.

It was a slap of hatred and humiliation.

She struck five blood-red handprints directly on his face because of excessive force, and at the same time, she also punched Li Tian's mouth with scarlet blood.

"I hate you....."

"From now on, don't let me see you again... If you let me see you again, I swear I will kill you myself."

Tears filled her eyes, and when she said those words, she turned around and stopped looking at him.

Li Tian stood there silently, the blood on the corner of his mouth slowly dripping from his chin, dripping onto the cold ground.

There was a lonely smile at the corner of his mouth and despair in his eyes.

Although he had thousands of words in his heart, he couldn't say a word after all.

Looking at her back, Li Tian finally took a look: "Don't hate me..."

Then he slowly put down the bottle of antidote that Li Tian had in his hands to fight for his own life, and gently placed it in front of her, then he turned lonely, without looking back, and left...

Leaving slowly with endless heartache.

All that is left is the sad backs of each other...

Children's love, idiotic since ancient times.

At that moment, Li Tian seemed to be hollowed out, and his whole person was in despair...

There is only one belief in his heart, that is to let her live well and make her happy, even if he exchanges his life for her, Li Tian will not hesitate.

But what about her?

At that moment, after her emotions burst out but she was rejected by him, her heart was so painful, she knew that all this was for her good... Li Tian did not hesitate to exchange her life for her to unlock the poison of the Sanshengmen... But all this will eventually be buried behind the truth.

Now she just carried a **** hatred.

Hate Li Tian.

Li Tian changed.

From the moment he rejected Situ Ningbing, his heart seemed to become cold, as if he had no feelings anymore.

When he came out of the blood prison, his whole body carried a fierce aura.

Now he has become a member of the Duanmu family.

He wants to do something for this dark family.

Even if his hands were stained with blood, he would not hesitate.

Perhaps from this day on, he will become the most important killing tool of the Duanmu family.

In the dark place, a pair of fierce eyes was looking at everything in a dark room at this moment.

Those eyes were violent and ferocious, looking at Li Tian's desperately walking figure, a sullen smile appeared at the corner of his mouth.

"Unexpectedly this kid... is such a person, not bad, not bad..."

"Hey, it's a pity that he is not from my Duanmu family."

"When this kid turned around at this moment, I saw the coldness and pain in his heart... Maybe he really became a real tool of murder for our family."

Those words were spoken softly in his mouth, and his dark eyes slowly left the peeping dark room...

Situ Ningbing was released.

Duanmu Heiming really sent Situ Ningbing away according to his promise.

When he was sent away, Li Tian did not go out and did not see her for the last time.

Because he understands better than anyone, even if he sees it, it won't help.

And Situ Ningbing? It seemed that she didn't want to see Li Tian. Although she had thousands of questions in her heart, they couldn't compare with her heartache at the moment.

She left here full of hatred and pain.

When Duanmu Heiming asked Situ Ningbing away, he blindfolded her and led her out of the Duanmu family.

Situ Ningbing left the Duanmu family with endless hatred and disappointment in that way, and she hated Li Tian deeply in her heart.

At the same time, her heart was tingling deeply. She couldn't understand why Li Tian would reject her...

I even wondered why this man who had tried to save her at his dying moment rejected him in a state where there was no poison on his body...

So she hated and left the Duanmu family with endless hatred.

She may become colder and more cruel, all of which are just to make up for her traumatized heart.

It was the first time to love someone, and for the first time to utter such words from his mouth, but he refused, with no room for rejection...

Why, this is exactly why! !

Maybe when she finally knew it, she would truly understand that everything Li Tian did was originally for her.

Maybe Situ Ningbing would really be with him then?

What about Li Tian? Since Situ Ningbing left here, he has rarely spoken.

Sometimes I don't even say a word all day.

What about the Duanmu family? It also became weird because of the arrival of a foreigner. Whenever Li Tian walked in the house of the Duanmu family, the people in black would stare at him with strange eyes.

It seems that he is from an alien planet.

His arrival may be an alternative to most of the Duanmu family, but for her, it is full of novelty.

In front of a mansion full of black poppies, those fascinating and beautiful flowers are blooming there.

But although these flowers are beautiful, they are extremely spicy because they are poppies.

In the Duanmu family, perhaps she is the only place that exudes signs of life.

Of course it is Duanmu Ying, the daughter of the Duanmu family.

Duanmuying has been extremely happy since she heard that Li Tian had returned to their Duanmu family.

Maybe she herself doesn't know why she is so happy, but she is so happy.

In the tidy boudoir with a faint fragrance, but seeing Duanmu Ying smiled and stood there to dress up.

She held a wooden comb in her hand and gently separated the light hair on her head.

The jet-black hair draped over the soft shoulders like a waterfall, and the exquisite melon face was facing the vanity mirror in front of him and dressed himself.

"Miss... why do you dress so beautifully?"

Suddenly a beautiful woman came out from behind.

The woman has a round face and two shallow dimples, which is really cute. Especially those eyelids made her clever and clever.

She has been Duanmuying's girl since childhood.

"Huahuan, come and see how my earrings are?" Duanmuying said as she arranged her beautiful earrings.

The girl called Xiaohuan ran over with a smile.

"Miss, it's beautiful enough, if you dress up, the fairies on that day will be jealous."

Duanmuying giggled at once.

"Little girl, your mouth is the most talkative, but this lady just likes it."

Xiaohuan grinned, showing two shallow dimples on his face.

Chapter 352: Missy is angry

"Miss, I heard that our family has a foreign surname... Is it true?" Xiaohuan asked curiously.

When Duanmuying heard her say this, she hummed in her mouth and asked, "What's the matter?"

Xiaohuan quickly said: "It's okay, I'm just asking for curiosity."

"I just don't want to understand. Our family has been known for its mystery for so many years, and we have never let outsiders know where our place is. Why should we let a foreigner into our family this time?" Xiaohuan said in surprise.

Duanmuying frowned in front of her for a while.

In fact, she couldn't understand why her father suddenly let that Li Tian return to their family. According to the past attitude, her father would definitely kill all the outsiders, or send it to the fourth elder of the Duanmu family. The blood prison under his control will never be kept.

But what I didn't expect was that Li Tian in front of him would be put in the Duanmu family.

But for Duanmuying, these are not important to her, what is important is that she has always had a good impression of Li Tian.

At least she feels that in this boring Duanmu family, maybe Li Tianneng is not boring to accompany her...

"Miss, the whole family is talking about him now. I heard that his name is Li Tian? Isn't it, Miss..." Xiaohuan continued to ask.

Duanmu Ying in front of her gave the little ring a white look.

"The girl is okay, why are you asking these...really, okay, okay, I won't tell you anymore."

Duanmu Ying stood up and walked outside.

What if Duanmuying is so beautifully dressed?

I saw that she passed through the buildings like the old castle, and then walked towards the small room on the side.

That room had been an empty room in the Duanmu family before, but what did Duanmu Ying suddenly do?

Soon after arriving at the door of the remote room, I discovered that the iron wire on the door had already disappeared. On the contrary, the house that was previously empty must be occupied.

After Duanmuying got here, she coughed twice and then knocked on the door with her hands gently.

Unfortunately, after knocking on the door, there was no sound from inside.

Duanmuying was slightly curious.

"Is it possible that he is not here?" Duanmuying thought to herself.

Thinking about this, Duanmuying directly reached out and pushed open the door. After the door was pushed open with a squeak, the room was still quite big.

It's just that it's relatively empty inside, and there is nothing else but a few simple wooden chairs and tables.

When Duanmuying walked in, she was so surprised that she almost screamed.

Because she saw his figure standing motionless there at first glance.

Those cold eyes stared at her tightly.

"Hey, are you there? I called you outside just now, why didn't you speak, scared me to death..."
Duanmu Ying said with a white glance.

But who is the man standing in the room?

Li Tian.

Yes, he is Li Tian.

Li Tian was temporarily arranged here since he returned to the Duanmu family.

After being arranged here, he rarely walks outside, and spends most of the day hiding in the room alone, not knowing what he is doing.

Duanmuying is now looking for Li Tian.

But when Duanmuying said those words, Li Tian looked at her coldly.

"What are you doing here?" he said coldly.

Since Situ Ningbing left, Li Tian has become cold-blooded and ruthless.

Duanmuying did not expect his attitude to be so cold, and said: "This is our family, of course I want to go, then go there..."

"It's you, why did you stay here? Don't you know that the most taboo thing in our family is that others know our secrets. Once you know too much, be careful we will kill you." Duanmuying smiled. Say.

In fact, she was talking for fun, not sincere.

But when the words were heard in Li Tian's ears, a disdainful smile appeared at the corner of his mouth.

"I'm already a dead person." He suddenly said fiercely.

When Duanmuying heard him say this, she couldn't help but froze, turning her head to look at him:
"What do you mean?"

"I took the most poisonous Sanshengmen poison in your family, and I will die anytime and anywhere. Death is not scary to me now... If you want to kill me, you can kill me at any time." Li Tiandao said.

"What? You took the poison of Sanshengmen Poison?" Duanmuying said in disbelief.

As a daughter of the Duanmu family, how could she not know the power of Sanshengmen Poison?

At this moment, he was completely stunned. How could he have eaten the poison of Sanshengmen?

"No wonder you stay here... It turns out that my dad forced you to eat the poison of Sanshengmen."
Duanmuying muttered in surprise.

Li Tian cast a cold glance at Duanmuying: "The reason why I stay in your family is because I promised you, one life for another."

Duanmuying felt aggrieved. She was kind enough to come here to see Li Tian and talk to him.

He didn't expect his attitude towards himself to be so cold.

At this moment, it was full of grievances, and he stomped his feet viciously.

"You are so great..."

"Unexpectedly that you are so stupid that you don't take your own life seriously for a woman...I'm taking you, is that woman so good?"

Li Tian suddenly turned his cold and merciless face and looked at Duanmuying angrily.

"You say something ill of her...I..."

The vicious tone seemed to kill Duanmu Ying.

Duanmuying became angry at once.

"What do you want? Is it possible that you still want to kill this lady?" Duanmuying said more and more angry.

Originally, I came over to look at her kindly, but I didn't expect this guy to treat him like this... and it was for the woman named Situ Ningbing.

"Huh, do you care about me whether you are dead or alive? But I tell you, from now on you are the slave of our family... If you don't listen to us, we will kill you at any time. Killing you is like a pinch It's as simple as dying an ant."

After vomiting her words viciously, Duanmuying strode out as if she was venting.

After going out, she was all over.

Originally, I was in a good mood today, but I did not expect to encounter his cold attitude, which really made Duanmuying too sad.

Who dared to treat her like this in front of her since childhood?

But now he treats himself like this?

"The surname is Li, please remember to this young lady, this young lady will definitely not let you go." Duanmuying bit her lip and stared while waiting. At the same time, she suddenly thought of that Li Tian was in her mouth in a coma. Situ Ningbing's name... she hates it!

Chapter 353: Terrifying Li Tian

Since Li Tian stayed in the Duanmu family, his name has spread rapidly in the Duanmu family like a bacterium.

Now the entire dark Duanmu family almost knows that there is a foreign surname: Li Tian has arrived in the dark Duanmu family.

Although Li Tian rarely goes out, every time he comes out, facing those weird gazes and their comments, he turns a deaf ear to his own way.

Here Li Tian can be desperate.

Because here is hell.

Although Li Tian's heart can be said to be numb or dead, he is still doing what he should do.

In the process of staying in the Duanmu family these few days, he finally discovered why this family is so mysterious.

Because the place where the Duanmu family lives seems to be somewhere out of the world.

They seem to be isolated from the world, and the most important thing is that they are surrounded by mountains.

It's hard to imagine where they live.

There are few modern things in the Duanmu family... They are not used, but rarely used, such as computers.

In the Duanmu family for so long, Li Tian has never seen such a thing.

But Li Tian faintly felt that the reason why such a huge family could become one of the four big families was definitely not only because of their darkness, but because they also had a very mysterious organization.

And that organization is the financial group that controls all regions of the country.

The bosses behind many large companies outside are actually members of the Duanmu family, but their finances will be imported into the Duanmu family's total growth.

When Li Tian was okay, he would stand alone in the Duanmu family, looking at the distant sky, thinking about everything.

The Duanmu family surrounded by mountains, Li Tian also thought about where it is?

He once looked at the map of Jinghai City. There are few mountains in Jinghai City. The only place with mountains is the Wild Wolf Valley...

But the Wild Wolf Valley is more than 1,000 meters high and extremely dangerous. Many climbing athletes will die here, and there are many wolves in the Wild Wolf Valley... As a national first-level protected area, there are very few people coming and going here. Even if it comes in and out of it, it's a national expedition or something, and visitors can't enter.

Thinking of this, Li Tian couldn't help wondering, does he really live here?

Could it be said that the reason why the dark Duanmu family is so mysterious is because they live in this dangerous place?

He was taken aback when he thought of this.

He guessed it was not bad at all. The Duanmu family's mansion was actually in the Wild Wolf Valley.

But he guessed wrong, because the Duanmu family mansion is under the cliff of Wild Wolf Valley, not above it.

A family as large as the Duanmu family has been known for its mystery for hundreds of years. Their mystery is not only because of people, but even their place of residence is extremely mysterious.

According to legend, people once saw the old nest of the Duanmu family in the northern part of Liaoning... But when someone really went to see it, it was a piece of ashes and there was nothing.

What is the reason for this?

Maybe only the Duanmu family knows it.

The Duanmu family has not been known to outsiders for so many years, and only because once the address of the Duanmu family is known to outsiders, they will immediately blow up the place where they currently live, and will quickly move to another place, so Doing so neither exposes their identities, but also makes their whereabouts an eternal mystery.

No wonder that for so many years, the outside world has been rumoring that a certain place was once the old nest of the Duanmu family... Maybe it is really as they say that place is really, but it may also be the old site of the front wood family.

Of course those people in the new place will not know where it is.

The next day.

This is the sixth day that Li Tian has stayed in this dark Duanmu family.

He walked alone towards the place where the head of the Duanmu family lived.

The members of the Duanmu clan passing by looked at him with strange eyes, but Li Tian didn't mind at all.

From the moment he refused Situ Ningbing, his heart became cold and merciless.

When he reached the gate, two members of the Duanmu family stopped him.

One of them coldly bet Li Tiandao in front of him with contempt and said: "Stop, you are not eligible to go in now."

Listening to the guard at the door saying this, Li Tian suddenly stared at him with his hot eyes.

"Stop talking nonsense, no more nonsense, I will kill you."

Li Tian said fiercely.

Then he walked step by step towards the hall.

The two Duanmu members standing at the door snorted coldly: "Stop, no entry is allowed."

With the roar, before he had time to start, Li Tian suddenly turned around, flew a kick, and kicked the guard's chin with a bang.

With a bang, the guy's entire chin seemed to be kicked off, and his body flew out, falling heavily to the ground, half dead.

"You..." Another guard from the Duanmu family looked at Li Tian with hatred, but when his eyes touched Li Tian's cold eyes, he was too scared to do anything.

Li Tian didn't look at him again, and then walked towards the hall step by step.

"Who is this guy..."

"How terrible..."

The guard of the Duanmu family murmured in his fearful mouth.

He clearly saw the endless murderous intent in Li Tian's eyes just now, and that ferocious mind seemed to swallow the whole world.

If he insisted on blocking Li Tian, he would probably be killed by Li Tianji himself.

After Li Tian broke in alone, a row of Duanmu family members were still standing in the hall.

These people are personal guards of the head of the Duanmu family.

When he saw Li Tian strode towards here, he suddenly stood in front of him in a row.

"No one can enter without the command of the clan leader." The guards around the clan leader said.

"Get out... If you don't let out, don't blame me for killing you."

After Li Tian vomited these words viciously, he raised the scarlet eyes.

The black men standing in front of him remained motionless, as if a battle was about to be launched.

At this moment, suddenly a deep and powerful voice came out.

"All back."

As the voice appeared, the personnel standing in front of Li Tian slowly retreated one by one.

Then I saw the clan leader of the Duanmu family step by step coming out from the side, squinting at Li Tian who walked in with those dark eyes.

Chapter 354: Wind Magic

There is a smile on his white face. If it weren't for judging from the wrinkles on his forehead that he was not young, people who could not tell from his face would think he was only in his 30s...

At this moment, after Duanmu Heiming walked out, he sat on the top dragon chair.

Then slowly raised his head, looked at Li Tiandao in front of him, and asked, "Is there anything wrong with me?"

Li Tian stood below and said coldly, "Yes."

"what's up?"

"I want to go out..." Li Tianwu said to himself.

"Go out? Leave Duanmu family?" Duanmu Heiming's eyes suddenly became fierce.

The right hand wearing the Duanmu family supreme ring was slightly placed on the thigh, and his eyes were fixed on Li Tian.

"Not bad."

"I'm just going out for a trip and will be back soon. Don't worry, I promised to do things for you for your family, and I will definitely do things for you." As Li Tian in front of him said so, Duanmu Heiming wrinkled slightly. Frowned.

Thought for a while: "Okay."

Suddenly the two words came out of his mouth.

"I want you to go out, but you must come back to me on time." Duanmu Heiming said.

Li Tian nodded after hearing Duanmu Heiming's promise, "Just rest assured."

"I will naturally come back after finishing my business."

"it is good."

After Duanmu Heiming said so, Li Tian turned around and walked out.

After he left, Duanmu Heiming's pair of dark eyes kept looking at his back.

"Heiming, do you really agree to let him out? What if he doesn't come back?" A charming voice suddenly came from the side.

It was the black widow who spoke, Hua Sanniang.

He just listened to Duanmu Heiming smiled coldly: "He won't."

"This kind of person, I know best, once he agrees, he will never repent. What's more, if he repents, then he will seek his own death."

Hua Sanniang hesitated for a moment, and did not speak any more.

"You should be able to see that his temperament is becoming more and more violent now... I believe that he will soon be influenced by our family and become a dark person. Then he will become my Duanmu Heiming. Tool of killing."

"I will make him a murderous madman to deal with the other three families." Duanmu Heiming said, laughing horribly.

Sen Leng's voice echoed throughout the hall.

"Wind Demon, come out."

As Duanmu Heiming uttered in front of him, suddenly he didn't know where he came from, and a black shadow suddenly appeared from one place.

Whoosh suddenly appeared.

The person who looked at him carefully, he wore a black mask on his face, except that he showed only a pair of beast-like eyes and a black tooth that looked disgusting.

There was a strange aura in his whole body, like a monster.

In fact, he is indeed a monster.

From the moment he was born more than 20 years ago, he was treated like a monster.

Almost killed since childhood...

It's a pity that someone raised him and taught him a terrifying kung fu. From then on he was named Feng Mo.

At the moment when the monster-like wind demon called out, he bent his body and stared at the Duan Mu Heiming,

He didn't seem to be able to speak, his mouth grumbled like an animal.

Then only listened to Duanmu Hei Mingdao: "I sent you to follow the person just now, remember not to be found by him."

After he finished speaking, the monster called the lunatic nodded strangely.

Then he ran to the door quickly like an animal, and disappeared instantly.

Hua Sanniang laughed aside.

"Unexpectedly, you would send the Wind Demon to follow that kid... If there is a Wind Demon following, then even if he wants to escape, the Wind Demon will personally kill him."

Duanmu Heiming smiled darkly on his face.

Obviously he is still not at ease with Li Tian.

This insidious Duanmu family clan leader really hated and cautious enough.

Who is Wind Demon?

Is it really so powerful.

Perhaps no one has ever heard the name "Wind Demon" in the outside world, but the name of this monster in the Duanmu family is indeed thunderous.

Because everyone knows that in the Duanmu family's family meeting five years ago, this monster wearing a horror mask used to wash the lives of 11 members of the Duanmu family alone on the court.

From that moment on, he was called the most evil "monster of the Duanmu family."

It was also from that day that he was the first to become the shadow of the head of the Duanmu family.

Not only Duanmu Heiming's personal bodyguard, but also an invisible personal bodyguard.

So you can imagine how powerful he is...

—

The place where the Duanmu family lives is under the cliff in the Wild Wolf Valley.

To get out of the Duanmu family, one must take the elevator.

And it is a manual elevator.

The invisible assets of the Duanmu family have long been in the top ten of the domestic Forbes wealth list, but this family is relatively low-key and mysterious, so the media and the outside world cannot count how many assets the Duanmu family has.

The elevator in front of him runs directly from under the Duanmu family to the top of the Wild Wolf Valley.

A huge steel cable chain links the elevator below, like a mobile pavilion inserted in the clouds, magnificent and huge.

When Li Tian got there, he was stunned.

He had to be shocked by the awesome design of this Duanmu family.

It's not an exaggeration to use it wisely right now.

There are also 5--6 guarded members of the Duanmu family, in order to prevent members of the Duanmu family from going out privately.

No matter who is going in or out of the Duanmu family, the owner's consent is obtained.

When Li Tian in front of him arrived, the 5--6 members of the Duanmu clan glanced at him. They had already received the order from the Duanmu clan leader to let him go out.

At this moment, he took Li Tiandao after the moving elevator.

I only heard a member of the Duanmu family say to Li Tiandao: "After going up, there will be our people who will send you to the city."

"It's the same when you come back."

After speaking those words coldly, Li Tian went up the huge elevator.

After the member of the Duanmu family below pressed the button of the elevator, the elevator ascends quickly and steadily, like an elevator.

Li Tian, who had not paid attention to the height, was completely shocked as he slowly moved up with the elevator.

So high!

He couldn't help but look at the small buildings below the cliff, and he couldn't help but sigh how big this Duanmu family really is? Every place in this family revealed endless weirdness and weirdness, which deeply shocked Li Tian, who was the first time I saw it.

Chapter 355: Interview with Ouyang Family

Since Li Tian left the Ouyang family, his mansion once given to him by Ouyang Zheng has become empty.

Tang Xiaolong, Chen Qiaozhi, and A Qiu became depressed after experiencing that incident.

Not only because Li Tian was taken away by the Duanmu family, but also because of their brotherhood.

No one of them now knows whether Li Tian is dead or alive? No one knows if he can remember brothers?

Although Tang Xiaolong and the others are still in Jinghai City, they have already left the Ouyang family.

Regarding their departure, Ouyang Zhengtian didn't say much.

Tang Xiaolong has always been resentful. He is a lover of personality. The time he saw Li Tian desperate to save Situ Ningbing, he felt that Li Tian was a real man and a good brother, so he had a lot of love for the Ouyang family. A slight complaint,

Complaining why the Ouyang family didn't help Li Tian at the time.

Perhaps a word from the Ouyang family can make Li Tianping safe and secure, and will not fight the brothers on the spot, but the Ouyang family has not done so... So Tang Xiaolong felt that he was leaving the Ouyang family.

As for Chen Qiaozhi and Ah Qiu, why did they leave the Ouyang family?

Tang Xiaolong didn't know.

The guy Aqiu is a taciturn person. If he doesn't want to speak, he can live without saying a word for a week, but what about Chen Qiaozhi? His reason for leaving is more complicated.

According to what he said to Ouyang Zhengtian when he left, he wanted to go out and walk around.

The rest did not say much.

Ouyang Zhengtian also nodded and agreed.

The current room where the brothers lived together is empty, and there are no more brothers.

But in the past few days, there is a shadow that has been staying in that room... thinking about her heart there.

She is the daughter of the Ouyang family: Ouyang Shiqing.

Originally from that incident, Ouyang Shiqing has been depressed and unhappy. She is the daughter of the Ouyang family. On the one hand, she has to bear the pressure of the family's danger and safety, but on the other hand, she has to endure his safety...

She was anxious and didn't know what to do.

She has always been sad on her beautiful face these days.

Thinking of him...thinking of everything about him...

Maybe even Ouyang Shiqing doesn't know why she cares about him so much.

She is the kind of extremely intelligent woman who is still in the United States, South Korea, and Japan. She is a talented woman who has studied together, but she can't solve this problem for a while.

This night, as usual, she turned quietly and came to the room where Li Tian once lived.

He opened the door of the villa and walked gently toward the room where Li Tian once lived on the second floor.

A pair of beautiful eyes stared at everything in the room, which made her slowly sink into thought.

She didn't turn on the light, the room was dark.

She opened the window and looked at the endless dark night outside. A cool breeze blew in, disturbing the black silk on her head.

She held her delicate chin in both hands, and her beautiful eyes, like water, looked at the bright night sky and thought about everything in her mind.

I don't know why there are Li Tian pictures in Ouyang Shiqing's head now.

Staying alone in the room...just staying, staying...

I don't know how long it took, and finally Ouyang Shiqing slowly prepared to leave the room in front of her.

She closed Li Tian's door gently, and then slowly walked towards the bottom of the stairs.

Because the light was not turned on, it looked dark inside.

At this moment, some slight movement suddenly appeared on the side.

Although the movement was light, it was noticed by Ouyang Shiqing. She was taken aback and turned to look to the side.

It turned out that the window below did not know when it opened. The cool breeze blew the window gently against the wall.

Ouyang Shiqing couldn't help smiling bitterly, thinking that people have already left the building here, where will there be people?

No, she walked slowly to the window, and then reached out her hand to gently close the window.

After closing the windows, Ouyang Shiqing walked out of the villa in front of her alone.

After she walked out, suddenly a black eagle slowly flashed out of the corner where Ouyang Shiqing closed the window just now.

His figure was obscured by darkness, unable to see his face clearly.

But from the silhouette of his body, he can still feel that his figure is so familiar.

He slowly walked out of the darkness after that Ouyang Shiqing walked far away.

The moment the light refracted from outside reflected on his face, he was surprised to find that he was Li Tian.

He turned out to be Li Tian from the Duanmu family.

Why did he come back here suddenly?

What is he doing in the Ouyang family?

I saw him looking at the distant Ouyang Shiqing, sighed softly in his mouth, did not say anything, turned and walked towards the room upstairs where he once lived.

After Li Tian quickly arrived in his room, he opened the door, and the fragrance of Ouyang Shiqing still remained inside.

Li Tian stood there for a long time...

To be honest, he has always had an attitude of awe and longing towards Ouyang Shiqing.

Ouyang Shiqing is like an arrogant princess, always giving men a gesture of looking far away, even Li Tian.

When I saw that Ouyang Shiqing came to her room, and squeezed her exquisite chin, thinking about her heart, Li Tian's heart throbbed...

He doesn't know why his heartbeat is speeding up, let alone why he dare not see her...

He stayed in the room alone, inhaling the scent from Ouyang Shiqing's body, and then he walked toward his cabinet.

Gently opening the cabinet, he slowly took out his worn-out travel bag.

It turned out that Li Tian came back to fetch things.

To be precise, he came back to fetch his "Book of Heavenly Book Pill Scroll".

He knew that he could not return to this Ouyang family, so he could only quietly take away all his belongings at this moment.

Isn't this? After taking out his worn-out travel bag, he quickly opened the travel bag, and then reached out to find something inside,

Soon, it was touched by Li Tian from inside.

Old books like antiques.

The cover made of animal skins has completely yellowed, and the traces of the years can still be vaguely revealed on it.

"Tianshu Danjuan",

What Li Tian took out was "The Book of Heavenly Book". When he saw his book again, Li Tian couldn't help but sighed softly.

It turns out that he visited the Ouyang family late at night for this "Book of Heaven". Of course he would not abandon this book that changed him from beginning to end. The reason he came was precisely because of it.

Chapter 356: I have no turning back

He calmed down when he saw that his "Tianshu Pill Scroll" was still there, and then slowly put the "Tianshu Pill Scroll" into his backpack.

He stood there silently, looking at everything in the room quietly, recalling the scenes of being with the brothers in his mind before, and a bitter smile appeared on the corner of his mouth.

Casting his eyes out of the window, looking at the boundless night, the whole person seemed to merge with the night. Now he knows that he has no way to turn back. Since taking the poison from the Sanshengmen of the Duanmu family, He has nowhere to go and can only do things for the dark family.

After standing there for a while, Li Tian silently picked up his backpack and then turned and walked towards the door.

Just walked out of his room door, suddenly a voice came over.

"You... are you back?"

It was the voice of a natural woman.

With a little surprise and excitement, she stared at him in the dark with her beautiful eyes under the hall.

She, Ouyang Shiqing.

It was Ouyang Shiqing who had just walked out.

Where is Li Tian? Did not expect that she could find herself.

He stood in the dark: "I'll get my things." His voice was unusually cold.

When Ouyang Shiqing heard his words, she didn't know why she felt a huge sense of loss in her heart.

Looking at him, Ouyang Shiqing would not know what to say for a while, she wanted to ask how Li Tian was injured? I wanted to ask what happened after Li Tian was taken away by the Duanmu family last time, but now? After hearing Li Tian's voice, she just stood there.

"Where are you going?" Ouyang Shiqing wanted to ask.

"Go where I should go," he said.

Ouyang Shiqing: "I know our family may be a little sorry for you... but I..."

Ouyang Shiqing tried to say something, but was interrupted by Li Tianzhisheng.

A cold smile appeared at the corner of Li Tian's mouth.

"No... your family didn't feel sorry for me, and didn't need to feel that you owe me anything. We were originally a cooperative relationship... now my use value is gone, so it's time for me to leave your family." Li Tian said in a voice like It was a piece of ice that said.

"How can you think like this? Our family never used you from beginning to end..." Ouyang Shiqing said.

Li Tian sneered.

"No matter what, I don't want to stay here again... Besides, I now have a place where I should stay."

"Where are you going?" Ouyang Shiqing looked at him and asked.

Li Tian walked slowly down the stairs on the second floor.

His eyes stared coldly at Ouyang Shiqing in the room: "You don't want to know."

When Li Tian said these words, there was a horrible feeling in the corner of his mouth.

Suddenly, Ouyang Shiqing felt a very bad premonition, and that premonition was like a big storm about to happen.

She was taken aback for a moment, and looked at Li Tian in disbelief: "Could it be...are you planning to join the Duanmu family?"

How smart is Ouyang Shiqing, when Li Tian said that sentence, she had already guessed the answer faintly.

But how can she believe it? How dare you believe it?

No wonder Li Tian said: She didn't want to know.

Li Tian didn't admit it, only a smile appeared at the corner of his mouth.

Slowly turned around and walked outside.

"Don't go." Ouyang Shiqing suddenly stepped forward and took his arm.

Her slender hand pulled his arm tightly behind, holding him back.

But what about Li Tian? But he faced Ouyang Shiqing with his entire back, without even moving his body.

Her beautiful eyes were trembling slightly, and even the hands holding his arm were entwined...

"Don't go... let alone join the dark Duanmu family, if you join their family, then you really have no turning back..." Ouyang Shiqing almost said to him in a begging voice.

Li Tian in the dark night did not look back.

He just said one last sentence: "I have no turning back."

After speaking, he took a step, broke away from her tightly pulled arm, and then walked towards the darkness, step by step... and soon the whole figure was completely swallowed by the darkness.

What about Ouyang Shiqing? At that moment, my heart was almost numb.

A pair of hollow and desperate beautiful eyes have been staring at the back he left for himself, watching, watching...

She doesn't know when they will meet again since this parting, let alone whether they will meet each other next time...

However, deep in Ouyang Shiqing's heart, Li Tian severely scratched a blood mark, a scar that would never heal.

After Li Tian left here, a dark shadow like a monster suddenly appeared from here.

His body was bent, his whole figure looked like a monster, and he looked at Li Tian away with a pair of weird eyes, and a grinning smile appeared at the corner of his mouth.

Through the dim light, he can see clearly that there is still a scary mask on his face.

And those eyes exuding extreme coldness came from under this extremely terrifying mask.

Then his body quickly chased forward like a ghost, following Li Tian.

Where did Li Tian go?

After leaving the Ouyang family quietly, Li Tian carried his backpack and walked step by step towards the bustling streets.

He did not return to the Duanmu family after taking his luggage, but walked step by step towards the downtown area of Jinghai City.

What is he doing?

Is it to leave the Duanmu family?

—

Since the last time the "woman lunatic" incident in Jinghai City, the underground world of Jinghai City has returned to its usual calm.

Those who deserve to be scammed are still rushing, and those who should be fighting for territory are still rushing for territory.

Their lives are still the same, except that after the bosses were killed by Situ Ningbing, new gangsters were ushered in.

What or what.

For example, now Fatty Liu's New Century Dance City.

Since the last time they besieged Situ Ningbing under the leadership of Fatty Liu and Mad Cow, even though the ending did not kill Situ Ningbing as they thought...but this still made Fatty Liu have the status of Jinghai City. Climbed.

The current New Century Dance City has long been reopened for business.

The passionate men and women in the ballroom on the first floor were still dancing wildly, and there was a depraved atmosphere in the ballroom.

In the corridor of the chess and card room on the third floor stood a few bodyguards of Fatty Liu, but from the chess and card room I saw the sound of laughter, which can be heard from the laughter.

Chapter 357: Bloody revenge

Entered the box but saw that Fatty Liu, who was bloated, was playing mahjong.

Sitting next to him were his own men in turn, the barbarian was horrified, and the other two were two men in suits.

"Boss Wang, Boss Zhou, you two are having fun with me, eating the best, drinking the best, and of course the woman who sleeps the best." Fatty Liu squinted and laughed.

The two men in suits in front of them were also smiling.

"Master Liu is indeed a good place here."

"Of course."

"There used to be two places in Jinghai City that could be comparable to me here, but now? Those two places no longer exist..." Fatty Liu said with a smile while playing mahjong.

Then the man named Boss Wang asked, "Why?"

"Because the head of the boss was cut off." Fatty Liu said unhurriedly.

"Huh?" The rich boss surnamed Wang couldn't help being stunned when he heard Fatty Liu say this. He was stunned at the moment, and almost forgot the mahjong tiles he was holding.

"How could this happen? Who killed it?" Boss Wang asked in surprise.

Fatty Liu in front of him squinted his eyes tightly and said, "Being a **** woman." Thinking of Situ Ningbing's current Fatty Liu, he was a little scared to be honest.

"A woman is so powerful?" the guy in front of him asked.

Fatty Liu said with gloomy eyes, "What can be done no matter how powerful it is? In the end, I was slaughtered by someone led by Laozi."

Hearing what Fatty Liu said, the two guys surnamed Wang and Zhou couldn't help looking at Fatty Liu with admiration.

"Master Liu is still great."

"Yeah yeah."

There was a hypocritical smile on Fat Liu's face.

In fact, everyone knows that none of the female lunatics killed her that day.

She was taken away by the Duanmu family.

After the Duanmu family appeared on the scene that day, they have been stunned by those on the road.

They never expected that the most mysterious Duanmu family would suddenly intervene in the end, and also take away Situ Ningbing at the time...

But no matter what, no one dared to say anything about the sudden appearance of the mysterious and dark Duanmu family.

No one dared to ask about that again. The only thing everyone circulated outside was that the "crazy woman" was killed...

Of course this news is completely false, but it doesn't matter to them.

Because everyone knew in their hearts that the Duanmu family had never been alive, so they were relieved.

Moreover, speculation about Li Tian's identity at the time also caused a storm in Jinghai City.

Everyone didn't know who was the "mighty man" who suddenly killed out when the mad cow should finish "Situ Ningbing" smoothly?

He even knocked down all the mad cows who used to be mercenaries in Myanmar, and also killed so many underworld figures in Jinghai City.

The events of that day will eventually be drawn heavily on the underworld in Jinghai City.

Now Fatty Liu is talking wildly about the day's affairs, and for him the nightmare is completely over.

He still has to live his enjoyable life, playing cards, sleeping with beauties, knocking medicine or something... this is life.

When he was rubbing mahjong with a few guys in the room and was very happy, suddenly there was a scream outside.

The scream seemed to be the sound from Fatty Liu's bodyguard outside.

The first time he heard the sound, Fatty Liu suddenly felt cold.

"What's going on? What happened outside?" Fatty Liu stood up from the stool and said with a pale face.

The barbarian dashed to the door of the room, then reached out and opened the door.

With a bang, a ***** corpse was directly thrown in.

The corpse's neck was completely crushed and bloody, it was obviously the throat tube was alive and pinched by someone with extremely strong claw force.

At the moment when the **** corpse fell, the two guys in suits who were playing cards with Fatty Liu in the room just now screamed, and one of them almost fell to the ground.

As for Fatty Liu, he was completely stunned. Even the barbarian beside him, Sang Biao, looked at the corpse on the ground with a gray face.

"Oh my God..."

"It's...you...you..."

Fatty Liu suddenly said with a trembling voice, one of his hands was raised, and there was endless fear in his eyes, looking at him like a devil.

He stood in the corridor like a demon, with scarlet blood stains on his hands, and the cruel and cold killing intent revealed in his eyes, completely shocking Fatty Liu in front of him.

Who is he?

It turned out to be Li Tian.

There were three or four guys who had been slaughtered by him.

The blood stained on the cold ground looked terrifying and hideous.

"Why... why... didn't you die?" Fatty Liu looked at Li Tian in disbelief.

An evil and dark smile suddenly appeared at the corner of Li Tian's mouth.

"Because I am going to kill you... kill all of you who forced her at the time."

"You **** it."

The terrifying words came out word by word from Li Tian's mouth.

There was a flame of revenge on his body.

It turned out that Li Tian wanted to kill Fatty Liu because of Situ Ningbing.

Li Tian would never let go of these people who still attacked Situ Ningbing at the time when Situ Ningbing was most in distress.

He wants to kill, kill all the people at the time.

Now is the time for his revenge.

After hearing Li Tian's words, Fatty Liu's legs became soft, and the muscles of his face trembled slightly because of excessive fear.

"Liu, hurry up..."

The barbarian Sangbiao was still heartfelt, with a loud roar, he suddenly grabbed a stool beside him and slammed it at Li Tian.

Li Tian flew up and kicked directly on the stool that was flying over. With a snap, he was directly kicked to pieces.

That Sangbiao punched out loudly.

A vicious and domineering punch slammed at Li Tian firmly.

Li Tian dodged, and a sharp flight of his right leg hit the chest of Sangbiao. Sangbiao let out a muffled groan, and his body nearly fell.

But at the moment he continued to pounce on, endless killing intent appeared in Li Tian's eyes in front of him.

Before the leaping Sangbiao came to him, Li Tian suddenly poured his entire Qi from his body onto his right palm, and then slammed his right palm.

With a huge wind, it hit the sullen chest firmly.

With a scream of wow, Li Tian's burly body was directly hit by Li Tian's palm and hit the mahjong table. The big and strong mahjong table was smashed alive by him.

died.

In this way, Sang Biao was beaten to death by Li Tian.

Chapter 358: kill

After the Sangbiao in front of him was beaten to death by Li Tian's palm, Fatty Liu in the room was completely soft and withered, looking up and despairing like a pig to be slaughtered.

Looking at Li Tian's **** and cruel eyes, he shook his hands trembling there: "No... don't kill me..."

"Do not kill me....."

But what about Li Tian?

There was a cruel smile at the corner of his mouth.

Laughing, hands fall.

The deadly hand quickly grabbed the Fatty Liu's throat.

Fatty Liu's eyes were concave and convex, and he wanted to stop him with one hand, but it was too late.

With a click, a crisp sound of broken bones came from the throat tube.

His pupils began to expand and contract for an instant, and then the corpse fell to the ground like a wooden bang.

The throat tube was crushed by Li Tian all at once, and he died in the chess room.

The other two card-playing bosses in the room were so scared that they screamed... But what about Li Tian's people? Has long since disappeared in the room.

Fatty Liu died. He died in his own new century dance city. The dance city outside is still playing the superb DJ sound, but the third floor is full of blood...

This is Li Tian's road to revenge. He wants to kill all those who were there to persecute Situ Ningbing...

Nothing else, just because he hates it!

Hate those people.

DJ heaven.

Ever since the previous owner, Thirteenth Young Master, was cut off by Situ Ningbing and died in DJ Paradise, DJ Paradise has been closing the door.

In the past, DJ Paradise was the most lively place with a huge number of people, but now it is closed. This is all because of the original events.

The place where the thirteenth young man is now dead has been handed over to his brother "Mad Cow".

This guy who used to be a mercenary in Vietnam almost killed Situ Ningbing that night.

Of course, his strength is far inferior to Situ Ningbing, but Situ Ningbing at the time was due to the poison of the Sanshengmen in his body, but if it was not said that Li Tian arrived in time, it is very likely that Situ Ningbing really did. It will be dangerous.

Although the mad cow was wild, he had worked as a mercenary and killed people before, and his hands were stained with blood.

But under Li Tian's hands, he was the one defeated, and the one who defeated him is still clearly in his mind.

If it wasn't for the underworld figures who had too many Jinghai City, I believe that the mad cow at that time would definitely be beaten to death by Li Tiangi.

The current mad cow still hates that Li Tian in his heart.

But remembering hatred always comes down to remembering hate, but his feeling towards Li Tian is a sense of fear, a sense of fear from the heart.

Since that incident, Mad Cow has also inherited his brother's territory.

The boxing gym in the West District of Jinghai City is very close to DJ Paradise. This boxing gym was also the site of the thirteenth youngsters, and now it is also the site of the mad cow.

In the boxing hall, the light was not very bright, but I saw a few naked hunk men punching there.

The muscles on their bodies are undulating, all of them are sturdy and burly, and their bronze skin symbolizes their strong physique, and they hit the punching target on the sandbag.

These 5--6 boxers are all under the mad cow.

Mad Cow himself is a figure who likes to practice boxing. Since he was defeated by Li Tian last time, he has been practicing boxing in the gym every day.

I saw a boxing ring that was about ten meters long.

The mad cow was shirtless and burly, and was practicing boxing there.

On the opposite side was a hunk man who was as strong as a mad cow, shirtless, with his arms, elbows, knees and head covered with protective measures such as forehead protection.

But facing the fierce punch of the mad cow, he still couldn't help but retreat.

There were also 6-7 people guarding the boxing gym outside.

There is no one in the entire boxing gym except the brother of Mad Cow.

When Mad Cow and his little brothers were practicing boxing, the gate of the boxing gym that was closed tightly suddenly was kicked open by a person with a bang.

Suddenly he saw a shadow man standing motionless at the door.

When a loud bang came, the younger brothers of 6-7 mad cows who practice boxing suddenly turned their heads.

"Who the **** are you? Don't you know our crazy bull brother is practicing boxing in it? Looking for death?"

"Boom him out."

The two boxers at the front wiped the sweat from their faces while walking towards the dark shadow at the door.

Maybe they were too careless, maybe they didn't even think of...they didn't feel the horror aura exuding all over the people standing in the dark shadow at that door.

"Get out."

One of the fighters who walked in the front just said this sentence, and just stretched out his hand, trying to push the shadow man.

I saw the shadow man standing in front of him suddenly moved.

A weird punch, not knowing how to make the move, suddenly hit him in the chest with a bang, like a cannonball being blown out, and it fell to the ground with a bang. There was no sound at the moment, as if he was killed... ..

What a powerful punch it was, it was incredible.

Then his people slowly walked out of the darkness.

Exposed a face that was sharply defined and cruel.

Li Tian.

It turned out to be Li Tian!!

He actually came here.

When the little brother of the mad cow was hit by Li Tian and fell to the ground without knowing whether he was alive or dead, all the fighters here were stunned.

Then all of them ran over, looking at him, looking at this guy who even dared to break into Crazy Bull's place.

"It's him... it turns out that he... is he still alive?"

One of the mad cow's little disciples with gloves on his hands suddenly screamed as if he saw a ghost.

It turned out that this guy was also that night, so he was particularly concerned about this fierce man who defeated the crazy bull brother in one move. After seeing his face again, he screamed like a ghost.

Since the last time Li Tian and Situ Ningbing were taken away by the Duanmu family, the underworld in Jinghai City now has news that they have died.

Of course it is really dead? Or fake death? Maybe it's just an excuse to comfort them.

But who can imagine that now he is back.

And also got here.

The mad cow on the ring also saw him at this time.

The mad cow squatted in his heart, then made an angry look with his big eyes like copper bells, and suddenly jumped off the ring.

"Are you not dead?"

"You are not dead?"

Mad Cow walked towards Li Tian with anger and eyes full of disbelief.

Li Tian glanced at him coldly, a hideous evil smile appeared at the corner of his mouth, and said lightly, "If I don't kill you, how can I die."

Chapter 359: I fight with you

The mad cow clenched his fist tightly. Although he was extremely angry, he did not dare to do it easily because he was afraid...

One of the fighters who was not present at the time was arrogantly trying to succeed.

"Damn, how dare you talk to our crazy bull brother like that... I think you are looking for death?"

As the words fell, he then slammed Li Tian with a heavy punch.

The boxing technique is quite flexible, and it can be seen that this person does have two strokes.

But after he hit that punch, he began to regret it.

Because he suddenly saw Li Tian's eyes full of fierce and murderous intent, the cold light of the eyes was so intense that it was beyond his imagination.

Then his fist hadn't reached Li Tian's body.

Li Tian suddenly moved forward with his left foot, and then grabbed his chest with an extremely tricky move with his right hand.

With a swish, five fingers clasped tightly on the guy's heart like a blade, and then the fist that the guy punched out was static and stopped in the air... But there was a ghost like a ghost on his bronze chest. The claws gripped his heart like a sharp blade.

Li Tian suddenly used force, and the strong force penetrating from the five fingers directly shattered the boy's heart.

With a bang, the boy flew back with a scream, fell to the ground with a plop, and died directly.

The blood coming out of his mouth was stained on the cold floor. His eyes were wide open and he couldn't believe it, but his mouth couldn't be opened, and his head died there.

A deadly move.

The people in the entire boxing gym were stunned... There seemed to be a breath of death in the air. Especially when they saw that Li Tian started to kill people, all of them were dumbfounded and stupid, and there was a fear in their eyes that they had never had before.

"I will only kill him today." Li Tian coldly stretched out his finger and pointed at the mad cow in front of him.

The mad cow subconsciously left a cold sweat on his forehead, and he shook his heart. The pair of tightly clenched fists dared not go up.

"You...why...why are you killing me?" the mad cow asked there with a trembling voice.

"Because you forced her."

"I said that if anyone dared to touch her hair, I would kill him personally. Now is the time when you deserve to die." Li Tian stood there like a messenger from **** coming to announce the death of a person.

The muscles on the mad cow's face trembled slightly.

He knew he had nowhere to go now, and the only thing he could do was to do it and fight with him.

"I don't believe you are such a god, I'll fight you..." The mad cow roared, his body rushing towards Li Tian like a whirlwind.

A pair of iron fists Kongwu punched Li Tian forcefully.

Sure enough, he was a former mercenary. He made a pungent and vicious call. The two whirring fists, mixed with the strong wind, hit Li Tian fiercely.

On one side of Li Tian's body, he easily avoided these two punches.

Then the right palm suddenly pushed forward. The mad bull looked bad, and his body quickly backed away, but Li Tian moved faster than him, and his left foot quickly stepped forward, and his shoulder suddenly hit the mad bull on his right heel. On his chest.

The 185 cm strong man was hit by Li Tian and stepped back 4-5 steps, standing there with a pale face.

The mad cow knew that he was not the opponent of the murderous man in front of him.

Although he has been doing a life of life and death all year round, but now he clearly knows that he will be a dead end if he continues to fight. Of course he does not want to die here.

"Give it to me... You give it to me, kill him, kill him..." The mad cow suddenly grabbed a little brother next to him and pushed hard towards Li Tian.

The 3-4 boxer brothers on the other two sides also rushed towards Li Tian at the same time.

And what about Mad Cow himself? It was through this time that he ran forward without his life.

Let's just say that these dead-hunting fighters here rushed towards Li Tian, a grinning smile appeared at the corner of Li Tian's mouth, his hands were suddenly raised, and his **** killing began.

Screams suddenly sounded in the entire boxing hall. How could those mad cows' subordinates be Li Tian's opponents?

They just came up to die.

Isn't this? Four have fallen in a blink of an eye.

The last guy left fell to the ground in despair. One of his arms had been discounted by Li Tian. He was holding the broken arm and his face was dead pale...

"Don't... kill me... please... don't kill me..."

The guy shouted while crawling backward in despair.

Where is Li Tian?

Turning the cold eyes with no emotion, he walked towards him step by step.

There is no feeling in his eyes, no mercy.

Perhaps from the moment Situ Ningbing left him, his heart was completely frozen.

Then his manual.

what--

A scream came out of the mouth of the last person alive.

Dead, the body was lying on the cold floor.

What about Li Tian? But he didn't even look at him and chased him forward.

Although the five corpses remaining on the ground were alive, they were just victims of killing for him.

The last mad cow alive is running desperately at this moment. He is afraid of death, and anyone is afraid of death.

So he could only run lifelessly. After he got out of the boxing gym in front of him, he ran towards another alley.

As he ran, he couldn't help looking back to see if Li Tian came after him.

As he ran forward lifelessly, suddenly a figure behind him chased him at a speed that he could not even imagine.

The mad cow suddenly felt cold.

I stepped up and ran faster, but because the alley was too dark, I didn't know what I was suddenly resting on my feet. I thumped, and the mad cow's huge body was suddenly thrown to the ground.

He didn't care about the pain on his body and quickly got up, ready to continue running desperately.

But the speed of the murderer behind was too fast, and a strong wind hit him suddenly.

The entire back of the mad cow was exposed to the opponent, and he had no choice but to stop, counterattack and block.

Then he stood steady, gasping in his mouth, looking at the Murder God, Li Tian standing behind.

Mad Cow's eyes were blood-red, and he was panting...He knew he could no longer run, so he could only fight at this moment.

"Can you not kill... me? If you... don't kill me, I can give you anything..."

Li Tian stood in the dark, pushing towards him step by step.

"I just want your life."

The voice was terrified like a devil.

The mad cow was completely desperate. He clenched a pair of fists tightly, his eyes exuding desperate gazes like a fight between the trapped beasts: "I'm fighting with you..."

When he spoke, he slammed a fist towards Li Tian, trying desperately.

Chapter 360: Out of the mountain

Li Tian didn't even evade his body. He directly kicked his wrist with one flying leg, and kicked the other leg back and forth, kicking on the chest of the mad cow. With a bang, the mad cow was kicked and flew down. Ground.

He clutched his chest with difficulty and slowly climbed up...

What about Li Tian? But it is approaching him step by step like a **** of death.

There seemed to be a breath of death in the space, accompanied by the violent gasp of the mad cow. what--

The mad cow suddenly rushed towards Li Tian desperately.

At that moment, Li Tian's eyes showed Senhan's killing intent.

A cold smile appeared at the corner of his mouth, a slight turn of his left hand, five fingers of his right hand spread, and the huge energy accumulated from his arm was poured into his right hand.

Both hands suddenly came out, and the five fingers of his right hand grabbed the face of the attacking mad cow.

The huge strength directly caused the head of the mad cow to be deformed, bleeding from the seven orifices.

With a bang, the body of the mad cow fell into the darkness like that.

dead.

The death is unusually ugly.

He stood there, his hands still stained with blood, and he didn't even wipe it off, walking alone into the darkness.

The corpse left on the ground quickly became cold, very cold, very cold, but what about him? Man has disappeared into the darkness.

He has killed all the ones that should be killed.

He killed what should not be killed.

Li Tianche changed completely, he became cold-blooded and cruel, maybe from this moment on his hands were about to be covered with blood.

Fatty Liu and Mad Cow are all dead.

Their deaths spread quickly on the underworld in Jinghai City.

The outside world knew that he had come back for revenge, the murderer who had dealt with hundreds of people alone in Jinghai City had returned.

Rumors about him began to fly away like bacteria.

Some people say that he is the incarnation of the devil.

Some people say that he used to be a member of the Duanmu family.

...

But what is the truth about all the legends about him? That sentence is false? No one knows.

The only thing everyone knows about him is that he really hates him.

Fatty Liu's neck was twisted alive, and all the bones in his neck were crushed.

The mad cow died even more terribly. The head was directly deformed by the huge strength, and the seven orifices were bleeding to death. In addition, their little brother...

This incident not only caused an uproar on the roads of Jinghai City, but also caused a huge reaction among the four major families.

Ouyang family.

When they heard about him coming back for revenge for the first time, they were shocked there.

Especially her, Ouyang Shiqing.

She was sitting in her boudoir alone now, looking out the window with faint eyes.

What is she thinking about? What is her heart thinking about? Maybe only she knows it.

After learning the news for the first time, Ouyang Shiqing was stunned.

She knew in her heart that Li Tian couldn't turn her head back, although she didn't know why he became like this...why he changed from such a simple person to such a bloodthirsty demon...but she still held it in her heart The only hope is to save him from the darkness.

She stayed in the room for a while, and finally gathered the courage to walk outside.

After passing the villa group, Ouyang Shiqing walked slowly towards the old mansion in the backyard alone.

The old mansion at the end of the Ouyang family villa group, everyone knows that it is the place of the Ouyang family father.

After that Ouyang Shiqing came, she walked gently towards the inside.

The green pine is still in the old mansion, and many dead leaves on the ground have begun to slowly turn yellow.

After Ouyang Shiqing arrived in the courtyard, she saw that the old door opened gently by herself.

Then I saw an old man Long Jiong walking out of it step by step with radiance.

With a kind smile on his face, his whole body revealed the domineering atmosphere of a king, and his every move showed awe-inspiring majesty.

"Grandpa." Ouyang Shiqing called to his grandfather kindly.

There was a kind smile on the old man's face, a pair of thin hands gently stroked his granddaughter's hair.

"Girl, why do you think of looking for Grandpa? Is something on your mind?"

A bitter smile appeared on Ouyang Shiqing's face.

"Grandpa, I can't hide anything from you." She said softly.

The old man laughed and looked at her and said, "Recently, I heard your father say that all the old monsters of the Duanmu family have come out, especially the old monster of Luohe Futu. I don't know if this is true or false. ?"

Ouyang Shiqing nodded silently.

"Well, all the old people of the Duanmu family have come out."

The old man gently touched the white beard under the corner of his mouth, wrinkled Long Jiong's eyes slightly, and said slightly, "It seems that this old bone of mine should also move."

Hearing what the old man said, Ouyang Shiqing was taken aback, and asked in surprise: "Grandpa, are you going to leave the mountain?"

The old man smiled slightly and said, "The old monster of Luohe Buddha has all come out. If I don't come out again, I'm afraid I will be in trouble."

"Is the Luohe Buddha of the Duanmu family really that powerful?" Ouyang Shiqing asked slightly.

The old man squinted Long Jiong's eyes slightly, and said softly: "That old monster is a well-known figure. I think that when you weren't there, the old man was already a hero in Guangdong, Guangxi and Liaobei... This old guy is both evil and righteous. Say he is a bad person. He is not. He is a good person. He is not. So he is a more difficult character."

"Have Grandpa dealt with him?" Ouyang Shiqing asked with a pretty face.

The old man smiled slightly: "That was a long time ago."

"When I was young, I met him once. At that time, he was already a famous figure, but he had not yet entered the Duanmu family. Because of his youth and vigor, we handed it over. That time, although it was not hatred Fighting, you don't have to fight to death and death. In the end, none of us defeated anyone, and we left separately... Since then, we have never seen each other again."

"Ah? Luohe Futu can even tie you with Grandpa?" Ouyang Shiqing said in disbelief with her eyes wide open.

The old man of the Ouyang family is said to be a figure close to a "demigod".

His kung fu has already reached the point of being superb.

He was in charge of the Ouyang family at the age of 19. He has been a legend in the entire Ouyang family until now. Although the old man has been in retreat for so many years, his reputation is still the unshakable leading position among the four major families.

But who can imagine that such a generation of fierce people, that Luohe Buddha can even tie him?

From this one can imagine how fierce the Luohe Buddha Statue is.
