

## A Killer 3551

Chapter 3551: The death of Old Liu

At the same time, Kyoto City.

The entire city of Kyoto is already boiling!

After watching the TV show, the people of Kyoto City couldn't calm down for a long time. They were shocked by the strength of Li Tian team.

At this time they wanted to shout, to vent, to express their joy and support for Li Tian.

"Can't just stay in the room like this, we need to do something!"

"Yes, although Li Tian and the others are participating in the finals of the Forbes Power Contest, they are fighting against zombies with flesh and blood. We are still afraid of zombies at this time and stay in the room. Is this fair?"

"Go out, let's go to the street, let Li Tian and the others know that as long as there are them, we won't be afraid!"

More and more people spontaneously walked out of the house and came to the streets of Kyoto City.

After coming to the street, these people found that it was impossible to express their feelings at all. At this time, someone spontaneously organized these people to march on the streets of Kyoto City, even shouting slogans.

These people walked along the street towards the TV station.

Soon, various media in Kyoto City appeared on the streets and began to interview and report on this parade.

"Dear viewers, dear viewers, I am on the street in front of the TV station. Through our lens, you can see that the entire street is now occupied by the parade. Let's listen to these marchers shouting. what?"

"Li Tian!"

"Li Tian!"

"Li Tian!"

When the host extended the microphone to the parade crowd, all the marchers only called out one name, that is Li Tian.

At this moment, Li Tian's name echoed over the entire Kyoto city.

"Dear viewers, have you heard? That's right, it is Li Tian! Tonight the city of Kyoto belongs to Li Tian. At this time, Li Tian's reputation has surpassed anyone in the Ten Legions!"

Suddenly, a enchanting woman rushed into the video of the camera. The woman grabbed the microphone in the host's hand and shouted into the camera lens: "Li Tian, I want to give you a monkey!"

After this woman did this, a rough man next to him seemed to have found inspiration. He also squeezed into the camera's picture and shouted at the camera: "Li Tian and oppa, can you do it?"

...

In a private house in Kyoto City, Mr. Liu has been aging rapidly since he retired from the Fifth Association. It is the hope in his heart that sustains Liu Lao's life.

I hope that Li Tian will be eaten by those zombies when he hunts down five level 12 zombies.

However, the hope in Liu Lao's heart soon became a little faint, especially when Li Tian participated in the Forbes Power Contest and entered the final as the number one in the preliminaries. This made Liu Lao feel that his hopes are getting more and more dim. Up.

Today during the day, that \*\*\*\* TV station actually showed a picture of Li Tian "slashing with one sword", which filled Liu Lao's heart with fear.

When did Li Tian's strength become so powerful?

If Li Tian's strength is really so powerful, then even a level 12 zombie can't be Li Tian's opponent.

Elder Liu felt that he had miscalculated, but his withdrawal from the Fifth Old Society did not get the result he wanted.

and.

Since Lao Liu retired from the Fifth Old Association, the Liu Family Corps has never recovered.

In the past, many other legions would treat the Liu Family Legion as a second-rate, quasi-first-rate legion, and they would try to compromise when they had some trade with the Liu Family Legion.

But now, those legions showed their fangs one after another, and the Liu Family Legion not only suffered various deductions in trade. Moreover, the area occupied by the Liu Family Army has also begun to be endangered by those Legions.

"Damn Li Tian!" Old Liu cursed, then coughed sharply.

After nine o'clock, Mr. Liu turned on the TV with difficulty to see if he could see the news that Li Tian was eaten by zombies.

However, when he turned on the TV, what he saw was the scene of Li Tian killing the Quartet.

After seeing Li Tian's strength, Lao Liu's heart suddenly started beating wildly. He was panting heavily, and the sweat on his forehead kept flowing down.

When people are old, don't watch such exciting pictures.

Lao Liu quickly changed to a TV station.

This TV station broadcasts a talk show, and the pictures are not exciting at all.

Sitting next to the host was a little-known little person. Seeing that the little person's table card was written with the word dog nose, Mr. Liu couldn't help but mock.

Your parents can really give you a name.

But just after watching it for a while, Mr. Liu was suddenly excited.

It turns out that today's talk show turned out to be a topic on Li Tian's growth road, and the TV station specially invited the little person next to Li Tian to talk about Li Tian, which is more convincing.

But the TV host and the dog nose are full of praise to Li Tian.

When talking about Li Tian's journey into Kyoto from the heavens, although the dog nose didn't go through all the journeys, it was full of excitement, especially when he talked about how Li Tian killed Liu Jun, it felt like a dog. The nose is the same as witnessed.

"Asshole... asshole, I want to kill you!" Liu Lao angrily threw the remote control in his hand towards the TV.

"Papa!" With a sound, the remote control fell into a pile of parts, while the dog nose in the TV continued.

Soon Goubi said that Liu Jun's undead body was directly chopped up by Li Tian, and he fed the zombies he had conquered.

Old Liu's body began to tremble suddenly. He seemed to have witnessed Liu Jun's tragic death with his own eyes, and his hands were shaking involuntarily.

"Turn off the TV! Turn off the TV!"

Old Liu stood up tremblingly, moved slowly, and walked towards the TV.

Suddenly, Liu Lao stepped on a battery, Liu Lao slipped and fell to the ground, and his head hit the floor heavily.

"Om"

Old Liu felt a roar from his head, and when his head hurt, there was a warm current flowing.

"No, I can't die. I haven't seen Li Tian die. How can I die here? I'm going to the hospital, I'm going to receive treatment, and I'm going to see Li Tian's death with my own eyes. Called strongly in my heart.

But Lao Liu's body had already lost the idea of supporting him. Lao Liu struggled several times in a row, but didn't struggle.

As the blood flowed from the wound on his head, Liu Lao was weak and fell down again.

"Li Tian!"

"Li Tian!"

Old Liu heard the shouting sound coming from his ear, the sound was like a reminder, sucking away the last trace of Old Liu's life.

Liu Lao, the once famous person in Kyoto, ended his life on the night when Li Tian's name resounded through the sky of Kyoto.

Chapter 3552: Supreme King

Three days later, Liu Lao's body was discovered.

But Liu's death in Kyoto City did not attract anyone's attention, and the Bounty Hunter Association only symbolically sent a core cadre to attend Liu's funeral.

Of course, these are all things later.

On the night of Liu Lao's death, Li Tian's name rang throughout the night sky of Kyoto City, as if it were a lament to Liu Lao.

And on this night, there was a person in Kyoto City who was also having trouble sleeping and eating.

Su Lao, the former revolutionary friend of Liu Lao, started to feel a little nervous after seeing the fate of the Liu Family Legion and Liu Lao, especially after knowing the powerful network behind Li Tian.

Su Lao leaned his back on his hands and kept pacing back and forth in the room, and the TV in Su Lao's room was playing the scene of Li Tian fighting.

Every time that scene was played in a loop, Su Lao's heart sank once.

"Of the legions nominated this time, only Li Tian entered the finals. Now Li Tian's Celestial Legion has gained an absolute lead in this competition to join the Five Lao Club. And now it's only one Li Tian's. The final ranking is only."

"In the entire Bounty Hunter Association, only I have the closest relationship with Liu Lao. If Li Tian joins the Five Olds Association, then I will definitely be isolated in the Five Olds Association!"

"No, you can't just sit and wait like this."

Old Su decided to do something.

Old Su knows that no one can stop Li Tian from joining the Five Lao Clubs. With Li Tian's performance in the Forbes Power Tournament, the Celestial Legion is destined to be among the first-class legions, and the Celestial Legion can completely throw away the other veterans. A few blocks from the other corps nominated.

Since it can't be stopped, why not take the initiative to open your arms?

Maybe, maybe I can win Li Tian's favor in the end, so there is another helper in the Bounty Hunter Association.

Old Su came to the phone and dialed the number of the Secretariat of the Bounty Hunters Association.

"Hey, I'm Mr. Su, please contact the other three veterans of the Fifth Elders Association. I request an emergency meeting. Now, yes, now!"

After hanging up the phone, Mr. Su hurriedly walked out of the room, daring to come into the meeting room before the others arrived.

Before the other elders came, Mr. Su connected the huge display screen in the conference room to the channel broadcast by the TV station and recorded the scene of Li Tian fighting.

About half an hour later, the other three veterans all came to the meeting room one after another.

After seeing the TV screen on the huge LCD screen in the conference room, the other three veterans already understood the topic of the emergency meeting held today.

Regarding Li Tian's achievements, in addition to Wu Ji elderly Wu Lao, the other Gu Liang Lao, Gao Lao and Su Lao were shocked, even if they were not the first time they saw this video, the kind in mind The shock is still impossible to express in words.

Li Tian's current strength has surpassed that of the Bounty Hunter Association, and the others are the eleven strongest.

The old man Wuji smiled while watching the video and nodded slightly from time to time. With regard to Li Tian's improvement in strength, Old Man Wuji would not be shocked at all.

If Li Tian didn't do this, the old man Wuji would be shocked.

Elder Su was very satisfied with the expressions of the other elders, so he decided to take advantage of the hot iron and throw out his suggestion: "Everyone, I must have seen Li Tian's strength. I personally think that Li Tian's strength has surpassed. The other eleven strongest people, so..."

"So, I suggest that we should set up three more supreme strong seats above the twelve strongest in the Bounty Hunter Association." The old man Wuji directly took over Su Lao's words.

"The seats of the three supreme powerhouses?" The other three old men repeated Wuji Lao's words.

"Yes, although our Bounty Hunter Association is one of the two largest associations in Kyoto City, and is as famous as the other six major legions in Kyoto City, our Bounty Hunter Association does not have the resource monopoly of the Agricultural and Commercial Association. There are no other powerful masters of the six major legions."

"Therefore, our Bounty Hunter Association has the lowest status in the entire Kyoto City. Except for bounty hunters who will come to our Bounty Hunter Association to accept and perform tasks, other Kyoto City residents do not treat our Bounty Hunter Association. Don't take it seriously!"

"And if our Bounty Hunter Association can have a master like Li Tian that can match the strength of the commanders of the other top ten legions, then it will inevitably enhance the image of our Bounty Hunter Association. However, if we only use twelve The title of the strongest is obviously unable to reflect Li Tian's strength! It is also unable to fully demonstrate the image of our Bounty Hunter Association." The old man Wuji continued.

"Wu's words are reasonable and reasonable, this proposal is very good, but will these three supreme powers give the outside world an illusion that they are superior to the five elders?" Gao asked.

"No! You can't set up the seat of the three great powers!" Su Lao suddenly said.

The other three elders immediately turned their sights on Old Su.

Seeing that his sentence successfully attracted everyone's attention, Su Lao said slowly: "With Li Tian's current strength, it is an inevitable trend to enter the Forbes Global Top 100. And now, in this There are only fifteen players in the country that can enter the Forbes World Top 100. Except for the members of the two mysterious organizations, the others are members of the top ten legions. Basically, each of the top ten legions. There is only one or two members."

"And if our Bounty Hunters Association establishes the seats of the three supreme powerhouses, but players other than Li Tian cannot enter the top 100, it will appear that our seats for the three supreme powerhouses are full of water."

"Since this is the case, then I propose to remove the three big ones, and change the name of the supreme powerhouse to the supreme king. It seems that Li Tian is a unique existence in our Bounty Hunter Association, and it also appears that our Bounty Hunter Association treats Li Tian. It is full of sincerity!" Old Su said confidently.

Supreme King!

The only supreme king of the Bounty Hunter Association!

Old Gu Liang and Gao were all lost in contemplation.

The old man Wuji looked at Mr. Su meaningfully, and Mr. Su gave him a humble smile.

"I agree!" said the old man Wuji.

In fact, this is the right that Elder Wuji deliberately wanted to fight for Li Tian in the Bounty Hunter Association after seeing Li Tian's achievements.

"I agree too!" Gao said.

"I basically agree, but it must be stipulated that the Supreme King himself cannot join and become a member of the Five Olds Association!" said Gu Liang.

Chapter 3553: Enter the five old meeting

Old Su immediately jumped out anxiously.

"No, I strongly oppose this rule. When Liu Lao withdrew from the Five Old Society, each of us nominated a legion, but the strength of these legions is completely different from that of Li Tian's Celestial Realm. Our Bounty Hunter Association is the general manager. You can't give up a powerful legion like the Heaven Realm, and choose another legion first!"

In fact, Su Lao's subtext is: "Your sister, this time I initiated an emergency meeting, in order to make Li Tian from the heavens a member of the Five Lao Society. Now although Li Tian has been approved as the supreme powerhouse, this After all, it is not my proposal, but my supplement and modification to Wu Lao's proposal. In this way, all my plans have been ruined!"

"Don't forget that the members of the Five Old Society have a veto power. If you disagree with my additional condition, then I will veto your establishment of the seat of the supreme king!" Old Gu Liang said with a light smile.

Mr. Su was almost distracted by the words of Mr. Gu Liang.

"How to do?"

Old Su thought in his heart: "I was interrupted by Mr. Wu before I gave my suggestion, and Mr. Wu succeeded in changing the subject, bringing the topic to the Supreme King. But if this meeting is so unhappy, Disperse, then I will find nothing in the end!"

Su Lao looked helplessly on Wu Lao.

"I agree with Elder Gu Liang. If the Supreme King himself is a member of the Fifth Old Society, then it is really possible that the Supreme King is above the Fifth Old Society." Old Man Wuji said.

"What? Li Tian and the Celestial Legion were nominated by you, Mr. Wu, at this time you would agree with Elder Gu Liang?" Mr. Su felt that his brain was obviously not enough.

"I also agree with Elder Gu Liang's proposal!" Gao said.

The eyes of the other three elders fell on Su Lao. Whether Su Lao agrees or not determines whether the supreme king seat of the Bounty Hunter Association will be established.

"I...I agree!" Su Lao raised his hand helplessly to agree.

"Okay, then this issue of mine has been unanimously passed, so let's discuss the nomination of the elected members of the Fifth Old Society!" The old man Wuji smiled.

"Since Tianjie has withdrawn from the nomination..."

Old Man Gu Liang said something and was interrupted by Old Man Wuji's words. Old Man Wuji smiled and said, "I think you have misunderstood. Tianjie did not withdraw from the nomination, but only Li Tian because of our strong request to become our bounty hunter. The supreme king of the association, he is not allowed to enter the Fifth Old Society."

Old Su's eyes lit up, and he immediately followed Old Man Wuji's words and said, "Yes. The additional condition of the Supreme King is that the Supreme King cannot be a member of the Five Old Society. This does not mean that Li Tian's other members of the Heaven Realm cannot become. A member of the Five Old Society."

Old Gu Liang was a little angry, and she was angry that Old Man Wuji and Old Su would dig words like this. It seems that her idea of restricting Li Tian and Tianjie will also be declared bankrupt.

Veteran Gu Liang's eyes fell on Gao, hoping that Gao could express his thoughts.

Gao Lao smiled slightly and said: "If we want to improve the overall strength of the Bounty Hunter Association, Li Tian and Tianjie are not to be missed. Li Tian now has the strength of the top 100, and Tianjie is now the best in the first-class army. This is a prerequisite that other legions don't have!"

"What do you mean by being so old?" Gu Liang asked.

"Limited use!" Gao Lao said with a slight smile.

"What do you mean?" Old Gu Liang asked.

"What I mean is that the Celestial Realm sent someone to become the Five Old Association, but this person must be a bounty hunter of the Bounty Hunter Association, or a member of the Bounty Hunter Association. In this way, you can absorb the Celestial Realm. , It can also guarantee the interests of our Bounty Hunter Association!"

"As for the Supreme Kings, I personally think that not only the rights of the Supreme Kings cannot be restricted, but on the contrary, the rights of the Supreme Kings should be far higher than those of the Twelve Powers. Even in handling certain things, the Five Old Society can be implemented. You can report to the Fifth Elders Association afterwards." Gao said.

After Elder Gao finished speaking, the meeting room fell into silence again.

Everyone is thinking about what Gao said.

The previous restriction is to allow Heaven to find an agent in the Bounty Hunter Association, and this agent must be approved by the other four elders of the Fifth Old Society.

This ensures that the interests of the Bounty Hunter Association will not be infringed.

The latter sentence means to give power to the Supreme King, so that the Supreme King is qualified and has the strength to compete head-on with the Ten Legions, thus establishing the image of the Bounty Hunter Association.

Within a few seconds, Old Su raised his head first and said, "I agree!"

"I agree!"

"I agree!"

Several other elders expressed their opinions separately.

"But... But there is still a problem now. This seems to be our wishful thinking. We haven't got the consent of Li Tian yet?" Old Gu Liang said.

Su Lao and Gao Lao looked at Wu Lao at the same time and said, "Wu Lao, since Tianjie and Li Tian are nominated by you, then I will trouble you to communicate with Li Tian!"

Su Lao added: "Please be sure to convince Li Tian that whether the Bounty Hunters Association can rise depends on this time!"

Elder Gao and Elder Gu Liang both nodded slightly. It seems that they have no objection to what Su Lao said.

An imperceptible smile appeared on the corner of the old man Wuji's mouth. Although it was an emergency meeting initiated by Old Su this time, all the final results were what the old man Wuji wanted to see.

As for communicating with Li Tian, Elder Wuji shouldn't worry at all.

...

At the same time, a meeting is also being held in the camp on the outskirts of the original Kyoto city.

In the camp's on-site command post tent, more than a dozen dining tables were combined to form a large conference table, and nearly twenty chairs were placed around the conference table.

At this time, on these chairs, the commanders of the top ten legions, the heads of the TV stations, and the heads of the Forbes power game were all present.

And on this occasion, Huangfu Kunpeng, the first master of the Army Soul Legion, was naturally indispensable.

However, at this time, the little lady was also present. In addition, all members of Li Tian and Li Tian's team, as well as all members of Xu Yuan and Xu Yuan's team, were present.

Because of this meeting, the second day of the final was temporarily backed up, so other teams, except for the eliminated teams, all rest in their tents in the camp.

"Could it be because of our temporary first place in the finals, do they want to reward us?" Luo Xin asked Li Tiandao in a low voice nervously.

Li Tian shook his head gently, and pointed his finger at the TV hanging in the tent, and the screen on that TV was fixed on the screen of Li Tian's and others fighting in the tunnel.

"Sure enough, this shouldn't be a coincidence!" Li Tian thought in his heart.

Chapter 3554: Blood is thicker than water

Things were as expected by Li Tian.

Li Tian, Xu Yuan and other team members were rigorously questioned by the commanders of the top ten legions. Combined with the pictures taken by the photographers, the commanders of the top ten legions agreed that this time the two teams encountered a hundred. The attack by the zombie team is not accidental, it is probably an attack that the guardian zombies in Kyoto can arrange.

Moreover, these army commanders quickly connected the zombies that appeared in Kyoto City with the zombies encountered this time. Although there is no definite evidence to prove that the two are inevitable, no one dares to take it lightly.

Originally, the person in charge of the organizing committee suggested temporarily suspending the finals, and waited until all of this was investigated before continuing.

But his words were quickly rejected by the commanders of the Ten Legions.

The real strong man of mankind has never been afraid of death since the beginning of the end times.

Attack of the zombie team? Then let them come more violently!

At ten o'clock in the evening, the second day of the finals officially began, and the teams quickly disappeared into the night.

However, the teams that participated in the finals soon discovered that some changes had taken place in the team leaders. For example, the security leader of Long Ao team was Huangfu Kunpeng before, but now he has become the security leader of the team that was eliminated today. , Liu Feng, the regiment commander of the same journey.

Long Ao was very upset about this change. Huangfu Kunpeng was there, and that was an absolute guarantee of safety. After all, Huangfu Kunpeng was ranked first in this country and third in the world.

And Liu Feng, compared to Huangfu Kunpeng's ranking, is a bit far from satisfactory. Liu Feng ranks only 86th in the Forbes personal strength list, and is hovering around the tenth place in the national strength ranking.

Although Long Ao was unhappy, he dared not show it.

Although the head of Liu Feng's army is well-known for being gentle and elegant, this person is also a super fierce within the top 100, and the strength of any fierce within the top 100 is not something that Long Ao can despise now.

After all the other teams set off, Li Tian was invited by Huangfu Kunpeng to Mu Yunlong's tent.

Although the old man Mu Yunlong said that Li Tian could not enter a hundred people and not to meet him, Li Tian's performance has already shocked all the personnel. The top 100 is hardly difficult for Li Tian now.

When Li Tian walked into the tent, Huangfu Kunpeng did not follow in, but stood outside the tent, willingly acting as a guard.

Li Tian walked into the tent.

Mu Yunlong stood at the desk, looking down at a map on the desk. Mu Yunlong's eyes saw Li Tian walking in, and he immediately raised his head and looked at Li Tian.

With eyes facing each other, Li Tian and Mu Yunlong were very excited.

Three years, three years in the last days, this made both grandpa and grandson worry about each other in their hearts, after all, the relationship between blood is thicker than water.

Mu Yunlong beckoned to Li Tian, let Li Tian get closer to him, so that he could look more closely. Li Tian could straighten up immediately, like a javelin, strode forward to Mu Yunlong.

"Outside... Grandpa!" Li Tian shouted.

Mu Yunlong, whose grandfather called, was tearful.

Mu Yunlong, the iron-blooded man, suddenly became like an old man at this time, reaching out his arm and hugging Li Tian tightly.

At this moment, silence is better than sound, just like this, Mu Yunlong hugged Li Tian tightly.

About two or three minutes later, Mu Yunlong released Li Tian, and after Mu Yunlong released Li Tian, his expression immediately changed, and he felt completely different from the old man just now.

Mu Yunlong stretched out his hand to pull Li Tian in front of the desk, pointed to the map on the table, and said to Li Tian, "Do you know this map?"

This is the original map of Kyoto City.

This map is a bit worn out, the map paper is also slightly yellowed, and there are some rough edges around the map.

Looking at the familiar geographical terms on the map, Li Tian also felt a little emotional, nodded slightly, and said, "Know!"

"Do you remember what I asked the little lady to pass to you before?"

"Remember! I can't get into the top 100, I can't come to see you!" Li Tian nodded and said.

Mu Yunlong glanced at Li Tian and asked, "Then do you know why I let you see me again today?"

"If I didn't guess wrong, it should be related to this zombie attack!" Li Tian said.

Mu Yunlong nodded and said, "That's right! I was attacked by zombies when I was in Kyoto. Although those zombies did not cause me any harm, but I would treat this zombies better than other legions. The attack is more serious!"

"Furthermore, the latest intelligence from the Investigation Division of our army shows that the ghoul has left the capital and headed north. It is estimated that the ghoul has now entered the original city of Kyoto."

"The ghoul actually arrived in Kyoto?" Li Tian was startled when he heard the news.

At the same time, I could not help thinking of Ouyang Shiqing. Since the separation of the heavens, Li Tian has never seen Ouyang Shiqing again.

"Li Tian, take a look at this map!" Mu Yunlong slapped his hands heavily on the table, and said unwillingly: "Kyoto City, once one of the most prosperous cities in the Eastern Continent, belongs to our country. The political and cultural center is one of the most important cities in our country."

"However, this place has become a paradise for zombies. As a soldier, I watched human beings eaten by zombies as food, watched our human fire-burning areas ruled by zombies, and watched my dearest comrades and partners become Zombie, but I can't do anything, my heart is really unwilling!" When Mu Yunlong said this, his body was trembling slightly.

Li Tian took a step forward, stretched out his hand to hold Mu Yunlong's slightly trembling hand and said, "Grandpa! And me, grandpa, just tell me if you have any problems!"

Mu Yunlong put out his other hand, pressed it on Li Tian's hand, and continued: "I suspect that the zombie attack finals team is a ghost behind the ghouls. So I want you to follow Huangfu Kunpeng to the core of Kyoto City. Check out the area."

"Well, although entering the core area of Kyoto City may be difficult, I will persuade other members to follow me!" Li Tian asked.

Mu Yunlong shook his head and said: "No, only you! There are no other members of your team. Once they enter the core area of Kyoto City and encounter super-senior zombies, they will only drag you and Huangfu Kunpeng!"

"But, if this is the case, then the other members of our team..."

Before Li Tian had finished speaking, Mu Yunlong suddenly patted his palm gently, and a figure suddenly appeared in the tent.

Li Tian was shocked.

Chapter 3555: Plan ahead

When Li Tian entered this tent, he had never noticed the existence of this person, and he did not even feel this person's heartbeat or breathing. ,

This person's concealment ability is much stronger than the Scarlet Tiger of the Scarlet Legion.

Mu Yunlong smiled slightly and said to Li Tian: "Get to know, the Army Soul Corps investigates a chameleon Xiaocang, and he will take your team for you to continue participating in this final."

"He?" Li Tian looked at Xiao Cang suspiciously.

Xiao Cang smiled slightly, but didn't say anything. Xiao Cang took out a camera from his body and took a picture of Li Tian. Then, after the photo came out of the camera, Xiao Cang actually took that Li Tian's photo was taken directly on his face.

Then Xiao Cang began to keep squeezing his cheeks. After a few seconds, Li Tian saw that Xiao Cang's face had gradually changed to become his face.

At first glance, Li Tian thought there was a mirror in front of him.

Xiao Cang's face can almost achieve the effect of being fake. If you don't consider the slight difference between the heights of the two, everyone will regard Xiao Cang as Li Tian's.

"This...this...is it a supernatural ability?" Li Tianxin was shocked.

"Now you can rest assured!" Mu Yunlong said.

Li Tian nodded.

In fact, Li Tian didn't worry at all. If this guy went out to pretend to be the now famous Li Tian, how many innocent girls would be ruined.

After all, there are many beautiful girls in Kyoto City who are willing to give Li Tiansheng a monkey.

Of course, Xiao Cang can lie to strangers, but it is absolutely impossible to lie to Situ Ningbing, Xue Ji and others!

As for whether you can fool Tang Xiaolong?

Li Tian suddenly lost any confidence.

Then Mu Yunlong gave another explanation to Xiao Cang, and Xiao Cang walked out of the tent.

Mu Yunlong sat on a chair and said, "Now there are only two of us in this tent. I can also tell some of my true thoughts."

Li Tian did not speak.

Mu Yunlong continued: "The great leader once said that the world is yours and ours, but in the final analysis it is yours. I want to gradually hand over the world in my hands to you when I can still control everything. Hands."

Li Tian was startled, what Li Tiangang wanted to say, but Mu Yunlong waved his hand to stop it.

Mu Yunlong went on to say: "People are selfish for money, and birds die for food. People are selfish. I, Mu Yunlong, is no exception. This army soul army was formed by me, Mu Yunlong and Huangfu Kunpeng and others. I, Mu Yunlong, can't deliver the Army Soul Legion into the hands of others."

"Actually, Huangfu Kunpeng is the first fierce general of our army soul, and he followed me from birth to death, and has enough qualifications to take over the army soul legion. I can rest assured that the army soul legion is handed over to Huangfu Kunpeng. But this dead brain would rather prefer Being my guard is not willing to be the commander of the army soul legion, so I will choose you!"

"Grandpa, I now have Celestial Legion..."

Li Tiangang said a word and was interrupted by Mu Yunlong again.

Mu Yunlong said: "The general trend of the world must be divided for a long time, and for a long time, you must understand this truth. Now our primary enemy of human beings is the zombies,

which are the three corpses. After these three years of research, the zombie research technology has developed. "

"In the future, once breakthroughs are made in zombie research technology, then zombies will no longer be the enemy of mankind, and the last enemy of mankind is only three corpses."

"At that time, whoever can kill the three corpses is the hero of mankind. However, this is only a hero. Once the three corpses are beheaded, then our world will inevitably fall into a huge storm."

"At that time, the ten legions are the first to be involved in this change, and even these ten legions may divide and combine to form new legions. And your heavenly world wants to survive in the cracks of the ten legions, will it be difficult."

"Now, don't look at these ten major legions and two major associations on the surface, but they are fighting in secret. According to the intelligence of our army's soul investigation section, the pilgrimage and holy legion and the rock legion are secretly communicating. The Hall of Heroes and Fengyu Tongcheng are inextricably linked."

"Everything I do is just to take precautions." Mu Yunlong said calmly.

Li Tian was a little surprised. Although he already had Wang Rui in charge of intelligence collection in his heavenly realm, his department was not perfect.

Moreover, the active area of the heavens is more concentrated in the northwest region. In Kyoto and many other large cities controlled by the army, there is no branch of its own, and there is no so-called intelligence network.

After listening to what his grandfather Mu Yunlong said today, Li Tian realized that what he thought was too simple.

"Now my Celestial Realm is considered to be a first-class legion, and I can no longer stay in the same position as before. We must let Shelipuding and He Zhizhuo come out of the northwest region as soon as possible. We must also bring our own forces as soon as possible. The net is spread out."

"There is also the need to urge the prisoners, Liu Yihui, and Dean Huang to study the progress of zombies. Otherwise, if it is true as Grandpa said, once there is a breakthrough in zombie research technology, our heavens will be step by step behind others!" Li Tian Thought in my mind.

Taking precautions, now it is not only necessary to improve their own strength, but also to enhance the overall strength of the legion, fortunately to have a foothold and even the strength of World War I in the next big storm.

As for the Army Soul Legion, Li Tian did not want to take over for the time being.

Grandfather Mu Yunlong, Commander Mu is not old enough to let go.

Moreover, with Mu Yunlong, this army soul army has always been a big help to support Li Tian.

Mu Yunlong looked at the determined expression on Li Tian's face and knew that although he told Li Tian that he really had an idea today, he might not accept it immediately.

But it doesn't matter, let Li Tian and Huangfu Kunpeng get acquainted with each other first, so that everything will happen smoothly.

"Kunpeng, come in!" Mu Yunlong shouted outside the tent.

Huangfu Kunpeng walked into the tent. After seeing Li Tian, he didn't feel the slightest surprise, as if he had known that Mu Yunlong would arrange Xiao Cang to lead the team to the game for Li Tian.

"Legion commander!" Huangfu Kunpeng said, standing in the tent, without the slightest expression on his face.

"Xiao Cang is gone?"

"gone!"

"Then you go too!"

At this time, Li Tian had changed into a camouflage uniform according to Mu Yunlong's request, and even painted a little oil on his face.

Seeing Li Tian and Huangfu Kunpeng about to get out of the tent, Mu Yunlong suddenly asked in a low voice: "Oh, yes, you are likely to meet ghouls in Kyoto. If you meet ghouls, you Would do it?"

"war!"

"run!"

Chapter 3556: Into the city

A military convertible jeep was driving fast on the ring road in the former Kyoto city.

There were only two men in the car. Among them was a burly man who drove. This man was tall and strong, and he was full of the breath of a strong man.

Sitting in the passenger seat was a little brother wearing a camouflage uniform. This little brother looked much more ordinary, with paint on his face, more like a special soldier.

In the former city of Kyoto, super-advanced zombies gathered. It was known as the graveyard of bounty hunters. Ordinary bounty hunters would not dare to set foot here. Even advanced bounty hunters would at best hunt zombies around the suburbs during the day.

However, it was late at night. The roar of the two people's cars and the dazzling lights of their headlights all attracted nearby zombies.

But the two of them didn't seem to care at all, the camouflage brother in the passenger seat even whistled and enjoyed this rare night drive.

It can be seen that the strength of these two people should be both Fei Bi Xun and Quled Chang.

But more surprising than this is that around the two cars, there are constantly zombies passing by, and there are about dozens of high-level zombies chasing the car behind the car, and the lowest level of these zombies is also 9. Above level, there are even seven or eight level twelve zombies.

"Crunch!" With a sound, the car stopped abruptly.

The zombies chasing behind the car also slowed down sharply, but these zombies did not stop, but slowly leaned towards the car along the ring road.

"Do you or me?" the driver of the car said to the little brother in the passenger seat.

"Let's do it together! I want to compete with the third place in this Forbes power competition, and see who of us kills more zombies!" The camouflage brother said with a smile.

"it is good!"

As soon as the voice fell, the man in the driver's seat jumped directly into the air, as if driving a catapult chair on a fighter plane, and flew into the air.

And the moment the man flew up, he kicked the figure of a zombie passing by the car.

"Boom!" With a sound, the twelfth-level zombie was kicked by the man and plunged into the road.

Immediately, the man stomped forward a few steps in the air, and he had already come to the group of zombies following the car.

With a "click", the man cut the bones of a level 9 zombie directly with one palm. Then, the man turned around, kicked the level 9 zombie lazily into two with a whip leg and kick.

Violence, absolute violence.

The other zombies did not rush forward, but were backed by the man's violence by seven or eight steps before stopping.

One of the zombies said with a trembling voice: "You... are you Huangfu Kunpeng?"

"Huangfu Kunpeng? I... fuck!" One of the zombies exploded and turned around and fled.

And dozens of other zombies immediately became birds and beasts and immediately jumped off the ring road, and fled around.

That's right, this man is the first fierce general of the Army Soul Corps, the third super fierce on the Forbes strength list, and the camouflage brother sitting in the passenger seat is Li Tian.

"Wonderful, really wonderful! I am ashamed!" Li Tian, a \*\*\*\* sitting in the passenger seat, hasn't moved at all. He is watching Huangfu Kunpeng's performance with the mentality of watching a theater.

Although Li Tian is tough, but today is different, Li Tian will not be arrogant enough to compete with this third-ranked master.

However, Li Tian's goal has also been achieved. Judging from the strength shown by Huangfu Kunpeng, this skill is now far superior to Li Tian, and Li Tian also knows how much he is directly behind these top 100 masters.

The car started driving here, and soon got off the ring road and moved on towards the inner ring road. Now it has entered the city, and it is only a dozen blocks away from the city center.

The city of Kyoto under the dark wheel cover, without a trace of light, is lined with tall buildings with interlaced fangs, just like the fangs of a giant beast.

After the car got off the ring road, the driving speed suddenly began to drop. The road was full of abandoned cars, and the zombies squatted on the car, or stood by the side of the road, staring at Li Tianjiu and Huangfu unscrupulously. Kunpeng.

Most of the zombies on the inner ring road have already exceeded the twelfth level, and there are even thirteenth and fourth-level zombies. Faced with these zombies, Li Tian has not dared to be careless.

In the eyes of which one is, Li Tian and Huangfu Kunpeng seem to be fat sheep entering the wolf pack.

These zombies were in groups of hungry wolves hunting, slowly following the car. From time to time, these zombies would make a howl and some sticky liquid would flow out of their faces.

These zombies have a higher IQ, and have a preliminary judgment on the strength of Huangfu Kunpeng and Li Tian. Li Tian is nothing to worry about in their eyes, but Huangfu Kunpeng makes them feel a little difficult.

But it's hard to do, it's hard to do, these zombies will not easily give up to the most fat. Some high-level zombies would suddenly rush out from the roadside and raided Li Tian and Huangfu Kunpeng in the car.

The "Red Slash" that was controlled by Li Tian to spin on top of Li Tian's head would immediately fly out, a "red light" flashed by, and a level 12 zombie would be chopped down in front of the car.

As for those zombies above level twelve, Li Tian's "Red Slash" can also do enough damage, but it cannot achieve a deadly effect.

"The car can only get here. Go ahead and enter the inner ring road. Our car is too dazzling and will attract those super zombies!" Huangfu Kunpeng whispered as if talking to himself .

"Crunch!" Huangfu Kunpeng's car suddenly stopped, and the zombies following Huangfu Kunpeng's car stopped immediately.

Li Tian's heart was beating fiercely. This was the first time Li Tian had to face a zombie with more than twelfth level.

"Thirteenth-level zombies, fourteenth-level zombies, let me Li Tian come to see your strength! Only when I have fought with you, accumulated rich combat experience, and improved my strength, can Li Tian enter the Qinling Mountains. In the middle, go find the fourteenth-level mutant mourning bear for Tang Feifei!" Li Tian thought in his heart.

Even Li Tian still has a little fantasy in his heart, that is, since Huangfu Kunpeng is by Li Tian's side, Li Tian is wondering if it is possible to kidnap a living corpse in this city of Kyoto!

"Li Tian! Let me see your true strength! If you don't take out all of your strength among these advanced zombie groups, you will most likely lose your life! Although you are the grandson of the legion commander, I don't have it. Responsible for your safety! So..." Huangfu Kunpeng said.

"So, let you see my true strength!" Li Tian said with a sneer.

Chapter 3557: Li Tian's strength

In front of Huangfu Kunpeng, Li Tian didn't need to hide his strength.

Li Tian screamed: "Knot!"

"Hong Zhan" immediately formed a layer of white bone armor on Li Tian's left body, and the "Hong Zhan" on Li Tian's left hand also grew a bit bigger.

This is the result of "Red Slash" after slashing the twelfth-level mutant zombies, and after a day's time, it has recovered.

In the form of "Red Slash", Li Tian has been greatly improved in terms of speed, reaction, strength and defense.

"Wow!"

A figure flashed past, and Li Tian had already appeared in front of a pile of twelve-level zombies.

Huangfu Kunpeng's eyebrows raised slightly and he was surprised.

"So fast!"

Yes, it's so fast.

This time Li Tian did not borrow the power of Xiaoyacha, relying on the power of the white bone armor formed by "Red Zhan" on Li Tian.

"Huh!" A red light flashed, and a twelfth-level zombie in front of Li Tian had been killed by "Red Slash".

"Oh!" The other twelfth and thirteenth-level zombies immediately rushed towards Li Tian, but Li Tian suddenly disappeared out of thin air at this moment.

Immediately, Li Tian's figure appeared behind another twelfth-level zombie.

The twelfth-level zombie felt that there was a person behind him suddenly, and he turned around abruptly, and his two hands had turned into two sharp claws, and he swept behind him.

"Huh!" Another red light flashed, "Red Cut" cut his two sharp claws directly, and then chopped off the head of this twelfth-level zombie.

The black slime ran down the cheeks of this twelfth-level zombie. Then, the head of the twelfth-level zombie bloomed, and the light blue twelve-level corpse crystal followed the black Mucus came out.

Li Tianyi stretched out his hand, that corpse crystal stained with mucus, had already appeared in Li Tian's hand, and Li Tian disappeared out of thin air again.

"Teleport?"

Although Li Tian had already demonstrated teleportation in the preliminaries of the Forbes Power Contest, when he was watching the game from a distance, the feeling of shock was not very strong.

But now Huangfu Kunpeng is only a dozen meters away from Li Tian. With Huangfu Kunpeng's strength, he can't capture Li Tian's figure.

This is definitely a teleport, and it is a continuous teleport.

The most important thing is that Li Tian's teleportation is now exploding faster, more proficient than what he showed in the preliminaries.

It really appeared in the next place within one thought.

Huangfu Kunpeng secretly compared his strength with Li Tian.

If it is a head-on confrontation, Huangfu Kunpeng believes that he can now kill Li Tian in seconds. But what if Li Tian uses teleport?

No matter how fast Huangfu Kunpeng's reaction speed and agility, but the tiger still dozes, let alone human?

Once Li Tian seized the opportunity, the consequences were really unimaginable.

"Unless, use the power that is forbidden by Mu Yunlong Army Commander!" Huangfu Kunpeng thought in his heart.

Before thinking about it, Li Tian's figure has teleported a dozen times between the twelfth-level zombies, and every time Li Tian teleported, he would appear behind those zombies despicably, attacking him, regardless of the result of the knife, Li Tian would immediately teleport behind another zombie.

"It's really mean! On the battlefield, if you encounter such an opponent, this is really a nightmare for any opponent!" Huangfu Kunpeng thought in his heart.

The number of those twelfth-level zombies continued to decrease. In less than half an hour, Li Tian had already killed eighteen twelfth-level zombies.

At this time, Huangfu Kunpeng just killed more than a dozen level 12 zombies, two level 13 zombies, and one level 14 zombie.

The number of zombies following this car has drastically reduced, with only two level 14 zombies remaining.

These two fourteenth-level zombies obviously knew the strength of Huangfu Kunpeng, and they were always together, as if they were joining hands.

Huangfu Kunpeng took a step towards the two fourteenth-level zombies, and the two fourteenth-level zombies stepped back, always keeping a certain distance from Huangfu Kunpeng.

But these two fourteenth-level zombies will not escape, it seems that they are reluctant to part with the moving piece of fat.

After all, it is now three years after the end of the world, even if it is a super zombie, it is definitely not a simple thing to be late for a piece of delicious human flesh.

"Huh!" Li Tian stopped his instant movement, appeared beside the car, and let out a long breath.

"Li Tian, are you interested in keeping these two level fourteen zombies here? If we succeed, we will have one of fourteen level corpse crystals!" Huangfu Kunpeng said lightly when he saw it.

Li Tian looked at the two fourteenth-level zombies, and the two fourteenth-level zombies also looked at Li Tian from a distance.

Facing these two fourteenth-level zombies, Li Tian didn't have any certainty of winning. If he only faced one, Li Tian could still try it.

And Li Tian still doesn't know whether "Red Slash" can break through the defense of these fourteenth-level zombies.

Once the defense of these fourteenth-level zombies cannot be broken, then even if Li Tian can teleport, there is only one escape.

But these fourteenth-level corpse crystals are definitely full of allure!

"Red Slash" this foodie wants to eat the corpse crystal, the nine-color corpse crystal also eats the corpse crystal, and the mutant crow still wants to eat the nine-color corpse crystal.

Moreover, in Xiaoyasha's space, there is also a super foodie Xiao Tianyi.

Xiao Tianyi now has the strength of a quasi-level twelve zombie, and can already dominate in other small cities.

But in the city of Kyoto, Little Tianyi's strength was obviously not enough, so Li Tiancai didn't summon Little Tianyi out.

No matter how great the temptation, if Li Tian were to face it alone, Li Tian would never do such a stupid thing.

But isn't there still Huangfu Kunpeng now?

In that case, what reason does Li Tian have to refuse?

"Tell me, what do you do?" Li Tian asked.

"These two guys are very cunning. As long as I move towards them, they will run away, but now they are not willing to run away directly. Obviously they are after you!" Huangfu Kunpeng said.

"I'm pooh! I'm afraid these two zombies are attracted to you, your Huangfu Kunpeng is so powerful and heroic that even male zombies can't stop your charm!" Li Tian said.

"Okay, count me as a gaffe. I mean, these two zombies see you as fat and want to eat you, but because of my presence, they won't attack So, if you want to kill these two zombies, then you need you..." Huangfu Kunpeng said.

Li Tian smiled slightly and said, "You want me to be a bait?"

"Although it does not mean that, but what you said is good. I need you to hold them. With your ability to teleport, it shouldn't be difficult to hold them!" Huangfu Kunpeng said.

"Okay, I can try it, but I can only give you two seconds!" As soon as Li Tian's voice fell, he disappeared in place.

Chapter 3558: Strangling together

Seeing Li Tian and Huangfu Kunpeng discussing something and moving their eyes on them from time to time, the two fourteenth-level zombies suddenly felt that there seemed to be a little bit of trouble.

When they saw Li Tian suddenly disappearing, the two fourteenth-level zombies immediately looked around vigilantly back to back with some nervousness.

However, Li Tian did not appear.

And the second after Li Tian disappeared instantly, Huangfu Kunpeng had already launched an attack.

The distance between Huangfu Kunpeng and these two fourteenth-level zombies is only about 30 meters. If Huangfu Kunpeng uses all his strength, it will only take less than two seconds to get to the two fourteenth-level zombies, but The premise is that these two fourteenth-level zombies will

not run away, otherwise it will take some time for Huangfu Kunpeng to catch up with these two fourteenth-level zombies.

Without seeing Li Tian, the two fourteenth-level zombies immediately moved their attention to Huangfu Kunpeng. Seeing that Huangfu Kunpeng had rushed to the two of them, the two zombies wanted to separate immediately and fled back.

However, at this moment, they suddenly felt that the ground under their feet turned into quicksand, and their bodies suddenly began to sink toward the ground.

"Not good!" Two fourteenth-level zombies whispered in their hearts.

"I have never heard of Huangfu Kunpeng having such a power. Could it be that the kid who can teleport?" Two fourteenth-level zombies thought of Li Tian at the same time.

Although the ground was like quicksand, the two zombies still jumped up quickly.

At this moment, Li Tian suddenly appeared out of thin air and slammed into one of the fourteenth-level zombies.

"Boom!" A sound.

The fourteenth-level zombie was hit by Li Tian in this way, and his body floated directly towards Huangfu Kunpeng.

But Li Tian only felt that his body was hitting a mountain as strong as steel.

The physical strength of the fourteenth-level zombies is actually much stronger than the twelfth-level mutant zombies.

In the midair, Li Tian's body flew backwards suddenly, and he was about to hit a building. Li Tian disappeared out of thin air again.

Looking at Huangfu Kunpeng again, his body leaped a few times, and it was less than ten meters away from the two fourteenth-level zombies. When Li Tian suddenly knocked the fourteenth-level zombie over, Huangfu Kunpeng was overjoyed and shouted loudly: " Good coming!"

Seeing Huangfu Kunpeng's feet on the ground a little bit harder, the ground suddenly sank a few inches, the hard concrete pavement instantly cracked inch by inch, and Huangfu Kunpeng's body blasted towards the one flying towards him like a cannonball. Fourteenth-level zombies.

"boom!"

"boom!"

"boom!"

Huangfu Kunpeng's iron fist continued to bombard the body of the fourteenth-level zombie like raindrops.

The body of the fourteenth-level zombie suffered such a fierce attack from Huangfu Kunpeng, and a few bones in the body broke in an instant, but this fourteenth-level zombie did not intend to give up, roared, and his body was suddenly in the air. It began to change.

The body of this fourteenth-level zombie with a height of not more than 1.7 meters suddenly became taller and larger, and in a flash, it changed into a giant zombie with a height of more than five meters.

"puff!"

"puff!"

The ribs in the chest of the fourteen zombies pierced through his skin, stretched out from both sides, and suddenly wrapped Huangfu Kunpeng into his body.

And the fourteenth-level zombies seemed to be self-inflicting, their two arms transformed into two boned spears, and they slammed into his own ribs.

"puff!"

"puff!"

This zombie used his body as a cage and his arm as a long sword.

It feels like a magic performer puts his partner in a dark box and then stabs him with a long sword.

It's just that this is not a magic show, but a desperate fight.

Under this kind of attack of this zombie, there are no longer know how many senior zombies, senior bounty hunters died in his body.

Will Huangfu Kunpeng be the next dead person?

At this moment, a panic flashed across the face of the fourteenth-level zombie.

He had pierced into the two ribs of his body, and two spears of white bones pierced several meters inward.

"puff!"

The bone spear pierced in from one section of his body, and then came out of the other, and apart from the black mucus, there was no trace of human blood on the bone spear.

"Crack!"

"Crack!"

Suddenly, there was a sound of bone fracture in the body of this fourteenth-level zombie, and suddenly two human arms pierced through the chest of this zombie.

"hiss!"

These two arms actually directly tore a hole in the chest of the fourteenth-level zombie, and Huangfu Kunpeng suddenly sprang out of the zombie's body.

"Snapped!"

The moment Huangfu Kunpeng flew out, his body turned quickly, as if Ben Lei's kick hit the head of this fourteenth-level zombie.

The fourteenth-level zombies slammed heavily on the ground.

This fourteenth-level zombie was not dead, but the bones in his body were almost torn apart by this Huangfu Kunpeng.

It was not a grade at all. The face of this fourteenth-level zombie was full of fear. At this time, he knew how far he was from Huangfu Kunpeng!

"Damn! Flee!"

The bones of this fourteenth-level zombie were torn apart, but fortunately his two arms were still intact. He struggled to support his body with both arms and crawled forward quickly.

How can Huangfu Kunpeng let him go!

That Huangfu Kunpeng's body was in the air, suddenly falling toward the fourteenth-level zombies on the ground, like a meteorite.

"boom!"

The head of the fourteenth-level zombie was directly crushed by Huangfu Kunpeng, and the black brain splashed everywhere.

Huangfu Kunpeng sneered, and reached out to pick up the fourteenth-level corpse crystal in the slime.

Huangfu Kunpeng looked at Li Tian and found that Li Tian was fighting another zombie. Although the weapon in Li Tian's hand could not behead the fourteenth level zombies, it could also cause certain damage to the fourteenth level zombies. Coupled with Li Tian's magical teleportation ability, the fourteenth-level zombies were entangled by Li Tian and there was no way to escape.

At this time, Li Tian's heart was not calm.

The defensive power and reaction speed of this fourteenth-level zombie far surpassed the current Li Tian, and the pressure this zombie placed on Li Tian was something he had never experienced before.

Li Tian's broken soul palm bombarded this fourteenth-level zombie, and it turned out to be like throwing firecrackers on the steel plate. Although it could leave a trace, it did not cause any harm at all.

Only "Red Slash" can cut a small crack in the bones of these fourteenth-level zombies.

"What a powerful opponent!"

But Li Tian didn't mean to shrink.

Seeing that Huangfu Kunpeng had rushed towards the zombie, Li Tian teleported to block between Huangfu Kunpeng and the zombie.

"Don't you intervene, this is my Li Tian's battle!" Li Tian said to Huangfu Kunpeng.

Chapter 3559: Li Tian's battle (1)

Huangfu Kunpeng looked at Li Tian with some surprise, he didn't understand why Li Tian wanted to be strong.

These fourteenth-level zombies are not comparable to the twelfth-level zombies that Li Tian killed before, and even the twelfth-level mutant zombies are somewhat different from these fourteenth-level zombies.

But Huangfu Kunpeng admired Li Tian's character very much.

It is precisely because of Li Tian's unwillingness to admit defeat that Li Tian will continue to grow stronger and surprise those who look down on him!

That's right, this is a man's battle. This has already bet on Li Tian's dignity, and as another man, what reason is there to intervene in a man's battle?

Huangfu Kunpeng stepped aside, and said coldly to Li Tian: "I will give you half an hour. The battle must be resolved before midnight arrives. Otherwise, I will take action myself!"

Li Tian nodded, and a teleport again appeared in front of the zombie.

"Chang!" With a sound, "Red Zhan" severely slashed the fourteenth-level zombie and was bombarded by the bones of the fourteenth-level zombie.

However, Li Tian was no match for him, and he immediately flew backward.

Seeing Huangfu Kunpeng didn't mean to intervene. This fourteenth-level zombie who only wanted to escape didn't intend to escape. Instead, he sneered and said to Li Tian: "Hey, kid, if Huangfu Kunpeng takes action, I only have It's time for you to escape. But since you don't know what you can do and are looking for a dead end, then I will reluctantly promise you!"

"Don't worry, after I kill you, I will eat you very seriously, ensuring that no scum is wasted!" This fourteenth-level zombie swallowed and said greedily.

Li Tianjiang "Red Slash" horizontally, sneered and said: "Really? I want to eat a lot of my zombies, but I still appeared in front of you, and they all became my dead souls without exception. "

Although Li Tian's mouth was aggressive, Li Tian's mind was spinning fast at this time, thinking of a way to deal with the fourteenth-level zombies.

"Little Li Tian, do you want this young master to help? This young master can directly throw this fourteenth-level zombie into the void, so that he can't survive and die!" Xukong Yasha communicated with Li Tian with his mind.

"No, I want this fourteenth-level corpse crystal to be useful, and I can't waste it in vain! And I will call me Master Li Tian instead of Xiao Li Tian."

"Should I help you? My dark light has recovered a lot, as long as I activate the dark light..."

"Come on, I plan to use your dark light in the Qinling Mountains!" Li Tian said.

"It seems that only I will take the action. I can use my trick, the quicksand storm, to make the quicksand fly, and directly control this fourteenth-level zombie in the quicksand storm."

"Stunning? Quicksand storm? Isn't it like flying dark light, it takes a long time to rest after one use?" Li Tian suddenly became interested.

"No, your quicksand storm hasn't completed your training yet. If you don't control it properly, you will destroy the city, and you might also burst into death." Void Yasha quickly stopped.

"Damn it, can't it? It can actually destroy a city? What a crazy trick this is, but what the \*\*\*\* is this explosion? Is this trick still so risky?" Li Tian asked.

Only then did Li Tian realize that his understanding of the three Xiaoyashas was not very comprehensive.

Before, Li Tian had always thought that the three little Yaksha's tricks were just to fly to the sky and escape from the space teleportation. Later, I learned that the Feitian Yaksha would be the light of darkness, and the ground travel Yaksha could also control the dirt and quicksand on the ground. Only the Void Yaksha, this guy would Bragging.

"Hey! Who is bragging? Xiao Li Tian, let me tell you, if I show my full strength, even myself will be afraid!" Void Yasha said to Li Tian dissatisfied.

Dixing Yasha said: "In fact, each of our three Yashas has a natal trick. My natal trick is a quicksand storm, while Feitian Yasha's trick is the dark cage, and the master of the void is the blade of the void."

"Quicksand Storm, Dark Cage, and Void Blade, just hearing these three names makes you feel great!"

"Nonsense, that's the real trick. However, none of the three of our natal tricks are yet proficient. Otherwise, you can let you see how good we are!" Xukong Yasha said.

"Cut, it can't be used, saying it is the same as not saying it!" Li Tian thought in his heart.

Even if these three little Yachas requested to use these tricks, Li Tian would never agree. After all, the three little Yachas' destiny tricks were not yet proficient. If there were any shortcomings, Li Tianke would lose out.

It seems that you have to rely on yourself.

Facing these fourteenth-level zombies, if you want to solve the battle within half an hour, it seems that you can only use that rogue style of play.

The fourteenth-level zombies suddenly rushed towards Li Tian. The fourteenth-level zombies were super fast, and two long bones thorns slammed into Li Tian's chest.

Li Tian cast a teleport again, avoiding the attack of the fourteenth level zombies.

"Come out!" Li Tian shouted abruptly, and directly summoned the mutant crow in the space.

Huangfu Kunpeng was a little surprised, he didn't expect Li Tian to have this ability to summon animals from the void.

But after seeing that what Li Tian had summoned was a crow, Huangfu Kunpeng couldn't understand what Li Tian was doing.

The fourteenth-level zombies immediately laughed loudly: "Crow? Don't you think your own meat is too unpalatable, would you like to give me a snack?"

And after the mutant crow came out, it threw a few times and fell on Li Tian's shoulder, and said with a dissatisfaction: "You don't sleep in the middle of the night, what are you doing?"

"Sleep your sister, if you can't take down this fourteenth-level zombie within 20 minutes today, I will make you sleepless!" Li Tian said to the mutant crow.

Li Tian reached out and grabbed the mutant crow directly from his shoulder, threw it into the air, and shouted, "Big, bigger!"

"Halo, do you think you are Monkey King?" The fourteenth-level zombie mocked.

But as soon as his voice fell, the size of the mutant crow grew several times, and it was still getting bigger.

"Even if the body grows larger, at best, there is more meat, I can eat a few more bites later!" The fourteenth-level zombie said with a sneer.

"Dim sum? How many more bites of meat?"

Hearing such words, the mutant crow's heart was also annoyed by the fourteenth-level zombies. This guy seemed to have taken an aphrodisiac, and it kept getting bigger.

In an instant, the spread wings of the mutant crow reached more than five or six meters.

Li Tian suddenly jumped onto the back of the mutant crow.

The mutant crow flapped its wings a few times and flew directly into the air.

"Solution!" Li Tian exclaimed.

That "Red Slash" changed back to its original appearance, and then a red light fell from the sky, directly slashing at the fourteenth-level zombie.

Chapter 3560: Li Tian's battle (2)

What fell from the sky was "Red Slash". The fourteenth-level zombie leaped backwards suddenly, but the "Red Slash" did not continue to cut to the ground, but was controlled by Li Tian's mind to turn around and continue to cut towards the ten. The body of a level four zombie. ,

Seeing Li Tian's transformation, the special forces on the ground became flying soldiers, and Li Tian controlled his weapons, constantly suppressing the fourteenth-level zombies from the sky, Huangfu Kunpeng only felt dizzy in his head, and he became such a person. Opponent, that is definitely everyone's nightmare.

How could that fourteenth-level zombie be willing to be suppressed and beaten by Li Tian like this? The fourteenth-level zombie suddenly lifted an abandoned motorcycle from the side of the street and threw it at the mutant crow.

The motorcycle was like a cannonball, and it rushed directly to the mutant crow. If it were hit by the motorcycle, the mutant crow and Li Tian on it would at least be injured even if they were not destroyed by a plane.

Li Tian smiled coquettishly and stretched out a palm.

This is not the palm of the Tathagata God, but the palm of the broken soul.

This palm came down from the sky, and there was an aura of Taishan topping, and it hit the motorcycle directly with a palm.

"Boom!" An explosion sounded in the air, and the motorcycle was blasted into a pile of broken parts by Li Tian's palm, splashing in all directions with the explosion.

And the fourteenth-level zombies took advantage of the explosion and started to flee.

Huangfu Kunpeng was stunned. He didn't expect that Li Tian would choose to escape when the fourteenth-level zombies were in front of him. Li Tian's current strength has reached the strength that can defeat the fourteenth-level zombies.

No, this Huangfu Kunpeng can be sure, but these fourteenth-level zombies have to choose to escape. Who calls this Li Tian is... it is really shameless.

This feeling is like a machine gunner with an enemy plane above his head. This is a battle of unequal strength.

The figure of the fourteenth-level zombie leaped a few times on the dark street, and had already escaped more than ten meters away. However, at this moment, a red light came from the sky. It was the "red" that Li Tian controlled. cut".

This red light slashed heavily on the fourteenth-level zombies.

This knife was like Taishan pressing the top, slashing the fourteenth-level zombies directly to the ground. As the fourteenth-level zombies were about to continue to escape, their feet suddenly sank, and half of their body fell directly into the quicksand on the ground.

"How is it possible?" The fourteenth-level zombie said with some surprise.

This is of course the masterpiece of Dixing Yasha.

When Li Tian was fighting with these fourteenth-level zombies, he asked Dixing Yasha to create a ring-shaped quicksand sink outside the battle circle. This quicksand sinks more than ten meters wide, if in normal times, the fourteenth-level zombies can surely jump out easily as long as they find a problem with their feet.

However, at this time, the fourteenth-level zombie was trying to escape, and was severely chopped by "Red Slash", and the body would naturally sink into the quicksand.

"Want to run? Have you ever asked my Xiaoyasha!" Li Tian sat on the mutated crow like a big Peng and said with a sneer looking down at the zombie trapped in the quicksand.

But if you want to trap the fourteenth-level zombies in this way, it seems that the fourteenth-level zombies are too simple.

The fourteenth-level zombies suddenly began to change. On his body, bones pierced out, and the length of each bone was far more than ten meters.

And these white bones directly pierced the big trees on both sides of the street, and the fourteenth-level zombie actually wanted to use the big tree to escape from the quicksand trap.

"Huh!" Li Tian snorted coldly, patted out seven or eight palms, smashing all the trees on the edge of the quicksand to pieces.

But the fourteenth-level zombies didn't seem to care. His long bone thorns pierced the trees as if it were just an action to cover people's ears, and at this time the fourteenth-level zombies had completed the change.

The fourteenth-level zombie turned into a white-boned four-legged snake. The limbs of this white-boned four-legged snake were gently drawn in the quicksand, and quickly escaped from the quicksand.

"Haha, the bug trick is like trapping me, it's really naive!" After the fourteenth-level zombie escaped, he laughed at Li Tian arrogantly.

"Innocent? You are too naive if you want to escape in front of me, Li Tian." As soon as Li Tian's words fell, the fourteenth-level zombie disappeared out of thin air.

When the fourteenth-level zombies appeared again, the fourteenth-level zombies appeared in the battle circle again.

He fled desperately for a long time, but returned to the original place.

"What?" Huangfu Kunpeng was completely shocked this time. He looked at Li Tian in surprise, not knowing how Li Tian did it.

"Can Li Tian teleport everything?" Huangfu Kunpeng thought in surprise.

And the fourteenth-level zombies were equally surprised.

He just felt that his eyes were bright, he seemed to have suddenly appeared in a mysterious space, and he had not seen this mysterious space clearly, his eyes were dark again, but he found that he was back in the battle circle just now. in.

"This... how did you guy do it?" The fourteenth-level zombie looked at Li Tian in horror.

The fourteenth-level zombies fled again, and this time they fled in the opposite direction, but he only ran out more than ten meters, but disappeared out of thin air again, and appeared in place again.

After repeating this ten times, the fourteenth-level zombies sat on the ground, looking up at the sky forty-five degrees, with a frustrated face on their faces.

Huangfu Kunpeng felt speechless for a while.

If these fourteenth-level zombies had a flying mount, they would at least be able to fight with Li Tian in the air. By then, it is not certain who will die.

But your sister's Li Tian is now condescending, completely in the posture of an air force fighting the army, and the fourteenth-level zombies who have been hit are helpless.

You said, how can this battle continue?

These fourteenth-level zombies also have self-knowledge, knowing that they can't hit you Li Tian, don't you want to escape? You Li Tian didn't let you escape, and used teleportation to move the zombie back to the original place.

Isn't this bullying, oh no, bullying zombies!

Is this Li Tian's strength? It seems that Li Tian's strength is far less powerful than Li Tian's shamelessness, and once Li Tian's strength and Li Tian's shamelessness are perfectly combined, then even the zombies are really scared.

Huangfu Kunpeng knew that if Li Tian and these fourteenth-level zombies were fighting in a video, once it was broadcast, then there would definitely be a trend of raising flying mounts in the entire human society.

Huangfu Kunpeng looked at the time, half an hour had passed.

If Li Tian is given some more time, these fourteenth-level zombies will be crushed to death by Li Tian's "Red Slash" sooner or later, but Huangfu Kunpeng only gave Li Tian half an hour. Li Tian can do this. It is very good.

Huangfu Kunpeng's body suddenly moved, and in the next second, Huangfu Kunpeng appeared in front of the fourteenth-level zombies.

The fourteenth-level zombies didn't even make any response, with a "click", his head was twisted by Huangfu Kunpeng!
