

## A Killer 3671

### Chapter 3671: Ideas (2)

After Mo Jianyuan left, a man next to the commander of the Holy Army asked in a puzzled manner: "Commander of the Legion, now the Bounty Hunter Association is gaining momentum. If we are like the Sin Bounty Hunter Association, it will not It won't be so good!"

There was a cold smile on Sheng's face, and he said with a sneer: "Even you can see that the Bounty Hunter Association is rising, can't I see it? Since you have mentioned this question, then you can analyze it. Why did the East China Sea City be attacked this time, and the unsuspecting Chamber of Commerce, the Agriculture, Industry and Commerce, also sent people to participate in this East Sea City investigation and rescue mission?"

The man touched his head, thought for a while and shook his head, and said: "I really don't understand that this agricultural and commercial association has never participated in this kind of thing before, and they seem to be eternal neutrals and never take the initiative to participate. Thing!"

"Yes, this is actually the biggest problem.... There are too many things in this world that can't be seen on the surface. This time Tokai Castle was attacked, and the various forces in Kyoto City seemed to be working together, but In fact, it's an open fight."

"According to the investigation by the intelligence department, the Association of Agriculture, Industry and Commerce has already had some connections with Li Tian secretly, and just this morning, when the East China Sea City was attacked, the Association of Agriculture Industry and Commerce had no plans to send someone out, but because of Li Tian suddenly visited Tang Zheng's villa, and the Association of Agriculture and Industry changed his mind and sent someone out. From this point of view, I am afraid that the Association of Agriculture and Industry and Li Tian also have a certain agreement."

"And Sakura's Legion, their legion commander and Li Tian are lovers. This time, Duan Muying can be sent out as the deputy commander. This is really rare. Similar things happened before, Duanmu Ying sent them at most. It's just a core cadre. If I'm not mistaken, Duanmuying's purpose is naturally to hope that his deputy army commander can assist Li Tian and even secretly protect Li Tian."

"Unfortunately, this time I am the leader of the action team. I arranged the landing point of the Sakura Army helicopter to the farthest area from Li Tian."

"Furthermore, the Bounty Hunters Association. The Bounty Hunters Association is the largest association in the country. Although it is a loose organization, they have a terrifying number of bounty hunters, and they are based on the elders of the Five Old Associations. Wouldn't be willing to be kept under the Ten Legion forever and become a vassal of the Ten Legion."

"Therefore, the Bounty Hunters Association has been looking for an opportunity to rise, and Li Tian's strong rise is exactly the opportunity they saw. They put almost all the chips on Li Tian. And here is the reward for coming to East China Sea. Opportunity for the Golden Hunter Association to shine the sword."

"It's a pity, it's a pity. This Li Tian's luck is really too bad, he even encountered a giant beast bereaved. Judging from Mo Jianyuan's anxious look, the level of the behemoth bereaved is far

beyond what we have encountered. The level has reached at least the eighteenth level. For the funeral of this level, let alone Li Tian, even I have to deal with it properly." Sheng said with a meaningful expression on his face.

"Legion Commander, if Li Tian had an accident here..."

The man was interrupted by the commander of the Holy Army before he finished speaking. Sheng looked around for a moment and saw that there were members of the Pilgrimage and Holy Army around him. Then he lowered his voice and said, "If Li Tian can have an accident, it would be best. If Li Tian can't make an accident, I'll find a way to make him make a little accident this time."

Seeing the surprised expression on the man's face, Sheng sneered and said: "Of course, this is not what I meant by myself, but also the meaning of the Hall of Heroes, the Rock Legion, and the Flamingo Legion."

"This... why is this?"

"Why? An old saying, the world must be divided for a long time, and the world must be divided for a long time. Now it is the fourth year of the apocalyptic era. From the first apocalyptic era, mankind has encountered zombies and fled in panic, and now has the strength to start counterattacking zombies. Now There are already hundreds of large and small legions in the country, and these legions are basically fighting on their own. The ten legions and the two associations are restricted by each other. It seems that no one wants to break this balance. situation."

"However, with the appearance of Li Tian, this situation was suddenly broken. Li Tian, the commander of the Celestial Legion, occupies the entire northwest region. He is also the old lover of the commander of Duanmu Ying, the top ten legion, and the top ten legion. Grandson of Mu Yunlong, commander of the Army Soul Corps. Now, Li Tian has become the supreme king of the Bounty Hunter Association and has some connections with the Agricultural and Commercial Association!

"If Li Tian connects these legions and associations together to form a new alliance, then the fate of the other ten legions can be imagined. Qin loses his deer, and the world will fight each other, but once Li Tian's alliance Once established, other legions are not qualified to compete with that alliance at all!"

"Therefore, we hope that Li Tian will have an accident, and the Hall of Heroes and the Rock Legion also hope that Li Tian will have an accident. It is precisely because of this common purpose that our several legions will get in touch in just a few months. "Sheng whispered.

"Legion commander, do you mean that our corps is now in alliance with the two corps?" the man said with some surprise.

"Not only those two legions, but there are several other first-rate and second-rate legions. Everyone wants to form a group, but now it is just an intention. If there is an accident in Li Tian this time, then this alliance may not be established. And if Li Tian does not have an accident and is still continuously advancing the alliance of the heavens, the soul of the army, the army of cherry, and the two major associations, then the days of our alliance will not be far away."

"However, no matter whether Li Tian can escape this accident or not, the world will soon be surging." Sheng said with a sneer.

...

Mo Jianyuan didn't know Sheng's thoughts. Although the intelligence department of the Bounty Hunters Association also investigated some relevant information, it was all highly classified, and it only remained in the hands of the Fifth Old Society and the intelligence department. Yuan's hands.

Soon, Mo Jianyuan on the helicopter found the latest trace of a beast's beast, and Mo Jianyuan immediately ordered the helicopter to follow this trace.

After flying for less than half an hour, the pilot on the helicopter uttered an exclamation and shouted in a trembling voice: "Mo...Sir Mo Jianyuan, look, is it the corpse of a beast!"

Following the pilot's finger, Mo Jianyuan quickly saw the giant beast's corpse that crashed into the East China Sea City wall and stuck his entire body in the wall.

"Lee... Master Li Tian actually beheaded this behemoth? This... you hit me to see if I was dreaming!"

"Snapped!"

"You really \*\*\*\* fight!"

There was a painful and happy laugh from the helicopter.

Chapter 3672: The tide of corpses recedes (1)

When he saw the bounty hunter logo on the flying helicopter, Li Tian guessed that it was Mo Jianyuan who came with his helper to find them.

When the helicopter pilot stopped the helicopter steadily on the city wall, Li Tian and others saw that only Mo Jianyuan jumped off the plane, and there was no Saint Legion commander or anyone else, and the expression on Mo Jianyuan's face was also very different. Ugly.

Li Tian knew that it was probably Mo Jianyuan who was ashamed when he went to ask for help.

Mo Jianyuan quickly jumped off the wall and came to the giant beast's corpse. When he saw Li Tian, his expression was very unnatural, and he said to Li Tian, "Lord Li Tian, Mo Jianyuan is ashamed of him. When I saw the East China Sea Mansion being attacked by this behemoth, I originally took a helicopter to the building where the Saint Legion Commander and they were docked, and wanted to ask the Saint Legion Commander for help, but..."

With that, Mo Jianyuan twisted his head.

Mo Jianyuan thought of the insult to him by the Saint Army commander, the insult to Li Tian, and the insult to the Bounty Hunter Association. Mo Jianyuan could not help but feel the burning pain on his face.

Li Tian nodded, patted Mo Jianyuan's shoulder lightly, and said: "It's okay, you did a good job, you said that you did it to protect the helicopter. As for hunting this beast, our Bounty Hunter Association will not Need to ask any organization for help!"

When Li Tian said this, his voice was full of pride.

Xiao Qiuman, Zhang Ming, and Gu Lianghongtu nodded involuntarily.

Xiao Qiuman glanced at Mo Jianyuan, and said to Mo Jianyuan: "It's really not easy for you to ask for help from the commander of the Holy Army! A person who is most afraid of trouble, one who looks down on face People who are more important than life can take the initiative to lower their faces and ask for help. Tsk tsk..."

Gu Liang Hongtu smiled and said, "It seems that your face is lost this time. Lord Li Tian is our supreme king. Mo Jianyuan, can you imagine it? This huge 18 The first-class funeral was killed by Lord Li Tian alone! Not only did we not help, we also need Lord Li Tian to take care of us!"

Only then did Mo Jianyuan begin to earnestly amass the corpse of this giant beast, and while reaching out to stroke the corpse of the giant beast like a hill, he said with emotion, "This...this is really shocking."

"Master Li Tian, how did you do this? To know that such a huge eighteenth-level funeral, even the Holy Army... The Holy Dog needs to be dealt with properly. Tsk Tsk, it seems that I missed a wonderful event. The battle is over. Master Li Tian, I won't guard the helicopter anyway in the next battle. I will fight with you." Mo Jianyuan said with some excitement.

"It seems that the helicopter doesn't need you to guard it anymore!" Li Tian pointed to the inside of the East Sea City wall and said.

"Why... what is this?" Mo Jianyuan just wanted to ask why, but he suddenly saw that inside the ruined East Sea City wall, there was a dust in the distance, and under that dust were the giant beasts in the ocean. Funeral.

Aren't these giant beasts in the ocean near the East China Sea Building just now? Why are you all rushing here now?

Could it be that this eighteenth level behemoth was killed by Li Tian, and those behemoth beasts have to rush for revenge?

"Ready to fight!" Manzi, Mo Jianyuan and others shouted at the same time.

But when they shouted these words, they had no confidence in their hearts.

The levels of the giant beasts in the ocean are basically fourteenth and fifth, and the number of those beasts is at least a hundred or so. At this time, they are running all over the land toward the corpses of the giant beasts, and those beasts Some other zombies followed behind him.

This is about to form a tide of corpses. Once a tide of corpses is formed, the zombies and zombies will be overwhelmed, just like ten thousand horses, no matter how powerful a person's ability is, it will feel powerless.

"Let's go up to the city wall! These zombies and zombies are going to withdraw from East China Sea City!" Li Tian said that he had already started to walk quickly towards the city wall.

Although Manzi, Mo Jianyuan and others were puzzled, they still obeyed Li Tian's words and followed Li Tian onto the wall.

Standing on the city wall and looking into the distance, the zombies and zombies ran with a vibrating momentum. Even standing on the city wall, the barbarians and others felt that the ground was shaking slightly.

The degree of those zombies and zombies has not slowed down at all. As these zombies run, the number of zombies and zombies is getting larger and larger, and it has grown from the first few hundred zombies and zombies to thousands. The time is still increasing.

In the distance, zombies were constantly gathering in this tide of corpses, and the ruins and rubble in front of these tides completely resisted these zombies and zombies.

At this time, the tide of the corpse tide was only a few hundred meters away from the city wall where Li Tian and others were.

"These zombies are really just passing by here, are they going to withdraw from East Sea City?" This is a doubt in everyone except Li Tian.

Near, getting closer.

The corpse tide was still thousands of meters away from here, but now it has rushed to several hundred meters.

"Puff!"

"Puff!"

Zhang Ming could feel his own heart beating fast, and his hand holding the long knife was already sweating. Zhang Ming involuntarily licked his already dry lips with his tongue, then looked up intentionally or unintentionally. Li Tian glanced.

The expression on Li Tian's face was very calm, standing on the top of the city wall, looking into the distance, as if he was enjoying the distant scenery.

"No loss is the Supreme King, and No loss is Lord Li Tian. At this time, it is still so peaceful!" Zhang Ming exclaimed.

The red picture of Gu Liang admires Li Tian even more. There is an indescribable light in his eyes. It feels like, if there are no other people here, if this is not the dilapidated wall of Donghai City, then Gu It is entirely possible for Liang Hongtu to overthrow Li Tian directly.

"Look, the corpse tide turned around!" Xue Ji held the Dragon Sword in her back, stretched out her fingers, and pointed at the corpse tide in the distance.

Sure enough, when the corpse tide was less than a hundred meters away from the city wall where Li Tian and the others were located, he suddenly turned about sixty degrees, and rushed out towards a gap in the city wall not far away.

"Master Li Tian, how did you guess? Do you still have the ability of an unknown prophet?" Gu Liang Hongtu rushed to Li Tian, holding Li Tian's arm with some excitement.

"Brother Tian, you never told me that you still have this ability!" The barbarian also looked at Li Tian and said.

Only Situ Ningbing thoughtfully looked towards the direction that the young man had left, while Li Tian turned his head and looked at Situ Ningbing, and smiled knowingly at Situ Ningbing.

Chapter 3673: The tide of corpses recedes (2)

Situ Ningbing guessed well.

The reason why Li Tian knew that these zombies would withdraw from East Sea City was precisely because of that young man, the young man whose name was the same as that of the hero Yang Guo in Mr. Jin's works.

Thinking of Yang Guo, Li Tian couldn't help but show a knowing smile.

This genius young man before the end of the era still showed his incomparable genius strength after the arrival of the end of the era, almost destroying the entire East Sea City with his own power.

For a person like this, even if his personal cultivation base is zero, it is definitely an existence that cannot be underestimated.

Originally, Li Tian's idea was to bring this Xiao Yang Guo directly back to the heavens, and let him assist the people such as Shelipuding and He Zhizhuo in the heavens.

But the young man declined Li Tian's invitation.

Yang Guo said that if he followed Li Tian back to the northwest, once his identity was revealed, his crime of destroying East Sea City would put Li Tian and Tianjie into a very unfavorable situation.

Thinking of this, Li Tian couldn't help but looked in the direction where Young Lang had left.

Because of the existence of Li Tian, this uncle made Yang Guo awaken, and the young Lang reined in the precipice. Yang Guo said to Li Tian that although he could not follow Li Tian back to the heavens and follow Li Tian to the northwest region, he would use himself To help Uncle Li Tian.

Even in the near future, Uncle Li Tian will be a big surprise.

"What is the surprise? I really can't wait to know!" Li Tian thought to himself.

...

Near Donghai Building.

The commander of the Saint Legion was secretly refreshed because he had rejected Mo Jianyuan's request. He even sent someone to secretly investigate the situation of the Bounty Hunter Association to see if Li Tian was already in danger.

If Li Tian is in danger, then the commander of the Holy Army doesn't mind making Li Tian feel worse. The Holy Spirit never disdains and does things like sending charcoal in the snow, but the Holy Spirit is handy to do things like falling into the ground.

Soon, the people he sent out returned.

"Legion commander, that kid Mo Jianyuan flew away in a helicopter. I went to spy around the East Sea Building again, and there was no such thing as the beasts and mourners Mo Jianyuan said! But...but in the East Sea Building. Bian did realize the traces of fierce fighting, and the bottom three floors of the East China Sea Building were destroyed so badly. It seems that Mo Jianyuan doesn't seem to be lying. According to my estimation, Li Tian may be more ill-fortuned now." This person said.

There was a hint of excitement on Sheng's face, and he leaned forward slightly and said, "Are you sure?"

This person immediately stammered and said: "I...I... the battle scene in front of the East Sea Building was very tragic. The entire square of the East Sea Building was completely destroyed, and there were traces of rocket explosions on the square, so I....."

"Bastard!"

Sheng suddenly became angry, put his foot on the man's chest, and kicked the man directly out for more than ten meters. The man got up from the ground with difficulty and couldn't help coughing and vomiting blood.

Sheng did not have the slightest expression of guilt on his face, and he still roared angrily: "Do you know what is the most taboo thing for the intelligence department? It is a subjective guess, not an objective statement of facts! You know that your guess may lead to What kind of consequences? How many people might be killed?"

"Yes... I'm sorry, commander of the legion!" The man stood up tremblingly, wiped the blood from his mouth with his hand, and said with his head lowered.

At this time, a man in his twenties hurried in from outside with a scar on his face, and his nickname was also called Scarface.

At this time, Scarface followed Scarface and another man came in. Although the commander of the Holy Army could not call this man's name, he knew that this man was the core cadre of the Flamingo Legion, a flamingo. The most famous intelligence collector and surveillance detector in the legion is called Lao Cao by others.

And Lao Cao was the person in charge who secretly represented the flamingo and the pilgrimage and holy legion.

This person looks exactly like an ordinary person, just like his name, even if he is standing in front of you, if he does not take the initiative to speak, he will not give you any sense of existence.

And this is exactly the ability of Lao Cao,

It is precisely by relying on this ability that Lao Cao can have his status and achievements today.

After seeing Old Cao, the Saint Legion commander knew that Old Cao must have important information to share with him.

Saint said to Scarface: "Take this waste down, you are responsible for supervising him. If he kills less than ten zombies or zombies above level 12 today, he will be dealt with in accordance with the Legion Military Law!"

The injured man immediately let out a scream and was dragged out by the scar face.

When Scarface and the injured person walked out, Sheng changed his amiable face and said to Old Cao, "I don't know if Old Cao has any information to share with us?"

Old Cao smiled slightly and said, "Yes, after coming to East Sea City, I accepted the order of our deputy commander. I immediately went to the vicinity of the East Sea Building. Unfortunately, I saw a wonderful battle!"

"Are you talking about Li Tian's battle with that giant beast? What was the result?" The Saint Legion commander asked with a look of expectation on his face.

"That's right! This Li Tian is not the strongest newcomer outside of Forbes's strength in this year, and he can even fight the behemoth beast. Even if he is suppressed by the behemoth, he still retreats in an orderly manner."

Old Cao seemed to be telling a story, dangling the appetite of the Saint Legion commander.

After hearing that Li Tian had created a huge quicksand sink and trapped the beast, Sheng couldn't help showing a hint of surprise on his face.

He has also seen Li Tian's performance in the Forbes Power Contest. According to the current words of Cao Cao, then Li Tian's strength has obviously improved.

"It's a pity! People are not as good as the sky, and Li Tian's strength is exhausted. In the end, it is hard to escape the fate of being swallowed by the beast." Old Cao said with a little regretful expression on his face.

"What? You said Li Tian was eaten by that giant beast?" Sheng said with ecstasy on his face.

"That's right, after the beast's beasts swallowed Li Tian, it rushed towards the East China Sea. Even if the people of the Sakura Legion knew the news, I am afraid it would be too late to help!" Old Cao said.

"Okay! It's great!" Sage thought secretly.

At this moment, the scarred face suddenly rushed in and shouted at the Saint Legion commander: "Army... Legion commander, the marine corpses suddenly retreated."

Chapter 3674: Empty

When the saint walked out, he saw the deceased things receding in the direction of the East China Sea like a tide. . .

"This...what exactly happened?" Old Cao asked in a puzzled manner.

The commander of the Holy Legion shook his head, he had never encountered such a thing.

There have been so many corpse waves attacking cities in the south, and there has never been a precedent for zombies to withdraw from the city by themselves. All rely on human legions to fight, relying on human flesh to exchange corpse crystals, beheading those zombies or driving them out of the city.

Sheng suddenly thought of a question, and asked Old Cao: "Did you personally see that Li Tian was swallowed by a behemoth? Then other members of the Bounty Hunter Association and other members of the Celestial Realm? Haven't they been swallowed by the behemoth?"

Old Cao shook his head and said, "I didn't see it. When I arrived near the East Sea Building, Li Tian was already fighting the beast and the beast. I didn't see the other people in the Bounty Hunter Association or the people in the heavens. ."

The commander of the Saint Legion suddenly felt a little uneasy in his heart.

According to Lao Cao, Li Tian had been swallowed by the beast and dead, and it was normal that Li Tian's body could not be seen. But why didn't even the Bounty Hunters Association and the Celestial people be seen!

"Could it be that they have also been swallowed by the beast?"

"Impossible. Even pigs know that they choose to escape when they are in danger. Are the people from the Celestial Realm and the Bounty Hunter Association more stupid than the pigs? No, no, there must be some information that I don't know!"

"Could it be that Li Tian was not swallowed by that giant beast, but Li Tian took the initiative to let the giant beast swallow him, and then attacked the beast from the beast's body?" Sheng suddenly thought of such a possibility. .

"You need to know that this eighteenth-level beast has a super defensive power. With Li Tian's strength, even if he holds a divine weapon, he can't break the defense. It's completely possible!"

"By the way, the kid from the Intelligence Department just said that Mo Jianyuan flew towards the East China Sea in a helicopter. It stands to reason that if the behemoth has retreated, Mo Jianyuan's first reaction should be to go to the East China Sea first. Looking for Li Tian in the building or on the square, but he made such a decision, did Mo Jianyuan also find any clues?"

Thinking of this, Sheng's heart could no longer be calm, and he immediately said to the people around him: "You are now divided into two teams. One of them is flying in the direction of the East China Sea by helicopter. You must carefully search for Mo Jianyuan and their whereabouts. . And others follow me!"

Then, Sheng and his people rushed towards the East China Sea Branch of the Bounty Hunters Association at full speed.

...

After Li Tian and others waited for the corpse tide to withdraw from East Sea City, they all came to the East Sea City branch of the Bounty Hunter Association.

To be precise, the ruins of the club are located.

If it weren't for the incomplete characters of Beijinxi people hanging on the ruins, who would have thought that this was once the most sacred place in the hearts of bounty hunters in Donghai City.

Seeing these ruins, Xiao Qiuman, Zhang Ming, Gu Lianghongtu, and Mo Jianyuan all have some miserable expressions on their faces. After all, they have been in the Bounty Hunter Association for some time. Among them, Zhang Ming and the East China Sea City branch will Long still have good friendships.

The building of the Bounty Hunter Association is destroyed, it can be repaired, but what if the people are gone?

Touching the scene, Li Tian couldn't help but think of the young Lang Yang Guo, and his brothers and relatives who were buried on the top of the Tianshan Mountains.

Situ Ningbing walked over and said in a low voice to Li Tian: "Let's hurry up and search, maybe there are survivors under the ruins. Don't think that I will remember the dead now and let us miss the rescue. By."

Hearing Situ Ningbing's words, Zhang Ming and the others were slightly startled. They didn't even understand the simplest truth, and couldn't help but feel a little ashamed.

Yes, if there are still injured people alive under the ruins, wouldn't they miss the best time to save people?

"Thank you!" Zhang Ming said to Situ Ningbing, and then Zhang Ming quickly rushed to the edge of the ruins, inserted a long knife to the side, and began to move the heavy concrete blocks, floor slabs and other things with his bare hands.

Barbarians and others went up to help.

In fact, for these people with cultivation skills, these cement blocks and floor slabs don't need any machinery at all, just bare hands are enough. With the help of Manzi and others, the movements of Zhang Ming, Mo Jianyuan and others will become more intense. As soon as they came, the pieces of cement were thrown directly into the ruins by the barbarians, and a floor slab flew out directly from Zhang Ming's hand.

"Hey, stupid human beings, do you still need to do things like this? Have you forgotten that there is another being as great as a god?" Dixing Yasha appeared on Li Tian's shoulder and said disdainfully.

Li Tian, who was just about to go up to help, stopped again and asked doubtfully: "Does the god-like being you just mentioned refers to you?"

Dixing Yasha straightened his chest immediately, and said confidently: "Of course. Have you forgotten my name? My name is Dixing Yasha, you can think of me about everything related to the land.!"

Li Tian stretched out his hand and took Dixing Yasha from his shoulder, held it to his mouth, and gently kissed Dixing Yasha's small forehead.

"Master Li Tian, how can you start on the ground Xing Yasha! I am blind and misunderstood you!" Feitian Yasha shouted at Li Tian angrily in his heart.

"Let go of that girl and let me come!" Young Master Void shouted at Li Tian in a weak voice.

Li Tian completely ignored the shouts of Feitian Yasha and Void Yasha, and shouted excitedly: "Go, Pikachu!" Then Dixing Yasha was thrown directly into the rubble by Li Tian.

While Dixing Yasha was happy, she had already begun to perform her stunts while flying in the air. I saw a black shadow flashing past, and the earth travel yasha entered the ground directly from the ruins.

It was very open, and the underground began to flow out of quicksand continuously, and these quicksands were like flowing water, and the cement blocks, floor slabs and other debris on the ground immediately began to slowly move around along with the quicksand.

"This....."

Seeing quicksand coming out of the ground suddenly, everyone who was moving was shocked at first. After looking back at Li Tian, who was pleased, everyone immediately realized that it was Li Tian using Xiaoyasha's ability to help everyone.

"Master Li Tian, I really don't know how to thank you!" Zhang Ming said excitedly.

Li Tian nodded slightly, not taking credit for it, and said: "Actually, this is my Jixing Yasha who actively asked Ying to come and help everyone. If you want to say thank you, you can talk to the Jixing Yasha in the future!"

Soon, the ruins piled up like a hill were completely removed by Jixing Yasha, but everyone was silent.

Looking at each other, don't know what to say!

There is no dead body? There wasn't even a word of corpses under this pile of ruins.

How is this possible?

Chapter 3675: Li Tian vs. Saint (1)

Seeing this result, Li Tian was also quite surprised. ,

"Look at the other ruins again, is there no corpse?" Li Tian said.

Dixing Yasha immediately began to use his abilities, using quicksand to evacuate a ruin near the Bounty Hunter Association, and as a result, there were no corpses under the ruins.

"Li, did you say that these people had already withdrawn from East Sea City when they were attacked by the beasts' beasts, leaving an almost empty East Sea City to be attacked by the beasts' beasts?" Situ Ningbing said.

Li Tian nodded, agreeing with Situ Ningbing's statement.

The young Lang Yangguo controlled the beasts and funerals to come out of the East China Sea, and there was some distance from the sea to the East China Sea. With so many legions in the East China Sea, it is impossible for their sentry and intelligence departments to detect this behemoth. Moreover, the young Lang Yangguo had also controlled the giant beasts to drive away other zombies in the nearby abandoned city.

According to Li Tian's calculation, before the beasts attacked Donghae City, the Legion's sentinel had already detected the news, and the relevant organizations of Donghae City had already signaled the attack to Kyoto City.

The residents of Donghai City quickly organized evacuation.

The emergency evacuation in this apocalyptic era is more frequent than fire drills and earthquake performances before the apocalyptic era. Once there is an emergency, the evacuation efficiency of the hundreds of thousands of people in a city is still very high.

"If this is the case, it also explains why there is not a corpse and a survivor in the dozens of floors we inspected in the East Sea Building." Situ Ningbing said.

Of course, it takes time to evacuate, and the corpses inside and outside the East China Sea City walls that are being swallowed by the zombies are the corpses of the members of the legion who are responsible for resisting in order to gain time for the retreat.

Of course, it is impossible for ordinary people to evacuate all. There will always be some old, weak and sick people who are too late to evacuate and eventually become food for zombies and zombies. As for the reason why Donghai Castle completely lost contact with Kyoto City within half an hour, it was because of another skill that young Lang Yang had done.

"It seems that we no longer need to stay in East China Sea City. This city has been completely abolished. Even if the end of the era is over, this city will probably become barren in a short time." Barbarians said.

"Okay, but before we leave East Sea City, we must find people who have already evacuated." Li Tian said.

"Once these hundreds of thousands of people leave the city, let alone whether they will be attacked by the funerals, they may have major problems within them, and the most important one is probably the food problem." Li Tian said.

"Brother Tian, can you solve this food problem? Since the East Sea City problem has become like this, I am afraid we will not be able to solve it in a short while. Why don't we return to Beitang? There are a lot of things in Beitang. Things are waiting for us to deal with!" Barbarian said.

In fact, the manzi is right. Li Tian's Beitang city is still occupied by zombies, and Li Tian's Celestial Legion is still hiding in the deep mountains of Qinling. It is also threatened by food shortages, but fortunately behind Li Tian's Beitang There is also the entire Celestial Realm, the entire Great Northwest is supporting.

Li Tian did not refute the Barbarian, but smiled and said to the Barbarian: "Man, what do you say is the most important thing in a city?"

The barbarian touched his head and said, "It should be these buildings! Now that East Sea City has been destroyed like this, this city is completely destroyed!"

Li Tian looked at Xue Ji, Situ Ningbing and others again.

"Buildings are important, but what use is there if no one wants these buildings? And these high-rise buildings are not built by humans, so of course, the most important thing in a city is people." Xue Ji said.

Situ Ningbing continued to add: "This East Sea City has been destroyed, so the hundreds of thousands of people must find a place to live and live again, but all the small cities near this East Sea City will not be able to solve it in a short time. The problem of hundreds of thousands of people."

"So, Li, do you mean that you want to divide some of these hundreds of thousands of people and bring them back to our Beitang City?" Situ Ningbing asked.

Situ Ningbing didn't lose to Li Tian's woman, she knew everything about Li Tian's thoughts!

"My eldest wife is Bingxue smart, you can guess it too!" Li Tian stretched out his arm and hugged Situ Ningbing, but Situ Ningbing shyly broke free from his arms.

There are other people here. Li Tian didn't kindly continue to attack Situ Ningbing. He gave a dry cough to resolve the embarrassment in his heart, and said, "Yes, our Beitang city is one of the largest cities in the northwest region, but now Even if we take Beitang City back, it will be nothing more than an empty city. And our heavens are already on the ground and sparsely populated. It is already our limit for the Celestial Legion to pull 10,000 from the heavens."

"But, if you can \*\*\*\* from the hundreds of thousands of refugees in Donghai City, oh no, you can make half, even a third, and one-fifth of these hundreds of thousands of residents go to Beitang City, Then Beitang can become a real big city in the northwest region." Li Tian said with an excited expression on his face.

"But this East China Sea City is too far from Beitang, it's a thousand miles away. How can we let so many people choose to follow us to Beitang, and now the most important thing is probably the food issue. We always Can't let so many people follow us to Beitang City hungry?" Xue Ji asked.

I saw a smug smile on Li Tian's face, and he said confidently at a very moment: "These are really important issues, so now we need to divide into two teams to solve this problem. The first team will be taken by me. People from the Bounty Hunters Association go to the granary of the branch of the Agricultural and Commercial Association of Donghai City. First take up the grain and talk about it.

"And the second team, Situ Ningbing, you take our members of the Celestial Realm to find those who have evacuated. After you find them, you will be threatened and lured, and you must persuade them to go to Beitang City with you. As for food and food. You can safely leave it to me to solve the matter!"

"Master Li Tian, I am more familiar with the vicinity of East China Sea, so I beg to follow the members of the heavens to find them," Zhang Ming said invitingly.

Li Tian nodded and agreed.

Then Situ Ningbing took Manzi, Zhang Ming and others into the helicopter and flew away.

"Let's go too, we must be the first to grab the grain before other legions and organizations, especially before the Agricultural and Commercial Association!" Li Tian said to Mo Jianyuan and others.

As soon as Li Tian's words fell, several figures suddenly rushed out of the ruins in the distance, and then a voice shouted at Li Tian: "Li Tian, your majestic Bounty Hunter Association's supreme king, unexpectedly fought. It's really shameless to get the idea of these refugees and the granary of the Agricultural and Commercial Association. Let me teach you the principles of life today!"

Chapter 3676: Li Tian vs. Sheng (2)

Saint suddenly appeared.

Before Li Tian and others had not discovered the existence of Sheng and others, it seemed that the Sheng had already been hidden here.

Sheng is already plotting against Li Tian.

This person not only completely ignored Mo Jianyuan's cry for help, but also insulted Mo Jianyuan, the Bounty Hunter Association and Li Tian. Now he still wants to teach Li Tian ceremoniously. It seems that Sheng is already eager to deal with Li. God.

Seeing the saint suddenly appear, Mo Jianyuan's heart sank suddenly.

The thing that Mo Jianyuan worried most was about to happen, and Xin Li Tian's words just now were just an excuse for Sheng.

"No, I can't let him find this excuse, otherwise Li Tian may be in danger!" Mo Jianyuan thought in his heart.

"Leader of the Holy Legion, I am afraid you have misunderstood it. We, Lord Li Tian, never thought of the idea of hitting the refugees of East Sea City, but Lord Li Tian, as the supreme king of the Bounty Hunter Association, is also the commander of the Celestial Legion, and This time it is the deputy leader of the action team. When encountering this situation, the first thing that comes to mind is not personal gains or losses, but worrying about the country and the people, and taking the initiative to take on the rescue of these refugees. As for the granary of the Association of Agriculture

and Industry Master Li Tian is worried that if it is not controlled, it may cause panic and even a tragedy of grabbing food." Mo Jianyuan forced the anger in his heart and explained to Sheng.

Sheng sneered and said: "Stop talking nonsense. Explaining is concealing, and concealing is the fact! No matter how your tongue is, you can't escape the facts I heard. Let me ask about the strength of the Supreme King of the Bounty Hunter Association! "

Li Tian knew that if he was personally strong, he was not yet Saint's opponent, and it was not the time when Li Tian and the commander of the Saint Army were torn apart.

"The Captain of the Saint Legion is the top ten strong players in the Forbes Power Contest. How can I, a newcomer in the Forbes Power Contest, dare to be disrespectful to you? What if the content of the meeting between me and the members of the Bounty Lee Association just now caused you? If you misunderstand, I need to explain it to you."

Although Li Tian said that he was giving in, he secretly accused Sheng, as one of the ten army commanders, for eavesdropping on other people's meetings.

"Explanation? Is it necessary to explain? Do you dare to do it and still dare not take it? Is this the style of the Bounty Hunter Association? Is this the style of the heavens?" Sheng said in an extremely mocking tone.

Sheng just wanted to anger Li Tian.

Facing Sheng's aggressiveness, Li Tian's expression was quite calm.

Li Tian said: "When we searched the ruins of the Bounty Hunters Association, we found that there was no human body under the ruins. To confirm that we also searched a bunch of ruins nearby, we can basically confirm the East China Sea. The residents of the city should have been partially evacuated when the funeral attacked the city."

"However, the city of Donghai City is now destroyed. These evacuated people may not have food with them when they are evacuated in an emergency. I am worried that in case there will be riots, I want to control the granary, and as for the future way out for those refugees. Of course, this is not something that I can decide by Li Tian alone. I have also invited the Saint Group Leader and the Ten Army to discuss together. I Li Tian can even not intervene in this matter!"

Sheng's heart sneered: "The life and death of the refugees in this East China Sea is a matter of my pilgrimage and the Holy Army. Even if they are all eaten by zombies, what impact will it have on our pilgrimage and the Holy Army? On the contrary, because This East China Sea City was destroyed, but our Pilgrimage and Saint Legion were missing a few potential competitors."

"Of course, things in the granary of the Agribusiness Association branch should still be taken seriously. Maybe you can use this granary to buy the hearts of several legions, and finally become a new ally of the pilgrimage and holy legions!"

It's just that today Li Tian didn't know why after fighting with the beast of the eighteenth level, he was unharmed, which made Sheng very unhappy with Li Tian.

Thinking of this, Sheng winked at the Scarface beside him. The Scarface was knowing, and immediately led a few people to rush out in the direction of the Donghaicheng Agriculture and Industry Association, and Sheng continued to stand in front of Li Tian and others. .

Xiao Qiuman and Gu Liang Hongtu just wanted to rush out to fight with the pilgrims and saints, but they were directly stopped by the saint.

"Why? Don't I just understand what I said? Don't you still want to go together now? Okay, then you, the Supreme King and the Twelve Powers, go together." Sheng sneered, facing Xiao Qiuman Said.

Xiao Qiuman involuntarily stepped back a few steps, and then said to Saint: "Holy Legion Commander, our Bounty Hunters Association gives way everywhere, but you are pressing hard. Do you really think our Bounty Hunters Association is afraid of you?"

"Okay, the supreme king of the Bounty Hunter Association now has a reputation in Kyoto City. Is the name of this supreme king the same as the twelve powerhouses, just used to coax the ordinary people?" Sheng said with a sneer.

"You! Okay, even if the strength of our top twelve powerhouses is not good today, we still have to ask about the strength of the legendary leader of the top ten legions!" Xiao Qiuman said angrily.

But at this time Li Tian walked over, blocked Xiao Qiuman and Gu Liang Hongtu, turned his head to Xiao Qiuman, Gu Liang Hongtu and others and said: "Since the Saint Legion commander has repeatedly wanted to Fight against our Bounty Hunters Association, and we can't take the face of the Saint Legion commander. Let me fight against the Saint!"

"Oh, by the way, Tang Zheng, the president of the Association of Agricultural Industry and Commerce, has appointed me as the special core cadre of the Association of Agricultural Industry and Commerce. Therefore, I have absolute power to deal with the matter of the granary of the Association of Agricultural Industry and Commerce. Issue a bounty mission to the top twelve experts of the Bounty Hunter Association. Please be sure to guard the granary of the Donghai City Agriculture and Industry Association. If anyone dares to grab food, kill them!"

When he said the last word, the murderous aura from Li Tian had been released without reservation.

The mud bodhisattva still has three points of anger, and Li Tian has been constantly retreating. This saint is still aggressive, so there is no need for Li Tian to retreat.

Although there is no certainty about defeating and beheading the saint, Li Tian may not be afraid of his saint with Xiaoyasha.

As for the special core cadres of the Agribusiness Association, this is of course Li Tian's nonsense.

But now Li Tian had already handed the fourteenth-level mutant mourning bear's mourning crystal and bear gall to Tang Zheng's hands, and Li Tian could already talk to Tang Zheng about the original agreement. Let's not talk about the relationship between Li Tian and Tang Feifei, and Tang Zheng, but the strength of Li Tian, I am afraid that Tang Zheng will be very happy to give this special core cadre position to Li Tian.

After all, this was originally Tang Zheng's plan.

After watching Xiao Qiuman and others leave, Li Tian's mouth went out with a smile, and shouted to Sheng: "Come on!"

Chapter 3677: Li Tian vs. Saint (3)

The figures of Xiao Qiuman and the other three quickly passed over the ruins of Donghai City. ,

Gu Liang Hongtu looked back at Li Tian with some worry, and then said to Xiao Qiuman and Mo Jianyuan: "You two have known Lord Li Tian for a little longer, and you know more about Lord Li Tian, you said. What chance does Li Tian have to win?"

Mo Jianyuan shook his head and said: "Sheng Ke is the commander of the top ten legions. His strength can definitely be ranked in the top 15 in the country. In terms of personal strength, Li Tian is not his at all. Opponent. Moreover, that ability of Sheng is probably very unfavorable to Master Li Tian!"

Xiao Qiuman also nodded slightly, expressing his agreement with Mo Jianyuan's views.

Among the top ten legions, there are two legions whose commanders are slightly different from those of other legions.

Among them, the combat power of the commander of the Army Soul Legion has always been a mystery. Some people say that Mu Yunlong is completely incapable, just like ordinary people. Others say that Mu Yunlong's strength may exceed Huangfu Kunpeng's strength. Otherwise, why Huangfu Kunpeng will be so desperate Following Mu Yunlong, after more than three years in the last days, more people tended to the former. After all, if a person has the strength, it is impossible to have never shown it in more than three years.

The other legion is the Pilgrimage and Holy Legion, this legion has two legion commanders. Although the Forbes power rankings of these two army commanders are not as scary as Huangfu Kunpeng, their rankings are not low, and they remain in the top fifteen. If this is the same sturdy terror in the eyes of ordinary people. symbol of.

The Saint Legion commander is even more so. This person in this session of the Forbes Power Contest once again advanced two places and squeezed into the top ten. As the Saint Legion commander's ability continues to awaken, people can even guess the Saint's strength. Will go further.

This time in the Forbes power competition, the ability of the Saint Legion commander has made many people feel scared.

As Xiao Qiuman, who was once defeated by the sage, he has a profound experience.

Seeing that Mo Jianyuan and Xiao Qiuman had the same views, Gu Lianghongtu showed a worried expression on his face and said: "Xiao Qiuman, you fought against Sheng. You said that if Master Li Tian and Saints fight, how can it be possible to win."

Xiao Qiuman once again recalled the scene of her fighting against Saint in this Forbes power competition, and she couldn't help showing a wry smile.

Said it was a fight, in fact, it was completely passively beaten. If it weren't for the Forbes strength match, Saint didn't mean to hurt Xiao Qiuman, I am afraid that Xiao Qiuman would no longer appear here.

"I don't know the true strength of Li Tian. If Li Tian still maintains the ability to compete in the Forbes competition, relying only on his three small Yasha followers, Li Tian is even sure of winning 1%. No." Xiao Qiuman said.

"Impossible! After all, Lord Li Tian is also a strong man who can kill eighteenth-level beasts!" Gu Liang Hongtu exclaimed.

Mo Jianyuan suddenly laughed and said, "Let's not scare Gu Liang Hongtu. The strength of Lord Li Tian may not be the opponent of Saint, but Lord Li Tian can't be measured by the law of ordinary people's strength. ."

"Before today, have you ever thought that he can kill the beasts of level 18? Moreover, Lord Li Tian has surprised people too many times. I believe Master Li Tian will also surprise us this time!"

"Yes, we have to trust Master Li Tian, just as Master Li Tian believes in us. If we meet people from the Pilgrimage and Saint Legion later, I will certainly not be polite!" Xiao Qiuman said.

...

While Xiao Qiuman and others were discussing Li Tian, Li Tian had already fallen into a bitter battle.

"Hey, is this the strength of the Bounty Hunter Supreme King? It turned out to be so vulnerable!" Sheng said with a relaxed expression and disdain.

"Huh!"

"Huh!"

A dozen meters away, Li Tian's face had some stains and some black greens. At this moment, Li Tian looked up at Sheng, panting heavily, and thought in his heart: "Damn, this guy doesn't look very strong. , But he didn't expect his speed, reaction, and attack power to be so powerful. What is even more bizarre is why his physical strength is consumed so quickly when fighting?"

"It seems that there are no vanities under the prestigious name, this sentence is not false at all!"

"Why? I can't run for just a few minutes? Tsk tsk, I thought of giving you a lesson in the Forbes strength match, but I didn't expect that you, a coward, would retire halfway." Sheng said with a sneer.

"Is this his power? What a weird power!" Li Tian didn't answer Sheng's words, still thinking about how to deal with Sheng.

Just now, after Li Tian yelled "Come on!" This sentence, Li Tian immediately rushed towards Sheng with "Red Zhan" in his hand.

However, Sheng did not collide with Li Tian head-on, but stayed out and avoided, and then stimulated Li Tian with words.

As time went by, Li Tian felt that his whole body seemed to be covered with sandbags, and these sandbags seemed to be immersed in water, and their weight was constantly increasing. It was very difficult for Li Tian to move every step.

When Li Tian held the "Red Zhan" and swung it out, he felt as if he was pierced into the viscous liquid, making Li Tian's knife speed much slower, and the saint could easily avoid it. , And then launched a counterattack.

This saint seems to be playing with Li Tian deliberately. Every time he avoids Li Tian's attack, Sheng will kick Li Tian's face with his foot, leaving a shoe print on Li Tian's face, and then remove Li Tian. Kick and fly out.

"Li Tian, let me show you all your strength in front of me, don't test my strength anymore, otherwise you will lose your life if you don't fully understand my strength!" Sheng laughed and said.

With that said, Sheng had slowly moved towards Li Tian, and at this time, Sheng had a long slender knife in his hand.

"Huh!"

The saint general's long knife waved in the air with a loud sound, and then his feet vigorously lifted the long knife he was holding, and the tip of the knife pointed at Li Tian, and his body was like a bolt of lightning. Rushed over.

"So fast!" Li Tian exclaimed.

This kind of speed can actually be achieved by Li Tian, but since the battle with Sheng, Li Tian's physical strength has been greatly exhausted, and his speed has also dropped significantly. In contrast, the speed of the unaffected Sheng is actually the current Li Tian Several times the speed of the day!

As soon as Li Tian's words fell, the point of the long knife was less than three meters away from Li Tian's neck.

With a joking expression on his face, the sage said with a sneer: "Stop it!"

Chapter 3678: Li Tian vs. Saint (4)

Seeing that the blade in front of him was getting closer and closer, Li Tian's legs were a little bit, and he backed away. ,

However, at this moment, Sheng sneered. With this sneer, Li Tian seemed to feel that a weight of tens of thousands of catties was suddenly pressed on Li Tian's body, and Li Tian's leg that had just been lifted backward was again He pressed back so hard that Li Tian could not move!

According to calculations, Li Tian wanted to use teleport, and it was as if his body was torn by something, which also prevented Li Tian from entering the space of Void Yasha. Li Tian was shocked. This was the first time he encountered a situation where he could not teleport.

At this time, the blade in Sheng's hand was less than ten centimeters away from Li Tian's neck.

Sheng's body has reached in front of Li Tian, with a sneer at the corner of his mouth: "Teleport? Do you still want to teleport away under my power? Hey, dreaming!"

Since he couldn't teleport, Li Tian could barely challenge.

"Knot!" Li Tian shouted abruptly. The "Red Slash" immediately combined with the nine-color corpse crystal on Li Tian's chest, quickly forming a white armor on Li Tian's body, and the blade in the hands of the saint Shi had already pierced the white armor.

With this layer of white armor, Li Tian immediately felt that his whole body was full of energy, and the feeling of a thousand catties hanging on his body just disappeared.

However, at this time, the blade in Sheng's hand had already pierced Li Tian's neck.

"Hey, don't do it in vain!" Sheng said with a sneer.

"Hiss!" A cry.

Li Tian felt that the white bone armor on his neck was about to be torn apart by the blade of the saint's hand. At this time, Li Tian could even feel the blade cut through the defense on his neck, and it had been stabbed. His neck.

So strong!

Is this the strength of the commanders of the Ten Legions?

This bone armor that can be fully attacked by the fifteenth-level zombies can be broken by the blade of the saint's hand.

An aura of death instantly envelops Li Tian, giving Li Tian a feeling of hair loss, and even making Li Tian's body involuntarily tremble.

Li Tian woke up abruptly, his legs pressed harder, and a surging force poured out from the white bone armor, causing Li Tian's body to float back several meters in an instant, and Li Tian's "Red Zhan" slammed into the hands of the saint. Long knife.

With a "clang", "Red Zhan" intersected with the long knife, making a metallic crash.

"Oh?"

Sheng had some surprises on his face. He looked at Li Tian in surprise, and said: "I didn't expect you to have this kind of ability? You really surprised me! I didn't expect you to have this form. If I didn't remember If it is wrong, this is the first time you have used it in front of others, right? Even in the Forbes power competition, you have never used this kind of strength!"

In fact, it was not that Li Tian didn't show it, but that the little lady didn't shoot Li Tian's battle into the camera in this form, and the members of Li Tian's team did not want to talk outside.

"But if you just have this skill, it's obviously not enough!" Sheng's tone suddenly changed, and his face became ugly.

With the roar of Sheng, Li Tian suddenly felt that he had just felt his whole body full of power, and now he fell into that uncomfortable feeling again, as if he had just walked out of the swamp and fell into the mud.

But fortunately, now there are bone armors that constantly release their power, so that Li Tian will not have no evasion and no fight back. However, Li Tian pretended to be very uncomfortable and cursed vigorously: " Damn, what kind of power do you have!"

"Want to know? I'll tell you if you take the knife first!" Sheng said with a sneer.

The figure of Sheng flashed forward, the long knife in his hand was raised again, and it stab Li Tian, and Li Tian could only use all his strength, and kept moving backwards, trying to avoid the tarsus in the hands of Sheng. Maggot blade.

"Huh!"

The long knife in Sheng's hand crossed Li Tian's neck.

"Wow!"

With a sudden force, Li Tian hid.

"Chang!"

"Hong Zhan" swung out, fending off the blade in Saint's hand.

But Li Tian and Sheng still kept a distance of five or six meters.

Several times of thrills, but they were all thrilling, Li Tian used the power that the bone armor had brought him, and suddenly escaped from Sheng's hands!

However, Li Tian could feel that in the whirlpool where the nine-color corpse crystals were located on his chest, there were a dozen small blue corpse crystal particles just now, and now there are two missing, which shows that this kind of constantly gushing power It was "Red Slash" that relied on the power of the Nine Color Corpse Crystal.

Once the small blue corpse crystal particles in the nine-color corpse crystal vortex are consumed, Li Tian will have to sit still.

How to do?

Fleeing is definitely not the answer.

But at this moment, Li Tian keenly discovered that the saint's knife cut to Li Tian's neck at a speed of ten tenths of a second, but it did not, and it seemed that Li Tian suddenly exerted some effort. It's too early.

In an instant, the distance between Li Tian and Sheng opened more than ten meters.

"Huh? Is my speed faster, or the saint's speed suddenly slowed down?" Li Tian thought in his heart.

Sheng also seemed to notice a slight difference, and immediately stopped abruptly, then Sheng let out a sigh of relief, screamed, and rushed towards Li Tian again.

"boom!"

Suddenly, Li Tian felt that the weight of his body had doubled. At this moment, Li Tian even felt that he was unable to move as if he had been subjected to a hold technique.

However, Sheng did not attack Li Tian. Instead, he sneered and waved his long knife. He asked Li Tian, "Hey, how do you feel now?"

When saying this, Li Tian clearly felt that there was such a tremor in Sheng's voice.

Moreover, although Sheng looked on the surface of the wind, when he said this sentence, he did not attack and speak as before.

"I'm afraid this is Sheng's weakness! His ability cannot be used for a long time and with high intensity, otherwise his body is estimated to be unable to bear it!" Li Tian thought in his heart.

"This kind of sourness is really unbelievable!" Li Tian pretended to say lightly.

At this time, the vortex containing the nine-color corpse crystal on Li Tian's chest was rapidly rotating. With this kind of rotation, the blue broken corpse crystal on the vortex was being consumed at an accelerated rate.

"Okay! In that case, then I will make you feel good at once!"

Suddenly, Sheng's face burst into blue veins, and these blue veins crawled on Sheng's face like ugly bugs. Even the blue veins on Sheng's face started to ooze blood, and the blood flowed down, making Sheng's whole face look hideous and terrifying.

But Li Tian only felt as if the weight of hundreds of tons suddenly dropped from the sky, and Li Tian knelt to the ground instantly.

Chapter 3679: Li Tian vs. Saint (5)

Even though Li Tian knelt down on the ground, this kind of weight did not lighten at all.

Li Tian only felt that his body was trembling constantly, his arms and legs had begun to numb, and the power on his body was also flowing rapidly with this gravity, and the vortex where the nine-color corpse crystal was rotating. The speed is faster, and the broken blue corpse crystal consumes faster.

Nine, eight, seven... Almost every second, the broken corpse crystal in the whirlpool where the nine-color corpse crystal is located will consume one.

When the book is used, he hates less, and now Li Tiancai regrets not cultivating the Nine Color Corpse Crystal well before.

Before, Li Tian had always regarded the nine-color corpse crystal as a foodie, but the ability displayed by the nine-color corpse crystal at that time was completely incompatible with his identity as a foodie. At that time, Li Tian began to rely on "Red Slash" again, instead Don't take the Nine Color Corpse Crystal seriously anymore.

Later, when the Nine-Colored Corpse Crystal and "Red Slash" were combined to form the White Bone Armor, Li Tian's opinion of the Nine-Colored Corpse Crystal was changed a bit, but at that time Li Tian thought that the White Bone Armor, The bone armor is the "Red Slash" credit, and there is still no cultivation of the nine-color corpse crystal, and even the right to let the nine-color corpse crystal continue to be eaten is basically deprived.

Now these small corpse crystals in the nine-color corpse crystal vortex were formed before!

Until now, Li Tian did not know that although this white bone armor was the result of "Red Slash", a large part of the power of the corpse in this armor came from the nine-color corpse crystal, especially the white bone armor could not be from "Red Slash." When the power of the original corpse was obtained.

I regret it.

But it's too late to say anything.

"Hey, it's your luck to die under my power! You are the first person to let me use all my power!" Sheng Kuang said with a smile.

The blood stains on Sheng's face have dried up at an extremely fast speed, forming a layer of dried blood scabs on his face, which looks like Sheng's face is cracked.

Li Tian thought of the three little Yashas in his heart, hoping to make the three little Yashas feel his danger, and then let the three little Yashas come out of the space automatically, and then severely teach the saint.

It's a pity that Li Tian seems to have completely lost contact with the three Xiaoyachas. No matter how Li Tian contacts the three Xiaoyachas, there is no response.

"What the \*\*\*\* is this \*\*\*\* ability! If I had such a kind of ability, that would be great!" Li Tian thought in his heart.

"It seems that you still have some strength. I hate someone with great power! Then let you feel my anger!"

Sheng roared suddenly, and with this roar, the capillaries on Sheng's face burst, making Sheng's face a blood red in an instant.

A kind of momentum like Mount Tai suddenly descended from the sky, but Li Tian had already climbed on the ground like a dead dog, and the ground had been sunk by Li Tian for more than an inch.

Li Tian only left his breath, even he couldn't even move his fingers.

"Hey, hahaha! This kind of power is really a fascinating power!" Sheng Kuang said with a smile.

Then, Sheng walked slowly towards Li Tian step by step. This was definitely the pace of the devil. As the distance between Sheng and Li Tian slowly narrowed, Li Tian seemed to have felt the arrival of death.

However, Li Tian could feel that Sheng might not feel well at this time.

Because Li Tianneng could see that every step Saint took, it seemed very difficult.

A distance of more than ten meters, if in normal times, Sheng only needs to breathe in, can gallop past, and now Sheng has walked for half a minute.

But Sheng was not in a hurry, instead, there was a smile of a winner on his face.

"Originally, my ability has not been fully awakened, so even in the Forbes power competition, I have never overused the ability like this, and I once wanted to use this overused ability on Huangfu Kunpeng, but I didn't expect it to happen. Used on you. Therefore, even if you die, you should die very gloriously," Sheng said with a sad smile.

dead?

Go fuck!

Why is Li Tian so hard? Are you in danger of death every now and then?

I was the \*\*\*\* man who stood at the top of this earth, and I was also a man who stood at the top of the world, but because of this crossing, I actually lost so much strength, falling from the top again and again. Come down.

dead?

I don't want to die!

The nine-color corpse crystal on Li Tian's chest felt Li Tian's anger, and the speed of the whirlpool's rotation accelerated, and as this rotation speed increased, Li Tian felt a trace of strength rushing into the veins of Li Tian's body , And then came out of the veins and entered the bone armor again.

Li Tian only felt a slight movement of his finger, and Li Tian was so moved because of the slight movement of his finger that he was about to cry.

If this was before, what a funny thing it would be, but now it is real.

Li Tian wanted to try his best to think about getting up from the ground, but he didn't do it, he didn't even want to move a finger.

Because at this time, the whirlpool where the nine-color corpse crystal on Li Tian's chest was was already empty.

The whirlpool has slowly stopped turning.

"Hey, I really didn't expect it! Although you never hurt me a bit, but I felt a danger in your body. If I didn't guess, as long as you give you a chance, you will definitely attack me without hesitation. Killer, even if you are an enemy of the pilgrimage and the Holy Legion, even if you are an enemy of the entire world. Right?"

"Oh, I remember now, you are not as good as a dog now, and you need to consume a lot of energy even to breathe. In that case, what is the point of you being alive? Why don't you let me send you to the west? "

The long knife in Sheng's hand was not held, but dragged. The long knife made a trace on the ground, and a little flying dust was splashed.

Sheng and Li Tian are only two or three steps away from a distance of more than ten meters, and the breath of death has already spread.

Taking a step forward, Sheng has come to Li Tian's face. Sheng is condescending, looking down at Li Tian with contempt, and said with a sneer: "It's time to end!"

"The era of your Li Tian's rise should be over!"

Then, Sheng slowly raised the long knife, and then took a step forward, stab the long knife to the back of Li Tian's heart.

"Chang!"

The long knife pierced the bone armor with a crisp sound, but the bone armor was pierced by the long knife after only resisting it for a moment.

"puff!"

Splashes of blood.

Are you going to die?

Damn your mother!

At this moment, the "Red Zhan" blade spirit let out a roar, which was full of anger and unyielding.

A deception flew out of "Red Slash" and rushed down the cheek of the saint!

Chapter 3680: The outcome is determined

At the moment the "Red Slash" knife spirit rushed out, the small corpse crystals in the nine-color corpse crystal vortex on Li Tian's chest were also exhausted, and the white bone armor on Li Tian also disappeared at this moment.

"Red Zhan" has changed back to its original appearance, and the "Red Zhan" sword spirit has flown from the "Red Zhan" blade to the front of the holy. The double-sided and four-armed sword is as spirited as a demon, his figure suddenly grows bigger, and what follows is a murderous intent of utter anger and destruction.

"Puff!"

How Sheng's exhausted body could bear this murderous aura, this anger, directly knelt down in front of Li Tian.

Even Sheng couldn't even lift his head. He could only stare blankly at Li Tian, who was only close at hand, and at Li Tian who was full of blood and could not fight back.

The farthest distance in the world is not from the sky to the north, but Li Tian is right in front of Sheng, and Sheng is powerless.

"This...what is this?" Sheng said.

It seems to be muttering to himself, and it seems to be asking Li Tian in a low voice.

When Sheng asked this sentence, his body still couldn't help shaking.

The double-faced evil spirit was full of terrible anger, destroying the world and killing the earth, as if it had entered the body of the holy through the pores of the holy, and even planted a seed of fear in the heart of the holy.

what is this?

Would it be possible to say that the "Red Slash" sword spirit would have this kind of failure that caused the legion commanders of the ten major legions to kneel to the ground? In fact, this is not necessarily true, but "Red Slash" just absorbed a corpse crystal of an eighteenth-level zombie. It was just when it was magnificent. If it weren't for the ability to resist the holy, I'm afraid this kind of aura would be even stronger Come on.

And holy?

Sheng's ability has not yet been fully awakened, so it is doomed that Sheng's ability to perform abilities cannot be fully utilized. However, after Li Tian has the bone armor combined with nine-color corpse crystals and "Red Slash", if Sheng does not perform extraordinary Powers, then his powers will not have much impact on Li Tian, and the supernatural performance of powers has caused the Holy Power to be extremely overdrawn, almost on the verge of collapse.

At this time, it's clear who is strong and who is weak.

But the powerful pressure of "Red Slash" seemed to be the last straw on the camel's body, directly deterring the saint who was on the verge of collapse to the ground.

Moreover, a kind of fear began to develop in the Sacred Heart at this time.

"This...what the \*\*\*\* is this?" Sheng said again with a trembling voice.

Sheng's heart is very unwilling.

Dealing with Li Tian, from the beginning to the end, he was in an absolute overwhelming advantage. Seeing that victory was in sight, Li Tian would become his dead soul under the sword, but now, the double-faced ghost that suddenly appeared had crushed him.

It's as if there is a certain number in the dark, even the ghosts and gods are helping Li Tian, how can this make Sheng not afraid.

In addition to fear, Sheng's heart is more anger.

Because just now when he performed the supernatural ability, although Sheng suffered a lot of damage, he seemed to understand some of the true meaning of this ability. As long as Shengneng wanted to understand this, his strength would be greatly improved again. .

However, the double-faced evil spirit that suddenly appeared made Sheng feel that he seemed to be a little confused.

That strange feeling suddenly disappeared and was replaced by chaos.

With this kind of chaos, Shengneng felt a force of overwhelming rivers and seas beginning to roll in his body, and these forces continued to impact his veins, causing much trauma to the veins in his body.

Sheng knew that this was a side effect of the power and began to appear.

"puff!"

Sheng Meng took a breath of blood, and the blood fell on Li Tian like rain, forming plum blossoms.

Li Tian wanted to speak and opened his mouth, but only a hoarse voice came out of his mouth.

The bone armor had disappeared, and Li Tian felt that he was completely relieved. Even if he wanted to move his fingers, it had become a luxury.

Similarly, there is holy.

At this moment, even if it comes to a first-level zombie or a human child, it can easily take away the weapons in the hands of these two people and behead the two of them.

The sword spirit of "Red Slash" deliberately killed Sheng, the man who brought Li Tian to the end, but the approach of the sword spirit of "Red Slash" was a phantom existence, able to show up, exerting pressure to make Sheng kneel down. Earth, this was already the "Red Slash" Blade Spirit's greatest ability.

However, it is not enough.

The double-sided and four-armed sword spirit was constantly controlling "Red Slash", and under the control of the sword spirit, the "Red Slash" trembled slightly.

Sheng saw that "Red Zhan" trembled, and his heart was filled with doubts. He believed that under his abilities, Li Tian would not talk about using Qi to defend his sword. Even speaking, it would be difficult to speak, but why does this weapon have its own Trembling?

"Is it because of this evil ghost with two sides and four arms?" Sheng was guessing in his heart.

But at this moment, the "Red Slash" trembled again, and even the tip of the knife was slowly raised, and then the whole weapon floated slowly.

Looking at it, this "Red Slash" is like a leaf floating in the air, without any power, it seems that a gust of wind can blow this "Red Slash" down, but Sheng has been shocked and his heart is beating wildly. With.

"No, no, my saint wants to become the most powerful man in this world, I won't die here, I can't die here!" Sheng shouted.

With this shout, Sheng suddenly exploded on his left and right arms, blood splattered, and blood was blurred. Immediately, Sheng's two arms fell weakly.

And the long knife in Sheng's hand also fell to the ground.

Li Tian felt a force drop from the sky again, pressing his body firmly on the ground, and this time, Li Tian did not have a bone armor on his body, and even Li Tian could feel his bones squeaking under this force. , May be disconnected at any time.

And the "Red Slash" that just flew up fell to the ground again, and the "Red Slash" blade spirit was also pressed into the weapon at this moment.

Immediately after Li Tian felt a lightness on his body, that feeling had disappeared, but at this time, Li Tian had already separated from his body and could not move.

There is no need to cast the power again, Sheng just feels a lot more relaxed.

Especially after the double-faced evil spirit suddenly disappeared, Sheng felt an indescribable comfort in his body.

Sheng slowly stood up, picked up his long knife and Li Tian's "Red Cut" with his already wounded hand, and then sneered at Li Tian and said, "Hey, the victory is over Certainly, the final winner is still me! My saint!"
