

## A Killer 3701

### Chapter 3701: Nanzhou siege (2)

Li Tian didn't know what was happening behind him. After driving into Nanzhou City, Li Tian got off the car and tried to find a local guide at the gate of the city.

When Li Tian got out of the car, he was immediately surrounded by more than a dozen people, just like Li Tian took Bai Jing and the others to the Tianjie City where the Sunset Fortress is now, and these people immediately began to sell themselves.

"Sir, where are you going? My professional guide has been rated as the best guide in Nanzhou for three consecutive years for twenty years. There are only places you can't think of in Nanzhou, and there is no place I can't find."

"It's better to say that it's better than to do it well. My family is a family of guides. Since the end of the Ming Dynasty, when the Qing soldiers entered the pass, my grandfather's grandfather's grandpa's grandfather. , It is also the village where my father's father's father took the devil into the village, so the genes in our family are the guides, and they are well-known guides at home and abroad!

Your sister, this is clearly a traitor, but she said so tactfully.

"I'm going to the Association of Agriculture and Industry, who of you can take us there?" Li Tian said.

"Agriculture...Agricultural Industry..."

Hearing this name, these people moved backwards as if they had seen a ghost.

"Sir, it's not that I said you. Where are you going? You have to go to the Agricultural Industry and Commerce Association. Is that a wicked place? I heard that the people of the Agricultural Industry and Commerce Association are all zombies. So even if you pay more, we will not go!"

"Yes, I really don't understand why the Rock Legion allows such evil organizations to set up branches here!"

These people all shook their heads and went back. Only one thin and tall man, wearing a pair of pants that looked like cropped trousers, but was actually obviously short, was left behind. .

Li Tian heard a grunting sound in the man's stomach, it seemed that the man was really hungry.

"Sir, I don't talk about it, but I can only guarantee one thing, that is, to send you where you want to go in a safe and punctual manner. No detours, no more compensation. I can also send you to the Association of Agriculture and Industry. Go, but I have a condition, let me eat a full meal first!" the man said.

"Okay, it's you!" Li Tian pointed at the man and said.

"Bring this to you, this should be enough for you to eat a full meal!" Li Tian flipped the skin and took out a fourth-level corpse crystal from the skin.

Seeing this fourth-level corpse crystal, the guides who had slowly dispersed just now immediately surrounded it again.

"Four...fourth-level corpse crystal!"

"Oh my God, local tyrant!"

"Sir, I see you as a decent person. Even the guide shouldn't find such a shabby kid. Please ask me to take it. I don't want a level four corpse crystal. I only need one level three, oh no, only ten level two. I can send you the corpse crystal!" said the descendant of the traitor just now.

But Li Tianquemi took care of him and got into the car with the man in cropped pants.

After getting in the car, the guide was shaking slightly with a Level 4 Corpse Crystal in his hand.

In the last days, if he did not have extraordinary strength, this fourth-level corpse crystal was the money he had earned in the past few years. Therefore, this guide had a feeling of suffering in his heart.

He was afraid that Li Tian and others would not keep their promises and would send this corpse crystal back, and he was afraid that Li Tian would see the anxiety in his heart and dislike his shabby people and lose the job.

Li Tian saw every move of this cropped trousers man, but Li Tian didn't think about dismissing the man, but felt a real, familiar feeling.

That's right, that is Li Tian saw the shadow of himself.

There was a time when Li Tian was a little boy in the town. Li Tian worked in that small restaurant and was bullied by the fat boss every day, but Li Tian still swallowed his breath, afraid of losing his job, until Li Tian couldn't bear it before firing the boss .

Wasn't it the same for me at that time?

Of course, Li Tian didn't intend to favor the man with cropped trousers, but the smallest corpse crystal in Li Tian's skin is this fourth-level corpse crystal. This invisibly brought hope to others and made Li Tian feel quite happy in his heart.

Under the guidance of this cropped trousers, Li Tian and others soon arrived at the Nanzhou branch of the Agricultural and Commercial Association. When they arrived, the man immediately turned around and left. One might be afraid of the legends of the Agricultural and Commercial Association. I was afraid that Li Tian and the others would go back to the fourth-level corpse crystal.

Seeing the behavior of these cropped trousers, Li Tian couldn't help but shook his head slightly.

Such people don't know that seizing opportunities will never change their destiny.

"Tang Feifei, is this the Nanzhou branch of the Agricultural Industry and Commerce Association? Why does it look like it is very shabby? If we hadn't seen the towering granary, I would have doubted whether we were deceived by that cropped man! Situ Ningbing looked at the dilapidated building that looked like a murderous mansion in the Nanzhou Branch, couldn't help but felt puzzled and said.

Tang Feifei shook her head and said, "I'm also here for the first time in Nanzhou! I didn't expect the Agricultural and Commercial Association here to be so shabby."

Li Tian and the others pushed the door to enter, and the painted red wooden door creaked, giving people a particularly oozy feeling.

Entering the courtyard, this is a courtyard similar to the ancient yamen. Li Tian and others saw that the courtyard was full of weeds. These weeds were almost waist-high, and it felt like there had been no one here for a long time. Cleaning is the same as living.

"Is anyone there?" Tang Feifei shouted into the courtyard.

Soon, a figure floated out of the main room. The man lowered his head, feeling almost afraid to look at Li Tian and others with his straight eyes.

"Everyone, if you need to buy food, you can go to specialty stores everywhere. We don't sell food here!" said the person.

"Is this the Nanzhou branch of the Agricultural Industry and Commerce Association? Is this still the Agricultural Industry and Commerce Association? How can the Tangtang Agricultural Industry and Commerce Association be so downhearted?" Tang Feifei's face has changed a little ugly.

The man saw Tang Feifei's anger, and then looked up at Tang Feifei.

"Are you?" the man asked.

"Tang Feifei!"

"It turned out to be the vice president! Hurry up, please come in, let's talk inside." The man's face showed the expression of a child who had been separated for many years finally found his mother. First he was happy, and then he cried. stand up.

"Finally, you are finally here, Lord President!"

Seeing this scene, Li Tian and others immediately knew that the Nanzhou Agricultural and Commercial Association might not be so easily controlled by the heavens.

### Chapter 3702: Siege of Nanzhou (3)

Things were as expected by Li Tian.

The president of the Southern State Branch of the Agricultural and Commercial Association and several key staff members here are all cursed people, half-corpses and half-human beings. And when the president of this branch and these key members couldn't bear this kind of pain, they would randomly catch a humble person in Nanzhou City, and then tore them up and eat them.

To say that Nanzhou is so big, if the average person at the bottom of society disappears, it won't attract anyone's attention. But once, the president caught a woman who was a bad home buyer, and the woman tore it to pieces and ate it raw.

And this humble woman turned out to be the friend of the city lord of Nanzhou City. This aroused the anger of the city lord of Nanzhou City. After rigorous investigation, all the spearheads were directed at the Association of Agriculture and Industry.

The city lord reported the matter to the Panshi Legion. The final result was that the city lord committed suicide in fear of sin, and these surviving backbones had to accept all kinds of unreasonable demands from Panshi, including the farmer, industry and commerce. Association Central Plains Province produces half of the annual grain output.

After the backbones signed this unequal treaty with the Rock Corps, although they were temporarily stubborn, the fear in their hearts increased day by day, and they all committed suicide one after another. Only the last one was afraid of death and did not dare to die. People.

"Asshole! You dare to drive out such a thing!" Tang Feifei angrily kicked this guy to the ground, and kicked this guy a few more feet.

"Vice President, Miss, I was wronged! I was transferred from Kyoto City just three months ago, and I was not involved in this kind of thing!" The man knelt on the ground and cried.

"Wrong? Since you learned about this three months ago, why didn't you report it to the General Assembly? You let this kind of thing continue?" Tang Feifei asked angrily with a sneer.

The person who asked in a word was speechless.

Li Tian's face was also completely dark.

This \*\*\*\* just got the Central Plains Province's Agricultural and Commercial Association, Beitang City was expecting the summer grain from Central Plains to feed the 150,000 people. Suddenly it came out and asked Li Tian to give 20% of the grain to Panshi. Li Tian already felt that it was unacceptable. Now he wants Li Tian to send out half of the grain. In this case, Li Tian will never bear it. of.

"Asshole!" Li Tian cursed.

"Li, it doesn't help to get angry right now, so why don't you calm down and think of the same way!" Situ Ningbing said instead, keeping calm.

"Unless the affairs of the Central Plains Provincial Branch of the Agricultural and Commercial Association are now publicly owned by the Celestial Realm, and then the Rock Legion turns their faces, this matter will not be solved at all! But once it is made public now, then the Celestial Realm will definitely enter the sight of the Ten Army In this way, it will speed up the direct alliance of other legions!" Li Tian said.

The guy who was crying on his knees cried for a long time without falling a single tear. Seeing that Li Tian and others had no one to respond to him, the guy stood up again and said to Tang Feifei: "The Nanzhou Branch of the Agricultural and Commercial Association is actually just a Empty shell, have you seen the granary behind this association? In fact, it's all empty inside. The granary has already been emptied by the Rock Legion!"

"What did you say?" Tang Feifei was completely furious, wishing to kill this guy now.

"Deputy...Vice President, listen to me. This granary has been emptied, so our Association of Agriculture and Commerce in Nanzhou City is dispensable. You must know that the most important thing for our Association of Agriculture and Commerce is not these properties and Food, but our cursed people. In that case, why don't we set up the association directly in Beitang City? Is there no farmland around Beitang City? Is the grain produced in Beitang Plain not enough to feed Beitang and even the heavens? Is it?" the man said.

Li Tian couldn't help but his eyes lit up, but he shook his head again and said, "But what about our summer grain?"

"This is easy to handle. Both my vice president and I can communicate with the zombies. We can now split up. We only need to set a certain time. At that time, we can let the zombies start to grab the summer grain at the same time and wait until the Rock Legion finds it. I thought we were collecting food normally, and once we finished cleaning up the summer food, we could gather all the zombies, and even Beitang could secretly send someone to Central Plains, and then we could transport the food back to North with the zombies overnight. Tang. It's not too far from Beitang. If it goes well, we can rush over in one day. We have already returned to Beitang when the Rock Legion finds it." The man said.

"This can be done! If this is the case, not only will we not have any losses, we will no longer need to pay 20% of the food to Panshi in the future, and it can also weaken the Rock Legion." Li Tian said with some excitement.

"What's your name?" Tang Feifei asked.

"Back to the vice chairman, you can call me Yan Rui." Yan Rui said.

"Yan Rui, starting today, you will be in contact with those farmer zombies overnight!" Tang Feifei said.

"But what is the specific day? If we start to collect summer grain now, then the Rock Legion will probably come to urge the grain again!" Yan Rui said.

Tang Feifei looked at Li Tian and Situ Ningbing, and wanted them to determine a specific date.

Situ Ningbing said: "The time is still uncertain, but we can arrange for the farmer zombies to start harvesting food one after another. The harvesting speed can be slowed down at the beginning, and now we can go back to Beitang City first and move north. The zombies in Tang City are driven out of Beitang."

"Okay, that's it. I can still bring my mutant bat squadron and assist in the transportation of food." Li Tian said.

After everyone discussed the specific details of the matter, they decided to start separate operations. Tang Feifei and Yan Rui were responsible for contacting the farmer zombies, while Li Tian and Situ Ningbing were going to refuel the car first.

However, Li Tian, Situ Ningbing and others just walked out of the gate of the Agricultural and Commercial Association, only to find that there were a dozen people surrounding the gate.

"Hey, where is Li Tian going?" The \*\*\*\*\* said with a sneer.

"You're not..." Seeing the nigger, Li Tian at first thought that this was the Rock Legion had discovered their plan, but as soon as he said a few words, he saw the logo of the pilgrimage and holy legion on the nigger's clothes.

Among the crowd, they were still anxious for the pair of Diaochan mother and daughter flowers. After seeing Li Tian, the Diaochan mother and daughter flowers couldn't help but shivered all over and stepped back.

"I don't know what Li Tian called the Pilgrimage and the Holy Army so entangled with me?" Li Tian said with a sneer.

Chapter 3703: Nanzhou siege (4)

"Ningbing, take Tang Feifei and Yan Rui in first, you are responsible for protecting their safety, and these people will be handled by me!" When Li Tian said this, the "Red Zhan" had already appeared. Li Tian's hands. . .

After this "Red Slash" appeared in Li Tian's hands, Li Tian stood in front of Situ Ningbing, and then pushed Situ Ningbing and Tang Feifei into the courtyard of the Agriculture and Industry Association. But the "Red Zhan" in Li Tian's hands did not stop, and was directly thrown at the nigger's face by Li Tian.

It looks like a flying knife, but it is not a flying knife. This is completely controlled by Li Tian's mind.

And the \*\*\*\*\* seemed to fully know Li Tian's details, and he was full of confidence in his heart. Facing Li Tian's "Red Slash", there was no fear at all, but a sneer appeared at the corner of his mouth.

Although Li Tian didn't know why the \*\*\*\*\* was laughing, he was suddenly alert.

That being the case, Li Tian's mind controlled "Red Zhan" and turned abruptly, and slashed towards the mother and daughter Diaochan, while Li Tian's left and right hands simultaneously used the palm of the soul to blast towards the nigger.

The \*\*\*\*\* either did not expect that Li Tian would control the "Red Zhan" to cut to the Diaochan mother and daughter in an instant, or he completely ignored Li Tian's "Red Zhan" and did not move at all, but the corner of his mouth The sneer became more obvious.

"Huh!"

A red light flashed, but Li Tian's "Red Cut" did not cut on the Diao Chan mother and daughter. Instead, it seemed to be cut on a piece of hard transparent glass, making a buzzing sound, and "Red Cut" went straight again. Bounced back.

And the gas bullets sent by Li Tian's broken soul palm were like rocks thrown on the surface of the lake. There were circles in the air, and the gas bullets from the broken soul palm disappeared completely.

Li Tian was shocked.

This was the first time he encountered such a situation. Before, no matter who Li Tian faced, even the most powerful zombies or ghouls, it could be said that the "Red Slash" slash couldn't break through them. The defense, or the broken soul palm exploded on them, did not cause any damage to them, but they had never been completely ineffectively attacked.

"Hey, Li Tian! Don't think that you are the only person in this world with abilities. In front of our pilgrimage seven ghosts, your sword with Qi or your hand is completely ineffective for us!" That black The ghost said with a sneer.

Li Tian saw that there were six other \*\*\*\*\* who were dressed similarly to this nigger. At this time, connected to the nigger, seven of them were standing in the position of the Big Dipper.

This turned out to be a formation.

This pilgrimage of the Seven Ghosts and the absolute core cadres of the Holy Army, if these seven people are separated, their strength will be general at best, and they are not even as good as Mo

Jianyuan and others. But when these seven people are placed in the Big Dipper Seven-Star Universe Formation, then the strength of the seven of them will greatly increase, and even the two commanders of the pilgrimage and the saint may not dare to fight them alone.

This is mainly because as long as they cast their formations at the same time, then between their bodies and their bodies, it seems that there is something different, and a strong protective layer like a transparent steel plate and a layer of water is formed. Neither "Red Zhan" nor Broken Soul Palm could break through the defense.

The mother and daughter Diao Chan breathed a sigh of relief when Li Tian's "Red Zhan" hadn't broken the defense of the formation of the seven ghosts, and a hint of mockery appeared at the corners of their mouths.

"Idiot, is it really amazing to enter a Forbes power game to enter the finals? Tell you, there are many people in the world who are unwilling to participate in the Forbes power game, especially for teams like us, the Forbes Organizing Committee It simply didn't give us a chance to fight as a team, otherwise, hum, you might not even be able to fight in the preliminaries!" said the red ghost standing beside the nigger.

"Yes, yes, let our brothers teach you what team power is today!" The green ghost said with a sneer.

"Using the original words of the commander of the Korean army, I would kill a thousand by mistake, and we can't spare one. Li Tian, regardless of whether the disappearance of the commander of the holy army is related to you, I am afraid that you will not escape death today." Said.

"call!"

Li Tian let out a sigh of relief.

When Li Tian was in Kyoto City, he heard that the pilgrimage and the Holy Army would be against him, but Li Tian never paid attention to it, especially after meeting Diaochan's mother and daughter flowers, Li Tian thought it might be possible. It has been temporarily resolved, but I didn't expect that the pilgrimage and the holy legion could wait until here to actually do it.

Li Tian does not cause trouble, but he is not afraid of it. He is now unwilling to conflict with the pilgrimage and holy legions, but now that the matter has come, Li Tian will definitely not hide, especially now that there is Situ Ningbing behind Li Tian. Tang Feifei needs his protection.

Li Tian took "Red Zhan" back into his hand and shouted, "Knot!"

Li Tian's body immediately formed a layer of white bone armor, and Li Tian's legs were harder, the ground was immediately stepped on and cracked, and Li Tian's body rushed towards the seven ghosts like a bolt of lightning.

"Boom!" A loud noise occurred between Li Tian and the seven ghosts. Li Tian's body seemed to hit a spring. At first, it felt weak and weak, but soon there was a strong rebounding force from there. The invisible wall between the seven ghosts bounced back, and Li Tian directly flew out.

Li Tian's body whirled a few times in the air before it fell to the ground.

And the body of the seven ghosts didn't even move.

"Sure enough!" Li Tian said.

The defensive power of these seven ghosts is definitely not as strong as normal, and even the combined form of Li Tian and "Red Slash" and Nine Color Corpse Crystals can't hit the defense.

And at this moment, the seven ghosts began to move, and these seven guys slowly approached Li Tianwei according to a certain rule, and at this moment, Li Tian saw that the air mirror was created. A little bit of water.

With this little bit of water dripping, Li Tian saw several drops of water floating out of it.

At first, the water drops seemed to be floating in the air, soft and weak, but when Li Tian saw that the raindrops gradually began to become sharp, and with this change in form, the raindrops It flew to Li Tian like a sharp sword.

"Cracking"

The series of raindrops hit Li Tian's bone armor. Li Tian hit Li Tian directly backwards for four or five steps in a row. Finally, Li Tian slammed his foot and stomped the concrete floor one by one. The foot deep pit stopped.

After hitting Li Tian's body, the water drop slowly floated out, and then fell back into the air mirror. Then the water drop became bigger and bigger, and then flew out again.

"Li Tian go to death!" The \*\*\*\* said with a sneer.

Chapter 3704: Siege of Nanzhou (5)

Every drop of water eventually changed into a small flying sword that was no more than two inches long. These small planes were densely packed, like a swarm of mosquitoes by the summer pond, suddenly flying from all directions to Li Tian from the west.

The water droplets hit Li Tian just now. Although there was a bone armor as protection, it still gave Li Tian a feeling of being hit by a bullet. The pain all over his body was unbearable, and now the water droplets are obviously bigger than the previous ones. , No need to guess that the current might be far better than just now.

Li Tian performed a teleport between them, avoiding the attacks of the water droplets.

The little flying swords of water droplets instantly lost Li Tian's goal, and immediately spread out, and at this moment, the figure of Li Tian appeared not far away. Those little flying swords of water droplets seemed to be sharks that smelled blood. The same, flew to Li Tian suddenly.

Although Li Tian teleported again, but Li Tian was still hit by seven or eight water drop planes.

"Chang!" These water drop flying swords slashed on Li Tian's white bone armor, sparks splashed all over, making a metal-like crash, and Li Tian's white bone armor was marked with seven or eight marks.

Although these traces have not completely broken the defenses of the bone armor, they have also caused small cracks in the bone armor. What surprised Li Tian was that the droplet of the little flying sword was cut on Li Tian, and there was a kind of penetration into the bone marrow. The general pain followed the bone armor into Li Tian's body.

"hiss!"

For a while, Li Tian couldn't help taking a breath, and at this time the sweat on Li Tian's forehead had begun to drip.

At this time, those water drop flying swords still attacked Li Tian non-stop. With every attack, Li Tian felt as if he was being bitten by thousands of sharks.

That kind of pain even Li Tian felt unbearable.

"No, you can't sit and wait like this. Since 'Red Zhan' and Broken Soul Palm can't break their defenses, then I will try to teleport to see if I can teleport behind them and defeat them one by one!" Li Tian thought to himself. With.

As soon as Li Tian's figure appeared, he used teleport again, but this time Li Tian's goal was really behind the nigger, thinking about giving the \*\*\*\*\* a fatal blow from behind.

"boom!"

There was a loud noise, and Li Tian only felt that he was hitting the transparent glass. Li Tian was dizzy after the collision, and he involuntarily retreated seven or eight steps in a row.

And the air mirror between the seven ghosts only shook slightly.

"Haha, Li Tian boy, now you know the strength of our pilgrimage to the Seven Ghosts, your little trick is simply not in the eyes of the ghost, I advise you to obediently catch it, and follow the ghosts to the headquarters of the holy legion to accept Interrogate the commander of the army!" The only woman among the seven ghosts, who was called a female ghost, said with a smile.

This female ghost's words seemed inconspicuous, but it revealed an important message, that is, the seven ghosts were ordered by the commander of the Korean army to secretly bring Li Tian back to the headquarters of the pilgrimage and holy army, accept Interrogation of the commander of the North Korean army.

"Female ghost, talk nonsense with this kid. The commander of the army also said that if this kid is not obedient, we seven ghosts can do it cheaply. We would rather kill ten thousand by mistake than let him go!" The yellow ghost said with a sneer. .

Although the Seven Ghosts could not see Li Tian's face, the anger in Li Tian's heart at this time was no longer able to increase.

Li Tian can actually hide in the space of Void Yasha, and even take Situ Ningbing and Tang Feifei to hide in the space of Void Yasha. But if this is the case, then Li Tian is completely trapped here. The city is now, and the things that Li Tian and Tang Feifei discussed before will probably not be implemented in a short time.

In this way, this will affect the development process of Beitang City as a whole, and will even have a serious impact on whether the 150,000 people can successfully establish themselves in Beitang.

"Huh!"

It was another teleport.

"boom!"

Li Tian was hit again and flew back.

"Are you an idiot? You know that you can't break the Big Dipper universe of the ghosts, and you have to struggle to death. If you die like this, the ghosts will feel distressed!" The female ghost is obviously a woman, and she is The shabby-looking and beautiful woman has a man's voice and loves to call herself a ghost. This painful feeling made Li Tian feel a little sad.

I hit a few times in a row. Each time Li Tian hits harder than the last time. Every time Li Tian felt as if he hit the wall, he was bounced back, and every rebound would cause it. Seven ghosts burst into laughter.

In their eyes, Li Tian should be so stupid that he still kept repeating useless work, knowing that the road was blocked.

"Hey, I really don't understand, how can such a stupid guy form the Celestial Legion and develop the Celestial Legion into a somewhat fearful existence of the other ten legions." The \*\*\*\*\* said with a sneer.

"Huh!"

"Huh!"

Li Tian held his left hand on the ground, supporting his body, "Red Zhan" in his hand was inserted on the ground, breathing heavily.

The Beidou Universe Array of the Seven Ghosts of the Pilgrimage is really not the usual awesome. You must know that every impact of Li Tian's current form, even if there is a real copper wall and iron wall in front of him, I'm afraid that Li Tian will knock it down. But these seven guys didn't change their faces.

It seems that the formation is still his uniqueness, and these seven ghosts are worthy of being a powerful person who can challenge the commander of the ten legion.

But Li Tian laughed, and he was very happy.

"Li Tian, death is approaching, what else is funny about you?" The green ghost said with an angry expression on his face.

"I laugh at you idiots of the pilgrimage and holy army. Although your holy army chief has disappeared, this must be a great loss for the pilgrimage and holy army, but the army commander is still there, and there are still The seven ghosts of your pilgrimage, your seven ghosts teamed up and the strength of the top ten army commander is indeed almost the same. It can be said that the foundation of the pilgrimage and the holy army is still very stable. It is a pity..." Li Tian kept shaking his head. An expression of extremely regret appeared on his face.

"What a pity?" the \*\*\*\*\* asked with a dark face.

"Unfortunately, the members of the pilgrimage and holy legion are a bunch of idiots. At this time, I don't know how to keep a low profile and develop my own strength, but chase me down based on a completely shadowless thing. If you make a pilgrimage to any of the seven ghosts If the halberd is broken at this point, will the pilgrimage and holy legion collapse in half. In this way, the pilgrimage and holy legion will probably withdraw from the list of the top ten legions!" Li Tian said with a sneer.

Chapter 3705: Self-defeating

In fact, what Li Tian said was entirely reasonable.

In the current pilgrimage and holy legions, the commander of the holy legion is named as missing. As long as the body of the holy legion leader is not found, the other ten legions dare not to conclude that the holy legion is dead.

Then with the strength of the commander of the Korean army and the strength of the seven ghosts of the pilgrimage, the pilgrimage and the holy army can also be fully supported. Then the other ten legions dare not act rashly, so the alliance relationship between the Pilgrimage and the Holy Legion and other legions should be considered solid.

But if there is an accident in the Seven Ghosts of the pilgrimage, the commander of the Korean army will be a dead tree, and the pilgrimage and the holy army must be a building. The army such as Panshi may not continue to alliance with such a army, and maybe it will be countered. Come and annex the pilgrimage and holy legion, and accelerate the destruction of the pilgrimage and holy legion.

"Don't listen to Li Tian's nonsense. He can't break our Big Dipper Universe Formation. In the end, we can only be trapped in this formation. So this shameless man is here to confuse people with his rhetoric!" The \*\*\*\*\* faced the others. Six Ghosts said.

"Really? Can't I break your Big Dipper Universe Formation? Are you so confident in your formation?" Li Tian sneered and slowly stood up, and then Li Tianjiang "red "Slash" with a wave, stretched out, pointed at the sky in front of him and said: "I wonder if you, the Big Dipper Universe Array, can stop me from heaven or into the earth?"

"Going into the sky? Hahaha, do you really think that you Li Tian is a \*\*\*\*\* descending to the earth, omnipotent?" The female ghost said with a sneer.

But as soon as her words fell, Li Tian's legs slammed into force, and a pit half a meter deep had been stepped on the ground, and Li Tian's body was like a flying arrow, leaning toward the sky. It rushed up.

Seeing Li Tian's movements, the faces of the seven ghosts spontaneously showed horror.

For the seven ghosts of the pilgrimage, the seven guys stomped their right foot at the same time, each made a knot in their hands, and suddenly pointed towards the sky.

Then I heard a "duang" sound. A huge pit appeared on the air mirror, but then the pit bounced back quickly. Li Tian seemed to be a bird hitting the glass, directly from high above the sky. Fell down.

"boom!"

Li Tian fell on the ground and smashed a deep hole on the ground, which directly buried Li Tian completely.

"Haha, idiot, we, the Big Dipper Universe Array, don't know that we have encountered too many capable people and strangers. Don't we have this preparation? If you can really escape, maybe you might escape. The palms of our hands, it's a pity..." The \*\*\*\*\* sneered, speaking in Li Tian's tone.

"What a pity? What a pity?"

Suddenly a cold voice came from behind the nigger.

This was Li Tian's voice. The \*\*\*\*\* shuddered involuntarily, and slowly turned his head away, only to see that Li Tian did not know when but he had already reached out his hand, and Li Tian's "Red Cut" It has been put on his neck.

"The \*\*\*\*\* boss...Li...Li Tian!" At this time, the other pilgrimage and saint members reminded them in horror.

"You are paralyzed, Li Tian has already appeared behind me, the knives are on Lao Tzu's neck, you only said the \*\*\*\*\* to remind you." The \*\*\*\*\* cursed angrily in his heart.

Looking at the mother and daughter Diao Chan, they looked like they had seen a ghost, and they pointed at Li Tian dumbfounded, but couldn't say a word.

"What a waste, I knew I should let these two idiots go to death first!"

"How...how is it possible? You...are you really a \*\*\*\*\* descending to the earth, so you can fly into the sky and escape?" The \*\*\*\*\* couldn't believe his eyes and said in surprise.

The answer to him was the flash of the sword flashed by "Red Slash". Although the \*\*\*\*\* tried to avoid it, the "Red Slash" still struck the nigger's chest. The ruler comes with a long hole.

The \*\*\*\*\* let out a scream, blood spurted out of the nigger's chest in an instant, and a rain of blood sprinkled on the ground.

"Nigger!"

"Big Brother!"

As soon as the \*\*\*\*\* moved, the Big Dipper Universe was undefeated. The other six pilgrimage six ghosts saw the \*\*\*\*\* injured, their faces were full of worry, and they all rushed towards the nigga.

"Go back! End the battle!"

Although the \*\*\*\*\* had a cut open in his chest, he also understood that if there was no Big Dipper Universe Array, then their pilgrimage to the Seven Ghosts might not be Li Tian's opponent if they united. Therefore, he shouted and faced him. Shouted the other six ghosts.

The other six ghosts immediately understood, retreated, and re-formed the Big Dipper Universe Formation.

However, the formation this time had obviously lost its previous power, because the \*\*\*\*\* was injured and his breathing was completely messed up. The air mirror was like wind blowing on the water. Even if Li Tian didn't do anything, it still kept rising. wave.

Li Tian sneered, instead of attending to the seven pilgrimage ghosts, but turned to Diao Chan mother and daughter and other members of the pilgrimage and holy legion who followed the seven ghosts.

"You are really an eye-catcher here, how about I clean up you first and then clean up the seven pilgrims?" Li Tian said with a sneer.

The members of the pilgrimage and the sacred and the mother and daughter Diao Chan shuddered at once, and kept backing away, trying to escape from here, but they were greeted by the pilgrim Seven Ghosts' Big Dipper Universe Array.

Although the power of this formation weakened, how could they escape?

"Boss nigga, quickly untie this formation, let's go out first..." the members of Chao Hesheng yelled at the \*\*\*\* in panic.

"Go to death, you trash!" The \*\*\*\* coughed continuously and said grimly.

"Nigger, you dead ghost, have you forgotten the pledge of each other you said in my ear? When you slept with me, you weren't so ruthless!" The middle-aged man with a pair of feet comparable to the twin peaks of iron \*\*\*\* The woman cried and said to the nigger.

"You... don't talk nonsense, when did I sleep with you?" The nigger's face turned dark and hurriedly argued.

"Why, you won't admit it after playing? Are there three pea-sized monkeys on your black body? Are there red birthmarks the size of a coin on the left side of your hip? Your..." The young woman seems to be like a few Jiazhen, constantly telling the marks on the nigger.

Many people, including Li Tian, shuddered involuntarily.

I really didn't expect that with such a heavy taste, the \*\*\*\* would get involved with this middle-aged woman.

"What? Nigga... I didn't expect that you would mess with such a woman. I was really blinded by my dog's eyes. I still believed what you said, lingering with you, I... The ghost will not play with you anymore. !" The more the green ghost listened, the more ugly his face became, and he untied the formation, turned and walked outside the city.

"Green, don't leave me!" The \*\*\*\* shouted at the green ghost.

Chapter 3706: Turn around

What is a peak turn?

This is called a turnaround, even the \*\*\*\* screenwriter can't make such a plot.

But do you think this is over?

After hearing the conversation between the \*\*\*\* and the green ghost, the yellow ghost was the first to get angry.

The man formerly named Huang Gui jumped up and rushed towards the nigger. Amidst the consternation of the crowd, Huang Gui would have pierced a military stab into the nigger's chest.

"Nigga, boss, I've called you the boss for so many years in vain. You said you didn't want to grab the green ghost with me. I didn't expect you to hook up with me behind your back. If that's the case, I'll be blamed, brother. "Huang Gui hissed and shouted at the nigger.

"puff!"

"puff!"

"puff!"

The army thorns were constantly inserted and pushed out of the nigger's body, while the \*\*\*\* firmly grasped Huang Gui's clothes with one hand, spitting blood out of his mouth, and then the \*\*\*\* fell softly to the ground.

Even when he died, the \*\*\*\*\* could be said to be dead. He did not expect that he did not die in the hands of Li Tian, but ended up in the hands of his brother Huang Gui.

Of course, it can also be said that he died in the hands of a woman.

What about Huang Gui? After stabbing the \*\*\*\*\* to death, he looked up in the direction where the green ghost disappeared, and yelled in a hoarse voice in that direction: "A green, even if you are carrying me with others, even if you leave me. , Huang Gui, I am still devoted to you. In this life we have no chance, and in the next life, I must marry you!"

After speaking, Huang Gui gave a sneer, and the general pierced his neck, and then slammed his hands in.

"puff!"

The army thorn penetrated the yellow ghost's neck, and the blood continued to flow out along the army thorn, and Huang Gui's mouth showed a strange smile, crawling softly on the nigger's body.

Seeing the green ghost go, the black ghost died, and the yellow ghost committed suicide, the remaining four ghosts were going crazy. They didn't expect things to develop like this.

The four ghosts glanced at Li Tian, and then rushed towards the middle-aged woman as if they were crazy. The various weapons in their hands continued to greet the middle-aged woman. Only in a moment, the middle-aged woman Turned into a \*\*\*\*\* corpse.

"Why? Why? We were not defeated by the enemy, but we were defeated by ourselves! Hahaha, haha..." The other four ghosts knelt down to the ground after beheading the middle-aged women. , Staring blankly at the corpses of the \*\*\*\*\* and yellow ghost in the distance, said with a miserable smile on his face.

And when the little Diaochan saw the middle-aged woman being chopped into a \*\*\*\*\* corpse, he was initially frightened, and then gradually turned into anger, then gradually turned into helplessness, and finally became numb.

Xiao Diaochan numbly picked up the body of the middle-aged woman, and then walked outside Nanzhou City without looking back.

And those members of the Pilgrimage and Saint Legion, after the Big Dipper Universe was broken, they immediately dispersed as birds and beasts, leaving only the Four Ghosts and Li Tian at the gate of the Agricultural and Commercial Association.

"Li...Li Tian, can I ask you something?" The red ghost cried and laughed for a long time before saying to Li Tian.

Li Tian was quite surprised, this red ghost actually wanted to ask him.

"What's the matter?" Li Tian asked.

"Our pilgrimage to the Seven Ghosts used to swear not to ask students of the same year to be born on the same day, but to die on the same day. Now that the \*\*\*\*\* and the yellow ghost are dead, our four ghosts will definitely not live alone. We will think of following the boss and The third brother left, so I hope that after we commit suicide, you can bury all of our brothers together!" said the red ghost.

Another man who didn't know what the ghost said to Li Tian: "Then please Li Tian, we don't want to die without a burial place, and eventually become zombies or other mourners' food!"

The other ghost also nodded heavily.

Then the three ghosts pointed their weapons at their deadly positions and committed suicide one after another.

Seeing that the life that was still alive just now turned into a corpse in an instant, the miserable expression on the red ghost's face became more obvious, but the red ghost was not in a hurry to commit suicide, but started on the ground at the entrance of the Agricultural and Commercial Association. Dig a hole.

The concrete floor was nothing to the Red Ghost, and a huge deep hole was dug soon.

Then, the red ghost put the corpses of the other five ghosts into the pit one by one, sorted out the remains of the corpses of the five ghosts, and deliberately separated the two corpses of the \*\*\*\* and Huang Gui, and then squatted on these corpses. He was crying again and again.

Probably enough crying, the red ghost said to Li Tian: "Li Tian, our seven righteous knot Jinlan, we are like the same person, if it weren't for the green ghost...that bitch..."

The red ghost did not curse, wiped his tears clean, his tone was calmer, and continued: "Since we have said that we will die on the same day and the same year, then we must not let the green ghost live alone. Now the green ghost is gone, so I think Please you can catch her back now and kill her!"

As soon as the red ghost's voice fell, Li Tian saw that the green ghost had come back from a distance, but the green ghost was also covered with blood.

"Red ghost, second brother red! Since my green ghost married you Jinlan at the beginning, then I will never live alone. The \*\*\*\* thing is that I am wrong first, and I am ashamed of Huang Gui, but I am from beginning to end. I've never liked Huang Gui. The one I like in my heart is a nigger, and you know that. It's just that I didn't expect the \*\*\*\*\* to be so unbearable, actually getting entangled with that fat pig woman... It's too late."

"Li Tian, bury us together, you don't have to kill me, just bury me and them alive, this is what I should bear!"

Talking that the green ghost jumped into the pit, first stroked the nigger's cheek for a while, whispered a few words in the nigger's ear, and then came to the yellow ghost's side, and Huang Gui Lying side by side with his corpses, his eyes were full of tenderness and he looked at Huang Gui's corpse and said: "Fool, I will never like the person I like in my next life. I will definitely marry you who likes me. "

A miserable smile appeared on the red ghost's face, and he said to himself: "I knew why it was today, but that's okay. This way, we can completely avoid the disputes in the world by pilgrimage to the Seven Ghosts! Green ghost girl, Second Brother Hong walks with you!"

Then the red ghost lay side by side beside the nigger, and said to Li Tian, "Li Tian, let's start!"

Turning around, Li Tian didn't expect that the script would be performed like this, and for a while he was moved by the feelings between the seven ghosts of the pilgrimage.

Originally, Li Tian was thinking about whether to let go of the red ghost and the green ghost, but now it seems that if he let go of the red ghost and the green ghost, he would be a villain instead.

"Di Xing Yasha" Li Tian was silent for a few seconds before he continued: "Do it!"

Chapter 3707: Ning teaches me to lose the world

When Situ Ningbing and others were called out by Li Tian from the Agricultural Industry and Commerce Association, they saw a grave pile at the door of the Agricultural Industry and Commerce Association.

Li Tian told Situ Ningbing and Tang Feifei about his battle, and also told the story of the seven ghosts of the pilgrimage. Situ Ningbing and Tang Feifei sighed, because they were entangled with them directly. Their sincere brotherhood.

Although the seven ghosts of the pilgrimage were members of the pilgrimage and holy legion, and they also had enemies with Li Tian, Li Tian still let Xiaoyasha use his abilities and built a wall to protect the grave. This also made Li Tian's heart capable Feel better.

Then the four according to the previous division of labor, Li Tian took Situ Ningbing and drove to refuel the car, while Tang Feifei followed Yan Rui quietly out of the city to contact the farmer zombies to harvest summer grain.

Nanzhou City is the site of the Rock Legion. Naturally, Li Tian and others have been specially taken care of by the Rock Legion. After Li Tian and others left the Agricultural and Commercial Association, the members of the Rock Legion appeared in the tomb of the pilgrim Seven Ghosts. In front of the pile.

"I really didn't expect that the Seven Ghosts of the Pilgrimage actually died like this. If this matter is passed back to the Pilgrimage and the Holy Legion, I am afraid the head of the Pilgrimage will have the heart to die." One of the Rock Legion members said.

"Yes, the pilgrimage and holy legions are no longer qualified to be called the top ten legions. Now we must immediately send a report to the legion commander to give the legion commander the latest information so that the legion commander can make the most correct judgment!" A member of the Rock Legion echoed.

"What about Li Tian? Are we still following them?" a member behind them asked.

"Of course! No matter what judgment the legion commander makes in the end, our Rock Legion and the Celestial Realm will probably be at odds. After all, the Celestial Legion has now reached out to Beitang City, and it is not far from the foundation of our Rock Legion in Central Plains! Moreover, the current Li Tian actually walked with Tang Feifei, the vice-chairman of the Agricultural and Commercial Association, and Tang Zheng's daughter, Tang Feifei, and the news was reported to the commander of the army." The rock member in front said.

"Yes, it's no secret that Tianjie and the Association of Agriculture, Industry and Commerce are close. Even the secret meeting between Li Tian and Tang Zheng has been inquired by our intelligence department, but the content of this secret meeting is still unknown. Since Li Tian and Tang Feifei were together, and came to our Nanzhou City again, I am afraid this is more or less related to our Rock!" The other one went on to analyze.

This member of the Rock Legion immediately felt a little pain in his head, and involuntarily sighed: "Since Li Tian left the heavens, the entire ten legions and the two associations have not been at peace. Li Tian, you can't stop for a while. ?"

The other members of Rock couldn't help showing a wry smile.

...

The news of the death of the Seven Ghosts on the pilgrimage soon reached the city of Kyoto. Of course, while the members of the Rock Corps passed the information, the intelligence departments of the other ten legions in Nanshu also passed this information back.

At the headquarters of the Hajime and Holy Army, the commander of the Hajime slumped on the sofa when he saw the information, and severely tore the paper of the information written into a pile of shreds and threw it in the air.

Watching the paper slowly fall, the eyes of the head of the army regiment were filled with blood.

"Holy, where did you go? You know that leaving you, my legion commander is extremely uneasy! Although the Rock Legion suspects that you have been killed by Li Tian, I hope you will hide and practice Up."

"The seven ghosts of the pilgrimage started to kill each other without Li Tian's hands. Now the strength of our pilgrimage and the holy legion is greatly damaged. Sheng, if you know the news, come back soon!"

The commander of the Chao Corps kept tearing his hair, the expression on his face was sullen and afraid.

"Li Tian! Damn Li Tian, are you really going to fight our pilgrimage and holy legion? Are you really the nemesis of our pilgrimage and holy legion?" The commander of the pilgrimage and holy legion slammed his fist against the sofa. On the coffee table, a layer of ice immediately formed on the coffee table, and then the coffee table began to melt, and water began to drip continuously, and as the water dripped faster and faster, the coffee table suddenly became a pile of debris.

"No, the current Pilgrimage and Holy Legion can't just fall down like this. If you fall like this and wait for the saint's return, how can I face him? My request for help, the Rock Legion, the Flamingo Legion...No, no, I am afraid that these legions will cut off cooperation with our pilgrimage and holy legions immediately after the death of the seven ghosts of the pilgrimage!"

"Long Teng Litian Legion, Long Yin and Li Tian have a disagreement. It seems that they can cooperate with the Long Teng Litian Legion. However, this Long Yin is very arrogant. He has rarely contacted the other legions of the Ten Legions. I am afraid that this road is not the same. Good to go."

"By the way, there is also the zombie kingdom. The power behind this association is said to be the three corpses. If we can cooperate with the zombie kingdom, we will indirectly contact the three corpses. Is it possible that my pilgrimage and the Holy Legion have not developed well?"

"But in this case, our pilgrimage and the Holy Legion may... I am afraid we will become three-corpse puppets... puppets... puppets are better than being annexed by other legions! That's the decision. But this matter I can't tell anyone about it before I succeed, and I'm the only one to handle this matter by myself!"

The commander of the North Korean army muttered to himself.

At the headquarters of the Rock Legion, Gao Gang, the commander of the Rock Legion, looked at the information in his hand from Nanzhou City, Central Plains Province. This information has been in Gao Gang's hands for a few days, but Gao Gang has never made a decision. How to determine the relationship between the Rock Legion and the Pilgrimage and Holy Legion.

"Legion commander, when you break it, you should break it! At this time, you should cut the mess quickly. Although the strength of the Korean army is also very strong, this dynasty and the holy army are finished, and now the dynasty and the gods are completely out of the sky. Bye. If the Heaven Realm now joins forces with the Army Soul and the Sakura Legion to crusade against the dynasty and the Holy Legion, do you say that we are for such a tasteless legion, is it worth breaking out with those two legions?" A deputy commander said.

"I understand what you said, but after all, we are in a cooperative relationship now, and my personal relationship with Chao and Sheng is still very good. How does this make me decisive!" Gao Gang said hesitantly.

"The commander of the legion, the old saying goes: Ning teach me to lose the people of the world, don't let the people of the world lose me! Think about it, if our Rock Legion encounters this situation now, I am afraid that the Chao and the Holy Legion have long been in a personal relationship. Good banners come to annex our Rock Legion!" The deputy commander continued but said.

"Then you look at the beginning of the annexation of the pilgrimage and the holy legion of the site outside Kyoto City, it is inconvenient for me to come forward on this matter!" Gao Gang said helplessly.

Chapter 3708: Tang Xiaolong is injured

In just one week, the Hajjhasa Legion's territory outside Kyoto City was swallowed up by other legions overtly and secretly and swallowed nearly one-fifth. This one-fifth does not seem to be much, but for the current Zhaohe For the Holy Legion, this is already worse.

After another three days, the commander of the Korean army entrusted the affairs of the pilgrimage and the holy army to several deputy commanders, and left Kyoto alone. Regarding the whereabouts of the commander of the Korean army from Kyoto, people said that he was going north. Tang went to Li Tian for revenge, but some people said that he went to the East China Sea to find the commander of the Holy Army.

At this time, Li Tian and Situ Ningbing and Tang Feifei had secretly handled the affairs of the Central Plains Province. After that, Li Tian left Nanzhou City with Tang Feifei and Situ Ningbing and returned to Beitang.

Li Tian took Situ Ningbing and Tang Feifei and did not enter Beitang City. Instead, they went around Beitang City and went straight to the station of the Celestial Legion in the Qinling Mountains. But when Li Tian and others came here, they found In the resident, the temporarily built cottage has become a ruin, as if the cottage had been attacked by a giant beast. The ruins are full of traces of battle.

"What's going on? Could it be that the black-robed corpse refiner came back to take revenge?" Li Tian's face suddenly showed anxious expression.

Although the Celestial Legion is not strong, after this period of continuous training, the members of the Celestial Legion are not what they used to be. It can be said that the Celestial Legion is the foundation of Li Tian's foothold in Beitang. There are more than 10,000 people. As long as there are several other core cadres in Beitang who are responsible for dealing with high-level funerals, it can basically be said to be quite safe.

Li Tian first thought of the black robe corpse refiner.

The strength of this black-robed corpse refiner is better than Tang Xiaolong and Xiao Tianyi. If the black-robed corpse refiner returns to revenge, Li Tian only hopes that Tang Xiaolong and Xiao Tianyi will be safe and sound. As long as the realm army is not destroyed by the regiment that day, it will be lucky. Up.

"No, Li, look at these traces, it looks more like the thorns of zombies!" Situ Ningbing pointed to the holes in the rocky cliff.

"Yes, these holes were made in one go, but they seemed to be thorns from the white bones of the zombies, but the highest level of the zombies in Beitang City is only 14th or 5th. These zombies may not be Tang Xiaolong and Xiao Tianyi may not be unable to deal with it." Li Tian said.

"what!"

Suddenly, Li Tian heard Tang Feifei's exclaim. Li Tian immediately came to Tang Feifei and asked Tang Feifei: "What's wrong? Did you find anything?"

Tang Feifei pointed to the distant woods and said to Li Tian, "Brother Li Tian, what do you see on the tree?"

Following Tang Feifei's fingers, Li Tian quickly saw two monkeys squatting on a locust tree not far away. These two monkeys were male and female monkeys. After seeing Li Tian, he gave Li Tian a smile.

"Li Tian, I knew you would come back here, so the two of us have been waiting for you here!" The male mourning monkey jumped over from the tree and landed beside Li Tian.

"Why are you waiting for us here? Could it be.....?" Li Tian said.

"You guessed it right, your brother Tang Xiaolong and your Celestial Legion are now near the viewing platform, but...but Tang Xiaolong is injured, and Tang Xiaolong is seriously injured!" The male mourning monkey face was a little sad. To say.

"No...impossible!" Li Tian said in surprise: "Tang Xiaolong has cultivated ten-fold body refining, and his body is harder than steel. Even if the 15th-level zombies in Beitang city besiege Tang Xiaolong, Tang Xiaolong does. It may not be hurt, unless this gives Tang City zombies above level 15."

"This time you are really right. Two 18th-level zombies came from Beitang! These two 18th-level zombies came to attack your cottage, but fortunately, except for Tang Xiaolong who was seriously injured, Xiao Tianyi was slightly injured, and the number of casualties in your Celestial Legion is not too many!" said the male mourning monkey.

Hearing the eighteenth-level zombies, Situ Ningbing and Tang Feifei involuntarily took a breath.

Everyone present knew what a level 18 zombies meant, especially Situ Ningbing.

Li Tian killed an eighteenth-level behemoth zombies in East Sea City, but it does not mean that Li Tian already possessed the strength of an eighteenth-level zombie.

Because of the help of the Earth Traveling Yaksha, Li Tian entered into the body of the eighteenth-level behemoth behemoth, and killed the eighteenth-level behemoth from the inside. In the body of the eighteenth-level bereavement, Li Tian probably only has the place to escape.

However, this is Beitang City, a big springboard for the future development of the entire universe. Where can Li Tian escape?

Moreover, Barbarian and others are now escorting these 150,000 people to Beitang City for thousands of miles. Are they going to send these 150,000 people as food to the eighteenth-level zombies?

Situ Ningbing and Tang Feifei looked at Li Tian at the same time.

"Let's go, let's go to the terrace!" Li Tian stretched out his hand to take Tang Feifei into the space of Void Yasha, and said anxiously.

Li Tian, Situ Ningbing, male and female wandering monkeys, the figures of the two monkeys quickly shuttled through the woods.

The mother lost monkey interrupted and said, "You brother is really an iron man. He was so badly injured that he was able to escape from Beitang City. He also supported the transfer of the Celestial Legion. Tsk tsk, there are such brothers. Why ask!"

Li Tian basically didn't listen to what the female zombie said later. After hearing the eighteenth-level zombies and two eighteenth-level zombies, all Li Tian's head thought about Tang Xiaolong's injury and how he would be in the future This eighteenth level zombies are fighting.

Tang Xiaolong was injured, and it was seriously injured. In the end times, any kind of minor injury could be fatal if it is not obtained in time, let alone serious injury! If it is in Beitang City, where Liu Yihui and others are there, you can find a hospital to treat Tang Xiaolong.

But now this is the Great Qinling Mountains, deep mountains and old forests, and medical facilities are extremely imperfect. How can we treat Tang Xiaolong?

At this time, Li Tian thought of Windsor, the girl with medical abilities.

If Windsor were here, these things could be solved instantly.

But it's too late to say this. After Li Tian left Kyoto City, he lost contact with Windsor. If he wanted to find Windsor, it seemed that he could only start the Bounty Hunter Association.

And even if you know where Windsor is now, you can't quench your immediate thirst. Whether Tang Xiaolong can support Windsor's arrival is another concept, but now Li Tian has made up his mind to wait until Tang Xiaolong's injury is cured. The first thing to do is to dig Windsor.

"It's an eighteenth-level zombie again! Hey, good coming!" Li Tian thought in his heart.

Chapter 3709: Sneak into Beitang

When Li Tian saw Tang Xiaolong lying in the hall of Guanloutai, his eyes were a little moist involuntarily.

There is a piercing wound on Tang Xiaolong's chest. The weather is hot and the wound has been infected. It looks shocking. At this time, Tang Xiaolong, the black boy, has a pale face and almost no blood. This shows Tang Xiaolong's injury. How serious.

However, Tang Xiaolong's spirit was pretty good, and he didn't faint. This was also because Tang Xiaolong had cultivated ten levels of body refining.

After seeing Li Tian and Situ Ningbing come back, Tang Xiaolong's face showed a reluctant smile. Just about to move, he was held down by Li Tian and Situ Ningbing.

"Don't die? Don't move if the injury is so serious!" Li Tian yelled at Tang Xiaolong a little angrily.

The smile on Tang Xiaolong's face is even more far-fetched, maybe the move he just caused another damage to his body.

Tang Xiaolong said: "Little boss, I...I am a person who has died once, I have already seen life and death, but I am a little bit reluctant to bear you, little boss!"

"Don't talk nonsense, you will be fine!" Li Tian reprimanded Tang Xiaolong and said.

"What the \*\*\*\* is going on? What happened to you during the time I left Beitang? Who can tell me!" Li Tian angrily said to the crowd around Tang Xiaolong's bed.

Standing in front of Tang Xiaolong's hospital bed, Xiao Tianyi trembles involuntarily, and some dare not look at Li Tian, but in the end he overcomes the fear in his heart and raises his head and said to Li Tian, "Dad Li Tian, this time Blame me, if I hadn't entangled this little dragon brother to go to the underground palace of Tashan Temple, we would not have been attacked by those two 18th-level zombies."

"Little...Boss, I can't blame Little Tianyi for this. I'm all arrogant and arrogant. I always thought that the 15th-level zombies in Beitang City had nothing to do with us, so I took it lightly. That..." Tang Xiaolong said.

"Who can tell me what happened to these two eighteenth-level zombies? When I left Beitang City, the highest-level zombie in Beitang City was only level 15. Where are the eighth-level zombies?" Li Tian asked.

But no one can answer Li Tian's question. Everyone here, except Tang Xiaolong and Xiao Tianyi who often enter Beitang City to hunt zombies, everyone else is in the Qinling Mountains for their food, clothing, and shelter. worry.

Li Tian saw that everyone was silent, but they didn't happen. No wonder they were this kind of thing, even Li Tian would like to thank Tang Xiaolong and Xiao Tianyi.

If it were not for Tang Xiaolong's injury, the first thing Li Tian did after returning to Beitang was to bring the Celestial Legion into Beitang City, hunt and kill the zombies, drive the zombies, and retake Beitang.

If this is the case, then the two eighteenth-level zombies that suddenly appeared will completely disrupt Li Tian's plan and deployment, and Tang Xiaolong will not be the only one injured.

As for why these two eighteenth-level zombies appeared in Beitang, and when they came to Beitang, Tang Xiaolong and others didn't know it.

Although Celestial Realm is now a first-class army, but after all, it is not enough to compare with the old ten army and first-rate army, especially the intelligence department, which is far behind.

The intelligence departments of those ten major legions can be said to be pervasive. To put it a bit exaggerated, even if Li Tian farts in Kyoto City, those intelligence departments can accurately report back to the carbon dioxide concentration in Li Tian's fart.

"It seems that it is time to pull Wang Rui's intelligence department from Heaven to Beitang City." Li Tian thought in his heart.

"My God, Tang Xiaolong must undergo surgery as soon as possible. Otherwise, once these wounds become suppurative, even if Tang Xiaolong's body is beaten with iron, it will probably be even more dangerous. But there are no conditions for surgery at all, so... so we have to. Venture to Beitang City!" Liu Yihui said anxiously.

"I know, so let's set off now and perform an operation on Tang Xiaolong in the largest hospital in Beitang City!" Li Tian said.

"Li, I'll go with you!" Situ Ningbing said.

"And me!" Xiao Tianyi also said.

"No, you all stay here, if those zombies come to attack here, you can also lead the Celestial Legion to continue to hide in the Qinling Mountains." Li Tian said.

Although Xiao Tianyi was a little unwilling, he still had to obey Li Tian's arrangement.

"Father Li Tian, then you take the mutant bat squadron! Although these mutant bats do not have much combat effectiveness, they do have very good eyes. If there is a disturbance, you should prepare early." Xiao Tianyi said.

"Okay! With the mutant bat squadron in charge of detecting news in the air, we can indeed be more proactive." Li Tian said, of course Li Tian will not forget the mutant crow.

At this time, Shen Tao, who had been standing on the edge, said in a faint voice: "Brother Tian, take me there. Although my strength is low, I have been working hard these months and my strength has improved a bit. , Maybe... maybe I can help!"

Seeing Shen Tao's eyes full of determination, Li Tian nodded.

Seeing Li Tian nodding, Shen Tao's face immediately overflowed with a happy smile.

Soon, the people who went to Beitang this time had already decided.

This time the protagonist Tang Xiaolong was brought into the space of Void Yaksha by Li Tianlian's bed. In this space, there was also the chief surgeon Liu Yihuibi, and two emergency medical staff from the Celestial Legion to cooperate with Liu Yihui. There are also two mechanics from the Celestial Legion, and Shen Tao, a young man with an extraordinary ability.

However, Tang Feifei in the space of Void Yasha followed Situ Ningbing and stayed at the viewing platform.

As for the mutant bat squadron, Li Tian was sent into the space of Feitian Yasha.

There are three small Yasha.

"Li, be careful. Your goal this time is to operate on Xiaolong. There is no need to conflict with the two eighteenth-level zombies. If there is any accident, you must first hide in the space of Void Yasha! Situ Ningbing said.

"Know, don't worry!" Li Tian said.

After speaking, Li Tian jumped onto the mutant crow, and then quickly flew to Beitang City on the mutant crow.

Although Li Tian comforted Situ Ningbing, Li Tian's psychology was clear. If the eighteenth-level zombies found Li Tian and others during Tang Xiaolong's operation, then Li Tian would have to fight.

When Beitang City could already be seen, Li Tian and the mutant crow fell back to the ground. Li Tian also put the mutant crow away, and then held the "Red Cut" in his hand, and quickly moved towards the hospital of Beitang University Affiliated Hospital. The direction is going forward.

Chapter 3710: Start surgery

The Affiliated Hospital of Beitang University is located in Beitang, which is the eastern suburbs. It takes more than half an hour to travel by car even before the end of the world.

But now Li Tian's speed has surpassed that of cars, and Li Tian is thinking about the Beitang University Affiliated Hospital almost according to the distance of the branch line, and there is no need to deliberately detour. Therefore, if there is no accident, Li Tian can reach Beitang University Hospital in less than half an hour.

"Wow!"

"Wow!"

"Wow!"

Li Tian's figure constantly shuttled through the streets, and the low-level zombies wandering in the street did not even see Li Tian's figure clearly, Li Tian had already passed by them.

The sky was a little gloomy, and it felt like it was about to rain.

Therefore, even though it was daytime, a lot of zombies had appeared in the streets and alleys of Beitang City, which caused some trouble for Li Tian's actions. In order not to provoke the snakes, Li Tian could only avoid these zombies as much as possible.

But even so, after twenty minutes, Li Tian had already appeared in front of the gate of the Affiliated Hospital of Beitang University.

"Finally here!" Li Tian said with a sigh of relief.

Standing at the door, Li Tian could see that the electric gate of the Beitang University Affiliated Hospital seemed to have been destroyed by external forces. It had completely lost the function of the gate and turned into a curved scrap iron fence. Coupled with wind and rain, the stainless steel door has turned crimson, and there are some crimson marks on the ground.

Looking through the gate, Li Tianneng saw seven or eight ambulances parked in the courtyard of the Beitang University Affiliated Hospital. After more than three years of natural oxidation, the paint on the outside of the ambulance has peeled off, and the car tires have completely exploded.

So it looked like the car was like a weak patient, crawling softly on the ground, and the ambulance was covered with mud and bird droppings. It seemed that the ambulance had become a paradise for birds.

The same is true in the compound of this hospital.

A layer of soil and dead leaves fell on the concrete floor, and some weeds stubbornly took root and sprouted on the barren soil. Several low-level zombies stepped on these weeds and were slowly surrounding the ambulance, seeming to want to catch the birds that fell on the ambulance.

But as soon as they appeared, the flock of birds on the ambulance flew in shock.

Li Tian glanced around again, making sure that there were no other high-level zombies near the hospital, and then Li Tian leaped slightly and jumped into the courtyard.

"Kacha" When Li Tian fell, he accidentally stepped on a dead wood branch and made a slight clicking sound, but this faint sound attracted the attention of the few low-level zombies to Li Tian's body.

"what"

These low-level zombies let out a low scream in their throats, and rushed towards Li Tian.

And Li Tian didn't entangle these low-level zombies, and he didn't even bother to do anything with them. Li Tian's figure flashed a few times, and he entered the hospital building from the hospital courtyard, leaving only the low-level zombies looking at each other on the original ground.

Entering the first-floor lobby of this affiliated hospital, the first-floor lobby is empty, with some cases and pieces of paper scattered everywhere. It seems that when this apocalypse broke out, the hospital was already in chaos.

A scent of moldy puffed his nose, which made Li Tian, who could smell the disinfectant when entering the hospital, felt quite uncomfortable. Li Tian looked at the doctor's guide and knew the surgical operating room of the Beitang University Affiliated Hospital. It's on the sixth floor.

Li Tian brought all the mutant bat squadrons out of the space of Feitian Yasha, and then released all these mutant bats. These mutant bats immediately scattered and flew away.

Some flew out of the lobby on the first floor, and some flew into the building.

These mutant bats were controlled by Li Tian with nine-color corpse crystals, so Li Tian and these mutant bats have some telepathy.

Soon, Li Tian felt a little unclear in his heart, as if the entire hospital building was already under Li Tian's control. Even Li Tian could feel the low-level zombies in the hospital courtyard turning around the ambulance, and even Li Tian could feel a female zombie in a white coat in the pharmacy on the first floor curiously looking at the mutant bat. .

Then Li Tian quickly rushed to the sixth floor of this building. In the process of searching for the surgical operating room, Li Tian was attacked by several low-level zombies. This time Li Tian did not hesitate and directly beheaded these zombies. Dug out the corpse crystal.

After Li Tian found the surgical operating room, Li Tian brought Liu Yihui and others out of the space of Void Yasha.

Seeing the dim light in this hospital building, Liu Yihui couldn't help shaking his head, and said, "Brother Tian, I am afraid that Xiaolong cannot be operated on with such light! It is too dark."

Li Tian nodded and said, "You first prepare the things needed for the operation. I took two technicians to the ground floor to see if the backup power supply is available. If it is available, we will perform the operation on Xiaolong!"

Liu Yihui nodded, and immediately led two other medical staff to clean the operating room. Because of the special circumstances, Liu Yihui and others could only find some medical alcohol to simply disinfect all the things that can be used in the entire operating room.

By this time Li Tian had brought two technicians to the basement of the hospital.

Entering the basement of this hospital, the two mechanics inspected the entire generator set.

The final conclusion is that the power supply equipment was well maintained before the end of the world, and it should be usable.

It's just that the fuel tank is empty. Fortunately, there are still a few large barrels of gasoline stacked in this basement. Although the gasoline has evaporated by less than half, it is enough to drive the generator.

Li Tian's "Red Cut" cut open the gasoline barrel and poured the gasoline into the tank.

"Boom!"

With the roar of the generator, the basement first flashed a faint light.

"Huh!" Li Tian let out a breath and wiped off the sweat on his head.

Fortunately, when I came out of the Qinling Mountains, I had expected this situation and brought two mechanics, otherwise this situation would have stumped Li Tian.

Back to the operating room on the sixth floor again. At this time, the operating room had been powered on. Li Tian immediately took Tang Xiaolong's bed with a person out of the space of Void Yasha, and then put the two technicians into the void. In the space of Yasha.

The rest can only be left to Liu Yihui, and Li Tian can't help much in the operating room.

Li Tian took Shen Tao to exit the operating room, suddenly feeling a strong sense of crisis in his heart.
