

## A Killer 3711

Chapter 3711: Fight 15th level zombies

In the operating room, Liu Yihui is performing an operation on Tang Xiaolong.

For this kind of minor operation, Liu Yihui, a medical madman, does not have any difficulty, but Liu Yihui needs time. He needs to suture all the organs that have been penetrated in Tang Xiaolong's body, and cut off the meat that has been necrotic. These things accumulate, which is a major operation.

At this time, Li Tian had already arrived at the first floor lobby of the hospital.

The dark clouds in the sky are getting heavier and heavier, and it feels like the sky is about to fall. The dull thunder sound came from the distant sky, and it sounded in my ears. The few low-level zombies who caught birds were afraid of this thunder, and hid in the courtyard in horror, shaking, and soon they saw Li Tian standing in the lobby on the first floor.

This Li Tian seemed to be the beacon of the road in the dark, which allowed the low-level zombies who were originally afraid of thunder to see the way out. These low-level zombies kept making ghost calls from their throats, and threw their teeth and claws toward Li Tian.

Li Tian controlled "Red Zhan" and flew out.

"Huh!"

"Huh!"

A few red lights flashed, and the few low-level zombies slowly fell to the ground, turning into a few zombies.

But Li Tian's sight did not stop on these low-level zombies, and he continued to the street outside the gate of the hospital.

A gust of wind blew, and the gust of wind rolled up and flew around in the courtyard with dead branches and rotten leaves. Although Li Tian was in the lobby on the first floor of the hospital, it was impossible to be squinted by the wind, but he still squinted involuntarily. .

In that street, several dark shadows flashed quickly.

The speed of these black shadows is extremely fast, but they can't escape the sight of Li Tian. It can be said that they can't escape the sight of Li Tian and the mutant bats. These figures are all wearing shabby clothes. The clothes are covered with gray and black stains. It looks as if the blood has dried up, and the original color is no longer visible.

Needless to say, these figures are zombies.

And it is one of the few level 15 zombies in Beitang City.

The "Red Zhan" that had flown back to Li Tian's hands shook slightly, and the Nine Color Corpse Crystal also released countless transparent silk threads floating around Li Tian's body.

Shen Tao standing beside Li Tian also saw the zombies. Because of Shen Tao's abilities, Shen Tao could clearly feel the strength of those zombies.

"Fifteenth level zombies, even Tang Xiaolong and Xiao Tianyi can deal with zombies of this level!" Shen Tao swallowed involuntarily.

Just when Shen Tao's spirit was highly concentrated, Shen Tao actually saw the transparent threads released from the nine-color corpse crystals. These transparent threads floated in front of Shen Tao, and Shen Tao couldn't help reaching out to grasp these transparent threads. silk.

However, Shen Tao caught a moment, and then Shen Tao glanced at Li Tian with a suspicious look, and found that these transparent silk threads were floating out of Li Tian's body, and Shen Tao felt relieved.

"Brother Tian, it hasn't been long since we came to Beitung. How come we were discovered by these zombies? Could it be that these zombies were already prepared, waiting for us to snare ourselves?" Shen Tao asked in a puzzled manner.

Li Tian did not speak, and then Shen Tao continued: "The current Beitung is completely different from the previous Beitung. Now the high-level zombies in Beitung are still playing tricks! Back then our Zombie Park... "

Thinking of Shen Yunyang, Shen Tao suddenly had some sad expressions on his face. He looked at the zombies in the distance and stopped talking.

Like a big brother, Li Tian stretched out his hand and patted Shen Tao on the shoulder, and said: "After we will kill these four level 15 zombies, there will be one of your level 15 corpse crystals."

"Really? Brother Tian?" Shen Tao's face immediately filled with a happy smile.

This guy's ability is to absorb the power of the corpse crystal in the corpse crystal, so he has a great demand for the corpse crystal. Before Tang Xiaolong was injured, Shen Tao could get some low-level corpse crystals from Tang Xiaolong. These corpse crystals could only barely satisfy Shen Tao's daily practice.

And if he wants to use the full strength of Shen Tao's ability, then Shen Tao must absorb the power of the original corpse crystal in the higher-level corpse crystal, but Tang Xiaolong and Xiao Tianyi seldom can kill the corpse crystal of the advanced zombie. Shen Tao would have felt very happy if he could give him some seven or eight corpse crystals.

But now, Li Tian actually said to give him a 15th-level corpse crystal, how could this not make Shen Tao happy. You must know that even Xiao Tianyi and the captain have never obtained the 15th level corpse crystal!

Therefore, when Shen Tao looked at those 15th-level zombies, he was no longer so scared, but rather excited.

The zombies came to the gate of the hospital, broke into the door directly, and then stood far away in the courtyard, looking at Li Tian and Shen Tao with a grinning smile.

"Shen Tao, do you want to hide in the space of Void Yasha? This level of battle may not be what you can participate in now!" Li Tian said.

Shen Tao shook his head, and stretched out his hand to Li Tian and said: "I don't experience wind and rain, how can I see the rainbow! If I have been hiding behind Brother Tian, one day in time I will have the strength to fight these fourteenth and fifth-level zombies. I'm afraid I didn't have the

courage at that time! Brother God, give me a few high-level corpse crystals. Although I may not be able to help you, there should be no problem with protecting myself.

Li Tian was quite surprised. He stretched out his hand and took out a few eleventh-level corpse crystals from the skin, stuffed them into Shen Tao's hands, and said: "Okay, then you can hide and watch Brother Tian, I will kill these zombies. Right!"

Li Tian doesn't rely on "Red Sword" and the three Xiaoyachas now. His real strength is a level 15 zombie.

Seeing Li Tian's figure flashed, Li Tian rushed out like a gust of wind.

And as soon as Li Tian rushed out of the hospital building, Li Tian shouted, "Knot!"

Immediately after that, the "Red Slash" immediately combined with the nine-color corpse crystal, forming a layer of white bone armor on the surface of Li Tian's body.

And Li Tian seemed to be white lightning, rushing into the four 15th-level zombies.

"Huh!"

"Hong Zhan" flashed a red light, slashing on the 15th-level zombie that stood in front of Li Tian, and cut open a one-foot-long wound on the zombie's body.

"puff!"

The black mucus continued to flow out along the wound, and the face of the fifteenth level zombie finally showed a trace of horror.

"We don't have to be weak in Li Tian's strength..." The level 15 zombie leaped back, avoiding Li Tian's pursuit, and then crawled on the ground, twisting frantically at the beginning.

"puff!"

"puff!"

White bones drilled out of the body of this fifteenth-level zombie, and then these zombies instantly changed into huge monsters.

Chapter 3712: Behead

After seeing the movements of the other three 15th level zombies, the expressions on their faces were also somewhat wrong.

The two 18th-level zombies clearly told them that Li Tian's strength could barely reach the fifteenth level at most, otherwise their 15th-level zombies would not arrogantly face Li Tian directly.

But even if Li Tian can break through their defenses, what will happen?

A few of their 15th-level zombies joined forces, but they swallowed a 16th-level zombie. Although the 16th-level zombie was picked up by the four of them because of some injuries, their strength has also been improved. , Now that their four level 15 zombies have joined forces, even if they face level 16 zombies, they are not afraid.

Therefore, after the initial panic, these 15th level zombies immediately calmed down, retreated one after another, and began to change their zombies form.

"Crack!"

"Crack!"

The sound of white bones breaking and growing was heard in the empty hospital compound, and those white bones continued to drill out of the bodies of the four 15th-level zombies, and also brought out some black mucus and Minced meat gives a feeling of hair loss.

"Huh!"

"Huh!"

Li Tiancai didn't care if these zombies had completed their transformation, not only did they use "Red Slash" to slash these zombies, but Li Tian didn't once wield "Red Slash" and left an obvious wound on those zombies. .

But Li Tian knew that beheading the zombies in this way would not pose a threat to these zombies.

The real threat is only the heads of the zombies, but these zombies possess wisdom that does not belong to humans, but they protect their heads very tightly. Li Tian's "Red Slash" seems to be cut on those zombies every time. The head was on, but the zombies either avoided it or blocked it with bones.

And at this moment, the fifteenth level zombie that first started to change completed the change.

The fifteenth-level zombies are different from the zombies that have changed in the past. The body of this zombie is like a balloon that has been blown up, round and bulging, and around the body of this zombie, it is like a hedgehog. There were countless long bones that came to the field with one meter long.

The overall feeling is that this level 15 zombie is like a pufferfish that has been angry, and a mutant pufferfish. This guy actually blended his head and body together. If you don't look carefully, you won't even be able to see where his head is.

"Duang!" "duang!" The pufferfish zombie was like a ball on the ground, bouncing on the ground continuously, and shouted at Li Tian: "Li Tian! Take it to death!"

If it were someone else, facing this pufferfish zombie, there would definitely be a feeling of being completely unable to start, and in order to avoid being stabbed by the long bones of the pufferfish zombie, I am afraid that I would have to keep running away.

But what about Li Tian?

Li Tian has bone armor on his body, which can block the attacks of these long bone thorns, and don't forget that Li Tian will also break his soul palm and Xuantian fingering.

When he was in East China Sea City, Li Tian's broken soul palm and Xuantian \*\*\*\*\* were completely unable to play his original role. That was because Li Tian was facing a beast of the eighteenth-level beast, and he was completely unable to break the beast. The defense of things, but now Li Tian is just a few level 15 zombies.

I saw a sneer at the corner of Li Tian's mouth, and suddenly his left hand was raised, facing the spherical body of the pufferfish zombie with a few palms.

"boom!"

"boom!"

The broken soul palm exploded on the body of the puffer fish zombie, and the power of this palm may not be enough to break the defense of the fifteenth-level puffer fish zombie, but Li Tian took several palms in a row.

These continuous palms exploded violently, and they broke several long bones from the pufferfish zombie.

Of course, this long bone thorn is not the Achilles heel of the pufferfish zombies.

"Haha, idiot, such an attack is just a tickling to me!" When the puffer fish zombie said this, his body flew out to the distance without his control.

He had crashed several ambulances in a row and then stopped, but the long bones and thorns on the pufferfish zombie plunged into the ambulance, making him almost unable to move.

Of course Li Tian knew that these zombies could not be slapped to death by a few palms of his soul. Otherwise, these zombies would not be level 15 zombies. Li Tian's purpose was only to fly the pufferfish zombies. Need to face the attack of four 15th-level zombies at the same time.

"Chang!"

A metal-like crash sounded behind Li Tian, and Li Tian felt that he had been hit by a cannonball, and his body moved forward involuntarily.

"Idiot, don't underestimate our level 15 zombies. In front of us, you'd better never turn your back to us!" Another zombie's sneer sneered from behind Li Tian.

Li Tian's body rotated several times in the air, and after landing, he stepped back a few steps before stopping.

Then Li Tian saw the changed form of the zombie that attacked him just now, as well as the completed form of the other two 15th-level zombies.

Nima, do you think that the level 15 zombies come from the sea?

Except for the pufferfish-shaped zombie that was shot up just now, the one who attacked Li Tian just now turned out to be the lobster-shaped zombie, and it was the pair of big tongs of the lobster zombie that attacked Li Tian.

The other two zombies changed their forms to crab and tortoise.

The crab zombie is similar to the lobster zombie, but the difference is that the two pincers of the crab zombie are different in size. One of the large pincers has exceeded the size of the excavator's robotic arm, while the other one is only one meter in size. Come long.

And the tortoise zombie's body is surrounded by two layers of thick white-bone turtle shell armor, and the tortoise zombie constantly stretches its head and hands into the turtle shell, looking like a tortoise alive.

"call!"

The big pliers that looked like an excavator's robotic arm hit Li Tian's head and smashed it down. If he was hit by this, even if Li Tian had bone armor on his body, he would be seriously injured.

Li Tian could only use teleport in a hurry, avoiding this attack like Mount Tai.

As soon as Li Tian's body was standing firm, the tortoise zombie was thrown at the lobster by the lobster zombie with two large tongs, and slammed at Li Tian.

"Nima! What kind of trouble are you guys!"

Li Tian jumped directly on the tortoise zombie with a teleport, and then stepped on the tortoise zombie directly on the ground under his feet. Li Tian waved the "Red Slash" in his hand and faced the tortoise zombie's shell heavily. Cut it down.

"Chang!"

The thick shell of the tortoise couldn't resist the sharpness of Li Tian's "Red Chop", and Li Tian cut the shell directly. Through this opening, the body of the tortoise zombie can already be seen.

Li Tian lifted up "Red Zhan" and stabbed heavily towards this hole.

Chapter 3714: Level 15 Lost Crystal

A red light flashed, and "Red Slash" unbiasedly slashed on the neck of the crab zombie.

Although he didn't chop off the crab zombie's head directly, he also chopped off his neck in half, and the crab zombie's head hung weakly, which made the crab zombie running as if it had no head. Like a fly, one head hit the ground.

"It's a pity that this knife didn't kill the crab and zombie." Shen Tao, who was watching the battle in the lobby of the hospital, saw this scene and involuntarily stomped his foot secretly, his face full of regret.

As for Li Tian, after seeing that the knife did not kill the crab zombies, although he felt regretful in his heart, Li Tian did not give up, but broke out in an instant, cast several teleports in a row, and arrived at the crab. At the side of the zombie, he suddenly jumped and jumped directly on the crab zombie.

"Li Tian...you..." The crab zombie looked at Li Tian in horror.

But Li Tian stretched out his hand in the air, and the "Red Zhan" had already flown into Li Tian's hands.

With the knife in his hand, the head of the crab zombie was directly chopped off by Li Tian, and Li Tianyi bends over and directly took the head of the crab zombie in his hand and threw it directly into the space of the void Yasha.

This series of actions were synthesized at once, and there were no unnecessary actions at all, and this series of actions were only completed in two or three seconds. When other zombies were discovered, the head of the crab zombie had entered Li Tian's In space.

"Asshole, return the crab's head to me!" The pufferfish zombie roared at Li Tian angrily.

The tortoise zombie stretched out his head and cursed at Li Tian. The language was as filthy as if he had dung in his mouth, and Li Tian just smiled at the curse, and instantly teleported behind the tortoise zombie.

"Huh!"

A "red cut" flashed past, and the head of the tortoise zombie was also directly cut off by Li Tian.

What Li Tian was worried about was that the tortoise zombie had retracted his head into the shell. In this case, Li Tian had no way to show his strength. Since the tortoise zombie had his head out, Li Tian did not hesitate to cut his head. Go down.

In an instant, Li Tian killed two 15th-level zombies in succession.

Li Tian showed his unmatched strength and domineering, and immediately caused the zombies in the form of lobster and puffer fish to shrink back and forth in terror.

"No...no...impossible! Li Tian, you only have the strength of a level 15 zombie, how can you kill our two level 15 zombies in a row?" The lobster zombie said in horror.

Li Tian sneered and said: "Level 15? It seems that your information is really blocked! I can kill all the zombies at the 18th level, and I don't need to take out all of your 15-level zombies. strength!"

"No, then why didn't you use all of your strength at the beginning, but the few of us who were attacked by our team were completely unable to fight back?" the pufferfish zombie asked incredulously.

Li Tian slowly shook his head, expressing suspicion in the eyes of the two 15th-level zombies.

What does it mean to have no power to fight back? Is it possible that these zombies did not harm Li Tian from beginning to end, and Li Tian just relied on teleportation to completely tie these zombies, even faintly still occupying it. Got the upper hand.

"Li Tian, you return the heads of the crabs and tortoises to us. We promise to leave Beitang immediately, and we will never enter Beitang in the future. No, we will not step into the land of the heavens, how?" The lobster zombie seems to be He made a big decision and said to Li Tian.

Li Tian sneered, making a helpless expression, and said: "No! I just have to kill you all here, I can not only guarantee that you will not harm our Celestial Legion, even our Celestial Legion will also Four fifteenth-level corpse crystals can be obtained."

"The value of this fifteenth-level corpse crystal, you two must know better than me!"

The faces of the lobster zombies and the puffer fish zombies changed greatly, and they were angry and frightened.

"Li Tian, don't toast or eat fine wine. The two of us are willing to turn a fight with you into a jade silk. You don't know good or bad."

"Do you know who is standing behind us? Tell you the truth, there are two 18th-level zombies behind us. It is these two 18th-level zombies who sent us here to find your trouble! If the four cannot return safely, then these two 18th-level zombies will definitely get angry. When the two 18th-level zombies do their work at the same time, I am afraid it will not be what you can bear!"

"Eighteenth-level zombie? Hey, now I only have one 18th-level corpse crystal in my hand, I don't mind having two more!" Li Tian said with a sneer.

"What? You really don't know that the sky is high and the earth is thick, do you know who these two zombies were sent to Beitang? Say it to scare you to death, it is the now well-deserved king of the world, the ghoulish who sent it." The pufferfish zombies had changed their human form, and slowly retreated toward the hospital gate.

Sure enough, these zombies in Beitang are really good things done by ghouls!

To be honest, Li Tian now knows that he is not an opponent of a ghoul. If the ghoul comes to Beitang himself, Li Tian will only have to run away.

However, if it is an eighteenth-level zombies sent by ghouls, Li Tian will be arrested, and if these zombies are to be bullied, then Li Tian would be underestimated.

"Huh!"

Li Tian teleported to behind the pufferfish zombies. Before the pufferfish zombies had time to turn his head, Li Tian's "Red Zhan" had already been chopped on the neck of the pufferfish zombies.

"Gurulu" the head of the pufferfish zombie rolled directly on the ground.

"Li...Li Tian..."

What else did the pufferfish zombies want to say, but Li Tian did not continue to give the pufferfish zombies a chance.

"Huh!"

"Hong Zhan" stood on the head of the puffer fish zombie, and the black mucus began to flow out along the wound, and Li Tian reached out and took the 15th-level corpse crystal in his hand.

"With these four fifteenth-level corpse crystals, the captain and Xiao Tianyi can quickly be promoted to fifteenth level, and "Red Slash" and nine-color corpse crystals can also absorb the fifteenth-level corpse crystals. The power of the original corpse has once again increased its strength! Oh, yes, there is also a 15th-level corpse crystal of Shen Tao..."

"Shen Tao?" Li Tian suddenly thought of Shen Tao, and suddenly raised his head, but saw that the lobster zombie that turned back into a human form had already rushed into the hospital lobby and was facing Shen Tao!

At this time, the left and right arms of the lobster zombie had changed into two long bones, stabling Shen Tao constantly.

"Oops!" Li Tian screamed badly, and threw down the corpses of the pufferfish zombies and rushed towards Shen Tao.

Chapter 3715: Shen Tao's abilities

"Wow!"

"Wow!"

"Wow!"

Needless to say, the strength of the fifteenth-level lobster zombies, although it was not a slight advantage in front of Li Tian, but when facing Shen Tao, the strength of the lobster was fully demonstrated. ,

The two long-bone thorns were not leaked by the lobster zombies, and they kept attacking Shen Tao like raindrops, and Shen Tao could only flee when facing the fifteenth-level zombies.

Shen Taoming knew that he was not the opponent of this level 15 zombies, so he did not plan to fight the level 15 zombies head-on, but like a mouse that flees from the wild, fleeing around in the

entire hall on the first floor. Anything in the lobby of the building, as long as it can be picked up by Shen Tao, will turn into a weapon and throw it at the fifteenth-level lobster zombie.

"Smelly boy, you can't run away!" The fifteenth-level zombies slumped beside Li Tian, and immediately found confidence in front of Shen Tao, laughing wildly and chasing Shen Tao, if it weren't for fear that Li Tian would chase in, this The first-class lobster zombies will definitely be like a cat playing with a mouse, only to stop Shen Tao from exhausting his play.

Seeing Shen Tao's fall is ridiculous, the person who worries most is probably Li Tian.

Li Tian was fighting with the zombies at the time, but he forgot that Shen Tao was still in the lobby on the first floor. If this Shen Tao had two shortcomings, then Li Tian who brought Shen Tao out would definitely feel guilty.

However, in Li Tian's heart, he hoped that Shen Tao could hold on, and don't run to the operating room on the sixth floor with the level 15 zombies.

"Huh!"

"Huh!"

From the puffer fish zombies to the lobby on the first floor of the hospital, at this distance of tens of meters, Li Tian performed seven or eight teleports in a row, and it was only five or six seconds. Li Tian had already rushed into the lobby on the first floor.

Seeing Li Tian appear, the look of the 15th-level lobster zombie was obviously flustered, and he couldn't help but raised his head and looked at the escalator leading upstairs, thinking about how to get rid of Li Tian's pursuit.

And at this moment, Shen Tao, who had been escaping all the time, suddenly did not escape. He turned to face the lobster zombie, with a smug smile on his mouth.

After the lobster zombie saw Li Tian's arrival, Shen Tao seemed to have a backer. He even dared to tease him like this. He couldn't help but furious and roared, "The kid is looking for death!"

The 15th-level lobster zombie thought: "Although I am not Li Tian's opponent, I am not without the power of a battle. Even if Li Tian boy teleports and kills me, even before I die, I will You can easily crush you kid!"

Said that the body of the fifteenth-level zombie had rushed towards Shen Tao like a bolt of lightning, and the long bone thorns that the zombie's arm had transformed into a violent wave, slammed into Shen Tao's face door.

"Be careful!" Li Tian shouted to Shen Tao.

But at this time, although Li Tian had already rushed into the lobby on the first floor, he was still at least 20 meters away from Shen Tao. Even if Li Tian used teleport, it was still beyond reach.

But Shen Tao's face did not show the slightest fear, but a smug smile appeared.

Seeing the smile on Shen Tao's face, Li Tian remembered what Shen Tao had said to him before. Li Tian's eyes quickly searched for something between Shen Tao and the fifteenth-level zombie.

Soon, Li Tian saw that the air was filled with dust-like substances. These substances were hard to see in the gloomy hall, but to Li Tian, these substances were like dust under sunlight, which was clear at a glance.

"By the way, this is Shen Tao's ability! Seeing that this kid Shen Tao didn't waste time in the past two months, it was even more surprising than when I first met him when I used the ability. Let alone this. Level fifteen zombies are now, even if it is me, maybe I will say!" Li Tian's face also had an anxious expression and became calm.

Now let's see whether Shen Tao's ability can trap level 15 zombies. If it can trap level 15 zombies, how long can he control it! Li Tian thought in his heart.

And the fifteenth-level zombies didn't see the dust, even if he saw the dust, how could he contact this humble kid in front of him.

"Suffer it, kid!"

The 15th-level zombie roared.

The long bone thorn had cut through the air, and a sharp sound came out, which was about to pierce Shen Tao's face.

In the head of the 15th-level lobster zombie, there was even a picture of Shen Tao being penetrated by the long bone thorn, but at this moment, he suddenly discovered that the long bone thorn in his hand actually seemed to be hit. Like a wall, the violent rebound force even surprised the 15th-level zombies.

And the long bone thorn stopped less than ten centimeters away from Shen Tao's face door, and could no longer stab one inch forward.

"No...impossible!" The fifteenth-level zombie looked at the white bone thorn in horror.

The 15th-level lobster zombie wanted to use the strength of the whole body to pierce the brazen boy with an open mouth and laugh like a candied gourd, but no matter how hard he tried, all this was futile.

The bones couldn't pierce a single point forward.

But at this moment, the fifteenth level zombie suddenly felt his arm, and his two legs, as if they were suddenly clamped by the traps, and they couldn't move a bit.

"how is this possible?"

This is the first time this 15th-level zombie has said such words.

But this is the fact.

Not only his arms and legs, but even his body was gradually controlled, as if he had fallen into the ice, his body was freezing fast while reading. But he didn't feel a trace of cold on his body, but he gradually lost his control over his body.

"call!"

Shen Tao let out a long sigh. Looking at the level 15 zombies controlled by his own powers, Shen Tao immediately shouted at Li Tian excitedly: "Brother Tian, I succeeded, have you seen it? I

controlled this 15th-level zombie with two original corpse powers, a twelfth-level corpse crystal and one eleventh-level corpse crystal!"

"Haha, this 15th-level corpse crystal must be given to me. This is the first time I have caught a living 15th-level zombie!" Shen Tao's face was filled with excitement, and he rushed to Li Tian. Facing Li Tian, he kept dancing.

At this moment, Shen Tao heard a crisp sound coming from behind, like the sound of glass falling on the ground.

Shen Tao turned around abruptly and saw that several cracks had appeared around the body of the fifteenth-level zombie he had just controlled.

"Have you failed? This fifteenth-level zombie is really beyond my control now!" There was a sad expression on Shen Tao's face.

But Li Tian's figure flashed, and he had already jumped over Shen Tao.

"Hong Zhan" handed it out and slammed it on the transparent material.

"Crack!"

That layer of transparent matter was chopped up, and the 15th-level lobster zombies inside were chopped into two pieces by Li Tian's "Red Cut".

Chapter 3717: Rainy Night Fierce Battle (2)

These hundreds of zombies rushed over like a tide, and Li Tian immediately sent Shen Tao into the space of Void Yasha. ,

But Li Tian rushed directly out of the hospital lobby and into the courtyard.

Li Tian needs to buy time for Liu Yihui, so these zombies must be completely blocked out of the hospital building. And it seems that these zombies did not think about rushing to the hospital building to deal with Tang Xiaolong and Liu Yihui who were undergoing surgery, but surrounded Li Tian in groups.

Li Tian stretched out his hand, held "Hong Zhan" in his hand, and shouted, "Knot!"

The combination of "Red Slash" and Nine Color Corpse Crystals immediately formed a layer of white bone armor on the surface of Li Tian's body. Li Tian firmly held "Red Slash" and felt the powerful combat power this white bone armor brought to his body.

Now, Li Tian has a feeling of fighting outside the former Kyoto City National Design Institute. The difference is that at that time there was Huangfu Kunpeng behind Li Tian, but now Li Tian is isolated and helpless. The difference is that Li Tian's strength was barely able to Reached the level of thirteenth level zombies, but now Li Tian has reached the level of fifteenth level zombies.

The raindrops fell on the bone armor and quickly slid to the ground. At this moment, the two zombies roared and rushed towards Li Tian.

Bone claws and sharp fangs, if it weren't for seeing this zombie change into this form in front of Li Tian, I'm afraid Li Tian would think that this zombie is a variant of werewolf.

Facing these zombies that Li Tian's strength can completely suppress, Li Tian did not retreat but moved forward. With his feet on the ground, "Red Slash" moved forward and rushed up to meet him.

Seeing Li Tian couldn't avoid it, the faces of the two zombies showed a trace of excitement that was hard to suppress.

"It's done!"

"go to hell!"

The two zombies jumped up from left to right, and their two bone claws drew a few drops of rain and grabbed Li Tian heavily.

"hiss!"

The claws of those two zombies caught Li Tian's bone armor on the white bones, making a harsh sound. Unfortunately, the level of these two zombies was too low. Their white bone claws could tear the steel apart, but they did not affect the white bones of Li Tian. The armor is completely powerless.

"How could this be?"

The faces of the two zombies suddenly showed horrified expressions, but their horrified expressions only lasted less than half a second.

"Huh!"

"Huh!"

Two red lights flashed in succession, "Red Slash" was like red lightning, which slashed on the heads of these two zombies. One of the zombies' heads was cut in half, and the heads flew directly. Go out, while crawling softly under Li Tian's feet. And the head of the other zombie rolled down like a ball.

However, these are just two zombies of level 11.

After Li Tiangang killed these two zombies, four or five more zombies immediately rushed out of the corpse group and flew towards Li Tian.

One by one, these zombies turned their arms into bone spears that were ten feet long, and involuntarily stabbed Li Tian.

Li Tian dodges these four or five bone spears with a single teleport, and instantly appeared behind a zombie. Li Tian turned around and cut, "Red Cut" was like cutting tofu, and easily cut into it. Only in the body of a zombie.

The upper body of this zombie still maintained a forward-throwing posture, but he had already lost control of the lower body, and he fell to the ground after running with two legs less than two steps forward. However, the upper half of this zombie turned around tenaciously, wanting to continue to stab the bone spear at Li Tian.

Li Tian raised his foot and stepped on the zombie's head in the muddy water, but Li Tian's body had already teleported again.

On a building opposite the Beitang University Affiliated Hospital, two eighteenth-level zombies who were dispatched by the ghoul to Beitang from Jinghai City, the magic capital, stood on the roof, watching the battle in the hospital compound.

One of the eighteenth-level zombie did not know where he picked up a lady's umbrella with flowers, while the other eighteenth-level zombie was wearing a poncho.

"The strength of Li Tian really should not be underestimated. No wonder the ghouls will be deflated in Kyoto City!" said the zombie with a colorful umbrella with an expression of admiration.

"Hey, do you know that Lord Ghoul slumped? This matter is absolutely forbidden in Devil Capital. I heard that there are two seventeenth-level zombies who are not long-eyed discussing this in private. After being known by Lord Ghoul I tore it and ate it!" said the eighteenth-level zombie in the poncho.

"Unfortunately, this is Beitang City. As long as we can kill Li Tian, then Beitang City will be our world from now on. How come the ghouls come to such a small place as Beitang!" said the umbrella zombie.

"Hehe, I really have to admire your IQ! We first wounded Li Tian's younger brother Tang Xiaolong, forcing Li Tian to take Tang Xiaolong to the Beitang hospital for treatment, and then dispatched all the high-level zombies in Beitang. To attack Li Tian, although these zombies can't do anything to Li Tian, they can make Li Tian consume a lot of skill and physical strength. When it's our turn to play, then Li Tian is already at the end of the storm. Shall we kill?" The poncho zombie said with a few laughs.

"This is just one of the reasons! The existence of those fourteenth and fifth-level zombies will cause unnecessary trouble for us to rule Beitang. It is better to take this opportunity to eradicate all the zombies. By then, there will be no more in Beitang. Other zombies can pose a danger to both of us." The colorful zombie's face was immediately filled with a smug expression, and said lightly.

The raindrops fell on the umbrellas and ponchos, and there was a crackling sound. The two zombies didn't say anything extra, as if they were outsiders. They looked at the zombies in the hospital with no expression on their faces. Beheaded.

At this time, there were corpses everywhere in the hospital, with broken limbs and arms everywhere.

When facing the siege of four fifteenth-level zombies, Li Tian's strength has not been fully utilized, but facing these zombies whose strength is obviously not as good as Li Tian, Li Tian's level advantage is fully displayed.

Many level 11 zombies were killed by Li Tian just one face and turned into a cold corpse, and those level 13 and 4 zombies can support at most two or three rounds under Li Tian's hands. Li Tian teleported directly behind him, beheaded.

The rain continued to wash the ground, and the dark mucus mixed into the rain, flowed in like a polluted river, and continued to flow out of the hospital.

"Huh!"

Another red light flashed, and a fourteenth-level zombie fell in front of Li Tian.

In less than an hour, fewer than dozens of zombies had died after rushing into the hospital compound.

At this moment, Li Tian's eyes saw a figure holding a colorful umbrella and a black poncho appear at the gate of the hospital.

#### Chapter 3719: Rainy Night Fierce Battle (4)

Li Tian was quite surprised.

In fact, it is no longer a surprise. This Li Tian is bound to win, and he was perfectly avoided by the umbrella zombie. Li Tian's teleport attack did not even touch the clothes of the umbrella zombie. .

The colorful umbrella zombie slowly landed on the ground, reached out to pick up the colorful umbrella that was knocked down by Li Tian, opened the colorful umbrella, and then looked at Li Tian with a sneer and said, "But that's all, you say if I am now I am pestering you here, and our other person went to the sixth floor, what can you do?".

Before the colorful zombie had finished speaking, the poncho zombie slowly walked towards the hospital building.

"Huh!"

Li Tian teleported to block the poncho zombie, and Li Tian's "Red Slash" had already slashed towards the poncho zombie without hesitation.

"hiss!"

"Red Cut" cut open the poncho of the poncho zombie, but it was only the poncho of the poncho zombie. The poncho and the zombie are forgiven for being bad.顺鍔

And from the chest of the poncho zombie, hundreds of silk-like white bones flew out suddenly, and these white bones slammed into Li Tian like dense raindrops.

The distance between Li Tian and the poncho zombie just now was too close. Facing the sudden attack, Li Tian didn't have time to react. Those silky bones had already pierced Li Tian's bone armor.

The white bone armor that is dozens of times harder than steel, even if it is attacked by the white bone spear of the 15th-level zombie, don't want to leave a trace on it, but these silky white bones easily pierced into Li Tian. In the bone armor.

The painful sensation instantly covered Li Tian, which can only show that those long bones have pierced Li Tian's skin.

At this time, Li Tian's teleportation finally came into play, avoiding the bones and continuing to hurt him, and after performing several teleportations in a row, Li Tian landed on the ground more than 20 meters away.

The pain disappeared in just that moment. It was like a needle stick. It was just a momentary pain. Soon the skin got used to the pain. However, the blood began to flow out. In a moment, Li Tian felt it. His body was surrounded by a warm current.

But it was only a moment, and Li Tian felt his whole body fall into the plasma, making him feel uncomfortable.

"It's a pity that Li Tian hid it." The cloaked zombie said with a trace of regret on his face.

But the colorful umbrella zombie didn't care at all, and said: "Either you trap Li Tian here, I'll screw off Tang Xiaolong's head!"

When the colorful umbrella zombie said this, he was already holding the umbrella, as if it were an enchanting woman, slowly walking towards the hospital hall.

"Li Tian, don't be fooled, he is lying to you! After you pass, he will definitely be attacked!" The poncho zombie said to Li Tian.

Li Tian knew, but Li Tian had to stop the umbrella zombie.

These two zombies can lie to Li Tian 10,000 times, and Li Tian will be fooled 10,000 times, because Li Tian cannot let Liu Yihui, who is incompetent, and Tang Xiaolong, who is receiving a scalpel, face these two eighteenth-level zombies.

Li Tian no longer cared about the pain on his body, and once again continuously used teleport to block the front of the umbrella zombie. The "Red Slash" in his hand had already been passed to the neck of the umbrella zombie.

The face of the colorful umbrella zombie immediately showed a triumphant smile, and he blocked the colorful umbrella in his hand.

Although this colorful umbrella also has fan bones, this umbrella bone is weaker than bamboo in front of Li Tian's "Hong Zhan", so "Hong Zhan" can easily cut it open.

The umbrella cloth cut open, but two sharp bones were pierced from under the umbrella surface.

The abrupt appearance of this white bone thorn.

Although Li Tian had already prepared in his heart when he cut open the umbrella, he had already put the "Red Cut" in front of him, and his body had already made a retreat backwards, but faced with these two. The long bone thorn attacked like lightning, and Li Tian's "Red Slash" could only block one long bone thorn.

But another long bone thorn pierced Li Tian's right shoulder armor abruptly. Under the attack of this long bone thorn, Li Tian's white bone armor was like a piece of fragile paper, and it shattered with a prick.

"puff!"

A blood hole immediately appeared on Li Tian's right shoulder. The blood began to flow along the blood hole, and it was quickly washed away by the rain and it was completely invisible.

Fortunately, Li Tian had already teleported backward at the moment he blocked it. Otherwise, this time would not be a simple stab at the armor, and a blood hole would simply appear. It is very likely that penetration damage would appear like Tang Xiaolong.

"Tsk tusk! It's really a deep brotherhood!" The colorful zombie looked at Li Tian's miserable appearance, said with a touch of mockery on his face.

The poncho zombie couldn't help shaking his head and said: "I didn't lie to you, I said he must have lied to you, you have to be fooled! Seeing you being dragged down by your brother like this, I really can't bear it. In that case, it is better to let me kill your brother Tang Xiaolong first, so that I can fight with us wholeheartedly!"

"Now I tell you, I really want to go up to the sixth floor, I won't lie to you!"

Seeing the poncho zombies walking towards the hospital building again, Li Tian ignored the pain on his body and once again teleported to block the poncho zombies, but this time Li Tian was obedient and blocked the poncho zombies. In front of Laimi, such a space was enough for Li Tian to react.

When the poncho zombie saw Li Tian blocking him, a sneer appeared at the corner of his mouth, and he tore his black poncho abruptly and threw it at Li Tian.

This is a poncho, not an iron skin. When the poncho was thrown out by the zombies, the poncho floated to the side.

But at this moment, the poncho zombie suddenly moved.

Moving like thunder, the poncho zombie's feet stepped on the ground, splashing the rain and mud on the ground, and the chest of the poncho zombie continued to float out like silky white bones, which passed through the raindrops. , From top to bottom, stabbed at Li Tian's body.

Li Tian's feet were a little on the ground, and his body flew back, and the white bones were immediately nailed to the ground.

And at this moment, the movement of the poncho zombie suddenly became faster. It was still more than ten meters away from Li Tian just now, but it was already close to Li Tian in an instant.

It turned out that this poncho zombie was rushing towards Li Tianfei with the traction of the silk and bones, and the speed was naturally faster.

"So fast!"

Li Tian exclaimed.

The speed of the poncho zombie this time actually passed the umbrella zombie, and when the body of the poncho zombie was flying in mid-air, he suddenly bowed his head, and countless silk-like long bone thorns came from behind the poncho zombie. After flying out, he stabbed Li Tian, who was still floating in mid-air and backing away.

"Li Tian! I lied to you!"

Chapter 3720: Rainy Night Fierce Battle (5)

Didn't Li Tian know that the real purpose of the poncho zombies was him, but he didn't expect that when the poncho zombies used him to fly back, they suddenly released these hairy bones from behind. .

At this moment, Li Tian thought of He Zhizhuo, thought of this persistent little loli, and thought of this little loli's abilities.

If He Zhizhuo is here, he might be able to help Li Tian!

However, Li Tian could not tolerate another half-second distraction at this time.

"Haha, now seeing that hair and bones are about to pierce him again, Li Tian disappeared in mid-air.

"Duh!"

The hair spurs on the ground, and the poncho zombies also slowly fell on the ground.

"Where is the person?" asked the poncho zombie looking at the umbrella zombie in surprise.

The face of the umbrella zombie was also full of surprise.

"This should be Li Tian's ability. It seems that the gossip from those zombies in Kyoto City turned out to be true. It's no wonder that if Li Tian didn't have this ability, how could he escape the hands of Lord Ghoul? Yeah!"

"But don't worry, Li Tian can't escape this time. The monk can't run away from the temple. His brother Tang Xiaolong is still in the operating room on the sixth floor. How could Li Tian hide in the space and not come out?" Said with a confident expression on the face of the umbrella zombie.

As soon as the words of the umbrella zombie fell, Li Tian had already appeared in the hospital compound again.

"Damn these two despicable zombies!"

Li Tian had already greeted the parents of the umbrella zombie and poncho zombie countless times in his heart.

Seeing Li Tian reappearing, the colorful umbrella zombie showed a triumphant expression on his face, and said triumphantly at the poncho zombie: "Am I right?"

Li Tian moved slowly with "Red Zhan" in his hand, and looked at the poncho zombies and umbrella zombies with caution.

And the moment the poncho zombie saw Li Tian, he rushed towards Li Tian with a strange smile, and the hair-like bones pierced Li Tian like steel needles.

But for Li Tian, this time he did not hide in the space of the Void Yasha. Instead, he kept performing short-range teleports to avoid the attacks of these hairs and bones, and then kept pulling him and the poncho zombie closer. distance.

However, Li Tian kept on using the broken soul palm to bombard the body of the poncho zombie.

"boom!"

"boom!"

A huge explosion sounded on the body of the poncho zombies, and the impact force of the explosion even slowed down the falling speed of the raindrops in the sky a lot.

However, Broken Soul Palm did not cause any effective damage to the poncho zombies.

At this time, the distance between Li Tian and the poncho zombie was getting closer.

Li Tian had quietly lifted the tip of "Red Zhan" slightly.

The poncho zombie seemed to know the trick in Li Tian's heart, but at this time he was confident that he had absolute strength to crush Li Tian, so he did not evade because of Li Tian's approach, but speeded up and rushed towards Li Tian.

Suddenly, Li Tian's teleportation did not have time to display, a few hairs and bones "Puff!" "Puff!" Two beeps got into Li Tian's left arm.

"Haha! Idiot boy, actually thinking of using a knife to count against me, even if I let you chop, how can you break the defense of my eighteenth-level zombie!" The poncho said with a wild laugh.

And the poncho zombie arrogantly pulled the hair and bones that had been pierced into Li Tian's arm, and pulled Li Tian's body towards himself. When Li Tian's body flew over, he severely chopped "Red Slash" on the poncho zombie.

With a sound of "cang", several white bones blocked Li Tian's attack, and there was a metal-like crash. Only a crack appeared on the white bone.

And the poncho zombie suddenly stretched out his right hand, grabbed Li Tian's neck, and said with a grinning smile: "How? You idiot, now you know our gap? If you hide in your power space Among them, maybe none of us can do anything about you, but now everything is too late."

When saying this, countless hairs and bones have slowly stretched out from the poncho zombie.

And at this moment, Li Tian stretched out his left hand and pressed it on the arm of the poncho zombie. Then, the poncho zombie felt his eyes light up and suddenly appeared in an inexplicable space.

"This...what is this place?" The poncho zombie asked in surprise.

When the zombies in the poncho were surprised, Li Tian violently waved "Red Slash" and slashed on the poncho zombies' arms that pinched his neck.

"Chang!"

The poncho zombie only felt a stronger slashing power from his arm than before, and the poncho zombie that shook the slashing force involuntarily released his arm.

Li Tian disappeared with a "swish", leaving only a poncho zombie in the space where the Yaksha was walking.

When he came out, Li Tian looked at the colorful umbrella zombie, his face no longer had the slightest fear.

"Li Tian, where did you take him?" The umbrella zombie asked in a panic.

"Want to know? You will be reunited soon!" Li Tian said with a sneer.

"Did...Did you kill him? How could this be possible?" The umbrella zombie said incredulously, but at this time he had an inexplicable fear of Li Tian in his heart.

How could a character who can devour a ghoul be so easy to deal with?

Now it seems that Li Tian has suffered a lot of injuries, but none of these injuries are fatal, and they have not even affected many Li Tian's battles.

While Li Tian was fighting, he discovered the difference between the umbrella zombie and the poncho zombie.

This colorful zombie seems to have less attack power than the poncho zombies, but this colorful zombie is an expert in conspiracy, and Li Tiantian has the ability to escape, but he has to fight these two in the hospital compound. Eighteenth-level zombies are dying.

Therefore, in Li Tian's heart, he decided to kill the eighteenth-level corpse of the colorful umbrella first, and if he wanted to slay the corpse of the colorful umbrella, the first thing to do was to send the poncho zombie into the space of the Yaksha. in.

Only then did the series of Li Tian fights that seemed to be self-harm.

At this time, Di Xing Yasha had entered the ground and began to create a giant quicksand sink.

And Void Yasha was already on standby in his space.

After nearly a month of conditioning and training for more than half a month, Void Yasha was basically cured and ready to fight.

Only Feitian Yasha has been practicing since Li Tian defeated the eighteenth-level behemoth zombies by using the terrain Yasha in the East China Sea. So this time there was naturally nothing to do with Feitian Yasha.

However, to deal with these eighteenth-level zombies, there are Land Xing Yasha and Void Yasha, it is enough!
