

A Killer 3731

Chapter 3731: Be the bridegroom (2)

"bridegroom?"

Li Tian muttered this word in a low voice. For many people, this word means happiness, sex, appointment, and the joy of fish and water! However, now the word is very harsh, not for Li Tian, but for Windsor.

Windsor's face was a little frightened and a little shy, while still looking at Li Tian with a bit of anger.

If Li Tian agrees to this proposal, then Windsor will not let Li Tian succeed even if the net is broken. Although Li Tian is a thousand times better than Zhao Liang, ten thousand times better, Windsor cannot withstand such humiliation.

"Huh!"

A red light flashed.

This "red cut" light gave Windsor the answer.

It can be said that there is no warning, but "Red Zhan" has already cut Zhao Liang's neck.

A red line appeared on Zhao Liang's snow-white neck. Then, the red line turned into a small red waterfall, and blood continuously flowed out from the wound.

All the onlookers couldn't help but exclaimed. In their opinion, Zhao Liang, City Lord Zhao was already very low-spirited today, even if Li Tian was unwilling to be the bridegroom, at least he should feel the sincerity of City Lord Zhao.

Moreover, this is Chenzhong City. Although Chenzhong City's army is not strong enough, the number is still huge.

Is Li Tian confident that he can kill out of Chen Zhongshi?

Looking at Li Tian again, the expression on Li Tian's face was indifferent. Killing a Zhao Liang in his eyes was as simple as killing an ant. Since it was killing an ant, how could Li Tian do it for this one? Can the ant's face be unbearable?

Zhao Liang reached out and held his head, not letting his head fall from the neck, in order to delay his death, but "Hong Zhan" is the sickle of the **** of death, and his neck was cut off by "Hong Zhan", how could he live? That's it!

"you you....."

Zhao Liang opened his mouth several times, trying to say something to Li Tian, but in the end he only said these two words.

"Gurulu!"

The head fell from Zhao Liang's neck like a ball, fell on the ground, and rolled under Li Tian's feet.

Quiet, the whole square was quiet in an instant. Even the music of the square dance was finished or malfunctioned at this time. The square where thousands of people gathered could be heard.

In the distance, under the dark night sky, the occasional wailing of a few zombies appeared exceptionally clear.

Li Tian took a step forward, stepped on Zhao Liang's head, turned around and shouted at all the onlookers: "Windsor! It's my heaven, I'm Li Tian's people! Those who bully Windsor, cut!"

This utterly categorical expression was decisive, and the domineering was exposed, and many people even shuddered involuntarily and stepped back in horror.

cut!

Of course it won't just be Zhao Liang!

The former fiance of Windsor who lost his arms was already fainted in pain, but when he saw that Zhao Liang was beheaded, he suddenly woke up, but at this time he did not dare to wake up. He pretended to be dead. How dare you wake up if you don't pretend to look like enough?

A stream of heat flowed from under the man's crotch, and then a sorrowful air began to diffuse.

Li Tian turned around and put out a finger casually.

Xuantian fingering, Xuantian **** that can penetrate even steel plates, a gas bullet galloped out of Li Tian's fingers and flew directly onto the man's head, and then the man no longer had to pretend to be dead!

After two consecutive killings of two people, the guests and soldiers suddenly fell into infinite panic.

Almost instantly, these people wanted to turn around and run away, because although they may not have bullied Windsor directly, they also played a disgraceful role in this wedding. Now that Zhao Liang is dead, and Windsor's former fiance has been beheaded by Li Tian. If Li Tian's anger has not dissipated, who would dare to guarantee that he is not the next one once it hit Yuchi?

"Who dares to leave!" Li Tian said with a burst of shout.

This loud shout was like a thunderous thunder, tumbling on the square, falling into the ears of those who were just taking steps to escape. Many people seemed to be the tactics of the fixation technique. These people stopped. Down.

"Fool, don't you wait for you to kill if you don't run at this kind of time!" Those people who simply ignore Li Tian's words did not stop for a moment when they heard Li Tian's words, and they even wanted to let him He has two more legs, runs faster, and curses Li Tian in his heart.

D.

As long as one person dared to run and ignored Li Tian's words, he would immediately jump out of the second one, jump out of the third and follow suit. Soon those who had just stopped followed and started running again.

Seeing this scene, Li Tian's mouth showed a sneer.

And at this moment, the entire square shook violently, as if it was an earthquake. The tables, chairs and benches on the square, as well as those people, immediately swayed, and many people fell directly to the ground.

Just now, the people who ran in the front suddenly felt that the ground under their feet suddenly became soft. They all looked down and found that the square that was still on the concrete floor just now turned into sand in an instant. Like the tide, it keeps going up. But they seemed to be drowning, sinking directly into the sand.

The people on the square watched in horror at the sand waves that suddenly appeared in front of them. The waves continued to surge up and quickly turned into a sand wall, and the people who fled first had already merged with the sand waves, and even can see the hideous expressions of those people in the sand wall before they die.

"Li...Li Tian, is this guy a god? He can even use such spells?" The people on the square thought in horror, and they all turned around to look at Li Tian.

And a platform made of sand also appeared at Li Tian's feet. Li Tian stood on this platform, holding a "red cut" looking down at the square, and said: "I Li Tian, the commander of the Celestial Legion, now officially announce that Chen Zhongshi has been included in the jurisdiction of the heavens. If anyone refuses to accept it, those corpses in the sand wall will be your fate!"

What Li Tian didn't expect was that as soon as Li Tian's voice fell, there was a cheer from the entire square. On the quiet square, the cheer seemed exceptionally abrupt, but immediately followed by the cheers on the square. One after another.

"Great! We in Chen Zhongshi finally look forward to this day!"

"That's right! As long as Li Tian's Celestial Legion manages our Chenzhong City, our safety is absolutely guaranteed!"

"Li Tian, that's a real Forbes top 500 player! These, look at those zombies who don't have long eyes and dare to enter our Chenzhong City to capture the population?"

Chapter 3732: King of Chen Zhong

After Li Tian said that the heaven was going to rule Chenzhong City, Li Tian regretted it.

Before the end of the world, Chenzhong City had beautiful mountains and clear waters, and it was also a good place for leisure travel and vacation. But now in the end of the world, who will travel here, and this Chenzhong City has no grain and no mines. For the current heaven, this is a complete burden!

No wonder the guests in the square cheered.

But now that the words have already been said, backlash is not Li Tian's style.

"God... Brother God, what you said is true? Did the heavens have long been thinking about annexing Chenzhong City? If you had said that, I would have promised you when I was in Kyoto City!" Said with an excited expression.

"Promise what? Promise to marry me?" Li Tian said jokingly with a bitter face.

Windsor was taken aback, and then blushed. She remembered that Li Tian had refused Zhao Liang's fawning just now. Li Tian must be teasing him, so Windsor straightened her chest and said unconvincedly: "I am willing to marry you. Dare to marry?"

Li Tian smiled bitterly and said, "Don't dare, I'm not interested in young girls!"

Windsor couldn't help but breathe a sigh of relief, but there was still a trace of loss in her heart.

However, Windsor quickly adjusted, and said to Li Tian: "Thank you! If it weren't for you, I'm afraid tonight..."

Li Tian didn't even give Windsor a chance to thank him, but shook his head slightly and said, "Don't say thank you anymore. I didn't come to Chenzhong City to listen to your gratitude! How about joining? Heaven, right? Follow me back to Beitang, right?"

Li Tian stretched out his hand and made an inviting gesture.

Windsor looked at the boys and girls in the audience, but suddenly hesitated.

"What will they do if I leave? They are all ordinary people, with no abilities, and almost no immunity. If I leave with you, then they will really lose their support."

Li Tian looked at the boys and girls in the audience, and said to Windsor: "Windsor, take a good look at them. Are these children young? They are not young anymore, and some are even older than you. You know here In the age group, what are the barbarians and 2D of our Celestial Legion like? They are all wolves! Even if they are a person, they dare to fight against zombies! That's why they become a person who dares to challenge you The heavenly pillars of the entire Chenzhong City."

"Look at the people you took care of? They all seem to be docile sheep. No, even sheep are more courageous than them. Unfortunately, the only courageous boy has died."

Li Tian paused and said: "The last days are the era of survival of the fittest and the strong eating of the weak. There is no absolute charity in this era. If you just want to find a place for them to live comfortably, for you, I can agree to let They go to my Celestial City. There is almost no danger of zombies in the Celestial City now, and I can even get them a job in Celestial City to ensure that they have nothing to worry about."

"But if you want to increase their strength, even if you leave them, each of them has the ability to protect themselves, then leave them to me, I will send them to Beitang City, no, just stay Chenzhong City, now Chenzhong City is under the management of my heavenly realm, so I will never allow zombies to enter the city to prey on humans. I need someone to fight with these zombies, if they get lucky from the mouth of those zombies If you survive, they won't need your Windsor to take care of them anymore!"

Windsor naturally understood this reason, and without thinking about it for a few seconds, he said to Li Tian: "My God, I will follow you. If possible, we will leave tonight!"

"Okay! Let's go back to Beitang City overnight!" Li Tian said.

Li Tian let Dixing Yasha control the quicksand and slowly landed on the ground. As soon as Li Tian and Windsor landed, they were immediately surrounded by hundreds of people. These people looked at Li Tian with excitement, and some people even kept going. Shouted Li Tian's name.

Li Tian beckoned, and Shen Tao who had been in the crowd watching the excitement came over.

"Boy, is this lively and beautiful? From the beginning to the end, if you don't do anything, you are the elder brother." Li Tian said.

Shen Tao glanced at Windsor, with a slight shame on his face, and said, "Brother Tian, isn't this you? You can level the entire Chen Zhongshi alone. Do you still need me to add trouble to you? Just scream and cheer for you by the side."

"Boy, this shouting is not so easy to do. You should have heard what I shouted on stage just now! What do you think?" Li Tian asked.

"Brother Tian, are you kidding? This Chenzhong city is a place where birds don't shit, and we have spare time to manage this place in the heavens? Besides, Beitang is still a mess now, or you can just say it. Chen Zhongshi will leave it to the legions here to entertain themselves. I believe they may be very happy to see this result in their hearts!" Shen Tao said.

"Stop talking nonsense, how can I go wrong with what Li Tian said? This Chen Zhongshi will be handed over to you. You will be the king of Chen Zhong from now on. You can do it whatever you want in the future, as long as you don't damage our heavenly reputation!"

"God... Brother God, are you kidding me? I'm not an adult, so you let me take over such a big city, or would you consider other people? Brother Barbarian is good, Brother Xiaolong is good, or... .." Shen Tao looked at Li Tian with an incredulous look.

Li Tian shook his head slightly and said, "What's wrong with minors? How many ancient emperors ruled the whole country without you. You are only in charge of a city. Now tell me that if we leave, Someone disagrees with you, what should you do?"

"kill!"

Hearing this killing character, Windsor couldn't help but glanced at Shen Tao. He didn't expect that the murderous intent of a little boy next to Li Tian was so heavy. But thinking about it carefully, Windsor felt that she lacked this kind of murderous aura, so she was bullied everywhere, and her repeated tolerance turned into a worsening of others.

"Very well, it seems that you are my true biography! Barbarians should have told you how I took over Celestial City, and how I conquered the Northwest! Kill one if you don't have enough, kill two if you don't have enough Ten, kill a hundred! Even if you kill Chen Zhongshi all, Li Tian will support you!"

"Brother Tian, then... Then when can I return to Beitang and return to the heavens?" Shen Tao asked.

Li Tian pointed his finger at the boys and girls who were following Windsor, and then said: "When one of them can take your place, you can go back to Beitang! I hope I don't wait too long!"

Chapter 3733: Uninvited Guest (1)

That night, Li Tian took Windsor back to Beitang City, and Shen Tao started his days as king in Chenzhong.

After Windsor returned to Beitang, he soon became familiar with other members of the heavens, especially Situ Ningbing, who took special care of this little loli.

After Windsor joined the Heaven Realm, Liu Yihui rushed to the Zombie Research Institute unscrupulously. As for the Beitang City Hospital, there was almost no time for this product to even

take a look. Instead, it was all handed over to Windsor to take care of it. In this way, Windsor became the first dean of Beitang City Hospital.

For this Dean Loli's ability, even the most difficult soldier in the Celestial Legion was submissive. In the past, regardless of the size of the injury, it was necessary to go to the hospital for treatment as soon as possible. Once it was handled carelessly, the soldiers would intercept a certain part, and adjust their lives directly.

But Li Tian soon discovered that after Windsor became the first dean, the soldiers of the Celestial Legion, almost severely ill and injured, begged Windsor for treatment. Even if Windsor is 24 hours a day, he is tired. Handle.

In order to protect Windsor, Li Tian issued an order that only important and urgent injuries need to be dealt with by Windsor. Other injuries are still handled by other doctors in the hospital according to the previous procedure.

Since the Celestial Legion was stationed in Beitang, new changes have taken place almost every day. After a week of resource harmony, Beitang City has gathered all the solar power generation panels before the end of the world together, which can already be used for a few urgently needed points such as Beitang hospitals. The department has electricity.

Although these power supplies are limited, at least the night in Beitang City is not so dark.

Tang Xiaolong and Tang Feifei have opened up an independent area in Gongming County near the Guanloutai. Those zombies who are willing to be zombie farmers have begun to learn from Tang Feifei in this area, and even the experimental field has begun. Farming.

Xiao Tianyi took the mutant bat squadron, and had already gone to meet Tang Xiaolong and the others. The Celestial Legion also mobilized a force of one hundred troops. Led by Shelipuding and He Zhizhuo, who had just returned from the Celestial World, they organized one. The convoy went with Xiao Tianyi.

It seems that everything is proceeding according to Li Tian's plan, Beitang seems to be on the right track, but on this day a few uninvited guests suddenly came outside the gate of Beitang City.

Because Beitang City has not yet been opened to the outside world, the soldiers on duty did not let these uninvited guests go, and these uninvited guests even named their names to see Li Tian, saying that it was a friend of Li Tian's old acquaintances.

As long as it involves Li Tian's matter, that is the greatest matter in the heavens. The soldiers guarding the city did not dare to neglect, and immediately sent someone to notify Li Tian.

When Li Tian came to the city wall, he saw the signs on the clothes worn by these uninvited guests at a glance: the kingdom of corpses.

"It turned out to be in the kingdom of corpses! Behind the kingdom of corpses are the three corpses! Do they have other purposes when they come here?" Situ Ningbing asked alertly.

But Li Tian first thought of Ouyang Shiqing.

Since half a year ago, after Tianjie and Ouyang Shiqing parted, Li Tian has never heard from Ouyang Shiqing. Now no matter what the real purpose of these people from the corpse kingdom came to Beitang, Li Tian will not miss it. of.

It was not the first time that Li Tian heard the name of this organization in the kingdom of corpses, but Li Tian didn't know what this organization was mainly engaged in. And Situ Ningbing had already said just now that the backing of this corpse kingdom is the Three Corpses, and Li Tian doesn't want to be involved with the Three Corpses right now.

"I don't know what is going on in Beitang when people from the kingdom of the corpse come to me? And who do you mean by the old acquaintance?" Li Tian stood on the wall and shouted to the people under the city.

The head of the corpse kingdom is a man in his fifties. The man is in his early fifties and his hair is all gray, and the wrinkles on his face are comparable to dry walnuts. The man's name is Bei Yuanqing. Call this man Lord Bei.

"City Lord Li, our country of corpses has learned that Beitang is now full of waste and is in desperate need of popularity, and even moved people from Donghai City to Beitang not far away, so our country of corpses comes to Beitang. To help Beitang, I want to establish a branch of the Kingdom of the Corpse in Beitang City, and I hope that City Lord Li can agree." Beiye said with a smile.

"As for the old acquaintance I just mentioned, doesn't Cheng Master Li consider Lord Ghoul as your old acquaintance in the kingdom of the corpse? If this is the case, I believe Lord Ghoul will hear this news again. I will be very happy."

"If this Beitang branch can be approved by City Lord Li, then I believe Lord Ghoul will be happier. As for your old acquaintances, Lord Ghoul will guarantee her safety!"

Seeing Bei Yuanqing's undue beating face, Li Tianzhen wanted to fly down and beat the goods violently.

It is very likely that this product was instigated by the ghouls. The refugees in Donghai City were used to threaten Li Tian with Ouyang's poetry. It can be said to be coercive and lure. If Li Tian disagrees, this ghoul is likely to treat those ten Fifty thousand refugees shot, these 150,000 are very important to Li Tian, but what about ghouls? There are more than six billion people in the world, and there are more than four to five billion people who have been turned into zombies by three corpses. Would they care about the extra 150,000 people?

As for Ouyang Shiqing to become the person in charge of the Kingdom of the Beitang Corpse, it is the ghoul who has lured Li Tian again. It is estimated that when Ouyang Shiqing went to the sunset fortress last time, Li Tian and Ouyang Shiqing's affairs were still spread out by people with ulterior motives, and this would be used by ghouls to threaten them.

But Li Tian could guess it, and this was a way that Li Tian couldn't accept.

"What if I say I disagree?" Li Tian said with a sullen face.

"Of course! You are the lord of a city and the commander of the Celestial Legion. Of course you have enough qualifications to reject Lord Ghoul, oh no! This is the requirement of our kingdom of corpses. But I believe you are A smart person, you will not refuse this request. After all, you know that your 150,000 people want to basically pass through most of the country where zombies are rampant. If, I mean, if there are several corpses during this period. Chao, I really doubt that your 150,000 corpses can eat a few times!" Master Bei said with a smile.

"And, your Ouyang poetry, oh, sorry, it's your old acquaintance. Don't look at me with that kind of eyes, Lord Ghoul is not close to female sex! However, Lord Ghoul likes fresh and will beat I'm afraid Master Ghoul won't be able to bear the temptation, and will...!"

At this point, Pei made a gesture of digging out his heart with his claws, and then putting the heart on his mouth to bite!

"Om!"

"Hong Zhan" had already appeared in his hand, and Li Tian's right hand gripped the handle of "Hong Zhan" tightly.

But after a full minute, Li Tian had to let go again.

"Open the door! Let them in!"

Chapter 3734: Uninvited Guest (2)

After Li Tian said these words, Situ Ningbing and the soldiers standing behind Li Tian could already clearly feel the murderous aura on Li Tian. ,

"Hahaha, those who know the current affairs are handsome, I know that Li Tian Li City Lord will not refuse this request of our corpse kingdom! Let's enter the city!" Bei Ye sneered and said to the people behind him.

Seeing Bei Yuanqing leading the people into Beitang City arrogantly, Li Tian controlled "Red Zhan" and flew out suddenly, slashing towards a thick tree outside the city wall.

"Boom!" A sound.

The big tree collapsed, and at this moment, Li Tian heard Bei Yuanqing who had entered the city wall and laughed unscrupulously.

"Lee..."

Situ Ningbing came to Li Tian and wanted to comfort Li Tian, but saw the corners of Li Tian's mouth beating slightly, and said in a low voice, "Don't worry, I'm fine. Since the kingdom of corpses took the initiative to send it to the door, then We can just follow the vine and find the whereabouts of Ouyang Shiqing."

Seeing that Li Tian was okay, Situ Ningbing was relieved.

Situ Ningbing knew that Ouyang's poetry has always been Li Tian's heart disease. Although Li Tian did not say it, it did not mean that Li Tian didn't care about Ouyang's poetry.

...

After the Kingdom of Corpses entered Beitang, he quickly chose a location in the center of the city, near East Street, and began to formally establish the Beitang branch of Kingdom of Corpses.

As soon as the news of the establishment of a branch in Beitang City spread, the whole Beitang City immediately exploded.

The soldiers who followed Li Tian from the heavens to Beitang still remember the fact that the sunset fortress welcomed the kingdom of the corpse, so they do not reject the kingdom of the corpse

in their minds, but have a little bit of the kingdom of the corpse. I'm afraid that those who understand will not think so.

The original Sunset Fortress was just a larger legion in the northwest region. It was only a third-rate or even a third-rate legion nationwide. At that time, the Sunset Fortress and the Red Blood Legion were competing for the Tianshan Mountains, so the Sunset Fortress was considered Contact with the corpse kingdom will not attract the attention of the ten legions.

However, the current Celestial Legion is already the overlord of the Northwest, already a first-class legion, and even faintly able to compete with some of the top ten legions. If such a behemoth walks too close to the corpse kingdom, it will inevitably arouse the suspicion of other legions.

By then, the Celestial Legion might already be struggling.

Windsor couldn't understand why Li Tian made such a decision anyway, but she had just joined the Celestial Realm and seemed to be the least qualified to say Li Tian, so Windsor just looked at Li Tian quietly, thinking that since If Li Tian makes such a selection, then she can support Li Tian.

However, Tang Xiaolong and Tang Feifei, who were in Gongming County, Lianyuan, hurried back. They just entered the gate of Beitang Headquarters. As soon as they saw Li Tian, Tang Xiaolong couldn't wait to ask the doubts in his heart.

"Little boss, what do you think? The background of the kingdom of corpses is the three corpses, and now it can be said that humans and the three corpses are not at the same time. If the other ten legions know that we have such a connection with the kingdom of corpses, then The heavens will become the target of the public at that time, and the heavens will fall into a forbidden place in isolation and helplessness at that time!" Tang Xiaolong said.

"Yes, Brother Li Tian, even Tang Xiaolong understands this truth, don't you understand it? Also, if the Kingdom of Corpses is setting up a branch in Zhenbeitang, have you ever thought about coming from Donghai City? Will these 150,000 people accept it? Their homes were destroyed by the dead, and it was twice. Now it is not easy for them to accept the kingdom of corpses!" Tang Feifei said.

Situ Ningbing looked like an affectionate woman. She kept looking at Li Tian. After Tang Feifei had finished speaking, Situ Ningbing smiled slightly and said, "Since you two can see this problem, is it Li? Can't you see the sky?"

"Boss, what do you think? You know that I am a stupid person, and I can't guess your inexplicability at all. You really said, don't let us people worry here!" Tang Xiaolong said.

Li Tian took a step forward and said, "Although I don't know the reason yet, I can feel that this ghoul is deliberately targeting our heavens, or to be precise, targeting me!"

nonsense!

Now in the entire earth world, only Li Tian has killed the corpses of ghouls. There are a total of nine, nine and eighty-one corpse insects. Li Tian has already killed several of them, and one has been captured alive by Li Tian. After this corpse insect is beheaded, it will never come back again. The cultivation of ghosts relies on the corpse insects. How can the ghouls not target Li Tian?

However, at this time Li Tian was in hindsight and had not yet figured out this point.

Li Tian went on to say: "Since the ghouls can't come directly to the heavens and act on us, but they use Ouyang Shiqing and the 150,000 people in Donghaicheng to threaten us, then I will show weakness to him, let the kingdom of corpses and the corpses The ghost relaxes our guard, and at this time we have to speed up the time to find Ouyang Shiqing, and we must rush to the 150,000 people before they reach Beitang, so that Ouyang Shiqing can be released."

"Once Ouyang Shiqing is rescued, then I will immediately turn the Beitang branch of the corpse kingdom into ruins! So, this is only a stopgap measure for the time being." Li Tianyin said coldly.

"Let me just say, how could the little boss accept the establishment of a branch in Beitang in the Kingdom of Corpses...!"

"Hmph, I don't know who has been saying that Brother Li Tian is clever and stupid on the way to Beitang!" Tang Feifei interrupted Tang Xiaolong directly, and said to Li Tian holding Li Tian's arm.

Tang Xiaolong's expression immediately became a little embarrassed!

At this moment, a soft voice suddenly came from behind Li Tian: "Who is bullying my Tang Xiaolong?"

Li Tian looked back, but found that the person who came in turned out to be the mysterious female Lily, and behind Lily was the big fat archer Arslan.

"Why are you here?" Li Tian said unexpectedly.

"It's not because of Li Tianjun's great efforts to pull out 150,000 people from Donghai City to build Beitang. Our Chief Ailang is eager to send us to support the construction and development of Beitang." Baihe said. .

"Speaking of people!" Tang Xiaolong said in front of Lily, immediately appearing to be somewhat manly.

"I was sent by the legion commander to Beitang to prepare for the establishment of the Legion branch of Beitang Sakura!" The mysterious female Lily held Tang Xiaolong's arm, and said softly, like a small bird, saying that these two goods turned out to be Unscrupulously began to show affection in front of everyone.

After seeing Li Tian, Arslan's face was full of excitement. He came to Li Tian and said to Li Tian: "Li Tian, we meet again!"

Li Tian gave the big fat man a heavy hug and said, "Meeting again, my good brother!"

Chapter 3735: New news (1)

After the mysterious female Lily and the big fat man Arslan came to Beitang City, a sign of the Sakura Legion was hung on the building diagonally across from the most prosperous Bell Tower Hotel in Beitang, and the Sakura Legion Beitang branch was established. .

Then Lily and Tang Xiaolong stayed together every day, while the fat Arslan chased after Li Tian behind Li Tian's buttocks. In many cases, he was more like Li Tian's follower.

Originally at this time, Li Tian was thinking about going to the underground palace of Tashan Temple to walk through the mazes of the remaining eight heavenly dragons to see if he had a chance to improve his strength, but the fat Arslan pestered Li Tian, and Li Tian could not go. opened.

Moreover, Li Tian is now also worried about what tricks the kingdom of corpses will do once he leaves Beitang.

Since the kingdom of corpses entered Beitang, like the lily of the army of cherry blossoms, Bei Yuanqing just picked up a sign of the kingdom of corpses, and then all the members of the kingdom of corpses, including Bei Yuanqing, have been drilling in the corpses. In the Beitang branch of the kingdom of the kingdom, there has never been a walk around, just like the whole Beitang city except for this plaque, there is no kingdom of corpses.

But Li Tian understood that this was definitely not a question of a plaque.

Although Li Tian still doesn't know the true purpose of setting up a branch in Beitang, the kingdom of the corpses, but they are not good men and believers, how can they be in peace with the heavens like this? Li Tian even wondered whether this corpse kingdom was brewing something big.

This kind of other people's funny actions under his own eyes, while he feels like a blind man, made Li Tian really uncomfortable.

Li Tian secretly dispatched Wang Rui in Celestial City, and Goubi, who was escorting Donghai City refugees back to Beitang with Xue Ji, Manzi and others, urgently recalled Beitang. Then let Wang Rui and Goubi formally form the Celestial Intelligence Department, and their first task was to stare at the corpse kingdom for 24 hours.

Then Li Tian was completely silent in his cultivation. Li Tian practiced Qingyun's first and second chapters no less than ten times. As for Qingyun's mastery, Li Tian has now reached the level of perfection.

During this period, Li Tian began to nourish the Nine Color Corpse Crystals and "Red Slash" in a large amount. In the eyes of ordinary people, the corpse crystals above level 9 existed like astronomical numbers, but Li Tian was not stingy. It kept throwing it to Jiu Color Corpse Crystal and "Red Slash".

When he was in the Beitang University Hospital, Li Tian's nine-color corpse crystal had already swallowed many corpse crystals above level ten. At that time, some small corpses gradually appeared on the whirlpool of the nine-color corpse crystal. The crystal particles flashed like stars in the night sky.

But these were not enough. When Li Tian was in East China Sea City, if it hadn't been for the nine-color corpse crystal to finally consume all the power of the corpse in the whirlpool, I am afraid that Li Tian would have been defeated by that time.

Therefore, Li Tian will continue to swallow the nine-color corpse crystals with a large number of corpse crystals above level nine. Fortunately, when Li Tian and others regained Beitang, the zombies in Beitang contributed a lot of corpse crystals, otherwise Li Tian would have gone empty-handed now.

But that's it. These nine-color corpse crystals and "Red Slash" are more edible than Xiaotianyi and the captain. These corpse crystals are still not enough. With so many corpse crystals, the vortex of nine-color corpse crystals does not seem to be too much. The corpse crystal particles are exceptionally scarce, not even as many as before.

And the sword spirit of "Red Zhan" was also unfinished.

Li Tian looked at the three 15th-level corpse crystals obtained from the hunting of the 15th-level zombies in the Beitang University Affiliated Hospital, hesitated. This fifteenth-level corpse crystal must be given to Xiao Tianyi and the captain each, and the remaining one is not enough to eat the nine-color corpse crystal.

Li Tian also took out the only two 18th-level corpse crystals in his hand. The two 18th-level corpse crystals Li Tian was going to keep for Little Tianyi and the captain. If they were to swallow them now, They may not be able to absorb it, and may even cause a body explosion. If this is the case, it will not be worth the gain.

"It's so decided. One of the two 18th-level corpse crystals will be swallowed by the nine-color corpse crystal, and the other will be swallowed by the red corpse. As for Xiao Tianyi and the captain, they are still some time away from the eighteenth level. There is still an eighteenth-level zombie trapped in the space. If either of them hits the seventeenth level first, I will kill the eighteenth-level zombie, and just give them the corpse crystal!"

After such a happy decision, Li Tian hadn't done anything yet, the nine-color corpse crystal automatically released countless transparent silk threads wrapped around the eighteenth-level corpse crystal, directly surrounding the eighteenth-level corpse crystal.

Strands of strong corpse original power fluctuations were transmitted from the eighteenth-level corpse crystals, and the light blue light even illuminated the entire room where Li Tian was in light blue. Li followed the transparent threads into the vortex of the nine-color corpse crystals, and immediately completely wrapped the small corpse crystal particles that had formed in the vortex.

Then, these small corpse crystal particles began to rotate in a clockwise direction around the nine-color corpse crystal, which felt like a galaxy starry sky, and the small particles that were wrapped in the power of the corpse , Unexpectedly began to explode one by one, turning into the purest corpse power.

Then the power of the original corpse and the power of the original corpse absorbed from the eighteenth-level corpse crystal are completely integrated!

No, Li Tian suddenly realized that it was not completely fused together, but there was something only the size of a grain of rice in the center of the power of the original corpse. This thing was not like the power of the original corpse, nor did it want to be a corpse crystal, but Like a jujube kernel.

And the power of the original corpse is spiraling around this jujube core. If Li Tian didn't have a kind of spiritual communication with this nine-color corpse crystal, I'm afraid the nine-color corpse crystal would not appear. Variety.

"Finally some changes are going to happen, but I don't know what kind of changes the nine-color corpse crystal can have this time! If you can control the eighteenth-level zombies, it will be perfect! Then I can form an eighteenth-level zombies. The legion!" Li Tian thought in his heart.

Looking at "Red Slash", this "Red Slash" absorbs the corpse crystals a lot more rudely. It directly cuts on the eighteenth-level corpse crystal with a blade, and then starts to quickly absorb the power of the corpse, like a cow chewing a peony. Same, Li Tian couldn't help shaking his head when he was watching.

At this moment, the door of the room was knocked open from the outside, and Goubi and Wang Rui broke in from outside.

"Brother God, Brother God! There is news!" The dog shouted at Li Tian, panting heavily.

Chapter 3736: New news (2)

"What news?" Li Tian immediately stood up, allowing the vortex of the nine-color corpse crystal to continue to change.

Wang Rui took a step forward and said to Li Tian: "Brother Tian, we have been monitoring people in the kingdom of corpses these days, but since we started monitoring them, I haven't heard a word, just like that There is no one in the corpse kingdom branch."

As he said, Wang Rui glanced at the dog nose and said: "But the dog nose can smell that those people are indeed still in the Kingdom of Corpses, but those people are lying motionless, as if...as if sleeping. Or it's dead again."

Hearing this, Li Tian was already quite strange.

Bei Yuanqing was ordered by the ghoul to come to Beitang City. Even if he was passive and sabotaged, it was impossible to come to Beitang City to sleep in. Moreover, these people seemed to be able to live without eating and drinking.

But these people are not zombies, and even zombies need to eat for a long time.

Then there can only be one guess, that is, Bei Yuanqing has been waiting for this ghoul's order after entering Beitang!

"But today, just now, I heard that Bei Yuanqing suddenly spoke. From the beginning to the end, Bei Yuanqing was talking alone, and the others listened like puppets." Wang Rui said.

"What did Bei Yuanqing say?" Li Tian asked anxiously.

"He seems to be singing a one-man show. He talks a lot about it, but it can be divided into three pieces of news."

"First, the three corpses have already returned to the country. It seems that the three corpses are going to unite for a big action, but Bei Yuanqing did not talk about the content of the specific action."

"Second, I don't know where there is something important to the Three Corpses hidden in Beitang City, but they have not found it so far."

"Article three, Ouyang Shiqing has news. Ouyang Shiqing is now in the southwest region and is in charge of gathering the weak legions and organizations in the corpse kingdom."

After hearing this news, Li Tian was a little silent.

These three news, no matter which news is not very complete, but these three news are quite heavy news.

The first article, although I don't know what the three corpses are going to do, the words Tang Zheng and Tang Feifei said when Li Tian left Kyoto City can prove that the corpses must have returned to the country, and I am afraid they are going to treat Tang The positive and the negative, although Tang Zheng shouldn't be considered a hitting action, it can also prove from the side that what Bei Yuanqing said is possible.

Second, this one must be true. Whether it was the mutant crows in Tashan Temple, or the mutant zombies, male zombies, and female zombies in the Qinling Mountains, they were all corpses staying in this Beitang to look for that. The eyeliner of the mysterious thing, but Li Tian is not sure now that the important thing refers to the things in the underground palace of the Tashan Temple or the things in the Qinling maze. The only thing in these two places is Qingyun, is there Qingyun still No other secrets?

As for the third article, the news of Ouyang Shiqing is more important to Li Tian. However, why Pei Yuanqing would mention Ouyang Shiqing alone? Bei Yuanqing already knew that Li Tian would definitely monitor them, and they deliberately said it to Li Tian? Pei Yuanqing said it unintentionally.

But at this moment, Tang Feifei cried and followed Situ Ningbing and Bai Jing into the room.

"Li Tian...Brother Li Tian, my father...he..." Before Tang Feifei had finished speaking, she wowed and threw forward into Li Tian's arms, and started crying loudly.

An ominous omen suddenly appeared in Li Tian's heart.

"Chairman Tang, he passed away. This is the news that our members of the Bounty Hunter Association heard in Nanzhou, but this is not a matter of being born in these few days, but the news has been passed about a week ago. Nanzhou, and our people only passed this news back today." Bai Jing said.

"It's not a death, it's the corpse. It must be a good thing that the corpse did! Brother Li Tian, my father, and vice chairman Kang were killed by the corpse together. Now the headquarters of the Association of Agriculture, Industry and Commerce only has me as the vice president, and I'm not in Kyoto City. The Agricultural Industry and Commerce Association must have become a mess. Brother Li Tian, can you take me back to Kyoto City?" Don Feifei looked at Li Tian eagerly.

Li Tian's heart is still thinking about Ouyang Shiqing, and he is also thinking about whether to go to the southwest first to find Ouyang Shiqing, if possible, save Ouyang Shiqing, but now Tang Feifei suddenly begged Li Tian like this, but Li Tian felt that he was a little lackluster.

Ouyang Shiqing and Tang Feifei, both of whom are Li Tian's women, can be said to be equally important in Li Tian's heart.

Situ Ningbing had already heard what Wang Rui said just now. Seeing Li Tian at a loss to make a decision, Situ Ningbing walked to Li Tian and said, "Lee, leave the matters on Tang Feifei. Let's deal with it, even if I can't deal with it, I can still ask Duanmuying for help, there shouldn't be any problems. You should go to the southwest! Ouyang Shiqing needs you more!"

Seeing Situ Ningbing's empathetic look, Li Tian's heart was really warm.

Of course, Tang Feifei is more thinking about Li Tianneng taking him to Kyoto. After all, Li Tian is more famous in Kyoto, but she also knows that Ouyang Shiqing is now being controlled by ghouls, and Li Tian's heart is probably more inclined to go to the southwest area.

"When you go to Kyoto, you must protect Tang Feifei. If it's not enough, you can go to the Bounty Hunter Association to find Mr. Wu!" Li Tian said.

Situ Ningbing nodded slightly.

With this decision, Li Tian immediately summoned Tang Xiaolong from Gongming County and told Tang Xiaolong to stay in Beitang City. Fortunately, the mysterious female Lily and Fatty Arslan are also in Beitang, while Wang Rui and Goubi continue to stay in Beitang to stare at the people in the corpse kingdom.

"Brother Tian, don't worry! Give Beitang to me, and I promise that the protection of Beitang will be intact." Tang Xiaolong said vowedly.

After that, Li Tian, Windsor, Situ Ningbing, and Tang Feifei drove out of Beitang in two cars. After exiting Tangguan, Li Tian took Windsor and drove to the southwest, while Situ Ningbing And Tang Feifei went all the way north, thinking about the direction of Kyoto City.

Before the separation, Li Tian brought the mutant crow out of the space again, and let the mutant crow go to Kyoto with Situ Ningbing. With the mutant crow there, Li Tian knew that the safety of Situ Ningbing and others should be more secure. Layer protection.

The car was driving fast on the high road leading to the southwest, but Li Tian thought of Long Teng Li Tian's army commander Long Yin in his heart.

"I hope everything goes well for this trip to the Southwest!" Li Tian thought in his heart.

Chapter 3737: The President's Controversy (1)

While Li Tian was still on the road, Situ Ningbing had already returned to Kyoto City with Tang Feifei.

Tang Feifei and Situ Ningbing, who were inspected at the gate of Kyoto City, were immediately surrounded by many people. These people pointed at Tang Feifei and talked a lot.

"I see, that girl seems to be the vice president of the Agricultural Industry and Commerce Association. Tang Feifei, the daughter of the former President Tang! How could she be here? Didn't it mean that the President of the Agricultural Industry and Commerce Association, Tang Zheng and the vice president, have died violently?"

"Stop talking nonsense, it was Vice Chairman Kang who was killed violently. Tang Feifei escaped the disaster after leaving Kyoto City with Li Tian, otherwise we might not see her."

"But what do you say is the purpose of her returning to Kyoto City? Is it because she wants to be in charge of the Agricultural and Commercial Association? If this is the case, then the Agricultural and Commercial Association will have a good show."

"Yes, it depends on whether the new president of the Agriculture and Industry Association will actively cede the position of president to Tang Feifei."

"I'm afraid not. After all, after such an accident, the Agricultural Industry and Commerce Association has been greatly reduced in strength, but the thin camel is bigger than the horse. After all, the Agricultural Industry and Commerce Association is still one of the two major associations. As the president, the power is still considerable. , How could President Zhou surrender his position as President?"

"Hey, what about him? No matter who is the president, don't we still buy food from the corpse crystals? It is impossible to give us the food for free! Let's treat it as a free show!"

"Yes, the recent big dramas in Kyoto City have continued. First, the pilgrimage and the holy legion, due to the disappearance of the holy legion chief and the unexpected fall of the pilgrimage seven ghosts, let the most promising legion of the ten legions step down the altar, and then It is the sudden death of the president, vice president and others of the Agricultural Industry and Commerce Association. Will the Agricultural Industry and Commerce Association become the second pilgrimage and holy legion?"

Tang Feifei's complexion has been bad recently, maybe because of crying too much, her beautiful eyes are already a little red, and Tang Feifei looks more like a poor little loli.

But Tang Feifei's heart was already very strong.

Along the way, she didn't know how many times she had heard other people talk like this.

What Tang Feifei did not expect was that after Tang Zheng and Vice Chairman Kang died one after another, butler Zhou could be safe and sound, and he directly took over the management power of the Agricultural Industry and Commerce Association. eliminate.

"Housekeeper Zhou, I wanted to see what kind of posture you would appear when facing me." Tang Feifei thought in her heart.

After entering the city, Situ Ningbing followed Tang Feifei directly to the headquarters of the Association of Agriculture and Industry.

In the headquarters of the Association of Agriculture, Industry and Commerce, the president's office, the former butler Zhou, and the current president Zhou are full of scenery. The old look of oldness has completely disappeared, replaced by a young and handsome face.

Chairman Zhou sat on the swivel chair, put his feet in black leather shoes on the desk, and leaned back comfortably.

Behind him, two hot beauties wore revealing costumes. A pair of meat ***** on their chests were tightly pressed against President Zhou's shoulders. Among them, the beautiful woman on the left was holding a glass of red wine in her hands. After drinking the red wine in his mouth, he used his fragrant lips to aim at Chairman Zhou's mouth and poured the red wine into Chairman Zhou's mouth.

And the beautiful woman on the right stretched out her hand to the fruit plate placed on the desk, plucked a milk grape from the fruit plate, and then gently peeled off the skin of the milk grape, which was also placed in hers. Among the shell teeth, with red lips, the grapes were sent into Chairman Zhou's mouth.

President Zhou stretched out his left and right hands at the same time, patted gently on the hips of these two beauties, feeling the elastic touch, and these two beauties screamed and leaned against President Zhou's. In the arms.

"President, you hurt me, so you have to be responsible to me!" said one of the girls delicately.

"There's me! The president! You can't be partial, you have to be responsible to me!" Another girl said with her mouth facing President Zhou's ear, gently blowing warm air.

"Responsible! I will be responsible to both of you tonight!" Chairman Zhou laughed wildly, and started groping around the two girls with his left and right hands.

"Bang!" With a sound, the office door was kicked open from the outside.

"Chairman Zhou...The only Chairman Tang of the Association of Agriculture and Industry, when did a Chairman Zhou appear?" Tang Feifei sneered looking at the familiar and unfamiliar face of Butler Zhou.

Butler Zhou suddenly pulled his legs off the desk, stood up with a look of horror, and hurriedly came to Don Feifei, and said with a look of surprise: "Miss Feifei, why are you back here? Safe!"

"It's not safe, isn't it? Then why didn't you die? Instead, you became younger?" Tang Feifei asked, staring at Butler Zhou coldly.

Butler Zhou immediately said with an aggrieved look: "Miss Feifei, it's not a day or two for me to stay in Tang's house. I have been loyal and loyal to him over the years. Even in the apocalyptic times, I have always followed. By Mr. Tang, if you say that to me, it will really chill my heart!"

"What a loyal and loyal person, in that case, now that I have returned to Kyoto City, shouldn't your position as the president be returned to my hands? After all, I am the only vice president of the Agricultural and Commercial Association!" Said.

"This...this is natural!" With an embarrassed expression on Zhou's face, steward Zhou said to the two beauties behind him: "You two will now summon all the core cadres and core members of the Association of Agriculture, Industry and Commerce. We are going to hold a meeting. Urgent meeting, welcome Miss Tang to come back!"

After speaking, steward Zhou greeted Tang Feifei and Situ Ningbing sitting on the sand, and pouring the two graciously serving tea. It seemed that steward Zhou seemed the same as before, and then steward Zhou stood on the side like one. People keep their heads down.

Tang Feifei's heart also calmed down slightly.

"Is it true that I wronged Zhou's housekeeper?" Tang Feifei looked at Situ Ningbing and said in a low voice.

"Don't jump to conclusions now, wait until the meeting is over in a while, everything will be clear!" Situ Ningbing gently patted Tang Feifei's hand and whispered.

About less than ten minutes later, a girl with the appearance of a secretary opened the door and said to the steward Zhou who was standing behind Tang Feifei: "Chairman Zhou! All the core cadres and core members of the association total 23 It's even more in the meeting room!"

"Miss Feifei, let's go over now!" Zhou steward said to Tang Feifei with an inviting gesture.

Chapter 3738: The President's Controversy (2)

In the conference room, twenty or so core cadres and core members of the General Association of Agriculture and Industry Association sat neatly on both sides of the huge conference table in a certain order. After seeing Mr. Zhou and Feifei Tang walk into the conference room, these people They all stood up immediately.

Butler Zhou walked towards the rostrum while waving his hands, Tang Feifei followed the steward Zhou like a deer in his heart.

"Sorry, you are not a member of our Agriculture and Industry Association, so please wait outside the meeting room first!" Situ Ningbing just followed Tang Feifei to the meeting room, but was directly stopped by a staff member.

"Snapped!"

Tang Feifei patted the table heavily with her little hand, and said coldly, "Presumptuous, this is Situ Ningbing from the Celestial Realm, who was appointed by Li Tianjun to represent him in Kyoto City! And Li Tian belongs to our Agricultural and Commercial Association. The special core cadre, she represents Li Tian, and naturally has the right to participate in this meeting!"

"Li Tian? Special core cadre? Why have I never heard Chairman Tang mention this matter? Have you heard that Li Tian is a special core cadre of our Agribusiness Association?" Zhou Guanjia pointed to The two dozen core cadres asked.

"No!"

"We are the Association of Agriculture and Commerce, so we won't let an outsider be our special core cadre like the Bounty Hunter Association!"

"Miss Feifei, we respect Chairman Tang, but please don't insult our IQ!"

For a time, the whole meeting room was noisy and the crowd was enthusiastic, and almost everyone was targeting Tang Feifei.

Situ Ningbing couldn't help but frowned slightly. She had expected that Tang Feifei would not be smooth sailing when she returned to Kyoto this time, but she did not expect that the Agriculture and Commerce Association would be in this way now.

Butler Zhou raised his hand and pressed it slightly, and the noisy meeting room immediately became quiet.

"Presumptuous, you are too presumptuous. Don't you know Miss Tang Feifei? Even if what Miss Tang Feifei said is not the truth, don't you even have the most basic respect? Besides, Li Tian and our Agribusiness Association also have a lot of connections. If it weren't for Li Tian, could our granary of the Donghai City Agriculture and Industry Association be able to keep it?" Steward Zhou seemed to say angrily.

Then Steward Zhou turned around and said to Tang Feifei: "Miss Feifei, although we all respect Li Tian very much, this is after all an internal matter of our Agricultural and Commercial Association. If Heaven is required to intervene in, I am afraid it will let other legions and The association reads jokes. So please stop making trouble!"

Manager Zhou said to Situ Ningbing again: "Miss Situ, please wait a while outside the door."

Hearing Mr. Zhou's words, Tang Feifei suddenly had an ominous premonition in her heart. Although she especially hoped that Situ Ningbing could sit next to her, but Mr. Zhou's series of converse words about Tang Feifei was also speechless. .

After Situ Ningbing walked out of the meeting room, Mr. Zhou continued, "Then we are now holding a meeting."

"Presumably you all know each other. The one sitting next to me is the daughter of the former president Tang Zheng, Tang Feifei! So I won't introduce more here."

"Presumably all the core cadres know the true situation of our Agribusiness Association this time. Our president Tang Zheng and Vice President Kang were not afraid in front of the corpse. They still fought the corpse, and both died. This It is the loss of our agricultural and industrial association, and also the loss of our entire human society."

"It can be said that our President Tang did not damage the prestige of our Agricultural Industry and Commerce Association, and our Vice President Kang died heroically. But... But what about our Miss Tang? When our Agricultural Industry and Commerce Association was in trouble, she was there. where?"

"Presumably I don't need to say, you all know! Our Miss Tang went to Beitang to play with the little lover Li Tian!"

"You..." Tang Feifei didn't expect that Steward Zhou would turn right from wrong in this way, and said with trembling angrily, pointing to Steward Zhou.

Manager Zhou immediately lowered his head and said with a low eyebrow pleasingly: "I'm sorry Miss Feifei, my Xiao Zhou will always be your Miss Feifei's housekeeper. I will guarantee you that you will live a life of a good man for the rest of your life. But... ...But I can't just watch the Agriculture and Industry Association ruined in your hands."

Steward Zhou suddenly raised his head and said to all the core cadres and core members in the conference room: "Chairman Tang knows that Miss Feifei's mind is all on Li Tian, and she is not on the agricultural and industrial association. The association has been handed over to me. In any case, I will not watch the agriculture and industry association be destroyed in the hands of Miss Feifei, even if I am unfaithful, I cannot let the agriculture and industry association be destroyed!"

"Now if most of you think that I am not suitable for the seat of the president of this agricultural and industrial association, then I will immediately return the seat of the president to Miss Tang Feifei..."

Butler Zhou's words were directly interrupted by the people below.

"Chairman Zhou, there is no other person in this world who is more suitable to be president than you. We know that you are the best for the entire Agribusiness Association. If it weren't for you, I am afraid that the Agribusiness Association would have been the first in this half month. Two pilgrimages and holy legions."

"Chairman Zhou, don't worry. Although you are a bit lustful, Vaughan is still willing to follow you if your flaws are not concealed! Our abilities are limited, but we will do our best to assist you and ensure that this agricultural and commercial association Getting better and better!"

"Yes, Miss Tang Feifei should go to Beitang with your lover. As for the corpse crystal, our Agriculture and Industry Association will definitely not treat the former president's orphans!"

Those core cadres and core members immediately shouted to Chairman Zhou, and expressed their loyalty to Chairman Zhou.

Tang Feifei's angry face was almost white, but how did Tang Feifei know that before she returned to Kyoto City, President Zhou had already cleared the Association of Agriculture and Industry, and those who disobeyed his management had been taken by President Zhou. It was removed with various reasons and excuses.

In this process, Chairman Zhou also fully demonstrated his strength not to lose to the top 100 players in the Forbes competition, which made the remaining core cadres and members of the Agribusiness Association have long become his puppets.

"Miss Feifei, this is public opinion. For the exhibition of the Association of Agriculture, Industry and Commerce, please don't go against everyone's wishes. Well, tonight, I will be in the president's villa. By the way, it is the villa owned by President Tang. , Where will I host a banquet for you, and please be sure to honor it!" Chairman Zhou whispered to Tang Feifei.

Chapter 3739: Want to see Li Tian

Tang Feifei didn't expect the final result to be like this. After walking out of the meeting room, Tang Feifei could no longer restrain the sadness in her heart, and threw herself into Situ Ningbing's arms and burst into tears.

"Don't cry, crying won't solve anything! Since the Association of Agriculture Industry and Commerce is ruthless and unjust, what else do you have to remember! Let's go back to Beitang City first. Let's prepare for the establishment of the Association of Agriculture Industry and Commerce in Beitang City. Just like our Beitang Bounty Hunter Association, it exists independently of the Bounty Hunter Association General Assembly. Wait for Li to return from the southwest, and then discuss the long-term plan!" Situ Ningbing comforted Tang Feifei.

Tang Feifei was not reluctant to be the chairman of the Agricultural and Commercial Association, but felt that the Agricultural and Commercial Association was founded by Tang Zheng, Vice President Kang and others, and could not bear to be invaded by this ungrateful fellow Zhou Guanjia.

...

The former city of Kyoto, on the top of a skyscraper.

A man and a woman are standing on top of this building.

The man is less than 1.5 meters tall and looks like a short winter melon, and the face of this short winter melon is covered with scabies, which makes people feel particularly sick.

The woman was over 1.7 meters tall and had a slender figure. Her skin was as white and tender as a boiled egg that had been peeled off, which made people feel like she was enjoying the beauty.

The short winter melon man is just one of the three corpses.

The tall and slim beauties are corpses.

The corpse stood on the top of the building, overlooking the city of Kyoto under the blue sky and white clouds. Looking at these magnificent buildings, the corpse was still quite emotional.

This magnificent building towering into the clouds, the cars that used to show up on Mercedes-Benz, and the planes flying in the sky, these things have made the three corpses who debuted in the earth world feel surprised.

However, what the Three Corpses did not expect was that such a group with such a strong creativity was weak and pitiful in terms of personal combat effectiveness. If it weren't for their three corpses being imprisoned at the gate of the restricted area for too long, they would If their strength was greatly damaged, the four old men on the mountain would not be able to hurt them that day.

However, the corpse also appreciates the thermal weapons developed in this world. Unfortunately, these thermal weapons can only cause large-scale damage to ordinary people. They are like the three corpses, no, even if they are more than fifteen. Zombies above level, those hot weapons are like a joke.

"I am afraid that any venerable person in the Netherworld can easily kill the strongest person in this world in seconds. I am afraid that only those strong people in this world myth can compete with the strong person of the venerable level!" The corpse said to himself Said.

"You said that it is a myth, how can it be true? Besides, every country in this world has its own myth. From this, it can be seen that those myths and stories are created by people in each country with their own supervisors. Coming out! I really don't understand why so many powerful people in the Nether Realm are willing to imprison themselves in the Nether Realm, and are unwilling to step into this world! This world is much more interesting than the Nether Realm!" said the soul.

"Since they are unwilling to come to this world, then our three corpses will unify the world and create another corpse nation in this world! And controlling the Agribusiness Association is the first step! At that time, whether it is the top ten legions of this country or other countries Those super heroes of the corpse will become a member of the kingdom of the corpses, completely becoming the puppets of our three corpses." The corpse continued.

"Tsk tusk! A small agricultural industry and commerce association, you are so concerned, are you not tempted by that girl?" The corpse soul said with a smile on his face, and said with a little smile.

"Thank you? Don't be kidding me, besides I have been tempted by you, who else might I be tempted? If I hadn't been tempted at the beginning, I wouldn't have become like this. I used to be like a ghoul. The man in Yushu Linfeng!" said the corpse with a painful expression on his face.

"Don't be kidding, I just take what you said is true! But why do you care about a small agricultural and commercial association, oh, no, you care about that girl, and even willing to support her father to establish an agricultural and industrial association "The corpse soul asked.

"I can feel a very strange feeling in her, especially after she was cursed by me, this feeling is even stronger. I feel that she is the best puppet body I am looking for. But it's a pity that she was already cursed by me at the time, and I couldn't take action to lift the curse on her, so I deliberately left them with a message to lift the curse, but this message made me wait for three years."

"Now, the curse on her has been lifted, and I can finally do it. As for her father, the old stubborn who doesn't know whether he lives or die, I let him sit in the position of the chairman of the Agriculture and Industry Association for three years, which is considered dead. !" said the corpse.

"Tsk tsk, you guys are ungrateful, thinking about the girl's body in your heart, but you can do that kind of murder without blinking! So, even if I'm looking for a dog, I won't look for your man! "The soul of the corpse said with a big smile on his face.

"I know you don't want to see me, especially after I become this look, but it doesn't matter. As long as I successfully refine enough puppets, then I will have restored the strength of the Lord. I believe you will treat me See you in a different way!"

"Then wait until you reach the Venerable and I won't talk about it, but then you can't allow you to forget what you said today!" The corpse said with a smile.

Behind the corpse soul, a huge zombie lion about the size of a calf crawled docilely on the ground, lowering its head toward the corpse soul.

This huge bereavement lion is different from the ordinary lion. It has the wings of an eagle on each side of its body. After having a pair of wings, not only does it not appear abrupt, but it also appears that this beast is somewhat mysterious.

But at this moment, the zombie lion uttered words and said to the corpse: "Master of the corpse, you should set off."

The corpse soul nodded, and the zombie lion immediately walked a few steps forward and squatted next to the corpse soul. The corpse soul leaped on the zombie lion's body and smiled and said to the corpse: "It seems like that little The girl is in Kyoto now, don't you go find her? I heard that Li Tian is the one who can deflate ghouls! You have to be careful, don't keep saying I don't care, you didn't remind you!"

"Li Tian! Haha, I am really looking forward to seeing you more and more now!"
