

A Killer 3781

Chapter 3781: One castle per person (2)

The corners of Li Tian's mouth tilted upwards, revealing a slight smile.

"The strength of the core cadres, okay, let me figure out how many cattles you have!" Li Tian said with a sneer.

However, no one took the lead.

Li Tian didn't, nor did they belong to the Rock Legion.

Li Tian knows that the Rock Legion has become the top ten legion for more than three years, and its profound heritage is far from the current heaven.

In addition to the powerful strength of Gao Gang, the leader of the Rock Legion, the strength of the core cadre team of the entire Rock Legion cannot be underestimated.

Just as the Pilgrimage and Holy Legion have masters at the level of the Pilgrimage Seven Ghosts, the Rock Legion is no exception.

As far as Li Tian knows, the Rock Corps starts with the corps commander and is divided into corps commanders, deputy commanders, top cadres, core cadres, ordinary cadres, and corps members from top to bottom. The strength of the top cadres and the two deputy army commanders is said to be only slightly weaker than the army commander Gao Gang.

It's just that these people did not participate in the Forbes power competition. If they also participated, I am afraid that these people are basically ranked in the top five hundred.

It is precisely because the Rock Legion has such a profound background, and in the process of annexing the pilgrimage and the Holy Legion, the Rock Legion will take the lead and get the greatest benefits. Not only has the territory of their army expanded, but the number of top cadres and core cadres has been supplemented.

No wonder Mr. Mu Yunlong would be upset.

In front of Li Tian's eyes, there were five men and one woman standing.

Li Tian knew that two of the five men were the top cadres of the Rock Corps, and the remaining three men were the core cadres. As for the woman who shows her breasts, walks with turbulent waves on her chest, and casts a glaring eye that makes people feel sullen and unsettled, her strength is also not to be underestimated, and she is also the highest cadre.

And these three top cadres, three core cadres, these six people, if they can join forces, even the commander of the Rock Legion, Gao Gang, will be in fear.

Before leaving Beitang, Li Tian expected that there would be a big battle this time, but Li Tian originally expected that this battle should be at the headquarters of Panshi, but he did not expect to be in Nanzhou ahead of time.

"The Rock Legion has a total of eight top cadres, and now there are three in Nanzhou. It seems that your Rock Legion might have planned for a long time, right?" Li Tian said with a sneer.

The woman wearing two pieces of rags, deliberately showing infinite spring light, the woman whose name was called Xie Ji giggled, walked two steps forward, and cast a wink at Li Tian, seeing that Li Tiansi did not eat her. He was slightly angry and said with a sneer: "Li Tian, you are so clever and confused for a while! Since you know that the Rock Legion has something else, could it be so stupid that the Rock Legion will only send us three top cadres? A total of eight of our top cadres have all arrived in Nanzhou!"

"What? The eight top cadres have all arrived in Nanzhou? It seems that Bai Jing's Bounty Hunter Association's ability to collect information is still limited. It didn't even collect such important information. Damn it!" Li Tian suddenly felt When the situation is not good, I can't help but feel tight, my brain is running fast.

"If all the eight top cadres have arrived in Nanzhou, where are the other five top cadres? Are they in Nanzhou City?" Li Tian's gaze swept across several members of the Rock Army Corps and fell to Nanzhou. In the city.

"Don't look again, except for Captain Mo Feng who is now guarding Nanzhou City, the other top cadres have already left." Another top cadre named He Tian said.

"Let me think about it. When you and Tang Feifei came to Nanzhou City, they seemed to have done some tricks to the Agriculture and Industry Association. Unfortunately, these things were understood by Rock, so there were two top officials, Lin Lan and Bai Qiang. I have already gone to find Tang Feifei. If nothing else, Miss Tang Feifei will now become a corpse!"

"As for the other two top cadres, Xin Yu and Iron Monk should have been out of the city now. Whether it is your barbarians in the heavens or Xue Ji, I am afraid that they have become their defeaters at this time! Oh, forgot to tell you, Xin Yu is a zombie control. As long as he is a beautiful female zombie, he will commit adultery before slowly torturing to death." The man holding a steel fan, wearing a blue shirt and a feather fan towel is a bit of a wife. Li Niang said angrily.

He said that the faces of several other core cadres and senior cadres showed lewd smiles.

Tang Feifei followed Ouyang Shiqing and Ouyang Man. Although Ouyang Shiqing's strength was not strong, Ouyang Man was an absolute warrior, a dangerous existence that could kill eighteenth-level zombies in seconds. Then Lin, who had troubled Tang Feifei in the past I'm afraid Lan and Bai Qiang won't get any benefit, but Xue Ji and the brigade are relatively weaker.

Now, I am afraid that the strongest is Tang Xiaolong. Once he encounters the siege of the two highest cadres of the Rock Legion, Xin Yu He Hetian, even if Tang Xiaolong does not have the assistance of the captain, the barbarian, etc., how sure he will win What?

Li Tian's face has slightly changed color. Regardless of whether what the top cadre said is true or false, Li Tian is not willing to take such a risk.

But for the present plan, Li Tian can only solve these people in Nanzhou City as quickly as possible, and then save Tang Xiaolong and others.

Of course, there is still a Huangfu Kunpeng in Li Tian's Void Yasha space, but this Huangfu Kunpeng and his old man Mu Yunlong are not visible, otherwise Li Tian's trip to Kyoto City would be useless.

Seeing that the expression on Li Tian's face kept changing, the man in the feather-fan and turban screamed first and attacked.

I saw this man suddenly start his hand, and the steel fan in his hand opened with a sudden "Wow!" and then threw it directly at Li Tian. The moment the steel fan flew out, the steel fan split into two and two into four. , It quickly changed into a dozen steel fans the size of a palm. Each of these steel fans had two steel pins on the fan bones. At this time, the steel pins released a faint blue light in the sun. I knew at a glance that this steel needle was probably fed with poison.

It turned out that the man with the feather fan and the turban was the little lady of the Army Soul Corps and became the poison lady of the North and the South.

"Drink!" Li Tian shouted, and the "Red Zhan" in his hand flew out suddenly.

I only heard a crackling noise in the air, but it was the "Red Cut" that intersects with the steel fans, and directly knocked the steel fans to the ground.

"This is the strength of Poison Lady? It's just that!" Li Tian said with a sneer in his heart.

Chapter 3782: One castle per person (3)

"Really?" The Poison Lady sneered, and rushed forward slightly.

As the poisonous lady's figure flickered, the palm-sized steel fans that fell on the ground swayed slightly, and then, the steel fans flew one by one.

Seeing this scene, Li Tian was shocked, thinking that this poisonous lady, like him, possesses the ability to use qi to defend the sword.

However, Li Tian soon saw that the poisonous lady's hand was actually holding a dozen transparent steel wires. One end of these steel wires was in the poisonous lady's hand, and the other end was tied to the steel fans. The reason why these steel fans can dance gracefully is because the poisonous lady used the steel wire in his hand.

"It turned out to be a dead monster. Who is not good at learning, he is unbeaten in learning the East!" Li Tian said with a sneer.

These steel wires as thin as a fishing line are probably difficult to deal with in the eyes of ordinary people, and the poisonous lady uses internal force to control these steel wires. Once you fall within the attack range of the poisonous lady, you can avoid the attacks of those steel fans. You may not be able to avoid those steel wires that can be seen with the naked eye.

If one is not careful, once you are entangled with these steel wires controlled by the poisonous lady, then you will be attacked by the poisonous steel fan controlled by the poisonous lady like a small bug falling into the spider web.

Of course, all this seems simple, but don't forget the internal force of the poisonous lady. Those steel wires reinforced by the internal force can be said to be invulnerable, so how can ordinary people escape.

However, all this is not a problem for Li Tian at all.

With Qi Yujian, Li Tian would not need to enter the attack range of Poison Lady. Moreover, the "Red Slash" that Li Tian controlled with his mind was so sharp that it could not be compared with ordinary swords.

The steel fans had already been cut down by the "red cut" controlled by Li Tian's mind before they flew in front of Li Tian. Although those steel wires were strengthened by internal force, they were not at all under Li Tian's powerful internal force. It is worth mentioning that it was cut off easily.

Seeing that the steel wires were cut, a look of horror flashed across Poison Lady's face, and Poison Lady's blue shirt shook, and countless poison-fed silver needles flew from the blue shirt. Li Tian.

There was a slight sneer at the corner of Li Tian's mouth, and his left and right palms were doing power at the same time. It was Li Tian's broken soul palm.

"boom!"

With a loud noise between Li Tian and Poison Lady, the silver needles fed with poison were blown back one by one.

The top cadres and the core cadres evaded one after another, but one core cadre still couldn't avoid it. A silver needle flew over his cheek, leaving a **** mark on his cheek.

In an instant, the core cadre felt his face numb and itchy, and felt that his head did not belong to him.

In the eyes of Li Tian and others, the face of the core cadre turned out to be like ignited cotton, which festered at a speed visible to the naked eye. Then, the whole body of the core cadre turned purple. The moisture on the body quickly disappeared, and even the hair began to fall out slowly.

This core cadre turned into a zombie!

That's right, the corpse poison that the poisonous lady fed on the silver needle was extracted from the body of the zombie.

The corpse poison almost instantly caused the core cadre to lose human consciousness and completely turned into a walking dead.

Li Tian couldn't help but sucked in a cold breath. He didn't expect the poison on this poisonous lady's body to be so powerful.

"Huh!"

"Huh!"

Li Tian controlled the "Red Zhan" to attack the other top cadres, while teleporting several times continuously, and appeared directly behind the poisonous lady.

The Poison Lady's pupils were enlarged, and there was an incredible expression on her face. However, this horror was only a flash. The Poison Lady did not turn around, but shook his long gown with both hands. There were more than a dozen silver needles. As his blue shirt flew backwards, he flew towards Li Tian, and then, the poisonous lady's legs slammed and flew forward.

With such a close distance, such a fast speed, such a poisonous silver needle, if Li Tian made a mistake, he might become a zombie just like the core cadre just now.

But Li Tian laughed.

Li Tian was waiting for the poisonous lady's move, and saw two air masses flew out of Li Tianshuang's palms, which was the already ready to go.

After Long Yin's head and drink, Li Tian deliberately began to focus on the practice of Broken Soul Palm, Xuantian Fingering and Qingyun. After half a month of hard work, Li Tian's Broken Soul Palm is now making progress.

Not to mention the poisonous lady, even if it is a level sixteen or seventeen zombies, I am afraid that it will not be able to withstand Li Tian's several soul palm attacks.

"boom!"

Broken Soul Palm turned the dozen silver needles directly towards the poisonous lady's back.

Although Poison Lady had flown seven or eight meters away, the violent explosive impact still blasted the Poison Lady's back. Poison Lady only felt a fiery pain from her back, but the pain only lasted. In less than a second, he was replaced by the numb and itchy sensation that followed.

"Silver Needle? No...impossible..." Poison Lady's hand began to tremble and stretched into his arms, but before he had time to take out the corpse poison antidote in his arms, Poison Lady's entire body was already Withered, the whole body turned into the color of zombies.

The Poison Lady, of course, was no exception, she became a primary zombie.

Li Tian's hand moved towards "Red Sword", and the "Red Sword" flew over suddenly, struck Poison Lady's head, and cut off Poison Lady's head.

Surprised!

Shock!

This Poison Lady is the highest cadre of the Rock Legion, a person who is superb with poison, even if the commander Gao Gang is polite to Poison Lady, but it is just such a few confluences that were killed by Li Tian, how can this not be allowed Others were shocked.

"This is the strength of the highest cadre in Panshi. You will show me this after waiting for a long time?" Li Tian said with a sneer.

"Li Tian...Don't be rampant..." Xie Ji said to Li Tian.

"Rampant is called rampant? If I tell you that the commander of the Holy Army of the Pilgrimage and the Holy Army died in the hands of my Li Tian, do you feel that I am even more rampant? If I tell you that I and Long Teng Li Tian's Long Yin Legion After a long tie, do you feel that I am so rampant that I am lawless?" Li Tian said with a sneer.

"This... how is this possible!"

Hearing Li Tian's words, Xie Ji, He Tian, and another core cadre involuntarily stepped back a few steps, and the core cadre even turned and fled towards Nanzhou City.

"Huh!"

A red light flashed, "Red Zhan" flew out suddenly, directly behind the man and cut a wound that was more than half a meter long.

This core cadre of Rock, die!

Chapter 3784: Can you let go?

Nanzhou, outside the city.

Xie Ji got up from the ground with difficulty, and there was a shocking wound on Xie Ji's back that was more than a foot long. At this time, there was still blood flowing out of the wound.

A dozen meters behind Xie Ji, He Tian stood there and did not disappear.

Seeing Xie Ji slowly getting up, He Tian's face showed a greedy expression, but this kind of greedy flashed past.

"Xie Ji, you are really powerful with sorcery. Even a hero like Li Tian is helpless. In the end, he will be confused by your sorcery. I heard that even the boss of Gaogang has been controlled by you with sorcery. Once? Tsk tsk, it's amazing! But I don't know if your sorcery can work on mine?"

Hearing He Tian's words, Xie Ji's face showed a trace of unhappiness, but this unhappiness was hidden by Xie Ji's painful expression.

What He Tian said was before Xie Ji had joined Panshi.

At that time, Xie Ji had used sorcery against Gao Gang, the commander of the Rock Legion, and Xie Ji wanted to use his body and sorcery to control Gao Gang firmly, so that she would become one person under ten thousand people. Woman.

It's a pity that Xie Ji didn't succeed. Instead, Gao Gang's tactics schemed Xie Ji to make a fierce shot and controlled her in Gao Gang's hands.

Since then, Xie Ji had no choice but to join the Rock Legion. Apart from gaining the false name of a top official, Xie Ji had nothing to do with Gao Gang. From time to time, Xie Ji would force her to use evil magic to help Gao Gang.

Evil Ji simply broke the jar and used her sorcery to continuously conquer the powerful men of the Rock Legion and other legions.

Not ashamed, but rather proud, Xie Ji actually regarded conquering men as her glory.

Over the years, the number of men conquered by Xie Ji has not been one hundred or eighty.

Although these men are not as dazzling as the commanders of the top ten legions, most of these men are powerful, and a few are even commanders of the second-rate legions.

And these men, after being conquered by Xie Ji, without exception, all joined the Rock Legion.

In the Rock Legion, there is even an evil girl skirt band.

In terms of touching Xie Ji's conscience, Xie Ji is definitely a beautiful woman, especially her sorcery, which can make many men want to die.

Therefore, being able to become a minister under Evil Ji's skirt is also the capital for those men to tout each other.

As for the core cadres and top cadres of the Rock Army Corps, some people have also coveted Evil Ji for a long time, but because of the existence of the high-steel army commander, they have never had the opportunity to be courteous to Evil Ji in Kyoto.

Among them is He Tian.

It's a pity that He Tian's face is really a lot of gutters, like a loess plateau washed by rain, so Xie Ji can't take any interest.

Therefore, when hearing He Tian's verbal provocation, all Xie Ji thought was that He Tian was mocking her.

"Xie Ji, you said that Li Tian has fallen into your witchcraft now. I am afraid that he will not be able to break free for a while. Why don't we do something meaningful! For example, let me see how powerful your witchcraft is. ?" He Tian said shamelessly.

"Humph!" Xie Ji snorted coldly, and walked step by step towards Li Tian who was already wrapped in plasma.

Li Tian's body is surrounded by a thick layer of blood plasma. Apart from the blood red color, the blood plasma is like crystal clear water droplets. Li Tian can be clearly seen through the plasma.

In the plasma, Li Tian closed his eyes tightly, as if it were a wax statue.

However, Li Tian was uncomfortable at this time.

Li Tian only felt that his body was hot and dry, his mouth was dry, and the blood in his body seemed to be boiling at this time.

Those women were female fairies at all, without any sense of shame, sticking to Li Tian one by one topless.

Li Tian wanted to rush out of the piles of women who were barely covered in shame, but he felt that he had been completely entangled by these women, making him completely unable to use his strength.

"Officials, I want!" The women kept rubbing Li Tian's chest and back with their sensitive body parts, and yelled into Li Tian's ears.

Men, if there is no response at this time, they are not men.

Li Tian is no exception, the little monk has entered a state of anger.

One of the female fairies reached out her hand and held Li Tian's little monk directly in his hand.

"The official man is mighty, why don't you do something to the slave family? If so, the slave family is not welcome!" The female fairy swallowed Li Tian's little monk into her mouth.

Li Tian, ever since he fell into this witchcraft, he has been trying to get rid of this witchcraft.

Without "Red Slash" and Nine Color Corpse Crystals, Li Tian could only meditate on Qingyun in his heart. Following Li Tian's silent meditation, the surging internal power of Qingyun was constantly surging with Li Tian's blood.

After the female demon suddenly grabbed Li Tian's little monk, Li Tian was so excited that he woke up at this moment.

A gust of righteousness gushed from Li Tian's body, and Li Tian raised his left and right hands and palmed the women around him.

It is not the palm of the Tathagata God, but Li Tian's best hand-broken soul palm.

"boom!"

A loud noise rang beside Li Tian, and Li Tian seemed to hit those women with his broken soul palm, as if hitting in a thick paste.

"Boom!" With the violent explosion, those enchanting women were blown into a pile of broken blood in an instant.

Blood splashes.

Li Tian opened his eyes abruptly, only to see that he had returned to the outside of Nanzhou City. There was a layer of slimy plasma on his body. There was no enchanting woman beside him. Only Xie Ji was standing in front of him. Clothes reached out and grabbed his little monk.

Xie Ji looked at Li Tian in horror, and muttered to herself: "Impossible! How can you wake up from my sorcery? I...I..."

"Can you let go?" Li Tian raised his eyebrows slightly, and said coldly to Xie Ji.

Facing Li Tian's angry sneer, Xie Ji released her hand subconsciously.

"Red cut!"

Li Tian roared at "Red Zhan", and then stretched out his hand to "Red Zhan" which was stuck in the ground in the distance.

"Wow!"

The "Red Zhan" flashed a red light, passed directly through the back of Xie Ji's head, drilled out of her eyebrows, and finally fell into Li Tian's hands.

Evil Ji's eyes are still full of incredible.

In Xie Ji's sorcery career, only Rock Legion Commander Gao Gang awoke from her sorcery, but that time she only sacrificed her body, and this time, Xie Ji gave her life. !

"This time, it's really yours!"

Chapter 3785: Black and white bears

After seeing that Xie Ji was instantly killed by Li Tian, He Tian turned around and fled towards Nanzhou City without any hesitation.

Li Tian's strength has exceeded He Tian's expectations.

If the poisonous lady's death was a fluke that Li Tian won, then Xie Ji's death was not a fluke.

In the Rock Legion, the one who can break free under the evil magic tricks of Evil Ji, so far is only the legion commander Gao Gang.

Now in Nanzhou City, there is also Captain Mo Feng, the highest cadre of the Rock Legion. He Tian hopes to join forces with Captain Mo Feng to kill Li Tian as soon as possible.

...

About less than 50 kilometers north of Nanzhou City, there is a small town called Tianshui Town. Before the end of the world, Tianshui Town was the most prosperous place in the neighborhood for dozens of miles. Every Monday, Wednesday and Friday, there is a market, and nearby farmers will take what they grow to the market to sell, and there will also be vendors from other towns and even counties who come here to do business.

At that time, along the main street of the town, farm vehicles and tricycles were parked everywhere on both sides. These carriages were stalls. Now, the streets of Tianshui Town still maintain their pre-apocalyptic appearance, but those agricultural vehicles and tricycles have basically become scrap iron knots.

After the end of the world, Tianshui Town became one of the strongholds of the Nanzhou Branch of the Agricultural and Commercial Association. With Tianshui Town as the center, the land within a radius of tens of miles was managed by this stronghold. This stronghold in Tianshui Town is responsible for dispatching zombie farmers nearby.

At this time, the wheat has matured, and most of the zombie farmers in the stronghold have entered the wheat field and started rushing to harvest the wheat.

But there are exceptions.

Several low-level zombies were dangling on the broad streets, and from time to time, these zombies would stretch out their paws for fear of hitting those iron bumps, and a few mice sprang out of those iron bumps.

The zombie quickly caught the mice, and then stuffed the mice into their mouths while they were alive, and chewed them with big mouthfuls. The blood and body fluids of the mice constantly flowed out of the mouths of these zombies, but these zombies did not. I don't know at all.

In the distance, at the end of the street, two men appeared.

It can be seen from the badges on the clothes of these two men that these two men are both members of the Rock Legion. That's right, these two men are Lin Lan and Bai Qiang, the top cadres of the Rock Legion!

Also known as the black and white bears.

Baixiong Baiqiang is a fat white man who is over 1.9 meters tall and weighs over two hundred kilograms. It can be seen from the bare skin that this fat white man is a bit whiter than a woman, and he wears a pair of black leather gloves on his fat palms and a pair of black high-waisted leather shoes under his feet.

From a distance, this Bai Qiang looked like a giant white bear with four black claws.

Bai Qiang stretched out his hand to block his forehead and glanced at the wandering zombies on the street from a distance. Then he raised his head and looked into the sky. Then he touched the sweat on his forehead and said breathlessly, "It is It's so **** hot! Black bear, you will do it in a while, and I will be so hot when I exercise a little!"

The man called the black bear by Bai Qiang is naturally Lin Lan. Lin Lan's height is not too short, he is 1.75 meters tall, but this Lin Lan is standing next to Bai Qiang, just standing with a child in front of an adult. How much difference.

If it weren't for Lin Lan's weight to be three hundred jins, and her dark skin was almost as good as Tang Xiaolong's, she would be like a child.

Lin Lan snorted coldly and said, "White Bear! If you dare to call me a black bear, believe it or not, I will pull your tongue out!"

Bai Qiang's white and fat face showed a faint smile, waved to Lin Lan, smiled and said, "I know, I know you are the highest cadre, so don't talk to me in this tone. Right? The people who do it feel uncomfortable. Aren't we good friends? Black bears?"

Lin Lan snorted and said nothing.

The zombies saw Lin Lan and Bai Fatty Bai Qiang, and immediately rushed towards them with their teeth and claws.

In the face of these zombies, neither Bai Qiang nor Lin Lan showed the slightest change in expression on their faces. They were still walking slowly from the end of the street towards the center of the street.

A distance of a few hundred meters, just tens of seconds, has already rushed over.

When the zombies were less than ten meters away from Bai Qiang and Lin Lan, they jumped up and rushed towards Bai Qiang and Lin Lan.

Bai Qiang stretched out his hand and pushed Lin Lan, as if pushing Lin Lan into the fire pit on purpose, blocking Lin Lan in front of him.

Lin Lan snorted coldly, and didn't see how Lin Lan did it. The zombies that were flying in the air just now fell apart and turned into pieces of broken corpses.

"Tsk tut!"

"Hei Xiong, they all say that you are the first sword of the rock. I didn't believe it before, but now I believe it. Your swordsmanship has reached a superb state. If you want to talk about swords, I am afraid that few people in China are your opponents. Now!" Bai Qiang said with a smile.

"You mean I'm cheap?" Lin Lan said with a sneer.

"How dare you, I'm just seeking truth from facts!" Bai Qiang said.

"Humph!"

While talking, Bai Qiang and Lin Lan had already arrived in front of the former government compound in Tianshui Town.

The sign of the government compound has been replaced by a sign that says the sweet water base of the South State Branch of the Agriculture and Industry Association. The government compound is completely different from the overgrown weeds on both sides of the street. The entire courtyard is neat and clean.

And the buildings behind the government compound have been converted into granaries.

At this time, Tang Feifei and Ouyang Shiqing were instructing some zombie farmers to load the harvested wheat into sack, and then transport the loaded grain into the granary.

Everything is progressing according to what Tang Feifei and Li Tian had agreed upon before. As long as a few days later, when the summer grains in the Central Plains Province are harvested, Tang Feifei can ask the zombie farmers to transport the grains back to Beitang.

Tang Feifei's face was filled with excitement, and now she felt that she was doing this extremely great thing.

"Housekeeper Zhou, even if you occupy the Agricultural Industry and Commerce Association, what will happen to the summer grains of Central Plains Province is still in my hands, Tang Feifei. When I bring these zombie farmers to Beitang, it is the establishment of the New Agriculture and Industry Association in Beitang. At that time, I will declare that the Beitang Agriculture and Industry Association is the orthodox association! At that time, I think people in the world will support me, Tang Zheng's daughter, or you betrayed butler!" Tang Feifei thought in her heart.

"Tsk tusk! The little princess of the dignified agricultural industry and commerce association, it is really surprising that the little princess of the dignified agricultural industry and commerce association did some gangsters!"

A sneer suddenly came into Tang Feifei's ears. Tang Feifei turned around abruptly, but saw that the two men had stood at the gate of the compound without knowing when, and the voice of sneer came from that Bai Bai From the fat man's mouth.

"Who are you?" Ouyang Shiqing stood behind Tang Feifei, looking at the two men warily.

Chapter 3786: Silly Maner vs. Double Bear (1)

"We? Hey, do you believe if we say that we are here to kill you?" Baixiong Baiqiang said. ,

After Bai Qiang finished speaking, he seemed to be amused by his own humor, with a smile that was not easily detectable at the corner of his mouth, and then said: "Believe it or not, I believe it!"

Ouyang Shiqing guarded Tang Feifei and kept backing away.

"Be careful, these two people are very strong. We are absolutely not rivals! You must remember to hide behind me in a while!" Ouyang Shiqing whispered to Tang Feifei.

Ouyang Shiqing is a zombie, and her current strength is less than a level twelve zombies, and she is definitely not the opponent of the black and white bears.

But because Ouyang Shiqing is a zombie, as long as she protects her head from being attacked, her body can be used as a shield for Don Feifei.

Seeing Ouyang Shiqing protecting Tang Feifei continuously backing away, Bai Qiang didn't care at all.

Bai Qiang continued: "It's getting hotter and hotter. Black bear, you can quickly clean up these two little ladies. We can go back to Nanzhou. Tsk tsk, I have already missed the body of Evil Ji. There is no army in Nanzhou Long, we can just relax!"

Speaking, Bai Qiang pushed Lin Lan hard, but Lin Lan took advantage of the trend and rushed towards Tang Feifei and Ouyang Shiqing.

This Lin Lan, weighing three hundred jin, was pushed by Bai Qiang, but it seemed to float past.

When Lin Lan floated towards Tang Feifei, his right hand was pressed on his waist, and a soft sword around his waist was drawn out with the shaking of his hand.

The blade of this soft sword is more than two meters long. With the addition of the hilt, it already has a length of nearly 2.5 meters.

This blade is long and soft, and it is extremely difficult to control it. Ordinary people don't say that they use this soft sword to cut people, and it is fortunate not to be injured by the soft sword.

However, the black bear Lin Lan can skillfully use this soft sword, and the speed of the black bear Lin Lan's sword is extremely fast. With a shake of his hand, the soft sword has been drawn out, and the tip of the sword has been pointed at Ouyang Shi. Love the eyebrows!

"Wow!"

The blade of this soft sword made a crisp sound in the air. Under the sunlight, the soft sword gave out a dazzling light, like a slender silver hairtail, constantly twisting and stabbing towards Ouyang Shiqing.

Ouyang Shiqing kept backing away, and her two arms had turned into two sharp bones, slammed into the soft sword.

"Crack!"

"Crack!"

After two consecutive beeps, the long bones of Ouyang Shi's love words were cut off by the soft sword like a carrot.

The broken two arms had no effect on the zombies, but it also made Ouyang Shiqing groan.

"Don't run away anymore, you can't run away!" Bai Qiang was already sitting in the shadow of a wall, fanning the wind like a puff fan, and said with ease.

However, as soon as the white bear's voice fell, a man wearing armor and holding an epee suddenly jumped from the barn.

The man was extremely majestic, and the heavy sword in his hand was cut down against the body of the black bear as if it was smashing Huashan.

The black bear Lin Lan was startled and shook his hand. The blade of the soft sword in his hand was like a spirit snake, rushing to the chest of the armored man.

"Chang!"

A metal crash sounded in mid-air, and the soft sword in Lin Lan's hand could behead the fourteenth and fifth-level zombies, but did not break the armor's defense.

Lin Lan was startled and leaped back quickly.

The heavy sword of the armored man almost wiped Lin Lan's face and cut it down, and fell heavily on the ground.

The armored man is naturally a silly man, Ouyangman. This Ouyangman's power is already strong. After jumping from a high altitude, coupled with the power of the epee in his hand, the weight of this sword is less than several thousand jin, and this epee Li Tian had personally experienced the destructive power of Li Tian, and when it fell on the ground, there was a loud noise immediately.

"boom!"

The heavy sword fell on the ground, and a large pit with a diameter of more than two meters immediately appeared on the ground.

Ouyangman, a silly man, wearing armor and a dazzling weapon, gently raised the heavy sword in his hand with one hand, pointed at Lin Lan, who was seven or eight meters behind, and said with a sneer: "If you want to move her, pass me first. !"

In the sun, the armor gleamed, and with Ouyang Man's spirit, it really smelled like a god.

The white bear hiding under the shadow of the wall saw Ouyang Man fall. The fat body was like a flexible lemur, jumping away, his legs touched the ground lightly, a white shadow He rushed directly to Ouyang Man.

Bai Xiong Bai Qiang, without any weapons in his hand, wrapped his chubby fist under the black gloves, and blasted Ouyang Man's chest with one punch.

fat!

But extremely fast!

It was like a white lightning, that Bai Qiang had already blasted in front of Ouyang Man almost instantly.

Silly Man'er sneered, and the epee in his hand moved the epee lightly, aiming at the fat white Bai Qiang.

Seeing that Bai Qiang's body was about to hit Ouyangman's epee, but Ouyangman's feet turned slightly, his body was like a top, making an incredible change and dodge Silly man's epee.

Then, Bai Qiang's fist fell on Ouyang Man's head helmet.

"boom!"

With a loud noise, Ouyang Man's body shook slightly, and he was almost knocked down by the punch, but Ouyang Man's body shook, and his head with helmet and armor returned to its original position.

The white bear was shocked, with an unbelievable expression on his face, but the surprise was only restored in an instant. Bai Qiang used his legs to force a forward somersault, and his body whirled two hundred and seventy degrees in the air. His two sturdy legs flew half a circle and slammed into Ouyang Man.

Ouyang Man held the epee in his left hand, supporting it on the ground, and then slammed a punch with his right hand, hitting that Bai Qiang's leg.

The white bear's legs and the silly man's iron fist intersected for an instant, and the white bear suddenly kicked a few feet towards the silly man's chest, and the silly man's body stepped back three or four steps before it stopped.

And that Bai Xiong Baiqiang took advantage of the momentum and threw a punch in the air, landing on the ground.

The black bear Lin Lan was about to rush up, but was pulled by the white bear.

It seemed that the white bear prevented the black bear from attacking the silly man, but Bai Qiang knew in his heart that it was just when his leg was fighting the armored man, he received a punch in the leg.

Although this punch did not cause his leg to fracture and hurt, it still made his leg almost unconscious and whizzing. If it weren't for him to pull into the black bear, it is estimated that he would be exposed!

"This armor man is really strong!" Bai Xiong thought in his heart.

Chapter 3787: Silly Maner vs. Double Bear (2)

Although the black bear didn't know that Bai Xiong's legs were numb, he could also tell from the expression on Bai Qiang's face that Bai Qiang might be uncomfortable at this time.

"White bear! Where did this armored man emerge from? I haven't heard of such a character in the heavens!" Black bear asked suspiciously.

Bai Qiang shook his head slightly and said: "I have never heard of it. I only know that Li Tian's first fierce general is called Tang Xiaolong. That person is the target of the iron monk, but he has never heard of this armored man. But the strength of this armor man is not weak, if we want to complete the task, we must cooperate!"

"Cooperation? How is the cooperation method?" Black Bear asked.

"After a while, you will be wrapped around the armored man, and then I will attack Tang Feifei and the woman. Once Tang Feifei falls into our hands, the armored man will be captured without his hands?" Bai Qiang said.

Lin Lan nodded and said, "Okay!"

When the voice fell, Lin Lan had already rushed out like a flash of lightning, and the soft sword in his hand made a "crash" sound, shining in the sun and stabbing at the silly man.

This long sword is more than 2.5 meters long, plus Lin Lan's arm length, and at a distance of three meters away, Lin Lan can already attack the silly man's body.

Although these soft swords could not break through the defense of Silly Man's armor, Lin Lan kept controlling the soft sword to attack Silly Man's eyes, which made Silly Man'er have to carry the heavy sword to block Lin Lan's attack.

And the white bear Bai Qiang, after seeing Lin Lan had entangled the silly man, his face showed a hint of joy, and after a short rest, he immediately ran to Ouyang Shiqing and Tang Feifei hiding behind the silly man.

Although Silly Man'er was a zombie, he knew where his mission was.

When he saw Bai Qiang rushing towards Tang Feifei and Ouyang Shiqing, Silly Man'er turned around and directly blocked Bai Qiang's path.

That Bai Qiang had already learned well, and he didn't dare to fight against Ouyang Man here. He just kept shaking his fat body, trying to get around Ouyang Man, but how could Ouyang Man give him such an opportunity.

Lin Lan sneered, and dropped Ouyang Man, the soft sword in his hand shook, and it had already pierced Ouyang Shiqing.

Ouyang Shiqing was not in a hurry to evade, the clothes on her abdomen were cut apart by the soft sword, and the skin on Ouyang Shiqing's abdomen was cut. The black mucus suddenly began to flow out from the wound.

"Sister Shiqing, are you hurt?" Tang Feifei said with a bit of heartache on her face, hiding behind Ouyang Shiqing.

"It's okay! I'm a zombie!" Ouyang Shiqing stretched out her hand to pull Tang Feifei behind her and said.

"drink!"

Ouyang Shiqing roared, and her two arms once again transformed into two sharp white bones, slamming towards Lin Lan.

"It's useless! Don't be in vain!" Lin Lan sneered, and the soft sword in her hand flicked. The soft sword was directly wrapped around Ouyang Shiqing's arm, and the tip of the soft sword was like a poisonous snake. It stabbed Ouyang Shiqing's neck suddenly.

"puff!"

A black hole immediately appeared on Ouyang Shiqing's neck, and the black mucus continued to flow out along the black hole!

"Wow!"

Lin Lan's arms flicked, and the sharp soft sword chopped Ouyang Shiqing's two arms like radishes. Randomly, the soft sword in Lin Lan's hand had directly slashed into Ouyang Shiqing's head.

"Danger!" Tang Feifei said in surprise.

But on the other side, after Ouyang Man repelled Bai Qiang with a sword, his body slammed and blocked Ouyang Shiqing.

The soft sword in Lin Lan's hand was directly like a rope, entangled Ouyang Man.

"White Bear! Hurry, it's now!" Lin Lan pulled the soft sword in his hand, and he was holding Ouyang Man like a bull!

Although Lin Lan's power is not Ouyang Man's opponent at all, but Ouyang Man wants to drag Lin Lan to move, his speed is obviously controlled, and at this time, Bai Qiang has rushed to Ouyang Shiqing and Tang Feifei.

"drink!"

Ouyang screamed fiercely, and pierced his heavy sword into the ground.

The scarlet rune burst out from the ground in an instant, and quickly appeared on Ouyang Man's epee.

"Huh!"

"Huh!"

Ouyang Man seemed to be panting, leaning down.

And those runes quickly occupied the entire epee.

Not only that, those runes have already begun to climb on the armor of Ouyang Man.

At this moment, Lin Lan felt that the armored man in front of him seemed to have become a **** dog from hell, and his whole body was filled with a powerful force.

And Ouyang Man's epee in his hand and the armor on his body, as if being burned by a blazing flame, began to continuously heat up in white.

"Wow!"

Ouyang roared fiercely and twisted his body. Then Lin Lan was dragged and ran by Ouyang Man before he could react. Ouyang Man waved the heavy sword in his hand and cut directly on the soft sword.

"Chang!" A long metal sound echoed in the courtyard, and with the sound of the impact, a powerful force was transmitted with the soft sword, Lin Lan only felt that his hands were already numb, almost unable to hold the soft sword.

"call!"

Ouyang leaped wildly and flew out with Lin Lan.

"boom!"

With a loud noise, Ouyang Man fell directly in front of Bai Xiong Baiqiang.

At this time, Bai Qiang had blocked Ouyang Shiqing and Tang Feifei by the wall, and the distance from Bai Qiang was only three or four meters.

Seeing Ouyang Man descending from the sky with Lin Lan, Bai Qiang's face involuntarily showed horror.

However, at this time, Bai Qiang had no retreat.

That Tang Feifei and Ouyang Poetry are close at hand, how could Bai Qiang shrink back.

Bai Qiang's legs tilted forward slightly, his feet rushed into Ouyang Man's head.

Facing the attack of the white bear, Ouyang Man seemed to be trapped in a crazy bull, without avoiding it, he opened his palm to meet the white bear's fist.

At this time, Ouyang Man's armor was already covered with scarlet runes.

"boom!"

Bai Xiong's fist hit Ouyang Man's open palm.

At this moment, the rune shone suddenly and became more dazzling.

At this moment, a hot temperature passed from the rune, and the white bear immediately let out a scream.

The scarlet rune like a soldering iron only refined the black leather gloves of the white bear in an instant. Even the white bear's fist was burned. There was already a scar on the fist, and a piece of skin was burned away.

"Hey!"

Silly Man'er gave a smirk, and rushed forward, reaching out and grabbing the arm that Bai Xiong hadn't completely retracted.

"Hey!"

It was as if the red-hot iron tongs grabbed Bai Xiong's arm, Bai Xiong let out a scream again, and the skin on his fat white arm that was grasped by Ouyang Man disappeared almost instantly.

"Wow!"

With a roar, Ouyang Man directly lifted the white bear weighing more than four hundred jin, and then threw it directly into the sky like a sandbag.

Chapter 3788: Silly Maner vs. Double Bear (3)

The body of the white bear was thrown out. ,

This silly man was originally born with supernatural power, coupled with this powerful power brought by the rune, this power can be imagined, the white bear has not been torn to pieces by the silly man, it is already a kind of silly man.

Seeing the white bear flying out, if the white bear can say: "I will definitely be back!" at this time, then the picture must be full of joy. The black bear Lin Lan shook his head abruptly, expelling this unrealistic idea from his mind.

Then, Lin Lan quickly retreated a few steps before abandoning the sword and fled!

At this moment, what is the use of a sword?

No matter how fast the fast sword against the stupid Lin Lan, how about it? What's the use of quickness if you can't break the defense of the silly man's armor? Moreover, at this time, the soft sword was already wrapped around the silly man's body, and it had already been refined by the runes on the silly man's armor, and the soft sword had been abandoned.

Lin Lan can only escape.

But how could the foolish man give Lin Lan a chance to escape?

I saw the silly man'er holding the epee in one hand and chasing Lin Lan in stride.

"drink!"

Silly Man'er screamed and shot the epee in his hand at Lin Lan's back like a spear.

"Wow!"

The epee seemed to be a meteorite with flames. It fell from the sky. Lin Lan didn't have eyes behind him, but the howling sound made Lin Lan shudder. Lin Lan leaped forward abruptly, and then rolled on the spot a few times before evading the attack of the heavy sword.

The epee fell on the ground, like a meteorite falling. A large pit with a diameter of more than three meters was smashed on the ground, and the land around the pit was already charred.

"How can this armored man withstand such a high temperature?" Lin Lan couldn't help but think about it.

At this moment, that silly man had already jumped over the big pit and landed in front of Lin Lan like a **** descending from the earth.

Lin Lan jumped up, still wanting to escape, but the silly man's iron fist with the flame of rune blasted towards the black bear Lin Lan.

Silly Man's speed was so fast that it surpassed Lin Lan's reaction.

The iron fist smashed towards Lin Lan's face. Lin Lan retreated quickly, but the silly man's fist was faster. No matter how Lin Lan avoided it, the silly man's iron fist was like a tarsal maggot. Pursue closely. Moreover, the iron fist was getting closer and closer to Lin Lan's face, and Lin Lan even felt the temperature on the iron fist.

Lin Lan couldn't avoid it, and could only use his arms to block his face.

"Boom!" With a loud noise, Lin Lan felt as if he had been hit by a high-speed train on his arm, and his body flew out at a low speed.

"Kacha!" Lin Lan felt that his arm was broken by the armored man with a punch at this moment, but the pain of this break was not obvious, and the more obvious was the burn on his arm.

It was the burn from the rune on the iron fist of that silly man's armor.

Lin Lan fell heavily to the ground. At this time, Lin Lan felt that both of his arms had lost consciousness. When he wanted to get up from the ground, those two arms also lost their support.

Lin Lan climbed up from the ground with difficulty.

However, the silly man'er had already leapt towards Lin Lan again.

Among Lin Lan's pupils, the stupid man's figure grew larger and closer.

At this moment, Lin Lan's legs showed an incredible expression, and she muttered to herself: "Impossible. The strength of this armored man has surpassed the level of eighteenth-level zombie. What about such a powerful existence? Could it be a member of the Celestial Realm?"

Want to escape.

Lin Lan suddenly discovered that his two legs seemed to be filled with lead blocks, and it was a delusion to want to move it heavily.

Lin Lan wanted to raise his arm and resist another silly man's attack, but his broken arm was shaking involuntarily at this time, Lin Lan seemed to have completely lost control of the arm.

At this time, Lin Lan's heart started to envy Bai Xiong Bai Qiang. If this armored man throws him away like Bai Qiang, then with Lin Lan's strength, although he may be injured, he escaped alive. It's definitely not a problem.

"No, you must escape, otherwise you will die!" Lin Lan thought anxiously.

However, that flaming iron fist had already arrived.

"No!" Lin Lan screamed in horror.

Silly Man's fist didn't stop because of Lin Lan's shouting, instead, it seemed to be accelerating, and it hit Lin Lan's chest heavily.

"puff!"

The iron fist pierced Lin Lan's chest, and directly blasted a half-foot-sized hole of blood in front of Lin Lan's chest. And this blood hole was immediately scorched by the hot rune, and there was a smell of burnt skin around him.

Lin Lan no longer felt the pain. He wanted to look down at his chest, but when he dropped his head, when he saw the wound on his chest, he no longer had the strength to lift his head and could only helplessly. Hangs down.

Lin Lan, die!

In the distance, in a residential house several hundred meters away, the white bear that fell from the sky and smashed the roof and landed on the ground did not die. At this time, he felt that his whole body bones were about to fall apart.

"Fortunately, there is this fat body, otherwise this time it must be dead!" After climbing up from the ground with difficulty, the panicked white bear walked to the window. Through the broken glass window, he just saw the silly man The picture of Lin Lan fisted to death.

"Guru!" Bai Qiang swallowed involuntarily in horror.

At this moment, Bai Qiang seemed to see that silly man suddenly glanced in his direction. Bai Qiang was so frightened that he hid behind the window and did not dare to poke his head out to see if the silly man in armor was facing his direction. Come.

Bai Qiang pricked his ears, listening to the wind and grass outside the window.

Fortunately, that silly man didn't walk in this direction, but slowly walked into the government compound.

Bai Qiang waited for another half an hour. Seeing that there was indeed no movement outside, he dragged his injured body and tried to find a direction to Nanzhou and escaped.

...

On the other side, the sudden appearance of Tang Xiaolong gave Xueji, Manzi and others the backbone. The members of the Rock Legion who had mixed into the East Sea City refugee group were arrested one by one, although these people knelt down and begged for mercy, hoping to be Live, but the begging did not exchange the mercy of Tang Xiaolong and others, without exception, these people were directly beheaded.

Less than a hundred meters away from this refugee team, under the shade of a row of poplar trees, a man in his thirties holding a sniper rifle said with disdain to a bald man sitting on the ground cross-legged. : "Iron Monk, why? Don't you save those people? They are all members of our Rock! Don't your monks take compassion as their heart?"

Chapter 3789: Tang Xiaolong vs. Iron Monk (1)

The iron monk folded his hands together, looked up at the red sun, and said, "Everything is unsuitable today, it cannot be saved! It cannot be saved!"

The man holding the gun is naturally Xin Yu. .

Xin Yu can become the highest cadre of the Rock Legion as a gunman. It can be seen that his marksmanship is good, and if he can become the highest cadre, then his skill is probably not weak.

Hearing the Tie Monk's answer, Xin Yu's face showed a disdainful expression and said: "Cut! I really don't understand, you are not a monk, and you can be indifferent to this kind of thing! Your name is not bad. Monk, he is really hard-hearted!"

"It's a pity that there are two beauties in it, they are really violent!" Xin Yu couldn't help shook his head as he said, with a look of regret on his face.

Is Xin Yu that kind of bodhisattva heart? Not at all, a person who can become the highest cadre of the Rock Legion has at least a few hundred lives under his hand, otherwise, why should he stand in the Rock Legion.

Xin Yu was only distressed by those beauties who were executed, so he encouraged the iron monk to save those people.

The Iron Monk shook his head slightly and said, "No, no!"

"The Buddha said: I don't go to hell, who is like hell. But I'm not a Buddha, so I'll go to hell! I joined Rock, just wanting to eat a bite of food, I can't throw my life in just because of a bite of food! "

This iron monk entered the world before the end of the world and made a living from boxing. He was once the most famous monk in the country. However, the strength of this iron monk before the end of the world can only be described by ordinary people. Even if he fights professional boxing, it is a mixed result. , More often, those media are hyping his monk status.

After the end of the world, the iron monk awakened a power by chance. Every time he performed the power, the body of the iron monk turned into steel, invulnerable to swords and spears, just like the lost iron cloth shirt of Shaolin Temple. Somewhat similar.

It is with this ability that the Iron Monk can rank among the highest cadres of the Rock Legion.

"Tsk tsk, it's a high-sounding reason! Could it be that you are afraid of Tang Xiaolong and others? If you want to say that you are really afraid, this is not a shame, after all, Tang Xiaolong, Barbarian and others are very powerful!"

With that said, Xin Yu directly raised the sniper rifle in his hand in a standing posture, and aimed at the crowd through the scope of the sniper rifle.

Xin Yu slowly scanned Tang Xiaolong, Manzi, Xue Ji and others in the distance. At this moment, the figure of the captain entered his scope.

At the moment he saw the captain, Xin Yu's eyes seemed to be a hungry wolf seeing the fat sheep, his eyes lit up involuntarily, and an inexplicable fire in his heart had already begun to burn.

"Punctual!" Xin Yu commented to the captain in his heart.

The brigade is long and waist-length, and the appearance on her face is only slightly more mature than when she was a primary school student, and her figure has been completely elevated, completely looking like a bud in bud, different The captain is just a zombie.

For Xin Yu, who likes this bite, the captain is so inexplicable.

Xin Yu couldn't help but licked his lips with his tongue, thinking quickly in his heart how to get the captain.

By the side of the captain, the barbarians are almost inseparable, and Tang Xiaolong, Xue Ji and others are not far away from the captain, and in the sky, Xiao Tianyi is still patrolling back and forth riding a mutant bat.

At the forefront of this team are Shelipuding and He Zhizhuo, but compared to Tang Xiaolong and others, these two people can be described as being silent.

"Monk, if you don't do it, I can do it? After all, we are eating the meal of the Rock Legion. If we don't do it today and let these people escape to Beitang, then the two of us will not have a good relationship in front of the legion commander!" said So, Xin Yu didn't wait for the iron monk to answer, raised the sniper rifle in his hand, and shot the barbarian.

With a loud "bang", the barbarians a few hundred meters away collapsed.

The sudden coming of the gun ***** and the barbarians who fell to the ground immediately made the refugees who rushed here from Donghai City panic.

"Someone attacked, all squatted down!"

"All lying down!"

At this time, those members of the Fire Corps played a key role, greeting the refugees either squatting on the ground with their heads in their arms, or crawling directly on the high road.

For a moment, a piece of black squatted down on the high highway.

Xin Yu slapped his tongue: "It's a ***** shame that I didn't hit the man with the knife at the point! Monk, just watch me kill all those who rushed over with a sniper rifle, just in case, I said that if someone can rush over, you can be responsible for protecting me!"

Speaking of Xin Yu, he shot several consecutive shots and brought down several cadres of the Agni!

...

The captain looked at the barbarian who fell on the ground, and his eyes instantly turned crimson.

"It's okay, my barbarian has a great fortune. This gunman is not even worse than Bai Jing and Xueji. He just pierced one of my arms. It's not a fatal injury." The barbarian endured the pain. Instead, he comforted the captain.

It was just a bit of skin trauma, which was of course not a major problem for the barbarian, but the captain quit.

The captain stretched out his hand and touched the blood on the barbarian's wound. He went crazy and rushed to Xin Yu's direction like crazy.

Seeing the captain rushing over, Xin Yu's face turned out to be a triumphant expression, and said with a wicked expression: "Kaman Beibi, I'll let you know how powerful Xin Yu is!"

The barbarian stood up abruptly, carrying the knife and chasing the captain, but as soon as he stood up, the sniper rifle sounded again, but this time, the bullet was directly cut in half by the barbarian with the Qinglong knife and fell on the ground. .

At this time, the snipers of the Fire Corps and Xue Ji, the number one sniper in the heavens, had already held their sniper rifles and started shooting at Xin Yu.

The shooting skills of several snipers of the Fire Legion were average, but Xue Ji's shooting skills were already superb, and it was not worse than Xin Yu.

Suddenly, the intensive gunfire suppressed Xin Yu behind a big tree, completely afraid to raise his head.

It was the iron monk who was not afraid at all, and slowly stood up, holding an iron rod in his hand in one hand, as long as the bullet flew towards him, he immediately picked it up with the iron rod in his hand.

However, Iron Monk occasionally missed, and the bullet slid over the iron rod and flew toward his body.

"boom!"

The bullet fell on the iron monk's body, there was a clear gunfire, and then the bullet turned into a flat shape and fell to the ground.

All the snipers including Xue Ji were shocked!

"This... this guy is invulnerable!"

Chapter 3790: Tang Xiaolong vs. Iron Monk (2)

For a while, everyone stopped shooting and looked at the iron monk under the shade of the tree in horror.

But the iron monk held an iron rod and made a very provocative action at Tang Xiaolong and the others. The action seemed to say: "Although let go, let me see what kind of skills you have. !"

For ordinary people, invulnerability can already be equivalent to immortality, such people simply can't pay.

But for Tang Xiaolong, Manzi and others, invulnerability is relative.

Just like those high-level zombies, ordinary swords and spears are helpless, but for barbarians and masters like Tang Xiaolong, it is normal to kill them with one blow and smash them into scum.

"Hey! Invulnerable? Interesting!" Tang Xiaolong's face showed a trace of long-lost excitement.

Tang Xiaolong's ten-fold training is reflected in the fact that his body has almost invulnerable effects, and he can meet an opponent who is basically similar to him in the vast crowd. How can this not make Tang Xiaolong excited.

"I will meet that monk!"

Tang Xiaolong roared, leaped sharply, and jumped onto Sanghu's back, and then with his legs clamped, he rode Sanghu enclave towards the iron monk.

Sanghu's speed was extremely fast. Even if he was carrying a Tang Xiaolong, his speed did not slow down at all. Even if the captain rushed out a few seconds before Tang Xiaolong, the Sanghu under Tang Xiaolong's crotch had already caught up with the captain.

"Captain, go back and take care of the barbarians, these two people will be handled by me!" Tang Xiaolong shouted to the captain.

Tang Xiaolong was Li Tian's brother before the last days, and his status in the entire heaven was very lofty. Although the heaven legion did not have a deputy commander, Tang Xiaolong was actually the deputy commander.

It's just that Tang Xiaolong likes to fight and doesn't care about these false names.

Now that Li Tian is not there, Tang Xiaolong's words are equivalent to Li Tian's words, and Tang Xiaolong's strength has convinced the captain.

The captain said to Tang Xiaolong, "Brother Xiaolong, I want to shoot and attack my barbarian with one arm to compensate my barbarian!"

"Hey, this is natural, not to mention an arm, even his head is not as valuable as a finger of my barbarian brother!" Tang Xiaolong said.

Hearing Tang Xiaolong's words, the anger in the captain's heart also disappeared a lot, and at this time, Xiao Tianyi was already riding a mutant bat hovering high in the sky, and the captain was more relieved.

Xiao Tianyi was thinking about going to Nanzhou City, but Tang Xiaolong roared back.

Li Tian's order is for all members of the heavens to ensure that these hundreds of thousands of people reach Beitang safely, and no one can leave their posts without authorization.

Xiao Tianyi had to come back.

The captain stopped, turned and walked toward the barbarian.

Xin Yu over there, seeing that the captain had already rushed towards him, was immediately exasperated, feeling that good things were about to come true. But at this moment, he saw the black monkey rushing over riding a mourning tiger.

This was nothing at all, anyway, Tang Xiaolong came over and the Iron Monk had to deal with it. Sooner or later, the captain would still be Xin Yu's food.

But when a **** black monkey didn't know what he said to the captain, the captain turned around and walked back.

This made Xin Yudun feel that he had worked hard but was destroyed by Tang Xiaolong. Shi raised the sniper rifle in his hand angrily, and shot Tang Xiaolong who was riding on the tiger in a row.

"boom!"

"boom!"

"boom!"

Three shots in a row.

The first shot was shot too hastily, and the trigger was pulled before aiming, and the bullet flew directly. Then the two shots of Xin Yu were aimed at Tang Xiaolong's eyebrows.

The bullet screamed and flew towards Tang Xiaolong, Tang Xiaolong let out an anger, and directly blasted the two bullets with his iron fist.

"boom!"

"boom!"

Two consecutive punches hit the bullet, directly squashed the bullet and landed on the ground.

"Hey, let the horse come here!" Tang Xiaolong stretched out his hand and waved to Xin Yu and said.

"This black monkey Tang Xiaolong should have such a powerful strength, I am afraid that only Iron Monk can be Tang Xiaolong's opponent!" Xin Yu thought in his heart.

At this time, Tie Seng's eyes had been tightly locked on Tang Xiaolong.

He knew why he was upset today. It turned out that today he was going to meet Tang Xiaolong, who also possesses the incorruptible body of King Kong.

When the brave meets on a narrow road, the brave wins, but now the iron monk no longer shrinks.

After seeing Tang Xiaolong beckoning to Xin Yu, the flames of war in the iron monk's heart rushed.

In an instant, the iron monk's body was full of fighting spirit.

war!

The corner of the iron monk's mouth went out with a sneer, holding the two-foot-two iron rod in his hand, striding towards Tang Xiaolong.

call!

call!

The sound of the wind kept ringing in his ears, watching the iron monk rushing towards him, Tang Xiaolong's heart was also soaring to the sky.

Tie Monk and Tang Xiaolong walked towards each other, and the distance between the two was shortened instantly.

A hundred meters is only a few seconds.

In an instant, the distance between the two was less than 30 meters.

"Good job!"

Tang Xiaolong violently jumped up from Sanghu's body, stepped on Sanghu's back, and flew directly towards the iron monk, while the iron monk's left and right legs stepped back and forth on the ground, and the body flew likewise. stand up.

"Eat me with a stick!" The iron monk swung the iron rod in the air for a circle, and then slammed the stick with both hands at Tang Xiaolong.

Tang Xiaolong in the air didn't flinch, and threw a punch at the iron rod.

The iron fist and the iron rod intersected, and there was a loud bang.

Under Tang Xiaolong's punch, the iron rod was directly hit and bent like soft noodles.

The iron monk seemed to have expected that his iron rod would not cause much harm to Tang Xiaolong. The moment the iron rod hit Tang Xiaolong's iron fist, the iron monk gave up the iron rod, and left and right fists were simultaneously hit Tang Xiaolong.

Tang Xiaolong's punching movement was not slow in the slightest, after one punch blasted the iron rod, he also blasted seven or eight punches continuously.

"boom!"

"boom!"

"boom!"

Iron Fist confronted Iron Fist, and dozens of punches blasted in a row. Iron Monk's iron fists were all blocked by Tang Xiaolong's forehead iron fist. For a while, Iron Monk and Tang Xiaolong fought equally.

"Hey!"

Tang Xiaolong's face became more and more excited.

This iron monk not only has a body that is impenetrable, but also that strength is not weak. Almost every punch has a gravity of four to five thousand catties.

"boom!"

After another punch, the iron monk saw that a flaw suddenly appeared in Tang Xiaolong's attack, and he directly hit Tang Xiaolong's chest with a punch, and Tang Xiaolong's mouth showed a sneer at the same time and punched the iron monk. Chest.

"boom!"

Tang Xiaolong felt that the iron monk's punch actually had a power of nearly seven or eight thousand catties. This huge force drove Tang Xiaolong back more than ten steps and then stopped, but the iron monk was directly punched by Tang Xiaolong. Boomed and flew out.

"It's so strong! The power of your fist is probably a million pounds! What a formidable opponent!"
Thought the iron monk.
