Chapter 3821: Void Meeting (2)

"Yes, there is also my army of Sakura, in front of the big things, I still have my own judgment!" Duanmuying said.

"Our Bounty Hunter Association is not a matter of right and wrong. Our Bounty Hunter Association fully sees and admires the behavior of Mr. Mu's army. In this matter, our Bounty Hunter Association will never I won't question the old army commander if I'm embarrassed!" said Elder Gu Liang of the Bounty Hunters Association.

Mu Yunlong slowly opened his eyes and said, "I know, I am afraid that everyone here will not object, but what about the Rock Legion? What about the Flamingo Legion? And the Hall of Heroes Legion? These three are behind. Since the area under the jurisdiction of the small-action legion is bordered by the area under the jurisdiction of the Army Soul Corps, will they agree to our Army Soul Corps to replenish its strength?"

In fact, privately, these legions have continuously expanded their power, especially after the pilgrimage and holy legions dispersed, the strength of these three legions has been greatly developed.

However, what this old man did was something that was reasonable for mankind and the country. If Mu Yunlong was asked to do something sneaky, then Mu Yunlong would definitely not agree.

This is where the problem lies.

Huangfu Kunpeng, who has not spoken all the time, said in a bit angrily: "Old legion commander, no matter what the birds are, why should our army soul legion act like this? Our legion can also learn from the black dragon legion, learn from the dragon legion, and directly yourself Just draw an area and manage yourself well, why bother to do those thankless things?"

"You shut up! Didn't you hear what the Tyrant Legion Commander and Duanmuying Legion Commander said? Couldn't they see the contribution our Army Soul Legion made to this country?" Mu Yunlong reprimanded Huangfu Kunpeng.

This is obviously Zhou Yu's play of Huang Gai, and everyone here can naturally see it.

However, Mu Yunlong is going to use this scene to tell everyone here that the Army Soul Legion is already struggling to cope with it. If you don't express your position and don't support the Army Soul Legion, then our Army Soul Legion will really just quit.

"Grandpa, if you have any concerns, just tell them directly. My Celestial Legion will definitely stand by Grandpa's side." Li Tian said.

"That's right, you can tell the old army commander, our Sakura Legion will also unswervingly support the Army Soul Legion!" Duan Muying said.

Hearing what Duanmuying said, Mu Yunlong couldn't help showing a smile on his face.

Sure enough, she is a good grandson and daughter-in-law.

The tyrant Gao Gang chuckled and said, "Mu Yunlong, my son Gao Bi, oh, my previous name was Gao Shuai. Your old army commander met him. Now he is following Li Tian, since the Li Tian

brothers are so supportive. You, then there is no reason for my Black Dragon Army not to support it! Just tell me what to do!"

Speaking of this, the tyrant Gao Gang's sight slowly swept past several elders of the Bounty Hunter Association and Feng Yu Tong Cheng Liu Feng's army commander.

But Liu Feng's sight did not come into contact with the tyrant Gao Gang, but fell on the elders of the Bounty Hunter Association.

Wu Lao of the Five Lao Club of the Bounty Hunter Association is not there, and everyone is looking forward to the head of Gu Liangan.

Several elders sat together, discussed in a whisper, and reached a consensus.

Gu Liangan coughed softly and said, "Although the army commander Mu will replenish his troops, our Bounty Hunter Association is willing to support the spirit of the army."

Everyone's attention fell on the head of the army of Feng Yu Tong Cheng, Liu Feng.

Then Liu Feng slowly stood up and said, "To tell you the truth, this Fengyutongcheng Army Corps has been a branch of the Army Soul Corps from the beginning of its creation!"

"what"

Seeing Mu Yunlong nodded slightly, he has confirmed what Liu Feng said. Except for Li Tian, almost all of the people present showed a surprised expression.

Although they had been speculating about the relationship between Liu Feng and Mu Yunlong before, they never thought that Fengyutongcheng was a branch of the Army Soul Corps.

Duanmuying looked at Liu Feng, the cowardly commander of the ten most cowardly army regiments in Kyoto, with an expression of disbelief.

The elders of the Bounty Hunter Association and the tyrant of the Black Dragon Legion Gao Gang all thought quickly in their hearts that Liu Feng's words were really purposeful.

"The reason why Liu Feng came up with this situation is to tell everyone that the Army Soul Corps has no ambition to dominate and dominate. Otherwise, as early as three years ago, when the Army Soul Corps was founded, it had already done so. ! And in the past three years, the Army Soul Corps has been fighting with the tide of zombies, and my storm and the same Cheng Corps rarely intervene in other things. Now, since the old commander has already dealt with the Rock Corps and the Flamingo Corps The Army of Heroes is dead, so it is also my Liu Feng, and it is time for us to make a decision with the Army of Cheng."

"Now, I announce that I have officially returned to the Army Soul Legion!" When Liu Feng said these words, he seemed to vent his anger, and the whole person seemed extraordinarily energetic. .

The faces of the elders and tyrants of the Bounty Hunters Association, Gao Gang, did not have much surprise.

They know the relationship between the Army Soul Legion and the Celestial Realm. Before the meeting, they had thought that the so-called supplementary force of the Army Soul Corps should be merged with the Celestial Legion. At best, they were gaining the full support of the Sakura Legion and gaining their several legions. With the support of the Association, the merger of this corps is a real deal!

"In fact, I don't need to say that, presumably, the intelligence department of the legion and association of all of you here has already underwritten the detailed information of the alliance between the Rock, the Flamingo and the Hall of Heroes. It's just that you all suffer from no direct evidence. The three legions have eaten the pilgrimage and holy legions, and are now walking with the agricultural and industrial associations. These legions are the first to break the rules of survival, and they have to impose the unreasonable charges of undermining the unity of mankind on Li Tian."

"We must first settle the internal troubles. If the internal worries are not eliminated, how can we deal with the external troubles? If these legions are allowed to act arbitrarily, then the country will be plunged into chaos without the three corpses. From now on, our Celestial Legion declares peace. The Soul Army unites the alliance, the Celestial Legion is dispatched by the Army Soul Legion!" Li Tian also said.

Duanmuying did not hesitate, and said: "Presumably everyone knows the relationship between Li Tian and Li Tian. I am Li Tian's woman, and the Celestial Realm and the Sakura Legion are like the Husband and Wife Corps. Since the Celestial Realm is allied with the army soul, then I Sakura Naturally, the army will also form an alliance with the army soul!"

The tyrant Gao Gang smiled and said, "Although I also support the Li Tian brothers, I want to see the sincerity of the Mu Lao Army?"

The meat show is here!

Chapter 3822: Chaos in the city

When Li Tian and others were still in the void meeting, the man who saved the rose still couldn't help the temptation of the corpse crystal. He came to the Rock Legion and told the matter to Gao Gang, the commander of the Rock Legion.

After listening to the man's words, Gao Gang was shocked.

If what Rose inferred is true, then the alliance of the Legion such as Panshi will be strongly counterattacked by the alliance of the Legion such as the Soul of the Army.

"Where is the rose? Where is she now?" Gao Gang now urgently needs this Rock's general staff to advise and ask.

The man's face was panicked, but soon he covered it with a trace of sadness, and said: "Master Rose is dead after saying these words..."

"What?" Gao Gang stood up abruptly, some not daring to believe his ears, and said: "You said the rose is dead? How is this possible?"

Under the pressure of Gao Gang, the man shivered involuntarily, and said, "Gao...Master Gang, the villain dare not lie, Master Rose was forced to blow himself up by Li Tian and deceived Li Tian. He was already alive. I'm dying, I should rest in peace, but Master Rose has a heart for the Rock Legion. In order to report these things to the Legion Commander, he did not hesitate to exhaust the last bit of energy in his life!"

The man hadn't finished speaking yet, it felt like a black shadow flashed in front of him, that Gao Gang had already arrived in front of the man.

Gao Gang suddenly reached out and grabbed the man's cranium, and he lifted the man up.

"How did Rose die? You recruited me truthfully?" Gao Gang's right hand pressed slightly.

"what!"

This could not withstand the strength of Gaogang, and involuntarily let out a scream.

At this time, the man's face was full of panic and pain.

But this man knew that if Gao Gang knew that he raped and killed Rose, I am afraid he would not die even if he had a hundred lives!

"Legislative... Master, then... Rose really died of exhaustion after blew up, I can swear to God, please forgive me, I don't want to reward! I don't want to reward anymore. Please let me go!"

At this time, a deputy commander of the Rock Legion named Gao Hu walked out and persuaded: "Leader, Head of the Rose will risk his death and let this man pass back such important information. We cannot continue to entangle the cause of death of the Head of Rose. Now our top priority is to immediately notify the Flamingo, the Hall of Heroes, and the Association of Agriculture and Industry. Discuss with them to deal with Li Tian!"

"The Celestial Realm, Army Soul, Black Dragon, Fengyu Tongcheng, Bounty Hunter Association, and Sakura Legion. These legions seem to be stronger than the alliance of our several legions. However, the Celestial Realm is in the northwest, the Black Dragon in the northeast, and the Army Soul in the southeast. Only the headquarters of the Bounty Hunter Association, Feng Yu Tong Cheng and the Sakura Legion are in this city. However, the waste group such as Feng Yu Tong Cheng and the Bounty Hunter Association can directly ignore it. Only the Sakura Legion deserves our attention. But we, Rock, Flamingo, Hall of Heroes, and the Association of Agriculture and Industry are all in Kyoto, and now we have an absolute advantage! No matter whether the Rose General Staff's guess is right or wrong, we will keep doing it, so it's better to take this opportunity. Destroy the Sakura Legion first!" said Liu Long, another deputy legion commander.

Gao Gang released his hand and threw the man to the ground with a hideous expression on his face. The muscles on the corners of his mouth kept beating slightly, and his eyes gradually showed fierce light, and said, "Okay! Don't do anything. Two endlessly! Since Li Tian is dedicated to death, then we will fulfill them. First attack the Sakura Legion, and then deal with the two wastes of Fengyutongcheng and the Bounty Hunter Association!"

The man who fell to the ground wanted to escape, but was chopped down to the ground by the deputy commander named Liu Long.

"It's better to kill by mistake than to let it go. You are the last person to see the Rose General Senate. Even if the death of the Rose General Senate has nothing to do with you, you must die!" Liu Long said grimly.

Gao Gang strode forward to the desk, picked up the phone, and dialed a number. When the call was picked up, Gao Gang only said a simple sentence: "Hands! Target Sakura Legion!"

...

Soon, the residents of Kyoto City realized that the situation in Kyoto City was a bit bad. The gates of the city walls of Kyoto City were sealed off in broad daylight to prohibit anyone from entering or leaving.

This is the first time this situation has been encountered since the establishment of the new Kyoto City more than three years ago.

These Kyoto City residents keenly discovered that the Kyoto City coalition forces had a civil strife at this moment. To the surprise of those residents, many coalition forces were directly arrested.

Immediately afterwards, from the headquarters of the Rock Legion, the headquarters of the Flamingo, and the headquarters of the Hall of Heroes, a team of about 100 people came out. Although these people are composed of the core cadres of each legion, the number of teams is very small, but the combat effectiveness is very high. powerful. Each of these people armed with weapons, drove fiercely towards the Sakura Legion.

Seeing those convoys racing through the streets, the sky over Kyoto City was immediately covered by this tense atmosphere.

When the company composed of these core cadres was about to arrive at the headquarters of the Sakura Corps, the Kyoto City TV station had been controlled by other members of these coalition forces.

The TV station immediately announced Li Tian's several major crimes in the name of the coalition forces, convicting Li Tian of undermining the great unity of mankind.

In the name of the coalition army, the commander of the High Steel Corps of the Rock Legion asked all the first-class and second-rate legions in Kyoto to join the coalition, and the Celestial Realm and Sakura Corps with Li Tian as the core launched a crusade.

As soon as this TV station broadcasted this message, the entire city of Kyoto was immediately fried.

It can be said that the city of Kyoto is completely plunged into chaos.

The first to appear is the wave of buying.

Residents of Kyoto City rushed to major shopping malls and supermarkets to start buying daily necessities and food.

However, at this time, the Agribusiness Association declared a state of emergency, and all the food supply points of the agricultural business association that sold grain to the outside world were suspended.

Food is the most important thing for the people, and the Association of Agriculture and Industry suddenly announced that this has aggravated the panic among the residents of Kyoto City.

The city of Kyoto is completely chaotic.

Smashing, looting and burning began to appear, and the coalition forces in Kyoto City did not stop these things from happening, but seemed to have acquiesced to this phenomenon.

The TV station kept rolling broadcast news about Li Tian's destruction of human unity.

Three city tigers, this lie three times is the truth. The continuous rolling news of the TV station immediately made Kyoto residents who do not know the truth hate Li Tian!

"It's over, it's over! Our days of peace are over!"

"Damn Li Tian, you are still not satisfied when you are the king of the Northwest, and you want to form gangs to destroy the unity and stability of mankind!"

"When Li Tian destroyed Nanzhou City, I saw his ambition. He was a ***** thing. Now we have to support the coalition forces."

Chapter 3823: Besieged and attacked (1)

The headquarters of the Sakura Legion.

Situ Ningbing stood in Duanmuying's office, looking at the street through the huge floor-to-ceiling windows.

"It's really weird. Since half an hour ago, the traffic has only been getting less and less. Now this bustling main street has not passed a car for several minutes." Situ Ningbing said.

At this moment, the door of the office slammed and was suddenly pushed open from the outside.

Opening the door and rushing in was a girl named Lanlin who seemed to be 27 or 18 years old. She was an assistant to the commander of the Sakura Legion Duanki Sakura. The owner of the Sakura Legion is not lost to the deputy commander. Right, and Lan Lin has a close relationship with Duanmuying, and she is more like a sister in the legion, so she dared to open the door directly in an emergency.

"Army...Leader..." Lan Lin shouted as he opened the office door.

However, Lan Lin pushed open the office door and quickly scanned the office, only to find that there was no figure of Duanmuying or Li Tian in the office. She couldn't help but looked at Situ Ningbing with some caution.

Lan Lin maintained a minimum of calm. She knew that the woman in front of her was the same as Duanmuying, who was also Li Tian's woman. Duanmuying also called this woman Sister Ningbing, so although she was confused, Lan Lin was not rude: "Duanmuying Army Commander and Master Li Tian, how about you? I have an urgent matter to report to the Army Commander!"

When Situ Ningbing saw this blue forest, combined with her seeing that there were fewer and fewer vehicles on this street, she guessed what might have happened, and immediately said, "What happened? It's the same as me! "

Without hesitation, Lan Lin said to Situ Ningbing, "About half an hour ago, our Sakura Corps headquarters lost contact with the outside. At first, the signal from the TV station could not be broadcast, and then even the phone could not be dialed. After testing, we found that there was no problem with the line at our headquarters, and the two groups of people I sent out to investigate only one person was injured and escaped."

"That person... that person said that a few blocks near the headquarters of our Sakura Legion have been sealed off, and everyone can't get in at all! But the people who blockade are the core cadres of Agni, Rock and Heroes Hall!" Lan Lin said .

Situ Ningbing immediately rushed to Duanmuying's desk and reached out and picked up the fixed telephone. As expected, there was no signal on the phone.

Although I don't know what happened, Situ Ningbing also knew that it might not be good, so he couldn't help but said angrily, "Why don't you report such an important thing earlier?"

Na Lan Lin was reprimanded by Situ Ningbing, but did not show a trace of anger, and said: "I made a mistake in my judgment. I mistakenly thought that there was no TV signal because the Kyoto TV

station was under maintenance, and when I found out that the phone could not be dialed out, he did it. I advocate sending someone to investigate!"

"Young Master Void, report what happened here to Li Tian!" Situ Ningbing said to Void Yasha.

As soon as Situ Ningbing's words fell, there was a loud "Boom!" outside the window. With this loud noise, the glass window shook suddenly, and even Situ Ningbing was clean to the floor below her feet slightly. It shook a bit.

Situ Ningbing rushed to the glass window, looked into the distance from the window, and saw the wide street going east-west. There were more than a dozen tanks on each side of the street. These tanks continued to move in the direction of the Sakura Army. Behind the tank, followed by dozens of cars, were slowly advancing in the direction of the Sakura Army.

With a few hundred meters away from the headquarters of the Sakura Legion, the cars had completely stopped, and the tank urgently needed to advance, continuously releasing shells and blasting towards the headquarters building of the Sakura Legion.

Several artillery shells fell in the building of the headquarters building of the Sakura Legion, causing a violent explosion.

The whole building shook violently, and the glass windows shattered completely in almost an instant.

The headquarters of the Sakura Legion was attacked!

In almost an instant, a dozen figures rushed out of the broken window, and after falling on the ground, they immediately rushed towards the tanks.

"Da da da!"

"Da da da!"

The sound of machine guns on the top of the tank, and the sniper guns of the gunmen behind the tank continued to sound in this empty street.

The dozen or so people just rushed out, before they rushed to the tank, they were sieved by bullets.

Even one of them was hit by a shell from the tank, and his body was fragmented before it hit the ground.

"Boom Rumble"

The roar of helicopters was heard in the distant sky, and a dozen armed helicopters appeared in the sky soon.

"Rock, Flamingo, Hall of Heroes, Temple, Creation, South Chu... Why are so many legions suddenly attacking the headquarters of the Sakura Legion?" Lan Lin's eyes were full of unbelievable questions.

Although Lan Lin knows that the undercurrent of Kyoto City has been surging recently, especially the frequent contact between the Rock, Flamingo and Heroes' legions, why is it that even the first-class legions such as the Temple, Creation, and Southern Chu will also respond to the Sakura Legion Launch an attack.

"Huh!"

Li Tian appeared in this office.

"What happened?" Li Tian asked.

The answer to Li Tian was the missiles from two gunships roaring from the headquarters of the Sakura Corps first!

Li Tian's pupils dilated instantly, stretched out his hand to pull Situ Ningbing and the girl from the blue forest directly behind him, raised his hands and shot a few soul palms against the roaring missiles.

"boom!"

"boom!"

"boom!"

The gas bomb and missile shot out by the broken soul palm collided in mid-air and immediately exploded violently.

The windows of the buildings on both sides of the street were shattered, and they kept falling to the ground.

And the exploded missile fragments brought sparks between the buildings, hitting a car parked on the ground, and another explosion occurred.

At this moment, the seven or eight helicopters behind had already flown over again. The missiles on the helicopters roared, and the artillery guns on the helicopters kept sweeping the headquarters building of the Sakura Corps.

Li Tian roared, the "Red Slash" had already flown out following Li Tian's mind control. This "Red Slash" smashed a missile attack and slashed directly on a helicopter.

"Boom!" With a loud noise, the helicopter disintegrated directly in the air.

But Li Tian used his heart for three purposes, and he kept shooting out the broken soul palm with his left and right hands, shooting down those missiles one by one, and in the gap between the shots down, the "red cut" had destroyed three helicopters.

The remaining helicopters could only turn the fuselage and fled.

However, the battle has just begun.

Chapter 3824: Besieged and attacked (2)

The gunships in the sky and the tanks on the ground are the most basic things.

The real opponents were the commanders and core cadres of the three major legions and several first-class legions that came out of dozens of hundreds of vehicles behind the tank.

Things have reached this point, and they have completely exceeded Li Tian's expectations.

Shouldn't the Rock Legion be directed at Li Tian? How could an attack on the Sakura Legion suddenly be launched?

This Sakura Legion is a member of the Allied Forces of Kyoto City. Now that the Rock has directly acted on the Sakura Legion, then they have completely ignored the matter of face.

"Isn't that rose dead?" Li Tian wondered in his heart.

Probably only if Rose is not dead and sends the information back to the Rock Legion, the Rock Legion will make this kind of decision to jump over the wall in a short time.

But Li Tian quickly rejected his conjecture again.

"The rose blew itself up in front of me, and was buried by the ground yaksha. How could it not die? But not so. Isn't the Rock Legion bolder?"

"What happened?" Li Tian asked this question again.

Situ Ningbing shook his head apologetically, and said, "I don't know. About half an hour ago, the headquarters of the Sakura Legion lost contact with the outside. Then there were three ten major legions, and a few others. The first-rate army and the second-rate army suddenly began to attack the headquarters of the Sakura Army!"

"Now the headquarters of our Sakura Legion has been surrounded by these legions, and the headquarters building of the Sakura Legion has also received a serious attack. Therefore, please also Li Tian, please be sure to invite the Duanmu Sakura Legion Commander to preside over the overall situation!" Lin said.

For Lan Lin, Duanmu Sakura is the soul of the Sakura Legion. If Duanmu Sakura is not there, then the entire Sakura Legion will be the same as without the backbone, so Lan Lin would say that.

"Okay! Lan Lin, you first organize the core cadres at the headquarters of the Sakura Legion to resist the counterattack. I will ask Duanmu Ying to come out." Li Tian said.

With that said, Li Tian directly entered the space of the void Yaksha, and described what happened outside to the people in the space.

Hearing that the Rock Legion and other legions had already launched an attack on the headquarters of the Sakura Legion, the elders of the Bounty Hunter Association were the first to change their colors, among them Elder Su's face showed a trace of panic.

"Asshole!" Mu Yunlong slapped the table heavily and said angrily.

Mu Yunlong had counted all the circumstances, but he had not counted that the Rock Legion would jump the wall in a hurry.

Now, all these people, including Li Tian, were surrounded by the Panshi and other legions at the headquarters of the Sakura Legion.

Not to mention that Mu Yunlong and Huangfu Kunpeng could not get out of the space of Void Yaksha, even the tyrant and others could not get out of the space of Void Yaksha either.

"That Rock and other legions really broke our original agreement with the Ten Legions, and they are allied with the Flamingo and the Hall of Heroes, but now we are surrounded by those legions at the headquarters of the Sakura Legion, if they block us in In it, even if we have a mouthful, we won't be able to say it clearly. Maybe they'll bite back and say we're breaking the rules first! At that time, we'll probably jump into the Yellow River and be unclear." Old Su said his thoughts. .

Su Lao's words are also the thoughts of the other elders.

According to the newspaper, this is, that Panshi and other legions have united to launch an attack, which shows that they must have grasped certain conditions before they can take the initiative.

"Huh! The most worrying thing is that Zhu Bajie beats him down. It is obviously that the Rock Legion does not follow the rules, but makes us so passive!"

"Li Tian, you send me out. I want to fight with the core cadres of the Sakura Legion. As long as you continue to stay in this Li Tian space, do they have evidence to prove that we broke the rules? It's time for them to give me an explanation!" Duanmuying said angrily.

"That being said, since they have already started, I am afraid they are already determined."

"Yes, history is written by victors. Once they are determined to eliminate the Sakura Legion, then it will be a great loss for our alliance to fight against Rock and other Legions."

"If Li Tian can break through and send us all back to our respective legions and associations, instead, we can catch their recklessness, and justifiably crusade against the rock and other legions!" said the tyrant Gao Gang.

"Break through?" Li Tian suddenly thought of something.

"Everyone, I have a solution. Everyone here, except for my grandfather and Huangfu Kunpeng who can't show up in this city of Kyoto, for the rest of you, I will send you back to your army."

"However, after I send you out, please don't forget our agreement. We must quickly send out troops to join forces with the Sakura Legion and fight against the coalition forces of the Legions such as Panshi!" Li Tian said.

"Li Tian, do you have a way to send us out?" the tyrant Gao Gang and Liu Feng asked simultaneously.

"There is no problem!" Li Tian said confidently.

"Okay! If this is the case, then we will let the Rock Legion steal chickens and not eat rice. They want to surround us at the headquarters of the Sakura Legion, then we will let the entire Kyoto City and the whole country see clearly the face of the Rock Legion." Liu Feng said.

"Xiao Litian, how can you send them out?" Mu Yunlong asked.

"Grandpa rest assured, my three little Yashas are powerful, far beyond our human imagination. With them, they can definitely be sent out!" Li Tian said.

"Okay!" Mu Yunlong showed a pleased smile on his face, and then said: "Liu Feng, after you return to the same journey, the first thing to do is to capture the Kyoto TV station. We must firmly Master this propaganda position and let Kyoto City TV continuously broadcast the destruction of human unity by the Panshi and other legions. This is how we can gain the support of the residents of Kyoto City. Only in this way can we have a better chance of winning!"

After arranging everything, Li Tian and Duanmu Ying walked out of the void of Yasha.

As soon as Duanmu Sakura appeared in the headquarters of the Legion, the cadres of the Sakura Legion immediately screamed like chicken blood, and with the help of Kobi, Situ Ningbing, and Windsor, for a time, a Sakura's The legion actually resisted the attack of several legions.

Li Tian went directly to the basement of the headquarters of the Sakura Legion, and brought Liu Feng, the tyrant Gao Gang, and others who were on the same journey through the storm, out of the void of Yasha.

Li Tian summoned the Dixing Yasha again and said to the Dixing Yasha, "Dixing Yasha, the rest is up to you!"

Chapter 3825: Jedi Strikes Back (1)

"Don't worry, Master Li Tian, I am here to guarantee the smooth completion of the mission!" said Dixing Yasha.

To say that before, the tyrant and others would definitely doubt Li Tian, but after they saw the space of Void Yasha, they had completely trusted Li Tian.

Tyrant Gao Gang took Li Tian's hand and walked aside, and said to Li Tian: "Brother Li Tian, my tyrant is a son like this. I have already given him to you, and I am more at ease following you. As for just now The requests I made at the meeting were not for me, nor for my son, but for the tens of thousands of brothers in the Black Dragon Legion who followed me to fight the world."

"I understand!" Li Tian nodded and said.

Liu Feng also walked over and said to Li Tian: "Li Tian, I admire you more and more now. If I have the opportunity, I, Liu Feng, must have a good fight with you! But the premise is that you don't Allow to cast teleportation."

"Okay! When this matter is over, I will accompany you!" Li Tian said.

Gu Liangan waited until Liu Feng and the tyrant had left before he came to Li Tian and said to Li Tian, "Li Tian, our Bounty Hunter Association owes you to you, and our Five Elders will remember it!"

The little dwarf Ande also came over and wanted to say something to Li Tian, but before he had time to speak, he was pulled directly into the ground by Dixing Yasha.

...

At this time, the headquarters building of the Sakura Legion could already be described as riddled with tears.

Almost all the glass windows in the building of the entire Sakura Corps building were shattered. In the parking lot in front of the Sakura Corps headquarters building, almost all the cars had been destroyed. There were burnt car shells everywhere. At this time, some cars are still burning. Around these burnt-out car shells, there were still corpses lying all over the place, as well as some broken limbs.

It can be said that today is the worst day since the establishment of the Sakura Legion.

Looking at this miserable situation, the core cadres of the Sakura Legion fought back several times under the organization of Lan Lin.

But the cadres of the Sakura Corps just rushed out, and they were immediately attacked by dozens of tanks.

After rushing out several times in a row, these core cadres had not rushed to the front of the tanks before they were swayed by the shells and dizzy.

After dropping a dozen corpses, these core cadres had to retreat.

Of course, the Sakura Legion was not completely passively beaten.

A core cadre at the headquarters of the Sakura Corps used the commanding advantage of the headquarters building to destroy two tanks with rockets.

But this loss is completely negligible for the coalition forces such as Panshi.

Seeing all this, Gaogang was very proud.

He didn't expect all this to be so smooth.

Members of the Sakura Corps, Fengyutongcheng, and Bounty Hunters Association in the coalition team did not even react, so they were taken directly by their people.

The Kyoto City TV station couldn't help but a few words of intimidation from Gao Gang, Agni, Hua Yingxiong, etc., and it leaned over to the coalition forces of the Rock Army.

After receiving the name of the coalition to defeat the Sakura Corps, several first-class and second-rate legions in Kyoto City did not make any doubts or resistance.

And the headquarters of the Sakura Legion has completed the encirclement effortlessly. So far, dozens of people rushing out of the Sakura Legion have been beaten into flesh.

"Haha, the Sakura Legion, that's nothing more!" Gao Gang said triumphantly to the burning fire standing beside him.

Li Huo also showed a slightly smiling face, and said, "It's not time to be proud of us. This Duan Muying and Li Tian haven't shown up yet!"

"Haha, what are you afraid of? Now we are what people want, haven't you seen the residents of Kyoto City? When we saw our crusade against the Sakura Army, they even came to support us!" Gao Gang said.

"That said, we can't take it lightly. If it is true that Mu Yunlong, Tyrant, Liu Feng and others are there, as you said, these people may not be easy for us to deal with!" Hua Yingxiong said.

"Hey, you don't need to worry about this. You see here that our hundreds of core cadres, as well as the commanders of the temple, creation and other legions, can't they kill a few of them with so many people? Besides? Are the three of us here!" Gao Gang said.

"Don't be afraid of ten thousand, just in case! I'm afraid that there will be variables after a long time. It is better to give orders now, push forward quickly, and directly force Li Tian and others out, so as not to have many dreams at night!" The hero also said.

Although they have the advantage now, Li Tian hasn't appeared yet, and if Li Tian doesn't show up, this is not a victory. Only by beheading Li Tian, this is a victory.

Gao Gang nodded, walked a few steps forward, and said to Gao Hu, the deputy commander of the Rock Legion, "Order everyone and continue to advance. You must force Li Tian and Duanmu Ying out within a short time. Once these two people come out, even if all the core cadres of the Rock Legion are polished, Li Tian will be killed!"

That Gao Hu nodded heavily and said: "Legal commander rest assured, they will definitely not be able to run this time! He Li Tian dares to destroy a city in Nanzhou, we will destroy him a Sakura Army!"

After Gao Hu bid farewell to Gao Gang, he ran forward two steps quickly and shouted loudly: "Everyone listens to my orders and advances to the headquarters of the Sakura Corps. At all costs, I will force Li Tian, Duanmu Ying and others to force me. come out!"

"Boom!"

Dozens of tanks continued to move forward. The artillery of this tank kept firing at the headquarters building of the Sakura Legion. The shells fell on various parts of the Sakura Legion building, and there was a violent explosion.

"boom!"

"boom!"

After the headquarters building of the Sakura Corps was attacked by such artillery fire, the cement blocks continued to fall off, and even the steel bars inside were exposed in many places, and the entire building was already crumbling.

"Legion commander, we can't wait any longer, otherwise, once this building collapses, all of us will be buried alive inside!" Lan Lin said to Duanmu Ying.

Duanmuying glanced at Li Tian, hoping to get the answer from Li Tian.

She is the commander of the Sakura Legion, yes, but in front of Li Tian, Duanmuying hopes she can be a little woman who can rely on!

Li Tian's gaze slowly swept across everyone's faces, what he saw was the expressions of those core cadres of the Sakura Legion who regarded death as home.

No one was afraid, no one flinched.

Li Tian couldn't help but feel a little moved.

"None of you are allowed to go out, you are all here waiting for a Yasha! I will go out first and destroy these dozens of tanks!" Li Tian said.

Chapter 3826: Jedi Strikes Back (2)

"Swish"

Li Tian's body was ejected from the headquarters building of the Sakura Legion like a cannonball.

Before coming out, Li Tian had already shouted: "Knot!"

The nine-color corpse crystal and "Hong Zhan" immediately formed a gray bone armor on the surface of Li Tian's body.

"Da da da!"

A series of machine gun bullets fell on Li Tian's body, and these bullets made a crisp sound like a stone hitting a steel plate.

However, for Li Tian's bone armor, the firearms' attack could not even break the defense, let alone damage it early.

"boom!"

"boom!"

The dozens of tanks started firing shells at the same time. Seven or eight shells fell around Li Tian's body and exploded on the ground.

The gravel on the ground splashed and the mud flew up and fell on Li Tian's body. There was even a burning car with only an empty shell that flew over by the shock wave and was hit by Li Tian's palm. Get out.

"Huh!"

"Huh!"

Li Tian continuously teleported, constantly approaching those tanks.

In fact, there is no need for Li Tian to do this at all. His Broken Soul Palm is not as powerful as those of tanks, and the actual combat frequency of Li Tian's Broken Soul Palm is much faster than that of tanks firing artillery shells.

Only more than half an hour ago, the headquarters of the Sakura Legion was suppressed and beaten. The allied forces of the Legion such as Panshi are now at a high morale, and Li Tian must use the strongest attack to beat the morale of these people.

Seeing Li Tian's continuous teleportation, the faces of the core cadres of the army behind the tank couldn't help but change slightly.

Li Tian, a man who can kill the four highest cadres of the Rock Legion and destroy a city in Nanzhou City with his own power, can be said to be a well-deserved killer, facing a fierce like Li Tian, these core cadres There are shadows in my heart.

However, they cannot shrink back.

"Hurry up and shoot him!" Gao Hu kept shouting orders.

"boom!"

A shell fired by a tank really hit Li Tian.

As the gunpowder smoke was everywhere and the smoke filled, Li Tian's body flew out heavily.

"Oh! Hit it! Haha hit it!"

"Li Tian has been killed by us!"

The core cadres of the Seven or Eight Rocks and other legions screamed excitedly, and even jumped up happily.

But as the gunpowder smoke dissipated, Li Tian's figure slowly walked out of the gunpowder smoke.

"No...impossible, can't you even kill him with a cannonball?" These core cadres were immediately stunned, not knowing what to say.

At this time, Li Tian was no more than 20 meters away from the front tank.

I saw Li Tian let out a cold snort, and kicked his legs to the ground. The ground sank suddenly, and Li Tian rushed towards the tank like a bolt of lightning.

"Why does he still want to knock this tank into flight? It's really a pipe dream!"

However, when Li Tian's body was halfway through, he suddenly turned into two-handed knives, and the "red cut" blade was aimed at the tank.

"Huh!"

A gray-black figure flashed past, and Li Tian's body passed directly through the tank.

"Boom!"

That tank was cut into two pieces by Li Tian's "Red Cut".

Everyone was frightened by this scene.

That was a heavy tank. Even a howitzer might not be able to break through the defense, it was cut in half by Li Tian.

The armor on Li Tian's body is not broken by tank shells, and the "Red Cut" in Li Tian's hands can easily destroy the tank, which makes the tankers not afraid.

"Boom Rumble"

The tankers in the tanks closest to Li Tian were completely frightened by Li Tian's strength. They could not help but turn their directions and fled in other directions.

But how could Li Tian give them this opportunity.

"Red Chop" with his right hand and the soul palm of his left hand, constantly attacking these tanks.

"boom!"

"boom!"

In just a few seconds, those five or six tanks were blasted into flight by Li Tian's broken soul palm.

Although Broken Soul Palm didn't shatter the tank, the violent shock wave directly overturned the tank.

And Li Tian's figure is like a ghost, constantly displaying teleportation.

If Li Tian's figure did not appear once, a tank would be split into two.

More than a dozen core cadres of the Rock Army rushed to Li Tian, but they had not rushed to Li Tian's side. Li Tian had already used teleporting to avoid it, and the next time Li Tian appeared, it must be a tank Near the car.

"Wow!"

A cannonball flew towards Li Tian, and before that cannonball exploded, Li Tian had disappeared in place.

"Where did Li Tian go?"

"Where?"

The cadres looked at each other, trying to find Li Tian's figure.

Li Tian is gone!

"Look them carefully for me. Li Tian, this ***** is very cunning. Maybe he's already hiding in that corner and preparing to actually fight his swordsmanship with Qi to attack us?

In less than a minute, Li Tian destroyed more than ten tanks. How could this prevent the tankers from crashing?

The temporary disappearance of Li Tian made the tankers finally breathe a sigh of relief.

However, there are always exceptions. For example, the tanker in this tank numbered h11, he was even more afraid at this time, even the hands of the tank were shaking.

"As a tanker, you have to have a strong mental quality. Your hands are trembling. In case one accidentally hits your teammate's tank, it will be bad!" Behind the tanker, a message came. Said in a cold voice.

Don't guess, this person is Li Tian.

The captain of this tank has been slashed by Li Tian.

"God... Brother Tian, we are just eating, we don't really have an antagonism with the Army of Sakura, please be merciful to Brother Tian!" the driver said nervously.

"Okay, now this tank has been taken over by me! If you are obedient, I might consider spare you! Come on, boys, turn the turret and blast the tank behind you!" Li "Hong Zhan" in Tian's hand had already been put on the neck of the tanker and said.

"God... my brother! That's not... bad!"

The tanker just hesitated a little, the "Red Zhan" in Li Tian's hand had already penetrated the man's neck.

The blood splashed on the face of the gunner next to him in an instant.

The gunner screamed immediately.

But his startled screams lasted less than three seconds, and a gas bullet shot into the center of his eyebrows.

"I don't have time to play with you happily!"

Li Tian disappeared directly.

Chapter 3827: Jedi Strikes Back (3)

Five minutes later.

The dozens of tanks that were besieging the Sakura Army just now have been completely destroyed or the tankers have been beheaded by Li Tian.

Li Tian stood on a tank that had been cut in half by him, with "Red Cut" in his hand pointing at the core cadres or deputy commanders of the various corps. He sneered and said: "With the abandoned tanks under my feet For the world, come over and kill one by one!"

In these five minutes, the core cadres of the Alliance Army did not even touch Li Tian's body, and more people were even shocked by the strength that Li Tian showed.

So when Li Tian yelled this sentence, less than half of the hundreds of people actually took a step back involuntarily.

However, there are also people who don't want Li Tian at all.

"furious!"

It was Ding Pojun, the deputy commander of the Flamingo Army who said this.

Ding Pojun is wearing a camouflage uniform today, with a pair of high-waisted leather boots under his feet. He wears a pair of black leather gloves with iron studs on his left and right hands. He has short hair that looks very energetic, and a scar on his face is even more so. Full of ferocity. Ding Pojun slowly walked out of the crowd and said with a sneer: "The frog at the bottom of the well, Yelang is arrogant."

This Ding Pojun walked lightly and seemed to have no effort at all, but Ding Pojun made another step by step, and a series of footprints could be stepped on by his feet on the asphalt road.

"Ding Pojun! The deputy commander of the Flamingo Army!"

"Haha, these are good things to watch. Although our deputy commander is not a superpower, but the strength is stable in the top three in the legion, and even many superpowers are not the opponent of our deputy commander."

"Yes, Na Ding has a powerful force, especially the sudden explosive power, which is even more terrifying!"

Seeing Ding Pojun came out, the faces of the core cadres of the Flamingo Legion immediately showed excitement, and one after another began to tout the strength of Ding Pojun.

Ding Pojun took a few steps forward. At this time, Ding Pojun's speed slowly increased. Ding Pojun's stride was getting bigger and bigger. Just now, Ding Pojun's step was probably more than one meter. , And now this step has exceeded two meters, and Ding Pojun's speed is still accelerating.

"call!"

Na Ding Pojun's body suddenly squatted down, as if he had installed a spring, he leaped towards Li Tian who was standing on the tank.

"So fast!"

I only felt a flower in front of him, Na Ding Pojun had already arrived in front of Li Tian, and Na Ding Pojun's iron fist had blasted towards Li Tian's face with a piercing wind.

"Humph!"

Li Tian snorted coldly, raised his left fist, and threw a punch at Na Ding Pojun's fist.

"boom!"

A loud bang came from the fists of the two of them, and Li Tian couldn't help but stepped back two steps, and almost fell off the tank.

This Ding Pojun's punch power has reached several thousand jin, and what is even more terrifying than this power is his explosive power.

When the fist first touched the fist, Li Tian felt that Na Ding Pojun's fist strength was also generalized, but in an instant, Na Ding Pojun's power rose to its peak.

This feeling is like: Cun Jin.

That's right, Cun Jin.

Let Li Tian suffer such a dark loss.

But Na Ding broke into the position where Li Tian stood just now.

Ding Pojun carried his hands on his back and sneered at Li Tian and said, "Well, I'm already on this tank, what can you do with me?"

Behind Na Ding Pojun, seven or eight members of the Flamingo Legion shouted at Ding Pojun: "Deputy Army Commander mighty and domineering!" "Kill Li Tian, Deputy Army Commander!"

There was a slight sneer at the corner of Li Tian's mouth, and he pointed the "red cut" in his hand to Ding Pojun and said, "Don't pretend to be forced, pretended to be struck by lightning! Presumably your fist should be very painful now, oh yes It's not just the pain, it's more likely that the bones in the fist were shattered by my soul-breaking fist!"

Broken Soul Fist, this is a kind of fist that Li Tian comprehended when he fought with Huangfu Kunpeng when he was in Nanzhou City leading to Kyoto City.

This type of fist does not release the energy like the broken soul palm, but concentrates the energy of the whole body completely on the fist.

After this concentrated energy, although the attack range is shorter, the attack power has increased exponentially.

Especially the destructive power, even Li Tian felt surprised.

However, this Broken Soul Fist is extremely demanding on the body, and if the actual combat is improper, it may actually hurt his arm and fist.

Fortunately, there is Windsor beside Li Tian, and Windsor can provide treatment at any time, so Li Tian is not worried about this kind of thing.

In constant practice, Li Tian figured out that when under the protection of the bone armor formed by the nine-color corpse crystal and "Red Slash", the soul-breaking fist will minimize the damage to his own body. Increase the power of that punch by at least half.

When Li Tian fisted with Ding Pojun just now, Li Tian sensed the change in Na Ding Pojun's fist strength, and immediately used this Broken Soul Fist.

Although hastily, the power of that Broken Soul Fist cannot be underestimated.

"Haha, joke, my Ding Pojun punch can kill a tiger, let alone your powerless punch, even if Tang Xiaolong from your legion is in front of me, I am afraid it will be difficult to resist the power of my punches. Yes!" Ding Pojun's right arm and right fist hurts terribly, but Ding Pojun insisted on losing face without losing face.

"Since you are so innocent, Li Tian will let you know our direct gap!" Li Tian thought in his heart.

"Really?" Li Tian sneered, his body slammed forward. This time when Li Tian rushed out, his legs slammed hard, and the tank under his feet shook suddenly. With a slight shaking, Li Tian's body had already come to Na Ding Pojun.

"Huh!" Li Tian's left fist blasted towards Na Ding Pojun's body with the sound of wind.

Ding Pojun subconsciously used his right fist to resist, but as soon as Ding Pojun's right fist was raised, it suddenly turned into a fist with his left fist hitting Li Tian.

And when Ding Pojun threw a fist, he had realized that Li Tian's fist would definitely cause a devastating blow to him. Therefore, he did not blindly act brutally. Li Tian kicked **** the gray armor.

Ding Pojun's left fist and Li Tian's left fist only slammed together slightly, and Ding Pojun had already used the power of his legs to jump back.

"Li Tian, don't brag, I have crossed the line, but you can do nothing about me! Hahaha!" Na Ding said with a big smile.

But at this moment, Ding Pojun suddenly heard an exclamation from behind: "Deputy commander, be careful behind!"

Chapter 3828: Jedi Strikes Back (4)

"Be careful of breaking the army!"

The raging fire of the Flamingo Legion standing far behind watched Li Tianzai's punch with Ding Pojun, and a teleport appeared behind Ding Pojun in the next second. He couldn't help but feel anxious. Shouted Ding Pojun.

But it is not in a hurry.

When Na Ding Pojun's legs were on Li Tian's body, he only wanted to get out of Li Tian's attack range as quickly as possible, so his body jumped back extremely fast, and when he heard the core cadres in the legion When the army commander Li Huo shouted to remind him, Ding Pojun violently turned around in the air.

Then Ding Pojun saw Li Tian's figure in front of him, as well as the flashing weapon "Red Zhan" in Li Tian's hand.

Ding Pojun finally showed a look of horror on his face. At this time, his left and right fists kept blasting towards Li Tian, trying to force Li Tian back with that iron fist.

But Li Tian didn't retreat but instead advanced, rushing up to meet Na Ding Pojun's body.

"boom!"

"boom!"

Ding Pojun hit the armor on Li Tian's head with several punches.

Li Tian only felt that he had been knocked down by a galloping bull, and that head was actually dizzy.

How strong is the defense of this bone armor, even the long bone thorns of the eighteenth-level zombie can't penetrate, but Li Tian, who was struck by the iron fist of Ding Po, is dizzy. It can be seen that Ding Pojun can become a fire army. The deputy commander of the corps is also not worthy.

but!

At the same time, Li Tian's "Red Zhan" had pierced Ding Pojun's chest, centered on his heart.

"puff!"

Hot blood splashed all over, splashed on Li Tian's gray-white bone armor, making Li Tian and Li Killing God a bit more sturdy.

What was more deadly was Li Tian's left fist. This time, the left fist of the soul-breaking fist hit Ding Pojun's head.

"boom!"

With a loud noise, Na Ding Pojun's head was directly shattered by Li Tian's fist, leaving only the body part below his neck.

Ding Pojun!

dead!

And Li Tian stretched out his left hand to grab Na Ding Pojun's body directly in his hand, and teleported to the tank just now.

Li Tian stretched out his left arm and slowly lifted Ding Pojun's headless corpse, and said with a sneer: "I only said the last time, those who have passed the world! Cut!"

In front of Li Tian, the hundreds of core cadres of the coalition army involuntarily stepped back.

In addition to shock, their faces were shocked.

"Li Tian was able to slay that Ding Pojun so easily, and slay the top three super masters of the Flamingo Legion, so how strong is Li Tian now?"

"Does Li Tian now have the strength to compete with the commanders of the top ten legions?"

"By the way, Li Tian beheaded the four highest cadres of the Rock Legion in Nanzhou City, and destroyed Nanzhou City with his own power. It seems that Li Tian is definitely not a coincidence."

"So amazing! We can't be Li Tian's opponent at all."

"Call the legion commanders to go. Only the commanders of the ten major legions such as Gao Gang, Agni Huo or Hua Yingxiong may be Li Tian's opponent!"

"If we continue to fight, we will definitely be killed by Li Tian!"

Once this idea came into these people's minds, they couldn't waver away.

The seeds of fear in the heart have taken root, which made these core cadres completely unable to courage to fight Li Tian.

Among these hundreds of people, only a few first-class legion commanders and deputy commanders of several legions such as Rock, Flamingo, and Hall of Heroes were afraid of Li Tian,

but they did not back down, except for these few people. The others outside, unexpectedly began to retreat in unison.

"A bunch of rubbish, it's just a Li Tian, and they all flinched in fright. It's really a bunch of rubbish!" Gao Gang cursed dissatisfiedly.

"Li Tian, let my hero Hua go to meet him!" Hua Yingxiong, the army commander of the Hall of Heroes, sneered and raised the sword in his hand.

The hero of Na Hua was as light as a swallow and flew towards Li Tian directly on the shoulders or heads of the hundreds of core cadres.

"Huh!"

Hua Yingxiong's long sword was out, and it slashed towards Li Tian.

And Li Tian's "Red Zhan" directly confronted that Hua Hero's long sword.

"Qiang!" A cry.

The swords intersect.

Hua Yingxiong's body whirled three hundred and sixty degrees in the air and fell back to the ground, while Li Tian also took a few steps back.

On the surface, it seemed like a simple trial attack, but Li Tian's heart was full of shock.

This **** Hua hero moves extremely fast, and the long sword in his hand looks soft, but only Li Tian who really fights knows the domineering Hua handsome long sword.

At that moment, Li Tianzhi felt that the surroundings were instantly darkened, and there was only Hua Yingxiong flying in midair in the entire world.

And when the long sword slashed over, there was a strong sense of oppression, as if the entire sky was about to collapse at that moment.

And when Li Tian subconsciously used the "Red Zhan" to resist, Li Tian felt a majestic force spread from the long sword, and Li Tian directly retreated a few steps.

"Sure enough, he is not the captain of the Ten Legion Heroes Hall, this strength is really strong!" Li Tian had already put away the mentality of believing Hua Hero, and sighed in his heart.

In Li Tian's mind, the hero of Hua was compared with the commander of the Holy Army, Long Yin, and Liu Feng and Huangfu Kunpeng. Li Tian felt that the strength of the hero of Hua was even higher than that of Sheng and Liu Feng, and was better than Long Yin and Huangfu Kunpeng. Almost so.

Behind Hua Yingxiong, the hundreds of core cadres immediately became excited.

"Hua... the heroic army commander, it is our army commander who made the shot!"

"Haha, yes, Li Tian must be dead this time!"

"The leader of the Hua Hero Army is a strong player who can be ranked in the top 20 in the world in the Forbes personal strength competition. How can Li Tian, who can only rank more than 300, be the opponent of the leader of the Hua Hero Army!"

At this time, the Blaze Corps commander of the Flamingo Corps and the High Steel Corps commander of the Rock Corps also galloped over.

Gao Gang's body was like a tank, squeezing directly into the crowd, and the core cadres who were knocked down by Gao Gang were no different from turning over.

"Let's work together to solve Li Tian as soon as possible!" Gao Gang sneered at Li Tian and said.

The Captain of the Fire Corps followed Gao Gang, and when Gao Gang was about to rush to Li Tian, Li Huo suddenly jumped from behind Gao Gang.

"call!"

"call!"

The two fireballs flew out of Li Tian from the hands of the captain of the Fire Corps, and Gao Gang's body had already crashed into Li Tian.

Hua Yingxiong who had just landed just now shook the long sword in his hand, and the long sword lightly swiped on the ground, drew a stone and bounced towards Li Tian.

"Li Tian, die!"

Chapter 3829: Li Tianyi hits three

The whole world suddenly became dark. In the sky of this world, there was only Hua Yingxiong, and on the ground, there was only Li Tian.

This time, the aura of Hua Hero was obviously stronger than before. Li Tian felt that he looked so humble and small in front of Hua Hero, and he felt like a bug, and he might be caught by Hua at any time. The hero beheaded with a sword.

"boom!"

Suddenly, Li Tian felt as if he had been hit by a galloping train. His body flew out in an instant, and the violent impact force seemed to have penetrated Li Tian's bone armor. Li Tian felt a sharp pain in his chest.

And this collision also restored Li Tian's world to light.

This world is still the world before.

"Huh!" The long sword sword Qi in the hands of Hero Hua slashed to the ground, and a cut mark that was more than seven or eight meters long and nearly one meter wide was cut horizontally.

After that cut mark, Li Tian's body quickly flew out horizontally.

That Gao Gang's collision happened to fly Li Tian out, avoiding Hua Yingxiong's domineering sword attack.

But at this moment, Li Tian, who was also hitting, felt that he was about to fall apart, and at this moment, Li Tian seemed to feel that it was very difficult for him to teleport.

"boom"

"boom!"

Li Tian's body fell heavily on the ground, like a stone thrown into the water. After landing, he flew up again and flew back two meters before falling on the ground again.

The three commanders of the top ten legions joined forces to attack, and Li Tian didn't even have a chance to evade, and he didn't even have time to teleport, and then he was knocked down by Gao Gang.

"Wow!"

"High-steel army commander domineering!"

"The Commander of the Fire Corps is mighty!"

"The leader of the Hua Hero Army is fierce!"

The hundreds of core cadres of the coalition army are completely boiling.

In their eyes, Li Tian, who was almost unmatched, was so vulnerable under the joint hands of the three legion commanders.

They have reason to be excited, and they must be excited.

At this time, they seemed to release all the dissatisfaction in their hearts.

"Fuck him!"

"kill him!"

Those core cadres kept shouting from behind.

But these voices did not appear in Li Tian's ears.

Li Tian quietly fell to the ground. At this time, he felt the severe tinnitus, and slowly opened his eyes. Li Tian could see the white clouds floating in the blue sky.

"The weather in the last days is really good! You can see the blue sky and white clouds in the sky, and you can also see a few flames..."

flame? What the **** is this?

Li Tian suddenly remembered the commander of the Flamingo Legion.

That's right, these fireballs were thrown by the captain of the Agni Army.

Although Li Tian was knocked down with one move, the three legion commanders joined forces not only to defeat Li Tian, but to kill Li Tian.

How could they stop attacking because Li Tian was defeated!

"Snapped!"

"Snapped!"

Those two flames hit the armor on Li Tian's body.

To Li Tian's surprise, the flame did not go out after hitting his body. Instead, it burned more and more. A scorching temperature instantly passed through the bone armor, and Li Tian jumped directly from the ground. .

"Huh!"

A long sword has been cut across Li Tian's neck, it is the long sword in the hands of that Hua hero.

At this time, Li Tian was accustomed to Hua Yingxiong's sword moves. Although Hua Yingxiong's sword moves were fierce and coercive, Li Tian was not completely unstoppable.

Li Tian didn't dare to neglect, and he also took into account the pain of burning flames still stuck to the armor, and suddenly raised "Red Cut" to block the sword.

"boom!"

When Li Tian's "Red Slash" blocked the Hua Hero's sword, he only felt his body sink down suddenly, and even both legs fell into the ground. It seemed that Hua Hero's sword contained ten thousand yuan. The same weight.

Li Tian suddenly remembered that this time, that Li Tian's world did not turn into night.

"Haha, Li Tian, you are dead!" At this time, the Gao Gang laughed wildly and attacked again.

So far, Gaogang has only used such a trick: back to the mountain.

But it was Li Tian who had been hit by this trick just now. Faced with Gao Gang's attack this time, Li Tian's face was not relaxed.

Broken soul palm!

Li Tian's left hand continuously shot two broken soul palms and blasted towards Gao Gang, but after the broken soul palm fell on Gao Gang's body and exploded, Li Tian saw a completely steelized Gao Gang.

That's right, the Gaogang at this time is like a steel man poured in steel, rushing towards Li Tian in stride. And the broken soul palm fell on Gao Gang's body, only the speed at which Gao Gang rushed towards Li Tian slowed down a bit, and it did not affect Gao Gang in the slightest.

At this time, Gao Gang rushed over with a strong wind.

But Li Tian's legs sank into the ground, unable to dodge around Li Tian.

Li Tian has seen Gao Gang's face with a wild smile.

No, you can't wait and die!

At this time, he could only use Broken Soul Fist to blast Gao Gang.

Broken Soul Fist!

"boom!"

Li Tian's left fist hit the Gao Gang's body heavily.

Li Tian's left fist faced Gao Gang, and the "Red Zhan" in his right hand faced Hua Hero's long sword.

At this moment, it seems that the whole world is still.

But his mother is not static at all.

The movement of Gao Gang rushing towards Li Tian only slowed down again, and then Li Tian flew out like a short-term kite.

But this time, Li Tian had prepared early. Although he was hit and flew, he was not as horrible as before.

Li Tian's legs slid on the ground for ten meters and then stopped.

"call!"

Li Tian often exhaled a suffocating breath.

With the spitting breath, Li Tian felt that the strength of his whole body was constantly recovering.

The contact he lost with Void Yasha was gradually recovered.

Li Tian stared coldly at Gao Gang, Agni and Hua Hero.

The combination of these three guys can be said to have no flaws, and the three of them work together to far exceed Li Tian's strength, and Li Tian has no chance of winning.

Before Li Tian could take a second breath, the three guys attacked again.

"You are paralyzed, I want to kill Laozi!" Li Tian said violently.

At this time, Li Tian wanted to get directly into the space of Void Yasha without coming out, so they would have no choice but to take Li Tian.

But Li Tian couldn't.

If Li Tian hides, then Duanmu Ying and others of the Sakura Legion must face the three legions.

"Wait! Why did I forget that I am not fighting alone!" Li Tian suddenly remembered.

But at this moment, a woman's voice came from behind Li Tian: "The commanders of the three top ten legions, to deal with Li Tian alone, do you want Bilian!"

Chapter 3830: Burning fire

Li Tian turned around abruptly and saw Duanmuying, the commander of the Sakura Legion, appeared behind him, and Situ Ningbing followed Duanmuying.

After seeing Duanmuying and Situ Ningbing, Gao Gang and the others stopped attacking Li Tian.

The three of them besieged Li Tian, although they had the upper hand, they did not kill Li Tian.

Now, the appearance of Duanmuying, who may be stronger than them, made them even more afraid to take it lightly.

Li Tian used teleportation twice in a row, came to Duanmuying and Situ Ningbing, and asked, "Is the Dixing Yasha back?"

Situ Ningbing shook his head slightly, and said, "No!"

"Then how did you come out! The strength of the three of them is very strong, and it is dangerous here, you two quickly give me back!" Li Tian said.

Duanmuying stretched out her hand and took Li Tian's arm and said, "What are you afraid of danger? As long as you can be with Li Tian, even Hell Yama will dare to face it, let alone the three of them!"

Situ Ningbing also nodded slightly, and said, "Li, let us fight alongside you!"

Li Tian couldn't help but moved a little in his heart.

"Okay! Let us fight together!" Li Tian clenched his hands firmly and said.

"Hey, Duanmu Ying, I'm waiting for you to come out. You must think that in your heart, the life of your little lover Li Tian is worth more than the lives of everyone in the Sakura Legion, since you are here to save your little lover, It means that you have made a trade-off, then you, members of the Sakura Legion, we are not welcome!" Gao Gang said with a sneer at Duanmu Ying.

That Gao Gang shouted directly at Gao Hu and Liu Long behind him: "According to my order, the coalition army began to launch a general offensive and directly attacked the Sakura Legion. No matter who it is, kill without mercy and leave one!"

"Wow!"

The several hundred core cadres of the legions immediately rushed to the headquarters of the Sakura Legion like crazy, especially the commanders of the first-class and second-rate legions such as the temple and the creation, and they rushed to the front. The headquarters of the Sakura Legion.

"Oops!" Duanmuying couldn't help but cried out, trying to rush to stop the attack of the coalition army member, but was directly blocked by the flames.

"Little beauty Duanmuying, I have been coveting you for a long time. As long as you follow Laozi obediently, I promise that I won't kill your little lover Li Tian!" said Li Huo with a wild smile.

"Fire, do you want to die?" Duanmuying said angrily.

"Death? What is death? Now your Sakura Legion has been besieged by us, and you and Li Tian, a little bitch, are surrounded by our three legion chiefs. Who do you think will die? Oh, yes, Li Tian, I heard that the tyrant Gao Gang and the waste Liu Feng are all in your space. You can bring them out of your space. Then you can deal with the three of us with an absolute advantage!" Li Huo said with a sneer.

"Yes, hehe, as long as you bring a few of them out of your space, we will just turn around and leave. We will never pester you anymore!" Gao Gang also said with a sneer.

These people understand that once Li Tian releases these people from Li Tian's space, the fact that these legions, including Li Tian's Celestial Realm and other legions, are conspiring to unite will be confirmed. Then, even if they are now When they were defeated, they also stood on the commanding heights of the theory, and then they could unite more legions to punish the Celestial Realm, the Black Dragon and other legions on the charge of anti-human unity.

Of course, what they thought more was that Li Tian didn't dare to bring the tyrant and others out because of this concern, and then the three of them were tortured to death.

"Don't talk nonsense, let's kill Li Tian first together!" The Hua hero didn't want to talk more nonsense, and directly attacked Li Tian with a long sword.

As soon as Hua Yingxiong's voice fell, Gao Gang rushed towards Li Tian.

Duanmuying wanted to come to help, but was entangled fiercely by the fire.

"court death!"

Duanmuying was furious in an instant, and the temperature around Duanmuying as the center suddenly dropped a few degrees, and Duanmuying's fingers pierced the flames directly.

When Na Lihuo saw Duanmuying's fingers, he didn't even dare to make an enemy, and quickly backed away. While retreating, Lihuo's left and right palms kept slamming flames against Duanmuying.

Facing the flames, Duanmuying didn't evade the slightest, and directly poked her finger.

At this moment, a purple, purple lightning appeared on Duanmuying's fingers.

This is exactly what Duanmuying and the old man Wuji found in the secret room on the top of the Tianshan Mountains, Ben Lei Finger, the power of Ben Lei Finger is powerful, when the practice reaches the extreme, this purple lightning will form on the finger.

Regardless of the fact that the arc of this purple lightning is not big, it is only the size of a little finger, but this purple lightning has the power to run thunder.

This refers to the past, and there is no scum left to directly blast the person who is hitting it.

It is precisely because of this that even though the fire has been coveting Duanmu Ying for a long time, he did not dare to act rashly.

"puff!"

"puff!"

The Ben Lei fingers passed through the two flames, and the two flames immediately went out.

And Duanmuying's fingers slammed into the fire again like lightning.

Suddenly, Agni felt a little embarrassed, and kept evading the attack from this side of the tree.

"Huh! I just love Xiangxiyu, I don't want to ruin your soft skin, don't you really think I can't get you on the fire!" Li Huo said with a lewd smile.

Duanmuying turned pale with anger, and she couldn't help but scolded: "Shameless!"

The fire was even more proud.

"Shameless, let you see how strong the fire on my shameless person is!"

"Drink! Desire!"

With the roar of the raging fire, the body of the raging fire started to continuously emit white smoke, and then, the white smoke turned into a little spark, and the spark saw the wind, and instantly, the body of the raging fire It burned with a flame.

This flame is different from ordinary flames, it looks like it has no color, but the temperature of this flame is extremely high, instantly raising the surrounding temperature by several degrees.

Duanmuying was also surprised when she saw the flame on Lihuo.

But at this time, Duanmu Ying couldn't shrink back.

"drink!"

Duanmuying yelled softly, and her fingers with purple lightning pierced the flames like a sharp blade.

"Hey!"

"Hey!"

The flames that had already burned in the flames, as if they had been added with gasoline, burned even more fiercely, and made a buzzing sound.

There was a trace of pain on the face of the fire, but this painful expression flashed by.

"Little beauty! You follow me! I'm already lustful!" The flame said with a shameless smile.
