

## A Killer 3831

Chapter 3831: Important person

Duanmuying snorted coldly, took a few steps back abruptly, and watched the fire warily.

On the other side, although Li Tian had the help of Situ Ningbing, he was still tired of defense in the face of the siege of Gao Gang and Heroes of Hua.

But it's okay.

Situ Ningbing would pester Hua Hero from time to time to relieve Li Tian's pressure.

Although she was not Hua Hero's opponent, Situ Ningbing's hermit killing technique was like a ghost. For a while, although Hua Hero suppressed Situ Ningbing, he could not do anything with Situ Ningbing.

As soon as Hero Hua exerted his full strength to suppress Situ Ningbing, Situ Ningbing immediately disappeared and fleeing away.

"Li Tian, the fire has been coveting Duanmuying for a long time. If you were to be killed by us, Duanmuying would become a prisoner, and finally become a plaything under the fire. "Gao Gang said endlessly while attacking Li Tian.

"You shut up!" Li Tian shouted angrily.

A smug smile appeared on the corners of Gao Gang's mouth and said, "Let me shut up? Hey? If you don't want your two women to become other men's crotch playthings, finally get to know something interesting, and just grab your hands. So I can shut up!"

"Asshole!"

Is this the \*\*\*\*\* commander of the Ten Legion?

If it is before the end of the world, this is a standard hooligan.

But it is so.

Since the end of the world, many gangsters have escaped the attack of the zombie virus, but have gained a certain amount of power. This end of the world has become the biggest stage for these people.

Without the shackles of the law and sanctions from violent agencies, they act boldly and expose the ugliest aspect of human nature.

When Li Tiangang met Bai Jing, the dragon was like that.

And Gaogang is no exception.

It's just that Gao Gang stands at a higher position, has more powerful strength, and has more rights in his hands. There are also several other major legions that restrict each other, and Gao Gang's evil nature is suppressed.

Now Gao Gang feels that victory is in sight.

Once they behead Li Tian and defeat the Sakura Army, the entire Kyoto city will fall into their hands. Furthermore, their coalition forces can quickly annex this domestic force, and then Wei, Shu and Wu will divide the world. , Each lead a life like an emperor.

As for the existence of the three corpses and the existence of zombies, what is there?

As long as you treat zombies as a new species, there will be no psychological barriers.

Thinking of this, the smile on Gao Gang's face grew stronger.

And this distraction, Li Tian seized an opportunity.

"Huh!"

A red light flashed, and the "Red Zhan" in Li Tian's hand struck the Gao Gang's body heavily.

That high-steel steel body was still cut open by Li Tian's "Red Cut".

The wound appeared on Gao Gang's body as if a sharp blade slashed through the plasticine. The cut surface of the wound was neat, but there was no trace of blood flowing out.

"Hahaha, wishful thinking! I am a body of steel, even if you cut the steel apart, my body will heal slowly! But..." Gao Gang sneered and slammed into Li Tian again.

Li Tian directly used a teleport, avoiding Gao Gang's impact.

But Li Tian's figure just appeared, but he did not expect that Hero Hua had already beaten Situ Ningbing, but the long sword in his hand was slashed towards him.

"Chang!"

Li Tian's "Red Slash" blocked Na Hua Hero's long sword.

Li Tian was shaken back by Hua Yingxiong's sword again, and before Li Tian stepped back, the broken soul palm of his left hand blasted towards Hua Yingxiong. Hua Yingying's body was agile and he flipped to the left to avoid the broken soul. Attack of the palm.

Although embarrassed, Li Tian, Duanmuying, and Situ Ningbing still had the strength to fight when facing the joint attack of the three commanders of the top ten legions.

But on the other side, in front of the building of the Sakura Legion, it was a completely different scene.

Facing the impact of the coalition army, the iron-blooded men of the cherry blossom army also rushed out without hesitation and confronted the core cadres of the coalition army.

However, almost none of the core cadres at the headquarters of the Sakura Legion had to face the siege of more than three core cadres from other legions. Even if they were of comparable strength, the Sakura Legion's people, who were completely behind in number, were only confronted by one face A dozen of them were chopped over.

"All retreat, withdraw to the facade of the legion headquarters building!" Lan Lin immediately yelled at everyone when the situation was not good.

The strength of this blue forest is quite strong. As the assistant of the Sakura Legion Duanmu Sakura, it also possesses a very strong leadership. Under the leadership of the blue forest, the

members of the Sakura Legion retreated while fighting, and soon the tortoise retracted. Corps headquarters building.

But at this time, another dozen of the core cadres of the Sakura Legion fell into a pool of blood.

And the core cadres of the other legions, after seeing the defeat of the Sakura Corps, were even more chasing them, and people kept rushing into the headquarters building of the Sakura Corps.

Especially the legion commanders represented by the temple and the creation legion, when facing the core cadres of the Sakura Legion, they have absolute strength to suppress, even if they hide in the Sakura Legion headquarters building, they will only be chased. Kill.

Kobi is holding a seven or eight-meter-long iron chain. At this time, Kobi's iron chain has been infested with blood and turned red. The core cadres of the coalition army who died under this chain have at least a dozen. People.

Kobe is one of the top 500 players in the Forbes competition, and his strength surpasses those of the core cadres.

But two fists are hard to beat four hands. Even if Kobi's strength is strong, he will retreat when facing the cadres of other legions like a tide.

Behind Gao Bi, Gao Hu and Liu Long followed him closely.

Soon, Kobe and Windsor were blocked in a corner of the four-story building.

Windsor doesn't have much combat power, so he can only hide behind Kobi.

"Don't be afraid, Captain Li Tian is not here, I can protect you!" Gao Bi said to Windsor.

"Haha, Gao Shuai, isn't this the stupid son of the tyrant, who is guarding such a little loli, it seems that this woman is very important to you!" Gao Hu said with a sneer.

"Hey, the more important, the better for us! Today I want to avenge the rose and tear the woman you guarded to pieces! It makes you feel the pain of losing someone important!" Liu Long said grimly.

"Tick!"

"Tick!"

The iron chain in Gao Bi's hand was dripping blood continuously.

After hearing what Liu Long and Gao Hu said, Gao Bi calmed down instead.

"Important things, important women, what does this mean?"

"My guardian Windsor, is Windsor my important woman?"

"Hehe, I have found the reason why I need to fight with rage!" Suddenly, Kobi said with a wild smile.

Chapter 3832: Behead

Liu Long and Gao Hu were frightened by the sudden laughter of Gao Bi. ,

At this moment, there was such a trace of fear in their hearts.

But soon they both laughed involuntarily.

They know the strength of Kobe. Although they can stand out in the previous Forbes strength competition, it is more because there is Li Tian and Jingtao in that group. If there is no Li Tian against the sky. God, this kid is going to be eliminated directly in the finals.

And Liu Long and Gao Hu, although the two of them did not participate in the Forbes power competition, but these two people are the deputy commanders of the solid Rock Army, but they were fought after more than three years of \*\*\*\* battle.

These two have rich combat experience and a good ability at the same time, which allows them to have a strong chance of winning as long as they are not at the level of the commander of the top ten legions.

"The reason for fighting? Haha, the reason for fighting, do you hear? This fool is going to fight for this woman. He doesn't like this little loli anymore!" Liu Long said with a wild smile.

Gao Hu smiled and said, "Hey, this little loli is thin-skinned and tender. This idiot is not completely stupid. He even knows beauty and ugliness. Haha, this little loli must be very comfortable to tear."

From the beginning to now, neither Gao Hu nor Liu Long recognized that this little Lolita was Windsor, otherwise they would not have looked down upon this combination so much.

"Wow!"

Na Kobi roared angrily and rushed towards Gao Hu and Liu Long.

I saw a sneer at the corner of Gao Hu's mouth, suddenly raised his head, and screamed at Gao Bi.

"Wow!"

This roar sounded like a tiger roaring mountain forest, and this roar can be heard on the entire floor, even the upper and lower floors.

Windsor involuntarily pressed her ears, but at this moment she only felt as if she was deaf instantly, and could no longer hear any sound.

No, it's not that you can't hear the sound, but your ears suddenly become quiet, you can't hear the sound of beatings and killings outside.

It was replaced by a voice she had never heard before.

This kind of voice is sometimes absent, but it makes Windsor a little uneasy, and there is no way to concentrate on assisting Gaobi in the fight.

At this time, the same is true for the high ratio.

The moment Kobi rushed out, he was taken aback, and then he felt some strange sounds coming from his ears.

Gao Bi didn't want to listen to this voice, but he couldn't help but listen.

"Hey, there are many masters who died under my tiger's audio attack, even if there are two commanders of the first-class legion, and you can die under my attack, it is considered dead!" Gao Hu said with a sneer. .

Under normal circumstances, human hearing has a certain audio range, beyond which humans cannot hear.

This Tiger Howl audio attack allows the attacked person to instantly hear the sound outside the audio, and cannot hear the sound in the range before the human.

Once humans hear sounds that are completely beyond the normal tolerance range, they will naturally feel uneasy and hard to gather energy.

However, this situation can only last for more than ten seconds, otherwise this Gao Hu is not just the deputy commander of the Rock Legion.

However, in this case, this is more than ten seconds, and Gao Hu and Liu Long rushed towards Kobi with a loud shout.

In the face of Gao Hu and Liu Long's attack, Gao Bi couldn't even waver the iron chain in his hand, let alone attack the two.

It was just a face-to-face, and a steel fork in Gao Hu's hand directly pierced Gao Bi's chest.

"puff!"

The steel thorn came out directly from Kobi's back.

The blood is pouring, and blood is constantly flowing out of Gao Bi's chest.

Kobi couldn't help backing up a few steps and fell directly, but was hugged directly by Windsor who dared to come from behind.

"Gao Shuai! Gao Shuai! Are you all right!" Windsor shouted anxiously.

Kobi shook his head slightly and said, "Don't call me handsome, please call me Kobi!"

"Do you still struggle with what this name does at this time? Don't move me..."

"It's okay? Hey, the steel thorn pierced this kid's heart all at once. Even the gods can't save this kid. Still saying it's all right?" Gao Hu said with a wild smile.

"More than that, now even if the boy Li Tian releases the tyrant Gao Gang from the space, I am afraid that the tyrant Gao Gang will spread all his anger on Li Tian, and we have a better chance of winning." Liu Long said.

"Now, let's tear this little loli to pieces directly, and let this stupid kid watch the person he guards die in front of him." As he said, that Gaohu walked towards Windsor step by step.

"No... don't come here! If Li Tianjun knew that you attacked us, he would definitely kill you!" Windsor said to Gao Hu in horror.

Gao Hu's face showed a trace of hideousness, and he said, "Haha, Li Tian? I'm afraid he is now Nipsa crossing the river and it is impossible to protect himself."

At this moment, the iron chain in Kobi's hand shook abruptly. In Gao Hu's eyes, it was as if Kobi was struggling to death.

"Wow!" With a sound, the iron chain suddenly wrapped around Gao Hu's body, making Gao Hu's arms and legs unable to move.

"Oh, come back to light? Ahaha, but even so, am I afraid..."

Before Gao Hu's words were finished, his pupils widened suddenly, and he saw the little girl suddenly jump up, her tender little hand slashed towards his neck like a knife, and there was a faint blue color on that little hand. Color light.

"This... a familiar feeling! It seems that I have seen it somewhere..." At this moment, Gao Hu had realized the danger, and countless thoughts flashed in his mind.

Gao Hu's pupils opened wider, and he suddenly remembered.

The little loli in front of him is not an unknown person, but a famous medical supernatural person in the last Forbes power competition.

"Windsor?"

Gao Hu only called out such a name, and his head flew out sideways.

"Gao Hu!" Liu Long shouted.

At this time, Liu Long also thought of the character Windsor.

After Windsor participated in the Forbes power competition, Rose of the Rock Legion also invited Windsor to join, but was rejected by Windsor.

Liu Long never expected that they would meet in this situation.

At this time, the situation has changed.

Just now, Kobi, who was still half dead, got up from the ground and said to Liu Long with a sneer, "I said, I found a reason to fight! Now, let you try to try my Kobi's true strength. Right!"

"Wow!"

Kobby roared.

With this roar, Kobi's body suddenly changed.

Then there was a scream in this space, a scream!

Liu Long, without even showing his abilities, was killed by Kobi!

Chapter 3833: Rogue Supreme

Li Tian's side.

Situ Ningbing was beaten by Hua Yingxiong again and escaped.

There is no alternative.

Situ Ningbing's current strength is also the strength of the 15th-level zombie, compared to the Hua Heroes who can kill the 17th-eighth level, he is not an opponent.

Li Tian already had seven or eight sword wounds on his body.

Yes, it was a sword wound.

Was hurt by that Hua hero secretly.

Li Tian's gray-white bone armor was still unbearable when facing Hua Hero's long sword, and was cut open by Hua Hero.

Fortunately, Li Tian's injury was not very serious, but this has also affected Li Tian's performance.

"It's time. Now the Gaogang and Hua heroes have already taken advantage of them, and they have taken it lightly. Now is the time!" Li Tian thought in his heart.

"Huh!"

"Huh!"

"Huh!"

Hua Yingxiong slashed towards Li Tian with three swords.

The first two swords were easily avoided by Li Tian, but Li Tian, the third sword that slashed towards Li Tian, did not avoid it.

"Huh"

A sword qi slashed on the bone armor of Li Tian's small retreat, causing the bone armor that already had some cracks to crack directly.

The blood on the small retreat flowed, Li Tian staggered and almost fell to the ground.

"Opportunity!" As soon as Gao Gang saw this opportunity, he cried out in his heart and slammed into Li Tian's chest as if he were a passionate bull.

"Boom!" With a loud noise, Li Tian was hit by Gao Gang again.

Li Tian's body stumbled several times on the ground again before stopping.

Li Tian supported his body with his hands and slowly got up.

"Hahaha, finally succeeded!" Li Tian said with a smile.

"Gao... Where's the commander of the high steel army?" Hua Yingxiong asked with a shocked expression on his face.

It turned out that at the moment Gao Gang crashed into Li Tian, Li Tian stretched out his left hand and borrowed the power of Void Yasha to directly send Gao Gang into the space of Feitian Yasha.

Li Tian's gray-white bone armor was stained with blood, and it was covered with mud at this time, making Li Tian's whole body embarrassed.

But Li Tian's mood at this time was very good.

Li Tian stood up slowly, panting heavily, and said to the surprised Hua Yingxiong: "Guess!"

"Could it be... Did you send him into your space?" The Hua Hero's face suddenly showed a horrified expression.

According to Hua Yingxiong's guess, in Li Tian's space are the tyrant Gao Gang, the army commander Liu Feng, and the army soul Mu Yunlong, and the five elders of the Bounty Hunter Association.

If this is the case, let alone how strong Gao Gang is, no matter how strong he is, he will be beaten up.

Hua Yingxiong suddenly felt that their best chance to deal with Li Tian had been missed by him.

At this time, Li Tian has gradually grasped the initiative.

In the case of Hua Yingxiong to Li Tian, one-on-one, Hua Yingxiong is confident, but with the strength shown by Li Tian, Hua Yingxiong also knows that he might not win so easily.

"The trend is over"

At this time, Hua Yingxiong even thought of running away.

...

In the space of Flying Yaksha.

Gao Gang looked around blankly.

"This...this is Li Tian's space? But there is not even a single figure in the space!"

"Is Rose's guess wrong?"

"Impossible, impossible. As the general staff of Rock, Rose has never made a mistake in her judgment!" Gao Gang shook his head quickly and denied his idea.

"Could it be that Li Tian deliberately sent the man who informed us to deceive us? This..." Gao Gang suddenly began to doubt himself.

"Let me out! Li Tian, you bastard, have the ability to let me out!"

"I will fight you for three hundred rounds! I will kill you!"

Gao Gang angrily walked around in the space of Feitian Yacha, yelling at Li Tian.

"Huh!"

A burly figure suddenly appeared in this space.

When Gao Gang saw this figure, his face showed a triumphant expression, and he said with a hint of excitement: "It really is, it is true. Rose has never guessed wrong, you really are here to conspire about the alliance!"

"Hahaha, I see how your army soul legion confronts other legions this time, how to explain to other legions!" Gao Gang roared hissing.

Huangfu Kunpeng sneered and said, "Explain? The Army Soul Corps doesn't need to explain to anyone, because I, Huangfu Kunpeng and Mu Yunlong Corps Commander have never been to Kyoto City!"

"Joke, you haven't been to Kyoto City, then what is this place?" Gao Gang said.

"Here? It's Li Tian's personal space, but your Rock Legion, arbitrarily uniting the Flamingo Legion and the United Heroes' Palace Legion. This time my Huangfu Kunpeng made you disappear like the Saint Legion commander. I am afraid there will be no one. Surprised!" Huangfu Kunpeng said with a sneer.

"Wh...what? Did you kill the Saint Legion commander?" Gao Gang asked in surprise.

Huangfu Kunpeng shook his head slightly, and said, "It's Li Tian!"

"Li Tian? How could it be possible? He...how could he have this strength when he went to the East China Sea!" Gao Gang did not believe that Li Tian could kill the Saint Legion commander.

"Stupid! Nanzhou City is destroyed, you are not even alert! Haven't you seen that this is Li Tian's greatest ability? Although he has no abilities, he always surprises others! Just like this time, after this time, there will be no Rock Legion in Kyoto City, no Flamingo Legion, and Hall of Heroes Legion. This is something our army soul never thought of before coming to Kyoto City!" Huangfu Kunpeng said.

"There is no rock...no rock? No...no...my Rock Legion has annexed more than half of the Pilgrimage and Holy Legion, and now it is the largest legion in Kyoto!" Gao Gang kept shaking his head.

Gao Gang's eyes turned red, and his face became more and more crazy.

"No, I Gaogang will never accept this happening. Whether it is Li Tian or your Huangfu Kunpeng, you can't stop my dream of unifying the Rock Legion!"

The high steel screamed and rushed towards Huangfu Kunpeng suddenly.

Gao Gang's speed is extremely fast, as fast as lightning, but Huangfu Kunpeng's speed is even faster. When the Gaogang smashed into it, Huangfu Kunpeng had already slammed a punch to the ground, unexpectedly from the space where the flying nightshade Break a crack.

Then Huangfu Kunpeng's fist grabbed a magma fire dragon from the crack.

"Wow!"

With a dragon chant, the magma fire dragon entangled Gao Gang directly.

"what!"

Gao Gang let out a scream, his steel body began to melt within a second, and the magma fire dragon took Gao Gang directly into the crack and disappeared.

Gao Gang, commander of the Rock Legion!

dead!

Chapter 3835: The dust settles

There was a trace of sarcasm on Agni's face. ,

He was mocking Duanmuying's irresponsibility.

At this moment, Duanmuying sneered and rushed over.

The purple lightning on Duankiyang's left and right arms even flew out of her arm, and pierced the head of the fire like a purple lightning sword.

The corners of Li Huo's mouth smiled slightly, and his body leaped back...leaping...leaping?

Lihuo discovered that he was still on the spot, and he had not retreated half a point, but his two legs suddenly sank a few inches toward the ground, as if something under the ground was pulling him.

For Agni Huo's ability to travel the Yaksha, it was nothing more than a small skill.

If in normal times, it only takes two or three seconds for Agni to get rid of Jixing Yasha and pull him down.

But now, he was facing an attack from Duanmuying whose strength was stronger than him, and he suddenly became a little confused.

Agni moved his legs vigorously a few times, trying to pull his legs out of the ground, but he only felt that his legs seemed to loosen, but he did not pull them out completely.

At this time, the purple lightning sword of Mu Ying had already slashed towards his front door.

Li Huo's body fell backwards, out of the iron bridge in actual combat, and escaped the attack of the purple lightning sword.

But at this moment, the fire felt a sharp pain from his abdomen to the lower body, and the fire immediately let out a scream.

It turned out that Duan Muying missed the stabbing and turned into a chopping, but it was just right on the abdomen of the burning fire.

Duanmuying's purple lightning sword's destructive ability does not need to be questioned at all, this person's body is completely classified as nothing.

Therefore, in just a moment, the abdomen and lower body of the raging fire completely disappeared.

The two legs of Agni seem to have become longer, and they have completely become long-legged Obama!

The fire uttered a scream and fell directly to the ground. He was already dead and could no longer die.

At this time, Ji Bailiang's cars suddenly drove up on both sides of the street. After these cars stopped, the car immediately rushed out.

But it is the core cadres and commanders of the Fengyutongcheng Army Corps, the Black Dragon Army Branch in Kyoto City, the Bounty Hunters Association, and the remaining dozens of first-class and second-rate legions in Kyoto City.

"kill!"

"kill!"

These people were holding various weapons and blades, screaming and rushing past Situ Ningbing and Duanmu Ying, rushing towards the Sakura Legion.

Several elders from the Bounty Hunter Association slowly came to Duanmuying.

Elder Gu Liang glanced at the dead fire, and said to Duanmuying: "It's great if you are fine, we finally haven't come too late!"

Duanmuying looked depressed, shook her head and said: "It's too late, the headquarters of the Sakura Legion is over!"

Although she hadn't even entered the headquarters to see it, Duanmuying knew that her core cadres had died a lot since she rushed out.

"It's not too late, as long as you and Xiao Litian are okay, none of this is too late!" The old man Wuji came to Duanmuying's side and comforted Duanmuying.

Duanmu Ying is crying without tears.

Although the foundation of the Sakura Legion is in Wolf Mountain, there are at least half of the core cadres in this headquarters. Now that these core cadres die, the overall strength of the Sakura Legion will inevitably decline.

"Where's Li Tian? How is his place?" Duanmuying asked.

The old man Wuji smiled slightly and said, "Don't worry, Xiao Li Tian is fine. The hero of Hua is also in bad luck. He is on the run happily, but he meets the tyrant Gao Gang and Liu Feng's army commander who came to support him. After Li Tian chasing, Hero Hua has no chance to escape. At this time, Hero Hua has become a bear and has been captured alive by Li Tian and others!"

"Master, follow me to the headquarters of the Sakura Legion. I will kill all the core cadres of those coalition legions, leaving none!" Duanmu Ying said viciously.

"I'm afraid not! These people are all witnesses. They are witnesses who prove the formation of the Rock Legion, the Fire Legion and the Hall of Heroes. However, you should have no problem killing a few people!" said the old man Wuji.

At this time, Li Tian, tyrant Gao Gang, and Liu Feng had already escorted Hua Yingxiong over.

Hero Na Hua's braids were cut off by Li Tian's "Red Chop", and his head was disheveled. Hero Hua's tongue was accidentally cut off by Li Tiange during the battle. His mouth was bloodstained, and he looked embarrassed. rotten.

When Hua Yingxiong came over, he kept cursing Li Tian, but who could understand what Hua Yingxiong said?

...

Things come to an end.

The commander of the Rock Legion disappeared, two deputy commanders were killed, and more than half of the core cadres of the entire legion died.

The head of the Fire Corps, Agni Huo, was killed, and the deputy head of the Corps Ding Pojun was killed. More than 30% of the core cadres of the entire legion died.

Hua Yingxiong, commander of the Hall of Heroes, was captured, two deputy commanders were killed, and more than 30% of the core cadres of the whole corps died.

As for other legions such as temples and creation.

Their legion commander accidentally slammed into the purple lightning of Duanmu Ying and turned to ashes. Like the rock legion commander Gao Gang, he was listed as a missing person.

Because of the existence of Windsor, the core cadres of the Sakura Corps in Kyoto City have left 20%.

Lan Lin, Duanmuying's assistant, had an arm cut off, but was later picked up by Windsor, as if he was okay.

It can be said that the power of the entire Kyoto City has been weakened, and the power of the entire Kyoto City has been completely reshuffled.

From that day on, the gates of Kyoto City were closed for three consecutive days, prohibiting anyone from entering or leaving, and pretending to check the missing Gaogang and several army commanders.

The result is of course nothing.

It was only three days later that Kyoto City returned to normal.

However, after such a disturbance, the streets of Kyoto City were obviously depressed a lot.

The Kyoto City Allied Forces, based on the Wind and Rain and the Bounty Hunter Association, the Sakura Corps, and the Agricultural and Commercial Association, have joined the reorganization of five first-class legions that have demonstrated performance in this time.

In the end, the agricultural and industrial association not only escaped a catastrophe, but took the opportunity to grow stronger.

There is no other way. The Association of Agriculture and Commerce did not directly participate in the encirclement and suppression of Li Tian and Sakura's army, and the chairman of that week insisted that the suspension of food supply was due to the bewitching of Kyoto City TV.

In these three days, Li Tian, Situ Ningbing, Duanmu Ying, Mu Yunlong, and Huangfu Kunpeng have been watching the changes in Kyoto City in the Sakura Legion Langshan area which is dozens of miles away from Kyoto.

At this moment, a voice that was extremely unfavorable to Li Tian suddenly came from Kyoto City.

Chapter 3836: Successor

I don't know who made this sound first.

But this directly points to Li Tian

This voice is saying that the strength of this Kyoto city has been greatly weakened, and this change is inseparable from Li Tian's destruction of Nanzhou City. Since the Rock Legion, the Flamingo Legion, and the Hall of Heroes have all been uprooted, should Li Tian also pay his corresponding price?

Even the newspapers and media in Kyoto City in the next few days shifted their focus on changes in the power of Kyoto City to the discussion of Li Tian.

The newspaper media in Kyoto City immediately divided into two camps: the Li group and the Li group.

Among them, the Ting Li faction believed that the reason why Li Tian would destroy Nanzhou City was because the Panshi Legion arbitrarily pulled Li Tian from Donghai City to Beitang City, so this error must also be the first of the Panshi Legion. As for Li Tian Destroying Nanzhou City was completely a grudge between the two legions of Heaven and Rock.

On the other hand, the Li faction believes that Li Tian's destruction of Nanzhou City is the destruction of a major living stronghold of mankind. No matter the reason, the destruction of Nanzhou City is a fact. Therefore, there should be no objection to Li Tian's accusation of destroying the great unity of mankind. As for why he was suppressed later, it was because there were people on Li Tian. The Rock Legion just wanted to ask for an explanation because of this unfair treatment.

In the first few days, the two sounds were still evenly matched.

But gradually, some of the voices of the residents of Kyoto City were added to these two voices.

But this kind of voice is more tolerant than Li Tian's accusation. With the addition of this kind of voice, the entire public opinion tilts completely, and more and more people are accusing Li Tian.

If there is no Li Tian, how could the Rock Legion and the Flamingo Legion be allied, and how could it be possible to make mistakes that the mentally retarded would not make?

If it were not for Li Tian, would the power of this Kyoto city become weaker? Will the living area of human beings in Kyoto City shrink across the board?

Gradually, this kind of voice became the mainstream voice, and some people even shouted directly in the newspaper: "Li Tian get out of Kyoto City!"

Looking at the bold words in the newspaper, Li Tian's face was green.

"Asshole, who on earth is contributing to the flames!" Li Tian tore the newspaper in his hand to pieces and said angrily.

Makes everyone angry at this time.

At this time, the previous ten legions announced their withdrawal from the stage of history. It was just when the Celestial Realm wanted to show its talents. According to Li Tian's idea, the Celestial Realm should definitely be able to enter the super-class legion and become the same as the previous Ten Corps Existence has become an existence that the citizens of Kyoto City look up to and respect.

However, now, everything becomes impossible.

"Li Tian, now the Kyoto City Coalition has formed a unified national army with the Army Soul Corps and the Black Dragon Corps. In the next few years, other legions will join this legion one by one. It is better to do it now. Let go, I will call my grandfather to take care of my Sakura Legion directly, and you will also give your grandfather to take care of your heaven. Let's just find a place to live in seclusion and live a paradise life!" Duanmuying faced Li Tian Said.

"But what about my group of brothers? They came out of heaven with me." Li Tian said.

Duanmuying stretched out her hand to hold Li Tian's hand, put Li Tian's hand on her abdomen, and said, "Don't worry, Grandpa will definitely not treat your brothers badly!"

Naturally, Li Tian believed it, but he was still a little worried.

And at this moment, Gabby pulled his iron chain with a newspaper in his hand and came to Li Tian with a little displeased face, and said to Li Tian: "Captain, today's newspaper is even more excessive, even... Even..., see for yourself!"

Li Tian suspiciously took the newspaper from Gao Bi's hands.

As soon as he opened it, Li Tian saw an eye-catching headline in the newspaper: If the heavens are not eliminated, the world cannot be peaceful.

And under this title, there is a subtitle: Fifty Legion Petition, asking Li Tian to get out of this country.

The entire text continuously lists all the legions destroyed by Li Tian in the northwest, and even lists the cities destroyed because of Li Tian's involvement.

Then at the end of the text, the names of more than fifty large and small legions were listed. Although these legions have almost no first-class legions, the total number of these fifty legions is not a small number.

"Fuck!"

Li Tian angrily slammed the newspaper against the stone table in front of him. The newspaper was shattered into a pile of shreds by Li Tian's palm, and the stone table was directly torn apart.

"Li Tian, what are you doing? You terrified my child!" That Duan Muying said suddenly angry.

"Child? What child?" Li Tian asked.

Then Li Tian was stunned.

"You...you mean my child, our child? I'm Li Tian going to be a father?" Li Tian stammered.

Seeing Duanmuying nodded slightly, Li Tian only felt a dizziness in his head.

Li Tian suddenly remembered why Duanmu Sakura hadn't participated in the events of Kyoto City these days.

Li Tian suddenly remembered that Duanmu had placed his hands on Duanmuying's belly from time to time these days.

Situ Ningbing's face immediately showed a smile, and she stretched out her hand to wrap her around Duanmuying and said, "When did you find it? Why didn't you tell us earlier?"

At this time, Li Tian was already at a loss. He stood there and turned around a few times, trying to reach out to touch Duanmuying's belly, but Situ Ningbing opened his hand, and wanted to squat down and listen to Duanmuying's belly. The baby's fetal movement was pushed back by Duanmu Ying.

"Haha, I Li Tian has a son! I Li Tian has a son!" Li Tian said to himself happily.

"Bah, how did you know it was a son, maybe a daughter?" Duanmuying said.

"Haha, must be a son, must be a son."

"If you give birth to a daughter, I will give birth to a son in Ningbing."

"If Ningbing gave me a daughter, I would ask Bai Jing to give me a son!"

"Haha, there is no shortage of children and grandchildren!" Li Tian said excitedly and knowing why.

"Then Li Tian, let's leave the army to Grandpa to take care of, shall we go to live in Xanadu?" Duanmuying said by the opportunity.

"Okay, okay!" When Li Tian said this, he almost didn't think about it, and said it directly.

At this time, Mu Yunlong and Huangfu Kunpeng walked out, and when they heard the dialogue between Li Tian and Duanmuying and others, the face of Mr. Mu immediately showed excitement.

The old man was full of energy, walked to Li Tian in a stride, and said to Li Tian: "Little Li Tian, I have proposed to you before, I know you have no ideas. But now, should you be my great grandson? Think about it?"

Before, Mu Yunlong wanted to hand over the Army Soul Legion to Li Tian, but Li Tian refused, and now Mu Yunlong raised the matter again.

Li Tian asked suspiciously: "Grandpa, what do you mean?"

"According to the current scientific research technology and the development trend of the army, the end of the world is not a few years away. The only variable is the three corpses. Once the three corpses are removed, then the end of the end of the era will be declared to be over, and then, In this earth world, as before the end of the world, many nations will appear."

"Any state will have the leader of the state, so why can't it be our Li family?" Mu Yunlong said.

Chapter 3837: suddenly see the light

Li Tian was a little shocked. .

Li Tian was a little shocked by the old man's thoughts.

This is not the old man's style!

The old man has the world in his mind, especially after the end of the world, he thinks more about expelling the three corpses and restoring the order of the human world. Will he suddenly want to lay a big world for his great grandson today?

To tell the truth, Li Tian returned to Earth through another world. At that time, he only wanted to find his wives, and then lead a few wives to live a happy harem life.

Li Tian didn't want to dominate the king.

But now, the words of the old man Mu Yunlong also made Li Tian a little at a loss.

The princes and generals are kind of like Ning.

That's right, now sitting on the entire Northwest, the current Celestial Legion's overall strength and close to, even reached the previous ten legions. The Celestial Realm is even more closely related to the Sakura Legion and the Soul of the Army. The current Celestial Realm absolutely possesses the background of the Central Plains.

That being the case, why can't this new country's new master be named Li?

There was a trace of excitement in Li Tian's heart.

In the heart of any man, there is this drunken beauty's knee, the heart of the king who awakens the power of the world.

Li Tian is no exception.

But I have to admit that Li Tian has a fatal flaw in his character.

Although Li Tian's strength is comparable to those of the commanders of the top ten legions, Li Tian lacks that kind of courage and domineering.

Even Gao Gang and others of the Rock Legion were thinking about the day when the king would come to the world, but Li Tian rarely had such an idea.

Of course, in addition to being born innate, a person's character is also closely related to his growth environment.

Duanmuying's eyes involuntarily showed a trace of desire.

Although she was persuading Li Tian to abandon the legion with her, merge into the army soul, and leave it to Father Mu Yunlong to manage, she and Li Tian and others went to live in seclusion.

But when Mu Yunlong uttered those words, Duanmuying's heart jumped suddenly.

Duanmuying still wants to live happily and happily with Li Tian in her heart, but now that she has the flesh and blood of Li Tian, she can't help thinking about a better life for the child in her stomach.

Duanmuying looked at Li Tian involuntarily. She hoped that Li Tian could carefully consider the proposal of Mr. Mu Yunlong.

Li Tian stood up and looked at Kyoto City.

From rivers and lakes to temples, this is not a matter of a word, but a seed has begun to sprout in Li Tian's heart.

Mu Yunlong watched the change of expression on Li Tian's face, and continued: "Li Tian, I just listened to the conversation between you and Duanmuying."

"Now you own the northwestern region of this country, and your subordinates and brothers are powerful, but your heaven is already a powerful force that can't be ignored. And Duanmu Ying is the same. This time, the Sakura Legion has suffered heavy damage, but is dead thin. The camel is bigger than the horse, and the total foundation of the Sakura Legion has not suffered much damage. But if you two choose to leave at the same time, even if the two forces merge into the soul of the army, this will inevitably be lost. For this country It will be a huge loss for the entire human world."

The old man paused, and then said: "Although we eliminated Gao Gang, Agni Huo, and Hua Hero after this incident, our domestic human strength has also been weakened. We weaken human strength. It's not our original intention, it's just a last resort. So at this time, you can't even leave."

Li Tian stretched his hand to hold Mu Yunlong's hand, invited Mu Yunlong to the stone bench seat, and said: "Grandpa, then the matter of the surname of the country you just mentioned is Li..."

"I was serious!"

The old man Mu Yunlong continued earnestly with a face: "The stronger the ability, the greater the responsibility. Like you, Huangfu Kunpeng, Duanmuying, etc., you have the strength that ordinary people in this world will always be unaware of, and you enjoy others' Respect, look up, and worship, then you have the responsibility to be responsible to them, and you also have the right to obtain what they cannot have."

"For example, wealth, status, rights! In this case, with the sacrifices made by the army soul, heaven, and the army of cherry blossoms, we also have the right to give this country the surname Li!"

Li Tian turned his head and said: "Grandpa, I understand what you mean. For you or for ordinary people in this country, it doesn't really matter what the country's surname is. The important thing is to make ordinary people in this country free from zombies. The threat of being out of the control of the three corpses will allow them to live the life before the end times!"

Mu Yunlong showed a pleased smile on his face, slightly turned his head, and said: "Li Tian, I am very pleased that you can understand this truth. There are heroes in troubled times, such as you and Duanmuying, you have no reason to escape. of."

"But grandpa, you read these newspapers..."

Before Li Tian's words were over, he was interrupted by Mr. Mu Yunlong.

"Li Tian, you must always remember the difference between us and them."

"We are people who look up and look forward to the world, but what about them? They are people who have their heads down and only the inch of land under their feet in their eyes!"

"When the structure is different, the things they value are naturally very different. Now that they are used by some people with ulterior motives, what is there to be angry about?"

"Know that we are thinking more about the world! We have the world! How can we have a general knowledge of these ass?" Mu Yunlong said with a smile on the corner of his mouth.

Listening to Mu Yunlong's indoctrination, Li Tian couldn't help but bow his head slightly.

Li Tian's mind was thinking about every word of Mu Yunlong's office, and he couldn't help but feel a sudden sense of relief.

"Haha, I'm really stupid! This time in Kyoto City, it is reasonable to take the credit of my Li Tian, but after the rock and other legions were broken, our heavens did not get any good, which made me Li Tian's heart I am already dissatisfied. I have fallen into this kind of gain and loss, and I will naturally be troubled by this kind of gain and loss."

"And the citizens of Kyoto City are dissatisfied with me, and it makes me feel resentful. Now that I have listened to my grandfather's words, I know that I have set my own structure too low. That's right, these complaining Kyoto residents They resented me, and even told me to get out of Kyoto city, but what's the matter? They are still struggling with how to earn a few low-level corpse crystals every day, worrying about their livelihood every day, but what about me, Li Tian? How can I care about them!"

"Today you let me Li Tian get out of Kyoto City, and tomorrow I will let you kneel to welcome me into Kyoto!" Li Tian thought in his heart.

Chapter 3838: Behind the scenes

Although Li Tian's psychology has completely wanted to open up, it does not mean that Li Tian has no temper. ,

Li Tian wants to find the behind-the-scenes man behind the direction of public opinion.

After three consecutive days of investigation by the Sakura Army, Fengyutongcheng, and the Black Dragon Army, all the final results point to the Association of Agriculture and Industry!

"Huh, housekeeper Zhou, I haven't asked you to settle the account for the Agricultural and Commercial Association that you took away from Tang Feifei. You even scam me behind the scenes. It's time for us to calculate the old hatred together!" Li Tian said.

Situ Ningbing said: "Li, since the butler dared to take away Tang Feifei's Agricultural and Commercial Association this week, and dare to scam you behind the scenes, I am worried that this person may have any support, let me go with you!"

"Li Tian, I want to go with you too!" Duanmuying also said coquettishly.

Li Tian suddenly got a little bit big, and said quickly: "No, no, just a weekly housekeeper. You will stay in Langshan and take good care of our children. I can take Kobi and Windsor to go together!"

That Duan Muying Ke Situ Ningbing did not agree at all.

They have been in this wolf mountain for almost a week, and they are feeling flustered and bored. There is such a fun thing, they will definitely not miss it.

Reluctantly, Li Tian could only bring Situ Ningbing and Duanmu Ying.

However, for the sake of Duanmuying's safety, Li Tian asked Duanmuying, Situ Ningbing and Windsor to stay in the space of Void Yasha.

Then Li Tian drove the car away from Langshan and drove quickly towards the city of Kyoto.

When he arrived in Kyoto City, Li Tian was recognized by the new coalition members when he passed the checkpoint. The new coalition members in Kyoto City were still very polite and even respectful to Li Tian.

But the bounty hunters nearby and the residents of Kyoto City didn't have any good attitudes towards Li Tianke.

When they saw Li Tian, they all had expressions of disgust on their faces, as if Li Tian was a plague god, hiding Li Tian from a distance.

What's more, even spitting in the direction of Li Tian's car, still cursing.

"Captain Li Tian, let me go down, I want to screw off that Gouri's head!"

Kobi was about to rush down angrily, but Li Tian stretched out his hand.

"No, we will leave Kyoto City after we handle this matter. Don't make any extravagance!" Li Tian said.

Gao Bi was angry, but he could only give up.

After the car entered the city of Kyoto, Li Tian drove the car directly to Tang Zheng's villa.

Since Chairman Tang Zhengtang and Vice Chairman Kang died in this villa, this villa has never been occupied.

At this time, the door of the villa was locked tightly. Through the door you can see that the courtyard of the villa is full of depression. The grass on the lawn has not been built for a long time. Several branches have protruded from the courtyard wall, and a red flower has withered. Only two petals remained on it.

Although the door was locked, Li Tian knew that the butler would come back to this villa every day this week.

Li Tian drove the car forward for another block and stopped in a hidden place before getting off.

Then Li Tian took Kobi back to Tang Zheng's villa, before entering over the wall, Li Tian asked about a strange rich fragrance outside the wall.

The scent seems to be the scent of roses, but it is completely different, giving people a greasy and crooked feeling.

"This smell is so strange, it seems to be deliberately covering up some smell!" Li Tian whispered to himself.

Kobi smirked and said, "I know, this smell is familiar to me, it's the smell of zombies."

That's right, under this rich fragrance is the smell of mourning.

But how can there be funerals in this Tang Zheng's villa?

This is not scientific!

"Go, let's go in and take a look!" Li Tian said.

Li Tian looked around and found that there was no one nearby, so he directly took Gao Bi a teleport across the courtyard wall.

Entering the courtyard wall, Li Tian led Kobi quickly towards the direction of the villa.

Just a few steps, Li Tian suddenly realized a danger, as if something was staring at him.

Li Tian's gaze suddenly turned towards the shadow of the villa house. In that shadow, Li Tian actually saw a few bereavements the size of a calf.

"The lost dog! Three lost dogs! How come there are three lost dogs here!" Li Tianjin said.

At this time, the three bereaved dogs have stood up, facing Li Tian and Gobi constantly gnawing their teeth, and their two front paws kept digging against the ground, and the concrete floor has been dug out. A few pits one foot deep. And those lost dogs seemed to be waiting for a signal, and they would rush out at any time to tear Li Tian and Gaobi to pieces.

But at this moment, Li Tian suddenly heard a short and rapid whistle sound.

After hearing the sound of the whistle, the three bereaved dogs turned around and entered the villa.

Li Tian's heart was full of doubts.

According to information, this Tang Zheng's villa has been abandoned for a long time. Except for Zhou Guanjia who will return to this villa every evening, there are no other human beings in this villa, let alone bereavements, but Where did this dog come from, and where did the whistle sound come from.

In any case, Li Tian absolutely does not allow funerals in this Kyoto city.

Seeing those mourning dogs turned and got into the door of the villa, Li Tian immediately speeded up his pace, even teleporting several times in succession, and then entered the villa.

As soon as he entered the villa, Li Tian was immediately shocked by the sight in front of him, completely speechless.

There are countless eyes staring at Li Tian in this villa, and the owner of these eyes is a sturdy three-headed dog. It can be said that this villa has become a three-headed dog kennel. general.

What surprised Li Tian even more was the man sitting on the stairs of the villa.

"Vice President Kang, you... aren't you dead?" Li Tian asked in surprise.

"Dead?" There was a thoughtful expression on Vice Chairman Kang's face, but soon he continued: "Yes, it is dead? But that was my death as a human, but now I am alive again Now! And from now on, I will never die again! It's an eternal existence! Hahaha!"

eternal life? It just became a zombie.

It's just that Li Tian didn't understand that the vice chairman Kang was killed by the corpse just like Tang Zheng, and the corpses of these two people were seen by the entire city of Kyoto, but now the vice chairman Kang How could he become a zombie?

"Where is President Tang? Did he become a zombie just like you?" Li Tian asked.

Vice Chairman Kang smiled slightly and said, "Chairman Tang? Oh, you mean Tang Zheng, hey, he doesn't have as good luck as mine. His body is only suitable for feeding dogs, so he should be now Live forever in the belly of these lost dogs!"

"Who said I fed the dog?"

Chapter 3839: White Corpse Armor

Vice Chairman Nakang patted the dirt on his body, walked back as if nothing had happened, and sat on the stairs again.

Tang Zheng sneered at Li Tian and said, "Li Tian, we meet again!"

"Tang Zheng! Are you still alive?" Li Tian asked in surprise.

"Living? No, the word doesn't belong to us anymore! To be precise, we exist in this world, like gods, but much higher-end than living!" Tang Zheng said with a smug smile on his face.

exist? What an existence! What a god-like existence!

"Tang Zheng, do you know that Feifei knows how painful it is to be killed? It is not an exaggeration to describe it as painful. Haha, it turns out that all this is a scam!"

"It's really a clever scam... Not only to deceive all the people in the world, but even my own daughter!"

"I really feel worthless for Tang Feifei!" Li Tian said angrily.

"Worthy or not worthy, you are not qualified to evaluate!" Tang Zheng said with a sneer.

"I just want to ask you, what's the point of doing this? The president of the dignified Agricultural and Commercial Association is already a human being in this country. Why should he become a three-corpse eagle dog?" Li Tian asked.

"What's the point?"

Tang Zheng paused, as if he was thinking about it. After a while, Tang Zheng said: "High above the sky, far beyond the existence of human beings, this is the meaning!"

"But have you thought about Don Feifei's pain?"

Tang said calmly and positively: "The pain is good, the pain shows that she is still alive! Li Tian, if you really have Tang Feifei in your heart, and the rest of the women who really have you, you should take them away and find a Live your life on the island of zombies instead of destroying the plan of the three corpses."

"Tang Zheng, if you are so selfish and let Master Zipao know about it, be careful of your head moving!" Vice President Kang continued with some dissatisfaction: "Then Feifei Tang is a puppet recognized by Master Zipai, sooner or later. It belongs to Master Corpse! You can't be selfish just because she is your woman! If you continue to be like this, you will hurt me and Housekeeper Zhou again, be careful that the two of us are not polite to you."

"You're welcome? Okay! I want to see how you treat me not. Don't forget to restrict me to be the puppet of Lord Corpse, and you are just an accessory to the puppet! Without me, you would have become The food in the dog's stomach is gone. Without me, can Xiao Zhou sit in the position of the Agriculture and Industry Association and show his power?"

Although Vice President Nakang was dissatisfied, he did not continue to say anything.

It can be seen that since Vice Chairman Kang and Tang Zheng died once, the relationship between the two has not been as harmonious as before, and there is even a feeling of rivalry everywhere.

At this time, Kobi walked in from outside and saw Tang Zheng and Vice President Kang, even if Kobi was a fool, he couldn't help showing a surprised expression.

"Lee... Captain Li Tian, aren't they dead? How come they are here?" Gao Bi asked in surprise.

After seeing Kobi, Tang Zheng clapped his hands gently and said, "Li Tian, you must now know who contributed to the smearing of you in the newspapers and media, right? No lock, it's me, Tang Zheng! "

"Why are you doing this?" Li Tian asked puzzledly.

"Just to allow you to come here, before I come to open Kyoto City, I need to confirm again. Now, I only ask you the last sentence, would you like to take Don Feifei far away, never ask these three corpses The matter?" Tang Zheng's expression gradually became serious, as he looked at Li Tian with sharp eyes and asked.

"Tang Feifei is my Li Tian's woman. Regardless of Tang Feifei's birth, old age, sickness, and death, Li Tian is willing to take care of Tang Feifei forever! But if I only ask about the Three Corpses, I can't do it!" Li Tian said without hesitation .

"Hahaha, what a man who values love and righteousness, if that's the case, then I have nothing to remember! Let's start, Vice President Kang..." Then Tang Zheng did not look at Li Tian again, his eyes But it was already full of cold feeling.

Following Tang Zheng's words, a dozen or so three bereaved dogs in the villa were baring their teeth and staring red eyes, slowly surrounding Li Tian and Kobi.

let's start?

What do you mean?

Could it be that the two zombies of Vice President Tang Zheng and Kang, plus these three-headed dogs of level 12 and level 4, want to leave Li Tian and Gao Bi here?

As early as when Tang Zheng and Kang appeared, Li Tian had already felt the strength of both of them by using the nine colors.

The strength of Vice President Kang is probably barely able to reach the fourteenth level of zombie, Tang Zheng's strength is a little bit stronger than Vice President Kang, that is, he is in the early fifteenth level.

"Wow!"

Na Kobi's iron chain has hit the head of one of the three bereaved dogs. As a beam of light flashed, one of the heads of the three bereaved dogs was directly exploded by Kobi's iron train. , The lost dog let out a scream and fell to one side, and as Kobi's hand shook, the iron chain shook left and right, and several lost dogs on the left and right were immediately hit by Kobi's chain locks, leaving their skins and flesh broken. , Backing one after another.

The current Gao Bi, under normal circumstances and even possesses the strength of nearly fourteenth-level zombies, if his abilities are used again, these zombie dogs are not enough to see.

Although Li Tian also used Xuantian \*\*\*\*\* to deal with those lost dogs, Li Tian focused more on Tang Zheng and Vice President Kang.

As soon as the battle started here, Li Tian immediately felt that Vice President Nakang's body strength was continuously improving. Almost when Kobi killed the first dog, the strength of Vice President Nakang had already increased. It's more than eighteenth level zombies.

At this time, Vice President Nakang's strength was still improving, and he didn't seem to have any intention of stopping.

Vice President Kang's body shape is also gradually changing. In almost a few seconds, he changed from a shriveled old man to a fat middle-aged man weighing more than four to five hundred jin. This body shape has surpassed the tyrant Gao Gang.

"puff!"

"puff!"

Small bones are constantly burrowing out of Vice President Kang's body like scales, covering Vice President Kang's body.

"How is this possible!" Li Tian said in surprise.

"Vice President Kang, do you want Lao Tzu to twist your head off and kick the ball?" A majestic voice came from the top of the stairs, and this was Tang Zheng's voice.

Tang Zheng walked down the stairs slowly, came behind Vice President Kang, glanced at Vice President Kang disdainfully, and then suddenly kicked his feet on Vice President Kang's back. , And although Vice President Nakang wanted to evade, it was too late. He could only roll down the stairs like a ball, and then a dog ate \*\*\*\*\* and fell in front of Li Tian.

Li Tian frowned slightly involuntarily.

Vice Chairman Nakang patted the dirt on his body, walked back as if nothing had happened, and sat on the stairs again.

Tang Zheng sneered at Li Tian and said, "Li Tian, we meet again!"

"Tang Zheng! Are you still alive?" Li Tian asked in surprise.

"Living? No, the word doesn't belong to us anymore! To be precise, we exist in this world, like gods, but much higher-end than living!" Tang Zheng said with a smug smile on his face.

exist? What an existence! What a god-like existence!

"Tang Zheng, do you know that Feifei knows how painful it is to be killed? It is not an exaggeration to describe it as painful. Haha, it turns out that all this is a scam!"

"It's really a clever scam... Not only to deceive all the people in the world, but even my own daughter!"

"I really feel worthless for Tang Feifei!" Li Tian said angrily.

"Worthy or not worthy, you are not qualified to evaluate!" Tang Zheng said with a sneer.

"I just want to ask you, what's the point of doing this? The president of the dignified Agricultural and Commercial Association is already a human being in this country. Why should he become a three-corpse eagle dog?" Li Tian asked.

"What's the point?"

Tang Zheng paused, as if he was thinking about it. After a while, Tang Zheng said: "High above the sky, far beyond the existence of human beings, this is the meaning!"

"But have you thought about Don Feifei's pain?"

Tang said calmly and positively: "The pain is good, the pain shows that she is still alive! Li Tian, if you really have Tang Feifei in your heart, and the rest of the women who really have you, you should take them away and find a Live your life on the island of zombies instead of destroying the plan of the three corpses."

Vice President Kang continued with some dissatisfaction: "Then Feifei Tang is a puppet recognized by Master Zipai, sooner or later. It belongs to Master Corpse! Without me, you would have become The food in the dog's stomach is gone. Without me, can Xiao Zhou sit in the position of the Agriculture and Industry Association and show his power?"

Chapter 3840: Zombie puppet

In almost an instant, Vice President Nakang's whole body, including his body, arms and cheeks, was surrounded by this layer of white bone scales. .This kind of scales are pressed one by one, each of the white bone scales is the size of a thumb fingernail, and there is a cold light on it. It looks like

Vice President Kang is like a large lizard walking upright, giving a person Kind of disgusting feeling.

"Li Tian, can you feel the change in Vice President Kang's strength? This Vice President Kang is just the most inferior puppet affiliate. He doesn't even qualify as a puppet zombie, but he has nineteen. The strength of Grade 1 zombie. This is the meaning we are after!" Tang Zheng said with a sneer.

"Flap!"

Li Tian played the Xuantian \*\*\*\*\* several times in a row. The Xuantian fingering, which can shoot directly through the heads of three dead dogs at level twelve, hit the body of Vice President Kang. It turned out that only a few sparks were shot. No trace was left.

"Haha, Li Tian, don't do it in vain. Although my armor is not as good as your bone armor, the bone hardness has reached the level of eighteen zombie or higher, even if it is a cannonball, it can't be destroyed!" Chang said with a sneer.

Li Tian didn't speak, and used a teleport in an instant. He suddenly appeared behind Vice President Nakang, and blasted his soul palm with a blow against Vice President Kang's back.

"boom!"

The explosion of distance sounded, Vice President Nakang's body was blasted forward by Li Tian's broken soul palm, but the broken soul palm also did not blast away the scales outside Vice President Kang's body.

And after seeing Vice Chairman Li Tian and Kang open, Tang Zheng showed a sneer at the corner of his mouth, and turned and walked towards the basement.

"Don't go!" Li Tian rushed forward, rushing towards Tang Zheng, trying to stop Tang Zheng, then Tang Zheng turned around abruptly and slapped Li Tian. This palm looked extremely random, but it was like Tang at the beginning. Just as the kick was on the back of Vice Chairman Kang, it was full of power, and Li Tian was alert in his heart, not daring to be careless, and hurriedly used his broken soul palm to meet Tang Zheng's palm.

"boom!"

At that moment, Li Tian felt that the power on Tang Zheng's palm seemed to have increased several times. This simple palm actually possessed more power than the broken soul palm, and Li Tian flew out directly!

Bragging?

Li Tian could hardly believe it, but this really happened and existed.

Li Tian's body slammed into the body of a 12th-level dead dog, and even the dead dog was knocked down by Li Tian.

The three heads of the lost dog immediately wanted to bite Li Tian, but when Li Tian turned around, a "red cut" cut off all the three heads of the three lost dogs.

When Li Tian looked back at Tang Zheng, Tang Zheng had already disappeared.

At this time, Vice President Nakang was already entangled with Gao Bi.

The iron chain in Gao Bi's hand slammed to Vice Chairman Kang, entangled Vice Chairman Kang tightly.

However, a sneer appeared at the corner of Vice Chairman Kang's mouth.

"Drink!" With a roar, Vice President Na Kang slammed his whole body, and the iron chain made of stainless steel in Gao Bi's hand was directly broken by Vice President Kang.

The stupid kid Gao Bi didn't know what fear was, and he slammed the two broken iron chains tightly towards Vice Chairman Kang again.

"Flap!"

The two broken iron chains in Gao Bi's hand continued to show light, and it could be seen that Gao Bi was performing abilities every time at this time.

But the constant beating did not help.

This feeling is as if you are holding a needle in your hand and pushing the steel plate forcefully, trying to pierce the steel plate.

Vice President Kang's current strength far exceeds that of Kobi, not to mention the scales outside Vice President Kang's body, even if it does not become this form, Kobi will not be able to break his defenses.

In just a few rounds, Kobi was completely suppressed by Vice Chairman Kang.

"Haha, Li Tian, you should care more about this foolish brother who is related to you. If he dies here, I believe that the tyrant Gao Gang must be happy to hear!" Vice President Nakang said with a sneer.

At this time, Vice President Nakang's two claws were like sharp blades. He had grabbed Kobi's body several times, leaving more than a dozen \*\*\*\*\* wounds on Kobi's body.

Li Tian knew that using Kobi to deal with the current President Tang was somewhat reluctant.

But now in Li Tian's space, there are only three people, Windsor, Duanmuying, and Ouyang Shiqing, and probably only Duanmuying who can fight against this vice chairman Kang.

But now that Duanmuying is pregnant, Li Tian will definitely not allow Duanmuying to participate.

"Huh!"

Li Tian performed a teleport and came to Gao Bi's side, and immediately sent Gao Bi into the space of Void Yasha.

"Huh!"

"Huh!"

"Huh!"

Vice President Nakang's sharp claws grabbed Li Tian for the first time in a row, but Li Tian teleported to avoid them.

And Li Tian took advantage of this time to directly use Xuantian \*\*\*\*\* and broken soul palm to slap all the three bereaved dogs in this room to death.

However, when Li Tian used Xuantian \*\*\*\*\* to shoot and kill three three bereaved dogs, he was caught by the vice president Kang, and vice president Nakang's paw slammed into Li Tian's chest. The location of the nine-color corpse crystal.

When Li Tian noticed it, the sharp claws had cut through Li Tian's body skin, and blood had flowed out of the wound instantly.

This nine-color corpse crystal was on Li Tian's chest, and once it was succeeded by this deputy Kang, then the nine-color corpse crystal might suffer severe damage.

At this moment, Li Tian immediately performed a teleportation, but what Li Tian never expected was that Vice President Kang's paw had penetrated into Li Tian's skin, although Li Tian used the teleportation , But even Vice Chairman Lian Kang carried Teleport with him.

"Huh!"

Li Tian appeared near the stairs, but Vice Chairman Kang's claws had already been torn down an inch.

"Too careless! I can use the space of the Void Yasha to perform teleportation, and I can even fall into this situation. I am so careless!" Li Tian secretly blamed himself!

However, at this moment, the "Hong Zhan" suddenly appeared on Li Tian's chest. This was the behavior of "Hong Zhan" flying over to the Savior after realizing the danger.

"Chang!"

"Hong Zhan" slashed on Vice President Nakang's claw, shaking the claw a few inches away.

Taking advantage of this opportunity, Li Tian used teleport again, stepped back, and distanced himself a little from Vice Chairman Kang.

But Li Tian's mind moved, the nine-color corpse crystal released countless transparent thin threads at this moment, and it was wrapped around the handle of the "Red Slash", and the "Red Slash" released a red light. He slashed heavily on Vice Chairman Kang's arm.

"puff!"
