

## A Killer 3841

### Chapter 3841: Puppet Beast (1)

This "red cut" actually chopped a few pieces of the scales on Vice President Kang's arm, and the black blood seeped out from the cut scales.

Vice President Kang stepped back a few steps in a row, looking at the wound on his arm, he couldn't help but shook his head and said regretfully: "But the time is coming, let's stop here this time, and I will give it back the next time I meet. Yours! Li Tian!"

With that said, Vice President Nakang turned abruptly and ran towards the basement of the villa.

Naturally, Li Tian didn't want to let Vice Chairman Kang just like that, but Li Tian didn't chase after a few steps, and the entire villa suddenly shook as if it had suffered a strong earthquake.

At this moment, there was a loud "bang" from the basement of the villa, and Li Tian felt that the floor under his feet was shaking more severely, as if some beast was about to break out of the ground.

"Patter!"

With a loud noise, the huge crystal chandelier in this villa room was the first to hit the ground with a heavy load. The crystal lamp was smashed and flew everywhere.

"Boom"

The ground under Li Tian's feet suddenly collapsed. Li Tian continuously stretched out his hand quickly and responsively. After performing several teleports in a row, he fled outside the room.

And just after Li Tian escaped from the room, within three seconds, Tang Zheng's villa collapsed completely with a bang.

Then in front of Li Tian, a huge deep pit with a diameter of nearly 30 meters and a depth of more than ten meters appeared.

The villa collapsed and the dust was flying, Li Tian stood on the edge of the pit but couldn't see the scene under the pit.

"Where is Tang Zheng? Where is Vice President Kang? Are they all crushed to death by this collapsed villa?"

"Impossible. At that time, Vice President Tang Zheng and Kang both walked towards the basement of the villa. Maybe this collapse was caused by Vice President Tang Zheng and Kang!"

At this moment, Li Tian saw the dust that was gradually dissipating, as if there was a shadow flashing in the deep pit.

The size of this shadow is huge, although it is not comparable to the size of that giant beast in Donghai City, but it also makes Li Tian feel chills and fright.

As the dust gradually fell on the ground, the entire figure of the beast was revealed.

"Guru!"

Li Tian swallowed his saliva. The beast's beast was like a cow, but his body was nearly ten times larger than that of a cow.

There are two sharp white bones and long horns growing on this giant beast's head, and it is shining with cold light constantly.

However, the bones of the beast's beast were exposed, and the skin on the body was mutilated, and some parts and even the internal organs were clearly visible.

"Crack!"

"Crack!"

The giant beast used the double horns on top of its head to push open the cement block or wood of the collapsed villa, and picked the corpses of the three bereaved dogs from below, and then tore the three bereaved corpses with big mouths. The huge body of the mourning dog was completely swallowed by this mourning dog in just a few mouthfuls.

And as the corpse kept swallowing the corpses, the skin on the corpse gradually increased, and even some white hairs grew visible on some skins!

"This...what kind of monster is this!" Li Tian couldn't help sighing.

Li Tian bet that he has never seen such a species in the earth world or in another world, even on TV, he has never seen such a creature online.

"Huh!"

Li Tian's mind controlled "Red Slash" and slashed towards the zombies. As a result, when Li Tian's "Red Slash" was about to slash the zombie, the white bone tail behind the zombie seemed to be driving a fly. , And flew Li Tian's "Red Cut" directly a few meters away.

Li Tian was completely shocked.

The tail of this bereavement had such a powerful power, which Li Tianwan never expected.

The zombies continued to gnaw on the corpses of three zombies as if nothing had happened, completely ignoring the existence of Li Tian.

"Where did this bereavement come from? Does it always exist under this Tang Zheng villa? But where did Vice President Tang Zheng and Kang go?" Li Tian kept thinking about this question.

The loud noise of the sudden collapse of Tang Zheng's villa still attracted the attention of people nearby.

Several people walked out of the room in the nearby villa, looking in the direction of Tang Zheng's villa.

When they saw Tang Zheng's villa suddenly disappear, they immediately exclaimed in surprise. These people kept walking towards Tang Zheng's villa curiously.

But at this moment, the ground in the area suddenly shook.

There was a continuous rumbling noise under the ground.

"What happened?"

"What's the rumbling noise from this underground?"

These people were walking down the street, talking to themselves with a puzzled expression on their faces.

Soon these people walked to the iron gate of Tang Zheng's villa and saw Li Tian who was standing on the grass controlling "Red Slash", using Broken Soul Palm and Xuantian \*\*\*\*\* to attack the huge bereavement.

"Li...Li Tian, it turned out to be Li Tian!"

"Have you seen that? Li Tian kept showing his palms and blasted towards the bottom!"

"What kind of hatred or grievance does this Association of Agriculture and Commerce have with him? He destroyed the villa, and he will continue to destroy the foundation of the villa?"

At this moment, the rumbling sound under the ground became more and more similar, as if there were thousands of horses passing by under the ground, and it seemed that a tide of corpses was passing through.

"The corpse tide?"

All the nearby residents who thought of this word shook their heads in unison.

They would rather believe that this is the noise caused by Li Tian's continuous use of palms to bombard the ground.

But at this moment, the two villas closest to Tang Zheng's villa suddenly collapsed with a bang. The two villas, like Tang Zheng's villa, fell to the ground at the same time.

The owners of these two villas are also considered to be decent figures in the city of Kyoto. One of them is the commander of a second-rate army.

Seeing this scene, the army commander was immediately angry, and he didn't care to see the loss of his villa. He turned over and tightened the door of Tang Zheng's villa, cursing at Li Tian: "Damn Li Tian, is it because of us Asking you to get out of Kyoto City, did you just retaliate against us like this? Today I see how you explain to the citizens of Kyoto City! Today you have to give me an explanation!"

As soon as the legion commander walked to Li Tian's side, a long bone thorn flew out of the ground and directly pierced into the center of the legion commander's forehead.

The legion commander finally saw the behemoth beasts in the deep pit before he died, but he had no chance, and he fell into the deep pit and became food for the beasts and beasts.

"Li...Li Tian killed someone..."

Chapter 3842: Puppet Beast (2)

"Boom!"

"Boom!"

"Boom!"

At this time, the villa area in the northernmost part of Kyoto City, belonging to the upper class of Kyoto City, was completely turned into ruins.

Those villas continued to collapse and sink into the ground.

For a time, the number of people who died in this villa alone was not in the minority, and those who were lucky enough to survive the collapse of the villa, did not rush to wait for rescue, they saw the villa collapsed to the ground and suddenly drilled out of the deep pit. When a giant beast came, almost instantly, these people were torn apart by the giant beast and turned into food for the giant beast.

"Li Tian... Li Tian did it!"

"Hurry up and report to the coalition... Li Tian, this crazy pervert, is enough to destroy a Nanzhou city, now it's time to destroy this Kyoto city!"

The residents who escaped by chance fled to the car, and the enclave galloped towards the core area of Kyoto City.

Li Tian's heart grew lower and lower.

Fighting with this giant beast made Li Tian have serious doubts about his own strength. At this time, he felt that his previous tricks and abilities to deal with those beasts and zombies were useless against this giant beast. .

"Damn! Why is this giant beast so powerful? Where did these beast beasts come from? What should I do now?"

Li Tian wanted to bring Duanmuying and Situ Ningbing out of the space of Dixing Yasha, so that they could help Li Tian, but Li Tian's heart always felt uneasy.

Now that Tang Zheng and Kang have disappeared and haven't appeared yet, Li Tian is afraid he will regret it if something goes wrong!

And at this moment, the giant beast in the deep pit suddenly abandoned Li Tian and galloped towards the north wall.

"Want to leave? It's not that easy!" Li Tian snorted, and directly followed him.

But at this moment, the giant beasts in the pits of other villas also jumped out one after another, chasing the giant beast in front of them and ran towards the city wall.

The body of these giant beasts that came out later was much smaller than the body of the giant beast that Li Tian faced, and the bodies of these beasts were almost entirely composed of bones, and there was almost no blood and flesh.

"Wow!"

The two giant beasts closest to Li Tian screamed and rushed towards Li Tian.

Li Tian casually patted two broken soul palms and slapped them at the two giant beasts. The broken soul palms blasted on the beasts' heads, and there was a dull sound of 20%, and then the two beasts were lost. Wu's body collapsed suddenly and turned into a pile of bones.

"call!"

The breeze blew, and the two piles of bones immediately disappeared without a trace.

"How is it possible? Could it be that the power of my broken soul palm has increased?" Li Tian couldn't believe his eyes.

Immediately, Li Tian stopped abruptly, and kept casting his soul-splitting palm against the beasts and beasts on the front, back, left and right of his body.

"boom!"

"boom!"

Seven or eight palms passed, and seven or eight beasts were immediately turned into bones.

However, after some beasts with flesh and blood on their bodies were beaten by Li Tian's broken soul palm, their bodies only shook slightly, and they continued to rush toward the north wall.

"How do you do it? Is the strength of these bereaved bodies to be judged by the flesh and blood of the body?" Li Tian's heart became more and more confused.

At this time, the giant beast that Li Tian faced had already rushed under the northern city wall, and the beast slammed into the wall with its huge body.

"boom!"

The wall made of reinforced concrete was knocked out of a big hole.

The body of the beast fell on the ground and shook his head vigorously.

At this time, more and more giant beasts rushed over and slammed into the city wall.

Needless to say, the thickness of this city wall can actually collapse by these small behemoths.

At this moment, that amazing scene happened.

Those dozens of giant beasts actually started to kill each other. The big giant beasts tore the small giant beasts to pieces and swallowed them with big mouths, and those small beasts were four or five. Together, they tore the large beasts to the ground and attacked them in groups.

This is really a good show.

Li Tian chased to the city wall, and then watched quietly these funerals killing each other. From time to time, Li Tian also suddenly shot cold arrows, hoed the strong and helped the weak, and secretly attacked the large behemoth funerals.

But Li Tian soon realized that something was wrong.

In just five or six minutes, the dozens of giant beasts killed and swallowed turned into four giant beasts with relatively little difference in size.

At this time, the size of the four giant mourners had reached nearly seven or eight meters in height and more than ten meters in length, and the bodies of these mourners were almost completely covered by carrion, with almost no bones in sight.

However, these four giant beasts have no plans to stop there, they are still fighting each other.

"No, the giant bereavement that I encountered in Tang Zheng's villa just now is not so big, and its skin hasn't fully grown, so it has such a powerful force. If these bereavements continue to be swallowed, In the end it became a complete body, so what else can Li Tian do to win?"

Li Tian withdrew "Red Zhan" and let out a sudden shout: "Knot!"

The "Red Slash" immediately combined with the nine-color corpse crystal, forming a gray-white bone armor on the surface of Li Tian's body.

"Huh!"

Li Tian let out a sigh, his mind had already controlled the nine-color corpse crystal to drive the vortex of the nine-color corpse crystal to rotate, and on the other hand, Li Tian had already used his mind to communicate with the "Red Slash" knife spirit.

"Om!"

"Om!"

That "Hong Zhan" kept trembling.

Suddenly, the "Red Zhan" blade spirit poured out from the "Red Zhan" blade.

At the moment the double-faced monster saw the beast's beast, both happy and sad faces showed surprise expressions at the same time.

"Master Li Tian...this...this is a puppet beast, why is there a puppet beast here?" The sword spirit said to Li Tian in surprise.

Hearing the surprise of the sword spirit, Li Tian immediately realized the seriousness of the matter, and subconsciously asked: "Puppet beast? What is this?"

The sword spirit said solemnly with both faces: "Although the puppet beast has a beast character in its name, it is actually not a beast, but a lifeless and soulless existence. You can think that the puppet beast is a beast. You can also think of this puppet beast as a plant or other kind."

"The puppet beast possesses the powerful destructive power and devouring power. Even in the Netherworld, this puppet beast is also a few of the noble-level battle pets, and more puppet beasts can only exist as puppet seeds, even beasts There is no chance. But why is there a puppet beast here?"

### Chapter 3843: Puppet Beast (3)

Li Tian was completely confused. .

Puppet seed? Opportunity to transform a beast? What the \*\*\*\*\* is this?

"Is the puppet beast planted like a crop?" Li Tian asked.

"Yes, because this puppet beast is a lifeless and soulless existence, this creature will not multiply its offspring like other creatures. Each puppet beast will become a puppet seed after death, and Each puppet seed becomes a puppet embryo after being planted. The puppet embryo is a kind of existence that resembles a plant and a beast. After being nurtured by a zombie puppet, these puppet germs become primary puppet beasts."

"This cycle goes back and forth. So the total number of puppets in the entire Underworld will not change. And after those puppet seeds are planted, they become germs, and after being nurtured by zombie puppets, they become primary puppets. It takes a lot of food to become a puppet beast with combat effectiveness." Dao Ling said.

"So what is a zombie puppet?" Li Tian asked.

The sword spirit said: "The zombie puppet is actually the nanny of the puppet beast. It is the nutrient solution of the puppet beast. The puppet germ can transform into the beast by absorbing the power of the zombie puppet's corpse. The process of becoming a beast. During this process, the power of the zombie puppets will be absorbed. If you are lucky, these zombie puppets can still have a life, and they can continue to absorb the power of the zombie, and more zombies. The puppet will completely become the food of the puppet beast, and it will be completely swallowed by the puppet beast."

"But this zombie puppet can't be any zombie, so the number of the entire Netherworld is very limited. Every zombie puppet will be strictly protected to ensure that it will not be swallowed by those puppets. Those who protect zombie puppets are called puppet appendages!"

By this time, Li Tian had fully understood.

That Tang Zheng was just used by the Three Corpses.

The so-called immortality and loftiness are just lies to enable Tang Zheng to help him cultivate and nurture these puppet beast seeds into puppet beasts.

But why did Tang Zheng and Kang, vice-presidents, have such an increase in their strength in the short term?

This made Li Tian couldn't understand.

"And the one level higher than the zombie puppet is the puppet body. This kind of person's body can live in the puppet beast and fully stimulate the puppet beast's power to become an extremely powerful existence. However, once the puppet body is After the puppet beast resides, the puppet body will gradually merge with the puppet beast and become a lifeless and soulless existence! And this puppet body is more rare than the zombie puppet, and those practitioners who have not reached the level of the venerable are for control. Puppet beasts, to enhance their strength, can only control the puppet beasts by controlling the puppet body."

"Om!"

Li Tian only felt dizzy in his head.

Li Tian suddenly thought of the words that Tang Feifei from Vice Chairman Kang was a puppet recognized by the corpse.

It turns out that Tang is a zombie puppet, and Tang Feifei is a puppet, and Vice President Kang is responsible for protecting Tang Zheng's subsidiary.

At this time, the seeds of these puppet beasts have been transformed into beasts, so the corpse will definitely let the puppet beast lodge in Tang Feifei's body to achieve the effect of completely controlling the puppet beast and stimulating the potential of the puppet beast!

Don Feifei is in danger!

Feeling Li Tianxin's concern, the "Red Slash" knife spirit immediately said to Li Tian: "Master Li Tian, now this puppet beast is still the original form of a beast, although its size is constantly devouring corpses or other puppets. The corpse of the beast has become huge, but the strength of the puppet beast has not increased much. They need to swallow more zombies to obtain more

corpse power before entering the second form, and the puppet beast enters the first form. In the second form, the zombie level of the puppet beast will reach higher than the level 20 zombie. Once the puppet beast is combined with the puppet body and enters the third form, then the strength of the puppet beast will exceed the level 30 zombie. The strength is almost close to that of the Venerable. At that time, I am afraid that none of us will be the opponent of this puppet beast!"

Li Tian finally understood why Tang Zheng wanted him to take Tang Feifei away.

Although Tang Zheng was bewitched by the Three Corpses, his heart might already be conscious of this situation, and that's why Li Tian took Tang Feifei far away.

"No, this is absolutely not allowed!"

Now, the highest zombie level in this earth world is only level 20, but this level 20 zombies have exceeded the strength of most human experts, and existences like the three corpses have now exceeded the limits of humans. .

But once the puppet beast evolves to the third form, the three corpses may be close to or possess the power of the venerable. At that time, the entire human world will unite, and there may not be one opponent of the puppet beast and the three corpses.

Therefore, as the puppet beast is still in its first form, Li Tian must behead the puppet beast.

At this time, the four puppet beasts had gone through the final fight and swallowed, and they had become a huge beast with a height of more than ten meters and a length of more than ten meters.

This huge bereavement was constantly biting the corpse of another huge bereavement, and at this time, the body of this huge bereavement was completely wrapped in gray-black skin. The two long horns on the top of the puppet beast's head are thrust into the sky like steel, the limbs of the puppet beast are like four pillars, full of power, and the tail of the puppet beast, like a steel whip, is constantly swinging. , The voice of "whooping" came out.

"Red Slash! Nine-color Corpse Crystal, you two must lend me strength, I can't let this puppet beast into a second form! I can't let this puppet beast leave here alive!" Li Tian said coldly.

"Om!"

"Red Slash" shook violently, and without any resistance, the corpse's original power contained in "Red Slash" was continuously transferred to the gray armor on Li Tian's body.

The nine-color corpse crystal speeded up the rotation, and the light blue corpse crystal fragments hanging on the vortex also kept shining with the rotation of the vortex. The power of the pale blue corpse crystal The transparent silk thread released through the nine-color corpse crystal continuously poured into Li Tian's body, Zhi Zhihong, and from Li Tian's body into the armor.

"call!"

Li Tian let out a sigh, suddenly raised his head, and looked at the huge beast.

Li Tian exerted force on his legs, and the ground under his feet cracked every inch, while Li Tian's body flew upwards like a catapult.

"Wow!"

The beast roared, and the sharp claws slammed at Li Tian with a strong wind.

#### Chapter 3844: Puppet Beast (4)

Li Tian fought a teleportation in an instant, evading the claw attack of the puppet beast, and then Li Tian directly jumped on the back of the puppet beast.

Li Tian's footsteps were light, and he kept rushing up the puppet beast's head along the back of the puppet beast.

"Huh!"

Li Tian used teleportation again, and his body had already appeared on the head of the beast.

The head of the beast and the bereaved was much bigger than Li Tian's body, and the two sharp horns were almost the same as Li Tian.

After Li Tian appeared on the head of the beast, the beast screamed and shook his head, trying to shake Li Tian off its head, or he wanted to use the top of his head. The two sharp horns pierced Li Tian.

However, even if this is a puppet beast, it must be the body of a beast. Once Li Tian falls on the puppet beast's head, the puppet beast can't help Li Tian at all.

And Li Tian stretched out his left hand to grab one of its horns, and the "Red Zhan" of his right hand had already stabbed the beast's head heavily.

"puff!"

The sharpness of this "red cut" on the head of the puppet beast only pierced a wound less than five or six centimeters deep. For a huge beast whose body is more than ten meters, this wound is almost enough Ignore it.

The black mucus kept flowing out of the wound, but the puppet beast roared suddenly, and his body jumped up.

Immediately, the puppet beast fell heavily on the ground, and there was a loud bang.

The ground was shaking and dust was flying.

The limbs of the puppet beast digs the ground on the ground, unexpectedly digging out a few deep holes on the concrete floor like a beach.

Li Tian didn't stop, and kept piercing the puppet beast's head with his hand "Red Chop".

"puff!"

"puff!"

"puff!"

On the puppet beast's head, seven or eight wounds were pierced by Li Tian's "Red Slash" in an instant, and the depth of one of the wounds reached more than a foot, almost on the skull bone of the puppet beast. Up.

"Huh!"

The puppet beast's body began to spin around like a puppy trying to bite its tail, opening its mouth to chase its tail.

"A beast is a beast after all, even a puppet beast that does not exist like a life and soul can not escape the habits of beasts!" Li Tian said with a sneer.

And at this moment, Li Tian suddenly saw the puppet beast's tail shaking suddenly.

wrong!

Li Tian suddenly remembered that when he was in Tang Zheng's villa, this puppet beast had used his tail to hit the speeding "Red Slash" several times, and beat Li Tian with his mind-controlled "Red Slash".

Sure enough, the tail of the puppet beast attacked Li Tian like a bolt of lightning.

The tail speed was extremely fast, almost in the blink of an eye, the tail appeared in front of Li Tian like a steel whip.

Teleport!

Li Tian suddenly disappeared.

But the tail like a steel whip hit the puppet beast's head with a "pop!"

"Wow!"

The puppet beast hurts and uttered a scream.

And Li Tian appeared on the puppet beast's head again.

Li Tian's left hand continuously fought the soul-breaking fist, bombarding the wound of the puppet beast.

"boom!"

"boom!"

After more than a dozen punches in a row, the \*\*\*\*\* wounds that were originally stabbed by Li Tian's "Red Slash" are flying all over. The skin of that large puppet beast flies out, and it can be vaguely seen. The skull on the head of the puppet beast.

While Li Tian's left hand was constantly bombarding the hand, Li Tian's "Red Slash" slowly changed at this time. On the "Red Slash" blade, the body of the sword spirit held the blade tightly. , And on the body of the sword spirit, some light blue corpse power is constantly flowing out. At this time, more of the power of the corpse originated from the nine-color corpse crystal, surging toward the "Red Slash"!

The power contained in the "Red Slash" at this time was stronger than the power contained in the battle between Li Tian and Ouyang Man.

Li Tian screamed, holding up the "Red Slash" with both hands, and slammed downward, stabbing the puppet beast's skull fiercely.

"Crack!"

"Red Slash" pierced into the skull of the puppet beast, and the blade spirit was like a cloud of smoke, carrying the power of the pale blue corpse all over, and suddenly drilled in from the skull.

"Wow!"

The puppet beast jumped wildly, even the first half of its body jumped completely.

Immediately, the puppet beast lowered his head and ran towards the city wall.

Li Tian didn't expect this "Red Slash" to be the strongest hit now, and he didn't even slay the puppet beast, only stabbing the puppet beast.

Li Tian wanted to pull "Red Zhan" out of the puppet beast's head, but found that his "Red Zhan" was completely stuck in this bone.

"Master Li Tian, wait a moment, I have entered the puppet beast's head, wait a few minutes, I can completely dismember the puppet beast!" Dao Ling said to Li Tian at this moment.

"it is good!"

Li Tian clasped "Red Zhan" with both hands, and his body was constantly shaking as the puppet beast rushed.

Soon, Li Tian saw the power of the original corpse on the head of the puppet beast constantly overflowing from its seven orifices, and the power of the original corpse was constantly flowing out of the joints of the puppet beast's body. .

"Crack!"

A huge horn on the top of the puppet beast's head fell off the head of the puppet beast, and the huge horn fell back and turned into a pile of dust when it was in the air. It was blown by the wind, and it was only a grain of rice. The seeds fell on the ground.

"Really strong!" Li Tian thought to himself.

This was the first time the "Red Slash" sword spirit showed its power.

"Hey, Master Li Tian! My original master was the venerable closest to the domain lord back then, known as the invincible existence under the domain lord, and at that time, although I was just a blade, my strength also possessed the venerable. With the strength above that, I don't need my sword spirit to dismember such a junior puppet beast!" The sword spirit said to Li Tian.

At this time, the broken bones and skin on the puppet beast's body are constantly falling down. These broken bones and skin that fall down are the same as the pair of giant horns. Once they leave the body of the puppet beast, they will be divided into powder. Only a seed the size of a grain of rice fell on the ground.

However, the puppet beast's running speed did not slow down, and the reaction speeded up because of the constant dismemberment.

At this time, the northern city wall of Kyoto City was within easy reach of the puppet beast, but that's it, Li Tian still held "Red Zhan" firmly in both hands and didn't mean to let go.

"boom!"

The puppet beast slammed into the north wall.

"Boom!"

The northern city wall of Kyoto City was severely damaged by the puppet beast, and the entire city wall collapsed tens of meters continuously, completely crushing the puppet beast and Li Tian under the pile of ruins.

#### Chapter 3845: The culprit (1)

When the villas in the northern part of the city wall fell, they already attracted the attention of the allied forces in Kyoto. When they arrived at this famous villa area in Kyoto, they saw that the villas in this area had disappeared. Not a single house can be seen in the area, all of them turned into ruins, and a lot of blood can be seen on the ruins.

"Captain, this rich man's villa area has been completely destroyed. There is no towering villa in the entire area. There is no living person!"

"Captain, if this is really a good thing for Li Tian, then we must request the support of those big men in the coalition army, otherwise, with the strength of these people, I am afraid that Li Tian will directly kill him!"

"There is still no evidence to prove that this is Li Tianqian. As a member of the coalition forces, every word we say must have a basis, otherwise it will be easily induced by others!"

"The captain also makes sense, but the people who escaped from this villa area are also decent people in this Kyoto city. Are they planting things to blame Li Tian? Moreover, some people have seen Li Tian kill Zhengliu with their own eyes. The commander of the legion!"

At this moment, these coalition soldiers felt the ground under their feet shake suddenly.

"what happened?"

"You... look at it, the northern city wall actually collapsed!"

Just now, these soldiers were up and in front of the northern city wall, separated by various walls and numbers, and could still see the top of the northern city wall, but the shadow of the city wall was no longer visible in the northern city wall area, instead. It's dust!

"Go, go and take a look!" The team leader ordered.

Several cars started, the engines roared, and the cars passed through the broken streets and rushed towards the north wall.

A few minutes later, these cars had appeared in front of the northern city wall. These coalition soldiers got out of the cars one after another, looking at the ruins of the collapsed city wall, with uneasy expressions on their faces.

"This... how is it possible? The strength of this city wall can withstand strong earthquakes of level 8 or higher, and it can withstand zombies waves of level 15 or higher! It actually... collapsed!"

"Beijing... the city wall actually collapsed..., hardly... is it really like the residents said, is this a good thing Li Tian did? Isn't it enough for Li Tian to destroy a Nanzhou city?"

The ruins of the collapsed city wall shook abruptly, and then collapsed a few meters down, and then a figure flashed past and appeared on the pile of ruins, and this figure was Li Tian.

Li Tian collided with the giant beast on the top of the city wall, and the collapsed fragments of the city wall pressed Li Tian and the puppet beast under the ruins. Fortunately, at this time, the "red"

"Zhan" has completely dismembered the puppet beast, and the puppet beast once again turned into a puppet seed and fell under the ruins of the city wall.

Standing on the ruins, Li Tian let out a sigh of relief.

Although the city wall was destroyed, it seemed that the price was relatively high, but the death of this puppet beast would at least give Li Tian a sigh of relief.

It's just that since Vice Chairman Tang Zheng and Kang entered the basement of the villa, they never saw these two people again, which made Li Tian's heart very uneasy.

If Tang Zheng can be sent into the space of Feitian Yasha and put this zombie puppet under house arrest, then these puppet beast seeds will no longer be able to be nurtured for the time being, and they will no longer become puppet beasts, and Tang Feifei can get it. F.

Li Tianwang looked at the Kyoto City coalition soldiers who were holding various weapons, teleporting several times in a row, and came to this group of Kyoto City coalition soldiers.

"Lee... Li Tian, what do you want to do? Destroying the city walls of Kyoto is not counted, do you still want to fight the entire Kyoto City coalition opponent?" After seeing Li Tian, these soldiers involuntarily flinched for a while, and that The squad leader stayed still and asked in an almost trembling voice.

"What? Destroying the city walls of Kyoto? This is a good thing the puppet beast did. If I hadn't stopped the weaving puppet beast and beheaded the puppet beast, this Kyoto city would be dangerous!" Li Tian explained.

"Puppet beast? What is this? Why didn't we see the puppet beast's body?" the team leader said.

"This puppet beast will become a puppet seed after it dies. Of course you can't see the puppet beast's body! Oh, yes, then Vice President Tang Zheng and Kang are not dead, as long as you catch both of them, everything will be fine. The water has come to the bottom!" Li Tian said.

Hearing that Li Tian even talked about the dead Tang Zheng and Vice Chairman Kang, the soldiers of the coalition army were very dissatisfied with Li Tian.

"Li Tian, I used to feel that you were a man and I admire you very much. Even if you destroy Nanzhou City, your dare to behave allows me to think more from the perspective of the heavens, but now , You actually took the dead Tang Zheng and Vice Chairman Kang to talk about it. This really makes me doubt your character! You better follow us back now and wait for the sanctions of the Kyoto City coalition forces!" That team leader Said angrily.

At this time, Li Tian has realized that the situation is not good.

"Sanctions? I, Li Tian, have a clear conscience, why should I accept your sanctions!"

"A good sentence with a clear conscience."

"You may have a reason to destroy Nanzhou City, but what reason do you have for destroying this villa area? What reason do you have for destroying this city wall?"

"Li Tian, don't quibble, even if you are a clever tongue, but the destruction of the Kyoto city wall is what we saw with our own eyes. You can't quibble!" Behind the small captain, there were soldiers constantly Shouted at Li Tian.

At this time, there were cadres of coalition forces throughout Kyoto City, Liu Feng from the same journey, Gu Lianghongtu from the Bounty Hunter Association, and Zhou Huizhang from the Agricultural and Commercial Association also rushed to the scene.

After seeing these big brothers, these coalition soldiers finally let out a long sigh, quickly gathered in front of these people, and talked about what they had heard and what they had seen. The guys report one by one.

A smug smile appeared on the corner of the housekeeper's mouth that week, but this smile flashed by.

Butler Zhou walked up to Li Tian and said to Li Tian, "Li Tian, although the people of Kyoto City are not welcome to you, and even want to drive you out of Kyoto City, you can't take revenge on Kyoto City like this? Not only did you destroy all the villas in the north of Kyoto City, and caused countless deaths in this area, you also destroyed the basic defensive walls of Kyoto City. Moreover, President Tang is the old man of your little girlfriend Don Feifei Dad, you can actually shirk this kind of thing on someone who is already dead. You...you are really...crazy!"

"Liu Feng Army Commander, you are the strongest person in the coalition army in Kyoto right now, and you also assume the position of the first person in charge in the coalition army. You can't just ignore Li Tian as Mu Yunlong's grandson. Right? We need this Li Tian to give us an explanation for the Kyoto City coalition forces!" said the butler that week.

#### Chapter 3846: The culprit (2)

Liu Feng's expression was a bit ugly, he naturally believed that Li Tian would not ruin this villa area for no reason. .

However, the resurrection of the puppet beast and Vice President Tang Zheng and Kang mentioned by Li Tian made it difficult for Liu Feng to accept.

"Li Tian, do you have anything to say?" Liu Feng asked when he came to Li Tian.

"Ten minutes to me, I want to give you an explanation!" Li Tian said.

"Ten minutes? Hehe, isn't it the time to escape?" The butler said with a sneer that week.

Li Tian sneered and said, "If I, Li Tian, want to escape, who can stop me here?"

"What a mad tone, are you trying to kill all the people here and escape? But even if you kill us, can you kill all the people in Kyoto City? Can kill Duanmu Sakura of the Sakura Army, Can Huangfu Kunpeng who can kill the army soul be killed?" Steward Zhou deliberately distorted Li Tian's meaning and said.

Li Tian's original idea was to come here to kill Zhou's butler, but he didn't expect to encounter such a thing.

Now looking at Steward Zhou's owing expression, Li Tianzhen wanted to go up to Broken Soul Fist and blast Steward Zhou's head into pieces.

But Li Tian couldn't. He could secretly kill Zhou Guan, but he definitely couldn't kill Zhou Guan in the presence of this coalition member.

Liu Feng took two steps forward and came to Li Tian. He said with a somewhat embarrassed expression: "Li Tian, I will give you ten minutes, but if you can't give us an explanation after ten minutes, then I can only do business. It's official!"

"Okay! I will restore this city wall to you first, and then find the seed of the puppet beast and show it to you!" Li Tian said.

As soon as Li Tian's voice fell, Min Shenzhi began to control Dixing Yasha to appear under the ground. Li Tian asked Dixing Yasha to restore the collapsed Kyoto city wall, and what Li Tian wanted was the ruined one. Puppet beast seeds.

"Look, the ruins of the city wall have moved!"

Those ruins of cement fragments slowly sank below the ground, and after about less than thirty seconds, all the ruins from the collapsed city wall sank below the ground.

After another five or six seconds, the ground near the city wall shook suddenly.

"Boom!"

Under the ground, there were continuous and undamaged city walls protruding outward. These city walls were quickly connected to the original uncollapsed city walls and restored to their original appearance.

"This... this turned out to be true? It seems that this city wall was really destroyed by Li Tian!"

"Yes, this Li Tian's strength is too strong, he can easily destroy the city walls, and easily restore these city walls!"

"Huh, what about the restoration? Can he restore the city walls and the villas? Can he bring back to life those who died because the villa collapsed?"

Di Xing Yasha reproduced the ruins of the entire city wall back to the city wall, but under the ruins, Earth Xing Yasha did not find any puppet beast seeds.

"Master Li Tian, Di Xing Yasha is incompetent, and he has not found the puppet beast seeds under this ruin!" Di Xing Yasha said to Li Tian with his heart.

Li Tian couldn't help but his face changed drastically.

"How is this possible? Is that what Hong Zhan said wrong? Will this puppet beast leave no seeds after it dies?" Li Tianxin thought.

That and the "Red Zhan" that changed back to the original shape immediately trembled unwillingly, as if to protest against Li Tian's suspicion.

"No, someone must be doing a ghost, but the ruins have been here, who can take away these puppet beast seeds? Could it be...could it be Tang Zheng?" Li Tian thought.

"Dixing Yasha, take me to Tang Zheng's villa to have a look!" Li Tian said to Dixing Yasha.

Immediately, Li Tian fell into the ground and disappeared in the eyes of those members of the Kyoto City coalition forces.

"Captain Liu Feng, are you just watching Li Tian run away like this? If this is the case, then don't blame me for contacting the newspapers and media in Kyoto City to protest your inaction! "That week, the butler was not anxious because of Li Tian's disappearance, but directly aimed at Liu Feng.

Liu Feng snorted coldly and said, "What's the hurry? It's only three or four minutes past now!"

Like Liu Feng, Gu Lianghongtu has full trust in Li Tian.

She and Li Tian experienced everything in the East Sea City, and Gu Lianghongtu completely believed Li Tian's words.

But believe it, believe it, Gu Lianghongtu also hopes to see Li Tian come up with evidence!

Time passed by every minute, and everyone was paying attention to time.

At this time, Li Tian had already appeared under Tang Zheng's villa under the leadership of Dixing Yasha.

In the ruins of Tang Zheng's villa, the bodies of the three bereaved dogs have been swallowed up by the puppet beasts. Only a few of the ruins have some dark mucus stuck to them, not to mention the presence of Vice President Tang Zheng and Kang.

There is no evidence!

"Impossible, I saw the two of them enter the basement of this villa with my own eyes, but after the collapse of the villa, the ruins of the entire villa remain intact, but where did the two of them go? Could they be as good as you? The technique is not successful?" Li Tian said to the ground Xingyasha with his mind.

"Master Li Tian, it's actually not impossible! Do you remember the change of Vice President Nakang? Maybe they used this form to leave the Kyoto City! But they are not a land-based technique after all , There must be traces to follow, let me search for it." Dixing Yasha said.

Sure enough, under the careful search of Dixing Yasha, Dixing Yasha found that the soil under the villa was loose in some places. That is to say, after Vice President Kang and President Tang entered the ground, they removed all the puppet beasts. Waking up, and then destroying all the villas in this area, and then sneaking away the puppet beast seeds, and then escaping from Kyoto City.

But they threw all the charges on Li Tian.

Li Tian became the culprit.

Ten minutes has come, even if Li Tian wants to chase Vice President Nakang and President Tang, it is impossible!

"Damn it, Hong Zhan has already told me that the puppet beast seeds were planted underneath. Why didn't I expect that Vice President Kang and President Tang could walk underneath?" Li Tian said complainingly.

But this is fine, at least Li Tian already knows another ability of Vice President Tang Zheng and Kang.

The next time they met them, as long as Li Tian let Di Xing Yasha control the following, they would not be able to escape.

But now, Li Tian had to carry this scapegoat and face the trial of the coalition army.

"Huh!"

Li Tian appeared in front of Liu Feng and said in a low mood: "The time is up, I have not found the corresponding evidence, I am willing to follow you back!"

#### Chapter 3847: Coalition sanctions

Li Tian did not return to Langshan this time, but moved into the Fengyutongcheng headquarters according to Liu Feng's request. This is not only a restriction for Li Tian, but also a protection for Li Tian.

For Liu Feng's arrangement, butler Zhou did not show any displeasure. Because it should be said that Steward Zhou, Tang Zheng, and Vice Chairman Kang have achieved their goals, it is up to the coalition forces to sanction Li Tian.

But before the sanctions, Mr. Zhou has more things to do.

That night, the Kyoto City media, including the Kyoto City TV Tower, made a big report on Li Tian's destruction of the villa area and the destroyed city wall. Several of his small newspapers even clamored for Li Tian's dangerous existence. Destruction should not allow dangerous terrorists like Li Tian to exist in this world.

Although this voice is faint, it also represents the views of some people.

There are still a few media outlets for Li Tianming's injustice. They believe that even if a person commits a crime, there must be a motive, but it is not at all Li Tian's motive now. If this is the case, then there must be hidden secrets, and Li Tian should be given a certain amount. Tolerance.

Although there are many people who have this idea, more people and more media think that because Li Tian should be expelled from the country, he will never return to this country. Since Li Tian's strength is so strong and he likes destruction so much, let Li Tian go to harm the people of other countries for so long.

However, the media took turns reporting that they were more expressing a kind of popular wishes, and the final result still needs to wait for the trial of the coalition forces.

However, the trial and sanctions of Li Tian and the Celestial Legion were not a simple matter of one sentence. From that day on, the coalition forces held an emergency meeting.

There is a war in the entire conference field.

A group of people represented by Chairman Zhou of the Agricultural and Commercial Association believes that it is necessary to severely punish Li Tian, disband the Celestial Legion, and imprison Li Tian forever. Only in this way can the safety of Kyoto City and the safety of humans in this country be guaranteed.

Of course, in their subtext, they even hope that Li Tian can be directly beheaded. This is the solution once and for all, and they just didn't insist on this point of view. They already see Li Tian as a man from Duanmu Ying. The face of Li Tian is already on the top of Mu Yunlong's face.

The representatives of Sakura Legion and Feng Yu Tong Cheng believed that because of the thorough investigation of this matter, they could not draw conclusions before there was no absolute evidence, let alone destroy Li Tian and the mighty heaven.

At the time of the incident, Duanmuying was in the space of Li Tianxu Yasha. She naturally knew what was happening outside, but in the face of this age of evidence, Duanmuying was powerless, and all she could do was try her best. Strive to keep Tianjie and Li Tian.

After two consecutive days of quarreling and arguing, the coalition forces still had no results.

And two days later, Mu Yunlong, the commander of the Army Soul Corps, rushed from Beitang to Kyoto City. After a brief meeting with Duanmu Sakura at Langshan, he followed Duanmu Sakura into the Allied Army Headquarters building. Naturally, it followed. There is also Huangfu Kunpeng who is the first in the domestic Forbes competition.

At the same time on the same day, the Black Dragon Legion Chief Tyrant who had been training in the Kyoto branch also walked out of the branch and entered the headquarters of the Kyoto City Allied Forces.

Chairman Zhou was very surprised by the three people who suddenly appeared.

But when he saw Duanmuying, Liu Feng, and Gu Liangan, the representative of the Bounty Hunter Association's Five Old Men's Association, look calm, he knew that this matter might have to change.

Sure enough, as soon as Mu Yunlong entered the conference room, Liu Feng couldn't wait to stand up and said, "Welcome the army soul legion commander Mu Yunlong and the black dragon army commander Gaogang army to the headquarters of the coalition army in Kyoto, since the two legions The long capital has arrived, so let's start discussing the formation of a nationwide coalition by the Kyoto City Alliance Army, the Army Soul Army and the Black Dragon Army!"

Because of all the things that happened in Kyoto City before, although the Army Soul Legion also participated, at that time Mu Yunlong was not visible, and could only hide in the operation of Li Tian's void space.

Even if the Legion such as the Rock Legion was defeated, Mu Yunlong could not appear in Kyoto City.

So at that time, Mu Yunlong secretly sent people to Beitang and invited Mu Yunlong from Beitang to Kyoto. Only then could they formally discuss the formation of a new coalition between the Kyoto City Coalition Army and the Army Soul Corps and the Black Dragon Army Unity League.

"What? The formation of a national alliance? Why did I never know about this? Isn't my Agriculture and Commerce Association a member of the Kyoto City Coalition? You are not paying attention to my Agriculture and Commerce Association!" Zhou The butler said angrily.

"Chairman Zhou, we don't mean to disregard the Agricultural Industry and Commerce Association, nor do we disrespect you. This is an alliance that goes along with the interests of all of us, the Corps, and the Association. It also goes with the interests of your Association. I miss you. Shouldn't you refuse?" Liu Feng said.

Although Steward Zhou is dissatisfied, he also knows that since Mu Yunlong and the tyrant Gao Gang are here, they must have been in contact before again. Maybe this alliance has reached a consensus. If he strongly opposes it, maybe this new alliance may be possible. He will be kicked out directly from the Agricultural and Commercial Association.

"I have no intention of opposing it, but this Li Tian incident happened before the birth of this new alliance, so now I feel that this matter should be left to our Kyoto City Coalition Army to solve it! There is no need for Mu Lao Army Commander and Tyrant Army Commander. Intervene!" Zhou Guanjia insisted.

But after seeing the expressions on other people's faces, Mr. Zhou already knew that other people probably already knew about this. Those who didn't know about it were probably the Association of Agriculture, Industry and Commerce and several first-class legions.

Mu Yunlong stood in front of the huge conference table with his hands at his desk, looked around, and said: "I, Mu Yunlong, rushed from Beitang to Kyoto City for a great cause. I haven't entered Kyoto City yet. At the time, I had already heard of the actions of the commander of the Celestial Legion Li Tianjun. This week the chairman was only worried that Mu Yunlong would favor Li Tian. If this is the case, then the commander of the Tyrant Legion and I will temporarily avoid it. Wait. Your Kyoto City coalition forces have negotiated a result of sanctions against Li Tian, let's talk about the coalition forces again!"

"Mu..." Liu Feng wanted to say something, but was interrupted by Mu Yunlong waved his hand.

After seeing Mu Yunlong, the small group represented by the Agricultural and Commercial Association made corresponding concessions, but they insisted on expelling Li Tian, and this was the bottom line of the negotiation.

Three hours later, the results of the coalition sanctions were announced.

#### Chapter 3848: Re-evolution

In the evening, Kyoto City TV broadcasted two heavyweight news.

First, the result of the trial of Li Tian by the coalition forces: the Celestial Legion was preserved, the northwestern area occupied by the Celestial Realm and Beitang continued to be returned to the Celestial Legion, and the newly formed Chinese Allied Forces would jointly assist in the management. As for Li Tian, the commander of the Celestial Legion, Because of the destruction of the North City villa area of Kyoto City and the destruction of the North City Wall of Kyoto City, he must be deported.

After seeing this news, the citizens who were worried that Li Tianyi would ruin Kyoto City finally let out a sigh of relief.

"Li Tian, Li Motou, Li Shashen, this is finally going to be expelled from the country, so I'm so lighthearted!"

"That's right, I heard that the number of people who died in the North City Villa District alone was not less than a thousand. Such a big demon was only expelled, can't it be killed?"

"Speaking lightly, Li Tianli Demon Head is so powerful, if you really want to fight to kill the net, ordinary people like us will ultimately suffer."

"It's not bad to be expelled! I suspect that this is the result of a compromise between the big legions, maybe they have already discussed a way to divide the Celestial Legion."

The citizens of Kyoto City who were watching the news talked about it.

The second is that the Kyoto City Coalition Army, the Army Soul Corps, and the Black Dragon Corps formed a new coalition army. The name of the coalition army is China! Commander Mu Yunlong served as the commander of the Chinese Army's coalition army, Liu Feng, the tyrant Gao Gang, Zhou Guanjia, and Gu Liangan represented the five members of the Five Old Society, and Duanmuying was the deputy commander of the army.

Seeing this second piece of news, the people of Kyoto City began to celebrate.

In the last three and a half years, a powerful coalition will finally appear in this country.

The Chinese Allied Forces, this coalition has four major legions, the Army Soul Corps, the Feng Yu Tong Cheng Corps, the Sakura Corps, and the Black Dragon Corps. It also has two major associations, the Agricultural and Commercial Association and the Bounty Hunter Association. There is nothing more, but this is the first cross-regional coalition since the end of the world. The area under the jurisdiction of this coalition has occupied two-thirds of the country, plus the Celestial Legion area under the control of the Chinese coalition. The area controlled by the coalition forces is close to four-fifths of the country before.

For ordinary people, the days they look forward to seem not too far away.

"Quickly, go buy two strings of firecrackers, let's set off some firecrackers to celebrate!"

"What kind of firecrackers to buy? Let's go to the streets. Isn't it more fun to beat gongs and drums?"

"Haha, yes, beat the gongs and drums to send the Plague God to welcome the new army!"

Some are happy and some are worried.

Feng Yu Tong Cheng Army Corps headquarters, in a two-story building in the Nachang mining area, Situ Ningbing, Duanmu Ying, Windsor, and Gao Bi all sat on the sofa and watched the news being broadcast on Kyoto TV. These people were watching While watching TV, would he turn his head to look at Li Tian sitting in the middle.

However, Li Tian did not complain or get angry from the beginning of the news to the end.

"Li, no matter where you go, I will follow you wherever you go!" Situ Ningbing said.

Kobi stretched out his finger and rubbed it under his nose, showing a silly smile, and said, "Captain Li Tian, I will follow you too. My father said, I am your person for life and your dead person for death. No matter where you go, I will follow you!"

"And me, Windsor is also willing to follow Brother Tian. With Brother Tian's strength and ability, no matter where he goes, he can build his own great achievements!" Windsor said confidently.

There was a trace of self-blame on Duanmuying's face.

"Li Tian, blame me..." Duanmuying said.

Li Tian stretched his hand to hold Duanmuying's hand, and placed it on Duanmuying's belly, and said, "How can this be to blame? This is Tang Zheng, Vice President Kang and Zhou Guanjia who set up the bureau to let me go in. , I didn't see through this game. I'm willing to bet and lose, and don't blame anyone! Besides, didn't we just say it before? Give the Celestial Legion to my grandfather to take care of it. Shall we go to another place to live in seclusion together?"

"Yeah! I have already had a meeting with the members of the Sakura Legion. In the future, Lan Lin will temporarily be responsible for the Sakura Legion. The two deputy commanders will assist Lan Lin. Later, the Soul Legion will also send people to help manage the Sakura Legion. , And I... I will leave here with you Li Tian! We will never return here!" Duanmuying said.

"No! They are unkind and we can't be unrighteous. All things will come to light one day. As long as Tang Zheng, the director of rehabilitation and they are on the road again, then my grievances will be cleared away, and we will come back. And even if Tang Zheng and the others will never show up or be discovered by the world, as long as the three corpses are still here for one day, Li Tian will come back sooner or later and have a decision with the three corpses!" Li Tian said.

Li Tian can only comfort Duanmuying so much!

At this time, the anger in Li Tian's heart is more than just a word "fuck".

Li Tian can abandon the Celestial Legion, and can abandon the area that the Celestial Legion has beaten down, but Li Tian doesn't want to walk in such a desperate manner as a despised loser.

This kind of frustration made Li Tianzhen want to get angry, and asked Xiao Yasha to bury all these idiots who didn't know good or bad in Kyoto City and then in the quicksand.

At this time, Mu Yunlong walked in, accompanied by Liu Feng and Huangfu Kunpeng, and Mu Yunlong said with relief: "Little Litian, I can rest assured if you think so!"

Li Tian and the others quickly stood up and invited the old man to the sofa.

"Grandpa!" Li Tian shouted while standing beside Mu Yunlong.

Mu Yunlong waved his hand and said to Li Tian, "Little Li Tian, sit down, Grandpa, I have something to say to you."

When Li Tian sat down, Mu Yunlong beckoned to Huangfu Kunpeng, and Huangfu Kunpeng spread a map of the earth world before the end of the world on the coffee table.

"Xiao Litian, in fact, even if there is no such incident, Grandpa will let you go out and take a look! Take a look, this is a map of the world before the end of the world. Before the end of the world, our country suffers from this... This... and the harassment and threats of these countries. Before the end of the world, because of the constraints of various parties, we dare not use force easily against these countries. Don't let the people of the whole country think that our military is weak and incompetent. But now is the end of the world, America , These countries in Western Europe are overwhelmed by themselves. So far, they have not formed a unified coalition. Even if we do something in these regions, they are still powerless. So, this is our best opportunity! I want to take advantage of the end of the end times. , To re-divide these areas into the territory of our country." Mu Yunlong pointed to several island countries and said.

"And this kind of thing is of course the most suitable for you, Li Tian. With the strength that you can easily destroy a city, you can go to these areas and you can let go of it!"

"If everything goes well, you have to wait until the end of the end, these areas can be justified into our territory, and if it doesn't go well, you can take out your means in Nanzhou City for a long time, and it can even be bloodier, even if these All areas are destroyed, let them evolve again!"

Chapter 3849: Decision (1)

Looking at the entire conference room, more than half of the people seemed very excited, and wanted to follow Li Tian, Li Tian couldn't help but feel a little relieved.

"Everyone is quiet! I can understand your feelings, but this Celestial Legion is only temporarily managed by the Chinese Allied Forces. Sooner or later, Li Tian will come back! So this Celestial Legion is still inseparable from everyone. Everyone continues to make efforts for the development of the Celestial Legion. Especially your dog nose, your \*\*\*\* good old and young, all in this Beitang City, what are you making up for?" Li Tian said with a smile.

The dog's nose twitched his nose twice, and said with a grieved expression: "Brother God, only if you are passionate and motivated, my family has no problems with safety and life in Beitang now, even if I leave Beitang and walk with you, and they won't have any complaints, so my brother, you can agree. Anyway, I am definitely going to walk with you!"

"This is a deportation and not a travel trip. You have to think about it. Our going out is not a matter of three days and five days, ten days and a half months. It may be three years and five years, or even ten and eight years. The year is not always true! So everyone here should think carefully." Li Tian said.

"No need to think about it, I'll just follow you!" said the dog nose.

Li Tian did not speak up, and said to He Zhizhuo: "He Zhizhuo, there are also Shelipu Ding, you two will stay, He Zhizhuo, you will be the city lord of Beitang city in the future, you will have all things big and small in Beitang city. Responsible, and the Celestial Legion in Beitang City, Shalipuding, will be managed by you!"

He Zhizhuo nodded, and did not object.

Li Tian continued: "Since Hao Chunjian took charge of the Celestial City, all aspects of the strength of the Celestial Realm have been significantly improved. Let Hao Chunjian continue to control the Celestial City. You also need to cooperate with Hao Chunjian to fight for the large area of the Celestial Realm from Beitang as soon as possible. Take it all!"

Li Tian turned his attention to Liu Yihui again.

Since Liu Yihui started to specialize in zombie virus research, the whole person has been completely silent in this research. Due to excessive use of his brain, Liu Yihui has started to suffer from hair loss at a young age, and there is already a piece of hair on the top of the head completely exposed. Out. The prisoner was far from Liu Yihui in this respect. Although he could also help Liu Yihui, it was not very useful.

Li Tian coughed softly and said, "Liu Yihui, prisoner, the high-level zombie virus antidote that you have researched is very useful to the heavens. These days have also worked hard for you. However, you don't have time to rest, according to the military spirit. The intelligence of the Legion, in the American countries on the other side of the ocean, their zombie virus research has made breakthrough progress, and the Army Soul Corps is also closely following the zombie virus research, so I need you two to temporarily suspend what you are holding. Work, go to the Army Soul Corps to study and research, study in the Army Soul Corps Zombie Research Institute for half a year, and then upgrade the research corpses of our Celestial Zombie Research Institute as soon as possible."

Liu Yihui stretched out his hand and touched his head, nodded and said, "Okay, we must fulfill our mission!"

Li Tian looked at Bai Jing again, and said to Bai Jing: "This celestial bounty hunter association has grown out of nothing, and it is already quite large, but I must take you away, so you put the bounty. Leave the matter of the Hunter Association to Xinrui. Except today, we only have six days. You can hand it over as soon as possible!"

Bai Jing's face involuntarily showed a hint of blush, and he nodded slightly.

But when he heard Li Tian say this, Xinrui's face didn't show the slightest joy, pouting a little mouth, almost crying, and said: "My God, you bully people, I want to follow you Go together!"

It can be said that Xinrui likes Li Tian as everyone knows. Seeing Xinrui's expression, everyone in the meeting can't help but smile knowingly.

"Huo Liantong, Li Dan, you must help Xinrui together, and don't let others despise our people who come out of Tianmen!" Here, Li Tian specifically pointed out Tianmen, a term that was used when Bai Jing was in the small town.

Speaking of Tianmen, Li Tian thought of the idea of Tianjie, Tianmen, and Tianxia. Now the heavens have been realized, but since leaving the Tianjie City, Tianmen has stepped on the same place and has not expanded much. Li Tian remembered the engraved on the back of the barbarian. Those two words.

"Barbarian..."

"Brother Tian, I am definitely going to go with you! And the captain, wherever you go, we will follow you wherever you go!" The barbarian said first.

Li Tian nodded and said, "No, barbarian, you have to stay here..."

"No! Brother Tian, you can't keep my Barbarian, I...I want to follow you with Brother Tian!" The Barbarian stood up anxiously, crying on his face.

"Barbarian, do you remember those two words engraved on your back? Although I, Li Tian, was deprived of the position and rights of the commander of the Celestial Realm, we still have Tianmen and Tianxia. I need you in my absence. During this period of time, first support the Tianmen. And your barbarians are the first head of our Tianmen!"

"The first thing you need to do now is to choose a good place and delimit it as our Heavenly Sect's sphere of influence. Hao Jianchun or He Zhizhuo can help you complete it. The second is to select some from the celestial sphere of influence. Good seedlings with potential are brought to Tianmen and taught them the exercises. If there are talented disciples, then we can teach them the exercises we brought back from Tianshan. When these people wait for my return, I will Assess yourself."

Although the barbarian was unwilling, he also knew that this responsibility was heavy, so he could only reluctantly nod his head.

"Tang Feifei, you are something I must take away. So you, like Bai Jing, have only six days to teach the team leader the way to control the zombie farmer, and the team leader, you need to control the entire heaven. Agriculture and Industry Association!" Li Tian said to Tang Feifei and the captain again.

This Tang Feifei is the puppet chosen by the corpse, Li Tian must take it away, and the barbarian stays, then the captain must also stay, otherwise the barbarian will not fight Li Tian desperately!

"Fire!"

Hearing Li Tian calling his name, Li Huo immediately sat upright.

"The hundreds of thousands of people in Donghai City came to Beitang with you. I believe you can manage these hundreds of thousands. I will not take you away. You can stay and help He Zhizhuo!" Li Tian said.

Li Tian went on to say, "Windsor, I will give you three days to go back to Chenzhong City. Go and say goodbye to your friends, and then bring me Shen Tao back. As for the city master of Chenzhong City, just leave it to He Zhizhuo to troubleshoot!"

#### Chapter 3850: Decision (2)

Looking at the entire conference room, more than half of the people seemed very excited, and wanted to follow Li Tian, Li Tian couldn't help but feel a little relieved.

"Everyone is quiet! I can understand your feelings, but this Celestial Legion is only temporarily managed by the Chinese Allied Forces. Sooner or later, Li Tian will come back! But when he heard Li Tian say this, Xinrui's face didn't show the slightest joy, pouting a little mouth, almost crying, and said: "My God, you bully people, I want to follow you Go together!"

It can be said that Xinrui likes Li Tian as everyone knows. Seeing Xinrui's expression, everyone in the meeting can't help but smile knowingly.

"Huo Liantong, Li Dan, you must help Xinrui together, and don't let others despise our people who come out of Tianmen!" Here, Li Tian specifically pointed out Tianmen, a term that was used when Bai Jing was in the small town.

Speaking of Tianmen, Li Tian thought of the idea of Tianjie, Tianmen, and Tianxia. Now the heavens have been realized, but since leaving the Tianjie City, Tianmen has stepped on the same place and has not expanded much. Li Tian remembered the engraved on the back of the barbarian. Those two words.

"Barbarian..."

"Brother Tian, I am definitely going to go with you! And the captain, wherever you go, we will follow you wherever you go!" The barbarian said first.

Li Tian nodded and said, "No, barbarian, you have to stay here..."

"No! Brother Tian, you can't keep my Barbarian, I...I want to follow you with Brother Tian!" The Barbarian stood up anxiously, crying on his face.

"Barbarian, do you remember those two words engraved on your back? Although I, Li Tian, was deprived of the position and rights of the commander of the Celestial Realm, we still have Tianmen and Tianxia. I need you in my absence. During this period of time, first support the Tianmen. And your barbarians are the first head of our Tianmen!"

"The first thing you need to do now is to choose a good place and delimit it as our Heavenly Sect's sphere of influence. Hao Jianchun or He Zhizhuo can help you complete it. The second is to select some from the celestial sphere of influence. Good seedlings with potential are brought to Tianmen and taught them the exercises. If there are talented disciples, then we can teach them the exercises we brought back from Tianshan. When these people wait for my return, I will Assess yourself."

Although the barbarian was unwilling, he also knew that this responsibility was heavy, so he could only reluctantly nod his head.

"Tang Feifei, you are something I must take away. So you, like Bai Jing, have only six days to teach the team leader the way to control the zombie farmer, and the team leader, you need to control the entire heaven. Agriculture and Industry Association!" Li Tian said to Tang Feifei and the captain again.

This Tang Feifei is the puppet chosen by the corpse, Li Tian must take it away, and the barbarian stays, then the captain must also stay, otherwise the barbarian will not fight Li Tian desperately!

"Fire!"

Hearing Li Tian calling his name, Li Huo immediately sat upright.

"The hundreds of thousands of people in Donghai City came to Beitang with you. I believe you can manage these hundreds of thousands. I will not take you away. You can stay and help He Zhizhuo!" Li Tian said.

Li Tian went on to say, "Windsor, I will give you three days to go back to Chenzhong City. Go and say goodbye to your friends, and then bring me Shen Tao back. As for the city master of Chenzhong City, Just leave it to He Zhizhuo to troubleshoot!"
