

A Killer 3911

Chapter 3911: Local master (3)

What made Beiyuan more embarrassing was that at this moment, Li Tian walked out of the room, and Bai Jing followed Li Tian. .

Li Tian glanced at Beiyuan, then took out a set of unworn clothes from the space of Void Yasha and threw it to Beiyuan, and said, "Go inside and change clothes. We will continue to talk about the topic of last night in a while!"

The moment Beiyuan saw Li Tian and Bai Jing, his cheeks were burning hot, and he really wanted to find a seam to get in.

However, Li Tian didn't look down on him at all, and Bai Jing didn't use his eyes to look at him. This made Bei Yuan feel a little better.

Taking the clothes that Li Tian threw over, Beiyuan lowered his head and went into the room. After changing into the clothes Li Tian threw to him, Beiyuan threw the clothes he changed directly from the window to the outside, which made him feel a little more comfortable. Got out.

When he walked out of the room, there were no Li Tian and Bai Jing in the courtyard. Looking at the mountain-like corpses of zombies, Beiyuan couldn't help but shivered before he escaped from the small courtyard.

Passing through the lobby of the small two-story building, Beiyuan saw Li Tian and Bai Jing on the side of the front yard station, and walked quickly to Li Tian's side with his head low.

"I don't know what the lord wants to continue last night?" Kitahara asked.

"Kitahara, I ask you, do you want to hide in the mountains for the rest of your life, live without clothing and food every day, or do you want to return to Kirishima City and live a decent life?" Li Tian asked.

"If you go back to the adults, I am naturally the latter. I don't want my son to be a savage!"

"So, if I want you to be the mayor of Kirishima City, would you like it?" Li Tian asked.

"Mayor? Do you think you are the Prime Minister of Eastern Asia or the Emperor of Eastern Asia? Now it is the end of the world. Don't think that you are very proud of killing a few low-level zombies. Even the abdomen Tian Cong does not have the strength to appoint others as mayor at will! "Bei Yuan thought with a sneer in his heart.

When thinking of these things, Beiyuan's mouth could not help but reveal a hint of sarcasm.

This was totally subconscious, but because Beiyuan had his head down, and when he showed this ridicule, Beiyuan had already realized it, so he quickly lowered his head and deliberately concealed it.

Beiyuan thought that Li Tian did not see the change in his expression, but Li Tian directly exposed his careful thoughts.

"Bei Yuan, when you laugh at me, should you look up and look around to see if I am confident when I say this." Li Tian's "Red Zhan" in his hand gently lifted Bei Yuan's chin , Pointed to the distant wall and said.

Following Li Tian's fingers, Bei Yuan's eyes suddenly showed a hint of surprise.

"Then...what is that? Is it the city wall? Is it the Great Wall? I never saw this thing during the day yesterday!" Bei Yuan's tone was full of exclamation.

"Do you want to take a look? Maybe only when you get to the front will you feel better!" Li Tian said.

Kitahara nodded heavily.

"Why don't we go! Let you feel the beauty of not being attacked by zombies?" Li Tian said again.

Bei Yuan was even more surprised.

"Could it be that the lord killed all the zombies here?"

Li Tian did not answer Kitahara's question, turned and walked out of the front yard, onto the highway, and started walking along the highway towards Kirishima City.

When he came to the highway, Bei Yuan hurriedly turned around and looked around.

From a distance, Bei Yuan can see the surrounding walls of the entire area.

In fact, there is no need to look closer, Bei Yuan also knows that the height of this wall is probably not low, and conservative estimates should be more than ten meters.

At this time, Bei Yuan's heart could no longer be calm. Seeing Li Tian and Bai Jing slowly walking along the highway, Bei Yuan's heart was extremely anxious.

"My lord, why don't you go faster, I can catch up to your speed!" Kitahara said impatiently.

Bei Yuan is really anxious now, and can't wait to leave Li Tian, and then ran to the city wall to see what it looked like!

"Okay, then you find a car that can drive, let's drive it away!"

After hearing Li Tian's words, Kitahara immediately ran back to the courtyard just now and cleaned all the car's fuel tanks. Only then did he fill up less than half of the car's fuel tanks he left behind yesterday, and then Kitahara drove the car. Carrying Li Tian and Bai Jing to the north quickly.

There is also a culvert under the East Kyushu Expressway that can accommodate cars. Seeing that this place is so ingeniously designed, Kitahara's heart has been completely impressed by Li Tian.

But when the car got closer and closer to the city wall, Bei Yuan unexpectedly slowed down the speed of the car.

At this time, Bei Yuan shouted tears in his eyes and muttered to himself: "I hope this is true, this is not a dream, I hope this is true, not a dream."

Until the car drove to the city wall, there was no way to go, Bei Yuan got out of the car.

Looking at the city wall with a height of more than 20 meters, Bei Yuan's body began to tremble slightly. He stretched out his hand and touched the city wall, then patted hard with his hand a few times. The palm of his hand was a little red. Just stopped.

"Let's go up and take a look!" Li Tian said again.

At the end of the highway, there was a stairway leading to the top of the city wall. Beiyuan refused Li Tian's help, and he insisted on going up by himself.

One step, two steps...

Without taking a step, Bei Yuan felt a sense of steadiness. When he walked on the wall and saw the wall that was more than five meters wide and 20 meters high, the stone in Beiyuan's heart was completely grounded. Up.

Standing on the city wall, Beiyuan can see the sea to the south and other areas enclosed by the city wall on the east, west, and north sides.

"My lord, what do you want? My lord has this ability, and he can fight for hegemony in Dongying like the sky cluster in the abdomen. Why do you want to do this?" Beiyuan asked.

"I Li Tian believes that for ordinary people, as long as they can live a good life, as for who will be the emperor and who will be in power, that is not the most important thing."

Bei Yuan nodded, he has a deep understanding of this point of view!

For more than three years in the last days, the people of Beiyuan and other Dongying have reported many hopes to the authorities of Dongying, but in the end they all turned into disappointment and despair.

As for the abdomen sky clusters, they are the same, but that abdomen sky cluster only has one Fukuoka prefecture under the jurisdiction. As for the people in other places, the abdomen sky clusters have not even asked about it.

Li Tian went on to say: "Kitahara, you still manage Kirishima City by yourself, and I just want to be a small landlord. I will provide you with land and a safe living environment, and you will pay me a certain percentage. Rent is fine."

"My lord, what do you need to do in front of the mayor of Kirishima City?" Kitahara already asked with some heart.

Chapter 3912: Local master (4)

"Now I have identified ten areas in Kirishima City that are absolutely suitable for human life. Among them, the area where we are now is called the land area, the sky area on your right and the herringbone area on your left. These three All the zombies in the area were killed by me last night. It can be said that this is an area suitable for humans to rent.."

"But the farmland in these three areas is now barren, and the houses are vacant. Even if you are the manager of these three areas, you are only a polished commander. Therefore, I need you to bring the humans hiding in the deep mountains back here again. Come from three regions. Only when there are talents and wealth, I can be my little landlord with peace of mind, and you can become the actual power in Kirishima City." Li Tian said.

"Of course, you can also form your own management team, or even a legion, to help you manage these areas. When there are at least five thousand people in each of these ten areas, you are the Kirishima The person in charge of the city, you can choose an area as your territory, and you don't need to pay me any rent. All these rents belong to you!"

Beiyuan's heart has been completely ignited.

From last night to today, Kitahara felt that he had experienced the greatest reversal in his life.

Originally being chased by the zombies, Beiyuan was already frustrated. At that time, he thought he was dead soon, and his biggest wish was only to look at his son before he died. But now, Kitahara feels that the entire Kirishima City belongs to him.

Power, wealth, fame, all these things seem to be within reach!

"I want to choose the Tianzhao area, that area has more cultivated land, and the land over there is better!" Beiyuan now makes no secret of his ambition.

"Of course you can! But Kitahara, you should understand that you are not irreplaceable. The reason why I chose you is that we are still fate and you can speak our language fluently. If I know that you have a different heart, You should know my method." Li Tian nodded and said.

Beiyuan nodded quickly and said, "Master Li Tian, I understand! I will take you back to my place and promise to convince them to come to the area!"

Li Tian nodded.

Then Li Tian summoned the mutant crow again.

Seeing the mutant crow appearing out of thin air, Bei Yuan's face was shocked again, and he called Li Tian as a god-man in his heart. At this time, he was completely devoted to Li Tian.

Li Tian said to Beiyuan: "Wait for a while you will sit with this bird and go back. If you get to the place and tell him directly, he will understand."

"So what about you Li Tian? Don't you follow me back?" Beiyuan asked.

Li Tian smiled slightly and said, "I have another way!"

After speaking, the mutant crow turned into a big peng shape and slowly flew up, and Li Tian stretched out his hand and sent Bai Jing into the space of the Void Yaksha, and then lifted Beiyuan to the back of the mutant crow. After that, Li Tian also entered the space of Void Yasha.

Void Yasha was put on the back of the mutant crow by Li Tian again, but the size of Void Yasha was so small that Beiyuan didn't even notice it.

And Li Tian went to sleep beautifully with his arms around Bai Jing in a room in the space of Void Yasha.

The mutant crow **** its wings, flying

At first, Kitahara was so scared to death, he didn't even have the luck to open his eyes.

But after a few minutes, Beiyuan felt sitting on the back of this mutant crow, except for eating more wind, it was actually no different from flying.

Kitahara slowly opened his eyes and saw the white clouds floating above his head, as if he could touch the white clouds with his hand, and under his feet were the urban buildings of Kirishima City.

"This feeling of being aloof is really good! I have to complete Master Li Tian's entrustment, not to be caught, but to enjoy the feeling of being aloof forever." Bei Yuan thought in his heart.

The mutant crow's speed is super fast, but it has completely entered the mountainous area after flying for less than an hour.

"It's almost here, it's almost here! It's there when you see a waterfall, please slow down a bit!"
Beiyuan was very polite to this mutant crow.

Although the mutant crow had complaints and grievances in his heart, he did not dare to speak. He was worried that he would speak a little and scared Beiyuan to death, and that would be a big deal.

After another ten minutes, Beiyuan saw a pass built on a highway in the mountains. After passing this pass, he was in the area.

Sitting on this mutant crow, Kitahara looked at the little pitiful arable land cultivated in the ravines of this mountain range. Compared to the farmland in Kirishima City, it turned out to be so shabby, but it was this little field that supported them. Thousands of people in the stronghold.

"Go down! Put me on the highway and just walk over by myself!" Beiyuan said to the mutant crow.
When it fell to the ground, Beiyuan hadn't reacted yet, but Li Tian had already appeared out of thin air.

"Beiyuan, my time is limited. I can only give you three days at most. If you can't complete this task within these three days, then our agreement will be void!

Beiyuan's face immediately showed a trace of tension: "Master Li Tian, please rest assured, I will finish! But if I am done, how can I contact Master Li Tian? After all, the more than 20-meter-high city wall, we still do not Easy to board!"

"As long as you complete the task, I will know that your personnel will start migrating. I will protect your safety all the way until I send you to the Tianzihao area. However, the migration of personnel in other areas will be your business afterwards. , After all, you are the actual person in charge of Wushan City!" Li Tian said.

An expression of excitement appeared on Beiyuan's face inadvertently, and he repeatedly thanked Li Tian for this, then turned and continued along the highway towards the mountains.

"Brother Tian, where are we going now?" Bai Jing asked.

"When you come to Mt. Kirishima, how can you not enjoy the hot springs of Mt. Kirishima? Let's go wash for nothing!" Li Tian said with a smile.

Bai Jing's cheeks flushed, and he said shyly: "You are so bad!"

Li Tian immediately said solemnly: "Is it bad or your thinking is too simple? Where did you want to go? I am a very pure and pure person!"

Despite what Li Tian said, his hands had already reached out to touch Bai Jing's hips.

With a light pat, Li Tian immediately pretended to be surprised and said, "Wow, it's so elastic! You see it hurt my hand. No, you have to compensate me!"

With that said, Li Tian had wrapped Bai Jing in his arms and blocked Bai Jing's protesting mouth with his mouth.

A fragrance, refreshing!

Chapter 3913: Concubine can't do it

Bai Jing fell feebly into Li Tian's arms, breathing a bit shortly.

The atmosphere is already in place.

If he was in the hotel at this time, Bai Jing would definitely be pushed down by Li Tian again.

It is a pity that although the environment is beautiful, this is not a hotel, and what makes Li Tian quite embarrassed is that Li Tian has forgotten that there is a mutant crow squatting on his shoulder in Shanghai.

This mutant crow saw the ecstatic place, opened his mouth, and kept shouting at Li Tian: "Come on, come on!"

Li Tian wanted to throw the mutant crow into the space of the Void Yaksha, but as soon as he reached out his hand, the mutant crow had already flapped its wings and flew onto the tree.

"Li Tian, you continue, don't treat me as a human being, I am a bird! It's just a birdman!" The mutant crow said shamelessly.

"You bastard, I promise not to kill you!" Li Weather said desperately.

The mutant crow was not a fool, so naturally he wouldn't come down obediently, but jumped around on the branches, like a slapstick.

"You bird, come down obediently if you don't want to die, otherwise Lao Tzu will kill you!"

When he said this, Li Tian's "Red Zhan" had already flown out, spinning around Li Tian's body.

"Okay! I give up!"

This mutant crow is very bachelor, and when he sees "Red Zhan" flying up, he immediately admits it.

Of course, Li Tian couldn't really kill the mutant crow. He just turned the mutant crow into a big peng shape. Then he took the white scene and landed on the back of the mutant crow and continued to fly towards Kirishima Mountain.

This Kirishima Mountain is an active volcano. There are many hotels in the entire Kirishima Mountain City to the Kirishima Mountain area, and many of them are hotels with Eastern characteristics.

Li Tianrang the mutant crow took him and Bai Jing to fly forward for more than ten minutes, climbed over seven or eight hills, and finally saw a magnificent building complex in the mountains. This building is built on the mountain. Standing on the top of the building complex, you can see the smoke rising from the Kirishima volcano from a distance.

A small stream flows under the building, the water is gurgling, the stream is clear, the sun shines on the surface of the stream, and the trees are shimmering. When the stream beats the irregular pebbles, different sounds will be made. Adding to the sound of birds in the mountains and forests, it is also a beautiful movement.

A winding road with nine bends and eighteen bends runs from this complex to the foot of the mountain. At the foot of the mountain, there is a large golf course. But this is the end of the world. The golf course has not been repaired and managed for more than three years and has basically been abandoned.

Li Tian took Bai Jing and jumped from the mutant crow, and landed on the highway several hundred meters away from the hotel.

Li Tian definitely didn't want the mutant crow to disturb the world of him and Bai Jing.

Originally, Li Tian wanted the mutant crow to play happily in this mountain forest, but the mutant crow looked at Li Tian with disgust, and said disdainfully: "Why, do you want me to find the female crow? I am That kind of bird... birdman?"

Li Tian said in a word, he was speechless.

"Send me to the space of Void Yasha! It is better to listen to the bragging joy of Void Yasha than to find the female crow!"

"So you like Yasha?" Bai Jing inserted a sentence and almost choked the mutant crow to death.

"Hey, don't talk nonsense, I like humans, beautiful mothers...women!" The mutant crow said angrily.

"Okay, okay, we all know."

Li Tianjiang summoned Dixing Yasha and Void Yasha, and then said to the two small Yashas: "Give you a few tasks!"

Upon hearing the mission, both Yasha and Mutant Crow became serious.

"Now, although we have killed the guardian Shangren in Ruhr Island City, Miyazaki Prefecture, and Kumamoto Prefecture, we have also arranged for Dabo zombies to migrate zombies in these areas, and arranged for Kazama Silver Guard to kill other ninjas in these two counties. Go, but we simply do not have the ability to completely control these areas."

"You also know why I did this. It's because I don't have a sense of security, especially when I heard that the abdomen clump controls tens of thousands of zombies above level 6, which makes me even more insecure. The first thing we need to do now is Get a foothold on Ruhr Island."

"Master Li Tian, what do you want us to do? You can do anything! Our little heads don't want to think about so many things!" Dixing Yasha said.

Void Yasha glanced at Dixing Yasha with disdain, his figure flashed, and fell on Li Tian's head, and said, "Does this still need to be asked? Coming to this mountain range, I definitely hope you can use your ability. Build another city wall on this mountain range, just like the Great Wall, so that you can use this mountain range to build a defensive line!"

Li Tian nodded and said, "Yes, it is to build a defensive line. The main purpose of this line of defense is to resist zombies, but it is not a city wall, but I want you to change the direction of this entire Kirishima mountain range. Those who make use of the mountains will hide the zombies in the north."

Ji Xing Yasha was frightened by Li Tian's words, but the legendary gods had such power in such things as moving mountains and reclaiming the sea. Ji Xing Yasha was only the Yasha clan, and there was still a big difference from the gods.

Void Yasha's brows couldn't help but frowned slightly, and he said to Li Tian very seriously:

"Master Li Tian, I only want you one question now."

"You ask!" Li Tian said.

"Is this useful? If the Earth Travel Yaksha changed the trend of the mountain range and established a moat, will there be zombies attacking us?"

Li Tian shook his head and said, "I don't know, I just plan ahead and take precautions. Maybe we have all the defenses ready, but the sky in the abdomen does not control the zombies. Or he will control the zombies. The attack may detour from the sea, and this line of defense may become the Maginot line."

"You also know that if they attack from the sea, then we have Haiyasha, guaranteeing that they will come back and forth, but if the abdomen sky cluster is to attack us head-on?"

"Understood! Dixin, it's up to you!" Void Yasha said to Dixin Yasha.

Dixin Yasha sat down on the ground, looked at the void Yasha above Li Tian's head with a grimace, and said, "The concubine can't do it!"

"You?" Li Tian asked suspiciously.

Dixin Yasha's face showed some twisting color unexpectedly, and Xukong Yasha jumped on Li Tian's shoulder, and quietly said a few words into Li Tian's ear.

It turns out that the appearance of this sea yasha, the female yasha, instantly disintegrated the triangular relationship between the void, the earth line and the flying sky. The flying yasha moved to love Haiyasha, and the emptiness yasha took the opportunity to take the ground. Xingyasha took it.

"Damn it, it's no wonder that you always frowned before, now I'm a single dog! I'm so heartbroken!" The mutant crow screamed.

Chapter 3914: Shame

Void Yasha issued a military order to Li Tian to ensure the completion of the mission.

But Di Xing Yasha couldn't stand the soft and hard foam of Void Yasha, and finally agreed.

Mutant Crow, the single Wang Ze, was already crying in the space of Void Yasha.

After the three little things left, only Li Tian and Bai Jing were left in the entire hotel.

The two were relatively speechless, but they saw tenderness in each other's eyes.

Li Tian took Bai Jing's hand and walked towards the hotel quickly along the highway.

A lot of weeds have grown in the courtyard of the hotel, and seven or eight cars parked in the courtyard.

"Brother Tian, you see there are signs of cars driving, and they look very new. There should be people in this hotel! Why don't we go in?" Bai Jing said alertly.

When he said this, Bai Jing had already taken the sniper rifle he was carrying on his back, and held it in his arms, carefully facing the hotel building.

"Silly girl, what are some people afraid of? Have you forgotten our purpose in the mountains? Put your guns away! What if these people run? After all, I have come to this hotel. How can we not enjoy the hot springs here? ?" Li Tian said.

Bai Scenic Spot nodded, put away the sniper rifle, with a shame on his face, and said, "Everything is up to you!"

But as soon as Bai Jing put away the sniper rifle, a dozen men from the East rushed out of the hotel to surround Li Tian and Bai Jing.

Seven or eight black holes pointed their guns at Li Tian, and several shining Dongying knives had surrounded Li Tian.

When these men looked at Li Tian, all of them showed fierce and wicked faces, as if as long as Li Tian resisted, they would cut Li Tian into pieces.

When they looked at Bai Jing, they immediately turned into a perverted look, their eyes kept sweeping on Bai Jing's chest and buttocks, and subconsciously licking their lips with their tongues.

"どんなにセクシーな妻よ, accident にも active home delivery が来た! 一緒に遊びましょう?" One of the men who looked extremely threatening said in bird language.

If translated, it probably means: "Such a **** wife would take the initiative to send it to the door, so let me be refreshed, uncle!"

The lewd man smiled obscenely, while walking a few steps forward to Bai Jing, stretched out his paw in the direction of Bai Jing's chest, and grabbed it twice.

There was a look of disgust on Bai Jing's face, and he could not help leaning against Li Tian's side, but the molested man had just walked a few steps forward, staggering under his feet, and knelt in the distance. There are two steps in front of you.

It was as if his conscience had found out in an instant, and he suddenly fell to his knees to admit his mistake to Bai Jing.

This came down extremely suddenly. The Dongying men who surrounded Li Tian and Bai Jing didn't know what was going on. It was only when this man fell to the ground accidentally when he was walking, and even these men uttered for a while. Mocking laughter.

But their laughter stopped abruptly, as if they were suddenly stuck in their necks.

And the lewd man who fell on the ground was holding his leg in pain and screaming incessantly.

Taking a closer look, everyone found that the knee position of the man's left leg was bloody, and even bone scum pierced from the kneecap.

If this molested man walked carelessly, his leg would definitely not suffer such severe damage, and now the wound on his leg seemed to be broken by someone using a gun.

But there were no gunshots heard all around.

The dozen or so men looked at each other, wondering what happened.

But soon someone seemed to have discovered something. This person saw that Li Tian's finger seemed to move slightly just now, so this person set Li Tian as the biggest suspect.

"Baga! Are you doing a ghost, are you?" The man shouted at Li Tian in Eastern Ying.

The seven or eight gunmen with guns around Li Tian suddenly lifted the guns in their hands, poked their guns in front of Li Tian, and shouted at Li Tian in bird language.

Although Li Tian couldn't understand it, it probably meant to make Li Tian raise his hand and not to move.

Facing the muzzle of this black hole, Li Tian didn't have the slightest fear, but a sneer appeared at the corner of his mouth.

Do not move!

Although Li Tian's body hadn't been moved, with Li Tian's mind moving, the "Red Slash" on Li Tian flew up suddenly and directly slashed at the seven or eight spears.

"Huh!"

A flash of red light suddenly flashed, and the "Red Cut" cut on the seven or eight firearms in an instant, as simple as cutting tofu. The guns were directly turned into two pieces, becoming a pile of scrap iron.

And this red line also crossed those Dongying knives.

"Crack!"

"Crack!"

With a crisp sound, these Dongying knives were also cut off.

"impossible!"

"Is this man the Shinobu? Otherwise, how could he have such a ghostly attack power!"

There were expressions of horror on the faces of these more than a dozen men, bent slightly, and kept backing carefully. They were already full of fear for Li Tian in their hearts, and at this time they just wanted to turn around and run away.

At this moment, Li Tian felt a murderous aura coming from a distance.

As soon as Li Tian raised his head suddenly, he immediately used Xuantian ***** in the direction where the murderous aura came.

"Swish!" "Swish!" Several gas bullets ejected by Xuantian's ***** flew to the distant hotel window.

"Wow!"

The glass of the room on the fifth floor of this hotel near the left was smashed open with a gun from the inside, and a black hole sniper rifle was aimed at Li Tian and Bai Jing in an instant.

But at this moment, the gas bomb of Xuantian ***** had already attacked and hit the sniper gunner's head directly.

"Bang!" With a sound, the sniper's head was directly exploded by Li Tian's several gas bombs.

At this time, Bai Jing turned around abruptly, took the sniper rifle from his back, and raised his hand at several places in this hotel.

"Bang!" "Bang!" With a few shots, there were more dead souls in this hotel.

"If I were you, I wouldn't be able to run! If you dare to take a step, I will chop off your legs." Li Tian said with a sneer.

Frosty.

After listening to Li Tian's words, although these Dongying people did not understand, they could still feel Li Tian's murderous aura.

These men's legs trembled, let alone running away, they felt very strenuous even to stand still, but two of them sat on the ground with their butts, and some irritating yellow soup came out of their crotch.

Chapter 3915: Qin Huang

At this time a man walked out of the hotel.

The man was nearly 1.8 meters tall, he was slender and very delicate, and he looked somewhat like a woman.

But when the man walked out of the hotel, he had already pulled out two pistols from his body.

"Waste! It's all waste! What's the use of keeping you!"

The man walked and shot at the two Dongying men who had been sitting on the ground in fear.

"Fuck!"

After a few shots, several blood holes were shot out of the two Dongying men in an instant. The two men never dreamed that they would die in the hands of this man.

The bright red blood flowed along the bodies of the two corpses, and it quickly mixed with the yellow soup of urinary irritation, and the **** smell quickly diminished the urinary odor.

Li Tian's brows wrinkled slightly, and with the control of his mind, the "Red Cut" had stopped in front of Li Tian, like an arrow on a powerful bow ready to go, flying out at any time.

Li Tian could feel that this man still had some strength.

However, this is useless. If this man dared to do something with Li Tian, Li Tian promised that he would die very ugly.

After killing the two men, the man walked a few steps and came to Li Tian, but the pistol in his hand was always pointed at Li Tian.

He just wanted to say something, but Li Tian preempted him to speak.

"Surrender or die!"

Li Tian's words are full of firmness, and there is no room for doubt in his tone.

Li Tian knew that their language was imperfect and could not communicate normally.

But at this time, there was no need to communicate at all, Li Tian just expressed his intention through the murderous intent released from his body.

As for whether this man can understand Li Tian's words, it depends on his good fortune.

This man was taken aback, as if thinking about what Li Tian was talking about!

"This is the island country of Dongying. It is not your turn to run wild on our place!"

Unlike his subordinates, this man had already pulled the trigger when he said this.

"boom!"

"boom!"

Two bullets flew out of his pistol.

This is the best answer to Li Tian!

"Huh! Looking for death!" Li Tian thought to himself with a cold snort.

And at the moment the man's fingers moved slightly, Li Tian's mind was already moved.

This mind must be much faster than the man pulling the trigger.

"Huh!"

"Hong Zhan" slashed over with a red light, and directly cut the two flying bullets in half and fell on the ground.

When Li Tian was already in awe, he slammed a punch. It was Li Tian's strongest Soul Breaking Fist right now.

"boom!"

The handsome man was hit by Li Tian's soul-breaking fist, and his body was directly torn apart.

Blood, minced meat, and internal organs splashed around.

The two men closest to the man were covered with these things.

"Puff!"

"Puff!"

The Dongying men in this yard all knelt to the ground, their horror and horror had already given them no words to express.

And their fear of Li Tian could only be relieved by falling to the ground and begging for mercy in different ways.

It's terrible to have no culture. Now Li Tian wants to say a few words coaxingly, shaking his prestige, but when the words come to his lips, Li Tian feels dull.

"Damn it, after the four eastern islands are in my grasp, I will also learn from Qin Shihuang back then, unify writing and unify language!"

These people had already surrendered. Seeing that Li Tian hadn't killed these people, the others hiding in the hotel ran out and knelt on the ground, daring not to look at Li Tian's face.

This moment made Li Tian a little embarrassed.

Li Tian doesn't want to kill innocent people indiscriminately. Now Li Tian's area also needs population to supplement the number.

But now Void Yasha and Dixing Yasha are not by Li Tian's side, and it is a bit difficult for Li Tian to deal with these people.

Killing is impossible, but Li Tian is reluctant to let go of these people.

"Damn it, do you want to tie them all up?"

But at this moment, the voice of Void Yasha came from Li Tian's mind: "Master Li Tian, you can try teleporting!"

Although Li Tian didn't know what Void Yasha meant, he still used a teleport.

"Huh!"

Li Tian's body unexpectedly appeared elsewhere in this courtyard.

"How is it possible? This Void Yasha is not by my side now, how can I use teleport?" Li Tian thought in his heart.

"Master Li Tian, this is actually very easy to explain. Have you found that the time you use to teleport this time is one second slower than usual?"

After Void Yasha's reminder, Li Tian did feel that this teleportation seemed to take more than a second longer than before, and the place where the teleportation landed was somewhat offset from the place where Li Tian planned to stay.

"Master Li Tian's teleportation was done through my space because of the feelings of you and me. Although Master Li Tian and I are separated, we are both in the Kirishima Mountains. The distance is not too far. Far away, so our minds are still connected, and of course this teleport can be used!" Void Yasha said.

Li Tian suddenly realized that a smile appeared at the corner of his mouth.

Then Li Tian came directly to these Dongying men, and stretched out his hand to send these people one by one into the space of Dixing Yasha.

As for the dead corpses in that courtyard, Li Tian directly blasted several large pits on the ground with the broken soul palm, then kicked the dead corpses into the deep pit and buried them hastily.

Walking into the hotel, Li Tian and Bai Jing were surprised that there was still electricity in this hotel. It turned out that the roof of this hotel is a small photovoltaic power plant, which generates enough electricity for daily use of the hotel.

And because of the occupation of this group of bandits, although the hotel is messy, it still maintains the basic appearance of the hotel before the end of the world.

The hotel is built on the hillside. On the hillside behind this building, there are seven or eight hot springs, and these hot springs are all designed to be bathing places one after another.

Although it was summer, the mountains were much cooler than outside, but it was just after noon, and it was the hottest time, so Li Tian would not go to the bath right now.

"We are currently practicing. By night, the temperature in the mountains will drop drastically. Then let's play in the water with our two mandarin ducks!" Li Tian breathed in Bai Jing's ear and said badly.

Bai Jing nodded slightly.

...

Time flies quickly. When Li Tian was practicing, time came to night unconsciously.

The temperature in the mountains really dropped sharply. At night, the single clothes that Bai Jing was wearing made her tremble a little.

This time is of course the best time to bathe.

Li Tian gently removed Bai Jing's clothes, and slowly walked into the soup pond with the jade body holding Bai Jing.

Ten minutes later, the water surface of this pond was rippling like Li Tian's heart.

Wave after wave!

Chapter 3916: Temple of Fog Island

Bai Jing is happy.

In Bai Jing's heart, entering Kirishima Mountain with Li Tian this time was a honeymoon trip with Li Tian.

Although there is no wedding dress, no wedding photos, no wedding, no diamond ring, and no legal proof, Bai Jing feels that all this is worth it!

The man she once looked up to now embraces her in her arms, impacting her body time and time again, making Bai Jing feel that her body is boiling.

From Tangchi to the flower garden of the hotel, and then from the flower garden of the hotel to the guest rooms of the hotel, the white scenery rushed up into the sky again and again, exhilarating.

At the end of the day, Bai Jing didn't know how many times Li Tian had asked for that night, until Bai Jing was exhausted and Li Tian was lethargic.

Seeing Li Tian fall in his arms, Bai Jing's heart was full of satisfaction.

Bai Jing lightly kissed Li Tian's cheek, then looked up at the dark mountains outside the window, thinking about her thoughts.

However, at this moment, Bai Jing suddenly felt the room shake suddenly.

The shaking was not large, but Li Tian suddenly came to his senses and sat up directly.

"You will go to sleep again! It should be the Dixing Yasha who is changing the trend of the mountains according to your requirements!" Bai Jing said.

Li Tian nodded, just about to say something, the room shook suddenly again.

This shaking is bigger than the previous one.

"Young Master Void has issued a military order. It's really hard work to travel the Yasha here! It's like...just like my sisters and I, as long as you like it, you will pay!" Bai Jing put her head on Li Tian's chest said softly.

If nothing happens this night, then it is definitely Bai Jing's most memorable night.

However, at this moment, Bai Jing felt that the whole earth was shaking rapidly.

"Earthquake?" Bai Jing asked.

This Dongying island country is located on the Pacific Rim seismic belt and is a country prone to earthquakes, so even if an earthquake occurs at this time, it is not surprising.

An nasty thought suddenly appeared in Li Tian's mind.

There is a car shake, there is a bed shake, then if Dixing Yasha and Void Yasha...Haha, could it be an earthquake!

"Li Tian, you bastard, did you make an earthquake?" Xukong Yasha suddenly said to Li Tian through his mind.

"Sorry! I didn't mean that!" Li Tian said apologetically.

"Master Li Tian, the big thing is not good, I... I really want to get into trouble, I seem to have touched something amazing in the process of changing the mountains!" Dixing Yasha said to Li Tian through his mind.

Dixing Yasha's tone was full of shock and panic, which made Li Tian immediately aware of something wrong.

And at this moment, in the darkness beyond the window, the Kirishima volcano suddenly began to billowing thick smoke, and in this thick smoke, sporadic magma would splash out from time to time!

"Volcano eruption?"

Li Tian and Bai Jing suddenly jumped out of bed.

Although this volcanic eruption may not hurt them both, the humans living near Kirishima Mountain have completely lost hope.

"No! It's not a volcanic eruption, it seems there is something more terrifying than a volcanic eruption!" said Jixing Yasha.

"You two should stop moving, let Feitian Yasha come to pick us up, I'll take a look!"

Li Tian and Bai Jing quickly got dressed, and then they walked out of the hotel and stood in the courtyard.

"Boom!"

The ground is still shaking!

To be precise, it is more like beating.

And with the increasing amplitude of this beating, the hotel's circuit seemed to be out of order, all the electrical energy of the hotel was cut off in an instant, and then the entire hotel was plunged into darkness.

The hotel was plunged into darkness, and the smoke and sparks from the Kirishima volcano in the distance became more conspicuous.

"What is it that can make the earth shake and volcano erupt?" Li Tian thought in his heart.

A few minutes later, a huge figure in the sky flew over, it was the mutant crow, and on the mutant crow, there were Void Yasha and Dixing Yasha.

Before the mutant crow landed, Li Tian jumped up with Bai Jing's arm and landed on the back of the mutant crow steadily.

"Say while flying!" Li Tian said to the mutant crow.

"Brother Tian, send me into the space of Void Yasha! You...be careful!" Bai Jing said.

Seeing that Bai Jing was so sensible, Li Tian was not hypocritical, and gently hugged Bai Jing and sent Bai Jing into the space of Void Yasha.

"Master Li Tian, I originally moved the soil and rocks on a mountain range of Kirishima Mountain according to your request, first blocked the main road leading to Kirishima City, and then thought about following this mountain range. The other main canyon roads from Kumamoto Prefecture to Miyazaki Prefecture and Ruhr Island Prefecture were all blocked. But when I was moving the soil and rock, it seemed that I touched something, and then the ground began to shake." Dixing Yasha said.

"What is it? Have you seen it clearly?" Li Tian asked.

Dixing Yasha shook his head and said, "That thing seems to be a seal, it's fleeting, and it's gone when I react!"

Void Yasha continued: "Before informing Master Li Tian, we had visited the crater of Mount Kirishima, and I found that something seemed to be slowly rising in the volcano!"

These two little Yashas and the mutant crows didn't know what it was, and Li Tian didn't ask any more.

The wings of the mutant crow were flapping fast, and the speed of the mutant crow at this time had reached the extreme. A few minutes later, Li Tian sat the mutant crow and appeared above the Kirishima Mountain.

Because of the eruption, a lot of this volcanic ash has floated out, covering half of the Kirishima Mountain crater.

Looking down from the top, through the thick volcanic ash, Li Tianneng could see a red light in the crater. From time to time, a few pieces of magma splashed out of the crater and then fell back again.

"Strange! The temperature of this crater is not very high, we can bear it! This shows that the crater is not all magma." Li Tian said in surprise.

"Master Li Tian, do you think the shape of the crater looks like a temple hall?" Dixing Yasha said.

"Like! Is there still a hall in this volcano? Send me down, I can't wait to see what this is!"

The mutant crow slowly hovered and landed, and when there were more than ten meters from the ground, Li Tian could not wait to jump directly, and the two small Yasha and the mutant crow were sent to the space of the void Yasha by Li Tianshun's hands.

"Jie!" Li Tian burst out loudly while holding "Red Zhan" in his hand.

Chapter 3917: Temple of Fog Island (2)

Falling on the crater, everything in the volcano can be seen more realistically.

One of the magnificent buildings in the billowing smoke is visible. The color of this building is the same as the color of magma, and the two are almost integrated.

If you don't take a closer look, you might think of this building as magma.

After falling in the crater, Li Tian knew that because of the existence of these magma, the temperature of the crater had far exceeded the feeling in the sky.

Fortunately, Li Tian now has a skin armor formed by "Red Slash", which can withstand most of the heat waves, so that Li Tian will not be burned.

But even so, Li Tian still felt the temperature of his body rising rapidly, almost instantly, Li Tian was sweating profusely, and his clothes were completely soaked.

"call!"

"call!"

Li Tian even felt that because of the rapid increase in temperature, the air around the crater became a little thinner, and it was difficult to exhale.

However, even if there is no air, Li Tian can hold his breath for more than half an hour, so Li Tian is not concerned about this difficulty. Besides, Li Tian still has Young Master Void on his body, and Li Tian is really having difficulty breathing. At that time, you can also enter the space of Du Xukong Yasha.

Li Tian jumped and jumped directly into the crater. His figure flashed a few times and landed steadily on a circular platform in the crater.

On this platform, the billowing magma was already seven or eight meters below one's feet, and in the center of the magma, there really was a huge building.

This building is like a huge palace, but the walls, roofs, windows, etc. of the palace are not built with bricks and tiles, but are made of boulders made of red magma. The roof of the palace is Crimson colored glaze, and the billowing smoke from this volcano came out of the chimney of this house.

On the brow of the main entrance of the palace, a plaque over a meter in length on which the four characters of Kirishima Shrine shone with golden light.

These four characters are ancient Chinese characters. Although Li Tian doesn't recognize them, he also knows that these four characters are not Dongying characters, but the characters of his own country.

Seeing these four words, Li Tian's heart became even more puzzled.

"Hell, how could there be a palace in this volcano? And what do these four words mean?" Li Tian thought in his heart.

How the palace was built, who built it, and why it was built, these questions kept echoing in Li Tian's mind.

"It's a pity that Situ Ningbing is not around, otherwise Situ Ningbing must know these words, she can explain to me why this palace appeared here based on these words!" Li Tian thought in his heart.

Situ Ningbing was not by his side, and to solve these puzzles, he had to enter the palace and take a look.

It's just that the palace is surrounded by billowing magma, and there is no road to the palace. In this case, if it is absolutely impossible to enter the palace by ordinary methods, only people with cultivation bases like Li Tian can easily jump from this circular platform to the front of the palace.

But this is also dangerous.

The magma kept bubbling, and the bubbling was higher than the bubbling of boiling water, and the magma that splashed from time to time could even fly directly out of the crater.

If the magma splashes and splashes on the body during the jump, if it is an ordinary person, then the hot magma will be burnt to ashes in an instant, even if Li Tian has the armor formed by "red cut" all over his body, I am afraid it is very Danger.

When things happen impermanent, there must be demons. When this palace appears here, Li Tian first thinks of treasures, and Qingyun and other techniques.

"Have a hard time! I am Li Tianfu with great destiny, maybe there is something I need in this palace!" Li Tian said to himself.

"call!"

Li Tian took another breath, trying his best to calm his mood.

Li Tian moved his hands and feet, and after a few run-ups, when he was about to jump to the edge of the circular platform, he slammed his strength and jumped, and then Li Tian flew directly to the roof of the palace.

Seeing that Li Tian was about to fall, and at this time, the magma under Li Tian suddenly splashed a fire dragon, and the magma flew towards Li Tian's body.

Li Tian didn't have the slightest panic, facing the magma, he made two soul-breaking punches in a row.

"boom!"

The soul-breaking fist blasted on the top of the magma, and the magma fire dragon that was just flying was instantly torn apart by Li Tian, the magma was splashing everywhere, and Li Tian had easily fallen on the roof of the palace.

Then Li Tian walked a few steps quickly, jumped off the roof, turned and walked directly into the main hall.

Entering the hall, Li Tian found that the hall seemed to be very magnificent from the outside, but when Li Tian walked in, he found that the hall was not a hall, but a long passage. The length of this passage is not yet known, but the width is not more than one meter. If it is the tyrant Gao Gang, I am afraid that people will not be able to get in.

At this time, Li Tian discovered that in the dark passage, about three or four steps away from Li Tian, there was a pure black cat. In the darkness, the two eyes of the cat looked unusually bright, as if it were dark. The two night pearls in the same.

"aim!"

The cat waved his right paw and called to Li Tian as if saying hello to Li Tian.

"Damn it, how could there be a cat here? This is a crater!" Li Tian was shocked.

After the black cat finished saying hello, he twisted his **** and walked towards the dark passage. After walking a few steps, he turned his head to look at Li Tian, as if he wanted to see if Li Tian followed!

"I have come here, and there is no reason to back down. I want to see what the **** is in this hall!"

Li Tian walked two steps quickly and followed the black cat.

After the black cat knew that Li Tian had followed, he never looked back, but got faster and faster.

At first it was a sprint, and then it became a run.

Li Tian chased after him.

As he entered the passage longer, Li Tian's eyes had completely adapted to the darkness in the passage, and even Li Tian could already see the murals on the walls on the left and right sides of the passage.

Li Tian probably glanced around, and saw that most of the people painted on this mural were wearing Eastern costumes, and most of them had an aperture behind them.

Even if Li Tian was dull, he could guess where he was when he saw these murals.

"God? Is the character on this mural a **** of Dongying? And this is the temple?"

Chapter 3918: Temple of Fog Island (3)

This is just an idea in Li Tian's mind, but this temple seems to have sensed Li Tian's thoughts, and the characters on the murals on the entire passage seem to come to life in an instant. .

The light circle behind each character began to glow, and the black passageway was illuminated in an instant, and those characters fluttered out of the mural, floating in the air.

"Boom!"

The ground shook violently again, and the walls on the left and right sides of the passage retreated quickly.

But at this moment, Li Tian felt that the ground beneath his feet instantly turned into a vast ocean. This ocean was a little different from the ocean in reality. There was some grease-like dirt floating on the ocean, and Li Tian Just like that black cat is running on the dirt.

A bridge suddenly appeared in front of Li Tian. On the mural, a man and a woman two gods floated down from mid-air and landed on the bridge. The male **** held a spear and plunged into the sea. In the middle, then the male **** and the goddess stirred the spear together.

Immediately the male **** lifted the spear, and a large piece of land appeared on the spear, and the sea water dripped down the spear's tip and gathered into the ocean around the land.

At this time, Li Tian and the black cat had already run through this scene.

In the next second, another picture appeared in front of Li Tian.

On an island, a tall and magnificent palace rose from the ground. The male **** and goddess landed on the island. The two gods walked around the thick pillars of the palace as if they were playing and playing. When they met in front of a thick pillar, the goddess showed some shame, and the male **** seemed to be teasing the goddess.

But soon the male **** threw the goddess to the ground, and then began to commit suicide.

Li Tian and the black cat ran across this scene again.

The next picture has appeared in front of Li Tian.

The goddess and the male **** made peace many times, and the goddess gave birth to eight children. After the eight children landed, they gradually turned into islands, floated out, and fell back to the ocean. When these islands gradually merged together and the resulting picture was shown in front of Li Tian, Li Tian had already fully understood.

At this time, the picture floating in front of Li Tian turned out to be a map of the main islands of Dongying Island.

This is the origin of the Dongying island nation and the birth of the gods in the Dongying mythology.

"So it's like this!" Li Tian thought in his heart.

At this moment, Li Tian suddenly saw all the pictures in the air rushing over him from all directions. Li Tian didn't even have a chance to evade, and these pictures flooded into Li Tian's mind. Then, Li Tian's mind kept flashing these images as if he was playing a movie.

The male **** in this picture is called Izanahiming, and the goddess is called Izanamiming. These two gods are in the relationship of brother and sister. In the early days of Chaos, the gods of the world in the high heavens ordered the brothers and sisters to use the heavenly spears to create land, and then the brothers and sisters and Mr. He came out of eight islands, these eight islands are the embryonic form of the current Dongying island country, and then the two brothers and sisters The six small islands born by God, a total of fourteen islands.

These two gods, brother and sister, gave birth to the land and gave birth to the gods, giving birth to 35 gods in total.

In the meantime, when the **** of fire was born on the night of the fire, Izanami was burned by the **** of fire, and soon left the world to go to the country of Huangquan, and the **** Izanaki lost his beloved wife and sister. The ten-fist sword he wore chopped off Vulcan's head.

There are many myths and stories behind this Dongying Island Country, but the story in this temple ends here.

"No wonder Dongying Island is called Japan's own country, haha, it turned out to be such a thing! Brother and sister, tsk, this kind of thing is not ordinary people, oh, it is not something ordinary gods can do!" Li Tian's I thought with a sneer in my heart.

After all the characters and sceneries on this mural entered Li Tian's mind, the entire passage fell into darkness again. And the black cat never stopped, still running forward, to the black cat, these pictures seemed to have never appeared at all.

In this darkness, because there is no light and no sound, there is no concept of time. Li Tian followed the black cat closely and didn't know how long he ran.

Li Tian even wondered if he was dreaming or had hallucinations. The temple in this volcano didn't exist at all, and the black cat in this passage was nothing but a fantasy.

Li Tian speeded up and wanted to catch up with the black cat, but Li Tian found that no matter how fast his speed increased, the black cat was still in front of him without panic, but the speed was far faster than him.

The black cat seemed to be a ghost, no matter what Li Tian used to catch up, and at this moment, the dark passage finally seemed to come to an end, and there was already a red light in the distance.

"Huh! It's finally here!" Li Tian thought in his heart.

At this moment, the running black cat suddenly stopped, turned to look at Li Tian, and showed a weird smile to Li Tian. Then, the black cat ran forward a few steps, and suddenly turned into a cloud of black smoke and disappeared. Disappeared without a trace. It was as if the black cat existed only to lead Li Tian to this place.

Li Tian also stopped running, adjusted his breathing slightly, and then slowly walked towards the red light at the end of the passage.

The closer to the end of the passage, the more dazzling the red light.

"This is not red light, but fire light!"

Li Tian took a few steps quickly and came to the end of this passage.

Li Tian discovered that the exit of this passage turned out to be on top of the cliff. On that huge cliff, the exit of this passage looked nothing more than a fist.

This is a ring-shaped cliff, like a ring like a crater.

There are burning flames everywhere on the four walls of the cliff, and about a few hundred meters below the cliff, there is a rolling magma. The magma is tumbling and flowing slowly, and there is a piece in the center of the magma. A black rock with a total area of more than a few hundred meters square meters, in the middle of the rock, climbed a man.

The man had long fiery red hair and only a pair of shabby shorts on his body to hide his shame. An iron rod was pierced from the man's back and strung the man with the whole black rock. To Li Tian's surprise, the man's body did not seem to be afraid of the high temperature on all sides, and flames were still beating on his body.

At this moment, the man's head moved, and he turned his face in the direction where Li Tian was, and said to Li Tian, "You are finally here! Damn it, help me pull this spear away !I'm dying!"

Chapter 3919: Characters in mythology

This person was speaking Eastern Ying, and Li Tian felt surprised that he could understand what this person said.

"What's going on? Is it because the images came into my mind when I was in the passage?" Li Tian thought in his heart.

But this is no longer a question Li Tian should imagine.

"Do you know I will come here?"

Li Tian spoke the mainland language, but the person could understand it completely.

"Yes, you are the person I am waiting for. I have been waiting for you here for thousands of years. It is impossible for you not to know my existence. I am adding fate!" the man said.

Adding Tumei, also known as the God of Fire Night Art, is the God of Fire in the Eastern Mythology.

When Vulcan said his name, Li Tian was completely petrified in place.

This man turned out to be a character in the myth of Dongying.

He is a character in mythology, that is, a god.

This is the first ***** Li Tian encountered in the earth world!

But soon, the images that appeared in the passage appeared in Li Tian's mind.

"Didn't you have been killed by Yixinaqi with a ten-fist sword, how come you are here?" Li Tian asked.

There was a trace of embarrassment on the Vulcan's face, and he said, "I know your heart is shocked, but this is the truth. I am not dead. The myths and stories of later generations are artificially made, and they cannot be taken seriously! "

Just like a legend, it is generally derived from life, and through artificial artistic processing, this will become a legendary story.

"Damn it! Please pull out the spear that pierced me first! This spear is about to grow into a part of my body. I've had enough of this spear's thousands of years of imprisonment." The Vulcan said to Li Tian.

The doubt in Li Tian's heart is not only the doubt that the Vulcan is still alive, but also the doubt why the Vulcan is imprisoned here, and even the words that the Vulcan said just now.

Before these doubts were cleared, Li Tian didn't want to make changes at will.

The Vulcan said to Li Tian that you should know my existence? , But the fact is that before coming to Dongying, Li Tian didn't know the existence of such a place as Foggy Island Mountain on Dongying Island, and he had no knowledge of the mythology of Dongying, let alone knowing that the characters in the myth of Vulcan would be imprisoned. This place too!

But from the words of Vulcan, Li Tian can also guess that it must be someone who trapped Vulcan here, and then just like the female fog man from the ancient city under the sea, in the underground tower Waiting for Li Tian to appear.

Li Tian felt that he was being pulled by an invisible thread. This thread seemed to be a note of a knot. He took the knot on the rope as a clue, guiding Li Tian to the Netherworld one by one.

A bold idea suddenly appeared in Li Tian's mind.

Will this Vulcan be from the Nether Realm just like the female mister?

"If I didn't guess wrong, you are not a ***** at all, but a strong man from the Netherworld!" Li Tian asked.

The Vulcan's face immediately showed an expression of excitement, and said: "Yes! That's right! I am from the Nether Realm, I am the Lord of Fire in the Nether Realm!"

The answer of the Lord of Fire confirmed Li Tian's conjecture.

Lord!

Turned out to be a powerhouse at the venerable level.

However, a female domain master has already appeared in that ancient city under the sea, so it seems that there is no unacceptable thing for another Venerable.

However, a venerable person from the Netherworld appeared on the earth world, and he was regarded as a god-like existence by those strong people on the earth world. What a powerful power this venerable person has.

And those domain owners?

"If you want to open here with your sage's strength, it shouldn't be difficult?" Li Tian asked.

"Damn, the spear that pierced me is not an ordinary spear, but the spear of heaven! This is a real artifact! This spear has not only confined all my strength, but has even been devouring me. The power of, there is no way for me to escape! Unless someone can pull the spear of this day from me with the help of external force, I will not be able to escape even if I die." Vulcan said.

Heavenly Spear!

This is the weapon that Naizanaki brought out from the world of heaven in the mythology of the East. After using the spear of this heaven to separate the land and the sea, this weapon never appeared in the myth of the East.

At first Li Tian thought that the Qiong Spear was sent back to the world of heaven by Izanagi, but he didn't expect the Qiong Spear to be here on this day.

"You are the venerable Netherworld, how can you become a character in the mythology of the Dongying Island Kingdom? Why are you imprisoned here by this spear? I want to hear the most original story!" Li Tian said.

There was a trace of pain on the face of the Vulcan, and said, "Actually, this is very simple. Ten thousand years ago, the Nether realm and the Earth world had seven or eight channels. Through these channels, people in the Nether realm can enter the earth at will. world."

"At that time, although humans existed in the earth world, at that time human beings were still living a life of drinking blood. At that time, the earth world was just a back garden in the Netherworld."

"However, after ten thousand years to three or four thousand years, some strong men gradually emerged on this earth. These strong men were extremely powerful. They divided the territories of the earth world and established huge kingdoms one after another. Consolidate your dominant position and deify yourself, claiming to be a god."

"God? Huh, do you really think that God is Chinese cabbage? It's just some false gods, and even dare to claim to be gods. But because of the existence of these false gods, the powerhouses in the Netherworld have also found ways to improve their cultivation and strength. There is a way. In the

past three or four thousand years, the powerhouses of the Underworld have been the best way to hunt down false gods in the earth world to increase their strength.

"In these three or four thousand years, the Nether Realm has hunted and killed the false gods, and more than fifty domain masters have been born in the entire Nether Realm! This is even more exciting for the powerful in the Nether Realm!"

These thousands of years are definitely the blood and tears of the earth world.

The local-born strong men were hunted down one by one by the strong men of the Netherworld, just like the human strong men in the fantasy story entered the Warcraft Forest to hunt the warcraft to improve their cultivation.

"However, the good times will not last long. After the powerful people of this earth time have been hunted down again and again, a stronger existence has been born among them. The strength of this powerful existence far exceeds the level of the nobleman. Even the domain owner is not the opponent of this powerful existence!"

"And after this powerful being found the passage to the Nether Realm, he entered the Nether Realm and killed the Quartet. There were no fewer than 30 people who died in his hands by the power of the domain master alone!"

Chapter 3920: See also female domain master

"Thirty... Domain Master?"

Li Tian was shocked by this data and was speechless.

Li Tian still has no clear concept of how strong the domain master level is.

But the strength of the three corpses already made Li Tian feel a headache.

And if it wasn't for this powerful existence, would the powerful people in the earth world be beheaded? And those strong will never exist in the entire human society?

"Go on!" Li Tian said.

"This powerful man in the earth world has turned the Netherworld upside down. You said that even the strongest domain master in the Netherworld is not his opponent. There are thirty dead in his hands, so what do you say about those venerables? "

"It's like the words on the earth world, the venerable is like an ant in the eyes of the strong! The strong of the venerable level will die for hundreds of thousands! He is the man closest to the gods. Because of his appearance, the landlords of the scattered sand in the Nether Realm reminded of joining hands."

"The twenty domain masters of the Netherworld joined forces to attack this powerful existence, but even so, two domain masters fell to kill this powerful existence!"

"Although this powerful being was killed, the domain masters of the Nether Realm have also developed a deep fear of the earth world. These 18 domain masters have joined forces to completely close the seven or eight passages leading to the earth world. This is peace of mind!"

At this point in the story, the two worlds of the Earth World and the Nether World will never interact with each other. It stands to reason that the story should end here, but if the story ends here,

there will be no door to the forbidden zone, and there will be no "Red Slash", Vulcan will no longer appear in Dongying.

Later, Li Tian also knew a little about it intermittently.

This Netherworld has given birth to a powerful Venerable, the original owner of "Red Slash".

The original owner of "Red Slash" only took less than twenty years from the beginning of his cultivation to reach the rank of nobleman, and he was the youngest nobleman in the history of the Netherworld.

And it took only three years for this Venerable Red Slash to reach the peak of the Venerable from the level of the Venerable, which is closest to the domain master.

It can be said that half of the credit for Venerable Hong Zhan's achievement is from the demon sword "Red Zhan". When the Red Swordsman was fighting with a domain master, the Red Swordsman nearly beheaded the domain master with "Red Slash".

At that time, as a close friend of Venerable Hong Zhan, the Three Corpses already had the strength close to Venerable. The three corpses tried their best to say that Venerable Red Slash would behead the domain master and let Venerable Red Slash take his place and become the new domain master.

But the Venerable Red Sword rejected the three corpses and released the domain master.

And this battle also shocked the entire Netherworld, allowing the strength of Venerable Red Slash and "Red Slash" to be fully exposed.

When "Hong Zhan" appeared in the Netherworld, and from whom, no one knew except Venerable Hong Zhan. But "Red Slash" made those domain masters feel a trace of fear.

Later, Venerable Hong Zhan was killed, "Red Zhan" was exiled through the gate of the restricted area, and the three corpses were imprisoned in the gate of the restricted area.

"...It's the kindness of a woman. With a demon sword like Hong Zhan in hand, cultivation will get twice the result with half the effort. If Venerable Hong Zhan beheaded the domain master at that time, then he would not be killed, and sooner or later It will reach the level of the domain master, and it may even be higher." said Vulcan.

"I already know how many of these things, now let's talk about you, how do you get involved with this Dongying fairy tale character?" Li Tian asked.

Vulcan said: "Okay! But if you can pull the spear out of your body, maybe I can speak faster!"

Seeing Li Tiansi unmoved, the Vulcan continued: "All of this has to start with the construction of the gate of the restricted area. There is only one Red Demon Slashing Knife. Eighteen domain masters have also fought each other to obtain the Red Demon Slashing Knife. However, in the end, whoever gets the red cut will be attacked by other domain masters. This red cut has become a hot potato, but the domain master is unwilling to give this red cut to others, and finally passes through Eighteen domain masters unanimously agreed and decided to exile this red sword to another world."

"The passage to the earth world has been destroyed, and to exile Hong Zhan, you can only build the door of the forbidden zone. But if this Hong Zhan is exiled in the earth world, the domain masters of the Netherworld are afraid of the strong in the earth world. After we got Red Slash, we gave birth to a second near-god existence."

"So the domain masters of the Netherworld have also built the gate of the forbidden zone in the earth world, a gate to the forbidden area of the alien space. The venerables of the Netherworld have long been fascinated by the earth world, and the gate of the forbidden zone. There are a large number of Venerables who want to enter the earth world where they are built, hoping to slaughter the strong on the earth, so that they also have the opportunity to be among the domain masters."

"And I am one of them!"

The description of this Vulcan is not much different from Li Tian's conjecture.

"After we came to the earth world from the gate of the forbidden zone, we encountered a powerful existence in the earth world. The ***** self-named Ghost Valley, yes, this guy, his strength has at least reached the domain master level. We are not his opponents at all. Ten of them were beheaded by this guy, and only a few venerables escaped from his hands!"

"I fled all the way east, crossed the sea, and came to this Dongying island country. At that time, the Dongying island country was still in ancient times, and the false gods of the Dongying island country were far inferior to the ghost valley, and these guys were also arrogant and called themselves. God, the so-called kingdom of God was established in Dongying Island Country. But these guys are indeed amazing, and these pseudo-gods have even researched out some power beyond their own strength."

"My appearance makes these pseudo-gods tremble. They respect me as the Lord God, because I am the Lord of Fire, and they also call me Adding Earth Life. In short, this is the name. Here, I am the absolute master. You can take the lives of others at will, even those of false gods."

"Although we are called gods, we are just some powerful people, but I forget about it. After a drunk, I had some relationship with Izanaki's sister Izan."

"This is also a normal thing. It is not unusual for me to be called the Lord God by them. But what I never expected was that Izanami and his brother Ixia Naqi is that kind of relationship."

"result....."

Probably Li Tian can guess the following mythology. The tenth reason is that Yixana was pregnant with the flesh and blood of the ***** of fire, and that the child had a part of the genes of the ***** of fire at the time of birth, and it really took Iraq to Zenami was burned, and Izanagi slaughtered the flesh and blood of the ***** of fire.

Since then, the mythology has nothing to do with the fire ***** in front of him. He has completely disappeared in the mythology of Dongying Island Kingdom, and even the things before his appearance have been erased by the victor.

"If Izanagi is just a false ***** according to what you said, he probably won't have the strength to confine you here, right?" Li Tian said.

"That's right! Although this Izanagi possesses a real divine instrument, the Heavenly Qiong Lance, but he can't fully exert the power of this divine weapon. What I didn't expect is that Izanagi actually got another one. The support and help of the female domain master, this ***** fellow."

"So, I am in a tragedy!"

Domain master, and female domain master!
