

## A Killer 3951

Chapter 3952: The miserable life of North Korea (2)

"Asshole, Iga Ninjas don't want to see you such rubbish, is it possible that our leader of Koka Ninjas will meet you? This is Nara, I advise you to clear up the money you owe to this shop soon, otherwise the consequences will be what you think Even more horrible!" said a ninja in Koga angrily. see

"I...I don't have money..." Chao Legion Commander lowered his head and said dejectedly.

"No money? That's easy to say, I will introduce you to a job. With the strength you have just now, I believe you will be qualified for that job!" The store sneered.

...

Dogs can't change eating shit, and this term cannot be more appropriate when used in the national body of the Dongying island country.

The commander of the Korean army never thought that the so-called introduction job of the store turned out to be for him to be the actor.

You read it right, it's a male star.

In the apocalyptic island country, due to its small size and the assistance of two ninja organizations and the Three Corpses, most areas of this island country have returned to normal conditions. Like Fukuoka, many cities have both zombies and humans. city of.

And those in power before the end of the world, once again stood at the top of this country.

When the lives of these people are not in danger, these people begin to learn to enjoy, but ordinary eating, drinking and playing quickly cannot meet their needs. They need stimulation, which is very yellow and violent.

At this time, the huge industry of the Dongying Island Kingdom before the end of the world began to resurrect again, and Chao began his miserable life in this industry.

Chaoshou is holding the script and is reading the script carefully.

This is a low-cost love action movie, the script is called Shinobu vs. Zombie Sister-in-law.

The story is very simple and terribly bloody. It is about a series of battles between the two actresses played by Haitianyi and Nishina Baihua, who accepted the task of the employer and went to the city. During the rescue process, the two actresses liked the Shinobu one after another, and had some exchanges with the Shinobu. And after sending these two actresses to their employers, it is considered to have completed the task, and Shinobu has already left. By chance, this Shinobu knows that the employer turned out to be a zombie OS.

When Shinobu rushed back to rescue the two actresses, she found that the two actresses had been infected with the zombie virus and became zombies when they had \*\*\*\* with their employers. Ninja will do his best to behead the employer and rescue the two zombie actresses. Then Shinobu and the two actress zombies hid into the mountain, happily having sex, living together sexually.

After a week of shooting life, Chao is now very familiar with this industry.

Chao looked up at the two ninjas behind the director, and the two ninjas also smiled at Chaobo.

Turning to the ground, continue to read the script and recite the lines.

What Chao Chao didn't expect was that he would pay such a heavy price for this freedom. Since becoming this actor, this work has been a physical and psychological torture for Chao Chao.

But all of this is almost over. After the filming of this movie, Chao will pay all the debts and he will be free again.

Therefore, the two ninjas who are responsible for protecting the safety of crew members and monitoring North Korea are fairly polite.

"Iga, Koga, I will make you pay a heavy price for your arrogance!"

At this time, the director of this action romance came over, came to Chao, and said to Chao, "Teacher Chao, I know this is your final work, so this time I specially arranged two first-level works for you. A great actress plays with you."

"One time we had not only indoor battles but also location shooting. But for the sake of reality, all our actions should be real this time. When shooting the battle scenes of the location, we must be violent when killing those zombies. It is best to see the internal organs of those zombies. The scenes of flowing out and splashing brains. Also, Teacher Chao must be sure to protect the two actresses Tian Haiyi and PeopleSoft Baihua, they are both female worries that our investors like very much."

In just one week, Chao has been called a teacher from the original newcomer. This shows that Chao's acting skills have reached what level, and we can also know how hard Chao has been in acting. Of course This also has an important reason, that is Chao possesses this strength beyond ordinary forbearance.

This makes these directors and actors afraid to provoke him easily.

"I can satisfy you with this requirement, but can I use a stand-in when shooting indoor scenes? I have been working for a week, and I feel a little powerless!" said the Chao Corps commander.

"Teacher Chao, you know that you are now the most popular teacher in the circle of Dongying Island. You are very famous in the circle at the top. It is precisely because of your participation that we can get such a big one. Investment, so please teacher, you must do it with real guns! Don't worry, we have prepared some supplements!" said the director.

"Furthermore, being able to play against Haitianyi and Keren Baihua is what a man dreams of, and I will especially ask them two actresses to ensure that they will take out their best skills so that you will not stay Retire with regret!"

Chao only felt a tumbling in his stomach, and almost didn't vomit it out in front of the director.

"Teacher Chao, are you crying so touched? Since you give me face, then I can't let you regret it anymore. I will add a plot to this drama, a plot of a dream. Then I will let All the actresses of this JD hot have made guest appearances in Dreamland once, and they are guaranteed to make you so exciting!" said the director who didn't know the truth.

"Woo!" Chao really cried this time.

How can this director understand the pain of Chaixin?

Not to mention Haitianyi and Keren Baihua, all the top ten actresses before the end of the world are placed in front of Chao, and Chao will not be moved. However, in order to continue to survive, in order to be able to avenge Li Tian, Chao could only endure the nausea and continue his unfinished work.

Three days later, this low-cost film was finished, and the commander of the Korean army finally gained freedom.

This film was screened simultaneously in the major human-controlled cities in Dongying City. The first film has achieved quite good box office results. All male and female audiences were shocked by the powerful combat power of the DPRK, and the DPRK was also divided because of this film. For the new age male god.

But none of this has anything to do with Chao, who limped out of Nara Prefecture after the film was completed.

The dynasty at this time has reached Hyogo Prefecture.

Looking at the rolling mountains in front of him, the head of the Chao Corps finally showed a smile. "Fortunately, Lord Three Corpses has another arrangement on this island of Honshu. Shikigami, I am here! I will wake you up with my soul, let You see the sun again!"

"Let the abdomen, Sasuke Sasuke and Li Tian, I will let you fear the Three Corpses from the inside!"

Chapter 3953: Dark Ninja

When the commander of the Korean army left Nara and went to Hyogo, Li Tian also encountered his troubles. L

Things need to start four days ago.

After the city owners of the four northern counties visited Duanmuying one after another, the four city owners got the answers they wanted and returned to the cities under their jurisdiction with joy.

But when these city masters had just returned to their city, what was waiting for them was the call of death.

Especially the new city lord of Fukuoka Prefecture, his \*\*\*\* was not hot in the lord position, and he was killed.

One side of the city lord was killed, it can be said that the matter is not small.

Duanki Ying immediately sent someone to investigate the matter, but the results of the investigation have not yet come out. The city lord of Saga County was killed the next day, and the city lord of Nagasaki Prefecture was also killed the third day. Especially the city lord of Nagasaki Prefecture. Not only was he killed, but his head was also cut off.

The city lord of Oita Prefecture realized the danger, and he added hundreds of guards before and after the lord's mansion, and he let his confidant lock him in his secret room, and it was okay to give him meals on time every day.

But so, on the fourth day, also today, the city lord of Oita County was found dead in the secret room.

The city lord, that is a lofty existence, the city lord's mansion is heavily guarded, and each of those city lords has at least seven or eight light and dark protectors around them, but this is still assassinated. At this time, the entire West Jiuzhou Island was panic, and everyone was in danger.

"Brother God, this is already the fourth incident in this week. If this kind of thing continues like this, I'm afraid no one from Dongying Island will dare to continue to work for us by then!" Shen Tao, who was returning from Li Tian, said to Li Tian.

After listening to Shen Tao's words, Li Tian was indeed a little restless.

Now, Li Tian understands why Beiyuan drove to this hotel two days ago to show Li Tian's courtesy. Even if Li Tian wanted to rush, he couldn't drive away. It turned out that Beiyuan already knew the wind and was worried about his safety.

When Beiyuan saw Li Tian looking at him, he immediately smiled at Li Tian and said to Li Tian, "Master Li Tian, I am definitely not afraid of death. I just feel that Master Li Tian is using people, if this is meaningless. It's not worth it to die. That's why I thought about going to Kirishima Mountain to serve Master Li Tian for a few days, and when the adults deal with these things, I will double my status.

For Beiyuan's excuse, Li Tian has nothing to blame, and Beiyuan said the truth.

On the contrary, Li Tian's heart was a little self-blaming.

"To the effect, the area of West Kyushu Island is the size of a province, and these seven counties are also the size of seven prefecture-level cities in China. After defeating the abdomen Tiancong, the Tiancong Ninja organization collapsed, and the North The arrival of the four counties made me think that this West Jiuzhou Island was completely controlled by me, but I did not expect that there would be other forces in this West Jiuzhou Island!"

"But who did this on earth? Don't you even have a generation clue?" Li Tian asked.

Shen Tao said, "Yes! These few blood characters are next to the dead bodies of these city masters!"

"?" Li Tian repeated again and continued to ask, "What kind of ninja organization is this again?"

"According to the introduction of Ginbei Kazama, we now know that this ninja organization is the original actual controller of West Kyushu. Later, the abdomen Tian Cong betrayed the Iga Ninja and fled to West Kyushu, and then broke up the organization."

"The organization was divided into three. Most of them fled to Yingyan Mountain, and some fled to the sea to hide on Tongdao Island, and the remaining very small part was collected by the abdominal Tiancong. And those ninjas who escaped into Yingyan Mountain were established The organization is called." Shen Tao said.

"These ninjas have been unable to recapture West Jiuzhou Island from the hands of the abdomen, and they have been engaged in sneak attacks and assassinations as their main means of attack. There was a period of time when this ninja organization in the abdomen was surrounded and suppressed several times. The organization has been destroyed, but I didn't expect to resurrect now."

"Win Yanshan? Where is it?" Li Tian asked.

Shen Tao flattened the map he had already prepared, placed it in front of Li Tian, pointed to a place at the junction of Fukuoka Prefecture and Oita Prefecture and said, "Here!"

Li Tian looked at the map and could see that there are mountains around Yingyan Mountain. If you don't find a familiar person to lead the way in, you may not be able to find these hiding places.

At this time, Beiyuan came over and looked at the map and said to Li Tian, "Master Li Tian, to prove that I am definitely not afraid of death, I voluntarily follow you to win Yanshan, I...I can be your translator!"

Li Tian had learned Dongying accidentally in the Kirishima Shrine, so he still needs an interpreter like Kitahara, so Li Tian said, "Turn it up? I want to らないで, selfish myself!"

Seeing Li Tian actually speak the Eastern language, Beiyuan was completely shocked, and Shen Tao was even more shocked.

"Brother Tian, do you think there is nothing you can't do? After coming to Dongying Island Country for a few days, your strength has not only greatly improved, but now you have even learned the language of Dongying Island Country. How can I wait to live?" Shen Tao said with a sad face.

...

Leaving Kirishima Mountain, Li Tian sent Tang Feifei, Bai Jing and others back to Ruhr Island City.

Li Tian did not stay too much in Ruhr Island City, and did not even go to see Tang Xiaolong who was practicing in retreat on Sunset Island.

Li Tian just communicated briefly with Duanmuying, and learned the whole thing in detail, and then made some preparations and set off on the road to win over Yanshan.

This time, only Situ Ningbing, Windsor, Little Hotpot, Void Yasha, Feitian Yasha and Mutant Crow were with Li Tian.

In this action, Li Tian's women, Li Tian only decided to take Situ Ningbing alone. Only the others are busy now, and Tang Feifei and Bai Jing can't help much, so for Li Tian's decision, The other women had no objection.

Of course, Li Tian and Situ Ningbing also had his consideration.

After witnessing the power of Qingyun Qi Jue displayed by Li Tian, Situ Ningbing did not play in Kirishima Mountain like Tang Feifei and Bai Jing, but instead began to learn Qingyun Qi Jue from Li Tian. After such a week of learning After practicing, Situ Ningbing had already started raising a second fish.

Riding this mutant crow to Hita City, Li Tian joined the Kazama Ginbei and Xiao Tianyi who had been waiting for Li Tian earlier here, and then Li Tian and Situ Ningbing rode the mutant crow, Kazama Ginbei and Xiao Tianyi. Riding a mutant bat to fly to Yingyan Mountain together

But this kind of flight didn't last long. Li Tian fell from the mutant crow and mutant bat on the advice of Kazama Ginbei.

Kazama Ginbei had participated in two encirclement and suppression of the Dark Ninja when he was still in the sky in the abdomen, and he was familiar with the environment of Yingyan Mountain. Because of this, Kazama Ginbei knows the methods of these dark ninjas better.

Although flying at this high altitude has a wider vision, there are sometimes some visual blind spots when flying at high altitudes in this mountain, and these blind spots are likely to become hiding places for these dark ninjas, and the high-altitude flying goals are too far. Being eye-catching may make you startled.

After landing on the ground, Li Tian sent Windsor and Situ Ningbing to the space of Xuling Yasha, and then he, Kazama Yinbingwei and the small hot pot began to walk along the curved mountain road.

It is said that it is a mountain road, but it is actually a small road that can be traveled by a car. However, due to disrepair, the road condition of this road is extremely poor. Not to mention a car, it is very difficult to walk on a motorcycle.

"Li Tian...Master, walking along this road is Yingyan Mountain Farm. The former residence of the Dark Ninja Organization was here. After being surrounded and suppressed twice by us, it seems to have moved to another place. Let's go to this first. Look at the place, if it is not here, I know there are several places!" Kazama Ginbei said to Li Tian.

Li Tian nodded and said, "Okay, let's go and take a look at this place!"

"Master Li Tian, I take the liberty to ask you, I don't know what you want to do with this dark ninja organization. If you want to come up with a way to deal with the abdomen sky cluster to deal with this ninja organization, I advise you to think of another way!" Ginbei Kazama said.

"why?"

"This ninja organization was broken up by the Sky Cong Ninja Organization in the Abdominal Sky Cong, but the Dark Ninja Organization was able to quickly regain its vitality, and then began to assassinate the lone ninjas of the Sky Cong Ninja Organization. The organization has repeatedly encircled and suppressed, and every time this dark ninja organization seems to be completely destroyed and wiped out, but it didn't take long before it was revived again!"

"Hmph, they didn't meet me. If I angered me, I would burn the whole Yingyan Mountain with a fire. They must burn them with no ashes left. I'd like to take a look. How do they resurrect!" Little Hot Pot said.

Although Fengyu Yinbingwei didn't know the small hot pot very well, he already knew the strength of the small hot pot, so he did not deny the small hot pot, but said, "If this is the case, maybe the dark ninjas will be burned to death. But this win Yanshan was also destroyed! Moreover, once the forest fire is ignited, it is not so easy to control. Who knows where it will burn?"

Li Tian nodded slightly. Although Li Tian is not an environmentalist, the green mountains and rivers are so beautiful. If they are burnt in a small hot pot, they will be burnt to baldness. That would be regarded as killing the dark ninjas. Li Tian is not a winner either.

"So do you have a better way?" Li Tian asked.

"I know that your Huaxia has a legendary story called Seven Captures of Meng Huo! If Li Tian can convince the dark ninjas in this way, then the dark ninjas should not be confused anymore!" Ginbei said.

"Your idea is good. I may give them a chance, but it will definitely not be seven times. I don't have so much time and energy to play with them. If I give them a chance and cherish what they don't understand, then maybe I will consider the suggestion of small hot pot!" Li Tian said.

The little hot pot is immediately happy!

And at this moment, the mountain and forest suddenly came out with a sneer. This sound seemed to be coming from the sky, and it seemed to be coming from the ground. In this quiet mountain and forest, the sneer seemed extraordinarily abrupt.

Kazama Ginbei's ninja sword immediately appeared in his hand, and he scanned the woods on all sides vigilantly, while his body had been blocked in front of Li Tian.

"Who, have the ability to come out for me!" Kazama Ginbei said.

"Hey, Ginbei Kazama, your protector is so loyal that he can be compared with the loyal dog Hachiko! If I were Li Tian, I will build a luxurious courtyard for you and ask you to take good care of the nursing home. !" The sneered voice continued.

Hachiko, a loyal dog, is a movie from the island nation of Toyo, and this voice is clearly cursing Kazama Ginbei as a dog.

Although Kazama Ginbei was angry, he didn't know where the voice came from, and there was no way to deal with it.

Although Li Tian couldn't see the sound coming from the face, he could feel some energy fluctuations from the big trees near him.

"Li Tian, can you see where the speaker is hiding?" Little Hot Pot said calmly.

Li Tian shook his head slightly and said, "It seems that you already know where the speaker is hiding, right?"

"That's natural. I used to be a powerful person at the venerable level. I think my strength has fallen severely. But do you want to fool my eyes with this little trick? These people always hide in three places. Do you point them out one by one?" Little Hot Pot said with his nose and face.

"A bluffing idiot!" said the cold voice.

The little hot pot instantly became angry and wanted to rush out, but was held by Li Tian's hand.

"Not three places, but seven places!" Li Tian said.

"No...impossible, can I read it wrong? But I...have really seven places, you can see it when you hide so far, how did you do it?" Little Hot Pot Asked in surprise.

A faint smile appeared on Li Tian's face.

Just now, Li Tian had already felt a few energy fluctuations, but Li Tian was afraid to confirm them. After Li Tian opened his eyes, he instantly identified these places.

When Li Tian said seven places, Jing Yinbingwei didn't even see one place, and his heart was still wondering if Li Tian was deliberately deceiving.

"No...impossible, how can you find our hiding place!" the cold voice said in horror.

"Li Tian, let me take care of these arrogant guys!" Little Hot Pot said.

Speaking of the little hot pot, the body has rushed out like a bolt of lightning, rushing to the big tree with energy fluctuations closest to Li Tian.

However, Li Tian controlled the "Red Slash" with one heart and three uses at the same time, using his left and right hands to attack the large trees in the distance.

"boom!"

"boom!"

Xuantian fingered those big trees, and the big tree was immediately blown out of a fist-sized cave, and the cave began to flow with blood, and a figure suddenly appeared from the trunk of another big tree. Came out, and then quickly disappeared into the forest.

At this moment, a figure suddenly appeared from the trunk of a big tree beside Li Tian.

"Die! Li Tian!"

Chapter 3955: Tree hidden (2)

This voice suddenly appeared, and even the Ginbei Kazama next to him did not react. .

At this moment, the ninja sword of that figure hand had already gleamed to the back of Li Tian's neck!

In fact, there was no extra action when this figure flashed, and even when it was slashing Li Tian, the voice had no extra action.

Only the sentence just said was said by this figure when he saw that the blade was about to chop off Li Tian's neck.

In his mind, in the next second, he should see a scene of blood rushing to the sky, or Li Tian's head rumbling to the ground.

However, the ideal is full, the reality is skinny!

When his Ninja Sword just touched Li Tian's neck, Li Tian's figure suddenly disappeared, and his Ninja Sword only cut through the afterimage of Li Tian.

"Huh!"

The ninja sword slashed the afterimage in half, but the shadow suddenly disappeared because of Li Tian's, causing his ninja sword to slash and lose his balance.

"Not good, be it!" the shadow heart cried out.

And when he whispered this bad sound, the figure was already adjusting his body, and at the same time he had begun to perform his escape stunts, as long as his toes can hit the ground, then he has absolute confidence to hide stand up.

However, as mentioned earlier, there is often a gap between ideals and reality.

This gap directly affects the final result.

This shadow only felt that someone suddenly appeared behind him.

Without turning his head, he would know that the person behind him was Li Tian.

Danger!

There was a trace of alertness in this shadow's heart, and he had subconsciously twisted his body forcibly, and the ninja sword in his hand had already been drawn towards Li Tian.

But his body hadn't been turned around yet, and a vigorous and powerful palm came out from the back of his head, and this palm slammed down, directly pressing the shadow's face to the ground, and a shot was flashing cold. The spear tip has reached his back cervical spine!

"Quick! How did he do it!" The shadow was already thinking about the scorching pain in his face.

"I don't care who you are. Since you attacked me, you have to pay a painful price for the attack! But Li Tian said to do it, I will give you three chances to attack me again. Remember, there are only three chances, if you do this After three chances, I haven't hurt me a bit. Either you follow me, follow me like the loyal dog Hachiko you mentioned just now, or I will get rid of your entire organization!"

"Don't challenge my patience, and don't doubt my ability! Because you are not worthy!" Li Tian said with a sneer.

"Now, I let you go, you can use all your strength to escape, I will never chase you!" After saying this, Li Tian suddenly stretched out his left hand and grabbed the shadow's back forcefully. With a strong fall, the shadow was directly thrown out like a rock!

All this came too quickly, when Kazama Yinbingwei reacted, Li Tian had already thrown this shadow out.

"Lee... Master Li Tian, you are... really too powerful!" Kazama Yinbingwei unexpectedly knelt down in front of Li Tian.

This is really please take my knees! "

Although Kazama Yinbingbei knew that Li Tian killed the abdominal clump, and even the bones that Li Tian destroyed the abdominal clump did not exist, this was enough to prove that Li Tian was powerful.

But after all, it had only been heard by Kazama Ginbei, and he hadn't seen it with his own eyes. This kind of shock was completely different from the current one.

It seemed that Li Tian gave Kazama Ginbei's feeling completely different from when he and Li Tian fought before.

This is a different change in existing strength, but more of a change in Li Tian's attitude.

Now Li Tian exudes this kind of self-confidence, even with one look and one movement, he feels that Li Tian is full of this powerful strength.

In just a few days, strength can no longer be described by leaps and bounds, but by earth-shaking changes. How many people in the entire world can do this kind of genius?

Thinking of this, Ginbei Kazama felt relieved.

"What can I do if my soul is imprisoned? What can I do if I am scolded as a loyal dog? The most important thing is that this time I chose the right person and followed the right person!"

"From ancient times to the present, those great ninjas, including the legendary ninja, didn't they treat their owners like loyal dogs?"

"As long as I follow Master Li Tian wholeheartedly, I believe that our Fengma Kotaro will soon be restored to glory!" Kazama Ginbei thought.

At this time, Li Tian's sight had fallen on the body of the little hot pot.

Kazama Ginbei naturally stood behind Li Tian, and also focused his attention on the body of the small hot pot.

The speed of the little hot pot is super fast, his speed even exceeds the speed of Kazama Ginbei's eyes.

Kazama Ginbei was only in the blink of an eye, the small hot pot had already rushed to the front of a big tree with a thick embrace, and then blinked again, the small hot pot hit the big tree with a punch, and then the big tree with a thick embrace The big tree snapped instantly, and the broken place immediately began to burn flames.

"Huh!"

A figure had escaped from this big tree before the fist of the small hot pot hit, and then hid into another big tree, and the figure of the small hot pot also flashed, already in front of the big tree .

"boom!"

With another punch, the big tree with thick arms collapsed again.

Repeated this way, but in less than a minute, dozens of big trees with thick arms in this mountain forest were bombarded by the small hot pot, and those trees with thick bowls were not counted.

This little hot pot is a saboteur as a whole, as long as there is a spot where the little hot pot figure flashes, the place will be a mess, and the flames will skyrocket.

"There is no art at all! There is no sense of beauty at all! Let this little hot pot continue to be destructive like this, I am afraid that, as you said, this win Yanshan will be destroyed by him here!" Li Tian said.

In fact, for those shadows hidden in the book, their sneak attacks have failed since they were discovered by Li Tian and Xiao Hotpot.

But no matter the attack of this little hot pot or Li Tian's attack, it was too fast. They hadn't had time to retreat, were subdued or stuck, they had no choice but to retreat.

At this time, the shadow entangled in the small hot pot really wanted to scold his mother, but instead he began to envy the shadow that was subdued by Li Tian.

"The woods here are almost destroyed by this lustful monster. Once these trees are destroyed, then my time of death is approaching!" This shadow thought to himself, and in the next second he completely involuntarily shouted out " Who will save me, I don't want to die!

Chapter 3956: Tree hidden (3)

What made this shadow never imagined was that it was not those companion shadows who had escaped desperately that came out to save him, but...Li Tian. network

"Small hot pot, enough!" Li Tian reached out and grabbed the small hot pot's fist that was about to hit the last big tree.

And what is hidden in this big tree is the shadow that screamed just now.

"Why? Li Tian, why are you blocking me? I am going to subdue this shadow!" Xiao Hotpot said dissatisfiedly.

Li Tian didn't take care of the problem of the small hot pot. Instead, he said to the small hot pot unceremoniously, "Look at the trouble you caused, now you should quickly absorb all the fire for me!"

"Okay, okay! Li Tian, you are really a woman's benevolence. In the end, you will definitely use my method to burn these people without leaving any ashes!" The little hot pot muttered to Li Tian. .

The small hot pot was once the Lord of Fire. When he was in the Kirishima Temple, he had accidentally absorbed the entire magma of the temple. It was too simple for him to absorb these mountain fires now.

I saw that the small hot pot didn't make any special movements, but the mouth was muttering something silently. The burning flames turned into threads and kept rushing towards the small hot pot, and the small hot pot opened its mouth directly. Suck these flames in.

Although the fire has gone out, the hillside is a mess. Almost all the trees have been destroyed. There are charcoal-like trees everywhere, and the weeds on the hillside have been burned to withered yellow, only a few. The trees are still green.

Li Tian turned around and looked at a big tree not far in front of him, and said calmly, "Let's go, I have told your people just now, you have three chances to attack me, this is the first time! "

A man in a auburn ninja suit came out from the trunk of the big tree. The man asked in disbelief, "You...are you really letting me go?"

"Don't go away? Don't force my master to regret it!" Kazama Ginbei walked over, with a proud expression on his face.

The ninja nodded, bowed deeply to Li Tian, then turned around and quickly disappeared from Li Tian's sight.

"Master Li Tian, I knew you had such strength. I won't tell you a story like the seven captures of Meng Huo. Master Li Tian can find all these people and kill them all!" Wei said to Li Tian again.

At this time, the small hot pot had absorbed all the mountain fires into his stomach, patted his belly and came to Li Tian's side, with a puzzled expression on his face and said to Li Tian, "Li Tian, I am the Venerable. These shadows are hidden in the trees. It's not strange, but how did you find them? And there are eight places where these shadows are hidden. You can find seven places. How did you do it?"

"No, there are eight places in total. I also found eight places." Li Tian paused, and then said that as for the place behind me, I deliberately omitted to say so that he thought I didn't find him, and then came to attack me. of! "

The little fire monster's chin was about to fall, and he repeated his question just now, "How did you do it! Damn it, can you be a fourth-level cultivator, can I be as powerful as a venerable one?"

Li Tian's face showed some incomprehensible doubts, and asked the little hot pot, "Don't you know the mind and eyes? Or is your mind and eyes still not opened? As long as the mind and eyes are opened, you can see some things that your eyes can't see. Things. It is precisely by using my mind to identify these eight places!"

The face of the little hot pot immediately showed a devilish expression, as if he wanted to talk, but his mouth opened for a long time but closed reluctantly.

The little hot pot turned around and walked away in large strides, and came to the side of the road, swinging his fists and bombarding the mountain.

Each punch of the little hot pot is definitely his strongest attack, without reservation.

The ground of the mountain shook, the rubble splashed, and soon the entire hillside began to have a trend of landslides, but the action of the small hot pot did not stop at all.

"Master Li Tian, what happened to the small hot pot?" Jing Yinbing asked puzzled.

"Who knows? Maybe it was some excitement!" Li Tian said casually.

Excitement, yes, excitement!

At this time, the heart of the small hot pot was deeply hit.

The so-called everyone deserves to die, goods should be thrown away, this little hot pot is once the Lord of Fire, and his cultivation level has fallen to the level of a cultivator, but in his heart, he still has a sense of loftiness. Because of this, he kept crawling towards Li Tian's neck and riding on Li Tian's neck to prove his strength and superiority.

However, the sentence just now hurt him deeply.

In the Netherworld, those powerful beings are not necessarily those with open eyes, but those with happy eyes are accidentally not powerful ones.

Among the eighteen domain masters, ten domain masters are happy-eyed.

And the original owner of "Red Slash" before, who was also the one closest to the existence of the domain master, was also a happy eye.

But what about the small hot pot? He is just an ordinary venerable. Since his cultivation reached the realm of cultivators, he has been trying to find items that can help him to be happy, but he has not found it, and naturally he has not opened his mind until now. .

It has been almost ten thousand years, and the small hot pot has not opened up.

But what about Li Tian? This \*\*\*\* is too shocking, it looks like he is only in his thirties, but he is already a happy eye.

At this moment, Little Hot Pot's mouth kept cursing in a low voice, "Damn, this Li Tian is now only a fourth-level apprentice, and he has already opened his eyes. How can this let my sage live? Is there any face that claims to be a venerable in front of him!"

"Damn it! How should I face him in the future?"

"Boom!"

Suddenly the top of the mountain began to pierce, and seeing the boulder continuously rolling down, the heart of the little hot pot became more and more angry.

"Damn, even you guys have to laugh at me?"

While speaking, the body of this little hot pot kept flowing magma, but the magma did not flow down the mountain, but reversed the direction and flowed towards the boulder that fell down the mountain.

Wherever the magma goes, there will be no more life.

Even the huge rocks were completely melted by the magma released by the small hot pot.

Li Tian patted his head and looked at the small hot pot helplessly.

This guy is strong and powerful, but he is too arbitrary. If this continues, it may not be possible for those shadows to be released three times by Li Tian, and they have been burned to death by the small hot pot.

"It seems we have to think of a way to make the small hot pot converge!" Li Tian thought

Win Yanshan, win Yansi.

Although the Yingyan Temple is located on this mountain, it should be because the Yingyan Temple has a powerful spirit, and the incense is also exuberant before the end of the world. The grand ceremony held every spring is the most important event of the year. Lively and bustling time.

However, now is the end time.

Not to mention the sacrifice, even the incense has long been cut off, and the incense worship has been lost. The monks in the temple do not know when they will disappear without a trace. This Yingyan Temple is gradually defeated.

At this time, the blue brick front yard of the monastery was full of weeds. These weeds have grown as high as one person. Last year's weeds and thousand-year-old weeds have been thickly spread on the ground because no one cleaned them up. The thick layer has withered yellow.

These new grasses that have grown this year seem to have covered the old grass on the surface, and only the path at the center of the courtyard where people often stepped on can still see the shadows of the weeds last year.

Look at the temples of this temple.

Due to a heavy rain in the late spring, some tiles on the roof of this temple have been blown away by the strong wind. Now the roof can no longer play a role in sheltering the rain. On a sunny night, lying in this temple, you can still see the sky. Moon and stars.

At this time, in the temple of Yingyan Temple, more than a dozen ninjas gathered here, and these more than a dozen people are now the highest authority organization of dark ninjas.

A shabby futon in this temple sat on a man with a black beard. At this moment, the man kept tapping his own legs with his fingers. You can see his irritability and anger. After a while, the man finally I couldn't help but said viciously, "Trash, a bunch of trash. You are the famous Seven Trees Hidden, the most mysterious and powerful existence of the Dark Ninja Organization, and you can return without success when you encounter Li Tian!"

"My lord, that's the scary thing you didn't know about Li Tian. That Li Tian can kill the abdomen sky clump, his strength is naturally very powerful! Although the seven members of our Shuyin Seven are also small and famous Sounds, but you don't dare to behave like Li Tian!" said one of the ninjas.

"My lord, in fact, we can't be completely blamed. We didn't expect that Li Tian was so powerful, and the little fire monster who followed Li Tian was really extraordinary. It might not be easy to deal with Li Tian like this." Said the ninja.

"Yeah! I personally taught Li Tian. You should have seen it before. That guy didn't know what ninjutsu was used, but he just avoided me and attacked, and he subdued me backhand."

"Tsk tsk, you can only discover how powerful and terrifying Li Tian is when you have taught it by yourself. It's not that I want to deliberately increase the ambitions of others to destroy my prestige. The strength of Li Tian now exceeds that of our Shuyin Seven, so we count the seven together. It may not be his opponent to do it!" Said the ninja who had been subdued by Li Tian with another trick after fighting against Li Tian.

"Yes, fortunately, Li Tian has a kind heart. He didn't mean to drive us to death. Instead, he gave us three opportunities to attack her and him. This kind of heartfelt kindness is completely different from the rumors. !"

The ninja with the black beard became a little unhappy. The corners of his eyes fluttered a few times, he patted his thigh heavily, and said disdainfully, "Asshole! I asked you to come here to discuss with you how to deal with Li Tian. I'm not here to hear you praise Li Tian."

"From now on, anyone who dares to praise Li Tian without authorization will kill him without pardon!"

When the ninja with a black beard said this, the temperature of the entire house dropped a lot, and the other ninjas shivered involuntarily.

"My lord, since that Li Tian was so arrogant and gave us three opportunities to assassinate him, why don't we use this opportunity? Maybe we can use his weakness to kill him?" said one of the female ninjas.

The actual age of this female ninja is close to forty years old, but this female ninja is a master of beauty, and now it looks like she is only in her early twenties, and the female ninja's figure is also bumpy, giving a person the urge to spray nosebleeds.

"You'd better stop and stop! I heard that Li Tian has a few beautiful wives, and any one of them wants you to be too strong. Be careful if you steal the chicken and don't lose your rice, don't let yourself in." Shu Yin said to the female ninja disdainfully.

The female ninja smiled and moved her body next to the Shuyin, leaned her chest against the ninja's arm, and said with a smile, "You can't eat grapes and say grapes are sour? Don't worry, Li Tian. My wife is beautiful in all countries, I still don't believe that there are nasty men in this world, and cats that don't steal fishy!"

"Well, if that's the case, then Shuyin Seven and Jing will be responsible for dealing with Li Tian together!" said the black-bearded ninja.

...

"Master Li Tian, the front is Yingyan Farm. After the end of the era, this farm has gathered a lot of people. We can rest in this place tonight and wait for tomorrow when we continue on our way." Said to Li Tian.

At this time, it has been half a day since Li Tian and the others entered the island, Win Yanshan, and the sun has begun to move westward!

The night of the mountain is earlier than the plain, and although this mountain is not necessarily dangerous, Li Tian's and others can rest in the space of Void Yaksha, but it must be better to find a few clean rooms on this farm. It's more comfortable to eat a steaming meal in a hot bath.

"Okay, then let you make preparations. We will rest here today, and we will continue to Yingyan Temple tomorrow morning!" Li Tian said.

After bypassing a mountain beam, the road ahead is surprisingly more isolated with some huge stone barriers, and behind these barriers, there are two more steel fences, and inside that barrier is a vast farm. Up.

Through the protective fence, Li Tian could see a large area of farmland, as well as herds of cattle, sheep, chickens and ducks.

Several children were playing and fighting in the sunset, chasing each other, as if in their hearts, these last days had never come before.

Farther away, Li Tian could see people chopping wood, people weeding in the farmland, and people shearing sheep. It is a harmonious picture of being on a farm.

If the door of the steel fence didn't have the black hole muzzle facing Kazama Ginbei's head, this picture would seem to be more perfect.

Although Ginbei Kazama was wearing a ninja suit, this ninja suit didn't seem to bring him much benefit, on the contrary, it increased others' guard against him.

"This is Yingyan Farm. No ninjas are welcome. Please leave. Otherwise, I'm not welcome!" said the man holding a gun and pointing at Kazama Ginbei's head through the steel fence.

Chapter 3958: I love Li Tian

Kazama Ginbei felt that his lungs were about to explode.

Master Li Tian was watching from the side, this guy was so shameless, which made Kazama Ginbei feel very faceless.

"Leave? What if I say no?" Kazama Ginbei said coldly.

Originally, Ginbei Kazama wanted to communicate with the person in front of him and let him and Li Tianneng stay here temporarily for one night, but he did not expect to encounter such an idiot, and even refused him and even held a gun. Pointing to his head.

You must know that when Kazama Ginbei came to encircle and suppress these dark ninjas several times along with the sky in the abdomen, they also lived here. At that time, they treated Kazama Ginbei and others like guests, and they wished to welcome them by sweeping the couch .

"Wow!" With a sound, the man unlocked the safety of the pistol.

At this time, other people in Yingyanshan Farm also discovered the situation here. Seven or eight men in their early twenties rushed over with guns, and at the same time pointed the muzzle of the black hole at the Kazama Silver Guard.

"Let me say another sentence, please leave here immediately, otherwise you will be at your own risk!" The man's facial muscles were slightly beating, and his arms were slightly trembling, and he said to Kazama Ginbei.

Kazama Ginbei seemed to have been forcibly suppressing his anger. After a few seconds, Kazama Ginbei suppressed his anger a little, and said, "Listen, you guys, but Li is behind me. Master Tian is now the master of West Jiuzhou Island! He is a fierce character who can kill the sky clump in the abdomen. Don't be shameless and force us to do it!"

Although the information on the Win Yanshan Farm is blocked, I also know the existence of Li Tian, and I also know that what the Kazama Silver Soldier is saying is true, and who does not know that the owner of this farm is a fan of Li Tian.

If the person in front of him is really Li Tian, then they seem to be a big deal.

The people who rushed in from behind looked at the man in front of him, looking at the man in front of him, wanting to see certain information from the face of the man in front.

The man in front was also very flustered at this time, and his hands were shaking more severely. He did not encounter such a thing, and did not know how to solve it.

However, the owner of Yingyan Mountain is not in the farm now, he can't be the owner, and he can't judge whether the person in front of him is Li Tian.

But soon he thought of an idea, and shouted at Kazama Yinbingwei, "Are you a lie? How could Li Tian come to such a remote place? Besides, you said he was Li Tian, he was Li Tian? Unless let him show off his teleport skills!"

Although the speaker had no intention of saying this, it stopped in the ears of Ginbei Kazama, which was insulting.

It feels like playing with monkeys, letting the monkeys perform actions.

Kazama Ginbei decided to teach these no-brained guys a lesson, so that they know that some people are not something they can provoke.

I didn't see how Kazama Ginbei's body moved, but Kazama Ginbei's body jumped directly, and his figure appeared inside the steel fence in the next second.

The men with guns were shocked and wanted to shoot at Kazama Ginbei, but before they pulled the trigger, they found that their arms had been injured to varying degrees, and their guns had been damaged by Kazama. Ginbei captured it.

As for the man who spoke badly, Ginbei Kazama even cut his gun in half with a ninja sword.

"If I let you keep in mind, this is because I am irresponsible to you. I want every cell in your body to remember that this man in front of you is not something you can provoke, and he is not something you can speak badly. Ginbei Kazama stretched out his hand, grabbed the man in front, and threw it on the steel fence. Then his ninja sword flew quickly.

The ninja sword kept falling on the man's body, and the man kept shrinking back, as if he wanted to get out of the steel fence.

At this time, as the ninja sword spins, the clothes on the man's chest have turned into rags, and blood is leaking from the man's chest, but the man doesn't even feel the slightest pain. .

Behind Kazama Ginbei, the hearts of the other men were full of fear, but they didn't even have the courage to do it.

As Ginbei Kazama slammed a punch at the abdomen of the man, the shirt that the man was wearing was completely shaken open, revealing the \*\*\*\* Eastern words "I love Li" on his chest. day!"

These words made the others uncontrollable and almost laughed.

However, the shock that Kazama Ginbei gave them at this time made them afraid to laugh.

"Ninja...it seems to be Shinobu!" said one of its men.

This is their unanimous evaluation of Ginbei Kazama's evaluation.

"We are not the opponents of Shinobu, or we should open the door to welcome them in!" someone suggested in a low voice.

If it's forbearance, then they can deal with it with numbers and guns.

But for Shinobu, even if all the power of this farm is hit, it may not be able to cause much damage to him.

"No, that's not right, we also enshrine two ninjas on this farm. It seems to be Shino!" Suddenly someone remembered and said.

"Quickly, get Master Yagi and Master Xiaolin here!" One of the men finally shouted out such a sentence.

What happened at the gate of the farm had already been discovered by other people on the farm and informed the ninjas named Shitahiro Yagi and Hara Kobayashi.

Yagi Shimohiro and Kobayashi Harazo, surrounded by more than a dozen men armed with various guns, walked towards the Kazama Ginbei with great power.

At this moment, a woman appeared on the road not far behind Li Tian. This woman looked like she was only in her early twenties. She was holding a curved bow in her hand and a few hanging on her shoulders. Only game.

As soon as the figure of the woman appeared, the men on the steel fence screamed.

"It's the well site owner who is back!"

The woman had already seen Li Tian, Situ Ningbing and Windsor standing outside the steel fence. She had also seen the conflicting Kazama Silver Guard and the men in the steel fence, and she had also seen the crowds walking by. The two ninjas of Yagi and Kobayashi.

But Jing's face didn't show the slightest panic, as if these things had nothing to do with her, she walked slowly past Li Tian's side, she had already walked past, paused again, turned to look at Li Tian, and asked. "Li Tian?"

Li Tian nodded slightly, admitting.

There was a hint of joy in the face of the woman called Jing, and she said to Li Tian, "I have heard your name, I like you very much!"

Chapter 3959: Like you (1)

Well's body exudes this wild smell.

It seemed that the little mother leopard was staring at Li Tian, and her eyes shone like sparks, completely ignoring the strange eyes of Situ Ningbing and Windsor beside Li Tian.

"It is my honor to be liked by you!" Li Tian said.

Najing immediately smiled, shaking the game, and her plump \*\*\*\*\* trembling with the game.

"I knew you might come back to win Yanshan Farm, but I didn't expect you to come so soon. These fields are all prepared for you!" At this moment, Jing's face showed a trace of girlish shame, and said with embarrassment. .

"Vixie!" Windsor thought to himself.

As if hearing the thoughts in Windsor's heart, Jing's gaze slowly swept across Situ Ningbing and Windsor, with a smug expression on his face, then Jing walked two steps to the steel fence and screamed at the people inside. "Will you get out of here? Are there any of you who welcome guests like this?"

Those men seemed to be extremely afraid of the well, shivering all over, immediately opened the door of the steel fence.

Jing glanced at the man with blood written on his chest, and suddenly laughed. He smiled splendidly, and then said to Kazama Ginbei, "This is good, I like it very much. Could you give it to the others? Engrave these characters on the man's body too!"

"Oh, if you have a chance, you must engrave these words for me. I really love Li Tian. Where do your eyes look? Of course it will not be the front but the back." Jing said in a charming manner. .

Hearing Jing's words, the other men wailed.

But they didn't dare to avoid it, but looked at Kazama Ginbei with a miserable expression.

Ma Ginbei didn't take it seriously, and said with some dissatisfaction on his face. "Owner of the well, you should always remember my Kazama Ginbei? I don't remember when you won't accept ninjas at Yanshan Farm!"

Jing turned his head and glanced at Li Tian, and then said, "This is also a compelling thing. After Li Tian defeated Hanzo in the belly, many ninjas fled into this to win Yanshan, and even wanted to enter our win Yanshan farm. You must know I really like Li Tian, so how can I receive Master Li Tian's enemies? That's why I set up such a rule."

"But I didn't expect that I would stop Master Yinbingbei Kazama and Master Li Tian at the door. Please bear with me for the offense. It's getting late today. Please enter the farm. I use the best brews from the farm. Good wine comes to apologize to Master Li Tian and Master Ginbei Kazama!" Jing said.

And at this time, Shimohiro Yagi and Harazo Kobayashi had already come to Jing, showing some dissatisfaction expressions at the well.

Shimohiro Yagi curled his mouth and said, "Fortunately, you showed up in time, otherwise Mr. Kobayashi and I will definitely fix the troublemaker severely."

"Repair? My Kobayashi Harazo will not make a move. If I make a move, he will not be merciful. My opponent will have to pay the most for his life!" This Kobayashi Harazo also said with a sneer.

"Shut up! This is Lord Ginbei Kazama, and the one behind him is Lord Li Tian. These two adults are famous people. How can you dog things deal with it? Take me back. Not angry, you two better disappear for me!" Jing said with a little anger on his face.

After saying this, Jing said apologetically to Li Tian again, "Lord Li Tian, forgive me, the things raised in this farm have never been seen in the world, so please don't know Li Tian like them!"

"Easy to say, easy to say!" Li Tian said with a slight smile.

"Then Lord Li Tian, please take a break first. I order people to kill pigs and sheep, and treat Lord Li Tian well!" Jing said.

After speaking, Jing sent someone to take Li Tian, Situ Ningbing and Fengjian Yinbingwei to a fairly clean and tidy room to rest, while she was busy with other things.

When only Li Tian and others were left in the room, Windsor finally couldn't help it, and said angrily, "This well must not be a good thing, it looks like a vixen, and even thinking of seduce my god! You must not be fascinated by that vixen!"

"Windsor, be polite, girls can't be so rude!" Situ Ningbing said.

Then Situ Ningbing said to Li Tian again, "I didn't expect your charm to be undiminished after so many years. It has only been less than half a month since I arrived in Dongying Island, and I was fascinated by such a peerless beauty. Did you hear that? Letter on the back to show your love for you!"

This Situ Ningbing looked completely lifeless, but his tone was full of sourness.

Li Tian was a big head, quickly changed the subject, and said to Kazama Yinbingwei, "Kazama, did you know the farmer who won Yanshan before?"

"Yes, I have had a few contacts before, but I didn't have too much contact. After all, I was just an ordinary Shinobu at that time. The farmer still interacted more with the abdomen Tiancong." Feng Ma Ginbei said.

"Then she was like this when she encountered the abdomen celestial bush?... Is it said that she likes the abdomen celestial bush?"

Kazama Ginbei seemed to think about it for a while, and then shook his head and said, "No! She seems to really like you. The way we saw her before was cold, even the sky in the abdomen was cold, but nothing as passionate as today!"

Li Tian nodded and said, "So are there those two ninjas before this farm?"

"No, these two ninjas should have joined this win Yanshan Farm later!" Kazama said.

"Li, did you find something?"

Li Tian nodded slightly, and said, "That well's body has a strong energy fluctuation, which shows that the strength of this well is very strong, and it has even reached the level of forbearance. The same is true for Yagi and Xiaolin. Although you want to try to hide their strength, don't try to hide them from me!"

Kazama nodded slightly, and then said, "It's no secret that Jing has a strong strength. Otherwise, how could she be a weak woman with so many people here to win Yanshan's foothold. It's the two guys who own Xiaolin and Yagi. Ninja's strength is deliberately hidden. It is very likely that he is a dark ninja. We have to be careful!"

"Hehe, it's just two forbearances. There is no need to be so nervous at all. If they want to be against me, then I can be blamed on Li Tian for being rude to them." Li Tian said.

Chapter 3960: Like you (2)

As night fell, the hot heat dissipated all day, and the mountain was somewhat cool at night. .

In front of this farm house, there is a flat concrete square. At this time, a bonfire has been lit on the small square, and tables have been placed on both sides of the bonfire.

The residents of Yingyanshan Farm are constantly putting melons and fruits on the table, while a few women are putting their dishes on the table.

There are everything from chicken, duck and fish, and even sashimi which is rarely seen in this mountain.

At the same time, the man whose chest was carved I love Li Tian by the scenic silver soldier was roasting a whole lamb with a grieving expression on his face.

Just by looking at the things on the table, you can see the richness of the dinner.

This level is after the model, and only during the New Year of the Dongying Island country will Yingyanshan Farm have such a rich dinner.

The bear children of Yingyanshan Farm stopped playing, standing in front of these tables, looking at the food on the table, the corners of their mouths began to involuntarily salivate.

One of its children had the guts to steal a piece of meat from the table, but was knocked on his hand with this wooden sword by a bigger child.

"You don't want to live anymore? This is the food for Master Jing to entertain Master Li Tian."

"Who is Li Tian? Is he the boyfriend of Master Jing?"

"I don't know. I heard my dad say that he is a very powerful person. If Master Jing can marry Master Li Tian, then our entire farm will never be threatened by other people. Even we may move out of the farm and go. Big city life."

"Big city? How big is the city? Is this even bigger than Yanshan Farm?"

"Of course, there should be at least Hita City!"

"Hahaha, I haven't been to Hita City yet, so I also hope Master Jing can marry Master Li Tian!"

While these bear children were still discussing this, Jing had personally come to the room where Li Tian and others were resting, and invited Li Tian and others.

Now Jing is clearly dressed up, wearing a pure white one-piece dress, it seems that the whole person is a bit like a fairy, she has changed into a faint appearance, and it shows her beauty perfectly. come out.

The black high-heeled shoes worn by this well stepped on the wooden floor, making a creaking sound, and twisting her waist, giving people a feeling that she is very weak and wanting to make people have an urge to protect her .

"Master Li Tian, I'm here to invite you to the dinner!" Jing knocked gently on the door, and said to Li Tian inside the door.

It was the door opened by Kazama Ginbei. At the moment when he saw the well, Kazama Ginbei only felt his eyes light up, and felt that the body of the well exuded this unattractive attraction. This attraction even made the wind. There was some illusion in Jianbei.

However, Ginbei Kazama was forbearance after all, and returned to normal in an instant.

Seeing this well's dress, Situ Ningbing's heart unexpectedly felt an extremely uncomfortable feeling.

Although Situ Ningbing is equally astonishingly beautiful, she is still wearing ordinary clothes now. If she and Jing are not in the wind from the standpoint of her beauty alone, she looks a little shabby from the appearance of her clothes.

Not to mention Windsor.

Originally, Situ Ningbing was worse in appearance, and Windsor, who was worse in body, looked like an ugly duckling in front of this well.

Windsor's eyes stared fiercely at the two meat \*\*\*\*\* on Jing's chest, and his heart had been cursing hope that these two meat \*\*\*\*\* would explode like bombs.

In the eyes of Windsor, Li Tian is so high, how can this kind of Dongying woman be worthy.

Jing also saw the maliciousness of Windsor's eyes, but Jing didn't care at all. He stretched out his hand and patted Windsor's cheek and said, "This little loli is really kawaii. If I were Lord Li Tian, I must marry you. Go home to be a wife!"

Because this Jing speaks Huaxia, Windsor can understand what Jing said.

Windsor's face blushed instantly, and she said shyly, "Don't talk nonsense, I always treat Master Li Tian as a brother!"

Jing's face immediately showed the winner's smile.

"Lord Li Tian, please, we are all ready! Waiting for your presence!" Jing said with a sweet smile to Li Tian.

Li Tian nodded and said, "Thank you for the hospitality, that would be a lot of trouble!"

After Jing waited until Li Tian walked out of the door, regardless of the strange eyes of Situ Ningbing and Windsor, she reached out to hold Li Tian's arm, and even deliberately tilted her body in the direction of Li Tian.

Li Tian's body immediately became a little unnatural, without turning his head, Li Tian also knew that Situ Ningbing must be staring at him viciously behind him.

However, this well's hospitality is hard to resist, and Li Tian can't get rid of Jing's arm.

"Unreasonable courtesy, you will steal if you are wrong! This well must be a plot against Lord Li Tian!" Windsor said.

"What can she do? Lord Li Tian is a man, can he still suffer?" Situ Ningbing said.

A group of people walked out of the room and walked in the direction of the small square.

With the breeze blowing, Li Tian could smell the faint fragrance of the body of the well, and the long hair of that well was blown by the breeze, and a few strands of blue silk floated to Li Tian's cheek, making Li Tian a little itchy.

In the distance, when the residents of Yingyanshan Farm saw Jing approaching the square with Li Tian's arm, they suddenly shouted like a mountain whirling and tsunami. The faces of these residents showed joyful expressions. Everyone shouted some cheering words.

These words were all yelled out in Dongying language, and most of them were praising Li Tian and this Jing for being a talented girl, and they were born together.

Situ Ningbing and Windsor didn't understand what they were shouting, and they treated them as welcome.

However, Ginbei Kazama heard clearly, and Ginbei Kazama frowned slightly.

At this time, the child who was about to steal the meat ran up to Li Tian, raised his head, and asked Li Tian in a tender voice, "Master Li Tian, would you marry Master Jing as your wife?"

Li Tian couldn't help but feel a little embarrassed, not knowing how to answer this question.

A smile appeared at the corner of Jing's mouth, and he reached out to touch the child's head, and said, "Yes, you will never live this kind of fearful life again!"

After the kid ran away happily, Jing said to Li Tian again, "This is just a beautiful lie. To give them hope, please don't care too much!"
