

A Killer 3961

Chapter 3961: Living hope

Li Tian nodded slightly, and did not object to anything.

When everyone sat separately, the banquet was officially started.

Next to Li Tian sits a well on the left, while on the right sits Situ Ningbing, and next to Situ Ningbing is Windsor.

Kazama Ginbei sits at another table, and Kazama Ginbei sits on the left and right, respectively, with Yagi Shimohiro and Kobayashi Harazo.

At the beginning of the banquet, what Li Tian didn't expect was that Ying Yanshan Farm even prepared a singing and dancing performance.

The first scene was the twin sisters of Win Yan.

This pair of sisters are average-looking, somewhat plump or even fat, but the songs they bring are full of dynamic, dancing with the music is also particularly hard, making these many wolf friends around the fire excited.

And as the tempo of the wolf friends slapped the table faster and faster, the twin sisters worked harder. Even the twin sisters Hua interacted with the men off the court.

During this period, while Jing introduced to Li Tian the general situation of the win over Yanshan, he completely ignored the killing eyes of Situ Ningbing and Windsor, and still complained to Li Tian.

During this process, Jing kept clinking with Li Tian and drinking.

"Do they look good at jumping?" Jing's cheeks were already a little rosy, and he asked Li Tiandao with blurred eyes.

Li Tian gave a slight spot, and said politely, "Yes, good jumping!"

"So how about I also dance for you?"

Saying that Jing did not wait for Li Tian to refuse, he had already walked into the venue.

Seeing Jing walked into the venue, the residents of Win Yanshan stopped eating and drinking, and even Yagi Shimohiro and Kobayashiharazou, who were constantly fighting with Kazama Ginbei, also stopped the wine glasses in their hands.

"I'll send you a solo dancer below, for my dearest Li Tiansang!" Jing Shi said in Eastern Ying.

Situ Ningbing and Windsor did not understand, but they heard Li Tian's name, and heard the cheering voices of the residents, they couldn't help but looked at Li Tian suspiciously.

Li Tian's face was a little embarrassing, and he said, "She said this dance was given to me! But you see, I didn't let her go down and dance!"

At this time, Jing's performance has already begun.

It was a solo dance, and it was also a dance without any musical accompaniment, but the well was completely silent in this dance.

Well jump dance is good, already has a master style.

At the beginning, Li Tian still ate things one after another, and occasionally glanced at it, but soon he saw that Situ Ningbing and the others were also completely silent in this dance.

Li Tian looked seriously at Jing's dance performance.

Dance is not language, but the movement of dance is language.

Through Jing's dance, Li Tian seemed to be able to see a woman who missed her lover day and night using her body to express her infatuation with her lover.

With the dance of this well, Li Tian even had an illusion that the whole world had disappeared.

In this illusion, Li Tian saw that the bonfire in the entire venue had disappeared, the tables and chairs had disappeared, and those onlookers had also disappeared, leaving only Li Tian and Jing in the entire venue.

As Jing danced and jumped more and more, Li Tian felt that Jing had really become a female leopard in heat.

The female leopard jumped on Li Tian's body, using Li Tian's body as the stage.

But soon, the female leopard changed into Jing again, but Jing's dance movements were still wild.

Even Li Tian's thighs wildly used her elastic body to constantly make some weak attacks on Li Tian's sensitive parts, and this weak attack made Li Tian's body slightly react.

The blood was boiling, Li Tian's body had already started to get hot, and even an evil thought appeared in Li Tian's mind, he wanted to correct the Fa!

But at this time, Li Tian was sober.

Li Tian's eyes turned slightly, but he saw that everyone in the entire venue watched Jing's dance with ecstasy.

Their eyes are no longer the well, because at this time the well is really sitting on Li Tian's thigh with his legs spread out, holding Li Tian's neck with his hands, and twisting his body heartily.

"Eh, I'm sorry, I don't really like this kind of personal dance!"

Li Tian's voice was untimely thinking of it, which surprised Najing.

But Jing quickly adjusted, Jing's cheeks were slightly rosy, and then he directly blocked her mouth against Li Tian's.

After a few seconds, Jing let go of Li Tian and said, "Tonight, I will be here waiting for you! I will give you a surprise that is different from any of your women!"

After the dance of Jing was finished, the people gradually returned to normal, and then thunderous applause rang out from the entire venue. Even Situ Ningbing and Windsor applauded Jing. It seemed that they hadn't seen Jing impolite Li Tian.

Later, there were some other performances, and there were even performances called Mancai that were actually similar to domestic cross talk.

And during this period, the residents of this win Yanshan came to toast Li Tian and others. At the beginning, the toast was to welcome Li Tian and others as guests, but in the end the toast became a blessing to Li Tian and Jing for a hundred years. It's good.

Li Tian was also helpless, but fortunately, Situ Ningbing and Windsor did not understand, or Li Tian had to explain to Situ Ningbing again.

After the toast was over, an uncle came last.

The uncle sang a Binks' wine as the finale.

This wine of Binks is the best-selling serialized manga and anime version of the song in the island country of East Asia. I won't go into too much narrative here, friends who like it can download and feel it by themselves.

When the melodious singing sounded, the entire banquet hall was quiet. Only the uncle's singing and the cracking of the wood when the flame was burning could be heard in the entire hall.

The uncle's voice is not very beautiful, but the uncle's singing voice is very contagious. As the uncle took a long knife to the passage of Gao Chaochao, everyone in the entire venue hummed with him.

At this time, Ginbei Kazama was drunk and was carried into the room by Shimohiro Yagi and Harazo Kobayashi.

Situ Ningbing and Windsor were drunk too, so Li Tian could only hold both of them with his left and right hands and returned to the room.

At night, the entire Yingyanshan Farm was quiet, and from time to time, among the dozens of houses in the farm, there were snoring noises.

Li Tian sent Situ Ningbing and Windsor into the space of Void Yasha, and then walked out of the door and walked towards the small square.

"Well, the taste of your lips is not bad! But do you really think you are so fascinated by me? Now, your fox tail should also be exposed!" Li Tian said with thought.

Chapter 3962: you again?

When Li Tian walked to the small square, he saw Jing quietly bathing in the moonlight in her ***** clothes. Please remember our address:::me.

This well cannot be said to be unbeautiful. For too many men, whether it is the ***** little wild leopard in the daytime, or the docile little female cat in the evening, it is extremely attractive.

After seeing Li Tian, this well did not wait until Li Tian came to her, and began to walk in the direction outside Yingyanshan Farm. Jing's pace has always been maintained at a certain frequency, and his walking speed is not fast or slow, as if he was deliberately seduce Li Tian.

But Li Tian followed the well at this speed.

When he came to the steel fence gate at the entrance of Yingyan Mountain Farm, Jing's body leaped gently, then turned and beckoned to Li Tian, and walked quickly to the distant woods.

Li Tian sneered, and then softly jumped out of the door to follow.

Soon, Li Tian came to a forest not far from Yingyan Mountain, and the well was already waiting for Li Tian in this forest.

"I'm here, I don't know what Miss Jing called me out late at night? Wouldn't it be to appreciate the moonlight tonight?" Li Tian looked up at Crescent Moon and said.

Jing turned around and said to the sky here, "Aren't the two of us enjoying the night scene here, bathing in moonlight?"

"Okay, of course! But I am a man, I can't leave my own woman in the room in the middle of the night, and accompany other people's women to enjoy the night view!" Li Tian said.

Jing seemed to have expected Li Tian to say this a long time ago, and walked slowly towards Li Tian, and when he walked towards Li Tian, he had already stretched out his hand to untie the white long skirt that was wearing her.

The long skirt fell silently to the ground, revealing Jing's snow-white skin and bumpy figure.

Late at night, in the woods, in the moonlight, lonely man and widow, and this woman is already so proactive. In this situation, no matter what kind of man it is, he will associate this as an excellent wild place.

At this moment, Li Tian even thought of Bai Jing.

But Jing is not Bai Jing after all.

Li Tian understands a truth, unprovoked courtesy, and stealing if one is wrong.

There is absolutely no free lunch in this world, and there is no woman who can make you free.

Although Li Tian still doesn't know the purpose of the well, but Jing will never be like Bai Jing, which Li Tian can be sure of.

"Miss Jing, the mountain is very windy, although you want to bathe in moonlight, don't catch a cold!" Li Tian said pretendingly.

Jing's face showed a slight aggrieved look, and said, "I know you like to bully, I don't want to wear this dress, I want you to hold me, I want you to use your body temperature to warm me!"

While speaking, Jing took a few steps towards Li Tian, and then, like a little leopard, made a gesture to throw Li Tian down.

Li Tian was very cooperative. Just when Jing's body touched Li Tian's body, Li Tian's body fell back and fell onto the green grass and dead leaves.

No matter from which point of view, they will regard the current picture as a dog and a man who is affair here.

At this time, what should be said is sweet and sweet talk, but what came out of Li Tian's mouth was another thing, "Ms. Well, stop making trouble, I am a very honest person. Now this West Jiuzhou Island It is already under the control of my Li Tian. Even if you don't make any sacrifices, I will treat this Yingyan Mountain as my own land, and treat the residents of Yingyan Mountain Farm as my own children.

Jing Ze rolled over and rode on Li Tian, and said to Li Tian, "I don't need you to love me like a child, I want you to treat me like other women who love you!"

With that, Jing's two arms, white and tender like lotus roots, had already begun to stroke Li Tian's chest.

"What do you think I will do next?" Jing Jiang flicked his hair and said charmingly.

"Kill me" Li Tian said.

Jing immediately laughed.

At this moment, Li Tian suddenly turned over and knocked the well to the ground. Then Li Tian turned the well over and let it climb on the ground. Then Li Tian rode directly on the bottom of the well.

"Li Tian, you are good or bad!" Jing said shyly.

Then, before her words fell, Li Tian suddenly reached out and pressed her head, directly pressing Jing's face between the grass and leaves.

"Be careful, someone attacked!" Li Tian said.

When he was speaking, Li Tian suddenly stretched out his hand, with a spear in his hand, which was the spear of heaven.

Then Li Tian jumped up abruptly, his left foot was lightly on Jing's hip, and his right foot was on Jing's head, and he flew forward, while Li Tian's spear had already pierced the distance in front of him. A big tree of eight meters.

"Duh!"

The spear of Heavenly Qiong pierced the trunk of the big tree, and the trunk of the big tree immediately exploded a hole the size of a bowl.

At this moment, the fierceness of the big tree flashed out a figure, which was shaken out of the trunk by Li Tian attacked with the spear of the sky.

The figure fell heavily to the ground. Before he got up from the ground, Li Tian's Heavenly Qiong Spear had reached his neck.

"Hey, why are you again? This is the second time!" Li Tian saw that this person was the same shadow that attacked him from the back.

There was a trace of embarrassment on the shadow's face, and he said, "I am just passing by. I definitely don't mean to disturb you. I don't even want to attack you. You continue, you continue. If necessary, I can give you a hand."

The level of this guy's liar has reached an absolute level, he doesn't change his face and heartbeat, as if it's true.

At this time, Li Tian suddenly rushed out of the tree trunks with a distance of no more than ten meters between the left and right sides. The two figures suddenly pierced Li Tian with their weapons.

Li Tian now finally knows the true purpose of Jing.

"Huh! That's the way it turns out, it's no wonder that you, as the farmer who wins Yanshan Mountain, can survive near the dark ninja residence, and it's no wonder that the dark ninjas can be escaped by the dark ninjas after several times in the abdomen."

Li Tian took a step forward yearning and kicked the shadow in front of him with a strong kick.

Then Li Tian turned around abruptly, with the Heavenly Qiong Lance spear in his hand as if a blue dragon came out of the hole, and slammed the guy who attacked to the left first.

Li Tian's current strength is far beyond what these shadows can imitate. The shadow's twin pupils, this spear is no longer a line, but smashed at him like a big mountain.

This and Shadow subconsciously blocked the ninja sword with his hands.

"Chang!"

The ninja sword broke in two, and the spear of that day had already pierced the shoulder blade of this shadow.

Chapter 3963: Broken face

Li Tian saw the face of the shadow on the left, but it was the same shadow that Li Tian had rescued from the little hot pot. .me

"Why are you here too? Are you passing by too?" Li Tian said lightly.

"You... how do you know? I really passed by!" This shadow is very cooperative.

He was almost killed by a small hot pot this time and was rescued by Li Tian, so although he was not grateful to Li Tian, he didn't bear any grudges, so when Li Tian talked to him, the shadow said very cooperatively.

"Since you are passing by, then I will give you a ride too!"

Speaking of Li Tian's wrist shaking, he directly threw the boy out with the Heavenly Qiong Spear.

At this time, the shadow on the left saw Li Tian attacking the shadow on the right, leaving his back to him. The shadow's face showed a trace of hideousness, and the ninja sword in his hand leaped heavily and slashed towards Li. The back of the sky.

But when he just jumped up, the ninja sword hadn't fallen yet. The shadow suddenly felt a force descending from the sky. This force was not powerful, and directly pressed him to the ground, even his face. The dirt on the ground.

"Hey, it's just for New Year's Day. Even if you kneel down and kowtow to me, I won't give you New Year's money!" Li Tian turned around and used the Heavenly Qiong Spear to pick up the dirt belt and said.

This shadow's face was full of incredible, he couldn't figure out why Li Tian didn't make a move, why he was directly pressed to the ground, even moving bullets is a luxury!

Now, this shadow finally understands the terrible Li Tian mentioned by other shadows during the previous temple meeting!

"It's not an opponent at all, it's not an equal level at all! This Li Tian is really terrible, next time I kill me, I won't dare to attack Li Tian this stupid thing!" This shadow thought.

"It seems that you are already aware of your mistake. No, it is not right to sleep well in the middle of the night, and it is also wrong to go out! This is the second time. You still have another chance, but you must cherish it!" Li Tianjian Said cheaply.

At this time, the four shadows in the distance curled up in the trunk, and they didn't even have the courage to come out.

"There are four of you. Don't think that you are curled up in the trunk. I don't know your existence. You have failed again this time. There is only one chance left for you. If you haven't grasped the chance at the last time, then It's time to take my turn, Li Tian!" Li Tian said coldly.

Li Tian stretched out his hand and threw the shadow that he had "heavy" to completely lose the ability to move. Soon this shadow and the other four shadow figures fled without a trace.

Li Tian came to Jing.

Jing still crawled on the ground with the posture of being stepped on by Li Tian, but Li Tian could see that Jing's body was shaking slightly.

"Why? Tell me why? Why are you treating me like this? Am I so uncharming?" Jing's voice was also shaking.

Li Tian put the Qiong Spear of the sky away and said, "No, you are a very attractive girl. The situation just now was too urgent to allow me to have other ideas, so I can only treat you like this. You know, I All this is to protect your safety."

Speaking of Li Tian stretched out his hand to help the well, but when Li Tian's two hands were about to touch Jing's arm, the well leaped up suddenly, but her hand had an extra shuriken.

This shuriken flashed a cold light under the moonlight and pierced Li Tian's chest.

Because of the close distance, when Li Tiandi saw this shuriken, there was no way to evade it.

Seeing that the shuriken had cut Li Tian's clothes, this Jing finally showed a smug smile on his face.

"Huh!"

A cold light flashed, but Li Tian suddenly disappeared.

The eyes of this well showed an expression of horror involuntarily.

"Impossible! How could he disappear?"

As a ninja, Jing also possesses the strength of Shinobi, and Jing believes that no matter who she is, as long as she dares to face her at such close range, she can easily kill her opponent.

However, Li Tian disappeared.

In the next second, Li Tian had appeared behind Jing.

Li Tian stretched out his hand and grabbed Jing's two arms from behind, and rode on Jing's back again. Then Li Tian slammed his knee against Jing's back, making Jing's front cheek land again.

Jing's heart was ashamed, and now she finally knew how powerful Li Tian was.

But Jing was not reconciled.

"You... how did you find someone here? Don't you have any interest in me at all?"

"I have such a beautiful face and such a bumpy figure, and even the abdomen clumps have thoughts about me. Why are you so indifferent? Are you not a man?"

Li Tian didn't answer her, grabbed Jing's two arms with one hand, and then slammed Jing's head with the other hand, and slammed Jing's head to the ground.

"boom!"

"boom!"

With a few dull noises, Najing's handsome cheeks have been dredged a little, but the dredging seems extremely abnormal, as if it was infested with paint during filming.

If you look closely, you can see a crack in the well's forehead that seems to be a cracked egg shell.

"Do you want me to continue doing it? Since I can see through your ninjas hidden in the tree, how can I fail to see your true colors? Auntie, if you don't say you are in your thirties or forties, don't you? No matter how powerful the ninjutsu you use, it is just a false surface phenomenon. Your face and body are already old!" Li Tian said.

"No...impossible. At the dinner tonight, I kissed you while dancing. You enjoyed it so much..."

"Auntie, please don't get drunk with yourself. Feeling good about yourself can kill people. Do you know how painful I endured? I almost spit out the wine and food I ate. Okay!" Li Tian said disdainfully when he interrupted Jing.

"Li Tian, I lost my confidant! You...Kill me!" Jing said.

Li Tian sent the well away and jumped up and said, "Although your motivation is not pure, I can see that the children who win Yanshan sincerely like you, and they sincerely hope you can be happy. It's not for this reason, and I won't pay you for acting with you! Okay, this dark ninja organization has nothing to do with you. You should be your Yanshan farmer with peace of mind!"

"Lee..."

Jing called Li Tian's name halfway and did not continue to say it. Instead, he nodded slightly and said "Thank you!"

Chapter 3964: Negotiation (1)

"Li Tian, you should hurry back. I am afraid that the scenery silver soldier is a bit dangerous now. Shitahiro Yagi and Kobayashihara three are organized by the dark ninja, and the two of them are probably already using the scenery silver soldier at this time!" Jing After hesitating, he still said to Li Tian.

And Li Tian finally showed a smile at the corner of his mouth. He reached out and picked up the white dress before Jing and threw it to Jing, and then said, "You should really worry about the two of them, not Jing Yinbingwei!"

"Although the scenery Ginbei is also forbearance and powerful, he is already drunk after all. I am afraid that he will have no resistance when meeting Yagi and Kobayashi!"

"Since you are a member of the Dark Ninja, then you should know that there is a little fire monster who followed me, Li Tian, into the Yingyan Mountain! His name is Little Hotpot, and he is next to Kazama Ginbei. And those two of you have been beaten up by the little hot pot to find them!"

Jing felt a little broken.

This seemed to be a perfect plan for her, which had already been expected by Li Tian.

When Jing put on his clothes, Li Tian sat beside Jing instead.

"Since it's already out, don't be anxious to go back. Riding on the beautiful moonlight, it is better for us to enjoy the night view and talk about it!" Li Tian said to Jing

Seeing Jing nodded slightly, Li Tian continued, "Can you tell me something about the dark ninja?"

"Relax, I am not trying to inquire about your news. You also know that it is too simple to destroy the dark ninja organization with my current strength, but I did not do so, but gave you three opportunities to attack me. ."

"This shows that I am sincere to deal with the dark ninja. But I only give three opportunities. If the three opportunities are used up, then you should think about what the dark ninja organization will face!"

Jing nodded and said "Understood!"

Jing seemed to be sorting out her thoughts, and after a while, she began to talk slowly according to her thoughts.

This night, Jing can be said to have told Li Tian about the entire dark ninja organization without reservation.

Including the birth, development history, and current layout of the Dark Ninja Organization.

In fact, the dark ninja organization has a long history, and it was born almost at the same time as Iga and Koga. However, at that time, the work of the dark ninja organization was assassination, assassination, and inquiries about intelligence. There is almost no reputation left in history.

Before the end of the world, this dark ninja organization provided a large number of espionage personnel to the government of the East, and this dark ninja organization became a training organization for espionage personnel of this country.

"So, in the end times, we are the puppets of this country. It can be said that many ninjas of this dark ninja organization have been brainwashed, and the brains are thinking about serving the country!"

"After the end of the world, the country died, and the Dark Ninja Organization was able to control West Jiuzhou Island, but it was quickly beaten by the sky in the abdomen. The Dark Ninja Organization was also divided into several parts."

"However, on the surface of West Kyushu Island, it looks like it is actually controlled by the Sky Cong Ninja Organization of the Abdomen Sky Cong, but the Abdomen Sky Cong also tightly controls a few cities in several counties such as Fukuoka Prefecture. In the vast mountain range, there are many free resident organizations that are under the control of the abdominal sky cluster, and the dark ninja organization is not under his control."

"And the total area of these areas, zero and zero, is far more than the area controlled by the abdominal sky cluster. So even if you Li Tian kills the abdominal sky cluster, the city owners of the northern counties will surrender to you, but You do not completely control West Jiuzhou Island."

Li Tian knew that this was a common problem after the end of the world.

Like Li Tianneng at the beginning, although the Celestial Realm controls the entire Northwest Region, there are actually a large number of areas in the Northwest Region that are not controlled by the Celestial Legion.

"Of course, many loose organizations are organizing their heads with dark ninjas. Only if you really let the dark ninja organization surrender to you, then you truly control West Kyushu!"

After listening to the well, Li Tian fell into deep thought.

It seemed that Li Tian was really thinking too simple. He knew it for a long time. He should start step by step and start slowly from Ruhr Island, and then gradually move northward.

But when the behemoth Tiancong in the abdomen delivered it to the door, Li Tian really had no reason to refuse the gift from Tiancong in the abdomen.

"As for the assassination of the city lord of these counties in the north, we also want to use this to give you Li Tian a signal to let you know that Li Tian is still far from actually controlling West Jiuzhou Island!" Jing said.

Li Tian nodded slightly, and said, "Then I want to know what your dark ninja's aspirations are? You must have something to express when you killed those people, right?"

Jing nodded and said, "Yes, but this is really just the idea of the leaders of the Dark Ninja Organization. My idea is only to protect the Yingyanshan Farm, so that the people I protect will have a stable life in the last days. It's just a place to survive!"

"Where can I find the leaders of these dark ninjas" Li Tian asked.

Jing smiled slightly at Li Tian and said, "This is beyond the scope of my answer. Besides, since you gave the dark ninjas who won Yanshan three chances, why not wait until the three chances are exhausted?"

...

Even though he said that, what Li Tian didn't expect was that on the second day, the leader of the dark ninja who had won Yanshan, Yamaguchi, took the initiative to come to Yingyanshan Farm.

In fact, last night, when Shuyin Seven were injured and returned to Yingyanshan Temple, Yamaguchi knew that the well had been captured by Li Tian. He wanted to come to Yingyanshan Farm that night, but later it was in Shuyin Seven. Only then gave up.

After a brief communication with Jing and knowing that Li Tian hadn't taken any excessive actions to Jing, Yamaguchi's hanging heart was at ease.

Although Jing is a female ninja, the status of the dark ninja organization in Yingyanshan is very special. In addition to her being a female, there is also a willingness that Yingyanshan Farm provides the necessary life for this dark ninja organization. Material assistance.

"Boss Yamaguchi, we have missed two opportunities. We and Li Tian are not at the same level. Even if we can assassinate as many people as possible, but once our organization is destroyed, everything we pursued will be over! So, I...I decided to give up, I want to continue to be my Win Yanshan farmer!" Jing said.

Yamaguchi looked at the well, and after a long time, he knew that Jing had decided, so he was not reluctant.

"The same is true for the Shuyin Seven. They say they don't want to assassinate Li Tian again. Therefore, I must talk to Li Tian!" Yamaguchi said.

Chapter 3966: Do it

Li Tian had already turned and left, but after hearing this sentence from Yamaguchi, he stopped again. ,

"What did you just say? I didn't understand too much!" Li Tian said coldly.

"Li Tian, let me tell you, this is Win Yanshan, my dark ninja site! If you want to talk to us about cooperation, then you show your sincerity, don't always look high!"

Li Tian was angry instantly.

What is sincerity to shameless things?

"Give you three chances and let you kill me three times. Isn't that sincerity?"

"I could kill your assassins every time, but I didn't do it for me. Isn't that sincere?"

"I, Li Tian, tolerate everything, isn't this called sincerity?"

"Do you really think that I Li Tian is afraid that he will fail?"

"Dark Ninja, very good! Let me, Li Tian, come to see the strength of your dark ninja leader!" Li Tian said angrily.

And when Li Tian said these words, the spear of that day appeared in Li Tian's hands instantly. When Li Tian said the last sentence, Li Tian used teleportation several times in a row and came directly to the mountain pass. , Shaking his arms, the spear of Heaven has pierced Yamaguchi's chest!

That Yamaguchi was shocked, he never thought that Li Tian would turn his face so quickly, and his heart was full of anger towards Li Tian.

"Good come!" Yamaguchi roared, making several knots in succession with both hands, before the spear of the sky pierced his chest, he had already performed a substitute technique.

"Duh!"

The spear of Heavenly Qiong pierced Shankou's chest, and the mountain pass instantly turned into a wooden stake, and the wooden stake exploded directly, splashing in all directions.

However, after Yamaguchi dodges Li Tian's attack while performing the substitution technique, he made several knots in a row with his hands.

"Shadow clone technique!"

In an instant, seven or eight mountain pass shadow clones appeared around Li Tian's body.

In Dongying's ninjutsu, the shadow clone is only a type of intermediate ninjutsu, and the level of proficiency that can train this shadow clone can directly promote this intermediate ninjutsu to the advanced ninjutsu.

Yamaguchi is one of the best.

Each of these seven or eight shadow avatars is exactly the same as Yamaguchi, but the difference is that these shadow avatars are now wearing black ninja suits with a black ninja face towel, or holding a ninja sword in their hands, or It is a shuriken that is tightly held.

What is even more frightening is that these shadow clones also have 100% combat effectiveness of Yamaguchi.

After these seven or eight shadow avatars appeared, Yamaguchi's face showed a triumphant smile, and said, "Li Tian, I know you are very strong. You are a master who can kill the sky cluster in the abdomen. What will you do in the face of seven or eight surpassing existences?"

Li Tian's legs squatted slightly, making a squatting side-horse step, and then shaking the Heavenly Qiong Spear in his hand.

Those seven or eight shadow clones have slowly approached Li Tian.

In an instant, these seven or eight shadow clone colleagues began to attack Li Tian.

Because these shadow clones have 100% of Yamaguchi's combat power, their speed is quite fast, and because these shadow clones have telepathy between each other, their cooperation is quite tacit.

If it is other Shangren, when encountering this mountain pass to perform this trick, the ten chances may be explained here.

But who is Li Tian?

Facing these avatars flying over, Li Tian's mouth showed a slight sneer.

"Idiot! What a frog at the bottom of the well, Yelang is arrogant!"

The Yachi Orochi in the abdomen Tiancong is much stronger than Yamaguchi's shadow clone technique, and the final heaviness learned by the abdomen Tiancong has improved his strength by more than one level, but such people are dead. Li Tian's hands, and where is your mountain pass?

Li Tian has already decided to completely destroy the self-confidence of the mountain pass and his arrogance from the heart!

Seeing that the ninja swords, shurikens and other weapons in the hands of these shadow clones were about to pierce Li Tian's body, Li Tian shook the heavenly spear, and suddenly drew a line in front of him. The shadow clones who attacked him in front of him pushed back.

"Idiot, don't leave your back to any ninja, especially Shinobu, or you will die ugly!" Behind Li Tian, the two shadow clones of Yamaguchi had jumped up, and their hands His weapon was less than one centimeter away from Li Tian's back.

Of course Yamaguchi knew that Li Tian would move instantaneously, but at this time, the shadow clone appeared at Li Tian's feet and he hugged Li Tian's legs with his legs hanging, so that Li Tian would not be able to move. The cast moved instantaneously, and the shuriken in his hand pierced Li Tian's thigh at the same time.

It seems that Li Tian is finished, it is impossible to avoid the attacks of so many shadow clones at the mountain pass, even the Inoue who came from a distance saw this scene.

Because before, they had never approached Li Tian's body, let alone hanged Li Tian with their legs.

A sneer appeared at the corner of Li Tian's mouth. Looking at this sneer, Yamaguchi felt a sense of hair loss.

"Is there any other way that Li Tian can't do? Impossible? Under the attack of my multiple shadow clone, I don't know how many masters have died under my hands. Even if he has a way, Ten Zhi will be hurt!" Yamaguchi Thinking in mind.

All this seems to have taken a long time, but this is only a moment of time.

When Li Tian's mouth showed a sneer, Li Tian had already used his trick.

Three purposes!

"weight!"

"Red Cut"

Qingyun Qi Jue!

These three ultimate moves were performed at the same time. When the ninja sword of one of the shadow clones was about to slash Li Tian's back, the ninja flying in mid-air seemed to fall suddenly, directly from mid-air. Zhong was severely pressed down, and his face was smashed into the ground.

The ninja sword in his hand fell vertically less than a few tenths of a millimeter from Li Tian's back and slashed to the ground, and then the shadow clone never got up.

This colleague and the other shadow clone's arm holding a ninja sword was severed by the "red cut" that suddenly appeared out of thin air. The shadow clone that had lost its arm exploded in an instant and disappeared.

As for the ninja who fell on the ground, his shuriken hadn't pierced Li Tian's leg, and the heavenly spear in Li Tian's hand had blocked the shuriken. And with the Qiong Lance of the Sky came seven or eight purple lightnings, these electric snakes slammed into the body of this shadow clone, a violent explosion sounded, and then disappeared.

Of the eight shadow avatars, two were wiped out in an instant, and the other one had become waste, crawling on the ground.

After being forced to retreat by Li Tian, the other five shadow clones turned and attacked again.

But this time, they were not so lucky.

Li Tian's legs had been loosened, and he lightly touched the ground, his figure flickered several times.

In the eyes of Inoue and others, Li Tian's figure seemed to appear in four or five places at the same time, and when Li Tian was standing in one place again, the five shadow clones had been given by Li Tian. Boom disappeared!

"Okay... so powerful, this is the first time I have seen anyone who can defeat Yamaguchi-sama's multiple shadow clones so perfectly!" said Shimohiro Yagi with a swollen nose.

Next to him, Kobayashihara, who also had a blue nose and a swollen face, nodded, and said, "Yes, this Li Tian is definitely not something we can hostile. Fortunately, Master Inoue has already fascinated Li Tian with a beauty trick. It will be difficult for us to win Yanshan Farm again!"

At this time, Ginbei Kazama had also arrived at the scene.

The drunk he drank last night was completely unconscious, so he didn't know what happened last night.

Even when he was attacked by Yagi and Kobayashi, the little hot pot suddenly appeared, and he was not clear about the fact that he could not even lift his head by beating these two guys.

And these Yagi and Kobayashi didn't even see the small hot pot, until now they thought it was the ninjutsu performed by Kazama Ginbei who beat them like this.

"Hey, what is going on? Why did Master Li Tian suddenly fight this ninja?" The scenery did not come to Kobayashi and Yagi and patted the shoulders of these two guys.

When these two guys heard the voice of Kazama Ginbei, they immediately lowered their heads and hid on the side.

At this time, Yamaguchi, whose multiple shadow clone had been broken by Li Tian, realized the gap between him and Li Tian.

Only now did he know that Li Tian was really tolerating them everywhere, instead of pretending to be forced.

Yamaguchi performed the multiple shadow clone technique again, and then quickly fled in four or five directions with seven or eight shadow clones and his deity.

"Want to escape? Dreaming!"

Li Tian didn't believe that the speed of this shadow clone's escape, his fast fingering, and his quick teleportation, especially under the "heavy" attack, he could escape from here.

Since he said to completely defeat Yamaguchi's confidence, Li Tian would not let him escape easily.

"Drink!" Li Tian slammed the Qiong Spear of the sky into the ground and shouted.

With this loud shout, the hundreds of people watching the entire farm felt a powerful pressure falling from the sky.

Under this powerful pressure, Yagi and Kobayashi, etc., only felt that not to mention running away, even standing was very difficult. The ordinary soldiers who had won Yanshan Farm were crushed directly on the ground, barely supported, shivering all over, while those who hadn't had any cultivation skills directly foamed at the mouth and fainted.

The same goes for the eight shadow clones and the deity Yamaguchi.

They haven't escaped seven or eight meters yet, as if they had been casted by someone with a fixation technique. They stood on the farm, even if they moved, they looked like snails.

Li Tian's face was completely gloomy!

Both left and right hands simultaneously used Broken Soul Palm, blasting towards these shadow clones.

"boom!"

With a loud noise, a shadow clone was blown to pieces and dissipated in the air.

"boom!"

There was another loud noise, and another shadow clone was blown to pieces and disappeared completely.

Li Tian calmly walked towards these shadow clones, as if torturing the mountain pass, one by one, they completely blasted these shadow clones into pieces.

In the end, there was only one shadow clone and one Yamaguchi deity in the entire farm.

"Which one of these two is the shadow clone? This is not easy, it seems that only one more can be confirmed if the other is a shadow clone!" Li Tian came to the Yamaguchi deity and said with a sneer at the Yamaguchi deity. .

"boom!"

Chapter 3967: What if you kill it?

Yamaguchi's face was pale.

Li Tian lost all his self-confidence and pride.

Yamaguchi discovered that he was so weak in front of Li Tian. The original ninjutsu was useless when attacking Li Tian, and it was also useless in the process of escaping.

"Li... Li Tian, I surrendered! In terms of strength, I am a confidant to you and I. I am willing to bet and lose. From now on, this dark ninja organization in Yanshan will never fight you again!"

Yamaguchi Said with a sullen face.

Li Tian took a few steps forward again, with a sneer on his face: "I once gave you a chance, but unfortunately you don't know how to cherish it. Now, don't you feel that it is a bit late?"

"Li Tian, what do you want? Now your goal has been achieved, I have Yamaguchi Ninjutsu, what do you want?" Yamaguchi's voice was still trembling when he said this.

Yamaguchi tried his best to prevent his escape posture from being particularly ugly, and then said: "Li Tian, you once promised us dark ninjas and gave us three opportunities to assassinate you and attack you today. , Exactly three times, you can't be without words."

"What you said seems to make sense!" Li Tian said with a joking expression.

Yamaguchi tried his best to make his face look more natural, and then said to Li Tian: "Li Tian, although we are weak against the Yanshan Dark Ninja, we have a close relationship with the dark ninjas in other places such as Nakadori Island. If you move my Yamaguchi now, I promise you will be assassinated endlessly by our dark ninjas."

Hearing these words, Li Tian had already put away the abusive expression on his face, as if he was thinking authentically about what Yamaguchi said.

Yamaguchi relaxed a little, paused for a moment to sort out his thoughts, and continued: "Don't you want to gain a foothold in West Jiuzhou? Then you have to get the support of our dark ninja organization, and only get ours. Support, other ninja organizations will follow and support you wholeheartedly, otherwise this West Jiuzhou is destined to be a mess.

"But if you want the support of the Dark Ninja Organization, then you have to get my support. Don't underestimate our Dark Ninja Organization that wins Yanshan. Although our Dark Ninja Organization is not big enough, we are the organization. orthodox."

"As long as you get my support, I can let the Dark Ninja Organization surrender to you as quickly as possible, and resolve your worries. Also, you must know that our Dark Ninja Organization has been in contact with the Iga Ninja Organization for a long time. Some relationship."

"If the Dark Ninja Organization has any shortcomings, then the Iga Ninja Organization will definitely not sit idly by. Presumably, Li Tian doesn't want to offend the Iga Ninja yet?"

As he spoke, Yamaguchi's vibrato had disappeared, but his face had some confidence.

What Yamaguchi did was to persuade Li Tian and let Li Tian stop the attack in his hand, but he had not convinced Li Tian yet, but convinced himself.

At this time, Yamaguchi was thinking that if Li Tian had a little brain, he shouldn't continue to use this mysterious technique to control him.

At least you should let him go first, and then discuss with him how to subdue the dark ninja organization.

Even Li Tian, in order to proceed from the overall situation, should apologize to Yamaguchi and invite Yamaguchi to jointly manage the entire West Jiuzhou Island.

But at this moment, the aura that oppressed him suddenly disappeared, and Yamaguchi felt that his body suddenly became much easier.

Don't think about it, Li Tian must have figured it out, and then let him go.

"Boy, it seems you are still a little tender!" Yamaguchi thought in his heart.

Yamaguchi flexed his muscles and said with a relaxed expression on his face: "Li Tian, you are right to do this, as long as..."

But before Yamaguchi's words were finished, he felt a flower in front of him, that Li Tian had disappeared.

In the next second, Li Tian moved instantaneously and appeared behind Yamaguchi, but the Tianqiqiong spear in Li Tian's hand had already pierced Yamaguchi's back vest.

"puff!"

The Qiong Spear of the Sky was so sharp that it pierced a mountain pass almost instantly, giving it a chill.

"This....."

"..."

Everyone in the entire Yingyanshan Farm was completely shocked.

Those ordinary residents and children had already been stunned by Li Tian, and they could no longer see this scene.

The ordinary soldiers who collapsed on the ground had already grown their mouths, and they didn't know how to describe Li Tian.

"This...this is the leader of the Yanshan Dark Ninja Organization. Does Li Tian want to live anymore? How dare to do this!!"

The three dark ninja groups of Inoue, Yagi, and Kobayashi all felt that their throats were dry and their scalp numb.

"The chief...the chief is dead?"

"It should be impossible to survive, you see that the spear has pierced the leader's heart!"

"Shall we rush to help the leader deal with Li Tian?"

"If you don't want to live anymore, you can try it!"

The two ninjas, Yagi and Kobayashi, kept communicating with each other, but in the end the two winked at each other and slumped directly on the ground.

Inoue covered her own heart, as if she could feel the pain on Yamaguchi.

But Inoue did not go up to help.

It has been more than three years in the last days, and it has been almost four years right away. Inoue is tired of this life of killing each other. She is just a woman who wants to live in peace and stability.

At this moment, even though his heart was pierced by a spear, Yamaguchi made no sound.

He looked down at the blood-stained spear from his chest, with an expression of pain on his face.

"Tick!"

"Tick!"

The blood kept dripping from the tip of the spear.

At this moment, Li Tian's voice appeared in his ear: "You said, what will happen if I kill you?"

"Yes... will be endlessly pursued and killed by the Dark Ninja Organization..." Yamaguchi sneered and said grimly.

"Then you said I should kill them all? Kill all the dark ninjas in the Win Yanshan Mountains, and in order to cut the grass and roots, should all the people at Win Yanshan Farm be killed? Including Inoue, What about the seven people of Yamu, Xiaolin, and Shuyin, and all the men, women and children here?" Li Tian said.

"No...no...you can't do this!" Yamaguchi shook his head, with a look of horror on his face, squirted blood, and then said: "They are all innocent, you can't do this! "

"Innocent! What an innocent sentence!" Li Tian yanked the Heavenly Qiong Spear from Shankou's body, and then slashed it across the neck of Shankou with the sharp tip of the spear.

"Gurulu"

That Yamaguchi's head was directly beheaded by Li Tian.

Chapter 3968: Broke up

Although Yamaguchi's head had fallen to the ground, his eyes did not close. Instead, they protruded slightly, as if they were dead. But Yamaguchi's headless body still stood in place, and the blood on his neck kept flowing out.

For the people who have been slaughtered for a long time, this picture is not too bloody! But still shocked.

After Yamaguchi's head was cut off, the shadow clone of Yamaguchi disappeared.

Li Tian, who was still dripping with blood, walked towards Inoue and the others, Yagi and Kobayashi involuntarily stepped back, and Inoue also took a step back, but she quickly took another step forward.

There was a sad expression on Inoue's face, and there was a bit of sadness in it.

But in this sad expression, Li Tian saw more perseverance, unwillingness to take a half step back.

"Li Tian..."

Li Tian had already arrived in front of Inoue, and Li Tian looked at Inoue with some approval.

The same ninja from the Dark Ninja Organization, Yagi and Kobayashi were full of fear for Li Tian at this time, but they were not as strong as a female generation like Inoue.

"Li Tian, you don't really want to kill us at Yanshan Farm, do you?" Inoue's voice trembled slightly.

Li Tian shook his head slightly, his face calmly said: "Yamaguchi was killed by me, if you want revenge, I am welcome at any time. I am not Yamaguchi, nor the dark ninja organization, I will not kill innocent people! As for Winning Yanshan's Dark Ninja Organization depends on their attitudes. If they are both virtuous with Yamaguchi, then I can't be blamed."

"Let me take care of the Dark Ninja Organization of Win Yanshan, but I don't know what kind of result you want?" Inoue said.

"I'm still more interested in Shuin. If they are willing to surrender to me, I can let them follow me. As for other dark ninja organizations, if they want, they can also follow me Li Tian, if they don't want to, they can Find your own way, or even go to Zhongtong Island to find other dark ninja organizations."

"Anyway, from now on, in the Yanshan Mountains, there will be no ninja except you!" Li Tian said.

Chivalrous people are forbidden by martial arts, and the same is true for ninjas and samurai in this island country.

Li Tian has a preliminary plan in his mind, then the ninjas of West Jiuzhou Island must be like bounty hunters, all ninjas need to be registered, only then can they engage in ninja-related work.

And those ninja organizations must also go through the regulations of related organizations from planning, establishment to development, otherwise they will be judged as illegal organizations. In fact, the current Dark Ninja Organization is a terrorist to West Jiuzhou Island. And this kind of organization will definitely not be allowed to exist within Li Tian's jurisdiction.

Of course, this is just a preliminary idea in Li Tian's mind. To achieve such a goal, the road is still long.

"You wait for my news!" Inoue said.

After saying that, Inoue left Yingyanshan Farm, and walked towards Yingyanshan Temple alone. After getting permission from Li Tian, Kobayashi and Yagi buried the corpse in Yamaguchi hastily.

When the residents of Yingyanshan wake up, the entire Yingyanshan seems to have returned to calm again. These residents, as if nothing happened, prepare food for Li Tian and others.

But Li Tian knew that when they saw the blood stains on the ground in the farm and knew that Inoue was not on the farm now, their movements were a little stupid.

In their hearts, I'm afraid they are waiting for Li Tian to kill them all at any time!

But Li Tian didn't do anything. Instead, he lay down under a big tree in front of the farm, calmly watching the sun shine through the dense canopy on the trunk.

Time passed very slowly, and when the hottest day had passed, Inoue walked back alone.

After Inoue saw Li Tian, he came directly to Li Tian, shook his head and said: "I didn't expect this to be the result. No one of the members of the Dark Ninja Organization who won Yanshan wanted to stay, even if you had already let go. The Shuyin seven people who have passed them twice are not willing to submit to you."

"They all chose to go to the Dark Ninja Organization on Nakadori Island. They... They still have a letter asking me to send you! But I didn't answer that letter!" Inoue said.

In fact, Li Tian had expected this result long ago.

"In fact, you don't need to read the letter to know it. Most of the meaning is that I Li Tian is arrogant and arrogant, letting the tiger go to the mountain..." Li Tian said calmly.

Inoue looked at Li Tian in surprise and said, "How do you know?"

Li Tian did not continue to entangle this topic, but said: "Since this is the case, I am not reluctant. You can tell them and tell them to leave with confidence. As long as they continue to hurt my people when they are not leaving, I am absolutely Li Tian. Don't embarrass them."

"It's just that the next time I, Li Tian, see them again, I will be in a state of endless death at that time. I, Li Tian, will never give any of them any chance!"

Inoue didn't expect that the ideas of those dark ninjas were all guessed by Li Tian.

In fact, no matter the hidden trees or other ninjas, after learning from Inoue's mouth that Yamaguchi had been killed, everyone was unwilling to be recruited by Li Tian, and they all wanted to leave this place to win Yanshan and go to Zhongtong Island to find Zhongtong. The dark ninja organization of the island.

It's just that they were worried that they would attack them after Li Tian knew the news, so they sent Inoue back to explore Li Tian's tone.

Now Inoue got Li Tian's answer. After receiving this news, the dark ninja organization that had won Yanshan had completely dispersed before the night came. Kobayashi and Yagi hesitated again and again and finally chose to leave Yingyan Mountain and followed the other ninjas to Nakadori Island.

Inoue did not stop either.

People have their own ambitions.

Since noon that day, Inoue has been wrapped around Li Tian.

Li Tian can see that this is Inoue worrying that Li Tian will hunt down the members of the dark ninja organization that have fallen apart.

In this regard, Li Tian could only smile at Jing Shang.

Not only did Li Tian not chase the members of the Dark Ninja Organization, but he also lived in Yingyanshan Farm. Outside of practice, he played happily with these children every day.

This made Inoue more convinced of Li Tian.

Three days later, when a few mutant bats flew into the Yingyan Mountain Range, Li Tian offered his farewell to Inoue. Then Li Tian took Situ Ningbing, Windsor and Kazama Yinbingwei quickly left the Yingyanshan Farm, and had a round with those mutant bats.

Seeing these mutant bats sitting on only Dixing Yasha, Haiyasha and Xiaotianyi, Jing Yinbing asked with some doubts: "Is this going to Zhongtong Island?"

Li Tian nodded and said, "That's right! Now, it's time to solve the West Jiuzhou Island affairs in a unified way!"

Chapter 3970: Sink (2)

Li Tian did not stop the escape of the people here. Li Tian turned out the Qiong Lance of the sky and walked towards the direction of the volcanic eruption in a stride.

There is no volcano on Zhongtong Island. This volcanic eruption is a good thing Li Tian arranged for the small hot pot. As for the shaking of the earth like an earthquake, it was the work of the Earth Traveling Yaksha.

When Li Tian came to Zhongtong Island, he had already decided that this time he would not let any dark ninja member on Zhongtong Island go. In order to catch all the members of the dark ninja on Zhongtong Island, Li Tian alone cannot do it, even with a few Xiaoyasha, Situ Ningbing, and small hot pot, I am afraid it is impossible.

However, Li Tian has a way to catch these people all at once.

That is, the entire Zhongtong Island was sunk, just like Li Tianneng used the Heavenly Jade Spear to create an island in Ruhr Island Bay, Li Tian could still sink the Zhongtong Island.

In order to sink such a large island into the ocean, Li Tian had to use the abilities of Jixing Yasha, Hai Yasha and Little Hot Pot.

At this time, the earth was still shaking non-stop, the sea surface of the sea also began to become unstable, coupled with the eruption of the volcano, the residents of Zhongtong Island watched their homes instantly destroyed.

"Damn the end of the world is not the end of the world at all, this Li Tiancai is the end of the world!"

"Yes, isn't this ***** Li Tian thinking about ruining this Zhongtong Island?"

Sitting on the dangling boat, these residents looked at the red Zhongtong Island that was burning with flames, cursing Li Tian one after another.

Li Tian couldn't hear the curses of these people, and Li Tian had already arrived on a hillside.

Li Tian cast dozens of soul-breaking fists in succession, and the trees on the hillside were uprooted. Then Li Tian suddenly inserted the spear of the day into the **** on the hillside.

Li Tian vigorously turned the Qiong Spear of the sky in the opposite direction, as if Li Tian was drawing circles on the hillside.

Qiong Spear of the day did not react at all, and the soil on the hillside was still mud, and the rock was still rock, but Li Tian did not give up.

In this Eastern Mythology, the Heavenly King Spear is an artifact that manufactures the entire land. While in Ruhr Island Bay, Li Tian used the Heavenly King Spear to actually create an island.

In the temple of Kirishima Mountain, Li Tian also knew that the Qiong Spear of this day could also turn those lands into sea water again, so Li Tian would have such an attempt.

But at this moment, that Di Xing Yasha suddenly emerged from the vicinity of Li Tian's Heavenly Qiong Spear.

"Master Li Tian, I have dug hundreds of channels under the island of Zhongtong Island according to your instructions. At this time, I'm waiting for Hai Yasha to control the ocean currents in the ocean!" said Dixing Yasha.

Li Tian shook his head and said to the ground Xingyacha: "It's not enough, continue to destroy! I want this entire Zhongtong Island to disappear in this world!"

Di Xing Yasha didn't say anything, he plunged into the mud and went to destroy the foundation of Zhongtong Island again.

At this time, magma and flames continued to be emitted from the body of the small hot pot, and these magma descended down the mountain, completely turning the highest peak in the center of Zhongtong Island into an erupting volcano.

At this time, some wildfires had spread to one-fifth of Zhongtong Island.

...

The members of the Dark Ninja Organization in Yingyan Mountain, such as Shuyin Seven People, Yagi, and Kobayashi, arrived at the Dark Ninja Organization in Nakadori Island yesterday afternoon.

After coming to Nakadori Island, they were warmly welcomed by the dark ninja organization of Nakadori Island.

Although Zhongtong Island is not an agricultural island, the arable land on the island is much more than that in Yingyan Mountain, and there are thousands of residents on Zhongtong Island planting these land, so Zhongtong Island The Dark Ninja Organization in China is richer than the Dark Ninja Organization in Yanshan.

Therefore, in this banquet and entertaining banquet, all kinds of delicious food are displayed, and there are even a lot of seafood. This made the Shuyin Qirenzhong, Yagi, and Xiaolin feel that they had come to the right place.

Of course, this is not the whole story with delicious food.

Let them feel that they have finally found an organization. The most important thing is the strength of the dark ninja organization of Nakadori Island and the respect for them. At the banquet, the Shuyin Seven and others also expressed their willingness to advance and retreat with the dark ninja organization of Nakadori Island, and even gave their lives for the dark ninja organization of Nakadori Island.

In the banquet held last night, the members of these dark ninja organizations were drunk and drunk, lying directly in the courtyard of this dark ninja organization in the mountains of Nakadori Island and slumbering.

The ability of that ground travel yaksha to make the earth sway did not make them awake at all. If Li Tian hadn't landed in that small town and someone drove to report, perhaps they would continue to sleep. mreadtype&039;pagesplit&039;num&039;3&039;>

The whispering man woke up a dark ninja with sleepy eyes, and said nervously, "No...it's not good! A guy who claims to be Li Tian has killed this Zhongtong Island!"

"Kill to Nakadori Island? How could it be possible, this Nakadori Island has not dared to board this island for almost two years!" The member of the dark ninja hasn't fully awakened yet, and said in a daze.

And at this time, Yagi Shitahiro, who was lying not far from the ninja, suddenly woke up after hearing the name Li Tian.

He woke up instantly!

At the same time that he woke up, there were members of Kobayashihara San and Shuyin Seven.

"Li... Li Tian? He came to this Zhongtong Island so soon?" Xiaolin said.

"Ah" A dark ninja from Zhongtong Island was awakened and yawned and said, "Don't worry, this Zhongtong Island is no better than Yanshan. If Li Tian dares to come to this Zhongtong Island, how many will our island be Thousands of dark ninjas promise to let him come back and forth!"

"Don't brag about it, don't you feel that the earth is shaking at last? Then Li Tian is going to destroy the entire Zhongtong Island! You all quickly imagine a way, how can you take me out? Ah!" the whistleblower said anxiously.

Can he not be anxious?

On the way he drove, he saw with his own eyes that the road on Zhongtong Island had been destroyed by the earthquake, and even some cracks more than half a meter wide had appeared on the surface.

In the end, this kid had no way to abandon the car, he ran over to inform him!

And at this moment, a rumbling sound suddenly came from under the ground of Zhongtong Island, as if there were thousands of troops galloping underground. Then the earth sank suddenly.

"boom!"
