

A Killer 3971

Chapter 3971: Sink (3)

At this time, the seven Shuyin seven and all seven had a dead heart.

They rejected Li Tian's invitation and insisted on coming to Zhongtong Island, but they didn't expect that as soon as their front foot arrived on Zhongtong Island, Li Tian would kill on the back foot.

Now, the ninjas on Nakadori Island suffered heavy casualties. There were no fewer than two thousand ninjas who rushed out of this huge base, but few people could rush back.

The entire Nakadori Island now has fewer than a hundred ninjas in this yard, and among fewer than a hundred, the seven of Yagi Shimohiro, Kobayashihara San, and Shuyin still win the Yanshan Dark Ninja Organization. People.

The leader of the dark ninja organization on Nakadori Island was named Rokkaku. At this time, Rokkaku's gloomy face and eyes kept sweeping across the Shuhin Seven and many other ninjas.

"Everyone, do you really want to live and die together on this Nakadori Island? We are a dark ninja organization with a group of three thousand ninjas. Do we really have no chance to escape?" Rokkaku was a little angry. To say.

"Boss Hexagon, if they hadn't won the Dark Ninja from Yanshan and came here, would Li Tian know that our dark ninja organization is on this Zhongtong Island? Even if he knew that we were on this Zhongtong Island, I'm afraid he wouldn't be a killer without question !" Beside Rokkaku, a Shangren glared at Shuyin and the others, and then said to Rokkaku.

"What do you want to say?" Rokkaku said.

"I suspect that Li Tian was not here to deal with the dark ninja organization of our Nakadori Island at all, but to deal with them!" The Shangren pointed his finger at the Shuyin Seven and the others, and continued: "If We do not take them in, maybe Li Tian will not embarrass us at all!"

"Fart!" Hexagon kicked the ninja to the ground and said angrily: "Don't forget that the dark ninjas of Nakadori Island and the dark ninjas of Yingyanshan are all part of the dark ninja organization. How can we Do this?"

The boss of the Shuyin Seven Groups took a step forward and came to this Liuxuan and said, "This Li Tian followed us to Zhongtong Island. Although we cannot say that we brought it, we Shuyin Seven It's hard for everyone to get rid of the blame. Now we Shuyin Seven are willing to challenge Li Tian and strive to kill Li Tian!"

Hexagon's face immediately showed a hint of smile, smiled and walked to the boss of the Shuyin Seven, and said: "I didn't see you wrong! Although Li Tian's strength is good, as long as the seven of you are brothers I have played against Li Tian many times. It can be said that you have rich experience in fighting against the enemy. In this regard, you are much better than my useless men."

"Don't worry, I believe the seven of your brothers join forces. Then Li Tian is not able to catch it?"

"We can only do our best!" said the boss of the tree hidden seven people.

"We will follow you too!" Yagi and Kobayashi also said.

"Okay! With the help of the two of you, then this time Li Tian must be inevitable. I will draw our most powerful ninja from Zhongtong Island to support you as a back-up team!" Hexagon said.

The Shuyin Seven Groups, Xiaolin and Yamu nodded, and left the base together, walking towards the outside of the mountain in a stride.

"How do we deal with Li Tian? You know that Li Tian is now in the sky, but we can't deal with it. Even if Li Tian is on the ground now, we probably can't deal with it?" Yagi said.

"Who said we have to deal with Li Tian? How can Li Tian's current strength be something we can deal with. I just left here with an excuse. Now we will leave this Zhongtong Island as quickly as possible, and then Go to Honnakashu Island to find the Iga Ninja Organization. I believe that so many of us, Shinobu is hiding in his abdomen!" said Shuyin's boss.

"But Li Tian didn't know what sorcery was used. The huge waves on the sea are constantly attacking this island. I'm afraid we can't leave this island now! Just now, Kobayashi and I still tried our best. He escaped under the attack of the huge wave. The other ninjas have been buried in the bottom of the sea!" Yagi said.

"Don't worry, apart from Shuyin, our strongest ninjutsu is the water escape. The power to control water is sufficient to ensure that all of us are safe and sound!"

"That's the best, this...what is this? Could it be a meteor?" Yagi said in surprise when he suddenly found that something was falling rapidly in the sky.

How could there be a meteor in the sky? It was just the Heavenly Qiong Spear that Angel Li threw down with all his strength. It was just that the Heavenly Qiong Spear was entwined with purple electric snakes. The purple electric snakes aroused this. The strength in the Qiong Lance of the Sky, so when the Qiong Lance of the Sky is falling, it is like a meteorite falling, and a long flame tail is drawn behind it.

"Run away..."

"Yes, run away. Even if a meteorite falls, the range of attacks it can cause is probably limited!"

"Come... It's too late... It's not a meteorite, but a weapon in Li Tian's hand!" The eldest man of the seven Shuyin crowd sat on the ground, looking up at the sky weakly.

"Weapon? How can a weapon have such a powerful force? This kind of power seems... as if to destroy the entire Zhongtong Island!"

"Didn't you hear Inoue say? The weapon in Li Tian's hands is the ancestor of the magical instrument in the legend of the Eastern Island Kingdom, the ancestor of the heavenly Qiong spear! At the beginning, the grass blade in the abdomen was pierced by the heavenly spear and turned into ashes. !"

"Heaven... of Qiong Spear? Kusanaru sword? Impossible!"

These ninjas were all paralyzed on the ground by the name.

The spear of the sky fell to the sky!

"boom!"

Smashed on the highest peak of Zhongtong Island.

There was a dazzling light from that mountain, and then the mountain disappeared completely before everyone's eyes.

The strong impact force still spreads around, and in this impact force, seven or forty-nine purple electric snakes are hidden in it.

"boom!"

"boom!"

Wherever the impact force went, the scorched trees instantly smoked and the huge rocky peaks collapsed.

When the impact force wandered past Shuyin's seven people and the others, these upper ninjas who were sitting on the ground did not scream in a hurry, and disappeared completely.

After the Heavenly Qiong Spear landed, even if it destroyed a whole mountain range, the inertia made it continue to fall. On the ground where the mountain collapsed, a big hole with a diameter of more than a few hundred meters and a depth of more than tens of meters was instantly smashed.

"Wow!"

Countless sea water gushed out of this big pit in an instant. These sea waters were like river water bursting a bank, and immediately after the impact force, they rushed out towards the surroundings.

"Boom!"

Chapter 3972: Sink (4)

Is this a provocation to Li Tian?

Since it was a provocation, Li Tian would make him pay a heavy price.

In an instant, Li Tian disappeared with the mutant crow under his feet, avoiding the attack of the sword energy.

Next second.

Before the ninja flying in the air had time to step on the funeral eagle that flew from behind to pick him up, he found that a spear suddenly appeared on his chest. That's right, his body was directly pierced by the spear of the day.

The appearance of Qiong Spear on this day was so sudden that the ninja was pierced without making any judgment. The silhouettes of Li Tian and the mutant crow appeared in the sky less than two meters in front of him at the same time.

Spike!

Li Tian directly killed the ninja in seconds.

The blood began to slowly flow from the wound, sliding towards Li Tian's arm along the Qiong Spear of the sky.

Four or five purple electric snakes flew out of Li Tian's hands, and got directly into the body of this ninja.

"boom!"

This ninja was instantly wiped out in a blast, and even Li Tian didn't even know his name, and he had completely disappeared from this world.

Not a grade, not a grade at all.

The twelve-level eagle originally flew towards the ninja, and wanted to fly to the feet of the ninja, and complete the offensive cooperation with the ninja, but the ninja was wiped out instantly, making the eagle not want to follow in the footsteps of the ninja. .

The body that had swooped down suddenly spread its wings and flapped its wings to slow down its speed towards Li Tian.

However, this is a needless struggle. Although the mutant crow at Li Tian's feet is called the mutant crow, he now has the body of a big Peng, and he has chased this eagle by flapping his wings at will.

The claws of the mutant crow shattered the body of the lost eagle into several pieces.

"Go down!" Li Tian said.

It is not necessary for Li Tian to overemphasize that after tearing the mourning eagle to pieces, the mutant crow's wings hovered and quickly swooped toward the ground. When Li Tian was still twenty or thirty meters from the ground, Li Tian had already jumped from the mutation. The crow jumped down.

"boom!"

Li Tian landed steadily on the ground, and the earth trembled slightly, but Li Tian's Qiqiong Spear in Li Tian's hands had been pierced into the ground by Li Tian. Near the tip of the Qiong Spear, there was a diameter of more than five meters. A big pit appeared.

"Gooooo!"

"Gooooo!"

Water was constantly pouring out of this deep pit, and Li Tian both held the spear of the sky and kept stirring the water in the deep pit. The water immediately became turbid, and as Li Tian stirred more and more. The bigger, a water vortex has appeared in this rectification pit.

This whirlpool quickly swallowed all the dirt, rocks, and trees encountered.

In just a few minutes, the area of this whirlpool has expanded to hundreds of square meters, and this whirlpool is still expanding, and swallowed without offering.

"Boom!"

"Boom!"

The entire mountain peak has begun to collapse, and the boulders are falling continuously in the whirlpool, and then completely disappear without a trace.

Li Tian jumped up abruptly and landed on the mutant crow with the spear of heaven.

And the moment Li Tian jumped up, the mountain collapsed and disappeared completely in this huge vortex.

At this time, on the island of Zhongtong Island, there have been two huge vortices, and these water vortices have been devouring everything on the island from the moment of birth.

"This is not enough. The area of this island is relatively large. If only two whirlpools are created with the Qiong Spear of the sky, I don't know how long and how long will the island be completely swallowed!" Li Tian thought in his heart.

The mutant crow flew quickly towards the other mountains.

...

The flames soared into the sky. At this time, more than half of the area in the center of Zhongtong Island had been overfired. As the sea breeze moved the flames, the overfire area was still increasing. On Zhongtong Island, birds and beasts fled everywhere.

The residents of the few towns on Zhongtong Island where humans gathered, as early as when Zhongtong Island sank for the first time, fled one after another, jumped on a fishing boat and waited to escape to the sea.

Just now, the ninjas who were still trying to go deep into the mountains were washed away by the escaped birds and beasts before they rushed to the edge of the flames. As the smoke filled, these ninjas were choked with tears and began to keep running. Retreat back.

"It's over, we're over! This fire will consume the entire Zhongtong Island!"

"Not only fires, but earthquakes and tsunamis!"

"Now half of the area around Zhongtong Island has been burned by the fire, and at least one-third of the land around Zhongtong Island has been swallowed by the tsunami. Isn't this Zhongtong Island going to sink?"

These escaped ninjas let out the panic in your heart with each word.

"Shut up! How is this possible? Even with nuclear weapons, it is impossible to blow up the island. Isn't Li Tian better than nuclear weapons? Now, this is just a natural phenomenon!" A Nakadori Island dark ninja Reprimanded the leader of.

"No! This is definitely not a natural phenomenon. After hiding on this island, the dark ninjas of Nakadori have been reluctant to make progress, and even the most basic intelligence collection has stagnated? Li Tian definitely has this ability! You must know that in Lu There is now an extra small island on the surface of Irdao Bay, and that small island is the display of Li Tian's strength." Yagi Shitahiro said.

The leader's face was a little embarrassed, but he did not lose his mind.

"Your Excellency Yagi, don't be aspiring to destroy your own might. Is Li Tian a god? Is he a creation god? How can he get away with destroying such a large Zhongtong Island? If he really has this strength, So, China has already counterattacked our Dongying Island country, can it still be our turn for the Dongying Island country to occupy Xiaoxiaodao?" the leader said.

At this moment, the entire Nakadori Island shook violently again, shaking like someone was pushing a dining table, causing these ninjas to stand unstable and fall to the ground.

"Hey! The show will start soon!"

The terrain Yasha suddenly emerged from the ground, jumped into Li Tian's arms, and said with a sneer.

"It seems that I can also make the final blow!" Li Tian said with a sneer.

As soon as Li Tian's words fell, the ground of Zhongtong Island suddenly began to sink underground.

This is not the collapse of the ground, but the sinking of the entire island.

In an instant, it sank for about ten meters.

These dozen meters do not seem to be much, but how high is the altitude of Zhongtong Island? Some of the buildings and land that had appeared in front of these ninjas just now disappeared under the sea.

However, it has not stopped, Zhongtong Island is still sinking downwards.

"Run! Run away, this island is sinking!" a ninja shouted in panic.

Chapter 3973: Sink (5)

Want to escape? Where to escape?

The sea is guarded by Hai Yasha, how could these ninjas escape from this island.

These ninjas had just escaped from the mountains, but they saw that a huge wave with a height of more than 100 meters suddenly appeared on the calm sea in front of them, and the huge wave was sent down in an overwhelming manner.

In front of nature, the power of humans appears to be so weak, even these upper ninjas are no exception.

The smarter Shangren immediately used his strength to cut down a sturdy tree next to him, and then jumped onto the trunk of the tree, clinging to the trunk, waiting for the waves to come, the trunk turned into a canoe and floated out of the water escape.

The slightly stupid Shangren would climb directly on the tree, holding the branches, and didn't want to be hit by the waves, while the most stupid Shangren turned around and fled, constantly rushing towards the mountain.

But at this time the height of the waves has exceeded 100 meters, how high is this mountain, and how far is the coast from the mountain range.

This huge wave of more than a hundred meters fell from the sky, and the huge wave containing this huge destructive power seemed to sink the entire island of Tongdao, even these Shangren couldn't help trembling at this moment.

"Boom!" With a loud noise, the huge wave was shot down heavily, completely smashing all the trees, houses, and small mounds within a few hundred meters from the coast.

The big wave receded, and countless pieces of wood chips, planks, foam, etc. floated up on the surface of the sea in an instant, and when the wave hits, the trunks and big trees that were hugged just now are basically all photographed. In pieces.

After more than ten seconds, ninjas slowly emerged from the surface of the sea. They quickly swam to the nearest floating objects, grabbing these floating objects with both hands desperately.

But soon, another huge wave over 100 meters swept across.

This huge wave swept these ninjas directly onto the coast, and slammed heavily on Tongdao.

After the huge wave attacked this time, some ninja corpses gradually floated on the surface, but more ninja corpses were completely buried in the sea with blood and flesh.

Of course, there are ninjas who are proficient in water escape.

These ninjas have no fear on their faces even when the waves come, and they can even surf on the waves.

But when they rushed to the huge wave, they found something under their feet desperately dragging them, trying to drag them all into the deep sea.

They wanted to know what monsters in the sea were tearing at them, but after they dived into the sea, they found that the sea was empty. And when they wanted to go to sleep again, they found that they couldn't do it at all, and their bodies were still being dragged into the sea by mysterious power.

This huge wave of more than 100 meters continued to hit Tongdao.

This Tong Island seemed to be unbearable, and it had begun to sink into the sea.

At this time, at the location of the Yangshan Mountains of Tongdao, the body of the small hot pot no longer sprayed magma, but sucked in the magma sprayed from his body and the jungle fire.

After the fire, the entire mountain range and the ground were burnt black.

Although there are no wildfires, the temperature on the ground is still very high.

Li Tian had already flew over the small hot pot on the mutant crow. The small hot pot jumped on the mutant crow with joy, and said triumphantly to Li Tian: "Li Tian, how do you feel about my strength? The current state has plummeted, is it still invincible in this earth world?"

After seeing Li Tian's disdainful eyes, Little Hot Pot immediately said with some discomfort, "Don't you see those ninjas running away? Those guys were scared away by me! Also, the entire mountain range of Tongdao It's almost destroyed by my magma!"

"But what's the use of this? Those ninjas are the super tsunami who died in Haiyasha, don't they seem to have anything to do with you?" Li Tian said disdainfully.

The little hot pot felt this way when he thought about it, and suddenly said angrily: "Can I not even kill so many little ninjas? Isn't it because I listened to your Li Tian's words and set fire according to your request?"

"I am so angry! I am going to kill all the remaining ninjas now, and no one will stop me!"

"Well, although I can't bear to hit you, I still have to say, I am afraid that there are no more than 100 ninjas alive on this island now. Even if you kill all these ninjas, the number is still far There are not as many ninjas as Haiyasha killed." Li Tian said.

Li Tian went on to say: "If you really want to prove that your strength is stronger than the four Xiaoyashas, and your use in my team is more useful than the four Xiaoyashas, then you should hurry up to practice and recover as soon as possible. Venerable realm."

"As long as I am confident enough to kill the three corpses, I will go back, and then there will be a chance for you to perform!"

The little hot pot thought for a while, then sighed and said: "It's not easy to talk about. It is easy for the Venerable Realm to fall down, but it is difficult to go back to the sky. Moreover, our race cultivation definitely cannot make progress overnight."

Li Tian didn't say anything.

In addition to talent, there is another point that is just as important as talent, and that is self-confidence.

Even if he is a genius and has no self-confidence in himself, he may be unhappy in his cultivation. Li Tian originally wanted to use Qingyun to practice in a small hot pot. If the small hot pot could be practiced, Li Tian would not be stingy, but now it seems The timing is not yet ripe.

Li Tian directly sent the small hot pot into the space of Void Yasha, and his body was already flying into the sky with the mutant crow. As Li Tianfei got higher and higher, Natong Island had become only the size of a basketball court in Li Tian's eyes.

At this time, Li Tian saw that the huge wave over a hundred meters hit Tongdao again, and these waves had even begun to sweep into the area where the small hot pot had burned.

"The show has begun!" Li Tian said to himself.

As the expression on his face changed, Li Tianshou began to accumulate purple electric snakes on his Heavenly Qiong Spear.

One, two days, three... In an instant, seven or forty-nine purple electric snakes gathered on Li Tian's Heavenly Qiong Spear. After these electric snakes appeared on the Qiong Spear of the Sky, they kept walking back and forth on the spear, making a crackling sound.

Li Tian could feel that with the increase of the purple electric snake, the power of the Heavenly King Spear was also aroused a little strangely. The power contained in the entire Heavenly King Spear made Li Tian feel a kind of fear.

"call!"

Li Tian let out a sigh of relief, screamed, and violently threw the Heavenly Qiong Lance towards Tongdao.

Chapter 3974: ended

At this time, the seven Shuyin seven and all seven had a dead heart.

They rejected Li Tian's invitation and insisted on coming to Zhongtong Island, but they didn't expect that as soon as their front foot arrived on Zhongtong Island, Li Tian would kill on the back foot.

"What do you want to say?" Rokkaku said.

"I suspect that Li Tian was not here to deal with the dark ninja organization of our Nakadori Island at all, but to deal with them!" The Shangren pointed his finger at the Shuyin Seven and the others, and continued: "If We do not take them in, maybe Li Tian will not embarrass us at all!"

"Fart!" Hexagon kicked the ninja to the ground and said angrily: "Don't forget that the dark ninjas of Nakadori Island and the dark ninjas of Yingyanshan are all part of the dark ninja organization. How can we Do this?"

"Don't worry, I believe that your seven brothers join forces. Then Li Tian is not able to catch it?"

"We can only do our best!" said the boss of the tree hidden seven people.

"We will follow you too!" Yagi and Kobayashi also said.

"Okay! With the help of the two of you, then this time Li Tian must be inevitable. I will draw our most powerful ninja from Zhongtong Island to support you as a back-up team!" Rokka said.

The Shuyin Seven Groups, Xiaolin and Yamu nodded, and left the base together, striding towards the outside of the mountain.

"How do we deal with Li Tian? You know that Li Tian is now in the sky, but we can't deal with it. Even if Li Tian is on the ground now, we probably can't deal with it?" Yagi said.

"Who said we have to deal with Li Tian? How can Li Tian's current strength be something we can deal with. I just left here with an excuse. "Didn't you hear Inoue say? The weapon in Li Tian's hand is the ancestor of the artifact in the legend of our Dongying Island Kingdom, the Heavenly Qiong Spear! At the beginning, the Kusanagi sword in the abdomen was pierced into ashes by the Heavenly Qiong !"

"Heaven... of Qiong Spear? Kusanaru sword? Impossible!"

These ninjas were all paralyzed on the ground by the name.

The spear of the sky fell to the sky!

"boom!"

Smashed on the highest peak of Zhongtong Island.

The mountain peak emitted a dazzling light, and then the mountain peak disappeared completely before everyone's eyes.

The strong impact force still spreads to the surroundings, and in this impact force, seven or forty-nine purple electric snakes are hidden in it.

"boom!"

Wherever the impact force went, the scorched trees instantly smoked and the huge rocky peaks collapsed.

When the impact force wandered past Shuyin's seven people and the others, these upper ninjas who were sitting on the ground did not scream in a hurry, and disappeared completely.

After the Heavenly Qiong Spear landed, even if it destroyed a whole mountain range, the inertia made it continue to fall. On the ground where the mountain collapsed, a large hole with a diameter of more than a few hundred meters and a depth of more than tens of meters was instantly smashed.

"Wow!"

Countless sea water gushed out of this big pit in an instant. These sea waters were like river water bursting a bank, and immediately after the impact force, they rushed out towards the surroundings.

"Boom!"

Chapter 3975: tired

Zhongtong Island sank completely into the sea.

When Zhongtong Island was about to sink, several helicopters on Zhongtong Island hovered and flew up.

The huge impact force swept these helicopters in. Six or seven helicopters only had a hexagonal helicopter to lift off from this impact force, while the other helicopters were instantly dismembered by this powerful impact force.

For the rest of his life, he saw Zhongtong Island sink in front of him again, and Hexagon felt bad all over. At this moment, it was as if he had been salvaged from the water, and the cold sweat had already soaked all his clothes.

Hexagon felt that his upper and lower teeth were fighting, and the fighting movement was not small. The sound of the teeth had even severely affected the pilot driving the helicopter.

"It's okay, it's okay! We have already escaped! There must be a blessing if you don't die!" Rokkaku whispered to the ninja with relief.

As soon as Hexagon's voice fell, the helicopter shook suddenly.

Out of the corner of the hexagonal eye, I saw a figure of a man appeared in front of the cockpit of the helicopter. This man pressed one hand on the glass cover of the cockpit of the helicopter, and what was stepped on his feet was a huge Lost crow!

"Li...Li Tian?" Hexagon thought of the name instantly.

That's right, Li Tian.

There was a sneer at the corner of Li Tian's mouth. The purple lightning on his arm had already electrocuted the dragon snake, and it began to pulsate along Li Tian's arm. But at this time, these purple electric snakes were obviously not as powerful as the power on the spear of the sky.

This shows that the power that Li Tian had just thrown off Li Tian's body just now also consumed a lot.

However, this is enough!

This is Qingyun Qi Jue's most perfect purple electric snake.

These purple electric snakes crackled into the helicopter. In an instant, the entire power system of the helicopter lost its function. In the horrified eyes of the pilot and Hexagon, the helicopter began to fall downward.

However, the helicopter was completely gone before it fell seven or eight meters.

Looking at the vast ocean, Zhongtong Island had completely disappeared. Li Tian relaxed from the tense atmosphere, but just after letting go, Li Tian suddenly felt a little tired in his body, and he even felt like he was standing. There are some difficulties.

Li Tianyi sat on the mutant crow, staring at the sea blankly.

This Zhongtong Island has been completely destroyed by Li Tian, and the entire island has completely disappeared from the world map, but Li Tian has no sense of accomplishment at all, instead, his body is full of exhaustion.

At this time, Li Tian just wanted to go back to Ruhr Island to take a good rest, not to think about these things for the time being, and to sleep beautifully.

The only thing that makes Li Tian feel a little more comfortable in his heart is that he did not deliberately hurt the ordinary residents on this Zhongtong Island. Most of these residents have fled to the sea when the entire island was shaking, and were then caught by the sea. Yasha controlled the delivery to relatively safe waters.

Of course, the residents who ran to inform the dark ninjas of Nakadori Island are beyond Li Tian's control. They are naturally the same as those ninjas, either burned to death or drowned in the sea. .

"Master Li Tian, this is not your fault. If I were you, I am afraid that even the ordinary residents would be killed without leaving them all!" Void Yasha felt the change in Li Tian's heart and said to Li Tian .

Li Tian nodded slightly, looking at the sea with some tired eyes, but did not speak.

Dixing Yasha also said to Li Tian: "Master Li Tian, if you don't cut the roots of these dark ninjas, then we will never have peace on this West Jiuzhou Island, and the residents of this West Jiuzhou Island will forever The earth is living in anxiety!"

A wry smile appeared on Li Tian's face.

That's the case, but Li Tian is really tired!

At this time, Hai Yacha emerged from the sea, and said to Li Tian in the sky with his heart: "Master Li Tian, is your Heavenly Qiong Spear still in the sea? Do you want me to help Master Li Tian take it out? ?"

Speaking of the Qiong Spear of the Sky, Li Tian only felt a dizziness in his head, as if the power of his whole body had been emptied at this moment. Li Tian wanted to teleport into the space of the Void Yasha, but found that He couldn't even use such a little power.

And Li Tian's body shook suddenly, Li Tian fell directly from the mutant crow, and then plunged into the sea! The seawater completely wrapped Li Tian's body in an instant.

"Master Li Tian, what are you playing?" Hai Yacha said to himself as he watched Li Tian fall into the sea in surprise.

The mutant crow's face was also full of doubts, shook his head not knowing how to answer Haiyasha.

"Hai Yacha, Master Li Tian lost his consciousness just now, hurry up..." Void Yasha said to Hai Yacha.

Hai Yacha came out next to Li Tian's body in the next second, controlling the surface of the water to lift Li Tian onto the surface of the sea.

The cold water made Li Tian regain some consciousness and his body could regain some strength, but Li Tian did not intend to leave the sea.

The sea has returned to calm, the surface of the sea is azure blue, and the white clouds in the sky are reflected on the azure blue sea, and Li Tian seems to be floating on the white clouds in the sea on this day.

The whole world seems so peaceful!

"Master Li Tian..."

"Hai Yacha, let me rest for a while, you go and give me the spear of the sky from the bottom of the sea..." Li Tian said.

Talking about it, Li Tian actually fell asleep, asleep on the calm sea.

Li Tian was really tired at this time.

But what Li Tian didn't know at this time was that some changes were taking place in his body veins at this time.

With the nine layers of blue clouds, the scenery on each layer is different!

Today, Li Tian continued to use the Qingyun Qi Jue to exhaust his energy, and the seven forty-nine small fishes in Li's veins disappeared.

This vein is like a dry river. There is no stream on the river bed, but it is precisely because the river bed is dry that the entire appearance of the river bed is completely exposed.

At this time, these river beds are moving on their own.

Even if there is no stream, the scouring is moving by itself, as if to wash out the sediment in the river course that hinders the movement of the river. Before Li Tian knew it, some crystals that were dozens of times smaller than gravel were excreted from the pores on his body.

If Li Tian was awake, he would definitely find that these crystals were actually the broken corpse crystal particles in the nine-color corpse crystal vortex.

At this time, Li Tian's heart seemed to have turned into a pond, and the nine-color corpse crystal actually took root in the pond and transformed into a lotus flower.

Chapter 3976: Four parties come to congratulate (1)

News of the sinking of Zhongtong Island spread back to West Jiuzhou Island the next day.

All the forces on West Jiuzhou Island were completely shocked when they heard the news.

If this kind of news came out when Li Tian just arrived on West Jiuzhou Island more than half a month ago, then the various forces on this West Jiuzhou Island would definitely have laughed.

At that time, although everyone might have heard of Li Tian, they would not take Li Tian as a matter. At most, they would think that this was a rumor deliberately created by Li Tian, a stupid fork to build momentum.

But now, as Li Tian slaughtered the sky clump in the abdomen, created a sunset island in the Gulf of Ruhr, and killed the mountain pass, no one would underestimate Li Tian. Even the leaders of Iga, Koga Ninja, and fierce warriors on Honnakashu Island have already known the famous Li Tian, how could Li Tian need this little trick to build momentum.

The news came from the residents who escaped from Zhongtong Island at the beginning. They are the people who experienced the whole incident first-hand, and they have the most say.

These residents don't know what art processing is, but like all rumors, it was relatively close to the truth at first, but as the rumors passed, the whole rumors turned into Li Tianyi spear smashing the entire Zhongtong Island to the seabed.

Soon, the news became a prairie fire, and it began to spread quickly to the nearby islands and deep mountains of West Jiuzhou Island.

Niquan Mountain is an ordinary mountain in Kumamoto Prefecture.

This mountain range is far less vast than Yingyan Mountain, nor is it as majestic as Kirishima Mountain, but there are seven or eight legions of different sizes in the Erquan Mountain.

Like other small legions, these legions did not rush to express their attitude to Li Tian after knowing that Li Tian had killed the abdomen Tiancong, but were watching the next moves of the Dark Ninja Organization.

When the news of the death of Yamaguchi reached all the legions of Erquan Mountain, it was only a surprise, and when the news of the bombing and sinking of Zhongtong Island reached Erquan Mountain, the small legions became a little restless.

The leaders of the various legions who were the first to get the news quietly left Erquan Mountain for various reasons, thinking about going to Li Tian as soon as possible to show their attitude. The slower corps are still waiting.

The Spring Wolf Army is one of them.

But now, the Spring Wolf Army finally got the news.

"The Dark Ninja Organization is completely finished. Even if they die, there is still some remaining strength on West Jiuzhou Island and even other islands. I think they will definitely not dare to provoke Li Tian again!" Abe Haruka, the leader of the small army, said with a sigh.

The people beside him immediately agreed: "Yes, the Dark Ninja Organization just killed the four city lords who submitted to Li Tian, and Li Tian even rooted out the entire Dark Ninja on Zhongtong Island, even Even Zhongtong Island was destroyed."

"Tsk tsk, this is the biggest event in the entire East China island nation since the end of the world, and it is even more shocking than the death of the abdomen sky cluster!" Abe Haruka sighed.

"So what should we do now?" the deputy leader asked.

Abe Spring Wolf stood up and walked back and forth several times, and said helplessly: "What else? Obediently submit to Li Tianbai! Do you think the mountain where our organization is located can withstand Li Tian's tossing?"

"No...no, I mean whether we should observe and observe first to see the movements of other forces, and then decide whether we should surrender to Li Tian!" The deputy leader hurriedly waved his hands and said.

"This morning before we received the news, the leaders of several other legions in the vicinity left this mountain range! Now that we have slowed them a step, shall we continue to wait and see? In case of Li Tian We can't bear to be angry!"

The more he thought about it, the more angry Abe Haruwolf became, and he said angrily: "Damn, I usually call him brothers. I didn't expect that they would not tell us when they got the news. These guys are probably coming to Ruhr City now!"

"Since everyone is going to be Li Tian's dog, then we must not lose to them. We have to be more beautiful than them and be loyal! You all talk about it, what should we do now?" Abe Spring Wolf Said fiercely.

"Boss, we must not let other legions steal our limelight!"

"Yes. It's shameless anyway. Is there anyone who is more shameless than us? This time we have to bet on the honor of the Spring Wolf Army, and we must be a good dog for Li Tian beautifully!"

"Yes, it's also a dog, but if we want to be a dog, we must at least step on the other organizations in the Erquan Mountains!"

Everyone was talking about it, and their faces were filled with inexplicable excitement at this time, as if giving Li Tian a dog was a great honor.

Abe Haruwolf watched this group of subordinates just running the train but no one made constructive opinions, and couldn't help but exasperated: "Then what should we do? Can anyone come out and talk about it!"

Everyone stopped talking, and after a while, a talented person said tremblingly: "Boss, since we have decided to surrender to Li Tian, then we should surrender unreservedly. It is better for our entire army to move to Lu. Isle City..."

"No, we are already behind other legions. If our entire legion migrates, then our movement speed will inevitably be slower. I am afraid we will become the last legion to surrender by then!" said the deputy leader.

Abe Haruwolf thought for a moment, but there was a hint of excitement on his face, and said, "This is a really good idea, just do it as you said! We will do the last one, and we will do the last one with great fanfare. "

Soon everyone else wanted to understand, and immediately began to flatter Abe Haruka.

...

Situ Ningbing, Duanmuying and others did not expect Li Tian to destroy Zhongtong Island so well.

It's been a week since the sinking of Nakadori Island. There are a large number of people coming in on Ruhr Island every day. Needless to say, nine out of ten of these people are the leaders of the ninja

organization and the samurai army, and they There is only one purpose for coming to Ruhr Island, and that is to be loyal like Li Tianbiao.

It's a pity that they came at an untimely time. Li Tian has been sleeping since his return from Zhongtong Island.

That's right, it's just sleep, one week of sleep.

Of course, the confidential work of Situ Ningbing and others was very well done. Li Tian was arranged on the Cangshan ship, surrounded by Windsor, Kobi, Ouyang Man and the four Xiaoyasha guardians, so although those guys arrived at Ruhr Island City, but no one was received by Li Tian.

During this period, Duanmu Ying, as the actual power holder of West Jiuzhou Island, strategized and arranged these people according to the size of the army.

Everything has everything but Li Tian woke up.

Chapter 3977: Four parties come to congratulate (2)

Li Tian hasn't woke up yet.

Windsor knew that Li Tian was just asleep, and she was very sure of this.

After inspecting Li Tian, the military doctor on the Cangshan ship also said that Li Tian was too tired and needed a good rest.

Fortunately, Li Tian has a cultivation base, even if he does not eat for a long time, it will not cause any harm to his body. So even if Li Tian has been asleep for seven days now, Li Tian's face still looks normal, without any sickness.

However, as Li Tian sleeps longer and longer, Li Tian's brothers and women have gradually begun to worry, especially when the various forces on the West Jiuzhou Island come to Ruhr Island City for a pilgrimage to see Li Tian. , Situ Ningbing, Duanmuying and others were even more worried about Li Tian.

"Brother Tian, you wake up quickly! Although Situ Ningbing and Duanmuying don't say anything, they are very worried about your safety!"

"And Tang Xiaolong, Shen Tao, and Gao Bi are all worried about you. We know that you will definitely have nothing to do, but it's not a way for you to sleep like this!"

"My god, there are more and more people migrating to Ruhr Island City, Ruhr Island City has become more and more prosperous, and the residents of West Jiuzhou Island recognize us."

"Also, when Situ Ningbing came here in the morning, he mentioned that the leaders and army commanders of the various forces who have come to Ruhr Island now have nearly a thousand people, and these people are all coming for you! "Windsor said as if talking to herself.

"If I kiss Li Tian, will Li Tian wake up?" A thought suddenly came out of his heart that frightened Windsor.

Windsor shook her head abruptly, trying to drive this desire away from her head, but this thought became clearer and clearer.

"Winsor, are you crazy? This is Brother Tian, Situ Ningbing, Duanmuying, and Ouyang Shiqing. How can you have this idea?" Windsor condemned in his heart that he shouldn't have Such thoughts.

But condemning condemnation, Windsor still couldn't help thinking about such things.

"Li Tian is their man! I Windsor would not and should not have such thoughts, but if I kissed Brother Tian to wake him up, I believe they will not blame me!" Windsor Thought of it again in his heart.

Thinking of this, Windsor couldn't help looking around.

There were only two people in the room, she and Li Tian, and Li Tian was still asleep at this time, and Windsor's heart was involuntarily surging.

Windsor crimson cheeks tiptoed to Li Tian's bed, looking down at Li Tian's face while he was asleep, there was a burst of happiness in his heart.

This man is not considered handsome by the standard. There are some scars on his face due to various battles, but the scars appearing on this man's face add a little more masculinity.

Compared with Shen Tao's childishness, this masculinity has an irresistible charm compared to Gao Bi's stupidity.

Windsor's heart started beating involuntarily, and her breathing began to swift.

"I just kissed! This is Brother Tian, this is my Heavenly Brother in Windsor, and is the Heavenly Brother of our Celestial Legion. I believe that if just a simple kiss can make Tian Brother wake up, then I don't know how many people there are. Will rush to kiss Tian brother, how can it be my turn?"

Although Windsor comforted herself in this way, her mentality was still terribly nervous, her heartbeat was getting faster and faster, and even her hands were sweaty.

"How could this be? Windsor, Windsor! Li Tian just treats you as a little sister, and you can only treat Li Tian as an older brother. It is normal for a sister to kiss your brother, and you are thinking about it in your heart. what?"

"Go down boldly, maybe Brother Tian will really wake up!"

Thinking of this, Windsor had already put her cheek in front of Li Tian.

The breath from Windsor has been sprayed gently on Li Tian's cheeks.

Windsor's heartbeat is getting faster and faster, and even Windsor feels her heart is about to jump out! And Windsor felt a warmth from the cheeks, through the neck and chest, gradually spread to the whole body, and Windsor felt that the whole world was about to burn.

"Kiss!"

Windsor cupped Li Tian's cheeks in both hands, closed her eyes, and her cheeks began to move downward.

"Windsor...?"

When Windsor's lips were still seven or eight centimeters away from Li Tian, such a voice suddenly came from Windsor's ear.

Windsor opened her eyes suddenly and was surprised to see Li Tian looking at her suspiciously.

Windsor hurriedly let go of Li Tian, jumped up, and said nervously: "Brother Tian, you are awake, I...I will tell others to go!"

Windsor's cheeks were flushed, and she escaped the room as if she were fleeing.

Li Tian sat up slowly and shook his head helplessly, with an awkward smile on his mouth.

Li Tian heard what Windsor said before, but at the critical juncture of Li Tianzheng's cultivation, he couldn't wake up and couldn't move his body.

Of course Li Tian can pretend to sleep and continue to enjoy the sweet kiss of Lolita Windsor, but Li Tian really treats Windsor as a little sister, and Li Tian definitely does not.

Li Tian closed his eyes and felt the pond in his body, the lotus leaves and lotus in the pond, and the seven forty-nine fish in the pond.

When Zhongtong Island was destroyed, Li Tian's heart formed in that square pond, and the nine-color corpse crystal had been transformed into the nine-color corpse lotus.

But at that time, the nine-color corpse lotus just took root and sprouted, but the pond was dry. If there is no water in the pond, the nine-color corpse lotus will inevitably wither and die, so Li Tian can only practice non-stop, using the spiritual power he cultivated as the pool water to irrigate the nine-color corpse lotus.

But what Li Tian didn't expect was that this practice would be seven days and seven nights, and he couldn't stop at all.

Immediately after the sinking of Zhongtong Island, Li Tian's whole body cultivation base disappeared completely with that final blow. And at this critical juncture, the nine-color corpse crystal in Li Tian's body unexpectedly changed into a nine-color corpse lotus.

As soon as the nine-color corpse lotus appeared, because there was no spiritual irrigation, it withered. This situation was unexpected by Li Tian.

Although Li Tian didn't know what this nine-color corpse lotus was, since the nine-color corpse crystal could have such a change, how could Li Tian easily let it wither.

Only at that time, the pond in Li Tian's body was dry, and Li Tian's body veins were also dry. Li Tian could only practice desperately to irrigate the nine-color corpse lotus.

But Li Tian found that no matter how he cultivated, the spiritual power he cultivated was far behind the speed that Nine-Colored Corpse Lotus could absorb.

Then Li Tian fell into this state similar to falling asleep.

Chapter 3978: messenger

Finally got it through.

At this moment, the lotus leaves and blue waves of the pond in Li Tian's body were full of sky, and seven or forty-nine small fish in the pond were swimming happily.

Whether it's lotus leaves or blue waves or these little fishes, these things are all spiritual power!

You must know that there were only seven or seven forty-nine fish in Li Tian's body, and there was only a trickle in his veins. Then Li Tian's strength could easily slash the abdominal sky cluster. So now Li Tian's strength has reached a high level?

Li Tian also wants to know!

Li Tian clenched his fists, feeling this powerful force in his body.

"Now my strength is much stronger than before I fell asleep. If you use numbers to describe it, adding that my strength was only one hundred before, so now my strength should be at least three hundred!"

"Although this is just accumulation of quantity, it is already amazing enough! But I don't know what level of cultivation should I reach now according to the strength level of the Netherworld?" Li Tian thought in his heart.

"If we destroy Zhongtong Island again, this time, Li Tian will never fall asleep because the power in my body is completely exhausted! I may not even need the help of Xiaoyasha or a small hot pot!"

Thinking of destroying Zhongtong Island, Li Tian suddenly thought of his Heavenly Qiong Lian.

Before Li Tian fell asleep, the Qiong Spear that day was still in the sea. Now Li Tian has returned to the Cangshan Ship in Ruhr Island Bay, but where is the Qiong Spear that day?

At this time, Xukong Yasha and other four small Yasha followed the little hot pot and pushed in.

The little hot pot arrogantly walked in the forefront, followed by four little things, as if they became the boss of these little guys, and his face also showed an unbelievable expression.

But Li Tian soon discovered that he was thinking too much.

The Void Yasha's figure flickered, came directly behind the little hot pot, stretched out his hand, and directly threw the little hot pot into his space.

"This new **** doesn't even have a sense of consciousness. He dares to pretend as if he is the boss here!" Xukong Yasha said disdainfully.

Then I saw that Li Tian had woke up, and a few flashes of Void Yasha's figure appeared by Li Tian's side, and jumped into Li Tian's hands, and said with happiness and sweetness: "Master Li Tian, Nong My family is so worried about you!"

The expression changes in the first few seconds before and after this Void Yasha was so fast that Li Tian couldn't react.

"Master Li Tian, your Heavenly Qiong Spear has been taken out of the sea by Hai Yasha, and now it has been sent to the space by me. Don't worry about staying there!" Xukong Yasha said.

Li Tian nodded.

"During the time I was asleep, nothing happened to West Jiuzhou Island, right?" Li Tian asked.

Void Yasha immediately showed a triumphant expression on his face and said: "Of course not! Master Li Tian, you don't know. Since you sunk the Zhongtong Island, all the forces on West

Jiuzhou Island have been It was completely shocked, and even if they were given some courage, they would not dare to be presumptuous!"

"It's not just that I don't dare to be presumptuous! Now the whole West Jiuzhou Island, all the powerful legions and the big leaders of the organization have gathered in Ruhr Island City, as if they are going to worship, no, they are here to worship Yours, Master Li Tian, they are waiting cautiously for you in Ruhr Island City!" Dixing Yasha said.

Li Tian nodded slightly, with a satisfied expression on his face.

This is the effect he wants.

Killing chickens and monkeys, sometimes it is not necessary to kill all monkeys, as long as the monkeys know the fear and know the fear, this goal will be achieved.

At this time, Kobi and Shen Tao rushed in.

Seeing that Li Tianguo really woke up as Windsor said, the faces of these two guys were filled with unconcealable joy. The two guys shouted a few times, but he didn't know what else to say.

The silence speaks!

Seeing these good brothers so worried about themselves, Li Tian felt a little guilty in his heart when he was happy.

"Where did Windsor go?" Li Tian asked.

Shen Tao and Gao Bi rushed to answer: "Windsor said she was going to report to Sister Ningbing and the others about your waking up. They have already taken a boat to Ruhr Island City!"

"Okay, let's all go to Ruhr Island! Tell Ningbing and the others that I have woken up, and it is time to meet those who come to worship me!" Li Tian stood up and said.

After leaving the Cangshan ship, Li Tian sent Shen Tao, Gao Bi and others into the space of Void Yasha.

I haven't played happily with Li Tian for some time, and the four Xiaoyashas are not willing to enter the space of the void Yasha anyway. These four little guys crawled on Li Tian's left and right shoulders, clinging to Li Tian's clothes, looking at Li Tian in a pitiful manner.

Li Tian had no choice but to let these four Xiaoyasha sit on his shoulders.

Li Tian summoned the mutant crow, making the mutant crow look like a roc, and then Li Tian jumped on the mutant crow and flew quickly towards Ruhr Island.

...

Ruhr City.

Although the bigwigs of all parties who have been waiting for a long time in Ruhr Island City are afraid of Li Tian's powerful strength, they are slightly dissatisfied with Li Tian in their hearts.

These big guys arrived here without stopping as soon as the news of the sinking of Zhongtong Island came here. The earliest one has been here for a full week, and even if it comes a little later, it has been two or three days. .

However, in these days, except for several legions and organization leaders who can rank in the top ten of West Jiuzhou Island in terms of comprehensive strength, they are fortunate enough to be received by Duanmu Ying, everyone else has no chance to meet Duanmu Ying, let alone. It's Li Tian.

The news from Ruhr Island City was that Li Tian was currently in the process of training, and it was not convenient to meet him. However, I haven't seen Li Tian for a long time. In private, many people wonder if Li Tian was injured when he attacked Zhongtong Island.

Although everyone guessed so, they still did not dare to show it.

The streets of Ruhr Island are still bustling, and these bigwigs still gather in twos and threes, while secretly talking about their conjectures, while at the same time telling when they will be interviewed by Duanmu Ying.

We must know that the top ten army commanders received generous promises after being received by Duanmu Ying. The corps or organizations that these ten big bosses belonged to have been given the right to manage a city and the right to operate the city within ten years.

"Our legion is not weak, and we don't know when we will be interviewed!" a big boss exclaimed.

At this moment, a mourning horse slowly walked in from the gate of Ruhr Island City. The mourning horse's footsteps were vigorous, and it stepped on the ground to make a crisp and rhythmic sound.

"Da da!"

"Da da!"

Everyone's gaze was involuntarily attracted by this funeral horse. Everyone saw the funeral horse riding a samurai wearing the ancient costumes of Dongying Island, with two long swords stuck in the waist of the samurai.

Apart from an ancient costume, this samurai seemed to be invisible.

But when everyone saw the banner on the back of the samurai, they couldn't help but involuntarily took a breath.

"That... isn't that the banner of the fierce fighter? Why did the fierce fighter send someone here?"

Chapter 3979: Kill it

No one can answer this person's question.

The samurai's gaze slowly swept across the street, with a meaningful smile on his face.

Seeing the sight of this warrior, those big men dropped their heads one after another, as if they were both respecting and fearing this warrior.

When the samurai passed by on a mourning horse, these big men raised their heads.

"Do you think that the fierce martial artist has recognized Li Tian? Acknowledged Li Tian's position on this West Jiuzhou Island? Just like the abdomen Tian Cong was recognized by the fierce martial artist?"

"There is such a possibility! If Li Tian is recognized by the fierce warrior, then this West Jiuzhou Island will belong to Li Tian's land, then we must continue to wait here!"

"But... But is it because the fierce martial artist is dissatisfied with Li Tian's actions, and then he sent someone over to beat Li Tian? After all, the abdomen sky cluster has been recognized by the fierce martial artist, and it is half a fierce martial artist. If Li Tian sees the sky cluster in his abdomen beheaded, it is equivalent to the face of a fierce warrior."

"Should not, if this is the case, will we appear here now..."

The appearance of the samurai warrior was a stone in the hearts of the big men. However, because Situ Ningbing and others in Ruhr Island did not know the flag of the fierce warrior, they did not regard the samurai warrior as a Going on.

No matter where the fierce warrior goes, they will be taken seriously, but this Ruhr Island city ignores the sangma warrior, which makes him very shameless.

The samurai warrior jumped off the horse, stopped a group of soldiers on the Cangshan ship, and said displeasedly: "I am the messenger of the fierce warrior. I am sending a letter to Li Tian on the order of the fierce warrior! Where is Li Tian? Li Tian came out to receive the letter?"

Some of the soldiers on the Cangshan ship just knew Dongying language and could understand the words of this warrior.

The soldier looked at the samurai like an idiot, and said disdainfully: "What is the messenger of the fierce warrior? Didn't you see the people all over the street? They all want to see Lord Li Tian!"

"If you want to meet Master Li Tian, the best way is to register at the Celestial Hall in the city center. If your martial artist organization has enough strength, you may be interviewed by our Master Duanmuying."

"As for the reception of Master Li Tian, I advise you to stop dreaming!"

Because this samurai was ignored, his heart was already full of anger, and now even this ordinary soldier dared to ignore him like this, and this samurai immediately lost his mind.

The warrior drew his weapon abruptly, and roared angrily: "Baga! How dare you look down upon the fierce warrior so much!"

Seeing the samurai withdraw the weapon, the faces of the big guys onlookers all showed horrified expressions. In their eyes, the samurai with the sword can be understood as the attitude of the fierce warrior towards Li Tian.

These big guys didn't want to be implicated in, and they wanted to immediately turn around and escape from Ruhr Island City, but in their hearts they were very curious about how Li Tian would handle this matter.

After all, when they first entered Ruhr Island City, they were told: In Ruhr Island City, anyone who uses weapons without authorization will be regarded as hostile to Li Tian!

"Interesting! This warrior represents the fierce warrior, and these soldiers represent Li Tian. Now that fierce warrior has drawn out his weapon, it depends on what Li Tian does."

"It doesn't seem appropriate to deal with Li Tian! If these soldiers regard this warrior's behavior as a provocation to Li Tian, and act rough against the warrior, then Li Tian is pushed out, then Li Tian

and this There is bound to be a battle for the fierce warriors! And this battle may determine the pattern of the entire Dongying island nation in the next few years."

"One side is a fierce warrior, but after the end of the world, the most powerful existence of the Dongying island nation, while the other side is the latest rise of Li Tian. It really feels like sparks hit the earth!"

"Yes! If Li Tian is afraid of the fierce warrior behind this warrior and chooses to back down, then it may be difficult for Li Tian to maintain his current influence in the future. Don't be afraid that West Jiuzhou Island will return to the previous one again. Status."

The voices of these bigwigs were not loud, but they were all heard by the soldier who knew Dongying.

For a while, the soldier didn't know what to do.

The soldiers of the other Cangshan ship did not understand what others were saying. After seeing the samurai drew a long knife, a sneer appeared on his face, and they raised the guns they were talking about, turning the black guns down. Mouth at this samurai.

One of the soldiers said sternly in Chinese language: "This is the city of Ruhr Island. Anyone who uses weapons without permission will be regarded as a provocation to Lord Li Tian, no matter what!"

The samurai warrior saw so many guns aimed at him, and there were so many people onlookers around him, as if he had been greatly insulted, he slammed the long sword in his hand and shouted angrily: Baga! I am the messenger of the fierce martial artist, you dare to be such a messenger to the fierce martial artist!"

The soldier who knew Dongying was afraid of the escalation of the conflict, hurriedly shouted: "Don't act rashly. This samurai is a fierce warrior. Let's report this to Lord Duanmu Ying and Lord Situ Ningbing, and let them make a decision. !"

Seeing the soldier's actions, the samurai couldn't help showing a smug expression on his face. The long knife in his hand was stretched out and he kept making gestures in front of the soldier who knew the Eastern language, with a sneer on his face and said: " Now I know that I am afraid? Will it be too late? After I go back, I will personally report your disrespect to Lord Martial Artist! You are all waiting to die!"

Although the soldier who knew Dongying was angry, he did not dare to act rashly.

At this moment, a red light suddenly galloped in the sky.

"Huh!"

The red light flashed, and the arm of the samurai holding the long sword was instantly cut off, and that arm fell to the ground along with the long sword.

"Master Li Tian!"

"It's Master Li Tian's Red Slash!"

The soldiers of the Cangshan ship were immediately excited when they saw this "Red Sword", completely ignoring the screams of the samurai whose arm had been cut off, and swarming up to knock the samurai directly to the ground with their rifle butts.

"Tell you to pretend to be forced! This is West Jiuzhou! It is the site of our Lord Li Tian!"

"Yes, no one in this West Kyushu Island dared to be disrespectful to our Lord Li Tian!"

Li Tian had already descended from the sky. The soldier who knew Dongying just wanted to explain to Li Tian, but was stopped by Li Tian.

Li Tian did not ask any questions, and said to the soldiers of the Cangshan ship: "This is West Jiuzhou Island, and Li Tian is the sky of this West Jiuzhou Island! From now on, no matter who it is, dare to show it to us." Weapon, kill it first!"

"Good!" the soldiers shouted vigorously.

After getting Li Tian's support, the soldiers started more heavily.

In just a few seconds, the samurai who fell on the ground began to twitch, and his yelling sound became weaker and weaker.

"Li...Li Tian! It seems that Dongying Island is really going to change the sky!" Those big guys who were still holding a good show mentality whispered tremblingly when they heard Li Tian's words.

Chapter 3980: advent

When he was in the sky, Li Tian could see everything clearly.

Through the expressions on the faces of these onlookers, Li Tian could also guess the psychological thoughts of these guys when they saw the banner of the fierce warrior appeared in the city of Ruhr.

"Still hesitating?"

Li Tian's eyes swept around coldly.

The big guys who were swept by Li Tian's gaze felt like they were staring at a poisonous snake, shivering all over, and involuntarily stepped back.

"It seems that my Li Tian has been on this West Jiuzhou Island for too short a time. Although I killed the abdomen sky cluster and sank Zhongtong Island, the strength I showed was not enough to make them follow me desperately. Li God, and the deterrence I caused to them is still direct without the banner of fierce warriors."

"Dogs can't change the guys who eat shit! It seems that I have to sort out this West Jiuzhou Island in a short time, otherwise once I leave this West Jiuzhou Island, these guys will inevitably be spoiled!" Li Tian thought in his heart.

After Li Tian killed the abdomen Tiancong, Li Tian arranged for Yang Guo and Kazama Yinbingwei to start migrating the zombies from West Jiuzhou Island to Nanshiguo Island.

Now after half a month of operation, the vast majority of zombies on West Jiuzhou Island have migrated to Nanshiguo Island, and the remaining zombies are very few. Most of these zombies are basically against West Kowloon. The residents of Zhoudao will not cause major harm anymore.

However, the zombie crisis was temporarily lifted, but the various forces in West Jiuzhou Island, Li Tian, did not come to rush to adjust. When Li Tian was in Northwest China, a head banquet basically surrendered all the forces in the northwest.

But that was because at that time Li Tian had already mastered the Sunset Fortress and the largest legion in the northwest. He had a deterrent to other forces. At that time, Li Tian asked the barbarians and Tang Xiaolong to surrender those forces that were unwilling to surrender. The big bosses beheaded, and they played that role in cooperation with the head feast.

But now, although Li Tian killed the abdomen sky cluster and sunk Zhongtong Island, his personal strength has been fully demonstrated, but Li Tian's foundation on West Jiuzhou Island is not stable after all, and he only relies on the wind. The few ninjas of Ginbei, those of Kirishima City in Kitahara, and the few beheaded castle owners who had already taken refuge in Li Tian were not enough to control the entire West Kyushu Island.

These people who came to Ruhr Island City today are just afraid of Li Tian's personal strength. Once Li Tian leaves West Kyushu Island that day, he will go to Honnakashu Island and Iga, Koga, and the warriors. If Li Tian can Fortunately, these guys will follow Li Tian like loyal dogs. But once Li Tian is entangled by Iga, Koga, or fierce warriors, these guys will definitely become restless.

The nationality of this country is like this bird.

At this moment, there was a loud noise from the distance of the street, and even a lively sound of gongs and drums amidst the noise, and some people were still shouting loudly in Dongying: "The Erquan Mountain Abe Spring Wolf Falls All subordinates take refuge in Master Li Tian!"

"Erquan Mountain Abe Chunlang fell all subordinates to vote for Lord Li Tian!"

Soon, Li Tian saw a convoy of more than a dozen cars. The head of the convoy was a pickup truck. The car was covered with a horn, and the shouting sound and the noisy gongs and drums came from Shouted out of this horn.

And behind this car were several large trucks, which were either densely packed with people or filled with mess.

Several flags were hung on the convoy, and the content of the call was written on them.

"High-profile! It's hard work for this guy to be able to do such a high profile!"

"Very well, I'm worried that no one is available. Only those high-profile people like you who put themselves to death can I believe that you really came to surrender! If so, then I will give you a chance!" Li Tian Thought in his mind.

A smile gradually appeared on Li Tian's face, and he said to the Cangshan warship soldier who could speak Dongying: "What is your name?"

An expression of excitement immediately appeared on that person's face, as if he had never expected Li Tian to ask his name.

For the soldiers of the Cangshan ship, Li Tian is a high-ranking existence. Although they are fortunate to be able to see Li Tian often, there are not many who can make Li Tian call out his name.

And once Li Tianneng called out his name, it was equivalent to having entered Li Tian's sight, and the future could be said to be limitless.

The soldier said excitedly: "Go back to Master Li Tian, my name is Liu Sen, you can call me Xiao Liu or Xiao Sen!"

Li Tian nodded and said to Liu Sen: "You guys go and stop this team for me, and bring me the person in charge of this team!"

Liu Sen led the order to Li Tianjing and gave a military salute, and then took the two of them and walked over.

"Stop!" Liu Sen stood in front of the convoy, hugged the gun in his arms, and shouted sharply.

Sitting in the car, Haruka Abe saw Liu Sen's decoration and knew that Liu Sen must be from Ruhr Island. He immediately opened the door and walked out of the car, and then trot two steps to Liu Sen.

"I don't know what this adult has to order?" Abe Haru Lang nodded and bowed, asked with a hint of anxiety on his face and a more flattering expression.

"Stop talking nonsense, our Lord Li Tian wants to see you!" Liu Sen said.

"Lee... Lord Li Tian?" Abe did not expect that he would have the opportunity to be received by Li Tian when he first came to Ruhr Island City, and he was full of ecstasy.

"It seems that my sword is going slant forward!" Thinking of this, Abe straightened up his waist involuntarily, and the enviable eyes of Abe were even more triumphant when looking at the people around.

"Then you will be able to lead the way!" Abe said.

Abe Haruwolf held his head high, and followed Liu Sen to Li Tian in the eyes of everyone's envy.

Abe didn't know Li Tian, but before he walked in front of Li Tian, he saw a corpse lying on the ground. The corpse looked terrible. It seemed to be beaten to death by a crowd, and blood was everywhere on the ground.

What made Abe more uneasy was the half of the banner exposed under the corpse.

"Fierce... the banner of the fierce warrior! This..."

Abe Haruka's heart was uneasy, he only felt his two legs were soft and swaying, and the envious eyes in his eyes also turned into schadenfreude.

"Guru!"

Haruhiro Abe swallowed his saliva and pinched a few times on his leg, trying to stop his swaying leg.

Soon Abe Haruka's mood calmed down, and his eyes swept away and he saw Qiyuxuanang Li Tian.

Abe Haruwolf walked a few steps and knelt halfway in front of Li Tian, and said loudly: "Erquan Mountain Abe Haruwolf led the entire army of men, women and children to take refuge in Li Tian!"
