

A Killer 4041

Chapter 4041: The third ninja

"This...Isn't this the weight of the small hot pot? Although it has not yet reached the ability of the small hot pot, it already has a look! No, if this continues, I am afraid we will have to explain here instead! "

Thinking of this, Tang Xiaolong said loudly: "Young Master Void, hurry...pull me in!"

"Huh!"

Void Yasha came out of the space and landed on Tang Xiaolong's shoulder.

"Do you really think this teleportation does not need to consume energy? Even if you walk in and out of the city gate, you will be tired? You should know that I am pulling in and out of the two of you, and I will be exhausted. You just Hold on and let me rest for a while," Xukong Yasha said.

"Damn, don't you feel it? This belly Zhengzo has also learned the abilities of the little boss and the little hot pot. In this case, without your support, how could I be his opponent and insist on a woolen thread? Pull me in and wait for the little boss to come!"

"If you ask you to persevere, just persevere for a while. Anyway, if you have a copper head and iron arms, your abdomen is hidden for a while and there is nothing you can do!"

"Nonsense, didn't you see the weapon in his hand? The demon sword cut on me as if it had come to life, it hurts very, very much!"

Tang Xiaolong reluctantly stood up, and under the heavy coercive attack hidden in his abdomen, his body swayed and almost fell down again.

The abdomen Zhengzo has now activated the beast tail, and this beast tail allows him to have a steady stream of energy. Although this energy can't fully control the abdomen Zhengzo, he can continuously perform heavy weights, unlike a small hot pot. After a few times, the energy in the body will be drained.

The demon sword in the abdomen was slowly walked to Tang Xiaolong, and said with a sneer:

"Know that it hurts? I'm afraid this is the beginning. Let you see me again, the third legendary cutting tool among our Iga Ninja! "

Speaking of the abdomen Zhengzang, he took out a fist-sized brocade box from his body. When this brocade box fell into the abdomen Zhengzang's hand, it seemed to be alive and beating slightly.

When seeing this brocade box, most of the ninjas who watched and shouted changed their faces. It seemed that they had all heard of this brocade box.

One of the ninjas pointed at the brocade box and said in horror: "My lord actually intends to use this cutting tool. It's too cruel!"

"Cruel? What does this mean?"

"Could it be that what poisonous insect is contained in this brocade box?"

"Guru!"

The ninja swallowed, and the cold sweat on his face was already streaming down.

The ninja said in a trembling voice, "As we all know, there are three legendary blades among the Iga Ninjas. The most common is the tail and the eyes used by Ieyasu Kurokawa. But as for the third blade, many people I just heard it, and even many members of our Iga Ninja organization may not have seen the existence of that thing. And I, as a relative of Masazo Abdomen, was fortunate to have witnessed it once by chance."

"What kind of cutting tool is it? As for making you shiver and sweat?"

"I didn't just shudder in shock the first time I saw that thing, at that time..."

Before the ninja had finished speaking, someone suddenly shouted: "Look, Master Zheng Zang is about to open the brocade box!"

Tang Xiaolong's body was a bit unable to move, and his heart was extremely tense after hearing the comments of those ninjas, but he knew that Void Yasha would definitely not stand idly by at a crisis.

In Tang Xiaolong's eyes, he saw that although the brocade box in Zhengzang's abdomen had no locks on it, it was stained with some seals similar to talisman paper. At this moment, Zhengzang in his abdomen slowly placed the brocade box with the demon knife in his hand. The seal was cut.

"Guru!"

Zheng Zang in his abdomen also showed that he swallowed his saliva, and then he shook his wrist slightly, and completely lifted the lid of the brocade box to reveal the contents.

The thing seemed to be only the size of a little finger, and the whole body was pure white, giving people an extremely pure feeling, and there was some light halo around the pure white periphery.

"This...what is this? It looks like it's just an ordinary bone." Tang Xiaolong thought with disdain.

But the face hidden in the abdomen was not at all relaxed, even if the knife belonged to their Iga Ninja, he was not relaxed.

The abdomen was hiding the demon knife in his hand, Mura Yu, gently piercing the bone in the brocade box. When the tip of the knife touched the bone, there was a woman's horror scream on the bone, and the bone easily The ground was stabbed by the village rain.

The bright red blood immediately began to flow out of the white bones, and the blood flowed out as if it had been chopped on an artery.

After the blood flowed out, Demon Blade Cun Yufen frantically sucked it clean. It took about four or five minutes for the blood to stop flowing, and then the white bone was sucked in by Demon Blade Cun Yu along with the blood.

"The woman's scream just now was really scary, and the blood was even more terrifying! It's just that why is that thing missing? Is the cutting tool disposable?"

"How is it possible? From now on, you stare at the village rain with your eyes wide open, don't blink your eyes, something terrifying has just begun!" said the ninja who claimed to be a relative of the abdomen.

While riding the other ninjas staring at the abdomen Masazo Murasame intently, the ninja who claimed to be a relative began to back up, and riding other people not paying attention, this guy directly hid in a block that had collapsed. Behind the wall of, at this time he was at least five or six hundred meters away from the abdomen.

"call!"

This guy took a long breath and said with a sneer: "Monster Cunyu, monster white bone, these two things are combined together, or if you drink blood happily, the injured person is the abdomen."

At this time, a chill of air had already spread from the demon knife in Zhengzang's hand in the abdomen and began to diffuse around, and the sky above the head of the abdomen was gradually dimmed.

Immediately, the wind blows.

The violent wind convolved the dust and garbage on the ground and kept blowing up the sky.

Tang Xiaolong squinted his eyes slightly to prevent wind and sand from blowing into his eyes, but at this moment, the demon knife in his hands that was hidden in his abdomen suddenly moved.

"Huh!"

A slender and long black shadow flashed on the sword of the demon knife Cun Yu, and the black shadow flashed across Tang Xiaolong's body in a blink of an eye, and then disappeared into Cun Yu's blade.

Before Tang Xiaolong could see what it was, he let out a painful groan. He looked down at his abdomen and found that there was an extra half-foot-long wound on his abdomen.

"Damn it, what is this?"

Chapter 4042: Xiaolong is injured

The movement was too fast, Feitian Yasha couldn't expect it. When he reacted, the black shadow had receded, and Tang Xiaolong had an extra wound in his abdomen.

"Xiaolong, I'm so sorry! I..." Feitian Yasha said.

Tang Xiaolong's expression was a little ugly, he shook his head hard, and looked down at his wound again.

The skin at the wound has become snow-white, but because of excessive blood loss, it's just that since the wound appeared on Tang Xiaolong's stomach, there hasn't been a trace of blood flowing out of this wound, as if the blood on the skin was already in an instant. It's the same as being sucked clean.

"It doesn't matter, I can't die! The knife in the hands of the belly is now too weird. I want to figure out what it is, so don't send me into the space for now." Tang Xiaolong said to Xukong Yasha .

Tang Xiaolong knew that the abdomen was strong now, and he and Xiao Hotpot and others had no way to deal with it, and Li Tian would definitely be needed to solve him at that time.

Tang Xiaolong also knew that his defensive power was definitely one of the best among all the members of the Heaven Realm. If his steel body couldn't resist the attack of this thing, then other people might be injured more severely after being injured.

He couldn't let others take risks, and he didn't want the little boss Li Tian to take this risk, so he had to make a decision and make sacrifices to find out what this thing was.

"What the **** is this?" Tang Xiaolong said with difficulty raising his head and looking at Zheng Zang in his abdomen.

Seeing the different expressions on Tang Xiaolong's wound on the abdomen, he sneered and said: "You are really a weird guy. Under the slash of this bone monster, you haven't died but there is just such an extra wound. I'm surprised!"

Zheng Zang in his abdomen raised the completely demonized Murano Knife in his hand, and said with a sneer: "This black monkey in front of you wants to know what kind of ghost you are, if that's the case, then you are not welcome, let him continue to see you!"

As soon as the words that were hiding in the abdomen fell, a black slender shadow appeared on the tip of the demon sword Muramame again.

The speed of this shadow is much faster than that of the leather whip. Tang Xiaolong dared not blink his eyes this time, staring at the black shadow, but the black shadow left a wound on his chest again, and he still didn't look at it. Know exactly what that shadow is.

"What the **** is this? Don't stop, come again! Let me see and see Tang Xiaolong!" Tang Xiaolong completely ignored the wound on his body and screamed into the abdomen.

"Wow!"

"Wow!"

"Wow!"

The black shadow constantly appeared and disappeared from the sword of Demon Dao Cunyu, and every time the black shadow flashed to Tang Xiaolong's side, it would add a wound to Tang Xiaolong's body.

In less than ten seconds, more than 20 wounds appeared on Tang Xiaolong's body. The blood loss made the skin at this wound completely lose its blood color. At this time, the black Tang Xiaolong's body seemed to be painted white. The paint brush was drawn dozens of times.

The wounds crisscross, shocking!

Tang Xiaoxiaolong knelt on the ground with a thud, supporting his body with both hands so as not to fall to the ground completely.

"What is it? What is it? Why can't I see clearly?" Tang Xiaolong said with some self-blame.

Feitian Yasha was frightened by Tang Xiaolong's current appearance, and said repeatedly:

"Little...Xiaolong, I'll send you in. If this goes on, even Windsor can't save you! Master Li Tian is now rushing here. , Let Master Li Tian deal with him!"

"Little boss is coming?"

At this moment, Tang Xiaolong's face burst into a ray of excitement, and then Tang Xiaolong stood up again swayingly, and said: "Little boss is coming soon, so I can't hide in your space! I! I can still hold on. This belly is hiding a zombie. The worst enemy Tang Xiaolong encountered. I will never

give in in front of him. I will rush to figure out what the black shadow is before the little boss arrives!"

In the distance, all the ninjas onlookers were a little dumbfounded.

"Did you see clearly? What is that?"

"No... I didn't see it, the speed is so fast, we can't see clearly."

"It would be great if there was a camera now, and then you can see clearly through slow motion playback!"

"It's nonsense, but what the kid said just now is right. That thing is too weird. We are all knowledgeable about the powerful defense of that black monkey. Even if the Master Zhengzang in the abdomen slashed him with the demon sword, he was never injured. But every time that black shadow flashes, there is an extra wound so deep on the black monkey."

"What makes me even more unexpected is this black monkey. He can persist until now. If he changed to another person, he would have pretended to be dead, or he would hide!"

"Yeah, I don't even think about it now that this black monkey can hide with teleportation, but why does he insist?"

Why insist?

The abdomen seems to be able to understand Tang Xiaolong's thoughts. He sneered and said: "Hey, it seems that you want to know what this is. Since you want to know, then I will fulfill you!"

Tang Xiaolong was unwilling to give in, but the abdomen was hiding at this moment to strengthen the power of "heavy" again, and this powerful and overwhelming Tang Xiaolong couldn't lift his head at all.

Tang Xiaolong's whole body was trembling, but Tang Xiaolong had absolutely no way of resisting this heavy attack.

"Xiaolong, I will send you in!"

"No! Hold on for a while, this lower abdomen Zhengzang will definitely relax, then you must see what the **** it is!" Tang Xiaolong said in a trembling voice.

Zheng Zang's abdomen retreated abruptly for half a step, holding the hilt of the demon sword Cun Yu with both hands, and then pulled back and cut forward.

As soon as this slash was blown, the Demon Blade Cunyu once again heard a horror scream like a female ghost, and as that sound appeared, a huge black knife shadow appeared on the body of the Demon Blade Cunyu. This black shadow It slashed like lightning to the neck of Tang Xiaolong kneeling down.

Hidden in the abdomen, shouting hysterically: "Behead!"

The black shadow was like lightning, but this time Void Yasha sitting on Tang Xiaolong's shoulder finally saw clearly what the black shadow was.

"This...this..." Even the well-informed Void Yasha was shocked by the terror in front of him and could not speak.

"Huh!"

Tang Xiaolong disappeared in place.

"Huh!"

A red light flew from the distant sky and blocked the black shadow.

Chapter 4043: Not qualified

"Squeak!" A series of piercing sounds, as if chalk strokes across the blackboard, were heard on the blade of "Red Zhan".

The previously unfavorable "Red Slash" actually fell slightly downwind in this impact. There were two rows of white scratches on the solid "Red Slash" blade, and the "Red Slash" was bearing the weight of this time. After the blow, he flew back to Li Tian's side.

The abdomen was hiding the excitement of being killed. The sudden appearance of this "Red Slash" completely destroyed his Yaxing. He couldn't help but feel a little angry. He suddenly raised his head and looked into the distance. He sneered and shouted: "Who is it? Dare to stop me? Killing is hidden in the abdomen, looking for death?"

At the end of the street in the distance, a figure slowly walked towards the square without hurriedly, and the figure of that man had not completely entered the sight of everyone, his voice had already been heard.

"Heaven! Li Tian!"

When hearing the name Li Tian, the ninjas who had been watching just now shivered involuntarily.

"Could it be that the mother-in-law of Fujiwara Chiji and the old man Nariyoshi Kumsaka have failed to stop Li Tian? This...how is this possible?" This kind of doubt echoed in the hearts of these ninjas.

Soon everyone saw Li Tian's mother-in-law Fujiwara Chiji following Li Tian step by step. Seeing this puzzling situation, these ninjas couldn't help but start talking.

"What's the matter? How could the mother-in-law of Fujiwara Chiji and Li Tian be together? Could it be that they reached some consensus and failed?"

"It's not like, did you see that Mother-in-law Fujiwara Chiji has a dumb expression on her eyes, as if...like Granny Fujiwara Chichi is already a puppet controlled by Li Tian!"

"what!"

All the ninjas took a breath.

If Li Tian defeated Mother-in-law Fujiwara Chiji, or beheaded them, it might be easier to accept, but if Mother-in-law Fujiwara Chichi was controlled by Li Tian, then how abnormal Li Tiande is!

Although these ninjas spoke very softly, they all fell into Li Tian's ears.

The corners of Li Tian's mouth turned upwards slightly, his expression was like a winner.

In fact, these ninjas are right. The current Fujiwara Chiji has been controlled by Li Tian with soul detention, so it is not bad to say that the current Fujiwara Chiji is a puppet.

However, it is not Li Tianqiang that Fujiwara Thousands of times actively asked Li Tian to control it. The reason why she did so is because Li Tian promised to forgive the abdomen Masazo's death, and then defeated the abdomen Masazo to turn him into a puppet. Leave a trace of blood to the Iga Ninja Organization.

"Li Tian, you are finally here, I have been waiting for you for a long time!"

Zheng Zang said arrogantly: "You must have seen your good brother Tang Xiaolong, right? Hahaha, he didn't have the strength to fight back when he fought with me. Now he has been cut and wounded by me, even if it is a fluke. Fleeing and hiding, I am afraid I won't survive tonight!"

Li Tian's eyebrows twitched slightly. He already saw the damage Tang Xiaolong suffered, but Li Tian couldn't understand why Tang Xiaolong would not hide, and let his abdomen be slashed.

At this time, Void Yasha's figure flickered and fell on Li Tian's shoulder, and said to Li Tian: "Master Li Tian, now the belly is completely changed. Before you came, I played with Xiaolong Xiao Hotpot. He has no complete body, but since he used two legendary cutting tools in a row, the situation has been completely reversed. Moreover, he will also perform heavy exercises now, and Tang Xiaolong cannot avoid it..."

Li Tian's heart was startled, but he quickly returned to normal.

Since Li Tian came to Dongying Island to rescue the small hot pot, this kind of ability seems to be everywhere, and the abdomen Tiancong and the abdomen are all able to use this ability.

Are they all such geniuses? Can I realize this skill as long as I meet someone to cast it a few times?

What Li Tian didn't know was that if the masters at the level of Tian Cong and Zang Zang in the abdomen had left the skill of heavy, they had already touched the edge of the cultivator realm, but they had not had the opportunity to pierce this layer of window paper. So I didn't know this skill before.

It was as if the coercion of the tyrant Gao Gang while in China also made Li Tian tremble at the time, but the coercion exerted by the tyrant Gao Gang at that time was not heavy.

"Why don't you hide! With you, how could Xiaolong suffer such a serious injury?"

Void Yasha said with some embarrassment: "Master Li Tian, this is my responsibility, but Xiaolong also insisted on accepting the attack of the abdomen in order to see the true face of the second cutting tool used by the abdomen Zhengzang!"

"How is he... now?"

"He has lost too much blood and has been in a coma. Windsor is treating him. Not enough is still dangerous. I am afraid that it will take a long time to recover." Void Yasha said.

Zheng Zang did not expect that after Li Tian appeared here, he would completely ignore him, and his heart became more angry.

"Abdominal leader!" Fujiwara Thousands of times came to the square and said to the abdomen, "No more fights, you are not Li Tian's opponent, I have reached a consensus with Li Tian, as long as you accept Li Tian's soul detention control, He can promise to keep our Iga Ninja line!"

"Mother-in-law Fujiwara Chichi, you fought with Li Tian once, did you scare your courage? You stood on Li Tian's side but me!"

Fujiwara Chinji moved her shriveled mouth to say something, but did not say anything. Now she is equivalent to a traitor to the Iga Ninja. It is enough to give her face if Zheng Zang can call her mother-in-law again.

But Fujiwara Qianji still didn't hold back, and continued: "The abdomen boss, remember that when the fierce warrior came to challenge our Iga Ninja, you never used the tool of the monster white bone, but now you use it to deal with Li Tian. With these two cutting tools, the tail beast and the white bone monster, it seems that you are determined to fight Li Tian!"

The expression on the face of Zhengzang in the abdomen was a little ugly, and he said with a sneer: "The strength of the fierce warrior is far better than me. Even if I lose to him, I will not be ashamed. On the contrary, because I dare to fight the fierce warrior, my reputation in the ninja world has greatly increased, but Li God... and what are those black monkey monsters of Li Tian, what qualifications do they have to fight against me? So, I must let them know the strength of our Iga Ninja!"

Li Tian took a step forward and said to Fujiwara Qianji: "Mother-in-law, please stand back, I will let him know if I am qualified to fight him!"

Speaking of Li Tian retracted "Hong Zhan" into his hand, he whispered to "Hong Zhan", "I know you are very angry. This is the first time you were injured when you followed me. Now I will let you follow me. Let go of the anger in your heart and tell this arrogant guy what qualifications are!"

Chapter 4044: tongue

Zheng Zang in his abdomen laughed wildly and said: "Hahaha, if you can beat people with big words, now the fierce martial artist does not know how many times I will die! Li Tian, you are my first stepping stone to approach the fierce martial artist!"

The laughter did not stop, a powerful pressure fell from the sky, and the wheel shrouded Li Tian's body in an instant, and the village rain demon knife in his hand was hidden in his abdomen to move, and a black shadow galloped towards him.

At the same time, Li Tian suddenly shouted: "Knot!"

Combining "Red Slash" with the transparent silk thread released by the nine-color corpse lotus in the atrium, instantly formed a layer of skin armor on the surface of Li Tian's body, and the "Red Slash" knife spirit had already been wheeled on Li Tian .

But Li Tian's figure dodges the black shadow's attack easily.

"Be... avoided? Why? Why does my focus on you have no effect? This...this is unscientific!" Zheng Zang asked in surprise.

Answering that what was hiding in the abdomen was Li Tian's storm-like attacks. I saw Li Tian's figure constantly flashing around the body in the abdomen, and the spear of the sky in his hand pierced the abdomen like a raindrop.

Li Tian and Void Yaksha are connected with each other. Li Tian uses the space of Void Yaksha to teleport without the need for Void Yaksha to intervene. Therefore, Li Tian's teleport is more agile and almost truly achieves the effect of instant movement.

The purple electric snake on Li Tian's body allowed Li Tian's body to move faster.

"Wow!"

"Wow!"

"Wow!"

The cold light of the silver spear flashed continuously.

There is no wind falling from the abdomen. He has the power of a tail beast in his body. The movement speed may not be as good as Li Tian's teleport, but the power that is precious to him is abundant, and it seems to be inexhaustible. The same, and the demon knife in his hand, Cun Yu, entered an unprecedented state at this time. Without the control of the abdomen, the demon knife continuously released the shadow of the black shadow to resist Li Tian's attack.

"Chang!"

"Chang!"

When the Qiong Lance of the Sky fell, it would be immediately blocked by the black shadow, making a metal-like crash.

And the black shadow didn't seem to intend to be just a complete defense, and from time to time it would twist the shadow to counterattack Li Tian, and because of the existence of the "Red Slash" sword spirit, Li Tian just entered the body range. , Will react and move away instantly.

For a while, swords and swords flickered at the figure above the square, and the abdomen Zheng Zang was even equal to Li Tiandou's.

At this time, Li Tian had already seen clearly what the black shadow was.

It was not a sword, it looked more like a black tongue, and there were some sharp bone spikes on the tongue, and I didn't know what it was.

What made Li Tian feel that the hair was damaged is that there were eyes on the tongue. These eyes were extremely small and only the size of a grain of rice, but those eyes could see the battle clearly in all directions at 360 degrees. A tongue can more accurately judge whether to attack or counterattack.

Fujiwara Qianji saw that his abdomen was hiding in his face and his complexion had begun to change slightly. He couldn't help but shook his head slightly and said, "It's a bit bad to go on like this! The bone monster won't be able to easily use power to give you. As the leader of the Iga Ninja, doesn't know this? It seems that you are determined to fight for death and break the net!"

At this time, the ninjas who were watching were also nervous.

"Li Tian, this is Li Tian's power! It is so powerful that it can be matched with the abdomen Master Zhengzang who used two legendary cutting tools!"

"Guru!"

Someone couldn't help but swallowed his saliva and said with satisfaction: "Fortunately, Master Zhengzang in the abdomen has two legendary cutting tools, otherwise I am afraid that Li Tian is no longer an opponent!"

"Shut up, how can you use other people's ambitions to destroy your own prestige? Li Tian should be lucky. We Iga Ninja have three legendary cutting tools. If the belly-sama Masazo was not used by Kurokawa Ieyasu If there is one thing, Li Tian may have already lost at this time!"

Naturally, these ninjas hoped that Zheng Zang abdomen would win. In their opinion, if the stalemate continued, Li Tian would definitely lose to the hands of Zheng Zang abdomen with the power of the tail.

When the manpower is exhausted, the beast tail will not!

Fujiwara Chiji sneered: "These are idiots who don't understand anything. Even if you haven't learned the law of conservation of mass, you always understand that there is no free lunch in the world!"

"What right do you traitor have to say about us? Even if we die here against Li Tianzhan, it is much better than you, a fellow who endures humiliation, greedy life, and fears death!" A ninja ridiculed Fujiwara Qianci in turn.

"Speaking beautifully, you should be merciless when dealing with this kind of old guy who relies on the old and sells the old, and give her a slap to make her arrogant!" Someone echoed.

Fujiwara Qianji's expression was a bit awkward, and he didn't say anything anymore. Instead, he stepped back more than ten meters, far away from the core area where Li Tian and the abdomen Tiancong were fighting.

As the main force of the battle, Tian Cong's heart in the abdomen was full of anxiety and shock.

His weight had no effect on Li Tian, which made him have to rely more on beast tails and monster bones, but as the leader of Iga Ninja, he naturally understood the demon nature of these two cutting tools.

At this time, Zheng Zang in the abdomen felt that the defense and attack of the bone monster had begun to decline a little. If this situation continued, he might be defeated.

What made him more disturbed was that if the bone monster could not get the blood sacrifice, then the bone monster might reverse him.

"No, I can't lose because we Iga Ninja have lost so much today, and we absolutely can't shrink back at this time!" Zheng Zang's abdomen swept his eyes around.

"Come on, Chief!"

"My lord, come on!"

A dozen ninjas were infected by the scenes of the live battle, and walked forward with enthusiasm, wanting to give the belly Zheng Zang spiritual support.

At this moment, Tian Cong suddenly jumped a step back in his belly, jumping to a distance of only ten meters away from these ninjas, and the demon knife in his hand, Cura Yu, released a black shadow flashing towards those onlookers. Ninjas.

There were expressions of horror on the faces of these ninjas. They all wanted to turn around and escape, but how could their movements be faster than the black shadows.

"Wow!"

The black shadows had reached the heads of the dozen or so ninjas and instantly flew, and the black shadows did not flash back quickly, but greedily began to **** the blood that fell on the corpses.

"Tongue... it turned out to be a tongue" the other ninjas shouted in horror.

Chapter 4045: Red Cut's Wrath

They all wanted to turn around and escape, but at this time the pressure from the sky crushed them firmly on the spot.

"Leader...it's us, we are members of the Iga Ninja Organization, you... let us go!" Some ninjas were begging for mercy to their abdomen in horror.

"Hey, hahaha" Zheng Zang laughed frantically, then his face sank, and said coldly: "I know that you are all members of Iga Ninja, and they are all my most respected ninjas, but in that case, you Even more can't go, this white bone monster will be stronger and more terrifying after sucking their blood, you all stay here to see how I kill Li Tian today!"

As soon as the voice fell from the abdomen, the blood on the ten corpses had been sucked up by the black tongue. Those corpses had turned into shriveled corpses, but the black tongue was stronger, and the tongue was sharp. The thorns have also become denser and sharper.

Immediately, the black tongue flashed into the blade of Yudao Cunyu again, and the entire blade of Yudao Cunyu turned black. Then some dew-like liquid flowed from the top of Yudao Cunyu, washing away all the blood stains on the monster knife. Up.

"Li Tian, now I have used the blood of these ninjas to pay homage to my bone monster. Don't worry, I will show you the true strength of the bone monster!" said Zheng Zang abdomen.

Li Tian's face was slightly cold, and he said coldly, "The belly is hiding, those ninjas are all yours, how can you bear to kill those who follow you?"

"Li Tian, you don't use this kind of gentleman's tone to talk to me, don't you know that all this is caused by you? Their deaths should be counted on you! If it weren't for you, would they die here? ?" said Zheng Zang abdomen.

"Crazy, crazy! The abdomen is crazy!" Fujiwara Qianji couldn't help shaking his head and said.

Another reason she followed Li Tian was to experience avoiding the use of bone monsters in the abdomen, and also to prevent more Iga ninjas from dying, but it was still too late.

Fujiwara Qianji guessed that if nothing else, all the ninjas who came here with their abdomen hiding here might die here.

Li Tian did not expect that Zheng Zang abdomen would be so frantic and would shirk all the responsibilities on him. Li Tian couldn't help but get a little angry.

"Unforgivable guy, now he blames me on the other hand at this time! Then I will wake you up!" Li Tian snorted coldly, and his figure flickered for several consecutive times, holding the spear of the sky and charged again. past.

Hidden in the abdomen, seeing Li Tian rushing over, he sneered without retreating, and the demon knife Cun Yu shook abruptly, and then the black tongue had been cut towards Li Tian.

"So fast! This black tongue seems to be faster than just now!" Li Tianxin said in shock.

But even so, Li Tian would never shrink back.

Li Tian kept teleporting, evading the attack of the black tongue, and constantly approaching the abdomen, while several purple electric snakes were already flashing on the Qiong Spear in Li Tian's hand.

The distance is getting closer and closer.

Ten meters, five meters, three meters...

"It's now!" Li Tian slammed the Qiong Spear of the Sky into the abdomen, and the purple electric snake on the Qiong Spear of the Sky swam to the tip of the Qiong Spear of the Sky.

"Chang!"

The shadow of the black tongue at this moment blocked the attack of the Qiong Lance of the sky.

"Boooo"

The purple electric snake pierced the black tongue along the spear of the sky, and the black tongue was suddenly broken off by a blast. At this moment, the position where the black tongue was broken grew out. The two tongues are like the two heads of a double-headed snake.

After these two tongues appeared, they immediately attacked Li Tian.

Although Li Tian had already displayed his teleportation, his reaction was still slow for a second, and the two tongues had already flashed a shadow on Li Tian's body.

"Huh!"

Li Tian appeared seven or eight meters away.

Seeing Li Tian escaping hurriedly seven or eight meters away, a triumphant smile appeared on the face hidden in his abdomen, and he smiled and said, "Hey, this is a bone monster, even if you can cut him off, he will grow rapidly. With a new tongue, you can't defeat the bone monster and my demon sword, Cura Yu!"

Li Tian ignored the arrogance that was hiding in his abdomen, and turned his head to look at the extra wound on the skin armor of his shoulder. The wound seemed to have been pierced by a row of nails, and some small holes appeared densely on it.

It seemed that the tongue wanted to **** blood from Li Tian's body, but he didn't expect that this layer of skin that looked like Li Tian's skin turned out to be a layer of armor, so the tongue returned without success.

If it weren't for this layer of skin armor, Li Tian's shoulder would definitely be injured at this time.

Although Li Tian was not injured, Li Tian was already a little angry, and the "Red Zhan" sword spirit was even more angry than Li Tian.

Following Li Tian for so long, today's "Red Slash" was attacked by this tongue one after another. When the "Red Slash" blade was in the form of blades, some marks were marked on it, and now this form has been cut out again. wound.

"Om!"

The "Red Zhan" sword spirit was shaking slightly, and Li Tian could feel that it was the "Red Zhan" sword spirit being angry.

"Li Tian, lend me the power of the purple electric snake released by your Azure Cloud Qi Jue! I want to explode this demon knife and devour it!" Hong Zhan's sword spirit said to Li Tian.

Li Tian was shocked.

This is "Red Zhan" Since he and Li Tian came out of the ancient city under the sea, Li Tian has communicated with "Red Zhan" many times, but no matter how they communicate, it seems like a mud cow has entered the sea without any news. Now this "Red Zhan" knife spirit It's unexpected to take the initiative and Li Tian to use strength!

"Okay! How should I help you?" Li Tian had no reason to refuse.

In the past, Li Tian relied on the power of "Red Zhan", but now it is "Red Zhan" who relies on Li Tian's power. This shows how fast Li Tian has grown.

"Lend me seven or seven forty-nine purple electric snakes and blast them into the armor in their current form!" said the red sword spirit.

"it is good!"

Li Tian was not talking, he directly controlled the seven or seventy-nine small fishes in the pond in the atrium to swim out of the pond, and then controlled these small fishes to instantly swim out of the veins and turn into purple electric snakes. Blasted into that skin armor.

"boom!"

With a loud bang, Li Tian only felt a tingling on his body, and the skin armor got out of his body and turned into "Red Slash" again in the air.

A different "Red Cut"!

Chapter 4046: Demon Blade Form

"This...what is this?" Zheng Zang abdomen asked in shock, looking at "Red Zhan", who had changed back to the blade shape again.

The "Red Slash" at this time is a cloud of phantom that is more illusory than the shadow of the black tongue, and in this phantom is the ghost cry of the black shadow that flashes and thunder is stronger than the black shadow that is released by the demon knife and village rain. The sound must be too loud.

Li Tian also looked at "Red Zhan" in surprise.

It is said that "Red Slash" is a demon knife, but the previous "Red Slash" is nothing more than a sharp weapon in Li Tian's eyes. It really makes Li Tian feel that "Red Slash" has a demon spirit and is returning to the earth world." Hong Zhan began to devour the corpse crystal.

Since then, "Red Zhan" has gone further and further along the path of this demon sword.

First, "Red Slash" began to grow and became a sharp blade in the shape of a scimitar. Later, it combined with Li Tian's nine-color corpse crystal to become a bone armor, a skin armor, and the appearance and shape of a sword spirit. Li Tian felt the demon character of this demon sword.

Originally, Li Tian thought that this should be the final form of "Red Slash", but he did not expect that "Red Slash" would become what it is now after using the power of seven or forty-nine purple electric snakes.

"Li Tian, when I was in the ancient city under the sea, the female mister reminded me of something, but unfortunately I never had the opportunity to display it. Originally, I thought I might have to wait until you reach the Netherworld before I can display it, but I didn't expect you to reach the realm of cultivator when you were in the earth world, and your Qingyun Qi Art even reached the realm of Dzogchen. This makes it possible for me to show my demon sword form before you in advance!"

"But the demon sword form is also divided into several layers. Now I am showing my first level demon sword form. When I cut off the black shadow in front of me and swallow it, I will have the opportunity to enter the second level of the demon sword form. I might be able to help you when the time comes to stand three corpses!"

Li Tian's heart is overjoyed!

"Okay! Don't give me face, chop my ***** tongue into mashed meat!" Li Tian said.

At this time, the form of "Red Slash" seemed to make the black shadow in Yudao Village Rain feel the pressure, and the black shadow began to attack "Red Slash" frantically.

In an instant, the sky had completely become the battle between the demon sword "Hong Zhan" and the demon sword Cun Yu, and Li Tian and the belly Zheng Zang, the owners of the two demon swords, stopped doing nothing.

At this time, the "Red Slash" of the demon sword is like lightning, and the arc is flying where it was said, and the black shadow released by the demon sword Murakami is like a black giant python. The sharp fangs want to completely "Red Slash" Swallowed the same.

"Huh!" A red light flashed from the phantom of the "Red Slash", and a purple arc flew in the red light, slashing heavily on the black tongue.

"hiss!"

One of the black tongues was cut off in an instant, but just like what the sky cluster said in the abdomen, the black tongue would immediately stick out with two heads if one head fell off, and four heads would stick out immediately if two heads fell off. .

For a while, "Red Slash" completely gained the upper hand, and kept beating the black tongue, and even though it was raining and windy, the black tongue did not shrink at all.

"This...what the ***** is this? It can be tied with the legendary cutting tool of the leader who is hiding in the abdomen. It seems that there will be no way to end the battle at this time!"

"Asshole, you should think of a way for us. If the demon sword hidden in the abdomen loses again, we may die next time!"

"Woo, don't you say that I have forgotten the ***** thing, now I am a fish. Mom, I don't want to die!"

For a while, the cry of the ninjas onlookers looked so miserable.

The current "Red Zhan" is completely controlled by the sword spirit himself, and Li Tian is not required to intervene. Although Zheng Zang in the abdomen is not allowed to intervene, but now he is more like a boy with a knife. Open.

Li Tian's brows wrinkled slightly, a smirk was already on his face, and he walked up to the ninjas with a smile and said, "Do you want to survive?"

"Yes! The abdomen has gone crazy, we don't want to continue following this lunatic!"

"Yeah, yeah, sooner or later we will become the food of the bone monster and knife if we follow along!" These ninjas said one after another, wishing to immediately draw a line with the belly Zhengzang.

Of course, Li Tian's small movements couldn't escape the eyes of Zheng Zang in the abdomen. After hearing the words of the ninjas, Zheng Zang in the abdomen suddenly fell out of breath.

But as soon as he moved his body, the black shadow shook abruptly, and the red light released by "Red Slash" immediately cut off all the tongues that had been sticking out for seven or eight days.

The abdomen was hiding in shock, and he already felt the gap between this white bone monster and Li Tian Yaodao at this time.

"In that case, don't blame me for being impolite!"

Zheng Zang turned around abruptly, and with a wave of the demon sword in his hand, Mura Yu actually controlled the black tongue to cut at the other ninjas again.

Zheng Zang's abdomen was completely crazy, and he smiled wildly and said, "If you want to betray the Iga Ninja Organization, you will all die with Li Tian!"

"Li Tian, Lord Li Tian, save me! We don't want to die!"

"We are willing to follow Master Li Tian!"

The ninjas saw the expression on their abdomen, knowing that they were not far from the time of death, and suddenly cried to Li Tian to save them.

"Li Tian, let's save them for the sake of old face!" Fujiwara Qianji said in the distance.

Li Tian had no time to think, and the figure quickly flickered in the ninja group, and reached out his hand to send these ninjas into the space of the underground Yaksha.

And Li Tian told Dixing Yacha in his heart to let Dixing Yacha control the excavated wall to delay the attack on the abdominal sky cluster.

Li Tian's speed is not unpleasant. In just over ten seconds, more than twenty ninjas have been sent in. It's just that the black shadow of the demon sword in the belly is not slow. It seems to be competing with Li Tian. To harvest the lives of these ninjas.

"boom!"

The earth wall created by Jixing Yasha was instantly broken by the black shadow, and the black shadow flashed past, and the seven or eight ninjas behind the earth wall were in a different place in an instant.

But at this moment, "Red Slash" flashed between the electric light and flint in front of the body hidden in the abdomen, and slashed heavily on the sword of the demon sword, Cura Yu.

The purple arc entered the body of Yudao Cunyu's blade, "Kakcha!" A loud scream of Yudao Cunyu broke, and the black shadow screamed and slammed back directly into the body hidden in the abdomen.

Chapter 4047: Dead but not stiff

After the black tongue entered the body of Zheng Zang in the abdomen to dry, Zheng Zang in the abdomen immediately made a painful scream, this kind of sound in the ears of people's ears is hairy.

"Red Zhan" didn't stop because the black tongue entered the body that was hiding in the abdomen. The light of the knife slashed towards the body that was hiding in the abdomen.

"Huh!"

The abdomen Zhengzang was lazily cut by "Red Zhan", the painful screams of the abdomen Zhengzang stopped, and the two bodies fell heavily to the ground, and the dirty things in his body began to flow out with the blood.

"Dead...dead?"

"We... Are we saved?"

Seeing that the body hidden in the abdomen was cut into two pieces, the faces of the ninjas who had not had time to hide in Li Tian's Di Xing Yasha space had already burst into tears, and the joy of the rest of their lives filled their faces. on.

They either have come to Li Tian and indicate to Li Tian that they are willing to follow Li Tian's attitude, or they are sitting on the ground and panting heavily, and some ninjas have come to know the true face of the abdomen. Fujiwara Chiji's side whispered something.

There was a tired expression on Li Tian's face, and his voice said hoarsely: "It's finally over!"

Since last night, Li Tian has hardly slept all night, and the rigorous fighting has made Li Tian highly nervous and extremely tired. Now the water level of the pond in Li Tian's heart has dropped to the lowest point, and the rhizomes of the Jiu Color Corpse It has been exposed, only a layer of shallow water waves at the bottom of the pond, and the seven forty-nine small fishes that have finally condensed from the water waves are still swimming happily.

Fortunately, Li Tian can do three things with one heart. Even when Li Tian is fighting, he can control his mind to continue practicing. So although the water level in the pond on that side has dropped very low, it is in Li Tian's veins. There is a steady stream of water flowing inside.

"It's not over yet! Li Tian, it... hasn't died yet!"

Although Fujiwara Chiji's voice was not high, Li Tian could hear it clearly.

But Li Tian suddenly became alert.

"Yes, it seems that Zhengzang in the abdomen hasn't died yet! Otherwise, why would his body have been cut in half, but Hong Zhan didn't relax at all, still hovering on the body hidden in the abdomen? ?"

"Hey, have you seen that Li Tian's weapon will guard the corpse by himself? It's really amazing!"

"This is not playing an online game. The body hidden in the abdomen has been cut in half. I don't believe he can be resurrected!"

"If it is really resurrected, then we will be miserable. I think it is better to leave here as soon as we chase the number!"

"Where can I leave here? Almost all the masters and elites of the Iga Ninja Organization will be destroyed, and the Koga Ninja Organization will definitely launch an attack on us at that time, even if we go back, it will be a dead end. If it is better, we will follow Li Tian Kexi Jiuzhou Island, I heard that West Jiuzhou Island is a paradise for mankind."

"Yes, let's follow Li Tian! When we arrive at West Jiuzhou Island, we all follow Fujiwara Chichi's mother-in-law, so that our safety and life are at least guaranteed!"

"Hurry up and retreat quickly!" A hint of panic suddenly appeared in Fujiwara Chiji's eyes, shouting to the ninjas around him.

Although these ninjas didn't know what was going on, they subconsciously followed Fujiwara Chiji to run back. While running, they looked back and found that the abdomen, which had been turned into two corpses, was actually standing up again. The long black tongue is attacking other ninjas.

At this time, Li Tian continuously sent the ninjas around him into the space of the ground travel Yasha, and those ninjas who were sitting on the ground and resting had no such good luck. They were instantly caught by dozens of them. The slender and long tongue entangled their bodies, and the spikes on that tongue had pierced into their bodies. These ninjas just screamed, and they were sucked clean by the tongue!

Fei Xuan's abdomen was "Red Zhan" above his body and immediately slashed towards the abdomen Zhengzo, but now the whole body of the abdomen Zhengzo was covered with such black tongues, and these tongues immediately blocked the "Red Zhan".

"Huh!"

"Huh!"

"Hong Zhan" kept releasing red light to these black long tongues, but at this time, the body hidden in the abdomen was almost full of these long tongues, even if a few were cut off, it would not be effective at all.

Seeing this situation, Li Tian performed several teleports to avoid the attacks of the black long tongues, and used the Heavenly Qiong Spear in his hand to break the long tongues continuously.

"weight!"

At this time, Li Tian had no way to hide his clumsiness. He used "heavy" again to temporarily suppress the long tongues that were hiding in his abdomen.

"Hong Zhan, it's up to you, let's show all your anger!" Li Tian shouted at "Hong Zhan".

In fact, there is no need for Li Tian to deliberately shout, "Red Zhan" can fully understand Li Tian's thoughts, then "Red Zhan" suddenly accelerates towards the sky, and then "Red Zhan" emits a red light all over the sky. , And the purple arc is still beating above the red light.

Immediately "Hong Zhan" brought this red light down from the sky, slashing from the head hidden in the abdomen, and those purple arcs swarmed into the body hidden in the abdomen at this moment.

"Boom!" A loud noise came out as the body hiding in the abdomen exploded, and in an instant, those phone calls swallowed the body hiding in the abdomen cleanly.

When the abdomen was exploding in the body, a broken bone piece the size of a thumb quickly flew outside. This bone piece was exactly one of the three bladed monsters in the legend of Iga Ninja.

"Hong Zhan" was waiting for this white-bone monster, how could it easily escape.

"Wow!" With a cry, "Red Zhan" nailed heavily to the white bone monster, and began to frantically absorb the energy matter in the white bone monster. Some dark matter kept moving towards the blade of "Red Zhan". Zhongyong, the "Red Slash" blade began to flicker at this time, it looked so strange for a while to be red and then black.

In less than a minute, the bone monster was sucked clean, and in the end even the outer shell of the bone was swallowed.

However, "Red Zhan" who had swallowed the bone monster changed back to its original form with satisfaction, and slowly fell back into Li Tian's hands.

While "Red Zhan" was absorbing the energy of the white bone monster, Li Tian also saw an object flying out of the body hidden in his abdomen. Li Tian's eyes were quick and he used a teleport to hold the object firmly in his hand.

Li Tian looked at something similar to a horn in his hand, and thought to himself: "This should be the legendary beast tail!"

Chapter 4048: Sarutobi Sasuke

This time Zhengzang abdomen was really dead, but none of the Iga ninjas who had survived the catastrophe dared to get close to the corpse that had been exploded into plasma easily.

Only Fujiwara Qianji slowly came to Li Tian, staring at the corpse hidden in the abdomen on the ground that had become **** blood.

Li Tian said with some regret: "I'm really sorry, I've failed again!"

"Can't blame you, this is his own responsibility, even if you don't kill him, he will be swallowed by the bone monster and turned into a monster! Instead, I want to thank you, thank you for forgiving so many Iga ninjas, At least Iga Ninja didn't completely disappear in my hands!" Fujiwara Chiji said.

When he said this, Fujiwara Qianji had already taken out his shuriken and started digging a hole in the square. It seemed that he was about to bury the abdomen.

Thousands of times Fujiwara dug out a dirt pit that could barely accommodate a person lying flat, turned his head and said to Li Tian, "Li Tian, as for the bodies of other ninjas, please, I know your little things. With the ability to fly to the sky, dig a few deep pits to bury them. I can't dig this old bone."

Li Tian nodded, and let Jixing Yasha use his ability to bring the bodies of other ninjas into the mud, and then formed a mound on the ground, which was regarded as the grave of these ninjas.

After Fujiwara Qianji buried all the bones and pieces that could be picked up in the abdomen, he stood silently in front of the small mound for a while, and then said to Li Tian, "Li Tian, now we Iga ninjas are basically regarded as It's over, and our Iga Ninja headquarters still has some strength. If you trust me, I want to go back and take all the strength of our Iga Ninja to West Jiuzhou Island!"

"Don't rush to refuse or agree. I can tell you the truth. I am selfish. When I die in the belly, the balance of three releases on Honnaka Island will inevitably be broken, and to our Iga Ninja's enemy, Koga Ninja. I will definitely annex our Iga Ninja as soon as possible, and maybe the fierce warrior will also intervene. I think it is expected that the Koka ninja and the fierce warrior will be cheaper, and it is better to let the Iga ninja follow you Li Tian!

Li Tian looked at Fujiwara Qianji and felt that this gruffy old lady was so smart. From fighting him and defeating him, he had already calculated all the way behind, and everything she did was to make Iga Ninja Continue to pass on, maybe the only thing she missed is that the belly is dead.

However, her goal was achieved. Anyway, Fujiwara Chinji had already been detained by Li Tian. It was impossible for her to betray Li Tian.

And as Fujiwara Chiji said just now, Iga Ninja is better than being annexed by Koka Ninja or Fierce Warrior.

"Yes, you can go now, do you want to take these ninjas back with you, after experiencing this, they will probably not easily dare to betray me!"

Fujiwara Qianji nodded and said, "I only have four people, and the others are Li Tian you take it back. West Jiuzhou Island needs these ninjas more than we do!"

Since Fujiwara Qianji insisted on Li Tian, he was not welcome. After allowing these ninjas to voluntarily choose four ninjas to follow Fujiwara Qianji, Li Tian took all the other ninjas into the space of the ninja. Then he also entered the space of Void Yasha.

"How is Tang Xiaolong now?" Li Tian smelled it when he entered the space.

Situ Ningbing came to Li Tian, pointed to the door of a room and said, "Although it is not an internal injury or a serious injury, it is still bleeding too much. Now I am resting in the room. Lily and Windsor are guarding him. There should be nothing. Unexpected!"

Li Tian nodded and said: "The matter on Honnakashu Island has come to an end for the time being. Now we will go back. Let Mr. Otsuka take the researchers from the Zombie Institute over there to continue the development. The zombie antidote, then take Duanmuying and others over again, and temporarily hand over West Jiuzhou Island to Kazama Yinbingwei and others to take care of it!"

"This matter is very important. If the murderous warrior knows the news, he will definitely not give up. At that time, it is possible that the Koka ninja and the murderous warrior will come to our troubles, so we can only guard the Zombie Virus Research Institute, and you all will follow. I can rest assured when I'm together!"

Situ Ningbing nodded and said, "Okay, when you arrive at the Southern Four Kingdoms Island, you will guard the Zombie Research Institute. I will go back and pick up Duanmu Ying and others, so as not to distract you."

"Oh, yes, I got some magical things here. You may know the origin of these things if you have seen them!" He said that the eye that Li Tian would get from Kurokawa Ieyasu and the hand that he got

from Masazo Kurokawa All the beast tails were taken out and handed them to Situ Ningbing and Xue Ji to see them together.

After watching it for a long time, Situ Ningbing shook his head helplessly, and said, "I have never seen anything like this before, and I can't tell it is from that dynasty. But looking at the lines and shapes, it doesn't seem to be something from the Eastern Kingdom. , I feel that this thing is closer to our country's things!"

Li Tian was a little disappointed. If Situ Ningbing didn't know this thing, it would be difficult for anyone to know the origin of this thing. Perhaps these things, like many things in history, have become unsolved mysteries, and the truth will remain forever. Disappeared in the long river of history.

"Let me take a look at this thing, how come I feel a little familiar?" Little Hot Pot said.

Situ Ningbing and Xue Ji handed this thing into the hands of the little hot pot. After touching the little hot pot for a long time, they still couldn't remember. They could only shook their heads and said, "I can guarantee that I have seen this thing. But time is too far away, I can't remember it now."

After speaking, he returned the thing to Li Tian's hands.

Li Tian didn't continue to entangle this thing either. He collected the thing and entered Tang Xiaolong's ward to look at Tang Xiaolong.

The black Tang Xiaolong seemed to be a different person now, his face was pale, and the skin on his body was rarely bloody. Li Tian confessed a few words to Windsor and Lily before he left the space of Void Yasha!

The space where Li Tian exited the Void Yasha just appeared in this square in Okayama City, only to find that there were other people in the square.

Four yin and yang warriors and a man dressed as a ninja are facing each other, but neither side easily wants each other to attack.

Li Tian's sudden appearance surprised them.

The ninja said in surprise: "Li Tian... So you haven't left here yet?"

"How could I leave without killing you? Sasuke Sarutobi!" Li Tian said with a sneer.

Chapter 4049: Li Tian is worried

This ninja is Sasuke Sarutobi, the leader of the Koga Ninja Organization, and the four warriors he opposes are the famous and fierce four ghosts. ,

In fact, when Li Tian was fighting with the abdomen Zhengzo, Li Tian had already spotted Sasuke Sasuke and the four evil spirits who were watching the battle through Feitian Yasha's eyes.

It's just that Li Tian was still fighting at that time and couldn't get distracted to deal with Sasuke Sasuke, so he deliberately pretended not to find them, and waited until Li Tian asked Fujiwara Chichi to take someone out of here, and Li Tian entered the space of Void Yasha. , Let these guys mistakenly think that he is gone.

Sarutobi Sasuke is a man in his fifties. This man wears a tight band on his head and carries a copper rod on his back. He looks a bit like ape.

After hearing Li Tian's words, Sarutobi Sasuke laughed loudly: "Li Tian, do you want to kill me? Hahaha, let's not say if you can kill me. Do you still have time to kill me now? It's really stupid. Extremely guy!"

Sasuke Sasuke came here with the intention of Masazo Sarutobi, to leave Li Tian here and take the antidote reagent for the zombie virus as his own, but when he witnessed Li Tian killing Masazo Sarutobi with his own eyes, Sasuke Sasuke Sasuke He gave up this plan. He knew that Li Tian was an enemy as strong as a fierce warrior. He could not defeat Li Tian, let alone beheaded and stay here.

That being the case, Sarutobi decided to go back and save the power of the Koka Ninja Organization first.

In this apocalypse, as long as there is strength, the territory is everywhere, and as long as the Koga Ninja can preserve the strength, even the worst of them can at least occupy an island and stand on its own!

And after he withdrew from the contention, maybe Li Tian and the fierce warrior competed and lost both, then as long as he Sasuke Sarutobi was recognized by the three corpses, he would be the ruler of the island nation of Dongying.

"What do you mean?" Li Tian asked suspiciously.

"It's actually not difficult to know what it means. The four guys in front of me are the four fierce fighters organized by the fierce martial artist. As long as you can kill one of them, I will tell you what I said. What means!"

Li Tian glanced at Sasuke Sasuke with disdain, and said with a sneer: "We Chinese people are your ancestors, but you are still tender!"

Sasuke Sarutobi was not angry, and sneered and said: "Li Tian, I know what you are capable of. If I didn't guess wrong, then the three of our Koka Ninjas might have died in your hands, so for you Saying that killing these four people is just a matter of effort, but you will get an absolutely useful piece of information. Think about it yourself!"

"My time is limited and you can think about it for yourself! But I can tell you with certainty that for you now, your time is more precious than mine!" Sasuke Sasuke Sasuke said.

Li Tian looked at Sasuke Sasuke Sasuke's serious and serious face that didn't look like a disguise, and couldn't help thinking about what the news was.

"Is it because the fierce martial artist is coming in this direction? If so, this time is really precious to me, and I am not suitable for the fierce martial artist to fight..." Li Tian thought in his heart.

The four evil spirits seem to be a little moved when seeing Li Tian. The boss of the ghosts immediately said to Li Tian: "Li Tian, don't listen to Sasuke Sasuke Sarutobi. Our Lord of the evil spirits is waiting for you in Jingdong City. ?"

"Yes, it's the Martial Artist who asked the four of us to come here to invite you to Jingdong City. If you can kill Sasuke Sasuke Sasuke, our Martial Artist will be very happy!" The second of the four ghosts Said.

The third child touched his head questioningly, looked at the boss and the second child and said, "Really? I thought..."

The ghost general immediately stopped the fourth child and continued to speak, and said to Li Tian: "Our third child is not very clear, but I think you should be clear about Li Tian! Now it's up to who you help? If we want to be the enemy of our Martial Artists organization, or fight against the Koga Ninja with our Martial Artists organization!"

"Hey, Sasuke Sasuke, I see what you have to say. Are the words of the four fierce fighters and four ghosts not as convincing as yours alone?"

When I was speaking, the spear of the sky had appeared in Li Tian's hands, and then Li Tian turned to the four evil spirits and said: "You four will help me, we will take Sasuke Sasuke together, and I will follow you. Let's go to Jingdong City!"

Sarutobi Sasuke did not expect Li Tian to have such an attitude, and said with a sneer: "It turns out that the famous Li Tian is nothing more than this. If that is the case, then I have nothing to say. If you have the ability, you will come together!"

The four fierce ghosts felt that something was not quite right, but they couldn't judge what was wrong, and the third of the four fierce ghosts rushed out with a roar.

But the youngest hadn't rushed to Li Tian's side, Li Tian suddenly cast a teleport and appeared behind the ghost general's youngest, and Li Tian's wrist flicked, and the spear of Heaven in his hand was already facing Stabbed at the back of the youngest's head.

The other ferocious ghosts were shocked and rushed towards Li Tian, while shouting at the third child: "Old third, be careful!"

The ghost general's youngest brain was definitely not enough. After hearing the shout, he suddenly stopped rushing forward, and turned his head to see what was going on behind him.

And as soon as he turned his head, the spear of the sky had already pierced his face, although he wanted to avoid it, he could not get in.

"puff!"

The Qiong Spear of the Sky passed through his head directly, and he could not die anymore if he was already dead!

"Sarutobi Sasuke, I did it, tell me!" Li Tian continued to use a few teleports again, avoiding the attacks of the remaining three evil martial generals.

"Haha, Li Tian actually didn't need me to say that you already thought of it. The Martial Artist is not in Jingdong City, and he has not come to Okayama City. At this time, the Martial Artist is probably on your West Kyushu Island!" Sasuke Sasuke saw When one of the four fierce ghost generals had died, he immediately drew the copper rod from his back, and jumped into the crowd to fight the remaining three ghost generals.

"What? The fierce warrior muscle actually reached West Jiuzhou Island?"

Li Tian was shocked, he directly summoned the mutant crow and jumped on the mutant crow and said: "Quick, the fastest speed, back to Ruhr Island City!"

"Master Li Tian, what happened? Didn't we say we are going to Nansiguo Island?" asked Li Tian's strange Void Yasha.

Li Tian said with a sullen face: "It's a fierce warrior. At this time, he probably has arrived in Ruhr Island City!"

"Duanmuying, Bai Jing...you must not do anything!" Li Tian thought anxiously.

Chapter 4050: Desperately

When Li Tian hurried back to Ruhr Island City, the Cangshan Ship had already led Ouyang Man and Yang Guo quickly towards Ruhr Island City.

"Liu Guoqiang, can't you let your Cangshan ship drive faster?" Silly Man'er said impatiently.

Liu Guoqiang said with an awkward look: "This is already the fastest speed!"

Young Yang Guo looked at the silly man's impatience, and persuaded: "Impatient can't solve the problem. If you don't want to take this Cangshan ship, I can take us forward with the funeral in the sea, but the funeral in the sea The speed of the object is just a little faster than the Cangshan fleet, and it is not as smooth as the Cangshan ship. If you really want to save Duan Muying-sama, we will not be more anxious. Instead, we should go to the cabin. Rest, only then can we fight the fierce warriors when we get to Ruhr Island City!"

Silly Man'er snorted and sat directly on the splint of the Cangshan Ship, put the huge sword in his hand on his lap and looked at the distant sea without speaking.

After a while, Ouyang Man said, "Liu Guoqiang, you have seen the strength of a fierce martial artist. You told me that a fierce martial artist is more powerful than Master Li Tian?"

Liu Guoqiang shook his head and said, "It's hard to tell. I only saw the fighting between the fierce warrior and Duanmuying-sama Ginbei Kazama, so I can't tell who is better!"

Silly Maner stopped asking questions anymore.

Silly Man'er is not stupid, he naturally knew that if he could easily defeat Duanmuying's opponent, he would be better than him, but at this time he had no choice but to bite the bullet and head to Ruhr Island City. Just like Yang Guo, it can be said that Yang Guo's personal strength in a single round is definitely one of the worst, but Yang Guo did not hesitate to follow him after hearing the news that the fierce warrior had arrived in Ruhr Island City.

"Even if you desperately try to save Master Duanmuying from the fierce warrior!" Ouyang Man thought in his heart.

The Cangshan ship rode the wind and waves continuously. After less than an hour of driving, after the sun set and the afterglow disappeared, the sky had gradually dimmed, and the brilliant lights in the direction of Ruhr Island City had entered Ouyang Man's eyes. .

Ouyang Man stood up impatiently, waved the epee in his hand, and said to Yang Guo: "Tell your funeral to take me ashore. You all stay here, if I haven't returned in two or three hours. , Then you should leave here as soon as possible and go back to Nansiguo Island. You must wait until Master Li Tian comes back before you can come here!"

Liu Guoqiang said, "I'll go with you. Although we guys are not as good as the special forces before the end of the world, we are also soldiers and we can always help!"

"No, we are facing a fierce warrior. His strength may not be worse than Huangfu Kunpeng, and may even be stronger than Huangfu Kunpeng. Facing such a person, even if there are more special forces, there is no chance of victory. Maybe it is. Will stun the snake!" Ouyang Man insisted.

Yang Guo gave a whistle, and immediately beside the Cangshan ship, a huge bereavement whale more than ten meters long appeared. Yang Guo didn't know what he said to the bereavement whale. The bereavement whale nodded, as if it was like Yang Guo promised to complete the task.

Ouyang Man jumped on the body of the bereavement whale, and the bereavement whale immediately took Ouyang Man and swam towards the coast of Ruhr Island City quickly.

Seeing that the whale had gone away, Yang Guo turned his head and said to Liu Guoqiang: "Master Li Tian once let me go, and he was kind to me, so anyway, now I have to go to Ruhr Island City. In Cangshan I have left seven or eight huge funerals around the ship. These funerals can ensure that the Cangshan ship will not be attacked by other funerals within a few days!"

Liu Guoqiang wanted to say something, but Yang Guo waved his hand and jumped off the Cangshan ship.

Liu Guoqiang also wanted to follow, but he knew that the burden on his shoulders was not light. This time he went to Nanshiguo Island only to say that Duanmuying had a task to get Ouyang Man back, but he did not tell Ouyang Shiqinghe who was on Nansiguo Island. Tang Feifei is the truth, but if Ouyang Man really has no return this time, Liu Guoqiang must find a way to appease the other personnel living on the South Siguo Island.

Liu Guoqiang looked up at the direction of Benzhongzhou Island, praying in his heart: "Lord Li Tian, you must hear my prayers, come back soon!"

...

After Ouyang Man went ashore, carrying the epee, he rushed straight to the headquarters building of the Celestial Legion in Ruhr City.

According to the intelligence brought by Liu Guoqiang, Duanmuying and others were trapped in the headquarters building of the Celestial Legion, and the fierce warriors did not treat Duanmuying and others the same way they treated the prisoners, but forbidding their freedom was regarded as house arrest.

As for the ordinary members of the Celestial Legion, the warriors only prohibited them from entering and leaving the city wall, and their freedom in the urban area of Ruhr was not restricted.

That's why Liu Guoqiang escaped from Ruhr Island City and swam on the Cangshan ship with a cart, and then went to the South Four Islands for rescue.

Don't look at the silly man's wearing heavy armor, but his skill is not clumsy at all, and his figure keeps shuttling in the dark, easily avoiding the patrol team of those warriors.

The headquarters building of the Celestial Legion is brightly lit, but there is no defense here.

Of course, the strength of the fierce warrior lies here, the one who does not have long eyes who dares to find the place where the fierce warrior is uncomfortable, naturally does not need other warriors to guard and defend.

Holding the epee, Ouyang Man walked into the headquarters building of the Celestial Legion in this way.

"I don't know where Duanmuying and the others are trapped right now, it seems I can only look for it carefully, floor by floor!" Ouyang Man thought in his heart.

And at this moment, a warrior walked out of a room. This warrior kept the hair accessories of the ancient warriors of Dongying Island, and wore the armor and costumes of the traditional ancient warriors. The moment he saw Ouyang Man was a bit obvious. Frozen, but before he had time to lift the knife, Ouyang Man's heavy sword was already in front of his neck.

"Where are Duanmuying and the others trapped? Take me there?" Ouyang Man said viciously.

After hearing Ouyang Man's words, this warrior couldn't help but was stunned. He didn't understand the content of Ouyang Man's words, but from what Ouyang Man's dress said, he knew that Ouyang Man was probably here to save Duanmuying. of.

The warrior did not speak, and directly handed the long knife in his hand to Ouyang Man, and took Ouyang Man to the elevator room, and then entered the elevator.

Ouyang Man couldn't believe that he would be so smooth, but he could feel that the strength of this martial artist was quite weak, and it was impossible to cause any threat to him.
