

A Killer 4111

Chapter 4111: : All staff practice

The most worried thing happened.

The plot reversed so fast that Li Tian couldn't bear it.

The ghoul is not dead, don't be afraid, anyway, as long as Li Tian's network is repaired, his strength will be stronger than before he was injured, and the ghoul will definitely die in his hands.

But Tang Feifei had been captured by the corpse.

The ghoul said very clearly that Don Feifei is the puppet of the corpse. Once Don Feifei is really made into a puppet by the corpse, even if Li Tian can rescue Tang Feifei, then even if the zombie virus antidote is successfully developed, Don Feifei will It will never become human again.

"What's the matter? How could the tyrant Gaogang die in battle? Knowing that he was not the opponent of the corpse and the corpse, why would he still die in the battle? He... how did he... how did he die? ?" Li Tian asked with a trembling voice.

Situ Ningbing said: "The Three Corpses seem to know our actions well. Not long after we left Kyoto, the corpses and souls went to the northeast region. The tyrant Gao Gang knew about the importance of Don Feifei and the Agricultural and Commercial Association to the Chinese Army. In order to protect Tang Feifei and to protect Kobi and the corpse and the corpse soul, they fought desperately. In the end, they lost because of the disparity in strength."

"Tang Feifei was taken away by the corpse, and Kobi was slightly injured, but there is no danger to her life. Now Kobi is rushing here in the northeast area."

"Damn it! Blame me, I shouldn't let Tang Feifei act alone, if we can bring Tang Feifei together, this situation won't happen!" Li Tian said with some self-blame.

After a short pause, Li Tian asked again: "Do you know where the corpse and the corpse are now? Where did they go? I'm going to save Tang Feifei!"

Situ Ningbing shook his head and said, "The three corpses are out of sight. It is difficult for us to catch their whereabouts, but listening to grandpa's implied meaning seems to know something, but Gao Bi is unwilling to tell others."

"Brother Tian, Kobe must be very distressed now. The person he wants to see most now is definitely Brother Tian you. Can Brother Tian wait for Kobi to arrive in Nanhuai before making plans?" Windsor asked.

Li Tian nodded heavily and said, "Okay! We will wait until Gao Bi arrives in Nanhuai before making a decision! From now on, I will enter the space of the Earth Xing Yaksha for retreat and practice. I will not see anyone before Gao Bi comes. !"

Speaking of Li Tian summoning the Void Yasha and staying outside, he himself entered the space of the Earth Xing Yasha and began his retreat practice.

Yin Yang was injured by a ghoul and came to Nanhuai City and Mu Yunlong's call completely wiped out the joy in the sky above Nanhuai City.

Tyrant Gao Gang, the commander of the Black Dragon Legion, this is the first commander of the Ten Corps to die in the face of the Three Corpses. If one or two years ago, the strength of the Three Corpses was strong, but it was not enough. Kill the commander of the top ten legions.

In less than half a year, the remaining commanders of the top ten legions, except for Duanmuying, who traveled far to the east of the island country, Long Yin was injured, and Huangfu Kunpeng was not the commander of the top ten legions, but it was true that the military spirit's force was responsible for the wounds. Yin Yang was wounded and the tyrant Gao Gang died in battle. It can be said that the strongest man in mankind is the defeated Luohua Liushui.

The little hope that had just risen was shattered.

The soldiers in Nanhuai City began to numb and mechanically deploy the city's defenses. Don't look at the presence of the most powerful human beings such as Huangfu Kunpeng and Li Tian in Nanhuai City, but their hearts have begun to shake a little, and they don't believe Li Tian and others. People can provide them with a guarantee of safety.

After Yin Yang arrived in Nanhuai City, Huangfu Kunpeng, Long Yin, Old Man Wuji, Tang Xiaolong and others all searched for a place and started practicing retreat.

All the people held a breath in their hearts, which made them extremely uncomfortable, but they had to hold it, and had to ninja.

From this day on, the sky of Nanhuai City will always drop a pressure from time to time. When these pressures first started, the soldiers felt unusual fear, but after twenty-four hours a day, everyone was there. Used to the existence of this coercion.

boom!

boom!

The empty houses in Nanhuai City would collapse from time to time, and even buildings over a dozen stories high would collapse.

These cultivators are all the peak existences in the world. When they are practicing, they will inevitably release the anger in their hearts through their fists, and these buildings that no longer have a master become air bags.

There was good news during this period, that is, Tang Xiaolong finally felt the existence of coercion. It was a feeling. He hadn't realized the importance yet, so naturally he did not cultivate this skill.

But Tang Xiaolong is a perverted existence.

His tenth level of body training has been cultivated to the ninth level, and it is only one step away from the tenth level of Dzogchen. Tang Xiaolong is now extremely powerful, and the weight of the third level of the cultivator can't control him at all.

And more than half of the collapsed buildings in Nanhuai City came from his hands.

At this time, Li Tian in the space of Earth Xing Yasha also entered a critical period of cultivation.

Li Tian knew that the space of the Earth Xing Yasha might not be able to withstand his Soul Breaking Fist, so although he practiced in the space of the Earth Xing Yasha, he did not use brute force like Tang Xiaolong.

Li Tian used his heart and two hands, and kept beating with his left and right hands, just like the old naughty boy in Jin Daxia's works, playing with himself.

The advantage of this is that Li Tian can accurately know how powerful his Soul Breaking Fist is. Similarly, Li Tian has gradually begun to master the method of fighting against two powerful people at the same time.

During this period, Li Tian was still practicing Qingyun, and now Li Tian's veins have almost completely recovered.

In the past few days, the wave of zombies that seemed crazy a while ago has calmed down.

The mourners of the Yinyangmen Legion who had mixed into the zombie world also returned a lot of news, and most of these news were related to one person, that is, Tang Feifei.

Tang Feifei has been brought to Jinghai City, the magic capital by the corpse and soul. As for Tang Feifei's current situation, it is unknown.

At this moment, Gaobi Fengchen rushed to Nanhui City, and after Li Tian got the news, he immediately walked out of the space of Dixing Yasha.

Gabby became thinner. After seeing Li Tian, Gabby hugged Li Tian's shoulders. His tight face was full of sadness. He cried bitterly, "God, my father is dead... Captured! Go to Jinghai City!"

Li Tian didn't know how to comfort the injured Kobi, patted Kobi's back lightly, and said, "Kobi, let's go to Jinghai City to rescue Tang Feifei and kill the three dead bodies to avenge your father.!"

Chapter 4112: : Arrived in Jinghai

A black military Hummer was driving fast on the highway. The driver was a dark-skinned man who looked a little thin. In the passenger seat of the car was a man with a murderous face. The man was pulling more than five A meter-long iron chain, one end of the iron chain was held tightly in the man's hand, but the other end was thrown out of the car window and dragged on the ground.

This iron chain rubbed against the ground, splashing a series of sparks, like a fire dragon.

At this time, two Level 6 zombies suddenly appeared in front of the Hummer. These two Level 6 zombies did not avoid the Hummer when they saw the Hummer. Instead, they rushed towards the Hummer frantically.

The man holding the iron chain shook his hand, and the iron chain attacked the two sixth-level zombies like a fire dragon.

Snapped!

Snapped!

The iron chain drew on the body of the zombie, and there were two loud noises, and a fire flashed on the iron chain. In an instant, the two sixth-level zombies were drawn to pieces.

"Gobi is much stronger than before! It seems that he has learned all the advice I gave him. Stupid people have stupid blessings. Qingyun is not suitable for everyone to cultivate, but he did not expect that Gaobi can practice, although only I just came into contact with Qingyun of the first heavy, but his strength has improved very quickly!" Li Tian, who was sitting in the back row, thought in his heart.

Along the way, Tang Xiaolong, who was driving, did not do anything, nor did Li Tian who was sitting in the back row. Only Gao Bi in the passenger seat kept chaining these zombies without long eyes.

"Little boss, we are about to enter the suburbs of Jinghai City!" Tang Xiaolong said.

Li Tian nodded and said, "Go straight to the city center until we have to get out of the car when we encounter high-level zombies!"

After Kobe arrived in Nanhuai, Li Tian immediately set off for Jinghai City. This time, it was not just Tang Xiaolong and Gao Bi who followed Li Tian. In the space of Void Yasha, there were Huangfu Kunpeng, Long Yin, Old Man Wuji, Yin Yang, Xiao Hotpot, Situ Ningbing and Xue Ji.

It can be said that the strongest combat power in human society has already followed Li Tian.

Target Jinghai!

Target three corpses!

This will be a decisive battle between human society and the Three Corpses.

As for the corpse tide, these are not to be feared.

After discussions with the Chinese Allied Forces, the Army Soul Corps has now officially launched a mass destruction weapon to attack the city occupied by zombies indiscriminately.

It can be said that apart from the useless nuclear weapons, all other weapons of mass destruction have been activated. The heavy bomber bombs and DF series missiles were thrown into those large cities like money without money.

In just a few days, the cities that Li Tian and others passed by were basically in ruins, and only a handful of super zombies in these cities escaped.

This attack naturally has its drawbacks. For example, those humans who struggle to survive in the zombie-controlled area are likely to be accidentally injured.

Of course, the possibility that such humans still exist in these cities is very small. After all, it is about to enter the fourth year of the end of the world.

But the war is cruel in the first place. This is the last resort. If this is not the case, once the tide of zombies continues northward, more people will die.

The reason that prompted Mu Yunlong to use these weapons was the death of the tyrant Gao Gang.

Now, the large cities south of the Huai River and north of the Yangtze River have basically been destroyed except Jinghai.

Before getting off the highway, the two Hummers driven by Tang Xiaolong were warmly welcomed by the zombies in Jinghai City. Hundreds of zombies all at level eight or nine heard the roar of car motors directly from the building near the high-speed toll station. The object rushed out, and rushed towards him with teeth and claws.

These hundreds of zombies would certainly not pose much danger to Li Tian and others, but it would be difficult to deal with them by one person.

Kobi jumped directly from the car. The iron chain in his hand was as soft as the silk in the hands of an rhythmic gymnast, but the power of the iron chain was huge. Whether it was an eighth-level zombie or a ninth-level zombie, it only needed to be affected by it. If the chain is drawn, it is almost the same even if it is not broken, especially when the chain is attacked on the most vulnerable heads of the zombies, it is fragmented at that moment.

Snapped!

Snapped!

Red lights flashed, and the zombies kept falling down.

"Gobie, I'll help you!" Tang Xiaolong shouted, pushing the car door and rushing down.

As soon as Tang Xiaolong joined the battle, he immediately attracted a large number of zombies.

Tang Xiaolong's current strength is not one or two levels stronger than Gao Bi, and a punch of more than one hundred thousand catties is not something that zombies of level eight or nine can withstand. Even if Tang Xiaolong's fists hit the bodies of those zombies, Instead of the most fragile head, the bones of those zombies that would be hit by Tang Xiaolong's punch were all broken, completely losing their mobility.

boom!

boom!

In less than a minute, Tang Xiaolong and Gao Bi had already killed more than seventy or eighty zombies, and nearly fifty of these seventy or eighty zombies were killed by Tang Xiaolong alone.

It's no wonder that once Tang Xiaolong casts ten-fold refining, it can be said to be invulnerable. The long bones of the ninth-level zombies can't penetrate Tang Xiaolong's skin. In front of these zombies, Tang Xiaolong is invincible.

But after all, there are hundreds of Level 8 and 9 zombies here. No matter how many of these zombies fall to the ground, they have no intention of retreating. There are even zombies rushing through Tang Xiaolong and Kobi's defense line to attack the Hummer where Li Tian is.

This car is not as strong as Tang Xiaolong. If one is not careful, the Hummer was pierced into a sieve by those zombies with bone spears.

boom!

Li Tian broke out of the car and flew directly from the roof of the car, leaping into the air. There was already a mutant crow under his feet, and Li Tian's left and right hands simultaneously performed Soul Breaking Fist.

Zizi!

The purple arc kept flapping on Li Tian's fist, and Li Tian suddenly raised his hand and blasted out seven or eight punches.

The air ball of Broken Soul Fist blasted into the group of corpses with a purple arc and immediately made a violent explosion. The zombie that was in front of the fist was instantly wiped out by the blast of smoke before this fist fell. Immediately after falling on the ground, a few deep pits with a

diameter of more than seven or eight meters were exploded on the ground, and the surrounding zombies were also blown apart by Soul Breaking Fist and flew out!

Li Tian just threw seven or eight punches, and nearly two hundred zombies were shattered by the bombardment, and those zombies that had lost their limbs crawled stubbornly on the ground.

Fortunately, Li Tian deliberately avoided Tang Xiaolong and Gao Bi when he attacked, but even so, Tang Xiaolong and Gao Bi were still affected. Several pieces of cement splashed and hit Tang Xiaolong and Gao Bi.

"Little boss, are you too cruel? This...what kind of trick is this? I want to learn!" Tang Xiaolong said with stars in his eyes.

Chapter 4113: : Puppet and Puppet Beast

"Clean up the battlefield first, and quickly don't attract other zombies!" Li Tian said.

Tang Xiaolong was full of black lines, and said: "Brother Tian, your movement is too loud. If you say that you are attracted, I am afraid that you are attracted by your attack!"

Low-level zombies are afraid of daylight, but for high-level zombies above level 9, the damage to them by this sunlight is almost negligible.

And this huge explosion will definitely attract the zombies, Li Tian immediately sacrificed "Red Slash", controlled "Red Slash" with his mind, and simultaneously performed Xuantian ***** attacks with his left and right hands.

In addition, the vitality of Tang Xiaolong and Gao Bi was fully activated, but within two or three minutes, the hundreds of zombies were all killed, but the Hummer had been destroyed, and the highway was also beaten by Li Tian's soul-breaking fist. It was ruined, and Li Tian and others could only abandon the car and walk.

Jinghai City, also known as the Capital of Devil, is the largest city in China. Before the end of the world, the total population has exceeded 25 million, so after the end of the world, the number of high-level zombies and super-high-level zombies in Jinghai City is not less than that of Kyoto City.

It is conservatively estimated that there are more than 3 million zombies above level 9 in Jinghai City, and the number of super zombies above level 15 exceeds hundreds of thousands, and even the level 20 zombies at full level may be thousands.

No matter how powerful Li Tian is, he has no ability to say that he can single out these millions of high-level zombies.

Moreover, the three corpses stayed in Jinghai City for much longer than any city in the earth world, so the strength of the zombies here is deeply rooted, and these zombies are more loyal to the three corpses.

The Army Soul Corps had sent members to Jinghai City many times, but the final result was a complete loss of contact.

In order not to get rid of the grass and startle the snake, Kobi has already put away the iron chains, and they are all wrapped around his left and right arms, as if they were pierced muscles.

Several figures flashed across the streets on the outskirts of Jinghai City, and from time to time those wandering zombies would suddenly die to the end. Naturally, this was the credit of the "Red Slash" controlled by Li Tian's mind.

Although the speed of Li Tian and others is fast, their advancing degree is not very high. There are too many zombies here, and the density of zombies has reached a terrible figure.

And this is because it is daytime. If it is night, then if these zombies come out, then it will be a more terrifying picture.

Li Tianzhi can choose to fly the mutant crow through the air, provided that Li Tian is not afraid of death, and he may be okay if he is not afraid of the super bereavement attacks in Jinghai City.

Li Tian, who was rushing, stopped suddenly, blocked Tang Xiaolong and Gao Bi behind him, pulled into an alley in the street, and said, "There is a situation ahead!"

The puppet beasts that Li Tian had fought in the New Kyoto City were the puppet beasts that appeared just five to six hundred meters ahead, and the puppet beasts riding on them turned out to be humans!

The humanity of the Agribusiness Association!

To be precise, these are humanoids, just like the original Tang Zheng, Zhou Guanjia, and Vice President Kang. Although they have preserved human skins and human thoughts, they have become puppets of corpses. , Humanoid puppet.

And the puppet beasts they rode are monsters grown by the corpse clan through planting. Puppets plus puppet beasts naturally increase their combat power. Li Tian felt that the team of twelve puppets and twelve puppet beasts was in front of him. It is definitely not weak.

"You cheer me up, Master Corpse said, Li Tian will definitely come to Jinghai City to rescue his little lover recently. If the one who doesn't have long eyes takes a nap at this time and becomes confused, he will let him go. Li Tian slipped out of our hands and didn't need Master Corpse to do it, I just plucked your skins!" said a forty-year-old core cadre of the former agricultural and industrial association.

"Hey, my lord is worrying too much. No matter how strong Li Tian is, can he still be the opponent of Lord Three Corpses? No matter how strong his personal strength is, can he still dare to go to Jinghai City to be wild? Now each of us is equipped with puppets Beast, according to what I said, we might as well go to the nearby city to clean up, maybe we still can plunder something to fill our pockets!" A puppet said with disdain.

The cadre puppet's face was full of anger, and said, "Asshole, don't you know that the attacks that have been launched by the Army Soul Legion, except for several large cities near Jinghai City, have basically been razed to the ground? And Lord Ghoul also suffered when fighting Li Tian..."

"Ahem! This is a high-level secret, as long as you know that Li Tian is definitely not the Li Tian of the past!" The core cadre puppet coughed quickly.

But at this moment, the puppet beast he was riding in suddenly stopped, his nose twitched a few times, and he looked vigilantly at the hiding place of Li Tian, Tang Xiaolong, and Gao Bi.

"There is a situation! You guys go and take a look!" the puppet cadre ordered.

The three puppet riders rode the puppet beasts and slowly moved towards the corner of the street.

"Who is there, come out quickly, otherwise don't blame us for being rude!"

No one spoke, except for the strange noise from time to time in the distance, it was quiet and terrible.

"Trash, damn, so many of us and puppet beasts are you ***** afraid of being an egg, go over and see what is going on, or I will kick your puppets!" The core cadre puppet was a little dissatisfied. Said.

Only then did the puppet riders speed up and rode the puppet beast to the corner of the street. He saw that the alley was empty and there were no mice.

"My lord, there is nothing? Is it the illusion of this puppet beast?" the puppet rider said.

The core cadre puppet also shook his head blankly, then reached out and touched the puppet beast under his crotch, and said, "Nothing, it should be an illusion!"

As soon as the core cadre puppet's voice fell, the puppet beast under his crotch suddenly raised his head and ran towards the alley. At this moment, the core cadre puppet saw a red light flashing.

Huh!

This red light flashed behind the three puppet riders who had relaxed, and the three puppet riders had been beheaded by the red light without any response.

In an instant, an iron chain was pulled out of the alley, and directly bound the three puppet beasts and pulled in.

boom!

boom!

boom!

Immediately after three loud noises, the corpse of the puppet beast flew out again and fell heavily to the ground, while the head of the powerful puppet beast was completely shattered, and the dark liquid followed the corpse. It kept flowing down, naturally it was already dead and couldn't die again.

"Quickly retreat! There is a situation!" The core cadre puppet suddenly turned the puppet beast's body and shouted.

At this moment, he saw Li Tian actually appear in front of him, Li Tian sneered and said, "Can you go now?"

Chapter 4114: :lead the way

"Li...Li Tian, how come you are here!" The core cadre puppet looked at Li Tian in surprise.

The corner of Li Tian's mouth turned upwards slightly, and said, "I should ask you this sentence. It is improper for human beings to be three-corpse running dogs. Is it so glorious to be a three-corpse running dog?"

There was a trace of embarrassment on the face of the cadre puppet, but he soon returned to normal, but there was a trace of pride on his face, and said: "For a cultivating genius like you, you will never experience ours. The pain of waste, you can reach the same level of strength as the Three

Corpses in less than a year, but what about us? Even if we keep cultivating, we will end up being slightly stronger than ordinary people. ."

"But it's different with the Three Corpses! Have you seen it? We have been following Master Corpse for less than two months, and our strength has been greatly improved. At least now, even the level 15 zombies appear to me. In front of him, I am not afraid at all."

"Also, have you seen the puppet beasts we are riding? These are also equipped for us by Lord Zombie. We puppet riders are the key training objects of Lord Zombie. In the future, our strength may exceed twenty. Grade zombies, become the masters of the future world!"

"Li Tian, I know your strength is very strong. If you want to become stronger, maybe you can consider cooperating with Lord Three Corpses. They also control the way to another heavenly world, Lord Three Corpses said As long as the overall strength of our earth world can reach level 20 zombies or above, they will open this channel at that time, giving us the opportunity to enter another world too!"

There was a sneer at the corner of Li Tian's mouth. The passage mentioned by the three corpses was the gate of the forbidden area. If Tianshan was in the hands of the three corpses, and their urinary nature waited for their strength to reach the realm of the venerable, maybe They would really do this, and then these zombies on the earth world would become their bargaining chips. Although they didn't have the courage to challenge the domain master, it was still possible to establish two kingdoms of venerables in the underworld.

But their ideas are destined to be shattered.

Because the Tianshan Mountains are now Li Tian's private property, and the gate of the restricted area will be guarded by the Tianmen, it is absolutely not allowed for anyone other than Li Tian to get involved.

"I'll give you a chance. You will show us the way, take us to the place where the three corpses are, and I will spare you not to die, otherwise..." Li Tian deliberately stretched his voice, and at this time he had already controlled "Hong "Slash" continuously flashed several red lights to directly behead the remaining puppet riders.

As for those puppet beasts, they became the prey of Tang Xiaolong and Gao Bi.

"You...you..." The core cadre puppet knew about Li Tian's cruelty when he was still a cadre of the Agriculture and Industry Association, and now that Li Tian's killing of these puppet riders proved that Li Tian was still cruel.

"Okay! I'll take you there. But I will tell you clearly in advance that my status in Jinghai City is still relatively low. The scope of the Three Corpses that allows me to move is also in Dingjia District. I can bring you to Red Deer at best. Town, as for the rest of the road, you can only rely on yourself.

"it is good!"

But the next second, Li Tian's mind moved, "Red Zhan" had already pierced the manic puppet beast under his crotch, and the core cadre puppet fell directly from the puppet beast!

"I killed this little animal who dared to grin at me. Don't worry, as long as you can bring us to Red Deer Town, I will never treat you like this!" Li Tian said.

Although Li Tian is not a road silly, but now is the end of the world, and there are no public transportation, taxis, etc., if you want to avoid detours in Jinghai City, it is better to find someone to lead the way.

Seeing that Li Tian's mind would kill a puppet rider or a puppet beast, the face of that core cadre puppet was sweaty.

He was afraid that Li Tian would kill him, but in his heart he was even more afraid of the Three Corpses.

Li Tian is a human being, and there will be some human ideological limitations, and there will be times when he can't bear it, but the three corpses are not limited by this.

A mourner of Yin and Yang gate was once found in Jinghai City. The corpse was used as fertilizer and planted a puppet beast. The mourner was howling painfully for a whole week before he was completely beheaded.

The mourning soldiers made painful howls, which shows the terrifying nature of the three corpses.

"No, I have to find a way to get rid of Li Tian, otherwise if the Three Corpses know that I was carrying Li Tian, I will definitely not end well by then!"

"Malu Town, after passing the Red Deer Town, it is the area controlled by Chairman Zhou. Perhaps Chairman Zhou will help me in the face of being a cadre of the Association of Agriculture, Industry and Commerce!"

With the guidance of this core cadre puppet, Li Tian and others were never attacked by other zombies. Those zombies retreated to the side after seeing Li Tian and others.

"Hey, it's no wonder this kid is going to take refuge in the three corpses, little boss, do you see this kid's majesty, those zombies will hide and tremble when they see him." Tang Xiaolong said with a smile.

Li Tian said: "Xiaolong, don't be blinded by the illusion in front of you. If I'm not mistaken, the zombies have already passed on the news of our coming to Jinghai City. And there is more or less credit for this kid. !"

"No...no..., Master Li Tian, I have been controlled by you all the time, so how can I communicate with them? Master Li Tian, don't worry. In Jinghai City, all zombies have strict gratitude for the territory. , The zombies here have no right to go to other areas!" The core cadre puppet immediately explained.

Tang Xiaolong smiled and said, "Boy, since we come to Jinghai City, we won't be afraid of zombies!"

"That's right, if the three corpses can be brought here, we will find them in the province!" Kobe also said with a smirk.

With this kid leading the way, Li Tian and the others did not take a detour. It took less than half an hour to cross the Dingjia District and arrive at Malu Town.

Walking into the town of Red Deer, the core cadre puppet repeatedly begged Li Tian to let him go, but Li Tian did not agree to him. Instead, he took out a map and said: "Now tell me how we should get the best. Get to the city center quickly, can you see the three corpses?"

The core cadre puppet looked at the map and pointed a road and said, "As long as you go down this road, it will be the Putuo Mountain area, and it will not be far from the city center! Now, you can put...let me..."

Huh!

Li Tian's mind moved, "Red Zhan" cut off his head directly!

"Brother God, how can you say nothing? Didn't you say you want to let him go?" Gaobe asked innocently.

Li Tian smiled slightly and said, "Soon you will know why I am not talking."

Li Tian shouted at the empty street: "Come out, don't hide this anymore, quickly solve the battle, we have to hurry!"

Chapter 4115: :Goodbye! Chairman Zhou (1)

As soon as Li Tian's words fell, thousands of zombies emerged from behind the buildings on both sides of the main street of Red Deer Town. These zombies continued to increase like a tide, and the leaders of these zombies were defectors. Zhou Chairman of the Agriculture and Industry Association.

At this time, President Zhou was riding a pure white mourning horse, and he was also wearing a pure white robe, with a big hat on his head, and a red feather coquettishly woven on the hat.

Behind the tall horse on which President Zhou was riding, there were two rows of twenty-four puppet beasts, and the riders on these puppet beasts were also the members brought by President Zhou from the Association of Agriculture and Industry.

"Li Tian, we meet again!" Chairman Zhou said with a sneer.

Li Tian knew that Chairman Zhou had defected to humans and took refuge in the Three Corpses, but he did not expect to see Chairman Zhou in this situation: "It turned out to be you!"

"Yes, it's me! Li Tian, have you seen these zombies under my hand? But they are all zombies above level twelve, there are a total of 10,000 zombies above level twelve, isn't it very exciting? Isn't it envious?" Chairman Zhou said in a glaring manner.

For Chairman Zhou of the Association of Agricultural Industry and Commerce, although he took charge of the entire Association of Agricultural Industry and Commerce after Tang Zheng, his personal cultivation is limited after all, and the strength of the members of the Association of Agriculture Industry and Commerce under his management is also weak. Now let him take charge of it all at once. With 10,000 zombies above level 12, his heart naturally swelled.

Li Tian really felt jealous when seeing Chairman Zhou when his enemies met. Had it not been for this kid to confuse the citizens of Kyoto City, Li Tian would not have been deported.

Li Tian sneered, shook his head slightly, and said disappointedly: "You are improper, the chairman of the dignified Agricultural and Commercial Association, and you have come to be the leader of these zombies. Housekeeper Zhou, you are really getting back alive! "

"Li Tian, what qualifications do you have to teach me? I was only willing to take the risk to become the president of the Agricultural and Commercial Association, so that I can have today. Now my goal has been achieved. I have become the puppet of Master Corpse , With the immortal body, and

with this great right, as long as the three corpses dominate the world, my status will be higher than that of the king before the end of the world!" President Zhou said with a cold expression on his face.

Li Tian couldn't help shaking his head again. It seemed that Chairman Zhou, like the core cadre puppet just now, had been brainwashed by the Three Corpses.

"Li Tian, are you here to save Tang Feifei? Hahaha, it's too late. When Tang Zheng chose to follow Lord Three Corpses, he had already pushed Tang Feifei into the fire pit. No matter who it was, it was impossible to stop him. Master Corpse's transformation of Tang Feifei's puppet body!"

"Tang Zheng can't, of course you can't! Li Tian, I know you are very powerful. I don't know if you can kill all the 10,000 twelve-level zombies with your two trash brothers? Maybe you are true. Yes, then you can play slowly, and I will collect tens of thousands of zombies for you to continue playing with you!" said President Zhou.

Said Chairman Zhou turned his horse's head, turned and left.

"Want to go? Since we met, then don't think about leaving again!" Li Tian cast a teleport, moving more than ten meters toward the position of President Zhou, and there was already a spear of heaven in his hand. .

But Li Tian's teleportation did not catch up with Chairman Zhou, his body appeared among the corpses of zombies.

The expressions of those zombies were taken aback, and immediately fell into madness, and hundreds of long bones stab Li Tian at the same time.

"Kill Li Tian, whoever kills the three corpses will be rewarded. You can eat the twentieth-level zombie crystals, and you want as many as you want!" The puppet riders on the puppet beast shouted loudly.

In an instant, the entire Red Deer Town was already boiling, and tens of thousands of zombies flocked to Li Tian, Tang Xiaolong, and Gao Bi like a tide, and the battle was about to start.

The Heavenly Qiong Spear in Li Tian's hand was constantly shaking, and the purple arc on the Heavenly Qiong Spear wandered and poured into the bodies of those zombies, and a violent explosion immediately occurred.

See clearly, here is a purple arc, not a purple electric snake.

Now Li Tian's veins are fully recovered. Li Tian's veins contain purple arcs. As long as Li Tianyi casts Qingyun, these purple arcs will be automatically released, just as natural as Li Tian's breathing.

The stick is large, and the gun picks a line.

The level 12 zombies in front of Li Tian kept falling to the ground, even after falling to the ground, the bodies of these zombies would explode slightly, making these zombies completely incapable of action.

The "Red Slash" controlled by Li Tian's mind cooperated with Li Tian, continuously beheading other zombies behind Li Tian, ensuring the safety behind Li Tian.

On the other side, Tang Xiaolong was excited.

He was completely surrounded by zombies, hundreds of zombies rushed in front of him, pressed him out with the body of the zombies, and constantly pierced his body with bone spears.

"Hahaha, don't you guys have milk? Can't you work harder?" Tang Xiaolong said with a smile.

These zombies are considered to be relatively high-level in the zombie world, but their attacks are completely ineffective for Tang Xiaolong, who has already used ten-fold refining.

Tang Xiaolong exerted force fiercely, and the zombies pressing on him immediately flew up.

drink!

Tang Xiaolong burst into a drink, his body like black lightning, constantly shuttled among the zombies, his fists fell on those zombies like raindrops.

boom!

boom!

There were constantly zombies that were bombarded by Tang Xiaolong and flew out, and then exploded in the air, and the black mucus and the rotten skin of the zombies continued to fall.

Within twenty meters of Tang Xiaolong's body, there was not a single zombie that could rise up in combat unharmed.

Kobi's strength is not bad, but Kobi is gradually exhausted in this tide of zombies. His iron chain has been broken several times, and Kobi kept twitching the iron chain with his arms.

As the chains continued to flash red light, the heads of the zombies that were drawn shattered like watermelons.

At this time, among the crowd of zombies crowded in the main street of Red Deer Town, a red light suddenly appeared, and this fire light swallowed hundreds of zombies in an instant.

Immediately, the ground of the street gradually turned black, and five or six figures appeared in the street.

Situ Ningbing, Xueji, Little Hotpot, Long Yin, Huangfu Kunpeng, and Old Man Wuji were all sent out by Void Yasha, and then there was constant pressure falling from the sky in the sky, completely controlling the zombies on the whole street.

Huangfu Kunpeng said to Li: "Li Tian, it's handed over to us. These 10,000 zombies are not enough for us to kill. Go chase President Zhou! Today you must not let go of his human scum!"

Chapter 4116: :Goodbye! Chairman Zhou (2)

Li Tian nodded slightly, and went to chase Chairman Zhou.

These people were brought out by Void Yasha, and Void Yasha could see Li Tian's every move outside. When Void Yasha told Huangfu Kunpeng and others about President Zhou's news, Huangfu Kunpeng and others immediately fry the pot.

Chairman Zhou!

This traitor!

Must die!

The sentiment was so enthusiastic that Xukong Yacha took the initiative to bring Huangfu Kunpeng and others out.

The suspense was lost in the battle.

Six people at the same time cast these twelve-level zombies as if they had been cast a fixation technique, and the rest of the work was as simple as a farmer uncle harvesting the wheat in the wheat field.

As soon as Huangfu Kunpeng and others appeared, Chairman Zhou had already discovered that the situation was not good, but he did not know that there were so many masters hidden in the space of Void Yasha, otherwise he would never have a fluke mental ride in his heart. The horse walks so slowly.

In less than half a minute, Li Tian's continuous teleportation was able to catch up with Chairman Zhou.

With a move of mind, Li Tian's "Red Slash" flew directly to the back of Chairman Zhou from a long distance.

Huh!

A red light flashed, and Chairman Zhou seemed to be aware of the threat. He slapped the lost horse on the back with both palms, and his body jumped up, and the lost horse under his crotch was "red-cut". Cut in half.

"Li...Li Tian, how can you get out so quickly? Don't you care about your brother's life or death? There are 10,000 level 12 zombies in Red Deer Town!" President Zhou said in surprise.

Li Tian sneered and said, "Don't say it's 10,000 level 12 zombies, even if there are tens of thousands more, I can kill them in seconds. Housekeeper Zhou, it's already late autumn, and it should be settled after autumn!"

Speaking of Li Tian, he had already controlled "Red Zhan" with his mind and slashed towards Chairman Zhou again.

The blade of light flashed, and Chairman Zhou retreated steadily.

Although he is now a puppet of the corpse, and his strength has reached the level of a 20th-level zombie, compared with Li Tian, it is not a grade at all!

Li Tian controlled "Red Zhan" to slash President Zhou continuously, holding the Qiong Spear of the sky in his right hand, and constantly attacking President Zhou with Xuantian **** on his left hand.

Chairman Zhou was originally inferior to Li Tian in strength, and now it seems that he is fighting two Li Tian at the same time, so naturally there is no way to fight back.

In less than a minute, there were seven or eight holes in President Zhou's body, and his arm was also cut off by "Red Slash".

President Zhou fought while running away, but Li Tian chased him like a tarsal maggot, and he didn't even have a chance to escape.

"Li...Li Tian, you can't kill me, don't you want to save Tang Feifei? I can take you to find Tang Feifei! I know the layout of zombies in Jinghai City, as long as you spare me not to die, I can take

You arrive in Jinghai city center quietly, and you will be able to see Tang Feifei!" Chairman Zhou began to beg for mercy.

Li Tian sneered, and a teleport appeared behind him. The Qiong Spear in his hand suddenly pierced Chairman Zhou's body from the back of his vest.

Looking at the Qiong Spear of the sky coming out of his chest, President Zhou showed a painful expression on his face, and said grimly to Li Tian: "Li...Li Tian, you will regret it..."

"Regret? I didn't kill you when I was in Kyoto City. That's what I regret most!" Li Tian said.

If it hadn't been for Chairman Zhou's betrayal of human society to take refuge in the Three Corpses, Tang Feifei might still be in the Eastern Sea Island country and would not be caught by the Corpses.

"Goodbye! Chairman Zhou, if you have a chance to meet me in your next life, you must stay away from me, otherwise I will kill you again to relieve my hatred!"

Zizi!

Two purple electric snakes suddenly emerged from Li Tian's arms. If you look closely, you will find that these two purple electric snakes are not only much longer and thicker than the previous purple electric snakes. There was another small horn on the top of the purple electric snake.

This is no longer an electric snake, but more like a python.

And if the two little horns grow out completely, it will be Jiao!

This is exactly the result of Li Tian's practice this time because of a blessing in disguise.

These two purple electric pythons drilled into the body of President Zhou along the Qiong Lance of the Sky. The wound that pierced the Qiong Lance of the Sky instantly seemed to be the center of a piece of paper ignited by fire, and they began to die quickly. Three seconds later, Chairman Zhou was completely wiped out.

After killing Chairman Zhou, Li Tian returned to Red Deer Town again.

At this time, the battle in Red Deer Town had just ended. Ten thousand zombies above level 12 were all beheaded, and the corpses of the zombies piled up to spare Red Deer Town three times.

"Li Tian, how about President Zhou? It's not because he let him go?" Huangfu Kunpeng came over and said.

Li Tian shook his head and said, "No, he has been killed by me!"

"Haha, that's good! This **** traitor, if he hadn't taken refuge in the Three Corpses and the Agricultural and Commercial Association was still there, we humans would not have fallen into the food crisis so quickly! Now he is dead, as long as we Killed the three corpses and rescued Tang Feifei and everything will be complete by then!" Huangfu Kunpeng said.

Li Tian chatted with Huangfu Kunpeng and others again, and sent them all into the space of Void Yasha.

Coming to Jinghai City, Li Tian needs to face the three corpses, and face millions of high-level zombies. Li Tian must have his own assassin, and Huangfu Kunpeng and others are his assassins.

Once the battle started, if Li Tian brought Huangfu Kunpeng and others out suddenly, he would be caught off guard. At that time, Li Tian and others could take the opportunity to expand the battle and kill one or two of the three corpses.

And if this assassin was spotted by the Three Corpses in advance, the effect would be greatly reduced.

Of course, Li Tian can also send the three corpses to the space of the Earth Xing Yaksha and the Flying Yaksha separately, but a powerhouse of the level of the Three Corpses is likely to be able to destroy the walls of the space. The turbulent flow of the void would swallow the entire space, which would send a few small Yasha into danger.

Of course, if Li Tian didn't have the void space of Void Yasha, then his strength would be greatly reduced.

"Chairman Zhou has been beheaded, maybe I will meet Vice Chairman Tang Zheng and Kang soon! But this time I won't let you go again, even if you are Tang Feifei's father, I will definitely not let go of you!" Li Tian said to himself.

Li Tian also sent Kobi into the space of Void Yasha. At this level of battle, Kobi is already a little strenuous. Kobi just wants to avenge the tyrant Gaogang, so wait until Li Tian is in full control. In the situation, you can leave the chance of killing the three corpses to Kobi.

Chapter 4117: : Tang Zheng is coming

Walking all the way from Malu Town to the southeast, Li Tian and Tang Xiaolong deliberately avoided the zombie patrol in Jinghai City. When night fell, they finally reached the Putuo Mountain area.

Li Tian was not picky. He chose a hotel building that seemed relatively high-end at random, and then went all the way to the hotel, emptied the zombies in the entire building, and brought Huangfu Kunpeng and others out to rest.

"Tonight, we will have a good rest here. If nothing else, we will be in the center of Jinghai tomorrow, and we will face the three corpses directly." Li Tian said.

Li Tian arranged Feitian Yacha and Dixing Yacha to be responsible for the security of this building, and then he walked to the top of the building and sat on the ground to start practicing.

...

Jinghai City, a skyscraper dominated by the Three Corpses.

This is completely different from half a year ago. The building was cleaned and clean. After night fell, the whole building was brightly lit. This skyscraper became the only highlight of Jinghai City at night.

On the top of the building, this is the restaurant dedicated to the Three Corpses. The huge crystal chandelier makes the entire restaurant look brilliant, giving people a very luxurious feeling.

On the leather seat, the ghoul had a gloomy face, and the knife and fork in his hand kept cutting a piece of internal organs on the plate in front of him. The internal organs were still steaming. As the ghoul kept cutting, blood kept coming from here. Flowing out of the liver.

This is a piece of human heart.

The ghoul savagely cut these hidden pieces into pieces, and then put them into his mouth, chewing with big mouthfuls, blood flowing down the corner of his mouth non-stop.

"Hey, ghoul, it seems that the last time you failed in the fight with Li Tian gave you a shadow in your heart. Why did you hear that Li Tian has now entered Jinghai City, you have become so restless," said the corpse. .

The corpse soul is the tall beauty. She is wearing a black low-cut dress, deliberately revealing a white spring light on her chest. A black short skirt barely covers her plump buttocks, and she can show her when sitting on a high chair. The two legs are slender.

At this moment, the corpse soul was holding a red wine glass, and as she swayed the red liquid in the wine glass, the corpse soul's face showed a greedy and longing expression, and then drank the liquid in the wine glass, and greed Use your tongue to lick the liquid hanging on the inner wall of the red wine glass.

"Fart! If it wasn't for you to be a beauty, I would have beaten your ass!" The ghoul threw the knife and fork, reached out and grabbed the heart, and stuffed it directly into his mouth, vague. Clearly said: "Li Tian has been poisoned by my ghouls. Even if he is not dead, I am afraid he will be attacked badly. Next time I meet him, I must eat his heart as a snack!"

"Yeah, Zhang Nengbati is going to spank my ass. Hehe, I'll give you this opportunity, do you dare?" The corpse held the high chair with both hands, and deliberately twisted her **** against the ghoul. A few times, the whole look was full of temptation.

The ghoul's face was full of embarrassment, he let out a cold snort, and continued to chew the heart in his hand.

Not to mention that the ghoul is now damaged, even before the damage, the ghoul does not have the strength and courage.

The dwarf melon, the scabied corpse greedily stared at the corpse's buttock, licked his lips with his tongue, laughed a few times, and said: "Soul, don't stimulate the corpse anymore. The current ghoul's cultivation level has fallen to the third level of the cultivator, and he has no courage to act on you anymore."

"Hey, if you don't mind, I'm willing to help!" The corpse has jumped off the sofa and chair, moved to the soul, and stretched out his hand to touch the white flaws of the soul. leg.

"Go away, my old lady is not interested in you!" The corpse soul kicked directly on the body of the corpse, kicking the corpse away like a ball.

The corpse is not angry, and the corpse still has an admiration for the corpse. In front of the corpse, he has no bones. If the corpse hits his left cheek, he will be happy to move his right cheek up and let the corpse come. Hit, as long as the corpse soul is happy.

Three corpses have been playing jokes for thousands of years, but they still enjoy it.

Shipa stood up and patted his body, and said, "You are interested in Li Tian, but you are going to do it? If you don't do it again, once Li Tian really gets here, then there will be no chance for you. "

"Don't irritate me. If you irritate me again, I will go to Li Tian tonight and bring Li Tian to the Fa-rectification. If Li Tian can take care of me, maybe my old lady will become Li Tian's person. Time to turn around and kill both of you!" said the corpse soul.

The corpse laughed again and said: "If you want me to die without regret, it has always been a dream in my heart to die in your hands! But...but...if you can let me die before If you go, I will really die without regrets!"

Squeak!

The ghoul picked up the knife on the table and slid the tip of the knife on the plate in front of him, making a sound that made goosebumps fall. He sneered and said: "Li Tian belongs to my ghoul! No one can stop me from revenge against Li Tian!"

"Hey, I know you want the Red Sword in Li Tian's hands, but don't forget our original agreement that whoever kills Li Tian will go to the Red Sword!" said the corpse.

Saying "Red Slash", the laughing expression on the face of the Soul Soul just disappeared, replaced by an extraordinarily serious and serious look.

"Li Tiantian guards Baoshan without knowing it. The current Red Slash's power is less than one percent. The Red Slash was a demon weapon that even the domain master was afraid of!" said the soul.

"Yes, it's a pity that the seal on the Red Slash is a domain master-level seal. With our current cultivation base, the seal cannot be completely unlocked. Last time I was in Kyoto City, I just solved the weakest one on the Red Slash. It's just a layer of seal, I am afraid that the current Red Slash has become very powerful!" said the ghoul.

"How powerful is it? Isn't it the thing in the bag of our three corpses in the end? Just like Tang Feifei who Li Tian carefully guards, isn't it a puppet of the corpse in the end?" said the corpse.

Having said this, the corpse soul cast a winking eye at the corpse, and said with a charming face: "You already have Tang Feifei now, and waste like Tang Zheng is useless, why don't you let Tang Zheng and the others Do these trash puppets cause Li Tian to make some trouble?"

"Hey, Tang Zheng and the others have already set off. This time I asked Tang Zheng to lead fifty level 20 zombies, and my puppet beasts with strength above level 20 were also taken away by them for more than a hundred. Only! Maybe now they have found the hiding place of Li Tian and others!" said the corpse.

Chapter 4118: : Vaccination

What a beautiful night!

Li Tian kept breathing and exhaling, allowing the spiritual energy in his body to wander through the veins.

After these days of continuous practice, Li Tian has become accustomed to the current context, and also used to the small fishes in the pond now. The only thing that makes Li Tian a little uncomfortable is that the small fishes have turned into purple electric dragons. After that, Li Tian controlled these powers.

Because Li Tian knew that these little fishes were formed by the condensation of spiritual power in those ponds and veins, even if Li Tian's veins became wider at this time, the total amount of spiritual power in the pond was still limited, especially when it was necessary to face and In the battle of the three corpses, Li Tian still has no extra spiritual power to waste.

call!

Li Tian breathed out a stale gas again, and there was a little purple arc in the stale gas.

"Boy Li Tian, hurry up and put away your proud face! Now the reason why the stale air you breathe while practicing has a purple phone, which only means that you have not fully controlled this power. , It's not that you are already shining and shining now." Li Tian just showed a satisfied smile on his face, he was shocked mercilessly by the little hot pot.

"Why are you up here?" Li Tian asked as he looked at Little Hot Pot and Situ Ningbing and Xue Ji.

The little hot pot smiled slightly and said: "I am very anxious to see that these powerful people in your earth world are constantly breaking through and have reached the realm of cultivators! So I wondered if I could find a place to practice cultivation, I didn't expect to watch it when I first came up. To your face."

Little Hot Pot's heart is full of envy for Li Tian.

People are really ***** better than people, shop around should be thrown away.

The little hot pot watched Li Tian cross the threshold of the trainee level, and then watched Li Tian catch up with his cultivation level step by step and surpass his cultivation level. Now Li Tian's cultivation level has reached. Cultivator of the seventh level, if according to Li Tian's perverted talent and luck, I am afraid that Li Tian may not be far from reaching the ninth level of the apprentice or even the rank of the venerable.

Of course, the speed of cultivation has a lot to do with the average life span of each race.

For example, the Yanhuo tribe of the small hot pot, their average life span is more than ten thousand years, and the lifespan of a strong person like the small hot pot who has reached the realm of cultivators will double again, and those who reach the realm of the venerable will also Doubled again.

So it is excuse for them to be slow in their cultivation, and like human beings, their life span is only less than a hundred years. If the cultivation speed is slow, then they will never be able to reach the realm above the venerable.

And like the Void Spirit Race, the life span of this race is almost eternal, so basically they can't practice, they can only exist as skilled craftsmen.

As for the corpse clan like the three corpses, their life span is also very long, but this corpse clan had to face the devouring of a more powerful corpse clan at the beginning of its birth, so it is actually very difficult for their race to survive. Yes, the natural cultivation speed is faster than the Yanhuo clan.

"Li, don't listen to the small hot pot nonsense. Now Tang Xiaolong, Huangfu Kunpeng, etc. are all cultivating, and no one is amused by him. He is really bored and wants to talk to you!" Situ Ningbing said.

"Hey, it seems like I don't need to practice! Didn't you see? I am also focusing on cultivating!" Li Tian said.

Xue Ji sat beside Li Tian and said, "Yes, you have to practice too, but you can do three things with one heart, even if you chat with us, I know you will practice again!"

"Well, what do you want to do with me? Wouldn't it really just come to chat with me?"

Little Hotpot glanced at Situ Ningbing and Xueji, and said, "Li Tian, maybe the life span of our Yanhuo clan is too long. All of our Yanhuo clan view family affection relatively lightly, as I said before, I have An elder sister is at the rank of nobleman, but even if I die in the earth world, my elder sister will not care about me!"

"What then?" Li Tian asked.

There are words in the words of this little hot pot, and Li Tian can feel that these words will definitely not be the words of the little hot pot who are willing to take the initiative to say them. I am afraid that Situ Ningbing or Xue Ji taught him to say it in all likelihood.

"Then...then there is no more!" Little Hot Pot said.

Situ Ningbing glared angrily at the small hot pot, and then said to Li Tian: "Li, I actually let the small hot pot come to you! This time after Tang Feifei was captured by the corpse, although you were calm , But I know you are a person of love and justice."

"Among our sisters, you treat me, Xueji, Duanmuying, Tang Feifei, and Ouyang Shiqing equally, even those sisters you haven't found, you also like it! If you don't say it, it doesn't mean you Don't care. The more you do this, the more it seems you don't care, but the more you can prove your concern!"

The smile on Li Tian's face disappeared, and he said, "What do you want to say?"

"Li, when I was on the North Island of Dongying Island, I already knew that my previous life was the female domain lord. I don't know why I appeared in the earth world, why I met you. But what I want to say is, this It's all arranged by God."

"After we defeated the Three Corpses, we must go to the Underworld. I will find some memories that belong to me, and you will also find things that belong to you. But what about Don Feifei? She is just a little girl from the earth world. That's it, she can't go to the Netherworld with us!" Situ Ningbing said.

"I understand, but I can't just watch her become a puppet of the Three Corpses, right?"

Xue Ji said: "Li Tian, have you ever thought that maybe Tang Feifei has become a puppet of the Three Corpses?"

The expression on Li Tian's face was slightly stagnant.

In this situation, Li Tian had thought about it a long time ago, but he was unwilling to admit it.

"Li Tian, if, I mean, if Tang Feifei has become a puppet of the Three Corpses, and then the Three Corpses will use Tang Feifei to deal with you, how will you solve it? Then how will you deal with it?" Xue Ji said.

This is their true purpose for coming to Li Tian tonight.

This situation is entirely possible. It happened to Ouyang Shiqing once before, so they have to give Li Tian a vaccination to prevent Li Tian from being at a loss, and finally let the three corpses have a chance.

Li Tian was silent for a long time, maybe ten minutes, maybe half an hour, but in the end he shook his head and said, "I want to be quiet. Let me be alone for a while!"

Situ Ningbing and Xue Ji both held Li Tian's arm tightly, but said nothing, and turned and walked down with the small hot pot.

No one can help with this kind of thing, only Li Tian can overcome it by himself!

"Tang Feifei..."

Chapter 4119: : The battle begins

Just as Li Tian was still thinking about facing Tang Feifei after becoming a puppet, Li Tian suddenly saw a group of crows flying up in the dark sky in the distance, and then other bereaved birds also flew up. .

"Master Li Tian, a large group of super-senior zombies are coming! The only one is Tang Zheng, the former president of the Agriculture and Industry Association!" Feitian Yacha immediately issued an early warning to Li Tian.

Li Tian jumped up suddenly, rushed downstairs, and sent all the Huangfu Kunpeng who was cultivating into the space of Void Yasha, leaving only Tang Xiaolong alone.

Huangfu Kunpeng and others are Li Tian's killers, so Li Tian will never let Huangfu Kunpeng and others be exposed if he is not a last resort.

Li Tian came to the window, and through the window, he saw zombies flashing around the building. Most of these zombies were above level 12, and super-senior zombies above level 15 were everywhere.

A flock of bereaved birds flew over in the sky. The wings of these bereaved birds were more than two meters long. In terms of their size, they were already larger than Li Tian's mutant crows, unless the mutant crows turned into a big Peng state.

"Hey, it really saves me Li Tian. I just killed 10,000 level 12 zombies during the day, and now there are so many super-advanced zombies. Oh, there are also level 20 zombies. The number of level 20 zombies is still That's a lot. Tsk, if it weren't for Li Tian, I would really be afraid of you!" Li Tian said to himself.

"Little boss, the number of zombies probably doesn't have to be the number of zombies who attacked Nanhuai in the first place? And the level of these zombies is obviously higher. Could it be that the three corpses are here?" Tang Xiaolong asked.

Li Tian shook his head and pointed in a direction in the dark and said, "Did you see that person? He is Tang Zheng! He is the president of the Agriculture and Industry Association. However, the number of zombies brought by Tang Zheng's generation is indeed a lot. There are so many zombies on the sky, and there are still zombies in the sky. It may be a little difficult for us to break through. So Xiaolong, we must guard this building! Then look for opportunities!"

Tang Xiaolong nodded heavily.

In fact, it is not very simple to stick to this building.

This building has more than one entrance, so there is definitely no way to guard the first floor. The responsibility will become the situation where Li Tian and Tang Xiaolong are surrounded by zombies.

But the two sides of this building also have a fire exit, so if you want to guard this building, you must guard both fire exits.

But also because Tang Zheng also brought a lot of zombies this time, these zombies can fly to the top floor with zombies, and the result of this is that Li Tian and Tang Xiaolong are surrounded by zombies.

"Xiaolong, let's go to the top and only guard the top!" Li Tian said.

Tang Xiaolong nodded again.

Tang Xiaolong believes in Li Tian. He only needs to do what Li Tian said. Anyway, he knows that these zombies are very difficult to break through his ten-fold refining body. He also believes that Li Tian must have a way to deal with these zombies. of!

Li Tian and Tang Xiaolong went directly to the top floor of the building.

There is only one passage from the 22nd floor to the top floor, which makes Li Tian and Tang Xiaolong easier to guard. The only difficulty is the attacks and attacks of the bereaved birds, and the beasts that can be brought up from downstairs. Zombies.

As soon as Li Tian and Tang Xiaolong appeared at the top level, they immediately became the targets of the bereaved birds. The beasts uttered a crisp cry in the sky and immediately spread their wings, rubbing their sharp claws and flying towards Li Tian and Tang. Xiaolong.

Tang Xiaolong immediately used ten-fold refining to resist these bereaved attacks, but Tang Xiaolong's iron fist was powerful, but it was difficult to attack these winged guys.

However, Li Tian does not have the strong body of Tang Xiaolong, so he can only use teleportation to avoid the attacks of these bereaved birds. At the beginning of the battle, Li Tian and Tang Xiaolong looked embarrassed, and there were beasts everywhere on the top of the building. Li Tian and Tang Xiaolong didn't even kill the birds.

"attack!"

Under Tang Zheng's order, the zombies swarmed up, and in an instant, hundreds of zombies rushed into the lobby of the building, and the safety doors of the fire exits on both sides of the east and west were destroyed by these zombies from the outside in an instant.

The speed of these zombies is extremely fast, but the number of these zombies is really too much, which limits the speed of these zombies. Originally, climbing a floor at the speed of these zombies would never exceed five seconds. Now these zombies are crowded in At the same time, the speed of ascending one floor has been slowed to more than ten seconds.

However, more and more zombies came to the fore, and soon the first group appeared among the zombies who climbed the building, and these zombies threw away the crowded zombies behind at least three floors!

There are also some zombies above level fifteen who have taken a different approach. Their limbs have turned into sharp white bones and thorns, and they have started to climb from the outer wall of the building, just like Spider-Man walking on the Internet.

"Li Tian, let me see how you escape from the attack of more than one million zombies!" Tang Zheng said with a sneer looking at the building that had been slightly shaken by the influx of zombies.

On the top of the building, Tang Xiaolong and Li Tian were still fighting these beasts.

"Hey, these bereaved birds finally relaxed their vigilance and attacked me and Xiaolong! This is the best, now let you **** Li Tian's counterattack!" Li Tian, who had been using teleportation to escape, suddenly stopped. Coming down, with one heart and three uses, his left and right hands simultaneously used Xuantian fingering, and his mind controlled the "Red Slash" while attacking these beasts.

Huh!

Huh!

Red lights flashed, and these bereaved birds continued to fall from the sky. Either the wings of these bereaved birds were directly cut off, or their heads were directly cut off.

boom!

boom!

The Xuantian **** performed by Li Tian was flawless, and the heads of these bereaved birds were constantly shattered by Li Tian's Xuantian fingering.

These bereaved birds felt that the situation was not good, and they wanted to escape. At this moment, dozens of pressures suddenly fell in the sky, and they directly caused these bereaved birds to press on the ground, even if they had wings. Immobile.

"Little Dragon! Do it!" Li Tian shouted.

Tang Xiaolong, who had already suffocated his anger, kept falling on these bereaved fists. With every punch, these bereaved birds turned into a pile of mud, and naturally they couldn't die anymore.

And Tang Xiaolong's power is also in place. The power used is only to beat these bereaved birds into mash, and will not cause the top of the building to collapse because of excessive brute force.

In less than a minute, a piece of bereaved poultry that had been crushed in black just now turned into a pile of black meat.

Before Li Tian and Tang Xiaolong had time to rest, the zombies' gasps and footsteps had already been heard from the stairs, and there were also zombies in the distance that had climbed to the top of the building by climbing the outer wall.

"Xiaolong, you guard the exit of the stairs, and I will deal with other zombies!" Li Tian shouted.

Chapter 4120: : Winter is here (1)

The hazy moonlight has no sense of beauty.

Tang Xiaolong used the ten-fold refining to guard the exit of the stairs.

Two Level 12 and Level 3 zombies rushed up first. At the moment they saw Tang Xiaolong, the legs of these two zombies rushed towards Tang Xiaolong as if they were pressing springs. Their arms instantly It became a long bone thorn or a white bone knife slashed towards Tang Xiaolong's head.

Tang Xiaolong sneered. He didn't retreat and couldn't move forward. When the bone thorn and the bone sword slashed on his head, he suddenly exerted force, bang! boom! Two fists hit the two zombies.

How did the two zombies fly up to Tang Xiaolong and make them fall again, and the bodies of these two zombies that withstood Tang Xiaolong's iron fist sank in an instant, and the bones and hair of the whole body made a cracking sound.

As for whether these two zombies died or not, there was no need for Tang Xiaolong to continue worrying. The zombies rushing up behind instantly trampled these two zombies into mud.

At least eleven or two zombies rushed up this time, and most of these zombies were of level 13 or 4, and there was even a level 15 zombie.

However, Tang Xiaolong did not retreat but moved forward, with his legs on the ground a little, and directly dived toward the zombie on the stairs.

Tang Xiaolong's shells were in time, and they were still invulnerable. The long bones of those zombies pierced Tang Xiaolong's body like raindrops, but a metal-like crash was heard. Then these zombies were punched by Tang Xiaolong's iron fist. The ground flew out.

With 100% strength, Tang Xiaolong now has nothing to worry about. In all likelihood, these zombies will burst and die after suffering a punch from Tang Xiaolong. Even if the body of a zombie above level 15 does not burst, Tang Xiaolong's punch will be directly embedded into the cement wall.

On the other side, the zombies that Li Tian has to deal with are not as few as on Tang Xiaolong's side. The wise man must have lost his mind. Li Tian originally thought that as long as all the zombies were beheaded, he would just keep this channel. , But forgot that these super high-level zombies can climb up through the outer wall of the building.

And the level of these zombies is also not low, the lowest are all above level 15.

Whoosh!

Whoosh!

Xuantian ***** kept releasing!

Huh!

Huh!

"Red Cut" kept flashing red light!

As long as these zombies can rush to the top of the building, they will be directly beheaded by Li Tian. Even some zombies will be hit by Li Tian's Xuantian ***** as soon as their heads are exposed, and they will fall directly from the 22nd floor high building. .

Tang Xiaolong is brave and Li Tian is brave, but the hero can't stand a pack of wolves.

Both Li Tian and Tang Xiaolong are desperately desperate, but the number of these zombies is increasing, and a dozen more zombies have appeared on the roof of the building, and Tang Xiaolong has been completely squeezed from the stairs by those zombies. come out.

"What about the little boss? The number of these zombies is increasing, and we can't play at all!" Tang Xiaolong said, leaning on Li Tian's back.

Indeed, at this time, this 22-story building had already swarmed tens of thousands of zombies, but there were zombies everywhere near the building, and there was no sign of a decrease.

Li Tian looked as usual, without the slightest panic, and said: "Catch the thief first, capture the king! These zombies were brought by Tang Zheng. Perhaps as long as we kill Tang Zheng, these zombies will retreat without attack."

"Xiaolong, kill with me, we will jump directly from the building!" Li Tian said.

Tang Xiaolong didn't have the slightest panic on his face, instead he showed a trace of excitement and nodded heavily.

"Three, two, one,...Crush!"

With Li Tian's cry below zero, Tang Xiaolong suddenly exerted force, slammed into it like a bull, and then blasted a path directly with an iron fist.

Tang Xiaolong and Li Tian began to think about the edge of the building. The zombies were chasing Li Tian and Tang Xiaolong from behind. When Li Tian and Tang Xiaolong rushed to the edge of the building and jumped, the zombies actually followed Li. The sky flew directly down.

Li Tian stretched his hand to hold Tang Xiaolong, and his figure flickered, as if he was walking in the air, slowly walking down from high in the sky.

The other zombies kept falling into the pile of zombies on the ground. The lucky ones were unharmed, and the unlucky ones were directly pierced by the bones of the zombies on the ground and died in their own hands.

Li Tian could have sent Tang Xiaolong into the space of Void Yasha, but now Li Tian wants to deal with Tang Zheng, someone must contain other zombies!

"Xiaolong, find a way to collapse this building for me! I will let the Dixing Yasha cooperate with you. If the building collapses, the Dixing Yasha can guarantee your safety!" Li Tian said.

"Good! Little boss, don't worry if you leave it to me!" Tang Xiaolong said.

Li Tian whirled in midair, and directly threw Tang Xiaolong into the group of zombies at the bottom of the building like a cannonball.

And Li Tian's figure flickered, thinking of Tang Zheng rushing over.

At this moment, Feitian Yasha's dark cage began to be displayed, and a mass of dark matter fell from the sky and directly fell under the building, completely shielding the entire building, Tang Zheng and the fifty-odd 20-level zombies near him. Cover up.

Tang Xiaolong knew that this was the dark cage of Feitian Yasha. Although he was like other zombies, he couldn't see exactly what was going on. At this time, Jixing Yasha directly pulled Tang Xiaolong to the ground of the building!

"Tang Xiaolong, you come to destroy these concrete pillars under this building. After you destroy these concrete pillars, I will use quicksand to sink to destroy the foundation of the entire building. I will not be afraid that the building will not collapse at that time!" Dixing Yasha said. .

At this time, Li Tian had already jumped into the dark cage.

Entering into the dark cage, Li Tian was like a fish in water, his mind controlled "Red Slash" to fight at will! Those twentieth-level zombie ranks became Li Tian's primary target.

However, within a few minutes, there were fifty corpse crystals of level 20 zombies in Li Tian's hands, and at this time Li Tian had already swam to Tang Zheng.

Reaching out his hand, Li Tian sent Tang Zheng directly into the space of Feitian Yasha.

"Li...Li Tian...I'm going to kill you!" Tang Zheng was a little surprised when he suddenly appeared in such a small space, but the moment he saw Li Tian his anger completely lost him Sane.

Li Tian easily avoided Tang Zheng's attack and said to Tang Zheng, "Tang Zheng, do you know where Tang Feifei is? I'm here to save her!"

"Hahaha, did you save Tang Feifei? Li Tian, what are you? I handed Tang Feifei into your hands and asked you to stay away from the Three Corpses, but why did you come back from Dongying Island? You killed Feifei! I want it. Kill you!" Tang Zheng threw his teeth and claws on Li Tian again.
