

A Killer 4151

Chapter 4151: : Storage space

Li Tian bet that Ye Meijing was absolutely deliberate!

How clever Situ Ningbing is, wouldn't he know what Ye Meijing had made?

Besides, when Li Tian had not entered the space of Void Yasha, Void Yasha used as a microphone to tell Situ Ningbing and Xueji everything outside.

Seeing Ye Meijingsi now, Situ Ningbing immediately pulled Ye Meijing to her side and said softly: "Li Tian is a gentleman, he doesn't know anything tender and will not take the initiative to tell you anything. Since you If you are affectionate and righteous to Li Tian, then we are also happy to be sisters. Since you want to serve Li Tian, then it is better to hit the sun than to choose a day, and it is better to have a bridal chamber here today!"

"Yes, there are some secret techniques in the boudoir. The two of us who are sisters will definitely not hide privates and will definitely teach each other. If it is not possible, we can demonstrate it personally!" Xue Ji said with a slight smile.

Li Tian grimaced, knowing that Situ Ningbing and Xueji might not object to planting seeds everywhere like a stallion, but today's picture is really too weird, how can he even say the secret technique in the boudoir? Bring personal demonstration.

Li Tian saw Situ Ningbing winking at him, and immediately knew what Situ Ningbing was thinking, and said, "Two ladies, this... how is this embarrassing?"

Ye Meijing is definitely a foreigner and a middle-man, and looks very rogue, but she found that the space that entered the void and Yaksha was completely a confined space, and when there was no entrance at all, she suddenly felt a little flustered.

She didn't know that Situ Ningbing, Xue Ji and Li Tian were playing double reeds. She drew the small scimitar from her waist with a sigh, and said to Li Tian and Situ Ningbing: "I am the 18th emperor. The only daughter of Venerable Yecheng, if you dare to do anything against my will, I will definitely let you die without a place to bury!"

Situ Ningbing's hermit killing technique Ye Meijing hadn't reacted yet, Situ Ningbing appeared in front of her, taking the small scimitar in her hand behind her, and slapped Ye Meijing with two slaps!

These two slaps completely stunned Ye Meijing. No one has dared to beat Ye Meijing until he was born. Situ Ning sneered and said, "Don't show off your trash Emperor Laozi in front of me. He is not qualified enough. !"

"Li Tian...she...who is she?" Ye Jingjing looked at Li Tian aggrievedly and said.

A wry smile appeared at the corner of Li Tian's mouth, and said: "She is my wife, once the most powerful domain master in the Netherworld, there is no one!"

Li Tian's words are not nonsense. The memories Situ Ningbing obtained in the timeline are indeed a domain master, and to be precise, he was once a domain master.

As for what happened later, Li Tian didn't know, nor did Situ Ningbing.

However, after returning from Beihai Island, the domineering arrogance of Situ Ningbing gradually appeared. If Situ Ningbing's current strength was not enough to support the arrogance, Li Tian would doubt that the woman in front of him was the hostess. !

"Domain...Domain master? I think her ability is only 7th level as a cultivator now. How could it be a domain master?" Ye Meijing said in surprise.

Li Tian shook his head and said, "It's all temporary! If you don't listen to her recovering all her skills one day, then she will become the domain owner again. If your unlucky father then knows that it is you who provoke her. If he has become a powerful enemy of the domain master, will he really send you to me as a bed warmer in anger, so as to dispel my wife's anger?"

Ye Meijing shook his head quickly, but hesitated again. After a while, there was a trace of calmness on his face and said: "Huh, who are you scaring? Don't say that she is not the domain master, what if she was once the domain master? Now that your strength has not reached the realm of the venerable, as long as I shout for my brother to hear my voice, then you will die without a place to be buried!"

This time Li Tian couldn't help it anymore, pop! Snapped! Two beeps directly slapped Ye Meijing twice.

"I hate being threatened by others! You scream, but you scream? Even if you scream, no one will come to rescue you!" Li Tian said fiercely.

Ye Meijing realized that she was in a private space now, and the current situation was beyond her control.

"What do you want? If you want a spiritual source, I have some more here!" Ye Meijing is not the only daughter of Venerable Yecheng, and quickly demonstrated the panic on her face, throwing out what she thought was the The important chip said.

Situ Ning snorted coldly and said, "Are you talking about the contents of this small scimitar? This is the first time I have seen such a storage space!"

"You... how do you know there is storage space in my weapon?"

The beauty of the next leaves is really shocked!

You must know that the storage space in the Netherworld is considered an absolute high-end item, and only masters like Yecheng can get it. Ordinary venerables may know the existence of storage space, but few can have storage space in their hands. So few!

These ordinary venerables have to hung up their skins and backpacks to pack some important daily things.

But for the Venerable, their teleportation is already very powerful, and there is no need to carry too many things on their bodies.

This is not important, the important thing is that Situ Ningbing can recognize that there is room in Ye Meijing's small scimitar!

Situ Ning sneered and said, "Where do you think you are now? Tell you, this is a more advanced storage space. Not only can you place objects but also provide human life! I don't know if it is better than yours. How much more advanced!"

Can people be put in ordinary storage spaces? In fact, it is possible, but the storage space is like a vacuum space. It is good to store items. If a living person enters, it will suffocate and die if it is not used.

When the time comes, it will not be storage but suffocation!

Ye Meijing later realized that although she suspected that this private space felt like a storage space before, she didn't dare to think about this aspect. Now that Situ Ningbing became clear, she immediately felt that this storage space was really awesome!

If you let Ye Meijing know that there is another more awesome space in Li Tian's Qiongluo of Heaven, it not only has a much larger area than here, but also can grow plants inside, I don't know what Yejing said.

"I promise not to shout, you let me go out, I don't want to follow you either!" Ye Jingjing said.

Situ Ning sneered and said, "It's too late for you to go back now. You can only be wronged for staying in this space for a few more days. We will naturally send you out when we feel safe! Now, take all the spiritual sources Hand it over!"

Chapter 4152: : Good news

Are Li Tian and Situ Ningbing going around such a large circle just for the spiritual source? There is this reason, but of course it is not the main reason.

Ye Meijing pestered Li Tian like a dog skin plaster. Li Tian wanted to throw it away but couldn't get rid of it. Besides, it was difficult to wait for Li Tian and the others to take this coddled product.

That being the case, let her be tough and let her know what fear is.

Don't tell me, this Venerable Ye Cheng is really willing to put things in Ye Meijing's storage space. The Spirit Source alone has installed more than 20 pieces, but Ye Meijing, the prodigal lady, has already been scattered for the lemur clan. One, now there are only seven or eight spiritual sources in that small scimitar.

Li Tian went out again to collect all the spiritual sources from those lemur tribes.

These lemur tribes are fairly self-aware, knowing that these things can't be found in their hands, so they dare not use them for cultivation.

Of course, Li Tian is not the kind of person who only eats meat on his own, so that the people who follow him don't even have the opportunity to drink soup. Li Tian threw Xiao Baimao a spiritual source for more than a dozen of them to practice together. For these guys, This spiritual source is extremely precious, otherwise they would not think of fighting desperately with the ninth-level practitioners killed by Li Tian.

With the spiritual source, the lemurs were immediately grateful to Dade and began to praise Li Tian's wise martial arts!

In the space of Void Yasha, Ye Meijing had been locked in a small black room by Situ Ningbing to reflect on himself. Li Tian, Situ Ningbing, and Xueji gathered together and looked at the 23 spiritual sources of Li Tian's Harazi It's almost falling to the ground.

"Xue Ji, Li, now we are on the battlefield of death. Although there is a mount of the quasi-venerable cultivation base of the vicious dog, when we encounter a large number of ninth-level cultivators,

even opponents in the realm of the venerable, we There is also no way, so according to what I mean, we concentrate our resources to let one person reach the realm of the noble, so that even if we encounter the strongest of the time, we are not without the power of a battle!" Situ Ningbing said.

According to the memory in Situ Ningbing's mind, only one spiritual source is needed to cultivate from the first level to the second level, while the second to third level requires two spiritual sources, from level 3 to level 4. Levels require four spiritual sources, and so on, levels eight to nine require 128 spiritual sources.

And if the ninth level needs to break through to the Venerable, then the spiritual source used will be a huge number!

Of course, there are many objective elements in the improvement of the cultivation level, and the accumulation of numbers does not necessarily reach the corresponding strength level.

For example, Ye Meijing, although she is clamoring to become a powerful female domain master, but after her strength reaches the third level of the cultivator, it becomes extremely difficult to reach the fourth level by absorbing the spirit source. The spirit she absorbs The force will be released through her breath.

So even if she has a dad with the 18th emperor level, it is difficult for her to reach the ninth level of apprenticeship!

In the case of Situ Ningbing and Xueji, for example, Situ Ningbing seems to be naturally close to the spiritual power in the spiritual source because of the cultivation of Qingyun, and absorbing the spiritual power of the spiritual source will have a multiplier effect.

"So, Li Tian, after discussing with Situ Ningbing, I decided to let you cultivate all the spiritual sources that you will obtain in the future, so that you can reach the realm of venerable as quickly as possible, and then we will be on the battlefield of death. A guarantee!" Xue Ji said.

Li Tian knows the priorities. Now Li Tian's cultivation level is in the middle of the seventh level, Situ Ningbing's cultivation is the peak of the sixth level, and Xue Ji's level is only the fourth level, relatively speaking. Li Tian was further away from the Venerable.

Li Tian nodded politely, and said, "Okay, then I will reach the realm of venerable first, and then I will grab the spiritual source for you two!"

But the ideal is plump, and reality is skinny. When Li Tian's palm was pressed on the spiritual source to absorb the spiritual energy in the spiritual source, there was a fiery pain in the palm of the hand, and Li Tian immediately released his palms. .

"Li, what is going on? Can't you absorb the spiritual power in the spiritual source?" Situ Ningbing asked with some worry.

Li Tian nodded and shook his head again.

This turned out to be the ray of blood spirit source spiritual power in Li Tian's veins.

To put it in a rather rough sentence, it was this **** who forcibly occupied Li Tian's room. He didn't live in it himself, and he didn't let outsiders come in.

So when Li Tian's palms were pressed on the spiritual source and began to absorb the spiritual power in the spiritual source, the **** fired the door and kept people from outside. Those spiritual

powers had just passed through the acupuncture points in Li Tian's palm and entered the veins. It was instantly burned by the flame of the blood spirit source.

Moreover, this **** is still a killer, and it can turn into its own after less spiritual power, making the flame more vigorous.

Li Tian told Situ Ningbing and Xue Ji about his absorption of the blood spirit source, and then said helplessly: "It seems that for the time being I can't absorb the spiritual power from the spirit source, and I don't know what I am. Only then can the spiritual power of this blood spirit source be refined, so, Ningbing, now this arduous task can only be entrusted to you!"

Situ Ningbing knew that Li Tian had a better opportunity, but didn't know if Li Tian had a chance to obtain the legendary blood spirit source. Now Situ Ningbing did not refuse, and began to absorb the spiritual power from those spirit sources. Tianze once again walked out of the space of Void Yasha.

Standing on top of the vicious dog, Li Tian looked at the deadly place far away, knowing that if he went further, he might encounter the legendary Nether Three Stupid, no, he should be called the Nether Three Young Master.

When he had no strength, Li Tian would never pretend to be forced, let alone go to those second generations stupidly to find abuse by himself.

At this time, a dozen hungry wolves including Xiao Baimao were about to finish absorbing the spiritual source. I have to say that this lemur tribe seemed to be quite good at absorbing spiritual sources.

Li Tian was not in a hurry. He waited until these guys had absorbed the spirit source and looked satisfied, and then said to him, "Tell you a good news and a bad news. Which one do you want to hear?"

Little Baimao, Lumao and others immediately showed a smirk, and said, "Of course I should listen to the good news first!"

Li Tian said sullenly: "Just now, I have put Ye Meijing's little girl on, so she is already Li Tian's woman!"

"Haha, I know the Lord is wise and martial, but I didn't expect the adults to be so impatient! We will have a little more protection when we cook mature rice with raw rice!" Lemur tribe said excitedly.

"What's the bad news?" Xiao Baimao asked.

"The little girl is remorseful, and wants to go back to her cool and mad brother, and tell us to **** her spiritual source. You have cultivated and absorbed the spiritual source. Now we are people on the same boat. We can only stay away from the three silly ghosts!" Li Tian said.

Chapter 4153: : It's a big mess

"I fuck!"

"How could she speak the other way around? It was obviously that she entangled you, Lord Venerable, and took the initiative to send them to the door. She took the initiative to give us these spiritual sources for cultivation and absorption!"

Xiao Baimao is very capable of learning, especially the two words "I ++" is very vivid.

"Hey, women are the most unreasonable animals! It's too late to say these things. For this plan, we have to stay away from the three silly ghosts!" Li Tian continued nonsense.

"My lord, where are we going now? It's only been more than three months since we came to the Battlefield of Death, and now we are not even familiar with the Land of Death! The adults must be more familiar with the Battlefield of Death, and we all obey the richness of adults!" Lu Mao said with a sad face.

What Li Tian wanted was such an effect, and said, "What are you worried about with me!"

Having said that, this death battlefield is not the earth world. Li Tian is also completely unfamiliar with this place, and now he can only take one step and look at it!

Li Tian led more than a dozen Lemur tribes to avoid the position of Nether Three Fools, and kept moving in one direction. On the road, if he encounters a lonely monk, as long as his strength is weaker than Li Tian and the others, it is another snatch. .

Soon, Li Tian gained a certain notoriety in the mountains of the Deadly Land, especially the huge body of the vicious dog almost became Li Tian's signature.

It is said that people are afraid of famous pigs and strong, and sooner or later they will encounter ghosts if they walk more at night!

Those cultivators who were robbed by Li Tian and others were desperately black Li Tian. They spread rumors everywhere, saying that the spiritual source in their hands was robbed by a guy with a huge mount. After which practitioners' word of mouth, Li Tianliang Mao didn't grab any of his spiritual sources, but became a rich man with at least dozens of spiritual sources in his hands.

This Nima became lively all at once. I don't know how many people spontaneously formed a team to attack Li Tian, pursuing Li Tian and others under the guise of eliminating the sky for the people.

At first, Li Tian and the others were surprised, why would there be teams who took the initiative to send them to the door to grab them, but as these teams grew more and more, Li Tian finally felt that the situation was not good.

But this Nima's vicious dog is too big, like a moving hill, it is so dazzling wherever it goes.

Li Tian can only make fun in hardships, using these teams chasing them as toys for a long trip to relieve the sorrow and amusement. Anyway, there are evil dogs, and Li Tian and others are not afraid of these teams.

However, things quickly moved in a more uncontrollable direction.

After discovering that his sister Ye Meijing had disappeared, Ye Liangchen, the silly idiot of the three silly ghosts, immediately issued a reward quest to find Ye Meijing in the deadly place. As long as you find Ye Meijing, you can get two spiritual sources as rewards, and you can also get Nether Three silly favors.

The big silly Ye Liangchen among the three silly ghosts is only at the eighth level of cultivator level. He is not a powerful figure, but he can't stand the existence of Ye Cheng behind him!

The place of silence that had been silent for a long time suddenly became lively, and a branch of Yejingjing guards was born, and they began to look for Yejingjing in the place of silence.

However, what Li Tian didn't expect was that the cultivator team that was robbed by Li Tian immediately poured dirty water on Li Tian. These **** things actually said that Ye Meijing was kidnapped by Li Tian!

Although this Nima is true, you don't have any evidence at all. How can you spit people?

The teams that were slogging for the sky immediately changed their slogans and became the heroes to save the United States, vowing to completely eradicate the scum of such and such, and absolutely not allow such and such to mutilate the beauty of flowers and leaves in the underworld!

As for XX, that is what these people call the unknown Li Tian.

The so-called double fist is difficult to fight against with four hands. What's more, there are thousands of teams constantly attacking Li Tian and others. Among these teams, the most common are the teams with the 6th and 7th level as the main force, but it is not ruled out. A team led by eighth-level or even ninth-level practitioners.

Once fighting with these teams, Li Tian's false venerable strength was fully exposed. In this case, those lemur tribes had begun to suffer casualties. In order to avoid the continuous expansion of casualties, Li Tian had to take them indifferently. Run away!

"Holy... Honorable Sir, it's no way for us to go on like this. Sooner or later we will be besieged by those people! You know that there are at least hundreds of thousands of cultivators in this deadly place, how can we break out of the encirclement?"

"Or...or should we use Ye Meijing's little Pi Niang as a bargaining chip to negotiate with the Nether three fools? What if they can listen to us to explain?" Xiao Baimao said, resisting the pain in his body.

This guy was brave enough to fight, and there were already a few more wounds on his body. If it weren't for the lemur clan's superb recovery ability, this guy might have died now.

Even so, the white fluff has been dyed red, and it looks terrible.

"What if they don't listen to our explanation?" Li Tian said.

Xiao Baimao was taken aback, and said, "We won't be too late then!"

If Li Tian didn't think that Xiao Baimao's injury was serious, he would really want to kick this second man into the forest of steel thorn plants, and said with a wry smile: "Do you think the three fools of the Netherworld will listen to our explanation? Will listen to our explanation, but do you think Ye Meijing, the lady, will honestly not confess us?"

Lv Mao said with a sad face, "So, Your Honor, you are still too kind. I told you not to keep alive. Now that's it, so many teams chasing us, we really have no place to die!"

Xiao Baimao stretched out his hand and patted Green Mao, and said angrily: "How can you talk to Lord Venerable like this?"

Li Tian pulled the green fur behind and said, "I blame me for being too kind and can't blame the green fur. It doesn't make sense to say this now!"

"My lord, there is another way, but this way may cause some serious losses for adults!" Xiao Baimao said to Li Tian again.

"What way?" Li Tian asked.

Xiao Baimao pointed to the vicious dog and said, "Actually, the adult's sense of existence is not high in the death battlefield. Up to now, those people still don't know the adult's name or remember the adult's appearance. The only sign is the adult's mount. , If the adults are willing to mount, then we will be able to act a lot!"

I go!

This vicious dog is now Li Tianzhuang's capital, if he is missing this vicious dog, Li Tianfen will be killed in seconds!

But what Xiao Baimao said is also a problem, this vicious dog is too ostentatious.

Li Tian sat on the back of the vicious dog, and said to the vicious dog: "It would be great if you can get smaller, just like my mutant crow. Then I can send you to Void Yasha. In the space!"

Speaking of space, Li Tian suddenly thought of a place!

Heavenly Spear!

Chapter 4154: : Jinghua Shuiyue

The space in the Qiong Spear of the Sky is large enough that even a few hundred more vicious dogs can be installed. Li Tian held the Qiong Spear of the sky tightly, and sent the vicious dog in an instant with the surprised expressions of those lemurs. Entered into the space of the Heavenly Qiong Spear.

Li Tian's life in the battlefield of death has begun.

"Ho... Honorable Sir, you... how did you do it?" Xiao Baimao's eyes were about to stick out, looking at Li Tian with an expression of disbelief.

Li Tian smiled slightly and said: "The secret of heaven must not be revealed!"

Li Tian kept sending the vicious dog in and out from the Qiong Spear of the sky, seeking the fastest speed and the best way to achieve unexpected results.

After repeating this for nearly twenty times, Li Tian experimented with what he thought was the most awkward way, that is, when Li Tian used the Qiqiong Spear of the sky to attack, the purple electric python was wrapped around the Qiqiong Spear of the sky and sent the vicious dog out. .

The vicious dog appeared out of thin air on the purple electric python, the powerful pressure instantly suppressed the opponent, and then used his huge claws to instantly smash the opponent to pieces. Thinking about the drawing scene, Li Tian was a little excited.

Now Li Tian believes that even if he encounters a quasi-senior, as long as the quasi-senior is careless, he will definitely be scared to pee by the vicious dog that Li Tian suddenly throws.

Li Tian entered the space of Void Yasha and saw that Situ Ningbing and Xue Ji were concentrating on cultivation, so they didn't bother them.

Although Li Tian had fled like crazy desperately in the past few days, Situ Ningbing's cultivation did not stop at all.

In fact, Situ Ningbing is not much worse than Li Tian in terms of cultivation talent, especially after Situ Ningbing returned from the timeline of Beihai Island, Situ Ningbing seemed to have found a shortcut in cultivation, and his cultivation speed was faster than Li Tian. It's a few minutes faster.

In just a few days, Situ Ningbing had reached the initial stage of the seventh level of cultivators, but unfortunately the spirit source had also been exhausted, otherwise Situ Ningbing's cultivation speed would return even faster.

Of course, improving cultivation through spiritual sources is not the only way, as Li Tian had already reached the seventh level of cultivator before entering the death battlefield.

Right now, the speed of cultivation without a spiritual source is only relatively slow.

However, Situ Ningbing's mentality is very good. Even if her cultivation is slow, she did not stop. The extra memory in her mind tells her that if she wants to reach the earth world from the secret realm, she must reach the realm of the venerable, which can activate Li Tian's hands. The key to that eye.

Of course, Situ Ningbing did not tell Li Tian these words so as not to distract Li Tian.

Li Tian bypassed Situ Ningbing and Xue Ji who were cultivating, and walked to the small black room area to look at the beautiful Ye Jing that he had thought about on the wall.

Li Tian is not a pervert and does not hold ***** slaves, and Li Tian feels Ye Meijing is a trouble in his heart. If nothing happens as long as Ye Meijing can do anything, Li Tian will get rid of this trouble without hesitation.

This small black house is a room decorated in the style of a pre-apocalyptic hotel. Except for the room without windows, it is basically the same as the decoration in the hotel, and all the furniture inside is everything.

When Ye Meijing was locked in this small black room, she was very excited, but now it has passed the excitement period, holding her head low and hugging her legs like a stone statue.

Li Tian walked into the small black room and stretched out his fingers to jump on Ye Meijing's chin and asked, "How do you feel like facing the wall?"

Wow!

The little Pi Niang saw Li Tian, and Li Hua cried with rain. She was so lovely, how pitiful and pitiful, it was as if Li Tian had done her to her.

"Where have you been these few days? Do you have the heart to leave me here alone? Ooo!"

"People just want to wander the world with you, but you cruelly trapped me in this dark and skyless place. Are you right about my beautiful and beautiful beauty?"

"Woo, I want to go home, I want to tell my father, let him avenge me!"

"Woohoo!"

Li Tian sighed and said, "I knew why it was today. I, Li Tian, are not an inexorable villain. If you don't threaten me, I can give you freedom at any time!"

Ye Meijing looked up at Li Tian and said, "Is what you said is true? Then I won't threaten you, you take me out!"

"You promise that there will be no stalkers, no stalkers?"

"I promise!"

"Well, now your brother Ye Liangchen is looking for you all over the world, if I don't hand you over again, I'm afraid I will be chased and killed by someone!" Li Tian said with a wry smile.

"Huh! Now you know how good they are!" Ye Meijing said softly.

Looking at Ye Meijing's slightly raised mouth and red cheeks, this Li Tian had an illusion that the Ye Meijing at this time was Tang Feifei.

If you look closely, you will find that Ye Meijing and Tang Feifei have many similarities!

In an instant, Li Tian's eyes were a little blurred.

He stretched out his hands to hold Ye Meijing's cheeks, and said softly: "Feifei, are you?"

Without waiting for Ye Meijing's answer, Li Tian suddenly pulled Ye Meijing into his arms and hugged her tightly, unwilling to let go for a long time.

"Feifei, I'm sorry! Feifei, I'm sorry!"

The most passed thing in the world is this. If God gives Li Tian another chance, Li Tian will definitely choose to keep Tang Feifei by his side and tell Tang Feifei how much Li Tian loves you!

Ye Meijing was a little confused.

At this moment, she could hear Li Tian's heartbeat, and she could feel the sadness in the heart of the man who was holding her now.

This is a man with a story, Ye Meijing is eager to know the story behind Li Tian!

Does Ye Meijing like Li Tian?

What a joke, Ye Meijing is not a nympho, how could she like it if she meets anyone.

Ye Meijing just wanted to go out to play, and just met Li Tian, so she pestered Li Tian. If Ye Meijing met Zhang Tian, Wang Tian, or Li Tianyi or Li Tianer, she would not hesitate to get involved!

She is just curious!

"What's your unhappy thing, tell me to make me happy!" Ye Meijing said with his big watery eyes looking up at Li Tian.

Li Tian held Ye Meijing's cheeks with both hands again, originally he wanted to kiss him in disdain, but he stopped halfway through his actions.

Tang Feifei in front of him gradually turned into a beautiful view of the leaves.

"how....."

Li Tian quickly adjusted his messy mind, stood up, and said to Ye Meijing: "I'm sorry, I'm lost! I will send you out now!"

"Who is Feifei? You felt very sad just now! It seems that you really like that girl!"

Li Tian didn't take care of Ye Meijing's question and brought her out of the space of Void Yasha, and then pointed to the direction Li Tian walked by and said: "Now you are free! Go back! Don't make your brother wait too anxiously!"

"No! I want to listen to you tell the story, take Feifei's story!" Ye Meijing said firmly.

Chapter 4155: : The beautiful scenery

"What are you talking about? The beauty was captured by a venerable person? Doesn't he know the identity of the beauty?" Ye Liangchen stood up abruptly, reached out and grabbed the collar of the ninth-level practitioner in front of him. .

Ye Liangchen was an eighth-level cultivator, but the ninth-level cultivator in front of him, who was about to reach the peak of ninth-level cultivator, didn't even dare to breathe.

"Yes...yes, I saw that guy teleport, and then killed my cultivator's eighth-level peak companion with one shot!" The ninth-level mid-level master replied with a trembling voice.

"Venerable? Humph, I like Liangchen to take action against those who think they are capable, but it's the little Venerable who dares to bully Ye Liangchen on top of my head!" Ye Liangchen said with a sneer.

Ye Liangchen slowly loosened the collar of the ninth-level mid-level cultivator, and said, "What does he look like? You should remember that he is of that race!"

This ninth-level mid-level cultivator stretched out like an amnesty and wiped the cold sweat on his forehead, and said: "This kid looks different from many races in our Netherworld. He has black hair, dark eyes, and yellow skin. Some races in the earth world are somewhat similar!"

"Earth world? Impossible. Since ten thousand years ago, there have been few strong people born in the earth world, let alone the venerable, there are almost no masters at the cultivator level. Do you remember the four that suddenly appeared a few years ago? An old ghost? Aren't they claiming to be the strongest in the earth world? But what was the end result? They were completely overthrown as soon as they came out of the gate of the forbidden zone! I still don't know that they are in the country of the venerable. Surviving!" Ye Liangchen said with a sneer.

Behind Ye Liangchen is a man who seems to be only in his twenties and his entire body is covered with fiery red scales. The two eyes of this man are like poisonous snakes, giving him a cruel and evil feeling. Long Aotian among the three silly ghosts!

"Unexpectedly, Brother Liangchen remembers that kind of little person. I really don't understand why the twenty aloof domain masters banned us from the Underworld from going to the earth world. If it weren't for them, the earth world would be one of us. Very good place to play." Long Aotian said.

Long Aotian was also standing by a man who seemed to be in his early twenties. He wore a black suit, which was barely considered a suit. A black smoke surrounded his body, and this man was It is the other one among the three silly ghosts: Zhao Ritian!

Zhao Ritian's slogan is: Laozi goes up to the earth, and the female emperor is everywhere in the middle!

This guy's cultivation base is not even as good as Ye Liangchen's. It's just the pinnacle of the seventh-level cultivator. However, this guy relies on his Laozi's power and acts nonchalantly. This product is a disaster, so he has such an arrogant slogan!

Zhao Ritian licked his dry lips with his tongue, and said with a sneer: "This rule of the domain masters is tailored specifically for me. If it weren't for this convergence, the earth world would now be my Zhao family's world!"

"I don't know why Brother Ritian said that?" Long Aotian asked.

"Hahaha, all the men in the earth world will be beheaded by my Zhao Ritian, those beautiful women must have embraced me, with the title of my little prince of the nether flower bushes, there are countless princes in one night, and the earth world will not take a few years. They are all descendants of my Zhao Ritian, and this will naturally become my Zhao family world!" Zhao Ritian laughed wildly for a few seconds, then shook his head sadly, and said, "Unfortunately, I have lived for almost two hundred years. It is a pity not to try the taste of earth women!"

Ye Liangchen sneered and said, "Brother Ritian will not wait too long for his grand cause. Only one of the current Eighteen Emperors of Netherworld has broken through to the realm of the domain master, and it will definitely break the current 20 domain masters. The rule of the balance, who will care about the life and death of the earth world at that time!

Ye Liangchen smiled and stopped suddenly, kicking the mid-level ninth-level cultivator in front of him to the ground, cursing: "Who the **** made you divert the subject? I asked you if Seeing my sister Ye Meijing by the Venerable? Did this Venerable play some perverted binding tricks? Did you use a small leather whip to beat Ye Meijing's hip?"

Although it was Long Aotian and Zhao Ritian who turned the topic off, this ninth-level cultivator didn't even dare to put a fart. After being kicked, he crawled to Ye Liangchen.

Thinking back to that battle, this kid never saw a woman from the beginning to the end, not even a mother, but Li Tian's mount is absolutely infallible, and hundreds of teams insisted that it was the blackhead. The black-eyed kid took Ye Meijing away, and he could only follow the trend.

This is the trio!

The ninth-level monk knelt and said: "If you go back to the lord, this is what I saw with my own eyes. Miss Ye Jingjing was **** with the rope of that abnormal venerable, and she kept beating her with a small whip! Yes... yes, I still have the portrait of the Venerable here!"

With that said, the ninth-level cultivator actually took out a crumpled animal skin from the bad rush. On the animal skin was a portrait of a character. If you don't look carefully, the figure in this painting is somewhat similar to Li Tian.

But if Li Tian were here, Li Tian would definitely stab this guy to death for a day!

The heads of the characters in this painting are clearly the avatars of Runaway Anime. Except for the same color of hair and eyes, there is no way Li Tian looks at all.

"Okay! You did a good job! With this portrait, even if he is a venerable one, he can't escape! Brother Aotian, Brother Ritian, I didn't want to use family power at the first time, so he retired. Many days have passed, and that guy has no intention of repentance. Since he wants to die, I can only use the

power of the family to let him know that there are people in this world that he can't move!" Ye Liangchen looked coldly. Said.

Long Aotian looked at the dark red sun in the distance, nodded slightly and said: "It seems that this death battlefield is about to set off a **** storm, or let us enter the death battlefield with these millions of monks. Know the methods of our Third Young Master!"

"Huh, the little sage is ridiculous, but it's a pity that it's not a woman, otherwise I want him to know the fate of provoking our Third Young Master!" Zhao Ritian said.

As Long Aotian and Zhao Ritian expressed their stance, a man in black who followed the three immediately crushed a black carbon rod in his hand!

"The three sons, the chess pieces that were laid out five hundred years ago will start soon, and within a few days the deadly place will be in the hands of the three sons!"

Chapter 4156: :stir up trouble

Li Tian didn't know that his portrait was flying all over the sky in a deadly place, otherwise he would not take the initiative to send Ye Meijing back!

This is the result of Li Tian's compromise.

Ye Meijing's stalker cultivation technique is superb. She followed Li Tian's **** and kept talking about Tang Feifei's story.

It's okay for Li Tian to ignore her, she just kept talking to herself, as long as Li Tian said a word, Ye Meijing immediately came to her spirits, directly wrapped her hand around Li Tian's arm, and then started Magic sound surrounds the attack.

Li Tian can only sigh, such a beautiful little lady is a chatter, no matter how beautiful she is, it is ruined.

In the end, Li Tian could only compromise, and he sent Ye Meijing back, leaving Ye Meijing to mess around on the way, but Ye Meijing would not allow Li Tian to pester Li Tian or complain to her brother.

Because Li Tian had already put the vicious dog into the space of the Qiong Spear of the sky, the road was fairly smooth on the first day, and occasionally encountered a few groups of cultivators, everyone also met from a distance and walked away. , The advantage of this is that it can prevent two teams of equal strength from fighting, and eventually both lose.

If he could keep calm like this, Li Tian would be satisfied.

As for robbing the spiritual source, he still waits to send Ye Meijing back to eliminate the kidnapping crisis before doing it. Those grandsons who have besieged Li Tian by then are Li Tian's targets.

And this time Li Tian had already made up his mind, decided not to be merciless, to kill anyone who could kill or not, and he could never be so passive again.

But this calm made Ye Meijing very upset, this is not the life she wants, all she wants is excitement, otherwise she won't run out!

On the next day, Ye Jingjing deliberately entered the small black room in the space of Void Yasha, looked at the glass mirror, and used some cosmetics inside to make herself look like a silly big sister.

What surprised Li Tian was that those lemur tribes were dumbfounded, and the halazi almost came out.

"What the **** is this aesthetic vision, Ye Meijing is a mother in your eyes when she is beautifully dressed, not even a woman, and you are drooling if you are dressed like a silly eldest sister! It's a life upside-down. Watch!" Li Tian said helplessly, shaking his head.

"Hey, you don't understand it! You see how beautiful Ye Meijing is now, and her clear soup and watery look at her before make people feel sick! If she can get more hair on her body, then even more The home is perfect!" Xiao Baimao said, who wiped the corners of his mouth.

Li Tian is completely speechless. What kind of **** look is in his eyes. If they have such an aesthetic, Sister Furong and Sister Feng of the earth world before the end of the world can be the oiran in the Netherworld.

Li Tian believes that this is definitely a barbarian race like the lemur tribe that has such an aesthetic. When encountering humans and humanoids who are normal and rational, even gorillas and monkeys will definitely not use this aesthetic.

Soon, Li Tian was beaten in the face to play a symphony.

Soon a team of nine practitioners and Li Tian's team met. Li Tian took the Lemur tribe and tried to avoid them, but the nine practitioners did not give in, but accelerated instead. The speed caught up with Li Tian and others.

Li Tian's brows wrinkled slightly. All these nine people were wearing heavy blanket-like clothes, and they also wore large covering hats on top of their heads. However, the breath exuding from them was similar. Ke felt them. The repair base is extremely average.

If Li Tian didn't guess wrong, each of them was at the 9th level of cultivation level, the lowest cultivation level was also in the early 9th level, and the highest cultivation level had just reached the middle of the 9th level.

But with the nine masters of the ninth level of apprenticeship being together, Li Tian had to be stressed!

What makes Li Tian's heart wary is that everyone in this team looks like Li Tian is not much different. This means that in theory, their aesthetics should be the same as Li Tian. Besides, Ye Meijing is now dressed as this ghost. They should look the same as Li Tian, they are about to vomit.

But they didn't vomit, a ray of light flashed in their eyes, as if they had seen the stunning beauty they had been looking for for a long time.

Ye Meijing, a girl who seems to lack the love of men, leaned over with a smile, put his arm on the shoulder of a man in his thirties, and said, "This big brother, do you think people are beautiful?"

"Beautiful, very beautiful, very beautiful, the entire Netherworld dare not say, but you are the most beautiful beauty on the battlefield of death!" said the middle-aged man.

Ye Meijing smiled, her chest trembled, and she said with a smile: "Hahaha, uncle, you can really talk, I'll treat you as complimenting me!"

While speaking, Ye Meijing also deliberately choked the uncle's arm with her plump breasts.

"You **** you lacked the love of your father in your last life, how can you find this uncle? You have the ability to let go of that man and come at me. If I look at me at first glance, I am not Li Tian!" Li Tian thought in his heart.

"Uncle, people like you are the most admired man. Look at your strong body, powerful arms, and sparse beard. You look at me as if a cat named Chun is scratching me I don't know if the uncle is willing to take me away and fly high?"

"It's over. This girl is only a teenager, and she is already so hot. If she is a few years old, then she will not be another goblin who is a disaster for the country and the people! It is really blinding my dog eyes, I knew it. The **** thing trapped her directly in the small black room, so she told me to complain to me every day in the mirror!" Li Tian whispered angrily.

Li Tian's anger was not only because of Ye Meijing's attitude, but also because he once regarded Ye Meijing as Tang Feifei. Li Tian couldn't help but have high demands on Ye Meijing.

"Looking at the restrained look of a few uncles, there is no such thing as a master. If I am not wrong, the few must be dragons from the South of Netherworld!"

When Ye Meijing finished saying this, his hand slammed on the top of the man's head and directly knocked off the hat on the man's head. Immediately, the pile of horns on the top of the man's head was completely exposed.

"Dragon...Dragon! It turned out to be the dragon!"

After Xiao Baimao and the others saw the horns on the top of the man's head, his face instantly paled, and even his body trembled slightly!

And the moment the dragon man was exposed, his arm instantly turned into a lizard-like claw, and he slammed onto Ye Jingjing's shoulder.

You don't need to know what this dragon clan is. From the look in Xiao Baimao's eyes, Li Tian knows that Ye Jingjing has provoked a great person.

"Fuck, this troublemaker girl, go hook the guy, and I have to save you!"

Huh! Li Tian moved in between Ye Meijing and the dragon man with a teleport, and snorted coldly, "Let her go and come to me!"

Chapter 4157: : Dragon Fury

Hearing Li Tian's domineering words, the dragon man's mouth showed a sneer and said, "Don't worry, we are here for you!"

When he said these words, the dragon man slammed Ye Meijing back behind him and handed it over to the other dragon members to take care of and protection, while his arm passed through the heavy blanket on his body and took Li Tian's neck straight!

The dragon man's whole body was cyan skin like snake scales, and his sharp claws were still glowing with cold light, which made people shudder.

If this paw caught Li Tian's neck, it would be blood splattered, and Li Tian might lose the ability to resist in an instant.

Li Tian can use teleport to evade again, this is absolutely safe, but Li Tian is unwilling to do this, and cannot do it.

This dragon man is a cultivation base in the middle of the ninth level. He is much stronger than Li Tian in a single round. If Li Tian retreats with teleport at the beginning, Li Tian will be passive everywhere in the next battle.

The strong fight, all in one go.

Between the electric light and flint, Li Tian's right hand shook, and the Heavenly Qiong Spear in his hand pierced the heart of the dragon man, and the Heavenly Qiong Spear in Li Tian's hand was already wrapped with two purple electric pythons!

These two purple electric pythons appeared, and their powerful aura was not inferior to the ninth-level practitioner.

The claws of the dragon man were still an inch away from Li Tian's neck, and Li Tian's spear of heaven was already on the scales on his body, and the powerful purple electric python made the dragon man produce from the depths of his heart. Shares a strong fear.

The dragons are known for their domineering attacks and powerful defenses in the Underworld!

It is also a master of the ninth level of cultivator, and the three masters of other races may not be the opponents of a dragon master. This is God's favor to the dragon.

It is precisely because of this that everyone in the dragon clan is a bit arrogant and conceited. In the Netherworld, it often happens that the ninth-level peak masters of the dragon clan cultivators challenge other races to the first-level powerhouse.

But at this time, the dragon man's face unexpectedly showed a panic expression. That day, Qiong Spear just touched the scales on his body, and instantly a piece of the scales on his chest exploded, and the purple arc seemed to be a pervasive insect. Stopped and drilled into the exploded armor piece.

The dragon man's legs were a little on the ground, and his body flew back quickly.

The dragon man retreated seven or eight steps, and saw that Li Tian didn't take advantage of the victory, and then he stopped. He looked at Li Tian with his pale yellow eyes like snake eyes, and said, "You are the first one to make me fear. Sensation, the first-level powerhouse, today no matter who we win and who wins, you have won my respect! If you lose, I will carefully twist your head off and hang it on my waist as The most important trophy before I became the Lord! You should be proud..."

"Yeah! If I win, I will twist your head down to make a chamber pot, and pee against your head every night! You should be proud of it!" Li Tian said with a sneer.

The dragon man's face was blue and white, as if he had been greatly insulted!

Xiao Baimao's face was almost green, and he walked to Li Tian tremblingly and said, "My lord, the behavior that the dragon man just said is the dragon's highest courtesy for his defeated opponents,

and your lord's words It's a bit vulgar, and it's the biggest insult to the noble dragon race! So wait a while, sir, you have to be careful, all the members of the lemur race support the adults spiritually!"

The little Baimao who said the last sentence turned around and ran away. The one who ran was called a senseless!

Li Tian knew that if all the nine dragons of the ninth level of cultivators were to take action, even if Xiao Baimao and the others would help, it would not be effective at all, but would increase casualties for no reason!

"Boy, you successfully aroused my anger! Today I will let you taste the anger of the dragon!" the dragon man said with a sneer.

Li Tian doesn't understand dragon etiquette, so what I said just now can only be regarded as unintentional, but even if the dragon etiquette is noble, Li Tian doesn't want his head to hang on this guy's waist.

The dragon man's legs were separated from the left and right, and with a sudden force, the heavy blanket on his body was instantly torn apart, exposing the naked body of the dragon man.

The palm-sized cyan scales were next to each other, as if they were fish scales, but they looked thicker and firmer than fish scales, and his arms and legs must be strong, and his sharp claws flashed with cold light.

It seemed that the man standing up didn't look like a dragon at all, but he felt more like a lizard walking upright!

Although the appearance of this dragon man is ugly, the scales on his body are definitely not fake. Li Tian believes that if it weren't for the sky spear in his hand to cooperate with the Qingyun Qi Jue attack, ordinary swords would not be able to hurt the scales!

Li Tian suddenly thought of a sentence: Long gave birth to nine sons, each is different! Then Li Tian saw the other eight dragon men who had not yet transformed and immediately felt the wonder of this sentence.

"Is your neighbor next door surnamed Wang?" Li Tian asked suddenly.

The dragon man was taken aback, wondering why Li Tian would ask such questions, and nodded honestly.

A smile appeared involuntarily at the corner of Li Tian's mouth.

"What do you mean?" the dragon man asked.

Ye Meijing, who has been following Li Tian for ten days, knows the stalk Li Tian said, lest the world will not be chaotic, she shouted at the dragon man: "You should fix him soon. He is mocking your racial style. !"

This sentence completely caused the dragon man to lose his mind, and the flames of anger burned in his heart instantly, and even the other eight dragon men behind him expressed their anger in varying degrees!

Li Tian's unintentional loss hit the dragon clan's sore spot!

"Boy, I take back what I just said, I'm going to twist your head off as a chamber pot!" The dragon man roared angrily.

Longyin?

It may not be considered as such, but Li Tian felt that all the plants in the valley of Dead Silence made a squeaky sound, as if responding to the dragon man's anger.

Huh!

A cyan shadow flashed in front of Li Tian.

Losing the shackles of the heavy blanket, the dragon man's movement speed was significantly faster. Li Tian was just a blink of an eye. The dragon man's sharp claws had already attacked Li Tian's chest!

Fortunately, Li Tian was prepared, and the Heavenly Qiong Spear in his hand blocked the dragon man's sharp claws, so that the man's attack could not move forward an inch, but that's it, the sharp dragon claws still opened Li Tian's abdomen Skin.

The blood instantly dyed red, and Li Tian's body flew out heavily!

Chapter 4158: : Li Tian's counterattack

Huh!

Huh!

Li Tian contacted and used a few teleports, and only then did the dragon man's one-stroke power be resolved!

It's not that the Dragon Race is really domineering, and Li Tian was injured by a single blow. Now Li Tian's arms clasping the Qiong Spear of the Sky are still trembling slightly, and blood is leaking from the tiger's mouth on his palms. .

There was a look of doubt on the dragon man's face, and he looked at Li Tian and said, "You are not a venerable! I have never met such a weak venerable!"

However, the tone of the dragon man is not so sure. After all, Li Tian's teleportation is still very proficient in playing, why would he teleport again if he wasn't the Venerable!

For the first time, facing the attack of the dragon man, he did not retreat but instead advanced, and attacked the dragon man with the most expert Qingyun Qi Jue for the best, and the purpose was to make the dragon man be jealous of his strength.

Facing the dragon man's sudden attack for the second time, Li Tian was injured physically. The teleportation was used to resolve his strength. It was to show weakness and to make this dragon man feel Li Tian's true strength and despise Li Tian.

The strong is for other dragon clan members, and the weak is for the dragon man now!

"I'm sorry, meeting your dragon team today is not only my Li Tian's misfortune but also your misfortune, but in the final analysis it is your misfortune! In order to make other dragon members jealous of me, then I can only take you!" Li Tian thought in his heart.

At this time, Li Tian had one heart and three uses.

Li Tian slowly stretched out his right hand, feeling the surging spiritual power fluctuations in the veins of his arms, seven or forty-nine small fish swam around frantically, constantly impacting Li Tian's acupoints.

Had it not been for Li Tian's utmost control, I am afraid that these seven or ninety-nine small fishes had already rushed out of the acupuncture path and had crossed the dragon gate and turned into a purple electric python!

In the huge space of the Qiong Spear of the Sky, the powerful body of the vicious dog leans back slightly, but it can be seen that the limbs of the vicious dog are digging the ground vigorously. As long as Li Tian opens the space channel, the vicious dog can do it. Saved instantly!

A faint smile appeared on the corner of Li Tian's mouth, and the arm that held the Qiong Spear of the sky slowly lifted, and pointed the spear up slightly at the Dragon Race man and said, "Want to know if I am the Venerable? Use yours. Don't you know the stinky lizard's life by experimenting?"

Li Tian's words were not murderous, but everyone present could feel that Li Tian's words were full of confidence.

"This is the way of the venerable! Compared to Li Tian, those venerable part-time jobs in the Netherworld are weak!" Ye Jingjing said in a low voice with a small star in his eyes.

The other eight members of the Dragon Race behind the Dragon Race man were also shocked by Li Tian's aura. At this time, they felt that Li Tian's aura had completely changed!

Behind Li Tian, the dozen or so lemurs looked at Li Tian adoringly, shouting loudly, "Boss, come on, boss!"

Among all the people present, only this dragon man sneered at Li Tian's performance, and said with a cold snort: "Arrogance! Other arrogance is the capital of arrogance, and your arrogance is enough ignorance of you!"

The dragon clan man's double retreat slammed into the air, and his body seemed to fly out like a blue lightning, rushing to Li Tian quickly, his double retreat lightly tapped on the ground a few times, and his body had already risen into the air.

At this time, Li Tian also moved!

Li Tian knew that his real strength was only a seventh-level cultivator. If he was based on his true ability alone, the dragon man would throw away a few streets from Li Tian in minutes, but Li Tian teleported, which would allow Li Tian Reluctantly keep up with the rhythm of the dragon men!

Huh!

Huh!

Huh!

The sharp claws of the dragon men kept grabbing Li Tian.

Fast, accurate and ruthless!

Had it not been for Li Tian's continuous instantaneous movement to change the direction of his actions, so that the dragon man could not judge Li Tian's next second's trend, Li Tian would have been torn apart like plastic foam!

hiss!

The dragon man seemed to have torn the air, leaving a few white marks in the air. Li Tian felt that strong winds were constantly blowing on his face. The strong winds were the blades of a knife, and they could make Li Tian instantly Several blood stains were left on his face.

"Is this your strength? Venerable shit? Venerable shit, facing my ninth-level intermediate-level attack, a man who needs to avoid constantly, why not stay in this battlefield of death forever!" The dragon man said with a wild laugh .

"Your mother's last name?"

"When you were young, did the old king next door often come to hug you?"

"..."

While avoiding the dragon man's attack, Li Tian kept attacking the dragon man with his language offensive.

The dragon man was still a little impatient in his heart for a long time, and Li Tian's provocations made him full of anger, and roared: "Boy, you are looking for death! Let you try my Dragon Nine Changes!"

Li Tian can clearly feel that the dragon man's momentum is a little weaker at this moment, perhaps it is the inevitable preparation for this dragon man to perform the nine changes of the dragon.

But this is the opportunity Li Tian has been waiting for for a long time!

It's now!

Li Tian's evasive momentary movement suddenly changed direction, changing from defense to offense. At this time, the seven forty-nine purple electric pythons in the veins of Li Tian's arm surged onto the spear of heaven.

Crackling!

The powerful electric current rushed towards the dragon man with an aura of wanting to destroy the world.

This is a powerful attack that can destroy an island. Even if the dragon man's scale defense is strong, I am afraid that these seven forty-nine purple electric pythons will instantly blow up the pieces of armor, and may even be wiped out.

"This... what is this?"

The face of the dragon man was full of horror, he wanted to escape!

He also had the strength to escape, but at this moment, a huge figure that looked like a mountain range flew out of the Heavenly Qiong Spear in Li Tian's hands.

The dragon man has escaped a distance of more than ten meters, but was stepped on by the vicious dog that came out of the Qiong Spear of the sky. The long bones of the vicious dog's long tail is the white lightning that has been lashing on the ground. Dragon men.

"Okay! What a powerful pressure, what a powerful strength, this is the aura that the Venerable should have!" The dragon man who was crushed under his feet was shocked!

This dragon man kept attacking the vicious dog's legs with his sharp claws, but this time he discovered that the vicious dog's legs were also covered with scales, and the defensive power of these scales was higher than that of the dragon man. Grades!

The dragon clan man let out a roar unwillingly, hoping that other dragon clan members could lend a helping hand at this time, but it was too late!

He completely suppressed Li Tian just now, and even let Li Tian lead him thousands of meters away. How could the speed of those cultivators be faster than Li Tian's teleportation?

Huh!

Li Tian teleported to the front of the dragon man, raised the heavenly spear and slammed into the dragon man's body.

Chapter 4159: :can not say it clearly

The spear of the sky pierced the dragon scale as if it was pierced on a heavy steel plate, but even if the steel plate was attacked by this Qingyun Qi Jue's purple electric python, the picture would instantly collapse!

"Stop...Stop!"

The face of the dragon man was full of horror. He already felt pain, and the purple electric python was eroding the scales on his body frantically!

At the moment, a wrinkled animal skin was in the hands of the dragon man.

Li Tian didn't know what the animal skin was, so he suddenly withdrew the Qiong Lance of the sky back, and even with 7,749 purple electric pythons was withdrawn by Li Tian.

In just an instant, the dragon man's chest was bloody, and the scales of his upper body were almost completely swallowed up by the purple electric python. If it weren't for Li Tian's quick withdrawal and the dragon man's defensive power, it wouldn't take much. In seconds, this dragon man will be swallowed up by the purple electric python.

"What is this?" Li Tian asked.

The vicious dog pierced the wrinkled animal skin with its long bones and sent it to Li Tian.

Li Tian held it in his hand, looking at the crumpled animal skins that did not have the map he had imagined, but instead painted a man, an extremely ugly man.

"This is your portrait!"

"Fart, is Lao Tzu so abstract?" Li Tian was angry instantly.

"It's the ***** who slandered Lao Tzu and painted Lao Tzu so abstract? You all criticize, the person in this painting looks like Lao Tzu?"

The little Baimao who came to his side took the crumpled animal skin in his hand, glanced at Li Tian and then at the task on the animal skin, and said meaningfully: "It looks like everywhere! Look, you have two. Only eyes, there are also two eyes in this portrait... The most important thing is that the color of the hair and eyes of the characters on this portrait are exactly the same as you. It can't be wrong. Whoever sees this portrait will associate him with you. !"

Li Tian was a little dashed, don't the people in the Netherworld have any artistic cells?

"Do you admire me? That's why you treasure my portrait? No, the first time we met, even if you admire my heroic posture, you wouldn't have the opportunity to paint!" Li Tian said.

The dragon man was still stepped on by the vicious dog. He endured the pain of his chest wound and said: "We are looking for you on the order of Lord Long Aotian. Now I dare not say that there is at least in this deadly place. Hundreds of teams are looking for your whereabouts, and more than seventy or eighty of these teams are led by the first-level veterans!"

"Long Aotian? Could it be You Ming San... Third Young Master's Long Aotian?"

Li Tian's heart slammed. He didn't expect that these three silly ghosts would go to war, mobilizing such a powerful force to find him all at once, and Nima even had the leader of the venerable leader. It really looked like Li Tian.

Who made Li Tian pretend to be too forceful, using teleport to disguise himself as a venerable person, but all the cultivators who have been robbed by Li Tian have already regarded Li Tian as a powerful person.

There are hundreds of teams, and seventy or eighty are venerable. If this is the case, Li Tian will do nothing for the rest of the day, as long as he hides in Tibet and escapes.

"Through our short acquaintance, at least I know that Miss Ye Meijing was not kidnapped by you, she still has full freedom, and just now I saw you desperately protecting Miss Ye Meijing, at least now I know the rumors. It doesn't match the facts!"

"Now only I can help you. I can take Miss Ye Jingjing back to the third son of the Netherworld, and then I will wash away your grievances. If you kill me now, then you will surely take advantage of Ye Meijing. Miss the facts, moreover, you will suffer crusade from all the dragon cultivators on the battlefield of our death!" said the dragon man.

Although unhappy in his heart, Li Tian had to admit that what the dragon man in front of him said was the truth, and that Li Tian really couldn't provoke the three fools.

Originally, Li Tian was holding more troubles than saving things, muffled to rob the spiritual source, muffled to make a fortune. If it weren't for the little Pi Niang Ye Meijing to make trouble, Li Tian still leads a free and comfortable life of snatching.

"Needless to say, I understand. I understand! In this way, you can also see that Ye Meijing is now safe and sound. I originally planned to return her to Ye Gongzi personally. Now that I meet you, I will give Ye Meijing to you. Up!"

"You must explain to the third son clearly that it is Ye Meijing who wants to follow us to roam. We didn't mean to force her at all. On the contrary, we were harmed and threatened by her!" Li Tian's face was bitter! Said with a wry smile.

At this time, the vicious dog had let go of the dragon man, and the dragon man stood up with difficulty, his face was almost the same as Li Tian. It seems that everyone still has a common understanding of the savage and willful Ye Jingjing!

Watching Li Tian and the Dragon men turn their fights into jade silk in a short time, and even feel a little sympathetic, the onlookers looked at each other.

Hearing that Li Tian didn't send her back, Ye Jingjing angrily shouted at Li Tian: "Li Tian, did you **** sell me halfway? Do you believe what they say? How do I feel about them Not like a good person! If I have three long and two short, are you worthy of me? worthy of your child in my belly?"

Upon hearing Ye Meijing's words, everyone's faces showed surprise expressions.

I fuck!

This guy is even sexually obscure, and even said such things. If Nima spreads to the ears of the third son of the Nether, Li Tian's life will be worrying!

Who knows if this little Pi Niang has a relationship and enters the battlefield of death!

"Ye Meijing, you're enough! Then talk nonsense, be careful that I tear your mouth!" Li Tian first roared at Ye Meijing, and then said to the dragon men and others: "Everyone, don't listen to her nonsense, we The two are absolutely innocent..."

"Innocent? Oh, you're still not a man? Just ask if you ever took my hand? Have you ever hugged me? Have you... oh!" Ye Jingjing, the little Pi Niang deliberately, didn't finish. Coupled with her aggrieved expression in her eyes, this **** basin is determined to be buckled on Li Tian's head!

Even if Li Tian is covered in mouth, he can't tell now!

Little Baimao and other lemurs secretly extended their thumbs, and praised Li Tian from behind.

"I see, our sire is awesome, this woman is pregnant with his seed in such a short period of time, and we are just around the corner!"

The face of the dragon man who had just shook hands with Li Tian changed in an instant, and said to Li Tian: "You can't go, I'm afraid I can't do the Lord if such a big thing happens! Please follow us to meet the third son , Speak clearly in front of San Gongzi!"

Chapter 4160: : Stalker

Li Tian wanted to refuse, but Li Tian didn't want to be pursued endlessly, so he could only reluctantly agree. ,

He didn't want to have any contact with the three silly ghosts, but things backfired, but Li Tian had to follow the small team of nine members of the dragon clan toward the place where the three silly ghosts are now.

Seeing Ye Meijing's triumphant expression on Pi Niang's triumphant expression, Li Tian was in a rather unbeautiful mood. He stretched out his hand to pull Ye Meijing into his arms and hit the little Pi Niang's hips again.

Playing for a lifetime, a woman didn't expect to be played by this woman!

Since your sister is pregnant with my Li Tian's seed, then Li Tian can't get it back with my hands. That would be too wrong for me, Li Tian. Li Tian was not polite to Ye Meijing.

It's easy to move your hands and feet. If it weren't for the nine dragon guys and ten lemur guys around this vicious dog, Li Tian would definitely let Ye Meijing know what Ma Zhen is!

The dragon guys kept shaking their heads.

They didn't expect that Ye Meijing, who was famous for being stubborn and self-willed, turned out to be a good baby in Li Tian's arms. Even Li Tian hit her butt, Ye Meijing was not angry.

This is probably one thing down one thing!

At this time, in their eyes, Li Tian, Ye Meijing, and the vicious dog were just a pair of dogs, men and women!

Of course, Li Tian didn't dare to really do anything, that is, hitting Ye Meijing's **** to let her know that it is wrong to lie and that a good boy should not lie.

With the backing of nine dragon men, Ye Meijing's nature was revealed in this way.

All the small groups of cultivators encountered along the way were severely snatched by Ye Meijing. In just a few days, in this deadly place, Ye Jingjing's demon reputation even surpassed Li Tian.

Ye Meijing didn't learn any other skills, but he learned the shamelessness of the lemur tribe to the fullest and even carried it forward.

These robbed monks were completely plucked out of their bodies, leaving no one to hide their shame.

You are more reluctant than others. If you do not, you will be beaten by Ye Jingjing immediately, and then let the dragon men chop down some needle-like plants that are unique to the dead place, and let these monks wear them as clothes. In the body, it is a guilty plea.

Of course, these beautiful leaves do not need to do it yourself. The ungrateful guys of the Lemur tribe can't wait to kneel and lick the beautiful leaves. With a word from Ye Meijing, these lemur tribes will do it for them.

Ye Meijing only needs to watch the show.

When Ye Jingjing smashed the large group and left, the cultivators who survived by chance had tears in their eyes, and their hearts could not be calm for a long time.

It may take at least decades for their psychological shadow area to gradually disappear.

Burning and looting all the way, Ye Meijing was very addicted, Li Tian was not a small gain, and he actually grabbed nearly 30 spiritual sources from the hands of dozens of cultivators.

The distance from the three ghosts of the ghost is getting closer and closer, and teams from the Dragon family, the Ye Family, and the Zhao Family continue to gather in, and there are hundreds of people behind Ye Meijing.

Seeing that most of these hundreds of people are cultivators and even venerable teams, let alone other cultivators, even blind creatures have long since escaped.

After Ye Meijing was crazy enough, she became more unhappy, pulling Li Tian's sleeves, and said grievously: "Li Tian, I don't want to go back, I want to follow you!"

"Sister-in-law, don't tease me, okay? I'm about to be tossed to death by you. Why did you say that the death rate of the monks in this deadly place has risen sharply recently? This is all thanks to you Miss Ye Meijing Bestowed! If you are considerate of me, please spare me this time!" Li Tian said.

Ye Meijing didn't speak any more, and did not speak until the team returned to the place where the three silly ghosts were.

Passing through a canyon, some weird buildings appeared in the valley. This is the base of the three silly ghosts in the dead place!

These buildings look so simple in Li Tian's eyes. In addition to the magnificent appearance, they also serve as a shelter from the wind and rain.

However, Li Tian also knew that this was a place of deadly silence, and in the absence of building materials, it was already quite difficult for the three silly ghosts to build these buildings here.

Li Tian and Ye Meijing jumped off the back of the vicious dog, and sent the vicious dog into the Qiong Spear of the sky, and then followed the dragon men to the three ghosts of Ye Liangchen, Long Aotian, and Zhao Ritian.

Ye Meijing glanced back at Li Tian and walked behind Ye Liangchen.

"You are Li Tian? You are so brave. Even my Liangchen's sister dared to take captive. Now even if you send it back personally, it will hit me Ye Liangchen in the face. How do you want to solve this matter?" Ye After seeing Li Tian, Liangchen showed a disappointed expression on his face and said disdainfully.

Li Tian hadn't spoken yet, and Zhao Ritian beside him said on his behalf: "What's there to say, there is no one who dared to beat our Third Young Master in Netherworld. So far, no one is alive. Since this kid has known his mistake, Sending the little sister Ye Meijing back in person is a good deal for the third son of the Netherworld. As for the dozen or so lemur men who followed him, all beheaded!"

The dragon man who walked in with Li Tian bent down and said a few words to the third son of You Ming in a low voice. Li Tian saw Ye Liangchen, Long Aotian, and Zhao Ritian's faces instantly change.

"What you said is true?"

Ye Liangchen asked the dragon man angrily, and nodded when he saw the dragon man, then Ye Liangchen turned around and asked Ye Meijing: "Is what he said is true?"

Ye Meijing nodded slightly and said, "This is my voluntary! It has nothing to do with Li Tian!"

Ye Liangchen's eyes flashed with a gleam of cold, his teeth rattled, and he said angrily: "Asshole! My sister Ye Liangchen did such a beastly thing. If I don't kill you today, let me have a good time. Where do you put your face!"

"If you dare to kill him, I'll die for you to see!"

"I can't hide my father from entering the battlefield of death. If I have two shortcomings in the battlefield of death, will you be able to get out of the relationship? At that time, even if you leave the battlefield of death, you will reach the realm of the venerable as you wish. Once you lose it Father's trust, can your position as Young Master Ye Cheng be more secure? You must know that if I hadn't spoken kind words for you in front of your father these years, I'm afraid your title as Young Master Ye Cheng would have been taken off!" Ye Meijing Said without showing any weakness.

Ye Liangchen was speechless for a while, and the muscles on his face twitched slightly before he said, "Then what do you want?"

There was a trace of successful conspiracy on Ye Meijing's face, and said, "I came to the death battlefield to have fun. It's not fun to follow the three of you!"

This is a fact. The three sons of the Netherworld have a deep family background, but they are not fools. If they cannot break through to the realm of nobles after entering the battlefield of death for five hundred years, their status in the family will definitely decline, so They enter the battlefield of death more for practice and fighting experience!

"Let me follow him. With the strength of his venerable and the prestige of our Yecheng, my safety can definitely be guaranteed. Anyway, we have to stay in this death battle for five hundred years. Maybe one day I will be tired of him. I'm back, and it's all your business how you want to kill him then!"

"But the kid in your stomach?"

"If you don't agree to me, there will be children in your stomach. Then I will find the lemur clan to give you a group of little lemurs and let them call you uncle!"
