

A Killer 431

Chapter 431: Tang Xiaolong

But I didn't expect that one of the people who followed Li Tian just now was one of the people who fought against the old man ten years ago, which of course shocked Ouyang Shiqing in front of him.

"Well, this black and white double evil is definitely not a general generation. I think if it wasn't for the old man who had already quit killing and didn't want to get blood on his hands, otherwise, I would definitely kill both of them..."

"Unexpectedly, ten years later, this black and white double evil is still working for the Duanmu family." The old man sighed slightly.

Ouyang Shiqing on the other side was astonished at the moment, why did Li Tian follow such a person by his side.

"By the way, girl, why did the young man come to you just now?" The old man suddenly turned his head and asked.

Ouyang Shiqing in front of him then simply told the old man what Li Tian had come to find himself.

After finishing speaking, but seeing the old man holding his gray beard, his thick eyebrows slightly wrinkled, and said, "Is that the matter?"

"Yeah." Ouyang Shiqing said.

"That's weird..." the old man in front of him murmured.

"Grandpa, what's the matter?" Ouyang Shiqing asked quickly.

The old man said: "I still can't guess it now, but I can feel it, the four major families may be about to have a major event..."

"event?"

"Hmm..." The old man only uttered one last word slightly, and stopped speaking, his eyes were looking at the Big Dipper on the boundless dark curtain... A pair of Long Jiong eyes carefully looked at, but he saw the first four Big Dipper in the sky. The "Dou Kui" star is like a bow... The last three "Xuanji" stars are used for archery.

The ancient astrological diagram and text fortune tellers, once they see such astrology, they must know the phenomenon of natural change. Geek

Since the New Century Dance City and the boss of DJ Paradise were slaughtered by Situ Ningbing in Jinghai City, several famous night scenes have appeared one after another.

One of the most famous is that: md bar.

The md bar is not like the smoky third-rate bars of the past, but a regular bar.

At most, there will be a steel tube show, which can be regarded as a green area in the red light district.

Of course, most of the people who enter it are white-collar workers. These people are often not so vulgar. They don't know how to get in, and they don't want to get in, just look for a lady or something...

It is a place full of nightlife enjoyment.

"Deviant" behavior is rarely seen in md bars, not only because the quality of the people who come here to consume is slightly higher, but also because the name of the boss here is Tang Xiaolong.

Now the whole md bar, whether it's the waiter or the pretty girls at the bar, when they see Tang Xiaolong, they will call out Brother Long affectionately.

It is said that Tang Xiaolong thief can fight. Ten days ago, a single person singled out a dozen thugs who came to the scene.

Except for the loss of a few tables in the bar, the dozens of ***** all lie down and enter the hospital, and Tang Xiaolong is unscathed. From then on, the name "Long Brother" can be said to be awesome. , Especially in the md bar.

The md bar is as hot as ever, with people coming and going.

What's playing inside is a gentle rock song, which is a rock from Cui Jian's very early stage.

Most of the consumers are sitting in the bar, listening to rock music and drinking beer.

I saw that at the md bar, a flat-headed man in a black suit ran to the beautiful waiter at the bar and asked, "Where is Brother Long? Have you seen me tonight?"

"I saw it just now." Just listen to the waitress in front of you blinking.

"now what?"

"I don't know, it seems to have gone to the box on the second floor."

"Oh, thanks."

Talking about the flat-headed man, he went up to the second floor vigorously.

In a box on the second floor, I really saw a few men in suits like him standing there. It turned out that these people were all attendants of the md bar.

When the man on the platform walked over, he asked, "Where is Brother Long?"

"Shhh..."

A brother who was leaning against the wall and smoking a scene and hissed the man on the platform, motioning him to be quieter.

The flat-headed man was taken aback, and said, "What's wrong?"

"Brother Long is talking to himself again... hey!" the guy watching the scene sighed and said.

"What the ***** is this? Long brother is always depressed."

"I guess it's because of women."

"Fuck off, don't be nonsense, you all don't know, don't talk nonsense here." One of the guys with a figure helper said to several people there.

"Fuck me, don't you know?"

"Of course I know."

"Hammer, then tell me? Why is Long Ge drinking boring wine all day long?" Several people blinked and asked.

"I told you, don't tell me about it."

"Don't worry, our brother will definitely not talk nonsense, just say it, say it, what happened to Brother Long?"

"I'm telling you, the reason why Long Ge is unhappy is because Long Ge's previous eldest brother, it seems to be called Li Tian..." This guy said.

As soon as he finished saying this, the person next to him booed and said, "Bringing bragging!"

"Brother Long is so powerful, and there is a big brother?"

"Yeah, our Long brother can fight so much, fuck, is there someone who can fight better than him? That's not a god?"

These people do not believe it.

"You know a bird... I tell you, I told you this time when Brother Long was drunk and said it personally. At that time, I still remembered that Brother Long said that his eldest brother was dead... just died in front of him...because we dragon Brother did not save his elder brother Li Tian, so he has been absolutely guilty and depressed."

Hearing what this guy said, the people next to him couldn't believe it.

But is this guy saying true or not?

At the moment when I was saving Situ Ningbing, several brothers stood on the same front with Li Tian regardless of life and death, facing the underworld figures in Jinghai City...

But in the end, Li Tian was shot and fell to the ground, and finally was taken away by the Duanmu family.

In Tang Xiaolong and Chen Qiaozhi, they thought that Li Tian might be dead.

Although their brothers did it for such a short period of time, just over a dozen days, their feelings have reached the point where they live and die together.

In the box, I saw Tang Xiaolong lying on the sofa with half a bottle of beer in his hand, and the table next to him was full of empty beer bottles.

He was still the way he was before, with a very handsome face with an evil feeling, and he was lying on the sofa dizzy at this moment.

Drunk too much.

"Brother Tian...you...your **** unjust..."

"Why suddenly... suddenly... left?"

"Fuck me!"

Tang Xiaolong, who uttered a few words in a chaotic manner, held up the half bottle of beer and poured it into his own throat fiercely.

Chapter 432: act recklessly

Tang Xiaolong is the kind of man with a strong spirit.

Especially those who have honed him in the army, who do you not serve? But he only convinced Li Tian.

Not only because Li Tian beat him to the ground, but also because Li Tian is a man, who Tang Xiaolong considers himself the most manly man.

A man who can face so many underworld figures with swords and spears for his own woman, and a man who can lower his dignity and not beg anyone, this is the man, this is the man Tang Xiaolong thinks is worth paying.

But now? Tang Xiaolong always thought that Li Tian was dead, so he was very depressed.

Since that incident, Tang Xiaolong, Chen Qiaozhi and Ah Qiu Tong have all left the Ouyang family.

Tang Xiaolong is in the md bar now. As for the other Aqiu and the sick student Chen Qiaozhi where is there? No one knows yet.

On the streets of Jinghai City, but seeing Li Tianzheng rushing towards the md bar.

From the moment that Ouyang Shiqing knew that Tang Xiaolong was in the md bar, Li Tian was very excited and excited.

Not only because I haven't seen my brother for so long, but also because they hate their brotherhood deeply.

On the contrary, Bai Wusha at the back has always looked extremely ugly. This guy doesn't know what Li Tian is doing? I don't even know what kind of brother he wants to see...At the same time, I can't help but wonder in his head, why is this kid surnamed Li looking for his brother? Could it be said that he is still going to take his brothers to the north of Liaoning with himself?

Bai Wusha, who was thinking so much, followed Li Tian silently.

When the two arrived towards the md bar, it was at the busiest time of the bar.

Looking at the colorful and colorful bar signs, Li Tian took a look, and then followed the crowd of people walking inside.

As soon as you walk in, you can hear the sound of music. Fortunately, the sound of music is not so impetuous. Although it is full of tobacco and alcohol, it is quite quiet compared to other third-rate bars. local.

After Li Tian walked in, he went straight to the bar.

There was a pretty waiter with a round face standing at the bar. After Li Tian walked over, the waiter lady was very polite, with a very friendly smile on her face and asked there, "Excuse me, sir, I need some more what....."

Li Tian smiled slightly and said, "No."

"I just want to find someone."

Hearing what Li Tian said, the waiter was slightly startled, and then asked, "Who do you want, sir?"

"Tang Xiaolong." The three words came out of his mouth.

"Looking for Brother Long?" The waiter in front of him was slightly surprised.

Then a pair of beautiful eyes looked down on Li Tian's body, and then focused on Bai Wusha behind Li Tian. When her eyes touched that Bai Wusha, her brows wrinkled slightly.

Then he said, "Okay...you wait a moment."

After speaking, the waitress left the bar and walked quickly to the second floor.

Li Tian found a place to sit down, and Bai Wusha followed his ***** like a follower, muffled.

After the waiter quickly went up to the second floor, he found that the location on the second floor was noisy.

Looking closely, it turned out that it was in the box on the second floor. Several drunk men shouted there, and the people watching the scene next to him were discouraging them.

Since there are about 56 drunk men over there, plus the security guards watching the scene, they suddenly blocked the corridor,

The waitress in front of her glanced at the situation in front of her, and couldn't help but ask a security guard next to her: "What's the matter?"

The security guard said: "Several drunk bastards, clamoring about looking for a lady... You don't know, our md bar has never had a lady since its establishment."

When the security guard said that, the waiter blinked his eyes and said, "It turns out that this is the case."

"Why are you not at the bar anymore? Why are you here?" The security guard asked the waiter, looking at it.

The waiter, the little beauty, remembered what she was doing on the second floor, and said quickly: "Oh, yes, I'm looking for Brother Long. There are two people downstairs looking for Brother Long."

"Looking for Brother Long? Who?"

"I don't know either..." the waiter said.

"Brother Long is still drinking boring wine alone in the box." Just listened to the security guard in front of him.

The waiter frowned slightly, what should I do?

When she was helpless not knowing what to do, she saw the drunk man in a suit yelling in the hallway, and he was still yelling at the security guard who was watching the scene.

"Damn, you don't even have a lady in a bar...what kind of bar in tm?"

"I think...you should quickly close the door with Laozi..."

The yelling was a drunk anger, staring at one of the security guards' neckline with one hand.

There are four or five confident guys behind him.

"Sir, we really don't have a lady in our bar... If you want to find it, you can go to the nightclub next to it... If you want to make trouble like this again, we are not welcome." The security guard who was watching the scene was also angry at this time.

Hearing that the drunkard heard the security guard say so, he punched the security guard's cheek with a punch, and hit the security guard's face with a strong bang, and at the same time cursed and said: "Let you go Damn...you just want to chase Lao Tzu away because of your little security guard? You don't even look at your **** virtues?"

Seeing this drunk man start his hand, several people watching the scene next to him clenched their fists tightly and were ready to make a move.

But at this moment, the door of the box next to it was kicked open by a "macho" with a bang.

"Asshole, what is the noise for Lao Tzu?" He shouted, but the fierce man who came out was Tang Xiaolong who was in the box.

As soon as the people watching the scene saw Brother Long coming out of the box, they shouted, "Brother Long..."

"These **** have to clamor to find a lady in our md bar... We told him no, he did it!" Only one security guard said angrily.

The few drunks over there, relied that they might be rich, and at this moment, plus a drink, no one would pay attention.

Looking at Tang Xiaolong who came out, he stretched out his hand and pointed at him and said, "You are their head? What the **** do you eat? A bar doesn't even have a beautiful woman... and there is a hairy bar, what a **** An idiot."

Listening to the drunk man's curse, Tang Xiaolong's anger soared.

"You have the ability to tell me again!" The cold words suddenly came out of Tang Xiaolong's mouth.

The drunk didn't know how to live or die, he even deliberately took two steps in front of the tower, pointed at Tang Xiaolong's head with his finger, and yelled again: "You've listened to me... I'll scold you, you're a **** idiot... .."

Chapter 433: Brotherhood

The word idiot just said the word, before he finished speaking the next words, Tang Xiaolong suddenly pinched his neck with one hand.

Then the other hand grabbed his waist, and both arms used force to directly lift this person up, how mighty.

"you wanna die!"

boom

Scream!

The guests downstairs were originally enjoying the deep rock sound, but at this moment, they suddenly screamed when they saw that a huge body was thrown directly from the second floor.

Ah, screamed.

The guy who was thrown down hit a table like a dead pig, and the huge table was directly smashed to pieces.

The man didn't know if he was thrown to death, and he lay motionless on the ground.

Sitting in the audience, Li Tian frowned slightly. Bai Wusha also frowned and looked at the second floor. The two of them still don't know what happened.

After no less than two seconds, I heard a scream, and soon a body was thrown directly down from the second floor, and banged directly on the table like the previous one.

The people on the first floor of the md bar were dumbfounded and didn't know what happened on it...

But after seeing these two men being thrown down to death, the three men screamed and ran down from above...They were as scared as they saw a ghost.

After staggering all the way down the stairs, he ran away.

Everyone was staring at the place on the second floor at the moment, but saw a few security guards who were watching the scene emerge from the place on the second floor, and then they saw Tang Xiaolong among them.

"What's the matter?"

"I heard that a few **** who didn't have long eyes made trouble in the md bar just now, and they were thrown down from the second floor by the old man Tang Xiaolong who was watching the scene..."

"Ah? Dare to run wild on the ground covered by our Long brother, doesn't he want to live anymore, he deserves it..."

The words of these people spread into the ears of Bai Wusha who was sitting next to him, and Bai Wusha couldn't help but stare at Tang Xiaolong on the second floor with his brows, with a contemptuous smile on his mouth.

"So it was him who was looking for."

Where is Li Tian? The moment he saw Tang Xiaolong, he stood up with excitement, silent for a long time without words.

But Tang Xiaolong hadn't noticed the big brother Li Tian downstairs yet.

He just said to the security guards watching the scene next to him: "Throw those two **** out the back door..."

The watchman brother nodded, and then followed Tang Xiaolong down from the second floor, carrying the two guys who were thrown by Tang Xiaolong from the second floor, and they were probably not dead and carried them toward the back door of the bar.

And Tang Xiaolong also motioned to the bar to continue... and then he prepared to fetch two bottles of wine from the bar.

"Little Dragon..."

Suddenly a familiar voice came into Tang Xiaolong's ears.

When he heard this familiar voice for an instant, Tang Xiaolong's nerves suddenly felt as if he had been electrocuted, and then he subconsciously thought whether he was drinking too much and was confused...how, how could he hear his voice... ..

Tang Xiaolong, who shook his head, hadn't fully reacted yet.

"Little dragon... it's me."

When Li Tian shouted again, Tang Xiaolong was completely startled.

Then a pair of eyes widened and slowly turned around to look at him standing behind, Li Tian.

In addition to the extremely unbelievable in the eyes, there are more shocked...

After a pause for about a few seconds, the kid finally reacted.

"Little boss..."

"You...you...you are not dead?"

He looked at Li Tian as if he saw a ghost, rubbing his confused eyes while talking.

Li Tian smiled.

"Of course I am not dead! If I die, how can I still be in front of you now?" Li Tian said with a smile.

That Tang Xiaolong fully reacted at this moment, this is true!

This **** is true.

"Little Boss...!" Tang Xiaolong rushed towards Li Tian like a woman, hugged Li Tian, and the two brothers hugged tightly.

Tang Xiaolong always felt that he was a tough guy, but at this moment, his excited eyes were a little red... he almost cried excitedly.

Li Tian also hugged his brother tightly, and all the words in his heart seemed to be spoken at this moment.

On the contrary, Bai Wusha at the back looked at Tang Xiaolong with a pair of cold eyes.

The people watching the md bar next to it were all stunned.

They all looked at Li Tian with blinking eyes, wondering who this person is? How could you make Brother Long so touched, and Brother Long just yelled "Little Boss..."

Could it be...could it be that... he is Long Ge's eldest brother? He is the eldest brother who made Long Ge dull all day thinking that he was dead...

Gosh! When all the people who watched the scene were guessing that Li Tian was Tang Xiaolong's eldest brother, they all looked at Li Tian with shocking eyes.

At that point, Li Tian finally hugged Tang Xiaolong deeply for almost 2 minutes before the two let go.

This is a brotherly embrace.

Tang Xiaolong's eyes were flushed, and at this moment, even his voice was trembling and he said to Li Tiandao: "Little boss, what was the matter with you in the first place? Why are you so good now? Brothers all think you have been affected by the dark Duanmu family Killed the bastard..."

Listening to Tang Xiaolong's words, Bai Wusha suddenly revealed murderous in his eyes, and an extremely ugly look appeared on his face.

I saw Li Tian slowly shook his head there.

"Little boss, what happened?" Tang Xiaolong couldn't help but eagerly ask.

Because of the inconvenience of Bai Wusha following, Li Tian could only say: "Xiaolong, this matter is a long story. I will tell you later when I turn around."

When Tang Xiaolong heard Li Tian say this, he also nodded.

"Little boss, go, let's drink two glasses and talk slowly, don't you know, brothers almost want to die of you!..." He said that he was going to pull Li Tian towards the empty table next to him.

Li Tian was also happy, so he sat down next to Tang Xiaolong.

But that Bai Wusha's face was cold and embarrassed at this moment, neither standing there nor sitting nor standing.

Tang Xiaolong saw the pale-faced guy who had been following Li Tian at a glance.

That Bai Wusha's face was inherently bad, so Tang Xiaolong felt annoying at the first glance at him. At this moment, he raised his brows and looked at that Bai Wusha with slanted eyes and said, "Who are you? Huh? Why keep following behind my little boss?"

Suddenly hearing Tang Xiaolong say this, Bai Wusha's anger in his heart was extremely angry, and the gaze in his eyes seemed to kill.

What kind of character is Black and White Shuangsha? But now he is so despised by a kid watching the scene? Of course Bai Wusha is angry!

Chapter 434: Have their own scheming

However, Li Tian didn't want to make trouble at this moment, so he said: "Xiaolong, he is my follower..." As he said, he winked at Tang Xiaolong slightly.

How smart Tang Xiaolong is, of course he knows what Li Tian means at this moment.

He glanced at that Bai Wusha, and snorted at the corner of his mouth, then stopped paying attention to that Bai Wusha and continued to talk with his "big brother".

"Xiaolong, have you also left the Ouyang family?" Just listen to what Li Tian said.

Tang Xiaolong poured half a glass of beer fiercely and said, "Of course I leave!"

"I have always thought that the Ouyang family is good, but as for the little boss, the Ouyang family is too unjust..."

"I, Tang Xiaolong, is the kind of follower who looks pleasing to the eye, not pleasing to the eye, you just pull eight horses to pull me, and I don't follow you, so I broke up with the Ouyang family at that time and withdrew."

Tang Xiaolong said chicly.

Li Tian smiled.

"It's all I'm hurting my brothers." Li Tian said guiltily.

Yes, if it hadn't been for the fight against the entire underworld in Jinghai City because he was trying to save Situ Ningbing, I'm afraid the current brothers would still stay in the Ouyang family and drink spicy food.

"Little boss, if you say this again, my little dragon will be unhappy... It's all of the big masters, what's the trouble?"

"Come on, drink one."

Said the two toast and drink.

A cup of cool beer, one word is cool!

"By the way, Xiaolong, Qiaozhi and Aqiu, where are they now?" Li Tian couldn't help asking.

Then Tang Xiaolong wiped his mouth with his sleeve and said, "The sick ghost has gone to the northern part of Liaoning. A Qiu is still in Jinghai City like me."

"Qiao Zhi went to Liaobei?" Li Tian was a little shocked.

Tang Xiaolong blinked his eyes and said, "Hmm. What's wrong? Little boss?"

"To be honest, I came to you this time just to let you go to northern Liaoning with me..." Li Tian looked at Tang Xiaolong and said.

Tang Xiaolong immediately became interested when he heard it: "That's good."

"Originally, I had nothing to do when I stayed in this bar... I was worried about my backache... Little boss, since I entered, I will follow you, Tang Xiaolong." Tang Xiaolong said with a smile.

Li Tian also smiled. He is content to have such a brother for a lifetime.

"By the way, Xiaolong, you are leaving with me, what do you do here?" Li Tian couldn't help but look at the md bar in front of him and asked.

Tang Xiaolong waved his sleeves and said coolly, "It's okay. Although I also have a bunch of brothers here, you know that I, Tang Xiaolong, did this...so you can only regretfully leave." He said and smiled. Although there was a smile on his face, Li Tian could still see the loneliness on his face.

Tang Xiaolong was originally a man of temperament, and people like him are most affectionate and righteous. Now he suddenly wants to go with him. To be honest, Li Tian feels a bit cruel.

Listening to Tang Xiaolong's words, Li Tian still said silently: "Okay!"

"It's hard for you, Xiaolong." Li Tian said sincerely.

Tang Xiaolong showed a slight smile.

"You can tell your brothers... I think their feelings for you are pretty good. Tell someone and comfort them."

Li Tian said.

So Tang Xiaolong nodded, turned around, and walked towards the brothers in his bar.

Li Tian is on the side.

"Brothers, let me introduce to you first, this is my elder brother of Tang Xiaolong." Tang Xiaolong pointed to Li Tianxiao and said.

When the brothers in a dozen bars over there heard the words of "Brother Long", they couldn't help but yell to Li Tian, "Hello, big brother."

Just listen to Tang Xiaolong continuing to say: "Tell everyone something, I'm leaving."

When Tang Xiaolong suddenly said that he was leaving, the brothers in the bar were stunned.

"Brother Long, why are you leaving?"

"Yes, Brother Long, are you doing something wrong in that place... Are you upset with Brother Long?"

...

Listening to those words, Tang Xiaolong was a little moved.

Tang Xiaolong suddenly said to the little girl at the bar over there, "Bring some beer here."

The little girls at the bar hurried over with a dozen bottles of beer, and then gave these brothers who were watching the scene a bottle.

Tang Xiaolong also picked up a bottle in his own hand, and unscrewed the bottle cap directly with his hand.

His eyes were slightly red, holding the beer bottle and saying, "Thank you brothers for being with me for so long. I, Tang Xiaolong, do it first."

Speaking of raising the bottle of beer, he pours it into his own throat.

The brothers beside him also raised the bottle and drank.

Tang Xiaolong blew out the bottle of beer in one breath, and with a bang, he put the beer bottle on the table.

Blushing, he said to the brothers: "If there are brothers like you in this life, Tang Xiaolong is worth the death, but I have to follow my big brother..."

As Tang Xiaolong said so, the brothers were a little sad.

"But don't worry, brothers, one day I will come back to see you."

Tang Xiaolong finished speaking coolly, and the brothers didn't say any more words to stay.

"Brother Long, brothers don't say anything."

"Yes, brothers only wish Long Brother a good journey..."

"Also, I must come back to see my brothers if I have a chance."

...

Tang Xiaolong's eyes became redder when touching words came out of the brothers in these bars.

He turned around, stopped looking at the brothers in the bar, then looked at Li Tian and said with an ugly smile: "Little boss, let's go."

Li Tian looked at Tang Xiaolong. Although he had a thousand words at this moment, he couldn't say it.

He just stretched out a broad palm and put it heavily on his brother's shoulder, then turned around and walked towards the md bar with Tang Xiaolong.

More than a dozen brothers who watched the bar, as well as a few little girls from the bar, followed out to bid farewell... Some of the little girls even started to cry.

But all this, Tang Xiaolong did not look back.

He was afraid, he was afraid that he would not be able to walk away once he turned around.

After Li Tian took Tang Xiaolong and left the md bar, Tang Xiaolong didn't say anything along the way. Li Tian knew that Tang Xiaolong felt a little uncomfortable, so he did not speak.

On the contrary, Bai Wusha, who has been following, has a gloomy expression from entering the md bar until now.

"Does the kid surnamed Li take this guy this time?"

"Huh, it seems that the kid surnamed Li is not stupid, so he asked for a helper himself?"

"However, no matter how many helpers you find, once you complete the mission in Liaobei, you will die." Then Bai Wusha thought viciously in his heart.

From Tang Xiaolong's mouth, he knew that A Qiu was also in Jinghai City, but his other brother, a sick scholar, Chen Qiaozhi, had already arrived in northern Liaoning.

Li Tian was thinking about these questions all the way.

Chapter 435: Tang Xiaolong

The reason why he retrieved his brother was of course because he already had his own plan in his heart.

Li Tian knew very well in his heart that the two people who followed his own black and white Shuangsha were here to monitor him. If they enter the northern Liaoning area, can they help themselves? Li Tian didn't know.

So if he wanted to do that thing in Liaobei, he had to find his brother, his most trusted brother, for help. Of course, this was the reason why Li Tian sought Tang Xiaolong and the others.

After returning to the hotel where he was staying, Tang Xiaolong stood at the door of the hotel and said, "Boss, are you living here now?"

Li Tian nodded.

"Go, go in."

As he said, he led Tang Xiaolong towards the hotel, and Bai Wusha followed.

After taking the elevator to the sixth floor, he saw the dark-skinned hunk standing in the corridor looking at them with his eyes.

Black and impermanent, another one of black and white double evil.

Li Tian just glanced at the black impermanence, turned his head and said to Tang Xiaolong, "Xiaolong, sleep with me in the same room tonight, where I have two beds."

Tang Xiaolong nodded, glanced at the black impermanence, then said nothing, followed Li Tian towards the room.

The moment the black impermanence came back from Li Tian with Tang Xiaolong, a pair of cold eyes were placed on Tang Xiaolong until he walked into the room.

Suddenly his cold eyes were placed on one side of Bai Wusha's face.

"Who is he?" a cold sentence came out of Heiwuchang's mouth.

Bai Wusha also had an ugly expression in front of him, and said in a dark voice, "He is a helper from Xiaozi Li."

"Helper? Is he still looking for helper?" Hei Wuchang asked.

Bai Wusha smiled gloomily: "Don't underestimate this kid named Li, this kid is a bit more brainy than you and I thought."

"But you and I can rest assured, but it's just a kid watching a bar... Follow the surname Li, it won't turn back."

Hei Wuchang gave a cold snort, didn't speak, turned and walked towards his room.

After Li Tian took Tang Xiaolong into his room, Tang Xiaolong blinked his eyes and looked at Li Tian and asked, "Little boss, what are the two guys outside just now, a black man and a white ghost?"

"I think they are following you, and I can always feel an unfriendly message from them." Tang Xiaolong asked.

Li Tian turned his head and said, "Your guess is not bad at all."

"This is why I didn't reveal their information to you in front of them."

"What the **** is going on? Little boss?" Tang Xiaolong asked curiously.

Li Tian sat there and said, "These two people are called Black and White Shuangsha, who were sent by the Duanmu family to follow me."

"Huh? A member of the Duanmu family?" Tang Xiaolong couldn't help but startled slightly.

"Mother, it turned out to be the dog leg of the Duanmu family, little boss, or I will go out now and fix those two **** fiercely." Tang Xiaolong said bravely.

As the former special forces king, who was Tang Xiaolong afraid of?

Li Tian smiled faintly and shook his hand: "No. The two of them are following me in name now."

Hearing Li Tian say this, Tang Xiaolong became more and more curious.

"Little boss, why are the Duanmu family members following you now?" Tang Xiaolong only asked suspiciously.

Li Tian smiled faintly: "This matter is a long story...Do you remember my last battle in Jinghai City?"

"Of course I remember." Tang Xiaolong said.

"After I was shot, I thought I was dead... But when I was sober, I found out that I was in a strange place that I didn't know." Li Tiandao said.

"You were taken away by someone from the Duanmu family...I know." Tang Xiaolong said.

"This is also the reason why the brothers always thought you were dead... The outside world said that everyone in the Duanmu family was cruel and murderous, so when you were taken away that day, the brothers thought that you were already atrocious. ."

Li Tian nodded slightly and said, "You are right."

"At the time, I thought I was dead, but I didn't expect that I would actually live... and I was saved by the dark Duanmu family."

"Later I found out why they wanted to save me. It turned out that I learned their family's highest martial arts..."

Hearing Li Tian said that, Tang Xiaolong was really surprised.

"No wonder that gang of **** are taking you away... It turns out it's such a thing."

"By the way, little boss, did you still have a sister-in-law?" Tang Xiaolong asked.

In the minds of the brothers, since the moment when Li Tian desperately saved the Situ Ningbing last time, they all felt that the gorgeous and super powerful woman is most worthy of their elder brother's sister-in-law, so Tang Xiaolong at this moment is outspoken. Called his sister-in-law's name.

However, Li Tian sighed helplessly after thinking of Situ Ningbing, and at the same time, there was a slight pain in his eyes.

Tang Xiaolong saw Li Tian's expression like this, and his heart throbbed.

"Little boss...could it be...couldn't it be the sister-in-law... Did the Sanshengmen poison in the sister-in-law have an accident?" Tang Xiaolong saw the pain in Li Tian's eyes, and was surprised that Situ Ning died. Up.

Li Tian shook his head, "She is fine, and the antidote to the Sanshengmen poison in her is also given."

Tang Xiaolong was startled slightly: "Hey, I'm surprised. Since the sister-in-law is all right, why did you show pain in your eyes just now? You should be happy for the sister-in-law?"

"Happy..." Li Tian couldn't help laughing as he heard Tang Xiaolong say this.

So he told Tang Xiaolong word by word the secret held in his heart.

When Tang Xiaolong heard it, it turned out that Li Tian had exchanged his own life for that of Situ Ningbing, and suddenly became angry.

"Buckles... The Duanmu family is simply a bunch of evil bastards, and they use this method to deal with you... My damn, one day I will let those ***** pay back." Tang Xiaolong roared.

"Don't worry, I have these hatreds with the Duanmu family, one day I will get back all the money with interest." Li Tian said fiercely.

Then Li Tian told Tang Xiaolong in front of him about his affairs in the Duanmu family.

Tang Xiaolong was shocked and excited.

It seems that what Li Tian did is like a legendary story.

"No wonder, that black guy, a white guy with leukemia following you so obediently, it turns out that you are now their fifth elder." Tang Xiaolong said with a smile.

Li Tian smiled indifferently.

"The two of them were sent by the sinister Duanmu Heiming to follow me."

Tang Xiaolong said, "Little boss, don't worry, do you want me to go out and solve those two ***** now? As long as you say a word, I will go out." Tang Xiaolong said.

p: In order to express my gratitude to the brothers, Huahua has decided to make a minimum of 4 shifts per day from now on, absolutely never being lazy again, hehe, I still hope my brothers will stand up!

Chapter 436: A bitch

Li Tian smiled and shook his head.

"no need."

"I just want to go to Liaobei to see what Duanmu Heiming wants from the Yuwen family?"

"I personally think that thing is absolutely very important to Duanmu Heiming. If that thing is really taken by me, then I can negotiate with Duanmu Heming and let him hand over my antidote." Li Tiandao said .

It turns out that this is Li Tian's real idea.

He knew that Duanmu Heiming was sinister and vicious, and would never let him go so easily, so he pretended to agree to Duanmu Heiming and left the dark family.

Of course Li Tian still has to go to Liaobei to find the Yuwen family.

After all, the Sanshengmen chronic poison in his body, only after he gets something, can he be qualified to negotiate with Duanmu Heiming.

"Little boss, what are we going to do in Liaobei this time?" Now Tang Xiaolong is not sure about asking there.

Just listen to Li Tian slowly say: "Go to the Yuwen family of Liaobei to get something...to be precise, it should be stealing something."

When Li Tian suddenly told the truth, Tang Xiaolong was stunned.

He was stunned for about a few seconds before slowly turning his extremely ugly face to look at Li Tiandao and said: "Little boss...you...are you kidding me?"

Li Tian was taken aback and looked at Tang Xiaolong in front of him and said, "What's the matter?"

"Little boss, are you going to steal something from the Yuwen family?"

"Brother, are you really sure?" Tang Xiaolong said suspiciously in front of him.

Li Tian smiled and said, "Well, it's the Yuwen family."

"Little boss, are you cruel too... Do you know the legends about the four big families." Just listen to Tang Xiaolong, sitting upright on the sofa and speaking to Li Tian.

Li Tian said that he really didn't know anything about the four major families.

Apart from what he learned in the dark Duanmu family, and the Ouyang family simply knew something about the four major families, he didn't know anything else.

So he shook his head at the moment.

Then Tang Xiaolong looked at Li Tian and shook his head, and couldn't help muttering: "No wonder you are going to the Yuwen family to steal something... So little boss, you really don't know anything."

"Little boss, let me tell you, you can steal things there... but the Yuwen family is best not to steal." Tang Xiaolong didn't know why he was a little offended when he mentioned the Yuwen family.

Li Tian in front of him asked wonderingly: "Why?"

Tang Xiaolong said, "Everything there can be stolen, but it is best not to steal things from the Yuwen family, because if you steal, you probably don't even know how you died."

Listening to Tang Xiaolong saying this, Li Tian said in a daze, "Is it so serious?"

"of course."

"Little boss, the reason why each of the four big families can stand for so many years is not only because they are rich, but because they have their own strengths, such as the Ouyang family, which has always been the head of the four big families. It is not only because the Ouyang family has a god-level father, but also the Laoshan Four Elders. For example, the Duanmu family, this family has always been known for its dark, evil and mysterious... But when it comes to the Yuwen family, the Yuwen family is the most powerful. It is their hidden weapon and secret way."

"Hidden weapon and secret road?" Li Tian couldn't help being startled when he heard Tang Xiaolong say this.

"Yes." Tang Xiaolong said with a serious face.

"Everyone who hangs out outside knows that the Yuwen family is extremely rich. Their wealth even surpasses the Ouyang family. According to legend, the Yuwen family was the royal family a long time ago, so this family has always said that there is hidden treasure... .. There used to be many people who wanted to enter the Yuwen family to steal things because they felt that the fastest way to get rich was to enter the Yuwen family and touch two things, but for so many years, no one who went into the Yuwen family to steal things has ever come out alive."

Listening to what Tang Xiaolong said, Li Tian couldn't help laughing.

"Really? Is it so serious?"

"Little boss, don't think I'm joking, what I said is true, this thing is absolutely true."

"Is the Yuwen family so powerful? They found all the people who went in and stole? Then they killed Miekou..." Li Tian said curiously.

But Tang Xiaolong shook his head.

"It was not killed by the Yuwen family."

"It was not killed by someone? What was it killed by?" Li Tian was even more curious.

"Hidden weapon!" Tang Xiaolong finally said it.

"I said just now that the Yuwen family is best at hidden weapons and secret roads. Therefore, in order to protect their money, the Yuwen family has set up a lot of institutions and hidden weapons. Those who want to go in don't even see the treasure. They have died one by one..."

Listening to Tang Xiaolong's words, Li Tian frowned slightly and thought about it.

He didn't know if what Tang Xiaolong said was true or false. If it was false, it would be better.

But if it is true, then this trip to Liaobei seems very tricky.

"Listening to what you said, it seems that I might have some difficulty getting something from the Yuwen family this time." Li Tian said in a deep voice.

Tang Xiaolong next to him said with a serious expression: "Little boss, if it is not necessary, we'd better not provoke those strange families."

"But if the little boss really wants to touch the Yuwen family, I advise the little boss to find someone." Tang Xiaolong said.

"Looking for someone? Who do you look for?" Li Tian asked in surprise.

"Find a pervert who is particularly familiar with the institution and the secret room." Tang Xiaolong said with a smile.

"Who has studied this thing?" Li Tian said curiously.

"Old Monster Ge!" Tang Xiaolong spit out a weird name.

Li Tian seemed to have heard the name there, but he did not come up with it after thinking about it for a long time.

"Who is he?" Li Tian asked.

Tang Xiaolong said: "A very cheap person, a ***** who is extremely knowledgeable about crooked ways, he has done everything in his life, and he has even done the most despicable and shameless tomb of the dead. "

Li Tianyi frowned immediately.

"There is such a person in the world?"

"Of course! Old Monster Ge is such an extremely cheap bitch...Although Old Monster Ge is a pervert, he does have a way of dealing with crooked things. Does he know the mystery of the Xiangyang Grottoes? That incredible thing. The thing was discovered by the old ghost."

Tang Xiaolong said in his mouth.

Listening to Tang Xiaolong's words, Li Tian did come with a lot of interest.

Chapter 437: I want to play? come!

Of course, such a "talent" Li Tian would like to meet him.

"This person is there now? Can you find it?" Li Tian asked.

Tang Xiaolong said, "The sick ghost knows that the old pervert is there."

"Qiaozhi knows?" Li Tian was taken aback. He didn't expect that the sick student Chen Qiaozhi would know that Old Monster Ge was there.

Just listen to Tang Xiaolong saying: "The sick ghost is not a good thing. They want to be together, and they can do all evil things. So if you want to find Old Monster Ge, you can find Old Monster Ge if you find Chen Qiaozhi."

Listening to what Tang Xiaolong said before him, Li Tian smiled and said, "That's good."

"I was going to go to Qiao Zhi. If I can find another person who has a special research on the secret room of the agency, it would be even better." Li Tian said with a smile.

"Little boss, when shall we leave?" Tang Xiaolong asked in front of him.

Just listen to Li Tiandao said: "Tomorrow we will leave after we find Aqiu."

After one night that night, they got up the next morning and simply ate some breakfast.

While eating breakfast, the black and white Shuangsha both had a fierce look at Tang Xiaolong, as if Tang Xiaolong were like foreign enemies.

And Tang Xiaolong also looked at them coldly. If Li Tian didn't let him do it, it is estimated that this kid would have been doing it with the black and white Shuangsha.

The atmosphere of the four people at the dining table was strangely weird, and they all said nothing.

The insidious Bai Wusha finally broke the deadlock.

Suddenly at this moment, the sullen face looked at Li Tiandao and said: "Fifth Elder, we have found the person who should be found according to what you said. This trip to Liaobei can't be delayed... If the Fifth Elder has nothing else, We'd better leave today to Liaobei."

After he finished speaking, Li Tian hadn't spoken yet, but Tang Xiaolong next to him was the first to speak.

"It's not big or small. Since my little boss is your fifth elder, I should or shouldn't go. It's up to you who are subordinates to decide...what a thing!" Tang Xiaolong said with an evil smile. .

Bai Wusha and Heiwuchang over there were really angry when they heard Tang Xiaolong say this.

"What did you kid say? Do you have the ability to say it again?" Bai Wusha roared with an ugly face, slammed and slapped on the table, while his body rose from the ground.

How can Tang Xiaolong be afraid of him?

Suddenly he got up from his seat.

"I'm just talking about you, why?"

"Do you want to fight? Come on!" Tang Xiaolong kicked the stool at the back, directly vacating a place.

Seeing that the two sword slaves were arrogant, they were about to do it.

Li Tian had to stop it.

"Little Dragon..." Li Tian called out.

Tang Xiaolong glared fiercely at that Bai Wusha, snorted in his mouth, and sat down again.

There was smoke from the white and unscrupulous nose, but he didn't dare to be too presumptuous in front of Li Tian, he could only sit down with a grunt, but his murderous aura was completely exposed.

After sitting down, Li Tian said to the black and white double evil spirits: "You two will listen to me, and I will repeat it again. Since I promised the clan lord, I will definitely help him do that. But today I have to find another person."

"After finding him, we will rush to Liaobei."

After listening to Li Tian's words, the black and white Shuangsha looked at each other and seemed to be discussing.

Finally, the black impermanence said coldly: "Okay!"

"Fifth elder, I hope that after you find another person, we can immediately leave for Liaobei." Bai Wusha added grimly at last.

Li Tian smiled coldly.

After eating a simple breakfast, under the leadership of Na Tang Xiaolong, Li Tian went to find Na Aqiu.

Of course, behind them was the lingering black and white double evil spirits.

From Lie Down Long, he knew that Ah Qiu was near this block. As for what Ah Qiu was doing now, Tang Xiaolong said he didn't know.

But he said that he knew where Ah Qiu lived.

After crossing a block, they soon reached the front family building.

Tang Xiaolong pointed to the family corridor in front of him and said, "Aqiu will live here."

"What floor?"

"3rd floor."

"Go, find him." Li Tiandao said.

Speaking of taking Tang Xiaolong, they quickly walked towards the third floor of the family building.

This family building is where residents of Jinghai City live. After reaching the third floor, Tang Xiaolong pointed to room 302 next to him and said, "This is the land he rented."

"I'll knock on the door."

With that said, Tang Xiaolong stretched out his hand in front of the tower and banged on the door.

But there was no response after knocking inside.

Tang Xiaolong went on to knock again, but there was still no response.

Li Tian frowned slightly: "Could it be that Aqiu is not there?"

Tang Xiaolong said in a low voice, "Grandma's, did this guy go there?"

"Why not wait."

"It seems that this can only be done."

So after Li Tian decided to wait for Ah Qiu here, they leaned against the wall beside and waited...

Time passed by, but Ah Qiu had not returned yet.

Finally, after more than an hour, the sound of slow footsteps suddenly sounded in the corridor.

"Thank you boy..."

"Hey, my old lady has bad legs and feet. If it weren't for you, I wouldn't be able to climb this building."

"Young man, do you live here too?"

Only listen to the voice of an old man downstairs.

After the voice sounded, but the other person with her simply said: "Yeah".

Li Tian and Tang Xiaolong, who were originally in the corridor, moved their bodies a bit to get out of the corridor when they heard someone coming upstairs, but they didn't pay attention to who came up.

But when the figure slowly and clearly appeared, Li Tian inadvertently froze.

Because he saw Ah Qiu!

Yes, it is indeed Ah Chou, but he is wearing a black suit and still wearing a cool pair of sunglasses. He is supporting a 70-year-old lady like a good old man who is climbing up the stairs with difficulty. That A Chou!

When Li Tian saw Ah Qiu, he was stunned.

Who can imagine that the cold Aqiu, who wore sunglasses in the past, is here to help an old lady in her 70s to climb the steps in front of him with difficulty...

This

"A Chou!"

When Li Tian looked at his good brother again in an excited voice, Ah Qiu, who was supporting the grandma in front of him, was also stunned at that moment.

Then he slowly raised the cold face with black sunglasses, staring at Li Tian above the corridor in a daze.

"Big...Brother..."

Tang Xiaolong next to him also reacted at this moment.

Chapter 438: Find A Chou

"Your mother...Aqiu, you are finally back..."

"I'm a grass, even you have done good deeds... my mother... this world has really changed!" Tang Xiaolong almost jumped up and shouted there, especially when he looked at Ah Qiu While supporting the 70-year-old grandmother.

When Li Tian saw his good brother again, his heart was filled with excitement.

Suddenly ran down from upstairs and hugged his brother.

At that moment, Ah Qiu's cold face wearing sunglasses finally had a trace of expression, happy and excited.

His powerful hands are also holding his elder brother tightly.

"Big Brother..."

"I knew you would not die." A Qiu said word by word.

He was a man who said little, but at this moment, he said so many words.

Tang Xiaolong also laughed.

The black and white Shuangsha stood far away, looking at Li Tian's second brother.

"How come this Li brother is weird one by one? Especially this second one... and he wears sunglasses... in a black suit, you can't pretend to be cool, right?" Bai Wusha muttered inwardly. Want to say.

On the contrary, the black impermanence in front of him was staring at Ah Qiu's body with cold eyes.

He could feel that this man in a black suit and black sunglasses on his face was definitely not an ordinary person.

Because the breath emanating from him is like a wolf.

And it's definitely a cannibal wolf.

The brothers here are undoubtedly excited to meet again, even the old grandmother who Aqiu is supporting is looking at Li Tian and the others with a smile at this moment.

"Young man, are these all your friends?" Just listen to the old grandmother blinking a pair of muddy eyes with a kind smile on her face, looking at Ah Qiu in front of her.

Ah Qiu nodded there.

"Not bad....."

"Hey, do you know? My old woman has lived here all her life, and has never seen such a young man... He is so good, besides helping me clean up the house, he also takes care of my old woman going up and downstairs. "

"He is a good person, a truly good person. Since you are his friends, you must also be a good person..."

"Come, come, come, come and sit in my old woman's house, my old woman will make you some tea, you guys chat."

The old grandma was talking politely.

Li Tian quickly smiled and said, "Old man, you are too polite...We are not thirsty, it's okay."

"oh, I see?"

"Then you won't come and sit in my room?"

Li Tian laughed and said, "No, thank you, old man."

Although the old lady is getting older, she can still feel that they are reuniting after a long absence, so she is also very smart and said: "Okay, then my old lady will not disturb you for now. It seems that your brothers have not seen you for a long time. Talk..."

With that said, with the help of Na Qiu and Li Tian, after they helped the old man into the room, they walked out slowly.

"Aqiu, you kid is fine, I didn't expect you to be such a good person." Tang Xiaolong said with a smile.

Ah Qiu didn't bother to pay attention to Tang Xiaolong, but looked at Li Tian excitedly.

"Aqiu, brother is back." Li Tian said excitedly.

A Qiu couldn't see the excitement on his face clearly while wearing sunglasses, but he could feel that his blood had begun to boil slowly.

"My brother and I!" Four words came out from Ah Qiu's mouth.

Listening to A Qiu's words, Li Tian held his hand tightly, and the two men's hands were held together tightly.

"This time the little boss came back to take our brothers, how about it, let's go?" Just listen to Tang Xiaolong smiling and saying there.

Ah Qiu nodded deeply.

Although Ah Qiu is the kind of person who rarely speaks, he is the kind of person who concentrates on doing things.

Once this kind of person touches his heart, he will desperately fight for his brother, and the Aqiu in front of him is undoubtedly this kind of person.

Of course, this is also something Li Tian is grateful for. It is fortunate that he has such a good brother.

After deciding that A Qiu would follow Li Tian, A Qiu did not leave here immediately, but he went to the room of the old grandma who had just been helped back next door.

Then I put some money, and at a glance, the wad of brand-new renminbi is at least 10,000 yuan.

When Ah Qiu put down the money, the old woman was stunned.

"You...what are you doing?" the old lady asked excitedly.

I saw A Qiu standing there silently: "I'm leaving! With my eldest brother."

"You keep the money, hire a nanny, and take good care of you." Ah Qiu said word by word.

When he finished saying these words, the old woman's eyes suddenly turned red.

"You... are you leaving?" The old lady looked at A Qiu in front of her with tears.

A Qiumu stood there and nodded silently.

Seeing Ah Qiu before him nodded, the old grandmother said there, "Hey, my old lady has worked so long for you to take care of you. I originally wanted to repay the young man in my lifetime... but now it seems that there is no chance."

"Well, after all, young people always have the way of young people to go. They can't stay here all the time with my old woman... But, boy, although my old woman won't live for long, my old woman will die in this life. Remember your great kindness."

Listening to these touching words inside, Li Tian outside felt uncomfortable for a while.

He couldn't help turning around.

Even Tang Xiaolong, who was always cynical next to him, was deeply moved in an instant.

Finally, Ah Qiu left the grandma's room after leaving the money.

This old man is an old man A Qiu moved into here, and he has no relatives with him. It is just that A Qiu sees her pitifully, so he has been helping her...

Who can imagine that this man with sunglasses and a cold appearance is so hot inside.

Such a man is a real man.

After simply tidying up his own things, A Qiu followed Li Tian downstairs.

Now he also decided to follow Li Tian.

Only the black and white Shuangsha in front of them were extremely curious about Li Tian's second brother.

Of course, the moment A Qiu saw Li Tian the first time he saw the black and white double evil spirits behind his elder brother, and he could also feel that the two of them didn't feel like a kindness following Li Tian.

After leaving the residential building, Tang Xiaolong grabbed Na Qiu and walked to the back.

"Aqiu, have you seen it? The two guys who followed the little boss in front are not good things." Tang Xiaolong whispered to Aqiu.

Chapter 439: Love

A Qiu paused and stood there, motionless, but an invisible killing intent burst out of his body. At the same time, A Qiu suddenly took a step and walked straight towards the black and white Shuangsha in front, his eyes fierce. Stubborn.

After Tang Xiaolong felt the dangerous breath suddenly appearing on A Qiu's body, he suddenly stopped him.

"You kid, what are you doing?"

"Fuck, you want to do it now?"

Ah Qiu suddenly turned his face: "Kill them."

"Wait... I wiped it, don't do it!"

"Little boss said, don't move those **** now!" Tang Xiaolong said to the murderous Agong.

Ah Qiu, who was so dragged by Tang Xiaolong next to him, slowly hid the murderous aura that had just revealed himself.

"Who are they?"

"Why follow Big Brother?" Two cold words came out of Ah Qiu's mouth.

Tang Xiaolong said, "I heard from the little boss that those two guys were sent by the Duanmu family to monitor him."

Ah Qiu was taken aback when he heard it.

"You don't know yet, our little boss is actually the elder of the Duanmu family, and these two **** are actually members of the Duanmu family, but they were sent by the head of the Duanmu family to follow the little boss... and...!"

"Damn it, I'm a little dizzy about this thing, I'll talk to you slowly when I turn around... I'll tell you a little bit now." Tang Xiaolong always thinks that his language skills are good, but now he But he was spared, and could only say discouragedly.

On the contrary, Ah Qiu glanced at Tang Xiaolong and suddenly uttered two words: "Stupid!"

Then he followed Li Tian.

Then Tang Xiaolong heard that Ah Qiu in front of him called himself a stupid, of course he was upset: "Your sister, dare you call me stupid?"

"No matter how stupid I am, I'm better than you wearing sunglasses and pretending to be cool... Grandma's."

After returning to the hotel, the black and white Shuangsha returned to his room.

But Li Tian took Ah Qiu and Tang Xiaolong to their room.

"Brother, who are those two?" As soon as he came in, he asked Li Tiandao only after hearing Aqiu.

Before Li Tian could export, Tang Xiaolong took the lead and said: "Two bastards."

Li Tian smiled faintly.

"Xiaolong, let's talk to Aqiu first. I'll go in and take a bath." Li Tian said and walked inside.

So Tang Xiaolong talked to A Qiu in front of him, first talking about the black and white Shuangsha like cattle, and then talking about the miraculous things Li Tian experienced during this period.

When Ah Qiu listened in silence, of course he was as shocked as Tang Xiaolong at the time.

"Anyway, you just have to remember a little bit. Those two are not good things, either a black or a white. The reason why they followed the little boss is to monitor the little boss."

"Kill them!" Suddenly Aqiu said coldly.

Tang Xiaolong laughed haha.

"I think too, but the little boss said that we can't do anything about it now..."

"Hey, don't forget, the little boss is still poisoned by the Dark Duanmu family's Sanshengmen."

Listening to Tang Xiaolong's words, A Qiu could only sit there with a muffled hum.

But at this moment he already understood the hostile relationship.

In the black and white double evil room next door, the two of them were increasingly fidgeting.

Na Bai Wusha has been looking very ugly since today when he followed Li Tian to find A Qiu, especially after finding A Qiu, he was in a bad mood.

Now he is pacing in the room non-stop.

"Damn, this kid surnamed Li has got another helper!"

"Could it be that he can't believe in the abilities of our two brothers?" Bai Wusha said yinly.

The black impermanence stood there and snorted coldly.

"Huh, just rely on him?"

"It's just a bunch of clowns." Hei Wuchang said coldly.

"Today, that kid surnamed Tang, I really want to kill him personally. If it is not for the task of the clan leader, I will kill him personally to relieve the hatred in my heart."

"Don't worry, you will, and it will be soon."

"As soon as the Liaobei affairs are over, we will cut all of them..."

"Now the guy with the surname Li has found all the people he should find. If he dares to delay his trip to Liaobei, then we should do it." Bai Wusha said with an ugly expression.

"of course!"

After finding Ah Qiu, Li Tian finally found his brothers.

Although there is still a sick scholar Chen Qiaozhi, Chen Qiaozhi is now in Liaobei. After Li Tian and the others go to Liaobei, they will naturally look for him.

So after making a decision, Li Tian prepared to rush to Liaobei.

The black and white Shuangsha saw Li Tianguo really no longer delaying his trip to Liaobei, and had nothing to say.

On this day, Li Tian took his brothers to the airport in Jinghai City.

When I arrived at the airport, I got my boarding pass and boarded the plane.

It is said that it only takes more than 2 hours to travel from Jinghai City to Liaobei. Li Tian, who was sitting on the plane, looked at the white clouds outside the plane window, and he had many thoughts in his heart.

Was the Yuwen family going to Liaobei this time a blessing or a curse?

Maybe he didn't even know it.

But Li Tian didn't know that after he went to Liaobei this time, he set the fuse for the battle of the four big families, which led to the forthcoming battle of the four big families.

One of the most painful things in the world is that two people who know that they love each other cannot walk together.

For Situ Ningbing, she was the most painful person.

Before she met Li Tian, she always felt that she was the most cold-blooded person in the world. She once thought that she would never love someone in her life.

But just after she met Li Tian, she changed.

This man gave his life for her several times, and died for her several times, perhaps because of his sincerity, perhaps because of his sincerity. Now Situ Ningbing has fallen in love with him deeply.

But just when all the emotions buried in my heart for more than 20 years were paid to him for a moment, what was exchanged was his turn.

He rejected her.

Situ Ningbing had hated him because of his refusal, so that she completely lost her rationality, but when she thought about the whole thing again, she suddenly felt that she was so stupid.

How could you believe his words so credulously? He is desperate for himself, he can almost die for himself, how can he not love himself? The reason why he chose to refuse must be something unspeakable.

And the viciousness in his body, how could the dark Duanmu family give her an antidote so kindly? And sent her out of the Wolf Valley safely?

There must be a problem with all this.

And now that Situ Ningbing is coming back, even if she died, she would still find the answer.

Because she vowed to know whether he really had a lot of grievances in his heart.

Wild Wolf Valley, the top place, but I saw a black shadow standing motionless.

The cold wind blew her dark hair and flew up.

She hugged herself at the top of the Wild Wolf Valley, looking at the bottomless valley below, a wave of determination appeared in her clear eyes.

Since getting the true nest of the Duanmu family, Situ Ningbing has not wanted to come here all the time, and now she has finally returned.

Standing on the top of the wild wolf solid, Situ Ningbing muttered: "Li Tian, I must tell me in person...definitely!"

When she said that, she suddenly turned around to find her way down to the Wild Wolf Valley.

Chapter 440: Risk alone

The Duanmu family lives deep in the bottom of the Wild Wolf Valley.

If Situ Ningbing descended from the top of the Wild Wolf Valley, he would have to take the elevator.

But now that elevator ladder is at the bottom of the Wild Wolf Valley, and there are many Duanmu family members guarding it. It is simply impossible for Situ Ningbing to brazenly sit on the elevator.

So she can only find another way.

Looking around, Situ Ningbing finally found a dangerous path leading down to the Wild Wolf Valley.

The thick bushes on both sides have already covered the road. If you want to pass, you can only go forward at the risk of death.

After Situ Ningbing took a look, she finally took a step, and she really wanted to go down this path.

She walked cautiously step by step to explore the road ahead, and then the other foot slowly followed up, holding the grass heel with her hands.

In this way, Situ Ningbing, who was carrying all the hardships, slowly descended from the extremely dangerous path.

I looked from a distance, but saw a woman in black clinging to the edge of a cliff, crawling towards the bottom of the Wolf Valley with difficulty.

If anyone could see her now, they would definitely think she was a lunatic...

Because only lunatics in the world can do such desperate things.

But is Situ Ningbing crazy?

Absolutely not.

She was just for the one in her heart...

Her slender and white fingers were bleeding from the thorns that caught her hand, and her clothes were torn by those sharp stones, but she insisted on going down.

Finally... After all the hardship, Situ Ningbing finally stood at the bottom of the Wild Wolf Valley with both feet.

Looking up at the place where she had just climbed down, maybe even she herself could not believe that she actually climbed down from such a high place...

Because this wolf valley is too deep, there is a faint white thick fog above it.

After the current Situ Ningbing came down, she walked along the path to the front place, she was looking for the Duanmu family.

After quickly reaching the front, I saw the magnificent elevator.

Situ Ningbing was hiding in an inconspicuous corner, blinking a pair of beautiful eyes and staring in front of him, and then he heard the voice coming from the front.

She leaned forward slowly, blinking to look, and she saw 3 members of the Duanmu family in black clothes standing there.

"The Duanmu family is really here." Situ Ningbing finally said in his heart with a sigh of relief.

She spent so much effort to find the Duanmu family, and now she finally found it.

There are three members of the Duanmu family guarding the elevator in front. If she wants to pass, it seems that she must first solve the three people silently.

Thinking of this, I saw Situ Ningbing leaping forward as quickly as a cat.

She is only a few meters away from the three Duanmu family members. Two of the three Duanmu family members are sitting together and talking, and the other is standing on the other side.

Situ Ningbing observed the situation for a while, and suddenly shot away at the two Duanmu family members closest to her like a rabbit.

The two of them didn't realize what was going on, they could only feel like a strong wind coming from behind.

Before they came back, the two suddenly felt a sensation of heat in their necks... Then when they touched them with their hands, they found that their throat had been cut open...

Then their pupils began to enlarge violently... their faces twisted.

With a bang, without even spitting out a word, all the corpses fell to the ground and died.

When the two people were killed by Situ Ningbing's fast-growing body skills, the other member of the Duanmu family standing there suddenly heard the sound and turned his head.

"You...who are you?"

When the man saw that his two companions had died tragically on the ground at this moment, he couldn't help looking at the cold-faced Situ Ningbing with a scared voice, and at the same time he couldn't help backing back again and again.

Situ Ningbing looked at him coldly, without saying a word, slowly pushing towards him.

The member of the Duanmu family, knowing that he might not be Situ Ningbing's opponent, suddenly glanced at the dark bell next to him!

The dark bell is the signal of the Duanmu family. Once the dark bell is touched and rang, the members of the Duanmu family must know that something dangerous has happened here.

I saw that the man thought he was still a few meters away from Situ Ningbing, so he wanted to touch the dark bell, and when he turned around, he ran towards the dark bell like crazy.

Situ Ningbing suddenly shot.

Just when the man's finger was about to touch the dark bell, a thin gold thread that could not be seen with the naked eye suddenly shot out from inside Situ Ningbing's sleeve.

Deadly silk.

With a swish, one end of the life-threatening silk pierced the man's chest.

Then Situ Ningbing pulled with his hand, and with a bang, the man's body was pulled back and fell to the ground. His eyes were still very unwilling... but the man was already dead.

After Situ Ningbing killed the last member of the Duanmu family, he stepped over the corpse and walked forward.

Now she is about to break into this Duanmu family. Even if she is dead, she must find Li Tian, find him, and then ask in person...

The darkened building in front is obviously the place of the Duanmu family.

Situ Ningbing concealed his way forward.

Occasionally, I can see people from the Duanmu family wearing black clothes passing by in twos and threes.

She glanced at the buildings of the Duanmu family in front, and knew in her heart that it would be impossible for her to search blindly like this.

So she had to find someone to force her.

He glanced at the place ahead, but saw a member of the Duanmu family wearing black clothes coming from there, and Situ Ningbing fixed his eyes on him.

Just when he was about to reach Situ Ningbing's side, Situ Ningbing suddenly shot.

I have been slender and don't know when there was a sharp head in his hand, and it immediately pressed against the guy's throat...The other hand grabbed his shoulder and pulled it back.

The guy was severely restrained by Situ Ningbing.

"Don't say anything... If you dare to say something, I will kill you." Situ Ningbing said coldly.

After she finished speaking, the guy whose head was put on his neck, his face was as pale as death, his eyes widened and nodded...
