

A Killer 4341

Chapter 4341: : The God of the Earth (3)

The posture that Liu Baomin jumped up was very cool, but the posture that he fell down was equally simple.

He jumped onto the ring, before standing still, a figure rushed in front of him in an instant, and the ghost kicked Liu Baoming's abdomen.

Li Tian saw Liu Baoming's body bowing like a prawn, and a slit was instantly opened on the back of his clothes, and then Liu Baoming's body fell heavily from the ring.

Liu Baoming stood up and lay down!

That way... it's still full of wind.

Fortunately, Liu Baoming's strength was weak. Guilao didn't kill him, but just kicked him off the ring. Otherwise, Liu Baoming might already be lying in the hospital.

Even so, Liu Baoming fell on the ground for quite a while without getting up.

I have to say that ordinary Chinese people still have backbone in their bones!

Seeing these ghosts so arrogant, more than a dozen people jumped into the ring in a row.

The results proved once again that having a backbone is not a fist.

These people are the same as Liu Baoming, how to get up and down.

The stronger the cultivation among these people, the heavier their injuries will be.

Some have broken arms and legs, some have vomiting blood, and some have broken ribs.

For a while, the area around the ring was completely quiet!

No one dared to jump into the ring and continue to challenge these ghosts from the United States and Western Europe.

Liu Baoming climbed up from the ground with difficulty, wiped the blood from the corners of his mouth, and squeezed it in front of Li Tian, ignoring the dirt on his body. He looked at Li Tian and said, "Brother Tian, these guys are here for you. Can this be endured?"

"Would you like to go up and fight again?" Li Tian said.

"Brother Tian, don't make a joke! I...I am not their opponent!" Liu Baoming said.

"Since you are not their opponent, why are you going up?"

"I want to stimulate you. When you see me injured, you should feel angry, and then..."

"The results of it?"

"I was beaten for nothing!"

"Not in vain, how did you feel when you were beaten after jumping on it?" Li Tian asked.

"Well... it seems that there is a powerful coercion wheel covering me, my body is completely out of control, so I can see that ghost shot suddenly at me, but I can't avoid it, I believe the others jump on. The ring should be the same!"

"Then would you like to go up and fight again? This time I will help you secretly and promise to show you your face!" Li Tian said with a weird smile.

"Really?"

"Really!"

"Do you treat me as stupid? With your secret help, I will defeat them. Then I will become the target of the public. Can you help me secretly forever! So... hey, this kind of showy thing is still left to you. Come on!" Liu Baoming said.

Li Tian shook his head helplessly, and said, "Actually, I am a low-key man, but destiny always forces me to be high-profile, so I can only accept the arrangement of fate! Don't worship brother, brother is just a legend!"

...

At the same time, the ghost on the stage said with a sneer: "Is it true that all the strong people in China are blowing out? Can no one support my ten-stroke attack?"

Quiet, the eyes of the people watching around the ring are full of angry flames.

"Come up!" The ghost said suddenly to the beckoning behind the ring.

With this voice, four Chinese men carried a huge plaque and walked to the ring with difficulty.

The plaque was covered with red silk, but everyone present seemed to have perspective and could clearly see the four characters on the plaque: Sick Man of East Asia!

Gui Lao stretched out his hand, easily grabbed the pure steel forged plaque in his hand, and stood it up on the ring. The silk slipped halfway, and the upper part of the four characters had been exposed.

If it is those four words.

The audience around the ring couldn't help but squeeze a few meters forward, and angrily stretched out their fingers to take care of the ghosts on the ring!

The expression on the ghost's face was full of disdain. He stretched out his finger and flicked the plaque lightly. He sneered and said, "This plaque is for the so-called strong man in China I gave to you! Do you like it very much? Tell me aloud?"

This ***** deliberately teases the people in the ring.

For a time, national curses in various dialects filled the ring, and these onlookers wanted to rush to tear the ***** to pieces.

"Well, my Chinese is not very good, but I heard what you said clearly. You are thanking me and still greeting my mother. Then you can accept this plaque! No thanks!"

Speaking of this, the ghost violently kicked the pure steel plaque weighing several hundred kilograms, and kicked it directly from the ring. The plaque flew sideways to the people under the class ring.

The frightened people turned around in a panic and fled. For a while, there was a mess around the ring!

Facing the aggressiveness of these ghosts, Li Tian's eyes flashed with murderous intent, he gave a cold snort, and dashed forward. When the plaque just flew to the edge of the ring, Li Tian stretched out his right hand and easily caught the plaque. Hands.

Squeak!

The pure steel plaque was caught in a deep pit in Li Tianli's claws.

Seeing Li Tian grabbing the plaque easily, the guys on the ring didn't care!

Humans after the end of the world are generally stronger than before the end of the world, and at least a few of 10,000 people can easily grasp this plaque!

"Hehe, another person will finally come out to die, hehehe, yes, yes! Come on, let us see your strength, right?" the ghost said triumphantly.

At this moment Li Tian changed his mind.

If he easily kills these ghost bastards, then this will not touch the **** of ordinary people under the ring, and they will not feel pleasure!

And if Li Tian retains his strength, fights fancily, and then wins hard, these people will be climax, excited, but if this is spread, Li Tian will not show his face.

"Liu Baoming, come here! Follow me, you go up and fight!" Li Tian said to Liu Baoming.

Liu Baoming ran up to Li Tian. He saw the murderous look in Li Tian's eyes and swallowed all the excuses he had originally wanted to say.

"Okay, my god, I'll fight with you!" the counselor said pretentiously.

Li Tian grabbed the plaque, and Liu Baoming followed Li Tian to the ring slowly.

Seeing Liu Baoming, the enemy of one move, enter the ring again, the ghosts on the stage laughed as if they had seen the funniest joke in the world.

"Sure enough, no one is dead in Huaxia, and his defeated generals are on stage again!"

"Your courage is commendable, but I won't be merciful!"

The spectators around the ring could not help shaking their heads when they saw Liu Baoming on stage. Some even turned and left with tears in their eyes.

"Damn Liu Feng, if it weren't for him, those disciples in Tianmen would surely **** off these ghosts, never dare to underestimate China!"

Chapter 4342: : The God of the Earth (4)

Liu Baomin gritted his teeth and his face was full of anger!

He can't blame these ordinary people for their disappointment with Huaxia.

These ordinary people can risk their lives to jump into the ring today, they can risk their lives to express their anger by pointing at the ghosts!

Blame it, Huaxia is too disappointed!

The ghost in the middle of the ring looked at Liu Baomin with a sadistic expression on his face, and said with a sneer: "You tell me how you want to die. I promise to make your death safe and painless."

Liu Baomin didn't speak, his eyes were fixed on Guilao, and there was no fear on his face.

If the look in his eyes could kill people, Gui Lao didn't know how many times he had died.

"Angry?" Li Tian asked.

"Ok!"

"Want to smoke him?" Li Tian asked again.

"miss you!"

"Then what are you waiting for?" Li Tian roared!

As soon as Li Tian's voice fell, a coercion fell from the sky on Gui Lao!

The pressure instantly controlled Gui Lao, Gui Lao was like a ghost, his face was full of horror.

Li Tian sneered, his figure rushed forward, and he had already come to Gui Lao's side, slapped his slap, and slapped Gui Lao twice!

Snapped!

Snapped!

The sound is clear and loud.

Li Tian turned his head and looked at Liu Baomin with a smile and said, "It feels good, you should try it too!"

Liu Baomin didn't have the slightest politeness, and gently touched his foot to the side of Gui Lao on the ring.

Papa Papa, a dozen consecutive slapped ghosts stared at gold stars.

The onlookers who had already turned to leave heard the voices from the station, stopped one after another, and came back again. They saw Liu Baoming beating Guilao and so on, looking at Li Tian and Liu Baomin dumbfounded.

A few seconds later, the people in the audience suddenly let out a shout!

The anger that seemed to have been aggrieved for a long time was finally released at this moment.

"Kick him to death!"

"Shocking!"

"Suck to death! Don't give me face!"

The kindness is hard, but Liu Baomin's movements are getting faster and heavier!

Snapped!

Pop!

Happiness!

Liu Baomin actually pulled out the rhythm of percussion instruments.

I don't know which of the people in the audience suddenly shouted: "Come on, China!"

Immediately afterwards, the shouts of the mountains and the tsunami swept across the ring.

"Come on, China!"

"Come on, China!"

At this moment, the names of Li Tian and Liu Baomin are called Huaxia!

The people under the ring were filled with excitement. They didn't know why this ghost stood motionless and let Liu Baomin beat him!

But this is not the point. The point is that their position in their hearts has also been released.

Some are happy and some are sad. The other ghosts sitting on the ring were surprised for a moment, and their eyes were full of anger.

They could feel a slight pressure fluctuation, but this kind of pressure only fell on the ghosts in the middle of the ring, and the ghosts sitting on the side could not feel it for the time being.

The more so, the more they felt that Li Tian in the ring was unfathomable.

One of the ghosts with dyed red hair winked at the others.

Teng!

Three or four ghosts stood up abruptly, screaming and rushing towards Li Tian and Liu Baomin!

The ring was noisy.

Those onlookers angrily scolded the ghosts for shame, and they rushed out to deal with Li Tian and Liu Baomin.

! But anger turns to anger, and they can't do it if they want them to rush to the other ghosts!

"be careful!"

"Come on, China!"

"Huaxia hold on!"

Seeing the ghosts rushing over, Liu Baomin couldn't help being a little flustered. He beat the ghosts and the rhythm was disrupted. He subconsciously changed his palm into a punch, and the power in his hand could not be fully controlled, and he accidentally punched him. On this ghost's nose.

boom!

The ghost felt that his nose seemed to be sunken in this second. The severe pain made his nose sore, and tears flowed down, and then nosebleeds also flowed out of the nasal cavity!

This picture is like: tears and nosebleeds take off, and the autumn water is the same!

Those ghosts immediately rushed to Li Tian and Liu Baomin's side, and Liu Baoming could even feel the murderousness of those ghosts.

"Don't mess, come and play one by one. Believe that I am here!" Li Tian said quickly!

Li Tian's eyes were full of perseverance, which gave Liu Baoming strength.

Liu Baomin involuntarily nodded at Li Tian!

Liu Baomin is very clear about Li Tian's strength, the commander of the Celestial Legion, the Forbes strength list, and the strongest king of the Bounty Hunter Association, beheaded the decisive hero in the War of the Three Corpses, but this was still ten years ago.

Some time ago, the Jinghai incident, the thunderous method of subduing Liu Feng and others, and even the so-called terrorist attack in the United States, all have Li Tian.

This is Li Tian's true strength!

With such a strong man by his side, what is terrible about Liu Baomin!

In an instant, Liu Baomin seemed to have eaten Xingzhonggai high-calcium tablets, his waist no longer sore, his legs no longer hurt, and he was even more vigorous in fighting. He used a set of unorganized dog fights against the ghost in front of him. Boxing.

Sure enough, as Li Tian said, the three or four ghosts who rushed towards Li Tian and Liu Baomin just rushed to the side of Li Tian and Liu Baomin. Less than one meter away, they suddenly stood still on the spot, as if they were being used by others. Body skills are the same.

Don't think too much, this must be a good thing for Li Tian!

Liu Baoming was happy, always feeling that these goods were coming over and getting beaten up.

Snapped!

Pop!

Happiness!

Liu Baomin once again played the rhythm of percussion.

Under the ring, the palms of ordinary people were flushed, their voices were already hoarse, and there were tears in their eyes. These were tears of excitement and tears of joy.

They still shouted: "Come on, China, Come on, China!"

The anger and dissatisfaction just swept away, and a sense of national pride spontaneously emerged in their hearts at this moment.

"Who is this guy so powerful?"

"I don't know, I have never seen him before, and I have never heard of his legend in Kyoto!"

"By the way, look at the man holding the plaque? Does it resemble Li Tian in the Jinghai incident some time ago?"

"Li Tian? He is the founder of the cult Tianmen."

"Don't talk nonsense, Tianmen, it's not a cult."

"Yes, if it weren't for Liu Feng, they deliberately suppressed Tianmen, we wouldn't have so few masters in China, and we wouldn't let these ghosts go so proud just now."

"I heard. I just heard it." A man deliberately suppressed his voice and said, "I heard that none of the masters who were shooting Liu Feng to clean up the Tianmen came back alive."

"I also heard about this, and I have a small piece of news here, saying that Tianmen has officially started recruiting disciples. Becoming a Tianmen disciple, you can enjoy very superior treatment. It is said that as long as you become a disciple of Tianmen, you can Enjoy China's special talent allowance treatment."

"I don't know if the requirements for accepting disciples in Tianmen are high, I want to go to Tianmen too!"

"Don't talk, let's watch the show carefully, and watch how Li Tian and the other strong guy beat up these ghosts today."

...

The number of ghosts rushing into the middle of the ring has reached seven people, but these seven people are still standing in the middle of the ring in a strange posture. Liu Baoming's figure constantly shuttles between these ghosts, constantly smoking these ghosts. cheek.

However, now Liu Baoming is no longer unarmed, he has two more stinky shoes as weapons in his hand!

Snapped! Snapped!

It's so fun to smoke!

Li Tian hasn't made a move since his first move. He stared at the red-haired ghost, and said with a sneer in his heart: "I see how long you can hold on!"

Chapter 4343: : The God of the Earth (5)

In the arena, the red-haired ghost is named Corey. This is the strongest man in this ring. Before the end of the world, Corey once rushed into the previous life of the second Forbes personal strength ranking. In the third Forbes personal strength competition rankings can also reach the top 20.

After ten years of hard cultivation after the end of the world, especially after getting advice from Liu Feng, Corey's cultivation level has improved by leaps and bounds, and he is breaking through almost one cultivation base every year. He is now a 7th-level pinnacle master.

Corey's personality is relatively arrogant, so he is not very popular in the U.S., and is naturally excluded by the U.S. government.

But Corey doesn't like being tied down by the government. He has a powerful force and he has formed a mercenary army to accept various high bounty tasks.

In the mercenary group, Corey is more free, and just like that, this mercenary group is doing high-risk and high-return goods. It is a bit of a little bit of a little bit of three years without opening and opening for three years. Now Corey doesn't accept it anymore. For any task, the wealth he has is enough for him to eat and drink for hundreds of years.

Now Corey's mercenary group Corey no longer takes action. On weekdays, these other mercenaries on the ring, other mercenaries who have reached the second, third, third, and fourth level of the apprentice accept the task, and he enjoys the commission. Achievement is enough.

However, this time Corey chose to accept Liu Feng's surplus party's commission. This was mainly due to several reasons: first, Corey owed Liu Feng a favor, and he needed to pay it back; second, Liu Feng's remaining party gave it back. The commission paid is not bad. The amount of this commission is more than 10 million for no one present. The third and most important point is that Corey wants to come to China to see and see, it is best to see and see the legend. Master Guwu!

As the seventh-level pinnacle master of the cultivator, Corey's strength is almost the same as that of Huangfu Kunpeng and Old Man Wuji, who are No. 1 in China. Even because of frequent mercenary activities, Corey's actual combat experience may be stronger.

Now that Li Tian is continuously controlling several of his mercenaries on the ring, Corey can be sure that the man holding the plaque in front of him has at least the seventh level of cultivation, and is it higher than his cultivation. High, this requires Corey to test it personally.

"Huangfu Kunpeng? I have been hearing your name since the end of the world, and my ears are full of cocoons. When I saw it today, it really deserves its reputation!" Corey slowly stood up and walked towards the ring step by step Yang said.

Corey's Chinese language is much better than the other ghosts, at least there is no stumbling when speaking.

"Huangfu Kunpeng? Does this guy think of me as the ugly ghost of Huangfu Kunpeng?"

Uh, all right!

Huangfu Kunpeng is not ugly, but he is not as handsome as Li Tian, he is worse than Li Tian!

"Yes, I am Huangfu Kunpeng, the world's first macho man. You can call me... Brother Tian!" Li Tian said with a sneer.

Corey didn't understand what Li Tian meant by Brother Tian. The corners of his mouth curled up slightly and said, "I don't know how your cultivation level has improved in the past ten years after the end of the world?"

"But if you think that you can easily control my subordinates and you can do whatever you want, then you are too self-righteous! I can tell you very clearly that my cultivation level has now reached the seventh level of cultivators. There are no more than three people in the earth world whose cultivation base is higher than mine! But you are not among these three people!"

"Hahaha, you are all dead now! Our boss Corey hasn't made a move for three years. As long as he makes a move, it must be a **** storm. You wait to die!" Those are controlled by Li Tian. The ghosts shouted excitedly.

Liu Baoming looked at Li Tian. Although he believed that Li Tian's cultivation base was much stronger than the red-haired man in front of him, his mentality was slightly shaken when he saw Corey's words very powerfully.

Pop!

At this kind of time, what Liu Baoming can do is to trust Li Tian and shift his anxiety.

Several consecutive mouths were drawn on the faces of those ghosts who were just shouting. This time Liu Baoming almost jumped up and pumped. After taking a bit of milk, a few mouths went down. The face was already swollen like a foreign pig's head. , And now I'm fatter again.

Below the ring, the crowd onlookers uttered a cry of exclamation when they saw Corey standing up. In their eyes, this shows that Li Tian and Liu Baoming have already won preliminary victory, at least they have already forced the ghosts. Boss!

But when Corey the ghost said that there were only three people in the earth world better than him, these people onlookers couldn't help but lift their hearts into their throats.

Their hearts are beating wildly, their hands are folded on their chests, and some sweat is already flowing out of their hands. In their hearts they silently pray for this, hoping that this red-haired ghost is just bragging to scare Li Tian.

Li Tian glanced at his mouth, staring coldly at the whole idiot.

Li Tian actually didn't want to hit this bastard, because he didn't want too many people in the Netherworld except Liu Jimeng and Ye Meijing to appear in the earth world, lest the butterfly effect cause the Netherworld to peep into the earth world.

But this **** is really arrogant, so Li Tian had to draw this bastard's face fiercely to let him know that the seventh-level realm of a cultivator is not bad for the earth world, but in front of Brother Tian, that It's scum!

However, before Li Tian had time to do it, Corey couldn't wait to launch a gravity attack, trying to use coercion to break his coercive attack.

However, Corey was soon disappointed!

He was surprised to find that the gravity attack he performed could not break Li Tian's gravity attack at all.

"This... how is this possible? Could it be that the way I used it was wrong? I'm a master of the seventh-level cultivator!" Corey thought.

Corey started experimenting again after another.

However, he was doing useless work.

He found that his gravity attack was like a small ant trying to shake a giant tree.

"How do you say this feeling in a Chinese idiom? By the way, it is the worm that shakes the tree! Eh, is my brain caught by the door? What idiom is thinking of at this time!" Cory thought helplessly.

But at this moment, a powerful pressure fell from the sky and instantly fell on Corey.

"Good... so strong..."

Corey was stupid in an instant!

This kind of powerful pressure fell on him, and the impact on him was more direct than the one he would have to rescue his subordinates.

A sneer appeared at the corner of Li Tian's mouth and said, "Don't you think you are awesome? How do you feel about me? But to tell you the truth, there are still six people like me!"

Six more figures appeared in this ring instantly!

Chapter 4344: : The God of the Earth (6)

Appearing on the ring are the four mountains in the southeast and northwest with the strength of the venerable, the venerable Meng Guang who can steal invisible with his hands, and the ninth-level cultivator who has the worst cultivation but is also loyal to Li Tian. The pinnacle master Li Letian. , Now everyone is dumbfounded!

The original undergraduates thought that Li Tian was bragging, Liu Baoming thought that Li Tian was bragging, the ghosts on the ring thought that Li Tian was bragging, and those onlookers under the ring thought that Li Tian was talking about jokes!

But when these six guys appeared in the ring. They felt that Li Tian was not bragging, Li Tian was really good, 100% really awesome!

Six people appear out of thin air. This is not magic. Magic can't have this magical effect. This feeling is like a legendary summoning technique.

Invisibly, Li Tian has reached the highest state of awesomeness!

"There are still six more awesome like me, because you thought that this was the story of the gourd baby before the end of the world? I didn't expect this to be true!"

"Oh, Lord Li Tian is so dazzling, he is almost blinding my 24k titanium alloy dog eyes."

"Don't be happy too early, I suspect that Lord Li Tian is lying to that ghost!"

"Why see?"

"Look at the ring, these six guys are really obscene, and they look everywhere, like a weasel staring at a chick."

"Yes, this kind of temperament is far different than Li Tian disturbing you. I don't believe that they have the same strength as Li Tian!"

Lamenting its misfortune and angering its indisputable.

Li Tian didn't expect these six goods to be so on the ground and not on the table, but you are big people from the underworld and the death battlefield, can you not be like a turtle?

Li Tian, who had already walked towards Corey groaningly and was about to slap Corey's cheek a few times, was almost vomiting blood by these people.

However, Li Tian's face is thick enough that he will never affect his awesome attitude because of such a small blow.

Li Tian paused for a while, continued to sway, walked step by step to the front of Ke, stretched out his hand to pat Corrie's face, and said in a disdainful tone: "It's not that Brother wants to hit you, it's because you are too frog in the well. . Have you seen the six Yushu Linfeng guys behind me? They are all my little brothers. You can pick any of these six people. As long as you can hurt any of them, I will forgive you for provoking China. , I can even promise you three things, no matter what it is, even if you want to be the emperor of China."

"Brother Heaven..."

Liu Baoming was in a hurry. He believed in Li Tian's strength, but he didn't believe that the threatening cats and dogs that Li Tian summoned at will have such strength!

Liu Baoming wanted to stop Li Tian, but Li Tian didn't care.

"Do you know the Tibetan pilgrimage?" Li Tian asked Corey suddenly.

Corey didn't know why Li Tian would ask, so he nodded involuntarily.

"Well, it's good to know that the Tibetan pilgrimage is good. If you lose, then today will be your pilgrimage day every year from now on. No matter where you start from outside China, you must follow the Tibetan pilgrimage method by kneeling in three steps. , Five steps to kowtow, go to the Tianmen pilgrimage of Tianshan!" Li Tian said with a smile.

Corey knew that the guy in front of him was definitely not Huangfu Kunpeng. According to the information of their mercenary army, Huangfu Kunpeng had been cultivating somewhere in the Tianshan Mountains for ten years. Huangfu Kunpeng's cultivation base would definitely not be so strong.

It is too late to regret at this time.

Corey suddenly felt the egg broken.

But he has no choice. If he rejects Li Tian's plan now, then he believes Li Tian can easily kill him!

"You... do you count?" Corey said in a trembling voice.

"Of course, Li Tian said no two!" Li Tian said with a smile.

"Li Tian...Li Tian..." Corey remembered the name firmly in his heart. He decided that if he could get away with it and escape from China, then he would never set foot on China's land again in his lifetime.

"Would you like me to remind you, this guy is the weakest among these people!" Li Tian stretched out his hand to drag Li Letian by his side, and said to Corey.

Corey looked at Li Letian, and he felt a wave of strength from Li Letian that was far stronger than him.

The cultivation base of this product is still not satisfactory. When he constricts his own strength, he still can't retract and release freely. In this way, the red-haired ghost in front of him will probably regard this weakest guy as the strongest existence.

Sure enough, Corey shook his head suddenly, pointed to Venerable Dongshan and said, "I choose him!"

"it is good!"

The others all stepped aside, vacated the center of the ring and gave it to Venerable Dongshan and Corey.

As for the mercenaries under Corey, although Li Tian did not exert all his strength, they were already exhausted in order to resist the gravity pressure exerted by Li Tian. When Li Tian suddenly removed the gravity attack on them. , These mercenaries have gone to the end, unable to move like dead dogs.

Li Tian stretched out his hand to throw these ghosts under the ring at will.

"Look at it, don't die!" Li Tian said.

The faces of the people onlookers immediately showed a trace of joy, and they rushed up without hesitation, punching and kicking these ghosts.

The picture is beautiful.

The coercion that was exerted on Corey just disappeared. At this time, Corey was overwhelmed and could not care about the life and death of the mercenaries.

Next to Li Tian, Venerable Dongshan smiled at Li Tian and said, "Master Li Tian, can I kill him?"

"No way!"

"Can I beat him? Only use five successful powers!"

"No way!"

"Then I can use a success force?"

"..."

Corey felt that he was insulted, Li Tian insulted him, Corey was convinced.

But a cat or dog who came out at random also insulted him, and Corey was unwilling to bear it.

Being insulted by Li Tian does not mean that he has no strength. Now that he heard the conversation of Venerable Dongshan Ke Li Tian, Corey roared, and suddenly pulled out a short knife he was wearing, and instantly exerted gravity pressure to fall on Venerable Dongshan rushed forward, and the short knife in his hand had already pierced Venerable Dongshan.

Venerable Dongshan seemed to be controlled by Corey, without any reaction.

The audience in the audience let out a cry of exclamation, they kicked and fell to the ground Guilao more powerful!

"Hurry up... hide away!" these people shouted.

Venerable Dongshan didn't move, and a flower blossomed involuntarily on Cory's face.

"It turns out that Li Tian is really bragging. If so, then I'm not welcome!" Corey said with a sneer.

Huh!

The figure in front of Kee was suddenly gone, and immediately after Keli was kicked out of his hand, Keri fell directly to the ground, still touching the ground with his face first!

The scene is quiet again!

Chapter 4345: : The God of the Earth (7)

Corey fell to the ground, turned his head violently, and saw the opponent he chose appeared behind him. ,

Venerable Dongshan stepped forward, slammed on Corey's arm, and said with a sneer: "This is Master Li Tian's reluctance to let me kill you, otherwise you have become a dead body now."

"Dongshan, I didn't let you hurt him!" Li Tian was afraid that Venerable Dongshan would step on Corey's arm and stopped in time.

Venerable Dongshan curled his lips, and retreated with some dissatisfaction.

"opportunity!"

Corey's mouth moved slightly, his palm slammed on the ground, and his body flew up instantly.

The blade in his hand flashed a cold light and slammed into Venerable Dongshan.

There was no trace of muddy in this set of movements, and the moment Corey patted the ground with his palm, he had already launched a gravity attack on Venerable Dongshan.

Gravity attack plus sudden attack, Corey believes that this attack on Venerable Dongshan must be inevitable, even if Venerable Dongshan is not dead, he will be seriously injured.

The brows at Dongshan Terminus raised slightly.

He didn't expect that this guy would not admit defeat and still struggle to the death, and the shots were so cruel and hot.

If the person in front of him is not a powerful person at the venerable level, even a master at the eighth level of a cultivator, it may be difficult to avoid being seriously injured.

"It's over, he must not be able to hide now."

This is Liu Baoming's true thoughts.

His heart was beating wildly, thinking in his heart: "If Corey really hurts Venerable Dongshan, will Li Tian keep his promise, then will Corey really become the emperor of China?"

Under the ring, those people exclaimed again.

This time, they felt that their hearts were about to jump out of their throats. They are also full of distrust of Venerable Dongshan.

Only Li Tian and the powerhouses he summoned did not change the slightest. They seemed to have not seen Corey attacking Venerable Dongshan, they still went their own way and continued to chat.

But Corey will be disappointed, and the audience under the ring will also be disappointed.

The correct person in the department is Venerable Dongshan.

Although his cultivation strength is not as strong as Li Tian, he is also a powerhouse at the first level of the Venerable, much stronger than the red-haired ghost in front of him.

Venerable Dongshan can easily kill Corey with a finger.

No, Venerable Dongshan doesn't want to move his fingers. It only needs to use gravity attacks to completely control Corey, and then continuous gravity attacks can consume Corey to death!

That's right, gravity attack.

At this moment, a coercion fell from the sky and fell on Corey.

Corey felt that his body was hit by a man with a rod weighing thousands of kilograms, and slammed into the ring.

Corey felt his whole body bones were broken, and his whole body was in pain. He kept breathing in cold breath and making a whistling sound to relieve the pain.

"Cheating! This is cheating, it must be the **** Li Tian who helped this guy secretly! Otherwise, how could his gravity attack be so powerful?" Corey thought.

Corey turned his head to look at Li Tian with difficulty. He found that Li Tian was chatting with other people who had been summoned. The chat was full of enthusiasm, and he didn't pay much attention to their battle at all.

The people in the audience were a little dumbfounded. It was hard for them to imagine that the person Li Tian summoned was so powerful!

"Is this true? When did China come out with such a powerful guy?"

"I don't know, this is summoned by Master Li Tian. It must belong to China, although he still looks so wretched, but it doesn't matter, I find that I already like this guy!"

Corey was heavily pressed by Venerable Dongshan with a gravity attack.

Li Tian took the coquettish pace, slowly walked towards Corey and said with a smile: "Are you not convinced? Do you think I am helping him secretly?"

"It's okay, then I will let you see, my gravity attack and his gravity attack fall on you at the same time, what kind of harm will it cause you?"

As soon as Li Tian's voice fell, another force of gravity fell from the sky and hit Corey!

When the two gravitational pressures gathered together, Corey couldn't help but let out another scream.

He couldn't feel that his spine was crushed by these two powerful gravity attacks.

Corey couldn't help shouting loudly, slapped his hands on the floor of the ring and shouted: "I believe you, I believe you, please let me go!"

Seeing Corey's performance, the people in the audience looked at each other.

They don't know what happened to this red-haired ghost? They also couldn't imagine the gravity attack that Corey would endure.

"What's the matter? Why don't I understand it a little bit. There is no fight here. This guy is begging for mercy. Isn't it a fake punch?"

"Fuck you, do you still need a fake punch? Why are they?"

The layman looks at the excitement, the insider looks at the doorway.

For these ordinary people, if there is no punch or kick, it is not called a fight.

For a while, these people hurriedly became a little disappointed, disappointed that they did not see a good show!

"It's not as good as our play. Look at how brave the ghosts are. After being ravaged by Master Li Tian, they dare to single out so many of us. Eh...what about those ghosts?" The people suddenly found out that they had fallen behind. The ghosts who came down didn't know when they had already crawled and ran to the ring.

Although the cultivation bases of these ghosts who climbed the ring have reached the realm of cultivators, they are also human beings, and their bodies cannot withstand these attacks repeatedly.

Because these ghosts have withstood Li Tian's gravity attack, they also know that Li Tian's gravity attack is terrible, so they can better understand Corey's current pain.

Corey screamed!

Fortunately, Li Tian didn't mean to kill him. When Corey was begging for mercy in the ring, Li Tian had already let go of Corey!

Venerable Dongshan was very dissatisfied, and said with his mouth curled, "This is over, I haven't started warming up yet!"

This time, Corey did not speak.

He believes that Venerable Dongshan does have the strength to kill him in a second, and if he continues to entangle him, there is absolutely no benefit to him.

"Substitution, I want to change to the next one." Corey said!

"Would you like to take a break, it would be very unfavorable for you two if it is a wheel fight!" Li Tian said.

Corey is already crying!

Is this called a wheel war?

This is clearly a wheel squad, OK?

From the beginning to the end, I was beaten by Corey. I was the one who was beaten. How much energy can the beater consume!

"Then you think about it? Do you want to listen to my advice and choose this guy, this guy is definitely the weakest here?" Li Tian once again pulled out Li Letian to promote vigorously.

Corey did not listen to Li Tie.

He felt that the destiny was still in his own hands. His gaze slowly swept over the guys who were summoned by Li Tian. When he saw Venerable Dongshan, Corey's eyes jumped suddenly. Finally, he His sight fell on Meng Guang.

"It's him!" Corey pointed to Meng Guang and said.

"Are you sure? I suggest you switch to another player!"

"This player is very cruel, and you will regret it if you choose him!"

The more Li Tian said so, the more Corey felt that Li Tian was guilty.

"Sure! Just pick him!" Corey nodded affirmatively.

Li Tian shook his head helplessly.

"Since you are willing to die, then I am willing to buy it. Xiao Meng, don't give face to Brother Tian, you take out all your housekeeping skills, especially the skill you used in the Qiong Spear of the sky! Brother! Put ugliness in front, you can't lose and you can't get hurt. If you dare to leave the same thing before on this red-haired monster, brother will kill you and make you **** not listen to brother's advice!" To say.

Chapter 4345: : The God of the Earth (8)

Meng Guang is happy!

He didn't expect that this red-haired monster would choose him to play. Meng Guang was even more happy that Lord Li Tian asked him to perform his stunts!

What is Meng Guang's stunt?

Not teleportation, not gravity attack, but empty hand!

It was precisely because of his empty hands that Li Tiancai chose him from Ye Liangchen's hands with his eyes and beads. .

If it is other venerables who let Meng Guang perform his stunts, then for Meng Guang, this is an insult, and he absolutely cannot bear it, but if this is said from Li Tian's mouth, then it is applauding. , This is not an insult, but a stunt performance.

"Look at it, Master Li Tian, I will definitely make him regret choosing me! What is the sentence that Master Li Tian said before? Yes...just to ask for the shadow area of the mind! I will let him There is only a shadow in his heart!" Meng Guang said excitedly.

"As for fighting against this weak and scumming monster, can you get hurt? Hehe, Master Li Tian, can you stop teasing, even if I stand still and let him attack me, can he have the ability to hurt me?"

This is not arrogance, but Meng Guang really has this strength.

Corey was injured.

What the **** are these?

What is a monster? Have you seen such a handsome monster?

What else is called weak slag? Lao Tzu is a 7th-level pinnacle master!

What is the mental shadow area? Believe it or not I shoot you in the face and ask you to ask me for his shooting speed?

"This **** must be bluffing. Do you think I will be afraid of you like this? I want to make up for all the humiliation you have just suffered!" Corey said with a sneer in his heart.

Corey and Meng Guang stood in the middle of the ring again. This time Corey didn't do it easily. He was holding a short knife, and his footsteps were flexible, like a boxer, slowly beating around Meng Guang!

Meng Guang's eyes were full of doubts. He had never seen such a way of fighting. In Meng Guang's eyes, Corey seemed to be a monkey dancing around him.

"Hey, this monster must be a lemur clan without a complete evolution, otherwise he wouldn't look like this! No wonder, even if the lemur clan is evolving successfully, as long as it is an open-minded lemur clan, it is possible. Cultivate to the realm of cultivators!"

Meng Guang's eyes moved with Corey's beating.

In fact, the best way to deal with a little monkey like Corey is to completely control him with a gravity attack, and then walk to him and take him away.

However, in this way, it is not to display the skill of empty hands, but to **** nakedly.

For this kind of untechnical thing, Meng Guang did not bother to do it.

Meng Guang's gaze fell on Corey's feet. He was thinking about what method should be used to fully display his masterless skills without harming Corey, let alone being accidentally hurt by Corey. he!

Seeing Meng Guang motionless, Corey was even more sure of his judgment, with a sneer at the corner of his mouth, jumping close to Meng Guang, and then instantly backing away, jumping and saying provocatively: "Come on, you oriental monkey Come hit me, you Eastern fool!"

This scene is like the scene from the movie Li, the King of Destruction by the Star Lord before the end of the world. There is no aesthetic feeling at all. The audience who was still filled with outrage under the ring suddenly became a passerby again.

"Hurry up? Is my husband waiting for me to go home to cook?"

"That's right, we'll leave without doing anything, my takeout hasn't been delivered yet!"

"Fuck, I suddenly remembered that I came out to buy a condom! I have bought this condom for almost two hours!"

The people under the ring were unhappy, and started to vomit.

Standing on the side of the ring, Li Tian was also a little unhappy, shouting loudly: "Meng Guang, your uncle! I didn't let you come out to watch the show. If you don't do anything, I will immediately send you into the Qiong Lance of Heaven. Inside, you don't want to come out again for the rest of your life!"

The cold sweat on Meng Guang's forehead has come out!

Li Tian was very angry, and the consequences were serious. Meng Guang didn't want to try Li Tian's anger.

At this moment, Corey saw that Meng Guang was slightly distracted, and immediately realized that this was the best opportunity. He was holding a short knife with his legs on the ground, and his body rushed towards Meng Guang like a bolt of lightning.

Corey's speed is fast, but Meng Guang's speed is faster.

It must be clear that Meng Guang is either using instant movement or speed.

Corey only felt a gust of wind blowing by his side, and instantly the Meng Guang in front of him had appeared behind him.

"So fast! How did this guy do it?" Corey was dreaming!

On the other side, Meng Guang raised an object in his hand and said to Li Tian, "Master Li Tian, this thing should be the most precious, right? This guy hid this thing in the innermost part of his body! But... what is it? What is it? A piece of cloth in the shape of a triangle. Is this a very advanced treasure?"

Li Tian looked at the underwear held in Meng Guang's hand, and suddenly had an urge to vomit blood.

your sister!

"This is an ordinary...no, this is a pair of underwear that this red-haired monster wears and still smells of his body, what kind of heavy taste is your sister?"

"In...underpants?"

Although Meng Guang didn't know what kind of pants these underwear were, he knew that it was definitely not a good thing!

The audience in the audience stared at the **** in Meng Guang's hand in amazement, and suddenly burst into laughter!

"Hahaha, it's so funny! This guy must be a funny guy invited by a monkey, and he stole the ghost's underwear!"

"Yeah, I didn't expect this guy to have such a heavy taste, he even likes to steal underwear, but...this seems to be Li Tian who asked him to perform his stunts, could it be...Li Tian?"

"No? The latest news says that Li Tian has a few beautiful wives. He doesn't have this habit?"

"The radish and the cabbage have their own loves. Perhaps Li Tian-sama is just like this one..."

Hearing the **** people chattering in the ring, Li Tianzhen had the urge to get rid of shit.

Fortunately, these guys under the ring are not all paying attention to this kind of gossip. Suddenly someone said, "Don't you feel weird? That guy stole the underwear, the underwear worn on the ghost, you said heHow did he do that?"

This question immediately caused the onlookers to draw the question from Li Tian's hobby to the technical analysis of how to steal the underwear. They even temporarily set up a technical research group for this issue. After discussion, they must have a chance. Let's discuss this relatively high-tech issue together.

Although Meng Guang didn't make a mistake, he knew that the first time he shot, he didn't do it beautifully.

"Red-haired monkey, you successfully aroused my anger, you just wait to die!" Meng Guang said grimly.

Chapter 4346: : The God of the Earth (9)

Meng Guang was angry!

Then Li Tian and the others watched Meng Guang's figure constantly shuttle back and forth on the ring. Without a shuttle, Meng Guang would slap Coli without hesitation, and an object would fly out of Coli's body.

In the beginning, small things such as mobile phones, wallets, and keys quickly became the clothes, socks and shoes that Corey wore. In the end, even the short knife in Corey's hand was thrown out by this guy!

"Your sister, how did this happen? These things are all worn by this ghost, how did he steal these things without the ghost?"

"Man of God, this guy is definitely a Thief Saint, it should be a Thief God! Should we stay away from the ring, or else...or..."

This person hadn't finished speaking yet, the other onlookers immediately withdrew back ten meters, avoiding the ring like a plague god.

Corey is desperate!

He is really desperate!

After only a dozen back and forth, Corey felt that his face was more swollen than a pig's head, and everything on his body was taken away by the guy in front of him.

Corey covered the important position of the step with two hands, knelt down in front of Meng Guang, crying and said: "I was wrong, I shouldn't come to China, if I don't come to China..."

How could this line be so familiar?

But this is not the point, the point is that Corey has completely collapsed.

Until now, if Corey no longer knew that he was not the opponent of these people summoned by Li Tian, then he would really become a pig.

Li Tian looked disgusted and asked Li Letian to throw Corey's clothes to him, and then said to Corey, "Do you want to continue the competition?"

Corey is holding the clothes like a little girl who has been ravaged, blocking important parts of his body, crying and saying, "No, no, no, I give up!"

"How can you not try? Can you live a little bit?"

"Yes, that is, we finally came out once, and want to show it in front of Master Li Tian, do you say it is easy for us?"

"Otherwise, you can just reluctantly fight with us. We promise to be the most gentle to you, promise..."

Corey burst into tears, his head kept knocking on the ground, and said: "I really don't dare, let us be merciful and merciful!"

"Hey, really poor boy, since he doesn't want to, then we won't force it."

As soon as Li Tian spoke, he pointed his finger at the pure steel plaque and said: "Since you admit defeat, then follow the usual practice and say that you should eat this plaque!"

"Eating a plaque?"

The faces of Corey and his subordinates were shocked.

That's a pure steel plaque. Let's not talk about whether it can be eaten. If these guys can really eat this plaque, wouldn't they all turn into steel?

Those ghosts who had been ravaged by Li Tian once, and once again ravaged by the crowd of onlookers knelt down in front of Li Tian and kept begging for mercy.

"Great God, please forgive us once!"

"Great God, we will never dare anymore!"

"Great God, we promise that we will never step into China without authorization except for the pilgrimage to Tianmen once a year!"

These guys cried heartbreakingly, as if Li Tian didn't forgive them, they were about to cry to Li Tian.

"Since you have changed your mind, it's not that you can't let your life go. In this way, take out all the valuables such as your wallets!" Li Tian said.

These ghosts were taken aback for a moment, and soon there was joy on their faces, as if they were sauced pig heads, as much joy as they were.

The ghosts took out their wallets and other valuables one after another, and then in Li Tian's inquiry, they told Li Tian the bank card deposit and password in the wallet.

According to Li Tianyi's statistics, he discovered that these guys are rich and rich, and the weakest ghosts have deposits of hundreds of millions of meters in their bank cards.

Of course, the money is stored in American banks, and Li Tian can't get it out for the time being, but this does not affect Li Tian's possession of the money.

"Birds, after searching so many people's fats, everyone has more money than me. It's too much! Remember not to bring so many cards next time you come to China, as for these cards, let me help you digest them! I use the money to do charity work, I think you should..."

"No objection, no objection!" These guys kowtowed and said.

"Well, in that case, I will forgive you for the time being! Corey, please help me with these things a few more times. In return, I can give you one ten-thousandth commission!" Li Tian said shamelessly.

What else can others say!

Only accept Li Tian's robbery.

As for Corey, as Meng Guang said, his current psychology is full of shadows, and there is no way to get out of this psychological shadow in a few months.

Of course, Li Tian wouldn't swallow it alone. At least Li Tian took out the cash in their wallets and scattered them to the ring. Although it could not be a universal celebration, it was still possible to be a universal celebration.

The people under the ring were excited. They didn't expect to make money from watching the show. They seemed to have reached a climax. The excitement was uncontrollable, and they wished to rush to the ring and lift Li Tian up into the air.

But they were afraid of Meng Guang's remaining prestige, and no one dared to do so.

As for the plaque of the sick man of East Asia, it was easily refined into molten iron by Li Tian with a black flame.

Seeing the black flames released from Li Tian's body, the ghosts were even more frightened and even dare not release the atmosphere.

In their hearts, they have automatically regarded Li Tian as the only Lord God in this earth world. As for the others, they were summoned by Li Tian, and naturally they were not qualified to be called the Lord God together with Li Tian.

A few years later, in the memoir that Corey personally wrote about me and Li Tian, the only main **** of the earth, Li Tian named Li Tian as the only main **** of the earth. This view of him has won all the masters around the world. It has always been recognized that this book can be regarded as establishing Li Tian's status as the sole master of the earth.

Of course, this memoir also earned Corey a lot of fans, allowing him to become a dazzling literary star in the earth world in just a few years. Later Corey abandoned martial arts and became a literary master of martial arts. !

Of course, this is something later.

...

Toot, toot!

At this time, Liu Baoming's phone rang suddenly.

Liu Baoming got on the phone. Soon, there was a hint of joy on his face. He walked a few steps and came to Li Tian and said in a low voice, "Brother Tian, they really did this time. They destroyed the defense system. After killing more than a dozen guards, Liu Feng and others have escaped!"

Chapter 4347: : Lead the snake out of the hole

Li Tian had prepared for Liu Feng, Situ Ningbing, and the small hot pot were on standby at any time.

However, in order to lure the snake out of the cave and put Liu Feng and his remnants into a deadlock, Li Tian told Situ Ningbing and others not to startle the snake, and only then did the present situation exist.

In any dynasty, any country, a crime of fornicating with foreign enemies is enough to make their death justified!

As for the dozen or so people killed by Liu Feng's Yu Dang, they were the responsibility.

They have contributed to China's long-term stability and development.

What Li Tian can do is to fight for Huaxia to give them some more pensions. Even Li Tian is willing to use part of the money he robbed from Corey and others today in his own name to establish a foundation to give Some subsidies for their family.

Of course this is just a preliminary idea!

Some people might say that these people died unjustly and Li Tian can completely avoid their deaths, but those who make big things do not stick to the trivial, in order to eradicate Liu Feng and others, Li Tian can only sacrifice them.

Li Tian knows that he will leave the earth world in the future. If Duanmuying and others are unwilling to leave the earth with him, then Li Tian can only do his best to eliminate all dangers before they happen!

As for the handling of Corey and others, Li Tian did not rush to kill them all.

Go up to fight against the heart, down to fight against the soldiers.

As long as there is a shadow in the hearts of Corey and others, they will not dare to peep into China and Li Tian in the future, then this is more useful than killing them!

Corey and others have fought against Li Tian. They have a deep understanding of Li Tian and the strength of China. When they return to their own country in the future, they will need to vent their fears sooner or later. Let more people fear China and Li Tian.

And this is more effective than killing them.

In order to kill Liu Feng and others, Li Tian took great pains.

Just like raising pigs, fattening can kill!

Li Tian is now raising Liu Feng and others.

Li Tian sent Venerable Four Mountains, East, West, South, North, and others into the space of the Qiong Lance of Heaven.

At the beginning, I only chose the Four Mountains Venerables, Meng Guang, and Li Letian to come out. The main reason was that the Venerable Four Mountains, the East, the West, the North and the South were controlled by Li Tian's soul detention. It is absolutely impossible to betray Li Tian.

And Meng Guang and Li Letian are now Li Tian's most loyal subordinates, especially Li Letian, who shared the trouble with Li Tian, and his loyalty to Li Tian is no worse than Tang Xiaolong and others.

Corey and the others ran away with their heads held in desperation amidst the beating and scolding of the people!

After that, the crowds immediately rushed to the ring and surrounded Li Tian and Liu Baoming!

"Master Li Tian, you are Master Li Tian? I am your tap water, and I am your loyal supporter on the Internet!"

"Lord Li Tian, I love you, our whole family loves you, please sign me!"

"Master Li Tian, when will you be in charge of Huaxia? If you are in charge of Huaxia, I am willing to send my daughter to the crown..."

"This adult is very face-to-face, but the action of the adult who just kicked the ghost is really cool! Please give me these limited-edition stinky shoes, please give me back. By the way, you must sign me. Fame, maybe I can sell some money!"

Liu Baoming almost fainted to the ground!

"Everyone, everybody, please give in, we still have important tasks to carry out!" Liu Baoming said.

"Master, let's take a group photo. By the way, I think you seem a little hot. Take off your coat and leave it to me as a souvenir."

"Get out of the way immediately, can you take it for delaying our mission?" Liu Baoming said angrily.

"This lord,..."

Liu Baoming accidentally became a hero of China, and the people seemed to be his fans, almost trying to strip him off.

"I **** Nima, my clothes are going to be stripped..., what do I mean by **** peat and pulling my underwear?"

Liu Baoming was desperate. No matter how he resisted, those guys were already crazy and couldn't listen to Liu Baomin's words!

"Brother Tian, Lord Li Tian, please help me quickly!"

Li Tian had no choice but to use gravity attacks to control these crazy fans, and then Liu Baomin and Liu Baoming escaped from the crowd!

Running out of Wangfujing Street and sitting in Liu Baomin's car, Li Tian and Liu Baoming seemed to be two refugees, their clothes almost intact!

Liu Baoming looked at Li Tian with a sad face and said, "My God, I know that it is so difficult to be a celebrity. I will still be my beautiful man in the future!"

I'll check, and shameless, isn't the quiet beautiful man right in front of you?

In the blink of an eye, Liu Baoming suddenly saw that Li Tian had changed his clothes!

Liu Baoming is convinced!

Liu Baoming also wanted to change his clothes, otherwise he would not be able to get on the table with his intricate clothes now. But Liu Baomin was anxious, he was not as calm as Li Tian!

In this short period of time, Liu Baomin answered seven or eight calls, and all the bad news came from them!

"Ten minutes ago, Liu Feng and others had already escaped, and they broke out of Chang'an Avenue. A dozen innocent civilians were killed and more than 30 civilians were injured!" "Eight minutes ago, Liu Feng and others had escaped from Chang'an Avenue. Fleeing towards Jingnan District, seven cars were destroyed, and a dozen people were injured to varying degrees!"

"Five minutes ago..."

Liu Baomin's face is ugly.

China has always believed in family ugliness, but today is the closing meeting of the Hundred Nations Heads of State. There are a lot of media reporters and friends from China and abroad in Kyoto. These things must be hidden, maybe it will spread all over the world in half an hour!

"Brother God, save me, if this continues, I won't have the credit, maybe my position won't be kept!"

"Don't be afraid, the more fierce they are, the greater your credit!"

Liu Baoming couldn't help but blankly glanced at Li Tian, thinking in his heart: "Your old man is the savior of the earth, the old army commander is your grandfather, and Duanmuying is your wife. I am not such a dazzling person as you!"

"You first check the latest news with your mobile phone and check the latest news reports!" Li Tian said!

Although Liu Baoming didn't know why, he pulled the car over and turned on his mobile phone to surf the Internet!

I don't know, Liu Baoming discovered that there are reports on the Internet about Liu Feng's liaison with foreign enemies. This report is already overwhelming, and it has even far exceeded the report on the meeting of the heads of state of 100 countries!

"This speed is too fast!"

Open several video websites and China TV Station, the same is true for reports!

In particular, China International Channel has begun to track and report on global live broadcasts!

Without exception, the tone of all reports is the same. For example, the China International Channel invited guest captains to severely reprimand countries such as the United States and Western Europe, saying that their funding of Liu Feng was deliberately undermining the peace of the earth and undermining the global economy. Unity is provoking China!

Liu Baoming, even the pig, understands that all of this has already been arranged, otherwise your sister would have invited guests like this.

"Brother Tian, you guys were already prepared?" Liu Baoming asked!

"Calm, calm! I heard that you were widowed in the last days and never married again? What do you think of this beautiful host? I just know her, or I...be the host's godfather how about it?"

Liu Baoming was so excited for a long time, Li Tian almost made him spit blood when his voice changed!

Seeing Liu Baoming's face turned into a saucer purple, how beautiful his expression is, I really like it.

Li Tian put away his joking tone and said, "I really know this host, I will introduce you to you later."

"Now it's time for us to close the net!"

Chapter 4348: : Dangerous approach

"Where are Liu Feng and they now?" Li Tian asked. f,

"I have escaped from the Sixth Ring Road and are heading for Jingnan District!" Liu Baoming paused, and then said: "According to the intelligence, Liu Feng and others really want to have arrangements in Jingnan District, but we have not investigated the specific arrangements. !"

The Intelligence Department did not investigate such important information, and Li Tian still felt a little dissatisfied.

Li Tian beat Liu Baoming and said, "You, the director of the Intelligence Department, are negligent!"

Old Liu Baoming blushed and said with some shame: "This is my negligence, so please ask Brother Tian to help me! Once Liu Feng and the others escape to Jingnan District, we will lose control of them. Who knows that there will be What kind of changes, it will be more troublesome to control them!"

There was a deep smile on Li Tian's face!

It is undeniable that Li Tian's luck is against the sky, but Li Tian is definitely not brainless!

A month ago, although Li Tian controlled Liu Feng and others, and let Xiao Niangzi and Gaobi take charge of China for the time being, Liu Feng and others suddenly disappeared on TV. Even if Li Tian and others have any more reasons, they are normal for China. As far as the people are concerned, they think that Li Tian, Xiao Niangzi and others are usurping power by force.

The foreign media also have many such speculations and reports!

In this case, China's stability and prosperity are all false. Later, Li Tian invited Mu Yunlong to return to China and declared that Mu Yunlong would be back, but this suspicion did not diminish!

This situation cannot last for a long time, otherwise it will become China's time bomb. Maybe it will explode sometime, and then China's may cause turmoil!

Therefore, when Li Tian received a call from Mu Yunlong and learned that Liu Feng's remaining party would act, Li Tian began to make arrangements. Feitian Yasha and Mutant Crow monitored the area where Liu Feng and others were under house arrest for 24 hours, while Situ Ningbing, Xiao Hotpot and others also secretly monitored Liu Feng and others.

Liu Feng and his remnant party did their own things. Li Tian and Mu Yunlong just took advantage of the trend and used public opinion to characterize Liu Feng's behavior as treason. Of course, strictly speaking, Liu Feng and foreign forces are indeed treason. Coupled with the overwhelming publicity of the media nowadays, even if Liu Feng wants to die, it is impossible!

Believing in others is worse than believing in yourself. Had it not been for Li Tian's deployment, Li Tian wouldn't have taken Liu Baoming to the ring with Liu Baoming so calmly and went to Corey's face.

Li Tian took out a cell phone, dialed a number, and said: "Start to close the net, keep the big fish, and catch all the other small fish! If anyone dares to resist, kill him!"

With a call from Li Tian, those foreign powerhouses who were making trouble in Kyoto City suddenly received a strong counterattack from China. The China Action Team led by Xue Ji, Huangfu Kunpeng and others showed China's powerful combat effectiveness.

Some powerful people are clamoring for human rights, relying on their own ghost identities to be arrogant and domineering, taking over the roots of Huangfu Kunpeng and others, not giving them a chance to be arrogant, and directly start beheading!

The cultivation level of these so-called powerhouses is mostly the first and second level of cultivators, and there is no resistance to the real powerhouses such as Huangfu Kunpeng and Elder Wuji.

...

After hanging up the phone, Li Tian ignored Liu Baoming's eyes and continued: "Now let's go to Jingnan District and wait for Liu Feng to deliver it!"

Then Li Tian showed a sneer on his face, as if talking to himself: "Liu Feng, no matter what arrangements you make in Jingnan, I can make Jingnan the end of your life!"

After listening to Li Tian's words, Liu Baoming couldn't help but shiver.

"I immediately contacted the military department and asked the military department to send a helicopter!"

"Liu Feng's remaining party is here prepared. When we wait for the military helicopter, I'm afraid the battle is over!" Li Tian smiled slightly and continued: "Come on, let brother take you to pretend to take you to fly! "

...

Several military Hummers were speeding along the highway from Kyoto to Jingnan. Liu Feng, Lan Lin and Yin Yang sat in the extended Hummer in the center.

Liu Feng frowned slightly, his face did not show any joy.

With a smile on his little face, Lan Lin was weakly leaning on Liu Feng's body, groping on Liu Feng's chest with very dishonest hands.

"Brother Feng, now that we are safe, why are you still unable to do anything? You should be happy! People like to see your heroism."

Liu Feng was a little upset. He opened Lan Lin's arm and said coldly: "As long as we haven't entered Jingnan District, as long as we haven't left China, my heart will not be at ease."

"Today was so smooth. From Kyoto City to here, we hardly encountered much resistance, and I also feel a little unsure!" Yin Yang said.

Lan Lin was quite jealous of Liu Feng, but for this Yin Yang who took the wind, Lan Lin did not have the slightest politeness on his face. He sneered and said: "Today is the closing ceremony of the meeting of heads of state of a hundred countries. It was arranged near the Great Hall. In addition, the strong people invited by Feng Ge's subordinates from the United States and Western Europe created chaos and conflicts in Kyoto. The strong people in China lacked skills. Our plan is seamless. Naturally, it will go smoothly. success!"

"Before we have escaped from China, we can't talk about success! We should be careful!" Liu Feng said.

Yin and Yang nodded slightly and said, "When we get to Jingnan District, let's go our own way."

"What do you mean? We rescued you, you didn't even have a word of thanks..."

Before Lan Lin finished speaking, Liu Feng interrupted him!

"Yin Yang, with so many masters in China, you are the one I admire the most. You definitely can't go back to Beitang. Do you want to follow me? According to my information, Li Tian will leave the earth in the near future. The world, then we will work together to retake China!"

Yin Yang looked at Liu Feng, shook his head slightly, and said, "Li Tian is a strong guy, but he will never feel safe. If he doesn't eradicate us, he will definitely not leave the earth world! I have already died. It's one time, I don't want to die a second time, I never want to be an enemy of Li Tian again, after arriving in Jingnan District, we went to each other, but to thank you for saving me, I give you a piece of advice : Stay away from China, stay away from Li Tian."

A trace of disdain appeared on Lan Lin's angry face!

"Brother Feng, it seems that Li Tian has already frightened our dignified yin and yang gate master, so don't make it difficult for you!"

Liu Feng's eyebrows twitched slightly, and at this moment a murderous intent appeared in his heart. He really wanted to kill Yin Yang here, but soon he suppressed the killing intent in his heart.

"Thank you for your advice! I, Liu Feng, have no other abilities. My greatest ability is forbearance. As long as I escape from China, Li Tian's desire to find me is no different than finding a needle in a haystack. Unless Li Tian stays in China for his entire life, otherwise... .." Liu Feng still wanted to say a few ruthless words, but at this moment, a trace of ominousness suddenly flashed in his heart.

"Come!" Liu Feng and Yin Yang said in unison.

Chapter 4349: : No challenge

Time goes back to one minute ago. ,

The small hot pot was standing in the middle of the highway, and the Hummer of Liu Feng and others galloped towards him.

This kind of standing in the middle of the highway is a dead end for ordinary people. The high speed is dangerous. There is a reason why the police officer does not allow non-motorized vehicles to go on the high speed, even if you think you have the ability to avoid traffic. , So cherish life, children must not imitate small hot pot.

Ahem, a little off topic!

The book is back!

Seeing the figure of the small hot pot, the Land Rover in front of it did not sound the horn, but accelerated towards the small hot pot!

"Rush over to me and kill him!" On the Hummer, Liu Feng's confidant's love flashed a fierce light in the eyes of us tentatively calling him Ai Jiang.

There are desperadoes on the Hummer. From Kyoto to here, at least hundreds of people have died in their hands. What if you kill more people?

Little Hot Pot seemed to have realized the danger, he suddenly raised his head, staring coldly at the Hummer.

The engine roared, and the Hummer rushed towards the small hot pot with a gust of wind!

Getting closer, getting closer!

Seeing that the car is about to hit the small hot pot, Brother Ai Jiang seems to have seen the small hot pot hit and fly!

But at this moment, the corner of the mouth of the little hot pot suddenly showed a sneer. With the sneer, a powerful pressure fell from the sky and landed on the Hummer in front of him.

The front of the Hummer was sunk in an instant under the gravity attack!

Immediately afterwards, the Hummer seemed to lose control and floated sideways to the isolation belt, and hit it hard!

At the moment when the pressure fell on the Hummer, Liu Feng and Yin Yang shouted at the same time: "Come!"

The two, in no particular order, jumped out of the Hummer at the same time!

A little bit slower than Liu Feng and Yin Yang by half a second, there were more than a dozen strong men jumping out of the car!

At the moment when seven or eight powerhouses jumped out of the car, their goal was locked in the small hot pot!

A Russian strong man with a long nose said in a blunt Chinese language: "Is this the strong man in China? I have long wanted to fight the strong man in China, but unfortunately all I encountered on the road were fragile garbage. Leave this guy to me."

Frightened Bird was talking about Liu Feng and Nutrition. When they felt the energy fluctuations in the air, the first thing they thought of was to run away.

But when they saw that it wasn't Li Tian that was here, they couldn't help showing embarrassment on their faces.

Fortunately, this Russian drunk-nosed man is bent on fighting. This eagerness to die makes Liu Feng and Yin Yang feel shocked, and a little tears of repentance are left in their hearts.

The two looked at each other, and they both understood each other's meaning from each other's eyes: "The baby is a good baby, it's just a bit stupid, but a dead fellow is not a poor person. Since we want to die, then we only I can barely leave this opportunity to you!"

"Kirilenko, leave this guy to you, and then you come to me with his head. I will use the 82-year-old Erguotou that I have collected for a long time to exchange his head with you!"

After finishing speaking, before Kirilenko could answer, Liu Feng and Yin Yang had hurriedly got into the car.

Brother Ai Jiang was dedicated to protecting the Lord, and immediately followed Kirilenko with six or seven strong men, and surrounded the small hot pot. At this time, Brother Ai Jiang still did not forget to show his loyalty.

"Brother Feng, leave it to us here. Go! Leave me alone!"

Liu Feng didn't want to care about him at all. Even if Brother Ai Jiang wanted to squeeze into his Hummer now, Liu Feng would kick him off without hesitation.

Under the cover of Brother Ai Jiang, Kirilenko and others, the car where Liu Feng, Yin Yang, and Lan Lin were in drove away, and several powerful men got into the car and followed Liu Feng and others.

A smile appeared on Little Hot Pot's face, and he did not continue to stop it!

"Don't intervene, this guy belongs to me, I want to use his head for wine and drink!" Kirilenko said to the other strong men in blunt Chinese.

"Huh! The beauty of thinking, I can let you drink enough Erguotou you want, but I have to fix his head!" said a white man who was more than two meters tall.

"I have national enemies and family hatred with them. If we had not developed a branch in the United States, our ninja organization would have been extinct, so this battle must let me come!" It turned out to be a Dongying ninja who said this.

"What the ***** are you arguing? You don't have a bad heart. Isn't it a million-meter knife? You even said that you hate your family when you go abroad? According to me, you all rely on your ability. What's the use of saying so much?" It turned out to be the core cadre of the Black Dragon Legion.

The little hot pot sneered and said: "I've been waiting here for a long time. My legs are almost numb. Don't be so troublesome, or you should go together!"

Hearing the words of the small hot pot, these strong men seemed to have been greatly insulted, roared in anger, and one after another showed their weapons and rushed towards the small hot pot.

"Ugly, looking for death..." Dongying Ninja said.

However, before he finished speaking, the legs of the little hot pot were a little on the ground, a red light was drawn out of his body, and he appeared in front of the Dongying Ninja in an instant.

"So fast!"

Dongying Ninja Haizhong thought in surprise, the next second, the magma fist of the small hot pot fell like a meteorite, and it had already blasted his head in an instant.

Dongying Ninja subconsciously wanted to evade, but found that he didn't know when a coercion had fallen on him. His body could not move at all, and his head just barely moved an inch to the side.

boom!

The head of the Dongying Ninja was blasted off, and the other half of his head was wrapped in crimson lava, and it seemed hopeless!

His mind was destroyed, and his body lost that strength. Dongying Ninja knelt down in front of the small hot pot. There was only one thought in the remaining half of his brain: "This is ugly... so strong..."

The air was filled with the smell of roasted pig hair. It took less than three seconds before and after the small hot pot. The strong Dongying Ninja from the United States was dead.

The strong men who were arguing about fighting the small hot pot just now looked at the small hot pot dumbfounded.

"Could it be...Is this guy Huangfu Kunpeng, the strongest man in China ever?" Kirilenko and several other foreign powerhouses turned in horror.

At this moment, their hearts are desperate. They feel that life is gloomy, and the new post-apocalyptic era that finally ushered in is about to end like this.

The little hot pot used the momentum of thunder to kill a strong man, and at the same time used a gravity attack to instantly control the other strong. There is no suspense about the outcome.

These guys already regret coming to China at this moment!

The little hot pot did not stop attacking, and beheaded several other Liu Feng's entourage one after another.

Brother Ai didn't realize the fear until this time, but it was too late!

Snapped!

The little hotpot jumped up and slapped his palm on the head of Brother Aijiang. Crimson lava flowed out of the palm of the little hotpot, instantly turning Brother Aijiang into a magma terracotta warrior!

"Tsk tsk, it's not challenging! Do you want to continue?" Little Hot Pot said with a sneer.

Chapter 4350: : The only way out

Kirilenko and the other two ghosts were about to be scared to pee. ,

In the country where they are located, even if they are not one of the best, but at least they can be ranked in the top few masters. According to the information given to them by Liu Feng and Yu Party, China should not have so many so-called masters now. The one who can fight with them is probably two or three kittens. As for who is stronger, it should be the same.

But the appearance of the little hot pot completely subverted their outlook on life, values, and world. The overbearing expression, the sharp and brave attack, and the dismissive tone made them feel that they were all fighting. Five residues.

I can't play happily anyway.

Kirilenko cried and said to the small hot pot, "Huangfu Kunpeng Great God, I...I...I came to China to travel, and I accidentally followed the wrong team and got on Liu Feng's car..."

Even Kirilenko didn't believe this kind of deceit, but he couldn't help but say it.

Disgusting is others, but fate is yours!

Anyway, Kirilenko was unwilling to fight the small hot pot anymore.

The little hotpot appeared in front of Kirilenko, jumped up and slapped Kirilenko, and said with a grimace: "I am not Huangfu Kunpeng, I am your little hotpot grandpa!"

"Master Guo is forgiving, Master Guo is forgiving, the little one has eyes but doesn't know Mount Tai..." Kirilenko repeatedly begged for mercy.

It was not that the news of Huangfu Kunpeng was more impactful for Kirilenko and the other two ghosts. They didn't expect that China had such a powerful opponent besides Huangfu Kunpeng.

At this moment, these guys knelt to the ground, begging for mercy loudly, and each one used botched excuses to excuse themselves.

Kirilenko and others felt very embarrassed. The dignified cultivator level powerhouse actually knelt down and begged for mercy. This was something they had never thought of before they entered China.

But ashamed is not terrible, but ashamed is really terrible!

Besides, they are now Huaxia, as long as they can leave Huaxia alive, who would know that they knelt down and begged for mercy? At that time they will still be strong in the country.

Not to mention that these strong people are so afraid of death because they have no spine. Can the bones come to spend? The spine had already died by their side, and some even the bodies were melted by magma in the small hot pot.

The little hot pot is like an unsatisfied grudge. Looking at Kirilenko and the other two ghosts, he said bitterly: "Get rid of you as the strong, okay, can you show off the backbone of the strong!"

"No, no!" The three ghosts said with certainty.

"This is not good. As a strong person, you must have the dignity of a strong person. It is difficult for me to do it like this!"

"No, we just don't have dignity. You can insult us any way you want, but please don't kill us!" said the three ghosts.

The little hot pot had a little breakdown. This script was completely different from the one Li Tian told him.

At the beginning, Li Tian ordered Little Hot Pot, Situ Ningbing and others to follow Liu Feng and others. After receiving a call from Li Tian, they started to act separately. They only acted on Liu Feng's entourage and these foreign ghosts and let Liu Feng and Lan Lin and Yin Yang fled.

Regarding these entourages and foreign ghosts, Li Tian meant to kill a few and rub their vigor, and then threaten and lure the remaining few to be taint witnesses. It would be better for these guys to admit that they have their country behind them. Certain departments support it, and this certain department must be vague, so that Li Tian can strike at these countries again.

But now there is no threats, no incentives, these guys have been subdued, which makes the little hot pot very hurt.

"Do you want to die?"

The three ghosts shook their heads quickly.

"Well, then I will show you a way out. This is your only way out. I need to smear witnesses now..." Talking about the little hot pot, Li Tian told him about the three ghosts. .

"We are willing!" The three ghosts said in unison after hearing the words of the little hot pot.

...

Liu Feng's heartbeat was fierce, and he couldn't help turning his head and looking behind him.

The little hot pot Liu Feng is acquainted with him before the end of the world. At that time, the strength of the little hot pot was stronger than that of Liu Feng. After ten years, the cultivation base of the little hot pot was stronger, and he fully possessed the strength to kill Liu Feng.

Liu Feng knew that Kirilenko, Brother Ai Jiang, and others would definitely not be able to stop the small hot pot. Those guys had only one way out in the end, that is, death. The dead friends do not die, and Liu Feng doesn't care about their lives and lives. What Liu Feng cared about was how long those guys could resist him.

Yin Yang supported his yin and yang face with no expression fluctuations in his hands, but his heart was not calm at this time.

"How could Yin Yang get mixed up to this level? I am the master of the Yin Yang Gate of the Ten Legion. Compared with other people, Yin Yang was the first to know Li Tian, and the relationship between Li Tian and I was relatively weak. It's relatively harmonious. Why am I becoming a bereaved dog and running around?" Yin Yang began to reflect on himself.

"If I could let go of my hatred for Duanmuying and Wu Lao, if I hadn't listened to Liu Feng's bewitching, now I am at least a prince in China! But..."

Yin Yang looked up at Liu Feng. He saw that Liu Feng's fingers were trembling slightly because of fear. Yin Yang couldn't help but sighed.

Now Yin Yang can see Liu Feng's true face clearly.

Yin Yang knew that regretting now was of no use, and the strength that Li Tian showed was something that Yin Yang and Liu Feng could not resist! In that case, what is the use of running away?

"Liu Feng, I decided not to escape! I have to face Li Tian bravely, no matter how Li Tian treats me, I will bear it!" Yin Yang said to Liu Feng.

"We have all escaped. Now it is less than 20 kilometers away from Jingnan District. As long as we reach Jingnan District, we will..."

"No need! What if I escape? I am the master of the Yin Yang gate, a man upright, and I will face the mistakes I made in the past!" Yin Yang said firmly.

"Goodbye....."

Speaking, Yin Yang suddenly pushed the car door and jumped from the speeding car. Then his legs jog the ground several times, and then landed steadily on the ground.

"Idiot! Do you think that Li Tian would forgive you like this? A big man can bend and stretch, and even this can't make a big deal!" Liu Feng turned his head and looked back, looking at Yin Yang who was getting smaller and said angrily.

"You will definitely regret your choice today! When Liu Feng returns to China, I will be the first to kill you Yin Yang Liwei!" Liu Feng felt Yin Yang betrayed him.

"Liu Feng, perhaps Yin Yang's choice was the right one..." The silent Lan Lin said suddenly.
