

A Killer 4351

Chapter 4351: :All rebellion and separation (1)

Liu Feng's face was even more ugly, he didn't expect this to be said from Lan Lin!

Lan Lin's name for Liu Feng has also changed from Feng Ge to Liu Feng. This subtle change represents a psychological change in Lan Lin, and Liu Feng suddenly realized something wrong. ,

"Lan Lin, Yin Yang can say this, because he is not our fellow traveler, but you can't say that. You are my most important partner and my most important person. As long as I can retake China again, I will definitely honor me by then. The promise, let you be the world!" Liu Fengyu said earnestly.

A smile appeared at the corner of Lan Lin's mouth, which was full of disdain.

Lan Lin has followed Liu Feng for nearly ten years. In these ten years, Lan Lin has paid a lot for Liu Feng. It can be described by the phrase that behind every successful man is a woman who silently gives.

For Liu Feng, Lan Lin even sold his hue to disintegrate the Black Dragon Legion, but what was the final result?

When Liu Feng was in danger, he and Yin Yang escaped directly from the car, without even considering that his woman Lan Lin was in the car.

"Liu Feng, we have been together for almost ten years. To put it in a bad way, I know what you are going to fart as soon as you push your ass, so don't use these words to seduce me. You once said Once you can make my mother ritual in the world, you have been in control of China five years ago, and you have the opportunity to let me get what I want, but you keep silent!"

"Don't think that I don't know what you are thinking. You are peeking at Duanmuying and the women of Li Tian. You think you don't have to be much different from Li Tian, so you want to get what Li Tian gets."

"It's a pity that the women of Li Tian are proud, and in fact, you can achieve what a wretched man like you can do. The most ridiculous thing is that you even used the cut of Dongying Island and the survival of Tianmen to threaten Li Tian's women to submit. It is a pity. Not only did you fail to succeed, but instead caused yourself to kill yourself."

"Liu Feng, don't you feel naive if you use these words to deceive me now? My Lan Lin is stupid, but my Lan Lin will not be so stupid forever!"

Damn, it's so exciting!

Hearing these words from Lan Lin, the driver who was driving, who was also a loyal subordinate of Liu Feng, we tentatively called him the loyal brother, and immediately hurried and ruined.

It turns out that this guy Liu Feng is controlled by a wife!

But Duanmuying is in charge of the entire Dongying. She is the goddess in the hearts of most men in the world. She doesn't need to be attached to any man at all. Is that something Liu Feng can match?

Tsk tsk, it's really unexpected, it turns out that people like Liu Feng still have such a dark side in their hearts.

The corners of Liu Feng's eyes twitched slightly, Lan Lin's words stung his sensitive heart like a sharp steel needle, and Lan Lin exposed Liu Feng's most shameless heart in front of Liu Feng's subordinates who were driving. Liu Feng suddenly became a little angry!

"Lan Lin, you can eat and talk nonsense, I know you have complaints against me, but I don't have the same knowledge as you. If you dare to talk nonsense, don't blame me for being rude to you!"

"Hahaha, you are polite, Liu Feng, when have you ever been polite to me, such a perverted pervert? You haven't experimented with whip or wax drop? Now your hypocrisy has been exposed by me and turned into anger, do you want to kill me? ?\

A trace of murderous intent flashed in Liu Feng's eyes, and then he dropped the murderous intent again.

In the last days, Liu Feng had a secret crush on Duanmuying. He knew that Duanmu was the woman of Mu Yunlong's grandson Li Tian, but this did not affect Liu Feng's secret crush on Duanmuying.

But this guy Liu Feng can hide and pretend. If Li Tian didn't return to the earth world, then in the last days, Liu Feng might raise this matter to Mu Yunlong.

It's just that people are not as good as the sky, Liu Feng never thought that Li Tian would come back!

When Li Tian came back, Liu Feng's hopes were shattered. After the end of the world, Liu Feng chose Lanlin.

This blue forest, who has followed Duanmuying for several years, can see Duanmuying's shadow on her body.

Of course, the most important reason is that Lan Lin has no brains and is obedient to Liu Feng.

"Lan Lin, I'm very disappointed. I didn't expect your misunderstanding of me to be so deep, but it doesn't matter. Follow me and our misunderstanding will be solved!"

Seeing the murderous intent flashing in Liu Feng's eyes, Lan Lin couldn't help but jump wildly in his heart, knowing that Liu Feng must have murdered her.

But Lan Lin actually made an important mistake at this time.

She did not choose to forbear, and opposed to suddenly reaching out to grab the car driver loyal brother in the front of her, tearing his clothes, and shouting: "Stop, stop, I want to get off."

Brother Loyal slammed on the brakes, and the car tires rubbed against the road on the highway and made a harsh sound.

The following car decelerated sharply.

The murderous intent in Liu Feng's heart finally came up again.

"You are looking for death!"

Liu Feng leaned forward, grabbing Lan Lin's hair, and slamming against the glass of the car.

Click! With a sound, Lan Lin's head smashed the glass, and the glass **** made Lan Lin's face.

Blood flowed across.

The picture is terrible.

"You stinky bitch, you are right. I just look down on you. If Duanmuying likes Laozi, I am willing to give up the whole world."

Behind every woman that a man thinks about, there is a man who ***** and wants to vomit. Liu Feng, as the highest authority in China, would naturally not regard Lan Lin as his only one.

"If it weren't for looking at you with a bit of beauty and obedient to Lao Tzu, Lao Tzu would have killed you."

"You challenged Lao Tzu's bottom line time and time again. I really didn't dare to kill you?" Liu Feng grabbed Lan Lin's head and knocked on the door again.

The glass had pierced Lan Lin's cheeks, cutting out dozens of small openings in her beautiful face, blood flowed, and Lan Lin's appearance became more and more hideous.

Lan Lin did not cry or scream in pain, she let blood flow on her face.

This kind of pain actually made Lan Lin's head clear, allowing her to see Liu Feng's ugly face more clearly.

There was a sneer at the corner of Lan Lin's mouth, allowing Liu Feng to continue to violent her. She was constantly adjusting her tone of voice, trying to make her voice not so bad: "Brother Loyalty, I have been following Liu Feng for ten years. After ten years of fucking, there is no credit and hard work, but he treated me like this! What do you think will happen if you continue to follow him?"

"Shut up, bitch!"

"Liu Feng, I know you look down on me, I'm a ***** who is tired of you. But what can I do? Hahaha, when you peek at other people's wives, do you know your subordinates are also there? Peek into my body, hahaha, if my man can make your head green by an inch after sleeping, I am afraid that the grass on your head is already tall!"

Chapter 4352: : All betrayed and separated (2)

Liu Feng doesn't need to like Lan Lin, but he also regards Lan Lin as his personal belongings. He will never allow other men to look at Lan Lin. Now Lan Lin's words are no different than hitting Liu Feng in the face.

"Smelly bitch, you are looking for death!"

Liu Feng grabbed Lan Lin's hair and kept knocking Lan Lin against the glass window of the car door. The whole scene could no longer be described as unsuitable for children.

Cruel and cruel!

"It's not worth it, Weili is such a scumbag, I actually betrayed Duanmuying Corps Commander, willing to pay so much, Commander, I...I know I was wrong..." Lan Lin murmured.

Liu Feng's eyes were crimson and his face was hideous, his palms turned into sharp claws, and he forced Lan Lin's head back from the car window, and slammed Lan Lin's neck.

"Smelly bitch, go to death!"

Click! With a sound, Lan Lin's neck was broken by angry Liu Feng.

From beginning to end, Lan Lin did not resist, nor did he resist.

Lan Lin's body gradually softened, her head hung weakly on the car window, her head was covered with blood, and she was drifting with the wind, and her head, face, and neck were covered with broken glass.

Long hair fluttering.

The blood ran down the car.

Brother Zhongzheng saw Liu Feng's eyes full of anger from the rearview mirror, as if killing a Lan Lin before letting him be released and discovered, Liu Feng's eyes looked like a wolf who had been hungry for a long time, wanted to kill and eat people.

"Maple... Brother Feng, I... Lord Lanlin and I are absolutely innocent"

Quiet, Brother Loyal's words didn't seem to fall into Liu Feng's ears.

After dozens of seconds, Liu Feng gradually woke up from this crazy state, with a weird smile on the corner of his mouth, and said: "I know. Brothers are like brothers and feet, and women are like clothes, even if you really are with Lan Lin There is an affair, I will not disregard our brother's feelings just because of this bad woman!"

After a few seconds, Liu Feng continued: "Bring to the side! Although Lan Lin betrayed me, after all, we have been together for many years. I want to bury Lan Lin by the side of the road!"

Brother Zhongzheng's body was trembling, and when he heard Liu Feng's last sentence, his tone suddenly became more murderous.

Although frightened, Brother Loyal slowed down and the car leaned on the side of the road.

"Hehe... As long as Brother Feng makes a comeback, why not have a beautiful woman..."

The speed of the car was getting slower and slower, and it was about to stop. At this time, brother loyal slammed the car door, half of his body had been leaned out of the car and wanted to escape.

But Liu Feng's speed was faster than him. He stretched out his hand and slammed his loyal brother in. He pressed his right hand firmly on his loyal brother's head, with a sudden force, the loyal brother's head was in Liu Feng's powerful Under the attack, it burst instantly.

Brother Loyal has been defensive against Liu Feng. Before he died, he still hoped that Liu Feng could remember that he had followed Liu Feng for many years, from birth to death, so that Liu Feng could spare him.

But he still underestimated Liu Feng.

"As my driver, you should have the consciousness of dying for me! It's not that I don't believe you, but you know too much." Liu Feng wiped the blood from his hands on Brother Loyal, and said with a sneer .

...

Seeing Liu Feng beheading Brother Loyalty and Lan Lin, Liu Feng's other entourage suddenly felt sad!

Liu Feng got out of the car, pulled the bodies of Brother Loyalty and Lan Lin from the car, and threw them directly into the middle of the high road. It seemed that these people were dead and still could not calm his anger, and they wanted them to be crossed. Only the crushing of vehicles can satisfy him.

The subordinates stopped the car and stared at what Liu Feng was doing. They didn't know what happened in the car just now, but at this time their hearts were full of anxiety.

All these hope to get an explanation from Liu Feng, even if Liu Feng deceived them, so that their psychology would be slightly better.

However, Liu Feng did not explain.

Even the killing intent in the eyes of those subordinates still did not abate.

At this moment, these subordinates are chilling.

Brother Loyalty and Brother Ai Jiang, one is Liu Feng's full-time driver for many years, and the other is Liu Feng's escort. It can be said that they are the two most loyal to Liu Feng, but they don't want the ending.

As for Lan Lin, Liu Feng's good artillery friend who slept on a quilt didn't end up tragically!

"Do we still have to follow such a leader?"

"Even if we can protect him to reach Jingnan District, can we see hope?"

"No, no! Our position in Liu Fengxin's heart is far inferior to that of Lan Lin, brother Ai Jiang, and brother Loyal. In that case, then we..."

Several drivers coincided with each other and stepped on the accelerator abruptly. The Hummer either drove in the direction of Jingnan District, or suddenly turned around and drove in the opposite direction toward Kyoto City.

And the ghosts in the car are not fools, and they know that there will be no good results if they mix with Liu Feng, so they will not stop them.

After all the people betrayed their relatives, there was not even one person beside Liu Feng at this time!

Liu Feng looked up at the sun that was about to set, but his face showed a trace of disdain.

"Idiot, this is better. I can enter the Jingnan District quietly! Just be my surrogate!" Liu Feng jumped out of the railings of the high road, looking in the direction of Jingnan District. Walk through the fields.

...

Standing on the towering walls of Kyoto City before the end of the world, Liu Baoming can't figure out how he arrived in Jingnan District in an instant?

Li Tian just told him to close his eyes and then open his eyes again. It took about four or five seconds before and after, but how did Li Tian do it?

Toot, toot!

Li Tian dialed Situ Ningbing's phone and said, "Liu Feng has not moved higher. He has become a lonely man. The other vehicles are filled with small shrimps and ghosts. The ghosts are still useful and can stay. As for Little shrimps, leave it to you to deal with!"

Li Tian said to Liu Baoming: "You heard what I said? Liu Feng is still five kilometers away from the city wall of Jingnan District. Let's leave the city wall first, so that he won't see me startling the grass."

"Brother Tian, how did you do it?" Liu Baoming thought about it for a long time. He knew that Li Tian might not answer this question, but he still couldn't help it.

"What are you talking about? Is it about me taking you to pretend to take you to fly? Or how do I know the exact location of Liu Feng?"

"I want to know! This... is simply amazing. I feel that you are stronger than the gods of ancient mythology. No wonder the island nation of Dongying only believes in you as the only god!" Liu Baoming said.

"Although you are telling the truth...but I like to hear it very much, and I will save it for the next time. Liu Feng has already come!" Li Tian said as the little black dot of Liu Feng looked at several kilometers away.

Chapter 4353: : Secret Channel

After the end of the world, the Jingnan District was divided into Kyoto City and became an administrative district of Kyoto City, but Jingnan never recovered to its pre-apocalyptic glory. ,

As the capital of the end times, Jingnan District still retains a large number of military units and departments.

Because of this, the night in Jingnan District is much bleak than the night in ordinary cities.

Under normal circumstances, after seven o'clock in the evening, the sun has not completely set, and most of the streets in Jingnan District are already rare.

At this time, the last afterglow of the sun in the sky set, and the sky was still dark. Liu Feng's figure flew easily over the city wall and sneaked into the southern part of Beijing.

Liu Feng seems to be quite familiar with Jingnan District, and his figure quickly shuttles through the alleys of Jingnan District.

Now Liu Feng is a desperado, and his speed has been played to the extreme.

A drunk tramp was standing on the corner of the street urinating, Liu Feng flashed past the tramp like a wind, the tramp shivered and ***** his hand.

The drunk tramp turned his head abruptly, saw that there was nothing behind him, and couldn't help cursing a few words.

Soon, another body image flashed behind him like wind. This time the homeless man clearly felt a cold wind blowing from behind his neck. This time the homeless man was really scared to pee and peeed. A pair of pants.

As soon as the cool breeze blew, the tramp's Jiujin woke up completely, and screamed and turned around and fled to a deeper alley.

Liu Feng turned his head abruptly when he heard the exclamation of the tramp, but there was nothing behind him.

Liu Feng hid his body behind a big tree and stayed for about ten seconds. He looked like a fierce hungry wolf, his eyes constantly scanning the street.

The streets are empty and there is no one on the streets.

"Is it my illusion?" Liu Feng thought in his heart.

After a few more minutes, the streets were still empty.

"It seems that I have become a frightened bird!"

Liu Feng confirmed that there was no one behind him and continued to rush.

Li Tian was familiar with the direction in which Liu Feng ran. It was exactly the direction of the dilapidated factory where Liu Feng was stationed when he was the commander of the army.

According to Liu Baoming's intelligence department, well, in fact, there is no need for the intelligence department to investigate.

At the end of the end of the world, most of the core cadres in the same process of wind and rain held positions of different levels in China. Although this dilapidated factory was circled as a cultural relic site, although a large amount of money was later invested in maintaining this factory, it still remained in the end. Without changing the factory's destiny, the factory would fail.

The factory is only guarded by a few veterans who are on the same route every day.

Because of the special relationship between this factory and Liu Feng, the Intelligence Department has also investigated the factory, but there seems to be nothing unusual in this factory except for a few sleepy veterans waiting to die.

But today, these veterans changed their sleepy looks, and their eyes were full of light. These veterans gathered at the front door of the factory today, whispering, as if they were waiting for someone.

Soon, a galloping figure appeared in their eyes.

The faces of these veterans showed excitement, and their bodies began to tremble slightly.

"coming!"

"Except on TV, I haven't seen a legionnaire for almost ten years!"

"We can have another fight with the corps leader!"

"But... we are all these old bones, we have to leave China and come back again..."

"What bullshit, don't you believe the legionnaire?"

A few dozen seconds later, Liu Feng appeared at the door of this dilapidated factory. He was surrounded by these veterans and walked into the factory.

"Are you all ready?" Liu Feng asked directly without greeting.

These veterans found that today's meeting seemed a little different from what they had imagined, but they also knew that the legion commander was now the most difficult period, so they didn't care.

"Ready!" said one of the veterans.

"Okay, take me there!" Liu Feng said impatiently.

These veterans surrounded Liu Feng and came to a dilapidated factory building. The factory building looked very dilapidated from the outside, but walking into the factory... well, it looks even more dilapidated inside the factory than outside. , But in one corner of this factory building, there was a command room that seemed to have been built for five or six years.

Several veterans looked around, surrounded Liu Feng, walked into the factory, and walked directly to this command room.

Walking into the command room, a few veterans pushed the command room's command platform aside, and a passage appeared under the command platform.

"A few old brothers, let me go with me! As long as we leave China, with my ability, we can definitely make a comeback!" Liu Feng said to several veterans.

"We are waiting for the words of the legion commander..." Three of the veterans expressed their willingness to follow Liu Feng on the spot.

Only one veteran hesitated for a while, thought for a few seconds, and said, "I am willing to follow the legion commander too, but...but I..."

"Lao Chai, your grandson is not your own. He is just your adopted grandson. Now he is an adult, and he has already got a good position under the care of the legion commander. What can you not bear? When you let us guard here, you should have such a day, so you should go with us!" Some of the other veterans said dissatisfiedly.

The veteran who was called Lao Chai thought for a few more seconds before nodding.

The faces of several other veterans immediately showed long-lost smiles, but they didn't notice a trace of killing intent flashing across Liu Feng's face.

"Several brothers, you go down first, and I and Lao Chai will break after!" Liu Feng said.

Several veterans did not doubt, got into the passage one after another, and kept walking down.

When the other veterans walked down for about a minute, Lao Chai wanted to walk down, but was stopped by Liu Feng.

"Old Chai, since you can't bear your grandson, you can stay!"

"Leader, I..."

"No need to say more, I know, you followed me before the end of the world, and I believe you will not betray me."

"Legion commander, if I have my next life, Lao Chai will still be the commander's soldier!" Lao Chai said excitedly.

Liu Feng nodded slightly, and suddenly he shot suddenly, reaching out to pinch Lao Chai's neck, and easily snapped Lao Chai's neck.

"Lao Chai, don't wait for the next life." Liu Feng slowly laid down Lao Chai's body, a fierce flash in his eyes said: "It's not that I don't believe you, now I don't even trust myself!"

After speaking, Liu Feng looked around again before he got into the passage.

About a minute later, Li Tian's figure appeared on the side of the passage, and then Liu Baoming was brought out of the space by Li Tian.

"Liu Baoming, do you know where this passage leads to?"

When Liu Baoming saw this passage, his face was pale, and he said, "This...this is my negligence of duty. I will ask Master Li Tian to punish you!...What should we do now? Let's chase after him, or Liu Feng will run away! "

Fluttering, the mutant crow and Feitian Yasha flew in from outside and landed on Li Tian's shoulder.

Now Liu Feng is still diving into the ground, and their surveillance mission has been completed.

Jixing Yasha was summoned by Li Tian from the space, without Li Tian speaking much, Jixing Yasha went straight into the ground.

Seeing these Yasha and mutant crows, Liu Baoming's face was full of surprise and doubt.

"You don't know where this passage leads, but I know, I really didn't expect Liu Feng to have left behind. It's no wonder that you can't find out his deployment in Jingnan District, but...huh, it's a pity Liu Feng, he met me, Li Tian, he can't escape!" Li Tian said with a sneer.

Chapter 4354: : Bright fireworks (1)

Wolf Mountain.

Li Tian teleported to the top of Wolf Mountain.

There is a villa on Langshan Mountain, which once belonged to Duanmuying, but when Duanmuying left China, the villa became Lanlin's private property. Now Lanlin is dead in Liu Feng's hands, and Li Tian has no interest in going to the villa again.

Below the mountain, this is the resident of the Sakura Legion in the last days.

During the Civil War of the Ten Legions, the Sakura Legion suffered heavy losses, but later the Sakura Legion fell into disrepair.

Standing on the top of the mountain, Li Tian brought Liu Baoming out of space again.

"This is Wolf Mountain. It used to be the resident of the Sakura Legion. How much do you know about the situation here?" Li Tian asked.

Liu Baoming didn't think much, and said, "After the end of the world, the Chinese Legion made some adjustments to the Sakura Legion, and the Sakura Legion changed from a combat legion to a reserve legion."

The so-called back legion is equivalent to the reserve, so the status of the Sakura Legion will definitely drop a lot.

Li Tian knew that if Duanmuying was still the commander of the army, she would not agree to such an adjustment.

But at that time, the commander of the Sakura Legion had become a blue forest. Based on the nature of the blue forest, Li Tian could also guess that the blue forest could only be silently accepted.

"After Liu Feng gradually took control of China, due to the relationship between Liu Feng and Lanlin, China made some adjustments to the Sakura Legion, and the resident Langshan of the Sakura Legion became a secret military area."

"In the first few years, the investment in the Army of Sakura alone accounted for about 10% of China's military expenditure, but in the following years, the military expenditures on the Army of Sakura decreased year by year."

"Ten percent? So much?" Li Tian asked in shock.

We must know that China's annual military expenditure is basically around one trillion yuan. If calculated by 10%, the military expenditure spent on the Army of Sakura this year is probably close to 100 billion yuan.

What concept is this.

Liu Baoming nodded and said, "Ten percent is one year. At that time, because of the need to update all the armaments of the China Army Corps, it was passed smoothly at the Presbyterian Conference. The other years basically maintained at 2%. three!"

"Two or three percent is tens of billions! If I'm not wrong, a lot of these military expenditures may have fallen into Liu Feng's pocket, otherwise Liu Feng's Yu Dang would not be able to invite it this time. What a ghost!" Li Tian said.

Just as Li Tian guessed.

Although Liu Feng was in charge of China, he had never felt safe in his heart.

This guy takes the name of China's remedy for the Sakura Legion, allowing the Sakura Legion to return to the sequence of the Sakura Legion, and to reform the Sakura Legion. To a certain extent, the Sakura Legion is already regarded as Liu Feng's private property. Legion.

And it was during this period that, according to Liu Feng's arrangement, a secret passage was secretly built underground in the headquarters of Langshan and Fengyutongcheng.

This is an arched passage with a height and width of more than 20 meters, and a length of more than ten kilometers.

In fact, it is not very accurate to describe this place by re-passing it. It should be a huge arsenal.

Here are China's most advanced tanks, here are China's most advanced fighters, as well as various missiles, and even intercontinental missiles. Who knows that there is such a large arsenal in the underground area of Jingnan District.

However, because the Sakura Legion has been under the direct leadership of Lan Lin and Liu Feng, outsiders don't know it.

Liu Baoming suddenly realized something, and said in horror: "Damn it, why did we forget this..."

"Don't panic, I have already said it just now, all of this is under my control!"

After Little Lady and Kobe took control of China, they did not announce that Liu Feng was under control, so they could not rush to check the Sakura Legion, and they could only let Lan Lin and Liu Feng's remaining party continue to control the Sakura Legion. However, the time for the army leader Mu to return to China is still short, and he has not had time to fully control and eliminate the Huaxia military headquarters.

However, today is the best opportunity.

"I understand!" Liu Baoming showed a smile on his face.

...

Entering the arsenal, Liu Feng's hanging heart just landed.

Fengyutongcheng's headquarters is just a cover, and the Sakura Legion is the most important part of Liu Feng's plan.

What Liu Feng was waiting for was this time point. Once the meeting of the heads of state of the Hundred Nations ended, Mu Yunlong would not be able to sit back and watch the Sakura Legion.

Once Mu Yunlong began to check the Army of Sakura, it was almost impossible for Liu Feng to escape from China.

Liu Feng looked at the equipment in this arsenal with a satisfied smile on his face.

The fighters here are all filed in the large military system library of the China Military Department. Even if Liu Feng drives the fighter here over the city of Kyoto, no one will doubt that it will be Liu Feng.

"Legion commander, where's Old Chai? Didn't he say he wants to follow us? Why didn't he come down?" several veterans asked.

Liu Feng put on a regretful expression on his face and said, "Lao Chai sacrificed himself to take justice and decided to stay to cover our departure! I tried to persuade him again and again, but Lao Chai is still obliged to look back. Hey, how can I, Liu Feng, how can I let so many brothers contribute to me, it is really fortunate for me to have a brother like Lao Chai!"

Several other veterans were also embarrassed.

"In that case, let's hurry up. The sooner we leave Huaxia, the safer it will be for Lao Chai and others who stay in China," said one of the veterans.

"That's right! Before the legion commander came, I had communicated with a deputy commander of the Sakura Legion. This side has already prepared for us. This time, because of the importance of the matter, we did not woo us for safety reasons. People, apart from the deputy commander, there are only eight important cadres of the Sakura Legion willing to follow us." Another veteran said.

"Okay, hurry up!"

...

In Wolf Mountain, the military airport where the Army of Sakura is stationed, there are parked several state-of-the-art fighters produced by China and a C5 Galaxy transport plane.

The soldiers of the Sakura Legion were using machinery to transport boxes of cargo onto the transport plane. Dozens of men, women, and children with uneasy expressions on their faces followed several important officials of the Sakura Legion to board the transport plane.

A child seemed to know that he was about to leave China, so he cried. The father of the important cadre of the Sakura Legion next to him slapped his face with a slap, and the child immediately stopped crying.

Liu Feng's eyebrows twitched slightly, but he did not attack.

Now, Liu Feng is still a little moved in his heart if he is willing to follow him.

"Legislative Commander, I have contacted a small country affiliated with South Africa. We will land in that small country in the name of a military visit. As for later..."

"You did a good job, let's hurry up and board the plane!" Liu Feng said.

Chapter 4355: : Bright fireworks (2)

The transport plane took off first, followed by a few fighter planes. ,

Liu Feng was afraid of death. He wanted to leave China at the fastest speed, so he must be sitting on a fighter jet.

This Huaxia fighter represents the highest water of China. The two-seater cockpit allows Liu Feng to leave China's airspace at the fastest speed.

Although the combat radius and kinetic energy of the latest fighter aircraft are very strong, it is obviously impossible to fly to a small country in South Africa by fighter aircraft.

But this is not the point. The point is that Liu Feng's remnants arranged an aircraft carrier as a response in a certain area of the Pacific Ocean. As long as the fighter plane landed on the aircraft carrier, they would be truly safe.

The transport plane took off, and several fighter planes roared into the sky.

On the transport plane, there was no joy on the face of the deputy commander of the Sakura Legion.

In fact, he values his current position very much. Although in the real Huaxia, his position is not very prominent, but because he controls the real power, his status, rights, and wealth are also prominent.

It's a pity that he also knows the truth of the tree falling and the hunger scattered.

Liu Feng and Lan Lin lost in China. If he wanted to stay in China, the only thing waiting for him was jail. Therefore, when Liu Feng's Yu Dang found him, he decided to escape with Liu Feng without hesitation.

On this transport plane, except for a few important officials and their family members, all the other goods were loaded with gold, China Cash Currency, and some other precious jewels. The money is conservatively estimated to be 20 to 30 billion.

As mentioned earlier, China's current currency has a maximum face value of 500 yuan. The weight of China's currency for 500 million people is approximately 1.15 tons, and its volume is approximately 1.55 meters in length, 0.77 meters in width, and 1 meter in height. The maximum

volume of the c5 Galaxy is more than 980 cubic meters and the maximum load is 129 tons, so there is no challenge for the c5 transport to transport tens of billions of dollars!

This money is enough to allow anyone to live a rich and luxurious life in any country in the world.

Thinking of this, the deputy commander's face showed a trace of joy again. He stood up and came to the cadres who were willing to follow him out. He talked to these cadres in a low voice, using the way of painting cakes. Promises a bright future.

At this moment, there was a cry of exclamation from these family members.

"What's the matter? I don't know if people can scare people to death?" the deputy commander said dissatisfiedly.

But when he turned around and saw this transport plane, he didn't know when there were two more men.

One of them is Li Tian, and the other is naturally Liu Baoming.

When Li Tian knew that Liu Feng and the others were about to board the plane, Li Tian retracted the Dixing Yasha, and then appeared on the transport plane with a teleport.

"Li...Li Tian..."

This deputy commander was just a core cadre of the Sakura Army ten years ago. Ten years ago, he had seen Li Tian's bravery and he naturally knew Li Tian. Now that he sees Li Tian, the deputy commander is like It was as if all of his energy was taken out in an instant, and he suddenly knelt down before Li Tian weakly.

Hearing this name, several other important cadres of the Sakura Legion stood stunned, and a few seconds later they also fell softly to the ground.

It is possible that other legions may not know Li Tian's strength, but this is the Sakura Legion. Li Tian is the man of Duanmu Ying, the commander of the Sakura Legion. If they don't know Li Tian's strength , It's really unreasonable.

"Big... Your lord... Our family is innocent, please forgive them..." The deputy commander knew Li Tian's methods. It was impossible for them to survive. Now, he can only hope that Li Tian can forgive his family.

The family of the deputy army commander and several important cadres suddenly burst into tears when they saw this situation.

Li Tian couldn't help frowning slightly, and said to the deputy commander: "You get up first. The main reason is that you are willing to redeem your merits. I can forgive your family. As for you..."

"My lord, I am willing to atone for my function. I only ask forgiveness for my family. I know that I am deeply guilty, but I want to die!" The deputy commander, who was also a man, stood up and said, "Liu Feng has infiltrated the Sakura Army seriously in recent years. Now the Ten of the Sakura Legion has something to do with Liu Feng more or less, but this time they fled in a hurry, these people have not yet received any news.

"I can guess these things. I want to know where Liu Feng wants to escape? If I tell you that Lan Lin has died in Liu Feng's hands, then I believe you will not play with me for the safety of your family. Fancy it!"

Hearing the news of Lan Lin's death, the deputy commander did not feel surprised. When he saw that Liu Feng was not with Lan Lin, he had already guessed that this would be the result.

The deputy commander paused, and then said: "Don't worry, Li Tian, I will never make fun of the lives of my family. Our destination this time is a small country affiliated to one of the five largest countries in South Africa. But we are going to this small country. Before, we would land in a certain area of the Pacific Ocean, and there are already prepared aircraft carriers in that area!"

"Tell me the specific latitude and longitude!" Li Tian said.

The commander of the army immediately asked his subordinates to take out a chart of the waters near China, pointing to a certain area of the chart, and accurately saying the latitude and longitude.

Li Tian nodded slightly, and said to Liu Baoming, "I'll leave it to you here. Let's take them back to the voyage!"

Liu Baoming immediately showed a trace of anxiety and said: "Brother Tian, or...or I'll go with you!"

This cargo knows the strength of the deputy commanders and important cadres of the Sakura Legion, and he dare not rush to stay on the transport plane.

"Don't worry, they won't make fun of their family!" Li Tian summoned Void Yasha and Feitian Yasha from the space, and told these two Xiaoyasha to follow Liu Baoming and said to him.

Li Tian turned to the deputy commander and said, "I promised your family's safety. As for you, I suggest you go directly to Kyoto City to find Duanmu Ying and see what Duanmu Ying will do with you in the end!"

After that, Li Tian did not hesitate to collect the two to three billion dollars of currency and gold on the transport plane into his space.

Money is something outside the body, but money is never a bad thing.

Seeing Li Tian's small movements, Liu Baoming's eyelids jumped involuntarily. This is the property of China, so it was owned by Li Tian.

"Hey, these are my hard work! Okay, I'm leaving. If nothing else, you can see the bright fireworks over the Pacific Ocean tonight!" Li Tian said with a smile.

Chapter 4356: : Bright fireworks (3)

The Pacific Ocean, a certain sea area.

The darkness has already covered the sea area. The only highlight of this sea area is the aircraft carrier formation on the surface of the sea. At this time, the sea water is like a monster with teeth and claws, and the waves are constantly beating against aircraft carriers, frigates and other hulls.

This is an aircraft carrier that once belonged to the United States. The specific name has not been verified, but now the flag of China is hung on the aircraft carrier. The entire aircraft carrier is symbolically decorated with some simple appearances and painted with the logo of China. Then this aircraft carrier belongs to China.

Li Tian stood on the splint of the aircraft carrier, looking up at the sky forty-five degrees.

Tonight is sunny and the sky is shining with stars.

On this sea surface, the telephone has lost its function, and only use the satellite communication equipment of the aircraft carrier to contact Nenghuaxia.

The entire aircraft carrier has been controlled by the Seven Gourd Brothers, including Li Tian, and it will not be long before China will send another aircraft carrier formation to this sea area to take over the aircraft carrier.

Now, everything is ready, only the east wind, and only waiting for Liu Feng's fighter plane to arrive.

Seven or eight high-definition cameras are aimed at the sky, and it is the beauty reporter Sun Yaqi who interviewed Li Tian in Jinghai and his partner photographer who were responsible for the on-site interview and shooting.

Her photographer partner also rose with Sun Yaqi, and now he is in charge of an entire photography team.

Li Tian can easily appear anywhere on the earth using teleport, so he deliberately brought Sun Yaqi and his cameraman partner from the TV station in Kyoto to the aircraft carrier.

Yaqi Sun naturally knows that this is an important news value. After this news is broadcast, her position on China TV Station will be stronger.

Sun Yaqi's heart is still full of excitement and excitement. She even wondered, why did Li Tian hand over such important news to her? Does Li Tian have ideas for her?

Of course, Sun Yaqi is not the only one who has such thoughts. The aunts who went to the head of the China TV station to clean the toilets suspect that Yaqi Sun and Li Tian should have some kind of ulterior relationship, otherwise Li Tian would not take care of Sun Yaqi like this. .

Sun Yaqi did not explain or stop this kind of rumors. She knew that for a woman like her without any background, this kind of rumors was the greatest protection for her. Once this kind of rumors proved to be rumors, then she would be on China TV. The position may not be so reliable, and even some bigwigs in China will covet him.

Therefore, deep down in Sun Yaqi's heart, not only does she not dislike these rumors, she also hopes that these rumors can become reality.

That was Li Tian. It is an insult to Li Tian to describe Li Tian as an ordinary tall, rich and handsome. Being able to become a woman next to Li Tian, even if she is an anonymous woman, is something many people dream of.

After communicating with his partner about the matters Sun Yaqi will pay attention to, she quietly came to Li Tian.

"Thank you, thank you for giving me such an important news." Sun Yaqi said.

Li Tian smiled slightly.

"You are polite, I don't know many people on the TV station, it's the same for everyone!"

"If it hadn't been for when I met you in Jinghai, I might still be a reporter stationed abroad. It's impossible to be the host of China's most important news program. So, you are my noble person. How should I thank you?" Sun Yaqi said.

"It's thanks to me to shoot this news well! Oh, yes, it's best to make me look handsome. If there is a commentary, remember to say a few words." Li Tian said.

"This is my job."

"Or please give me a chance to express my gratitude! Would you like to have dinner or watch a movie? How about you propose, no matter what kind of proposal you have, I...I can satisfy you!"

After a pause, Sun Yaqi added: "I really meant it!"

Sun Yaqi was very direct. She deliberately flicked her long hair, let the sea breeze blow her hair, and then gently bit her ***** lips with her teeth.

Li Tian glanced at Sun Yaqi. The night Sun Yaqi seemed to be a volcano about to erupt, with a kind of exuding all over his body.

Sun Yaqi is already pretty good, especially after becoming a hot show host on China TV, she is a bit more confident, temperament and charming than when Li Tian first met her in Jinghai.

Of course Li Tian knew that it was Sun Yaqi who was suggesting something to him. If Li Tian wanted to, Li Tian could eat her now.

It's a pity that Li Tian doesn't have much interest in this kind of automatically posted women. Besides, a few days ago, Li Tian was completely afraid of that kind of thing by Liu Jimeng and Ye Meijing. At least for the time being, Li Tian will not have any Such thoughts.

"Then you will watch the fireworks with me later! When I return to Kyoto City, I will introduce you to someone!" Li Tian said.

There was a trace of excitement on Sun Yaqi's face.

Is watching fireworks a romantic thing for lovers to do together?

"The starry sky tonight is so beautiful!" Sun Yaqi walked into Li Tian again, and said softly.

"It will be more beautiful when the fireworks bloom after a while!" Li Tian said.

At this time, Venerable Dongshan suddenly teleported to appear beside Li Tian, and said to Li Tian, "Master Li Tian, they are here!"

Venerable Dongshan was teleported out of the aircraft carrier's control room. The fighter plane that Liu Feng and others were driving and riding in has already contacted the aircraft carrier. According to the radar display, within a minute, Liu Feng's fighter plane could fly over the aircraft carrier. !

"Are you ready? If you are ready, then prepare to watch the performance of the earth world!" Li Tian asked.

Sun Yaqi also quickly returned to work. Although Li Tian invited her to watch the fireworks together, she also knew the real purpose of her coming here.

...

Four fighters roared in the direction of the aircraft carrier formation from a distance.

The fighter plane was declining, and Liu Feng's face on the fighter plane showed a triumphant expression of joy.

"Finally escaped! Hahaha, Li Tian, Mu Yunlong, Little Lady, let's wait and see! As long as Li Tianyi leaves the earth world, then I will use the most brutal means to deal with you, Liu Feng!" Liu Feng thought With.

However, at this moment, Liu Feng suddenly saw dozens of missiles fired at the same time from the frigate beside the aircraft carrier in the distance.

Whoosh!

Whoosh!

Whoosh!

The flame at the tail of the missile illuminates the entire night sky, and Liu Feng's pupils are involuntarily large.

At this moment, Liu Feng thought about countless possibilities, and finally all turned into unwilling roars.

"Do not!"

In an instant, each fighter plane was hit by at least four or five missiles. The fighter planes exploded in the night sky with the missiles, and the fighter planes disintegrated and fell apart, like bright fireworks.

Chapter 4357: : Forced to marry

At 5 o'clock in the afternoon, at a press conference organized by the China Ministry of Foreign Affairs, the Ministry of Propaganda and other departments, the spokesperson announced that Liu Feng had fled abroad.

At 6 o'clock in the evening, the high-level lady of China urgently summoned the ambassadors of the United States, Russia and other countries to China, and expressed great concern and strong condemnation for the secret funding of Liu Feng by the United States and Russia.

At 7 o'clock in the evening, China TV made a comprehensive disclosure of Liu Feng's treasonous escape, including interviews with ghosts who have already been controlled such as the United States and Russia. The media pointed their fingers at the United States and other countries.

At 8 o'clock in the evening, after the banquet hosted by China for foreign heads of state, the President of the United States, the President of Russia, and Mr. Mu Yunlong had a brief meeting again, and no one knew the details of the meeting.

At 9 o'clock in the evening, Huaxia TV broadcasted a top-secret footage, claiming that the fighter plane Liu Feng was flying from abroad had strayed into the military exercise area of the Huaxia Military Department. The plane crashed and the Huaxia Military Department was conducting economic search and rescue.

...

The search and rescue scenes on TV. Of course, these TV scenes are shown for outsiders.

The fighter plane was destroyed by a special missile, and Liu Feng and others might have survived.

The wreckage of the fighter plane and Liu Feng's limbs and broken arms were eventually salvaged.

Li Tian was lying on the sofa tasting red wine.

After the problems of Liu Feng, Lan Lin and others were resolved, China had already launched a campaign to eliminate Liu Feng and Yu's party overnight. Not surprisingly, when the sun rises tomorrow, China's military will be completely in Mu Yunlong's hands again.

Just now the old man took the time out of his busy schedule to call Li Tian himself, and Li Tian could tell that he was in a particularly good mood.

"Xiao Litian, in the past few decades, I have never been so happy as today. You haven't seen the appearance of the presidents of the United States and Russia, hahaha, they also have today, and our Huaxia is finally proud of it. "

This time, Li Tian and others borrowed the collusion between Liu Feng and the foreign ghosts, and severely shamed the countries behind these ghosts once. These countries have given aside their relationship with these ghosts and powerhouses, proving that they have absolutely nothing to China. Peeping means making concessions and sacrifices to varying degrees.

Huaxia's profit from this incident can effectively make up for the lagging development of Huaxia since Liu Feng took over.

...

Three days later, all things settled, and Liu Feng and others completely withdrew from the stage of history.

Yin Yang returned after escaping.

Li Tian did not kill Yin Yang, let Yin Yang return to Tianmen with the barbarian, Huangfu Kunpeng and the old man Wuji. Yin Yang will be tied to the Tianmen in the second half of his life and become the nominal worship of Tianmen.

The Sakura Legion returned to Duanmu Sakura's control. Duanmu Sakura carried out a major cleansing of the Sakura Legion. Some senior officials of the Sakura Legion were beheaded by Duanmu Sakura's iron-blooded wrists, and some were reduced to prisoners. More Others were demoted and restricted their freedom of life to stay in office.

During this period, the most meaningful thing Li Tian did was to go to the United States and gradually turn the money from the bank card of the ghost guy Corey and others into Li Tian's own money. The queen accompanied Liu Jimeng and Ye Meijing to sweep. Shopping malls in major cities in the United States, Western Europe, and China.

Li Tian also came to spend a life of money like the earth. In just three days, Li Tian spent hundreds of millions of meters of knives. This shows that Li Tian definitely has the potential to become a god-level prodigal.

During this period, Li Tian also did another interesting thing, that is, Li Tian introduced Sun Yaqi to Liu Baoqiang.

After Sun Yaqi and Liu Baoming were alone with each other, Sun Yaqi did not know what the purpose was. She told Liu Baoming that she used to be Li Tian's woman. If Liu Baoming could accept this reality, she would continue to get along with Liu Baoming, if Liu Baoming could not. If you accept, then there is no need to continue and waste everyone's time.

After Liu Baoqiang heard this, he felt that he was greatly insulted. He even thought that Sun Yaqi was the pot that Li Tian threw to him, and wanted him to be his father.

Although Liu Baoming coveted Sun Yaqi's beauty and liked Sun Yaqi, he did not dare to attack Tian Ge's woman, nor could he calmly face the place where Tian Ge had fought.

After Liu Baoming hid in the bathroom and smoked a pack of cigarettes, he politely refused Sun Yaqi.

The affairs of Liu Baoming and Sun Yaqi are also gone.

...

A few days later, Huaxia gradually entered the right track. The little lady and the cadres of the former Army Soul Legion and Celestial Legion gradually took up important positions in China. Mu Yunlong gradually got free. He decided to hold a family banquet in Kyoto City.

Only Mu Yunlong's family participated in the banquet. Li Tian, who was a woman, had seven people, plus two children. The scale of the banquet was not large, but not small.

After eating and drinking, Li Tian once again offered the invitation to the Netherworld to the old man, Duanmuying, Ouyang Shiqing, and Bai Jing, but this time Li Tian's invitation was rejected again.

The old man Mu Yunlong has a deep affection for Huaxia, he is unwilling to leave Huaxia, and Duanmuying can now be said to have embarked on the pinnacle of life's career, she is not willing to follow Li Tian to the Netherworld to start again.

Duanmuying and Bai Jing knew that the current Li Tianxiu was strong and his lifespan had been greatly improved, so they even hoped that Li Tian could stay and accompany the old man to grow old and grow up with Li Bai and Li Mu.

Knowing the universal lifespan of people in the earth world, Liu Jimeng and Ye Meijing both agreed that Li Tian would stay.

Compared with the five hundred years of boring practice on the battlefield of death, they prefer the life of the earth world, especially when they go out with Li Tian's money and identity to pretend to be slapped in the face.

Li Tian could only temporarily give up the idea of leaving with Duanmuying and others.

"Little Li Tian, Li Mu and Li Bai are already this old, but you and these girls are still unfair. Old man, I haven't drunk your wedding wine. Hurry up and get things done. The child is blinded by you."

Although Mu Yunlong is not a conservative, he still strongly condemned Li Tian's behavior of not buying tickets on the bus, and in an unquestionable tone, he ordered Li Tian to get married as soon as possible.

After the old man Mu Yunlong said this sentence, Li Tian saw Qishuang beautiful eyes staring at him, the eyes were hot, as if if Li Tian dared to say half a word, they would make Li Tiansheng worse than dead.

"Okay, okay! The two of us are going to be flower girls!" Li Mu and Li Bai said excitedly.

Li Tian knew he had to obey if he didn't.

As for China's marriage laws, this simply cannot restrain a god-like powerhouse like Li Tian.

Before the end of the world, some bigwigs of China, although they were carrying out monogamy in name, their number of women could almost form a strengthened company.

"Don't you want to?" Mr. Mu Yunlong frowned and asked.

"Grandpa, I am willing! As a man, I should give them a name, but I want to go to Jinghai first!" Li Tian said.

Chapter 4358: : Hong Zhan is gone

Li Tian came to Jinghai alone!

Jinghai City, the most prosperous Pudong, where Li Tian's woman Tang Feifei is buried.

Father Mu forced the marriage. Li Tian wanted to share his happy life in the earth world with Tang Feifei. Of course, Li Tian also wanted to move Tang Feifei's tomb from the center of Jinghai.

In front of Tang Feifei's tomb, Li Tianlai saw that the destroyed tomb has been restored to its original appearance, and several rows of tall trees were planted around Tang Feifei's tomb, and the tomb was separated from the park outside with iron fences.

This is a dry dog nose.

Li Tian didn't bring any sacrifices. He sat in front of Tang Feifei's grave, sitting on the ground, burning a few cigarettes and sticking them in the soil.

"Feifei, I'm getting married..." Li Tian said.

Li Tian's gaze fell on the cigarette, watching the white smoke rising from the cigarette, but he didn't know how to continue speaking, and he kept repeating this scene of encountering Tang Feifei in his mind.

After a long time, only the **** of the cigarette burned out, and Li Tian came back to his senses.

Before he knew it, Li Tian was already in tears.

Even on the ding side of the world, Li Tian owes Tang Feifei, Xia Xue, and Han Yun a wedding.

The dead are gone, the living are like this.

Now that Li Tian is about to get married, Li Tian should come to pay homage to Tang Feifei.

It is a pity that Xia Xue and Han Yun Li Tian never found them after the end of the world, and even a burial mound could not be built for them.

"Feifei, I'm getting married..." Li Tian repeated.

After a pause, Li Tian continued: "Feifei, I have two children now. The eldest son looks like me and is called Li Mu. He is the child of Duanmuying and I. The second son looks like Bai Jing and is called Li Bai. He is the child of Bai Jing and me."

When he said this, a sweet smile appeared on the corner of Li Tian's mouth, and he hoped that Tang Feifei could feel his happiness.

If there were no end times, when Li Tian returned to the earth world, there would be no subsequent stories.

Just like Li Tian thought when he first returned to the earth world, Li Tian was also tired of practicing and fighting.

Li Tian just wanted to make money, become a rich man, and then lead the women he used to live like a paradise.

But this is the world not so much if.

Li Tian now has other missions in his body, and he will not stay in the earth world for long.

"Feifei, I want to leave the earth world and go to the underworld, but they don't want to follow me. If you are there, you will definitely be on my side."

"After I left the earth world, I don't know when and how long it will be to come back. Before I leave, I want to take you to Tianshan! Heaven is burying my father, my brother and my relatives, and Tianshan still has The Tianmen guards you, and no one will dare to destroy your graves, and you will never be lonely anymore!" Li Tian said.

"Feifei, follow me..., I'm taking you with myself..."

Li Tian summoned to go out of Jixing Yasha, and Jixing Yasha used earth escape technique to take Li Tian into the ground.

In ten years, Tang Feifei has become withered bones,

But what can this be?

With the help of Dixing Yasha, Li Tian came to Tang Feifei's dry bone and reached out to hold Tang Feifei's dry bone.

"You have lost weight..." Li Tian said.

Dixing Yasha really wanted to slap Li Tian's face.

Shameless?

Shameless?

You don't even let go of the dead body when you see people and talk nonsense.

Your sister, do you think you can plant Don Feifei in the field in spring, and you can harvest plump Don Feifei in autumn?

"Don't think about it, I mean you have lost weight!" Li Tian said to Dixing Yasha with his mind.

Dixing Yasha's face blushed.

In the past ten years, the three small Yashas have absorbed a large amount of spiritual source cultivation. As a result, the dian meat on the three small Yashas has been cultivated into skin. The three small Yashas are now completely skinny and skinny. .

Although it can't be measured by the cultivation level of the Netherworld, Li Tian knew that the cultivation of these three Xiaoyashas had also improved a lot.

"Di Xing Yasha, where is my Hong Zhan? Why can't I feel the existence of Hong Zhan when I enter the underground?" Li Tian asked.

When Li Tian said so, Dixing Yasha suddenly realized that something was wrong.

His divine consciousness spread rapidly around his body, and quickly traveled to Yasha and found that there was no Red Slash in the underground.

Dixing Yasha felt the land here, and she was sure that the land here remained the same as it was ten years ago, that is to say, Hong Zhan could not be taken away by the people of the earth world!

Di Xing Yasha suddenly discovered that even the corpse of the corpse was missing.

"Could it be... Could it be that Hong Zhan disappeared with the corpse?" There was a bad premonition in Dixing Yasha's heart suddenly.

"Master Li Tian, Hong Zhan is gone, and the corpse of the corpse is also gone, it is possible...it is possible that the corpse did not die, but escaped from here!" Dixing Yasha said.

Hum!

Li Tian only felt his head dizzy.

"Dixing, I want you to confirm it again!" Li Tian said.

"Master Li Tian, I'm sure that Hong Zhan and the corpse are gone!" Dixing Yasha said affirmatively.

At this moment Li Tian thought a lot in his mind.

The culprit who killed Tang Feifei escaped from death? And also took away Li Tian's Hong Zhan?

Li Tian felt an anger suffocating in his chest, this anger could not be vented, and Li Tian felt abnormally painful.

"The corpse must have escaped back to the Netherworld! It must be so!"

"No, I have to deal with the affairs of the earth world as soon as possible, go to the underworld, and grab the corpse into pieces!" Li Tian thought in his heart.

Li Tian suddenly thought of a question.

The corpse went to the underworld, then would the earth world be in danger?

"No, no matter whether the earth world is in danger or not, I have to prepare in advance!" Li Tian thought in his heart.

Dixing Yasha and Li Tian had the same mind, and immediately returned to the ground with the dry bones of Li Tian and Tang Feifei.

Li Tian sent Di Xing Yasha into the space of Void Yasha, and then teleported to the top of Tianshan Mountain, where he made an ice coffin with ice and snow, since that Tang Feifei was buried on the top of Tianshan Mountain.

After that, Li Tian teleported to the Tianmen again, and told the priests of the Tianmen and the barbarians who are currently in charge of the Tianmen about his discovery, so that they could seize the time to cultivate the vitality of the Tianmen and seize the time to cultivate.

Fortunately, after the reconstruction of Tianmen, two-dimensional, Li Dan, Huo Lantong, Xin Rui and others all returned to Tianmen. These guys are now adults in their twenties. Although they missed the best period of cultivation, they However, their foundation is much better than that of many children, and their cultivation is also considered to be at the level of uncle master in Tianmen.

Of course, Li Tian wouldn't be stingy, and immediately took out more than 20,000 spiritual sources to Tianmen.

After everything was arranged, Li Tian called Long Yin and told him about the disappearance of the corpse. Long Yin's reaction was calm, and he simply said: "Give me three days, I Arrange things here and go find you for a round!"

Later, Li Tian called Situ Ningbing again and asked her and Tang Xiaolong to go to Wangta Temple.

Chapter 4359: : Yuanjialuzhai (1)

Li Tian teleported to Beitang!

Beitang City is still the same Beitang. The difference is that the Celestial Legion brought hundreds of thousands of refugees from Donghai City to Beitang, making Beitang a rare big city in China before the end of the end times.

After the end of the apocalypse, because of the existence of the Ten Legions of the Celestial Realm and the Yin Yang Gate, Beitang has received strong support from China, and Beitang has become a mega city in China!

The city lord of Beitang, the current mayor of Beitang formally escorted refugees to the fire in Beitang with Li Tian!

The recent days of Agni Huo have been difficult. As the city lord of Beitang, Agni Huo performed quite well in Liu Feng or Mu Yunlong. He did not stand in line and still maintained his original intention of serving the people!

But since the end of the end times, Beitang has not been peaceful.

In the beginning, corpses were lost. In a large city like Beitang, people die every day for various reasons, but the corpses of these deceased people are lost inexplicably.

There are always so many corpses lost in ten days and a half months!

This caused Beitang to fall into a panic.

Agni immediately presided over the establishment of a joint investigation team to conduct a full investigation of the hospital where the corpse was lost, but the investigation continued for two years, and the case was still not solved!

Later, the number of corpses dropped gradually, but Beitang began to have some missing persons!

For a city as big as Beitang? For the city, the missing dozens of people every year is actually not a major event, but for ordinary people, any one lost is vital to them, and it is a serious damage to their families!

Only by living in peace can you work happily. Now that the safety of these residents is not guaranteed, how can we make them happy?

Popular grievances are high!

Agni could even feel the extreme distrust of Agni and the Chinese government in the air in Beitung. Whether people disappear before or after the end of the world, this kind of thing happens anywhere, but nowhere is Beitung as evil.

Rumors arose in Beitung for a time, and various superstition activities began to resurrect in Beitung, and the **** the people of Beitung believed in was not the gods in the Chinese legends before the end of the world, but Li Tian!

That's right, it was Li Tian, the greatest man in the world who once saved people from fire and water.

The missing persons incident intensified, and the fire set up an action team again under tremendous pressure to conduct a comprehensive investigation.

The investigation found that most of the missing persons were concentrated in the area near Wangta Temple. However, if they wanted to find out more details, the investigation team tried their best to find more results.

Agni Alexander, Agni was quite angry.

However, what the fire can do is to temporarily block Wangta Temple and dozens of kilometers around Wangta Temple as a restricted area, evacuate all personnel in the nearby area, and then strengthen patrols near Wangta Temple and explicitly prohibit it. No one can easily approach Wangta Temple.

As a result, the case of missing persons in Beitung has indeed been effectively controlled, and the number of missing persons has also dropped, but Agni Huo's heart has become increasingly uneasy.

As early as a month ago, Agni had sent a request to the Kyoto City Military Department, hoping that the Military Department could send core figures to assist Beitung in completing the investigation of the incident.

It is a pity that too many things have happened in China in the past month. Who can scrutinize the disappearance of a small population in Beitung?

...

"Tuk Tuk!"

Lihuo's assistant rapped on the door of the office.

Without waiting for Lihuo to speak, Assistant Lihuo couldn't wait to say: "My lord, the patrol from Wangta Temple just sent back a message, claiming that they found something suspicious near Wangta Temple."

"Suspicious person?"

"Yes, although one of the guys is wearing human costumes, the patrol officers can be sure that the guy is definitely not a human, and it looks like... it looks more like a savage! Sir, do you think this case of missing persons is related to this savage? What?"

"Nonsense, this is Beitung and not Shennongjia. How come there are savages showing up? Notify the patrol office, don't be horrified, and send two capable officers to stare at that...the savages,

immediately summon the core personnel of the special operations team, Follow me to Wangta Temple!"

...

"It's really strange. The city in Beitang is quite prosperous, but why is the Watchtower area so depressed? Especially when you enter the vicinity of Watchtower Temple, there is no one here. This Watchtower Temple was the most famous in Beitang before the end of the world Tourist attractions are now listed as restricted areas, which is really puzzling." Li Tian said puzzledly.

Situ Ningbing looked like water and said, "Xiaolong has already gone out to find out the news, and will be back soon. You will know when you ask."

While talking, Tang Xiaolong had already walked in from the main entrance of Wangta Temple, teleported to Li Tian and Situ Ningbing, and briefly told Li Tian and Situ Ningbing the news he had found.

"Especially in recent years, dozens or even hundreds of people are missing in this area every year. The raging fire in Beitang is also a waste. The reason can not be found out. The whole watchtower area was isolated because of choking." Tang Xiaolong was a little disdainful. Said.

"It's a pity that Beitang sent a large number of personnel to patrol this area, but it was fine during the day. At night, these patrol personnel will also disappear inexplicably! It seems that this area is really weird."

"Little boss, do you think it was a good thing the zombies did?" Tang Xiaolong asked.

Lost the body? Living people are missing?

Li Tian seemed to have imagined something suddenly, but this thought also flashed through his mind.

"Little boss, do you think there will be zombies in Beitang? Only zombies can do this, right?"

"Zombie? Do not rule out this possibility..."

Li Tian's words declined, but he suddenly wanted to understand.

"I'm afraid it's not a zombie, it's a corpse refiner! Do you still remember the two corpse refiners we met in the Qinling labyrinth? Refining corpses definitely requires a lot of corpses. In the last days, such corpses can be easily obtained. After the end of the apocalypse, the zombies disappear, and the corpse refiner can only focus on the corpse and the living!" Li Tian said.

"But, if the black-robed corpse refiner really did it, then why would he only steal the corpse in the first place, and then rob the living unscrupulously?" Xiaolong asked.

"At the beginning, the white-robed corpse refiner was killed by Li, and the black-robed corpse refiner escaped by chance. But in his heart, I am afraid that he has already developed a great fear of Li. In order to refine the corpse, he does not want to attract Li's attention. He is the best. The way is to steal the corpse. Later, it is estimated that the guy feels that the danger is relieved, and this will be so unscrupulous!" Situ Ningbing said.

I have to say that Situ Ningbing's analytical ability is absolutely top-notch, and a few sentences of random analysis can even analyze the truth.

"Huh, I met Li Tian, so the life span of his black-robed corpse refiner might still be at the end! Let's go to Wangtasi Underground Palace first, and when we come out from here, we will look for the fire! Li Tian is in charge!" Li Tian said.

Chapter 4360: Yuanjialuzhai (2)

Now Li Tian, Situ Ningbing, and Tang Xiaolong can use teleportation, so naturally there is no need to pass through the water well of Wangta Temple, pass through the underground water and then enter the underground palace.

Huh!

Huh!

Li Tian and the others teleported directly and appeared in the underground palace.

As soon as they arrived in the underground palace, a stinking smell came out, causing Li Tian and others to frown slightly.

"Little boss, look..." Tang Xiaolong pointed to the water surface of the underground palace with surprise on his face.

Needless to say, Tang Xiaolong, Li Tian had already seen the water surface of this underground palace. There was a layer of green oil floating on the water, and there were corpses everywhere in the water.

Many corpses have been soaked in water that are not human-like, and more corpses have become standing in the water in a strange posture, as if these corpses were daffodils planted in the water.

The clothes were ragged, the corpse was rotten, and some unknown insects crawled around on the corpse. The water surface of the underground underground palace was hell.

The dome of the underground palace facing the water still remains the same as it was more than ten years ago. The night pearl on the dome exudes a soft light, and the top of the dome has various forms of service lifelike fairy Buddha portraits.

The top of the head is a fairyland, then the surface of the water under your feet is hell.

"Did someone throw the corpse into this well after the end of the last days? Otherwise, there will be so many corpses here?" Tang Xiaolong asked.

Situ Ningbing's gaze slowly swept across the corpses on the surface of the water, shook his head and said, "I'm afraid not. You can see that these corpses are still completely decomposed. At least half of these corpses are from recent years. Looking at the costumes of the people on earth, the facial expressions of these dead corpses are full of fear and hideousness. I am afraid that these corpses have experienced some painful struggles before they die, so..."

"It's a black robe corpse refiner!" Li Tian said at the result of Situ Ningbing.

Ten years ago, in the Qinling Mountains, Li Tian and the others fought against two corpse refining priests in black and white robe. If it were not for the magical powers of the three Xiaoyachas, Li Tian and Tang Xiaolong would have to lose a layer of skin if they were not dead. .

It's just that Li Tian and others tried their best to kill the white-robed corpse refiner and let the black-robed corpse refiner escape. They did not expect that the white-robed corpse refiner would escape to the underground palace of the Buddha Pagoda in Wangta Temple. .

Yuanjia Road is narrow!

It's not that enemies don't meet together!

"Hey, I thought about going out from this underground palace and helping the fire to solve this matter, but I didn't expect us to run into it first!" Li Tian said with a smile.

The corpse in the water is no longer a true corpse in the strict sense.

These corpses have become zombies after being refined by the black-robed corpse refining priests. These zombies are not dangerous to Li Tian and others, but once these zombies enter the society of human life, let's not say how much it can cause humans. The damage, just experiencing the fear of zombies, will inevitably make the entire human society fall into panic again.

"Since you are dead, let me send you early to bliss!"

Huh!

Li Tian flipped it casually, and there was already an extra spear in his hand.

At this moment, Li Tian suddenly heard a slight footstep.

"Who is impatient to live, dare to enter Daoye's corpse refining forbidden ground!" The footsteps came from behind the stone gates of the heavens among the eight dragons, and the black robe corpse refining priest said in an impatient tone.

Li Tian and Situ Ningbing looked at each other, both of them had a sneer on their faces.

Although I haven't seen him in ten years, the voice of this black-robed corpse refiner is so familiar.

"Hey, little boss, let me take care of this corpse refining priest! We fought for the bad luck ten years ago, I must find it back at this place today!" Tang Xiaolong said.

"Good!" Li Tian said.

In less than a minute, the stone gates of the heavens were pushed away from the inside, and the person who came out from the inside was indeed a black-robed corpse refiner.

"Is it you?"

The black-robed corpse refiner couldn't help showing a horrified expression on the faces of Li Tian and others, but soon the horror on his face turned into a smug laugh.

"Jie Jie, there is a way to heaven, you don't go, ***** has no way to break in! You can really find death, and you dare to break into my corpse refining formation, this time I want all three of you to become my refining corpse material!"

The appearance of the black-robed corpse refiner did not seem to have changed much from that of ten years ago, but his eyes were a little bit colder. When he finished saying this, his mouth made a few sharp and strange noises. Then his claws slammed upwards.

Li Tian saw that the hundreds of corpses on the water surface seemed to be alive at this moment, slowly shaking, and as the corpses shook, the water surface began to surging.

Immediately afterwards, the hundreds of corpses opened their eyes almost at the same time. The eyeballs of these corpses all turned dark green, without a trace of light, and their limbs made a crackling sound like beans at this moment.

Immediately afterwards, these corpses began to slowly move through the water, thinking about Li Tian and others surrounding them.

The black-robed corpse refining priest laughed wildly and said: "Ten years ago, you destroyed the thousand-year cultivation practice of me and the white robe. I ran away with my tail between my tails, but I didn't expect me to find such an excellent holy place for corpse refining. The zombies I have cultivated are stronger than those I have cultivated over the past millennia! Today, you can enjoy the greetings of hundreds of zombies!"

As soon as the black robe corpse refiner said, Tang Xiaolong suddenly teleported.

Huh!

Tang Xiaolong appeared next to the black-robed corpse refiner instantly, and slammed a punch on the body of the black-robed corpse refiner.

boom!

The black robe corpse refiner took a blow from Tang Xiaolong, the muscles on his face were completely twisted together, full of painful expressions, and his body flew out like a kite with a broken wire.

boom!

The body of the black-robed corpse refiner hit the stone gate of the heavens, and the stone gate was instantly smashed into a pile of gravel. However, his body did not stop, and continued to fly in, continuously hitting the cave. On the stone wall, it finally flew nearly 100 meters and then stopped.

Dust was flying, gravel splattered everywhere, the black robe on the black robe corpse-refining priest was torn apart by Tang Xiaolong's punch, and torn by friction, the black robe had become a piece of cloth.

The black-robed corpse refiner wanted to get up from the ground, but he felt that at least seven or eight bones in his body had been broken. After trying several times, he slowly stood up.

Even if he stood up, the black-robed corpse refiner was faltering, completely losing the confidence and courage to continue fighting.

"This...Is this an illusion? It's just that I haven't seen it for ten years. How can this black monkey become so cruel?" The black robe corpse refiner thought.

Huh!

Tang Xiaolong teleported in front of him again.

"Ten-fold refining and tenth-fold! Break!"

Following Tang Xiaolong's pretended roar, his iron fist hit the black robe corpse refiner again!
