

A Killer 44

Chapter 44: caught

After Tang Zheng hung up the phone, Xiao Zhou, who was standing one meter behind him, walked up slowly, as if his heart was eloquent.

"Xiao Zhou, go to the company and have a look. I heard that there are a few short-eyed ***** who are beating the company's security guards." Tang Zheng said.

Standing there, Xiao Zhou nodded.

"Okay, I will deal with it immediately." Xiao Zhou said.

Tang Zheng didn't speak any more, picked up the book next to him and continued reading.

However, Xiao Zhou had already taken vigorous steps and walked quickly outside.

On the square outside Tang's Enterprise Company, the beating was still taking place at the moment.

At this moment, Li Tian's face was already covered with blood, and the corner of his eyes was also a little red and swollen, obviously he was beaten.

Not to mention Yu Dahai and Xiao Zhao, the two fell to the ground and couldn't get up.

More than a dozen gangsters over there are all around Li Tian punching and kicking at the moment.

Li Tian was mad, clenching his teeth, his blood-red eyes facing them, every time he caught one, he would beat him to death, no, a ***** he accidentally grasped was accumulated in Li Tian's body The huge energy that came out, flew out with a punch.

The terrifying force kept the ***** crawling on the ground and unable to stand up. It is estimated that at least he would have to lie in a hospital bed for ten and a half days.

Although there are a large number of gangsters here, facing this desperate Li Tian, they are also a little scared. There are a few gangsters who are afraid of causing death, so they dare not go back.

Where's the bear? A slam kick hit Li Tian's chest, Li Tian was kicked lying on the ground, bleeding from his mouth.

"Boy, if you don't want to die, just kowtow twice in front of me, and I will spare you." Xiong Zi said rampantly.

Standing in front of Li Tian like a giant, the gangsters behind him all looked at Li Tian.

Li Tian's right hand was bleeding, and his left hand was supporting the ground. The top of his light blue security uniform had also been torn apart, and it was still stained with blood.

It was difficult to get up from the ground little by little.

Xiong Zidang saw this guy who had been slapped with him several times, and he stood up again. He couldn't help being surprised and angry.

"I let you do it..." Xiong Zi started this time to destroy Li Tian.

The arched Xiongzi, like an angry bear, leaped towards Li Tian like an arrow. Two burly hands, one left and the right, grabbed Li Tian's arms.

Where is Li Tian? Is it really going to be abandoned by Xiongzi here?

With Xiongzi's slamming blow, Li Tian unexpectedly dodged the past. His speed was not fast. Perhaps it was Xiongzi's carelessness, or Li Tian's luck was good, but Li Tian flashed anyway. Coming over, and at the same time, Li Tian's right fist suddenly accumulated all the vitality in his whole body. For the first time, all the vitality accumulated by him was firmly controlled by him, and concentrated on the entire right fist.

The punch hit Xiongzi's left rib.

When his fist touched that Xiongzi's body, the ribs in Xiongzi's chest snapped off a few, and the whole person? But his face was extremely distorted, and the bear who was blown out with great energy fell to the ground like a cannonball.

With a bang, I can't get up again.

The surrounding gangsters looked dumbfounded at the Xiongzi that was shot out, one by one in a daze.

Gosh? The bear in the third stage of the Taekwondo black belt was beaten out and fell to the ground and couldn't get up.

What a horrible thing...

And these gangsters? One by one, he turned his head and looked at Li Tian. Li Tian, covered in blood, stood there like a ***** of war, clenching his trembling fists tightly and glaring at them.

7--8 thugs saw Xiongzi being knocked to the ground, so they did not dare to go.

One by one you look at me, I look at you, except for the expression of astonishment.

At this moment, suddenly the sound of the police car was galloping toward this side.

When the gangsters heard the sound of the police car, they panicked.

"Hurry up, here comes the slip."

He helped Li Tian's comrades who had been knocked down one by one on the ground, as well as the bear whose ribs had been broken several times, they quickly jumped into the car and left.

After the modified car, there was a hum from the engine, and a black smoke rose from the rear of the car, and then it hurriedly moved towards the distance.

In a blink of an eye, it disappeared without a trace.

The remaining Li Tian saw the ***** go away, and finally sat on the ground slumped, his body aches and the fiery and painful body he was beaten, making him miserable.

Touching the corner of his swollen mouth, Li Tian couldn't help but tremble.

"Xiao Zhao, Brother Yu, are you all right?"

Li Tian slowly turned his head to look at the two people lying on the ground and said.

Xiao Zhao stood up with a pale face, clutching his chest. It was even worse for Yu Dahai, his nose was still bleeding. He pinched it with his hands and the security uniform was rotten, and stood up from the ground.

"It's okay..." the two said difficultly.

The police car at the moment has already drove towards them.

"It's them."

A man's voice came over.

Quickly walked down from the police car. 5--6 uniformed policemen went up without saying anything. First they took out the cold handcuffs. During the depressed process of Li Tian, Xiao Zhao and Yu Dahai, all three of them Was put in cold handcuffs.

"take away!"

One of the men in his 30s said coldly.

"Hey, how do you catch us?"

"We are victims..." Xiao Zhao shouted there.

"Are you a victim in a street fight? Huh..." The 30-year-old policeman sneered, and then took Li Tian, Yu Dahai and Xiao Zhao into the police car without giving them a chance to speak. It was stuffed into a police car.

Got caught.

Li Tian was taken into the detention center in Kyoto for no reason.

——

When Xiao Zhou drove to the door of Tang's enterprise, Li Tian and the others had been taken away.

When the property manager who ran out of the company saw Xiao Zhou, he quickly told Xiao Zhou about the situation.

Xiao Zhou frowned slightly there.

"The dozen or so gangsters have all run away now, but now our company's three security guards have all been caught in the detention center. If our company does not protect them, it is estimated that some of these three people have suffered and they have to be fined." The property manager is a middle-aged man in his 40s. He used to be a security guard since he was a child. He used to be a humble identity and was bullied by others. Now he is promoted to the manager of the property, so he still has a good heart. They speak.
