

A Killer 4451

Chapter 4451: : Leo Cub (2)

Li Tianzhen wanted to pretend to say: "I didn't give up these two words in my dictionary!"

However, Li Tian also knows that pretending to be risky, when he does not have enough strength, pretending to be cautious!

Otherwise, it is just pretending to be unsuccessful and being fucked!

A golden-eyed blue lion that can grow into the ninth-level realm of the Venerable, Li Tian is full of reluctance in his heart, and can only nod his head.

"Well, keep the green mountain, I'm not afraid that there is no lion. Or now you take me to continue to find other lions? Even if you can't grow to the ninth level of the Venerable, the eighth level of the Venerable is OK!" Li Tian said.

Dim and soft white Li Tian gave a glance, and said, "Do you think the golden-eyed lion is a stray dog? How can you find it so easy! You must know that this golden-eyed lion will only be born for hundreds of years. A litter of cubs, if you really want it, then live in this dark forest for a few hundred years, and I will definitely find the cubs for you!"

Hundreds of years?

Ha ha!

After hundreds of years, the battlefield of death opens.

There will be millions of cultivators and venerables who will come out of the battlefield of death by then. Some of these people will inevitably know that Li Tian and Kang Erfu, Master Wuji, and Xuezhengxin are celebrating the festival. If anyone wants to please the great power behind these three masters, they will add fuel and jealousy. Bring the spear to Li Tian, and Li Tian will probably face the ninth-level mid-level strong Kanglubu, the strong emperor Wuji, and the strong landlord blood domain master.

At that time, even if Li Tian really got a golden-eyed green lion, at most it would be the ninth-level cultivation base of the Venerable, and it would be useless for Li Tian.

Expecting this, it is better to seize the time to practice.

"Since there is no chance, don't waste time here, let's go!" Li Tian whispered.

Although Youanrou was a little guilty, she was helpless.

If she didn't deal with Venerable Youhua Yao and Venerable Nanlanfeng, if she is now a mid-level ninth-level powerhouse of Venerable, even if she makes a little sacrifice, she can barely break through to the realm of the domain master again. In this case, she can. Deter those dark bounty hunters.

but.....

"Let's go! Don't teleport in actual combat, we don't want to stun the snake, just leave quietly!" You Yinrou whispered.

At this time, the female green lion has entered the encirclement designed by the dark bounty hunters. Li Tianhe You Yinrou has not yet turned around. Suddenly, dozens of powerful pressures in the sky fell from the sky and instantly fell on the green lion. Body.

The lurking dark bounty hunter shot cold arrows at the same time.

Whoosh!

Whoosh!

Whoosh!

More than a dozen javelin-like green bamboo arrows flew out of the decayed dead leaves with a touch of spiritual power, and hit the body of the female lion.

puff!

puff!

The green bamboo pierced the female lion's body, instantly stabbing the female lion like a porcupine.

Blood continuously flowed out of the green bamboo, and the air was immediately filled with a strong smell of blood.

The lurking dark bounty hunters rushed out of the dead leaves, and dozens of feather arrows were shot at the female lion.

This ninth-level golden-eyed green lion of the Venerable, although a lot weaker due to childbirth, is after all a ghost beast of the ninth level of the Venerable, but from the moment it fell into the trap of the dark bounty hunter, this The lioness is destined to be sad.

More than a dozen dark bounty hunters' cultivation bases are not weak. The weakest guy's cultivation bases are even strong in the eighth-level of the Venerable. There are more than ten dark bounty hunters whose cultivation bases are all at the eighth-level peak of the Venerable. There are two venerable ninth-level early powerhouses.

Li Tian was dumbfounded.

"This... this many people?"

"These are just a part of it. There should be other dark bounty hunters hiding and not appearing!" You Yinrou threw Li Tian on the ground, pressed her under her body, and said, blowing into Li Tian's ears.

naughty!

When is this, still teasing me so much!

Li Tian didn't dare to be contemplative, he didn't dare to use his spiritual power easily, even holding his breath, feeling the fullness of the dark and soft chest, hiding behind the ruins to watch the play.

After these dark bounty hunters flew out of the dead leaves, they surrounded the lioness and kept shooting the lioness with spiritual arrows. The two-foot-long female lioness was shot in a flash. Sore holes.

However, these dark bounty hunters seem to be deliberately not hurting the vitals, but in any case, now this female lion has been driven into a dead end, if these dark bounty hunters want to kill the female lion, it is almost a matter of hand. .

"Watch carefully, the golden-eyed lion is about to explode!" said You Yinrou.

Sure enough, the lioness screamed at the sky, and a cyan bead came out from the mouth of the lioness.

The cyan bead released cyan light, dazzling, and always surrounded the lioness's body. The green bamboo shot on the lioness's body instantly turned gray-black, and disappeared without a trace when the wind blew.

The wounds on the lioness's body began to heal gradually.

"What's the matter?" Li Tian asked suspiciously.

"Do you think that the Nether Beast of the ninth level of the Venerable has no means? You will find the secret in it when you are happy!" said You Anrou.

"Mind eyes, open" Li Tian cried secretly.

Opening his eyes, Li Tian saw some green light wafting from all the plants within a few kilometers, and these light ray quickly drifted towards the beads around the lion's body.

The giant trees, vines and other plants around the body of the lioness seemed to have entered the winter season in an instant. The leaves that were still green and lush instantly turned yellow and kept falling down.

The dark bounty hunters seemed to have expected the female lion to have such strength, and did not tremble with the female lion, and turned and fled.

In the middle layer of the dark forest, the imprisonment is even more serious, even for the Venerable 8th or 9th level powerhouse, the teleport can only teleport a distance of ten meters.

Even so, in the blink of an eye, the dozens of dark bounty hunters disappeared without a trace.

"This... this is over? Those dark bounty hunters are not here to make fun, right?" Li Tian thought in his heart.

"No, I'm afraid that everything we have done before is foreshadowing, and the next thing is the real real thing!"

The lioness saw the dark bounty hunters who had besieged it fleeing, and the bead that had been vomited by it exploded after healed the wounds on its body.

The green light that had been sucked into the beads spread out again, and then the branches and leaves that were already yellow gradually turned into green, regaining vitality again.

It's amazing.

This shocked Li Tian more than any magic or spell in the world.

The dark forest returned to calm, and the lioness began to turn around and walk back.

However, at this moment, dozens of powerful pressures fell in the sky again, and at the same time fell on the lioness.

A dozen green bamboo arrows were shot out of the dead leaves two or three kilometers away!

puff!

puff!

But this time, the positions of these green bamboo arrows were particularly tricky, almost every arrow shot at the vital part of the lioness.

The damage suffered by the Golden Eyed Lioness this time is much more serious than before!

The lioness seemed to know her fate soon, so she turned and fled towards the dark forest.

The dark bounty hunters lurking in the distance slowly crawled out of the dead leaves, with triumphant smiles on their faces.

"Hey, what is going to be done is in the sky, see if the young lions fed the lioness and mixed with blood can cultivate a blood-eyed lion!" A leader among the dark bounty hunters Said.

Chapter 4452: : Leo Cubs (3)

A few minutes later, the dark bounty hunters who had just escaped returned here again.

Thirty mostly dark bounty hunters gathered together, and then followed the bloodstains left by the lioness.

In these few minutes, You Yinrou always controlled Li Tian, not allowing Li Tian to move easily, and even not allowing Li Tian to speak easily.

Li Tian's face was buried between the dark, soft and full peaks, but there was no hint of obscenity in his heart.

After all the dark bounty hunters left, and a few minutes later, Li Tian asked, "Does it take so many dark bounty hunters to deal with a female lion? It seems that the name of this dark bounty hunter, It's just that."

You Yinrou shook her head slowly and said, "Do you think they are ordinary dark bounty hunters? If you think so, then you are very wrong!"

"how?"

"Let's tell you this. On the surface, it seems that the Nether Realm is governed by 20 domain masters and 18 emperors. The various forces in the Nether Realm are also balanced with each other, but this is not the case!"

"Except for me, who is not worthy of the Dark Territory Lord, the other Territory Lords and Emperors are all supported by powerful races or noble races! And in the history of the Underworld, there are many races, and the noble races are countless. "

"The current balance of the Netherworld is only a superficial balance. The races and lords who have obtained the emperor and the domain master naturally hope that this balance can continue, so that they can obtain more resources and benefits. However, the other tycoons and races will do everything possible to disrupt this balance!"

"Take these dark bounty hunters just now, if I'm not wrong, they are probably dark bounty hunters belonging to the Colosseum!"

"The Colosseum?" Li Tian asked suspiciously.

"Yes, the Colosseum is not considered a wealthy family in theory, but the strength of the Colosseum is almost the same as that of the wealthy family. Among the dozens of black bounty hunters, there are four of them at the ninth level. It's obvious. And, I don't know if you noticed just now, they are going to cultivate the bleeding-eyed lion!" said You Yinrou.

"I just wanted to ask you, is this blood-eyed lion a variant of the golden-eyed lion?" Li Tian asked.

You Yinrou nodded, then shook his head, and said, "Yes, but not exactly! In the long history of the Netherworld, any race and any race may give birth to a powerful existence. Just take the golden eye. As far as Qingshi is concerned, it is said that tens of thousands of years ago, this kind of race was born as a domain master-level powerhouse."

"Domain master level ghost beast? This... how is this possible?" Li Tian said in surprise.

"How can this be impossible? Tens of thousands of years ago, no one knew what the Netherworld looked like, but before the Battle of Ten Thousand Gods Mountain, the domain masters of the Netherworld were not uncommon. It's just ordinary goods!"

"However, now that the domain master has become the strongest combat power in the Netherworld, and if you want to cultivate to the domain master realm, that is definitely not something ordinary people can do overnight! It is reasonable to think of a blood-eyed lion at this time!"

"Can the blood-eyed lion grow into a ghost beast of the domain master?" Li Tian asked.

"Maybe, maybe not! But now that this Colosseum is prepared for this, perhaps they have mastered the secret, so they will pay so much attention! Even if this blood-eyed lion can't become a domain master-level ghost beast, can To become a Nether Beast with the ninth-level peak similar to the Emperor-level realm, then the status of the Colosseum in the Nether Realm will rise!" said You Anrou.

"However, this seems to have nothing to do with us!"

Li Tian sighed, looked at Li Tian in a dark and tender manner, and sighed.

Eat radish and worry about it!

These things seem to have nothing to do with Li Tian and You Anrou.

It is the young lion cubs that are really related, but...

"Let's hurry up and practice!"

"Yes, I cultivated the Nine Nine Turns Technique to the Great Perfection realm earlier, and became a real domain master-level powerhouse. Then you will follow me. No matter what changes in the Nether Realm, you are safe!" You dark said softly.

Li Tianzhen wanted to rectify You Anrou on the spot, and then told You Anrou loudly, does Lao Tzu look like a little white face?

No one has the determination to become stronger than Li Tian!

The corpse is still alive, it is like a thorn in Li Tian's heart, and Hong Zhan was also given to Emperor Yu Shuang by the corpse. If he wants revenge and wants to regain Hong Zhan, then Li Tian at least Must be qualified to challenge Yu Shuang Huangzun.

As for taking Situ Ningbing back from the female domain master, it must be recognized by the female domain master.

A long way to go!

Both of them stopped talking and walked slowly in the dark forest.

Several Nether Beasts of Venerable Eighth Level saw the shadowy and soft figure and avoided from a distance.

"Should we go back and have a look? What if there is a chance?" Li Tian asked unwillingly.

"But it will be dangerous!"

Li Tian smiled slightly and said, "I have experienced countless dangers. I don't care about another danger! Besides, with a beautiful woman like you by my side, why should I fear?"

"Okay, let's go back and have a look!"

...

More than thirty dark bounty hunters divided into two groups and followed the injured lioness.

Five of them, the dark bounty hunters at the early stage of the ninth level, can get closer to the lioness because of their stronger cultivation. As for the other dark bounty hunters, they hide far away!

The female lion was badly injured, stumbling and staggering.

But even so, the female lion was still very cautious, and even took these dark bounty hunters around two circles in the dark forest.

In the process of going around in circles, the female lion tore off all the green bamboo arrows on her body, and licked the blood from the wound with her tongue. Where it could not be licked, she choked with dry leaves, looking up. Said, the lioness does not seem to be as terrifying as before.

The lioness looked back vigilantly, watching no one to follow, and then wandering into a small alcove.

The mountain is not high, if there is a fairy, it will lead to spirit.

There are female green lion urine and excrement around this small alcove, and ordinary ghost beasts dare not enter this area rashly.

There is a weed in this small col. A few days after opening their eyes, the young lion cubs are also dangling on the way, hiding in the weeds and biting each other to play.

The puppies of the lion cubs just a few days after birth are not very big, and they seem to be almost the same as the kittens. If one month passes, the puppies of these lion cubs will grow to the size of a dog. It looks like a month.

Feeling a wave of spiritual power in the distance, these young lion cubs immediately curled up, and when they saw the female lion, they ran out of the weeds.

These stupid guys fell continuously and looked really funny.

These young lion cubs were not aware of the dangerous situation of the female lion. When the female lion was lying on the ground, these cubs burrowed into the female lion's abdomen.

This is for milk!

Whether in the earth world or in the underworld, maternal love is definitely the greatest existence.

This female lion knew her fate was not long before she hurried back to feed her cubs for the last time before she died.

In the distance, several ninth-level dark bounty hunters of the Venerable have also entered the col.

"Gradually time to have a meal, only one of these young lion cubs can only live, maybe this is your last supper!" a dark bounty hunter said to himself.

Chapter 4453: : Leo Cub (4)

The lioness was seriously injured, and several important veins in the body were destroyed.

The spiritual power female lion in that vein can no longer fully control, and the spiritual power begins to escape from its wound.

The young lion cubs who burrowed under the lion's belly still didn't notice any abnormalities, and kept burying their heads in eating the last milk of the lion.

At this time, another young lion cub emerged from the weeds.

This cub is smaller in size, and the cyan fluff on its body is also sparse, it doesn't look very pure yet, it looks like it is malnourished.

The little guy's eyes haven't opened yet, but out of instinct, he wanders towards the female lion.

However, after all, he didn't open his eyes, and his body was thin, his movement speed was originally slow, but he went in the wrong direction.

When the lioness saw this little guy, there was a soft light in her eyes, as if her kind mother had seen the sickly child.

The female lion moved her body with difficulty, and screamed softly at the young lion cub.

The little lion cub immediately followed the yelling direction of the female lion! , One head plunged into the abdomen of the lioness, her head kept squeezing in.

However, the female lion has only four huts in total, and the other four lion cubs each have one. How can it be the smallest cub in turn.

The golden-eyed lion can give birth to one to five lion cubs per litter. If five lion cubs are born, it is destined that one cub cannot survive.

This youngest cub is also sturdy. Seeing that it can't squeeze the other lion cubs anyway, his eyes have not been opened yet, his teeth have not yet come out, and he bit the leg of the closest lion cub in one bite. Biting out desperately.

Although the larger lion cub didn't have baby teeth, it was much stronger than this little cub. As soon as the other leg was stretched out, the young lion cub kicked and flew out.

Although these young lion cubs have not yet developed deciduous teeth, the claws on their limbs are brought out from the womb.

Although this claw was not very powerful, it left a wound on the face of the young lion cub. It did not bleed, but the skin and flesh had been cut.

The female lion looked at the little lion cub being kicked out, and screamed in low voices, but did not stop her.

The lion has the survival rule of the lion, and the female lion can't interfere!

The young lion cub with a wound on his face did not shrink back, roared in a low voice, and rushed up again.

Two lion cubs were fighting, and they accidentally ran into the third lion cub. This angered the other lion cubs. The feelings between the four lion cubs who occupied the house just now It seems a little deeper, and even joined hands to deal with the little boy with a wound on his face.

In just ten seconds, the youngest lion cub was already bruised all over, and even the cyan fluff on his body was torn off.

In the end, the youngest lion cub can only drag his whole body wounds and hide in the grass, knowing his life or death.

The remaining four young lion cubs did not feel the danger approaching at all, and continued to enjoy their dinner.

...

A few kilometers away from the col, several dark bounty hunters did not deliberately evade this time, but they shouldn't be too close to the lioness, otherwise the lioness who has no life left can guess the dark bounty. The hunter's purpose is to kill all the little lions, and will not let them succeed!

"It's almost half an hour, can we do it?" One of the dark bounty hunters said impatiently.

"Shut up! I have been waiting for a few years. Do you still care about the time of this meeting? I waited quietly. With the harm that lioness suffered, the lioness must not survive tonight, Wait until tomorrow to do it again!" said the leader of the dark bounty hunter.

Other bounty people are not talking.

These bounty hunters are hidden all year round. As long as they stop talking, their spiritual power will almost stop fluctuating. With the camouflage on them, it is difficult for anyone to feel their presence.

...

Outside the col, the remaining thirty bounty hunters lurked in the dark forest centered on the col.

The female lion has been injured by them and fled back. If there is no accident, the female lion will definitely feed the young lion cubs. Naturally, the blood in the body of the female lion will be uncontrolled and the spiritual power will be lost. The suckling Leo cubs eat it.

Man proposes, God disposes!

If all goes well, there may be blood-eyed lion cubs among these little lions, although this probability is relatively small.

In the past few hundred years, thousands of years, there have been at least three groups of dark bounty hunters belonging to the Colosseum in the dark forest. They are like horses chasing water and grass and migrating. As long as you can find the trail of a female lion, Will be lucky enough to follow.

At the longest, they might even track them for hundreds of years in order to get the blood-eyed lion cubs.

Everything they can do has been done, and now they are resigned.

However, they did not dare to be careless, still lurking in the woods, vigilantly guarding against the trade of other bounty hunters, and of course they were most afraid of the Dark Domain Lord.

It's not that the dark bounty hunters are still full of fear for the Lord of the Dark Realm in their hearts, as You Yinrou said.

Over the past several hundred years and thousands of years, these dark bounty hunters have tried their best to avoid the areas where the Lord of the Dark Domain once haunted, and their dark bounty hunters are also quite low-key. Outside of the lion, they never deliberately go. Provoke other people.

Moreover, the master of the Colosseum said that in no case should you provoke a domain master-level powerhouse, otherwise, once you provoke a domain master-level powerhouse, the news that they secretly seek to cultivate blood-eye beasts will be exposed. The arena will inevitably be suppressed by other domain masters or emperors with background forces.

"The energy fluctuations that came from the periphery of the dark forest a few days ago can basically be confirmed, that is, the owner of the dark domain. According to the intelligence, the owner of the dark domain cut the Youhua Demon Venerable and his mount Golden Eye Green Lion in anger. Kill! You said that the golden-eyed blue lion we were looking at was not taken by the Lord of the Dark Domain!"

"The Dark Territory Lord is already a powerful master of the Territory, how could he have fancy the Golden Eyed Lioness! Anyway, let's bear with it! When the young lion cubs get the hands, we must leave this Dark Territory Lord immediately An area that often shows up!"

...

Farther away, in the gloomy forest a few kilometers away from the mountain col, Li Tian and You Yinrou lurked on the trunk of a giant tree.

"If these dark bounty hunters get the young lion cubs and someone is placed alone, we will do it, otherwise we can only watch them leave!" said You Anrou.

"It can only be so!" Li Tian said.

Time flew fast, and overnight passed.

As soon as the sky was overwhelmingly bright, the dark softly pushed Li Tian gently, and said in a low voice: "Those dark bounty hunters have begun to act!"

Chapter 4454: : Leo Cub (5)

Dark forest, early morning.

In the far east, a touch of white has appeared in the sky, and dawn is coming.

In the mountain col, four young lion cubs woke up in their sleep. The first action this group of snacks woke up was to grab the female lion's house and subconsciously **** the milk in the house.

However, the female lion did not eat for a day, and the milk had already been sucked up by the four snacks. The four little lion cubs sucked out the blood remaining in the body of the female lion.

The four hungry lion cubs are like hungry puppies, sucking blood and whispering in a low voice.

However, their mother, the lioness, after a whole night, the spiritual power in the body has long been dissipated, and she died at midnight.

"It seems that the female lion is dead!" said a dark bounty hunter.

"Yeah! You can do it!" another dark bounty hunter echoed.

Several dark bounty hunters in the early stage of the ninth level of the Venerable came out swaggeringly, and they had already arrived next to the corpse of the lioness with a few flashes. There was no need to reach out to touch the veins of the lioness. These powerful men could I can't feel the energy fluctuations on the lioness at all.

Four lion cubs curled up on the edge of the lion lion's body. Seeing these dark bounty hunters, these cubs seemed a little afraid and kept drilling into the body of the lion lion.

"Hey, good luck this time, there are four lion cubs!"

"A female lion can give birth to up to five cubs in one child. These four are left alone. Everyone will look around carefully to see if there are other cubs? One more cub, just There is hope!" said the leader.

Several people separated and carefully searched around the lioness body.

"Found it! There is one more here!" A few minutes later, in the gully of grass, one of the dark bounty hunters found the smallest lion cub that was pushed out.

Seeing that the hair was not fully grown, the skinny cubs still had wounds on their bodies, and even the cubs of lions who did not even open their eyes, the faces of these dark bounty hunters could not help showing a trace of disappointment.

"If we weren't there, this lion cub would probably not live for a few days!"

"It's not us whether we can live or not, but it depends on them."

"Stop talking nonsense, let's start!" said the leader of the dark bounty hunter.

The leader flipped over, and there was already a round black object the size of a squeegee and half a human in his hand.

This black object is forged from pure metal and is quite delicately made.

It is surrounded by a circular metal wall that is more than one meter high. The dozens of steps within the wall are only one inch high and half an inch wide. These steps descend step by step, like a stand.

Further inside, a circle of railing appeared before the last step, and inside the railing was a small Colosseum.

This metal Colosseum, which has shrunk thousands of times, tens of thousands of times, is a small sparrow with all its internal organs, including the beast passage of the Colosseum.

"Catch them all!"

The dark bounty hunter placed the Colosseum on the ground, then took out a small black porcelain bottle from the skin, poured out five small yellow pills, and forcibly fed them to the five young lion cubs.

The five lion cubs kept wailing, but these dark bounty hunters did not have the slightest compassion. They respectively stuffed the lion cubs from the five Colosseum passages, and then pushed the outside of the passages. Steel fence gate closed.

"Everything!"

With a command from the leader, these dark bounty hunters had a long slender metal thorn in their hands, and they continued to pierce through the steel fence gate.

puff!

puff!

The lion cubs who were hiding in the passage of the Colosseum and were unwilling to continue to walk in were pierced with several wounds in an instant. The cubs screamed a few times and could only escape from the passage to the beast in the center. site.

Looking at these young lion cubs, there are wounds of varying degrees on their bodies, and blood is slowly flowing from the wounds, and the air is filled with a faint smell of blood.

"The show is about to begin!"

At this time, because of swallowing the pale yellow pill, these young lion cubs actually had light spiritual power fluctuations.

Of course, these spiritual powers are not the spiritual powers cultivated by the young lion cubs, but because of the pills.

Because of this pill, these young lion cubs became a little sturdy in an instant, and their temperament has also undergone earth-shaking changes. The cubs became manic, among which the four most powerful lions A trace of blood appeared in the cub's eyes.

"There's a show!" Seeing this scene, these dark bounty hunters thought to themselves.

And the weakest young lion cub, the pupils are just slightly brighter, not even the slightest bloodshot.

Looking at the weakest young lion cub, the other dark bounty hunters shook their heads involuntarily.

In their hearts, the young lion cub has been sentenced to death.

Although the young lion cubs are also very precious, if the cubs can be caught and thrown into the auction alive, then the cubs can at least sell for a good price.

And if the young lion cub can be brought up to become a venerable ghost beast, and then sent to the Colosseum, then this lion beast alone can bring a lot of income to the Colosseum.

It's just that the target of these dark bounty hunters is not the young lion cub, but the blood-eyed lion!

Ouch!

Several young lion cubs raised their heads and roared, and the cyan downy on their bodies stood up.

The four lion cubs who had been the most intimate became crazy.

They all rushed towards the weakest cub.

No teeth, but strong claws.

After the stimulation of the yellow pill, the claws of these young lion cubs are sharper.

As soon as the claw goes down, there will be a few tufts of hair on the sharp claw, and even a piece of flesh and blood will come down.

The youngest lion cub became the target of public criticism. In the first few seconds, the cub was bitten and wounded all over, with blood flowing.

Although it was also fighting back frantically, but...because it was outnumbered, it fell in a pool of blood.

Let the other cubs tear it, and it has no more power to fight back.

The battle continues.

In the Colosseum, there have never been two beasts standing and walking out!

But for four or five minutes, the battle was over and four cubs fell in a pool of blood. The strongest cub was standing in the middle of the Colosseum with bruises, and more than half of its pupils had become blood. red.

"That's it, at least from the current situation, it is the most likely to become a blood-eyed lion!" the leader said.

A dark bounty hunter grabbed the strongest lion cub from the Colosseum and began to quickly heal the cub's wounds.

The leader grabbed the other young lion cubs from the Colosseum. These young lion cubs that had lost their value were basically no longer alive. The leader threw them to the ground again.

Originally lost the protection of the female lion cubs, even if these little lion cubs are healthy, it is impossible to survive in the dark forest. In addition, after a bit of fighting beasts, they were smashed to the ground. These cubs Several cubs were killed on the spot.

The leader took the metal Colosseum, without saying more, took other dark bounty hunters, and disappeared into the col with a few flashes.

After these dark bounty hunters left, the weakest and ***** cub of the lion cub moved slightly.

...

Li Tian and You Anrou have been waiting for the opportunity.

Huh!

Huh!

Five ninth-level masters of the Venerables appeared in the crowd of dark bounty hunters with the last victorious young lion cub, and was immediately surrounded by other dark bounty hunters, and then quickly disappeared in the dark forest. .

"We don't have a chance! Li Tian, continue to follow, maybe there will be some accidents, then it will be more than the loss!" You Anrou said.

"What about the other lion cubs? Didn't you say that a female lion can give birth to a maximum of five lion cubs?"

"I'm afraid they are all dead! The Colosseum will only choose the strongest and most suitable Nether Beast as the fighting beast, and the other cubs will only have a dead end." You Yinrou said.

"Dead! It's okay to die! It's okay to die..."

Li Tian followed the dark and soft walk aimlessly in the dark forest, suddenly Li Tian stopped and whispered: "Their corpses after they die..."

"It will become food for other beasts!"

The dark beasts in the dark forest are arrogant, and they disdain to take carrion as food.

But as long as there are living things, there is a food chain.

The powerful ghost beasts in the dark forest will not eat carrion, but those beasts that are struggling to survive under the pressure of the powerful ghost beasts will not give up this opportunity for a gluttonous feast!

This is the law of jungle survival!

Li Tian is not a Virgin, and will not overflow with compassion.

But Li Tian thought of the scene of a female lion fighting, thinking that the female lion was full of blood and wounded, and hurried back, in order to feed those cubs who didn't have much to survive, and Li Tian felt that It's like a breath of air in his chest.

"No, I have to go back and take a look, at least not to let the lioness's body be eaten by the weak beasts!"

Li Tian suddenly turned around and walked towards the mountain col.

Chapter 4456: : Leo Cub (6)

The morning light passed through the dark jungle, and the weak sunlight shone on the mountain col.

Li Tian's expression was a bit heavy.

The female lion was bruised all over her body when she died, and Li Tian had already prepared in his heart, but when he saw that the four lion cubs were also bruised and bruised, he couldn't help but feel a little angry.

"Why do you want to kill these young lion cubs?" Li Tian kept asking this question in his heart.

In the Netherworld, the weak eat the strong, and the fittest survive.

This is especially true in the dark forest. Li Tian has long been accustomed to living under the law of the jungle.

However, these young lion cubs died terribly!

This is not killing, but torture!

These little lion cubs have no power to fight back at all, and they are so slaughtered. Isn't Li Tian angry?

Over the years, Li Tianke has never played against countless women, children, old and weak, even a puppy or kitten, Li Tian will not kill!

"Li Tian, these injuries are not the so-called dark bounty hunters, but the result of these young lion cubs fighting against each other, and this is the method for the Colosseum to choose the most suitable beast!" said You Anrou.

Fighting beast!

Spain has the custom of bullfighting in the earth world, m.. Many people find it difficult to accept this, but this is the custom of their country, you can condemn it, but you have no right to interfere.

However, if the bullfighting chosen by that country is not an adult bull, but a newly born calf, then which custom will definitely be opposed by everyone!

There was originally a trace in his heart that wanted to pick up a lion cub and go back, but now Li Tian has no such idea anymore.

Li Tian took the spear of heaven and began to dig a pit on a ***** of the mountain col. Li Tian wanted to bury the corpse of the female lion and the corpses of several cubs together!

Youanrou stood beside Li Tian, not knowing how to comfort Li Tian.

Li Tian digs very slowly. The spear in his hand is like an ordinary shovel, digging out the soil one by one.

The sun has completely risen, and the warm sun shines on the earth.

When the sun was shining on the corpse of the weakest young lion cub, the claws of the young lion cub moved slightly, and immediately afterwards, plumes of white smoke appeared from the wounds of the young lion cub. , The smoke is very small, and it is not visible in the sun.

However, with the white smoke coming out of the wound, the wound began to heal slowly.

Li Tian, You Yinrou still didn't see all this.

A few minutes later, the young lion cub stood up awkwardly, and staggered forward a few steps, only to trip over the corpse of another young lion cub.

The young lion cub still did not open his eyes, and lightly sniffed with his nose. It seemed that he had smelled the scent of the cub's corpse. He suddenly raised his paw and began to tear the lion frantically The cub's corpse and the torn pieces of meat were directly swallowed by the lion cub.

Soon, the abdominal cavity of the young lion cub's corpse was torn open, and the young lion cub stuffed his head in, and pulled out all the internal organs of the corpse of the lion lion.

It seems that the purpose of this young lion cub is not to devour these internal organs, but to find something.

Sure enough, when the young lion cub spread out all the internal organs of the cub's corpse, it found a pale yellow crystal the size of a date nucleus in the internal organs. The crystal swallowed.

After the crystal was swallowed, the young lion cubs seemed unsatisfied, and began to sniff their noses, and soon found the bodies of several other cubs.

A few minutes later, the corpses of the three young lion cubs were torn apart by the young lion cub, and the pale yellow crystals in these corpses were all swallowed by the young lion cub.

Gradually, the young lion cub slowly opened his eyes, and his eyes seemed to be covered with a white mist, and the young lion cub could only see something vaguely.

Swinging and staggering, the little lion cub came to the corpse of the lioness, and got into the abdomen of the lioness. It caught a house and sucked in.

The female lion died, and the milk in the house had been eaten clean by the other four cubs before the female lion died.

The little lion cub almost sucked the female lion's head, and the coagulated blood was constantly sucked out from the head, flowing into the little lion cub's mouth.

Seeing that Li Tian had basically dug the pit, Youanrou wanted to throw the corpses of the female lion and the cubs into the pit, but when she came over, she found the bodies of three powerful cubs. Something was torn into a pile.

You Yinrou soon found the smallest young lion cub on the abdomen of the female lion corpse. The head of the youngest lion cub was covered with blood and stains, as if it had been full. The little lion cub was asleep beside the female lion's house.

The blood slowly dripped from the head of the female lion, and landed on the head of the little lion cub, without knowing it.

"This little guy is still alive! What a miracle!"

The dark and soft face was full of excitement, huh! Teleported to Li Tian and said in a low voice to Li Tian, "Hurry up, there is a lion cub still alive!"

Li Tian was startled, and asked in astonishment: "Aren't you lying to me?"

"Don't you know if you go and check it out? Li Tian, your luck is really good!" You Yinrou said.

Li Tian gathered the Qiong Spear of the sky, and followed the dark soft to the side of the female lion's body, and he saw the cub of the lion slumbering loudly.

Li Tian felt that his heartbeat was about to speed up, and his compassion for the female lion and other young lion cubs had been left behind.

"Hey, this lion cub is mine!" Li Tian excitedly stretched out his hand to the little lion cub.

"Be careful!" You Yinrou shouted.

But the dark and soft shouting was still slow for a second. Li Tian's hands had touched the little lion cub, and the little lion cub, who had already been like a frightened bird, woke up suddenly and turned around and bit Li Tian's left hand. finger.

The little lion cub hasn't opened its eyes yet, and its body is only the size of a kitten, and it has no teeth in its mouth, which is not a big injury to Li Tian.

What Li Tian didn't expect was that this little lion cub was so sturdy, all the cyan fluff on his body was blown up, and he bit Li Tian's finger with his mouth. Although he had no teeth, he continued to bite. Li Tian's fingers.

Li Tian did not move, letting the little lion cub bite.

Li Tian could feel that his finger had been bitten by the young lion cub, and the blood slowly flowed into the mouth of the young lion cub.

Li Tian stretched out his other hand like petting a kitten, smoothly stroking the fluff that had been exploded on the little lion cub, and said softly: "Don't be afraid, don't be afraid!"

Chapter 4457: : Dad Li Tian

The little lion cub gradually calmed down, but its mouth still bit Li Tian's fingers and never let go. Gradually, a ray of light appeared in the blindfolded eyes of the young lion cub.

At this time, the cub opened his eyes.

It is said that when an animal opens its eyes, whoever sees it first is its parent.

The lion cub obviously did not have the consciousness to regard Li Tian as his parent. Seeing that Li Tian seemed to be different from his imagined parents, the cub of the lion who had been docile became manic again.

The sparse cyan fluff instantly stood up again, and the sharp claws of the young lion cub made seven or eight wounds on Li Tian's arm.

Youanrou wanted to do it, but was stopped by Li Tian!

"Don't move! This young lion cub is still in fear, I have a way to calm it down!" Li Tian said.

Blood was flowing from Li Tian's arm. Seeing that Li Tian did not fight back, the young lion cub couldn't help showing a trace of doubt in his eyes. It seemed to be to verify whether Li Tian was pretending, and the young lion cub extended his claws again. Scratched Li Tian's arm twice.

The strength of these two strokes is heavier, and the wound on Li Tian's arm is also bigger, and the blood flow has accelerated a bit.

] , m..

But Li Tian didn't move. Instead, he smiled at the little lion cub and said softly, "Don't be afraid, it's safe!"

Gradually, there was no anger and no fear on the little lion cub's face, and all the fluff that had exploded on his body went down.

The little lion cub let go of Li Tian's fingers, walked a few steps forward, licking the blood on Li Tian's arm with his tongue, and kept his head choking Li Tian's arm.

This is a complete act of confession.

call!

Li Tian let out a sigh of relief.

You Anrou looked at Li Tian with a strange look.

There are many ways to control the Nether Beasts in the Nether Realm. These methods are more to make these Nether Beasts yield with absolute power, similar to Li Tian's soul detention Dafa, or signing a master-servant contract. There are several ways.

But Li Tian didn't use any method, so he conquered the little lion cub.

Now that the little lion cub had opened its eyes, it turned its head towards the corpse of the female lion, and quickly turned its head and continued to follow Li Tian.

Li Tian threw the corpse of the female lion and the corpses of three other lion cubs into the dug pit, and then covered them with mud, which was considered to have made a simple grave for them.

Youanrou told Li Tian that this method could not rent these corpses to be eaten by other beasts, and those beasts would still dig these corpses out of the ground.

Li Tian only asked for peace of mind. He is not the filial son of the lioness, nor is he obliged to guard the tomb of the lioness.

The young lion cub may have taken a lot of blood, and his body has become tougher. When Li Tian was burying the female lion, the young lion cub had been running around with Li Tian.

The little guy will fall from time to time, but he never gets tired of it.

Since its birth, the little lion cub has been squeezed out by other lion cubs. Unless it hides to the side, it will be besieged by other lion cubs. Now that it can follow Li Tian, the little lion cub must be happy.

After everything was processed, Li Tian brought the little lion cub into the space of Void Yasha, and let Windsor and Liu Yihui show it to the little lion cub.

The two are not veterinarians, but their medical skills are the same, especially Windsor. They caught the injuries on the young lion cubs by hand, and helped Li Tian's arm healed.

This stupid young lion cub is very funny, and Windsor also likes it very much. Unfortunately, this little guy now only recognizes Li Tian, as if he can understand Li Tian, and only listens to Li Tian.

Li Tian gave the young lion a name: Little Blue Tile!

Originally there were only the two words Xiaoqing, but this young lion cub was a male animal. The name Xiaoqing was somewhat of a mother. How could a pure man and true man like Li Tian accept this mother's name?

In addition, the young lion cub is now following Li Tian almost without leaving, just like Li Tian's child.

So there is this name.

...

It is not easy to raise a small blue tile.

Li Tian doesn't produce milk, so he can only feed on some ghost beast meat and blood.

But a few days later, the fluff on Xiao Qingwa's body became less and less, and Xiao Qingwa's complexion didn't look very good.

Li Tian pinched his fingers and said, "Little Qingwa is currently lacking milk in the five elements!"

Nonsense, Xiaoqing Wa hasn't taken a sip of milk since he was born. It would be strange if there is no shortage of milk.

Li Tian looked at the full and towering twin peaks of Youanrou, but was glared fiercely by Youanrou.

Well, Li Tian was wrong!

Milk does not necessarily have milk!

Seeing Xiao Qingwa's improvement worse and worse, Li Tian was distraught.

This ***** thing managed to get a little lion cub, if he died like this, then Li Tianke would feel guilty and uneasy.

"It's a pity that we didn't think of this situation when we came from the earth world, there is no milk powder!" Li Tian sighed.

"Although I don't know what milk powder is, I'm afraid it's not as simple as you think. The little blue tile is a green lion. It's best to feed the ghost beast's milk for the first three months, otherwise the future may be uncertain. It will affect the growth of Little Blue Tile!" said You Anrou.

"If you don't even have milk powder, don't let Feng talk about the milk of the ghost beast!" Li Tian said.

"We don't have milk, but we can steal it! I know this dark forest. There are so many nether beasts in the dark forest, there are always so few nether beasts suitable for us!" said You Anrou.

You said that Youanrou, a young woman who has been young for thousands of years, who doesn't know how to kiss, would not be ashamed to teach Li Tian to steal milk.

When you said You Anrou was saying this, did her face panic?

It should be embarrassing!

Because when Li Tian looked at her towering twin peaks, her dark and soft face seemed a little hot.

"Little Qingwa, Lao Tzu, for your healthy growth, Lao Tzu has already begun to do this kind of shameless job. After you grow up, you must help Lao Tzu to do a good job!" Li Tian thought impurely in his heart.

After a little careful planning, Li Tian and You Anrou decided to start from the periphery of the gloomy forest and start practicing with the ghost beasts below level 8.

It also allows Xiaoqingwa to grow up eating beast milk gradually.

...

The ghost beasts in the outer layer of the dark forest felt very sad.

Humans are very dangerous, this is the consensus of all the ghost beasts in the Nether Forest.

But these ghost beasts did not expect that human beings would be very abnormal.

I don't know since when, in this dark forest there appeared two humans who molested the maternal ghost beasts while they were breastfeeding.

I don't know how many male ghost beasts have witnessed Li Tianhe's human behavior and quietly cursed Li Tianhe's Youanrou!

I don't know how many female ghost beasts who have been ruined weep bitterly, and scold Li Tian as inferior to the dark and soft humans.

For a time, the maternal ghost beast in the dark forest is in danger!

Of course, these are the thoughts of the ghost beasts.

As the milk thief, Li Tian and You Anrou have a sense of accomplishment!

After half a month of raising, this little blue tile is obviously stronger than before, and several deciduous teeth have grown in his mouth.

"Next, we are going to deal with the female Nether Beast in the middle layer of the dark forest, Li Tian, are you ready?" Nether and soft commander Shuangfeng said to Li Tian.

Chapter 4458: :Oversight

Time is like water, three months' time is fleeting.

After repeated adventures of escaping from the dead, Li Tian and You Anrou almost stole the milk of all the breast-feeding Nether Beasts within a radius of several thousand kilometers.

It is not that Li Tian and Youanrou don't want to steal the second or third time, it's because the ghost beasts in the middle layer of the dark forest are too sturdy.

If Li Tian's target is the Nether Beast at the eighth level of Venerable, it's okay to say that with the cultivation base of the ninth level of Venerable Nether Soft, she can easily subdue the Nether Beast alone, and what Li Tian has to do is to combine other The little nether beast cub waiting to be fed is kicked away and the little blue tile can go up and eat.

However, if Li Tian's target is a Nether Beast at the ninth level of the Venerable, then the difficulty will be a bit more difficult. It will be more difficult for You Yinrou to control the Nether Beast. Li Tian and Xiao Qingwa must have eye problems and quick hands. Even at this time, Li Tianhui did not hesitate to use the black mud with hundreds of flowers and insects to bring down the female ghost beast.

Of course, the most difficult thing is the goal of a male and a female with two ghost beasts crooked together. Basically, in this situation, Li Tian would choose to hungry Xiaoqingwa.

Two Nether Beasts of the ninth level of the Venerable, You Anrou is already very difficult to deal with by himself, unless Xiao Qingwa is hungry for a few days, there is really no way, otherwise Li Tian and You Anrou will not adventure.

Li Tian and Youanrou also have some experience in dealing with this kind of underworld beast. You can only win if you have a seamless match for the soft and soft Li Tian. Once they make a mistake, Li Tian and Youanrou can only escape!

These three months of hard work are worth it!

The small blue tile now has the cultivation base of the second-level cultivator, and is as strong as a calf.

Now Li Tian doesn't need to put his fingers in his mouth, otherwise Xiao Qingwa could bite Li Tian's arm by grinding his teeth.

Regardless of the size of the small blue tile now becoming bigger, the tower is still a cub.

Because there is no female lion, Li Tian can only hunt with a small blue tile.

In fact, it's not hunting, but training!

At this time, Li Tian would take the little blue tile into the space of the Qiong Spear of the sky, and find a few masters of the second and third level of the cultivator to fight against the little blue tile.

Although Xiao Qingwa was still a cub, Li Tian was not soft-hearted at this time.

Every time after training, Xiaoqingwa must be injured all over.

To Li Tian's surprise, the recovery speed of this little Qingwa's body was quite fast.

After three months of getting along day and night, Xiao Qingwa seemed to really regard Li Tian and Youanrou as his parents.

I relied more on Li Tian and Youanrou, rubbing Li Tian with his head from time to time, or licking Youanrou with his tongue, to show his dependence and love for Li Tian and Youanrou.

At this time, Li Tian's heart will inevitably think of Duanmu Ying, Bai Jing, Ouyang Shiqing, and the two children Li Bai and Li Mu who are far away in the earth world.

"I don't know how they are doing now?" Li Tian thought to himself.

The two children, Li Bai and Li Mu, started practicing at the age of three. When Li Tian returned to the earth world from the battlefield of death, the strength of the two little guys was not weak.

From the barbarian, Huangfu Kunpeng and others from time to time, together with the elixir of various geniuses and treasures, and the large amount of spiritual sources left by Li Tian, as long as they are willing to work hard, their cultivation base is definitely not weak.

When the deity Li Tian left the earth world, the two little guys Li Tian promised that when their cultivation reached the state of the nobleman, the two brothers would come together to find Li Tian in the underworld.

Until they are going to fight side by side with Li Tian.

"If you want to come to the Nether Realm, the cultivation of the Venerable Realm is not strong. But when you reach the Nether Realm, the little blue tile will already be a Nether Beast of the Nether Realm. I will send this Nether Beast. Here you are, so that you can walk sideways in the Nether Realm!" Li Tian thought in his heart.

Li Tian shook his head quickly again, dispelling these thoughts from his mind.

It is rare for Li Tian to enter the space, originally thinking of staying with Xueji, Liu Jimeng, and Ye Meijing, but Long Yin came to Li Tian with a black face.

"Li Tian, we have been in the Nether Realm for more than a year. In this more than a year, you have broken through the realm and conquered the Nether Beast, but I still stay at the first level of the noble realm. You Do you think this is appropriate?" Long Yin said with some dissatisfaction.

Li Tian frowned slightly, but soon relaxed.

The Third Young Master, Long Yin and others practiced in the space of the Heavenly Qiong Spear. Li Tian provided them with a safe cultivation environment. They could also enjoy the spirit valley produced in the space of the Heavenly Qiong Spear at will.

The Third Young Master is quite satisfied with this cultivation environment, and their cultivation base has also increased to varying degrees, but for Long Yin, who has been targeting Li Tian, the rate of increase in this cultivation base is really too slow.

In just over a year, Li Tian is now in the early fourth level of the Venerable, and he has a ghost beast that can grow to the ninth level of the Venerable, while Long Yin still stays at the first level. Long Yin was very anxious.

"Do you want to leave here?" Li Tian asked.

"Yes, just like in the battlefield of death, I want to rely on myself to practice, no matter what the final result, as long as I work hard, I give, I will have no regrets." Long Yin said.

Li Tian nodded slightly and said, "It was my negligence! You will wait a few days, and then I will send you out!"

Right now Li Tian and You Anrou are in the dark forest. The strength of the Nether beasts in this dark forest is too strong. Let alone the middle layer, even the outermost layer, it is not in terms of current Li Tian's cultivation. Considered safe.

Since Long Yin wanted to leave, Li Tian could only send him away.

"Li Tian..." Long Yin suddenly felt embarrassed.

"Long Yin, how many years we have lived and died together, just say what you have!"

"Well, if that's the case, then I'm not welcome. Withered Bone Crane and Withered Bone Stork are willing to follow me, and several other spiritual bandits and some of my former entourages are also willing to follow me to leave here, so... so ... "Long Yin was a little afraid to look at Li Tian's eyes, and his voice became smaller and smaller, but soon he adjusted it again and continued: "I hope you don't stop! You Li Tian will always be my brother. If you have any difficulties in the future, as long as you greet me Long Yin, I Long Yin will definitely go all out!"

When Li Tian heard that the Withered Bone Crane and the Withered Bone Stork were willing to leave, he was a little angry at first, feeling that Long Yin was digging his corner of Li Tian, and Li Tian adjusted from this anger in a few seconds.

"It's my negligence! Everyone is free. They didn't belong to me Li Tian originally. They have the right and freedom to choose. Since there are withered storks and withered cranes, your safety is relatively guaranteed. When the time comes, I will send you to the outermost layer of the dark forest, you take care of yourself!" Li Tian said.

"I want to take away my spiritual source!" Long Yin said again.

"it is good!"

"I want to take some of the spiritual soil too!"

"can!"

"Niulanshan Erguotou give me dozens more boxes!"

"no problem!"

"If I can borrow a space ring from the Third Young Master, that would be even better!"

Li Tian frowned slightly and took off Ye Meijing's space ring.

"This space ring is for you! What do you want?"

Looking at Li Tian, Long Yin looked a little excited, but didn't know what to say.

"Long Yin, we must live!"

"I came back! I don't want to think that ten years later, twenty years later, when your Li Tian's name resounds throughout the Netherworld, my Long Yin is still useless!" Long Yin said.

Chapter 4459: : Long Yin is gone

Li Tian didn't know what method Long Yin used to convince those who were willing to go with him, and Li Tian didn't want to go into it now.

However, these refugees are from the battlefield of death. They may not know how Li Tian came out of the battlefield of death, but they understand that they are already in the underworld now. If they leave Li Tian's space of the Qiong Spear of the sky, It may bring danger to Li Tian, and even tell Li Tian out of the battlefield of death.

As for the other spirit soil robbers who are willing to follow Long Yin, they all already know that Li Tian has a space artifact. Once the news is spread, then Li Tian may suffer a large number of Venerable Ninth-level, Emperor The siege of the strong, even the domain master.

In this way, even if Diaanrou was around, he couldn't protect Li Tian's safety.

"Long Yin, I can satisfy you with all your requirements, but how do you solve the secret that we came out of the battlefield of death in advance? How can you let them keep the secret of my space artifact for me? If there is no way to solve this problem , I can't let them leave!" Li Tian said.

"Don't you trust me? I know these people, they can't betray you!" Long Yin said.

"On the contrary, I trust you very much! I don't trust other people." Li Tian said.

Long Yin suddenly became angry.

He thought that Li Tian might reject him, but he did not expect that Li Tian would reject him on this ground.

This turned his excitement and guilt into anger.

"So all the things you promised me just now are just teasing me? Li Tian, I admit that we had a festival before, but after so many years, do you still have to worry about it?" Long Yin angrily faced Li Tian. The sky screamed.

"Long Yin, please pay attention to your attitude! Don't you know who the little boss is? If you are leaving now, I believe the little boss will fulfill his promises, but you can leave it alone. But you have to take so many people away, do you still have the face to get angry with the little boss?" Tang Xiaolong's face also had a bit of anger.

Tang Xiaolong is not Li Tian, he doesn't have much good impression of Long Yin.

"Yes, although the three of our brothers and the Li Tian brothers have known each other for as long as you, but we recognize the Li Tian brothers as a person. Long Yin, think about it for yourself, if you have such a spatial artifact, you will not show it to outsiders for no reason?" Ye Liangchen said.

Long Aotian also echoed: "Yes, we all understand your desire to become stronger, but you can't base your happiness on the pain of Li Tian brothers. If you let those people leave, once Li Brother Tian is besieged and killed by others, and it is not just Brother Li Tian who will suffer by that time, but also hundreds of thousands of people in this space!"

Long Yin gradually calmed down, but his face was still ugly.

"Li Tian, then you give me a solution. You can't control everyone in this space as your personal servants!" Long Yin said.

Li Tian was a little angry.

"Long Yin, before these people enter the Qiong Lance space of the sky, they should have thought of this result. If I hadn't brought them into this space, it would be a question of whether they can live until now."

"Don't use my kindness as your bargaining chip!" Li Tian said coldly.

Speaking of this, Li Tian and Long Yin are already a bit stiff in the trouble, but this is necessary.

Long Yin considers the problem from his perspective, and Li Tian must consider the problem from his own perspective, and there will inevitably be conflicts.

Looking at Li Tian and Long Yin and others arguing, she couldn't help but shook her head slightly, and said, "Actually, you think things are a little complicated. There is a magical herb called Amnesia in the dark forest. As long as there is this herb, You can solve the problem!"

"Can they forget the existence of death battlefield and space?" Li Tian asked.

"More than that! If they consume the medicinal soup made from Amnesia Grass, after a few days, they will forget all the things they have experienced in the past!" said You Anrou.

Li Tian looked at Long Yin and said, "There is so much I can do. If you are willing, then you can convince them!"

Long Yin thought for a while, but nodded.

For Long Yin, it might be the best choice if he brings a team with his head completely blank.

...

Three days later, Youanrou found more than a dozen Amnesia Grass, and then ordered people to boil the Amnesia Grass into medicinal soup.

The one who made the soup used to be a chef, this guy subconsciously took a bite with the soup spoon when he was making the soup, and the result...haha...

Li Tian brought out all the people who were going to follow Long Yin. The number of people Long Yin was going to take away was not as many as three days ago. Many people chose to stay after hearing about Amnesia Grass.

For these people, it is good to be alive, and the memory of the past is their wealth, and they will not easily discard it.

Li Tian watched them drink the medicinal soup one by one, and he was relieved.

"Li Tian, I am a little excited. The promise made by my Long Yin will always be valid. As long as you encounter difficulties in the future, greet me, my Long Yin will definitely go through fire and water, and I will not hesitate!" Long Yin said, holding Li Tian's hand .

Li Tian patted Long Yin on the shoulder.

Long Yin is an ambitious man. It is impossible for Long Yin to stay under others for a long time. This character determines that he will never be able to follow Li Tian like Tang Xiaolong.

Through this incident, Li Tian could see Long Yin clearly.

Everyone is from the earth world. It's best if you can be friends, if you can't, as long as you don't become rivals, it's a good result.

Li Tian promised to fulfill all the things that Long Yin had done. The spiritual soil, spiritual source, fine wine, etc. were all put into Ye Meijing's space ring. Li Tian asked Ye Meijing to erase the space ring, and then sent the ring to Long Yin hands.

"Still the previous sentence, live!" Li Tian said.

Li Tian and You Yinrou sent Long Yin and others to the outermost layer of the dark forest, watching Long Yin and a group of people leave vastly and completely disappeared into the dark forest, Li Tian took You Yinrou into the sky again. The space of Qiong spear.

Li Tian began to reflect on himself.

Many of the refugees and robbers in the spiritual soil are out of sight, and it is precisely because of this that Li Tian wants to allow these people to live and practice in the space of the Qiong Lance of Heaven.

But Long Yin's affairs let Li Tian understand that these refugees and spiritual land bandits also have their demands in their hearts.

Some people just want to live, while others want to become stronger, and some people have more ambitious ideals in their hearts.

If this is the case, then these people cannot be treated equally, otherwise the wolves will also be raised!

"It's time to build a legion that belongs to me, Li Tian, in the Underworld!" Li Tian thought in his heart.

Chapter 4459: : Fueling the flames

If you want to build your own power, this can't be done overnight.

Li Tian is not in a hurry, he still takes care of Xiao Qingwa in an orderly manner.

Two years later, the little blue tile might reach the ninth level of the venerable. When Li Tian rode the little blue tile out of the dark forest, that would definitely pull the wind.

But in two years, if you want to form a team that can fight against the ninth level of the Venerable, there is no other way than dreaming.

Therefore, Li Tian is not in a hurry!

Li Tian is not in a hurry, but someone is anxious.

This person is Liu You.

Liu You now controls a city in the space of Qiong Spear of the Sky.

The area of the city is far less than that of the migrant city, and the population is not as large as that of the migrant city, but the degree of prosperity is far better than that of the migrant city.

The refugees who migrated from the city of refugees cherish their lives in this city very much. These refugees perform their duties, and the whole city is peaceful.

If Liu You doesn't do what he needs to do, he can put more thoughts on his cultivation.

Coupled with Li Tian's special care for the venerables in the Qiongspear space of the sky, Liu You's cultivation strength has been significantly improved, and now he has reached the highest level of venerable level.

If everything continues like this, Liu You believes that he will break through soon.

However, since Long Yin left, some rumors suddenly appeared in the city.

Although Liu You tried his best to dispel the rumors, this kind of rumors have intensified, and now he can't control them at all.

Therefore, Liu You waited for Li Tian outside the Giant Stone Temple every day.

He Feng is as anxious as Liu You!

He Feng and several other Venerable Sixth-level powerhouses were originally in Li Tian's Void Yasha Space, but since Li Tian climbed the dark and soft tree, they were sent by Li Tian into Heaven's Qiong Spear Space. in.

He Feng now controls another city. The main personnel of this city are his spiritual soil miners and spiritual soil bandits in the spiritual soil city.

When Long Yin left, he took away a Venerable Level 5 powerhouse who was originally under his command. Although later other spiritual soil bandits chose to stay in the space of Qiongkong, they were planted by Long Yin. The seeds of longing for freedom took root in their hearts.

Therefore, when the rumors began to spread in the city, these spiritual bandits not only failed to refute the rumors, they even contributed to the situation, causing the entire city to almost fall into chaos.

An angry He Feng killed several spirit soil robbers in succession, but this iron-blooded method would seem to make the rumors stand true.

Therefore, there was another person outside the Megalith Temple.

Relatively speaking, the city that the Third Young Master is now managing is the quietest!

The main personnel of this city are those spiritual earth miners who belong to the Frost Emperor. These people have heard of Li Tian's reputation more or less, and they still respect Li Tian.

Besides, they originally lived a dark life underground, and they were definitely the hardest existence in the underworld.

But now, they have a free body, live in the sun, and can breathe free air every day, and as long as they work hard, what they obtain through labor can be exchanged for various means of living. Even before, only the lame leader of the brigade was talented. The wine I drank.

Moreover, there is no shortage of women in this world!

There are a lot of women from refugee cities, at least 40% of them. If they have the ability, they can set up a family and set up a happy family here.

Just thinking about it, you know how many times better life here is than underground in the Laika Desert.

As for the venerables who followed the three sons of the Netherworld, they are the few venerables in this world. They can share the things produced in the spiritual field of this world. This place is more attractive to them than the Netherworld. Facing rumors, they only Will hehe!

The rumors intensified!

In the city controlled by Liu You and He Feng, several conflicts occurred respectively. Hundreds of people were injured in this conflict, and two even died. If it were not for Liu You and He Feng's tough attitude, this I am afraid that things will continue to expand.

The two cities are now in panic, He Feng and Liu You are anxiously going round and round, but Li Tian has never appeared.

Unless Li Tian enters the space himself, Venerable Xishan from the southeast, northwest and west cannot contact Li Tian, and Liu You and He Feng can only be anxious.

...

In a meeting room in the space of Void Yasha, Li Tian, Tang Xiaolong, Xue Ji, Windsor, Liu Yihui, Xiao Hotpot and other members of the Celestial Legion were present.

"Little boss, you can really hold up your breath. In the past ten days, I don't know what has happened in the space of the Qiong Spear of the sky!" Tang Xiaolong said with a smile.

"There is not enough human heart to swallow the elephants. If it weren't for Li Tian to bring them out of the battlefield of death, if it wasn't for Li Tian to bring the spirit soil miners out of the Laika Desert, would they dare to leave the battlefield of death and come to open the Laika Desert?" Xue Ji said irritably.

"Hey, Xue Ji is right. They have only lived in space for more than a year, and they want absolute freedom. Is it true that Li Tian can be used at will? If I want to say, they must Remediate these guys fiercely, and it's better to kill hundreds of people!" Little Hot Pot said with a smile.

"Make trouble, make trouble! I just want them to make trouble, if they don't make trouble, how can I have an excuse to clean them up? To shameless things, I let Long Yin leave because that man called Long Yin! Really reckless things!" Li Tian said.

No wind, no wave!

Before Long Yin left, Li Tian secretly sent Li Letian, Meng Guang and others to hide in the three cities, and secretly arranged them to spread rumors in the three cities.

The content of the rumors is very simple, that is, deliberately exaggerating Long Yin's affairs and adding some interpretation.

This inspires the restless guys in these spaces, and makes them more convinced that even if they leave Li Tian now and leave the space of Qiong Spear of Heaven, they can still get a new life of freedom and happiness.

It also made them think that the reason Li Tian brought them out of the battlefield of death and the Laika desert was to control these people out of selfishness.

Want freedom?

There are no doors, not even windows!

Because this is the Qiong Spear of the sky, the only way they can leave is through Li Tian.

"It's been more than ten days now, what will Master Li Tian do?" Windsor asked.

"Establish a world order that belongs to my Li Tian in that space, and establish a power that belongs to my Li Tian. The temporary function of this power is to maintain the stability of that world, and it will gradually move from the space of the Qiong Lance of Heaven. Come out and serve me in the Netherworld!" Li Tian said.

This is Li Tian's purpose.

"If there are many people in that world who want to leave? You can't kill them all!" Liu Yihui asked.

"Humph! If this is the case, then I can only ask them to return to their past lives! There are also many mineral deposits in the space of the Heavenly Qiong Spear!" Li Tian said with a sneer.

Chapter 4460: : Thunder means (1)

Li Tian took Tang Xiaolong, Xue Ji, and Xiao Hotpot into the space of Qiong Spear of Heaven. ,

Liu You saw Li Tian appearing in the Giant Stone Temple, he hurried forward, stretched out his hand and grabbed Li Tian and said with some excitement: "Brother Li Tian, you are finally here! Do you know that we are all about to die!"

"What happened? Speak slowly!" Li Tian said.

Before Liu You had time to explain, He Feng surrounded him and added: "Brother Li Tian, in the ten days since Long Yin left, there has been turmoil in the two cities controlled by Brother Liu You and I..."

"turmoil?"

Li Tian frowned, and things seemed to be worse than he thought.

"Yes! Brother Li Tian, I'm really sorry, I have let down your trust in us, although we tried our best to explain, even suppress, but these people simply can not explain, can not suppress..." Liu You said ashamed .

"The turmoil... is it serious?" Li Tian asked.

"Serious, at least nearly 20,000 people have participated in it. I led some people to kill a few people who led the turmoil, but the matter has not been resolved, but it has intensified!" He Feng said.

"What is the purpose of their turmoil? If they want to leave this space, I won't refuse, just like when Long Yin left some time ago, as long as they drink the amnesia herbal soup!" Li Tian said .

He Feng shook his head, sighed and said, "It's not just that! They want to leave here, but they don't want to drink the amnesia herbal soup. They even made the same request as Long Yin. They think the spiritual soil is their thousands. They have worked so hard to mine, they deserve to have spiritual soil, even part of it!"

Li Tian couldn't help feeling a little angry.

Do you really treat Li Tian as a jerk? What are you guys, you dare to make these demands with me!

In Li Tian's heart, even the people responsible for spreading rumors and deceiving people such as Li Letian and Meng Guang were a little dissatisfied.

"Brother He Feng, if this city is your spiritual city in the Laika Desert, what would you do?" Li Tian asked.

"Kill! Must kill! One person will kill one person in turmoil, and a hundred people will kill a hundred people in turmoil!" He Feng said with a brutal murderous intent.

But soon He Feng's face showed a hint of helplessness, and said: "If it is handled in the way of the Laika Desert, it would be much simpler. The majority of these troubled people are spiritual soil miners and a few spiritual soil bandits. It's already very difficult for these guys to survive. How dare you make such a request?"

"Brother Liu You, how about you? If you were asked to deal with the turmoil in your city, what would you do?" Li Tian turned to ask Liu You again.

"The same way as Brother He Feng is to kill! The Death Battlefield is the same as the Netherworld. The emphasis is on the weak and the strong." Liu You said.

He Feng saw that Li Tian did not speak, his face seemed unbearable, he couldn't help sighing and said: "Brother Li Tian, I have always wanted to say something to you, but there is no good opportunity. Today I took advantage of this turmoil. , Can I talk to you about some of the thoughts in my heart!"

"You said!"

"Brother Li Tian, I don't know what kind of world the earth you came from. I can't imagine and I don't want to imagine. But since you are in the Nether Realm now, you should follow the rules of

survival in the Nether Realm. You The theory pursued by He Long Yin is definitely suitable for the Nether Realm!"

Seeing that Li Tian didn't speak, He Feng continued: "The rule of survival pursued by the Netherworld is to eat the weak and the fittest to survive. Whether it is the emperor or the domain master, their hands are not full of blood?"

"These emperor and domain masters are pursuing that those who follow me will prosper against me and die. It is precisely because the emperor and domain masters have such sturdy momentum and strength that their followers will be more willing to submit. Because of those followers Those who can see their master's domineering, can imagine the result of rebelling against the master!"

"But what about the rules of survival between you and Long Yin? What is democracy? What is freedom? Spiritual land bandits and refugees are sinners. Perhaps Long Yin took away a few people and won't attract the attention of many people. They can get freedom. They You can survive by stealth."

"But if all of these hundreds of thousands of people enter the Netherworld and are free, then they will not get freedom, but will find their own way! The opponents they offend will definitely come and kill them, and those The master who belonged in front of the spirit earth miners will definitely kill them all without hesitation!"

"Brother Li Tian, you are wrong, you are wrong!" He Feng said.

Liu You nodded slightly, expressing his full agreement with He Feng's views!

"Brother Li Tian, I, Liu You, was born on the battlefield of death. I grew up and practiced on the battlefield of death. Before I met you, I thought my world was a refugee city, the dark sky, and the world that will be slaughtered forever. It's you. Let me see the blue sky and white clouds, the day and night change, so I have always been grateful in my heart, even if it allows me to stay in this space forever, I am willing!

"However, not everyone is grateful. The more kind you are to them, the more they feel you are weak. Otherwise, they won't make the same demands as Long Yin!"

"Brother Li Tian, if you still trust us, let us handle the turmoil! But even if we suppress the turmoil, this will be a temporary solution instead of a permanent cure, and you need to completely reverse your ideas, Brother Li Tian! This spatial world has become a small underworld. Only in this way, these spiritual soil bandits, spiritual soil miners, and refugees will continue to grow stronger, and there will be more people for your use!" Liu You said.

Listening to Liu You and He Feng's words, Li Tian's heart also began to reflect!

"Is Li Tian really wrong?"

"Brother Li Tian, do you know why there is no turmoil in the city controlled by the Third Young Master?" He Feng then asked Li Tiandao.

"why?"

"The three sons of the Netherworld and their fathers are powerful and powerful, and the rules of survival in the Netherworld have penetrated into their bones. It is precisely because of this that even

if they do not deliberately do anything, the city they control is invisible It is controlled according to this model!"

"So, if you send people to their cities to spread the bewitching messages, it won't do any good at all!" He Feng said.

"You...you know?" Li Tian asked He Feng and Liu You in surprise.

He Feng and Liu You nodded with a smile on their faces.

Liu You continued: "The Li Letian and Meng Guang you sent to our city have already been controlled, so the turmoil should have nothing to do with the people you sent to accurately!"

Liu You and He Feng are both thousand-year-old foxes, and playing this deceptive trick in front of them is still a little tender!

"Brother Li Tian, let's do something thunderous!" He Feng said.
