

A Killer 4461

Chapter 4461: : Thunder Means (2)

The three cities in the Qiongspear space of the sky are named after the controllers of the three cities, called: Youcheng, Fengcheng, and Chencheng!

In a magnificent building in Youcheng, six powerful refugees who possessed the realm of venerable gathered here. ,

Two of these venerables are from the Supreme Mansion of Refugee City, and four are from other forces in Refugee City.

Venerable Liuwei did it around a stone table. On the table were some fruits and a few bottles of fine wine.

The Venerable who was sitting in the upper position opened the bottle of wine and poured a few sips of wine into the mouth of the bottle. There was a soothing expression on his face. His gaze swept across the crowd slowly and said, "What is it now? Happening?"

"City Lord Liu You has not come back! There is no news from Master Li Tian!" a venerable nearby replied.

"Then continue to pressure and let the people outside continue to make a fuss! I don't believe that Li Tian can sit idly by!" The Supreme Master said with a gloomy expression and gritted his teeth.

"Now that the trouble is so big, will it be difficult to stop it if it continues?"

"Difficult to close? Do you think we still have the possibility of closing? Now we can only break the boat and continue to encourage more people to follow us! Only in this way will we have more opportunities and more chips!" Said the First Venerable.

"but....."

"Nothing! In the past, in the space of the Qiong Lance of the Sky, there were only us and the three sons of the Nether Master and their followers, but there were more than one hundred of them. We are the existence that stands at the top of this world, Li Because Tian depends on us, we also get more attention!"

"If everything continues according to this situation, we may not be unable to follow Li Tian. As Li Tian's cultivation level continues to improve in the future, it is entirely possible for us to gain freedom and even more benefits!"

"However, you are also aware of the current situation. Since the arrival of the spiritual soil bandits in the Lycra Desert, this situation has changed. Li Tian relies more on those Venerable fifth and sixth-level spiritual soil bandits. It is the other spiritual bandits, and their cultivation base is far stronger than ours. He has completely forgotten our existence!"

"If things go on like this, it is entirely possible that we will become Li Tian's slaves in this space. Do you want to become such a person? If so, how different is it from us in the Vagrant City?"

"If it weren't for Long Yin to leave, we would definitely not dare to expose this idea, but since Li Tian can allow Long Yin to leave, then presumably he won't care about us!" The Supreme Master said after taking a few more sips of wine. .

"But will Li Tian agree to our request? We are not qualified to compare with Long Yin in Li Tian's eyes after all!"

"Hey, don't you understand it yet? This is just our strategy. I don't ask Li Tian to fully agree to our request, as long as he agrees to let us leave, as for other things, it doesn't matter at all! "

"unimportant?"

The Supreme Lord sneered, but did not explain.

The Amnesia Herbal Soup God Horse is indeed useful, but the Supreme Master has already recorded the important information he considers and kept it close to him. As long as he is allowed to leave this space, he believes that the information he has is enough to change what he wants. Everything you want.

Of course, if Li Tian is willing to agree to some of his requirements, then he will consider whether he wants to disclose the information.

At this moment, the door of the room was suddenly knocked open.

A man ran in, because he ran too hurriedly, his feet were messy and he fell to the ground.

The man's face was full of sweat, and his eyes were full of panic. He panted and said with a trembling voice: "Several adults, the big thing is not good! Liu You...City Lord Liu You is back!"

"Why? What can Liu You do when he comes back? It's not the first time he has come back these days. Could he still control the current situation? Without Li Tian's order, he can't do anything!" Said with a sneer.

"Lee... Master Li Tian also followed back!"

"Hehe, it seems that Li Tian can't sit still! It doesn't matter, now that the turmoil in Fengcheng is even more in the eyes, it seems that Li Tian wants to come and appease us first, then our chance is here!" On the contrary, there was a trace of excitement on the face of the first sage.

"Big...sir! Accompanying Master Li Tian are City Lord He Feng and several powerful venerables among the bandits of the spiritual soil. They...they are all covered with blood, will they...will they have Has the turmoil in Fengcheng calmed down?" the man said.

The Supreme Lord suddenly felt that the situation was not good.

"Is there any news from the wind city? Does any of you know when Li Tian entered the space? Why do we know this important news now?" Venerable Shangshou turned his head and asked the other Venerables in the room.

A nobleman stood up.

He is the contact person of Youcheng and Fengcheng Turmoil.

"My lord, don't worry. This time the turmoil in Fengcheng is the dominant force. The spiritual land bandits have a stronger cultivation base. They are the absolute main force. With the strength of Li Tian and He Feng, it is not so simple for them to calm the chaos Thing. I suspect that the blood stains on their bodies are likely to be blind!"

"Ten thousand steps back, even if the turmoil in Fengcheng has been calmed down, the turmoil in Fengcheng has nothing to do with us, and none of us showed up in this turmoil in Youcheng, even if it is true. If there is anything, they will never investigate us!"

The Supreme Lord was relieved.

He got up from his seat, took a few steps, stretched out his hand to pull up the man who fell to the ground, patted the man on the shoulder, and said, "Don't panic, even if the sky falls, we will be held by our venerable ones. You are just a small person, they won't notice you! Now, you continue to go out to listen to the news, if there is any news, report to us immediately!"

The man seemed to have received great encouragement and nodded heavily.

The man opened the door of the room but saw Li Tian, Liu You, He Feng, Tang Xiaolong and more than a dozen Venerables. I don't know when they had already appeared outside the door. The faces of the Venerables in the room showed involuntarily. The color of horror.

"Master Li Tian, you...you are finally back, we...we are discussing how to deal with the unrest outside?" The Supreme Lord suddenly stood up from his seat and said tremblingly to Li Tian .

Li Tian glanced at him and ignored him. Turning to look at the man who had just opened the door, he sneered and said, "He said one thing is right, you are just a small person, and a small person naturally has the benefits of a small person. But...little people are ants, anyone can easily kill them!"

Click! With a sound, Liu You shot, and directly wringed off the neck of this little man.

"It's over!"

I don't know who screamed in a trembling voice. In an instant, several venerables in the room were soaked with cold sweat and flowed down, and they collapsed on the ground.

Chapter 4462: : Thunder means (3)

Two cities, a thousand heads, this is Li Tian's thunder method!

Thunder is too fast to hide the ears, and the heads of all the core and main members of the turmoil in the two cities have all landed, and everyone in the two cities is silent for a time!

Is Li Tian a tyrant?

What can be done?

Li Tian's tyrant-like behavior aroused cheers!

From Fengcheng to Youcheng, most of the rioters in the two cities were beheaded and their heads hung on the city, but the ordinary people in the city cheered.

"Master Li Tian is finally showing off!"

"Yes! If Master Li Tian doesn't make a move again, this city doesn't know what it will become!"

"Yes, that's right! Those turbulent **** are everywhere deceiving people, even for coercion and temptation. In this short period of ten days, because of their goals, no fewer than 20 or 30 people will die!"

"Now finally calm down!"

"Only a thousand people were killed? On average, there were only 500 people in each of the two cities? Too few!"

"Master Li Tian is still a little soft-hearted!"

"Yeah, if it was me, I wouldn't let Long Yin take someone away last time! He can leave Long Yin, but if other people want to leave, they can only leave as a corpse! No, even if they become The corpses can't let them go!"

"A group of ungrateful guys are really deadly!"

In the two cities, there are cheers and discussions everywhere!

On the second day, an announcement was posted at the same time outside the mansion of the three cities!

After discussing with the third son of You Ming, Liu You, He Feng and others, Li Tian decided to formally form a force in the space of the Qiong Spear of the sky: the sky thorn!

Heaven is Li Tian's heaven!

The thorn is the thorn of the flower thorn 1913!

Please allow me to be cute

If the current emperor and domain master of the Netherworld are the sky, then Li Tian will pierce this sky out of a hole!

The thorn is the sword in Li Tian's hands!

If you want to become a member of Tianshou, you must go through a strict review and inspection!

Tentatively, there will be five team captains in the Tianshou station. Each team leader has the qualification to recruit ten members. The five team leaders are: He Feng, Liu You, Tang Xiaolong, Xue Ji, and Little Hotpot!

And the captain needs to be responsible for the members he recruits!

Becoming a member of the sky stab, you can get a lot of spiritual source or spiritual soil supply, you can have the opportunity to enter the Netherworld to complete the training and tasks specified by Li Tian, have the opportunity to get the guidance of the ninth-level power of the Venerable, and even have the opportunity to obtain the domain Meet the strong at the main level.

Blocking is worse than sparse!

Since someone wanted to get out of the space of the Heavenly Qiong Spear, Li Tian decided to guide it correctly.

Don't you want to go to the Netherworld? Yes, then join Skystab and give you a chance!

Don't you want spiritual soil and spiritual source? Yes, then join Skystab and give you a chance!

Don't you want to take refuge in a stronger Venerable? Yes, join Skystab and give you a chance!

"Venerable's ninth-level expert's guidance? Is it the woman Li Tian brought in before?"

"It seems to be her. According to Master He Feng, that woman is the ninth-level powerhouse of Venerable, and that woman is still the Venerable Follower of the Lord of the Dark Domain, so it is not impossible to meet the Lord of the Domain!"

"What do you think of Lord Li Tian's background is, in just over a year, Lord Li Tian is now in the early stage of the fourth level of Venerable, and there are also Venerable ninth-level experts who are tired of him!"

"Didn't you hear about it? Lord Li Tian's eldest wife, Lord Situ Ningbing was taken away by the female domain master, and seemed to be accepted as an apprentice! It seems that the female domain master and Master Li Tian are inextricably linked. Relationship!"

"No matter what, I want to join the sky thorn!"

"Just you? Haha, what level are you as a cultivator now? Is it level 3 or level 4? It seems that you can only draw a tie with the little blue tile of Lord Li Tian now!"

"Don't look down on people. I have a low cultivation base now. That's because I have been in contact with cultivation for a short time. As long as I have time, I can definitely break through to the realm of venerable!"

"Venerable? Don't be kidding me, only fifty people are needed for this day's thorn. Do you know how many venerable persons are in the space of the heavenly spear?"

"Does the announcement say that you must become a Venerable? How do you know the result if you don't try it? How is it different from salted fish if a person has no dream?"

An announcement immediately turned the silence in the Qiong Lance space into excitement.

From time to time, someone went to the three city lord's mansions to inquire about the conditions and requirements for joining the sky thorn.

The city lord's Fuzhong, Li Tian, He Feng, Liu You, Tang Xiaolong, Xue Ji, Xiao Hotpot, Li Letian, Meng Guang and others of the three sons of the Netherworld gathered together.

"Brother Li Tian, are you going to tell us the requirements for selecting members of the Tianshou? Now it is going crazy outside!" Liu You said.

"That is, since the announcement yesterday, almost everyone of my spiritual land bandits has come to me, and I don't know how to explain it to them!" He Feng said.

"That is, Lord Li Tian, I also want to join the Skyscraper!" Li Letian said.

"And me!" Meng Guang added immediately.

Li Tian was very satisfied with the result, and said with a slight smile: "Tiancao now recruits fifty members in total, but I mean these fifty members are not in a hurry to complete the recruitment at one time!"

"What? Fifty members can't be recruited at one time? If so, will the number be too small? Of course those who are recruited are happy, but those who have not been recruited will probably complain!" He The wind said.

"Hey, I just want them to have complaints! I am not a pension institution or a welfare institution. If you want to become a member of Tianshou, then you have to undergo strict selection! According to my initial plan, each of you, the team leader I know how to recruit five members."

"Five members? Isn't this too few?"

"For these five members, I still have my requirements! The first point is to be loyal! Loyal to the Qiong Spear of the sky, loyal to your captain, and loyal to me Li Tian!"

Everyone nodded, loyalty comes first.

"The second is immediate combat power. Once the sky thorn is formed, I will immediately arrange for you to enter the dark forest, start hunting the dark beasts, and start all-round trials!"

Everyone nodded again. If after a long period of training, the time delay is too long, for Li Tian there is not enough meaning!

Li Tian went on to say: "This is the first batch of members. As for the follow-up members, I hope to introduce an incentive mechanism. As for the remaining five members, you can choose from the reserve!"

"That is to say, the first group of members who did not enter the sky thorn, all can enter the reserve force, register the strength of these personnel, and then according to their current strength, give a certain time to see their cultivation growth. If there are good members, they can be absorbed into the sky stab!"

"Li Letian, you are the captain of the reserve force!"

"Master Li Tian, then...what about me?" Meng Guang couldn't help but feel a little anxious!

"You have other arrangements! Don't participate in such boring things!" Li Tian said.

Chapter 4463: : The Mystery of the Vicious Dog (1)

Li Tian entrusted Tang Xiaolong, He Feng and others to deal with the Tiancai matter!

Li Tian still has more important things to do now, and that is to continue to take care of Xiaoqingwa and Youanrou!

This little blue tile could grow into a ninth-level nether beast in the future, Li Tian naturally used his heart!

Youanrou is now the ninth-level powerhouse of the Venerable. In the future, it is possible to break through to become the master of the dark domain at any time, and Li Tian needs to be more careful.

"Li Tian!"

After seeing Li Tian stepping out of the space of Qiong Spear of the Sky, You Anrou directly rushed forward, holding Li Tian's neck with both hands and forcibly asking for a kiss!

Meng Guang, who followed Li Tian out of the space, was stunned!

"Awesome! Lord Li Tian is really amazing! The ninth-level expert actively asks for a kiss. It's... really heavy!" Meng Guang couldn't appreciate the beauty of the dark and soft, except for the dark and soft figure. Great nothing to say, Meng Guang couldn't help shaking his head when he saw the dark and soft complexion.

In the dark and soft eyes, the Venerable Meng Guang was just a slightly larger ant. She hadn't tasted Li Tian's soft lips and smooth tongue for several days. How could she care about Meng Guang's eyes.

However, Youanrou didn't like the look in Meng Guang's eyes, and directly used a gravitational coercive attack, crushing Meng Guang to the ground, and fell into a shit.

Meng Guang was hurt!

Isn't this just looking at you more? Are you doing this to me?

Oh, don't single dogs have no human rights?

Gloomy softly forced his eyes to enjoy Li Tian!

Li Tian is helpless!

No way, it's popular!

In the space these days, Li Tian had nothing to do, and played several sandwich games with Ye Meijing and Liu Jimeng.

Li Tian can be No. 1 facial slice, vegetables or bacon, or No. 2 bread slices. Anyway, they are playing differently, while Ye Meijing and Liu Jimeng are completely satisfied after the initial shyness. Li Tian's request.

Even the two of them would take the initiative to find opportunities to molest Li Tian, and all the firepower and ammunition that Li Tian had stored for a long time was lit up on both of them!

So now even if You Anrou throws in her arms, Li Tian doesn't have much thoughts.

Little Qingwa is a little unhappy!

This calf-sized guy kept holding Li Tian and Youanrou with his two strong claws, as if Li Tian and Youanrou didn't love it anymore.

Helpless, although You Yinrou was very helpless, she could only loosen Li Tian and let Xiao Qingwa also haunt Li Tian greasy and crooked Li Tian.

"Woo, fancy show-loving dog men and women!" Meng Guang thought with a sad face.

...

You Yinrou let go of the pressure exerted on Meng Guang and pointed to Meng Guang and asked, "Li Tian, what are you doing with him? His cultivation is so weak that it will affect us! I can only protect Xiao Qingwa and your safety, he, I don't care!"

Meng Guang really wanted to cry without tears!

Li Tian fought with Venerable Nanlan Peak, and his whole body was wounded. Later, it was the small green bottle of liquid medicine that Windsor, Liu Yihui and Li Tian grabbed from Venerable Heartbroken to heal his injuries.

But the liquid medicine in the small green bottle has been consumed.

Li Tian wanted to take Meng Guang to walk deep in the dark forest, try his luck, and see if he could find the legendary tree spirit and steal some green trees for use!

But without the protection of Gloom and Soft, Meng Guang would definitely not dare to stay with Li Tian!

You know this is the middle layer of the dark forest!

At this time, Meng Guang decided to sell the seller for glory!

"Dear Mrs. Li, the villain has some skillful skills, and was asked by Master Li Tian to follow him to find the tree elves and steal some green trees back for use! If Mrs. Li is unwilling to provide shelter for the villain, then I am afraid... .."

"Mrs. Li? You call me Mrs.?"

The dark soft mood suddenly refreshed, and the expression in Meng Guang's eyes became more gentle.

"Yes, yes! It seems that your vision is pretty good! You are going to find the tree elves, and I must follow you, otherwise you will not find it, even if you can find your safety, you will not get the safety. Guarantee! Hahaha!"

Youanrou embraced Li Tian's arms like a female man, and kissed Li Tian's cheek forcefully, and said triumphantly: "Have you heard, even your people can see that you will be my Youanrou from now on. Man!"

Li Tianzhen couldn't understand the power of You Anrou's pride!

"Well, anyway, I, Li Tian, must have been regarded as a stallion by many people, so I won't be overwhelmed by another dark and soft!" Li Tian thought in his heart.

Seeing Li Tian's silence, Youanrou thought that Li Tian was worried about the female domain master, and said with a smile: "Don't worry, the female domain master and I are good friends. She will choose to share with me when she has good things. I believe she won't mind sharing you with me! After a while, I will take you to visit the female domain master. I will make it clear to her in person and promise not to make her embarrass you!"

Youanrou is really big-hearted!

Situ Ningbing is a clone of the female domain master, which means that Li Tian and the female domain master actually have this relationship between men and women to some extent. Now you dark and soft want to develop your girlfriends female domain master's men into their own men. Yes, you really are...

In fact, this is just a girlfriend.

In the history of ancient China, the sisters Zhao Feiyan and Zhao Hede of the Han Dynasty, and the sisters of Zhouhou and Xiaozhou in the Southern Tang Dynasty, both married the same emperor.

There are even more weird ones.

During the Tang Dynasty, she was Song Ruoxin, the author of the Analects of Confucius during the Zhenyuan Period of Dezong of the Tang Dynasty. She and her four sisters Song Ruozhao, Song Ruolun, Song Ruoxian and Song Ruoxun became the five most beautiful and eye-catching sister flowers in the harem of Dezong Tang.

For this kind of thing, you just think about it.

With the help of Youanrou, Li Tian was more relieved.

Isn't it just selling a little hue? Li Tian is still quite happy!

Li Tian brought the vicious dog out of the space of the Qiong Spear of the sky.

When he first encountered the vicious dog, the vicious dog was only the ninth-level peak realm of the cultivator, and the vicious dog had already broken through to the noble one-level peak realm in the death battlefield.

Back in the Netherworld, even though Li Tian had not brought the Vicious Dog out yet, the Vicious Dog's cultivation base also advanced by leaps and bounds!

Now the cultivation base of the vicious dog has reached the early stage of the third level of the Venerable.

This made Li Tian also arrived quite unexpectedly!

With a vicious dog, Xiao Qingwa looked extremely excited, and wanted to rub the vicious dog from time to time, but every time the vicious dog would fly away with a bone tail!

Little Qingwa would run over and continue to repeat the action just now.

Seeing the vicious dog, a strange expression flashed across her face, but she soon returned to normal.

The look in the evil dog's eyes was full of disdain for the dark and soft, but only Xiao Qingwa could understand this look.

Li Tian invited You Anrou to sit on the Vicious Dog, but You Anrou refused Li Tian's invitation. Li Tian was also embarrassed that he sat on the Vicious Dog alone and could only walk with You Anrou!

On the contrary, it was Meng Guang who took advantage of the sky and sat on the dog.

This is also to better protect Meng Guang!

Several figures swiftly shuttled through the woods. After a while, You Yinrou suddenly turned her head and asked: "Li Tian, tell me, where did you get this vicious dog? Why did I never listen to you before? Speaking of?"

Chapter 4464: : The Mystery of the Vicious Dog (2)

Li Tian didn't expect Youanrou to attach so much importance to Vicious Dogs.

Over the past few months, through contact with Youanrou, Li Tian deeply felt Youanrou's love for him, and knew that Youanrou was absolutely trustworthy, so Li Tian didn't conceal Youanrou.

Li Tianjiang briefly told You Yinrou how he entered the battlefield of death, how to get acquainted with the evil dog, and how to subdue the evil dog.

After listening to You Yinrou, she did not make any statement about the evil dog, but told Li Tian that Li Tian should respect the evil dog!

Originally, Li Tian only regarded the vicious dog as an episode in the final fantasy adventure.

After entering the Netherworld, the Vicious Dog's cultivation level obviously did not help Li Tian too much, Li Tian also left the Vicious Dog in the space of the Qiong Spear of the Sky, allowing the Vicious Dog to practice on his own, and by the way, let the Vicious Dog live in the space for retirement. .

Now that Youanrou said so, Li Tian found that the vicious dog looks absolutely not simple.

Actually so.

After entering the Netherworld, Li Tian cultivated to reach the sky, and now his cultivation has reached the early stage of Venerable Level 4, and Situ Ningbing, who has been taken away by the female domain master, has also broken through to reach the Venerable Level II realm, and there are some insignificant little people. We have made some small breakthroughs, but instead are humble dogs, silently and now they are the Venerable Level 3 promotion.

With the addition of the sturdy fighting power of the Vicious Dog, I am afraid that the current strength of the Vicious Dog has reached the mid-level 4th grade, or even higher.

"It's no wonder that the last time I gave the spirit soil to the evil dog, he was so despised by it. I am afraid that this evil dog is also from the Nether Realm! I just don't know what level this evil dog is!" Li Tian thought in his heart. .

Unknowingly, a few people walked through the dark forest for hundreds of miles. When the sky was getting dark, Li Tian and others came to a not too wide river.

The old trees on both sides of the river are towering, and the rivers that are not too wide are gurgling.

It was getting late, for the sake of safety, Li Tian wanted to take the dark and soft Meng light into the space for the night. After all, the space of Void Yasha is comparable to a luxury hotel, and it must be quite comfortable to live in.

But Youanrou disagreed, thinking about camping with Li Tian in the dark forest.

Gloom and soft are used to living in the gloomy forest.

Gloomy has a huge city in the middle of the gloomy forest, which is called the gloomy city. Compared to the cities controlled by other domain masters and emperors, the underdark city has a sparse population, but in fact there are nearly 100,000 long-term residents in that city.

Coupled with the bounty hunters traveling from north to south and the various trade unions and chambers of commerce stationed in the Under City, there are nearly 150,000 people in this Under City.

In the dark forest, most people would like to remind them, but in this dark city, safety can definitely be guaranteed, and free trade in that city is also possible.

However, as the lord of the dark city, the lord of the dark domain rarely shows up in the city.

And the spokesperson on the face of the Lord of the Dark Domain, You Dark Rou will only appear in the city for a few times, and will solve some difficult problems with the Lord of the Dark Domain. At other times, the Dark Domain Lord lives in the dark forest like a beast.

Since Youanrou likes camping, Li Tian can only agree!

A bonfire was lit in the area near the river. Meng Guang, the vicious dog, and the little blue tile surrounded the bonfire. Meng Guang was responsible for cooking the evening food, and the vicious dog and the little blue tile were responsible for destroying the food.

Li Tian and Youanrou are fishing at night by the river.

The meaning of being drunk and warm is not in the wine, but in the mountains and rivers.

Youanrou only wants to be with Li Tiangian, while Li Tian enjoys the rare tranquility.

The night in the dark forest is particularly beautiful.

The sky was densely covered with stars, and the weak light of the stars fell on the river surface, shimmering the river water.

Does the wood in the bonfire make a cracking sound? Some sparks will slowly fly into the sky and disappear soon.

It was early autumn, the weather was not cold, the breeze was blowing slowly, and the flames were swaying from side to side in the breeze.

In the distance, the leaves in the gloomy forest made a rustling sound, and the unknown gloom beast roared at the sky, startling a group of black and crushing birds.

Gloom and soft leaned on Li Tian's arms, looking at the fish float that floated along the river, while her heart was completely indulged in Li Tian's arms with the floating fish float.

I don't know how long it took, and the float started to float up and down, because there was a fish bite.

Li Tian wanted to get up to catch the fish, but was stopped by the dark soft wave.

"Just let it go!"

Li Tian can only give up.

It is a pity that this is not the sea, but it is not daytime.

Otherwise, press the dark soft on the beach...

Keke, it was You Yinrou lying on a beach chair, Li Tian applied sunscreen to You Yinrou, the picture must be very beautiful.

After a few minutes, You Anrou sighed leisurely.

"Why sigh for such a beautiful day?" Li Tian asked.

You Yinrou raised her head to look at Li Tian's cheeks under the stars, with a soft light in her eyes, and slowly said, "Li Tian, do you know why I went to find you in a tavern outside the dark forest?"

"Aren't you entrusted by Situ Ningbing?"

"This is just one of the reasons! Li Tian, you know that I don't have friends in the dark forest. I can only be called a friend in the underworld, and the only female domain master!"

"Others have regarded me as the Lord of the Dark Realm. I don't know how glorious it is, but only I know how much pain I am suffering. Give it to me, every time I hear it, I am very happy!"

"This time, Situ Ningbing followed the arrival of the female domain master, and she told me a lot of stories about you. Only then did I discover that someone can live so colorfully!"

"It is impossible to describe one in ten thousand things that you have done using heaven and earth. In Situ Ningbing's eyes, I can see that she is full of love for you, and I know a woman who loves you like her, There are many more!"

"From that time on, I have been curious about you. Every day I desperately want to see you soon! When I saw you, I was actually quite disappointed! I feel that your cultivation is weak and pitiful, facing others You actually chose to avoid this provocation, which makes me feel that Situ Ningbing's vision is nothing but this."

"But, gradually, I discovered that I don't know you!"

"You are a contradiction! You will be afraid of choosing to escape, you will also take risks for the so-called love, you will be moved by the lioness, and you will kill for the betrayal of your people!"

"Moreover, I discovered that you have many, many secrets! The more I discover, the more I feel that the distance between me and you is getting farther and farther! Only now do I understand what it means to suffer from gains and losses."

"Li Tian, I know that one day you will leave the dark forest and you will leave me, but...but I can't follow you like Situ Ningbing. I feel uncomfortable in my heart when I think of this!"

"Li Tian..."

Women are really troublesome, do you want me to kiss you?

In this situation, if you don't do something intimate, I'm sorry for such a scene.

Li Tian held up the dark and soft cheeks and kissed hard.

Immediately behind Li Tian came the wailing cry of Meng Guanggui: "Also let the single dog live? Can we still have a barbecue together?"

"A sin..."

Chapter 4466: : Soldier Tree Wizard

The atmosphere is good and the passion is burning!

Gloom and tenderly wrapped his arms around Li Tian's neck, and two slender and straight legs were involuntarily wrapped around Li Tian's waist.

Nima!

This female leopard has no teacher, knows how to play such things!

The flame in Li Tian's heart instantly burned, and a word flashed in his mind: Go!

Meng Guang looked at Li Tian a little stupidly, he only felt that his mouth was dry.

As a normal man, he has not experienced men and women for hundreds of years. Seeing this simple action is enough to fill his heart with desire.

But Meng Guang was not stupid, he knew that no matter whether it was Li Tian or Youanrou, anyone could easily kill him.

Meng Guang didn't dare to continue watching, turning his back to Li Tianhe and Youanrou, lowered his head and burned barbecue.

Xiao Qingwa thought that Li Tian and Youanrou belong to it, but Li Tian and Youanrou could not belong to each other. Seeing Li Tian and Youanrou gnawing together again, Xiao Qingwa used his claws to dig the ground impatiently. .

Xiao Qing Wa wanted to rush out from the fire and separated Li Tian and You Yinrou in a simple and rude manner, but the vicious dog pressed it with its wings and made it immobile. The angry Xiao Qing Wa wailed, with tears in her eyes. To the ground.

The vicious dog sighed!

Since becoming this skin bag, the vicious dog feels that his three views have been destroyed.

You say it is a ghost beast, but it has a human soul, you say it is a human, but it is the body of a ghost beast.

Seeing Li Tian and You Yinrou's intimate actions, Vicious Dog didn't know what he was thinking.

Anyway, no matter what the idea is, it sounds like a beast.

It's like a man sees a pair of wild dogs together in the park, that man will never have that kind of desire, otherwise he will really be inferior to a pig and dog.

"Damn woman!"

The vicious dog simply closed his eyes and didn't think about such things!

In fact, Li Tian and Youanrou are still some distance away from the fire, about fifty or sixty meters!

If it were ordinary people, they would never see this far in this darkness!

It is precisely because of this that Li Tian has become more presumptuous.

Li Tian kissed the dark soft, his hands involuntarily pressed on the full and towering twin peaks of dark soft.

The scene was really ***** magnificent, Li Tian felt that his hands could not completely control the situation.

Moreover, the dark and soft twin peaks are full, upright, full of elasticity and firmness. Even if they are separated by a layer of animal skin, Li Tian felt a sense of tension and happiness in his hands.

Li Tian grabbed it for a while and couldn't help but want to grab the second, grabbed the second and couldn't help but wanted the third. After grabbing the third, he couldn't help but just keep grabbing.

You dark softly groaned!

This sound is not loud enough, but it seems particularly harsh in this quiet night.

Li Tian felt his head congested, so he entered the space of Void Yasha with the dark and soft, and continued to talk about life!

However, at this moment, the dark soft movement suddenly stopped.

Li Tian tried to continue several times, but was interrupted rudely by the dark soft.

"Li Tian, don't say anything, it's a tree spirit!" You Yin said softly in Li Tian's ear.

Hearing the dark and soft words, Li Tian's blood instantly cooled down, his head moved slowly, and he saw a few tree elves dancing by the riverside on the other side of the river!

As the tree spirits danced, Li Tian could see a layer of light blue light released on them.

The appearance of the tree elves was not as good as Li Tian had imagined.

Behind is a pair of huge transparent wings flapping constantly, and a pair of huge compound eyes on the head looks a little scary. Apart from having two small arms on the body, this tree elf looks somewhat similar to the dragonfly on the earth. .

But this tree spirit does not fly horizontally like a dragonfly, but flies vertically!

Of course, this tree spirit is hundreds of times larger than a dragonfly, and it's about a foot long!

The few tree elves did not seem to notice Li Tian and You Yinrou, nor did they find the flames of the bonfire on the other side. It can be seen that their huge compound eyes are entirely ornamental.

But the ears of the tree elves, Eh, and Li Tian don't know if they have ears, anyway, their hearing system is surprisingly good.

When Li Tian and Youanrou spoke in a low voice, the tree elves suddenly stopped and looked at the other side of the river vigilantly.

After ten seconds, there was probably no danger, and these tree spirits returned to normal.

These tree elves took out a walnut-sized container made of stone carvings and flew to the river to fetch water from the river. After being filled with water, the tree elves used a leaf and rope to hold the container. Sealed his mouth.

After all the tree elves were filled with water, these tree elves flew into the distant forest.

"Shall we chase now?" Li Tian asked.

Youanrou shook her head and said, "No, these tree elves are the lowest tree elves in the tree elves race. Even if you follow them, you won't get the tree greens you want. On the contrary, if you rush to catch up Maybe they will stun the snake and let the other tree elves escape!"

"Are tree elves still divided into levels?"

"Everything in the world, that race is not hierarchical? Are ants not hierarchical? Are humans not hierarchical?" Gloom and soft paused, and continued: "The classification of tree elves is stricter than that of humans, as we saw just now. They are the soldiers of the tree elves. They are doing the cheapest job in the tree elves. Of course, they are also the main force to defend the tree elves!"

"Just them? Hehe, I feel like a slap can kill a few!" Li Tian said.

"If I told you that the tree elves really live in the core layer of the dark forest, I'm afraid you wouldn't think so?" You Anrou said.

"What? It's impossible, isn't it? I heard that the deepest core layer of the Dark Forest is dangerous. Even if a powerhouse of the Emperor rank enters, he may not be able to come out alive!" Li Tian said.

You dark soft nodded slightly and said, "It seems that you are not so arrogant enough to dare to dominate the core area!"

"Isn't it because I have you by my side? If it weren't for you, I'm afraid I wouldn't even dare to step into the middle level!" Li Tian said embarrassedly.

"The cultivation base of a single soldier tree elves is not strong, it can barely reach the realm of cultivators! But if it is a whole team of soldier tree elves, even if it is a powerhouse of the emperor, I am afraid that you will have to ask for it!"

"Is there such an exaggeration? If this is the case, the tree elves still do not rule the entire Netherworld?" Li Tian asked suspiciously.

"The tree elves are the guardians of the dark forest, they will not leave the dark forest! But...somewhat strange, tree elves rarely appear in the middle layer of the dark forest, and generally do not show up at night. Did something accident happen to the tree elves?" You dark soft hissed suspiciously.

Chapter 4466: : Underworld Snow Beast

"Have you been to the core area of the dark forest? Do you know these tree elves?" Li Tian asked.

You Yinrou smiled slightly at Li Tian, her white teeth could be seen in the dark, and the smile on her face could be seen very sweet.

"Who am I? I am the Lord of the Dark Domain. Although my strength is only in the middle level of the Dark Forest, I also have a place in the Dark Forest!"

"The domain master and the emperor may be life-threatening if you go to the core area of the dark forest, but for me, who has lived in the dark forest for thousands of years, if I go to the core area of the dark forest, I just need to follow the core area. There is absolutely no danger to the inner law!" You Yinrou said with a confident expression on her face.

"You are quite confident!"

"If there is no such confidence, how dare I take you into the core area of the dark forest! As for the tree elves, I also have some connections with them. I can't guarantee anything else, but it shouldn't be difficult to ask them for some trees. !" You Yinrou said proudly.

Not to mention, since Li Tian followed You An Rou, unless You An Rou took the initiative to provoke those Nether Beasts, other Nether Beasts would deliberately avoid them after seeing You An Rou.

Even if Li Tian followed the dark forest to steal the milk of various nether beasts to feed the little blue tile, he has never been avenged by the nether beasts. This shows the status of the dark forest in the dark.

Therefore, even if Li Tian and You Anrou are camping here tonight, there is no Nether Beast without eyes that takes its insult.

Thinking of this, Li Tian couldn't help but feel a little upset.

If you had known that Youanrou could get the green trees, you don't need to bring Meng Guang. Then when Li Tian was already passionately burning with Youanrou just now, maybe Li Tian took the opportunity to overthrow Youanrou and broke through the last layer of defense. .

"I knew this, I won't take Meng Guang!"

"Let's take it. Maybe we will encounter other things in the core area of the dark forest. With Meng Guang, you may have other gains! Moreover, along the way, Meng Guang takes care of the little blue tile, which is rare for both of us. Free time!" said You Anrou.

"Will there be other gains?"

"Don't be insatiable, you already have a small blue tile, don't you still know it? Do you know how many people dream of a golden-eyed lion as a pet mount!"

"I know! I'm very satisfied and content, not to mention that I still have you by my side now! Hahaha!" Li Tian was full of gratitude to You Anrou, and hugged You Anrou to treat her well.

It's just that the previous atmosphere is no longer there, and naturally there will be no more excessive movements.

"How far is it from the core layer?" Li Tian asked.

"After crossing the river and going northwest for a day's journey, there will be a steep mountain range in front of us. Crossing the mountain range is the core layer of the gloomy forest!" Gloom and soft paused, and continued: "Get some rest. I have to hurry tomorrow!"

...

No words for a night!

The next day, when the sky was bright, Li Tian and others set off again.

Without the raids and harassment of the Nether Beast, Li Tian and the others were fast.

After less than half a day of galloping, a towering mountain stood in front of Li Tian and others.

The mountains are steep and towering, thousands of feet high, and there are many ridges on top of the sky. Looking up, you can see the snow on the top of the mountain.

Surprisingly, although this mountain is steep, it is not a bare and barren land. There is vegetation covering from the bottom to the top of the mountain, but the bottom of the mountain is still towering old trees. When it reaches the mountainside, it is already a low shrub. , But it is moss covered by snow and glaciers.

Li Tian sent the little blue tile and the vicious dog into the space of the Tian Qiqiong spear, taking Meng Guang, and following the dark and soft towards the mountains and ridges.

The cultivation bases of several people are not weak, and there is not much difficulty in jumping over ordinary high mountains.

However, since it is a mountain range, it will not be a single mountain. After jumping over dozens of peaks in a row, the end of the mountain range is still not visible.

From the moment you climbed up the mountain, teleportation is no longer realistic.

Even if it is a ninth-level strongman like You Yinrou, teleportation can move a distance of tens of meters or less than a hundred meters at best, as for Meng Guang, only seven or eight meters per teleportation!

Li Tian tried to send Meng Guang into the space several times, but was stopped by the dark soft!

Li Tian didn't understand why You Anrou made such a decision, but You Anrou's decision would definitely make her reason.

After jumping over several mountains in succession, You Yinrou said to Li Tian and Meng Guang: "Go ahead, there are the last few mountains. There are dark snow beasts in this mountain range. Don't panic when you meet the dark snow beasts. Just behave normally, don't turn around and run away, otherwise it will be very dangerous!"

"Meng Guang, in normal behavior, you can use your wonderful hands empty. There are a lot of good things in the skins of the Undergrowth Snow Beast, so you can take it desperately! Those good things are for you and Li Even the sky is extremely beneficial to me!"

Meng Guang nodded.

The three figures are constantly galloping past the mountains.

"There is the Dark Snow Beast ahead, Meng Guang is ready to do it!"

With dark and soft gazes, Li Tian and Meng Guang saw a huge humanoid creature. This creature is covered with white hair and can walk upright. Each ghost snow beast is as high as ten meters in size, exactly like Little giants.

The dark snow beast's head moved very slowly, and there was a huge rock on top of its head, which seemed to treat the rock as their hat. The dark snow beast used tree vines and animal skins to make a rough skin and hung it on its body.

The dark snow beast is a docile creature.

At least it looks quite docile at the moment!

Even if Li Tian and the others galloped past in front of the Dark Snow Beast, the Dark Snow Beast would not take the initiative to provoke Li Tian and others, but would stop and watch Li Tian and others curiously flash past.

However, if you think that the Dark Snow Beast is not aggressive, then you will make a big mistake!

This kind of huge creature lives among the lofty mountains, feeds on the rocks in the mountains, and takes ice and snow as the water. They have long had bodies with copper heads and iron arms, and they move as fast as thunder and lightning.

The reason why they move slowly is because of them: lazy!

Meng Guang was in awe, seeing that the Dark Snow Beast didn't take any action to harm them, and finally mustered up the courage and began to use his masterless hands.

From time to time, his figure would flash from Xue Beast's body. If it didn't flash once, there would be a few things in Meng Guang's hands.

There are sparkling spars, black rocks, and unknown roots.

Meng Guang could feel that these things were extraordinary, and he couldn't help but get excited.

And the Dark Snow Beast watched foolishly as Meng Guang stealing from them!

Every time Meng Guang got something, he would quickly hand it over to Li Tian, and then continue!

At this moment, Meng Guang's figure suddenly stopped, turning around to look at Li Tianhe You Yinrou, staring at the suddenly extra thing in his hand in amazement, and said with excitement on his face: "This...this is actually a spirit. Crystal Snow Lotus?"

Ouch!

The dark snow beast beside Meng Guang suddenly became angry and roared at the sky!

"Damn it, run!"

Chapter 4467: : Fleeing in a hurry

The dark snow beast jumped like thunder! The rock on the head shattered instantly!

This stone seems to be a magic weapon to control their anger.

The stone shattered, the eyes of the dark snow beast were red, and the white hair on the whole body was gradually changing color, as if it was covered in blood!

The anger of the Underworld Snow Beast would be contagious. At first, only the Underworld Snow Beast behind Meng Guang looked like this. Within a few seconds, all the Underworld Snow Beasts around Li Tian and others became like this.

Ouch!

Behind Meng Guang, the dark snow beast raised his arms and slammed heavily at Meng Guang. If it weren't for the dark soft reminder, if Meng Guang avoided early, maybe Meng Guang would be smashed into flesh!

Damn it!

Li Tian's figure flickered and came to Meng Guang's side.

"Master Li Tian, yes... I'm sorry, I'm so excited!" Meng Guang said apologetically.

Excited!

At this time, Li Tian didn't know what to say about Meng Guang, and reached out his hand to send Meng Guang into the space of Void Yasha!

boom!

No coercion fell on Li Tian and Youanrou. It is estimated that this dark snow beast would not exert coercion like a human, but Li Tian and Youanrou froze, and instantly felt the air become solidified.

Huh!

Huh!

The dark and soft figure flashed, and she had come behind Li Tian, and she pulled up Li Tian's arm and continued to rush towards the top of the mountain like crazy!

"I heard about me! Don't hide in the space, otherwise the dark snow beasts here will gather more and more, and then we won't be able to escape! Don't ask anything, remember to follow me and run desperately!" Youanrou quickly To say.

Li Tian actually wanted to ask what is to escape up the mountain instead of down the mountain!

Since Youanrou wouldn't ask why, Li Tian could only shut up.

Huh!

Whoosh!

The figures of the two of them flickered continuously, galloping past the white snow.

boom!

A huge boulder the size of a small hill flew from behind, and You Yinrou didn't use an attack to break the boulder, but instead led Li Tian to move upward and avoid the boulder.

The boulder hit the ground heavily, and the ice and snow splashed with the gravel.

It hurts in the face and body!

Li Tian glanced back and saw that there were seventeen blood-red dark snow beasts behind him. These dark snow beasts looked like old dragon bells just now, and their moving speed was not much slower than Li Tian's dark and soft.

These dark snow beasts stopped abruptly from time to time, thrust their arms into the snow, and pulled out a few huge rocks from the snow that was more than two feet thick, and then threw them to the dark and soft Li Tian, as if thinking Want to smash Li Tian and Youanrou alive!

boom!

A huge boulder fell, and a gravel flew up and hit Li Tian's face.

His face was not broken, and blood did not flow out, but Li Tian's face was bruised and purple.

"Coax, coax!"

The dark snow beast that had just thrown the boulder held its belly, shook its body, and made a strange noise, as if it was laughing excitedly.

Immediately, the blood on this dark snow beast gradually faded and turned into snow white fluff again.

This gloomy snow beast strode to the front of the huge boulder, picked up the huge boulder thrown by him again, and pushed it to the top of his head again, his huge face was full of excitement.

However, this dark snow beast is quiet!

Sun, it turns out that these things are so easy to be satisfied!

However, Li Tian and the dark snow beast behind You Anrou are not few!

boom!

boom!

Boulders were constantly being smashed down, and rubbles continued to splash and hit Li Tian.

wrong!

why me?

At most, a little bit of ice and snow was splashed on You Yinrou, but she had never seen any rubble hit her.

Is it?

These splashed rubble still have eyes long?

Is it?

Can these gloomy snow beasts be confused by the gloomy and soft beauty?

Too late to think about it.

No matter, it's better to hit Li Tian with a stone than to hit You Dark Rou!

Otherwise, You Yinrou's beautiful face would be bruised and swollen, but it wouldn't look good!

Man, be cruel to yourself!

After running for more than ten minutes, the number of Underworld Snow Beasts that Li Tian and You Anrou were chasing after them had been reduced to five or six.

Li Tian's face has been completely deformed!

It's like anime!

"Persevere!" You Anrou said.

Li Tian nodded.

boom!

boom!

Two boulders smashed down again, and Li Tian and You Anrou avoided them.

Sure enough, there were still a few small rubbles splashing on Li Tian's cheek!

"Coax, coax!"

"Coax, coax!"

The blood on the two successful dark snow beasts faded, and they looked at Li Tian with satisfaction and smiled again.

Laugh at your sister!

Next time I have a chance, I will let Meng Guang steal all of you, so I don't even have a pair of underpants!

At this moment, Li Tian and You Anrou had only four dark snow beasts left behind!

And Li Tian and You Anrou were about to flee to the top of the mountain.

The four dark snow beasts became more and more angry, jumping like thunder, and jumping around.

Rumble!

The snow on the top of the mountain was collapsed by these goods!

avalanche!

Xue Lang swept Li Tian and You Yinrou in an instant, taking Li Tian and You Yinrou to the mountain without stopping.

The four dark snow beasts never had the intention of running away. They wanted to continue to attack Li Tian and You Anrou, but they were caught in the snow wave and turned into four huge snowballs, rolling towards the bottom of the mountain.

Rumble!

Li Tian's body rolled continuously for dozens of laps before being suddenly replaced by Gloom and softly, and ran down with Xuelang.

Li Tian felt dizzy, but fortunately, Li Tian was already standing on the waves of Xuelang with You Yinrou at this time, and he would not be swept away like it was at the beginning.

What surprised Li Tian was that, except for these four dark snow beasts who were involved in the snow waves, when the other dark snow beasts saw the avalanche, they pressed one hand on the rock above their heads and quickly avoided. .

The speed is really fast!

The snow waves are powerful, and the trees along the way are rolled up by the roots. Even if they encounter protruding boulders, they will instantly be broken into pieces.

For more than ten minutes, Xuelang swept Li Tian and You Anrou and the four dark snow beasts had rushed halfway through the mountain.

Where Xuelang passed, there was a mess.

Fortunately, Li Tian and Youanrou's cultivation bases are not bad, and Youanrou is guarding Li Tian, otherwise he must be injured all the way down from the top of the mountain!

For nearly an hour, Xuelang brought Li Tian and the dark snow beast whose four heads turned into giant snowballs to a stop at the bottom of the mountain.

The danger is removed!

Li Tian sat on the ground with a blue nose and swollen face, breathing heavily.

The ***** thing is too exciting.

This is much more exciting than skiing!

You Yinrou bounced the snow off her and Li Tian, and said with a smile: "Now we are safe. We are still in a coma while riding on the dark snow beasts. Take the time to see how many treasures are in the skins of several dark snow beasts Right!"

Chapter 4468: : Great returns

Hearing the treasure, Li Tian got excited again, got up, and punched the snowball closest to him.

The snowball broke into several pieces, exposing the dark snow beast inside.

At this time, the body of the Dark Snow Beast was still blood-red, presumably they were still in anger.

Now, this dark snow beast had fainted and was unconscious, even if Li Tian took the opportunity to kill him, there would be no problem.

"I advise you not to do that, otherwise you will regret it!" You Anrou said.

"Well, I just think about it! Why take it seriously?"

Li Tian carefully opened the rough skin of the Dark Snow Beast and saw that it was filled with all kinds of weird shapes. The skin of the Dark Snow Beast was like a treasure chest, containing minerals, wood, spiritual grass, and so on!

Li Tian dumped these things out of his mind, piled them on the ground, and began to pick the baby!

"Lingjing Snow Lotus?"

Li Tian found a crystal snow lotus in the skin of this gloomy snow beast, held it in his hand and looked at gloomy softly, and asked, "What is the use of this thing?"

Seeing Lingjing Snow Lotus, the expression on her face changed slightly, but she did not explain too much, and said with a smile: "Your luck is really good. This Lingjing Snow Lotus is extremely rare. I think that today you can get two spirit crystal snow lotus!"

"Let's put it away first, and don't pick and choose. This dark snow beast is a kind of magical creature that likes to collect treasures than dragons. Even if these things are inconspicuous, they are definitely treasures!"

"For example, this ore is the main material for forging magic weapons. Even if a small amount of this mineral is added to ordinary steel, the weapons forged will be extremely sharp!"

"For example, this black root of the tree is an important material for refining the Spirit Gathering Array. Oh, do you know what the Spirit Gathering Array is? When you reach the eighth level of the Venerable, you will know the Spirit Gathering Array. What's the use!"

Every time Youanrou picked up an item, she would tell about these items, anyway, in the eyes of Youanrou, there was no ordinary material.

Li Tian was full of joy, wishing that even the rough skin of the Dark Snow Beast was put away as a treasure.

"Li Tian, you can take things, but don't finish them all. Leave two or three pieces, so that the Underworld Snow Beasts can continue to collect treasures, otherwise they will be very sad and even change their temperament!" You Anrou said.

Li Tian is a little hard to decide, and there are a few more treasures left in his hand, which is really not Li Tian's style.

Reluctantly, Li Tian put two pieces of the most low-grade ore in it. After thinking about it, he put a bottle of Niulanshan Erguotou in it, and then he started the next snowball.

Youanrou also helped.

Ten minutes later, a certain room in the space of the Void Yasha was already piled up with these treasures.

According to You Yinrou, these treasures can all enter the auction.

If Li Tian took out all these treasures to exchange for spiritual soil, he would at least be able to exchange for the spiritual soil that was produced in a century of spiritual soil under the control of a domain master.

It can be said that Li Tian is now the last super rich man.

Li Tian asked Windsor and Liu Yihui to sort the treasures when they were free and put them on the shelves for later use.

"It's so cool! I had known that the harvest was so rich, so Meng Guanglai shouldn't let Meng Guanglai use his hand to anger all the dark snow beasts, and then use the avalanche to turn them all into snowballs. In this way, these Isn't it all ours?" Li Tian said excitedly, rubbing his hands.

"It's really inadequate. If you don't have Meng Guang, unless you are the domain master, how can you easily steal treasures from the dark snow beast? If you can't steal the treasures, how can you easily anger the dark snow Where's the beast?" You Yinrou said.

"You mean those dark snow beasts are angry because things have been stolen? But why are they satisfied so easily, as long as they get rid of my swollen nose and swell their anger?" Li Tian asked.

"The dark snow beasts are proud creatures. In their eyes, we humans are estimated to be just like little reptiles. They like to collect treasures, and they will regard the treasures as a symbol of identity and strength. If the treasures are stolen, they will naturally be angry. And as long as you smash your black nose and face, they will be satisfied in their hearts, and naturally they will not kill you.

"Of course, the premise is that you can avoid their boulder attacks, otherwise your body will only become a pile of rotten meat. There is another way to irritate them and let them run after you, that is, you die and take the initiative Go provoke them!"

"However, the strength of the Dark Snow Beast is not bad. If you really provoke them, you will be regarded as a challenge to their proud status. At that time, all the Dark Snow Beasts may unite to deal with you! At that time, it's not as simple as hitting you with rocks."

"Do you know the reason why the ninth-level strong of the venerable dare not jump over this mountain easily? Because the ninth-level strong of the venerable will definitely not survive under the attack of the dark snow beast." You Anrou said .

"Although we were lucky enough to obtain so many treasures today, this method cannot be replicated. Without this avalanche, the two of us can only take these dark snow beasts around the top of the mountain until all their anger is eliminated! "

"So, the most conservative way is to use Meng Guang's brilliant hands!" said You Anrou.

Li Tian probably already understood.

"What about these four dark snow beasts?" Li Tian asked.

"When they are awake, they will naturally return to the top of the mountain. It is not too early now. We still hurry up and try to reach the last mountain before the sky is completely dark!" You Anrou said.

Li Tian followed You Anrou and continued on.

The mountain is steep, and Li Tianhe's dark and soft figure continues to gallop through the mountains.

On the way, Li Tian and You Yinrou encountered several creatures living in this mountain range, because of the existence of You Yinrou, all dangers were turned away again and again.

One of these creatures is called Xuanyue Yinyan by Gloom and Soft. This Xuanyue Yinyan is only the size of a palm, but it is not bound by the gloomy forest. It can fly freely in the sky and fly extremely fast like lightning. .

Li Tian likes it very much.

I really want to grab a few and equip the three Xiaoyasha!

You Yinrou promised to wait for the return journey, if given the opportunity, can catch two chicks and go back, let Li Tian raise and play!

Youanrou is absolutely true love to Li Tian!

...

The sky was completely dark, and the earth was pitch black.

Standing on the top of the mountain, I feel the stars are all around me.

You can pick the stars!

An arrogance emerged spontaneously.

All around him were silent, overlooking the dark forest core area, there was another kind of prosperity in front of him, Li Tian felt like he had come to another world!

"It's amazing!" Li Tian said excitedly.

Chapter 4469: : Emperor Tree Elf (1)

The gloomy forest is full of brilliance, just like rivers that are dazzlingly flowing.

There was the sound of silk and bamboo faintly, as if the creatures in the dark forest were holding a grand gala.

Dark and soft eyebrows are tightly locked!

"Li Tian, let's hurry down and go down the mountain. I feel that something may happen in the dark forest!" You Anrou said.

Li Tian came to the core area of the dark forest for the first time. He didn't know the difference between now and before. Seeing the dark and soft complexion, he didn't dare to delay, and followed the dark and softly to gallop down the mountain.

...

It's only early autumn now.

It stands to reason that at least most of the leaves of the trees in the dark forest should be yellow-green, but almost all the trees that can be seen by the dark and soft eyes are withered.

It was as if the mountain range behind You Yinrou was the dividing line, and there was another world inside and outside.

Fluttering!

When Li Tianhe bottomed out to the valley, Li Tian saw a few tree spirits flying out of the rock cracks in the mountains.

Li Tian didn't know whether these tree elves had the ability to cross mountains, or whether there was a passage through which tree elves passed through in the mountains. It seemed that tree elves were much easier than Li Tian. 4.

These tree spirits clearly saw Li Tian and You Yinrou, but they did not stop, but continued to fly forward.

Gradually, more and more tree elves appeared behind Li Tian and Youanrou.

These tree elves are just like the tree elves Li Tian and Youanrou saw by the river before, they are all soldiers! But at this time, they seem to be as busy as ants.

The tree elves carried a walnut-sized container around their waists. When the tree elves flew to the side of the tree, they immediately removed the container from their bodies, and then took out a vial from the skin and dropped a few bottles into the vial. Pour the liquid into the container, and then pour the water in the container on the roots of the tree.

Soon, the withered trees will rejuvenate, and after a few seconds, they will grow tender green branches.

"It's Shuqing!" Li Tian knew that the contents of the tree spirit bottle were Shuqing.

Shuqing has the ability to make dead trees come in spring, and even dead trees can be brought back to life.

However, the tender green branches just grew by half, and immediately they became withered again, and the leaves hulled and fell continuously.

All the trees in the dark forest where Li Tian and the dark eyes can touch.

Thousands, no, it is the millions of tree elves that keep flying, bringing water from rivers thousands of miles away, and then irrigating these trees.

However, no matter how many times they repeat, the tree will still wither quickly.

This is completely useless!

Youanrou said anxiously to herself: "What the ***** is happening? Why do these trees die?"

"Li Tian, I'm sorry, I'm afraid there is no way to find you a green tree now, the tree elves are in a dilemma!" said You Anrou.

Li Tian shook his head and said to Youanrou, "Can we help you? In this way, even if all the tree elves are exhausted to death, these trees cannot be saved!"

"You follow me, let's go to see the emperor tree elves, and maybe she will be clear after asking!" You Anrou led Li Tian towards the depths of the dark forest.

Without going out a few hundred meters, a few soldier tree elves with spikes in their hands flew in front of Gloom and Gentle Li Tian, and stopped them with the spikes in their hands.

"Please exit this area immediately, otherwise you will be punished by the tree elves!" said one of the tree elves with blue wings.

It can be seen that even if the dark forest is now in such a crisis, these tree elves still have a certain amount of troops to protect the forest.

You Yinrou did not resist, and bowed to the tree elves and said, "I want to see your imperial tree elves. The tree elves are now experiencing distress. Maybe my friends and I can help you."

"The emperor tree elves will never see anyone, please return immediately, otherwise you will be rude to you!" said the blue-winged tree elves.

"I am You Anrou, and your friend Jirou!" said You Anrou.

"Elf? Haha, you are a human. It is impossible for our tree elves to make friends with your humans! I warn you one last time, if you don't leave again, don't blame our tree elves for being rude to you!"

"Then offend!"

Gloom softly took the strong bow in his hand, and three heavy metal arrows were placed on the bowstrings at the same time, and a powerful wave of energy spread rapidly in all directions.

The dark and soft behavior gave Li Tian the feeling of hitting mosquitoes with a cannon.

Li Tian wanted to do it, but was blocked by You Yinrou.

"You can't do it, otherwise the problem will be complicated!"

Around, the tree elves who were watering the trees suddenly stopped their movements, pulled out the spikes on their bodies one after another, and flew towards the dark and soft Li Tian.

Fluttering!

In the distance of the gloomy forest, a tree spirit with golden wings flew out.

"Stop it all, this is our friend of the tree elves, Elf Rou!" the tree elves with golden wings shouted.

When the other tree elves saw the golden-winged tree elves, they saluted him, and then quickly flew back to their original positions to continue busying their work.

Just now the blue-winged tree elves looked at You Yinrou suspiciously, and said in a low voice: "We tree elves are actually friends with humans? How is this possible?"

The golden-winged tree elves looked at Li Tianhe with compound eyes, and then said to You Yinrou: "Elves, I haven't seen you for a long time. These soldiers have never seen you, so please don't be angry. "

Youanrou put away the strong bow and heavy metal arrow, bowed to the golden-winged tree elves, and said, "Hello tree elves, we haven't seen each other for about five hundred years. Today I will take my friend Come visit the Emperor Tree Elf, maybe we have a way to help you!"

"That's great, the elf is waiting for you? You will take you there!"

The golden-winged tree elves flew in front, flew a few meters and turned their heads, as if to explain to Li Tian, saying: "The life span of the tree elves is only ten years, so they don't admit defeat to Elf Rou. You and Elf Rou both It's our friend!"

A few minutes later, Li Tian and You Anrou followed the tree elves to a towering giant tree.

This giant tree has a life span of tens of thousands of years. The trunk requires at least dozens of people to be enclosed. From a distance, it looks like a skyscraper.

The condition of this towering giant tree is not good. Tens of thousands of tree spirits are constantly irrigating, but the leaves on the giant tree are still withering. The situation is at stake, and it seems that it may become completely dead at any time.

Chapter 4470: : Emperor Tree Elf (2)

Around the giant tree, thousands of tree elves are holding various broken musical instruments in their hands and are playing music.

At this time, a tree elves with a size of more than two feet and purple-gold wings are flying around the towering giant tree with hundreds of tree elves with golden wings, flying in a strange route.

As they fly, a kind of shimmering debris floats on them.

The debris was suspended in mid-air and remained for a long time.

Sure enough, he was writing.

Old and strange tree spirit text.

After the golden-winged tree elves brought the dark and soft Li Tian here, they also joined the flying of the emperor tree elves.

"What is this doing?" Li Tian asked.

"This is the sacrifice of the tree elves. When the tree elves encounter problems that they cannot solve, they will use this method to sacrifice!"

After five or six minutes, the sound of silk and bamboo stopped, and the emperor tree spirit flew to You Yinrou.

"Venerable's imperial tree spirit, Jie Rou came to see you! It seems that you are in trouble now, can you tell Jie Rou and see if Jie Rou can help!" You Yinrou bowed and said.

Li Tian followed in salute.

The compound eyes of the Emperor Tree Elf glanced at Li Tian, and then his gaze fell on You Yinrou again, and said, "My dear Elf Rou, it is great that you can help me!"

"The rivers within thousands of miles of this area have dried up, and the trees have died. Although we have worked very hard, there is still nothing we can do. We need a lot of water! If you can help us fight some, that would be a help. We are most busy!"

"Of course this is not a problem! My friend Li Tian and I are willing to help you!" Youanrou directly replied without seeking Li Tian's consent.

The Emperor Tree Elf said: "I am grateful. When this crisis is resolved, I will hold a grand banquet to welcome you. Now, please forgive me for my unaccompaniment. I will continue to sacrifice to pray to the Tree God to bless our tree elves. Have this embarrassment!"

Youanrou said to Li Tian: "Li Tian, come with me to help the tree elves, they need our help!"

"Excuse me, I'm afraid we can't help much with this favor!"

"Li Tian, are you unwilling to help?"

"You know what I didn't mean! If you want to solve the current predicament, you should first understand why those rivers dry up and why these trees die. Only in this way can we solve the problem fundamentally."

"Discover problems, analyze problems, and solve problems, no matter what it is, there is always a solution. The current tree elves put their hopes on the ethereal tree god, please forgive me for nothing!" Li Tian said.

The elf of the emperor tree who had flown a few meters suddenly turned around, staring at Li Tian with two huge compound eyes.

You dark soft startled, and quickly pulled Li Tian, and said: "Li Tian, how can you talk like this? Hurry up and apologize to the emperor tree spirit, and quickly apologize to the supreme tree god!"

The surrounding air suddenly became serious.

Li Tian couldn't see how the Emperor Tree Elf's face looked. The speed of the Emperor Tree Elf's flapping wings was obviously slower, and then it got faster and faster. As the Emperor Tree Elf flapped its wings, Li Tian could feel a powerful force. Released from the elf of the emperor tree.

Zijin's spiritual power surrounds the Emperor Tree Elf, as if it will be released at any time to attack Li Tian.

"Emperor Tree Elf, I'm really sorry, my friend entered the dark forest for the first time, please forgive me where you collided, let's go to fetch water right now!" You Anrou quickly apologized and said.

"Jin Rou, you should teach your friend the most basic politeness in the dark forest. This time I care about your face. I don't care about him. If there is another time, then I will turn him into Fertilizer for these trees!" The elf said coldly.

Li Tian was also a little angry.

Just because he said such a sentence, should he be used as fertilizer?

This emperor tree spirit is too unreasonable!

Of course, in the face of absolute strength, there is no reason at all, but Li Tian is considering it for their tree elves!

It's not that Li Tian is unwilling to help the tree elves. There are rivers and lakes in the space of Li Tian's Qiong Spear of the sky. Li Tian can bring out a lot of water at any time.

However, even if Li Tian brought out all the water in the Qiong Spear of the Sky, and even if the tree elves had applied all the green trees, would these dead trees come alive?

Obviously impossible!

That being the case, then why have to do such useless work?

"Dear Emperor Tree Elf, since you are a friend of Elf Rou, then no matter how you think of me, I am willing to treat you as my friend."

"Since I treat you as my friend, then I am willing to treat you frankly. I can't just watch you go further and further down the wrong path and pretend not to see it."

"Li Tian, don't talk about it, let's go get water!" Gloom said with a soft tugging at Li Tian.

"Do you want water? I can tell you, I have a lot here!" With that, Li Tian's figure flashed and disappeared.

After a few seconds, Li Tian appeared again.

Li Tian already had two iron tongs in his hands, and the iron tongs were filled with clear water.

"Dear Emperor Tree Elf, I can get more water at any time, without the soldier tree elves running all the way. But even if there is more water and more green trees here, can it solve the current difficulties? Round?"

"Before we came, the tree elves might have been irrigating these trees in your way, but what's the situation with these trees? Before we came, the tree elves probably had already started offering sacrifices, right? What about the tree?"

"If the sacrifices can really save these trees, these soldier tree elves don't need to be busy!"

The Emperor Tree Elf that Li Tian asked several consecutive questions was speechless.

be quiet!

It's quiet all around!

All the tree elves looked at Li Tian.

This is the first time they have seen any human daring to confront the emperor tree elves like this!

"In that case, why don't you consider my proposal? Let's find out the real reason for the death of these trees, and then we are making arrangements for this reason, and finally solve the problem! Isn't this a good proposal?"

The purple spiritual power on the emperor tree elves became more and more dignified, and even those spiritual powers had been condensed into weapons.

From this we can see how angry the imperial tree elf is now!

"Okay! It seems that I was wrong! I am afraid in your eyes, my collision with you is more important than the resurrection of the trees in this large dark forest. Here, I apologize to you for being willing to collide with you!"

"You dark and soft, let's go! I don't need the green tree!!" Li Tian said neither humble nor humble.
