

A Killer 4501

Chapter 4501: : Hand Blade Enemy

A phoenix is not as good as a chicken!

In the early morning of the next day, after a night of ten thousand ants and spirit devourers, the once-nine Ling Green-eyed Sparrow Territory Lord has long lost the glory of yesterday.

He has changed back to his original form. At this time, the nine gorgeous tail feathers behind him disappeared, and seven of the beautiful feathers all over his body fell to the ground. The feathers on the top of his head were stained with blood, covering one eye, and he looked terrible. .

The cultivation realm of the Jiu Ling Green-eyed Sparrow has fallen to the fifth-level peak of the Venerable.

At this time, Li Tian's anger was only half eliminated!

"Emperor Ant, take the Ten Thousand Ants Spirit Devouring Formation, leave this guy to me, I will personally kill the enemy!" Li Tian said to the Emperor Ant.

"Antsky, are you sure you want to do this? You only have the Venerable's early promotion at the fifth level, and there is still a gap with his cultivation base. If you really want to kill the enemy yourself, then you will wait a moment , Wait until his cultivation level has fallen to the fourth level of the venerable realm before doing it!" A message appeared in Li Tian's mind.

Li Tian knew that this was because the Emperor of Ant was worried about Li Tian's safety.

Li Tian shook his head, with a slight sneer, and said: "I will not only kill him personally, but I will also defeat the last trace of pride in his heart! Don't worry, although I only have the Venerable fifth-level early stage realm, Even if he is a strong person at the sixth level of the Venerable, he may not be my opponent."

"Without absolute certainty, I won't take risks!" Li Tian added.

The Emperor of Ant looked at Li Tian's firm gaze, nodded slightly, not persuading Li Tian.

There are now dark and soft here, there are also two thousand general tree elves, and tens of thousands of Oolong fire ants. There will be no accidents.

"Dead sparrow, if it is not dead, just squeak!" Li Tian shouted to the green-eyed sparrow.

The green-eyed Nine Ling with a dull gaze looked at Li Tian, his eyes full of anger, curse, and unwillingness.

A smile appeared at the corner of Li Tian's mouth and said, "Very well, now you must be full of hatred for me, Li Tian, then I will give you a chance for revenge!"

Hearing the word revenge, a ball of fire suddenly appeared in the green eyes of the Jiu Ling Green-eyed Bird, flapping its wings suddenly, and flew towards Li Tian.

boom!

But his body had just been installed on the birdcage and was immediately bounced back.

"Damn fellow, you must not die!" Jiu Ling green-eyed sparrow cursed Li Tian.

Li Tiansi didn't care.

"If you die in the Ten Thousand Ants Spirit Devouring Array, you will definitely feel suffocated in your heart. Now I give you a chance to fight me. If you can defeat me and kill me, then you can Regain freedom!" Li Tian said.

A gleam of light flashed in the eyes of Jiuling Green-eyed Bird.

This is the desire to live, the desire to kill Li Tian.

What Jiu Ling Green-eyed Finch is most afraid of is that his body's soul will be swallowed up, and finally it will become an ordinary beast, and then let Li Tian kill it!

Now that Li Tian, who doesn't know the height of the sky, made such a request, this is definitely an opportunity for him.

The Venerable's fifth-level peak powerhouse, facing the Venerable's fifth-level junior powerhouse, if he can't win in this way, then he will die.

"Hahaha, are you kidding me? Do you dare to give me such a chance?"

"You must not dare, because you are afraid of death! You are just a soft guy who relies on a woman to provide you with shelter, even if my current cultivation base has fallen to the fifth-level realm of the venerable, but I will deal with you, it is a spike! "

Jiuling Green-eyed Sparrow was really afraid that Li Tian was teasing him, so he angered Li Tian with vicious words.

"Ant King, please!" Li Tian said.

The ant emperor nodded slightly, landed on the ground, and slammed into the ground.

A few minutes later, the spiritual power of the cage that had been trapped by the green-eyed bird for a whole day dispersed.

Jiuling green-eyed bird is free!

Nine Ling green-eyed sparrows used their spiritual power to wash away the blood on his body, allowing the spiritual power to slowly moisten the wounds all over his body.

Some ugly feathers slowly floated down from him, replaced by a new bright feather.

For this beautiful feather, the cultivation base of the Nine Ling Green-eyed Sparrow fell again, and it had fallen to the mid-fifth level of the Venerable.

But this extremely conceited guy, the guy who extremely cherishes his feathers, didn't feel anything wrong.

To deal with this fellow Li Tian, the cultivation base of the Venerable's fifth level mid-level realm is enough!

Originally, You Yinrou was a little worried about Li Tian. After all, Li Tiangang had entered the fifth-level realm of Venerable, and Jiu Ling Green-eyed Bird was the former domain master.

But when You Anrou saw Li Tianjian's eyes, the surging strong spiritual power on his body, and then saw the Jiu Ling Green-eyed Sparrow doing his own death, You Yinrou couldn't help shaking his head!

"Li Tian, come on, I will let you know that the gap between the two of us is the insurmountable sky! I will also let you taste the strength and pride of the Jiuling Green-eyed Bird Clan!"

The nine-ling green-eyed bird flapped its wings a few times, and its beautiful tail was sentimental, and two of its tail feathers wrapped in spiritual power looked particularly dazzling.

Huh!

Li Tianjiang shook the Heavenly Qiong Spear in his hand, and slowly walked towards the Nine Ling Green-eyed Bird!

"It's just a level five ghost beast!"

Li Tian walked faster and faster, his feet slammed on the ground and started to run wildly!

"court death!"

The nine-ling green-eyed bird did not greet it, but backed a few meters.

When Li Tian was less than ten meters away from the Jiuling Green-eyed Bird, there was a cold flash in the eyes of the Jiu Ling Green-eyed Bird.

Immediately, the nine-ling green-eyed finch screamed suddenly, flapping its wings.

The feathers that had been pushed down from the Jiu Ling Green-eyed Sparrow turned into thousands of feather arrows at this moment, floating up from the ground, and instantly stab Li Tian.

"Idiot, do you really think that I will self-destruct my cultivation for this feather? Now you have fallen into my trap, and today I will cut you a thousand times!" Jiu Ling said with a sneer.

The moment the feather arrow flew up, behind Li Tian, You Yinrou couldn't help clenching her fists.

But Li Tian's face was full of mocking expressions.

Whoosh!

Whoosh!

Thousands of feather arrows flew towards Li Tian from different directions.

At this moment, Li Tian's hand shook the Qiong Spear of the Sky, and the seven forty-nine small fishes in his body that had long been unstoppable came out of his arms in an instant. The moment they swam out of the cave, these small fishes It has become a dragon.

Seven or seven forty-nine purple electric dragons surrounded Li Tian's body, and even the nine-ling green-eyed bird seemed to hear the sound of the dragon's chant!

"Go to hell! No matter what it is, it can't stop my angry feather arrow!" Jiu Ling green-eyed bird roared.

Whoosh!

Whoosh!

Those feather arrows shot at Li Tian in an instant.

boom!

boom!

Loud noises continued to be heard from around Li Tian's body!

Chapter 4502: : Hand Blade Enemy

However, the eyeballs of the Green-eyed Bird of Jiu Ling almost fell to the ground.

This scene is quite spectacular, but the green-eyed sparrow of Jiu Ling can see clearly. The moment the spiritual power feather arrows touched the purple electric dragon, they disappeared completely, as if they were completely swallowed by the purple electric dragon!

"Impossible! How is this possible? I am a strong person in the fifth-level mid-level of the Venerable. Even if my cultivation base plummets, after all, my spiritual power still contains the remaining prestige of the domain master!" Jiu Ling green-eyed bird muttered to himself Thinking softly.

This is reality!

Can't allow him not to accept it.

However, how could the Green-eyed Nine Ling, who had just returned from the edge of death, accept this reality!

"I do not believe!"

The nine-ling green-eyed bird flapped its wings and rushed towards Li Tian!

Behind him, two tail feathers shining with spiritual power instantly separated from him, and shot at Li Tian like two lasers.

"Be careful!" You Yinrou shouted at Li Tian.

"Be careful!" A message appeared in Li Tian's mind at the same time.

"Hahaha, are you scared? Damn little bugs, I'm a proud green-eyed finches, and a green-eyed finches with the blood of the fire phoenix! Even if it's a phoenix, it is far from your kind. Bugs can reach!"

Two tail feathers are two sharp arrows!

A head shot at Li Tian!

A heart that shoots at Li Tian!

boom!

boom!

Two loud noises came out around Li Tian's body. The two purple electric dragons swimming around Li Tian's body were shattered by the tail feather arrow, and the violent impact force also blasted Li Tian backwards. Flew more than ten meters.

"Haha! Now that I know how powerful I am? Arrogant guy, now I want you to die!" Jiu Ling said grimly.

Hey!

The two purple electric dragons were destroyed, and the two small fish immediately swam out of Li Tian's veins, turning fish into dragons again!

Although Li Tian was blasted and flew back ten meters, but Li Tian was safe and sound.

Li Tianjiang took the Qiong Spear of the Sky in his hand, sneered and said: "Want me to die? You are not qualified!"

"Boy, you should never die by yourself, even if my cultivation has fallen to the fifth level of the venerable, but my two tail feathers have this strength far surpassing the fifth level of the venerable!"

"Don't say that you are at the beginning of the fifth level of the Venerable, even if you are the domain master of the sixth level of the Venerable, I am afraid it will be difficult to withstand my tail attack! Don't be brave, sit on the ground and wait for death! Otherwise! ..."

"Are you a stupid? Your tail feathers just smashed my two purple electric dragons. Lao Tzu is a man with forty-nine purple electric dragons! When you let go, when can you blast?" Li Tian said disdainfully.

The words were direct and vicious enough, and the angry green-eyed bird cried.

"Okay, then let me see how many times you, a little bit of the Venerable's fifth-level early stage realm, can withstand my bombardment!"

The two tail feathers of the Jiu Ling Green-eyed Sparrow circled in mid-air and blasted towards Li Tian again!

boom!

boom!

boom!

With each bombardment, the two purple electric dragons wandering around Li Tian's body would be destroyed, and Li Tian would be bombarded and flew out once.

However, every time he was blown away, Li Tian would stand up unharmed again, and the purple electric dragon would complete it in an instant!

"Antsky, can you do it? If it doesn't work, don't force it. We'll leave this kind of thing to Oolong Fire Ants...and two more boxes of sacred wine!" Another message appeared in Li Tian's mind.

The King of Ants looks like this. You read the first half of the message, and you will be touched. When you read the last paragraph, you will feel what the King of Ants is.

Li Tian, who has already understood the Emperor of Ant, knows that the Emperor of Ant is still worried!

Li Tian took the time to make an ok gesture to the dark and soft ant emperor!

"What does this mean? Ant Heaven is not convulsive, right?" The Emperor Ant sent a message and asked You Anrou.

You Anrou looked at Li Tian's gestures, with a smile on her face.

"No, this is a gesture from his hometown, it seems to be called Ouke, and the consciousness says there is no problem!" said You Anrou.

"No problem? He was hit by the nine-lings green-eyed sparrow flying everywhere, tell me there is no problem?"

"He said that if there is no problem, there is definitely no problem. According to my estimation, the battle is almost over!" You Yinrou said.

"Well, then I will believe in Antsky again!"

...

Nine Ling Green-eyed Sparrow enjoys the current battle very much.

No matter from whom, Li Tian has been attacked by him with no power to fight back!

The outcome seems to be set!

This is the thought in the mind of Jiuling Green-eyed Bird a few minutes ago.

A few minutes later, Li Tian was still flying out, but the result did not change at all.

"Impossible! Those purple electric dragons are condensed from spiritual power. Every time two purple electric dragons are smashed into pieces, how much spiritual power does he possess in his body veins!"

A trace of anxiety was involuntarily revealed in the eyes of the green-eyed bird of Jiu Ling.

"Quickly, very quickly, next time Li Tian will definitely be blasted down, and then he can't get up again!"

"Yes, that's it!"

However, at this moment, the battle scene suddenly changed.

When the two tail feathers shot at Li Tian again, Li Tian slammed the Qiong spear of the sky against the tail feathers. The two purple electric dragons carried a few black flames from the spear of the sky. The spear rushed out.

The purple electric dragon and two tail feathers met in mid-air.

boom!

boom!

There was another violent collision. The difference was that this time, the proud tail feathers of the nine-ling green-eyed bird shattered into a pile of powder!

Even the powder is still swallowed by the purple electric dragon!

The calm nine-ling green-eyed bird can no longer calm down!

When these two tail feathers were destroyed, the Green-eyed Nine Ling had no life-saving ability!

Whoosh!

Li Tian's feet were a little on the ground, and his whole body was instantly swallowed by black flames, and Li Tian's speed increased again.

"So fast!"

Before the green-eyed bird had time to blink, Li Tian had already appeared in front of him.

puff!

The spear of the sky pierced into the body of the nine-ling green-eyed bird instantly!

Hey!

Seventy-seven forty-nine purple electric snakes rushed into the body of the Nine Ling Green-eyed Sparrow along the Qiong Spear of the sky, and began to devour his body frantically.

"No... impossible...!"

Nine Ling green-eyed sparrow died unwillingly in Li Tian's hands.

...

"This...what's going on? Is it teleport?"

"No!"

"It's so fast, it's not teleporting, but the speed of movement is almost the same as teleporting!"

At this moment, there was an illusion in Ant Emperor's heart, Li Tian just now, but in terms of moving speed, he actually reached the ninth rank of Venerable.

No, to be precise, it should be said that it has reached the movement speed of the Emperor Realm!

"What a terrible guy! Venerable at level 6, Ant Heaven is invincible!"

Chapter 4503: : Race to meet

The nine-ling green-eyed bird is dead.

Li Tian cried, and cried very sad.

"It's such a good boy who cares about love and righteousness. He can cry for the death of the enemy. He is invincible!" The Emperor Ant continued to appear in Li Tian's mind with a message, playing with a sense of existence!

"Your sister! I'm crying for the beast crystal of this product! I was so hiccup just now, and accidentally let the purple electric dragon swallow his corpse clean. It fell well, and the beast crystal was swallowed. Now!" Li Tian cried and said.

"My sister? Come here, Antsky, and explain to me what your sister means? I promise not to kill you!"

Li Tian shut up quickly, how dare to say more.

You dark and soft came to Li Tian and said, "Li Tian, in fact, you don't have to be sad at all. Even if the beast crystal of the nine feathers green-eyed bird is obtained by you, it will be like a chicken rib for you. After being swallowed by the ants After that, his beast crystal has become the beast crystal of the Venerable fifth-level ghost beast!"

Li Tian felt better now.

...

Back to the area of the tree elves, the auction and ordering have already ended.

Many domain owners and emperors stayed because they hadn't got the wine they ordered.

The story of Jiuling Green-eyed Territory was spread yesterday.

All the domain masters and emperors expressed their sighs for the behavior of the Jiu Ling Green-eyed Domain Master himself for his death.

Last night, when the emperor tree elves came back, they brought back the news that the Nine Ling Green-eyed Sparrow was trapped and killed by the Oolong Fire Ants led by the Emperor Ant.

Many domain masters and emperors sighed.

It's not easy to reach the realm of the domain master, but the fall is so fast.

Everyone is just sighing, no one will offend the ant king because of the Jiu Ling Green-eyed Sparrow, let alone that guy is dead!

Although the wine tasting session was over, after Li Tian came back, these domain owners and emperors also successively got the wine they ordered.

The matter did not end there.

In the course of this exchange, many domain masters and emperors discovered that some of the things in the hands of other people turned out to be what they wanted. On weekdays, these domain masters and emperors rarely interact with each other. How can they miss the opportunity to communicate.

In this way, there is an additional bazaar in the area of the tree elves, one after another to exchange what they need.

There is no currency in the dark forest, and Li Tian's Niulan Mountain Erguotou Wine has become a unified currency recognized by all domain owners and emperors, and all treasures are based on Niulan Mountain.

This is something Li Tian never expected.

The bazaar, take what you need.

In your free time, there will be domain owners who praise this wine tasting.

"This wine tasting meeting is really great. You can taste delicious wines for free, and you have the opportunity to communicate with other domain owners and emperors and exchange treasures. I really hope that such a tasting meeting can be held every day. !"

Those who say this are definitely non-thinking guys. They hold it every day. The wine that Li Tian has stored is enough for them to drink for a few days!

"Your idea is very good, but it's not realistic. Businessmen are chasing profits. If there is no benefit, Li Tian would not be able to hold wine tasting meetings every day. Besides, how many treasures do you have enough to talk about wine?"

"Woo, let's not talk about it, it will be tears if I say too much, I have accumulated treasures for thousands of years, in order to change a few bottles of high-end wine, I have lost one-fifth!"

"It's really not grand. With the ability of Li Tian's current five-level realm to kill the domain master, even if you ask you to take out all the treasures and make friends with him, will you still suffer? Not to mention you still get it. Good wine!"

"Wait? Did Li Tian kill the Nine Ling Green-eyed Sparrow? Didn't the Oolong Fire Ants kill it?"

The domain master looked to the left and right, and saw that other people on the left and right were not paying attention to him. Then he said: "Don't you know? The Oolong Fire Ants are just assisting. It is Li who really killed the Green Eyed Sparrow. day!"

"Do you know why my heart is changing for beast crystals? Li Tian likes this thing! I heard that when Li Tian was beheading the Jiu Ling Green-eyed Sparrow, his power was not well controlled. As a result, the Jiu Ling Green-eyed Sparrow was directly bombarded. The smoke is gone, and the beast crystals are naturally gone! So I want to exchange two beast crystals and visit Li Tian today!"

"My day, why didn't you say it earlier, I won't change this beast crystal!" Another domain master said anxiously.

"No? Hahaha, you see Li Tian is here..." The domain master stretched his finger behind the domain master, and when the domain master turned around, he put his things away and ran away like a flee.

.

...

I don't know who passed it out, saying that the Territory Jiuling Green-eyed Sparrow was beheaded by Li Tian, which made Li Tian, who only had the fifth-level initial realm of Venerable, once again increased his reputation in the core area of the dark forest.

Those arrogant, powerful domain masters and emperors all thought of making friends with Li Tian.

And they think that the best gift is the beast crystal, the beast crystal of the domain master!

For a time, the price of the beast crystals at the domain master level in the market increased exponentially.

With that, Li Tian's wine sales have once again increased to a new level.

But Li Tian still didn't know anything about it.

When the Xuling tribe was constructing buildings such as auctions, they helped Li Tian and others build more buildings here.

Li Tian is finishing the funeral of Venerable Nanshan... well, there is actually no funeral.

The powerhouses of the Netherworld have already looked down on their anger, and there are many people who have no bones after death, so the other Three Mountain Venerables are not sad.

Li Tianzhi was a little bit sorry, and gave the remaining Three Mountains Venerable a lot of good things, making the three guys excited, and wishing to die every day.

After that, Li Tian went back to his room to comfort the frightened Diablo.

"Your heartbeat is so fast, come, let me feel the temperature of your lips, and see if you have a fever!" Li Tian stretched out his hand and touched the dark and soft chest, and said solemnly.

Entering the core area of the dark forest this time, Li Tian gained a lot.

Now that the Jiu Ling Green-eyed Sparrow has also been beheaded, it is the best time to promote the relationship with You Yinrou.

"Li Tian, I feel that you should go to comfort Windsor first, this time she has suffered much more damage than me!" said You Anrou.

Li Tian nodded and said, "I went to see her, but she didn't want to see me! Three little Yashas are with her! I'll look for her after a few days!"

咚咚!

咚咚!

Someone knocked on the door.

Li Tian couldn't help being a little unhappy.

What a beautiful two-person world, if the love is deep, maybe it can still sparkle?

Li Tian didn't want to open the door, but the guy who knocked on the door didn't mean to leave at all.

Li Tian had no choice but to let go of the dark and soft... chest.

"Wait for me, we haven't finished the test just now!" Li Tian said.

Opening the door, Li Tian discovered that the station outside the door turned out to be three domain masters!

"Three domain masters, what are you...?"

Chapter 4504: : Race to meet

"Brother Li Tian, what a nuisance!" the three domain masters said with their fists.

However, without Li Tian's consent, they squeezed Li Tian aside and walked directly in.

Entering the room, the three domain masters saw the dark room in the room, and they held their fists at the room, and said: "It turns out that the master of the dark domain is also here. This is the best, this is the best!"

Li Tian's face was dark.

What the **** is this?

You are the domain owner, but you can't break into private houses either!

You Yinrou stood up, replied, and said to Li Tian: "These three are the Lord of the Earth Evil Sky Eagle, the Lord of the Yin Mo Yin Niu, and the Lord of the Tian Gang Flame Lily! Among them, I and the Lord of the Yin Mo Yin Niu Yuanyuan is an old acquaintance!"

It turns out that this Yinmoyin Bull Territory Lord used to be an emperor-level ghost beast in the middle layer of the dark forest. He fought against You Yinrou a few times. Later, he didn't know how he got lucky, but he broke through to the realm of the domain master. .

When one person was able to ascend to the sky, the master of the Yin, Devil and Silver Bull Territory moved the entire group to the core area of the dark forest.

"So, I don't know why the three domain masters are here today? If you are ordering fine wine, you might have gone the wrong way!" Li Tian was still a little unhappy.

Nonsense, it was originally a sweet two-person world, and now it is destroyed by such three animals, no one will be in a good mood.

"Haha, good, Li Tian brothers are joking! Our brother did not order fine wine today, but came to see Li Tian brothers!" The one who looked at it had a fox face, and his eyes revealed a shrewd Tiangang flames. The Lord said with a smile.

"Look for me? Is there anything you want to do with me?"

Li Tian couldn't help but feel a little nervous.

Don't fuckin', these domain masters have something to do with the Jiuling Green Eyed Domain Master, if that's the case, then it's really a bit troublesome.

"We know that Brother Li Tian likes the domain master-level beast crystal. No, the three of our brothers joined forces and found a domain master-level beast crystal, and I brought it here specifically for you!" said Tiangang Yan, the domain master.

There was a burst of ecstasy in Li Tian's heart.

There is such a good thing?

Half a day ago, Li Tian was still sad for the beast crystal of Territory Jiuling Green-eyed Sparrow, but now someone took the initiative to send it to the door!

Unprovoked courtesy, thievery if it is wrong.

Li Tian suppressed the excitement in his heart, nodded and smiled, and said, "Thank you for the three domain masters, but I don't know what the three domain masters want to change? If it is to buy the wine in the auction, no I'm sorry, I can't do anything about it. Don't say I don't have those fine wines. Even if I have them, I can't exchange them like this. Otherwise, it would be too unfair to the domain owners participating in the auction."

"No, no, no! Brother Li Tian misunderstood. We are here purely because we know that Brother Li Tian likes Domain Master level beast crystals. There is absolutely no idea of changing anything, otherwise we would not come here!" The Lord of Earth Fiend Tianjiu said with a smile.

However, this guy's face is really sorry for the audience, not smiling, it's okay, there is a feeling of anger and prestige, when he smiles, his face is even uglier than a broken Lao melon!

This is definitely a good thing, but Li Tian still can't believe that such a good thing can meet him.

"The three domain masters know that I, Li Tian, are a businessman. What the businessman pays attention to is fairness in buying and selling. No merit is not allowed. If the three do not explain why, then I'm sorry. Please take back the domain master level beast crystal you sent. , I'm sorry I can't accept it!" Li Tian was in pain, but he was righteous.

Even Li Tian himself was moved by his integrity.

If Li Tian is a woman, then Li Tian must marry himself.

"This...this... it's just you, I'm stupid!" The Yinmoyin Bull Territory Lord said several times in a row, not knowing how to pick up Li Tian's words, and looked at the Tiangang Flame Litan Territory Lord.

The main domain owner of the Tiangang Flame Raccoon Territory pushed the beast crystal into Li Tian's hands and said: "If you see our brothers to Li Tian as they did, you may not believe Li Tian, but we are telling the truth. We are telling Li Tian. It's really like seeing it at first sight, and I want to worship you as a foreign brother, and this beast crystal is just a testimony of our brother's worship!"

"Yes, yes, yes, that's it!" The Yinmoyin Bull Territory Master said with a thumbs up to the Tiangang Flame raccoon Territory Master.

Worship?

It would be perfect if he could become alien brothers with these three domain master-level powerhouses, and Li Tian could definitely walk sideways in the dark forest in the future.

If anyone dares to insult Li Tian, Li Tian stretches out his hand and says that my brother is the domain owner of XX!

Li Tian bullied others in the dark forest. If others dared to resist, Li Tian still reached out and said that I was the brother of the domain master of XX!

This picture is absolutely beautiful!

But Li Tian's joy only lasted less than half a second.

Make an international joke.

Li Tian now, He Dehe Neng, can actually allow the Nether Beast of the domain master to take the initiative to worship him.

This feeling is as if you are looking at picking up a killer to be a wife. The Internet Ma x Yun and Wang x Jianlin suddenly knocked on your door and pulled you out of the bed, crying and shouting that you must become a brother. It's not reliable.

Li Tian did not pay his respects, but calmly analyzed.

"Three domain masters, I'm just a small businessman. If you want wine, I have it here, but if you want something else, then I can't give it!"

"Lord of the Dark Territory, we have known each other for many years. You should understand who my old bull is. Since I want to worship brother Li Tian, it is definitely not selfish! What kind of wine? Are we talking to Li Tian for these fine wines? Brothers worship? If this is the case, then we are not human!" Yin Mo Yin Niu domain master said.

Fuck, you are not humans!

Youanrou had already guessed the central thoughts of these three domain masters, and said to Li Tian: "As you can see from the three domain masters, you should worship them as alien brothers!"

Since Youanrou had said so, Li Tian agreed.

Anyway, there is absolutely no harm in bowing to a strong domain master.

I'm saying that bowing can't explain anything.

Boom!

咚咚!

There was another knock on the door.

"Brother Li Tian, don't open the door first, let's do serious things first, and bow first before going to watch the door!" Tiangang Yan Liyu said quickly.

Li Tian was puzzled.

what is it today?

I'm so anxious to bow to Li Tian!

When did my Li Tian become sweet pastry?

boom!

Before Li Tian had time to bow to the three domain masters, the Heavenly Buzzard Domain Lord, Yin Mo Yin Niu Domain Lord, and Tian Gang Flame Li Tian Lord, the door was knocked open directly, and a strong figure walked in from the door.

Gululu!

Gululu!

This figure threw a few **** heads on the ground, and said in a muffled voice: "Since we worship, how can there be no sacrifice?"

Chapter 4505: : Race to meet

It was no one else who came in from outside, but the domain master of the Purple Flame Thunder Bear.

But what he threw on the ground were the heads of a few green-eyed finches!

"Li Tian, you are so sensible! Old bear, I will kill these birds and things for you, but you hide in the room and worship these three bears here. Are you right with me?" Zi Yan Lei Xiong Yi Said with an unhappy face.

There are other domains outside the door that squeeze in, but they leaned back than the buttocks of the Purple Flame Thunder Bear Domain Master, completely blocking the door of the house, and no one can squeeze in.

Li Tian is really rare this purple flame thunder bear.

When the wooden sign was broken, Li Tian was kind to the tree elves and the Oolong fire ant family, but the emperor tree elves meant to push their heads. The ant emperor simply brought his oolong fire ant soldiers with Jiuling. The green-eyed sparrow domain master began to do it.

Although the Purple Flame Thunder Bear Domain Master came later, he didn't ask for any reason, and wanted to help Li Tiangan kill the Green-eyed Sparrow.

Later, Li Tian just said a word, this Purple Flame Thunder Bear Domain Master actually went to the Nine Ling Green-eyed Sparrow Clan and killed a few.

Li Tian was moved by the boldness and kindness alone.

If the three domain masters in the room are the icing on the cake, the territories of the territories of the earth evil, the silver bull, the master of the silver bull, and the master of the raccoon flame.

"Old Xiong, what are you talking about, if you don't have you, I would never be able to worship them even if they put me on the ground today!" Li Tian said.

After listening to Li Tian's words, the expressions of the three domain masters, the Lord of the Heavenly Buzzard, the Lord of the Yin Mo Yin Niu, and the Lord of the Tian Gang Yan, were a little unsightly, but Li Tian couldn't care about that much.

The Ziyan Thunder Bear Domain Master is too domineering, and Li Tian can't let the Ziyan Thunder Bear have a gap with him just because of the three of them who didn't know each other.

"Hahaha, I like to hear what Brother Li Tian said! The three of you who are not only ashamed, do you like to bow to bow? Since you bow to bow, then you can't leave my old bear!" Ziyan Thunder Bear said.

The three domain masters were still angry just now, and smiles immediately appeared on their faces when they heard the words of Ziyan Thunder Bear.

"So Old Xiong, do you want to bow down with Brother Li Tian? Let's be together!" Tian Gang Yan said with a smile.

"Worship is true, but you can't be worshipped in this rudimentary and shabby house. If you want to worship, we will go to the Dark Sacred Peak! Only when we go to that place can we be sincere, otherwise who knows what you are thinking about!" Ziyan Thunder Bear Said.

Speaking of Nether Sacred Peak, the three domain masters present, You Yinrou, trembled involuntarily.

"You... are you serious?"

"Nonsense, when did my old bear take it seriously! Think about it for yourself, if you are willing to go, then I am willing to bow to you, if you are not willing to go, then you immediately get out now!" said Ziyan Thunder Bear.

"Where is the Nether Sacred Peak?" Li Tian asked You Anrou suspiciously.

You Yinrou let out a sigh, and said: "The Dark Sacred Peak is the original name of the Dark Mountain. It is the center of the Dark Forest. Legend has it that there was once a super domain master of the Dark Forest. He broke through to the semi-god state on the Dark Peak. There is a ray of demigod's divine power remaining. Because of the thorns, it was named the dark sacred mountain. The main peak of the sacred mountain was the place where the demigod practiced at the time, and it was called the dark sacred peak!

The Divine Buzzard Domain Master nodded slightly and said: "It is not difficult to enter the Dark Sacred Mountain, but if the cultivation level does not reach beyond the domain owner's existence, and if you want to climb the Dark Sacred Peak, you will be attacked by the wrath of the gods. !"

"Yes, the legendary person who is attacked by the wrath of the gods will burst his skin, and his bones will be broken, but those who suffer the wrath of the gods will not die or faint. They can only endure this ratio. Death is even more terrible pain!" Yin Mo Yin Niu Yu said with a serious face.

"If you can bear this kind of pain and climb to the dark holy peak, the vows you swear on the holy peak will be blessed by the demigod. This oath can only be followed but not violated, otherwise the violator will suffer the divine power. Wrath!" Tiangangyan raccoon domain master finally added.

The purple flame thunder bear domain master grinned, he smiled, and said: "I thought I was going to take a look at the dark sacred peak to see what magic is there on that mountain, but my heart has never been cruel. Since you guys If you want to worship, then that place is definitely the best place to worship. If you don't have the courage to bear the pain at the same time, how can you share the blessing in the future!"

"Regardless of whether you go or not, my old Xiong must go with Brother Li Tian!" Domain Master Ziyang Thunder Bear added another sentence.

Li Tianzhen wanted to say: "Can I not bow down?" But he didn't dare to say it. He was really afraid of offending the fellow Ziyang Thunder Bear, and now he was carrying him to climb the Laoshizi Mountain.

It is not that Li Tian is afraid of death, mainly Li Tian is afraid of pain!

Isn't this looking for abuse?

You four guys are all at the domain master level, and I, Li Tian, is only an early powerhouse of the Venerable fifth level.

If I really follow you to climb the dark holy peak of Rao Shizi, whether Li Tian can come back alive is two different things.

The three domain masters, Tiansha Tianjiu, Yinmo Yinniu, and Tiangangyan raccoon, glanced at each other, and then said in unison: "Let's go! When we saw Brother Li Tian for the first time, we knew this brother, we agreed. Now. Even if it's going up to the knife and down to the pan, you can do it!"

"Brother Li Tian, how about you?" The four domain masters looked at Li Tian at the same time and said.

Can Li Tian choose to say no?

If he chooses to say no, then these four guys will definitely not take him to play with them in the future.

No pain No gain.

Willing to pluck, dare to pull Huang Zun off the horse!

Since there will definitely be a battle with the emperor and domain masters in the future, these four brothers really can't bow!

"Okay! Li Tian will stay with me to the end!"

Several domain masters and Li Tian discussed again. Several domain masters need to go back to the ethnic group to deal with some things first, and Li Tian also has other things to deal with, so he temporarily decided to gather here after a month. go with.

Now that he had decided to bow, Li Tian could no longer hide it. Another batch of fine wines died in battle, and a batch of fine wines for auction entered their skins.

The four domain masters agreed that five people are enough to worship, and no other domain masters are needed.

This sentence broke the possibility of Li Tian continuing to receive beast crystals from other domain owners!

Although the other domain owners have not been refused to continue to associate with Li Tian, they have already been completed after all, and they are far from the four domain masters such as Lao Xiong.

Oh, it's really not worth it!

Later, after Li Tian and the four domain masters had bowed to each other, Li Tian asked why Lao Xiong was so determined to help him and why he was so determined to worship him. Old Xiongyu said earnestly: Old Xiong was also the domain master who participated in the Battle of Ten Thousand Gods Mountain. When he saw the long-haired woman holding a weapon to kill the domain master like an ant, he already recognized the spear of heaven.

Therefore, when he saw Li Tian for the first time and saw that the weapon in Li Tian's hand was the Qiong Spear of the Sky, Lao Xiong had already decided to make friends with Li Tian, a local tyrant. It's a thief ship.

Of course, this is still something.

Message to readers:

Still writing, so tired!

Try to write two more chapters before 12 o'clock!

Draw a successful end to 2015!

Are you right?

Chapter 4506: : Windsor wants to open

In the space of Void Yasha, Li Tian walked in again.

It has been three days since Li Tian entered here last time.

Two times before Li Tian came here, Windsor did not see Li Tian.

Today, Xukong Yasha told Li Tian with his heart that Windsor wanted to see him.

The door of Windsor's room was open, and Li Tian knocked on the door and walked in.

There is no Windsor in the living room.

"You drink tea first, wait for me, I will come out immediately!"

Li Tian sat on the sofa and picked up the tea cup already placed on the coffee table.

The tea cup is filled with tea from the earth world.

The tea is not fresh, old tea, but the water that wins in the Netherworld is good, and it tastes different and delicious.

Soon, Windsor came out of the kitchen with a delicate fruit plate.

Most of the fruits in the fruit plate came from the space of the Qiong Lance of the sky, and some were fruits from the Nether Realm.

Windsor put the fruit plate on the coffee table and sat generously on the sofa on Li Tian's right.

Today, Windsor has no makeup, and his face is face up.

But as a beauty, she is pretty even without makeup.

Today she is wearing a white low-cut dress, and the two **** of white flesh on her chest are just right, not looking coquettish, but can be displayed perfectly.

Windsor smiled and said to Li Tian, "Eat fruits! The fruits of the Netherworld are still somewhat different from the fruits of the earth world. Although they are delicious, I miss the fruits of the earth world more!"

"Do you want to see me?" Li Tian asked.

Windsor nodded, put a piece of fruit in a toothpick, handed it to Li Tian, and said, "You want to taste it! Let's eat and talk!"

Seeing that Li Tian did not reach out to pick up the fruit, Windsor was not polite, put the piece of fruit in his mouth, and then began to chew slowly, the juice appeared at the corner of Windsor's mouth, Windsor smiled slightly, showing a shy expression, and quickly wiped it with paper Drop.

It seems that Windsor is not in a hurry to talk to Li Tian.

On the contrary, Li Tian became a little uncomfortable, and asked again: "Windsor, I'm sorry for what happened a few days ago. The Green-eyed Territory Lord Jiu Ling is dead, but I personally slaughtered him! In my strength When it is not enough to protect your safety, I will not let you take risks anymore!"

Windsor nodded and nodded, and said: "I know, Void Yasha has told me! Thank you!"

Speaking, Windsor picked up the second piece of fruit, put it in his mouth, and slowly refused.

Windsor's mouth is very beautiful. If you look closely, you will feel that her mouth does not chew once, and your heart will beat faster.

Li Tian dispelled this thought in his mind.

"Li Tian, why did you bring me and Liu Yihui to the Netherworld?" After Windsor swallowed the food in his mouth, she stopped eating and sat quietly on the sofa, looking at Li Tian and asked.

"At the beginning..."

Li Tian suddenly remembered. At the beginning, he was worried that if there was no way to heal his injuries in the Netherworld, he could use Liu Yihui's medical skills and Windsor's medical abilities to treat him and his people.

Of course, although this was agreed by Windsor and Liu Yihui, it was still an extremely selfish idea and decision.

After entering the Netherworld, when Li Tian fought with those strong at the Venerable level, especially after the Venerable ninth-level powerhouse was injured in the battle, Li Tiancai discovered that the effects of Windsor and Liu Yihui were not as great as imagined.

As a result, the role of Windsor and Liu Yihui is particularly embarrassing.

At this time, within a year of entering the Netherworld, Liu Yihui's weight has increased by at least half. Now Liu Yihui has become a complete otaku, just like a fat pig raised by Li Tian in the void of Yasha.

Although this example is full of disrespect to Liu Yihui, it is true.

What about Windsor? Windsor is not much better. Windsor is like a canary trapped by Li Tian in the void of Yasha. The difference is that Li Tian does not want to taste the canary.

"Sorry, I didn't think so thoughtfully at the time! How about I send you to the space of Qiong Liao of Heaven, that space is an independent world, and there are three cities in that space with hundreds of thousands of people. , You can live with them!" Li Tian said.

Windsor smiled, but she smiled ugly!

"Li Tian, do you want me and Liu Yihui to live with some guys who have never known what technology is, have never used a mobile phone, have never watched TV, communicate by shouting, and entertainment by hands?"

"We are not people in the same world at all. Even if we live together, in their eyes, Liu Yihui and I are just two monkeys entering the human world!" Windsor said.

Li Tian did not think about this aspect.

"Do you want to go back to the earth world?" Li Tian asked tentatively.

Windsor paused for a moment and said, "Yes, I, Liu Yihui, and we all want to go back! The two of us didn't belong to this world originally, and we are not cultivators. We can't integrate into your lives."

"Moreover, the existence of the two of us is your burden, and you need your protection and care everywhere. In that case, it is better to send us both back!"

Li Tian's brows couldn't help but frowned slightly.

Li Tian felt that Windsor was forcing him and forcing him to have a further relationship with Windsor. If Windsor wanted him to confess today, Li Tian might accept Windsor.

However, if Windsor proposes it in this way and threatens Li Tian, Li Tian will resist it from the heart to the body.

"So you called me today?"

"Yes, so I called you here today because I want to tell you: Come on and practice, young man, don't let Liu Yihui and I wait too long, don't wait for us to reach the realm of imperial elders when you are not able to walk. Send us to the earth world again!" Windsor said.

Li Tian was startled, he did not expect Windsor to say such things to him.

"Can you not leave?" Li Tian asked.

"Don't go, you raise me?" A smile appeared from the corner of Windsor's eyes. At this moment, Windsor was somewhat similar to Liu Piaopiao in the Star Master movie.

Li Tian knows that this sentence is by no means simple.

Li Tian hesitated, just about to say: "I will support you!"

But Windsor already shook his head and said: "No need! I already want to understand, it is absolutely impossible for the two of us!"

"Thirty years, fifty years, for a venerable like you, it's just a flick of a finger, but... but I am just an ordinary person. Thirty years later, I have become a gray-haired man Old man, will you still support me at that time?"

"Li Tian, thank you for allowing me to see pictures of a world that does not belong to me. These are enough! I am already very satisfied to have appeared in your world!"

"Li Tian, come on and practice! Let me return to the earth world beautifully and beautifully!" Windsor said.

Looking at Windsor, Li Tian felt sad for a while.

A woman who once liked her so much, now she thinks so thoroughly!

Li Tian suddenly felt a sense of losing important things in his heart.

...

When he walked out of Windsor's room, Li Tian's head was still groggy.

Li Tian saw Liu Yihui standing sloppily at the door of Windsor, holding a copy of the Internet, looking vigorously.

Liu Yihui didn't seem to see Li Tian, nor did he say hello to Li Tian. Li Tian felt that Liu Yihui didn't seem to feel his existence at all.

Li Tian took his hand out of his skin.

Just now, he took out two beast crystals in his hand, a domain master-level beast crystal.

Li Tian wanted to give these two beast crystals to Windsor and Liu Yihui, but Windsor refused. call!

Li Tian let out a sigh of relief!

Huang Zun, must break through to the Huang Zun realm as soon as possible, only in this way can Windsor and Liu Yihui be sent back!

Chapter 4507: : Li Tian figured it out

If you want to send Windsor and Liu Yihui to the earth world, you must pass through the gate of the restricted zone.

The biggest danger in front of the inside is Emperor Yu Frost!

Speaking of Yu Shuanghuangzun, Li Tian really hated it!

He was slapped in the face when he just came to the Netherworld.

Being trapped in the desert as a miner of the earth has something to do with him!

Li Tian's enemy corpse is now in his imperial palace!

Li Tian's Red Slash is also in his hands!

"Cultivation, we must hurry to practice! I still have three beast crystals and a crying coral stone in my hand, so I have to let my people become stronger with me as soon as possible!" Li Tian's heart is now separated.

Li Tian left the space of Void Yasha, and quickly entered the space of the Qiong Spear of the sky, summoning Tang Xiaolong, Xue Ji, and He Feng together.

These three people are absolutely trustworthy people Li Tian, Li Tian is willing to give them the beast crystal.

Tang Xiaolong and the others were excited when they got a beast crystal or coral stone of a domain master-level ghost beast.

"Haha, little boss, you mean that if I absorb the spiritual power in this beast crystal, I will soon catch up to your cultivation realm, and may even reach the eighth level of the sage, the ninth level of the sage Is the level cultivation realm? It's really cool!" Tang Xiaolong said excitedly while holding the beast crystal.

"Little boss, I'm going to practice now. When my cultivation level catches up with you, I'm fighting alongside you!" Tang Xiaolong took the beast crystal with one hand and disappeared instantly.

What Xue Ji got was the crying coral stone.

"Li Tian, I finally feel that I am not a burden. When I have cultivated to the ninth level of the Venerable, let's get Situ Ningbing back. Without her, I always feel very empty!" Xue Ji said.

After speaking, Xue Ji disappeared in a teleport.

He Feng is even more excited!

As a former Venerable 7th-level powerhouse, now only Venerable has the fifth-level realm. It is estimated that only a small hot pot can experience this loss.

He Feng held the beast crystal in both hands, his arms trembled slightly.

Back then, the mysterious woman made the old lame and He Feng wait in the Laika Desert. This waited for thousands of years.

Now, such a beast crystal alone is worthy of their thousands of years of waiting.

"He Feng, hurry up and practice, I need help! Only when you become stronger together, we can leave the dark forest. Up to two years, the little blue tile will reach the ninth level of the Venerable in two years. I hope you can also It took two years to break through to the ninth level of the Venerable!" Li Tian stretched out his hand and patted He Feng's shoulder, and said.

He Feng shook his head!

"Brother Li Tian, let me tell you, my life span is probably not too long. This beast crystal is a bit of a waste to me. Even if I can break through to the ninth level of the venerable, what can I do?"

Li Tian really didn't think of He Feng's age.

Will the venerables of the nether world die of old age?

Li Tian hadn't considered it before. That was because the small hot pot Li Tian encountered was from the Yanhuo clan. Their life span was measured in ten thousand years. The possibility of the small hot pot dying in front of Li Tian was relatively small.

As for the three sons of the Netherworld, Liu You, Ye Meijing, and Liu Jimeng, the oldest of them is Liu You, who is less than two thousand years old, and the others are only a few hundred and dozens of years old.

It is for this reason that Li Tian never thought that they would die of old age.

"Brother Li Tian, I want to give this beast crystal to the little lame, he is qualified to get this beast crystal!" He Feng said.

The little cripp was the son of the old cripp. The old cripp took good care of Li Tian in the Laika Desert, and this beast crystal should be given.

Without any hesitation, Li Tian stuffed another beast crystal into He Feng's hands, and said, "The one just given to the cripple, where can you practice this beast crystal! Although I don't know how long your lifespan will be. , But I believe it will be longer than ordinary humans. If this is the case, don't give up hope, maybe you may also break through to the realm of the domain master!"

There were tears in He Feng's eyes, tears of excitement, tears of joy.

However, he shook his head and said: "I will give this beast crystal to the blanket. He is my son. Please forgive the selfishness of a father who looks forward to his son Jackie Chan!"

Without waiting for Li Tian's objection, He Feng disappeared in a teleportation.

Li Tian could not stop either.

Little lame, the small stall is now the two best performers in the Tian Reserve under Li Le's charge. The beast crystal is given to them, and it may be more effective than letting He Feng cultivate.

Li Tian is not thinking about the little lame and the little blanket.

"There are still too few beast crystals. If you can get a few more beast crystals at the domain master level, at least one must be left for Situ Ningbing!" Li Tian began to worry about the beast crystals again.

If the purple flame thunder bear domain masters knew that Li Tian had received three domain master-level beast crystals, and a crying coral stone with this expression, they would definitely rush over to curse Li Tian without hesitation.

"Also let people not live? Let them live? You, a Xiaopujie in the early stage of the fifth level of the Venerable, have already obtained so many treasures, you are still not satisfied, you let other emperors in the underworld What do you think, what do you make those domain owners think?"

Well, contentment is always happy.

Besides, it has only been more than a year since he came to the Netherworld. Li Tian has gradually gained a foothold, and the future will definitely be more beautiful.

...

Li Tianyou summed up the treasures obtained from this order of fine wine, and took out a part of the various treasures that can improve spiritual power cultivation, and distributed them to the three sons

of You Ming, Liu You, Li Letian, and Meng Guang. , And Li Tian's other two wives, Ye Meijing and Liu Jimeng!

Of course, Li Tian's Tianshou members must not be few.

Thinking of the sky thorn, Li Tian also thought of the scales of the fire dragon and some ore.

If these things are turned into equipment and weapons, they can definitely enhance the survivability and combat capabilities of Skystab members.

Only after asking You Yinrou, did Li Tian know that all the skilled craftsmen who can build this kind of equipment and weapons are in human society, otherwise the domain owners of the dark forest would not play with these.

Li Tian can only temporarily shelve this plan, and wait until he returns to the kingdom of the human society to deal with it!

In the days waiting for the appointment, Li Tian had a very fulfilling life!

Skythorn members can get the guidance of the emperor.

Although the cultivation base of the emperor tree elves is very bad, the elves have a strong understanding of the collective use of the spiritual power of individual members in group battles.

Under the guidance of the emperor tree elves, several members of the sky thorn with the highest cultivation level were only at the fifth level of the Venerable. When they were fighting together, they unexpectedly burst out of the vigor and fighting power of the sixth level of the Venerable.

This made Li Tian feel shocked.

Of course, the original method of using group combat training was inherited by a few special races such as the tree elves and the Oolong fire ants, and it must not be passed on to foreign races such as humans.

However, in order to make up for the gap between him and Li Tian, the emperor tree spirit passed it to Li Tian without reservation, and personally gave instructions to the sky thorn.

Li Tian can already imagine that if all members of the sky stab have reached the ninth level of the Venerable, no, only the sixth and seventh levels of the Venerable are required, then the combat effectiveness of the combat team formed by them will have How powerful.

Li Tian also wanted to talk about life and ideals with the King of Oolong Fire Ants, and by the way, he learned from his mind how the King of Ants can understand the ideas in other people's minds.

It's a pity that the ant emperor hit Li Tian severely.

"Ant, if you want to learn this is very simple, the premise is that you have to become a real oolong fire ant! This kind of high-level goods can not be learned by any lower creature!" A message appeared In Li Tian's mind.

"Well, go to your sister's lower creature!"

Then Li Tian saw the red spar on the tail behind the ant queen glowing.

Li Tian also wanted the King of Ants to give him the Ten Thousand Ants Spirit Devouring Array, even if there was no Ten Thousand Ants Spirit Devouring Array, there could be a Thousand Ants and Hundred Ants.

Unfortunately, the result is the same!

Li Tian has a slight injury again.

At this moment, the small hot pot is so coquettish that it will break through again!

The small hot pot is getting closer and closer to the realm of Emperor!

Chapter 4508: : The repair of small hot pot

The cultivation strength of the small hot pot has reached the eighth level of the venerable peak!

This cultivation base made Li Tian envious of it!

Could this kind of sky-defying cultivation base increase too fast?

If you continue to cultivate at this speed, the ninth-level, the emperor, and the domain master are really just around the corner. ,

In fact, this is Li Tian thinking too much.

The emperor is a powerful person in the ninth-level peak realm of the emperor. Which emperor has not cultivated for thousands of years before he has achieved his current achievements?

Although the speed of the breakthrough of the small hot pot is fast, it is not that the small hot pot has achieved current achievements through hard work, but because of opportunism and obtain some kind of chance, this can make continuous breakthroughs.

This kind of breakthrough is accidental and non-replicable!

After all, the magma produced by the black smoke group with the fire of life is so much, and it is really finished when it is swallowed.

But for the small hot pot, this is totally another feeling.

What about speculation?

If opportunism can rush to the domain master, super domain master, demigod..., then the small hot pot would rather opportunistic.

However, this is just a beautiful fantasy in the heart of Little Hot Pot.

If there is no better chance, Little Hotpot will probably be trapped in the eighth-level peak realm of the Venerable in his lifetime.

After all, this guy is a super waste that has spent more than three thousand years cultivating from the ninth level of the cultivator to the venerable realm!

There was a smug expression on the little hot pot's face, and even his walking posture changed when he walked out of the cave.

Li Tianzhen wanted to rush up and beat him severely, no, eight times!

Fortunately, the cool walking posture of the small hot pot is in front of Li Tian. If it is in front of other domain owners or emperors, the small hot pot may have died eight times now!

After the cultivation of the small hot pot reached the eighth-level pinnacle realm of the Venerable, his body also became a bit stalwart.

Daao was nearly two meters tall, and some dark red lines shone on the rocky skin that appeared all over his body, giving people the illusion that those dark red lines were flowing magma.

But as a Yanhuo clan, his face is completely blind.

When I was small, even if I looked a little ugly, everyone could accept it, but now...

Well, almost can't bear to look straight.

"Haha, Boss Li Tian, have you been stunned by my powerful strength? Have you admired me deeply? Don't worry, even if my little hot pot becomes the ninth-level strong, even the emperor, I will definitely not look down on you in the slightest! Well, the little devil in the early stage of the Venerable 5th level, you must work hard and practice!" The little hot pot stretched out his hand and patted Li Tian on the shoulder.

Whether it is tolerable or unbearable, Li Tianzou has the urge to beat this bastard, and now this guy has taken the initiative to join Li Tian, Li Tianneng will not give such a chance.

"You squat down!"

"What are you doing?" Little Hot Pot looked at Li Tian suspiciously.

"You squat down, I promise not to kill you!"

Then, the little hot pot ran away in a hurry, then looked at Li Tian from a distance, and waved to Li Tian and said, "You come chase me, if you chase me, I will let you beat you! Guarantee not to fight back!"

This ***** is getting smaller and smaller.

Uh, well, it seems that the lifespan of the small hot pot has exceeded ten thousand years!

Until now, the crisis of the entire Oolong fire ant tribe and tree elves tribe was lifted.

The Oolong Fire Ants were happy. Li Tian wanted to return to the Tree Elves with a small hot pot, but the King of Ants firmly disagreed. He insisted on hosting a banquet for Li Tian and the small hot pot.

Li Tian could not refuse, but Li Tian could only accept it.

Oolong fire ants are underground burrowing creatures, and their size is too small.

But in order to welcome Li Tian and Little Hotpot to the palace of Ant Emperor, it is true that this is the message that Ant Emperor sent to Li Tian, the palace! , Tens of thousands of Oolong fire ants accelerated their digging of the cave, and soon dug a passage dedicated to the ant palace.

This recognition of Li Tian and the small hot pot alone was enough to move Li Tian.

The palace of the ant king is majestic and magnificent in terms of the size of the Oolong Fire Ant.

His palace is composed of seven or eight caves with a height of nearly 2.5 meters and a total area of more than three to four hundred square meters.

Oolong fire ants can not be regarded as ghost beasts, they can only be regarded as special species. They are like other special species. There is no difference in this palace except that the cave walls are smoother and more orderly.

The ground of the main cave is covered with several layers of dried up withered grass, and on the dried up grass is a stall made of several animal skins.

Li Tian and the small hot pot sat on the floor.

In other caves belonging to Ant King, there are various treasures and delicacies belonging to him!

Forty or fifty soldier ants respectively carried extremely fast, black one-foot square stones and placed them in front of Li Tian and the small hot pot. Then, the soldier ants stored the ant king and brought them out enthusiastically. Entertain Li Tian and the small hot pot.

Li Tian couldn't help frowning slightly as he watched the food on the black stone plate.

Is this **** for people?

No matter how loud the name of the Oolong Fire Ant clan is called, this group of goods is a group of ants!

Half an inch of dried insect corpses, a few black roots that are not famous in autumn, and some dried black meat jerky.

"Venerable Ant Heaven, Hot Pot, our most respected guest of the Oolong Fire Ant clan, this is the highest standard reception banquet in our clan. Please be welcome and let go. The more you eat, the happier I will be! "

A piece of information appeared in Li Tian and Xiao Hotpot's mind.

Li Tian is not picky, but he can't just put everything in his mouth at will!

Li Tian didn't have any appetite to look at such delicacies.

Good guy, what the little hot pot eats is a pleasure.

"Hahaha, it's the food of the Oolong Fire Ants. I used to hear about the food of the Oolong Fire Ants when I was in the Underworld. I saw it today and it was amazing!" The little hot pot gulped excitedly. Chewing food.

When the small hot pot swallows a piece of food, there will be countless oolong fire ants carrying other food up and neatly placed on the stone table of the small hot pot.

"Boss Li Tian, do you eat? Don't underestimate these things. This worm should be a snow worm. This snow worm feeds on ice and snow all year round. It is rich in nutritional value. This snow worm is dry in the netherworld. In the world of human society, it is almost possible to exchange for a spiritual source, which is definitely a high-end ingredient among high-end ingredients! My sister once took me to enjoy it, but I did not expect to taste it again today. It is so happy! "Little The hot pot looked at Li Tian and said.

Before the end of the world, residents in some places in southwest China also liked insects. Li Tian also knew that those insects were rich in nutritional value, but Li Tian still found it difficult to

accept. Li Tian pressed his abdomen and shook his head and said, "I feel sick today. I will take these things back to eat! But if the ant king wants to, I can take them back to enjoy!"

"Yes, of course! You have to take more when you leave, and take as much as you want! Oh, yes, my wine consumption is too fast recently, you see there is not much wine in my palace, so You must be embarrassed not to leave some beautiful bars!" A message appeared in Li Tian's mind.

"Sorry, very interesting!"

As soon as Li Tian had this thought in his mind, the fiery red spar behind the tail of the ant queen flashed brightly.

This old hooligan!

Chapter 4509: : Pub opening

It was already a few days since the ant king returned to the tree elves.

The Emperor Ant is too enthusiastic.

This guy can't wait to get all Li Tian's fine wine into his palace.

However, Li Tian didn't suffer, as several caves in the underground palace of Ant Emperor were hollowed out by Li Tian.

According to the little hot pot, these things can be exchanged for a lot of spiritual sources when they are brought to the Venerable Country of Human Society.

Li Tianxin.

A few days later, the tavern that Li Tian planned to build in the core layer of the Dark Forest officially opened.

The tavern is located next to the towering giant tree of the tree elves, the original ordering building.

No gongs and drums, no firecrackers.

It opened silently.

Although Li Tian did not deliberately promote, but the purple flame thunder bear domain master, the Yinmo silver bull domain master, the earth evil sky vulture domain master, the Tiangang flame raccoon domain master, and the ant king all came to cheer.

The aroma of wine is not afraid of the deep alleys, I believe it will not be long before other domain owners and emperors will know Li Tian's tavern.

Li Tian would not stay in the dark forest for long, but Li Tian, the genius treasure in this dark forest, was reluctant.

The treasures in the hands of the domain masters and emperors, Li Tian has now exchanged less than one ten thousandths. If you want to continue to exchange the treasures from the domain masters and emperors, this tavern must be opened.

Now Li Tian's wine has become famous in the dark forest. Li Tian can't hold tasting meetings and auctions regularly, but Li Tian can copy the membership mode of the tavern during the death battle.

If you want to enter the tavern, you can, but you can only taste the self-brewed wine in the Qiong Spear of the sky, and ordinary wine such as Niulanshan Erguotou.

If you want to taste the wines that appeared in the auction, sorry, you have to pay the membership fee first. If you don't pay the membership fee, you won't even be eligible to watch it.

Do you want to be rough?

OK!

The domain owner of the purple flame thunder bear, the evil earth vulture domain owner, the evil silver bull domain owner, and the sky flame raccoon domain owner, these four domain masters are the honorary owners of this tavern, and they are also the co-founders of this tavern. .

What is an honorary boss?

What is the joint creator?

You don't need to understand this!

But as long as someone dares to do it, Li Tian can guarantee that the four domain masters will type their shi.

Li Tian originally didn't want to play with the emperor tree elves. Seeing that the emperor tree elves told Li Tian all the secrets of the group, Li Tian could not be too much and refused him.

The emperor tree elves and the ant emperor serve as security advisors for this tavern.

If you want to do it, you must first weigh yourself.

The price Li Tian needs to pay is very small, and he can give them dozens of boxes each year.

In addition, in order to express his heartfelt thanks to them, Li Tian issued a specially made super VIP card to the four domain masters and the two emperors respectively. With this card, they can enjoy half-price beverage service in the tavern.

This is a status symbol.

In order to keep the business of this tavern for a long time, there is no need for Li Tian to run back to the dark forest to deliver wine after Li Tian leaves the dark forest. Li Tian asked the Void Spirits to build a huge wine cellar.

Li Tian sent more than half of the wine in his space to the wine cellar.

Thinking that countless treasures would slowly flow into his hands, Li Tian couldn't help but feel a little overwhelmed.

All the treasure income in this tavern is temporarily left in the gloomy forest, under the care of the dark and soft.

Some of these treasures can be used for the cultivation of the Third Young Master and their sixty nobles.

"Brother Li Tian, if you own this tavern, it is equivalent to having a door to open the dark forest treasure house. Sooner or later the genius treasures in this dark forest will flow into your pocket, Brother Li Tian, I am afraid you He is the richest person in the entire Netherworld!" Tian Gang Yan said with a smile.

"That's right! Other domain masters and emperors need to take great risks if they want to obtain any treasure in the dark forest, but what about you, brother Li Tian? We are the domain masters and emperors who take the initiative. Here it is! You can't drive it away!" said the elf.

"Hahaha, Brother Li Tian, after you have bowed to us, you can definitely walk sideways in the Netherworld. If you want to talk about treasures, you don't need any domain master. To talk about strength, you have our four domain master brothers. I see who will move your finger!"

The purple flame thunder bear domain master smiled, and then said: "I heard that brother Li Tian crushed all three small wooden plaques of mine, Oolong Fire Ant, and Tree Elf for a woman, but from here In terms of courage, Brother Li Tian deserves the respect of my old bear."

"What are you waiting for? What about the small wooden sign of your ethnic group? Don't give it to Brother Li Tian?" The Purple Flame Thunder Bear Domain Master pushed the other three Domain Masters forward and said.

When Li Tianyi heard it, the smile on his face became stronger.

For these three domain masters, Li Tian is not welcome.

Everything in the dark forest has been settled. Tomorrow is the day when they set off to the dark holy peak. In the future, they will become brothers who live and die together. This little wooden sign Li Tian can accept.

"You old bear, you are so kind. We originally planned to give the small wooden sign to Li Tian as a gift for the opening of the tavern, and to give Li Tian a surprise. Now you are the first to say it, as if we were It's the same!" The Lord of the Earth Fiend Tianjiu said with some dissatisfaction.

"Brother Li Tian, your talent is amazing, but your cultivation base is now the weakest. There are our brothers in the dark forest. No one dares to touch your finger anymore, but waiting for you to return to the human kingdom , Our brother's name cannot protect you!"

"This is the small wooden sign of the Heavenly Eagle Territory Clan of the evil, and I will give it to you! You know how to use it. If you encounter danger when you return to human society, you must crush the small wooden sign. I will be there as soon as possible!" The Lord of the Heavenly Buzzard Territory stuffed a blue wooden sign with a carved eagle on it into Li Tian's hand and said.

Li Tian's hands trembled a little.

"Do you want to follow the hands of these domain master brothers, who will kill the Frost Emperor?"

"Forget it, this small wooden sign is for life-saving use, this time it must not be used easily. As for the Frost Emperor, let me handle it myself later!" Li Tian thought in his heart.

The two domain masters, the Yinmoyin Bull Territory Lord and the Tiangangyan Lili Territory Lord, also said the same thing, and they also stuffed their little wooden cards into Li Tian's words.

The small wooden sign of Yinmoyin Bull Territory Lord was engraved with a bull character. Hanging the small wooden sign around his waist, he immediately felt bullish.

However, the small wooden sign of the Tiangangyan raccoon domain lord is engraved with a raccoon character. Although the effect is the same, this wooden sign cannot be used as a decoration.

"Old Xiong, our gifts are all given, you can't be empty-handed in total, right?" The other three domain masters said one after another.

"Hahaha, the old bear's wooden sign has been crushed by Li Tian. If you want to re-use the heart and soul to condense and carve, it will take a few years, but the old bear will not come empty-handed!"

"Brother Li Tian, you look at the domain master or the emperor in the dark forest that is not pleasing to your eyes. Tell me, old bear, I will kill him now. If there is a beast crystal, the beast crystal will be given to you, if not Beast crystal, my head can be a gift for you!" Ziyang Leixiong said proudly.

"Today the pub is open, it's not good to see blood!" Li Tian is full of black lines.

...

After drinking all night, Li Tian took the dark soft and small hot pot on the road to the dark holy peak with the four domain masters.

Chapter 4510: : The Dark Sacred Mountain

There are four domain masters accompanying, and the beautiful woman, dark and soft, is accompanied. This journey is quite joyful.

Those who are also domain masters or emperor-level powerhouses will not take the initiative to provoke Li Tian and others, and because there are

The purple flame thunder bear domain master has a violent temper, and this guy is strong in the dark forest domain master Nether Beast, definitely one of the top ones.

With this guy, the road is quite safe, and there will be no one who does not come to die.

Of course, Li Tian is now a smash hit, and those domain masters and emperors are not in a hurry to curry favor with Li Tian!

Of course, Li Tian naturally has his etiquette.

Since this road has to pass through the area of a lot of domain master level ghost beasts, there are always a few bottles of this fine wine!

Otherwise, this is Li Tian's rudeness!

It is precisely because of this that Li Tian and Little Hotpot fight all the way through, and the other domain owners will only open one eye and close one eye, and they did not embarrass Li Tian and Little Hotpot.

When it was really time to fight, Little Hot Pot knew that he was at the eighth level of the Venerable. It seemed bluffing, but he really wanted to fight. In front of those Nether Beasts who have the ninth level of Venerable at every turn, it is completely fundamental Not enough to see.

If it weren't for the domain owners around, it would be entirely possible for the small hot pot to fall.

On the contrary, although Li Tian only has the fifth-level realm of the Venerable, when Li Tian is burning spiritual power, his movement speed is not slower than that of the ninth-level ghost beast, or even slightly stronger.

Those ninth-level ghost beasts who fought with Li Tian complained so much, as long as the domain masters didn't deliberately keep them, these ghost beasts would flee if they caught the opportunity.

From the area controlled by the tree elves to the gloomy sacred mountain, if you use Li Tian's cultivation base, you can quickly travel all the way without stopping, you can reach it in about a week.

But because Li Tian wanted to experience and visit those domain masters, it was already a month later by the time of the Dark Sacred Mountain.

At this time, it was early winter, and the cold was pressing.

The gloomy sacred mountain, the mountains are continuous, and the mountains are rarely covered by vegetation, let alone the ancient trees.

At this time, snow fluttered, and the whole mountain was covered in silver.

This mountain range is more treacherous, steeper, and towering than the mountain Li Tian and You Anrou jumped over from the middle layer of the gloomy forest.

However, these are just so many ordinary peaks. In the distance, hundreds of thousands of meters away, that thrust into the sky like a sword, is the main peak, the dark holy peak!

In front of this gloomy holy peak, the steep mountains around it seemed to be worshipping this domineering king, crawling in front of the main peak.

Although the surrounding mountains are steep, they don't have that kind of aura at all.

Looking at this mountain, Li Tian couldn't help but admire in his heart: "Good mountain!"

"Brother Li Tian, we are now on the Dark Sacred Mountain! The purpose of our trip is the Dark Sacred Peak!"

"When we talked about worshipping among the tree elves two months ago, we talked about the dangers of climbing this peak, but the dangers we talked about are just rumors." The purple flame thunder bear looked at the soaring dark holy peak. Said.

Li Tian let out a sigh of relief.

"The baby is scared to death. I really will be attacked by the wrath of God while climbing the mountain, and my skin will ulcerate!" A smile appeared on Li Tian's face, thinking in his heart.

Seeing Li Tian's expression, the faces of the other domain masters and the dark and soft were not at all relaxed.

"Li Tian, climbing this mountain may be more difficult than we imagined and rumors and legends. We can't guarantee what will happen by that time! After all, the information we can have is really limited!" The domain master frowned and said.

"Since it's so dangerous, then you shouldn't worship here. Anyway, your brothers are sincere, so why stick to these details! Just like Li Tian and I, the two of us have no worship, no master and servant relationship, but we are It is also a common suffering, life and death!" Little Hot Pot's face showed a trace of triumph, and said with a smile.

The Yin Mo Yin Niu Territory Lord shook his head and said: "Never! Since our brothers truly worship, we will live and die together in adversity, how can we shrink because I am afraid of the power of this demigod! Lao Niu, although I don't Talent, but also willing to take risks."

A gleam flashed in the eyes of the Tiangangyan raccoon domain master, and he nodded slightly, and said, "Yes, I have already walked here. There is definitely no reason not to climb! Brother Li Tian, what do you think?"

Ok!

Li Tian knew that this would be the result.

The little hot pot sighed and kept shaking his head.

Little hot pot really does not understand these dead brains, is it really that important to worship?

Already preparing to enter the mountain, Li Tian sent the small hot pot and Youanrou into the space of the Qiong Spear of the sky.

"Let's go! Let's feel the power of the demigod together!" Ziyang Thunder Bear roared.

Walking out of the forest and entering the valley, the figures of Li Tian and others flashed rapidly in the mountains.

Li Tian began to burn the spiritual power in his body to prevent his movement speed from being pulled down by the four domain masters as much as possible.

"Tsk tusk! The Li Tian brothers are really not ordinary people, you say that our four domain masters, you may not dare to imagine that Li Tian burns the spiritual power in the body veins like this!" The earth evil sky eagle domain master said with some admiration.

The Tiangangyan raccoon master laughed and said: "But so, if we burn spiritual power at will, I am afraid that we will not be able to keep up with the burning speed no matter how we practice. If this is the case, it is not impossible for our cultivation level to fall. !"

"Do you think that Li Tian will have the blood of that woman?" Yin Mo Yin Niu Domain Master asked.

"Hahaha, why do you think so much? Regardless of whether Li Tian has that bloodline or how powerful spiritual power he has in his body veins, none of these matter. The important thing is that he will bow to us soon! Important! We are brothers!" said the domain master of Ziyang Thunder Bear.

The four domain masters pulled Li Tian nearly ten meters away. Instead of reaching out to help Li Tian, they kept talking about Li Tian in front.

"You said that if we don't help Brother Li Tian, can he use his cultivation base and strength to climb the Dark Sacred Peak?"

"Look at the situation first. It is said that the influence of the demigod's power on the cultivators under the domain owner is doubled, which means that Li Tian has suffered far more pain and powerful attacks than us!"

"Trust him! If it doesn't work, I will help him, Lao Xiong. Only when we use our own abilities to go up and down with our own abilities, will this be beneficial to our cultivation base." Ziyang Thunder Bear The domain master said.

"By the way, the demigod in the legend seems to have left a powerful mount on this holy peak, approaching a mount that surpasses the realm of the domain owner's existence. We must be careful not to disturb him!"

"Mount? Which human are you talking about? Hahaha, this demigod is really a second man, dare to treat humans as his mounts..."

Several silhouettes of people kept passing by among the snowy mountains.

Huh!

Huh!
