

A Killer 451

Chapter 451: Big things matter

Everyone in northern Liaoning knows that the Yuwen family has a ***** named Yuwenjie!

This guy can be described as the best ***** in the best.

The number of beauties he harmed by him has to be 80 if not one hundred, and all of them are the beauties of prestigious universities...and do not include actors, models, etc. in the entertainment industry...

Yu Wenjie is not only a famous playboy, but also the most impressive ***** in Liaobei Province.

Wherever he goes, there will be a lot of beautiful women, beautiful women like money, and the Yuwen family really has too much money, so Yuwenjie will naturally squander there.

On entertainment headlines in northern Liaoning province, you can often see this ***** going in and out of the hotel with such and such beauty... and then having a one-night stand with such and such beauty.

Anyway, in a word, this guy named Yu Wenjie is an animal that harms women.

Isn't this? Some time ago, he accidentally saw the graceful and graceful beauty of Han Yun at a party at a party. Although the beauties at the party were like clouds, when Han Yun walked in in a black tight dress, she still gave all the beauties at once. I'm all convinced...

No way, Han Yun is really beautiful.

And with a breath of intellectual beauty.

So the lustful Yu Wenjie focused on Han Yun.

Yu Wenjie was even more excited when he heard that Han Yun turned out to be the sales manager of the famous Shinhwa Group in Northern Liaoning Province. A ***** like him would play with a high-level woman.

And Han Yun is definitely a woman with high taste in high class, so this servant has been driving his car every day from that time: Jaguar xk32c sports car to Shinhwa Group to send roses, and each time the roses are 99.

I had always thought that Han Yun would be able to put Han Yun on his bed in 35 days, but out of expectation, Yu Wenjie hadn't gotten Han Yun in front of him after spending a month.

Can't help but not let Han Yun like him, but let Han Yun disgust him more and more.

Han Yun really disgusted him. From the beginning, when she knew that the roses were given by the ***** of the Yuwen family, she reached out and threw those roses into the trash can...

But for a man like Yu Wenjie, the more women he can't get, the more exciting he is, isn't this? That kid gave flowers every day like crazy.

This also provokes everyone in the Shenhua Group to know that the elder brother of the Yuwen family is here to pursue their sales president Han Yun.

Having said that, after Han Yun disposed of the roses, she sat quietly in the office, blinking her beautiful eyes thinking about her thoughts.

After a while, the phone on the desk rang.

"Hello." Han Yun reached out and picked up the phone and whispered to the phone.

"Mr. Han, the chairman wants you to come to the office." The person from the secretariat called Han Yun and said.

Han Yun nodded, and said, "Okay."

Then he got up and walked quickly to the chairman's office.

After passing through the corridor, he quickly arrived at the spacious and bright office of the chairman.

After Han Yun arrived at the chairman's office, she reached out and buttoned the door gently.

Inside, a man's voice said, "Please come in."

Then Han Yun opened the door and walked inside.

"Hu Dong"

Han Yun looked at the man ahead with a smile on her face.

The man called Hu Dong was a man in his 40s, not very tall, wearing a famous brand yink suit, and a platinum Rolex on his wrist.

The whole person gives people a kind of feeling at first, not the kind of person who looks treacherous.

He is the current chairman of Shinhwa Group: Hu Rui.

After Han Yun came in, "Xiao Han, have you arranged the VIP reception?" Hu Rui asked Han Yun who smiled and looked in front of him.

Han Yun smiled and said, "The VIPs have been arranged according to what Dong Hu said..."

"That's good." Hu Rui said as if satisfied.

Han Yun thought for a while and said, "Hu Dong, I don't know if I should ask if there is something?"

Then Hu Rui smiled and said, "It's okay, you can ask."

"I want to ask, what is the origin of Mr. Li we received today? Is he the person who cooperates with our company? Or something else?" Han Yun asked, blinking at that Hu Rui.

Suddenly asking about the identity of Li Tian, a strange look suddenly appeared on Hu Rui's face in front of him.

Then he smiled awkwardly on his face.

"Mr. Li...regarded...the person who cooperates with our company." Hu Rui could only say in accordance with the Tao.

But what Han Yun could see was something wrong with Hu Rui's words.

Having been in the mall for so many years, Han Yun can of course see that Hu Dong has something unspeakable.

"Hu Dong, is this Mr. Li coming over to discuss cooperation with our company? Or is he coming to Liaobei Province for a tour?" Han Yun in front of him continued to ask.

Then Hu Rui turned around and thought for a while and said, "Xiao Han... don't ask more about this matter."

"You just have to remember that Mr. Li is our company's VIP guest... and as long as Mr. Li is in Liaobei Province, no matter what he needs or what he does, our company will try to help him if he can help him. ."

When Han Yun heard it, she became more strange.

"What is the origin of that young Mr. Li? Why is even the chairman of their Shinhwa Group so obedient?"

Han Yun didn't understand why.

"What is his identity?" Damei Han is the kind of person who wants to know secrets and is very curious.

So now she wants to know the true identity of Li Tian more and more.

Hu Rui quickly changed the subject and said, "Xiao Han, make preparations in the afternoon. You and I will go to the Siber Hotel. I'm going to see Mr. Li."

When Han Yun heard this, she frowned slightly: "Hu Dong, you forgot that we have a contract to sign with the chairman of Lianfa Co., Ltd. in the afternoon? This contract is the order that Shinhwa Group has always wanted to sign..."

It turns out that Shinhwa Group wanted to sign a cooperation contract with Lianfa for more than half a year. Once the contract is signed, then Shinhwa Group will undoubtedly become one of the top ten companies in northern Liaoning... This is more than half a year. Thanks to the hard work and outstanding ability of Han Damei, this important order was completed.

This order does not know how many companies are jealous.

The signing of the contract with Lianfa Group was this afternoon... But when Chairman Hu said that he was going to see that afternoon: the young and mysterious Mr. Li, Han Yun frowned, thinking how such a big thing would happen to Dong Hu Forget it?

But then Hu Rui turned his head all of a sudden and said: "It's okay, don't sign with the Lianfa Group."

Hearing Chairman Hu's sudden exit, Han Yun was stunned.

Chapter 452: Embarrassing Han Yun

"Hu Dong? No? Isn't our company always looking forward to cooperating with the Lianfa Group... If this opportunity is not grasped, it will be a huge loss for our company!" Han Yun's face was full of doubts .

But Hu Rui insisted: "Xiao Han, listen to me, cancel the contract with Lianfa Group in the afternoon, you come with me to meet the VIP Mr. Li and them."

When the big beauty Han Yun heard it, she was completely shocked.

My God, what happened to Dong Hu? For that young "Mr. Li", he didn't even sign a contract with the cooperative business that he had finally negotiated after chasing for almost half a year... Could it be said that the young "Mr. Li" was more expensive than a large company that had invested several hundred million dollars this time. Is cooperation more important?

"Hu Dong, did you really decide to cancel the contract with Lianfa Group in the afternoon?" Han Yun asked finally, who couldn't believe the certainty.

Hu Rui turned his head and finally said seriously: "Cancel."

After speaking, he turned and left the office.

It was that Han Yun suddenly leaned against the door next to her, shocked in her heart.

At the same time, I was more curious about the identity of Li Tian in my heart, and became more strange about his identity and origin... What is the background of that ordinary "Mr. Li"?

In the afternoon, really Hu Rui took the beautiful woman Han Yun in the car to the Xiboer Hotel.

Li Tian and his brothers in the hotel stayed in a room. When he heard the electronic bell sound outside the door, Tang Xiaolong got up and opened the door.

After opening the door, I saw black and white Shuangsha standing at the door at a glance. At the same time, behind them were the old beauty Han Yun before that and Hu Rui, the chairman of Shinhwa Group.

Tang Xiaolong glanced at them: "Are you?"

He opened his eyes in surprise and asked Hu Rui in front of him, and at the same time he glanced at the black and white Shuangsha in front of him.

But Li Tian also came over at this moment: "What's the matter?" He said as he came over.

After walking over, she saw the beautiful girl Han who had picked him up before, Hu Rui next to her, and black and white Shuangsha.

Before Li Tian spoke, Bai Wusha who was next to him took the lead in telling the identity of Hu Rui: "This is the chairman of Shinhwa Group, Hu Rui."

A humble smile appeared on the face of the introduced Hu Rui, and then stretched out a hand: "Mr. Li...Hello!"

Li Tian smiled faintly, stretched out his hand, and said, "Hello."

"Mr. Li, I don't know if our arrangement is satisfactory? If not, I will immediately change the place for Mr. Li." Hu Rui said there.

Li Tian smiled and said, "Very good! Thank you."

"There, there, this is what I should do."

"Hu Dong, didn't you say that you have something to talk to our five elders?" Bai Wusha next to him suddenly said.

Hu Rui hurriedly smiled and said, "Yes, yes."

"Well, let the people from your company wait at the door first, let's go in and talk." Bai Wusha glanced at the beautiful Han Yun in professional attire in a black short skirt and said. His words were obviously to make Han Yun stay. at the door.

When Han Yun heard Bai Wusha say this, her pretty face became pale... She is a very self-respecting woman, but this time she unexpectedly became a small follower... and she is a follower. Now I have to stand outside and wait! !

"Xiao Han, wait for us here first, let me talk to Mr. Li first." Hu Rui really turned his head and said to Han Yun.

Han Yun was suddenly embarrassed there, and she didn't think she was even qualified to enter this door! How can she not be angry?

But she still worked hard to keep a smile and nodded there and said, "Okay, Hu Dong."

Li Tian glanced at the beautiful Han, but didn't say much, so he walked into the room.

After the black and white Shuangsha and Hu Rui followed in, the black impermanence directly closed the door tightly.

And the sales manager of Shinhwa Group: Han Yun was locked out of the room.

"Fifth Elder." After he came in, Hu Rui now respectfully yelled at Li Tian.

Li Tian frowned. It seems that this Hu Rui already knows his identity. He must have a deep relationship with the Duanmu family.

"How do you know my identity?" Just listen to Li Tian asking there.

Hu Rui no longer had the fan of the chairman of the Shinhwa Group in front of him. At this moment, it was like Li Tian's subordinates said: "Return to the fifth elder, before you leave, the Duanmu clan leader has already ordered us, so... "

Li Tian gave a faint utterance. Although there was no change on his face, he was shocked by the huge sphere of influence of the Duanmu family.

"It seems that the Shinhwa Group is also the industry of the Duanmu family?" Li Tian asked.

Bai Wusha Yin smiled and said, "Not bad."

"The Shinhwa Group is indeed one of the Duanmu family's industries... Many companies in northern Liaoning Province are behind our Duanmu family, but many people don't know it."

"Yes, Fifth Elder, apart from me in the Shinhwa Group, no one knows that the Shinhwa Group is actually the property of the Duanmu family." Hu Rui said.

Listening to Hu Rui's words in front of him, Li Tian said faintly.

"Hu Rui, this time the Fifth Elders are coming with us, you should know why you should know...now you will tell us briefly about the Yuwen family." Bai Wusha slowly said aside.

Listening to the white Wusha words, Hu Rui in front of him repeatedly said, "Yes!"

"Fifth Elder, I don't know what you want to ask Yuwen family about?" Hu Rui said while looking at Li Tian.

Li Tian thought for a while and said, "I don't know anything about the Yuwen family. You'd better tell me everything about that family."

Hu Rui nodded.

So he began to say: "The Yuwen family is indeed extremely powerful in Liaobei Province. Half of the real estate industry in Liaobei Province is firmly controlled by the Yuwen family, not to mention the entertainment industry they do."

"The current Yuwen family doesn't know why it started to annex small and medium-sized enterprises on a large scale some time ago. As far as I know, many small companies in northern Liaoning Province have been forcibly annexed by the Yuwen family. Now the Yuwen family has so aggressively annexed those families. , I still don't know what they are going to do?"

Listening to what Hu Rui said so far, what Li Tian knew was that Yuwen's family really had great wealth.

After thinking about it, I asked, "How about the Yuwen family?"

Hearing Li Tian's question, Hu Rui was stunned for a moment, and then said: "People in the Yuwen family like to be ostentatious, domineering, and are extremely arrogant because of their wealth.

Chapter 453: Li Tian and Han Yun

"Does the Yuwen family have anything extremely special?" Li Tian asked.

Hu Rui in front of him was stunned, and said embarrassingly: "I am not very clear about this..."

Listening to what he said, Li Tian didn't ask too much.

"Well, what I should know is almost already known." Li Tiandao said.

Hu Rui said on the side, "That's good, that's good."

"Fifth elder, the clan leader has ordered that you don't act for these two days. Let you observe quietly." Bai Wusha said in front of him.

Li Tian nodded: "I know it in my heart."

Bai Wusha smiled and said, "That's the best"

"Fifth Elder, if there is nothing to do in the afternoon, you can come to Shinhwa Company to sit and sit." Hu Rui said with a smile on his face.

Li Tian thought for a while. When he first came to this northern Liaoning province, he was really not very familiar with the geographical environment or anything, so he said in a casual way: "That's fine, I will go to the Shinhwa Company to take a look in the afternoon."

"Well, that's it. In the afternoon, I will ask our sales manager to take you five elders around the company." Hu Rui said with a smile.

They only opened the door after they had finished talking about the "confidential" matter.

The Han Yun was really standing there outside. The moment he opened the door, Li Tian looked at Han Yun. The pair of Han Yun's beautiful eyes were also placed on Li Tian, looking surprised and suspicious.

Hu Rui next to him smiled and said, "Xiao Han... In the afternoon, you took Mr. Li to our company for a good tour."

"Mr. Li is the first time to come to our company, you must treat him well."

When Han Yun heard what Dong Hu said, she smiled and nodded, and said, "Okay." Then she placed a pair of beautiful eyes on Li Tian in front of her.

"Mr. Li, you left it to me this afternoon!" Han Yun said with a smile.

Li Tian smiled and said, "Okay."

In this way, Li Tian decided to go to the Shinhwa Group in the afternoon. In fact, his real purpose was not to go to the Shinhwa Group, but to go to the streets of Liaoning Province.

After Hu Rui bid farewell to Li Tian, the rest was handed over to the big beauty Han Yun in front of him.

Tang Xiaolong came up first and said, "Beauty, are you taking us out this afternoon?"

As soon as this servant came up, he showed a man's true color and looked at Han Yun in that fascination.

Han Yun didn't care and smiled lightly, "Yeah."

"Okay, great." Tang Xiaolong said excitedly.

But as soon as the words were spoken, the cold Aqiu wearing sunglasses grabbed Tang Xiaolong's arm and pulled him back.

"You can't go." A Qiu suddenly said coldly.

Tang Xiaolong heard the fire.

"why?"

"You follow me to find Chen Qiaozhi." The cold Aqiu suddenly spit out a few words from his mouth.

Listening to A Qiu's words, Tang Xiaolong's heart was already in a pounding feeling like a prick... "Nima, when is it hard to find that sick ghost, I want to find it this afternoon?" He was angry. Scolded.

But A Qiu held his arm motionless.

Li Tian looked back at his two brothers and said, "It's not anxious to find Qiaozhi. If Xiaolong really wants to go, just follow him."

Listening to Li Tian's words, Tang Xiaolong immediately became happy: "Look, the little boss has spoken, your sister, don't look for the sick ghost today, will you?"

But the cold-hearted Aqiu with sunglasses pulled him tightly: "Not in."

Tang Xiaolong was completely convinced. It seems that today he really can't enjoy the beauty of beautiful women with the little boss...

Angrily, I couldn't help cursing my mother over there and said: "A Chou, I'm **** your uncle... you are an inhuman animal! Okay, okay, I'll go find the sick ghost with you..."

Ah Qiu was indifferent when he listened to this servant's words, just like an ice sculpture, standing still.

Li Tian couldn't help laughing.

"What should I do? Are you two really going to see Qiaozhi this afternoon?"

"No way! What can I do if this dead person pesters me... Hey." Tang Xiaolong said depressed.

Li Tian hehe laughed.

Li Tian, who was planning to let the brothers go to the Shinhwa Group with him, didn't expect that Aqiu had a clueless approach and had to take Tang Xiaolong to find the sick scholar Chen Qiaozhi, so it seemed that Li Tian was the only one in the afternoon. Heaven alone is about to accompany the **** ol beauty Han Yun in front of me.

Han Yun led Li Tian out of the Nasiboer Hotel, causing the waiters at the Xiboer Hotel to focus on Han Yun.

There is no way she is so beautiful!

Those slender and elastic legs wore a pair of black stockings and a professional short skirt costume. They were all an s figure, and that small waist and **** figure could fascinate animals.

Even Li Tian, who was walking behind, had to admit that this woman was indeed beautiful.

Following Han Yun out of the Siber Hotel in front of him, the waiter at the door had already drove the beautiful red Fiat 500 from Han Yun.

This Fiat 500, which has just been launched, looks small and exquisite, and is a model that women love.

However, Li Tian frowned slightly looking at the somewhat mini feminine car in front of him.

"Mr. Li, please get in the car." Na Han Yun opened the car door and said to Li Tian.

Li Tian didn't say anything, and got into the car.

As soon as I sat in, I smelled annasui perfume in my nose.

Annasui perfume has a noble and unique fragrance, which Li Tian can feel with a light nose.

He liked the fragrance and couldn't help taking a deep breath.

I saw a pretty cute Barbie doll in the small car body, but I saw many folders and marketing materials in it.

Li Tian took a look and almost knew in his heart that this Han Yun in front of him should be a workaholic.

But seeing Han Yun also got into the car at this moment, she started to start the car and drove towards the Shinhwa Group.

Along the way, this man and woman coexisted in this petite car body, which was quite embarrassing. Even Han Yun, a strong woman in the mall who often dealt with people, Li Tian, coexisted in her car...

No way, Han Yun's bright red Fiat 500 has been purchased from now until now, except for her, no one has the honor to sit in, let alone Li Tian is still a man.

As for Li Tian, it also felt strange to face this ol beauty. On the way, he turned his head and looked at the towering building outside the car window.

The beauty of Han, who was driving in front, observed Li Tian in the rear mirror of the car intentionally or unconsciously.

"Is he handsome..." Observing Li Tian's Han Yun from the reverse mirror, this thought suddenly appeared in his head.

But she hurriedly took the beautiful eyes back from the rear mirror: Damn, why am I thinking about it?

Chapter 454: unbelievable

Han Yun said in her heart, how could she be the kind of woman who judges people by appearance?

Since Han Yun entered junior high school at the age of 13, people have been giving her love letters and flowers, from university, to the United States, to the company... The love letters, confession, and unforgettable love sentences that Han Yun received over the years... ...There is no ten thousand and at least eight thousand.

But what about her? All refused one by one.

So far, she is all alone. It should be said that Han Yun has never had a boyfriend for so many years.

Don't look at this beauty who is known as a legend in the Shenhua Group in the shopping mall, but she is still a woman with a blank relationship history.

The employees of Shinhwa Company once wondered if their sales manager Han Yun was a little abnormal? How can you not look at a man until now? But they can only talk in private. As for the real dare to ask, who dares to go?

What about Han Yun? She is actually just an outstanding woman who grew up in a middle-class family in China. Her father is a high school teacher. What about her mother? He is a worker in a state-owned enterprise, but Han Yun, who has been both good in character and academic since childhood, is indeed a wonderful work.

Regarding her own feelings, Han Yun sometimes thinks about lying alone in a lonely bed in the middle of the night... Now she can't say that she has everything, but at least she basically has what she should have, but only My own feelings are a blank.

She is not a loveless woman, but she has not found the one she loves...

She is also a woman. Like many women, she longs for a vigorous and romantic love, but so far she has not found anyone who can make her feel this way.

The two people sat in this small car filled with annasui perfume, just staying in embarrassment.

In the end, Han Yun broke the embarrassment.

She turned her head while driving, and asked with a smile on her beautiful and exquisite face: "Mr. Li, what business do you do?"

Listening to Han Yun's sudden question in front of him, Li Tian smiled.

He knew in his heart that Han Yun didn't know anything about the Shinhwa Group and Duanmu family. At this moment, he simply said perfunctorily: "I am not in business."

The big beauty Han Yun was slightly startled when Li Tian said this.

"What does Mr. Li do?" Han Yun continued to ask.

Li Tian thought for a while, and finally said, "I am... I am a tourist."

Li Tian, who could not say, could only say casually.

After Li Tian said this, how clever Han Yun was. Of course he knew that Li Tian was false. He didn't ask too much when he saw that Li Tian was reluctant to say it.

"Then Mr. Li is also traveling to Liaobei Province this time?" Han Yun asked with a smile.

Li Tian nodded: "Well,"

"Hehe, no matter what kind of travel Mr. Li is doing, but let us President Hu give up the signing meeting this afternoon, and make a special trip to visit Mr. Li. You can see that Mr. Li is definitely an extremely important person." Han Yun said something there.

Li Tian listened to her, of course he knew what was thinking in her heart.

But he did not tell her.

Because those things should not be told to people like her, it is best not to let innocent people like them get involved in this matter.

"You can have this ability at such a young age. You are really young and promising." Han Yun said with a smile and praised Li Tian.

Li Tian smiled faintly at Han Yun and said, "The same is true for you."

"I'm just a part-time worker." Han Yun said modestly.

The two chatted along the way, and soon arrived at the Shinhwa Group.

After the bright red Fiat 500 arrived in the parking lot soon, the white-collar workers of the Shenhua Group who came in and out knew that it was the Fiat 500: Beauty Han is here.

A few white-collar men at work are still there blinking, wanting to look at the big beauty.

But just when they wanted to look at the big beauty Han Yun, they found that a man figured out of the car first.

Several white-collar male workers here were immediately dumbfounded.

"I'm not mistaken...Is the Na Fiat 500 our Han goddess' car?" One of the male employees with a delicate face and glasses asked in surprise and shock on his face.

Just after he said this, he saw that ol beauty, Han Yun, came out of the car door on the other side.

At this moment, the eyes of these male workers were completely blinded.

"Oh my God, it's really President Han..."

"Mom, a man came out of President Han's car? How unimaginable this is!"

"Yeah, why would Mr. Han let a man sit in her car?" One of the white-collar workers also said in disbelief.

"No... it won't be President Han's boyfriend, right?" He only heard a male worker in a suit speaking as the leader.

"Impossible? Han Damei actually talked about friends? Can't it?"

"Let's see what the kid is coming from, and they are all in the Han goddess' car! Oh my God, the goddess in our Diosi's mind is so occupied by that kid..."

One of the male employees gritted his teeth and stared at Li Tianzai.

"How do I feel that this person is not like a rich second-generation, nor is he like a rich lord, and is he not very handsome?" The other one said while comparing.

"Yeah, I don't think he is as good as me in his outfit." The one next to him also said.

What they said was really good. Li Tian's outfit was really not as good as the white-collar worker in front of him.

But it happened that such a "Diaosi" came out of the chariot of the goddess "Beauty Han Yun" in the minds of these male workers. How terrible is this? How unwilling these white-collar workers...

You know that Han Yun's Fiat 500 has never been a man before!

Not only these male employees of the Mythology Group are jealous, but also the female white-collar workers over there are completely stunned.

"Look, look, isn't that our President Han?"

"No...Why did President Han walk out of her car with a man?"

A tall beautiful woman next to her turned her head quickly, and said in surprise, "Really? Fake?"

"Look, isn't that President Han?" As he said, the beauty in front of her pointed at Han Yun over there.

The tall woman here saw Han Yun at a glance, and she also saw the man next to Han Yun, Li Tian.

"what!!!"

"Mr. Han actually got in and out of a man? It's incredible, it's even more incredible than someone with a foreign surname wants to attack the earth."

"You said that shouldn't be President Han's boyfriend, right?"

"It's not like it, how could President Han find such an ordinary man?"

"Yeah, do you look at that man in such a simple costume? It's okay...but don't forget what level of beauty our Han is always, you can't find him no matter how you look for it, right? At least it has to be a rich second generation."

"That's not necessarily true, maybe we, Han Dabei, like this kind of thing. When did you think about when there was a man in President Han's car?"

Listening to this girl say that, those girls were silent.

Yes, which man in Han Yun's car has a chance to ride? Apart from Li Tian himself in front of him, there is still no second person.

"Oh my god, it's crazy, the world is completely messed up, I can't believe Mr. Han actually has a boyfriend..."

The few white-collar beauties who were talking were all looking at Li Tian and Han Yun who were walking towards the company's door in amazement.

Chapter 455: Han Yun's boyfriend?

Especially when they saw Han Yun and Li Tianyou talking and laughing towards the company gate of Shenhua Group, they were speechless.

The male **** silk completely collapsed one by one.

How can you hate yourself for not having such a good life as Li Tian? The female white-collar workers were completely stunned.

When Han Yun and Li Tian walked over, they looked at so many workers in front of them, and they couldn't help frowning slightly.

"What's wrong, you guys? Don't you go to work?" Han Yun stood there looking at the employees who were surprised and wide-eyed.

Those employees quickly woke up, and then hurried to the company.

Li Tian frowned slightly and looked at this strange group of workplace employees.

"Mr. Li, this is our Shinhwa Group." Han Yun introduced to Li Tian with a smile.

Looking at the 40-storey office building, Li Tian couldn't help being shocked secretly.

"The Duanmu family is really huge!!"

Then, under the lead of Han Yun, Li Tian followed her all the way to the elevator, and while walking there, he kindly introduced Li Tian that this was that.

The employees of the Shenhua Group who have passed by will look at them in surprise almost as long as they pass the hall, which makes Li Tian slightly puzzled.

I couldn't help but conceal: What happened to the employees of Shenhua Group? How come all of them have that expression?

After introducing the lobby, Li Tian said: "Go, go up and take a look at your office."

Han Yun smiled and said, "Okay."

Then the two got on the elevator.

When their elevator came, there were also a few Shenhua Group employees who took the elevator there, but when they saw Han Yun and Li Tian together, they hurried back and didn't go in.

Isn't this? Once down the elevator, only Han Yun and Li Tian sat in.

After getting on the elevator, Li Tian said in surprise: "Why are all the employees in your company so strange?"

Han Yun smiled awkwardly on Qiaomei's face.

"It's not... I don't know what happened to them one by one today." Although Han Yun said so, she knew what happened in her heart.

However, women like her have long been accustomed to the rumors and rumors of these subordinates, and these are just things that are just ignored by the Internet.

In this kind of workplace, rumors spread faster than bacteria.

Isn't this? I just saw the beauty of Han Damei coming out of the car with Li Tian downstairs, and it spread quickly across the entire Mythology Group like a plague.

Especially the sales department under the jurisdiction of Han Yun.

Han Yun's sales department is on the 18th floor of the company, and most of them are women who are twittering.

All of them are black stockings and professional short skirts.

At this moment, I only heard a female white-collar worker who happened to see that scene downstairs just now, as if she had seen a ghost. As soon as she arrived at the sales department, she started to exclaim, "Oh my God...I'm going to collapse."

When these beauties working in the sales department heard her say this, they all joined in the fun.

"What happened?"

"Do you know what I saw downstairs just now?" The woman in front of me said with an incredible expression on her face.

"whats the matter?"

"Say it quickly."

Most women are born to like gossip, so when she said that, the girls suddenly showed curious eyes.

"I saw, I saw our President Han... Mr. Han unexpectedly walked out of her Fiat with a man!!!"

When she said this, the women in the entire office were stunned.

"Cut... I can't deceive people."

"Our President Han is so lofty... Even the rich family of Yuwen family gives her flowers every day, she doesn't care, how could she get out of her car with a man, besides, I will pay I've never seen that man get into her car."

"Yes." The woman next to her was also there and said, obviously everyone didn't believe her words.

"I know you don't believe me, but I tell you all this is true. I have seen it with my own eyes. If I lie to everyone, I will punish my face for a lifetime of acne." She said.

The white-collar workers in the sales department next to her could not help but blink their eyes and looked at her when they heard the "poisonous oath" made by her and said, "Really?" Even though they said that, they were still full of doubts.

"Of course it is true. I couldn't believe it at the time, but the facts tell me it is true. Our President Han is really in love."

"Oh my god... it's incredible."

"Yeah, what kind of Prince Charming is it to make our Han goddess into his arms?"

"I also want to see what kind of beautiful man it is to have our Korean goddess..."

...

So these girls started talking here.

"What are you talking about?" Only one voice came over at this time.

Following the voice, she saw a woman of medium build with neat bangs coming out.

She is the sales assistant next to Han Yun, Liu Jing.

This is the woman who sent the Yuwen family playboy's flowers into Han Yun's room these days.

After she came out, the white-collar girls stopped talking and went back to work one by one.

It turns out that Liu Jing is not treated by anyone in the department. She is the kind of woman with very small eyes, and she often drinks to the white-collar workers in these offices because she is Han Yun's assistant.

"What were you gossiping about just now? Are you talking bad about President Han?" Liu Jing, who walked out of the folder with the folder, said to the white-collar workers in the office.

"No..." the girls said one by one.

"But I clearly heard it just now, what happened to Mr. Han? Do you have a boyfriend?" Liu Jing said with very good ears.

Listening to her, the girls in the office worked silently without saying a word.

"Why don't you speak anymore?" Liu Jing continued to ask.

When she was questioning the white-collar women in these women's offices, she suddenly saw Han Yun walking towards the sales department with Li Tian.

In the moment when the big beauty Han Yun and Li Tian appeared before her eyes. The white-collar women in the office almost screamed, one by one, Mr. Han, who was looking at them with big beautiful eyes, and Li Tian...

"Really! It turned out to be true. Mr. Han is really with a man, my God, it's incredible."

"Mygod, I am going to collapse."

"How about that man? He looks handsome and manly, but his clothes are too ordinary, right?"

"Yeah, I think so too, it seems that I am not rich."

...

Chapter 456: Business women

And what about Liu Jing, the assistant over there? At this moment, he was completely stunned.

Blinking and staring at Li Tian and their President Han in disbelief.

Besides, Han Yun, who walked in, ignored the surprised eyes of the girls in her sales department, and smiled at Li Tian and said, "Mr. Li, this is our sales department."

While talking, he kindly opened the door for Li Tian to let him in.

After walking in, Li Tian looked at so many girls in the sales department in surprise, and couldn't help but frown slightly.

What do they think of themselves like monsters?

"Mr. Han, who is this?" The assistant Liu Jing walked to Han Yun's side and looked at Li Tian with a surprised look at this moment.

Han Yun said, "This is the VIP of our company, Mr. Li."

"Oh, it turned out to be like this." Liu Jing said on the side, while looking at Li Tian.

"Okay, there is nothing wrong with you here, go to work, and I will take Mr. Li around here." Only Han Yun said.

Then Liu Jing heard Mr. Han say so, so she nodded and gave a weird look at Li Tianhui and stepped back.

"Come and see in my office?" Han Yun looked at Li Tian with a charming smile at the moment.

Li Tian smiled and said, "Of course it's good."

"Well, my office is right in front, let's go."

Han Yun, who was speaking, walked forward with Li Tian in front of him.

When Li Tian here followed Han Yun to the office affectionately, the female white-collar workers in the business department suddenly boiled.

This is Tianmen but I have seen it with my own eyes.

Han Yun has always been regarded as the most beautiful and most difficult to be pursued by Shinhwa Group, Han Yun went into the office with a man!

And the man also came out of the same car as her, the most important thing is that the car is still Han Yun's Xiangche.

"Is that man really our President Han's boyfriend?"

"I think it's not like it. Mr. Han just said that he seems to be a VIP of our company."

"How is it possible? When did you see President Han enter her office with someone from another company? Besides, if it's someone from another company, we don't have to receive it personally."

"Could it really be?"

"But that man is too commonplace, right? Besides being masculine, he doesn't seem to be very rich..."

"Oh my god, my outlook on life, values, and world views are completely messed up... How could Goddess Han find such a boyfriend?"

These girls are chatting in the business department.

In their impression, that Han Yun is a symbol of the goddess, and it is unattainable. Sometimes when they are idle and bored, what kind of man is the man who can be worthy of their President Han, but after much thought, Just can't find it.

But now, suddenly Li Tian appeared with Han Yun, and of course it would arouse their discussion.

And the most terrible thing is that Li Tian's dress is simple and sloppy, and he is sitting in her car with the beautiful girl Han Yun, which is even more imaginative...

So Han Yun had a boyfriend, and the news that her boyfriend was a **** soon spread like bacteria in the entire Shinhwa Group.

Li Tian is staying in Han Yun's office at the moment. Han Yun's office is quite atmospheric, spacious and bright.

Li Tian looked around and smiled and said, "Your office is pretty."

Han Yun smiled slightly and poured a cup of coffee for Li Tian.

"Mr. Lee..."

"You don't need to call me Mr. Li, I'm a bit uncomfortable. My name is Li Tian, you can call me directly." Li Tian said with a smile.

Han Yun did call that Li Tian was a little awkward for Mr. Li, and smiled at the moment and said, "Okay."

"By the way, I only know your last name is Han, what's your name?" Li Tian looked at the beautiful woman Han Yun curiously and said.

"Han Yun." She said softly.

Li Tian whispered Han Yun's name softly, smiled and said, "A nice name, as beautiful as yours."

Han Yunqiao's face blushed slightly.

"By the way, how long do you plan to stay in Liaobei Province?" Han Yun looked at Li Tian and asked.

Li Tian thought for a while and said, "It may take a while, but I am not very clear about the details."

"oh, I see."

While the two were talking, they saw the phone ringing on Han Yun's desk.

Han Yun smiled and said to Li Tian: "I'm sorry, I will answer the phone first."

Li Tian nodded dangerously.

Han Yun answered the phone.

The call seemed to be from their chairman, and when Han Yun said it for about a minute, she hung up.

Then he smiled and said to Li Tiandao in front of him: "It seems I can't accompany you anymore."

Li Tianyi said in a daze, "What's the matter?"

"The chairman asked me to visit his office."

"Oh, that's it, it's okay, you go." Li Tiandao said.

Han Yun said, "Okay, then you will stay in my office for a while... Have some coffee and I will be back soon."

After speaking, he showed a beautiful smile, then turned and walked outside the office.

Li Tian is the only one in Han Yun's office.

Li Tian stayed for a while and drank two sips of coffee. The coffee was a bit strong and not to his appetite, so he stood up and looked around in Han Yun's office.

With a casual glance, he found that the trash can next to him was stuffed with bright roses, but it was a pity that those beautiful roses were thrown into the trash can.

Li Tian frowned slightly, and leaned over to look, but saw that the English letters were still written on it: iloveyou! The rest of the name is: admire your outstanding!

Li Tian glanced at it and couldn't help laughing. It seems that the person who gave the flowers should be Han Yun's suitor... It's a pity that Han Yun called this "Jie" from the way the rose was thrown in the trash can. The man seemed dismissive.

Li Tian sat back on the sofa very gossiping, thinking to himself, that Han Yun is indeed a beauty. If this person can have such a beauty in his life, he should be content, and still so capable.

Li Tian, who stayed in Han Yun's office for a while, couldn't help being bored, so he opened the glass door of the office and walked to the business department outside.

The white-collar female employees in the business department almost screamed out of excitement after seeing Li Tian coming out.

All of them were staring at him with blinking beautiful eyes.

Li Tian, who was watched by so many girls, was a little embarrassed, but he was thinking to himself, is he really this strange? Why are all of them looking at themselves with this look?

Chapter 457: Snob

Suddenly, a petite but cute female white-collar worker walked towards Li Tian boldly.

"This handsome guy... isn't it an employee of our Shinhwa Group?" The female white-collar worker looked up and down Li Tian and asked.

Li Tian smiled slightly and nodded.

"Well, I am not."

"Then dare to ask where this handsome guy works?" Just listen to her continue to ask.

Li Tian frowned slightly, and said the truth: "I don't have a job."

"Huh?" The little white-collar worker who went to work was taken aback.

Several girls next to him heard Li Tian say that they don't have a job, and they all started chatting.

Another white-collar female worker also leaned over at this moment and said: "Then let me ask, what is your relationship with Han?"

"Is it his boyfriend?"

Li Tianyi laughed when he heard that these beautiful staff members thought of themselves as Han Yun's boyfriend.

"You are wrong, I am not." Li Tian shook his head and said.

"Really? You didn't lie to us?" The white-collar female workers next to her said in disbelief.

"I really didn't lie to you, Han Yun and I just met."

"Just met? Impossible, right? You can get in our President Han's car as soon as you met... This is progressing too fast, right..."

"Man, you are not honest!"

"Tell me, what is your background and how did you catch up with the goddess Han of our company?"

Listening to the gossip of these beauties in front of him, Li Tian could only helplessly shook his head.

Now, even if he said bitterly that he wasn't, all the girls in front of him didn't believe it.

Just as they were talking, a voice full of resentment suddenly came.

"He? Can he be our President Han's boyfriend? Huh... Is that qualified?"

Hearing the harsh and mean voice carefully, but seeing that it was the assistant Liu Jing who was next to Han Yun, she said it while looking at Li Tian with disdain.

The white-collar female workers next to them were extremely embarrassed when they heard that Liu Jing said this.

Where is Li Tian? He also raised his eyes to look at the disgusting Liu Jing, but he still smiled, not angry, and said, "I am indeed not your boyfriend Han."

"Forgive you for not daring to pretend..." Liu Jing said, seemingly coaxing.

The white-collar women next to him were all disgusted with Liu Jing's speaking attitude, but there was no way. Liu Jing was in a higher position than theirs, and they were afraid to speak.

On the contrary, Li Tian cried and laughed, thinking to himself that the woman in front of him was quite mean.

"I ask you, who are you? Why did you get into our sales department?" Just listened to Liu Jing's unreasonable words.

"Come on, he was brought in by President Han. Didn't you see it with your own eyes just now?" A female white-collar worker next to him really couldn't understand Liu Jing's superior attitude and said for Li Tianming.

"It's none of your business, talk less, just take care of your own work." Liu Jing stared at the white-collar girl coldly.

The white-collar girl snorted and murmured: "It's really a dogged attitude...Isn't she just a little assistant? As for such a drag?"

The girls in the sales department at the moment looked at Li Tian and couldn't help but sympathize with him.

But what about Li Tian? The temper is really good, just standing there silently and saying: "It's you Han Yun, Manager Han brought me here."

Then Liu Jing sneered at the moment: "Even if it is brought in by President Han, you can't go around in our workplace, right?"

Hearing this woman say so, Li Tian tried his best to endure the inner anger.

But who knew that this mean woman actually said again: "We are here at work, and it's best not to disturb the normal work of our sales department, so please leave now..." Then Liu Jing actually wanted to drive away Li in front of him. day.

Li Tian suddenly raised his eyes and glanced at Liu Jing.

The light shot from her eyes made Liu Jing's heart tremble, but Li Tian still suppressed the anger in her heart, and said slightly, "Well..."

He said it as if he was really leaving the sales department.

Just as Li Tian was about to walk out of the sales department in front of him, a voice suddenly came.

"Mr. Li, why are you leaving?"

As the voice came, I saw Hu Rui, the chairman of the Shinhwa Group, Han Yun, the general manager of the sales department, and the secretary of the chairman came in from outside, and said to Li Tianwen with a smile, respectfully. attitude.

When the white-collar workers in the entire sales department saw the chairman coming, they were suddenly astonished.

Especially when they heard their chairman kindly call Li Tian as Mr. Li, they were even more startled.

Just listen to Li Tian smiling bitterly and say: "There is no way, your company staff wants to drive me away!"

"what?"

"Who is so bold?" Hu Rui immediately became angry.

And the pretty face of Han Yun in front of her became extremely ugly.

The entire business department was suddenly silent, and the little assistant Liu Jing who had just been pretending to be shocked at this moment seemed to be shocked. Forced to stand there.

But the office women are happy one by one.

"I ask you, who dared to drive away the VIPs of our company just now!!" I saw Hu Rui, the chairman of Shinhwa Company standing in the middle of the business department and said angrily.

Those female white-collar workers couldn't help but cast their eyes on Liu Jing just now.

They originally disliked Liu Jing extremely, and now they saw her extremely embarrassed, and they were even happier.

"It's you? Liu Jing?" Han Yun looked at Liu Jing coldly.

Liu Jing softened suddenly.

"Chairman, President Han, I don't know that this gentleman is our VIP...I'm so damn, I was wrong...I will apologize to the VIP!" Then Liu Jing almost knelt on the ground and begged.

"You don't have to admit your mistakes, pack your things and go to the personnel department to resign." Just listen to Hu Rui said coldly.

Then Liu Jing was suddenly limp there.

"Get out now, don't show up here!" Hu Rui continued to say angrily.

Then Liu Jing paled with fright, and walked toward the outside obediently while trembling.

Han Yun took a look at Liu Jing. Although Han Yun knew all the scheming of this person, after all, she was a woman and was a little softer, so she couldn't help but look at Liu Jing sympathetically.

But this order was issued by their chairman, and even Han Yun couldn't help it.

Where is Li Tian? After taking a look at Liu Jing who was lying down there, she wanted to persuade Hu Rui, but after thinking about it, such a woman still broke her control.

So Liu Jing was expelled directly.

Her arrogant and insulting attitude to Li Tian just now disappeared...slowly walking towards the personnel department like a bereaved dog.

Chapter 458: Vicious woman

"Mr. Li, I'm really embarrassed, I have already resigned from the guy who doesn't have long eyes." Hu Rui turned his head and looked at Li Tian and said with a smile.

Li Tian didn't speak too much, turned around and walked to the side.

Hu Rui behind him didn't look like the chairman of Shinhwa Group at all, but like Li Tian's follower. He quickly followed, and Han Yun also slowly followed at this moment.

This situation completely shocked the white-collar workers in the business department. It was not until Li Tian's figure entered the office with Hu Rui and the others that the girls' eyes turned from Li Tian's back.

Frozen, all dumbfounded!

The women in this sales department froze together for about a few seconds... Suddenly a girl's voice rang and said, "I'll just say, what is a real person without showing up? Have you noticed it? They were so good to him... so obedient..."

"Yeah...I find that handsome guy more and more charming."

"Halo, you idiot, even if you look at others, they don't look down on you, he is already our man Han."

"Hey... he looks down on me, as long as I like him."

"Guess, what exactly is that handsome guy? So amazing?"

"Who knows, but I guess it must be very powerful, very powerful!"

"I think only our Han Zong can be worthy of him..."

...

These girls are talking here, and the expelled Liu Jing left the Mythology Group in front of her with her tail in her arms like a "dog".

A woman like Liu Jing is the kind of vicious woman who is very vengeful and hateful. A woman like her never knows what repentance is.

Liu Jing, holding her own things and driving them away, went downstairs and cursed in her heart: "You are cruel..."

"Damn bastard, who the **** is he, let the boss fire me... I will definitely remember this hatred."

While talking, walked towards the parking lot.

When Liu Jing arrived in the parking lot, she was about to get in the car and leave. Suddenly, an extremely powerful jaguar500 parkour car drove over here quickly.

This jaguar worth more than 5 million is one of only a few in the world. It can be seen that the rich people driving this car definitely include the rich among the rich.

Following the jaguar 500 in front of him, he stopped in the parking lot with a hiss, but he saw a young man who came out of the car first.

Judging from his brand-name attire, this person is definitely an extremely rich person who likes luxury.

The upper body is a bright red leather jacket of Christiandior brand specially made in Paris, and the lower body is western jeans of klou.

The magnificent attire envelops this mortal body, and the two pieces of clothing alone are worth hundreds of thousands.

He has a handsome face, but that face shows a wave of frivolity and ostentation.

Behind him is a man in his 30s with an extremely strange face. The man has a pair of snakelike eyes and a disgusting mole in the middle of his eyebrows. He looks cautious, and his hands are thin and powerfully shrunk in his sleeves. Inside, standing motionless behind the handsome guy.

The big man in front is still holding a bunch of bright roses.

When they got out of the car, they saw Liu Jing at a glance.

"Hey." The big young man here shouted to Liu Jing who was walking into the car.

Liu Jing turned her head and saw him at a glance.

"Master Yuwen!"

Liu Jing immediately trot over as if she saw her father.

It turns out that this extremely wealthy master is Yuwenjie from the Yuwen family!

It's the big man who has always sent flowers to Han Yun!

Seeing Liu Jing running over, a smile appeared on Yu Wenjie's frivolous face.

"Liu Jing, how is your manager? Have you been moved by the sincerity of this son?" He asked when he went up.

Of course Liu Jing knew that Yu Wenjie came here to pursue Han Yun. For so many days, Liu Jing secretly put the roses sent by Yu Wenjie into Han Yun's office...Where is Han Yun? The day before, it was said that no one was allowed to send flowers in, but this wicked woman still sent them secretly.

"Master Yuwen is still thinking about our company's President Han?" Liu Jing said, scratching her head in a sulky manner.

She is wearing a black short skirt suit, what does she look like? Some foxes are the kind of night girls who are tempted by night girls. They are quite plump, and they are protruding backwards.

That Yu Wenjie played with so many women, a glance at both eyes knew what Liu Jing was.

A hand suddenly stretched out to stop Liu Jing's small waist and hugged it into his arms. He smiled evilly and said, "What's the matter? Are you jealous?"

"I didn't!" Liu Jing's small waist was giggled by Yu Wenjie's arms, and the two chests on his chest shook.

Yu Wenjie swiftly moved towards Liu Jing's plump, buttocks skillfully, while the other hand gently lifted Liu Jing's chin and said, "Tell me, you, Mr. Han. What was the reaction? Did you like this son?"

Liu Jing was feeling hot all over, her face flushed and said, "Master Yuwen, are you really going to pursue that Han Yun?"

"Of course, there is no woman in the world that Yu Wenjie can't handle." Yu Wenjie said with a smile, his frivolous face full of evil.

But then Liu Jing sighed suddenly, hey!

"What's wrong?" Yu Wenjie asked, looking at Liu Jing coldly.

"Actually, I think Mr. Yuwen, you are not worth it for Mr. Han..."

When Yu Wenjie in front of him heard what Liu Jing said, he was taken aback, stopped the movement in his hand, and pushed Liu Jing away coldly: "What do you mean?"

Liu Jing hurriedly said, "Master Yuwen doesn't know something, but there are many things I dare not tell you!"

"You said, what the **** is it?" Yu Wenjie asked with an ugly face at the moment.

Liu Jing knew that her chance to retaliate was coming, so she said, "I think Mr. Han is really incomprehensible. I can't help throwing the roses every time Master Yuwen sends into the trash can, and... and....."

Hearing what Liu Jing said, Yu Wenjie's face looked ugly and terrible, and he grabbed Liu Jing's wrist grimly and said, "How dare she throw the roses this young man gave?"

Liu Jing was taken aback.

He said quickly: "Yes, yes, that Han Yun couldn't help throwing away the roses you sent, and also said that, like, the dude, you are not worthy of being with her..."

Listening to Liu Jing's own bad words, this Yu Wenjie is really furious

Chapter 459: Savage

When was a character like him rejected by a woman?

"Smelly bitch, how dare you say that to me?" Yu Wenjie, who spit out vicious words from his mouth, was really furious, and gave the rose that he had originally brought to Han Yun to give it to Han Yun. Thrown on the ground.

Then Liu Jing saw that the heat was almost there, and continued: "Master Yuwen, do you know why our President Han doesn't like you?"

"Why?" Yu Wenjie said with his fierce eyes open.

Liu Jingdao said, "That's because President Han already has someone we like, a man."

"What? What kind of **** dared to steal women from Yu Wenjie?" Yu Wenjie became more and more angry.

The most unbearable thing for a prince like him is that others are better than him!

Now suddenly I heard Liu Jing say that Han Yun turned out to be because other men didn't like him. As the eldest son of the dignified Yuwen family in northern Liaoning, how could he not be angry?

"That person is simply not as good as you, Lord Yuwen! Handsome without you, rich without you...and demeanor without you...but I don't know why our President Han likes him."

"Isn't this? Today, Mr. Han also deliberately brought that man into our company." Liu Jing said evilly.

Listening to Liu Jing's words, that Yuwen was almost crazy.

"I'm going to kill him and skin him alive by myself!" Just listen to Yu Wenjie's mouth harshly.

Then Liu Jing saw that Yu Wenjie had reached a crazy state, and she couldn't help but secretly happy that she could finally let out a breath of anger.

"If Grandpa Yuwen wants that **** kid to be ugly, he can go to him now, he is upstairs in our company." Liu Jing said in front of him.

That Yu Wenjie was full of vicious murderous aura.

"Don't worry, I will kill the **** who snatched a woman from me." Yu Wenjie said as the fierce eyes were placed on Liu Jing.

Liu Jing thought that Yu Wenjie had taken a fancy to her body, she couldn't help but squeezed her head sexy, and took the initiative to stick to Yu Wenjie.

Yu Wenjie gave a treacherous smile, grabbed Liu Jing's neck, and then greedily kissed Liu Jing's chest and deep gully.

Liu Jing had a convulsion, blushing and panting.

While she was enjoying the moisturizing, Yu Wenjie's eyes suddenly showed a vicious light, grabbing Liu Jing's arm and pushing it back, and then Liu Jing's body suddenly came to the back with a bronzed complexion. In the arms of a man.

The man with an ugly and disgusting mole on his eyebrows showed black scary teeth at the moment he held Liu Jing, and smiled at Liu Jing's **** body.

Liu Jing screamed in fright: "You...what are you doing?"

As soon as he finished speaking, the man with a mole between his eyebrows pinched her thin white neck, and then tore off the short skirt of Liu Jing's uniform with a hissed hand. The body suddenly appeared.

She wanted to struggle, but she was weak, wanted to scream, but couldn't.

Her clothes were torn, even the black socks were torn off... the high heels fell on the cold ground on one side.

And the savage man roughly arched up on Liu Jing's body like a beast, ravaged and ravaged...

Weak gasps and shouts were so pale and feeble, and the entire parking lot was performing a very cruel scene.

Yu Wenjie, who was standing next to him, watched this scene evilly, with a sinister smile on the corner of his mouth, looking at the scene in front of him as if he was appreciating, very Kaxin.

Finally the "storm" stopped!

The rough man with a mole in the middle of his eyebrows slowly lifted his trousers, and the black hair on one leg looked at the hideous, like an ape man coming out of the forest.

And look at Liu Jing, whose clothes were torn up? The pupils are wide and the mouth is half open. The white skin is already purple and green. The pair of white flowers is crisp, and there are a pair of deep black and purple teeth marks on the chest. It is obvious that it was chewed by the mouth. Bite.

There are five distinct purple handprints on her neck, dead?

Liu Jing was tortured to death.

After the rough man got dressed, he reached out and grabbed Liu Jing's white and thin legs, and numbly stuffed her body into the car.

And Yu Wenjie next to him watched with an attitude of appreciation from beginning to end.

After throwing Liu Jing's body into the car, Yu Wenjie looked at the barbarian man next to him with a treacherous smile and asked, "How about it? Satisfied?"

The man with a mole on his eyebrows, with a hideous black tooth in his mouth, nodded with a wicked smile.

"Satisfied." His voice was hoarse and unpleasant, as if a knife had been cut in his throat.

Hearing his satisfaction, Yu Wenjie in front of him sneered and said: "Since you are satisfied, then immediately kill someone for me."

"Who to kill?" The barbarian man with his black teeth said fiercely.

As if killing someone is like doing ai, it makes him extremely excited.

"Kill a **** who dared to steal a woman from me." Yu Wenjie said angrily.

"Okay, I'll kill." Three words came from his hoarse throat.

Yu Wenjie in front of him said with a vicious smile, "Han Yun, Han Yun, tell you this **** not to follow me? How did I kill your little boyfriend this time!"

The sales department of Shinhwa Group today is the most exciting day.

The beauties in the sales department are all shocked by their manager's "mysterious and powerful boyfriend".

No one knows what Li Tian's identity is?

But they can feel that Li Tian's identity is so powerful that the bosses of their Mythology Group are humbled.

So it completely exceeded their imagination.

In the office at this moment, Li Tian and Han Yun were sitting there drinking coffee. After experiencing the absurd scene of Liu Jing, Li Tian's heart had already turned around.

Hu Rui has left the office, and now only Li Tian and Han Yun are in the office.

"Sorry, my subordinates took the liberty of you today." Han Yun apologized to Li Tian.

Li Tian smiled faintly: "In fact, it's nothing, but you fired your assistant. I should apologize."

"It doesn't matter, Liu Jing has always been unable to make progress. If it weren't for her long time in the company, I might have fired her long ago. Now that she is gone, I hope I can continue to find another job. "

Hearing what Han Yun said before him, Li Tian smiled and nodded.

The two chatted in the office for more than half an hour. During this period, they talked and laughed, and were quite happy.

Chapter 460: snack block

From the conversation, Li Tian knew the power of Han Yun. Not only did he go abroad to study very early, but he also obtained an MBA from the US Emba... For such an outstanding woman, if she put it aside, she would not believe Li Tian to death. Can sit on an equal footing with such a woman and talk to each other.

And Han Yun? Little is known from Li Tian.

He is like a person wearing a mysterious veil to Han Yun. Not only does he have a strong and mysterious "background", but from Li Tian's speech and behavior, Han Yun always has an indescribable strange feeling. It felt like Li Tian was hiding something.

In fact, Han Yun, who has been in the mall for so many years, feels really keen.

Li Tian really concealed a lot of things from her, because Li Tian knew that Han Yun was not the same person as herself, and she had to hide something from her. If Han Yun knew her identity, she would probably face a lot danger.

However, Li Tian's overall impression of Han Yun's evaluation in his mind is quite high, not just because Li Tianqian imagined a fierce man who even the head of the Shinhwa Group bowed his head to him. Han Yun was just a manager, and Li Tian didn't. There is no arrogance, which fully explains everything, and he seems to be able to talk to anyone, and Han Yun still thinks Li Tian is a good person.

This is the first man to impress Han Yun in his heart.

There has never been a man in such a short period of time, can leave such a deep impression in the heart of beautiful Han, Li Tian is definitely the first.

After talking for a long time, they finally only heard that Han Yun looked at Li Tiandao and said, "Are you hungry?"

Li Tian was a bit hungry to be honest, so he smiled and said, "Don't tell me, after you say that, I'm really a bit hungry."

"Then let's eat together?" Han Yun stood up and said with a smile on her pretty face.

Li Tian was quite flattered, and smiled and said, "Okay."

When the two walked out of the office, the female white-collar workers outside the sales department greeted them with a smile.

After leaving the sales department, the female white-collar workers began to chuckle from behind.

"Mr. Han really matches that mysterious man very well."

"Yes, the more I look at it, the more I feel."

"Hey, when can I find such a boyfriend..."

Some beauties started talking about **** there.

At this moment, the female white-collar workers in the sales department basically think that Li Tian is really Han Yun's boyfriend.

As the parties involved, Li Tian and Han Yun didn't know anything at all.

After exiting the gate of Shenhua Group, Li Tian was still lucky enough to sit in that Han Yun's fragrant car.

Li Tian, who was sitting side by side with Han Yun, smiled and said to Han Yun, "Go there to eat?"

Just listen to Han Yundao: "I know there is a place where the food is good, I will take you there."

Han Yun, who was talking, drove the bright red Fiat 500 to the outside.

After their car left, a jaguar cool sports car with beautiful silver eyes suddenly came out from an inconspicuous corner of the parking lot.

Through the glass of the car window, you can see a pair of eyes full of endless resentment.

He is exactly the frivolous Yu Wenjie.

He watched the scene when Li Tian and Han Yun came down from the company upstairs talking and laughing just now.

"Smelly bitch, you can even look at such a small cricket? You can't even look down on me, Yu Wenjie! Well, if you have you, let me see how Lao Tzu crushes that small crouch."

With vicious words in Yu Wenjie's mouth, he stepped on the accelerator, and the jaguar cool sports car flew forward like an arrow.

The savage man sitting beside Yu Wenjie had a sullen face, like a beast, sitting there quietly.

He is a famous "beast" in the Yuwen family.

In this way, Yu Wenjie treacherously followed Han Yun's Fiat.

Of course, Han Yun, who was driving in front, would not notice that there would be a bad car behind her car following them closely.

The car turned left on the streets of Liaobei Province and reached a snack block in front.

This is the most famous snack spot in Northern Liaoning Province. Although it does not have the bustling and busting of big hotels, nor the luxury of those big hotels, this is the place that Han Yun likes to come to.

Not only is there a lot of neighborhood snacks here, but Han Yun really likes it.

She is not like some wealthy and powerful people who have to go to a big hotel for meals and a big hotel for housing. On the contrary, Han Yun's life is extremely low-key.

Han Yun, who brought Li Tian here, parked the car and smiled at Li Tiandao in front of him and said, "Do you like this place?"

She blinked a pair of beautiful eyes and looked at Li Tian in front of her.

Li Tian did not expect that Han Yun would bring himself to such a place to eat. He personally felt that a beauty of Han Yun's level should at least go to eat in that kind of sunny hotel, but he did not expect that she would like to come to this place. ?

Then he said: "I like it."

You must know that Li Tian has lived in Liaocheng, a small county town since he was a child, so he can still remember the street snacks. He likes the atmosphere of street snacks, and he likes it very much.

When Han Yun heard Li Tian say she likes it, she thought he was to suit her, smiled and blinked her beautiful eyes and said, "Really?"

"Of course it's true. My favorite thing in the past was to eat something in the neighborhood, and then drink beer, the leisurely feeling of dangling alone." Li Tian said with a smile.

When Han Yun heard Li Tian say this, she immediately became happy with a pretty smile on her face.

"It seems that we are still friends, I am afraid that people like you don't like it!" Na Han Yun said with a smile.

Li Tian laughed.

"Let's go, I'll take you to eat delicious food, I come to this place often."

As Han Yun was talking, she stretched out a soft and smooth hand to hold Li Tian's arm.

The moment Li Tian was touched by her soft palm, he only felt like an electric shock.

The first physical contact with her really made Li Tian feel...feel...cool!

Li Tian was taken in a daze for a moment, and then followed Han Yun, who was scented on his body, to the front.

There are barbecues in the front place, food stalls, etc...

But what Han Yun likes most is the duck blood vermicelli soup. Soon when she arrived at the 40-year-old sister in front, she just heard Han Yun go up and said, "Sister Li, give me two bowls of duck. Blood vermicelli soup."

Han Yun seemed to be familiar with the eldest sister who made duck blood fan soup here, and when she arrived, she said with a smile.

The woman called Sister Li was in her 40s. Her face was a little dark. When she saw Han Yun in front of her, her face suddenly showed a friendly smile.
