

A Killer 4511

Chapter 4511: : God's favor

The distance to the main peak was getting closer, and Li Tian's gradually felt a little strange.

"Brother Li Tian, have you already felt it? This is the influence of the demigod's power on you!" Ziyan Thunder Bear turned his head and glanced at Li Tian, and said.

Li Tian nodded slightly.

At this moment, there are still several kilometers away from the dark and dark holy peak of the main peak. Li Tian has already felt the spiritual power in his body's veins run uncontrollably.

Li Tian felt his body veins and acupuncture points seem to come to life, and there was a faint pain in his skin.

By this time, Li Tian could no longer burn the spiritual power in his body, and his speed dropped suddenly!

At the same time, the speed of the four domain masters including Ziyan Thunder Bear also dropped rapidly, only a little bit faster than Li Tian's speed.

Everyone can already feel the influence of the demigod's power on them.

Divine Fury, Phoebe is ordinary.

The domain of the domain master, the instant of the venerable, and the weight of the cultivator have completely lost their effect under the wrath of the divine might.

At this time, Li Tian and others were like ordinary monks, who could only rely on their bodies to resist the power of the demigod.

One way of practicing, talent, chance and tenacity are indispensable.

Now is the time to test the resilience of Li Tian and others.

Boom!

Boom!

Li Tian felt his heart beating abruptly, and the spiritual power in the lake in his heart was boiling, constantly rolling up and down.

After the spiritual power continued to vaporize and soared into the air, it became raindrops and fell again, turning into liquefied spiritual power again.

In the veins, the spiritual power like river water boiled more intensely, and the black flames began to rush uncontrollably.

Li Tian tried several times and wanted to control his spiritual power. Unfortunately, it was even more difficult to control these spiritual powers!

Hey!

Several small fishes rushed out of the acupuncture points, rushed out of the body, and instantly turned into a purple electric dragon.

The purple electric dragon walked around Li Tian's body.

It is a pity that even if the strength of the purple electric dragon is extraordinary, but under the power of a demigod, the purple electric dragon can barely hold for more than ten seconds, it will suddenly shatter, become an electric arc, and be absorbed by Li Tian's acupoint again. .

The other four domain masters couldn't help but change their eyes when they looked at Li Tian. They looked at each other, and Kinetic Energy saw a hint of surprise in each other's eyes.

Everyone is the domain master and has a very high understanding of natural cultivation.

Although Li Tian was only in the Venerable's fifth-level early stage, the purple electric dragons released from Li Tian gave them a sense of danger.

"Fortunately, this guy's cultivation base is still relatively weak. If he waits for this guy to reach the realm of the emperor, no, even at the ninth level of the nobleman, it will be a great threat to the domain master-level powerhouse!"

"No wonder the Green-eyed Sparrow Territory Jiu Ling will die in his hands. If he can die in the hands of Brother Li Tian, he will not die at all!"

"It is a blessing in my life to be able to bow to a young talent like Brother Li Tian! I have already begun to look forward to the changes that Brother Li Tian will do after he descends from this dark holy peak!"

"If this guy returns to the Venerable Kingdom of human society, he will definitely turn the entire Netherworld upside down, hahaha, by then, maybe our domain masters will be famous throughout the Netherworld because of Brother Li Tian!"

The four domain masters whispered the judgment in their hearts about Li Tian, and their faces coincidentally showed admiration.

Li Tian, who was behind him, had no idea.

Li Tian only feels uncomfortable now.

Very uncomfortable.

His face flushed, his head seemed to be on fire, and his thinking became much slower.

But on the contrary, his movements were a little faster.

Wangshan is running to death!

Li Tian didn't expect them to see the dim sacred peak thousands of meters away, really galloping, it would be so far away.

Li Tian felt that he could leap at least seven or eight levels each time he leaped, but at this kilometer distance, Li Tian and others had walked for nearly ten minutes.

Huh!

Huh!

A little upset, Li Tian's breathing became short.

The more so, Li Tian felt that the faster his heartbeat, the more painful his skin.

It was as if an invisible thread was tied to his body. Every time Li Tian took a step forward, the thread would sink into Li Tian's body.

The pain has already made Li Tian feel numb.

After finally reaching the foot of the Dark Sacred Peak, Li Tian's skin had already seeped a lot of blood.

The blood came out and soaked Li Tian's clothes, but not a single drop fell on the ground. It was still hanging on Li Tian's skin, crumbling, but quite secure.

Li Tian knew that the blood he saw in front of his eyes was not actually the blood now.

Because of the movement of spiritual power in the body's veins, blood flows from Li Tian's body all the time, and is absorbed into the body by spiritual power all the time.

It's like standing in front of a turbulent river, you see and stare at a certain place, the river you see is flowing, so the river you see is always new.

"Brother Li Tian, take it easy. Don't deliberately resist the movement of spiritual power in your body's veins. You can ignore the blood on your body! There is the power of a demigod here. I won't ask for your name. If we are lucky, maybe we may still get the favor of the demigod." said the domain master of the purple flame thunder bear.

Li Tian looked up at the four domain masters. At this time, the appearance of these four domain masters was not much cooler than him.

The skin of Ziyang Thunder Bear's whole body has turned red, and the skin looks bulging, as if the skin will burst by itself in the next second.

The other three domain masters are a bit more ugly than the Purple Flame Thunder Bear, and blood has appeared on their bodies to varying degrees.

However, these four domain masters had calm faces, without the slightest expression of tension, and did not deliberately resist the movement of spiritual power.

"The favor of the demigod? What does this mean?" Li Tian asked.

Tiangang Yanli smiled, but he smiled rather ugly, and said: "When we climb this gloomy sacred mountain, the skin will crack and the bones will be shattered. If the spiritual power is running, there will be such a trace. If the power of the demigod is absorbed by us, then our cultivation level will likely be greatly improved. For us who have reached the realm of the domain master, isn't this a blessing?"

"Since there are such benefits, why don't other domain masters come to this dark holy peak?" Li Tian asked.

The purple flame thunder bear domain master smiled, and said: "When we climb this dark holy peak, you will know the power of it! Not all domain masters can bear this kind of pain! Besides, since it is a favor, That is not something that everyone can get, one in ten thousand, one in hundred thousand chance is not impossible!"

call!

"Don't say too much, let's hurry up and start. It's best to climb up the mountain before dark. Otherwise, there will be more danger in the night!"

Chapter 4512: : Start climbing

Looking at the dark holy peak from a distance, it thrusts into the sky like a sword.

Now everyone looked up, and felt that the mountain was even more steep.

At the mountainside, clouds and mists are already lingering, and the top of the mountain is not visible at a glance.

Moreover, the holy peak not only has no roads, but also the rugged rocks, there is no other way except to climb it by bare hands.

"In this Sacred Peak Mountain, all the skills that we used to rely on for survival are all invalid. Remember that we must not use instantaneously, otherwise we will be attacked by the wrath of the gods, and the consequences may be even more disastrous!"

"Be sure to pay attention to the movements of your hands and feet when climbing. Speed is the second thing. The most important thing is a steady word. If you are weak, you must not be strong. Just rest on the spot for a while!" said Tiangangyan raccoon domain master.

"No! If you encounter physical weakness, you need to break through the limit, otherwise, once you start to rest, your successor will be weak, and you will be more dangerous. If you make a mistake, fall from this ten thousand zhang cliff, plus the attack of the demigod, I am afraid There will be accidents! If you want to be safe and sound, you have to work hard, at least climb halfway up the mountain!" said the Ziyan Thunder Bear Domain Master.

Li Tian looked at the Purple Flame Thunder Bear Domain Master and asked, "Could it be the Purple Flame Thunder Bear Domain Master that you have ever climbed this mountain?"

The other three domain masters looked at Li Tian in surprise, and at the same time looked at the purple flame thunder bear domain master.

Tiangang flame raccoon domain master, Yinmo silver bull domain master, and earth evil sky eagle domain master, these three have more knowledge about the dark sacred peaks, which are passed down from the ethnic group and the dark forest.

Therefore, what they know is not comprehensive, only half-understanding, and even some information itself is wrong.

However, the purple flame thunder bear domain master seems to have a deeper understanding of the holy peak. He not only understands the holy peak, but can accurately judge that the information is wrong.

This sticky cotton made Li Tian wonder.

Moreover, coming to worship at the top of the holy peak is also the meaning of the purple flame thunder bear.

Domain Master Ziyan Thunder Bear did not deny it, and nodded slightly.

"Yes, I have been to Holy Peak!"

"Thousands of years ago, at that time, I just broke through to the realm of the domain master. As you know, old Xiong, I have always been self-reliant, arrogant, and invincible! Just breaking into the realm of the domain master, my cultivation base is better than that of the ordinary domain. Mainly a bit deep, in this dark forest, many domain owners have been beaten by my old bear!"

"Later, I was urged to come to the holy peak and wanted to climb to the top of the holy peak, proving that my old bear is the strongest in the dark forest!"

"What happened later?" Li Tian asked.

"Later? Haha!" Ziyang Thunder Bear smiled bitterly, and said: "Don't be afraid of your brothers' jokes, when I just arrived at the foot of the mountain, where I am standing now, my whole body skin has been cracked, and I only know the legend of this holy peak. It's definitely not a vain name!"

"At the time I was hesitant at the foot of the mountain, and even had a bit of retreat in my heart! Then I summoned up the courage to start climbing, and after climbing less than 100 meters, two figures suddenly fell from the cliff!"

"I hurriedly backed down and found that there were two men covered in blood and bones all lying down here. The two men were also the domain masters, but when I came down, they were already bruised and dying. "

"I took the risk to rescue the two domain masters from the gloomy sacred mountain and use the green tree in my skin to treat the two domain masters for two days and two nights. Unfortunately, the two domain masters were seriously injured and did not stick to it!"

"And all the information I know was told by these two domain master-level powerhouses! He told me that in the process of climbing, you must not stop, otherwise you will be tired and hurt all over your body. In addition, the spiritual power is out of control, and once it stops, it is even more difficult to continue!"

"The two domain master-level powerhouses, because of this, failed, and finally fell to the ground! At that time, despite this incident, although I came to the holy peak again, the original reason did not overcome the fear in my heart, and finally had to give up. "

"In the past thousands of years, my cultivation base has been constantly improving, but the fear in my heart is my insurmountable barrier! I have been at the peak of the domain master for thousands of years, but I have never broken through!"

"I know that if I don't come to the Dark Sacred Mountain, if I don't climb the Dark Sacred Peak, I am afraid that my cultivation base in this life will always be trapped in the realm of the domain master!"

The purple flame thunder bear domain master clenched his fists, the red light on his face became more and more obvious, and there was a tremor in his voice.

"Because you didn't dare, so you invited us to come to Holy Peak with you?" The Yin Mo Yin Niu Domain Master pointed at Li Tian and said angrily: "We all have the cultivation base of the Domain Master Realm, and it doesn't matter, but Brother Li Tian is only the fifth level of the Venerable, aren't you going to kill Brother Li Tian?"

"Do you have any humanity as an old man? It's not as good as a beast..."

Ziyan Lei Xiong is not a human being, so how can humanity come from?

This guy was originally a ghost beast, why is it not as good as a beast?

"You have to believe me. Although Brother Li Tian is the Venerable fifth-level powerhouse, Brother Li Tian can definitely climb the holy peak!" said Ziyan Thunder Bear.

On the path of cultivation, if you encounter difficulties and obstacles, instead of facing up to difficulties, you choose to circumvent and avoid them. In the short term, you may not see any clues, but once long, the future of this person's cultivation will be limited.

Now that Li Tian has come to this holy peak, Li Tian can only rise to the challenge, otherwise he is likely to follow in the footsteps of the Purple Flame Thunder Bear.

Li Tian nodded slightly and said, "I believe you!"

"Old Xiong, we also believe in you and Li Tian! It's just that I still have something unclear."

"You said!"

"At the beginning, we wanted to bow to Brother Li Tian, because we and Brother Li Tian were very close at first sight, but why do you want to bow to Brother Li Tian?" Tiangang Yanli said.

This guy doesn't hurt his words.

At that time, these three goods were greedy for Li Tian's wine and more of his appreciation for Li Tian, but now they suspected the mind of the owner of the Purple Flame Thunder Bear Domain.

The domain master of the purple flame thunder bear looked at the three domain masters, and finally looked at Li Tian, and said: "After we climb to the top of this mountain and pay homage, I will inform you of the doubts in your hearts! But for now, we are still the first Climbing is good, otherwise the longer we stay here, it will be bad for our appointment."

Li Tian has long been hungry and thirsty!

He doesn't care what purpose these four domain masters hold to worship him, anyway, his purpose is also impure.

Everyone is a crow on the pig's back, don't laugh at anyone.

Now that Li Tian has begun to climb, the other domain owners are naturally not far behind.

Fettered by the power of a demigod, the difficulty of climbing this mountain increases exponentially.

Li Tian grasped the rugged stones of this mountain with both arms, and immediately felt the spiritual power in the veins repelling the mountain, and a heart-like pain would come from his palm.

As soon as he climbed less than a hundred meters, Li Tian felt the power of the demigod, like a thin thread, embedded in his body skin.

boom!

puff!

The skin on Li Tian's body cracked like heated corn, and the blood kept flowing on Li Tian's body.

pain!

Chapter 4513: : Peerless legs

Huge pain!

Pain deep into the bone marrow!

As the climbing height continued to rise, Li Tian felt this pain all over his body!

As soon as he stretched out his hand, Li Tian stretched out his hand to see that on his arm, the skin was actually cracked inch by inch, as if it were a long-drought land.

The difference is that this cracked skin is bloody, very scary.

This is just the appearance, it is Li Tian's bones that hurt at this time.

Li Tian felt that the bones of his whole body seemed to be crushed in a grinding pan. The huge squeezing force made Li Tian feel that the bones were constantly rustling, as if even the bone marrow was being squeezed out.

The more painful thing is the head, the nerves!

That's right, whether it was skin pain or bone marrow pain, Li Tian didn't have to bear this pain, but Li Tian felt that he was completely helpless because of the nerve pain.

It was as if invisible needles were constantly piercing his head from all directions, and then kept turning.

Li Tian can only grit his teeth and insist!

Li Tian climbed first, but his speed was not the fastest.

The Lord of the Earth Evil Heavenly Eagle and the Lord of the Heavenly Flame Lily seemed to be born masters of climbing. They came first and soon surpassed Li Tian.

Li Tian looked up and saw that these two domain masters were equally uncomfortable.

At this time, the skin on the arm of the master of the earth evil sky vulture domain had also turned outwards, looking equally terrified.

When the Tiangang Flame raccoon domain lord surpassed Li Tian, Li Tian clearly heard a burst of bean-like noise in his body. It is conceivable that the Tiangang Flame raccoon domain lord also suffered huge pain at this time.

Compared with these two domain masters, the speed of the purple flame thunder bear domain master and the Yin Devil silver bull domain master are relatively slower, but not too slow, and the distance from Li Tian is only less than ten. Step distance.

These two domain masters seem to be stronger than Li Tian and the others, with thicker skin and thick skin. Up to now, they have not thought of the terrible Heavenly Eagle and Tiangangyan raccoon domain masters, nor are they as miserable as Li Tian.

The two domain masters did not rush, one left and the other right, they were ten steps away from Li Tian, slowly climbing up.

...

Huh!

Huh!

Li Tian didn't dare to control the spiritual fluctuations in his veins, so he could only adjust his breathing constantly.

Unconsciously, Li Tian and others have climbed more than one kilometer distance!

As the height continued to rise, Li Tian felt that his body had reached its limit, and there was no inch of skin in his whole body that was intact.

More importantly, Li Tian felt his arms and legs trembling constantly!

This is not fear, but because the muscles are beating on their own under long-term extreme sports.

This is not the most dangerous. As long as Li Tian has a breath, Li Tian will not give up, Li Tian is still climbing up mechanically!

At the current distance, the other four domain masters and Li Tian are almost the same!

Their cultivation base is higher than Li Tian, and their demigod power is weaker than Li Tian, so they feel much better than Li Tian.

But it's just a little better.

call!

call!

The wind sounded in Li Tian's ears.

After climbing more than one kilometer in height, the wind on this holy peak mountain suddenly became fierce.

The wind is crying and howling, it feels like countless souls are crying in the wind.

Huh!

Huh!

A strong wind blew past and fell on Li Tian.

Li Tian immediately felt as if he had been hit with a whip, no, it was more painful than that, as if he had been cut several times with a steel knife.

Arms, body, legs, all have this feeling.

Li Tian felt his arm almost loosened.

Tick!

Tick!

Blood began to drip from Li Tian's arm, and several hot blood fell on Li Tian's face.

"This... the blood actually began to drip?" Li Tian couldn't help but panic in his heart.

Doesn't it mean that the power of the demigod doesn't cause harm to the body, it just stays in pain? Why is the blood beginning to drip now?

I don't know how far from this height is to half a mountainside. I won't lose too much blood and faint before climbing half a mountainside?

Li Tian's heart suddenly became unstable.

Shaking in his heart, Li Tian felt the pain all over his body more and more, and even his arm instantly lost strength.

"Damn! I absolutely can't have such an idea now, otherwise I will fall into this abyss!"

Li Tian comforted himself while allowing his arm to climb up mechanically!

Huh!

Huh!

Another strong wind blew.

Li Tian felt the attack of the strong wind again on his body.

The power of the wind is so strong that even Li Tian can feel that the wind has blown into his body skin, cutting off his skin.

For a moment, Li Tian felt that he had lost control of his arms and lost consciousness.

Suddenly, Li Tian's hands softened, and his body fell backward involuntarily!

"My day! My day! My day!"

"It can't be like this! Is it possible for me to survive this way?"

However, Li Tian's body fell without being affected by Li Tian's will, and Li Tian still fell down.

At the moment of falling, Li Tian thought of Void Yasha.

But no matter how Li Tian used his mind to communicate with Xukong Yasha, he did not respond at all.

The power of the demigod could cut off the communication between Li Tian and Xiaoyasha.

"Is Li Tian so finished?" Li Tian was not reconciled!

"Li Tian, hurry up and catch me!" Li Tian heard a quick voice from below.

Is the domain master of Ziyan Thunder Bear!

The demigod power that these four domain masters bear is half weaker than Li Tian. Although they are also suffering, they are more energetic than Li Tian. At least so far, they have not withstood the attack of strong winds.

Correct!

The two domain owners, Ziyan Thunder Bear and Yin Mo Yin Niu, are still behind me, as long as I can catch them, I won't fall!

"still have a chance!"

The surging spiritual power kept impacting in Li Tian's veins. The skin that Li Tian felt had been cut off finally recovered a trace of consciousness at this critical moment.

boom!

A powerful spiritual force descended from the sky, landed on Li Tian's body, and poured from all directions in Li Tian's body!

Seeing this strangeness, the bodies of the four domain masters were obviously startled.

"Breakthrough?"

"This kid was a blessing in disguise, but he broke through at this time?"

That's right, after this demi-god might have been tempered, Li Tian actually broke through to the sixth level of the Venerable!

Li Tian was too happy to be happy. When he fell more than ten meters, his body suddenly leaned forward in the air, reaching out and grabbing a leg.

A thick thigh!

Now Li Tian finally hugged a thigh!

Although this thigh is ***** and not beautiful at all, Li Tian feels that this is the best thigh in the world!

"I fuck! I fuck! I fuck!" followed three swear words.

Those who are near Zhu are red and those who are near Mo are black. Following Li Tian, these four guys also learned the dirty words Li Tian brought from the earth world.

"It hurts the old cow! Li Tian, you little deflated calf, quickly let go, and crawl to the side, old cow, my leg will be broken by you!" Yin Mo Yin Niu's painful ghost crying howling wolf.

There is no positive energy picture in the movie, but Li Tian feels more real!

"Lao Niu, I love you to death, thank you for your thighs! Li Tian, I am resurrected with blood!" Li Tian took a claw to the side and sent the legs of Yin Mo Yin Bull Territory Lord, and began to climb up quickly.

pain?

That's right, the pain is still there, but because Li Tian broke through to the early stage of Venerable Sixth level, Li Tian, who has become accustomed to doubling the power of a demigod, immediately feels much more relaxed.

Domain Master Ziyang Thunder Bear is also climbing, but his line of sight is always following Li Tian.

"This guy is really surprising! He has not climbed to the mountainside yet, he has broken through! I really don't know how high your ultimate achievement is! Domain Lord? Existence beyond the Domain Lord? A demigod! Yes, This guy can definitely reach a demigod!"

"Even the demigods care about him so much!"

Chapter 4514: : The Dark Raven

The Yinmoyin Bull Territory Lord panting and hissed: "Yes, this guy is too abnormal, and breakthroughs in cultivation are just like playing! I remember this guy was the fourth-level pinnacle realm at the auction, right? "

"Yes, but after the battle with the Green-eyed Sparrow Territory Lord Jiu Ling, he is already in the early stage of the fifth level of the Venerable. Now, knowing that he is just climbing a mountain, he has broken through to the early stage of the sixth level. Up!"

"For ordinary people, it is difficult to cultivate spiritual power and absorb spiritual power, but for this guy, all this is easy! Could it be that this kid has stored this huge spiritual power in his body, and he can break through as long as the timing is right. Is it?" said Ziyang Thunder Bear Domain Master. .

The two looked at each other and couldn't help shaking their heads.

Keep climbing!

The fastest climbers of the earth evil Tianjiu domain master and the Tiangangyan raccoon domain master were equally shocked.

When they are in the realm of the venerable, they want to break through a level, it really takes a lot of effort, and it will take hundreds of years of hard work at the fastest, and the slowest is probably over a thousand years.

But what about Li Tian?

The acquaintance was just over two months, less than three months, and now Li Tian has broken through twice in a row.

People are more damned than people, and they should be thrown away.

These two domain masters suddenly felt that their domain master realm cultivation base was so unable to take action.

If Li Tian continues to follow this speed, no, even if it is several times or several tens of times higher than the current speed, I am afraid he will soon reach the realm of the domain master. At that time, they will not worship Li Tian and climb them. It was their brothers of the domain master realm that Gao Pan Li Tian.

"You said that Brother Li Tian doesn't really have a demigod bloodline in his body? How else could his cultivation talent be so high? I heard from the Lord of the Dark Domain once, that Li Tian seemed to be respectful two years ago. The first-level realm!" The Lord of the Earth Evil Heavenly Eagle sighed.

The lord of the Tiangang flame raccoon domain nodded slightly, and shouted unwillingly: "In two years, the cultivation base of the Venerable's sixth-level initial realm, let me fall off the cliff and die! Heaven, earth, there is no law of heaven. !"

But no matter who it is, it is now difficult to resist Li Tian's rise.

Li Tian is also full of confidence now!

To say that Li Tian's cultivation base can improve so quickly, one important reason is that Li Tian has absorbed the blood spirit source. It is the abundant spiritual power in this blood spirit source that forms a huge in Li Tian's heart. Li Tian can continuously break through the spiritual lake.

Otherwise, no matter how good Li Tian's situation is, he doesn't have sufficient spiritual power to be the foundation, all this is nonsense!

Of course, the source of blood spirit is also part of Li Tianjiyu.

Because of Li Tian's breakthrough, the four domain masters were greatly encouraged.

The more you go up, the greater the influence of the demigod's power on everyone, but everyone has such a trace of desire in their hearts, hoping that they can break through like Li Tian.

Therefore, when the red sun sank in the west, Li Tian and others were less than 500 meters away from the mountainside.

The half-mountain of the Dim Sacred Peak is a demarcation point. Li Tian can see that half-a-half of the mountain, without a distance of hundreds of meters, there will be a black metal chain with the thickness of a bowl hanging down.

Looking up again, the end of the metal chain was fixed on a circular platform surrounding the entire dark holy peak.

Clouds surround the mountainside, and the setting sun shines on the clouds. The white clouds are shining in a variety of colors. There are endless clouds in the distance. Li Tian even has the feeling that he is ascending to heaven.

"Don't stop, everyone, rush up!" The purple flame thunder bear also saw the dawn of victory under his feet, and shouted loudly to the people above his head.

Li Tian was exhausted, feeling that every inch of his skin was sore to death, not a single bone seemed to be broken countless times, and the nerve pain made him want to scream.

But Li Tian was very happy.

"I will not climb one step at a time..."

Li Tian actually hummed a small song in his heart.

Finally, the territories of the earth evil Tianjiu and the territories of Tiangangyan raccoon finally caught the hanging metal chain.

"Hahaha, we are coming up soon! You guys speed up!"

"As long as the metal chain is caught, the **** of the demigod will disappear immediately, and we are finally going to go up!" The two domain masters excitedly shouted to Li Tian and others below.

It is only a distance of five hundred meters, but for everyone who is exhausted, the distance of five hundred meters is also far enough.

Fortunately, there is still a breath of air in everyone's hearts. Hope has already been seen, so I will not give up at this time. This breath makes everyone persist!

The sun went down and it was getting dark quickly.

Suddenly a dark cloud flew in the distant sky, like a dark cloud, but this is not a dark cloud!

Seeing this black spot, Ziyang Thunder Bear couldn't help but change his face, his hands and feet accelerated, and his voice tremblingly shouted: "It's the Dark Sacred Crow! Climb everyone!"

Everyone does not understand what the Dark Sacred Crow is, but from the trembling voice of the Purple Flame Thunder Bear, Li Tian knows that the Dark Sacred Crow is definitely not a good bird!

There is no need for Ziyang Thunder Bear to deliberately greet, everyone used the energy of suckling and kept climbing up!

The people who had been exhausted had burst out of their strongest potential at this time.

The speed has increased several times.

In this way, the distance of a few hundred meters is not a problem!

Four hundred meters...

Three hundred meters...

...

Eighty meters...

Fifty meters...

The territories of the earth evil Tianjiu and Tiangangyan raccoon territories have already climbed up.

The two of them wanted to turn around and encourage others, but once they climbed up, the breath in their hearts was released, and they suddenly felt weak and weak all over, and they couldn't move at all!

Li Tian followed closely, climbing up ten seconds behind.

As Dark Sacred Crow Yue flew closer, Li Tian and others could already hear the twittering of those Dark Sacred Crows.

"Damn it, this cry seems to double the nerve pain!" Li Tian held his head in pain.

The Purple Flame Thunder Bear Domain Master and Yin Mo Yin Bull Domain Master at the bottom have been caught on the metal chain and are constantly climbing up.

However, they have no way to free their hands to hug their heads.

Can only bite the bullet and persist.

Getting closer.....

Getting closer.....

The Purple Flame Thunder Bear Domain Master climbed up, turned around and lay on the platform, panting heavily.

The Yin Mo Yin Niu Territory Lord was getting closer, but when he was only half a arm away from the platform, the Dark Sacred Crow had already flown over.

Like black lightning, the black gloomy saint flew by in an instant, violently pecking a few pieces of meat on the arm of the master of Yin Mo Yin Yin!

Yin Mo Yin Yin Niu Yu Yu felt his hands softened and fell down!

"It's over!" Yin Mo Yin Niu thought desperately!

Chapter 4515: :Do not abandon, do not give up!

Snapped!

Li Tian slid forward, his hands suddenly grasped the thigh of the Yinmoyin Bull Territory Lord, his legs wrapped around the huge metal chain like an old tree.

"Lao Niu! You saved me once, this time I am here to save you!" Li Tian said.

Click!

Click!

The blood kept falling down from Li Tian's body, not only on Yin Mo Yin Niu's body!

Quack quack!

Quack quack!

The Dark Sacred Crow kept flying past Li Tian, and almost every Dark Life had to reach out and transfer a piece of meat away from Li Tian.

hiss!

This meat was not left there to let these dark saint crows ***** away, but to be torn from Li Tian's body!

what!

Li Tian almost yelled in pain, but he gritted his teeth and endured the pain, using his arms to grab the thigh of the Yinmo Silver Bull Territory Lord with all his strength.

At this time, the three of them collapsed to the ground, unable to use any power all over their bodies.

The heart is more than enough, and they don't even have a cry for you!

"Brother Li Tian, I can know you Lao Niu, this life is enough, you quickly let go of Lao Niu, drag me, you will be dragged down by me! You are a young talent, and the future is limitless!" Yin Niu hung upside down, blushing and roared.

"Fart! Without you, Li Tian would have fallen under the cliff half a day ago, life or death is unknown, how can it be my turn to save you now!" Li Tian roared.

"Brother Li Tian, I don't have any strength in my whole body. Even if you drag me now, the end result is that we fall together. It's not worth it! You have to live, live for my old cow, and climb the dark holy peak. My old man, take a look at what kind of scenery the top of the holy peak has!" said the Yinmo Yinniu domain master.

"It's up to you. If you don't look, I will fall with you, Li Tian!" Li Tian grabbed the old cow's thigh with both arms, the sweat from his face leaked into the wound, double the pain.

Fortunately, at this time, the Dark Sacred Crow Group had already flown past, and would not continue to ***** meat pieces from Li Tian and Lao Niu.

"Lao Niu, die for Lao Tzu. From now on, the five of our brothers will become existences beyond the Lord. No, we are going to become demigods. If only the power of demigods let us fall here, then

we might as well Let's jump from here and die!" Ziyan Thunder Bear lay on the ground, shouting loudly.

"That's right! Lao Tzu will also become the strongest existence in the Nether Realm with your old man!"

"And I!"

The Lord of the Earth Devil Tianjiu and Tiangangyan raccoon also shouted.

Quack quack!

Quack quack!

The Dark Sacred Crow flew over again after flying half a circle around the mountain of Dark Sacred Peak!

"Lao Niu, it's up to you now. If you don't live up to your temper, then our brother will only die with you!" Li Tian screamed.

Ooh!

Ooh!

Ahhh!

The old man was crying!

Keep screaming!

His voice was hoarse, but he did not stop.

As a husband, what more can you expect with this brother-in-law!

When the Lord of Yin Mo Yin Niu Territory rescued Li Tian, it was passive. It was Li Tian who grabbed the old Niu's thigh.

But the old cow is just a matter of raising his hand, no, he didn't even raise his hand!

But now, Li Tian jumped and swooped out his entire body.

Yin Mo Yin Yin Niu Yu Yu felt a warm current flowing in his heart, and this warm current made him want to cry uncontrollably!

Li Tian, a small person with only the early stage of the sixth level of the Venerable!

Just because of a so-called righteous knot Jin Lan, he even gave up his life to take righteousness, and now desperately rushed out to save the old cow.

How can this kind of sentiment not let the old cow move.

An old guy with a life span of thousands of years, tens of thousands of years, now crying like a child!

You live up to me, I live up to you!

"Brother Li Tian, if I'm lucky enough to survive the old man today, my old man's life will be yours from Li Tian brother!" Yin Mo Yin Niu can't say this kind of literary words, he can only use it most directly and thoroughly Words to express his current mood.

"Don't fart! Survive before talking!" Li Tian said.

Following the emotion in his heart, the Yinmoyin Bull Territory Master felt that he had regained some control over his body step by step.

Can not give up!

Can not give up!

Can't let all brothers follow me!

We have come to the Dark Sacred Mountain!

We have climbed halfway up the mountain!

We have seen the scenery above the mountain!

Now, we must not give up!

Don't abandon, don't give up, this is not a slogan, when things really happen, Li Tian acted immediately!

what

Yin Mo Yin Niu roared, and there was a trace of spiritual power flowing through his body that was like a silver thread.

His hands slammed out and grabbed the metal chain behind him.

call!

Seeing Lao Niu grabbing the metal chain, Li Tian finally let out a breath.

By this time, there is no need for Li Tian to hold Lao Niu's thigh!

"Hahaha! Lao Niu, you really did not disappoint us all! Come on up, the bunch of ***** crows have flown over!" Li Tian shouted.

"Brother Li Tian! Thank you!"

After passing through this incident, the Yin Mo Yin Yin Niu Territory Lord became alive and well, and followed Li Tian a few steps to climb up.

Five brothers, lying flat on the platform, panting heavily.

The clothes on their bodies have long been invisible, and the skin on their bodies is already terrible.

However, there was a smile on their faces.

A smug smile!

"Hahaha, we finally succeeded!"

"Yes, we finally climbed halfway up the mountain!"

"There is no more information on the remaining road, we can only rely on ourselves!"

"Don't worry, as long as our brothers work together, the benefits will be cut off!"

"Yes, no matter what difficulties and obstacles are ahead, they can't stop our brother's determination to reach the top!"

The five brothers lay together, reached out and grabbed each other's arms, and said confidently.

The sky was already dark, and when the last afterglow fell, the whole world was already quiet.

The group of dark sacred crows did not continue to attack Li Tian and others, the dark sacred crows perched on the huge metal chain.

Gradually, a strange sound rang around.

The source of this sound turned out to be a brotherless body.

Huh boom!

Huh boom!

It's like popping beans.

As this sound continued to sound, the spiritual power of the five brothers also flowed around their bodies.

The spiritual power of the purple flame thunder bear domain master is purple thunder and lightning, the gray feathers of the spiritual power of the earth evil sky vulture domain master, the spiritual power of the evil silver bull domain master is like the flowing water of mercury, the heavenly flame raccoon domain master's body His spiritual power is a scarlet flame.

And Li Tian, usually sea water, usually flame.

Well, this is what Li Tian said, half of Li Tian's body is light cyan flowing water, and the other half is dark flame.

"awesome!"

Although they did not continue to break through, but Li Tian and others could feel the spiritual power constantly transforming their bodies!

From then on, their body strength will far exceed other domain masters!

Chapter 4516: : New problems

The Dark Sacred Peak is definitely a very special existence!

Halfway down the mountain, clouds were piled up and snow fluttered. .

Halfway up the mountain, the sky is clear, and the red sun rising in the east shines the mountains into golden yellow!

When the sunlight of the red sun shone on the dark holy peak, the afterglow was also scattered on Li Tian and others.

At this time, there was no blood in the wounds of several people, but the wounds turned white, and various spiritual powers kept flowing in the wounds, as if they were creeping insects.

When the afterglow of the red sun and the spiritual power from the wound merged, the spiritual power on their bodies reacted magically with this red light.

The wounds on these guys are healing quickly at a speed visible to the naked eye.

It hurts and itches!

At this time, their bodies gradually felt, and gradually they were able to control themselves.

Li Tian sat up suddenly.

call!

With a sigh of relief, Li Tian clenched his fists vigorously and found that his whole body was full of strength, and his cultivation seemed to be a little more diligent than last night.

The realm is still at the early stage of Venerable Sixth Level, but it is more stable than yesterday!

One after another, the other four domain masters also slowly sat up!

The four domain masters were resurrected with full blood.

"Hahaha!"

Domain Master Ziyang Thunder Bear saw his body, first let out a thunderous laugh.

"Cultivation is in danger. I didn't expect to experience a deadly escape. The damage to the body by this demi-god might turn into a transformation of the body! Now I feel that my body has become copper skin and iron bone! Now I am With this body, even if an ordinary Venerable blew himself up, he might not be able to harm me!"

After the manager's pain yesterday, the terrible landlord of the heavenly eagle, he unexpectedly changed back to his original form.

At this moment, the feathers on his body were swarthy, like oiled metal, and even, you can see some golden threads on the metal.

The Lord of the Earth Evil Tianjiu domain turned into a human form, with a satisfied smile on his face.

"I'm afraid that everyone feels this way now, and nothing else, just for this change of body, we are worth all the sufferings of the demigod power!"

The wounds on the main body of the Tiangangyan raccoon domain have just healed. At this time, his naked upper body, the scars are like burnt iron bars. If you look closely, you can still see that there is still flame in the scars. His spiritual power is creeping.

The Lord of Tiangangyan raccoon domain closed his eyes, feeling the changes in his body!

It took about half a minute before he opened his eyes. The moment he opened his eyes, Li Tian saw a small flame symbol appearing in the pupils of the Lord of the Tiangang Flame raccoon domain.

It took five or six seconds for the flame sign to slowly disappear.

"Brother Li Tian, have you seen it? Hahaha, this is a unique symbol of our Tiangang Flame raccoon tribe. This symbol will only appear when it reaches the middle level of the domain master!"

"No one of our Tiangang Flame raccoon clan has seen such a sign for thousands of years, but I did not expect this sign to appear on me. Now I have entered the middle level of the domain master! Old Xiong, waiting for us from here After the holy peak goes up and down, I must ask you for some tips!" Tiangangyan raccoon domain master said excitedly.

"Idiot, the middle level of the domain master? I am not a thousand years ago! I am looking for existence beyond the domain master realm! If you are interested in that, you and Li Tian brothers have fun!" The purple flame thunder bear domain master laughed Said.

Tiangang flame raccoon domain master almost fell to the ground.

Domain Lord, in the eyes of ordinary venerables, it is already a heavenly existence.

Therefore, few people know that domain owners are also divided into strengths and weaknesses. According to strengths and weaknesses, domain owners can be divided into three realms: initial, intermediate, and peak!

The domain master of the purple flame thunder bear is a few peaks in the core area of the dark forest, and has already entered the domain master's peak realm.

Hearing these domain master-level powerhouses frolicking, Li Tian chuckled.

The stronger they are, the more helpful it is to Li Tian.

Although the Yin Mo Yin Niu Territory Lord sat up, his eyes were still dim.

The wound on his body had healed a long time ago, but mercury-like spiritual power floated around his body, but these spiritual powers were not flowing water, not clouds, but like silver needles.

These spiritual powers floated around his body, just like the hair on his body.

After a few more minutes, the eyes of the Yinmoyin Bull Territory Lord flashed a little, and then the mercury-like spiritual power was slowly absorbed into his body.

"I... I didn't even die!"

This guy jumped up abruptly, showing his strong skin, and then rushed to Li Tian, grabbed Li Tian with both hands, lifted Li Tian hard above his head, and shouted excitedly: "Thank you, brother Li Tian, I The old cow counts, and my life will be yours from now on! From now on, I will be your mount. You ride on me and I will be back to my original form now!"

The Yinmoyin Bull Territory Lord had no other way to express his gratitude, and he really turned back to his original form.

One head is almost more than ten meters tall, and the whole body is covered with silvery fluff. The two horns on the top of the head are like two huge pillars.

The width of the circular platform halfway up the mountain is only five or six meters, and the body of this body that has been transformed back into its original shape is a bit thicker than this width.

As soon as this cargo turned back to its original shape, its body was squeezed onto the mountain peak, and then this cargo's body slowly fell towards the direction of the holy peak cliff!

"I'll wipe it! Quickly change back!" Several domain masters shouted at the same time.

At this critical moment, Yin Mo Yin Niuyu Lord changed back to a human form.

If it wasn't for him to transform into a human form fast enough, or if Li Tian stretched out his hand to grab this guy's ears, this guy would definitely fall off this cliff!

"Scared me!"

"Hahaha, Brother Li Tian, you saved me again!" Yin Mo Yin Niuyu said happily.

The other domain owners and Li Tian were speechless.

Everyone discussed each other's personal gains this time, but found that all of them have different levels of cultivation.

It's just that Li Tian's cultivation level is the lowest, so he can break through to the early stage of Venerable Sixth Level.

The mountain above the ring of the mountain is as smooth as a bright mirror, and there is nothing to climb on.

Fortunately, at this time, the power of the demigod has disappeared. After discussing it, everyone decided to fly to the top of the mountain!

Then, just as everyone leaped forward, the demigod power that had disappeared suddenly appeared again.

Snapped!

Snapped!

Snapped!

This half-god power slapped everyone on the ground fiercely, even if the Purple Flame Thunder Bear Domain Master said that his body had turned into a copper skin and iron bones, it would still be painful to get up.

Fortunately, the power of this demigod is straight up and down, otherwise they will definitely be photographed down the mountain.

It was about an hour before everyone regained their mobility.

"Damn, how can this mountain go up? It's as smooth as a mirror, and it doesn't allow flying, even if it's a god, it can't go up!" said the Lord of the Heavenly Buzzard.

"Could it be that we are trapped here, if we can't go up again, we will worship here!" Yinmo Yinniu domain master said.

Domain Master Ziyang Thunder Bear resolutely opposed, and said: "No, since it has been decided to climb to the top of the holy peak, there is absolutely no reason to give up!"

"Old Xiong, is there any information on your side that is halfway up the mountain?" The Tiangangyan raccoon domain master turned to look at the purple flame thunder bear domain master and asked.

The domain master of the Purple Flame Thunder Bear slowly shook his head, and said: "The information I have is so far, and then we can only rely on ourselves!"

"This kind of argument is not a solution. Maybe we can walk around the ring zone in the middle of the mountain. Maybe the mountains in other directions will be better!" Li Tian suggested.

Chapter 4517: : Spring of the mutant crow

Holy peak, ring zone!

Li Tian and others proceeded in a clockwise direction around the circular zone.

On the left hand side is the smooth, mirror-like holy peak, and on the right hand side are the undulating clouds.

Hundreds of dark saint crows flew up and down in the clouds like fish.

"If these Dark Sacred Crows can be used by us, maybe we can ride them to the top of the mountain!" said the Lord of the Divine Buzzard Domain.

The Purple Flame Thunder Bear Domain Master couldn't help shook his head and said, "Idiot, you just changed back to your original shape and tried again, but what was the result? Didn't you get smashed down!"

The Lord of the Heavenly Buzzards of the Divine Beast argued unconvincedly: "I am like this, but it doesn't mean that these dark saint crows are the same. They live on the dark holy peaks for many years and often bear the power of this demigod. Maybe they can? "

"I'm not arguing with idiots, you have to let the Dark Sacred Crow listen to you!" said the domain master of the purple flame thunder bear.

He does not mean that.

Li Tian suddenly remembered that in the Babu Tianlong Cave under Beitang, after Li Tian and the mutant crow got the pure blue glaze heart in the Jialouluo cave, they absorbed part of the pure azure glaze heart's energy and became extremely coquettish mutant crow. !

Li Tian communicated with Void Yacha experimentally, but he didn't expect that Li Tian could communicate with Void Yacha in this ring zone.

"Void Yasha, bring me the bird thing of the mutant crow!" Li Tian said.

As soon as the communication between Li Tian and Xukong Yacha ended, Li Tian could only feel that a colorful shadow flashed before him, but the mutant crow had been sent out!

The sudden change made the other four domain masters feel astonished.

The four of them jumped back seven or eight steps in unison, staring vigilantly at the mutant crow that appeared out of thin air!

The mutant crow flapped its wings and landed slowly on the ground, glancing at the four domain masters with a disdainful expression in its eyes.

The Lord of the Heavenly Buzzard Domain suddenly became a little unhappy.

In the bird world, he is a resounding existence!

Today he was despised by a small, untransformed bird, which is absolutely intolerable to him!

"Boy, do you want to compete with me?"

Huh!

The Lord of the Divine Buzzard instantly changed back to its original shape, and as a result... After this thing changed to its original shape, whether it was his height or the beauty of his feathers, it was a bit inferior to the mutant crow.

"Cut, idiot!"

The mutant crow actually gave a blank look at the terrified eagle domain master, then looked at Li Tian with a condescending look, and said, "Little Li Tian, have you finally thought of me after so long? Did your conscience discover that you want to return the pure blue glass heart to me? Up?"

Chunqing Liulixin is still in the space of Li Tianxu Yasha.

Although the mutant crow can easily take the pure Qingli Liuxin back into his paws, if Li Tian didn't agree, he still wouldn't dare to take it away!

"Dreaming! There are a lot of crows on this holy peak, I want to see if I can find a crow for you and marry you out!" Li Tian said.

"Fuck me, no! Li Tian, my soul is human, don't you let me play with birds? I won't let you die when I die! You send me back soon!" The mutant crow's face suddenly became a little bit Ugly.

Hearing that the mutant crow was talking to Li Tian, several domain masters were dumbfounded.

All ghost beasts in the realm of the domain master can transform themselves, and naturally they can speak human language.

But this mutant crow?

The Lord of the Divine Buzzard feels that the cultivation base of the mutant crow is at best the realm of the venerable, but why does the ghost beast in the realm of the venerable speak human language?

Li Tian did not explain, but continued to say to the mutant crows: "Have you seen those crows? These are dark saint crows. Every crow has at least the cultivation base of the venerable realm. They have lived in the holy peak for a long time and can resist. The power of the demigod who lives on the holy peak, I now need you to communicate with these dark holy crows to see if we can be sent to the top of the holy peak!"

"If you can do it, then we can ignore the matter of marrying you to the crow! Otherwise...hehe!" Li Tian said with a smirk on purpose.

The mutant crow is very coquettish, but also very helpless.

"I'll test it first, if I can't, I can't do anything!" said the mutant crow.

"Okay! Don't force you, pay attention to safety, the demigod power of this holy peak should not be underestimated!" Li Tian said.

The mutant crow flapped its wings a few times, and its body shrank a little, and soon the body of the mutant crow became only the size of an ordinary dark saint crow, and then jumped into the sea of clouds.

The flight of the mutant crow was not affected by the power of the demigod, and it seemed that he couldn't feel it at all.

Fluttering!

The mutant crow flickered its wings, and soon disappeared into the sea of clouds, chasing the dark saint crow.

"Brother Li Tian, this bird is..."

Li Tian probably explained to the other four domain masters.

"So, let's not hide the truth from Brother Li Tian, although this mutant crow is now a human spirit wheel and a bird's body, it might not be the day when it will become a domain master realm powerhouse!"

"I see that the spiritual power flowing through him is pure and strong. If he can get proper guidance, his cultivation will definitely advance by leaps and bounds, and the speed of becoming a Seventh or Eighth Nether Beast of Venerable will definitely not be too slow!"

"Brother Li Tian, you have trusted me. When we get off this holy mountain, you, the bird, will give me advice. I dare not give you a big guarantee, but with his current cultivation level, ten years it is more than enough to become the Nether Beast of the ninth-level realm of the venerable!" The Lord of the Heavenly Buzzard Domain looked at Li Tian and said vowingly.

The other three domain masters are beasts, they are not so straightforward about the spiritual senses of the mutant crow, but when they heard the words of the earth evil and vulture domain master, the eyes of these three domain masters couldn't help but brighten.

The Lord of the Earthshadow and Sky Eagle was quite conservative. If he said that, the mutant crow would be able to reach the ninth level of the Venerable in ten years.

Several domain owners paid more attention to Li Tian.

"Hahaha, that feeling is good! That's it!" Li Tian said.

A few people continued to move forward along the circular zone, and walked about two kilometers or so. They saw that the distance in front of them was a few hundred meters full of dark saints, and some of the feathers looked gray and autumn. The crows are surrounding the mutant crow, combing the feathers of the mutant crow with their beaks.

"I'll rub! This evildoer has already surrendered the Dark Sacred Crow so quickly?" Li Tian sighed in his heart.

The mutant crow flapped its wings, flew back and landed on Li Tian's shoulders, his tone was full of sorrow, and said, "Li Tian, you have hurt me, damn, these dark saints do not matter whether they are male or female. They all like to follow me, and now they want to worship me as the king! Seeing those few gray crows, they even gave me a secret look!"

"Lao Tzu is a man, I want a woman, so I don't want this kind of black bird thing! You put me in, or I will be eaten by these guys sooner or later!"

"What is the question I asked you to ask?" Li Tian said.

The mutant crow said: "It's useless! These dark saints said that they can fly to this ring zone at most, and then fly up as if there is something to press them down, but... go along this ring zone. I don't know how far I go, anyway, there is a stairway, which seems to lead to the top of the mountain!"

"Li Tian, hurry up and send me into the space of Void Yasha!"

Seeing those dark saint crows staring at Li Tian and the others, Li Tian still rudely decided to sacrifice the happiness of the mutant crow temporarily, reached out his hand to grab the mutant crow, and threw it at those dark saint crows forcefully.

"Go, Pikachu! You will be free if you subdue all these dark careers..."

Chapter 4518: : Four Stone Tablets (1)

The mutant crow flew out with a grudge, and flew into the sea of clouds with the dark saints.

Li Tian and others accelerated the pace!

Although it speeds up, it is only relative!

After walking around the mountain for a short while, a towering boulder archway suddenly appeared in front of everyone.

Behind the archway is a winding path with steps less than half a foot wide.

The trail was winding, looking up, like a giant snake, disappearing at the end of the line of sight.

There is a road, although it is only a small road, Li Tian and others are already excited.

They boarded the path one after another, and their figures quickly flashed across the path.

Huh!

Huh!

Without the impression of demi-god power, Li Tian and others are not slow.

In a blink of an eye, it has already reached more than ten feet high.

Standing on the steps of the trail, looking down, the ring zone is getting farther and farther, but the sea of clouds is endless and spectacular.

Even the masters of the domain master level, they can fly above the clouds, but they rarely have the opportunity to see this magnificent landscape.

However, standing on the steps, there is a mountain that is as smooth as a mirror beside him, and there is no place to grasp it. It feels like a gust of wind will come, and it may be blown down.

Li Tian and others did not dare to stay too long, just glanced at the sea of clouds under their feet, and rushed toward the top of the mountain.

Huh!

Huh!

A group of figures flashed by quickly, the four domain masters plus Li Tian, their speed did not want to go up and down, the distance between each person was no more than ten meters.

The sea of clouds under Li Tian and others' feet is endless white at noon. When the red sun sinks, it will turn to dark yellow again. When the sun disappears completely, the sea of clouds will turn black just like the sky.

But Li Tian and others have not reached the top yet!

Looking up at the sky, the sky is full of stars.

No, Li Tian even felt that there were stars all around, and he was also hanging in this space like the stars.

The difference is that Li Tian feels that he is very weak, very small, like a dust.

Sea of clouds, stars, sun and moon!

Li Tian felt a different world.

Only in this environment can Li Tian have a deeper understanding of Qingyun nine realms!

Li Tian felt the spiritual power in his body surging involuntarily, and these spiritual powers unknowingly practiced according to Qingyun's cultivation rules.

Li Tian's feet did not stop, his mind moved faster.

What is the strong!

When Li Tian was still a Liaocheng boy, he felt that Situ Ningbing was the strong, and then Li Tian gradually became stronger. As his forehead became stronger, Li Tian felt that the strong seemed to be endless.

However, there is always a barrier in Li Tian's heart!

That is the power of heaven and earth!

Human cultivators, no matter how powerful they are, they will always be bound by the various constraints of the heavens, the earth, nature, and the rules of Taoism.

And the realm of human cultivation is inevitably limited!

The strong at the second level of the Venerable can fly into the sky and cross the clouds, but the clouds are their limit.

The strong in the realm of the domain master can pass through the clouds, fly out of the atmosphere, and withstand the fierce wind, but even the domain master does not dare to stay in this environment for a long time.

Domain owner,

Still a mortal body!

Still subject to various Taoist rules!

Even a high-speed flying gravel in the vault can make the domain master fall.

If you want to break through the nature of heaven and earth, and the rules of Taoism, you must be stronger, surpass the heaven and earth, surpass Taoism, and become a demigod.

call!

All this seemed too profound, Li Tian only felt that the heaven and earth in his heart had changed a little before he knew it.

Although this change is vague, it seems to be in chaos, faintly.

However, Li Tian felt that once this kind of change formed, his cultivation level would be changed by leaps and bounds!

Looking at the flowers in the mist and the moon in the water.

Even if Li Tian knew that this realm was extremely powerful, he couldn't touch it even if he wanted to touch the barriers.

"Don't worry, now I have this kind of enlightenment, as my cultivation base keeps getting commissions, and as my eyes widen, maybe this kind of height is beyond reach!" Li Tian thought in his heart.

Huh!

Huh!

Huh!

The figures of Li Tian and others kept pointing upwards.

At this time, the other four venerables, because they had never practiced Qingyun, did not have just practiced Qingyun Qi Jue to the Dzogchen realm like Li Tianna, did not watch the sun as the cultivator boomed to the top of the mountain, and did not see the mountains and small mountains. That kind of feeling, at this time, they also have no such chance and idea.

But they always have a belief in their hearts: climb to the top!

Gradually, when they looked up again, they found that the top of the holy peak was no longer as high and low as the stars in the sky, and the winding trail in front of them could already see the end.

Finally about to reach the top.

Li Tian and others speed up again!

At this time, everyone's mood changed again.

Involuntarily a wave of arrogance appeared in their hearts, a kind of domineering arrogance to give to others!

That's right!

For thousands of years, no one in this dark forest seems to have been able to reach the top of this dark holy peak!

And Li Tian did it!

They are the strongest in these thousands of years.

They are qualified to feel proud, qualified to feel domineering!

Huh!

Huh!

The black figures of the five are like black arrows.

The Lord of the Earth Evil Tianjiu domain did not slow down at all, with a hint of excitement on his face, turned his head slightly and shouted: "Brothers, we are finally on the top!"

"Hahaha, brothers, I'll be one step ahead!" Tiangangyan raccoon domain master also exclaimed excitedly.

Huh!

Huh!

These two figures first disappeared on the winding path, and finally stood on top of the holy peak!

Immediately afterwards, Li Tian, Ziyang Thunder Bear Domain Master, and Yin Devil Silver Bull Domain Master also arrived back and forth!

Before reaching the summit, Li Tian and others brain made up various stunning pictures of the summit.

Qionglou Yuyu, Shengxiao Jiangque, Qihua Yaocao, Xuanxiao Danque.

"Danya Qionggong walks happily, Bihaixiancha leaps in his heart."

However, the reality is...

"This is the Holy Peak?"

"impossible?"

The eyes of Li Tian and others are almost falling to the ground!

The top of this dark sacred peak is a platform with a total area of no more than 500 square meters.

This platform is pitted and flat, and it will not be cut off by the sword of God in the legend!

The platform was bare, without any flowers or trees, nor the imaginary Qionglou Yuyu. At the center of the platform, there was a small stone house that looked dilapidated and black!

There is a stone monument at the front, back and left of the small stone house!

The height of these four stone steles is more than ten feet tall, from the side, they look like a flagpole erected in front of a small stone house!

After experiencing thousands of fortunes and suffering, seeing this kind of scene, it is false to say that Li Tian and others are not disappointed in their hearts. The four domain masters lie on the ground together, looking up at the stars in the sky!

"Tomorrow morning, we will leave after bowing! Holy Peak, but so!"

Li Tian looked at the low stone house and the four towering steles, but he felt a strange feeling in his heart.

"Is this the god's site?"

Li Tian walked over involuntarily!

Chapter 4519: : Four Stone Tablets (2)

The small stone house faces south, north, southeast, northwest, and each has a stone monument.

Li Tian came to the small stone house and found that the small stone house had no windows, only a door frame, but no stone door was installed on the door frame. Through the door frame, Li Tian only saw the black and black inside the small stone house, and he could clearly see the situation inside the small stone house. .

Li Tian wanted to enter the small stone house from the door frame, but he had just walked two steps before he felt his body as if it had hit the glass and was actually bounced back.

Li Tian reached out and touched it, but he didn't touch anything, and his hand could pass through the door frame.

It's just that if Li Tian wants to continue walking in, he will be bounced back again.

"Strange, there is clearly no door here! Why am I being bounced back?"

Li Tian tried several times in a row, but still to no avail, Li Tian could only give up.

Leaving the small stone house, Li Tian walked slowly around the small stone house and four stone monuments.

Under the stars, the whole picture of these four steles can be seen at a glance.

Li Tian came to the stone stele in the north, and stopped to look up, only to see that there was no text or any decoration on the stele.

The surface of the stele is black as if it is smeared with a layer of black paint. The faint starlight shines on the stele, but there is no light reflection, as if the light is completely absorbed into the stele.

Li Tian stretched out his hand to touch the stone tablet, and gently stroked the surface of the stone tablet with his fingers. Li Tian could feel the surface of the stone tablet as smooth as silk, and he could feel the slight energy fluctuations in his fingers.

This stone monument stands on the top of the holy peak, and it has not been corroded by wind and rain for tens of thousands of years. This is a miracle in itself.

However, this is not the miracle Li Tian wants to see.

What Li Tian wanted was the technique, and what he wanted was an adventure that would be helpful to his cultivation!

"This stele is always useful to stay here, right?"

According to Li Tian's conjecture, this stone tablet should record the various epiphanies of the demigod during the cultivation process, or the techniques he practiced during the cultivation process in the Underworld!

Worst of all, this demigod is so happy, he should also record his great achievements on this stone monument, so that future generations can look up to him.

However, there is nothing on this stele!

Li Tian was a little unwilling, no one would be willing.

Although no one has ever told Li Tian that he will be rewarded when he reaches the top of the holy peak, but Li Tian has his illusions in his heart.

Li Tian continued to circle to the stone stele on the east side of the small stone house, and continued to check the stele.

There is still no words or runes on this stele, and you can still feel the faint energy fluctuations when you reach out and touch it.

But... nothing.

The same is true for the stone stele in the south and the stone stele in the west!

Li Tian couldn't help feeling a little disappointed. In his disappointment, Li Tian couldn't help coming to the stone house again and wanted to enter the stone house, but the result was still sad.

Even Li Tian used Qingyun to break through the stone wall of the stone house.

But the final result was that the purple electric dragon released from Li Tian's arm was completely absorbed by the stone wall and disappeared without a trace, but there were no traces left on the stone wall.

"It shouldn't be like this? Why do I have that peculiar feeling in my heart? I feel that these stone tablets and small stone houses seem to have some connection with me, Li Tian?"

"Is it because my cultivation level is not enough? Or is it just my illusion?" Li Tian thought in his heart.

Li Tian tried various methods, but was unable to enter the small stone house, nor could he break open the four steles.

"It seems this is just my illusion!"

After all hard work, it turned out to be like this.

Li Tian suddenly felt exhausted.

Li Tian walked back slowly, came to the other four domain masters, and sat on the ground.

Li Tian still felt upset in his heart, lying flat on the ground, feeling the cold wind blowing, feeling the endless stars in the sky, Li Tian's heart was slightly more comfortable.

The purple flame thunder bear domain master stood up and asked, "Brother Li Tian, how is it? Have you noticed anything?"

Li Tian waved his hand and said, "No, apart from the slight energy fluctuations, these four steles have nothing special. There is nothing on the steles, neither words nor decorations."

"What about the stone house?"

"I didn't go in, nor can I go in!"

"Can't get in?"

"Yes, that little stone house has no door. There seems to be a kind of magical power in the stone house. As long as I don't want to go in again, my body will bounce back, and there is no way to enter the stone house!"

"So, maybe the real secret is in the stone house! It may be that there is a demigod will on the stone house. Only with the approval of the demigod can you enter the stone house! Wait a minute, I will check it out!" The domain master said.

The Tiangang flame raccoon domain master ran over, and soon he also walked back dejectedly.

"It should be because our abilities are limited. We are not qualified to enter the stone house yet!"

"Haha, let's try again!"

The other three domain masters also ran back and forth to experiment once, but unfortunately, they also went away on the excitement and returned after defeat.

"Damn, what good things are in this stone house, we can't even get in!"

"No matter what is in the stone house, it seems to have no fate with us!"

"But this is not bad, at least we have reached the top of this holy peak!"

"That is, during the climbing process, we all had different gains, especially the Li Tian brothers, who also broke through to the sixth-level advancement of the sage, and the current cultivation base is considered a small achievement! And, in the process of climbing, The feelings of our brothers are more stable. Isn't this the purpose of our coming here?" said the Yinmoyin Bull Territory Lord.

"That's right, after dawn, we will worship at the top of this holy peak, and our purpose of coming to this holy peak has been achieved!"

When the other four domain masters were talking about the little stone house and the four steles, they felt as if they were talking about something that had nothing to do with them. Li Tian couldn't help but wonder if they had four domain masters. That special feeling.

However, Li Tian did not ask.

The five brothers imagined the future and discussed the practice by the way, unknowingly the sky is already slightly bright!

Li Tian thought very much, knowing that at this time, his heart no longer tangled so much.

Li Tian sat cross-legged on the ground, looking towards the whitening east of the sky, waiting for the sunrise, and his heart turned to: "Even if I didn't get anything from the summit of the holy peak, at least I broke through the realm during the climb , At least I have established a deep relationship with the four domain master brothers! At least..."

At this time, the red sun is rising!

Li Tian's eyes were full of red light, and the chill of the night was completely dispelled at this moment, and a warm current flowed in Li Tian's heart!

Behind Li Tian, a red light flashed on the stone tablet in the east of the little stone house.

Immediately on the surface of the stone stele, it was radiant, and various weird runes appeared on the stele!

The strange feeling in Li Tian's heart was even more obvious, he turned his head abruptly, and was immediately attracted by the weird rune on the stone tablet!

"This...this turned out to be..."

Chapter 4520: : Four Stone Tablets (3)

What appeared on this stele turned out to be tadpole script!

It was almost exactly the same as the tadpole text on the shabby animal skin book that Li Tian got back.

Since it is almost, there are still some differences.

That's right, these tadpoles were seen in Li Tian's eyes, but they did not enter Li Tian's body, nor did these tadpoles appear on Li Tian's body acupoints.

However, looking at these tadpoles, Li Tian actually...read...understand...!

Of course, Li Tian still didn't recognize those words.

But these tadpoles seem to know Li Tian, and they seem to be very familiar with Li Tian!

Inadvertently, Li Tian seemed to know what these tadpoles wrote.

"Heaven and earth are mysterious and yellow, the universe is wild..."

This sentence is the first sentence in the Book of Changes!

Just when Li Tian thought the tadpole script on this stone tablet was the Book of Changes, the following text suddenly changed. These tadpole scripts actually introduced the four stone tablets!

In the southeast and northwest, there are four stone steles, which are called Heaven and Earth Xuanhuang!

However, the four stone steles of Xuan, Heaven, Earth, Yellow, recorded the great power of the universe!

In other words, if anyone can penetrate these four steles, whoever can obtain the power of the cosmos and become a demigod.

Li Tian stared at these tadpole texts dumbfounded!

"Sure enough!"

In fact, when Li Tian was cultivating Qingyun, he suspected that the entire universe will definitely not only have such a high-level cultivation technique as Qingyun. It is just like the gods in the legend. The reason why every ***** can become a ***** is theirs. Different cultivation bases have different cultivation methods.

The four stone steles of Tiandi Xuanhuang are another powerful technique that is comparable to Qingyun.

The difference is that these four stone monuments are here, and there is no need for Li Tian's various coincidences to find them!

Only by continuously searching for all the nine layers of Qingyun, all cultivation, and reaching the realm of Great Perfection, will Li Tian become a transcendent domain master, a demigod or a stronger existence.

The difference is that these four steles are here, but Li Tian needs to meditate in front of the steles by himself!

Only by penetrating all the four stone steles and practicing according to the penetrating content to reach the realm of Dzogchen, will Li Tian be able to beat and cultivate the full content of Qingyun and become a demigod.

The red sun is rising, the sun is shining on the giant stone tablet, and the content of the stone tablet is constantly changing.

The Purple Flame Thunder Bear Domain Master came to Li Tian, looked at Li Tian suspiciously, and said, "Brother Li Tian, what are you looking at? Can you see what is special about this stele?"

"Can't you see it? After the sun shines on this stone tablet, some runes will appear looming on this stone tablet?" Li Tian suddenly awakened and asked suspiciously.

"What? Rune? Where is it? Where is it?" Tiangangyan raccoon domain master asked.

"Brother Li Tian, are you kidding us? Why can't we see it?" Yinmo Yinniu domain master said.

"Haha, Brother Li Tian is too serious, I almost believed it!" The Lord of the Heavenly Buzzard said with a smile.

Li Tian looked at the four domain master brothers, feeling that their expressions did not look like fakes, and he couldn't help but wonder: "Why can't they see the tadpole writing on this stone tablet? Is it possible to see the words on this stone tablet? Need a chance?"

The purple flame thunder bear domain master looked at Li Tian with a solemn expression, and said, "Brother Li Tian, can you see something we can't see on this stone tablet? If that's the case, then don't think about us. People's feelings, you can practice on your own!"

Rats have rat paths, snakes have snake paths. Each person's growth environment is different and his experience is different, and the final result will be different.

Now that Li Tian can see the runes on the stele, the domain master of the purple flame thunder bear will only feel happy. In order to prevent Li Tian from being susceptible by the other three domain masters, the domain master of the purple flame thunder bear will deliberately say it. .

"Yes, Brother Li Tian, please practice! The four of us are now strong in the realm of domain masters. Only Brother Li Tian, your current cultivation base is the weakest. We hope that you can catch up with our cultivation base soon. , Even beyond our realm!" Yinmoyin Niuyu said.

Li Tian shook his head slightly and said, "Don't hide the four brothers, what appeared on this stone tablet is a kind of weird tadpole script..."

Li Tian roughly narrated the content of the tadpole text to the four domain masters, and then reluctantly said: "Apart from these tadpole texts, there is no more information on this stone tablet. In other words, our current opportunities are the same. , You can only comprehend these four steles as wordless heavenly books!"

Since he wanted to worship them and become brothers, Li Tian did not intend to hide it.

Moreover, Li Tian always believed that only if his brother was as strong as himself, or even stronger than himself, then Li Tian could really run rampantly, and could really solve his affairs as soon as possible in the Underworld!

Eradicate the corpse...

Retrieve Situ Ningbing...

Looking for the whereabouts of the long-haired woman...

and many more.....

"That's it!" The Tiangangyan raccoon master suddenly realized, and said: "I understand, if I didn't guess wrong, it is only possible to enter this small stone house if I understand the contents of these stone tablets and cultivate to the state of a demigod. !"

"Then what do you think there will be in this little stone house? If we have all reached the state of a demigod, can the things that a demigod stay in the nether world still attract us?" the landlord asked.

"I don't know this. Perhaps the stone monuments in this stone house were not created by a demigod, but he also penetrated the stone monuments here, and then became the body of a demigod!" said Tiangang Yan Liyuyu lord.

In this way, many conjectures can be said smoothly and make sense.

The four domain masters are more eager than Li Tian to be able to penetrate the stele. After a few words of greeting, they don't waste time. They walk around the stele in different directions, or touch the stele with their hands, or stick their heads on the stone tablet, or close your eyes to feel the stone tablet with spiritual knowledge.

Time flew fast, and in a blink of an eye, it was dark.

After the sun went down, the four steles returned to silence again, and the tadpole writing on them disappeared, only a slight energy fluctuation.

call!

Li Tian let out a sigh of relief.

Li Tian got nothing from this day's enlightenment.

"Dear brothers, have you found that the energy fluctuations on the stone tablet will be stronger when the sun rises. When the sun sinks, the energy fluctuations on the stone tablet will stabilize. So, for the sake of guessing, our best understanding The time is during the day!" Li Tian said.

"Brother Li Tian said so, and I feel this way too! Unfortunately, I have no clue today. I can only stop here and continue tomorrow!" said the domain master of Ziyan Thunder Bear.

"In that case, if we worship again now, if we intend to continue penetrating the stele here, then we will continue penetrating again. If you want to leave temporarily, then he can also leave!" Tiangang Yan Tanyu domain master said.

Several other domain owners and Li Tian completely agreed.

The five people held a worship ceremony in front of the four stone tablets in accordance with the rules in the dark forest of the underworld!

Because the specific age of the domain masters is still not exquisite, so the ranking is based on the cultivation base.

Ziyan Thunder Bear has the strongest strength and is the undisputed eldest brother, followed by the Tiangangyan raccoon domain lord, the earth evil sky vulture region lord ranks the third, the fourth is the Yinmo silver bull domain lord, and Li Tian is the youngest .

"Brother Li Tian, if you want to leave, I will send you back when the eldest brother, and then I will return to the holy peak!" said the Ziyan Thunder Bear Domain Master.

Li Tian shook his head slightly and said, "For the time being, I decided to study it with all my brothers. If I have nothing to do within two years, I will leave at that time!"

These domain master brothers did not reluctantly, and sat around in front of the stele again, continuing to penetrate.

Even if the opportunity is slim in the evening, they are not willing to give up.

"Two years, give me two years! No matter what the result is, I will leave the dark forest!"

"Ningbing, wait another two years for me!"
