

## A Killer 4571

Chapter 4571: : Was scared to pee (1)

The city was right in front of him, but Wang Changqing stopped.

"Situ Ningbing, these students will leave it to you from now on, so bother!"

"Will Assistant Wang go in with us?"

"No! Elder Li Tian once taught me that it is better to travel thousands of miles to read thousands of books. I have been trapped in the Nether Academy for many years. It is difficult to tell that the world of the Qiong Spear Space of Heaven is vast, and I happened to travel by myself. "Wang Changqing said.

Tang Xiaolong hesitated for a moment, and said, "Assistant Wang, the Qiong Spear of this day has a vast space, and there are many places that are extremely dangerous. Even if the powerhouse of the venerable level goes, it may be dangerous."

"Oh? I was a little curious when I arrived, what was it?" Wang Changqing asked.

"In the south of the south, there is an endless volcano. Elder Li Tian named this place Flaming Mountain. This is one of them. To the north of the north, there is an ice field continent. On the mainland, there is an ice mountain range named by Elder Li Tian. It's the second one," Tang Xiaolong said.

"Flame Mountain? Bingfeng Mountain Range? What's the danger in it?"

Tang Xiaolong shook his head slowly, and said: "It's not very clear, I advise you not to go!"

"Okay! I'm not going!"

Wang Changqing paused, and continued to speak to Situ Ningbing again: "Situ Ningbing, I know that my domain master strength makes you feel jealous, but I always remember the kindness of Elder Li Tian to me. In order to express my gratitude to Elder Li Tian. Regards, before Li Tian enters this space, I will not step into any of the three cities you mentioned!"

"Assistant Wang..."

"You don't have to say, I understand! Thinking about it from another angle, if I were you, I would also worry."

"But don't worry, I'm all devoted to Taoism, otherwise I would have already left the Nether Academy to establish my own kingdom of the Venerable! With my current cultivation base in the realm of the domain master, I am afraid not to establish a kingdom of the Venerable in the Nether Realm. Will it be smaller than these poor three cities?" Wang Changqing said.

"I was jealous of the gentleman's belly with a careful heart!" Situ Ningbing said.

Wang Changqing is gone.

The hanging heart of Situ Ningbing finally landed.

The strongest cultivation realm among these students now is Xingchen Xiaoyue and Canghai Sangtian. Both of them possess the eighth-level peak realm of Venerable, but Situ Ningbing is not worried.

The vicissitudes of life and Tang Xiaolong have been entangled together. The two of them are now in a sweet relationship, and the vicissitudes of life are compliant with Tang Xiaolong.

As for Xingchen Xiaoyue, this cold and arrogant fellow didn't bother to talk to other students.

After Wang Changqing left, Xingchen Xiaoyue also chose to leave.

In the words of Xing Chen Xiaoyue, this city is filthy, it is better to find a secluded and beautiful place to practice.

Well, Situ Ningbing was jealous of the gentleman's belly again with a villain's heart.

However, with the existence of Xiaoqingwa, a nether beast in the early stage of the ninth level of Venerable Nether Beast, Situ Ningbing was not afraid of what would happen to the stars and the moon.

Entering the city, Situ Ningbing and others were warmly welcomed by He Feng.

And organized a grand welcome party to welcome the arrival of these female students.

In this space, the number of women is relatively small.

These female students enjoyed the treatment of Zhongxing Pengyue.

All kinds of delicious fruits and delicious drinks are open for these students to eat and drink.

There are even spiritual foods with strong spiritual power produced from spiritual fields.

When have the students of these lower academies enjoy such treatment?

For a while, they even felt that they were entering the fairy world, reluctant to think about it!

"Why didn't you see Master Li Tian? Master Li Tian hasn't entered this space for a while, didn't he forget us all?" He Feng said jokingly.

Situ Ningbing did not conceal the slightest concealment in front of He Feng, with a trace of sadness on his face, and briefly recounted their experience, and then said: "Li seems to have encountered some difficulties, and there is no way to get out for the time being. Master He Feng, you You should have heard of Nether Academy?"

A surprised expression appeared on He Feng's face, and he asked, "Nether Academy? That's a huge monster in the Netherworld!"

"These girls are all students from the lower academy of Netherworld Academy. The situation was urgent. Li sent these girls into this space, but there was no time to talk about the arrangements of these students! According to my understanding of Li, these students I am afraid that nine out of ten we have no chance to leave this space! So..."

"I understand. I will make these female students fall in love with this city. If there is no way to fall in love with this city, then I will fall in love with the venerables in the city!" He Feng said.

Situ Ningbing handed all these hundreds of students to He Feng to deal with, and she did not stay in this city for a few days.

After that, Situ Ningbing went to meet Xue Ji, Liu Jimeng, and Ye Meijing who were already in the space, but Situ Ningbing did not tell them what happened to Li Tian.

Xue Ji began to practice assiduously after getting the crying sea coral stone. In just a few months, Xue Ji's cultivation has steadily improved, and now her cultivation level has reached the early stage of Venerable Sixth Level.

Much higher than Situ Ningbing's cultivation base.

Liu Jimeng's talent is good. After getting enough spiritual sources and the guidance of Li Tian, He Feng and others, he had already broken through to the realm of venerable long ago.

Now Liu Jimeng has reached the Venerable's second-level peak cultivation base.

Ye Meijing is playful, and even if Li Tian gave him more of the Huatian Treasures, she is still obsessed with the brewing of fine wine, and now she is only a seventh-level practitioner.

Saying goodbye to Ye Meijing, Situ Ningbing began to practice in a valley somewhere.

Although Tang Xiaolong and the vicissitudes of life are lingering, but Tang Xiaolong's cultivation base has not been pulled down, on the contrary, because of the vicissitudes of life, his cultivation is steadily improved.

From this point of view, Tang Xiaolong is the only man who can do double repairs.

...

To the south of the south, Wang Changqing soars in the air.

As a domain master-level powerhouse, he flew

After flying in such a vast world, Wang Changqing had a preliminary understanding of the space of the spear of heaven.

There are only three cities in this space, and there is no particularly powerful venerable in the space. Leaving the city and entering the wilderness, there are no powerful ghost beasts here.

It can be said that this space is completely natural and pollution-free, green and pollution-free, absolutely the most suitable place for ordinary humans to live, but not suitable for strong practitioners to practice.

But why did Tang Xiaolong tell him that there are two dangers?

The more Tang Xiaolong said so, the more it aroused the curiosity in Wang Changqing's heart.

"Then go and take a look! See what kind of swordsmanship and flames it is that can make domain master-level powerhouses like me jealous!"

The mountains and rivers continue to recede below,

Wang Changqing looked ahead firmly.

"Flaming Mountain, I am coming!"

Chapter 4572: : Was scared to pee (2)

Wang Changqing kept flying, and a mountain peak like a cloud gradually appeared in front of him. .

The top of the mountain is white with snow, and there are many strange rocks on the peak.

On the steep mountain peaks, two scarlet characters stand out: Nanshan!

Venerable Nanshan died in the hands of Jiuling Green-eyed Sparrow Territory Master. Li Tian had nothing to pay tribute to him, so he named this mountain Nanshan!

And these two characters were carved on it by Li Tian with the Qiong Spear of Heaven.

"I finally arrived. I didn't expect this space to be so vast! To the south of Nanshan Mountain, Huoyan Mountain should still be south."

Wang Changqing did not stay on the Nanshan Mountain. His figure flew over the Nanshan Mountain in an instant, and he flew no more than a few tens of kilometers forward, but an endless sea appeared before him.

"Where is the Flame Mountain? Is it in the sea?" Wang Changqing landed on the shore, standing on the soft sand, looking at the endless sea, and muttered in his heart.

"It's very likely that the so-called Flame Mountain is probably a volcano! Now that you have already arrived here, let's look ahead!" Wang Changqing said with determination.

Continue to fly forward.

Wang Changqing flew for less than seven or eight minutes, and an island appeared in the sea and sky.

"Finally here! Is Flaming Mountain on that island?"

Wang Changqing accelerated his flight speed.

The sky gradually became dark, not dark, but changing.

The sea was mysterious and unpredictable, and the sky was still clear just now, when a violent hurricane suddenly blew up.

On the vast sea, the violent wind swept dark clouds.

Between the dark clouds and the sea, several petrels were flying proudly like black lightning.

There was an unspeakable comfort in Wang Changqing's heart, and he felt that he was like a petrel, and could fly freely in the storm.

Click!

A purple lightning illuminates the entire sky, and those petrels are flying like elves in the lightning.

"Haiyan, you can grow your heart!"

Wang Changqing knew how powerful Tianlei was, and couldn't help but worry about Haiyan's safety.

His worries were unnecessary. At the moment when purple lightning fell from the sky, the volcano on the isolated island suddenly erupted.

The crimson magma was like an arrow, not much slower than the purple lightning. It rushed into the sky several tens of meters in an instant. The proud Haiyan escaped the lightning, but was instantly swallowed by the crimson magma.

Not even the root hairs are left.

The violent storm hit the crimson magma, and the temperature of the magma dropped rapidly.

boom!

The magma fell back before it completely solidified and disappeared.

"This...this is magma? This is a volcanic eruption? I read a little, don't lie to me!" Wang Changqing stared, unable to believe all this.

Didn't Wang Changqing have never seen a volcano erupt, but the volcano in front of me is too \*\*\*\* weird?

Whose volcanic eruption is like shooting, only one shot?

After the first shot, it was as if nothing happened?

What made Wang Changqing feel even more bizarre is that the magma flame contained rich spiritual power.

This spiritual power was overbearing and unusual. When the magma was ejected, Wang Changqing felt that the dark clouds, gusts, and rain in the sky were instantly absorbed by the magma.

After a few minutes, the dark clouds in the sky above the island disappeared.

Guru!

Wang Changqing swallowed a mouthful of water.

Nima, this is the Flame Mountain?

Don't tease me, okay?

For a long time after the eruption of the magma, the volcano seemed to be asleep, without the slightest movement.

Wang Changqing flew around the isolated island and saw that the isolated island was completely barren. There seemed to be no trace of living creatures, not even a blade of grass or a touch of green.

The entire island was grayish brown everywhere, and it seemed that all the creatures on the island had been killed by the eruption of magma.

The area of the entire island is small, only tens of square kilometers, but the entire island is full of volcanoes.

It is strange to say that the volcano did not erupt, but when you look down from the sky, you can see magma rolling in the crater. The magma is constantly bubbling, as if it will erupt at any time.

It is not easy for Wang Changqing to break through to the domain owner, he does not want to feel the taste of being wrapped in magma.

At this moment, Wang Changqing suddenly felt a deliberately strong energy fluctuation coming from one of the volcanoes.

"Could it be that this volcano is about to erupt again?"

Wang Changqing hurried back.

boom!

A strong magma erupted from the crater, Wang Changqing stared at the magma, and found that there was a figure on the hot magma.

It's the Yanhuo clan!

The King Changqing of the Yanhuo clan has also seen it before, but the cultivation base of the Yanhuo clan in front of him is not weak, at least it has reached the mid-level ninth level of the venerable.

The Yanhuo clan also seemed to see Wang Changqing, and suddenly looked back at Wang Changqing, and then fell along with the magma and fell into the crater!

Calm was restored all around.

A few minutes later, the volcano erupted again. This time the little rock fire clan was ejected directly, flew far, and fell into the sea.

This rock fire clan is a small hot pot.

Gurgle.

The small hot pot fell into the sea, and the sea around him instantly boiled, and several cooked fish floated on the surface of the sea for a while.

Whoosh!

The small hot pot leaped up from the sea and flew up suddenly.

"Black smoke group, this is not interesting enough for you. Isn't it just devouring your magma? As for rushing to kill it? Now I am the ninth-level mid-level powerhouse of the Venerable. Give Li Tian a face and let me be the same. Huang Zun!"

The inside of the crater was extremely quiet, and there was no voice answering the small hot pot.

The little hot pot was interesting and embarrassed. He smiled bitterly at Wang Changqing, flew forward several hundred meters, and drilled into another crater again.

However, after the small hot pot got into the crater, the small hot pot was ejected again within a few minutes.

The ninth-level mid-level strong little hot pot of the Venerable, there seems to be no resistance in that volcano, how can I be played by the volcano.

Wang Changqing didn't know what was in the volcano, and he was full of doubts.

The small hot pot tried seven or eight times, and was shot out mercilessly each time.

"Hei Yan Tuan, you wait! After Boss Li Tian comes back, see how I clean you up!"

Shaking his head, the little hot pot flew to Wang Changqing's side and asked, "Are you the newly recruited helper of Boss Li Tian? I feel that your cultivation level seems to reach the realm of the domain master? How about? Would you like to help me? Busy! Go get the black smoke group away, let me continue to swallow a magma, give me three to five months, I can break through to the realm of the emperor!"

Wang Changqing felt that his head was not enough.

Really bragging!

It takes three to five months for the venerable to break through to the realm of the emperor in the middle of the ninth level?

Do you think cultivation is a blow out?

Chapter 4573: : Was scared to pee (3)

"You don't seem to believe it?" Little Hot Pot looked at Wang Changqing with a flat expression on his face. .,

Wang Changqing snorted softly and said with a smile: "It's not that I don't believe you, but I don't believe anyone can break through a realm so quickly!"

The little hot pot shook his head and said with a smile: "It seems that no matter how I explain you, you won't believe it! You can ask Boss Li Tian, how long did it take me to cultivate from the first level to the eighth level? But I can't make a breakthrough in this kind of cultivation, and the best one is Boss Li Tian!"

"Elder Li Tian?"

"Don't you know the story of Boss Li Tian? In the Lycra Desert, breaking through three realms in a row, causing a vision of heaven and earth, the emperor, the domain master level powerhouse are attracted!

"So, don't look at Boss Li Tian's current cultivation base is not very high, but Boss Li Tian has the potential to become a god. Oh, yes, when it comes to becoming a god, you must mention this one in the volcano, Black Smoke Tuan'er, the original owner of this guy is a monkey, who seems to be a god!" Little Hot Pot said.

"What are you talking about? Monkey? God?"

Wang Changqing suddenly remembered a legend in the Netherworld, with an expression of horror on his face involuntarily.

That legend is at least several hundred thousand years old. Many ordinary people in the Netherworld have forgotten the existence of this legend. Even those who are strong at the venerable level, rarely know this legend.

However, there are books in the library of Nether Academy to record this legend.

As an assistant teacher of Nether Academy, Wang Changqing had accidentally read the biography of that guy, so Wang Changqing still had such a memory in his mind.

Wang Changqing wanted to turn around now and go back to the Netherworld Academy to check this information.

But when he just turned around, he suddenly remembered that he was still in the space of the Heavenly Spear.

Wang Changqing's eyes were a little uncertain, and his fingers trembled slightly.

"Will it be him?"

"That brutal, aggressive, bloodthirsty guy, who dared to use the strongest man as a mount!"

"But what is the black smoke ball? Why does this thing appear here?"

"Could...Could it be that the lawless guy has fallen?"

Wang Changqing thinks of Li Tian again!

There is also the weapon in Li Tian's hands: the spear of heaven.

Isn't the Qiong Spear of that day an artifact?

Isn't the long-haired woman who kills the domain master in a flash and surpasses the domain master level, is not also a god?

How many gods are Elder Li Tian connected with!

Wang Changqing remembered the attitude of the old dean and the elder towards Li Tian, and the doubts in his heart gradually appeared in his mind.

That's right, the great elder and the old dean must already know the identity of Li Tian, otherwise why would they be so one of them, Li Tian!

I'm afraid... I'm afraid Elder Li Tian may be descended from God!

Thinking of this, Wang Changqing was very frightened, his body overflowing with spiritual power, shivering all over, plunged into the sea.

At this time, Wang Changqing was really scared to pee.

Fortunately, Wang Changqing didn't have any bad thoughts in his heart, otherwise, even if he could become the supreme ruler of the spear of the day... No, only with the black smoke group, Wang Changqing would not be able to achieve his wish.

Now, Wang Changqing is fortunate that he has fallen into the sea now, otherwise he would be scared to pee and be seen by the little hot pot, that would really be a shame!

"You continue to practice, I will leave first!"

Wang Changqing greeted the small hot pot flying in the sky, and his body flashed across the sky like a lightning bolt, thinking of the north galloping away.

...

Four seasons cycle, time passes.

One year passed in a blink of an eye.

Li Tian has lived a muddle-headed life in the past year!

His body veins are like vines entering the autumn, and they have begun to wither.

The veins in Li Tian's body used to be as broad as a river, but now don't become unsightly, wrinkled, as if the veins would be completely broken if you touch it easily.

The lake in the atrium has already dried up.

Li Tian doesn't want to give up, but when a person has tried various methods and made various efforts, but the final result has not changed at all, his heart will only be desperate.

Li Tian now feels that he himself has become a waste person, a waste!

But what made Li Tian feel puzzled was that his physical veins were severely damaged and his spiritual power was almost exhausted, but his body and physique had no effect.

Dixing Yasha also maintained its original state.

"God thief, are you playing me like this?"

"Even if I play hard like this, I won't give in!"

Li Tian is desperate, but he will not give in!

Even if the body of Li Tian's deity dies, Li Tian still has a clone in the earth world.

It's like playing a stand-alone game, I have a backup to save.

This gave Li Tian at least one chance to start again from the earth world.

That being the case, why should you be afraid?

"Boy, are you very unwilling?"

Suddenly a voice appeared in Li Tian's mind.

Li Tian thought it was his own illusion, or because he had been imprisoned in this meteorite for too long, he had already hallucinated.

"Boy, are you very unwilling?"

This voice reappeared in Li Tian's mind again.

Li Tian suddenly woke up.

It's not auditory hallucinations, nor hallucinations.

Someone is talking to Li Tian.

Li Tian cheered up and waited earnestly for this voice.

And Li Tian has thought of various possibilities in his heart!

"Is it going to be the same as the underground palace in the Vagabond City of Death Battlefield last time? Haha, a blessing in disguise, haha, this is the tune I like!" Li Tian thought happily.

cut!

That voice appeared in Li Tian's mind again, a sneer full of disdain.

After a few seconds, the voice continued: "Boy, don't have unrealistic thoughts! There is no Qingyun you want, and there are no magical encounters you expect! But I still want to congratulate you! "

"Congratulations to me?"

The somewhat old voice said with a bit of a fart: "Yes, kid! I'm interested in your body!"

Fuck your sister! Congratulations to Lao Tzu?

Are you trying to eat Lao Tzu?

Or play the kind of game full of passion?

When Li Tian thought of this, he couldn't help feeling a chill.

Although he was trapped in the meteorite now, his body couldn't move at all, even if the old glass really wanted to do something to him, Li Tian couldn't resist.

But letting Li Tian accept this old glass is definitely impossible!

"At a young age, there are so many whimsical ideas in my head! Lao Tzu looks after your body, oh, and your heart, but it's not yours... Well, I can't make it clear. What I want to tell you is that I am God!"

Chapter 4574: :I am God

"Hehe, are you a god?"

Li Tian's heart was full of sneers.

When the little hot pot came from the Netherworld to the earth world, he was also made a god, the \*\*\*\* of fire, in the eastern island country.

In the last days, Li Tian ruled Dongying Island, and Li Tian was also regarded as the salvation \*\*\*\* by the people of Dongying Island.

God is just a noun, just like someone who writes about the Internet, there are many gods.

Little God, Middle God, Great God, Supreme God.

If you are serious, you lose!

It is precisely because of this that Li Tian was furious when he heard this bullshit.

"If you're a \*\*\*\* god, you would like to take Lao Tzu to hide and seek in the ground while you are idle, do you like to take Lao Tzu to hide and seek? Hurry up and let go of Lao Tzu, or else..."

"Boy, your thoughts are very dangerous? Knowing that I am a god, you still dare to speak so badly, well, since you like this, then you can stay underground with me for another five hundred years!" The voice said with a sneer.

"I fuck!"

Li Tian was startled and thought with a wry smile: "Could it be that it has been five hundred years? I really \*\*\*\* become a grandson monkey?"

Li Tian suddenly thought of a more serious problem.

In five hundred years, the secret realm of the death battlefield has been opened, and the guys who fled from Li Tian must have reported Li Tian's affairs.

"Fuck! It's over, this one is really over! My current cultivation is only the early stage of Venerable Sixth Level, but my opponent is at least the Venerable ninth-level mid-level powerhouse, and even the Emperor and the Domain Lord. If you are targeted by these guys, I wonder if my identity as the elder of the Nether Academy is still useful?"

Li Tian felt that he was too hard to bear and said, "Old man, no...it's a great god, can we discuss something? I will stay underground with you for another five hundred years. You let me go and let me practice with you. You just need to point me at will, so that I can become a demigod, a quasi-god and a god! Okay?"

"Huh, shameless fellow! If it's that easy to become a god, why do you use cultivation? Only one year has passed in the Netherworld!" said the voice.

"The baby is scared to death. It turned out that only one year has passed. Haha, this is fine, this is fine!" Li Tian let out a sigh.

The old voice continued, "Boy, are you still willing to stay underground with the old man for another five hundred years?"

"Great God, what did you just say?"

"Boy, are you still willing to stay underground with the old man for another five hundred years?"

"Go forward, forward, forward, one sentence!"

"I am God?"

"Yes, you are a god! You are definitely a god!"

"Don't doubt yourself, I don't allow you to doubt yourself!"

"You are the only main \*\*\*\*\* in the Netherworld! Did you see my bent knees? Yes, I actually talked to you on my knees. Don't ask me why, this is respect!" Li Tian, a bitch, had a face Said with a bashful expression.

The old voice coughed, and said, "I will give you ninety-nine points if you are afraid of ass, and you are afraid of your pride!"

Li Tian was really shocked.

"God, so you are from the earth world? So you are also a master of online jokes! What a fellow! The fellow sees the fellow, tears in his eyes..." Li Tian actually started singing.

If you can shed two more tears, the picture will definitely be more real.

"Idiot boy, I have told you that I am a god! I can read all your language and memory, so the old man you said will be able to do it too!"

"That's it!" Li Tian couldn't help being a little disappointed.

"Boy, now we can get to the main topic? Otherwise, readers and friends will think that you are pouring water and cheating the manuscript fee!"

"I wipe it! It seems that I am not pouring water to cheat the manuscript fee!"

"I am a god! But I suffered heavy injuries, my body was damaged and turned into a huge meteorite falling down, and my soul was severely wounded, and the loss of skill was even greater. Boy, as long as everyone gives a little love, the world It will become a beautiful world, I need you to contribute your body and let me stay!" said the old voice.

Is this the legendary grandfather?

How can the dog-blood thing in the online literature of the earth world suddenly appear on Li Tian, it is still \*\*\*\*\* real.

Li Tian instantly felt as if he had won the jackpot.

Didn't it just absorb so much spiritual power from Lao Tzu?

According to the network literature routine, shouldn't this also be the case?

Next, should I, Li Tian, appear in front of everyone in the image of waste wood, and then pretend to slap his face all the way?

Thinking of this, Li Tian couldn't help laughing wildly.

This Nima is too cool.

Come on, old man, oh no, it's a great god, my body is handed over to you.

"Boy, your thoughts are very good, but unfortunately you don't have time! When I fell into the Netherworld, the death battlefield secret realm was broken, and everyone in this secret realm had been vomited out. So..."

Before that old voice finished speaking, Li Tian screamed suddenly.

"Old dead man, are you here to play with me? Now if I go out and leave here, I will die miserably!" Li Tian screamed.

"Relax, isn't I still there?" said the old voice.

Li Tian asked: "Will you help me?"

"will not!"

"Fuck! Old man, I would rather stay underground for five hundred years, even a thousand years. I don't want to go out and die now!" Li Tian said.

"That's really disappointing! As long as I stay in your body, it is equivalent to having a grandfather system. At that time, although I will not help you, you can help yourself!"

"Boy, do I live in your body, do I still make you harmless? Don't worry, I am a \*\*\*\*\* of integrity, and thank you for allowing me to breathe the spiritual power for a year. It will live in your body for nothing!" said the old voice.

Li Tian's mood is now more comfortable.

"Great God, how do you want to thank me? I like all kinds of cultivation techniques, and the artifacts can also be accepted. I can barely accept god-level treasures if they are not good!" Li Tian said brazenly.

"Is my divine weapon? If I want to give you all, I will bury them in the sea of stars and find them out!" said the old voice.

Li Tian is full of black lines.

Does this sentence look familiar?

That's right, by accident, Li Tian followed Liu Yihui to watch a few episodes of One Piece animation. This sentence is almost what Roger said before his death.

If I add a sentence, I am the man who wants to become One Piece! It's more like it.

Li Tian can be sure that this so-called \*\*\*\*\* is definitely a funny comparison.

"Your sister, at least let me go out of this ghost place underground first!" Li Tian said dissatisfied.

"How difficult is this? Close your eyes, relax, it won't hurt, it will be fine..."

Chapter 4575: : Oh God

Li Tianzhen wanted to drown this lewd man who claimed to be a god.

Can you still order Bilian?

But whether Li Tian closed his eyes and enjoyed it? Close your eyes and enjoy it!

Anyway, in the blink of an eye, Li Tian swishes! It came out of the ground with a sound.

There was a light in front of him, so Li Tian, who had been accustomed to the dark world, couldn't help squinting his eyes slightly, and only after a few seconds gradually adjusted to the light outside.

A year ago, this mountain range was hit by a meteorite crash. The mountain range was completely destroyed and three huge deep pits were smashed.

A year later, the deep pit remained the same, but there were no mountains around it, no towering trees, replaced by green weeds.

The old trees were burned down and used as fertilizer. This year weeds have grown wildly. These weeds are almost one meter high.

"I rub, my Li Tian is finally out!"

Li Tian was about to scream excitedly!

Li Tian looked around, did not see any suspicious creatures, and asked: "Old man, where have you been? Don't you want to stay in my body?"

"Don't look for it, I'm right below you!" The old voice appeared in Li Tian's mind.

Li Tian opened his crotch and looked under him with a strange smile.

I haven't used it for more than a year, it's still so majestic!

"Although I don't know why you are under me, I don't agree with your evil taste. After all, this belongs to my Li Tian's private property!" Li Tian said dissatisfied.

The old voice suddenly said angrily: "Bastard boy, can the old man be so nasty? I'm in your heart! You can see me inwardly!"

Li Tianshi saw a strange stone in the lake where his heart had dried up.

The stone looked like a liquid, translucent, and could even flow, but Li Tian could still feel that the liquid was a certain form of meteorite.

"Old man, you can stay in my body, but what do you mean by constantly devouring the black flames released by the blood spiritual source? Are you taking me down?" Li Tian said angrily .

"Don't be so stingy! Anyway, you can't fully absorb the spiritual power in the blood spirit source. In that case, why not be a favor and give it to me? You see, I can get the blood spirit source in just a while. The spiritual power in is completely absorbed!"

When the liquid meteorite was talking, it instantly enveloped the blood spirit source, and then Li Tian witnessed the tragedy of the blood spirit source being swallowed!

The black flames in the blood spirit source were completely released, and the entire lake did not know how many times it expanded in an instant.

At this moment, Li Tian even had an illusion that he had reached the realm of the domain master.

But this \*\*\*\*\* thing was really an illusion. In the next second, the black flame was completely absorbed by the liquid meteorite, and the blood spirit source beads turned into powder, which disappeared with the wind blowing. Without a trace.

Li Tianzhen wanted to swear at this guy: I'm going to your mother's god!

But Li Tian did not have such courage.

This wretched god, like the Ant Emperor, can know what Li Tian is thinking without Li Tian speaking.

And now Li Tian can say that he has no power to fight back against this god.

Li Tian, who was in the early stage of Venerable Sixth Level, now had no spiritual power in his body.

In the past, Li Tian felt that he was trash. At that time, he was somewhat negative.

Li Tiancai is a real waste!

A guy with no spiritual power in his body is probably stronger than an ordinary person, and his cultivation techniques are stronger than ordinary people.

"Oh my god! Can I scold you?"

Li Tian felt his heart hurt and hurt. He wanted to cry without tears. He wanted to vent, but there was no way to vent it.

"You can try! I will let you know that God is for respect!"

It's really hateful, this is completely a parasite!

"Oh heaven, earth! What did Li Tian do to sorry you? You sent such a man to bully me? How can this make me Li Tian live!" Li Tian thought desperately.

"Young man, don't despair, at least you still have dreams!" the old voice said shamelessly.

Li Tian puffed down on his knees and said piously: "Great God, can you forgive me! Now I am suffering from internal and external troubles. There is not even a trace of spiritual power in my veins, but it is because of your old man. After a strong return, I have to endure the siege and slaughter of the emperor and the domain master! This is too unfair to me!"

The old voice fell silent for a moment, and said: "Young man, I was sent by God to save you! Did you know? You must be down-to-earth in your practice. A cultivation base like yours is no different from a castle in the air.

"Also, the false name of a young talent makes you fluttering all day, and you are about to fly. Don't you know the truth that the higher you fly, the more painful you fall?"

"Youth, give up your status as an elder, give up your unrealistic dreams, practice down-to-earth, and you will become a good boy with ideals, morals, and integrity!"

amount!

Li Tian felt that his knee was hit by an arrow. If he hadn't been kneeling now, Li Tianzhen would like to kneel down again and say a few words to this great god: I'll go to your grandma!

In any case, cultivation is a must. What if this old shameless \*\*\*\* absorbs enough spiritual power and doesn't absorb it?

Li Tian sat cross-legged on the ground and began to practice earnestly. He wanted to condense a little spiritual power in his physical veins as soon as possible, so that he could at least be able to meet the powers below the sixth level of the Venerable. Guarantee.

But Li Tian was still too naive.

That \*\*\*\* \*\*\*\* did not intend to leave a trace of spiritual power to Li Tian at all.

"Young man, come on, I am optimistic about you!"

...

Li Tian was very helpless, doing two things with one heart, practicing while doing what he wanted to do.

As soon as he came out of the underground, Li Tian immediately felt the enthusiasm of the three Xiaoyasha!

Di Xing Yasha flapped its wings sharply and landed on Li Tian's head.

Di Xing Yasha really wanted to \*\*\*\* on Li Tian's head to commemorate her and Li Tian's life of love and affection when they were trapped underground.

It's a pity that the action of Xing Yasha hadn't been implemented yet, it was pulled into the space by Void Yasha.

"Master Li Tian, it's great that you haven't died! Next time you die by tricks, can you not take away our Jixing Yasha sister? We are very lonely this year!" Xukong Yasha said to Li Tian with a heart .

Li Tian even wanted to die!

God, how can this guy say that?

Originally, Li Tian wanted to enter the space of Void Yasha to take a look at Xiao Yasha, because of these words of Void Yasha, Li Tian didn't even have this heart.

Ask Xukong Yasha to report to Windsor and Liu Yihui on behalf of Li Tian, and then Li Tian teleported into the space of the Qiong Spear of Heaven.

After Li Tian's figure disappeared, not far from this area, seven or eight heads were exposed at the same time.

"As expected, Li Tian is still hiding here! Now I rush back to report to the adults and tell them that Li Tian is back!"

Chapter 4576: : Super God Family

To the old dean of the Netherworld Academy, Li Tian is like a shooting star passing through the sky. Although it shines, it is destined to not last long.

Li Tian has only been in the Nether Academy for a few months, but he is deeply loved by the elders and students of the college.

The song that Li Tianneng has sung is now on campus from time to time.

It is also because of the existence of Li Tian that Netherworld Academy has become a pioneer of popular music in the Netherworld.

Those students began to create music that they liked to listen to and that could express their most direct feelings.

Such as love, such as friendship, such as base love.

Although vulgar, but yellow and violent!

The disappearance of Li Tian is a great loss to Nether Academy.

Especially for the group of five bald heads, their losses are even greater.

Zichuanyan is dead, Li Tian is missing, they can only think about it in their dreams if they want to drink that delicious wine again.

If you don't smoke, you don't know the charm of cigarettes. If you don't drink alcohol, it is hard to imagine the attractiveness of wine to them.

There is only a group of five, but at the same time I feel sad.

In order to pay homage to Li Tian, these five guys secretly built a shrine for Li Tian in their residence, praying for Li Tian to come back alive every day.

To say that the most painful person in the Netherworld Academy should belong to the elder in charge.

The current mentality of the writer elder is like being an agent in an entertainment company, and Li Tian is the only emperor superstar he has cultivated. Unfortunately, with bad luck, this emperor superstar really flashes past like a meteor.

The elder in charge felt that Li Tian's disappearance also had an important relationship with him. If he insisted on being in the same aircraft with Li Tian, his strength might be able to destroy the meteorite, at least to ensure Li Tian's safety.

"Elder Li Tian..."

After drinking the most sip of wine left by Elder Li Tian, a few sad tears were left at the corner of the elder's eyes.

In the Netherworld Academy, there is also the material elder who intersects with Li Tian.

Although this accident caused the sacrifice of thousands of students in Nether Academy, Nether Academy was very busy for a while, explaining to various empires, kingdoms of the Venerable, and the families of ordinary students.

But this matter is a happy event for the elders of materials.

People are full of spirits at happy events. This year, the elders of materials are really red, and they even feel strengthened when they practice.

The only thing that was uncomfortable with the material elders was that the old dean and the senior elders were always convinced that Li Tian was still alive, and were only willing to list Li Tian as a missing object.

In other words, Li Tian's current body is still the elder of Nether Academy.

As long as Li Tian can come back alive, there will be a place for Li Tian in this Netherworld Academy.

"Damn Li Tian!"

"Damn big elder!"

Material Elder was once the elder's most trusted partner, but since Li Tian became the elder of the Nether Academy, the elder has obviously valued Li Tian more than Elder Material.

The fact that the great elder handed the key of the underground library to Li Tian made the material elder feel that he was betrayed by the great elder!

"You are in the first year of junior high school, I will be the fifteenth!" The material elder said to himself a little angrily.

In fact, the old dean and elder have not had a good time recently.

Although Li Tian is missing, the things behind Li Tian have been dug up.

The Lord of the Blood Territory, the Great Emperor Zichuan, and the Lord Yushuang Territory joined forces to put pressure on the Nether Academy!

Ask the Netherworld Academy to give them an explanation!

Explain what?

Does Nether Academy need to explain to them these little domain masters?

If these domain masters enter the Nether Academy, they are at the teacher level at best, but now they want the Nether Academy to explain to them the elder-level Li Tian!

It's ridiculous!

Besides, Li Tian's life and death are uncertain, and the parties involved are not there. How can they allow them to buckle this \*\*\*\* bowl on Li Tian's head.

The first time these guys came to the Netherworld Academy together, the old dean personally went to receive them and explained to them.

The second time these guys joined together to the Nether Academy, the elder personally went to receive them and explained to them.

For the third time, these guys joined together to Nether Academy, and were beaten out by the angry elder.

How can Nether Academy fear the pressure of these little people!

Oh, no, they are domain owners, and they can't be regarded as small people.

Since being beaten out of the college by the elder in charge, these guys have also disappeared.

However, at this moment, the material elder suddenly asked to see him.

"Old Dean, Lord of the Blood Domain, Lord Yushuang, and Emperor Zichuan are here again..."

The old dean snorted coldly, and said disdainfully: "What? Isn't it enough that I was beaten by the elder in charge last time? Our Nether Academy is not willing to use guns to bully the weak, but they are so ignorant of good and bad, do they really think Are we in the Netherworld Academy for fear of these little guys?"

"Old dean, for a little Li Tian, it is not worthwhile to touch these domain masters and imperial emperors! Anyway, Elder Li Tian has been missing for more than a year, and I don't know if he still lives here. In the world, if this is the case, it would be better to clear Elder Li Tian from the Nether Academy as they wished!" said the elder material.

The old dean stared sharply at the elder of the material, snorted, and said: "Elder material, don't forget that Li Tian is the elder of the Nether Academy, and you are also the elder of the Nether Academy. I don't want to see some people elbows out. Turn!"

The material elder shivered, and quickly explained: "Old dean, how could I turn my elbow out? It's just...just..."

"Just what?" The old dean said dissatisfiedly.

"It's just that this time, Yu Frost has moved the super \*\*\*\*\* family in the Netherworld. They have now entered the Nether Academy! The great elder is personally receiving, but the elder in charge...but was beaten because of the last incident..."

The old courtyard master was taken aback and stood up abruptly.

"Asshole!"

The old dean actually wanted to use Li Tian's sentence to \*\*\*\*\* Nima! To express the anger in his heart, but as the dean of the Nether Academy, if he said such words, he would still be out of style.

"Take me over!"

The old dean glared fiercely at the elder material, and his heart became increasingly dissatisfied with the elder material.

The Netherworld has been peaceful for too long. In the eyes of ordinary venerables, the emperor and the domain master are already the most powerful existence in this world.

But they forget that before the long-haired woman appeared, the Nether Realm was also full of contention and a hundred flowers!

That mysterious long-haired woman killed so many domain masters, beyond the existence of domain masters, and caused the Netherworld to panic.

However, for those super-god families in the Nether Realm who have inherited these hundreds of thousands of years, or even millions of years, and have at least a certain demigod, there is no pain at all.

However, when the danger came, these families, like the Nether Academy, chose to avoid their edge.

The old dean just stood up, and an old voice came from outside the door: "I have arrived! We old bones have not been seen for a long time, and the people outside have forgotten our existence! Why Dean Xiao Zhou has also forgotten us. Does it exist?"

"This shouldn't be!"

Chapter 4577: : Descendants of the Protoss

Dozens of elders, including the Great Emperor Zichuan, the Lord of the Blood Territory, the Lord of the Yushuang Territory, the Great Elder, and the elder in charge, surrounded an old woman, opened the door, and walked in slowly.

The elder in charge was really beaten, and a red palm print appeared on each of his left and right cheeks, and the cheeks were swollen like a dough.

However, there is no anger between the eyebrows of the elder pen, more of fear!

The sight of the old dean fell on the old woman who was surrounded by him.

Judging from her appearance, this old woman is at least ninety years old, with silver hair and snow-white eyebrows, and the wrinkles on her face can trap flies. As she walked, her whole body was swaying vigorously.

It gives people a feeling that this old woman is convulsing and will die at any time.

However, the old woman seemed unwilling to admit that she was old, and the clothes she wore were particularly bright, with red flowers and green willows, as tender as she could pinch water.

Moreover, this old woman has put on makeup.

That's right, the Netherworld is not a primitive society. Although there is no cosmetics in the earth world, there are at least some rouge gouache.

This old woman applied some rouge on her face, and there was a faint red light on the wrinkled skin on her face!

Ok!

In fact, it might be more natural for the old woman to not use makeup. This kind of makeup gives people a horrible feeling, as if the old woman is a thousand-year-old female corpse crawling out of the grave.

However, it was just such an old woman, who seemed to be able to blow her by a strong wind, but just now slapped the elder with two slaps!

And the elders in charge did not dare to resist at all, perhaps they were also unable to resist.

In the Netherworld, the strong is respected, how can such an old woman not be respected.

What's more, this old woman is from the legendary super \*\*\*\* family.

Seeing the old woman come in, the old dean quickly walked out from behind the table, walked quickly to the old woman, bowed respectfully to the old woman, and then invited the old woman to the chair.

"Grandma came to this hospital, Xiao Zhou, I didn't go to welcome him far away, and I let the grandma come to my residence in person, which really made Xiao Zhou feel very scared!" The old dean stood beside the old woman with a panic expression on his face. Said.

"Haha! Dean Zhou should be frightened, if our super \*\*\*\*\* families are not born again, I am afraid this Nether Realm will belong to the world of Nether Academy in the future!" The old woman said with a sneer.

The old dean sat on a chair next to the old woman, leaning slightly toward the old woman, and said, "How dare, how dare! Vulgar people don't know the Super God family, but how can we Nether Academy not know the Super God family? Nether Academy borrows a few guts, and dare not have such an idea!"

"It's good to know, I am already arrogant when I go to Nether Academy, and I don't know the rules of the Nether Realm anymore!" said the old woman.

Just like the earth world, there are many myths in the history of the underworld.

Since there are myths, there are the true forms of the gods.

If there is a prototype, there is this prototype family!

The difference is that the original family of myths and stories in the earth world has been destroyed for various reasons, while some of these super-god families in the Underworld have remained.

Super \*\*\*\*\* families, as the name suggests, the sages of these families are characters in myths, that is to say, the descendants of these families are true descendants of gods.

The old woman in front of me is the descendant of God!

Of course, theoretically speaking, Netherworld Academy was also born with a powerful existence of gods.

It's a pity that Netherworld Academy cannot be passed down by blood like the Super God Family!

It is precisely because of this that these super \*\*\*\*\* families are a little bit more powerful than Nether Academy.

Moreover, these super-god families are also somewhat related to each other, and if one affects one family, it will involve other super-god families!

Now this old woman was clearly invited by Emperor Zichuan and others.

The elder in charge was the first to drive away these domain owners this time, and was beaten by the old woman. Although the old dean was dissatisfied and angry, he could only endure it.

Old Dean Zhou had a relationship with this old woman when he was young, and he was embarrassed by the old woman. So in this respect, the old Dean Zhou is the younger of this old woman, even if the elder in charge is beaten. The old dean also gave the old woman a smile.

The old dean saw that the old woman came to the academy aggressively. Emperor Zichuan, the Lord of the Blood Domain, and the Lord Yushuang Domain followed her. He knew that this old woman came for Li Tian's affairs, but the old dean was also a master of pretending to be confused, no Answeringly asked: "I don't know what the so-called mother is coming to the college this time?"

The old woman didn't get straight to the point. She pointed to Master Yu Frost and said, "Master Yu Frost, do you still have an impression?"

The old dean nodded.

Yushuang domain master is one of the few strong people who fell from the domain master realm to the noble realm, and can return to the domain master realm again.

"Then do you know that Lord Yu Frost once did things for our family?"

"This, I really don't know! But what does it have to do with the grandmother's arrival at the college?" The old dean continued to pretend to be confused.

The old woman glanced at the old dean, did not say anything, and then said: "This kid is good, but he is a bit anxious, otherwise he will not encounter such a big setback! But fortunately, there is no harm in the young people's practice!"

"Now Yu Shuang intends to return to the family and continue to do things for my family, but he still has some concerns in his heart, so Yu Shuang ran to me and asked me to help him!"

"Then what does mother mean?"

"Dean Zhou, aren't you really confused? What kind of person Li Tian is? Do you know? You don't even know this, so you dare to recruit him into the Netherworld Academy, even if you dare to let him be the elder. "The old woman asked angrily.

The old dean said: "Elder Li Tian is talented and of good character. After discussion and approval by the elders of the academy, he became the elder of the Nether Academy. Moreover, when the meteor fell last year, Elder Li Tian had disappeared in order to save the students of the academy. But I don't know how Elder Li Tian offended the mother?"

"What a good character!"

"My boy was beheaded by Li Tian in the battlefield of death..." the blood domain master roared angrily.

"When the meteorite fell last year, Zi Chuan Yan was killed by Li Tian..." said Zi Chuan the Great.

"There are two of my vassal corpse clan, two of them died in Li Tian's hands..." said Lord Yu Shuangyu.

"I sympathize with the misfortune of the descendants of the Lord of the Blood Domain, the blood son, but it is known that the death battlefield is only opened once in 500 years, and the strength of Elder Li Tian has reached the sixth level of the sage, why do you say that it is Elder Li Tian Killed?"

"Emperor Zichuan, whether the noble son was accidentally killed by Elder Li Tian, there is no direct evidence so far! I have discussed with you Zi before, and I will explain to him when the elder returns! Now the life and death of Elder Li Tian is unknown, you What's the point of being so aggressive?"

"Also, Lord Yushuang! You used to do things for the mother's family. Have you not even distinguished the most basic right from wrong? Have you seen Elder Li Tian? You might have seen the Li who killed your clan. God? With such a big \*\*\*\*\* basin buckled on the head of Nether Academy, what do you intend to do?"

"Mother, the elder in charge once beat these three domain masters. He didn't know that domain master Yushuang was yours. It was his fault! Today you have also sought justice. This is the end of this matter!"

"If anyone wants to buckle the \*\*\*\*\* on the head of Nether Academy without evidence, I'm sorry, Nether Academy doesn't accept it!" said the old dean.

Chapter 4578: : Black sheep

"Dean Zhou!" The old woman's expression was very ugly, and she stared at the old dean coldly, and shouted coldly. ,

The body of the old dean bowed slightly forward, with a natural expression on his face. In terms of performance, the old dean respected the old woman in front of him. However, the old dean's eyes did not give in at all, as if he were stubborn. The child stared at the old woman as well.

The room was very quiet.

The temperature dropped sharply, and the hot tea delivered by the assistant of the old dean was still steaming a few seconds ago. At this time, some ice crystals appeared in the tea cup.

The air seemed to freeze. The elders and domain masters behind the old dean and old woman didn't even dare to get out of the atmosphere, and no one was willing to take the initiative to break the peace of the scene.

After about four or five minutes, the hot tea in the cup on the table has turned into ice water.

The old woman reached out and picked up the tea cup.

In an instant, the ice cubes in the teacup melted completely, and the heat rose up.

The old woman took a sip of tea, nodded slightly and said, "Good tea! If you want to say the best tea in the Netherworld, you still have to count the hundreds of thousands of years old tea trees in the back mountain of Nether Academy!"

The old dean also picked up the teacup. Like the old woman, the ice in the teacup melted and turned into hot tea in an instant, but the old dean did not drink the tea. He picked it up and put it down gently, and said, "Mrs. If you like it, I'll have someone wrap some bags for Mother to take away!"

The two old guys even talked about tea and tea ceremony.

It seemed that the conflict just now had never happened before, and the temperature in the room gradually recovered.

The three domain masters who followed the old woman also had a relaxed expression on their faces.

They invited the old woman, but it is not suitable for the super \*\*\*\*\* family behind the old woman to be the enemy of the Nether Academy, let alone the master of the frost domain, even if the old woman personally persuades the super \*\*\*\*\* family, it may be difficult to do.

Behemoths like the Super God Family and the Nether Academy, in addition to face, pay more attention to benefits.

Gradually, the old woman and the old dean began to reminisce about the great events that have occurred in the Netherworld for thousands of years. The two old guys seem to be a commonplace. If you don't know it, it's hard to imagine it. Tensions.

They descended from the long-haired mysterious goddess to the Ten Thousand Gods Mountain, and were enemies of the entire Netherworld powerhouse, talked about the powerhouse in the earth world slaughtering the entire Netherworld world, and then talked about the issue of the Netherworld and the passage of the earth world.

It can be seen from the content of the conversation that the old woman is the guide of the content of this conversation. The old dean tried to take the topic several times, but he was not successful!

The old woman smiled slightly, brought the topic back easily, and continued: "Just now we talked about that mysterious long-haired woman who descended on the Ten Thousand Gods Mountain with a demigod or even stronger strength. At that time, who would have thought that God would be in the day? After ascending, can you return to the Nether Realm again?"

"As a result, at that station, there were countless deaths and injuries to the strong man above the domain master level. After that, the long-haired woman mysteriously disappeared, and her weapon was missing with that woman!"

"Wan Shen Mountain has also become the domain owner's forbidden land! However, according to reliable sources, the weapon used by that mysterious woman has appeared in the Nether Realm. I believe that the holder of the weapon should have little to do with the Nether Academy, right?"

The master's face is a bit ugly!

He didn't expect this old woman to bring the topic to this.

After the elder in charge brought Li Tian back, the Netherworld Academy launched an investigation on Li Tian.

Investigations revealed that Li Tian's weapon was the Qiong Spear of the Sky, almost the same as the weapon used by the legendary long-haired mysterious woman.

It is precisely because of this consideration that the old dean resisted the disagreement and agreed to let Li Tian enter the Netherworld Academy as an intern elder. Later, he would hand over the key to the underground library to Li Tian.

The old dean believed that Li Tian was not an ordinary person.

In addition, the mysterious long-haired woman behind Li Tian exists, so Li Tian's future is bound to be limitless.

If Li Tian can use his own ability to find the key to the underground library, he can open the underground library and solve the doubts of the old dean.

Maybe the old dean may soar in the future!

Of course, the old dean also has a selfish idea.

Chu Jiangnan defected and escaped from the Nether Academy. As long as Chu Jiangnan had not become a god, if Li Tian could reach the cultivation strength of Chu Jiangnan, perhaps Li Tian could still handle the traitor.

"Hahaha! Speaking of that weapon, don't doubt that Elder Li Tian really has such a weapon! It is very similar to the weapon in the hand of the long-haired woman in the legend. But what does this mean?" Said with a slight smile.

"Doesn't this explain any problems?" the old woman asked rhetorically.

The old dean shook his head slightly and said, "Then you must not know Master Yu Frost's current weapon, mother?"

Upon hearing these words, Lord Yu Frost Territory's face involuntarily flowed out a trace of panic.

"The weapon of Lord Yu Frost is very similar to Hong Zhan who was exiled to the turbulent flow of another world, and it seems that the weapon that Lord Yu Frost calls him is also called Hong Zhan! However, our Nether Academy is not messy. What are you talking about? There is no need to promote this!" The old dean said calmly.

Hearing the word Hong Zhan, the face of the Lord of the Blood Territory, the Great Emperor Zichuan present involuntarily showed a trace of greed.

As mentioned above, the original master of Red Slash was only in the realm of the venerable, but because of the existence of this Red Slash, the original master could have the strength comparable to that of the domain master.

Hong Zhan is called the Demon Sword!

The old woman looked at Yu Shuang with no extra expression on her face.

The Lord Yushuang Territory knelt on the ground with a thud, kowtows like garlic, and said with a grieved expression: "Mother, don't listen to the old dean's slurs. That Hong Zhan has been exiled into the turbulence of another world, how could it be possible? Will it appear in the Underworld?"

When the Lord Yu Shuang said this, he flipped it over and took out two identical red swords from his space ring, raised his hands above his head and said to the old woman: "My weapon is just for the craftsman to follow the original red. The appearance of Zhan was recreated, and there is no demonization of Hong Zhan at all. Please mother to call the shots for me!"

The appearance of two red slashes in the hands of the master of the frost region has already explained everything: these red slashes are fake, but they are the same in appearance.

Regardless of the old woman or the old dean, he did not pick up the Hong Zhan in Yu Shuang's hand to check.

"So, similar weapons can't explain anything! Elder Li Tian has a spear weapon in his hand, and it can't explain anything. Madam would not object to this!" The old dean said with a slight smile.

The old woman's eyes were fixed on the old dean.

After a few minutes, the old woman suddenly smiled.

This time, it was not a sneer, not a ridicule, but a smile from the heart.

"Dean Xiao Zhou, it seems that you really have grown up! I am very pleased, let's prepare tea, I should go back too! A handful of old bones, hopeless in the day, should also enjoy it!" The old woman picked up the tea cup and took a sip.

...

The old woman left the Netherworld Academy with Lord Yushuangyu, Xuezhengxin, Emperor Zichuan and others.

In addition to giving the elders two slaps in the face, allowing the three domain masters to find some psychological balance, the old woman also harvested a few packets of tea.

"Mother, do we just forget it? This Nether Academy is clearly protecting Li Tian!" Yu Shuang Domain Master said respectfully.

The old woman snorted coldly, and said, "What about kidding? If Li Tian hides in Nether Academy, then the nether Academy's shield may be able to hold his life, but he has not returned to Nether Academy, as long as we Find Li Tian in front of Nether Academy first, then his life is yours! But that weapon..."

"We understand!" said the Lord of the Blood Domain, the Great Emperor Zichuan, and the Lord of the Yushuang Domain at the same time.

The old woman pointed to Yu Shuang, and then said, "Leave them to handle the outside affairs. I will send someone from the clan to help them secretly. However, you should follow me back to the clan and explain Hong Zhan's things well, so as not to Cause the dissatisfaction of other super \*\*\*\* families!"

"Mother, I..."

"Why? Don't you want to? The clearer clears himself!" The old woman said coldly.

"No... dare not!" Lord Yu Shuang said with a bitter melon look.

...

Nether Academy, the meeting room of the old dean's residence, all the elders in the academy gathered here except for the missing Elder Li Tian.

What the old woman did in the Netherworld Academy. Everyone here already knows that these elders are not annoyed with the old woman in their hearts and strongly condemn this kind of bullying by the Super God Family.

"Old Dean, we have to protest!"

"It's too much. The three domain masters eat more to make trouble for the Netherworld Academy. The elders in charge did not bully, but just drove them out and taught them a little lesson. Now the Super God family is bullying us like this. , We express our strong indignation!"

"Everyone, Shaoanwu! Shaoanwu!"

The material elder paused on purpose, and when the discussion in the conference room was slightly lowered, everyone's attention was focused on him, and he continued: "The relationship between the Super God Family and the Nether Academy has always been friendly. We have to look at the general direction, and we cannot destroy our friendly relations just because of such a small friction."

"Furthermore, all these things were caused by Elder Li Tian. Today, Emperor Zichuan, Lord of the Blood Domain, Lord Yushuang, and others have said very clearly, although we believe that Elder Li Tian will not be that kind of person, but Also understand that there are no waves without wind!"

"Of course, I personally really appreciate the talents of Elder Li Tian. It's just that people like Elder Li Tian, the more talented the more terrifying! For such a person, our college angered the Super God family. worth it!"

"In order to avoid the subsequent escalation of conflicts, and to show our Nether Academy's attitude towards the Super God Family, I suggest holding a meeting of all elders now to remove the name of Li Tian intern elders, and then expel Li Tian, the black sheep, from Nether Academy!"

Chapter 4579: : Race against time

"Black sheep!" the old dean said stiffly.

The material elder looked at the old dean with some doubts.

He knew that the old dean was very partial to Li Tian before. Could it be that the old dean has also changed his view of Li Tian because of the Super God family?

When I thought of this, the elder of the material could not help but get a little excited, as if he was greatly encouraged, he smiled, rubbed his hands, and said, "Yes, Li Tian is definitely the black sheep! So we..."

"I'm talking about you, material elder!" the old dean said loudly.

The meeting room is instantly quiet!

All the elders looked at the old dean in surprise, wondering why the old dean would give such an evaluation to the material elder!

The material elder has a history of thousands of years in the Nether Academy. Such an veteran received the evaluation of the elder dean, which made the other elders feel a little chilly.

Besides, it has never happened before in the history of Nether Academy. The dean evaluated another elder in front of all the elders. Even Chu Jiangnan, the defector, has never received such an evaluation!

The elder's heart was full of anger, and his aggrieved face turned black.

"The old dean..., today I really want you to give me an explanation, why did I become a poor horse? You can't just retaliate against Li Tian because of the rumors outside that Li Tian is your illegitimate child. All the prejudices of the elders!"

The material elders also broke the pot.

Didn't you say that I am a black sheep?

Then your old dean's crotch is also shit, why are you here to blame me for a Li Tian!

The elder in charge smiled slightly and said: "Let me replace the old dean and give you an explanation!"

"When you were the teacher and elder of the Nether Academy, you brought the descendants of your family into the Academy many times..."

"Hahaha, a joke, what a huge joke!"

"Don't the teachers and elders of Nether Academy even have the right to recruit students?"

"I'm old, and I don't remember some things very clearly, so let me describe it again: Last year, for Li Tianneng to join the college, who gave him the elder dingdian. ♂.os;<>The position promised, and who let Li Tian's woman and his entourage Tang Xiaolong into the upper academy?"

"Speaking of a bad thing, your \*\*\*\*\* is not clean, so don't stand up and blame others! If you want to blame me, you can, first wipe your ass!"

The elder in charge of the writer was embarrassed, but continued but did not attack on the spot, and continued: "The teachers and elders of the Nether Academy have the right to accept students. This is understandable, but in the past 100 years, the number of students collected by your material elder has reached nearly Five hundred! If I remember correctly, the right of each elder is one quota per year!"

A trace of panic flashed across the face of the material elder, but he quickly concealed it.

Over the past few years, the great elder has been in charge of the Netherworld Academy, and as a confidant of the great elder, he has done these illegal things, the great elder also turned a blind eye!

The material elder looked at the great elder and saw that he closed his eyes, as if he was asleep.

This bastard, don't pretend to be confused at this time!

"What's the matter with the five hundred? Is there any problem with this? Could it be that you, the elder in charge, are confused? There is a supplementary rule in the Nether Academy that students with excellent talents and good qualities are not restricted! Could it be you Are you questioning the students I enrolled?"

The elder in charge did not continue to struggle with this issue, and continued: "Then when you served as the material elder, the various materials in the Nether Academy increased by nearly one-third compared to before. Can you explain it again?"

"Haha, there is nothing wrong with the crime! As we all know, the meteorite fell last year, our college suffered a natural disaster, more than 8,000 students died and injured. These missing students, almost all of them are students from lower-level colleges, to comfort the families of these colleges Don't I need some supplies? I remember when I was last year, the old dean and the elder personally praised me for handling the problem in time!"

"So..."

"Then what? Elder the writer shouldn't you explain Elder Li Tian first, there are so many elders waiting in the cold for you to explain!"

Cough!

The old dean coughed, stood up, and stared at the elder material like two venomous snakes. The elder material couldn't help feeling a little flustered, and the sweat on his forehead continued to slide down his cheeks!

Within a few minutes, the collar position of the material elders was all wet.

"Let me explain to you! Li Tian is not my illegitimate child. This is a well-known thing, and according to my opinion, it hasn't been long since the rumor came out, because no one believed this rumor and it has dissipated."

"As for you, Elder Materials, I admit that you handled the matter in a timely manner last year, but this is not the reason for your intensification!"

"Last year, how many materials did you embezzle from the Nether Academy? Venerable Zhu Wu, Venerable Chen Zhen, Venerable Guyang..."

One by one, the Venerable Kingdom spoke from the mouth of the old dean. Every time the elder of the material heard one more name, his heart would sink.

"There are eighteen Venerable Kingdoms around the Nether Academy, and the only emperor is your material elder, right? You use the materials from the Nether Academy to support your Venerable Nation. Am I right?"

"As for the talented students you mentioned? Tell me, which student is not your child? As a strong person beyond the domain master level, you really have a good waist and a golden gun!"

"It's nothing more than raising a woman in the Venerable's country, but in recent years you have become more and more excessive. You even used your name as the elder of the Nether Academy to do something against the female students in the lower academy!"

Many elders present were already shocked by these words!

These elders entered the Netherworld Academy and started serving as teaching assistants. They focused on the Netherworld Academy. Not to mention that they could not get married and have children, but they must not have too close ties with any venerable kingdom or family outside the academy.

But they didn't expect that the elder of material materials would actually establish their own kingdom of venerable outside.

This is probably the same concept as the Chinese government officials of the Earth World who cannot do business!

"If it's only like this, then I might not have an attack today, but what makes me most unacceptable is that you are involved with the Super God Family besides eating inside and out. In order to eradicate Elder Li Tian, you are unscrupulous!"

"No matter how you fight in the academy on weekdays, as long as it does not harm the interests of the Nether Academy, I can pretend not to see it. But you dare to collude with outsiders and deal with the elders of the academy! What do you think I should do with you today?"

boom!

The old dean was furious, and smashed the huge conference table in front of him with a palm.

"I... I don't!"

The material elder wanted to deny it, and backed away as he spoke.

Looking at the expressions and movements of the elders, the people present already understood that the elders did so.

"Elder Law Enforcement, follow the rules of the Nether Academy!" The old dean said disappointedly, sitting on the chair.

The rule of the Nether Academy is that as much as the cultivation level is improved after entering the Nether Academy, the amount must be returned to the Academy!

And what can realize this is a treasure created by a strong existence beyond the domain master at the beginning of the establishment of Netherworld Academy.

Knowing that he used ordinary methods to break through hopelessness, the strong man took a different approach and created this treasure: the Nine Star Sucking Wheel!

This treasure can alive withdraw spiritual power from someone else's body and temporarily store it in the treasure.

However, the more tragic thing is that this spiritual power was sucked out, but the super powerhouse who created this star-absorption wheel could not be transformed into his own spiritual power.

As a result, this super-powerful surpassing the domain owner has endured tens of thousands of years, his cultivation level has not been diligent, and he has died!

But this star-attracting wheel was preserved in the Nether Academy and kept by the law enforcement elders!

"No...you can't do this to me!"

"I have no credit and hard work in Nether Academy..."

The material elder wanted to escape, and even attacked the law enforcement elder who was blocked, but was injured by the joint efforts of the senior elder and the elder dean, instantly subdued!

Elder Material is a tragedy!

"Li Tian, it's Li Tian! It's you who killed me!"

"I will never let you go!"

The entire residence of the old dean was filled with screams and echoes from the material elders.

Sucking the Star Nine Wheels, it is abruptly sucking the spiritual power of the cultivator out of the body. It doesn't matter what the spiritual power is running, it is really simple and crude.

The painful scream of the material elder made the other elders in the conference room feel a little moved.

Rather than endure such pain, it is better to just die!

But no one wants to die easily.

After all, the most serious punishment in the Nether Academy was to absorb the spiritual power of the material elders in the Nether Academy, and let his cultivation level fall before he entered the Academy.

About half an hour later, the material elder's clothes were covered with blood and sweat, and his cultivation base had fallen to the realm of the domain master.

The old dean did not continue to embarrass the material elder, so the senior elder and law enforcement elder drove him out of the college.

"Now we continue. According to reliable information, Elder Li Tian once appeared at the place where the meteorite fell, which means that Elder Li Tian is not dead. Now, we are very eager to find Elder Li Tian before the Super God family. Elder Li Tian safely brought back to the Nether Academy!" said the old dean.

"The Fifth Shuiyue, the elder in charge..."

...

Li Tian has realized that the situation is serious.

It has been several days since the meteorite fell to the ground, but Li Tian found that more and more people were following him.

The cultivation base of these stalkers is not too high, but they are basically between Venerable 6th to Venerable 8th level, which shows that those who are going to deal with Li Tian know Li Tian's cultivation well.

To escape, Li Tian is serious!

Race against time to escape!

But those guys are not willing to give up.

Li Tian is also welcome. With the help of Wang Changqing, Xiaoqingwa, and Xiao Hotpot, Li Tian has killed more than nineteen stalkers in the past few days!

No, just after killing a few stalkers, a dozen more suddenly appeared!

"Li Tian, you can't run away! Obediently, just grab it!" said an eighth-level master.

Li Tian said bitterly, "I can't kill it, and I can't kill it. If this continues, I will be in trouble when the emperor and the strong of the realm of the domain master arrive!"

Chapter 4580: : You must die

"Emperor? Domain Lord? Do you still need Emperor and Domain Master level powerhouses to deal with your small garbage?" A cold voice said from among the dozen people.

I rub! Turned out to be despised!

Don't these guys know that there are domain master-level powerhouses in Li Tian's space?

"Xiao Xie, I know you are hiding in the crowd, you have the ability to speak big words, come out if you have the ability! Come out! Come out, come out, come out!" Li Tian was in possession of Aunt Xue and blocked him at this moment. Shouted those strong men in front of him.

A man less than five feet tall pushed away from his entourage, staring at Li Tian with an angry look and gritted teeth, and said: "Li Tian, we finally meet! Today I will avenge my son!"

Li Tian looked at the child-like man walking out from behind the crowd in front of him, revealing a touch of sadness.

The guy in front of him, who was only five feet tall, actually possessed the mid-level ninth realm of Venerable.

This \*\*\*\* is too inhumane, right?

This makes Li Tian such a standard handsome man.

The poisonous tongue Li Tian curled his mouth in disdain, waved his hand gently, and said, "Whose child are you? Why did you come here to play? Boy, this is not a playground, you hurry home to get some milk Go!"

The dwarf in front of him is the famous Kang Lubu in the Underworld.

Kang Lubu is famous in the Underworld, not just because of his cultivation.

His cultivation base in the middle of the ninth level of the venerable is not so outstanding, but this cultivation base falls on the dwarf, it is too characteristic, it is easy for people to remember him.

Even, because of the existence of Kanglubu, many people with strong stature did not give up cultivating. Many of these cultivators succeeded in breaking through the realm of cultivators. Since then, they have not taken the usual path and become masters!

This is like Nate Robinson of the NBA in the earth world, his height is only 174m, and he is like a child on the field where the man is like a forest.

But it is Nate Robinson's reputation that is quite famous in the NBA. It is precisely because of the existence of such players that those players who are not tall enough and have this basketball dream in their hearts may enter the NBA.

However, Kang Lubu's parents absolutely didn't know that there was a man named Lu Bu in the middle and ancient China in the earth world.

Otherwise, given Kang Lubu's height, they would not have the courage to name it.

Although Kang Lubu is not tall, he is also an adult man with a lush beard on his face. Even if he is blind, he would not be regarded as a child.

Being so insulted by Li Tian, Kang Lubu's lungs were about to explode.

"Boy, I don't know who gave you so much courage to offend Lao Tzu. But in Lao Tzu's eyes, you are not courage, but stupid! Lao Tzu will let you know how good I am soon!"

"Are you good? Then I'll test you, what else do you call Lao Tzu in the Netherworld besides father?" Li Tian asked.

Conlub blurted out: "Father!"

The moment he shouted out, he realized that he was being overcast by a \*\*\*\* like Li Tian. Sure enough, Li Tian didn't hesitate, showing a kind smile, and said: "Good!"

The followers behind Kanglubu are full of black lines, and they also feel that their master's IQ is touching. Why can't he hear it so simply that he is stuck?

Kang Lubu was furiously furious, and with a wave of his hand, four followers of the seven or eighth rank immediately stood behind him.

When these venerables stood up, they accidentally blocked Kang Lubu again.

"Stupid, you are a man in hiding, you have the ability to fight your father and me one-on-one!" Li Tian called to Kang Lubu in the crowd.

Kang Lubu was about to be mad. He kicked the followers who were stealing the spotlight with both feet, and said grimly: "Xiao Wang Ba Lao, you tell me to try again, do you know how to write dead words? "

"bad!"

"What a life and death thing! You give it to me, give me a cruel death! To die, not to live!" Kang Lubu jumped angrily.

"I wipe! You guy is so kind, didn't you ask me how to write the death word? Isn't the death word bad?" Li Tian slid back, and instantly the Qiong Spear of Heaven appeared in his hand.

And He Feng, who was just following Li Tian, and other guys who only had the strength of Venerable Level 5 or 6, were instantly sent into the space by Void Yasha and Li Tian.

Conlubi stretched out his palm and wrote a big death word on his palm. It really was evil!

Seeing Kang Lubu writing the death word, an entourage beside Kang Lubu stopped attacking, and also wrote the word in the palm of his hand, and then excitedly shouted to Kang Lubu: "My lord, it's really bad! Your lord, what a \*\*\*\* thing!"

Then, there is actually no more!

In his anger, Kang Lubu slammed this down to death with a palm!

Besides, when Li Tian withdrew a few steps backward, several powerful pressures instantly fell on Li Tian.

It is impossible for Li Tian to use teleport to escape!

"Kill him! Kill this dumb guy!" Kang Lubu shouted with a sneer.

His entourages instantly rushed to Li Tian, either holding weapons, or using spiritual power to condense them into strange weapons, piercing all parts of Li Tian's body.

At this moment, the earth shook abruptly, and a huge shadow jumped out from the ground and blocked Li Tian's body. Immediately after the shadow jumped a few times in a row, several venerables were torn to pieces.

This shadow is the little blue tile.

The little blue tile lurking underground by Li Tianrang and Dixing Yasha!

Xiao Qingwa's current cultivation realm has reached the middle of the ninth level of the Venerable, and he is one of the most powerful combat powers around Li Tian.

Before Li Tian was trapped underground, the small blue tile was already in the early stage of the ninth level of Venerable.

In this year, although the growth of Xiaoqingwa's cultivation base was slow, it had already broken through to the mid-level ninth level of the Venerable.

Li Tian has already seen that the potential of this little blue tile is extraordinary, and the ninth level of the venerable is definitely not its limit.

Suddenly, the small blue tile appeared, and Kang Lubu's entourage let out a few screams, dropped a few corpses, and hurriedly fled to the four sides!

"Big... Your lord! It's a blue-eyed lion! It's a blue-eyed lion!" these elders who had escaped from death shouted in panic.

Kanglubu joined the alliance against Li Tian. After receiving information about the direction of Li Tian falling from the meteorite and the portrait of Li Tian painted with spiritual power, he took his entourage and lurked around here until Li After the truth, his people continued to follow Li Tian.

That superstition named Kang Lubu is only responsible for tracking Li Tian, so he must not act rashly.

It's just that Kang Lubu didn't put Li Tian, who was only in the early stage of Venerable Sixth Level, in his eyes. In addition, the information he sent back was also that there was no strong person around Li Tian to follow. Kang Lubu decided to take the lead against Li. Heaven do it.

It's just that he didn't expect Li Tian to have a blue-eyed lion next to him!

This information has never been seen before!

"Asshole, you guys actually cheated me!"

"What can I do with a blue-eyed lion? Give me Kanglubu to deal with the blue-eyed lion. You go and deal with Li Tian. You must die!"

As soon as Kang Lubu's words fell, there were a few more people beside Li Tian!

The dark and soft of the mid-level ninth realm of the venerable, the small hot pot of the emperor realm, and the domain lord promoted to Wang Changqing!

"Stupid, have you learned how to write dead words?" Li Tian, a bitch, shouted at Kang Lubu with a mean expression on his face.
