

## A Killer 4581

Chapter 4581: : No discipline

Kang Lubu stared at these powerful men who suddenly appeared in front of him with a dumbfounded expression.

I can't help but stay away!

"You dark soft? How could the entourage around the Lord of the Dark Domain appear next to Li Tian? Why the \*\*\*\* I never got this information?"

"The Rock Fire Clan? This guy's cultivation seems to have reached the realm of Emperor Venerable. When will there be another imperial expert in the Netherworld, who turns out to be the Rock Fire Clan? How could this be possible!"

"I'm going, there is still a domain master, and there is a domain master powerhouse beside Li Tian this bastard..."

Kang Lubu felt that he was being played by Li Tian!

"There are so many strong people around this bastard, why do you still pretend to be weak and may be beheaded at any time? Is it...Is this guy just to attract me?"

Conlud finally knew the message he had received, why he told him not to attack Li Tian.

Kang Lubu, who possesses the ninth-level mid-level of the Venerable, faces so many masters at the same time, he will die with no scum left.

boom!

boom!

During the speech, the little blue tile flared up and used the most brutal attack of the little blue tile to kill Kang Lubu's followers one by one.

Kanglubu's followers kept screaming, making Kanglubu even more disturbed!

"Stupid, should I give you a chance?" Li Tianxi looked at Kang Lubu sadly and said.

Kang Lubu resisted his anger, and said with a trembling voice: "Li Tian, don't be arrogant, even if I can't kill you today, how long do you think you can be arrogant? The several domain masters in the Netherworld have invited a member of the super \*\*\*\* family. A heavyweight, now they have joined the Nether Academy!"

Hearing the ranking of the Super God Family, Li Tian was at a loss.

The current concept of this product was still a year ago, thinking that Nether Academy is the most powerful existence in the Nether Realm, and there should be more than 20 domain masters outside the Nether Academy.

Now a super \*\*\*\* family came out unexpectedly.

Li Tian looked at the small hot pot, and the small hot pot shook his head.

This guy didn't even know the existence of the Super God family.

Li Tian looked at Wang Chang dingdian.23.os;<>Qing, Wang Changqing's expression was the same as Li Tian.

"Li Tian, the Super God family does exist, but this Super God family has not been born for a long time. Unless there is something important, they will not interfere in the world. But... if the Super God family really intervenes, then we will I am afraid it is really dangerous!" You Yinrou said with some worry.

"Hahaha, it's dead! Super God Family, that's a family older than Nether Academy, how could Nether Academy offend Super God Family for you who are criticized by all! You must be expelled from Nether Academy now!"

"Without the great backer of Nether Academy, do you think that with these goods by your side, you can deal with the joint attacks of many domain masters and emperors such as the Emperor Zichuan, the Lord of the Blood Domain, and the Lord of the Frost Domain? God family!"

Conlub laughed involuntarily.

In his eyes, Li Tiancai was dumbfounded. He even dared to offend so many domain masters and emperors. This was completely seeking death.

Unless a \*\*\*\* descends from the sky, even the Netherworld Academy cannot save him!

Li Tian's hand gripped the Qiong Spear of the sky tightly, and the blue veins burst on his arm.

The news was too shocking, which made Li Tian feel a little flustered in his heart.

Death is not terrible, it is terrible to be rounded by so many strong people!

"Wang Changqing, you immediately rush back to Nether Academy, I want to know the attitude of Nether Academy!" Li Tian said.

Wang Changqing shook his head and resolutely said: "I won't leave. The old dean asked me to follow you, then I will follow you. Unless the old dean orders me, I will never leave you!"

Li Tian's heart was a little moved.

To be honest, he also hopes that Wang Changqing will stay with him, this guy is a domain master-level powerhouse.

As long as there is such a powerful domain master by his side, Li Tian's heart will be somewhat stable.

However, the news that Kang Lubu said made Li Tian more concerned.

If it is true as Kang Lubu said, then Li Tian's only way out now is probably to hide in the core area of the dark forest, go to the top of the holy peak to practice, and wait until he is also brilliant, and then come back.

"Wang Changqing, if you see the old dean and elder, please say hello to them! Just say that no matter what their decision is, Li Tian will always be a member of Nether Academy!" Li Tian said.

"I'm not leaving!" Wang Changqing insisted.

Li Tian is really moved!

"Wang Changqing, now you know my situation! I'm not asking you to go back to Nether Academy by yourself. I need you to bring other students who are willing to follow you back to Nether Academy! As long as the old dean has not made a decision, you have to Fight for me! Your task of returning to Nether Academy is more important than following me!" Li Tian said.

There is a decoction made from amnesia grass, but Li Tian is not afraid of his secret being leaked out.

Wang Changqing's eyes rolled left and right, with a look of dismay on his face, and said, "Elder Li Tian, if you insist on leaving, then I will leave. As long as you want me to come back, you send a letter to Netherworld Academy, I will rush to you right away! Now, let me cut this short winter melon for you!"

Kang Lubu was scared by Wang Changqing's words and stepped back a few steps, and he fell to the ground.

Li Tian stretched out his hand to stop Wang Changqing, and said, "Leave this to me! I said I would single out with him!"

Wang Changqing looked at Li Tian and looked at Li Tian's attitude very seriously. He didn't make any jokes, and he didn't stop him.

After following Li Tian for so long, Wang Changqing rarely saw Elder Li Tian make a move, but Elder Li Tian would chant a few poems from time to time for students from the Underworld to learn!

"Elder, be careful!"

The small hot pot is a bit uncomfortable.

"Boss Li Tian, how can you do this kind of murderous work? Let me do it!"

Since the small hot pot became the realm of the emperor, he really has a feeling of looking at the mountains.

Little Hot Pot is eager to show his strength.

However, the sad thing is that Xiao Qingwa is unwilling to play with these strong men around Li Tian, Wang Changqing can't beat him, and the others have no challenge for him.

As for the dark and soft, let's forget it!

She is Li Tian's woman!

Today, it was hard to come across a fellow who had a mid-level ninth-level cultivation of the Venerable. Of course, the little hot pot wanted to pretend to be coquettish and abuse Kang Lubu.

Conlub was a little impatient.

Now these powerhouses around Li Tian can only be 100% sure of winning against Li Tian, and the other blue-eyed green lions seem to be no weaker than him.

Conlubu's entourage had already died, this guy also pulled down his face, and shouted at Li Tian unscrupulously, "Father, didn't you say you want to be one-on-one with the child?"

Chapter 4582: : The power of God

Li Tian and his friends were shocked!

Li Tian was so angry that he spewed old blood to death this shameless guy.

I have seen people who have no morals, but I never thought that the ninth-level strong of the Venerable would be so without morals!

"Smelly shameless guy, just like you, you want to recognize Boss Li Tian as a father, you don't take a \*\*\*\* and take a picture of yourself! I think your five elements are lacking father, it is better to recognize me as Laozi, I singled out with you !" Little Hot Pot said mockingly.

Kang Lubu was competing against Li Tian one-on-one. Regardless of his appearance, his IQ is sometimes touching, but he can become a strong man in the middle of the ninth level of the Venerable, and he will definitely not be mentally retarded.

"As long as you kill Li Tian, no, as long as you can wound Li Tian, then I can escape by chaos!" Kang Lubu thought in his heart.

Now Kang Lubu is just taking a bite, he is called Li Tianpai, and he is going to compete with Li Tian.

"Li Tian, are you... okay?" You Anrou asked.

Li Tian shook his head and said, "As long as you can help me, don't let him use his weight to control me completely, you can!"

Li Tian did not tell anyone about his experience in the past year.

Now even Tang Xiaolong and Situ Ningbing don't know that in this body of Li Tian, there is a former \*\*\*\* hidden!

And the reason why Li Tian had to single out with Kang Lubu was exactly what the \*\*\*\* who had no shame in the slightest demanded of Li Tian.

To be honest, if it were not for this god, Li Tiancai would not single-handedly challenge Kang Lubu.

If there is no problem in the mind, I am afraid that no one will single-handedly challenge the Venerable's sixth-level early stage and the Venerable's mid-level ninth level.

What's more, the spiritual power in Li Tian's body is so pitiful right now. This is the spiritual power that Li Tian strongly demands that the shameless \*\*\*\* leave Li Tian in case of emergency.

Otherwise, that \*\*\*\* would definitely \*\*\*\* up Li Tian's spiritual power again!

"Great God, although I have the emperor and the domain master-level powerhouse by my side, my heart is always a little unreliable. I am now facing the Venerable ninth-level mid-level powerhouse. As long as he makes a small move, it will be fine. It's easy to kill me in seconds, or else, you can give me spiritual power, at least let me have the power to protect myself!" Li Tian communicated with God with his mind.

"Youth, don't dings;<>Be afraid, I will support you at the back, you can go safely!" said the \*\*\*\* of indecency .

"Support your sister! If my small body dies, I am afraid you will not survive? We are a strong team, to achieve a win-win situation!" Li Tian said.

"Shenbao, hello and me!" The \*\*\*\*\* of obscenity even moved out the slogans that Li Tian had read before the end of the world.

"You are paralyzed!"

Li Tian wanted to scold this obscene \*\*\*\*\* very much, but knew that as long as he had such an idea in his mind, this guy would definitely know it. In the end Li Tian still didn't dare to think about it.

Sometimes, Li Tianzhen wanted to break his stomach and kill himself, digging this thing out of his body.

See what this guy's mind is like.

But now, in any case, Li Tianhua has already said it, even if he is cheeky, he can only fight Kang Lubu!

Xiaoqingwa, Youanrou, Xiaohuobao, and Wang Changqing stood in the four directions of southeast and northwest, leaving the middle position to Li Tian and Kang Lubu.

Conlubu didn't expect that Li Tian would actually go heads-up with him. This guy felt that his screams were really worth it.

This guy is even thinking, I don't know if Li Tian calls grandpa more, will Li Tian let him have an arm?

This idea flashed past.

Dealing with a small garbage whose cultivation base is only Venerable Level 6, there is no need to surrender himself.

Conlub's face showed an expression of excitement involuntarily.

Hum!

Hum!

As Kang Lubu moved his spiritual power, a flame-like spiritual power flowed out of his body.

Immediately afterwards, these spiritual powers all turned into particles the size of little fingers, but it turned out that these spiritual powers condensed into the form of bees.

At this time, these spiritual bees flickered their wings and kept humming.

The external release of spiritual power can not only condense into the form of weapons, plants, mountains and rivers, but also condense into the form of beasts and all things.

"Daily, so many strong people around you, whoever you want to fight with me, I am afraid it will be difficult for me to escape from here today, but it is a pity that you are so stubborn that you are forced to hold such a good hand in your hand, and you want to single out with me. , Today..." Kang Lubu said with a sneer at Li Tian.

"Who do you call?" Li Tian interrupted Kang Lubu and asked.

"Still forced to call you!" Kang Lubu blurted out and replied.

Well, Li Tian knew that Kang Lubu's IQ was really not enough.

If you are still a waste of hair at this time, just start the fight, and finish the fight. This is the right way.

Take Li Tian, for example, he doesn't talk nonsense, he touches his legs on the ground, turns around and flees.

Conlub is stupid!

Xiaoqingwa, Youanrou, Little Hotpot, and Wang Changqing are also stupid!

Who was so arrogant just now to challenge Conlub?

This hasn't started yet, why did you turn around and flee?

"Asshole boy, why did you start to run away before the start of the fight? Where did you let my god's face go?" The \*\*\*\* of indecency yelled at Li Tian.

Li Tian just flee!

"Fuck your sister! Haven't you seen Kang Lubu release so many spiritual bees? Do you want Lao Tzu to use a spear to stab the bees? I wipe it!" Li Tian said to the obscene \*\*\*\*\* with no anger.

Conlub was happy!

In the past half an hour, his upset about being bullied was wiped out.

Conlub knew this was his best opportunity!

Kang Lubu stretched out his arm and pointed forward suddenly, and the thousands of spiritual power bees swarmed towards Li Tian.

Buzzing!

Buzzing!

The overwhelming spiritual power bees are really spectacular!

Li Tian hugged his head and scurrying, the spiritual bee chased him.

"Boss Li Tian, your performance is too realistic!" Xiao Hot Pot shouted the fool.

"Performance? It's the elder Li Tian, who is trying to lure the enemy deeper!" Wang Changqing said.

Little Qingwa lay on the ground, squinting slightly, looking at Li Tian, slightly dimming, as if agreeing with them.

Youanrou originally wanted to help, but when she heard the words of the little hot pot, Youanrou hesitated, but still did not move.

Her thoughts were that the time she followed Li Tian was too short, and they certainly did not know Li Tian as well as Little Hot Pot.

Li Tian can't tell if he is suffering!

This will pretend to be forced!

"Fuck, you guys are here to help Laozi hit Kang Lubu!"

However, no one helped Li Tian.

Li Tian fought and retreated, the spear of the sky in his hand kept piercing the sky.

Ran and egg.

If he had dozens of purple electric dragons on the Qiong Spear of the sky, it might be able to form a shock to these spiritual bees, and even make them disappear. Unfortunately, there is not much spiritual power in Li Tian's body.

These spiritual bees kept falling on Li Tian, piercing Li Tian's skin with a wasp tail needle, stinging Li Tian.

Pain is one thing, and what makes Li Tian feel horrified is that his body skin is a bit numb and itchy, and even his reaction has gradually slowed down.

"Young man, do you want to use my power! God's power!" said the molesting god.

Chapter 4583: : Tentacles of God (1)

Li Tianzhen wants to explode!

Go to the power of your sister's god!

I use your power?

Now it is clear that you are taking advantage of Lao Tzu's power!

As a god, a dignified god, he can say such brazen words!

I don't know that in the past year, it was that \*\*\*\*\* who was devouring Lao Tzu's spiritual power all the time like a vampire!

Fuck your sister!

Li Tian shouted with a bone: "Look at my mouth shape: pigeon kiss rolls!"

"Good boy, have a backbone!"

Then, Li Tian shouted to You Yinrou and waited unscrupulously: "Help! Help!"

"Awesome! Boss Li Tian's acting skills are really amazing.,"

"Boss Li Tian, I will give you thirty-two likes!"

"Woo! It's a shame that Boss Li Tian is not in the earth world! I am about to become a fan of Boss Li Tian!" Little Hot Pot said inconspicuously.

Little Hot Pot especially wanted to participate in the battle, but this was Li Tian's battle.

Li Tian never seemed to disappoint.

Little Hot Pot believes that since Li Tian has the courage to single Conlubu, then he must have a way to deal with Conlubu!

However, Little Hotpot didn't know that the spiritual power in Li Tian's body was exhausted now.

Wang Changqing, who had just rushed out a few steps, stepped back, thinking, "It turns out to be acting! Elder Li Tian is always so unexpected!"

Like Wang Changqing, when You Anrou saw Li Tian calling for help, she had already clenched her longbow, with three heavy arrows on the bowstrings at the same time, ready to shoot Kang Lubu!

After listening to the little hot pot's words, You Yinrou let go of the bowstring again, and slowly put it down.

The only person who didn't listen to the little hot pot was Xiao Qingwa.

Xiao Qingwa is a ghost beast, he has a natural instinct for danger.

Xiao Qingwa knew that Li Tian was really in danger now!

Seeing Xiao Qingwa joining the battle, Kang Lubu's mouth showed a smug smile.

"Yes, that's it, as long as you are attracted by Li Tian, I will have a chance to escape then!"

Kang Lubu's figure flashed, and instantly stood in front of Xiao Qingwa.

"If you want to save Li Tian, you must kill it from me first!" Kang Lubu said with a sneer.

From Kanglubu's body, crimson flame spiritual power once again flowed, and these spiritual powers once again condensed into spiritual power bees, swarming towards the small blue tiles!

The little blue tile is a lion!

It's an absolute beast!

It's a pity that against these spiritual bees, the little blue tile is like a lion attacking a mosquito!

These psychic bees can't help the little blue tile, but the little blue tile can't deal with these psychic bees!

Li Tian felt his body gradually become numb, the speed of his heartbeat gradually slowed down, his eyelids were heavy, and he almost couldn't open his eyes.

"Junior, you don't know the pleasure of having powerful power to kill others at will. Today I will serve you for free. I guarantee that you will be addicted once!" said the obscene god.

"No need!" said the stubborn Li Tian.

Now the little blue tile has joined the battle, and as long as the little blue tile can tear up Kanglubu this \*\*\*\* thing, those spiritual bees will destruct themselves.

It's a pity that Xiao Qingwa didn't know how to encircle Wei and save Zhao. He just wanted to rush towards Li Tian, but was also surrounded by spiritual bees.

Li Tian knew that even if the reactions of the guys like You Dark Soft and Little Hot Pot were slow, they would definitely be able to see his current dilemma. It is impossible to watch him fall to the ground stupidly!

However, Li Tian still underestimated his status in the hearts of Xiao Hotpot.

"Young man, don't force it! Use my power! I will let you break into the realm of the domain master instantly, and even reach the existence of beyond the domain master!" said Li Tian, the God of Threat.

Li Tian's mentality began to blur.

Of course Li Tian wanted such a powerful force.

It's just that Li Tian's heart has always been wary of this obscene god.

Gradually, Li Tian only felt that his legs had lost the power to support them, puffing! Kneel to the ground.

Little hot pot finally knew he was wrong!

With a roar, he teleported to Li Tian instantly.

The whole body of the small hot pot turned crimson, like moving magma.

puff!

puff!

Kang Lubu divided out more than one-third of the spiritual power bees and rushed towards the small hot pot.

But the small hot pot is not Li Tian, and the small hot pot is not Xiao Qingwa!

These spiritual bees rushing towards the small hot pot were surrounded by black smoke released from the small hot pot before they completely landed on the small hot pot. Then, these spiritual bees scurried around like headless flies, and quickly convulsed their bodies. It fell on the small hot pot and was swallowed by the hot spiritual lava on the small hot pot body.

Facing the small hot pot, Kanglubu's spiritual bees were not in suspense!

Conlubu was shocked, but in an instant, one-third of the spiritual bees he released were swallowed by the small hot pot. Although these bees were only one-tenth of the maximum he could release, they also made Conlubu. Distressed!

This is the power of the emperor's level!

Conlubu just wants to turn around and run away!

Whoosh!

Whoosh!

Three golden light beams shot out from the dark and soft bow, like three rays of light, shooting towards Kang Lubu!

When the light came, those spiritual power bees burst instantly, turning into stardust-like spiritual power, returning to Kang Lubu's body again.

Youanrou did not forcefully break through to the realm of the domain master.

It is not easy to kill Conlubu.

But Youanrou's mid-level ninth-level strength cannot be underestimated.

Kang Lubu was on the verge of an enemy, constantly running the spiritual power in his body. The crimson flame spiritual power swarmed out of his arms. Kang Lubu slapped his palms forward, from his palms, and at the same time surged Thousands of spiritual power bees out.

These spiritual bees gathered together and turned into three arrows respectively, shooting towards the dark and soft kind of arrows!

Seeing that Li Tian was dangerous, Wang Changqing released the domain in an instant, trying to turn the surrounding several kilometers into his domain.

In this way, even if Kanglubu's spiritual bees are very powerful, they are still beasts trapped in the cage, and they have lost their minions.

However, as soon as Wang Changqing released the domain, the domain was destroyed instantly.

"How is it possible? Are there other domain masters nearby, or are they beyond the domain master?" Wang Changqing asked in shock.

Wang Changqing looked around warily, he did not dare to act rashly.

Now Xiaoqingwa, Youanrou, and Little Hotpot have all joined the battle, and Kang Lubu is bound to die.

Wang Changqing must be alert to the existence of other domain masters or beyond.

At this moment, an amazing scene happened.

Already on his knees, Li Tian, who was unconscious, stood up suddenly.

Huh!

Li Tian teleported between the heavy arrow of the dark soft and the spiritual bee of Kanglubu.

Snapped!

Snapped!

Snapped!

After three consecutive beeps, the heavy arrow shot by You Yinrou was caught by Li Tian with his bare hands.

But the spiritual bee released by Conlubu was swallowed by a black, soft tentacles ejected from the center of Li Tian's palm!

Conlub was shocked again.

"This... how is this possible! Isn't this Li Tian a monster?"

Conlub wanted to escape, but found his legs trembling, unable to move at all!

Huh!

Li Tian teleported to Kang Lubu, the tentacle sticking out of his palm suddenly wrapped around Kang Lubu!

The tentacles plunged into Conlubu's mouth like a living bug.

"Unlucky kid, let me give you a tongue kiss! Go on the road obediently!"

Chapter 4584: : Tentacle of God (2)

Conlub wanted to say something, but the tentacle-like thing had been stuffed into his mouth. Conlub couldn't even say anything, only some vague noises could be heard from his mouth. ,

What made You Yinrou and the others didn't expect that Kang Lubu's body quickly dwindled at a speed visible to the naked eye, as if a plant was being grilled on a fire, but it was completely withered in just over ten seconds.

The spiritual power bees released by Kang Lubu instantly blew themselves, and crimson spiritual power swarmed into Kang Lubu's body, as if they wanted to help Kang Lubu continue his life.

However, a drop in the bucket!

No amount of spiritual power can be absorbed by this tentacle!

Kang Lubu's body seemed to be dead wood. When the wind blew, it turned into a pile of powder and drifted around!

You dark soft looked at Li Tian dumbfounded!

Little Hot Pot looked at Li Tian dumbfounded!

Wang Changqing looked at Li Tian dumbfounded!

"This...this is Boss Li Tian? Venerable ninth-level mid-level powerhouse, who was so easily killed by a spike?" Little Hot Pot couldn't believe everything in front of him, and said to himself.

You Yinrou had retracted the three heavy arrows she had shot out, and inserted the heavy arrows back into the quiver behind her, her expression a little confused, but more joyful.

The strength shown by Li Tian made You Anrou jealous, but because You Anrou liked Li Tian, he would be happy for Li Tian's Ou, and he had never considered Li Tian's strangeness.

Wang Changqing finally knew who the guy who easily broke his release domain was just now.

That's right, it should be Li Tian!

"Elder Li Tian, I can't see how strong your cultivation is now! Venerable's sixth-level initial realm, it should be your disguise!"

In the Qiong Spear of the Sky, Wang Changqing encountered the small hot pot in the south of Nanshan Mountain. At that time, the cultivation base of the small hot pot was in the middle of the ninth level of the sage, but in the following year, the small hot pot really easily broke through to the realm of the emperor.

This definitely hit Wang Changqing in the face.

Wang Changqing did not see Heiyan Tuan'er, but because of the performance of the small hot pot, Wang Changqing's positioning of Heiyan Tuan'er in his heart was beyond the existence of the domain master.

In the far north of the Qiong Spear of the sky, Wang Changqing saw the giant vicious dog.

Wang Changqing even rushed into the territory of the giant vicious dog and fought the giant vicious dog.

Wang Changqing won, but Wang Changqing did not win easily.

Moreover, Wang Changqing felt ashamed of his winning.

He is a powerful master at the master level, and the cultivation base of that giant vicious dog is only the seventh level of the venerable.

Wang Changqing felt that the giant vicious dog's body seemed to be lodged with a powerful demon, and Wang Changqing's domain seemed very weak in front of the giant vicious dog.

And the powerful destructive power of that giant vicious dog made Wang Changqing feel terrified.

Now, this kind of fear and despair is regenerating in Wang Changqing's heart.

The powerful combat power that Li Tian unintentionally released... No, Li Tian was definitely not unintentional. The domain Wang Changqing displayed was destroyed almost instantly.

This is based on Li Tian deliberately.

Sad little hot pot said that Li Tian was acting!

Li Tian's acting is also great!

Wang Changqing suddenly understood why Li Tian wanted him to return to Netherworld Academy.

Elder Li Tian doesn't need his protection at all!

Wang Changqing also finally understood that the old dean and elders value Li Tian so much.

It turns out that Li Tian's strength is comparable to that of the old dean and elder!

Just like before, only Xiao Qingwa still stared at Li Tian with enthusiasm.

The person in front of him is Li Tian, yes, but Xiao Qingwa can feel that Li Tian in front of him is somewhat different from the Li Tian he knows!

This is the sixth sense of the ghost beast.

At this time, Li Tian looked blank, and the tentacles quickly returned to Li Tian's body after absorbing the spiritual power in Kang Lubu's body.

If You Yinrou and others had the ability to see through, they would find that Li Tian's body veins now possess surging flame spiritual power.

That's right, these spiritual powers are the spiritual powers of Kang Lubu.

These flame spiritual powers are scarlet red, which is different from Li Tian's black flame spiritual power. These flame spiritual powers are constantly burning. If Li Tian's veins have not been refined by black flames, then Li Tian's veins are definitely Will burst.

But even so, because Li Tian's context was empty for more than a year, and now so much spiritual power has poured in, Li Tian's context has quickly been severely impacted.

Li Tian felt pain all over his body, and this pain made Li Tian want to scream.

However, Li Tian couldn't help himself at this time.

That \*\*\*\* obscene \*\*\*\* didn't even get Li Tian's consent. After Li Tian's body gradually became paralyzed, he controlled Li Tian.

Li Tian's body is now a puppet!

"Am I going to be controlled by this \*\*\*\* guy? I will become a puppet in the future? Or this guy will take home and forcibly occupy my body?" Li Tian thought desperately.

"Young man, can I not be so gloomy in my heart? I am a dignified god, how can I occupy you such a trash body? I just borrowed my power to you, and then asked you to help me absorb some spiritual power. !"

"You see, although this Wu Dalang Kanglubu is very weak, he has a lot of spiritual power. If I absorb more of his spiritual power, I can absorb less of yours! It can satisfy your pretending vanity, It can also reduce the time to absorb your spiritual power, why not do it?" said the \*\*\*\* of obscenity.

"I'm going to your sister! You didn't get my consent, you just boarded in my body, and you controlled my body without my consent just now, don't you think Lao Tzu is just stunned? Puppet face? Get out of my body as soon as possible, don't force Laozi to commit suicide! The big deal will happen when we shoot two!" Li Tian said.

"Cut, boy, do you have the courage to commit suicide? You can kill one and show me!" The \*\*\*\* of indecency sneered and said, "Also, you must be full of respect for God in the future. Even if you don't bathe and burn incense, you must at least keep your mouth clean! otherwise....."

As soon as the words of obscene God fell, Li Tian felt an unprecedented pain coming out. This pain was not pain, nor was it nerve pain, it was more like an attack on the soul.

Li Tian suddenly screamed and fell to the ground.

The obscene \*\*\*\* had completely absorbed Kang Lubu's spiritual power into Li Tian's heart, and slowly absorbed the crimson flame spiritual power into the meteorite, completely ignoring Li Tian's screams and pain.

"Boss Li Tian, you...what's wrong with you?" The little hot pot teleported to Li Tian's side and asked worriedly.

Li Tian seemed to have been fished out of the water. He was sweating all over his body. The intense pain did not end immediately. Li Tian had seen the power of this obscene god.

"No...nothing!" Li Tian said through gritted teeth.

Chapter 4585: : Stepping through the Wanshen Mountain

You Yinrou and Wang Changqing teleported to Li Tian's side and looked at Li Tian worriedly, but didn't know what to say.

Youanrou knew that Li Tian must have encountered some difficulties, and this difficulty was probably related to the powerful ability that suddenly burst out of him.

This is an ability that Li Tian can't control. If You Yinrou lived before the end of the earth world, then she would definitely feel that Li Tian's situation was somewhat similar to that of Human Pillar.

"I'm fine! I got a certain power by accident last year, but now I haven't fully grasped this power. There will be some backlashes when I use it! When you are here in the future, I will try not to use this power!" Li Tian explained.

Wang Changqing and You Anrou nodded.

"Wang Changqing, now I will send out the students who are willing to follow you to the academy, and you can take them back to the academy!" Li Tian said.

"Elder Li Tian, do you want to go back to the academy with me? I believe the old dean and the elder. As long as you return to the Nether Academy, even the Super God Family will not dare to act rashly..." Wang Changqing said.

Li Tian shook his head!

He is not willing to take risks!

Li Tian is now the target of public criticism!

If it's just the powerhouses at the emperor and domain master level asking for trouble, Li Tian believes that such a behemoth like Nether Academy may not really take care of them.

And Li Tian is still the elder of Nether Academy, who dares to slap Nether Academy in the face?

The problem is, now that the Super God family is involved, Nether Academy may not necessarily anger those Super God families for Li Tian.

Although Li Tian is confident, he is not yet blindly confident that his weight is heavier than the Super God Family.

Rejecting Wang Changqing's proposal, Li Tian entered the Qiong Spear Space of the Sky and asked more than a hundred students who were willing to follow Wang Changqing back to the academy to take the medicine one by one, and then Li Tian brought them all out.

Li Tian sent Xiaoqingwa, Youanrou, and Little Hotpot into the space of Void Yasha again.

Seeing Wang Changqing's dismay, Li Tian smiled slightly and said, "I'll give you a ride!"

"Elder Li Tian, Kang Lubu and his entourage have been beheaded by you, but there are still many sages following you, you must be careful!" Wang, m..

Chapter 4586: : Knowing that there are tigers in the mountains

The students around Li Tian are completely crazy.

Furiously surrounded Li Tian, wishing to kneel down in front of Li Tian and worship him.

"Elder Li Tian, Elder Li Tian, I love you!"

"Elder Li Tian, I want to give you a monkey!"

"Elder Li Tian, please take my knees!"

What is strength?

This is called strength!

This kind of divine work that can be handed down to the world, Elder Li Tian can come here!

This is where Li Tian is awesome.

If you have a chance, you have to pretend to be forced.

Visible pretends to be easy to hide, invisible pretends to be hard to prevent!

It seems that Li Tian inadvertently pretended to be forceful again, but this is actually part of Li Tian's plan.

Regardless of whether the old dean and the great elder will eventually protect Li Tian, Li Tian wants to pass on his value to Netherworld Academy through Wang Changqing.

Moreover, in this poem, Li Tian deliberately spotted Chu Jiangnan's betrayal of the Netherworld Academy, and also expressed his ambition.

Li Tian believed that when this song Man Jianghong was passed back to the Netherworld Academy, it was enough for the old dean and the great elders to weigh Li Tian's weight again.

Wang Changqing is excited!

He said to himself this poem several times, and Wang Changqing felt that the spiritual power in his body was running wildly.

Wang Changqing enjoys this feeling too much.

If there are not so many domain masters and super \*\*\*\*\* families to deal with Li Tian, Wang Changqing really wants to stay with Li Tian forever.

Just like the miracle that happened to the little hot pot, Wang Changqing's realm of domain master is definitely not his limit, he will definitely have better development.

"Quick! Take care of your pen and ink, let Elder Li Tian write down this word, and I will deliver this word to the old dean myself!" Wang Changqing woke up and shouted to the crowd surrounded by Li Tian.

"Quickly take out the pen and ink, I want Elder Li Tian to sign for me!"

"Haha, touch the great \*\*\*\*\* at close range, I have already touched my male god!"

"You bastards, let go of Elder Li Tian and let me come!"

These students are just fine, m..

Chapter 4587: :win-win

What Li Tian didn't know was how powerful the \*\*\*\*\* of obscenity now possessed, and whether he could \*\*\*\*\* up the elders of the Nether Academy as well.

Li Tian didn't know how much spiritual power this obscene \*\*\*\*\* had to absorb before he didn't need to absorb it again to let Li Tian go.

But Li Tian knew that if he really did what the \*\*\*\*\* of obscene said, sooner or later he would be completely controlled by this guy and become a puppet.

"Boy, I don't have that bad hobby!"

"What is the use of my possession of your skin? What I need is spiritual power, more spiritual power!"

The obscene \*\*\*\*\* was dissatisfied with the thoughts that flashed in Li Tian's mind, and then said: "Young man, your concept of power is still in the realm of cultivators, venerables, and domain masters, waiting for your cultivation to break through the realm of existence of domain masters. You will understand the true meaning of power."

"Young man, I know that you are dissatisfied with me in your heart, quite dissatisfied! I hate me for controlling your body, I hate me for constantly absorbing the spiritual power you cultivated, but you have to believe that this is our direct fate!"

"If I were you, I would only practice harder and harder to devour the spiritual power of other strong people. Only when I restore my strength as soon as possible, can you regain your freedom."

"Youth, maybe you feel that I'm detrimental to your godhood like this, and it's quite unfair to you, but as you are now, you can easily kill masters in the realm of cultivators. There is no absolute justice in this world, only absolute strength!"

"The way you want to get rid of me is right in front of you, keep practicing, keep devouring the spiritual power of other strong people, it just depends on how you choose! Of course, if you don't want to do it in my way, I don't care. For me, it just consumes more time."

"Young man, I know that you are definitely not a unicorn in the pool. The spear of heaven in your hand is a divine weapon. I know this very well. Therefore, I know that your future should be like me, a high god. ."

"So, consume more time, I can wait! But what about you? Can you wait too?"

"Also, to say something more miserable, my experience is a sad story. It can be said that the hearer is sad, and the listener shed tears. My experience of becoming a \*\*\*\* is very bumpy, and it is the most tragic and sad style of the gods; one person."

"Just like the original owner of the artifact in your hand, I am afraid that her experience is also full of ups and downs and misfortunes! A fallen \*\*\*\* is an incomplete god. You have never stood in that position. You never know that this position is for God. What an attraction."

"I believe that the original owner of the Qiong Lance of the Sky is definitely in this world now, trying to work together to improve his cultivation, with the same goal as me, to return to the gods."

"Juvenile, in fact, I am a gentle person. If you do everything as I say, hello and me, I will not treat you badly at that time, but if you insist on confronting me, then I really I can't guarantee that I will do anything that makes you uncomfortable!"

"Young man, you should understand that the flame of hatred will twist a person's soul. Behind every fallen \*\*\*\* is a story full of hatred. I believe that the original owner of the spear of heaven also has such a story behind! If I didn't guess wrong, the owner of the Sky Spear also hopes that you can become stronger and stronger as soon as possible, so that you can help her and yourself! Therefore, you should understand me better!"

The obscene \*\*\*\* kept telling Li Tian some of his thoughts.

Li Tian had to admit that this obscene God's statement was quite reasonable.

Except that Li Tian couldn't be sure whether this obscene \*\*\*\* was really harmless to him!

"Why don't we come to make a gentleman's agreement?" Li Tian said to the obscene god.

"You talk about this agreement first!"

Li Tian thought for a while, and said, "You have absorbed all the spiritual power in my body veins and atrium, and you have absorbed the spiritual power I have cultivated for a year. I am afraid that my spiritual power is not inferior to the domain master spiritual power. !"

"Indeed! This really surprised me. This should be the reason why you got the blood source and cultivated Qingyun!"

"Let him pass the past. Since we want to cooperate, it is more about facing the future! The most important thing about cooperation is win-win, not your family dominance, otherwise this will not give me the slightest incentive. Even if I had to do it, I would be slack!" Li Tian said.

"Yes, when I killed Kang Lubu, I realized that if you didn't lose consciousness and control your body, then the ninth level spiritual power of the Venerable Kang Lubu would be wasted! What do you want? excitement?"

Li Tian saw that there was a play, and then said: "I can absorb the spiritual power of other strong people according to your requirements, and even I can take the initiative to absorb the spiritual power of those strong people, but I have several conditions. First, you I cannot continue to absorb my spiritual power, this is the most important premise!"

"Go on!"

"Second, I don't allow you to completely control my body, otherwise I have no sense of security, which will make me especially disgusted. If I think you have threatened my existence, then I would rather blow myself! You should understand that I am here. The earth world still has a clone, even if I explode and die, my clone can continue to complete my mission!" Li Tian said.

"carry on!"

"Third, since you can refine the spiritual power of other strong people, then I need you to teach me this technique, and every time I absorb the spiritual power of other strong people, I need a commission! I want five Into spiritual power!"

"This is impossible!" the \*\*\*\*\* of obscenity exclaimed.

The obscene \*\*\*\*\* knew that Li Tian was not easy to control, but he did not expect that Li Tian would open his mouth like this.

He taught Li Tian a set of exercises and left half of the spiritual power he absorbed.

Li Tian smiled and said, "Nothing is impossible! Let me analyze our current situation now, and you can see if my analysis is correct. Our cooperation is actually the cooperation between me and technology. It can be said that the two are equally important, and the other is indispensable! In that case, it is reasonable for me to request a 50% spiritual power commission!"

"But why should I teach you cultivation techniques? My technique for refining spiritual power is extraordinary!"

"If I didn't guess wrong, you can't live without me, not I can't live without you! Otherwise, with your cultivation base and strength, you can easily occupy a puppet body and listen to you completely. So, in other words, you can't do without me, you have to cooperate with me, Li Tian, instead of me, Li Tian catching the ducks on the shelves, you have to cooperate with you. You also know that even without you, I will become stronger Of course, if you can teach me a set of spiritual power refining techniques, I will be more grateful to you! After all, you are a god, there is no reason to be so stingy!" Li Tian said.

The obscene \*\*\*\*\* was a little silent.

This guy was silent for three days. After three days, the guy's voice finally appeared in Li Tian's mind again.

"Youth, let's make a deal!"

Chapter 4588: : Missing again

"Happy cooperation!"

"Happy cooperation!"

Li Tian and Obscene God reached a win-win strategic partnership.

The obscene \*\*\*\*\* tells his tragic story roughly.

The obscene \*\*\*\*\* came from a distant planet in the sky.

Of course, this is a science fiction term. If you use the term of Xianxia, it can be called a plane. If you use the term of fantasy, you will be a different world.

The original body of the obscene \*\*\*\*\* is similar to the body of the Yanhuo clan in the Netherworld. The difference is that his body can be liquefied and turned into liquid rock, and the body of the obscene \*\*\*\*\* is much larger than the Yanhuo clan, according to his statement , When he became a god, his body height has exceeded several hundred thousand meters!

In a certain interstellar expedition, well, if you use a fantasy term, it can be said that in a mysterious exploration, the \*\*\*\*\* of obscenity got an artifact. This artifact can increase the strength of the \*\*\*\*\* of obscenity, but he also offended someone who was better than him. A powerful god!

That \*\*\*\*\* pursued and killed the obscene \*\*\*\*\* for this artifact.

An obscene \*\*\*\*\* is not a man, and he would rather fall down than hand over that artifact.

Of course, if the obscene \*\*\*\*\* handed over the artifact, he would only have a dead end.

Therefore, in the process of escaping, the obscene \*\*\*\*\* hid all of his artifacts somewhere in the sea of stars, and then under the bombardment of the stronger god, the body was torn apart and turned into a meteorite!

Fortunately, the obscene \*\*\*\*\* desperately protected the godhead!

Let his godhead stay in the body and fall down.

godhead? Could it be in the fantasy... well, the \*\*\*\*\* of obscenity didn't hide it, the small meteorite in Li Tian's body was the \*\*\*\*\* of obscenity, but the \*\*\*\*\* of obscenity was broken.

If you want to return to the God Realm, you must constantly absorb spiritual power to replenish the Godhead!

The obscene \*\*\*\*\* seems to be unwilling to tell too much about his past. After probably telling about his fall, he began to teach Li Tian his practice!

This exercise is just the exercise before the obscene \*\*\*\*\* becomes a god. It is called the Qinglingjuan. It is the spiritual power that the obscene \*\*\*\*\* has now refined and absorbed and turned it into his own use.

Although the name of the exercise is not domineering at all, and even Li Tian feels not as domineering as his Qingyun, but m..

Chapter 4589: : Lean towards Tiger Mountain (1)

Li Tian disappeared for a short time this time, only about a month or so.

In only a month or so, Li Tian initially mastered the "Blue Spirit Scroll", which shocked the \*\*\*\*\* of obscenity.

"Boy, your learning ability is amazing! You know that in my world, even if a genius is like me, it takes at least three to five years to understand this "Clear Soul Scroll", but to master it, there is no For thirty to fifty years, you are embarrassed to tell others that you have mastered it!" The God of Obscene said with some envy.

Li Tian was a little proud.

This is probably the only benefit of the shorter lifespan of the people on earth!

If humans in the earth world had a short lifespan, and their learning ability was worse than these rocks and beasts, the earth world would have already become a breeding ground for these powerful people in other worlds.

"Although what you said is the truth, I still can't help but feel a little happy! Now that I have initially mastered the "Blue Spirit Scroll", I also eagerly hope to catch a powerful person at the venerable level to absorb and practice!"

"Look, there is no need for you to ask, I have already started asking myself to \*\*\*\*\* other people! This is the effect of motivation, so you won't be considered a loss if you calculate it? Or I will go out in a big way and take the surgery directly with the domain master! Netherworld The domain master of the realm doesn't know if we can \*\*\*\*\* enough. If we can't, we will directly break into the super \*\*\*\*\* family and let you \*\*\*\*\* enough at once?" Li Tian said with a smile.

The obscene \*\*\*\*\* faltered for a long time before he said: "You have to eat one bite at a time, and you have to go step by step! Don't take too much steps, otherwise you will get the eggs!"

"What do you mean?"

"Let me tell you another way. You have to know that I am a fallen god. My godhead is seriously damaged. Although there is a trace of power, it is still difficult for the team to surpass the existence of the domain master! You have to give me a gradual In the process of adaptation, let's start with the ninth-level master of the venerable, and gradually deal with the emperor, the domain master, and the super domain master!" said the \*\*\*\*\* of obscenity.

Li Tianzhen wanted to drown this obscene guy with a spit.

"I found that your ability to pretend to be stronger than I was. Who was it that made a loud noise and said that he would go to the Nether Academy and absorb the elder-level experts in the Nether Academy! Tsk..."

The obscene \*\*\*\*\* is not ashamed but proud, saying: "Youth, if people don't have dreams, then what is the difference between salted fish! Our goal must be set high, and only this way, when we work hard towards our goal, our The result will not be ugly! Otherwise, if our goal is not challenging at all, it will also be detrimental to your growth!"

"I am a \*\*\*\*\* who is in charge, and I need to be responsible for you! After all, you are now...the person who was uplifted by me, I am not the legendary scumbag!"

Well, this guy even understands the word scumbag.

Li Tian discussed with the \*\*\*\*\* of obscenity again, and formulated a short-term goal (huangzun), a medium-term goal (domain master), and a long-term goal (super \*\*\*\*\* family).

Then Li Tian coquettishly let Dixing Yasha lead him to the ground.

This ground travel yaksha is not ordinary goods. After receiving Li Tian's order, he led Li Tian to run wildly under the ground. During this month, the ground travel yaksha had unknowingly walked out of the territory of the Qinshan Empire.

Looking around, there is gurgling water and the fragrance of birds and flowers.

In the paddy field in the distance, several farmers were plowing the land with their trousers rolled up and driving cattle.

Several children are playing on the ridge of the paddy field.

A little boy urinating on the edge of the ridge saw Li Tian suddenly drilled out of the ground. He was shocked, shivering, and plunged into the water.

The children behind him immediately laughed wildly.

"Second cow, you will get into the water with a convulsion when you pee against the wind, you really give your father a face!"

The child called Erniu was only five or six years old. His whole body was soaked. Standing with some yellow mud, he got up from the ground and said with a trembling voice: "I... I just saw someone coming out of the ground, as if it were Like a fairy in a fairy tale!"

"Aren't you awake? Will the fairy come to a small place like ours? Hahaha!"

"Er Niu, why don't you kowtow to your teacher? If there is an immortal, go and beg this immortal, maybe your sister and them will be saved!" a child said.

Having said this, the smiles on the faces of these children suddenly disappeared, and even a lingering expression flashed through.

"There are no immortals in this world. If there are immortals, why is there no one to save our villages and towns?" The child who spoke just now said with a disappointed expression.

"Really an immortal! I saw it with my own eyes!" Er Niu said firmly.

"Just no! If I were a fairy, my sister would not last year..." The child couldn't help crying involuntarily.

After being seen by the child, Li Tian, who was teleported to a big tree in an instant, came to the conversation between these children.

"God, they are questioning your existence!" Li Tian said to the obscene \*\*\*\* with his heart.

"Question, just question! God is not omnipotent. If everything requires God to intervene, then what do you want the strong man in this world to do? Besides, if everything requires God to intervene to solve, then God must not be busy and tired. Death?" said the \*\*\*\* of obscenity.

Li Tian couldn't refute what the indecent \*\*\*\* said was very reasonable.

"After you become a god, you will become numb to this kind of thing! Now we still seize the time to continue your plan of becoming a god!" said the obscene god.

In the distance, the farmers who were plowing the land were attracted by the quarrel of the children here. They looked up at the children. After hearing the reason for the children's quarrel, the faces of the farmers who were still smiling just now suddenly froze.

"If there is a God, why doesn't God not take care of the village and town?"

"Why should ordinary people in this village and town bear this kind of pain?"

"There are no gods in this world at all! If there are gods, then we also curse all of these gods to fall and fall into \*\*\*\* that does not need to be superb!

The farmers gritted their teeth.

The obscene \*\*\*\* who was about to leave suddenly became a little unhappy.

"Wait a minute! Although I am not the \*\*\*\* of this world, I really don't understand. Is there no \*\*\*\* in this world? These farmers curse the gods in this way. Can these gods bear it?"

"A mouse has killed a pot of soup. You can't kill all the gods with one stick just because these gods who don't work properly! Boy, how can you be so indifferent?"

"Young man, the time for you to pretend is here, take out your blood, and solve their troubles for these farmers!" said the \*\*\*\* of obscenity.

Chapter 4590: : Lean towards Tiger Mountain (2)

The attitude of obscene God changed so fast that Li Tian was at a loss for a while.

"Obscene man, do you mean that God still divides areas and territories?" Li Tian asked.

The obscene \*\*\*\* seemed to have heard the best joke in the world, and said with a smile: "At least most gods are in charge of the area in this way. For example, this world is called the nether world! So the strong in the nether world Soaring in the daytime, after entering the God Realm, all they can control is the Nether Realm and other small realms nearby!"

Li Tian nodded slightly and continued to ask, "But as far as I know, more than one person in the Nether Realm once soared into the God Realm by day. Can they take charge of the Nether Realm together?"

"Hey, how is this possible? There is a sequence of gaining the Dao, and the strength naturally has strength. The God Realm is a complex existence, allowing many gods to coexist, but there can only be one God in charge of this realm! As for who will come In charge, it depends on how these gods solve it!"

"The easiest way is to kill all the other guys who have entered the God Realm. The day of their ascension is when they fall! But this method is too savage and rude, and it is not conducive to the great unity of the God Realm! Boy, you still Too young, you will understand later!" said the \*\*\*\* of obscenity.

Well, Li Tian is indeed too young.

Since Li Tian pretended to be obscene, Li Tian decided to take this opportunity, and by the way, to find out what exactly is here, determine the location, and move on.

The pretender must be installed in place. Now that you have decided to pretend, you must pretend to be more like a bit.

Li Tianxian entered the space of Void Yasha, and after washing it for nothing, he replaced his already tattered clothes with a set of pure white Armani!

People rely on clothing, and Buddha rely on gold.

This Armani was worn on her body, coupled with Li Tian's long and flowing hair now, and a faint smell of shampoo in her hair, which forced Ge to immediately upgrade to several levels.

Of course, the most important thing is Li Tian's outfit, and the entire Netherworld will never find a second set.

Li Tian wants to say that this is a \*\*\*\* outfit, that's a \*\*\*\* outfit!

Not a god, Li Tian can pretend to be a god!

Huh!

Li Tian teleported in midair.

Looking down from the sky, Li Tianneng could see seven or eight villages of different sizes within a radius of several hundred kilometers, and there seemed to be other villages farther away.

There is no large city, which means that there is no Venerable Kingdom within a few hundred kilometers.

This provided the necessary conditions for Li Tian to pretend to be a ghost.

Li Tian slowly descended from the sky.

"Stupid humans, I heard your call!" Li Tian's voice came from the sky.

After saying these few words, Li Tian felt that his face was feverish, and he might even laugh at Li Tian when he was insulting.

Sure enough, the obscene \*\*\*\* couldn't help laughing.

"Boy, I can only give you one point for you who are pretending to be, it really makes people want to vomit!"

But no matter how the obscene \*\*\*\* attacks Li Tian, the effect of Li Tian's pretense is still good.

The children standing on the ridge were staring like bull's eyes, and they were completely shocked by Li Tian, who was slowly descending from the sky.

The farmers in the paddy fields were even more frightened, pomp! Puff! After a few times, several farmers fell into the paddy field, their bodies trembling, and their voices tremblingly said:

"God...really is a God!"

Several other farmers knelt down in the paddy field and kept kowtow.

The muddy water soaked their clothes and hair, flowing down their cheeks, but it could not organize the pious hearts of these farmers.

Uh, well, it seems that Li Tian has complied.

These farmers are more fearful.

"The fairy is forgiving, the fairy is forgiving!"

On the ridge in the distance, the child Er Niu looked at Li Tian with wide eyes, and said excitedly: "It's him. Just now I saw the fairy who drilled out of the ground. I said that there are immortals in this world. He can do it, he must be a fairy!"

Puff!

Er Niu fell to his knees, his head banged his head heavily on the ridge, and said to Li Tian with tears in his eyes: "Fairy, I always believe that you exist! No matter what people in the village say about you, you are The faith in my heart! Fairy, please save our villages and towns!"

"Fairy, please save our villages and towns!" The other children knelt down at the same time, knocking their heads to the ground, and begged Li Tian respectfully for mercy.

The farmers in the paddy fields also begged Li Tian for mercy: "We offended the fairy. We are willing to receive any punishment, but the fairy must save our villages and towns!"

Huh!

Li Tian teleported to the front of Er Niu and reached out to help Er Niu up.

Seeing Er Niu, whose face was full of tears but full of excitement and excitement, Li Tian couldn't help feeling a little moved.

For so many years, especially after the end of the world, Li Tian has been accustomed to the life of fighting and killing. Before he knew it, Li Tian's heart was filled with this murderous spirit.

It seems that only by continuously beheading, Li Tian's heart will be more stable and Li Tiancheng's heart will be strengthened.

However, today, seeing these unarmed children and unarmed ordinary farmers kneel to the ground, begging Li Tian to save their villages and towns, Li Tianmeng's heart seems to have experienced Like the invigorating rain, it washes away the dusty heart.

Li Tian knew that this kind of washing was only temporary. As long as he left this village and continued to stay in the Nether Realm, he would soon be full of murderous aura again, and he would start beheading again and again.

But, at least for now, Li Tian's happiness!

"Stand up and talk, tell me what difficulties your villages and towns have encountered?"

Li Tian lifted his hand casually, and the bodies of the farmers and children stood up uncontrollably.

"Fairy, there is a mountain a hundred miles southeast of our village, called the Tiger Mountain. A few years ago, a monster suddenly appeared in the Tiger Mountain. This monster is powerful enough to swallow livestock and people. And every year we are required to These villages and towns selected several young girls to enshrine it!"

"In the past few years, dozens of villages and towns near the Tiger Mountain have been devastated, and the people are not living! The villages and towns have sent people to the state capital for help many times, but the state government has nothing to do with this monster. It can only comfort us villagers!"

"Xianren, please be merciful and help us accept this monster! We are willing to enshrine your image of the fairy, and we will worship the fairy religiously from now on." The villagers knelt down again and said with a pious face.

"Youth, I'm afraid that the monster in Tiger Mountain is not a monster at all, it should be a powerful Nether Beast! It's okay, the original \*\*\*\* is a human and beast, go and \*\*\*\* up this Nether Beast!" The \*\*\*\* of obscenity said excitedly.

"Leave this trifle to me! You go back to the village first and wait for the good news!" Li Tian said forcefully.
