

## A Killer 4621

Chapter 4621: : Canghai Mingyue

The Great Emperor Canghai was almost speechless in surprise.

For an old monster who has passed thousands of years and nearly ten thousand years, what kind of storm hasn't seen the Great Emperor Canghai?

But Tang Xiaolong's impact on him was too strong, which shocked him so much.

Tang Xiaolong broke the "Xuanhan Nine Changes", which was more or less in the expectation of the Great Emperor Canghai, but what made the Great Emperor Canghai feel shocked was that Tang Xiaolong went from entering the "Xuanhan Nine Changes" to breaking free. It takes no more than three days to open.

Three days, what is this concept?

The Great Emperor Canghai thought it took nearly a month to get rid of it. Even so, the Great Emperor Canghai is a rare genius in a thousand years.

However, compared to Tang Xiaolong, the Great Emperor Canghai felt that his face was a little red and hot!

"This kid...the future is limitless!"

If it were only that, the Great Emperor Canghai might only be surprised.

However, when Tang Xiaolong broke through "Xuanhan Nine Changes", he actually broke through, and he broke through continuously.

boom!

Venerable Seventh Level!

boom!

Venerable eighth level!

boom!

Venerable ninth level!

This had to make the Great Emperor Canghai feel shocked!

It was only a few days from the time Tang Xiaolong entered this hall, and from the time Tang Xiaolong began to accept the "Nine Changes of the Mysterious Cold". Tang Xiaolong's cultivation has now reached the early stage of the ninth level of the Venerable.

"Xiaolonglong... you really are a genius... I did not misunderstand you... my Xiaolonglong!" The vicissitudes of life did not care about the restraint of his daughter's house, and a swoop directly rushed towards Tang Xiaolong, wishing to give it to Tang now. The little dragon gives birth to a monkey.

Huh!

A figure flashed by. The Great Emperor Canghai, who was still cold in the hall just now, had already appeared beside Tang Xiaolong. He stretched out his hand and knelt down in front of Tang Xiaolong, with an indisputable tone. He said sharply: "Don't be rude!"

Then, the Great Emperor Canghai turned around, smiled slightly at Tang Xiaolong, and said, "Boy, I didn't misunderstand you. This "Xuanhan Nine Changes" is really helpful to you, and I am very pleased. what! Now it's your turn, just tell me, this time with the little girl to see if I have a suitable request? "

Thank you for a woolen thread!

The Great Emperor Canghai never thought that Tang Xiaolong could be freed so quickly, let alone that Tang Xiaolong would break through continuously!

The words of the Great Emperor Canghai fell in Tang Xiaolong's left ear, and quickly floated out of his ear.

Tang Xiaolong is still immersed in the early stage realm that has just broken through to the ninth level of Venerable, unable to extricate himself.

The Great Emperor Canghai didn't get angry because Tang Xiaolong didn't answer. On the contrary, the joy on the face of the Great Emperor Canghai became more and more intense, because the Great Emperor Canghai found that Tang Xiaolong's cultivation was still slowly rising when he stood beside Tang Xiaolong.

"Does this kid want to continuously break through to the realm of the emperor? Or is it to reach the realm of the domain master? No, this is impossible. Are the emperor and the domain master now become Chinese cabbage? Anyone can easily break through to this Realm?" The Great Emperor Canghai thought in surprise.

Sure enough, as the Great Emperor Canghai had expected, after Tang Xiaolong's cultivation reached the middle stage of the ninth rank of Venerable, he stopped completely.

At this time, in Tang Xiaolong's body, the spiritual power surged like river water. The powerful spiritual power made Tang Xiaolong feel full of power in his body. Tang Xiaolong raised his arms, clenched his fists slightly, and his face was excited. expression.

"Venerable ninth-level powerhouse, I finally catch up with the cultivation base of the little boss! This feel is twice as cool!"

"Little boss, Xiaolong, I can finally stand by your side again, and fight alongside you! Even if they are the emperor, the domain master, let the dragon accompany you to kill it!" Tang Xiaolong said to himself Said.

The Great Emperor Canghai coughed softly, interrupted Tang Xiaolong's unrealistic thoughts, and smiled slightly and said: "Boy, just use your current cultivation base and strength, let alone deal with the domain master, even if it is To deal with the powerhouse of the emperor rank, your kid will die in nine deaths!"

Tang Xiaolong looked at the Great Emperor Canghai, and did not speak.

"But your kid is lucky. You met the vicissitudes of life, and now you meet me again! If you want to deal with the power of the emperor, I may be able to help you, so that you may continue to break through in the short term. Emperor Realm!" said the Great Emperor Canghai.

Tang Xiaolong was overjoyed first, and then he looked at Emperor Canghai with some caution, but said in a cold voice, "I don't know what the Emperor Canghai can do? And what kind of requirements?"

The Great Emperor Canghai smiled slightly and said, "You should have heard of the treasure of our Canghai Empire, Canghai Mingyue, right?"

"Canghai Mingyue? Haven't heard of it!" Tang Xiaolong said truthfully.

Hearing the name Canghai Mingyue, the vicissitudes of life could no longer control the excitement in his heart, her face could not help but show an expression of disbelief, her voice tremblingly said: "Father, don't you... The treasure of our sea empire... but... I always thought it was just a legend."

There is a bright moon on the sea, and the end of the world is at this time.

The great treasures of the Canghai Empire, especially the sea adjacent to the Canghai Empire, have a kind of lively shellfish in this sea area. This kind of shellfish will float to the surface of the sea every night of the full moon, absorbing the essence of moonlight and condensing pearls.

This kind of pearl is called the sea pearl.

The Sea Pearl contains spiritual power more or less, just like the spiritual source of the death battlefield and the spiritual soil of the Lycra Desert.

It's just that after absorbing the moonlight, the shellfish will sink to the bottom of the sea and disappear. Therefore, the production of sea pearls is very low, and it is quite difficult to obtain sea pearls.

Of course, the low-level Haimingzhu Canghai Empire is not unavailable on the market. What makes the Canghai Empire the treasure of the country is not ordinary goods, but the kind of sea pearl that has been naturally bred after tens of thousands of years: Canghai Mingyue.

Taking the Refining and Refining, the person with the bright moon in the sea, can easily break into the realm of the emperor, and even have the opportunity to attack the realm of the domain master!

However, God seems to be making a joke with the royal family of the Canghai Empire. The Canghai Empire has this bright moon, but their people cannot practice.

Therefore, even if it is the vicissitudes of life, more people think that this is nothing more than a legend circulated among the royal family of the Canghai Empire.

"Yes, it is the bright moon in the sea!" The Great Emperor Canghai flipped it over, and an egg-sized white bead had appeared in the hands of the Great Emperor Canghai.

This bead emits a faint shimmer, and this shimmer gives people a cold feeling. With the appearance of this bead, the whole hall is instantly darkened, as if this bead absorbs all the light in the hall Just like going in.

"Boy, this bright moon in the sea is for you! Hurry up and practice!" said the Great Emperor Canghai.

...

Tang Xiaolong was about to enter the realm of the emperor, but Li Tian, who went to find the female domain master, encountered an extremely difficult thing.

Elder Li Tian of the Dignified Nether Academy was beaten by an unknown soldier!

What this said was as if Li Tian, who was in the early stage of Venerable Sixth Level, had no strength to fight back.

But the fact is true.

If it wasn't for the person in front of him who didn't have the idea of wanting Li Tianming, at this time Li Tian might have died, belching and cold!

"Boy, shall we continue?" the man said.

Li Tian took a few steps back and waved his hand again and again, where he dared to continue.

"This uncle, what did I do wrong? Would you please show me? I am the best at apologizing, so I don't have to do it!"

Netherworld, Crouching Tiger, Hidden Dragon!

But, who is this crazy guy?

Chapter 4622: : God-level uncle

Standing in front of Li Tian is an uncle-level figure!

This uncle's age looks almost fifty years old, but the uncle's maintenance is the same, and there are almost no folds on his face.

However, Li Tian also knew that the age of a powerful person in the Netherworld could not be judged by appearance. In Li Tian's eyes, the fifty-year-old may be an old fairy of five to six thousand years, or even longer and longer.

Just like the fifth water moon in the Nether Academy, if the fifth water moon is pulled into the earth world, no matter who guesses, the age of the fifth water moon is probably more than 30 years old.

The uncle in front of him is very masculine, just like a middle-aged man (wu) Ming (xiu) star (bo) before the end of the earth world.

Of course, if the uncle's strength is not so strong and can easily abuse Li Tian, perhaps Li Tian would appreciate the charm of this uncle even more.

The uncle took a step forward, and this step had already come to Li Tian. He stretched out his hand to press on Li Tian's shoulder, and Li Tian was immediately immobile like a puppet.

"Perhaps you are scolding me viciously in your heart now? So, if you apologize, it is too hypocritical. I don't want to see you smile and apologize to me, but cursing in my heart!" said the uncle.

Li Tian quickly lost a smile and said, "How dare you! I will never scold you!"

"Dare you? Or not?"

"No, absolutely not! Uncle, respecting the old and loving the young is my code of conduct and the bottom line of my life, but the uncle and the kid are dull, the boy has never seen the uncle, but I don't know how to offend the uncle, I hope Uncle's enlightenment, let me know a little bit when I die!" Li Tian said with an aggrieved expression.

The uncle smiled slightly and said, "Did you offend me, don't you know?"

Li Tianzhen wanted to slap the uncle in front of him to the ground and beat him up, but this thought only flashed past.

Li Tian couldn't feel how high the uncle's cultivation base was in front of him. This uncle just looked like it seemed so ordinary, and even Li Tian couldn't feel a trace of spiritual power fluctuation in his body.

But such an uncle, if he starts his hand, he is called a cruel.

Ten Li Tian, no, one hundred Li Tian may not be his opponent.

Li Tian's performance?

invalid!

Li Tian uses teleport?

Also invalid!

Is this uncle a strong master of the domain?

will not.

The power of the domain master level is far from the ability of the uncle in front of him to control spiritual power.

Hard to beat is the existence beyond the domain master level?

more than!

Li Tian can at least feel their power like the elder-level powerhouse of the Netherworld Academy, but it is the first time that Li Tian has met him like an ordinary person like the uncle in front of him.

Is it a demigod?

How is this possible?

If it's a demigod, isn't it supposed to ascend in the day and have entered the realm of God? How could it be possible to stay in the Nether Realm?

The uncle in front of him revealed an evil spirit all over his body. Li Tian couldn't figure it out.

"Uncle, I really don't know where I offended you, uncle! At that time, I was on the road in a low-key manner. Uncle you suddenly appeared indiscriminately and pressed me to the ground. It was a fat beating! You said I was wronged and not wronged. Huh?" Li Tian said.

Although the uncle didn't strike a dead hand, his attack was really weird, and every punch fell on Li Tian, which was painful.

"Look, tears have flowed out of my eyes!" Li Tian paused, reached out his hand and touched the corner of his eye, there were indeed a few tears.

"Wronged?" The uncle asked with a strange smile on his face.

Damn, can you not be wronged?

He was beaten for no reason, and he didn't dare to fight back or resist. Who wouldn't be wronged.

Seeing the uncle's strange face, Li Tian trembled, and immediately said with a flattering expression: "No grievance, no grievance at all! Since the uncle beat me, then there must be a reason to beat me. Even if the uncle didn't beat me. In principle, it is also a blessing for the kid to be fattened by the uncle of the god-level powerhouse!"

"Hahaha, sharp-toothed boy, since you call me uncle, then I will call myself an uncle!" The uncle nodded slightly and continued: "You guessed it, I have a reason to beat you! Hu Jiaoyu You have already taken the key of the main guard? I can kill a domain master-level powerhouse, I really underestimate you!"

This time Li Tian was really trembling.

Who is this uncle in front of you? Why did you know that Li Tian killed the tiger dragon domain master?

Moreover, Li Tian, the key guarded by the tiger's domain master, only showed Situ Ningbing, and other people didn't even know about it!

"Uncle, can we not be funny? With my small body and my cultivation base, how can I be the opponent of the domain master? If I really have the strength to kill the domain master-level powerhouse, how can I be uncle now? Are you trapped?" Li Tian said forcefully sophistry.

"It doesn't matter if you admit it or not. The Tiger Dragon Domain Master is my follower. This guy is stubborn, because I haven't shown up for a long time and have done so many \*\*\*\*\* things. He can be killed by you, and all spiritual power Being absorbed by you is his fortune!" The uncle said with a strange smile.

Li Tian only felt his head explode with a buzz.

With a domain master-level follower, who is the uncle in front of him? And what is his intention to stop Li Tian now?

Li Tian wanted to make a desperate fight, but he found that in front of such a god-level powerhouse, all his actions were futile.

Not to mention the desperate fluctuations, even if it is hiding in the space of Void Yasha, this kind of small thing, Li Tian is not a concubine.

"Boy, don't be nervous!"

"I am here with you today to kill you!"

"Hahaha, it's really fun to look at your nervousness! Okay, I'm telling you the truth, I made the wrong line just now, in fact, I just want to see you and help you solve some problems by the way. As for the tiger's domain master, die Just die! If you want me to keep beating you a few more fattenings, I'll just vent my breath."

"As for the key to the underground library, I originally left it for you! The other four keys have been hidden by me in different places in the Netherworld, and each place is also guarded by a powerful

Eunuch at the domain master level! You! If you want to find these four keys, then it depends on whether you have such a chance!" said the uncle.

Li Tian's eyes glowed, staring at the uncle dumbfounded, and said, "Uncle, don't you...are you..."

"I am the president of the Southern Chu Chamber of Commerce, just the president of 768 chambers of commerce in the Underworld! Uncle in the Underworld, I'm just a small person, a small person..." the uncle said.

There were tens of thousands of alpacas rushing past Li Tian's heart.

The presidents of 768 chambers of commerce in the Netherworld?

This is still a small person?

This feeling is like in the earth world, an old man tells you that he is the chairman of hundreds of group companies in the world's top 500 companies. This forced Li Tian to give full marks.

The uncle is the model of the pretending world.

"Uncle, are you Chu..."

"Boy, stop talking nonsense, be obedient, let me continue to beat you up!"

Chapter 4623: : Unexpected breakthrough

"Uncle, if you have something to say..."

Before Li Tian's words fell, his body instantly appeared in the palm of the uncle's hand.

This feeling is as if Li Tian died by himself and automatically jumped into the hands of the uncle.

Then, the uncle's fist rained on Li Tian.

The uncle punches extremely fast, but the uncle's fist does not show any spiritual power, but Li Tian can still feel the slight spiritual power fluctuations on the fist.

boom!

A punch fell on Li Tian's abdomen, and Li Tian felt his stomach upset, and he almost vomited out the food he had eaten in the past few days.

boom!

Another punch fell on Li Tian's chest. Li Tian felt that his body was instantly paralyzed, as if an electric current passed through his body, causing his body to lose its response.

boom!

...

Li Tian is like a sandbag being kicked into the air, constantly flying in the air. Every time when he is about to land, the attack speed of the uncle's fist will be faster, and then Li Tian will fly again.

The physical pain was not very strong, but Li Tian felt that the spiritual power in his veins was speeding up unconsciously.

Now the spiritual power in Li Tian's body veins comes more from the spiritual power of the Tiger Flood Territory Lord. Every time these spiritual powers that did not belong to him operate, Li Tian needs to endure intense pain.

Now, the speed of this spiritual power is accelerating, and Li Tian's suffering has also doubled.

This is not the itchy skin, but the pain from the body. Even if Li Tian is dying of pain, Li Tian has no way to relieve the pain in the veins.

Of course, although there is no way to relieve him, Li Tian screamed in pain to release his vent.

"Boy, you better shut up for me, otherwise I will cut off your tongue!" The uncle said while kicking Li Tian.

Are there any human rights? Is there any more freedom?

Being beaten by someone fat and howling in pain is not allowed, what kind of world is this!

Li Tian has an urge to vomit blood!

But Li Tian didn't dare to violate the uncle, otherwise when the uncle fat beats Li Tian, the attack will be heavier and the pain will be doubled!

I don't know how much hatred this uncle and Li Tian have. From the red sun to the bright moon, Li Tian has been beaten to death, but the uncle still doesn't mean to stop.

Gradually, Li Tian got used to this feeling of being beaten.

"Uncle? Are you tired? Do you want to drink? Do you want to eat melon seeds? Do you take a rest? Wait for a while and then beat me? Don't exhaust your body!" Li Tian said with a owing expression.

"It seems that you can no longer feel the pain now?" said the uncle.

This uncle Li Tian still couldn't feel it. Hearing the uncle's reminder, Li Tian really felt that his veins had already adapted to the pain, and he seemed to be okay now.

As for the pain in the body? It can already be ignored.

"Hey, uncle, don't tell me, I really don't hurt now!" Li Tian said.

As expected, Li Tian was dying. As soon as his voice fell, the uncle's movements became more and more mad. The weight of the fists and feet that fell on Li Tianluo's body did not change much, but the spiritual power on the fists and feet was clear. A few points more than before.

boom!

Ah~!

Li Tian screamed!

boom!

Ah~!

Li Tian screamed again!

Uncle Sleeping combined his fists and feet, Li Tian felt that the spiritual power in his body veins was more than twice as fast as before, and at this time the spiritual power in Li Tian's body veins was much more than before!

"Boy, don't patronize and enjoy, hurry up and refine your spiritual power!" The uncle said with a smile.

Li Tian was shocked!

This uncle could actually know that he had absorbed the spiritual power of the tiger's domain master, and also knew that Li Tian was refining the tiger's domain master's spiritual power.

its not right!

Isn't the Tiger Dragon Domain Master's entourage?

Li Tian beheaded the uncle's entourage, and it made sense for the uncle to be fat and beat Li Tian.

But when this uncle was fattening Li Tian, he was actually assisting Li Tian in refining the spirit power of the tiger flood domain master. How should this be explained?

Li Tian didn't think about it, wholeheartedly began to refine the spiritual power of the tiger dragon domain master.

Once, the obscene \*\*\*\*\* said that it would take Li Tian at least three to five years to refine this spiritual power, but since being beaten by the uncle in front of him, Li Tian felt that the speed at which he refined this spiritual power was significantly accelerated several times!

In Li Tian's heart, more and more spiritual power belonging to Li Tian gathered here.

However, the spiritual power that originally belonged to the Lord of the Tiger Flooded Territory accelerated into the veins.

Thousands of hard work can achieve the invincible body!

Now Li Tian felt that this uncle was training his body, training his veins, and training his spiritual power.

The previous pain gradually became a kind of refreshment.

"Cool! Uncle, it's so cool!" Li Tian couldn't help groaning.

This uncle is suddenly a little unhappy?

"Cool? Then it seems you are itchy!" The uncle said with a smile.

Immediately afterwards, a faint layer of spiritual power appeared on the uncle's fists and feet. This spiritual power seemed to be no different from the spiritual power of the noble-level powerhouse, but only when the fists fell on Li Tian, could Li Tian Feel this pain!

Pain and happiness!

At the beginning, Li Tian gradually changed from pain to numbness, and finally the pain disappeared, almost ten hours later.

The second time the pain doubled, Li Tian adapted to the pain, and then it took less than five hours to forget the pain and the pain disappeared.

Now, when the pain struck for the third time, and then the pain and numbness disappeared, it took less than an hour in total.

Over the past ten hours, Li Tian felt that the spiritual power in his atrium was rapidly increasing!

The lake that had disappeared appeared again, and the water area of the lake was not small.

Of course, compared to the lake in Li Tian's peak state, there is still a big gap.

However, without knowing why, Li Tian felt that he was about to break through!

Having been in the early stage of Venerable Sixth Level for so long, Li Tian finally felt that he would break through again.

Li Tian's heart is already full of hope and joy.

Beat me, beat me hard!

"Uncle, you need to take Xinggaizhonggai, take Xinggaizhonggai high calcium tablets, one topping five tablets, to ensure that you beat me up, my waist is not sore and my legs are not painful, and even the attack is strong!" Li Tian said with a face. Said with a beating face.

"Bastard boy, don't I know what you think? Don't worry, today I will definitely beat you beautifully! I will make you beaten once and want to be beaten a second time!" This uncle seems to be a master of jokes, not at all. Said in the wind.

The red sun is rising, and there is gradually a hint of warmth.

And Li Tian's body is even more like a hot red soldering iron.

After being beaten up overnight by the uncle, Li Tian frantically refined those spiritual powers. At the moment when the red sun rose, Li Tian finally completely absorbed the spiritual power that belonged to the tiger's domain lord in his body!

Then Li Tian's feeling of wanting to break through became stronger and stronger.

"Boy, let me see you off again!"

The uncle roared, and his fists entangled with spiritual power slammed heavily on Li Tian's body, and Li Tian flew out like a kite with a broken line.

Li Tian's body kept breaking trees, and if Li Tian's body didn't break a tree, his cultivation realm would be improved a bit!

boom!

boom!

boom!

...

Thinking about this breakthrough, Li Tian was also drunk.

Chapter 4624: : Face to death

Venerable Seventh Level...

Venerable eighth level...

Venerable Ninth Level...

The continuous breakthrough made Li Tian forget the pain in his body, and a smirk involuntarily appeared on his face.

It takes no effort to break through the iron shoes and find no place to find it. Li Tian did not expect that he would refine spiritual power by beatings, and then break into the realm of the ninth level of the sage. All this is too comical. !

The realm of the emperor!

Three years after entering the Netherworld, Li Tian finally reached the realm of the emperor.

Li Tian's heart is full of joy.

In the atrium, the area of the lake has expanded several times. It is conservatively estimated that it has reached the state it was more than a year ago.

Almost 70 to 80% of these spiritual powers came from the spiritual power of the refining tiger flood domain master, and the rest was the spiritual power that Li Tian was refining and practicing the blood spiritual source.

In the process of refining the main spiritual power of the Tiger Dragon Region, the loss of spiritual power is very serious.

This is inevitable.

But Li Tian is already satisfied.

At this time, the spiritual power in Li Tian's body veins was surging, and in the spiritual power, seven or forty-nine small fish were swimming like wind and waves.

"Come out for me!"

Following Li Tian's cry, Li Tian's right arm acupoints, and the little fishes burst out instantly.

The voice of Long Yin came from Li Tian's right arm, and the little fishes turned into purple electric dragons that were ten feet long, surrounding Li Tian's body.

"Huangzun, this is the realm of Huangzun!"

In the past, when the little fishes emerged from Li Tian's body to transform into a dragon, the fish transformed into a dragon was very small, even if it could barely become about ten feet, the figure of the purple electric dragon began to be a little fuzzy.

It feels like a photo.

There are some pixels, even if you enlarge the size of the photo on the computer, the photo will not be clear.

But now, the pixels have increased. When you enlarge the size of the photo, the photo is not affected at all.

Li Tian can clearly see the scales and whiskers of these purple electric dragons, and even thousands of flashing purple electric arcs around the body of each purple electric dragon.

Don't underestimate these purple arcs that are only an inch long and disappear at any time. As long as the purple arc touches the surrounding trees, those trees will instantly turn into sawdust and disappear without a trace!

The moment the seven or seventy-nine purple electric dragons appeared, the trees within a radius of several tens of meters around Li Tian were completely devastated.

boom!

boom!

The trees disappeared continuously under the bombardment of the purple arc.

drink!

Li Tian stretched out his left arm again, and slammed his spiritual power. A black flame spewed out from Li Tian's left arm. The black flame rose at the sight of the wind, and instantly rose four or five feet high!

The black flame swayed in the wind, and a powerful suffocating ability was transmitted from the black flame. Even Li Tian could feel that the black flame seemed to have ignited the air.

The sky was distorted in Li Tian's eyes.

power!

This is the power of the emperor's level!

Do not!

This power seems to be even stronger than the powerhouse of the Emperor!

"Now I really want to ask for advice and advice from the emperor-level powerhouse, and see if my cultivation strength can easily kill the emperor-level powerhouse!" Li Tian clenched his hands into fists, and the purple electric dragon and black flame disappeared.

Even if he became a powerhouse at the Emperor's level, Li Tian still didn't dare to be careless!

Especially in front of the god-level uncle.

Of course, the reason why Li Tian was able to refine the spirit power of the Tiger Floodmaster so quickly to reach the realm of the emperor, Li Tian would also like to thank the uncle who beat him!

"Uncle..."

Li Tian looked up, but the uncle who beat him had disappeared.

"Uncle, where are you?"

"Uncle, come out, I will let you beat me again..."

Li Tian shouted to the surroundings, but the surroundings were quiet, where there was the uncle's figure.

"Who is he? The president of the seven hundred and sixty-eight chambers of commerce in the Nether Realm is far more powerful than the emperor of the kingdom of the domain master."

"It should be Chu Jiangnan, otherwise, how could he have the key to the underground library of the Netherworld Academy? It's a pity that I haven't seen the portrait of Chu Jiangnan, otherwise I can tell who he is!"

"If he is Chu Jiangnan, why would he help me? Is it because I am the elder of the Nether Academy? Or because of other reasons?" Li Tian thought in his heart.

"Uncle, no matter who you are, I have shown your kindness to me, Li Tian!" Li Tian shouted to the deserted surroundings. He didn't know if any mysterious uncle could hear Li Tian's words.

After a long time, Li Tian's mood gradually calmed down.

"Female domain master, more than two years ago, you took Situ Ningbing from me, saying that I did not have the strength to protect the safety of Situ Ningbing. Now I, Li Tian, has also become an emperor-level powerhouse, and now I should be qualified to sit on an equal footing with you!"

Thinking of this, Li Tian's figure flickered and disappeared.

...

There are two continents in the Nether Realm, which are called Nether and Nether!

These two continents are collectively called the Netherworld.

Among the two continents, the area of the Nether Continent is larger, the manholes are more numerous, and the strong are naturally more, so the Nether Continent plays a leading role in the Nether Realm.

Even many ordinary people don't know that there is the Nether Continent besides the Nether Continent, and they will mistakenly think that the Nether Continent refers to the Nether Continent.

However, for the powerhouse who reached the realm of the emperor, they definitely would not think so.

It's just that the Netherworld is ruled by two super-god families. Even if it is the kingdom of the venerables, the empire is also living in the shadow of the two super-god families, so few people mention it.

There are four super \*\*\*\* families in the Netherworld, Donggong, Sanlu, Xiuyu, and Baima.

Among them, Donggong and Sanlu are on the mainland, while Xiuyu and Baima are on the mainland.

Underworld, White Horse Super God Family!

Baima is not a race, but a surname.

Baima King Kong, the current patriarch of the Baima tribe, looks yellow and skinny, and looks like he is suffering from chronic malnutrition.

At this time, King White Horse, wearing a plump gray robe, sat on the futon and looked deadly at the man who appeared in front of him, and said faintly: "Buchan Donggong, I look at your face, and his face is already dead. If you don't want to fall, I advise you to seize the time to practice and don't worry about such mundane things!"

A hint of discomfort flashed involuntarily on the face of the man named Ayumi Togiya, but this discomfort was only a flash, and was soon replaced by a hypocritical smile.

"Thank you Uncle White Horse for your guidance. Even if Uncle White Horse is unwilling to intervene in mundane affairs, the mother invited Uncle White Horse to visit Donggong's family. I still hope..."

Before Donggongbu explained his words, King Kong White Horse waved his hand slightly.

"The matter of the Nether Continent, the Nether Continent will not be easily involved anymore. Let's not talk about the matter of being a guest! Let's sweep the snow in front of our own house, please go back, I will send you..."

Donggong Buchan also wanted to explain a few words.

But in the next second, his eyes flickered, but his figure had already appeared outside Baima Mountain.

Donggong Buchan is the nephew of the old woman who went to the Nether Academy at the time. As the cultivating sky thorn in the Donggong Super God family, Donggong Buchan had already reached the level of existence beyond the domain master a hundred years ago.

But just now, White Horse King Kong sent him out of the White Horse Mountain, but Donggong Buchan didn't even have a chance to resist. The same is beyond the existence of the domain master, this white horse King Kong's cultivation base is far above his Donggong step interpretation.

This made Donggong Buchan, who has always been talented and proud, suddenly amazed.

"The White Horse Family doesn't participate. Now I can only visit the fish repair house. It's just that the old guy said that my face is dead? I'm a strong person beyond the domain master..."

Huh!

Donggong Buchan disappeared.

Chapter 4625: : All start

There is a capable person behind the capable person, and someone behind the capable person makes it!

Donggong Buchan is definitely a capable person!

Beyond the domain master level, looking at the entire Netherworld, it can be regarded as one of the few existences standing at the top, and Donggong Buchan is a member of the Donggong Super God family, which makes him feel that he is superior.

But what Donggong Buchan didn't expect was that he wanted to ask to see the patriarch of the Super God Family of Xiuyu. Even the ordinary janitor of the family of Xiuyu would not take care of him.

Of course, as a super-skilled fish-cultivating family, the master of the gatekeeper's cultivation is not weak, and he possesses the Venerable's second-level peak cultivation.

But in Donggongbu's eyes, it was not enough.

Not to mention a powerful person at the noble level, even if it is a powerful person at the emperor and domain master level, who doesn't know Donggong Buchan? Who saw Donggongbu and was not polite?

However, Buchan Donggong has seen what a character is today!

This ordinary janitor of the Super God Cultivation Family, no matter how he reported his family or introduced himself, this uncle was not a bird, which made Donggong Buchan feel that he was greatly humiliated.

"You don't know me? I'm Donggong Buchan, I'm from Donggong Super God family, I'm begging to see your patriarch on the order of the grandmother, please go to report quickly!" Donggong Buchan said angrily.

The janitor didn't even plan to explain the bird to the east, he was holding an illustrated book in his hand, and he was reading it with gusto.

Don't be impressed by the spirit of the gatekeeper. The three characters "Yin Ping Mei" revealed on the scroll, and the explicit pictures in the illustrations, you will understand that this book is the most popular and classic in the Netherworld. Little yellow book.

The little yellow book in the hands of the janitor went out to describe the explicit part, which is definitely a classic work.

Unfortunately, the uncle is illiterate, his focus is on illustrations.

This feeling is like the pre-apocalyptic earth world. The guardian of a certain institution is watching an island country love action movie on his mobile phone. An unknown boy said that he is the third generation of celebrities, and he is going to meet the boss of the institution.

If the uncle's mind is still normal, he should not let this red third generation in.

Of course, part of the reason is that it is not convenient for the uncle to stand up now.

Donggong Buchan became angry. He stepped up, and stretched out his hand to smash in an instant. Backhand gave the gatekeeper two loud slaps, letting him know what will happen to the strong man who blocked the existence of a superdomain master.

The janitor is dumbfounded!

What's the situation?

How dare someone run wild in front of the Super God Family?

The concierge's head was congested for a while, and one head fell to the ground, and then the concierge foamed and twitched constantly. It seemed that he couldn't survive.

Donggong Buchan is a bit panicked now!

"Master, are you kidding me? You are a powerful person at the venerable level, how come you slap twice?" Donggong Buchan said nervously.

It's not terrible to behead a strong man at the venerable level. What's horrible is that this strong man at the venerable level is also the guardian of the Super God Family Fish Cultivation Clan. It's like Donggong stepping to the door to hunt fish. The face of the family is the same.

"What? According to you, you slap him twice, and then he kneels and licks you with joy?"

Donggong Buchan heard the cold voice and turned around abruptly, only to see a figure appeared behind him.

At the moment Donggong Buchan turned around, the figure had already grasped Donggong Buchan's collar and returned to his body in the same way, and also gave two loud slaps to Donggong Buchan.

The two slapped Donggong Buchan was unable to fight back, and his cheeks swelled instantly.

Immediately, the figure stretched out his finger again and poked at Donggong Buchan's chest twice, and the two spiritual powers instantly entered Donggong Buchan's body, Donggong Buchan shivered involuntarily!

"Get out! In front of Xiuyu's house, you can't come to the East Palace to play wild!" said the figure.

Immediately afterwards, Donggong Buchan felt that his body was easily thrown out like a sandbag. When Donggong Buchan reacted, his body had been thrown out several kilometers away.

"Who is that person? Why didn't I even see his face clearly! Could it be that the fish repairing clan is lonely? The strength of such a strong seems to be the same as that of the White Horse King Kong!"

"Damn, this time I came to the Underworld to return without success, and I also angered the fish repair family. If I let my mother know this time, I will definitely be punished! It seems that I can only hide this and return when I return to life. I told my mother that the two super \*\*\*\* families were not far to intervene in this matter." Donggong Buchan thought.

Huh!

Donggong Buchan's figure flashed and disappeared.

...

After Donggong Buchan disappeared, the janitor who fell to the ground at the door of the Xiuyu family quickly stood up.

The uncle's acting skills are top-notch. At this time, he wiped off the froth from the corner of his mouth and smiled triumphantly, unlike the appearance of convulsions just now.

The Fish Cultivation family lives in the Nether Continent, but what happens in the Nether Continent and the entire Nether Realm is also under their control.

Donggongbu explained why he came to the Continent of Underworld. The fish-fishing family had already seen through everything, so the janitor was allowed to stage such a scene.

However, what the Xiuyu family didn't expect was that someone would step in!

That's right, the figure is not the loneliness of Xiuyu of the Xiuyu family, but Jing Xuling, the great elder of the Nether Academy.

However, at this time, the great elder used strong spiritual power to disguise his face, so that his cheeks and wheels were covered in a light spiritual power. Unless he reached his level, it would be difficult for anyone to see his true appearance.

"I don't know who you are?" The gatekeeper asked, looking at the figure in front of him.

"Lao Zhang, please inform me that Jing Xuling, the great elder of the Nether Academy, is asking to see the Super God family, and the patriarch of the Xiuyu family is lonely!" The great elder bowed and said.

The janitor looked at the great elder carefully, then bowed slightly, and said with a smile: "The great elder, please come back, our patriarch is not in the clan! Now he should be in the secluded continent, if you want to see our patriarch, It's more likely to see him back!"

...

The Nether Academy, the residence of the old dean, and the practice room.

The old dean was not cultivating, but closing his eyes to rest his mind, constantly adjusting his body.

The old dean, who had decided to go crazy with Li Tian, did not step out of the Nether Academy, but issued several orders in a row to make other elders rush back to the Nether Academy except the elder!

The performance of the Netherworld Academy feels to outsiders as if the Netherworld Academy has given up and will no longer intervene in Li Tian's affairs.

During this period, the old dean personally guided Situ Ningbing to practice, and even the old dean did not hesitate to take out the treasures he had kept for many years to help Situ Ningbing quickly improve his cultivation strength.

咚咚!

The old dean's assistant knocked on the door and said to the old dean: "Dean, it's time for all the elders to leave!"

call!

The old dean slowly stood up, a light flashed in his previously drowsy eyes.

"All go!"

After Wanshen Mountain, the first battle of the Netherworld finally started slowly...

Chapter 4626: : Assembly

Yecheng Venerable Kingdom, Yecheng!

As the time when the Blood Domain Master announced that the Emperor of Yecheng, the Emperor of the Dragon Race, and the Emperor of the Zhao Family were getting closer and closer, Ye Cheng, who had been desolate for several months, finally recovered some popularity.

The slashing of three emperor-level powerhouses in the open is the biggest event in the Nether Realm in recent thousands of years!

The powerhouses of You Continent and Underworld Continent entered Ye City one after another, waiting for this day to come.

Where there are people, there are rivers and lakes, and where there are rivers and lakes, there are trading.

For ordinary people, it doesn't matter who the master of Yecheng Venerable Kingdom is, it is important that they risk making money.

Many chambers of commerce took advantage of this opportunity and returned to Yecheng as quickly as possible. The commercial atmosphere in Yecheng gradually became richer, especially the catering and accommodation, etc., which began to have vitality.

The country is broken!

Although the country of Yecheng Venerable was broken, and the Emperor was taken prisoner to be slashed in public, the imperial mansion of Venerable Yecheng was well preserved.

However, thousands of followers and tens of thousands of people in the imperial palace in Yecheng's imperial palace were all beheaded. The blood dyed the door wall of the Emperor's Mansion red, and it had penetrated into the wall and into the ground. Even if several months had passed, the \*\*\*\* smell around it still did not dissipate.

Huangzun Mansion is now forbidden!

The powerhouses who rushed here from all over the Netherworld will only look at the imperial palace from a distance, and will not deliberately appear on the huge square in front of the imperial palace, so as not to suffer from those powerful in the imperial palace hostility.

For the merchants in the Chamber of Commerce, if they were not forced to do so, they would definitely have to stay away from the imperial palace, even if they had to pass through here, they would escape here as quickly as possible.

But in general, Ye Cheng has become more and more lively.

...

A few dozen miles away from Yecheng, there is a small city called Pumice.

The small town of Pumice has roads extending in all directions and is the only way to travel from north to south.

Before Venerable Yecheng's kingdom was broken, the town of Pumice Stone was extremely prosperous!

It's just that this small city is now deserted.

More than one meter high spring grass covers the roads of the small town, and the roofs of brick houses are also covered with various grasses. Some houses have even collapsed, making the whole town extremely desolate.

The small town is desolate, but it has become a paradise for all kinds of wild animals.

Whoosh!

Whoosh!

Wild animals are constantly running back and forth in the grass.

They have regarded this desolate city as their paradise.

Huh!

A faint energy wave came, and two figures suddenly appeared in this small city.

The wild animals were frightened and immediately rushed towards the distant jungle.

It was Tang Xiaolong and the vicissitudes of life that appeared in the town of Pumice.

The Great Emperor Canghai gave Tang Xiaolong the Canghai Mingyue, and personally instructed Tang Xiaolong to practice.

Tang Xiaolong's cultivation level really broke through to the realm of the emperor.

This makes the vicissitudes of life sweet and jealous and envious.

But she couldn't help it, who told Tang Xiaolong to win the trust of Emperor Canghai?

But although the Great Emperor Canghai was willing to help Tang Xiaolong in his cultivation, he would not come to Yecheng.

This was the choice of the Great Emperor Canghai, and Tang Xiaolong could only accept it.

"It seems that we are coming early!" Tang Xiaolong looked around. The surroundings were quiet and there was no energy fluctuation. Tang Xiaolong smiled slightly and said to the vicissitudes of life.

At this moment, a wave of energy flashed in the surrounding air.

"Be careful, you are a strong man at the emperor's level!" Tang Xiaolong exclaimed.

He just finished speaking, huh! Huh! Two figures in a row appeared in the town of Pumice.

Seeing these two figures suddenly appeared, a trace of surprise flashed across Tang Xiaolong's face, and he exclaimed in excitement: "Little hot pot, Ningbing, it's you!"

That's right, it was Situ Ningbing and Little Hotpot who came back from Nether Academy.

"Xiaolong, you have reached the realm of the emperor? It's really amazing!" Situ Ningbing saw that it was Tang Xiaolong, and said in surprise.

"What's really surprising is how good you are. How long has it been before you have reached the realm of the emperor? Tell me, what kind of fortune do you have in these two months?" Tang Xiaolong asked.

Situ Ningbing and Tang Xiaolong each recounted their fate.

The vicissitudes of life and Xiao Hotpot's face immediately turned black.

The vicissitudes of life are very hurt!

She has entered the Netherworld Academy for hundreds of years to practice, and behind her is the support of the giant Canghai Empire, but after these hundreds of years, she is still at the eighth-level pinnacle realm of the Venerable.

Little hot pot hurts more!

He was in the realm of the emperor. It was true that the speed at which he broke through to the realm of the emperor was fast in the entire Nether Realm, but compared with Situ Ningbing and Tang Xiaolong, he found that he was just lucky.

If it weren't for the black smoke group, Little Hot Pot didn't know when he would get what he wanted and reach the realm of Emperor Zun.

"I don't know if the little boss has made a breakthrough in the past two months? If the little boss doesn't make a breakthrough, he will be behind us!" Tang Xiaolong said with a smile.

Speaking of Li Tian, Xiao Hotpot's mood suddenly improved.

"Yes, there is still Li Tian at the bottom, at least I am now stronger than Li Tian's cultivation base, haha..." Little Hot Pot said with a smile.

Extreme happiness creates sorrow!

As soon as a smile appeared on Little Hot Pot's face, Li Tian appeared in front of him instantly.

"Who said he is stronger than my cultivation base?" Li Tian said.

The smile on the little hot pot's face suddenly froze!

"Little boss, has your cultivation level reached the realm of the emperor?" Tang Xiaolong excitedly hugged Li Tian and asked.

Li Tian nodded slightly, watching that the cultivation bases of Tang Xiaolong and Situ Ningbing had reached the realm of emperor, Li Tian guessed in his heart that all the things he arranged should have been done.

"Ningbing, what's your attitude in Netherworld Academy?"

"Li, don't worry, the old dean has led all the elders of the Nether Academy to stop the two super \*\*\*\* families, Donggong and Sanlu, and the old dean promises that members of these two super \*\*\*\* families will not reach Yecheng! The elders have also rushed to the Underworld where Xiuyu and the White Horse Super God Family are located, it is difficult to say whether they will intervene in this matter!" Situ Ningbing said.

Li Tian nodded slightly, and said, "It depends on the people to make things happen. We have to trust the great elder! Where's the dragon?"

"Little boss, you've seen it too. The biggest support I get is to allow my cultivation to break through to the realm of the emperor. In the future, I will also have a great opportunity to break through to the realm of the domain master, but after all, I can't quench my thirst!" Tang Xiaolong Said.

"Li, are we confident of winning? I've heard that the blood domain masters have won the support of Emperor Qinshan. There are now four domain master-level powerhouses in Yecheng, and five emperor-level powerhouses. As for whether they will have strong support, it is still unknown!" Situ Ningbing said.

Li Tian took out three small wooden plaques from his skin, smiled slightly at the corners of his mouth, and said, "We are not without domain master-level powerhouses!"

Chapter 4627: : Three fools were caught

Seeing the small wooden sign that Li Tian took out, Tang Xiaolong and Xiao Hotpot showed a knowing smile.

They had forgotten that in addition to the three waste materials worshiping brothers, Li Tian, there were also four domain master level Nether beasts, including the Purple Flame Thunder Bear, who worshipped brothers!

However, the Yecheng incident is no small matter!

The battle between the emperor and the domain master level power can not be described as destroying the heavens and the earth.

Even if it is a domain master-level powerhouse, he can't guarantee that he can retreat.

I don't know if Li Tian, the four ghost beasts, will come to worship the brothers.

Click!

Li Tian smashed the small wooden sign given to him by the Yinmoyin Bull Territory Lord!

Click!

Li Tian crushed the small wooden sign given to him by Tiangangyan raccoon domain master!

Click!

Li Tian crushed the small wooden sign given to him by the landlord and Tianjiu domain master!

Three wooden signs, three domain master-level powerhouses!

"Wait!"

Li Tian sat cross-legged on the ground, forced his eyes to say.

If Li Tian's brothers can arrive, plus the dark and soft who can break through to the realm of the domain master at any time, Li Tian himself, who is in the realm of the emperor but has the strength of the domain master, the little hot pot of the emperor level, and Situ Ningbing, Tang Xiaolong, the small blue tile in the mid-level ninth level of the Venerable, and the vicious dog with the power of the emperor at the eighth-level peak level of the Venerable. If nothing else, Li Tian believes that they have been invincible in this battle.

Wait!

...

The dark forest, the top of the holy peak!

The cultivating Yin Devil Silver Bull Territory Lord, Tiangang Flame Tiger Territory Lord, and Earth Evil Heaven Eagle Territory Lord suddenly opened their eyes!

"It's Brother Li Tian, he crushed the small wooden sign!" Yinmo Yinniuyu said.

The landlord Tianjiu domain master smiled and said: "Hahaha, I know that Brother Li Tian has a great life and great fortune, and missing things like this must be his hiding again!"

"Stop talking nonsense, since Brother Li Tian crushed the small wooden sign, I am afraid he has encountered some difficulties! Let's go!" Tian Gang Yan said the raccoon domain master.

"Where is the old bear? Since the elder in charge taught him the Nether Beast Art and pointed him, the old bear has been completely silent in his cultivation, should we ask him to go with him?" said Yinmo Yinniu domain master.

"There are three of our domain master-level powerhouses, is there any problem that can't be solved? Let him continue to practice!" Tiangangyan raccoon domain master said.

"Haha, that's right, human society, we are finally about to step into the human world of the Nether Realm! Let's go!" The Lord of the Heavenly Buzzard Domain said with a smile.

...

One person can ascend to heaven!

The Lord of the Frost Territory returned to the Eastern Palace Super God Family, and was temporarily left in the Super God Family. The corpse that had no cultivation ability was reused by the Lord of the Frost Territory and became his representative.

The poor corpse, since the old lame abolished his veins last time, his current cultivation is still under the realm of cultivators.

Although he was the representative of Yu Frost Domain Lord, he didn't even have the right to speak in front of other domain masters and the emperor.

It's not that the corpse has never thought about practicing, so that his cultivation can be restored to the realm of venerable.

No, even if you can return to the realm of cultivators.

However, for him whose context is broken, all this is wishful thinking.

A corpse with no right to speak and no cultivation strength, his task is to inquire about news in Yecheng.

The corpse knew that he didn't need to take action to inquire about the news.

The assassin organization dark, has controlled Ye Cheng in all aspects.

As long as there is a turmoil in Yecheng, the news will be transmitted to the imperial palace as soon as possible.

The four domain masters in the imperial palace, the blood domain master, the broken tower domain master, the Zichuan great, and the Qinshan great, as well as the five emperors of Wuji, Huanglou, Thunder, Xiyu, and Kuhai It will sort out this useful information and make a decision.

The corpse was very upset!

The red cut was dedicated to Emperor Frost. After receiving the red cut, the realm of his cultivation quickly returned to the realm of the domain master, and now the master of the frost domain returned to the super \*\*\*\* family.

But what about the corpse of Xianhong Zhan? He didn't get anything, even if his cultivation level had reached the realm of the nobleman, it was just a flash in the pan.

The corpse knew that the dominance behind this incident was the Eastern Palace Super God Family, so he eagerly hoped that he could express himself and give him the opportunity to enter the East Palace Super God Family's sight.

Only in this way can the corpse be valued and rewarded by the Donggong Super God family, so that he can get the elixir to treat the damage of the vein.

Therefore, the corpse will take four entourages with the eighth-level realm of the venerable to go outside Yecheng city every day, hoping to meet the Third Young Master first, and then win the Third Young Master to ask for credit.

If you can win Li Tian first, then the credit will be even greater!

As for the cultivation strength of the Third Young Master and Li Tian's cultivation strength, the corpse believes that the followers behind him sent to him by the Frostland Lord are enough to win them.

It is a pity that the corpse returns without success every day!

From the three emperors and only seven days away from Chuzhang, the Third Young Master still did not show up, and Li Tian also had no news.

But the corpse perseveres!

Shipei fought Li Tian, he knew Li Tian too well.

"This is unscientific! Li Tian will definitely rush to Yecheng soon!" The corpse leaned against the tree leading to Yecheng official road, looking at the end of the official road in the distance, thinking in his heart.

Since the Blood Domain Lord and others took control of Ye Cheng, Ye Cheng has been controlled by several Domain Masters' domains. Unless it is a powerful domain master, it is impossible for others to teleport into Ye City, so the corpse will only Wait here.

But this kind of waiting is entirely luck.

There are four official roads around Yecheng. Even if Li Tian and others enter Yecheng through the official road, who knows which official road they will follow?

At this moment, huh! An eighth-level Venerable who was responsible for guarding the official road to the east suddenly appeared beside the corpse.

"My lord, the third son of the Netherworld has already appeared..."

The corpse suddenly jumped up from the ground, and said with excitement: "Is it the third son of the Netherworld? Have you caught it?"

"My lord, it is the Third Young Master Nether! The cultivation of these three guys has reached the realm of the venerable. If it weren't for the cleverness of our brothers who were guarding the city gate, these three guys would have entered the city!" The Venerable said excitedly.

With a happy expression on Shipei's face, he danced and said: "Haha! Great! Great! Now that the bait is hung on the hook, Li Tian, this big fish, will definitely get the bait! Follow me , All go to the Dongcheng official road, I want to personally dedicate the three idiots of the Third Young Master to..."

Huh!

Huh!

The followers around the corpse disappeared in an instant, leaving him alone.

A few seconds later, his followers teleported back.

"My lord, yes... I'm sorry, we forgot the adult's cultivation base..."

The corpse's face showed a hint of anger involuntarily, and he thought coldly in his heart:

"Assholes, how dare you humiliate me like this! When I get to the big tree of the Super God family, I will want you to look good at that time!"

Chapter 4628: : Waste utilization

Youanrou was very angry.

If it weren't for the third son of the Netherworld to be the brother of Li Tian, she really wanted to shoot these three \*\*\*\*\* to death.

According to the agreement of the dark and gentle Li Tian, she should take the Third Young Master Nether to Pumice Town, and then wait until all the personnel are there, then go to Yecheng to rescue the three emperors.

However, the three sons of the nether world were concerned about their father, and they did not obey the soft arrangement of the nether.

The three \*\*\*\*\* are clamoring to go to Yecheng first, first to see if their father is safe.

"The current Ye Cheng must have been laid down by the Blood Domain Lord and the others. Now you enter Yecheng to cast yourself into the trap!" You Yinrou said angrily.

Long Aotian smiled bitterly and said: "We don't know that we are self-investing in the net, but what can we do with the cultivation base of the three of us? Will we be the opponents of the emperor and the domain master level powerhouse?"

"You dark and soft, you said before, their target is Brother Li Tian! So, our father, and we are just bait for the brother Li Tian! Before the brother Li Tian appeared, we three brothers It should be safe, in this case, it is better to let us reunite with our father as soon as possible!" Ye Liangchen said.

"Yes! Yecheng is close at hand, our father is close at hand, we have already arrived here, how can we not go to Yecheng, and hide in the small city of pumice! Our fate is our own, even brother Li Tian Here, he is not qualified to stop us!" Zhao Ritian said rushing.

You Anrou didn't convince the Nether three fools, on the contrary, she was persuaded by the Nether three fools.

That's right, if Li Tian was trapped in Yecheng now, even if You Dark Rou knew that entering the city was a dead end, she would not hesitate to rush into the city to rescue Li Tian.

"You take care, I will tell Brother Li Tian of your news, let him as soon as possible..."

"No, You Yinrou, we know that Brother Li Tian values love and righteousness, and will not watch us fall into danger, so you must persuade Brother Li Tian and let him bring a team of people to rescue us again, or we can just It's all over!" Ye Liangchen said.

Well, these three fools are not stupid!

Youanrou could only watch the Netherworld Sansha being captured alive by the person arranged by the corpse and \*\*\*\* by the five flowers.

Huh!

Gloom and soft disappeared, and instantly appeared in the small city of pumice.

Li Tian saw You Anrou appear in the small town in an instant, and there was no three fools around You Anrou, he could already guess the outline.

"Has the Third Young Master already entered Yecheng?" Li Tian asked.

You Yinrou nodded, and said: "I have been captured alive, now I should have entered Yecheng!"

"Little boss, are we going to save them?" Tang Xiaolong asked.

Li Tian slowly shook his head and said: "This is their choice. We can't follow them on the adventure. Now we are here to wait with peace of mind. When my brothers come here, we will return to Yecheng! If they can't do it in seven days Arrived, then we can only take risks!"

...

Yecheng.

The corpse rode on a shed old horse, with a triumphant expression, swaggering into Yecheng. Behind him, each of the several venerables carried a wooden stick, and it was the third son of the Nether Ming who was bound to the stick.

Looking at the defeated Yecheng and the \*\*\*\* Huangzun Mansion, Ye Liangchen couldn't help it anymore, crying sadly, crying and yelling: "Blood Domain Lord, Emperor Zichuan, Lao Zi Ye Liangchen and you Don't confess! It's better to kill Lao Tzu now, otherwise one day, Lao Tzu will surely strip your skin, pump your tendons, drink your blood, and crush your bones!"

Snapped!

An entourage of Zipai slapped Ye Liangchen.

The slap in the face was loud and hit Ye Liangchen's face. The corner of his mouth immediately began to flow with blood, and the blood foam continued to drip to the ground along the corner of his mouth.

"Let him scold, I want to let all the powerhouses in Yecheng know today that the third son of the Netherworld was captured alive by my corpse! He was captured alive by the followers of Lord Frost Territory! This credit must be counted on us On the head!" Zipao said with a sneer.

"Zipai, you guy who gave birth to a son without an \*\*\*\* is absolutely not going to die! As long as I have the opportunity, I will cut off your stinky meat and feed the dogs!" Ye Liangchen continued Scolded.

The Third Nether Master knew the contradiction between the corpse and Li Tian. When he saw the corpse, he guessed that the little dwarf in front of him was the culprit who killed Tang Feifei, the woman who used to be Li Tian.

"Swear, scold well! The harder you scold, the happier I will be!" Zipao said with a sneer.

Ye Liangchen's curse really attracted the attention of many people.

"Look, it's the three fools of the Netherworld! They really are back to Yecheng!"

"It's a pity that a fool is a fool. At this time, not only will their lives be saved, but even Li Tian will really be involved. It is really harmful to others."

"Yes, the target of the blood domain masters is Li Tian, but Li Tianshen is out of the world, they have no way to deal with Li Tian, so they came up with such a detrimental trick, but they did not expect that the Nether three silly would actually send it to the door. Up!"

"But that's okay, it's really good to see now! Donggong Super God Family, San Lu Super God Family, Nether Academy, these behemoths are competing, thinking about it is very exciting!"

The news that the third son of Nether Ming was arrested quickly reached the imperial palace.

Several domain masters did not come out of the imperial palace, but those imperial princes came out of the imperial palace one after another, and surrounded the three Nether Masters and others who had been \*\*\*\* like pigs.

The domain masters of the Emperor's Mansion love to ignore the corpses that have not many cultivation bases, and add cold eyes, and these Emperors are almost the same.

The strong are respected, they really don't understand why Lord Yu Frost will send out a trash like a corpse to represent Lord Yu Frost.

"I didn't think the third son of the Netherworld was really caught by you, this time you should remember the first merit!" Emperor Xi Yu and the corpse walked side by side, said with a sneer on their faces.

The corpse was only as tall as Emperor Xi and Yu's knees, and he couldn't see the sneer on Emperor Xi and Yu's face. He was still envy and jealous when Emperor Xi and Yu was jealous, with a smug smile on his face involuntarily. Slightly waved his hand and said, "Where, where, I'm just lucky! Even without me, the Third Nether Master would enter Yecheng!"

Emperor Xi Yu sneered slightly, as if saying, "You \*\*\*\* know it!"

The other emperors also sneered, really treating the corpse like a monkey.

Good journey without incident.

Enter Huangzun Mansion.

Before the corpse had time to claim the credit, the third son of You Ming was carried by the emperors and imprisoned into the imprisonment of the imperial palace.

"Asshole, the three of them were caught by my corpse!" The corpse roared anxiously.

"Is this important? Our goal is Li Tian, not the third son of the Netherworld! If you can capture Li Tian, then we will naturally remember your first work, and then it may not be impossible for you to enter the Eastern Palace Super God Family!" The blood domain master said with a sneer.

"You?... I represent the Frostland Lord..."

"Idiot, you are not even a cultivator at your current cultivation level. You are just the most trash existence in the Nether Realm. You can only represent yourself, not anyone!"

"Lord Yushuang knows that you and Li Tian still have hatred. Keeping you is somewhat attractive to Li Tian, so Lord Yushuang will let you represent him, otherwise you, an idiot, would have been killed. What is this called? Yes, it seems to be called waste utilization!" The Great Emperor Zichuan said with a sneer.

"No...Impossible! Impossible... Without my red cut, Lord Yushuang would not be able to return to the realm of the realm soon! If it wasn't for me... Lord Yushuang would not treat me like this !" Zipuo said with a grim face and a trembling whole body.

Chapter 4629: :be quiet

The corpse is not restricted to freedom, he can still freely enter and exit the imperial palace, and can freely enter and exit Yecheng.

However, the followers of the Frost Territory Master will follow him every step of the way, no matter where he goes, the followers will follow him.

If the corpse wants to go farther, those followers will not object, but as long as it is too far from Yecheng, those followers will give their opinions.

If the corpse couldn't listen to it and had to continue walking away willfully, then those followers would force the corpse back to Yecheng in the name of protecting the corpse's safety.

The corpse finally understood that he, without the strength of the cultivation base, was really just waste, and the reason why he was still alive was really because Lord Yu Frost was using waste.

Time is passing!

In the blink of an eye, there were only three days left to slash the three emperors and the third sons of the Netherworld. The Transcendent Domain Lord beings sent to Yecheng in the plan of the Eastern Palace Super God Family and San Lu Super God Family did not arrive at Ye City as scheduled.

According to rumors, the existence of these transcendent domain masters was blocked by the elders of the Nether Academy.

It can be inferred from this that Li Tian must come to Yecheng!

The battle hadn't started yet, and the tense atmosphere was already in Yecheng.

Ye Cheng fell into an unprecedented silence, just like the calm before the storm.

In the past few days, the followers of the corpse have become more and more rude to the corpse, and even said nothing, these followers will actually move him.

The corpse followed the ghoul and the corpse trapped in the gate of the forbidden area for thousands of years. What kind of wind and waves have not been seen. Therefore, even if the corpse is angry in his heart, he is only tolerant now.

Before the last moment, the corpse will never give up.

The corpse is waiting for an opportunity!

As long as Li Tian enters Yecheng, when everyone's attention is focused on Li Tian, it is his chance to escape here.

Of course, the corpse hoped that Li Tian would not show up.

If Li Tian does not show up, all the preparations of the Blood Domain Lord and others will be in vain.

Then there is no reason for the corpse to die, his waste has the value of continuing to use it.

Once Li Tian showed up, he was really worthless.

When thinking wildly, the corpse suddenly saw several figures appearing on the street, and among these figures, the corpse could not be more familiar.

"Long Yin, it turned out to be Long Yin, I didn't expect him to come to the Netherworld!"

"Long Yin has arrived in Yecheng, can Li Tian be far away? No, I have to find a way to tell Long Yin, let him go to Li Tian, and let him persuade Li Tian not to show up."

Thinking of this, the corpse stood up abruptly, walked out of the tavern, and quickly chased after him.

Those followers of the corpse also followed the corpse.

"Fuck me away!" The corpse roared angrily.

There was a slight smile on the faces of those entourages, and said, "Master Corpse, don't let us embarrass you. Master Yu Frost has ordered us to protect your safety. Ye Cheng is now a snake dragon. Mixed, many forces are not within our control, you said that in case you have a long and two short, how can we explain to the Lord Frostland!"

"Are you afraid that I won't be able to escape? I am a trash now. As long as you guard Yecheng, how can I escape?" said the corpse.

"Hahaha, it turns out that Lord Corpse knows himself! The lord, you are free, we follow you from a distance. But I advise you not to play tricks, otherwise don't blame us for being rude to you!" said the entourage. .

The corpse snorted coldly, chasing after Long Yin's figure, and hurried to catch up.

...

Yecheng, the imprisonment of Huangzun Mansion.

In more than three days, the anger on Ye Chenghuangzun's face has not changed.

The eyes of Emperor Ye Chenghuang were full of angry flames, staring at Ye Liangchen who was tied in front of him.

But Ye Chenghuangzun didn't say a word.

No matter what Ye Liangchen, Zhao Ritian, and Long Aotian said to him, Ye Chenghuangzun turned a deaf ear.

Venerable Ye Cheng's kingdom was shattered, Emperor Ye Chen was captured, and his cultivation level plummeted. Emperor Ye Cheng had never been so angry.

Because Emperor Yecheng has already seen clearly, no matter how angry he is, this country of the Lord will be broken, and he and the other two Emperors will fall. This is already inevitable.

But there was a trace of fortune in Ye Chenghuangzun's heart.

He was fortunate that he sent Ye Liangchen and Ye Meijing into the battlefield of death.

Although the whereabouts of Ye Liangchen and Ye Meijing, Long Aotian and Zhao Ritian are unknown, no news is good news.

Keep the green hills, don't be afraid that there will be nothing to burn!

As long as the Third Young Master and Ye Meijing are alive, even if their three emperors fall, there is still hope.

However, unfortunately still happened.

The three idiots of the Three Young Masters were still captured alive.

This made Ye Cheng Huangzun feel desperate, as if his last hope had been shattered.

What made Emperor Ye Cheng even more angry was that the third son of You Ming took the initiative to send it to the door.

For this unwise approach, Ye Chenghuangzun has only anger.

Hey!

Emperor Ye Cheng sighed involuntarily.

The anger in his eyes dissipated, and everything was lost instead.

"This is all God's will!"

"This is God's will!"

"Haha, that's good, wait a few days, let's father and son go on the road together!"

The Dragon Emperor was also so angry that he couldn't speak.

He also sighed and said, "I can only comfort myself so much!"

"I didn't expect that the three imperial emperors of our dignified state would end up like this. After we died, there would be no one to collect the bodies. It is really sad!"

The Emperor Zhao Family showed a bitter smile and said: "We have been beautiful for thousands of years, and we should be content."

"At least Ye Meijing was not arrested! It's just that I hope that after I die, Ye Meijing can send my bones, even if they can only find a little bit of bones, to send me back to the Emperor Zhao Family!"

"At least it can be regarded as falling leaves return to their roots!"

Ye Liangchen saw that the three emperors they had looked up to had a weaker cultivation base than them. He didn't know how to comfort them. After thinking about it, he said, "Father and two uncles don't need to be so pessimistic, maybe this And everything has a turnaround!"

Long Aotian and Zhao Ritian nodded at the same time!

They also thought of Li Tian in their minds.

"You mean your brother Li Tian?" Ye Chenghuangzun asked.

There was a trace of surprise on Ye Liangchen's face. He looked around and saw that no one was listening to his words. Then he said: "Father also knows Brother Li Tian? We worshipped brother Li Tian in the battlefield of death, and since death After the battlefield came out, Brother Li Tian and Ye Meijing had tied the knot. Now Brother Li Tian must have arrived in Yecheng, and it won't take long before he can save us out!"

Emperor Ye Cheng smiled bitterly, and said: "Domain master level powerhouse, super \*\*\*\* family, this is not something he can bear!"

...

Yecheng, East City Gate.

The star domain master, Xingchen Xiaoyue appeared here.

"I will only be icing on the cake, I will not give charcoal in the snow, I hope you can understand this!" Star Domain Master glanced at Xing Chen Xiaoyue and said lightly.

Xingchen Xiaoyue nodded slightly.

Yecheng, North City Gate.

Master Yu Shuang appeared here with two men in black clothes.

"Hey, the focus of the elders of the Netherworld Academy is on the powerhouses beyond the domain master level, which just gives us a chance..., enter the city! The good show is about to begin!"

Yecheng, Nancheng Gate.

The female domain master flashed and landed on the open space outside the city gate.

"Li Tian, I came here for the face of my clone Situ Ningbing, but don't expect me to help you!" The female domain master said coldly.

Yecheng, Xicheng Gate...

Chapter 4630: : Brothers gather

Almost all the heavyweights in the Netherworld appeared in Yecheng one by one, on the stage of big events.

This kind of thing is rare in a thousand years.

Even if they are not qualified or unwilling to participate in it, it is great to be witnesses!

Unlike these bigwigs, the ordinary chambers of commerce and ordinary merchants in Yecheng chose to leave Yecheng after making a lot of money.

The battle at the level of the emperor and the domain master is bound to shake the earth. Maybe Yecheng can't keep it. For them, who are only cultivators, and those who have a cultivation level below the fifth level, stay in Yecheng. It is a very dangerous thing.

What surprised these powerhouses was that Li Tian, the protagonist of this incident, the target of the Blood Domain Lord and others, has not yet appeared.

...

Pumice Town!

Li Tian is still seizing the time to practice. Since absorbing the spiritual power of the tiger's domain lord, Li Tian's cultivation has reached the realm of the emperor, from the realm of the emperor to the realm of the lord, don't look like it's just a line apart, but this line But it is a world of difference.

In the history of the Netherworld, there are too many emperor-level powerhouses who have never broken through to the realm of the domain master in their entire life. For example, the three unlucky ones in this big event, Emperor Yecheng and Emperor Zhao. Zun and Dragon Emperor.

It is estimated that the three of them will never be able to cultivate to the realm of the domain master, and it is difficult to even return to the realm of the emperor.

Li Tian didn't expect him to be able to break through to the realm of the domain master in these just a few days, but cultivation has become Li Tian's habit, and Li Tian now needs to use cultivation to calm him down.

At this moment, Li Tian suddenly felt a few energy fluctuations in the surrounding space, and Li Tian suddenly opened his eyes.

"coming!"

Li Tian just finished speaking, huh! Huh! Huh! Three figures appeared beside Li Tian in a row. Those who came were Li Tian's brothers in the dark forest: Yinmoyin Bull Territory Lord, Tiangang Flame Lily Territory Lord, Earth Evil Heavenly Eagle Territory Lord!

"Brother Li Tian, I am coming, old cow!" Yin Mo Yin Niu smiled heartily, just appeared next to Li Tian, reached out his hand to lift Li Tian from the ground, and gave Li Tian a bear hug.

Just as the old man hugged Li Tian, he immediately let go, and sighed in surprise: "Huh? That's not a good thing, that's not a good thing! In less than two years, I haven't seen him, and the Li Tian brothers' cultivation has reached the realm of imperial respect. , This is really impressive!"

Seeing the improvement of Li Tian's cultivation base, the faces of these three brothers were filled with excitement, as if their cultivation base had broken through.

"Second Brother, Third Brother, Fourth Brother, you are finally here! My cultivation is not worth mentioning in front of you! Don't mention this time anymore! Big Brother? Why didn't he come?" Li Tian asked.

The Lord of Tiangang Flames raccoon patted Li Tian on the shoulder, and said, "Brother Li Tian crushed our wooden sign. We know that Brother Li Tian must have encountered some difficulties, so we dare not delay day and night. Came here. Old Xiong is still cultivating!"

The Lord of Yin Mo Yin Niu Territory was worried about Li Tian's thoughts and explained: "Originally, we planned to come with Lao Xiong, but after Lao Xiong has learned the ghost beasts, he can see the text on the stone tablet. He is now practicing critically. It's about time, so we didn't call him."

With that said, after the Yin Mo Yin Niu roughly left Li Tian, the elders in charge returned to the Holy Peak to teach their brothers the Nether Beast Art.

"Brother Li Tian, you are now a powerful emperor. Is there anything else you can't solve? You want to crush the wooden cards given to you by the three of us at the same time? Now our three brothers have arrived. Isn't it enough to have our three brothers?" asked the landlord of the terrible eagle.

The purple flame thunder bear did not rush to Li Tian's heart somewhat regretful.

However, Li Tian has no choice but to take one step at a time.

Li Tian immediately told the three brothers about the third son of Nether and the cause and consequences of the whole thing, and then said: "Although the third son of Nether is low in strength, they are the same as the three brothers. They are all me. Li Tian's brothers worship. Now it's difficult to worship brothers. I can't die without saving, so I invited a few brothers to come. But I also know that the crisis is extraordinary this time. I don't force the three brothers to follow for the three of them. I take a risk..."

Fighting against domain master-level powerhouses, even involving the Super God Family, Li Tian must tell all the possible dangers to the three brothers, and then let the three brothers make their own decisions.

But before Li Tian finished speaking, he was interrupted by the Lord of Yin Mo Yin Bull Territory.

"Hahaha, brother Li Tian, you are too far apart. You and the three of them are brothers, and the four of us are brothers. Then the seven of us are naturally brothers! Brothers are in trouble today, why are we? Can you die without saving?"

"Lao Niu makes sense, brother Li Tian is righteous! Being able to take risks for the three low-powered brothers will only make me admire my brother. If it is not the three of them who are trapped in Yecheng today, but our brothers, I believe that Brother Li Tian and the third son of You Ming will also go through fire and water." said the landlord of the evil sky eagle.

"Hahaha, what else is there to say! Just \*\*\*\*\* them! Human domain master-level powerhouses, our brothers are not unkillable, if we can have the power of the saint, I also want to capture a few domain masters Come and play as a mount!" said the Yinmoyin cattle domain master.

"Thank you three elder brothers!" Li Tian grasped the hands of several brothers tightly, and said moved!

Hearing the conversation of Yin Mo Yin Niu Yuyu and others, You Yinrou couldn't help shaking his head.

Youanrou had already informed Li Tian about everything about the Third Young Master, including the changes in Zhao Ritian's attitude towards Li Tian, but Li Tian still made this choice.

Isn't it worth it?

But did you feel that way in You Yinrou's heart.

"No matter what decision Li Tian makes, since I am your woman, I will stand by your side." You Yinrou thought in her heart.

You Yinrou practiced "Nine Nether Nine Turns Art". Now her cultivation level has gradually reached the realm of the emperor, and only needs to break through to the realm of the domain master again, then the shadow of the dark will no longer need to fall to the realm and become true. Lord of the Dark Domain.

The Yinmoyin Bull Territory Lord suddenly said: "Brother Li Tian, we met your bird when we descended to Shengfeng Mountain! Your bird is so big..."

I rub, what are these words? bird?

"Mutated crow?" Li Tian suddenly reacted.

"Mutated Crow? Shouldn't it be the Dark Sacred Crow? Leave him alone, it's your bird anyway! When we went down the mountain, we told your bird about the difficulties you encountered..."
