

A Killer 4631

Chapter 4631: : Li Tian's Bird

"Moreover, your bird can now be transformed into a human form, but..."

Before listening to the words of Yin Mo Yin Niu Territory Lord, Li Tian's heart was agitated.

How can this be?

How could this be?

Li Tian couldn't believe his ears now!

Can the mutant crow become human?

Domain master realm?

Has the mutant crow reached the realm of the domain master?

Unexpectedly, the mutant crow would come to Li Tian and the others!

"Haha, okay, it's really great! I didn't expect my bird to have reached the realm of the domain master..." Li Tian jumped up uncontrollably, excited, don't want it!

Although the landlord of Tiansha Tianji couldn't bear it, he still interrupted Li Tian's infinite reverie.

"I think you have misunderstood! Although your bird can transform, but..."

There was an ominous hunch in Li Tian's heart.

The Lord of Yinmo Yinniu Territory was interrupted by Li Tian before he finished speaking. Li Tian remembered that the Lord of Yinmo Yinniu Territory finally seemed to have the word "but" as a turning point. Now the Lord of the Heavenly Buzzard is here again. A'but'.

I rub! Can't you finish talking in one go?

The Lord of Tiangangyan Raccoon Territory smiled slightly and said, "Brother Li Tian, we don't know what the reason is for your bird. His transformation is somewhat different from ours, as if he has not completely transformed. It's difficult to describe it to you in words, I may draw it for you, maybe it's easier for you to understand!"

Speaking of Tiangangyan, the raccoon domain master picked up the stone and drew on a stone surface.

The master of Tiangangyan raccoon domain is still quite good, at least he didn't turn the mutant crow into an abstract painting.

Seeing the appearance of the mutant crow, Li Tian was even more shocked!

"Xiaolong, Ningbing, come and take a look!" Li Tian greeted.

When Tang Xiaolong and Situ Ningbing saw the mutant crow drawn by the master of Tiangangyan raccoon region, their faces showed shocked expressions at the same time.

"This...this is a mutant crow? I think it looks like Lei Zhenzi?" Tang Xiaolong said in surprise.

That's right, because the mutant crow is not completely transformed, the wings, beaks, and claws of the birds are proudly preserved, but the head is more like a human, and two arms have grown under the wings.

"Brother Li Tian, although your bird cultivation has not reached the realm of the domain master, it has already reached the realm of the emperor. What surprised us is that it is impossible for the nether beasts of the realm of the emperor to transform. This is our first I saw this once!" said Tiangangyan raccoon domain master.

Li Tian let out a sigh of relief!

The realm of the emperor looks good.

And Li Tian was not unacceptable that the mutant crow turned into the appearance of Lei Zhenzi.

The right way is: if you want to plant flowers but not bloom, unintentionally plant willows and willows!

Li Tian never expected that he would allow the mutant crow to subdue all the dark saint crows on the summit of the holy peak. In this short period of more than two years, the mutant crow could break through to the realm of the emperor.

Tsk tsk, No loss is the King of the Dark Sacred Crow.

"Brother Li Tian, your bird heard that you are encountering difficulties, and the dark crows with the holy peak are looking here to catch them. I believe your bird can definitely be a big help for you!" The Lord Niu said with a smile.

Let alone the mutant crows with the strength of the emperor, they are just ordinary dark saint crows. Li Tian and others have also experienced them when they climbed the top of the holy peak.

Although the cultivation base of these dark sacred crows has not yet reached the realm of the emperor, the cultivation base of those dark sacred crows is also in the eighth or ninth level of the sage. The most important thing is that whether it is 'heavy' or 'domain', for these holy crows who are accustomed to the power of the demigod, they can completely ignore it.

Moreover, the number of these dark saint crows is huge, and the sky is overwhelming. Just looking at the number, it feels quite spectacular.

Now that Zai and their king mutant crow possess human wisdom, the strength of these dark saint crows can definitely be brought into full play.

"Great! My bird can finally come in handy!" Li Tian clenched his fists and exclaimed hello in excitement.

Tang Xiaolong sighed and said, "Tsk tsk, even the mutant crow has reached the realm of the emperor, it seems that we don't work hard to cultivate, it is really impossible!"

Others also echoed.

The mutant crows that used to be Li Tian's mounts have all risen. What reason do they, Li Tian's brothers and Li Tian's women, do not work hard to cultivate?

However, only the cultivation base of the mutant crow has reached the realm of the emperor, and the other saint crows have not reached this realm, so naturally there is no way to compare with the master of the Yinmo Silver Bull Territory when on the road.

"Well, there are three days left, then we will wait here for the last three days!" Li Tian said.

...

Three days is fleeting for Li Tian and others.

What made Li Tian regret was that the mutant crows and the dark saint crows did not rush to Pumice Town.

"Let's wait! Let's set off and aim for Yecheng!" Li Tian stood up, brought all the Little Huohuo, Vicious Dog, and Little Blue Tile out of the space and shouted.

"it is good!"

"Go!"

"Fuck them!"

Everyone geared up and shouted in disorder.

Li Tian's side, not counting the elders in the Nether Academy of the Super God family, besides Li Tian, there are now the Lord of Tiangang Flame, the Lord of the Sky Eagle, the Lord of the Yin and the Silver Bull, and the Lord of the Dark Soft Territory. , Tang Xiaolong Emperor, Situ Ning Bing Emperor, Little Hotpot Emperor, Little Blue Tile, Vicious Dog.

Of course there are more venerables in Li Tian's space, but these people who are not capable of fighting are automatically ignored by Li Tian.

And it is still unclear whether to help Li Tian's female domain master, star domain master, and Canghai domain master.

The strength of Li Tian's side is not weak.

The people (beasts) did not teleport, but slammed to Ye Cheng mightily!

Finally, it is time to fight the powerhouses at the emperor and domain master level.

Tang Xiaolong grinned, his face filled with excitement.

Situ Ningbing's face was frosty, and she couldn't see the thoughts in her heart.

The little hot pot kept hitting his fists and gearing up.

The three domain master-level Nether Beasts had their faces as usual, and they didn't seem to regard the domain masters in Yecheng as the same thing.

Only Li Tian was slightly nervous.

The domain master level powerhouse, Li Tian, with the help of the ***** of obscenity, also beheaded, but fighting with so many domain masters and emperors, Li Tian was still a little worried.

call!

Li Tianchang exhaled and adjusted his breathing.

"Fight!"

Although everyone did not use teleport, the speed was not slow. In less than half an hour, Ye Cheng's towering city wall had appeared in front of everyone.

Arrived!

Entering the city is a deadly battle!

"I'm already impatient! Fight!" Tang Xiaolong roared.

"Huh? Li, do you think the man standing in front of Yecheng city wall is Long Yin? Why is he here?" Situ Ningbing pointed to a man in front of Yecheng city wall and said.

"Long Yin? Haha, it really is Long Yin!"

When Li Tian and others saw Long Yin, Long Yin had already seen Li Tian.

Huh!

Long Yin teleported to Li Tian's side, and said to Li Tian with a serious face: "Li Tian, get out of here, you can't enter the city!"

Chapter 4632: : Worth it

Li Tian didn't expect that Long Yin's first words when he saw him turned out to be saying that he was leaving!

Although Li Tian didn't know why Long Yin appeared here, at this moment Long Yin stood up and blocked him from entering Yecheng, it must be for his safety.

Li Tian shook his head slightly and said, "Long Yin, I know you are thinking about my safety, but I can only say sorry to you today. Now there are three of my brothers and their fathers in Yecheng. Respect. Just today, they will be executed in public, and I will not die in any case!"

"Confused!" Long Yin stared angrily, roared, and said: "Do you know how many emperors and domain masters are in Yecheng now? With your strength...Huh?"

Long Yin suddenly realized that so many people around Li Tian did not have a weaker cultivation base than him, and he involuntarily exclaimed.

"Li Tian, I know that your cultivation is very strong! Your brothers, women, and helpers are very strong!"

"But, I still want to persuade you not to enter the city!"

"There are your brothers in Yecheng, you have a reason to save them! But for my Long Yin, I also have a reason to stop you from entering the city!"

"Also, the brothers in Yecheng are very important to you, aren't Tang Xiaolong and Situ Ningbing beside you important to you?"

"I can tell you with certainty that your opponents are the Lord of the Blood Territory, the Great Emperor Zichuan, the Lord of the Broken Tower, the Great Emperor of the Mountain, the Lord of the Frost Territory, and the two Eastern Palace Super Gods who followed the Lord of the Frost

Territory. Family domain master members. There are only seven domain master-level powerhouses who stand out!"

"In addition, there are also Wuji Huangzun, Huanglou Huangzun, Lei Gonghuangzun, Xiyu Huangzun, etc.! Maybe there will be other members of the Super God family who have secretly arrived in Yecheng!"

"First, measure the difference in strength between the two sides. You are now going to die! Go to die! Is it worth it? Is it worth it? Is it worth it?"

Say the important thing three times!

"Is it worth it?" Li Tian asked to himself.

In the past few months, Li Tian asked himself more than once, is it worth it?

But this question has no answer at all.

There is a reason to save the Third Young Master Nether.

There are also reasons not to save the Third Young Master.

No matter what choice he makes, Li Tian seems to be able to convince himself.

"It's worth it!" Tang Xiaolong walked to Li Tian, patted Li Tian's shoulder vigorously, and said with certainty.

Tang Xiaolong is a person who has died once. He takes his life lighter and lighter, but his brotherhood is more important than anything.

Asking himself, Tang Xiaolong thought he could die for the little boss Li Tian.

Of course, Tang Xiaolong's heart also hopes that Li Tian can take risks for him!

This is not a question of worth, it should be brotherhood!

If Li Tian chooses to escape, then Tang Xiaolong will definitely not say anything, but deep down, will Tang Xiaolong waver at this kind of brotherhood?

Brothers have this life but not the afterlife!

Since this life and the third son of You Ming became brothers, then Li Tian would not sit idly by!

"Long Yin, you let go!"

"Are you really going to the city?"

"Yes! If you, Long Yin, are trapped in the city, I will also make this choice today!"

"call!"

Long Yin let out a breath, a smile suddenly appeared on his face, and said: "I know there is no way to persuade you, so I won't stop you. But ugly said in front, I will not go to death with you, I hope you can come back alive, because your Li Tian opponent is only me, Long Yin!"

"If you die in Yecheng, my Long Yin won't help you collect the body!"

"Hahaha!"

Li Tian smiled suddenly, he smiled very happily and brightly.

Passed by Long Yin and led everyone into Yecheng with strides!

...

The square in front of Yecheng and Huangzun Mansion.

Yecheng Huangzun, Zhao Family Huangzun, Dragon Emperor Huangzun, and the three sons of You Ming knelt side by side on the square.

Behind them, it is the leader of this incident, the Blood Domain Lord and others.

A few hundred meters and thousands of meters away from the location of the three emperors and the third son of the Netherworld, the powerhouses of the Netherworld gathered in twos and threes, and the entire square was virtually enclosed.

Among these powerhouses, most of the cultivation bases have reached the early stage of the ninth level of the venerable, and the number of powerhouses in the mid-level ninth level of the venerable is more, to say less than a few hundred.

People like the Star Territory Lord, Canghai Great Emperor, Female Territory Lord, Ice Territory Lord, Dragon King Territory Lord and others were also present. In addition, the body is completely a dry bone-like Lord of the Bone Domain, a man with an elephant trunk. Other domain masters such as the elephant trunk domain master are also present.

In the entire square, in addition to the three most important kneelings in the square, the three emperors, the third son of the netherworld, and others, the two emperor-level powerhouses at the east and west ends of the square should attract the most attention.

At the east end of the square, a body height of nearly ten meters, a man who looks like a small tower standing among a group of powerful men, immediately felt a sense of standing out from the crowd.

This strong man is called the King of Fighters!

With a hint of cold arrogance on the face of the King of Fighters, his gaze scans casually over the other powerhouses around him. Every time he sees someone daring to look at him, the King of Fighters will immediately stun two big airs from his nostrils. Give the other party a good start.

As an emperor-level powerhouse, he is qualified to be cold and arrogant, and those who are weaker than his cultivation base, after seeing the cold and arrogant expression of the ten boxing king, will immediately drop their heads.

Only when the sight of the King of Fighters swept over those domain master-level powerhouses, would he lower his eyebrows and pluck his eyes for a few seconds.

The west end of the square, no, to be precise, it is at least a kilometer away from the square, and another strong man sits on the ground cross-legged. For that matter, this strong man's body is still better than all the buildings in Yecheng Even higher.

The upper body of this strong man did not wear clothes, but was like a hill, covered with flowers, plants and trees. When he sits here cross-legged, he looks like a hill from a distance.

And he is the domain master of the giant clan in the underworld!

At this time, the giant emperor was constantly stuffing his mouth.

If you look closely, you will find that it was a cow that was stuffed into his mouth.

These cows are only the size of a finger in his hand!

Every time he chewed on these cows, his body would shake involuntarily, and various small animals and birds that lodged on his body fled in a panic.

Lord Yu Frost's sight swept across slowly, and his mind was quickly calculating whether these emperor and domain master-level powerhouses who appeared in Yecheng would fall to Li Tian who had not yet appeared.

However, when his gaze fell on the Giant Domain Master, a sneer appeared on his face involuntarily.

"It is also the domain master, and how many people are the opponents of the giant domain master? This giant domain master is a helper specially invited by the Eastern Palace Super God family. Ordinary domain master-level powerhouses can resist his attack. Few! It's okay if you don't intervene. If you intervene, you will know how the dead words are written!" Yu Shuangyu thought in his heart.

The sun has climbed higher and higher, and the blood domain master can't help looking at both sides of the thing.

The three emperors and the third son of You Ming have been tied and kneeled here for more than two hours, and they have been pretending here for two hours, but why hasn't Li Tian appeared yet?

"Lord Yushuang, do you say that Li Tian will come? He won't be scared by our situation, dare not to come?" said the Lord of Blood.

As soon as the words of the blood domain master fell, all the emperor and domain master level experts present suddenly turned their heads and looked towards the southwest of the square. Just a second ago, there was an imperial-level power surge in that direction just now?

"coming!"

Chapter 4633: : Kill the corpse

Time goes back to ten minutes ago.

Although the corpse had encountered Long Yin a few days ago, and fully informed Long Yin of the situation in Yecheng, he hoped that Long Yin could prevent Li Tian from entering Yecheng.

But Shipai also knew the reason that eggs could not be put in a basket. If Long Yin failed, if Li Tian entered Yecheng, then he would still be unable to escape.

Therefore, in the past few days, the corpse kept thinking about trying to escape from the master of Frost Territory's follower.

But what he did was not as if he was about to escape. After the Lord of Frost Territory entered Yecheng, the corpses surrounded the Lord of Frost Territory almost all the time, so that the followers of Lord Frost Territory were paralyzed. main idea.

Sure enough, today Ye Cheng was in chaos, and everyone's attention was focused on the square behind Huangzun Mansion. The corpse finally found an opportunity. Taking advantage of other

people's carelessness, he slipped out of the square and quickly moved towards Ye. Fleeing outside the city.

The idea of the corpse is very simple. As long as he escapes from Yecheng, the corpse will be free, and then find a place to cat up. The cat will be a cat for ten or eight years. When the dust settles, the corpse can return to the corpse clan. , And then take a long-term plan and practice slowly.

Yecheng's streets were empty, and the corpse was running fast while looking back to see if anyone was chasing him behind him.

Yecheng City Gate was right in front of him, and the followers of Lord Yu Frost Territory hadn't noticed that the corpse had disappeared, and the corner of the corpse's mouth could not help showing a smug smile.

"Lord Yu Shuang, Li Tian, don't you all want Lao Tzu's life? Unfortunately, Lao Tzu has great luck and good luck. Lao Tzu is not dead yet, hahaha, Lao Tzu is free now! Go and play by yourself, best You can fight the fish to die, and you will die together!" Zipuo thought triumphantly in his heart.

With extreme joy and sorrow, he was about to escape from Yecheng. At this moment, Li Tian led a large number of people, including Tang Xiaolong and Situ Ningbing, suddenly appeared in front of the corpse.

The corpse suddenly became stupid!

This feeling is like a real dog!

Li Tian and Zipao face each other, and the whole world is quiet!

"No... My luck can't be so bad... This must be an illusion!" Zupai thought in his heart.

However, Li Tian teleported to the front of the corpse in the next second.

Li Tian stretched out his left hand and sent a palm to the corpse. The Heavenly Qiong Spear in his right hand slammed back, and on one side of his body, the Heavenly Qiong Spear stabs forward with his body.

This was done in one go, without the slightest sluggishness.

When Li Tian patted his left palm, he had already heard the click! Click! However, Li Tian simply slapped the corpse directly into the **** blood of his arms, and the bones of his arms were broken into scum.

puff!

Immediately afterwards, the Heavenly Qiong Spear had already penetrated the body of the little dwarf corpse, and the tip of the spear came out from behind the corpse.

Tick!

Tick!

From the body of the corpse, blood and slimy liquid continued to flow down, and the severe pain caused the corpse's facial muscles to twist and couldn't help but let out a scream.

This scream made Li Tian, Tang Xiaolong and others a little confused!

"How could this be? How could the corpse's cultivation base be weak to this level?"

When Li Tian and others first entered the Netherworld, the corpse was already a powerful person at the third level of the Venerable, and the corpse was still backed by the Lord of the Frost Territory. After two more years of cultivation, his cultivation level should have been changed. It's strong, so it's possible to be pierced in an instant?

Li Tian was looking at the corpse, only to find that the energy fluctuations in the corpse were very small, almost negligible, which means that the current corpse is just an ordinary dwarf whose cultivation has not reached the realm of cultivators.

But facing the corpse, even if he had no power to bind the chicken now, Li Tian couldn't let him go.

The Heavenly Qiong Spear pierced the body of the corpse, but as a corpse clan, the corpse did not die so easily.

"Li...Li Tian, I didn't expect that my corpse would eventually slaughter your hands! But, don't be proud of it. From the moment you walk into Yecheng, your result is doomed. Lord Yu Frost You will definitely be killed, Tang Xiaolong will definitely be killed, and your woman will be killed!"

"Ahem...Even if it is death, you and your brothers and women will be your company on the road to Huangquan. I don't die without a corpse and I have no regrets! People are about to die and their words are good, let me come. Let me tell you good news!"

"Li Tian, before you entered Yecheng, I had told Lord Yushuang about my experience in the earth world. Although the death battlefield has disappeared, it is also good to have an earth world."

"As soon as you Li Tian dies, Lord Yu Frost will immediately send someone to enter the earth world through the gate of the forbidden zone. Hahaha, when the time comes, the earth world will once again be ruled by the powerhouse of the underworld! Li Tian, you can't save anyone. , And also involve the entire earth world. Let me be buried with billions of people in the earth world, hahaha!" Zuipao said with a crazy smile with blood in his mouth.

The news was too shocking, and Li Tian couldn't be sure that what the corpse said was true or false, but it aroused the anger in Li Tian's heart.

Li Tian slammed the Qiong spear of the sky to the ground, stretched his foot on the face of the corpse, and sneered with a grimace: "As long as I Li Tian is here, no one in the earth world will want to get involved! Your corpse is not good, you The Lord Yushuang is not good either!"

With that, Li Tian's feet slammed hard, and easily crushed the head of the corpse.

The corpse didn't even have a chance to scream at the end, it had become a corpse!

"Feifei, I'm avenging you!"

The grievances are avenged, but the hatred for the corpse has not been eliminated.

What can the corpse now become a corpse!

Li Tian carried the Qiong Spear of the Sky on his shoulders, and the corpse of the corpse was still carried on the tip of the Qiong Spear of the Sky, with a gloomy face and a little bit under his feet. Go to the house.

...

"coming!"

When the Lord Yushuang Territory yelled this sentence, his followers raised the butcher knife in their hands high.

It was not enough for Li Tian to enter Yecheng. Yu Shuangyu mainly forced Li Tian to rush into the square of Huangzun Mansion, to force Li Tian to rescue the three sons of the Netherworld and the three Emperors.

The main thing in Shuangyu was that Li Tian watched his brother and the three emperors fall in a pool of blood, but he was helpless.

The Emperor Yecheng, the Emperor of the Dragon Race, and the Emperor of the Zhao Family raised their heads at the same time, looking in the direction of energy fluctuations. Although the cultivation of these three emperors is already very weak, their expressions are quite calm, and they really have a feeling of seeing death suddenly.

When there was the third son of the Netherworld, they couldn't help crying with joy.

"I knew that Brother Li Tian would definitely come to save us!"

"Did he really come to save us? Brother Li Tian actually came for us!"

"Why do I want to cry? This brother is enough in life!"

In the distance, several figures galloped towards the Huangzun Mansion Square.

"Oh? I didn't expect that Li Tian could even invite a domain master-level powerhouse to help out. We just underestimated him! But...it's a pity that you are late!" The blood domain master's mouth showed a sneer, suddenly Exploded loudly: "Cut!"

The followers of the Lord of the Frost Territory looked at the Lord of the Frost Territory at the same time. Seeing that the Lord of the Frost Territory had no objection, several followers cut down the butcher knives in their hands at the same time!

Chapter 4634: : Fight against

Li Tian's speed is not unpleasant. Li Tian, who is flying continuously on the building leaping vertically, has seen the butcher knife held high by the followers of the Lord Yushuangyu.

At this time, Li Tian continued to use gravity attacks, trying to rescue the three sons of the Netherworld from the butcher knife of the master of the frost domain. However, Ye Cheng is like a cloud right now, and Li Tian, an emperor of the emperor level, is in front of many domain masters.

boom!

boom!

Li Tian's continuous display of heavy, did not know that it was easily broken by the domain master.

Of course, at this time, Li Tian would naturally not forget to show the instant.

But at the moment Li Tian showed up, the entire Yecheng was cast by a certain domain master.

Had it not been for the Yin Mo Yin Yin Niu Domain Lord and others behind Li Tian, who kept breaking open the domains cast by other Domain Lords, I am afraid that Li Tian would not even have a chance to use them.

Li Tian's footsteps are fast, but no matter how fast Li Tian is, how can the butcher knife fall faster?

The Three Young Masters, Yecheng Emperor, Zhao Family Emperor, and Dragon Emperor are all in front of Li Tian, but Li Tian seems helpless.

Could it be that Li Tian could only watch the Three Young Masters and their fathers die tragically in front of him?

Do not!

Li Tian is not willing!

...

The moment he saw Li Tian's figure, there was a slight smile on Ye Cheng Huangzun's face.

This is not a wry smile, not a silly smile, but a smile from the heart and soul.

"It's worth it! Even if I die here today, Emperor Ye Cheng is worth it!" Ye Cheng Huangzun thought in his heart.

Ye Liangchen, Zhao Ritian, and Long Aotian are very clear about how many catties Yecheng Huangzun has. When Ye Liangchen said that his brothers would come to rescue him, Yecheng Huangzun didn't believe it.

But now, Emperor Yecheng saw it!

The man with the cultivation level of the Emperor Realm actually came to rescue them!

"You guys who are called the three silly ghosts can meet such a good brother, even if I die here, it's worth it! I'm on the road now, even if I die, I can face it with a smile!"

The butcher knife of the Master Yushuang Territory's followers was still being raised high, but Ye Chenghuangzun suddenly jumped from the ground!

"Lao Tzu used to be a powerhouse at the Emperor level. Even if he died, he could only stand and die. How could he kneel and die in the hands of you rubbish!" Ye Cheng Huangzun said with a wild smile.

I have to say that Ye Cheng Huangzun's action really shocked the followers, and naturally, their movements were slightly stagnant for a few seconds.

However, Emperor Yecheng still thought too simple!

Behind them, there are a few strong domain masters alone. Blood domain master, Zichuan Great Emperor, Yushuang Domain master and others, since they want them to die on their knees, it is absolutely impossible for them to stand up and die!

A powerful coercion fell from the sky, instantly pressing on Ye Cheng Huangzun.

If Ye Chenghuangzun's current strength allows him to carry a heavy burden, then the coercion exerted on him is ten thousand catties, even heavier than ten thousand catties!

Without any suspense, the moment Ye Chenghuangzun jumped up, he knelt down again.

Click! There was a loud noise from Ye Cheng Huangzun's legs, his leg broke from Ye Cheng Huangzun's knee, and his two calves were instantly crushed into a pile of ***** scum!

Do not!

This is not kneeling!

But the body of Emperor Ye Cheng is half short.

puff!

Emperor Yecheng suddenly spouted blood!

With his current cultivation base, it is completely impossible to resist the weight of the domain master-level powerhouse!

If it weren't for the mercy of the domain master who used his heavy hand, compared to the current picture, it would be that Yecheng Emperor had been crushed into a pool of scum.

In just an instant, Ye Cheng Huangzun had already become like this. For a while, the strong men on the square couldn't help but withdrew a few steps back.

"Father!" Ye Liangchen yelled with painful expression!

"I can't help myself, do you really think that such a waste as Li Tian can save you from here?" The Blood Domain Lord said with a sneer.

"Asshole, I fight with you!"

Among the electric light and flint, the Dragon Emperor and the Zhao Family Emperor made the same choice.

At this moment, they were not fighting or rebelling as the emperor, but as fathers protecting the third son of Netherworld.

As long as they can get a few seconds, no, even if it is a second, the brothers of the Third Young Master, Li Tian and others may rush over and rescue the Third Young Master from here!

The praying man's arm is a car, and he doesn't know his own strength.

If they still have the realm of the emperor, they may be able to resist for a few minutes.

However, their current cultivation base, for the domain master-level strong, is already weak and can be completely ignored.

Although this move is very tragic, but it has no use at all!

Click!

Click!

Two loud noises came out from the legs of the Emperor Zhao Family and the Dragon Emperor.

Needless to say, the two once majestic emperors are also kneeling!

But their actions bought Li Tian a few seconds!

...

In just a few seconds, Li Tian had already galloped for several hundred meters, getting closer to Yecheng Huangzun Mansion Square.

Li Tian roared: "You dark and soft! Shoot me those bastards!"

There is no need for Li Tian to deliberately greet, the dark soft behind Li Tian broke through to the realm of the domain master in an instant, and she has already taken up the strong bow in her hand, with three heavy arrows on the bowstring, boom! The ground shot out.

Whoosh!

Whoosh!

Whoosh!

The powerful spiritual force rolled three heavy arrows, making the speed of the heavy arrows almost reach the speed of light.

In this second, I heard the sound of the bowstring, and in the next second, the heavy arrow was shining with light, and it was instantly shot towards the followers of the Lord Yu Frost!

Faced with this sudden change, the eyes of the followers of the Lord of Frost Territory showed horror involuntarily, and subconsciously picked up the heavy arrows with the blade of their hands.

However, all of this was in vain. How could the heavy arrows shot by the domain master-level powerhouses that they were only able to provoke the Venerable level seven or eight-level?

puff!

puff!

The heavy arrow shot by You Yinrou pierced the blade in their hands and passed through their bodies.

After the heavy arrow, the baby's arms were thinner, but when the heavy arrow passed through their bodies, a hole thicker than the mouth of the bowl appeared in the body of these followers.

"No... impossible..."

"Domain Master...Domain Master...Save me..."

These venerable followers turned their heads to look at the Frost Territory Lord at the same time. They did not expect that they would be killed like this in front of the Frost Territory Lord.

Whoosh!

Three heavy arrows, killing six people at the same time, then instantly flew back to the hands of You Yinrou!

Tick!

Tick!

Blood is still dripping from the heavy arrow!

The square was quiet in an instant!

When fighting with the tiger flood domain master, the dark soft three heavy arrows were broken by the tiger flood domain master, leaving only one heavy arrow to be used.

While You Anrou was sad, Li Tian picked up the broken heavy arrow, and every few days, Li Tian gave the heavy arrow intact to You Anrou.

Moreover, the heavy arrow was also carved with a heart-piercing symbol.

You dark and soft knew that this was the masterpiece of those skilled craftsmen in Li Tiantian's Qiong Spear, so Li Tian consumed a lot of precious ore from the dark forest.

The wind blows, and everyone's clothes are blowing and hunting!

Lord Yu Shuangyu looked into the open air, with a cold smile on the corner of his mouth, took a step forward, raised the weapon in his hand, 'Red Slash', and snorted coldly, and said: "Huh! I am going to kill no one yet. Who can stop it!"

In the next second, a ray of light flashed across the sky, but the spear of the sky was heavily pierced in front of the Lord of Frostland.

And on the Qiong Spear of the sky, there was still a **** corpse.

Chapter 4635: : Fight against each other

"Corps!"

The corpse that Yushuang Domain Master recognized as being inhuman was exactly the corpse that followed him for more than ten years.

The corner of Yu Shuangyu's mouth was slightly tilted, a cold color flashed across his face, he suddenly raised his head and looked at Li Tian, who had already fallen on the square.

Huh!

Huh!

Huh!

A group of figures flashed past, falling on Li Tian one after another!

The emperor, the domain master, and the powerful men who appeared on the square following Li Tian did not seem to be afraid of the powerful pressure released from the Frost Domain Master, the Blood Domain Master and others. This kind of provocative eyes stared at Lord Yu Frost and others.

At this moment, there was a sudden commotion among the crowd watching in the square.

"That... is that the Qiong Spear of the Sky? It was during the Battle of Ten Thousand Gods Mountain..."

When the focus of the Frostland Lord and the others was still on the corpse of the corpse, and Li Tian and others who followed closely, some of the onlookers recognized the Qiqiong spear of the sky thrown out by Li Tian.

Although the words of this strong man have not been finished, the eyes of almost all the emperor and domain masters present have already involuntarily landed on the spear of heaven.

Many of them have not experienced the battle of the Ten Thousand Gods Mountain, but this does not affect the fear caused by the Battle of the Ten Thousand Gods Mountain.

At this moment, because of the appearance of the Qiong Spear of the Sky, these ninth-level powerhouses, emperors, and domain masters who can dominate in the Nether Realm can not help but think of the mysterious and powerful woman in the battle of the Ten Thousand Gods Mountain.

"Why does this weapon appear here?"

"Will that mysterious and powerful woman appear?"

"Should... Maybe not! Since the Battle of the Ten Thousand Gods Mountain, the woman and her weapons have disappeared, but I didn't expect to appear here today!"

"Li Tian! Just now I saw that this weapon was shot by Li Tian! Is there any connection between Li Tian and that woman? If this is the case, it is not difficult to explain why Li Tian dared to appear here!"

"Could it be that Netherworld Academy stood behind Li Tian for this reason? Did he not hesitate to offend the Super God Family to keep Li Tian?"

The powerful people onlookers talked in a low voice.

Among these people, the female domain master, who had already understood everything, looked frosty, folded her arms across her chest, and looked at the center of the square with cold eyes.

The star domain master's eyes fluctuated slightly. He had already learned from Xingchen Xiaoyue that there was an artifact in Li Tian's hand, but he didn't expect that the artifact was actually the weapon of the mysterious woman who fought in the battle of Wanshen Mountain.

"It seems that Xingchen Xiaoyue has met a great person. In this case, I can't justify it if I stand by!" The Star Domain Master thought.

The Great Emperor Canghai had the same idea as the host of the Star Domain.

Although the Great Emperor Canghai said that he would not help Tang Xiaolong or Li Tian, how could he be missing from such a big incident? After seeing Li Tian and the emperors behind Li Tian, the domain masters At that time, there were some fluctuations in the heart of the Great Emperor Canghai, and the moment the Qiong Spear of the day was recognized, the Great Emperor Canghai had already made up his mind to stand on Li Tian's side.

There was a trace of greed in the blood domain master's eyes, staring at the spear of the sky.

Among the powerhouses whose cultivation base reached the ninth level or above, few used weapons.

Because when they are fully fired and fully release their spiritual power and perform attacks, weapons and weapons forged from ordinary materials will be swallowed and decomposed by powerful spiritual power. Not only can they not improve their combat capabilities, but it will affect them. Play.

Therefore, more powerhouses use their spiritual power to release their spiritual power and condense their spiritual power into a weapon to fight.

Of course, a few emperor and domain master level powerhouses can get lucky with the sword of the gods, such as dark and soft.

However, even the dark and soft weapons are only forged from the more precious metal minerals in the Nether Realm. When she fights, the heavy arrows in her hand are more of an aid.

Even so, the combat effectiveness of the dark soft was also improved.

Therefore, the hearts of these emperors and domain masters are very clear, as long as they have the appropriate weapons to help them, their combat capabilities will be greatly improved, allowing them to have a stronger voice in the underworld!

The blood domain master, as the few domain masters who had escaped from the battle of the Ten Thousand God Mountain, had seen the power of the Qiong Lance of the sky.

Therefore, his heart is full of longing for the spear of heaven.

Huh!

The blood domain master instantly teleported to the side of the heavenly spear, and reached out to grab the heavenly spear.

But at this moment, the blood domain master suddenly felt a domain wheel cover around his body, and in an instant, he lost control of his body.

boom!

It is also a strong domain master, how could the blood domain master be controlled by the domain of other domain masters, his whole body exploded, and he broke this domain instantly.

Huh!

A graceful figure appeared in front of him, but it was the female domain master!

The female domain master's face is still cold, her eyes staring at the blood domain master like a cold blade, and the smile on her face is more like a blade, giving people a shuddering feeling.

"This thing does not belong to you!" said the female domain master.

The blood domain master sneered and said: "I didn't expect our female domain master to be interested in the weapon. If you want to get this weapon, please show your true ability!"

Although the two of them haven't used their fists yet, as domain master-level powerhouses, they have used 'Zhong' and 'domain' invisibly more than a dozen times. Both of them are domain masters who have survived the battle of the Ten Thousand Gods Mountain. The cultivation bases of the two are almost the same, and naturally no one can do anything about the opponent for a while.

...

The Qiong Spear of the Sky is Li Tian's weapon, and Li Tian throws it out to stop the Lord Yu Frost, but he doesn't want to just throw the Qiong Spear of the Sky.

As soon as Li Tian stretched out his right hand, the Qiong Spear of the sky returned to Li Tian's hand with a whistling sound.

Master Yu Shuang held the Red Sword in his hand, staring at Li Tian coldly, and said, "Boy, you really make me look at me! But even if the female domain master comes out to help you, the people you brought are not enough for me to see. !"

Huh!

Lord Yushuang Domain pointed Hong Zhan at the Third Young Master Nether, and continued with a sneer: "Want to save them? Let me see how powerful your helpers have!"

As soon as Yu Shuangyu's master's voice fell, the Wuji Huangzun, Huanglou Huangzun, Lei Gong Huangzun, and Xiyu Huangzun came out first.

"As a young man, I must have my own consciousness. Come here, your opponent is my uncle!" The little hot pot leaped forward and pointed at Wuji Huangzun and continued: "Yes, I mean uncle. It's you, aren't you the emperor? Come and fight with me!"

Wuji Huangzun sneered and said: "Things that are not deadly, it is estimated that it has not been a few days after breaking through the realm of Huangzun, that they dare to speak to the Taoist master. Today, the Taoist master will beat you back to the realm of cultivators and let you Practice again!"

Huh!

Huh!

Tang Xiaolong, Situ Ningbing, Xiao Qingwa and Vicious Dog found their opponents almost simultaneously.

Tang Xiaolong's goal is Huanglou Huangzun, Situ Ningbing's opponent is Xiyu Huangzun, and Xiaoqingwa and Vicious Dog's opponent is Thunderbird Huangzun.

"One, two, three, four..., Brother Li Tian, let you solve the ugly force in front of you! The remaining three domain masters will be solved by our three brothers!" Yin Mo Yin Niu Pointing to the Great Emperor Zichuan, the master of the broken tower, and the master of the capture mountain, said with a smile.

Chapter 4636: : The King of Fighters (1)

As a long-established domain master, the domain master of Broken Tower was called for battle by a little-known person like Yin Mo Yin Niu. The face of the domain master of Broken Tower was a little unsightly, and the anger in his heart could not be concealed.

"Since you want to die, I will fulfill you!"

The Broken Tower Domain Master roared, and his whole body's spiritual power exploded. His feet lightly touched the ground, and his figure suddenly blasted towards the Yin Devil Silver Bull Domain Master.

"Good coming!"

Facing the fierce anger of the Broken Tower Domain Lord, the Yinmo Silver Bull Territory Lord remained relaxed, and did not retreat but moved forward. A little bit below his feet, the heavy boulder on the square under his feet instantly shattered into powder, and the Yin Demon Silver Bull Territory Lord's figure also looked like Like lightning, rushed over.

Two lightnings!

boom!

The two domain masters collided.

The same domain master-level powerhouses, the two were only tentative attacks, but the huge energy fluctuations caused the onlookers to step back involuntarily.

The Emperor Yecheng, the Emperor of the Zhao Family, and the Emperor of the Dragon Race who are closer to these two people have to bear more. The three emperors who have lost their legs were blasted out more than ten meters away, leaving a few on the ground. Dao bloodstains.

The cultivation base of the Third Young Master is stronger than Ye Cheng Huangzun and others, but they are also overturned to the ground.

The two domain masters immediately opened, and the Broken Tower domain master stepped back a few steps, secretly surprised: "I didn't expect that this guy is not weak! It seems that I need to use all my strength."

With the powerful attack of the Broken Tower Domain Master, the Yin Devil Silver Bull Territory Lord turned his figure backwards, but he had already jumped out of the square and leaped onto a three- or four-story building.

"The legendary domain master's strength is nothing more than this! Just rely on your strength to deal with me, it is not always certain who we live and who die!" Yin Mo Yin Niu domain master sneered.

The Territory Broken Tower has never been insulted by this, without saying a word, directly chasing the Yin Mo Yin Niu Territory.

At the same time, the Tiangangyan raccoon domain master smiled and said to Emperor Zichuan, "Let me be your opponent!"

"You want to die, I don't have any opinion!" said Emperor Zichuan.

These two powerful domain masters did not have the slightest arrogance, as if they were two friends who had reunited for a long time. The Tiangangyan raccoon domain master turned around and left, but the Emperor Zichuan did not attack, and walked out slightly. .

However, when the two of them had just walked out of the crowd less than a few kilometers, there was a strong energy fluctuation in that direction. The next house seemed to have been hit by a missile and collapsed in an instant.

The Great Emperor Qinshan looked at the Lord of the Evil Heavenly Eagle, smiled slightly, and said: "It seems that you have no choice, and your opponent is me! How about we too?"

The Great Emperor Captured Mountain was invited. He didn't actually have much malice towards Li Tian and others, but since he was already on the side of Emperor Zichuan, the Lord of the Blood Domain, and others, it would not seem very attractive if he didn't take action. .

The Lord of the Heavenly Buzzard Nodded and said: "It doesn't matter who it is, you all have to die anyway!"

The face of Emperor Qinshan suddenly seemed to be arsenic, and it was extremely dark and ugly.

The guy with the sharp-mouthed monkey cheeks in front of you is too good at chatting, don't you see that I am not malicious to you? Can you still play happily?

Emperor Qinshan gave a wry smile and said, "Should we also go to fight outside the city? The Lord of the Blood Domain went to the east of the city just now, and Emperor Zichuan went to the west of the city. Let's go to the north of the city!"

"Where the loess doesn't bury people, since you are dead, you have the right to choose a good place!" said the territories of the terrible eagle.

No matter how good the temper of Emperor Qinshan is, he is still very angry at this time. If he does not give the master of Disha Tianjiu domain a color, he is not Emperor Qinshan, he is not a powerful person at the domain master level. !

The Great Emperor Qinshan roared, and his spiritual power was released, and instantly condensed into a heavy hill with a height of more than tens of meters, and smashed it heavily towards the Lord of the Earth Buzzard!

The same domain master level powerhouse, the terrible evil sky eagle domain master put away his contempt, and instantly returned to his original form.

A body is almost several times larger than the spirit mountain released by the Great Emperor Qinshan. Nether Beast, Underworld Eagle, Lord of the Heavenly Eagle, Huhu! With his wings flashing, he swayed straight up, and easily lifted the Lingshan Mountain with his back spine, thinking about flying out to the north of the city.

The master of the capture mountain was shocked!

Although the spirit mountain he is now condensed with spiritual power is still one-third of his strongest strength, the spirit mountain that descends from the sky is very powerful, but the weight is less than hundreds of thousands of tons, but this earth is terrible. The eagle domain master turned into its original form and flew away with his spirit mountain on his back.

"Huh, it's getting more and more interesting!" The master of the captured mountain flew up, speeding up the memory of the master of the earth evil sky eagle.

The faces of these powerful men who were onlookers around the square had excited expressions.

"It's a worthwhile trip! This is just so exciting at the beginning!"

"Yes, the emperor to the emperor, the domain master to the domain master, did not expect that Li Tian's helpers are not weak at all!"

"Tsk tsk, it seems that it is not easy for the master of the broken tower, the great Zichuan, and the great mountain to win easily! However, Li Tian, who only has the strength of the emperor, can only deal with the master of the frost. It seems that the real protagonist of this incident seems a bit dangerous what!"

"What is called is a bit dangerous! I think he is dead! The Lord Yushuang is not comparable to these newly promoted domain masters like Emperor Zichuan. He is the domain master ten thousand years ago, and now he has the help of Hong Zhan, I am afraid Li Tian There is no resistance at all!"

"You say that, it really makes sense!"

Hong Zhan is the demon soldiers exiled to other worlds by the domain masters and emperors of the Netherworld through the gate of the forbidden zone, but after the Frost Domain master got the red slash, the other domain masters and emperors did not mention exile Cut the topic.

Just because behind the Frostland Lord is the Eastern Palace Super God Family!

Master Yu Frost looked around, his brows slightly raised.

The Emperor Wuji was completely involved in the small hot pot. Although the battle between the two was not as fierce and fierce as the battle at the domain master level, it was intractable. What made the Lord Yushuangyu upset was that the small hot pot had the upper hand slightly.

However, Lord Yu Frost is not worried, he still recognizes the strength of Wuji Emperor!

The Promise Emperor seems to be in the next big chess game, as long as his layout is completed, Lord Yu Frost believes that the small hot pot can only be captured!

In the distance, Tang Xiaolong, who had reached the realm of the emperor, kept blasting the domain lord of the Yellow Mansion with heavy fists in a single force of ten guilds.

Who could have imagined that when Tang Xiaolong reached the realm of Emperor Zun, his "Ten Refining Body" could actually reach a new level, and now Tang Xiaolong's double fists are entwined with black spiritual power, and his double fists blast every time, It seems that the air is stagnant.

However, as a veteran emperor, Huanglou Huangzun's face is always relaxed.

"Boy, do you think you can become an emperor with brute force alone? Too weak, too weak! Today I will let you see the true king of fighters in the underworld!" Huang Lou's figure kept dodge, already Lead Tang Xiaolong to the front of Ten Boxing King.

"Too weak? Ability to take my punch!" Tang Xiaolong said.

Tang Xiaolong punched out, and he was about to fall on Huanglou Huangzun. At this time, Huanglou Huangzun's figure flashed, and the Ten Boxing Emperor who was hiding behind him also blasted a punch at Tang Xiaolong's fist.

boom!

Chapter 4637: : The King of Fighters (2)

The power of this punch is stronger than Tang Xiaolong's.

Tang Xiaolong was caught off guard and was bombarded by the King of Fighters. He only felt his arms numb, and a powerful backlash force poured into his body, rushing straight, making Tang Xiaolong feel abnormally uncomfortable.

Fortunately, the goal of the King of Fighters is to fight Tang Xiaolong. If the blow of the King of Fighters is a sneak attack on Tang Xiaolong, Tang Xiaolong may already have been severely injured.

The Emperor of Ten Fights blasted Tang Xiaolong back with a punch, but his face was not easy.

At this time, the arm of the King of Fighters was also a little numb.

The fist collided with that blow just now, and the King of Fighters felt the bones on his arm bear a weight attack that he had never endured.

"So strong! This is the first time I have met such a master fist in the Netherworld!"

At this moment, the heart of the King of Fighters was full of excitement, and he really felt sympathy for Tang Xiaolong and the King of Fighters.

"Ten King of Fighters, let me wish you a helping hand!" Huang Lou Huang Zun was avoiding Tang Xiaolong's attack, and the moment he saw King of Fighters and Tang Xiaolong face each other, he shouted to King of Fighters.

He shouted this way, and did the same.

Huang Lou Huang Zun's figure flashed, and a golden, slightly transparent, nine-story yellow building appeared around his body, instantly enclosing Tang Xiaolong, the Emperor of Ten Fights and his wheels.

This golden yellow building is formed by Huanglou Huangzun with powerful spiritual power. Although this yellow building is not as abnormal as a domain master-level domain, it can completely lose resistance when trapped, but it can also quietly disappear. Take a deep breath to absorb the explosion of spiritual power to consolidate the nine-story yellow building.

Tang Xiaolong is the emperor, and his cultivation is not weak, but he has to face the two powerhouses of Huanglou Huangzun and the Emperor of Ten Boxing at the same time, but he does not have this confidence.

Tang Xiaolong swiftly retreated. As soon as he withdrew less than ten meters, his body hit the wall of the nine-story yellow building, and he could no longer move back.

"Hey, do you want to rush out of my nine-story yellow building? Now you have two options. The first is to use your strength to break through the nine-story yellow building, but it is a pity that I have practiced this kind of exercise From the beginning to the present, there has never been a powerful emperor who can break through my nine-story yellow building!"

"Of course, you still have a second choice, that is, come and kill my Huanglou Huangzun! People die and the lamp will be off. As long as you can kill me, this nine-story yellow building will be destroyed without attack!" Huang Louhuang Zun said with a smug sneer.

As soon as the Huanglou Huangzun spoke, the nine-story yellow building continued to collapse downward.

Of course, to be precise, this is not actually a collapse, but the nine-storey yellow building has a wheel cover one layer below it, just like a matryoshka. For each lower layer, the spiritual wall of the nine-story yellow building Just thicken one layer.

Nine levels of spiritual power, it is not easy to break through!

Tang Xiaolong roared and raised his fist against the wall in a frenzied bombardment.

boom!

boom!

boom!

Tang Xiaolong's strength is not weak. With every punch, there will be a few cracks in the innermost wall of the yellow building. It seems that as long as the bombardment continues, the wall will collapse.

Huanglou Huangzun did not sneak attack on Tang Xiaolong. On the contrary, there was a sneer on the corners of his mouth: "Boy, keep banging! When you find that your spiritual power is constantly weakening, I will be there. Come and clean up you!"

"Boy, don't do anything in vain! Huanglou Huangzun may not be as strong as your attacking combat power, but his nine-story yellow building defense is the strongest among all the emperors in the Netherworld! Now, you have to go out of this nine-story yellow building, the only chance is to kill Huanglou Huangzun, but you have to pass my level first!" The Ten Boxing Kings said to Tang Xiaolong.

...

When Tang Xiaolong was trapped in the nine-story yellow building by Huanglou Huangzun, Li Tian was entangled by the Lord Yu Frost.

As Li Tian, who had once killed a domain master-level powerhouse, although his cultivation was only in the realm of the emperor, Li Tian was not surprised by the frost domain master.

However, this is different from the Frost Domain Master, and the combat skills and actual combat experience are far better than Li Tian.

Li Tian has the heart to help Tang Xiaolong, but he can do nothing!

"Li Tian, do you really want to save your brother? He should be called Tang Xiaolong, right? A powerhouse at the Emperor's level, he can barely reach the peak in the Nether Realm, but unfortunately, he decided because of your stupidity I'm going to put him in danger!"

"Li Tian, give full play to your strongest potential and use your full strength to deal with me. Only if you defeat me can you help Tang Xiaolong. Otherwise, you can only watch your good brother die in that nine. In the yellow building!" Yu Frost Domain Master kept stimulating Li Tian.

Huh!

Huh!

Hong Zhan flashed a red light in front of Li Tian, driving Li Tian into despair almost every time, but every time Li Tian reluctantly avoided it!

Yu Shuangyu was confident on the surface, but his heart was full of surprise for Li Tian.

An emperor-level powerhouse, when faced with an attack from his domain master-level powerhouse, his composure and strength displayed made him the domain-master-level powerhouse also had to Admiringly.

Especially when the Lord Yu Frost is casting the domain and wants to capture Li Tian alive and control Li Tian, a strange energy will be released from Li Tian, which instantly breaks his domain.

In other words, although Li Tian has only the realm of Emperor Zun, the domain of the domain master level is completely invalid for Li Tian.

It is precisely because of this incomprehension that the Lord Yushuangyu constantly uses words to stimulate Li Tian, wanting to make Li Tian go wrong!

Li Tian single-minded and double-purposed, while fighting Yushuang Domain Lord, while quickly analyzing the situation on the entire battlefield.

Although the two Nether Beasts, Xiaoqingwa and Vicious Dog, did not reach the realm of the emperor, when facing the Emperor Thunder, they seemed to be able to do so, at least from the situation.

But in order to gain an overwhelming advantage, Little Blue Tile and the Vicious Dog couldn't do it, so it was impossible to want the Vicious Dog and Little Blue Tile to rescue Tang Xiaolong.

Li Tian repelled the Lord of Frost with a single move, and his eyes fell on Situ Ningbing again.

In the Nether Academy, Situ Ningbing was personally directed by the old dean, which allowed her cultivation to reach the realm of the emperor in a short time. And Situ Ningbing did not give up the practice of "Qing Yun", when he reached the realm of the emperor, Situ Ningbing's "Qing Yun" has also been greatly improved.

At this time, there were three to seventy-one purple lotus flowers around Situ Ningbing's body. These purple lotus flowers appeared in the three directions of Situ Ningbing's body in three Big Dipper formations, just like the character of Guardian Situ. Freezing.

Just like this, Situ Ningbing was facing the mighty Emperor Xi and Yu, and he didn't fall into a disadvantage.

Emperor Xiyu is by no means a general generation. His spiritual power is condensed into a cyan python that is dozens of feet long. The body of this cyan python keeps coiling around Situ Ningbing, seeming to want to make Situ Ning. The ice entangles to death.

Situ Ningbing can win without losing!

Facing the Wuji Emperor, the little hot pot stood on the upper hand everywhere. From the situation, it seemed that the little hot pot was only one step away from victory, but the Wuji Emperor was calm and relaxed and did not pay attention to the attack of the little hot pot at all.

"Now I am afraid I can only hope that the small hot pot can defeat the Wuji Emperor early...wait!" Li Tian suddenly felt a little alert in his heart, and immediately shouted at the small hot pot: "Little hot pot, be careful!"

Chapter 4638: : The King of Fighters (3)

When Li Tian yelled this sentence, everything was too late!

At the feet of the Wuji Emperor, a giant Yin Yang fish Tai Chi pattern with a total area of nearly 700 to 800 square meters suddenly appeared. The location of the small hot pot is the white-eyed yin fish of the black fish, and the position of the Emperor Wuji is the black-eyed yang fish of the white fish.

"Hey, boy Li Tian, the Wuji Emperor's secret technique "Wuji Yin Yang Fish" has been launched, and the imperial superior level powerhouse is trapped in it, and he will die forever! Hahaha!" Yu Shuangyu said with a wild smile.

...

The Great Emperor Canghai frowned slightly when he saw this situation.

The preparations of Li Tian and others were not inadequate, but the Great Emperor Canghai didn't expect that a Ten Boxing King would suddenly come out of this crowd. It was precisely because of the Ten Boxing King's intervention that Tang Xiaolong was now in trouble.

"Let me help you, lest the vicissitudes of life sweet little girl will say that I will die!" The Great Emperor Canghai thought in his heart.

Huh!

The Great Emperor Canghai flashed, and instantly appeared on the periphery of the nine-story yellow building, and his arms slapped from back to front. There was a huge wave behind him instantly, like a tsunami, and he slammed into the nine-story yellow building. floor.

The domain master-level powerhouse shot, as long as they succeed, the nine-story yellow building is bound to be shot apart.

At this moment, a black figure stood in front of the vicissitudes of life.

The palms of the black figure folded suddenly to the left and right, and a black high wall blocked in front of the nine-story yellow building.

boom!

The great tsunami waves of the Great Emperor Canghai hit the black high wall, and the black high wall shook violently, but the black high wall looked like a boulder on the coast, but completely blocked the tsunami wave.

"Emperor Canghai, children's game, it's not good for you, a domain master-level powerhouse, to intervene rashly. If you want to play, let my Donggong Ancient Sword come and play with you!" The black figure sneered. Said.

This dark shadow was the person who followed the Frost Domain Lord and arrived at the East Palace of the Super God Family in Yecheng at the same time. The elders and domain masters of the Nether Academy resisted the members of the East Palace and the Sanlu Super God Family to assist Ye Cheng, but They did not expect that the Eastern Palace Super God family had already sent two domain master-level powerhouses to follow Lord Yu Frost to the kingdom of Lord Yu Frost!

The Great Emperor Canghai thought for a while, but shook his head slightly, and said with a smile: "I'm just curious how strong this nine-color yellow building is and how strong is its defense. Since the Donggong family doesn't want me to interfere, then I will not interfere. Exactly! But..."

"But what?"

"Nothing, I'm just as curious about the Donggong Super God Family, and also curious about the exercises you just performed. Why don't we go to Ouang to discuss and discuss together, maybe it will be helpful to our cultivation?" Said with a smile.

The Great Emperor Canghai did not have the awakening that he wanted to be immortal with the Super God Family. Since the Donggong Ancient Sword stopped his attack, it was that the Donggong family did not want other domain owners to intervene in this matter, and the most he could do was to involve the Donggong. Ancient sword, don't let Donggong Ancient Sword add chaos to Li Tian and others.

In the crowd of onlookers, the Star Domain Master and Star Aria stood together, and the Star Domain Master repeatedly urged the Star Domain Master to assist in the fight, but they were all ignored by the Star Domain Master.

The desire of the Star Domain Master to go out to fight was not very strong. Besides, he is now being stared at by another domain master-level powerhouse of the Eastern Palace Super God family, the Eastern Palace Hidden Sword, as long as the Star Domain Master intervenes in Li Tian and others. In human battles, the Donggong Tibetan Sword will definitely come out unceremoniously to stop it.

The Star Domain Master was waiting. Although Li Tian resisted the attack of the Frost Domain Master with the strength of the emperor, the Star Domain Master had already felt particularly shocked, but this did not make him determined.

He is waiting for the opportunity.

If Li Tian and his assistants can defeat the Frostland Lord and others, or occupy a great advantage, the Starland Lord will be happy to add to the cake. As for the matter of giving charcoal in the snow, forget it!

...

call!

In the nine-story yellow building, Tang Xiaolong let out a long breath!

Tang Xiaolong saw Li Tian being entangled by the Lord of the Frost Territory. Others such as Little Hot Pot and Situ Ningbing were also caught in fierce battles, while the Great Emperor Canghai came out to help but was blocked.

In other words, among the crowd of onlookers, in addition to the Emperor of Ten Fights that was exposed just now, in addition to the exposed ancient sword of the East Palace, there are probably other strong people who are on the side of Lord Frost and others.

It is better to beg for yourself, since there is only one way out, then Tang Xiaolong can only use his fist to solve it!

"Oh? It seems that you have already figured it out! This is the best!"

"Boy, I'm very satisfied with your performance just now. You are the strongest person who has performed boxing attacks among my top ten kings of fighters who have encountered imperial powers, none of them!"

"Now, you are qualified to be respected by me, and you are qualified to challenge me, the king of fighters in the underworld. For the sake of fairness, I will not allow Huang Lou Huang Zun to interfere! Now, let us take Huang Lou Huang Zun's The nine-story yellow building serves as a ring, let's fight a life-and-death battle!" The King of Fighters beat a few fists and said coldly.

Huang Lou Huangzun did not expect the Ten Boxing Kings to make such a decision.

Since the King of Fighters wanted to play like this, he had to accompany him.

The King of Fighters is very low-key, but the strength of the King of Fighters is also considered to be the best among the Kings. If Huang Lou King of Fighters chooses the opponent to fight, he is least willing to choose the King of Fighters, and the Emperor of Promise. .

Whether the nine-story yellow building of the Huanglou Huangzun, who is good at defense, can withstand the ten punch attacks of the ten boxing kings, this has always been a mystery among the Emperors of the Underworld, and the Huanglou Huangzun hopes that this mystery will continue.

"Okay, I have no objection. Since you want to fight to the death here, then I will give in!" Huang Lou Huangzun showed a sinister sneer on his face, leaped back holding his arms and pressed tightly against them. Said the wall.

Seeing that Tang Xiaolong didn't want to precede him, the King of Fighters continued: "Don't worry, I bet on the dignity of my King of Fighters. He will definitely not intervene in our battle until the outcome of our battle is decided. Otherwise, Then I will join hands with you to deal with him!"

Huang Lou Huangzun's face immediately showed a trace of embarrassment.

Whoever said that a powerful person at the Emperor level must be upright and upright. For Huanglou Huangzun, victory is more important than fame. His plan was to take the Ten Boxing Emperor and entangle Tang Xiaolong after he was attacking. Then he joined forces with the King of Fighters to kill Tang Xiaolong, but he did not expect to be exposed by the King of Fighters.

Huang Lou Huangzun made an innocent look, as if saying that you are free, and I will never intervene in your fight!

Tang Xiaolong's face gradually showed warlike excitement, and said: "Okay, then let me challenge you to see who is the real king of fighters in the Netherworld!"

Chapter 4639: : The King of Fighters (4)

The title of Ten Boxing King comes from his martial arts "Ten Boxing"!

In the long history of the Netherworld, in the tens of thousands of years after the Battle of the Ten Thousand Gods Mountain, a group of cultivating geniuses have also emerged, and the King of Fighters is one of the best.

According to legend, when the ten king of fighters was in the realm of cultivating, he had killed the strong at the venerable level. When his cultivation reached the venerable, his strength was even stronger, especially when his cultivation reached After the ninth-level realm of the venerable, he used his own power to almost kill the group of cultivating geniuses.

At that time, the last ten of those cultivating geniuses, who were also the last ten strong men in the mid-level ninth realm of the Venerable, jointly attacked the ten punches that only the Venerable's early level 9 cultivation base.

But the result? The legendary "Ten Fists" of Ten Fists only displayed five fists, and easily killed the ten mid-level ninth-level powers in seconds.

As for the King of Fighters, how can he kill ten people with only five punches?

This is not the point, the point is that almost all the emperors and domain masters of the Nether Realm are convinced of this.

It is precisely because of this that the King of Fighters has the reputation of the King of Fighters.

Since then, in the world of the underworld, the emperor-level powerhouses dare not challenge the Emperor of Ten Fights, after all, like the emperor-level powerhouses, they can stand in the position of the emperor with the cultivation base of the emperor. They are all hard to come by. They all cherish their feathers. Without an absolute conflict of interest, how could they challenge the King of Fighters!

The domain master-level powerhouses disdain to fight with the King of Fighters.

Of course, the most important thing is that if the domain masters fight with the King of Fighters, even if they win, they will rely on the strong to bully the weak and win shame, but if they lose, they will be even more embarrassing.

How strong this Ten King of Fighters really is, it can be said that the powerhouses in the Nether Realm don't know.

Hearing that Tang Xiaolong accepted his proposal, the face of the King of Fighters was full of excitement. This excitement looked particularly hideous, and anyone who saw it would tremble all over.

Of course, the King of Fighters was nearly ten meters tall, and when Tang Xiaolong stood on the ground, he couldn't see the expression on his face.

The King of Fighters lowered his head, looked down at Tang Xiaolong, and said with a smile: "Do it, kid, let me feel the joy of long-lost! There is so much **** in the Netherworld. You are one of the few strong men I like. Do it!"

Tang Xiaolong was like a baby in front of the King of Fighters who was nearly ten meters tall. It seemed that no matter what Tang Xiaolong gave to the King of Fighters was no harm.

However, Tang Xiaolong didn't think so. The ruler was long and the inch was short, and he was also a powerful emperor, and he was also a master of boxing, and he could never use simple height to measure his strength.

I saw that Tang Xiaolong's right leg was at a point on the wall of the nine-story yellow building. His body was like a black lightning, flying towards the legs of the King of Fighters.

"Hey! I like you kid, don't talk nonsense, see the truth in your fists and feet! However, I won't be merciful!" The King of Fighters leapt back and instantly retreated nearly a hundred meters away.

Then the King of Fighters bent his knees slightly, and his left and right fists continued to blast towards Tang Xiaolong.

This feeling is the real cannon for mosquitoes.

The fists of the ten king of fighters are almost the same as Tang Xiaolong's body, and at this time, the fist of the ten king of fighters is shining with dazzling spiritual light. If the fist of the ten king of fighters falls on Tang Xiaolong, it will be true. It is possible to pat Tang Xiaolong on the ground like a mosquito.

Tang Xiaolong felt the powerful spiritual power from the fist of the King of Fighters, and did not dare to neglect. Although his body was still flying, he was only less than two meters above the ground, constantly changing direction in mid-air. Avoiding the stormy fists of the King of Fighters.

boom!

boom!

The fist of the King of Fighters fell on the ground, and the ground paved with huge stones was instantly blasted out of debris and the broken stones splashed.

This stormy fist and constantly splashing gravel formed a dense firepower net, which completely sealed the various directions of Tang Xiaolong's attacks. No matter how Tang Xiaolong dodges, there is no way to avoid it, let alone. To attack the King of Fighters.

"Hahaha, happy! Happy!" The King of Fighters laughed wildly.

Happy sister!

From the beginning to the present, the King of Fighters has never fought against Tang Xiaolong again, and the two have not had any contact. The King of Fighters is now behaving like a idiot pounding garlic. What's the joy?

Tang Xiaolong kept avoiding the attacks of the King of Fighters.

Gradually, Tang Xiaolong discovered that the punching speed of the ten king of fighters was getting faster and faster, and the spiritual power on that fist was surging!

"Could it be... Is this ten king of fighters improving combat effectiveness by constantly punching?" Tang Xiaolong suddenly had such a thought in his heart.

At this moment, the movements of the King of Fighters suddenly slowed down. He raised his right fist and looked down at Tang Xiaolong condescendingly. A sneer suddenly appeared at the corner of his mouth: "Eat my first punch!"

"Not good!" Tang Xiaolong was surprised.

However, the fist of the King of Fighters was already faster than the lightning and blasted down towards Tang Xiaolong.

drink!

Tang Xiaolong had already fallen to the ground and roared like a small universe explosion. His whole body was wrapped in black spiritual power. He raised his fists high and rushed towards the fist of the King of Fighters.

boom!

With a loud noise, Tang Xiaolong's body was instantly smashed.

The battle in the nine-story yellow building caused the entire Yecheng Huangzun Mansion square to shake violently.

Looking at Tang Xiaolong, half of both legs were sunk in the ground, teeth were gritted, a trace of blood flowed from the corners of his mouth, and he held up his fists to support the fist of the King of Fighters who fell from the sky.

Around Tang Xiaolong's body, black spiritual power ran wildly, like a coquettish black flame.

"Oh? You caught it! You are the first man to catch my first punch. You excite me. You make me feel very happy! I promise to do my best. You killed it!" The King of Fighters said with more excitement on his face.

Although Tang Xiaolong caught the punch of the Ten Boxing Kings, Tang Xiaolong didn't feel well at this time.

If he hadn't performed the most powerful attack of "Ten Refining Body" at a time of crisis, the consequences would be really unimaginable.

Even so, Tang Xiaolong felt that his arms seemed to be completely numb, and a lot of capillaries had burst, making Tang Xiaolong's arms as if they were stained red with blood.

"What a powerful guy! The cultivation base and strength of this ten boxing king may far exceed that of the ordinary one, and this is just his first punch. How strong will the second punch be? What? The fourth punch? Will this ten king of fighters be like the little boss, and the realm of the emperor

has the strength to kill the domain master?" Tang Xiaolong's body trembled slightly, thinking wildly in his heart.

King of Fighters! It really deserves its reputation!

Chapter 4640: : The King of Fighters (5)

When faced with a strong person whose strength is definitely better than their own, many people feel fear.

But who is Tang Xiaolong?

A man who died once!

A man who was King Shura in his previous life!

A man who swears to follow Li Tian into the God Realm!

When facing the powerful attack power of the King of Fighters, Tang Xiaolong was more excited than surprised!

Only by fighting against the strong can you continuously improve yourself.

Only by fighting against a strong man like the King of Fighters, will the blood in Tang Xiaolong's heart begin to burn.

"Hey, you are really strong! But, do you have this strength? This punch is not painful or itchy! Show me a stronger strength, let me see how much the legendary king of fighters is in the Netherworld Be strong!"

Tang Xiaolong smiled grimly, and then he roared, and his arms slammed upwards. Accompanied by the black spiritual power, a strong force was transmitted from his arms.

boom! A strong force blasted the iron fist of the King of Fighters into the air, and the body of the King of Fighters could not help but step back two steps!

It was only two steps, but it surprised the King of Fighters.

Just now, the giant iron fist of the King of Fighters landed on Tang Xiaolong's head. He could feel that Tang Xiaolong was exhausting his entire body to support him, and Tang Xiaolong had no room to throw his fists.

In this situation, the King of Fighters did not expect that Tang Xiaolong could still throw a punch, and the strength of this punch was not weak.

boom!

Tang Xiaolong bent down fiercely and blasted a punch at the ground under his feet.

A seemingly meaningless punch hit the ground, but the whole ground shook violently, and Tang Xiaolong pulled out from the ground in an instant with the help of this punch.

In the distance, the eyes of the powerful people on the square were once again attracted by this punch!

"How is it possible? The punch just now was not made by the King of Fighters?"

"Yeah, it seems that we really underestimate the opponent of the King of Fighters. The power he blasted just now seems to be the same as that of the King of Fighters!"

"The King of Fighters is considered to have encountered an opponent this time. It is really a good show for the tip of the needle to Maimang!"

"Cut, you stupid guys, you can't look at the superficial phenomenon in anything. As far as this punch is concerned, that kid is almost the same as the King of Fighters. But don't forget that the "Ten Boxing" practiced by the King of Fighters is the first. The punch is only the weakest attack, and the kid with the next punch will definitely be blasted into pieces!"

"His name is Tang Xiaolong, not a kid!" The Great Emperor Canghai said coldly.

"It doesn't matter if he is Tang Xiaolong or Tang Xiaochong, he is trapped in a nine-story yellow building, facing the Emperor of Ten Fights, one of the most abnormal emperors in the Netherworld. His ending is destined to be miserable!"

"I also think so....."

The crowds onlookers who ate melons talked a lot, and the King of Fighters and Tang Xiaolong who were fighting in the nine-story yellow building were not affected.

"Hahaha, interesting! It's really interesting! I didn't misunderstand you, if so, then I'm not welcome!" The King of Fighters said excitedly.

With that, the King of Fighters began to bombard Tang Xiaolong frantically!

The pair of fists are like the wind, and the shadows of the fists are heavy. For a time, the entire nine-story yellow building is full of the shadows of the ten fist kings.

Every punch is powerful.

Every punch seems to be able to smash Tang Xiaolong into meat sauce!

However, in the face of this heavy boxing shadow, Tang Xiaolong did not give in the slightest, and continued to counterattack with the iron fist.

boom!

boom!

boom!

Huanglou Huangzun, who was watching the battle, his face gradually became serious.

The strength shown by Tang Xiaolong has already shocked the emperor-level powerhouse.

"Fortunately, there are ten kings of fighters here, otherwise it would not be so easy to defeat Tang Xiaolong with my cultivation base! Now I sit on the mountain and watch the tigers fight, and then I will take advantage of the fisherman's profit!" Huang Lou Huangzun thought With.

At this moment, the King of Fighters suddenly roared and roared, "Boy, take my second punch!"

The fist was like lightning, and Tang Xiaolong hadn't fully reacted yet, the punch of the King of Fighters had already fallen!

Tang Xiaolong didn't dare to neglect, raised his fists high, and blasted up against the iron fist of the King of Ten Fighters!

In the midair, Tang Xiaolong's iron fist collided with the giant fist of the King of Ten Fists.

boom! A loud noise!

"So strong!"

The power of the second punch of the ten king of fighters is several times stronger than the first punch that he blasted just now. Tang Xiaolong only felt that his arm was numb in an instant. If it weren't for the "inch Jin" that Tang Xiaolong had learned, If he could hit two punches in a row within a very small range of punches, Tang Xiaolong would have already been smashed to the ground!

Even so, Tang Xiaolong's iron fist and the giant fist of the King of Fighters held each other for less than a second in mid-air, and then Tang Xiaolong's body quickly fell with the fist of the King of Fighters.

boom!

The giant fist of the King of Fighters hit the ground again, and the giant fist that had been weakened by two collisions in mid-air still smashed Tang Xiaolong into the ground, his legs almost sinking in.

Because of Tang Xiaolong's existence, although the fist of the Emperor of Ten Fights did not completely fall on the ground, the surging spiritual power on that fist caused the dust that had just fallen on the ground to fly again.

The entire nine-story yellow building was filled with this kind of gravel dust, which instantly obstructed the sight of viewers outside the nine-story yellow building.

"Has the winner been decided?"

"It should be! I saw Tang Xiaochong just now... Tang Xiaolong has been blasted to the ground by the King of Fighters. I'm afraid he has turned into scum now!"

"Not necessarily! Tang Xiaolong is also a powerful emperor. Although his cultivation level is far behind that of the King of Fighters, he still has the strength to resist the two punches of the King of Fighters!"

"Yes, at least three punches, no more!"

"It is already very strong to be able to withstand three punches! Those of us who are the ninth-level mid-level strong, I am afraid they can withstand a punch at most!"

"Hehe, I really treat myself as a vegetable! When the King of Fighters killed ten mid-level ninth-level masters with two punches, his cultivation was only at the early stage of the ninth level. Now the cultivation of the King of Fighters, Although it hasn't reached the realm of the domain master level, it should be almost the same!" The Dragon King domain master who watched said with a sneer.

"What? Isn't it five punches to kill ten ninth-level mid-level experts? How come it becomes two punches?"

"Only two punches! The remaining three punches are for him to push back a powerful emperor who sneaked on him!"

"I'll rub it! The King of Fighters is so hanging? Then I suspect that Tang Xiaolong is dead now!"

"Does anyone want to play, place a bet, and see how many punches Tang Xiaolong can withstand in the end..."

These onlookers who eat melons are all watching the excitement and it is not too big a problem. Since there is such an opportunity, of course, they have to gamble on it!

All of a sudden, the crowd of powerful people onlookers was even more lively than the others in the fight!

The Dragon King domain master has slowly walked to the side of Emperor Canghai, and said in a low voice: "Canghai, what is the relationship between Tang Xiaolong and you?"

"You will know soon!" The Great Emperor Canghai said with an unpredictable appearance.
