

A Killer 4641

Chapter 4641: : Promise Yin Yang Fish (1)

When Tang Xiaolong and the King of Fighters fought the most fiercely, the little hot pot fell into a bitter battle.

The Promise Yin Yang Fish Array, if you look down from a high place, the array looks ordinary, but there is only such a pattern on the ground, there seems to be no magical place.

However, the small hot pot in the yin and yang fish array of the Promise is suffering.

The small hot pot is at the position of the black fish with white eyes. At this time, the small hot pot felt that his surroundings were completely black, as if he had fallen into the ink pond at this moment. He couldn't see his fingers, the only light was It's the sun overhead, but the sun's rays can't shine completely into the darkness!

If only this is the case, the little hot pot will not be afraid. After all, his body is magma, and he can transform his body into a magma person, but even if the whole body of the little hot pot becomes red and hot magma, it still can't illuminate the darkness. All around.

What makes Little Hot Pot feel even more is that in this dark environment, he can't feel the fluctuation of spiritual power at all.

In other words, in this black fish with white eyes, the sight, hearing, smell and feeling of the small hot pot are completely out of order!

The whole body of the small hot pot is full of hot magma, and small blisters will appear in the magma from time to time, as if the magma is constantly rolling.

The surrounding temperature is rising rapidly, but since the little hot pot fell into this environment, the Promise Emperor seemed to have completely disappeared, and he never attacked the little hot pot!

The more calm, the more disturbed the heart of the little hot pot!

He knows that all these are the tricks of the Wuji Emperor, and he can't take it lightly, otherwise the result will be unpredictable!

"Under the prestigious name, there is no illusory scholar, this emperor-level powerhouse is really not blown out! It seems that my little hot pot used to be too arrogant!" Little hot pot thought.

boom!

The arm of the little hot pot suddenly fell, and a ball of lava flew out of his arm in an instant, but unfortunately even the darkness in front of him was not illuminated, and it completely disappeared into the darkness.

The little hot pot is doing useless work, but he is also helpless.

In this environment, the small hot pot can only protect itself in this way.

"What is that Yanhuo fool doing? He keeps spinning around in circles, can't he see Wuji Emperor?"

"Fool? You really set a new level of stupidity! I tell you, this is Wuji Huangzun's "Wuji Yin Yang Fish". Now the Yanhuo Clan has been trapped in this Wuji Yin Yang fish array. If he can't find it If you reach the gate of life, you will be trapped alive and die inside!"

"It's as if you know it well, then tell me which is the source of this Promise Yin Yang Fish Array?"

"How do I know? Legend has it that there is no one who is trapped in the Promise Yin Yang Fish Array to come out alive!"

"It's no wonder that Emperor Wuji is standing in place now, with a calm expression. It turns out that he is already invincible!"

"Yes, we are really eye-opening this time! If it weren't for this kind of opportunity, how could we have seen such a wonderful performance?"

"But I don't know who is stronger, Wuji Huangzun and Huanglou Huangzun..."

The Wuji Emperor who was in the white fish and black eyes Yangyu looked at the small hot pot that was only a few tens of meters away from him, with a smug smile on his face involuntarily.

The performance of the small hot pot was completely within the expectations of Wuji Emperor! But all of this is in vain, just like those words in the crowd of onlookers, if you can't find a life, it is absolutely impossible for the small hot pot to get out of it.

And the magma exploded by the small hot pot is at most within the range of the black fish and the white eyed yin fish, it can't fly to the position of the Yang fish at all, and it can't hurt the Wuji Emperor.

The purpose of Wuji Emperor is to trap the small hot pot in it, and for the time being, he really hasn't interrupted and killed the small hot pot!

If the secret of the Promise Yin Yang Fish is revealed, it is really not that profound.

Yin and Yang intersect!

Yin and Yang compatible!

Yin and Yang are mutual!

Yin fish and yang fish blend with each other. They are me in you and you in me, but if you can't find a source of life but don't want to communicate with each other, it's like a mandarin duck hot pot. There is only a wire, but it's completely. There are two concepts.

The Emperor Wuji now holds the absolute initiative. If he is willing, he can now easily enter the Yin Yu and attack the small hot pot at will.

But in this way, the core secret of the Promise Yin-Yang Fish will inevitably be seen by the crowds who eat melons, this is not the result that the Promise Emperor wants!

"If I trap the Rock Fire Clan, my goal of presentation has been completed. When the Frost Domain Master and other domain masters defeat their opponents, the Rock Fire Clan will not cause any impact!" In the heart of Wuji Huangzun Thinking about it.

...

Lord Yu Frost's face was a little bit unbearable!

The battle between him and Li Tian has been going on for so long. Although his goal is to capture Li Tian alive, he did not intend to kill Li Tian, but as a domain master-level powerhouse, he has fought Li Tian so far. Half a catty, this makes him quite angry!

Of course, the current Lord Yushuang has not displayed the strongest strength yet, after all, he felt that Li Tian still had some reservations.

"Li Tian, do you still want to keep it? Now Tang Xiaolong is in deep danger, and your Yanhuo clan helpers are equally embarrassed. Your three domain master-level powerhouses are now in doubt, and the Nether you want to save San Gongzi and..."

Lord Yu Shuang hadn't finished speaking yet, he suddenly discovered that the Third Nether Son, Emperor Yecheng, Emperor Dragon, and Emperor Zhao on the square had disappeared!

"How could this be? Where did they hide?"

The Lord of the Frost Territory looked around, but still didn't see the figures of their Third Young Master and the three emperors. The blood stains left by the broken legs of the three emperors in the distance were so dazzling, but the people had disappeared.

who is it?

Who dares to fight against my master in Frostland? The person I was going to kill was hidden?

At this moment, Lord Yu Shuang suddenly saw the dark and soft in the crowd smiling at Li Tian, and gave Li Tian an ok gesture.

Of course, Lord Yu Shuang didn't know that this gesture meant ok, but he guessed that the three young masters and three emperors must have been hidden by the dark!

Seeing the dark and soft gesture, Li Tian's heart was hanging, and then he landed.

You Yinrou is a powerful domain master, and an extremely important member of Li Tian's battle, but at this time, how could she disappear after shooting three arrows?

However, this is also due to the female domain master who led the blood domain master away from the square, and the great emperor of the sea and the star domain master attracted the East Palace Ancient Sword Domain Master and the East Palace Hidden Blade Domain Master respectively, otherwise the dark and soft cannot cover it. Void Yasha rescued the third son!

With no worries about the future, Li Tian doesn't need to be afraid!

"Youanrou, save Xiao Hotpot and Tang Xiaolong! We are going to retreat!" Li Tian shouted at You Anrou.

"Retreat? Hahaha, don't you want to leave like this? Isn't it too naive!" Yu Frost Domain Lord laughed wildly.

Hey!

In an instant, seven or seventy-nine small fishes gushed out of Li Tian's veins and surrounded Li Tian's body, turning into forty-nine purple electric dragons with a bowl-thickness.

A smile appeared on Li Tian's face and said, "You are right! How could I leave like this! Lord Yu Frost, the red sword in your hand belongs to me, Li Tian! Now I want to get it back. Something belongs to me!"

Chapter 4642: : Promise Yin Yang Fish (2)

At the same time, Dark Soft was holding a strong bow, and three heavy arrows shot back and forth towards the nine-story yellow building of Huanglou Huangzun.

Whoosh!

Whoosh!

Whoosh!

The powerful arrows fired by the domain master-level powerhouse are naturally not comparable to ordinary emperor.

Huang Lou Huang Zun's face suddenly showed a trace of horror, and he saw his palms pressed on the inner wall of the nine-story yellow building at the same time, and the spiritual power of his whole body instantly poured out, and the surging spiritual power made the robe he wears bulge. It's as if it will burst at any time.

And these light yellow spiritual powers continuously poured out from his arms and entered the nine-story yellow building.

The walls of the nine-storey yellow building are constantly thickening at a speed visible to the naked eye, but the body of the Huanglou Huangzun keeps denting, as if the nine-color yellow building is sucking the Huanglou Huangzun like a blood-sucking leech.

The strongest defense among the emperor-level powerhouses, and the full blow of the domain master-level powerhouses, who can have the last laugh?

The onlookers held their breath, their eyes were not blinking, wanting to see this thrilling scene.

boom!

Dark and soft's first heavy arrow of spiritual power, without accident, shot through the four-story and nine-story yellow building.

After a heavy spiritual arrow shot, the four-story yellow building was like an eggshell shot through by a bullet, and it was easily shattered.

puff!

Huanglou Huangzun spouts blood!

Blood spurted on the spiritual power wall in front of him, and a trace of blood appeared on the light yellow spiritual power wall immediately, and then the spiritual power wall seemed to be alive and began to thicken at a faster rate.

At this moment, the second heavy arrow had already been shot.

boom!

With a loud noise, the walls of the four-story yellow building were easily shattered.

puff!

Huanglou Huangzun's calm expression just now disappeared, and a trace of panic appeared on his face, and a mouthful of blood spurted out, which made his face a little more yellow, as if his bile had been sprayed out!

Dark and soft's third heavy arrow has been shot.

boom!

This time, the third heavy arrow of spiritual power seemed to be blocked. The arrow of the heavy arrow collided with the wall of the yellow building, making a harsh sound, and many cracks had appeared on the last yellow building.

Click!

Like glass shattered, the nine-story yellow building was easily blasted open by the dark and soft three arrows.

At the moment when the nine-story yellow building was blasted open, the body of Huanglou Huangzun flew backwards suddenly!

"Sure enough! When facing the domain master-level powerhouse, the emperor-level powerhouse still has too much difference in strength!"

"The Lord of the Dark Territory has taken action, and now the victorious Li Tian has already leaned towards Li Tian and the others. It seems that Lord Yu of the Frost Territory and the others are going to lose face!"

"Yes, it's just that I'm very curious about how this dark domain master got together with Li Tian, this is really weird and weird!"

But the words of these onlookers were not yet heard. The giant domain master who was sitting on the sidelines and watching like a hill suddenly shot his hand, and saw that he was still sitting on the ground, stretching out his arms and patted the dark soft!

Youanrou was about to hunt down Huanglou Huangzun, but was interrupted by this giant domain master!

"Giant domain master? Do you dare to move me? You are looking for death!" You Yinrou was furious in an instant, and had already flew back to the three heavy arrows in her hand, and shot at the giant domain master again!

...

Lord Yu Shuang domain looked at Li Tian, still with a very calm expression, raised Hong Zhan in his hand, and said with a sneer: "Your stuff? Hahaha, don't you feel ridiculous? You call him and he will agree You?"

Li Tian looked at Lord Yushuang like an idiot.

You **** call me to listen, I see if Hong Zhan will promise you!

However, there is no way to say this kind of words. After all, in the Netherworld, the strong is respected. Even if Li Tian can be called to promise that Hong Zhan, as long as the master Yu Frost is stronger than Li Tian's cultivation base, he can still easily Just **** this red cut away!

"Why don't I call Hong Zhan to listen and see if he will agree?" A strange smile appeared on the face of Lord Yu Frost, and he suddenly said to Li Tian.

What do you mean?

Li Tian knew that there was a sword spirit in Hong Zhan. Could this sword spirit already recognize Yu Shuang as the master?

"Hong Zhan! Change!"

At this moment, Lord Yu Frost Territory suddenly roared, and then a powerful spiritual energy poured into Red Slash from Lord Yus Frost Territory's arm, and immediately after that, countless Yu was reflected on the body of Red Slash. The figure of the Frost Territory Lord, the next second, that Hong Zhan dropped out of the hands of the Frost Territory Lord, and fell on the ground, transforming into another Frost Territory Lord!

"This...is it a clone?" Li Tian stared at Hong Zhan's transformation into Lord Yushuang, almost unable to believe his eyes.

In the hands of Master Yang Shen, Hong Zhan is just a sharp weapon that cuts iron like mud.

Hong Zhan is in Li Tian's hands, and when combined with the nine-color corpse crystal, it can transform into a white bone armor, and can already awaken the sword spirit in Hong Zhan.

However, when the red cut fell in the hands of the Frost Territory Lord, it turned into a clone of the Frost Territory Lord.

...

The crowd of people eating melons on the square quieted down instantly.

They looked at Hong Zhan's transformation into Master Yushuang in amazement!

It's no secret that the domain master-level powerhouse has a clone, but the master Yu Frost certainly does not have a clone, but now the master Yu Frost can use Red Slash to transform into a clone.

One of the most famous demon sword clones in the Netherworld.

A demon sword clone with the strength of the domain master.

Just thinking about this kind of thing is exciting enough!

"The outcome is determined!"

"It's a pity, it's surprising that Li Tian can fight against the Frost Domain Master with the Emperor's cultivation base. Unfortunately, no matter how strong he is, it is impossible to face two Domain Master level powerhouses at the same time. Siege!"

"Although Li Tian rescued the Third Young Master, he and his helpers will be wiped out. It's not worth it!"

Hong Zhan has been in Li Tian's hands for two years, even if the sword spirit of Hong Zhan has recognized Li Tian as the master, but Li Tian has never discovered that Hong Zhan has such a magical ability.

At this moment Li Tian really felt a silly feeling.

"Hong Zhan, tell him who is your master!" Lord Yu Shuang said with a triumphant smile.

Hong Zhan's voice sounded like a machine, and said: "You are my master!"

"Hahaha, have you seen it! I am the master of Hong Zhan! Hong Zhan is a violent heavenly creature in your hands, and now I will let you see the powerful battle that Hong Zhan can show in my hands in Yushuang. Come on! Hong Zhan, kill him for me!" Lord Yu Frost laughed wildly and ordered to Hong Zhan!

At the same time as he heard the command of Lord Yu Frost, the ten fingers of Lord Yu Frost that Red Slash transformed into gradually changed into the appearance of Xiao Hong Zhan, as if the fingers of Lord Yu Frost's clone were blades.

This is not over yet, his arms, legs, ears, nose, and almost all parts of his body that spit out have changed into sharp red cuts!

Immediately, the Frostland Lord's Red Slash clone appeared in front of Li Tian in a violent teleport, and the blade on his arm slammed into Li Tian!

Li Tian didn't dare to neglect, the Heavenly Qiong Spear in his hand blocked, and several purple electric dragons flocked to the Red Slash clone of the Frost Domain Lord.

Hey!

Powerful spiritual power fluctuations, the purple electric dragon is constantly moving around the Frostland Lord's Red Slash clone, but this purple electric dragon does not devour and decompose Red Slash as Li Tian imagined!

The purple electric dragon has no effect on the Red Slash clone of the Frostland Lord!

...

Among the Promise Yin Yang Fish, the small hot pot has transformed into a volcano. His body instantly became more than ten times bigger, and his head was like a volcanic crater, constantly erupting magma.

"Wuji Emperor, I'll ***** your grandma! Have the ability to fight grandfather Gongming to the death!"

Chapter 4643: : Promise Yin Yang Fish (3)

The magma of the small hot pot could not bombard Wuji Huangzun, but the curse of the small hot pot could reach the ears of Wuji Huangzun.

This kind of humiliating words, for a powerful emperor, has not been heard for a long time.

It is precisely because of this that Wuji Huangzun felt that the small hot pot was impatient, and he was completely looking for death!

Wuji Emperor's eyebrows twitched slightly, and a sneer sneered at the corner of his mouth. He said, "I didn't want to do anything to you, but since you are all intent on death, I can only satisfy you!"

...

"Look, Wuji Emperor is finally about to do it!"

"Nonsense, the Lord of the Dark Domain is now forcing the Lord of the Giants to take action. There shouldn't be many secret weapons on both sides! Now both sides are one-on-one, and the situation is very balanced! At this time, if the one side takes the lead, Defeating his opponent, this is likely to affect the entire battle, the Promise Emperor has to make a move!"

For the judgment of this strong man, Donggong Ancient Sword and Donggong Hidden Sword were scornful!

Li Tian's helpers, the Great Emperor Canghai and the Domain Master of Stars, are now being stared at by their two Super God Family Domain Masters, and no one wants to easily intervene, but is there no other helper among these onlookers?

"I'm afraid this may not be true! No one knows whether Li Tianfang still has a helper, but Lord Yu Frost and their helpers should still be there, maybe..."

When these onlookers were discussing, Wuji Huangzun took a step forward and stepped on Yangyu's black eyes. The next second, Wuji imperial family seemed to be sucked in by those black eyes, and his body slowly The ground sank.

Immediately afterwards, Wuji Emperor's body came out again from Yin Yu's white eyes.

In the eyes of Emperor Wuji, everything in front of him is clearly visible, not like a small hot pot, what he sees is pitch black.

Wuji Huangzun slowly drilled out of Hei Yu's white eyes, and he didn't know when there was a sharp blade in his hand! This sharp blade is also formed by spiritual power, but there is a Promise Yin and Yang fish on the front and back of the hilt of this sword.

And this sharp blade has two blades, and there are eighteen large and small such Promise Yin and Yang fish, so this sharp blade looks more like a saw.

The Emperor Wuji holding the Wuji Yin-Yang fish sword, strode towards the small hot pot, but the small hot pot in the dark still didn't know it at all.

boom!

A group of hot magma spurted from the body of the small hot pot and inadvertently flew towards the Wuji Emperor. With a wave of the Wuji Yin-Yang Fish Sword in the hands of the Wuji Emperor, the group of magma was split in half.

Half of the magma fell on the ground, while the other half of the magma turned into black spiritual power and merged into the Promise Yin Yang fish.

"This...what kind of path is this? Can Wuji Huangzun still absorb the spiritual power of other strong people in this way? If this is the case, the Rock Fire Race might be in danger!"

"Is that Yanhuo clan an idiot? The Wuji Emperor has already arrived behind him, can't he see it?"

"From the current situation, I am afraid that the Yanhuo Clan really can't see the Wuji Emperor! Could this be the power of Wuji Emperor's "Wuji Yin Yang Fish"?"

"I understand! Have you noticed just now that Wuji Huangzun disappeared after stepping on Yangyu's black eyes, and then came out of Yinyu's white eyes. I am afraid this is Wuji Huangzun's "Wuji Yin and Yang Fish" The real secret!"

While talking, Wuji Huangzun has appeared behind the little hot pot!

puff!

The Wuji Emperor evaded the attack of a mass of magma, and the Wuji Yin-Yang fish sword in his hand suddenly pierced behind the small hot pot.

At this moment, the little hot pot felt the danger, but his eyes were still pitch black. At the moment he turned around, the Emperor Wuji who attacked him had already drawn out his long sword and disappeared into the darkness again.

"Asshole, what a good guy to attack people behind!"

The little hot pot was angry like boiling magma, and continuously ejected several hot magma from his body, trying to burn the Wuji Emperor!

It's a pity that the magma disappeared into the darkness the moment it left the body of the hot pot, and the little hot pot didn't know if it hurt the Wuji Emperor.

"Don't panic, don't panic, there must be some way to break the Wuji Emperor's formation!" Little Hot Pot kept comforting himself in his heart.

There was only a sneer on Wuji Emperor's face.

Now his Wuji Yinyang Fish Formation has been exposed, and maybe some of the strong men present can guess the secret of this formation. The longer this situation is delayed, the more disadvantaged it is for Wuji Emperor!

Therefore, the Wuji Emperor increased the speed of attacking the small hot pot since the first attack. The Wuji Yin Yang fish sword in his hand continuously pierced the body of the small hot pot from the front, back, left, and right sides!

"Damn it! This guy is from the Rockfire clan, there is no way to kill him quickly with this method! It seems that the yin and yang fish can only be used to transform the spiritual power and absorb all his spiritual power!" Wuji Huangzun Thinking in mind.

...

Now, whether it's the battle between Wuji Emperor and Little Hot Pot, Tang Xiaolong and the Ten Boxing Emperor, or the battle between Li Tian and Yu Shuangyu, it is really exciting.

The dazzling battles made these powerhouses feel that their eyes were not enough to see. Therefore, the eyes of these powerhouses could only switch constantly in these battles, just like the perspective switching of playing games.

At this moment, the crowd suddenly exclaimed: "Look, what is that?"

Following the direction of the strong man's finger, everyone saw a cloud of black smoke suddenly floating in the distant sky.

"It looks like it is a crow, but how come so many crows suddenly fly over? Hey, look at that head bird, it looks much bigger than a normal crow!"

"It's not just big, I feel that the bird is more like a ghost beast! Are these crows also Li Tian's helpers?" At this time, these powerhouses can't help but think of the Lord of the Dark Domain, if

these crows are helpers. , Then it must be inseparable from the owner of the dark forest, the owner of the dark domain.

The black smoke flying in the sky is exactly the dark saint crows led by the mutant crows. The mutant crows have seen the battle on the ground, flapping their wings several times in succession, and stand out from the many dark saints.

"Boss Li Tian, I'm here to help you!" The Dark Sacred Crow yelled very emotionally.

As he said, the body of the Dark Sacred Crow began to change in an instant, two arms appeared under his ribs, his claws became two long legs, and his bird head was also changing towards the human head!

"Domain Master! Another powerful master of the Nether Beast Domain Master!"

"I didn't expect that Li Tian's helper would have so many domain master-level powerhouses..."

But what made them even more unexpected was that the appearance of the mutant crow could only change to this degree.

"I was shocked, it turned out to be just the emperor!"

"What's it called, Emperor! This is a powerhouse of the Emperor level. But you see, does this crow man look somewhat similar to Emperor Thunder?"

The mutant crow didn't know who the Emperor Thunder was, but he saw a birdman who looked a little similar to him, and he was constantly releasing lightning spiritual power to attack the little blue tile and the vicious dog.

The mutant crow speeds up to the Thunderbird Domain Master, and shouts loudly: "His grandmother, Lao Tzu's most annoying is the bird man! Let me solve this bird man!"

Chapter 4645: : Li Tian's power (2)

The Obscene God absorbed all the spiritual power that Lord Yu Frost blasted on Li Tian.

At the same time, the Qiong Spear of the Sky in Li Tian's right hand stabs backwards, unexpectedly shooting a carbine.

puff!

With purple lightning, the Qiong Lance of the Sky pierced into the abdomen of Lord Frost Territory with a spirit of destroying the sky and the earth!

Master Yu Frost let out a painful scream, and subconsciously slapped again!

boom!

And his body slammed backwards, instantly teleporting to a position at least four to five hundred meters away from Li Tian.

The strength of Yushuang Domain Lord cannot be said to be weak. If he has always maintained a high degree of vigilance against Li Tian, Li Tian would not be able to stab him so easily.

Moreover, the moment the Heavenly King Spear pierced the Frost Territory Lord's abdomen, the spiritual power of the Frost Territory Lord's body was instantly condensed here, which made the purple electric dragon on the Heavenly King Spear only swallowed a small circle flesh.

Otherwise, the current Lord of the Frost Territory may have been swallowed up by the powerful purple electric dragon, or be sucked up by the wicked gods, turning him into a corpse!

Lord Yu Frost Territory looked down at the thick blood hole in the bowl of her abdomen. The purple electric dragon had been shattered by Lord Yu Frost's spiritual power, but the purple arc was still wandering around the wounds!

Master Yu Frostland's face was full of anger and panic, and he slammed the palms of his hands on the blood hole one after another, and immediately, his palms began to flow quickly with spiritual power.

In less than a minute, Lord Yu Frost had released his hands and looked at his abdomen. The hole still existed, but there was an aura of spiritual power inside the hole. The aura protected the inner wall of the blood hole. It seemed as if a halo was embedded in his body!

...

All this happened between the electric light and flint. Except for the crowd who was watching melon eaters exclaimed at the beginning, everyone stared at Li Tian and the injured Yushuang Domain Master.

"How is this possible? The emperor-level powerhouse singled out the master of Frost Territory and his domain master Red Slash clone, but it turned out that Li Tiansi did not lose the wind, and even bombarded Master Yu's deity! Who! Can you tell me, am I hallucinating?"

"Illusion, this must be an illusion! Is it that the emperor of the Netherworld already has the strength of the domain master? Or that guy Li Tian has been pretending to be forceful, he clearly has the strength of a domain master-level powerhouse, But forcibly suppressed his cultivation... it seems like this is unlikely!"

"Although Lord Yu Frost was injured, you have also seen it. This injury is completely fatal to ordinary humans, but Lord Yu Frost quickly controlled the wound completely. I just don't know if this effect will affect it. The battle of the Frostland Lord!"

"Now, what do you think, do you still think that Li Tian is so bad today?"

The blood in the hearts of the onlookers has been ignited. For them, the ideal situation is that Li Tian and Yushuangyu are both fighting and losing, and then they sit back and reap the benefits!

Donggong Ancient Sword and Donggong Hidden Knife, both of them flashed out of the crowd at the same time. One person's spiritual power condensed into an ancient sword with ancient characters and seals, and the other's spiritual power condensed into a mad sword burning with flames. Attacked Li Tian one after another!

These two people haven't wanted Li Tian's life until now, but they are equally vicious.

The purpose of the Donggong Ancient Sword is to cut off Li Tian's legs and arms, and the purpose of the Donggong Sword is the same!

If they succeed, Li Tian will instantly become a 'human stick'!

Huh!

Huh!

At the moment when the ancient sword of the East Palace and the hidden sword of the East Palace left, the Great Emperor Canghai and the Star Domain Master also moved instantaneously, blocking Li Tian one after another.

The Great Emperor Canghai came up with a move of 'the sea is boundless', and the boundless giant wave behind him swept towards the ancient sword of Donggong!

Do you think that the boundless wave is just a stream of spiritual power? If you think so, then you will be very wrong. At the moment when the boundless wave swept over, hundreds of transparent ice had appeared in the wave!

This is the application of the "Nine Changes of Xuanhan" practiced by the Great Emperor Canghai in battle!

If the ancient sword of Donggong dared to underestimate the boundless sea, and rushed into the boundless water spirit, it is guaranteed that his body will be smashed into a sieve!

The ancient sword of Donggong didn't dare to neglect, the ancient sword in his hand instantly disappeared, his palms closed, and suddenly opened again, a huge black wall blocked him in front of him.

boom!

The boundless waves crashed on the black fence!

On the other side, the Star Domain Master stretched out his right hand and grabbed his shirt violently.

The star domain master's shirt is a map of stars in the sky condensed by spiritual power. This grasp is like a spiritual power star with a diameter of at least ten meters that flies out of his shirt instantly, booming. Boom to the Donggong hidden knife!

The Donggong Hidden Sword also did not dare to neglect. He grabbed the spiritual power flame mad knife in his hands with both hands. With his roar, the spiritual power on the Donggong Hidden Sword instantly exploded, and the volume of the mad knife in his hand increased several times. The flame burns more vigorously!

"open!"

Donggong Crazy Sabre raised his arms and slashed at the spiritual power stars released by the Star Domain Master!

boom!

With a loud noise, the ten-meter-sized spiritual power star was divided into two, and instantly shattered into small stars in the sky, falling down continuously.

"Emperor Canghai! (Master of Star Territory!) Do you want to be an enemy of the Super God Family?" Donggong Ancient Sword and Donggong Hidden Sword said in unison.

The Great Emperor Canghai smiled slightly and said to the ancient sword of Donggong: "Didn't we say we should be each other's angels? We talk about the world, talk about the past, and no one will intervene in the battle between the two sides. You stopped me just now, now I stop. With you, we are even! I believe that the Donggong Super God Family should not do things that bully the weak with more and bully the weak!"

"You..." Donggong Gujian was speechless for a while.

Another time, the Star Territory Lord didn't bother answering Donggong's Hidden Sword, but said with a sneer: "Does the Super God Family want to erase the Star Venerable Kingdom from the Nether Realm? If the East Palace Super God Family has this idea, then Even if my Star Domain Master is a car, I will try the methods of the Eastern Palace Super God Family today!"

Donggong Hidden Blade stared at the Star Domain Master with his eyes, and soon a smile gradually appeared on his face, saying: "This is a misunderstanding. Just now I was attracted by Li Tian's strength, and I couldn't help but want it. It's just a trick with Li Tian. Now that you are blocking it, then forget it! I believe the Star Domain Master will not intervene in this matter anymore!"

The Super God family is rarely born, but they are extremely fancy face, even if they want to control Li Tian, but they will not blatantly send themselves to do it.

The Great Emperor Canghai and the Star Territory Lord prevented the two Territory Lords of the Eastern Palace Super God Family from flanking Li Tian, and perfectly resolved the crisis of Li Tian, but this was the greatest contribution that the Great Emperor and the Star Territory could do. , Once the Donggong Super God Family really tears its skin because of this, then it is totally unbearable for them!

The Star Domain Master turned to Li Tian and said in a low voice: "Li Tian, I can only help you here! You can do it yourself!"

"Thank you!" Li Tian replied briefly, but his desire to fight became stronger.

The weak eat the strong, and the strong is respected. I, Li Tian, will use this battle to tell the entire Netherworld that I, Li Tian, are here!

Chapter 4646: : Li Tian shows off his power (3)

The waves behind the Yangtze River push the waves forward!

As the domain master who has been famous for a long time, the domain master Yu Shuang naturally knows this kind of thing, but in his heart he believes the truth that Jiang is still hot.

Inadvertently, shot in the abdomen!

The appearance of blood hula la is hideous, and instead of bullying the weak, he turned into Li Tian to win the strong with the weak.

This made Lord Yushuang feel extremely humiliated!

Lord Yushuang domain wished to kill Li Tian immediately, skinning cramps, and only in this way could he release his hatred!

However, after the anger, Lord Yu Frost gradually calmed down and began to analyze Li Tian.

It is no secret that Li Tian's identity lies in the eyes of the Lord of the Frost Territory. He is from the earth world, and he is estimated to be no more than forty years old now! The cultivation base of the Huangzun realm has the strength not lost to the realm of the domain master.

It has only been less than three years for Li Tian to enter the Netherworld. In these three years, except for the year when Li Tian completely disappeared, Li Tian's cultivation was almost the same every year.

Of course, what Li Tian is more noticeable now is his identity: the elder of Nether Academy.

"Li Tian, I seem to be underestimating you! Before, I just treated you as an emperor-level powerhouse, I admit it was my mistake! From now on, I will treat you as an elder-level powerhouse in the Nether Academy. I will definitely use my full strength to greet you! As for your life and death, haha, wait until I defeat you and consider it!" Lord Yu Frost said with a sneer.

Huh!

Huh!

The surging spiritual power lies in the body of the Frost Territory Lord, and these spiritual powers quickly condense into two spiritual power sharp blades, both of which are like Red Slash.

The sharp blade formed by the spiritual power is no worse than the red cut itself, and even because of the special nature of the spiritual power, the sharp blade formed by the spiritual power is more destructive.

clatter! Da da!

Lord Yu Shuang first walked towards Li Tian slowly, step by step, gradually his speed became faster and faster! Every time Lord Yu Shuangyu tapped his feet on the square, his figure could instantly rush forward five or six meters.

In just a few seconds, Lord Yushuang Territory had already rushed to Li Tian, and the two sharp spiritual powers of his left and right hands, Hong Zhan, slashed at Li Tian frantically!

Yu Frost Domain Master, a domain master level powerhouse, his shot speed is as fast as lightning. From a distance, it looks like Master Yu Frost is cutting melons and vegetables.

But every slash of the Lord Yu Frost is not chaotic, on the contrary, you can see that every movement of his contains a certain skill.

Faced with such a crazy attack from the Frost Domain Lord, Li Tian shook the Heavenly Qiong Spear in his right hand, just like the golden cudgel in Sun Monkey's hand, constantly resisting the Frost Domain Lord's attack.

At this time, the Red Slash clone of Lord Yu Frost is even more crazy!

Although this Frost Territory Lord's Red Slash clone looks like the Frost Territory Lord, but his body is a real Red Slash. If the Frost Territory Lord is still worried about being accidentally injured, then his Red Slash clone is basically No worries in this regard!

Huh!

Huh!

Daoguangjianying, Li Tian and other figures kept evading and flickering.

As the saying goes, two fists are hard to beat four hands.

Even if Li Tian used one heart and two minds, the blade condensed by the spear of heaven in his right hand and the black flame in his left hand allowed Li Tian to deal with two people at the same time, but Li Tian was still suppressed and beaten by Lord Yu Frost and Hong Zhan.

hiss!

Huh!

On Li Tian's body, the number of wounds has increased to at least seventy or eighty. If the blade touched Li Tian's body, Li Tian would be able to evade and counterattack. Now Li Tian is probably already in his body. First place.

On Li Tian's body, there were seven or eighty wounds, blood slowly oozing out, and the blood had dyed Li Tian's clothes red! But the wound on Li Tian's body is still increasing!

"This time the pretence is too big, it is so terrifying that the two domain master-level powerhouses are fully fired at the same time!" Li Tian looked solemn, thinking in his heart.

The Yinmo Yinniu domain master with the strength of the domain master is fighting the smashed tower domain master outside the east city of Yecheng, the Tiangang flame raccoon domain master and the Zichuan great are fighting life and death outside Yecheng city south, and the earth evil heavenly eagle domain master and the mountain emperor are fighting. It was in the north of Yecheng City, and the female domain master and the blood domain master were outside of Yecheng city.

These four domain master-level powerhouses don't know Li Tian's current plight, and there is no way to give Li Tian any help.

Youanrou is not very far from Li Tian's arrival, but it is a pity that the strength of the giant's domain master and Youanrou are also half a catty, and Youanrou wants to quickly repel the giant's domain master.

The Star Territory Lord and the Great Emperor Canghai were entangled by the Donggong Ancient Sword and the Donggong Hidden Sword. If they both acted, they would definitely be stopped, and the problem would not be solved either.

Xingchen Xiaoyue is usually indifferent to Li Tian, but now seeing Li Tian's miserable appearance, she can't bear it! It's just that Xingchen Xiaoyue knows that her cultivation level is limited, even if she assists Li Tian, I am afraid that she will not be able to help, and it will drag Li Tian!

"Li Tian, where did your arrogance just now go? Even if you have a little cleverness, you can use your cleverness to hurt me, but what can it do? Fighting in the Netherworld will ultimately speak with your strength!"

"Boy, use your full strength, there is no need to cover up at this time, otherwise you will be cut into pieces by me as seafood! Hahaha!" Lord Yu Frost laughed wildly.

The anger in the heart of Lord Yu Frost was gradually released, and now he was enjoying the thrill of slashing Li Tian, especially the sharp blade of spiritual power quickly across Li Tian's skin, cutting Li Tian's body like Like sashimi, that kind of pleasure really makes Lord Yushuang feel as if he has reached a climax!

Yu Shuangyu's main task is not only to defeat Li Tian, but also to completely destroy Li Tian's confidence.

Li Tian could see the blade quickly across his skin, but Li Tian didn't feel the pain at the time, but as the battle time passed, as Li Tian kept moving, the pain from the wound would be doubled. .

This kind of small pain Li Tian can bear, but if the blood is allowed to flow non-stop, Li Tian will sooner or later suffer from excessive blood loss and cause physical weakness.

"Red cut! Red cut!"

Li Tian kept shouting Hong Zhan's name, trying to wake Hong Zhan.

If Hong Zhan can turn back, no, even if it only restores part of his sanity and does not continue to kill Li Tian, Li Tian believes that with his cooperation with the obscene god, he can definitely ***** the Lord Yu Frost Territory clean!

"Boy, you are so stupid! When you were in the earth world, isn't your favorite thing to do is to kill a thousand enemies and hurt yourself eight hundred? As long as you can control the Lord of Frost for a few seconds, give me An opportunity for performance, I will definitely be able to absorb his spiritual power, by then your boy's domain master realm will be just around the corner!" The God of Obscene said extremely threateningly.

Chapter 4647: : Li Tian shows off his power (4)

All the obscene ***** said is nonsense!

If there is such an opportunity, would Li Tian miss it?

However, the Lord Yu Frost Territory has become extremely cautious since being stabbed by Li Tian's Qiong Spear for a day. In the current battle, Lord Yu Frost Territory suppresses Li Tian everywhere, but Lord Yu Frost Territory is more careful. The main attacker is Yu Frost Domain Lord's clone Red Slash.

Moreover, the current attack methods of the Frost Domain Lord and the Red Slash clone are slashing!

Even if it is steel, it will be easily cut open by the spiritual power blade in the hands of the Frostland Master and the slash of Red Slash, not to mention Li Tian's small arms and legs!

Li Tian sold flaws several times and wanted to go to the master of Frost Territory, but was counted by the master of Frost Territory. The final result was that Li Tian had two more scars on his body!

Oh shit!

They were all beaten up. Could it be that I, Li Tian, will be killed by the Lord of Frost Territory today?

No, we must find a way! There must be a way!

put all one's eggs in one basket! Last stand!

Li Tian is now in desperation!

At this moment, the King of Fighters, who had already had all the advantages, suddenly abandoned Tang Xiaolong, huh! A teleport immediately appeared beside Li Tian.

The left and right fists of the Ten King of Fighters simultaneously blocked the slashes of the Frost Territory Lord and the Red Slash. The attacks of the spiritual power blade and the Red Slash clone in the hands of the Frost Territory Master fell on the fists of the Ten King of Fighters, instantly sending thousands Million sparks!

Even, the ten king of fighters suddenly exerted force, and unexpectedly retreated more than ten meters from the Frost Domain Lord and the Red Slash clone.

"What's happening here!"

"That is, why did the King of Fighters suddenly protect Li Tian?"

"This is not the point. Didn't you find that Lord Frost's spiritual power blade attack did not break the spiritual power cover on the fist of the King of Fighters? This King of Fighters is really terrifying!"

The crowd onlookers were a bit stupid, and their brains couldn't figure out why the King of Fighters suddenly helped Li Tian.

The same stupid one is Yu Frost Domain Lord!

"Ten punches, what are you doing?" Lord Yu Frost said with a bit of anger on his face.

The King of Fighters looked down at Lord Yu Frost, and said with a smile: "This opponent is very strong, leave it to me to solve! I am full of interest in him now!"

The King of Fighters is definitely a fighting madman!

The main reason why he is willing to come to Yecheng is because there are fights here, and he can fight without any restriction!

Moreover, the King of Fighters, like the Giant Domain Master, was used as a secret weapon.

It's just that when the King of Fighters saw Tang Xiaolong's "Ten Refining Body" attack, he could no longer restrain the excitement in his heart, and directly joined in and participated in the battle.

Although Tang Xiaolong can withstand his five punches continuously, Tang Xiaolong has not caused any damage to the King of Fighters so far, which makes the King of Fighters even more disappointed.

On the contrary, seeing that Li Tian also used the cultivation of the Emperor Realm, and he could actually hurt the Lord of Frost Territory, which made the heart of the Ten Fist Kings more itchy!

The King of Fighters wants to defeat Li Tian and kill Li Tian, so that everyone present knows that his King of Fighters is the strongest in the realm of the Emperor!

If there is a chance, the King of Fighters must challenge the domain masters. If he can kill a domain master-level powerhouse, then his name of the King of Fighters will surely resound throughout the Netherworld!

The intervention of the King of Fighters gave Li Tian a chance to breathe. Li Tian quickly turned out the tree green and poured a few jars of tree green on his body. The pale green tree green quickly healed Li Tian's wound.

The crowd eating melons onlookers felt they were crazy!

"It's Shuqing, have you seen it? This Li Tian is definitely a lunatic. He actually uses such precious trees to bathe. How many trees are wasted, it hurts looking at my flesh!"

"Idiot, no matter how precious the green trees are, is life still important? Keeping the green hills is not afraid of being burnt, only by quickly healing the wounds on the body, Li Tian has the chance to turn defeat into victory!"

"Now that the King of Fighters wants to be Li Tian's opponent, this is really a good show! It is also the cultivation base of the realm of the Emperor. The King of Fighters is the Emperor who has been

famous for a long time, and the strength of the legend does not need to be weak. And Li Tian has also proved his strength by wounding the Frost Domain Master just now!"

"That said, but in this way, the whole battle seems to have no suspense. If Lord Yu Frost is to deal with that Tang Xiaolong, he should be able to kill Tang Xiaolong easily."

"Yes, in this way, it is estimated that Yecheng's battle will end soon!"

While these onlookers were talking about it, Tang Xiaolong also teleported to Li Tian in an instant!

"Little boss, trouble you! If you accidentally let this guy run to your side, but it doesn't matter, I will let him know now that it costs me to despise Tang Xiaolong!" Tang Xiaolong said.

The King of Fighters did not expect that Tang Xiaolong would be like the brown sugar, haunting him, which made his plan to single out with Li Tian to no avail. This kind of uncomfortable emotion spread in his heart. The King of Fighters had only one thought in his heart now. , Killed Tang Xiaolong, punched the little bug that prevented him from fighting Li Tian into pieces!

"Boy, since you want to die, then I can only fulfill you! Eat my sixth punch!" The King of Fighters roared, his right fist hit Tang Xiaolong like a meteorite!

"Xiaolong, hide, let me come!" Li Tian shouted.

Li Tian's heart is also quite unhappy!

For so long, Li Tian has been crushed and beaten by the master Yu Frost and Hong Zhan.

After all, they are two domain master-level powerhouses, and Li Tian can also understand.

But what is this King of Fighters? His mother is only in the realm of Emperor Zun, and even wants to break ground on Li Tian's Tai Sui head, isn't this looking for death?

The iron fist of the Ten Boxing Kings is very powerful, but is the Heavenly Qiong Spear in Li Tian's hand a wooden stick?

Even if it is a protective cover formed by Lord Yu Frost with his spiritual power, isn't it still a blood hole pierced by Li Tian?

Li Tian's purple electric dragon can't do it with Red Slash. Isn't it possible that there is no way to respect this fool's fist?

Hey!

Seventy-seven forty-nine purple electric dragons instantly coiled around Li Tian's Qiqiong spear of the sky, and some black flames appeared on the body of this purple electric dragon.

Li Tian roared, his feet lightly on the ground, his hands clasped the Heavenly Qiong Spear, and his body rushed towards the Emperor of Ten Fists like a bolt of lightning.

However, when Li Tian was less than two or three meters away from the fist of the King of Fighters, Li Tian suddenly disappeared! At the same time, a layer of frost condensed on Tang Xiaolong's body instantly, blasting towards the King of Fighters like a cannonball!

"What's the situation? Is it that Li Tian is pitting brothers?" Lord Yu Shuang's brain suddenly short-circuited, "No, is Li Tian's target me...?"

Suddenly, there was a trace of alertness in the master of the Frost Territory, his consciousness was completely let go, and he wanted to feel the spirit power fluctuations of the disappearing Li Tian when he teleported.

At this moment, the square in front of Yecheng Huangzun Mansion instantly turned into a piece of quicksand.

A yellow stream storm with a height of several tens of meters was formed in an instant, and this quicksand storm would directly sweep the Frost Domain Lord's Red Slash clone towards the clouds.

The Red Slash clone of the Frost Domain Lord also has the strength of the domain master. This quicksand storm comes suddenly, but it is completely impossible to trap the Red Slash clone!

"Could it be that this is also Li Tian's assistant? This is completely amused!" Lord Yu Shuangyu still thought somewhat mockingly in his heart.

Between the lightning and flint, Tang Xiaolong's iron fist has collided with the sixth fist of the King of Ten Fists!

boom!

The sky is dark and the earth shakes!

Chapter 4648: : Li Tian shows off his power (5)

The quicksand storm in the center of Yecheng Huangzun's Mansion Square disappeared completely at this moment, but the broken sand was flying all over the sky because of the fist of the Ten Boxing Emperor and Tang Xiaolong.

"What's the situation? Who can tell me what's the situation?"

"It looks like it was Tang Xiaolong and the King of Fighters fighting against each other, but I don't know what the result will be!"

"What's the result? Haha, does this still need to be considered? Tang Xiaolong can withstand the first five punches of the King of Fighters, and there must be no way to bear the sixth punch of the King of Fighters! If my guess is correct, Tang Xiaolong may have been The booming smoke is gone!"

A smile appeared on the corner of Emperor Canghai's mouth.

Although Tang Xiaolong's punching speed was fast enough, the Great Emperor Canghai could see it very clearly. Tang Xiaolong had just used the "Nine Changes of Profound Cold" that he had taught Tang Xiaolong.

"The "Xuanhan Nine Changes" plus Tang Xiaolong's "Ten Refining Body", I am afraid it will not be worse than the "Ten Boxing" practiced by the Emperor of Ten Boxing!" The Great Emperor Canghai thought confidently.

The domain masters on the scene have used the domain to cover the entire square of Yecheng Huangzun Mansion in the domain. Although this domain was destroyed by other domain master-level powerhouses in an instant, but at this moment, the people in that domain The dust has completely landed.

The dust fell, and the crowd onlookers immediately shouted in exclamation: "What happened just now? It only took a few seconds. Why did so many changes happen?"

Tang Xiaolong's whole body was lying on the square with blood. No, to be precise, Tang Xiaolong's body was sunk into the ground, and there was a huge fist mark around Tang Xiaolong's body!

It can be seen that this is a masterpiece of the King of Fighters!

The sixth punch, the power of this punch surpassed all the collections of the previous five punches, and it directly blasted Tang Xiaolong to the ground. Tang Xiaolong seemed to have no ability to resist.

However, do you think the King of Fighters is the winner?

Do not!

Although the King of Fighters still stands on the square, the situation is not optimistic.

The two arms of the King of Fighters were frozen by the thick ice layer, and the freezing did not stop because of it, and it continued to spread to the head, body, and legs of the King of Fighters.

Donggong Ancient Sword and Donggong Hidden Sword, at the same time turned to look at Emperor Canghai.

"It's you?"

The Great Emperor Canghai smiled and said: "With your two super **** family domain masters by my side, do you think I have such strength? You have to be confident, I absolutely do not have such strength!" Reaching out to Tang Xiaolong who was already in a pool of blood, he continued: "It should be him, Tang Xiaolong!"

"But, now the King of Fighters..."

"Don't look at me with such weird eyes! I am not the only one who is strong in the "Nine Changes of Xuanhan" in the Netherworld Society, but also the Tang Xiaolong who fell in a pool of blood!" said Emperor Canghai.

"He? How could he belong to your Canghai Empire..."

"I taught!" The Great Emperor Canghai said unabashedly.

"You..." Donggong Gujian was furious in an instant, and wanted to do something against the Great Emperor Canghai!

The Great Emperor Canghai waved his hand again and again and said, "Don't get me wrong. Just like Chu Jiangnan, he stole my stunt and injured me! When Tang Xiaolong fought with the King of Fighters, I wanted to clear the door, but he didn't. Thinking of being blocked by you..."

The false words can no longer be false, Dong Gong Gu Jian felt that he was treated like a fool.

"In that case, my Donggong Ancient Sword will take you to clean up the door!" Donggong Ancient Sword said coldly.

The Great Emperor Canghai's face gradually darkened, and he said with a sneer: "What are you? Do you still need to intervene in the affairs of my Canghai Empire?"

For a time, the Great Emperor Canghai and the ancient swords of Donggong were at a tense.

At this moment, another exclamation came from the crowd!

"I'll wipe it, look at Li Ritian! Fuck, Li Tian, this guy is going to be a day!"

"Impossible, absolutely impossible, this must be my illusion!"

"I also wonder if this is an illusion. How can Li Tian grow so many tentacles? Is he an unknown race in the Netherworld?"

"Poor Lord Yu Frost, what kind of trouble is this! How does he rely on Li Tian? It really makes people wonder if he is getting ambiguous with Li Tian!"

"Fuck your sister, haven't you seen that Lord Yushuang has been completely controlled by Li Tian? Lord Yushuang has no chance to resist now!"

"What?" Donggong Gujian could hardly believe his ears, and suddenly turned his head to look towards the square, only to see a dozen tentacles growing out of Li Tian's body. Several of these tentacles were tightly entwined in Frostland Lord, and several others got in from the Seven Apertures of the Frost Domain Lord.

The two spiritual power blades in Master Yu Frost's hands have pierced Li Tian's body, and blood dripped down along the spiritual power blade. At this moment, Lord Yu Frost's spiritual power blade shattered instantly. !

Through which tentacles, the spiritual power on the body of the Lord of the Frost Territory is flowing to Li Tian quickly, and the Lord of the Frost Territory seems to have completely lost consciousness, and even his body is rapidly shrinking.

"Could it be that Li Tian is absorbing the spiritual power of Frost Territory Lord?"

"Oh my god, it's no wonder that Li Tian, a perverted cultivation base, has grown so quickly. It turns out that this guy's cultivation is so terrifying!"

"Where is Yushuang Domain Lord's clone? It is impossible that the two domain master-level powerhouses can't even think that Emperor Li Tian can't handle it, right?" The onlookers looked for Hong Zhan's figure continuously.

At this time, the sharp-eyed man discovered that the Red Slash clone of the Frost Territory Lord was suspended in midair, and a turbulent vortex of time and space was constantly sucking in the Frost Territory Lord's Red Slash clone.

All this is naturally a good thing to do in conjunction with Dixing Yasha and Void Yasha!

Time goes back a few seconds ago!

Frostland Lord's Red Slash clone was swept up by the quicksand storm, and Li Tian used Void Yaksha to teleport and instantly came to Frostland Lord's Red Slash clone, allowing Void Yaksha to use his secretary to red Cut into the turbulence of time and space.

Li Tian's idea is very simple.

Since Hong Zhan couldn't be used by him, and he was still helping the Lord of the Frost Territory to kill Li Tian, then it would be better to send Hong Zhan like a turbulent time and space.

Anyway, this demon knife was originally brought back to the earth world by Li Tian from another world. Li Tian is qualified to do so!

Immediately afterwards, Tang Xiaolong's "Xuanhan Nine Changes" iron fist met with the sixth fist of the King of Ten Fists.

It has to be said that the "Ten Fists" of the King of Fighters is sufficiently overbearing that even a man as strong as Tang Xiaolong was thrown into the ground by the punch of the King of Fighters.

However, this is a situation where both lose and lose. The King of Fighters was injured by the "Nine Changes of Fantasy" and was temporarily controlled by the thick ice.

The dust in the sky blocked everyone's sight!

And Li Tian had teleported to the front of the main deity of Frost Territory, directly hitting the double-blade of spiritual power in his hand.

Li Tian used this method of self-mutilation to win him a ray of life. The obscene **** immediately stretched out his spiritual power tentacles, which would be controlled by the Frost Territory Lord, and then began to happily absorb the spiritual power in the Frost Territory Lord's body!

"How could this happen? Yang Si didn't write the script in this way!" Yu Shuangyu thought desperately!

Chapter 4649: : Was attacked

Li Tian has been immersed in the pleasure of being absorbed by the Frostland Lord!

The two domain masters of Donggong Ancient Sword and Donggong Hidden Sword wanted to save the Lord of Frost Territory with their hands. They came and went without being indecent. Before they jumped out of the onlookers, they were taken by the Great Emperor Canghai and the Lord of Stars. At the same time stop.

In addition to these two domain masters, other emperors, such as Huang Lou Huang Zun Zheng and the Vicious Dog, Situ Ning Bing and Xi Yu Huang Zun, Little Hot Pot and Promise Emperor, Mutant Crow and Thunder Bird Emperor, Xiao Qing Wa fought with Emperor Kuhai.

Need to talk about the Emperor of Bitter Sea here.

This Bitter Sea Emperor is also a strong supporter of Yu Frost Territory Lord, Blood Territory Lord and others, but Yu Frost Territory Lord has fought against the Bitter Sea Emperor when he was in the Realm of the Emperor, and he knew the secret of the Bitter Sea Emperor.

I have to say that Kuhai Huangzun is very hard, and even in many cases he is hard to tell!

There are always a few days of this product every month...the cultivation base will fall to the lowest level of the emperor, and there will be a few days each month when the cultivation base of this goods will reach the strongest peak of the emperor.

In other words, the cultivation base of Emperor Kuhai is like a wave line, and will experience troughs and peaks within a month.

Normally, Emperor Kuhai will only show up when he has the strongest strength, and when his cultivation base drops to the bottom, he will hide and practice.

But this time, the Lord of the Frost Territory found the Emperor of the Bitter Sea. As a person who can grasp the lifeline of the Royal Family of the Bitter Sea, the Emperor of the Bitter Sea had to listen to the words of the Lord of the Frost Territory.

And the Lord Yu Shuang knew that Emperor Kuhai would be coming to the 'big aunt' again these few days, and the task assigned to him was also very simple, that is, hiding in the crowd of onlookers. If Li Tian invites other powerful emperors, if you want to intervene in the battle, then Emperor Kuhai will stop it.

Don't want him to really fight his opponents, as long as he can contain other emperors.

But the Emperor of the Sea of Bitterness followed the orders of the Lord of the Frost Territory to the fullest. This counselor was hiding in the crowd of onlookers, just like watching a play.

When Xiao Qingwa and the vicious dog were pursuing Huanglou Huangzun together, this guy was originally planning to jump out and attack the vicious dog, but he did not expect that the vicious dog had fought with the tiger and the lord of the tiger and Wang Changqing!

As soon as this guy was teleported out, before he had time to attack the vicious dog, he was drawn by the vicious dog's powerful white bone tail, almost pulling this guy out of his breath.

Then, Emperor Kuhai was entangled by the little blue tile, and there was no way to get out!

The bitterness in Huangzun's heart is called bitterness, if he can, he wants to cry!

It was like a woman who was uncomfortable for a few days. Regardless of what attacks he performed, Emperor Kuhai always felt twisted, otherwise he wouldn't have a tie with the little blue tile who had only the mid-level ninth-level peak of the sage.

boom!

boom!

Emperor Kuhai's spiritual power is like a crystal of edible salt, and the weapons formed by his spiritual power look like crystals, extremely luxurious, but this weapon blasted the small blue tile, and the small blue tile was beaten. Take a few steps back and somersault.

It seems that the Emperor of Suffering Sea seems to be unable to work hard, but who can tell the suffering in his heart?

When the strong master Yu Frost Territory was controlled by Li Tian, he had already lost the ability to resist, the bitterness in the heart of King Suihai was even more bitter, and his true thoughts turned out to be to escape.

Had he not known that the mysterious figure in the Emperor's Mansion hadn't taken action yet, the Emperor of Bitter Sea might have jumped out of the battle circle at this time, held a fist at the small blue tile, shouted, and there would be a period of time, and then fled.

The person who was called a mysterious person by the Bitter Sea Emperor was no one else. It was the material elder in the Nether Academy who was absorbed by the law enforcement elder and fell to the domain master.

"It's really a waste! The dignified master-level powerhouse was actually controlled by Li Tian in this way. It's really a waste! It seems it's time for me to play now!" The material elder who was hiding in the palace watching the battle couldn't help but shook his head. .

The material elder's hatred towards Li Tian is probably not necessarily weaker than the Blood Domain Lord and Zichuan Great Emperor.

He really wanted to eat Li Tian's meat and drink Li Tian's blood.

However, as the former material elder of the Netherworld Academy, his fear of the old dean also made him afraid to stand up and support the Frost Domain Lord, the Blood Domain Lord and others.

Otherwise, even if Li Tian was actually beheaded by Lord Yu Frost and the others today, his material elder might not get a good death.

At that time, his bereaved dog will definitely bear the anger of the old dean, grand elder, and law enforcement elder from the Nether Academy!

Thinking of the law enforcement elder, the face of the material elder involuntarily showed a trace of pain.

"It can't be delayed any longer, otherwise, once the Lord of Frost Territory suffers, the consequences will be unimaginable at that time!"

The material elder general took off the mask on his face, and he flipped through his hands, and there was a piece of black and dry mud in his hands!

This mud was the same as the black mud that Li Tian had obtained in the kingdom of Venerable Youhua Yao, which had the effect of changing appearance.

The material elder turned out a can of water and poured it on the shriveled mud. After the water was completely soaked in the mud, the material elder put the black mud on his face.

Within a few seconds, the appearance of the material elder changed. In addition to the same voice, even the old dean couldn't recognize the old man in front of him as the material elder.

The material elder buttoned the mask on his face again, and took out a turquoise long sword from the space ring.

Huh!

As soon as the long sword came out, a green light flashed on the blade, and there was a hint of sweet plant scent in the air.

This sword has a common name, called Evergreen!

This Evergreen Longsword was a treasure accidentally discovered when the material elder was in charge of the materials of the Nether Academy.

Don't look at this 10,000-year-old youth who looks extremely ordinary, but even when the material elder's cultivation was beyond the realm of the domain master, he could not shatter the long sword with his spiritual power.

The material elder's spiritual power is an ordinary wood element, and with the help of the Evergreen Longsword, the material elder can exert 120% of his own strength.

"Li Tian, if it weren't for your appearance, Wu Zhi, who had been in the Nether Academy, would not become a humble domain master class powerhouse like I am now!"

"Today, let me use Everlasting Youth to end your life and draw a perfect end to our conflict!" Wu Zhi, the elder of materials, said grimly.

Huh!

The material elder instantly jumped to the towering wall of the imperial palace, with his feet on the wall a little, and his figure flashed very pretentiously, but he had teleported to the distance between Li Tian and Li Tian only three or four meters.

"Master Yu Shuang hold on! Brother, I'm here to save you!" The Evergreen Longsword in the hands of Wu Zhi, the material elder, shook out a sword flower and slammed Li Tian's head.

Surrounding Wei and saving Zhao, the material elder did not expect his sword to kill Li Tian, as long as he could let the monster Li Tian loose from the Lord of Frost, his goal would have been achieved!

A trace of panic flashed across Li Tian's face, and the Heavenly Qiong Spear in his hand was handed out to block the material elder's long sword.

Facing the domain master-level powerhouse again, Li Tianhe didn't dare to be careless and could only abandon the frost domain master!

However, Li Tian is bad enough. At the moment when all the spiritual power tentacles that obscene the gods were completely recovered in an instant, Li Tian's left hand slammed into the chest of the Frost Domain Lord!

A dozen purple electric dragons swarmed into the body of Lord Frost in an instant.

The unlucky Lord Yu Frost Territory was at this moment, his spiritual power plummeted, and he finally fell back to the realm of the Emperor!

"Li Tian, I don't share the same spirit with you!" As soon as Emperor Yu Shuang said his cruel words, a figure flashed over, and Emperor Yu Shuang immediately let out a scream!

Chapter 4650: : Evolution (1)

Li Tian was stunned!

The material elder is dumbfounded!

The onlookers eating melons couldn't believe the picture in front of them!

Donggong Ancient Sword and Donggong Hidden Sword couldn't help shaking their heads and sighing!

The figure that suddenly flashed over was not someone else, but it was a small blue tile that had never been visible or dew!

Following Lord Yu Frost, inaccurately speaking, it was the scream of Emperor Yu Frost, declaring the tragic fate of Emperor Frost to continue!

The shoulder armor of Lord Yu Frost's right arm connected to the right half of his body was torn off by Xiao Qing Wa, and then directly swallowed by Xiao Qing Wa.

"Ah! ~ Save me!" Emperor Yu Shuang let out a painful scream, and his body kept moving backwards. The only left hand wanted to condense the spiritual power into a sharp blade to slay the small green tile, but he continued. The cohesion has failed several times!

Although Lord Yu Frost's cultivation level is still at the realm of Emperor Zun, Lord Yu's body is still numb because of being sucked by the tentacles of the obscene god. His nerves want to control his arms, but it is fundamental. There is no way to do it.

And now, Lord Yu Frost instantly lost half of his shoulder armor, blood was continuously spraying from the wound, and the spiritual power in his body veins was also uncontrollably drifting around!

If it is not controlled, Master Yu Frost's cultivation realm will continue to plummet.

Donggong Ancient Sword and Donggong Hidden Sword hesitated for a moment. They looked at each other, and both saw a trace of disappointment in each other's eyes. In the end, they did not choose to jump out and rescue Emperor Yu Frost.

The material elder was taken aback, the Evergreen Longsword in his hand shook out a sword flower, and Li Tian was shaken back with a sword, and he teleported towards the Lord of the Frost Territory, hoping to rescue the Lord of the Frost Territory from the young blue tile.

How could Li Tianyou give Elder Material Materials this opportunity!

The current Red Slash clone of Yushuang Domain is still controlled by Void Yaksha's Void Vortex, only facing a domain master level powerhouse, Li Tian said that he has no pressure!

drink!

Li Tian roared, and the black flames on the Qiong Spear of the Sky and the seven forty-nine purple electric dragons flew together. In an instant, the Qiong Spear of the Sky seemed to be hundreds of times longer, and its power also increased a lot.

Hey!

Li Tian's feet were a little on the ground, and his body easily jumped more than a dozen meters high. Li Tian grasped the Heavenly Qiong Spear with both hands, using the Heavenly Qiong Spear as Monkey King's golden cudgel, and slammed it hard at the material elder.

As soon as the material elder teleported to a distance of less than three or four meters from the small blue tile, he felt the fear that fell from the sky, and instantly felt like he was going crazy.

"Don't this **** Li Tian know that Lao Tzu's side is his pet? Does he want to kill the two of us with a stick? It's very possible that what this **** likes most is to kill a thousand enemies and hurt himself. Although Lao Tzu has fallen into the sun, he is also a domain master-level powerhouse. Lao Tzu's life is much more expensive than this low-level ghost beast!"

The most important thing is that, at this time, Xiao Qingwa's blood basin was big mouth, Yu Shuangzun has been torn and swallowed a large piece of skin by Xiao Qingwa, Yu Shuangzun is now even faintly calling for help. Not anymore.

Even if the material elder can repulse the little blue tile or beheaded it, this is a matter of whether the Frost Emperor will save it.

The material elder could only abandon the small blue tile, and a trace of the fragrance of plants drifted over the Evergreen in his hand, and then as the surging spiritual power of the material elder poured in, the blade of the Evergreen sprouted and bloomed instantly, and then a towering giant tree emerged from This evergreen grew out, and nine green vines coiled around this towering giant tree.

The nine green vines snaked towards the Qiong Lance of the Sky that descended from the sky, instantly entwining the Qiong Lance of the Sky and Li Tian.

The onlookers who ate melons were once again shocked by the sight in front of them.

"This... what is this? Who is this mysterious guy wearing a mask?"

"His cultivation base seems to be slightly stronger than that of a domain master-level powerhouse. Could it be... Is he a member of the Super God family?"

"Does it matter who he is? Don't you see that Li Tian has been completely swallowed by the huge vine? Just now I felt that the stick in Li Tian's hand suddenly became huge and awesome, but there are huge trees and giants here. In front of the vine, Li Tian's stick is like an embroidery needle!"

"Yeah, is this over? Li Tian won't be eaten by this giant like this, right?"

"I'm afraid it's not that simple, you think, Li Tian is a fierce man who fought alone against the two powerful masters of Frost Territory Master and his Red Slash clone. How could he just be able to catch him?"

"Huh? Look at Li Tian's Nether Beast, that guy is really not afraid of danger. Under this situation, he is still devouring Frost Territory Lord, and Yu Frost Territory Lord is about to be eaten by that Nether Beast!"

That's right, Xiao Qingwa's eyes are now only Yu Frost Emperor!

The man is a sword and I am a fish. Now Emperor Yu Shuang has no power to fight back, and for Xiao Qingwa, Emperor Yu Shuang's body means spiritual power!

After continuously devouring a few pieces of Frost Emperor's body, the little blue tile finally found what it wanted in Frost Emperor's body, a fist-sized spiritual power crystal!

And this crystallization is exactly where all the cultivation bases of the Frost Emperor are condensed!

"No...no..., how can you do this to me like this ghost beast! I'm the domain master...behind me there is a super ***** family...you...damn" Emperor Yu Frost looked at Xiaoqing desperately Wa, his arm was weakly tapping Xiao Qingwa's claws!

The strong onlookers began to shake their heads!

"I didn't expect that the magnificent Yushuang Territory Lord would die under the mouth of such a Nether Beast whose cultivation level is only in the mid-level ninth level of the Venerable. What a strong irony!"

"Yes, now it's up to the mysterious man wearing a mask to turn the tide, if his giant vine can't control Li Tian, this battle may be over!"

"Look at that ghost beast, I think it looks like the legendary golden-eyed blue lion?"

...

The little blue tile was cold at this time, it completely ignored the words of the Frost Emperor.

For Little Blue Tile, no matter how awesome Yu Shuangzun was once, how powerful your forces behind him are, it is useless, you are a piece of meat, the source of Little Blue Tile's spiritual power!

Click!

Little Qingwa's blood-stained teeth easily crushed the crystal, and when the surging spiritual power began to wantonly, he swallowed the crystal whole in an instant!

boom!

boom!

The sound of thunder began to sound from the body of the little blue tile, and then golden spiritual power flowed out from the body of the little blue tile. At this time, the little blue tile looked like a golden lion king.

However, this golden-shaped spiritual force thread rushed to his pupils quickly along Xiao Qingwa's body, and then got into Xiao Qingwa's pupils!

"Could it? Is this the golden-eyed lion evolving?"

"The emperor... the emperor-level golden-eyed lion, hahaha, I didn't expect that today we can still see the legendary emperor-level golden-eyed lion!"

The onlookers are excited again in an instant!

Yu Shuang, who had fallen to the ground like a pool of rotten meat, was automatically ignored!
