

A Killer 4751

Chapter 4751: : Convention

Li Tian is already a little messy.

Isn't a bad dog a bad dog?

How could it suddenly become the fluffy giant of the super domain master powerhouse?

Could it be that he was invited by a monkey...Well, even if you think of Li Tiannaoren to explode, you can't understand it!

Li Tian looked at the bad dog, and the bad dog looked at Li Tian!

It lasted for dozens of seconds before Li Tian calmed down!

Li Tian couldn't wait to ask: "What the ***** is going on? How can you become a vicious dog? And who made you into a vicious dog, trapped between the earth world and the battlefield of death? Hurry up. Tell me, I am still in the dark!"

The vicious dog stretched out his other hand, flattened his palm, and placed it in front of Li Tian, motioning Li Tian to jump on his palm.

Li Tian jumped up and jumped on the open palm of the vicious dog.

The vicious dog took his palm back and placed Li Tian on his shoulder, just like Li Tian put Xiaoyasha on his shoulder.

Only then did Li Tian discover that the Black Smoke Tuan'er and Xiao Qingwa were both on the dog's body, but the difference was that the two little guys were in the eyes of the dog's ears, and the two little guys were playing around.

Seeing Li Tian, Xiao Qingwa and Heiyan Tuan'er flew into Li Tian's arms, acting like a baby.

But at this time, Li Tianke didn't have time to watch them behave cutely.

Li Tian sat on the shoulders of the vicious dog, looking into the distance, watching the scene of the rain curtain wheel covering the whole world, and calmly said: "Vicious dog, you can tell me now!"

Little Qingwa and Heiyan Tuan'er were snuggling in Li Tian's arms, squeezing their eyes slightly.

At the beginning, in the space of the Qiong Spear of the Sky, there were only the Little Blue Tile, the Vicious Dog, and the Black Smoke Ball, because the three of them were always together.

However, just half a month ago, this vicious dog suddenly became a fluffy giant.

Even the black smoke group who had been with a dead monkey felt incredible. In the following days, the black smoke group communicated deeply with the vicious dog, and he also knew the ins and outs.

Now, it must be more difficult for Li Tian to suddenly accept this fact, so Hei Yan Tuan'er and Xiao Qingwa acted like a baby wittily for a while and gave the time to Li Tian and the vicious dog.

"Li Tian, first of all thank you for taking me out of that ***** place! Although all of this is destined, but without you, I am afraid I will die in that place!" The vicious dog's voice sounded like a thunder.

"As for the answer you want to ask, I can't tell you now. If you want to know the answer, then you go to Wanshen Mountain. When you see that woman, he can help you with all the doubts in your heart. Untie!"

It was another mysterious woman from Wanshen Mountain. Li Tian didn't know this was the first time he heard about this woman.

Mount Wanshen, Li Tian will definitely go back.

Now Li Tian has reached the realm of the domain master, and is already qualified to go to Wanshen Mountain.

The Vicious Dog didn't know what Li Tian's thought was in his mind, and he still said to himself: "I have completed the task she gave me, guarding you, keeping you safe, and allowing your cultivation to reach the realm of the domain master. I just regain freedom."

"Li Tian, I haven't been home for too long and haven't seen my people. I miss my people, I miss my family. I just want to go home now, Li Tian, send me out! Now you are enough. Strong, even without my protection, you can already travel in the Nether Realm."

The voice of the vicious dog was like Hong Lei, but Li Tian felt that the vicious dog was very calm.

However, Li Tian can now feel that the cultivation base of the Vicious Dog has definitely reached the super domain master level. Such a powerful helper said to leave, Li Tian inevitably felt reluctant.

However, the vicious dog wants to go home, but Li Tian doesn't know how to stay or refuse.

"Vicious dog...Can I still call you like this?" When Li Tian called out the name, his heart trembled slightly, not because he was afraid of the powerful dog, but rather reluctant.

The battlefield of death has been accompanied by ten years, and it has been nearly five years since he came to the world of the underworld, plus the earth world, this is more than fifteen years.

For the cultivator of the Netherworld, fifteen years is just a flick, but for Li Tian in the earth world, these fifteen years are long enough.

Li Tian didn't feel this way when the vicious dog was around.

Now that the vicious dog said he was going home, Li Tian knew that he had unknowingly regarded the vicious dog as his family, his partner, and his friend, not just a mount!

The bad dog thanked Li Tian for bringing him out. Li Tian couldn't thank the bad dog for his company for many years.

Without a vicious dog, Li Tian would be struggling in the death battlefield, and even his life might be in danger.

"This is the name you gave me, I like it very much! This name will always belong to you!" said the vicious dog.

"Vicious dog, I don't know what happened to you in the past or what happened to you. Now that you have regained your freedom, I don't have enough reason to keep you. It's just that I've become accustomed to your existence for so many years. Unconsciously, I have regarded you as

my...partner." Li Tian paused for a moment, adjusted his emotions, and then continued: "Will we meet again in the future? Will you come back?"

"We are all in the Nether Realm. As long as I don't ascend in daylight, as long as you haven't ascended in a hundred days, we will meet each other naturally!" The vicious dog nodded heavily.

Li Tian smiled, he was very happy.

"Okay, then we're all set! Now, I'll send you out!" Li Tian said with a smile.

Regardless of the vicious dog's reaction, Li Tian stretched out his hand to press on the vicious dog, and instantly took the vicious dog out of the spear of heaven.

...

On the surface of the sea, the spirit water demon gourd released by the Donggong demon pupil began to grow crazily. The giant vines were overwhelming, everywhere, and the nine green gourds on the vines were each larger than the cubic meter in time.

It seems that because of this spirit water demon gourd, the sea level has dropped a few meters, and more coral reefs are exposed on the sea.

The acid dragon released by the parallel imports is considered to have really encountered an opponent. Although the strong acid sprayed by the acid dragon has a strong corrosive effect, even the branches of the water demon gourd can corrode. Unfortunately, this water demon gourd can corrode. Having already occupied the entire sea area, this sour dragon looked like a small insect on a towering tree in front of the spirit water demon gourd.

Destructive ability is extremely limited.

"Poison Master, hurry up and show your true skills, let us fight happily!" Donggong Demon Eye said with a frantic smile.

As soon as the Donggong demon pupil's voice fell, a gourd on the giant branch suddenly opened a lid, like a lantern plant, and suddenly carried the acid dragon in.

Click!

The lid of the gourd was covered, and the acid dragon completely cut off contact with parallel imports.

"So strong!"

It is not that the parallel imports have never seen the spirit water demon gourd, but he did not expect the spirit water demon gourd to be so powerful. An acid dragon that can single out hundreds or even thousands of black fire purple dragons was swallowed by the gourd, which is the spirit water demon gourd!

"Hey, interesting! You can swallow my acid dragon, so let me see if you can swallow my body too!"

When Parallel finished speaking, his body was like a candle melted by flames, and his body softened rapidly.

Hundreds of small holes appeared on his body. These small holes looked like... a volcanic crater. From these small holes, white smoke continued to rise, a strong thunder pungent, and even felt The smell of disgust began to spread from him.

"Come!" said Donggong Demon Tong's eye slightly.

Chapter 4752: : Sturdy Dog

coming!

It's coming!

However, it was not parallel imports, but Li Tian, Vicious Dog and Xiao Tianyi!

The vicious dog followed Li Tian out of the space of the Qiong Spear of the sky, and immediately felt the battle between two super domain masters not far away.

According to Li Tian's description, the Vicious Dog knew that the Eastern Palace Super God family sent someone to intercept Li Tian. Fortunately, Li Tian was surrounded by two super domain master-level helpers, Water Bird and Xiao Tianyi, which was spared.

Hearing this news, the vicious dog couldn't help being angry.

What a shameless super **** family, to deal with a Li Tian who only has the realm of the domain master, he sent two super domain master powers in the family, and the Donggong demon pupil can actually rank first in the Donggong super **** family. Fives.

Although the vicious dog is anxious to go home, he is not anxious at this moment.

The Vicious Dog took the initiative to ask Ying to assist Li Tian and Xiao Tianyi in dealing with the Donggong Super God Family.

The power of the gods?

It's better to keep Li Tian to save his life, this kind of fetish is a one-time thing, if it is consumed, it will really be gone!

Li Tian, Xiao Tianyi, and Vicious Dog, as soon as they discussed, they immediately worked out a plan to besiege the demon pupil in the East Palace.

Xiao Tianyi and Li Tianzhu attacked the East Palace Demon Eye, and the Vicious Dog went to deal with the spirit water demon gourd released by the East Palace Demon Eye!

...

Donggong demon pupil felt the air around her body suddenly fluctuate, and she suddenly felt a little alert in her heart. At this moment, huh! Huh! Huh! Three figures appeared in this battlefield in a row, it was Li Tian, Xiao Tianyi, and Vicious Dog.

"Li Tian, I didn't expect that you would dare to chase over, really looking for death!"

The Donggong demon pupil roared, and the ninety-nine black fire purple dragons he controlled abandoned parallel imports, uttered several dragon chants in the sky, swayed and swarmed towards Li Tian.

Although Li Tian's cultivation is not the strongest, the Donggong Demon Eye also knows that Li Tian is definitely the most difficult one. If he cannot quickly make Li Tian lose his fighting ability, Guang Li Tian will continue to release the black fire purple dragon. One skill can annoy him to death.

"I fuck!"

As soon as Li Tian appeared on the sea, the ninety-nine black and purple dragons immediately surrounded him.

Hey!

Ninety-nine black fire purple dragons rushed out of Li Tian's body instantly, and launched a counterattack against the black fire purple dragon controlled by the Donggong demon pupil.

However, in front of the black fire purple dragon in the Donggong demon pupil, Li Tian felt that the black fire purple dragon released by him from the "Blue Cloud Jue" was like a paper paste, completely vulnerable.

The dragon chant sounded constantly around Li Tian's body, and Li Tian's black fire and purple dragons were almost always killed by a spike.

Whoosh!

Whoosh!

The black fire purple dragon released by the Donggong Demon Eye did not attack Li Tian, but directly penetrated Li Tian's body skin, penetrated into his body veins, swallowed the spiritual power in Li Tian's body veins, and destroyed Li Tian with spiritual power. Into the black fire purple dragon.

The intense pain caused Li Tian to kneel down again.

Li Tian's body floated on the surface of the sea, and his sweat kept falling.

"Your sister, play this one again!"

Li Tian roared in his heart: "However, Lao Tzu has already prepared! It's cheap to molest God!"

"Hahaha, I like this kind of battle! Although these black fire purple dragons are almost similar to the black fire purple dragons you released, they are the spiritual power of the Donggong demon pupil, refining his spiritual power, I have nothing to do Guilt!" said the **** of indecency.

your sister!

The obscene **** is clearly refining the spiritual power of Li Tian's body veins!

However, the spiritual power in this body's veins is after all a small number. As long as the Donggong demon pupil is painful, even if Li Tian consumes more spiritual power, Li Tian is willing.

...

On the other side, as a fluffy vicious dog, as soon as he teleported to the surface of the sea, he immediately became the target of that spirit water demon gourd.

Whoosh!

Whoosh!

The huge vine of the spirit water demon gourd was like a soft whip, and once flashed, it had wrapped one of the arms of the vicious dog.

This spirit water demon gourd was pulling the huge body of the vicious dog, and constantly approaching the spirit water demon gourd.

And the nine green gourds on the vine opened the lid at the same time and poured the liquid in the gourd down in the direction of the vicious dog.

This is some goose yellow liquid, which looks chaotic, and the smell from this liquid seems to be stronger than the strong acid of parallel imports.

"It's poison!"

A trace of fear flashed across the evil dog's eyes, and a white bone tail suddenly appeared behind the evil dog.

This white bone tail is like a white bone blade with a length of more than a few hundred meters, directly slashing towards the branches of the spirit water demon entwining him.

Click! With a sound, the branches of the spirit water demon gourd exceeding the thickness of the bucket were directly cut off by the bone tail blade.

Whoosh!

The vicious dog's figure dodged, avoiding the venom that dropped from the head.

The venom fell into the sea, and the surface of the sea instantly turned waves, gurgling, like boiling water bubbling.

The roots of the spirit water demon gourd in the seawater turned black in an instant, and quickly softened, and a yellow liquid like thick water continued to flow from these roots.

In a few seconds, the roots that were still green just now turned black.

At least the roots within a thousand square meters have turned black.

Wow!

The sea water continued to dilute this poisonous, but the roots of the spirit water demon gourd within nearly a thousand square meters were still completely rotted.

"This poison is so strong. If this poison rains on a person's body, I am afraid that it will be melted instantly and even the bones will not be seen!" The evil dog thought after a while in fear.

Huh!

Huh!

The white bone tail of the vicious dog is like a sharp harvester, constantly slashing the branches of the spirit water demon gourd. The branches that have been chopped down are rapidly withering, and then change into spiritual power and disappear in the air.

The spirit water demon gourd would not sit still, the giant main branches and vines stretched silently over the vicious dog's head, and the nine gourds opened the lid again.

"Humph!"

The vicious dog snorted, but his figure suddenly disappeared on the sea.

In the next second, the vicious dog was already suspended in mid-air. His hands suddenly grasped the main branch vine, the white bone tail behind him stood up straight, and then he slashed towards the main branch vine.

Click!

The main branches and vines, which had a diameter of at least more than ten meters, were cut off easily by the bone tail of the evil dog.

The nine gourds that had lost the support of the sea burst instantly and turned into powder.

However, this spirit water demon gourd was not dead.

Although the main branches and vines were chopped off, suddenly hundreds of bucket-thick vines grew from the chopped parts.

Spirit water demon gourd, the most dangerous thing is this gourd.

Now that the gourd has been cut, the spirit water demon gourd has lost the most powerful means of attack, even if there are more branches, in the eyes of the evil dog, it is just a mustache.

The vicious dog raised his head and roared, and even opened his mouth and bit on a branch of the Spirit Water Demon Gourd. He tore it forcefully, and directly tore off the whole branch, and then chewed it with big mouthfuls.

The branches of the spirit water demon gourd turned into spiritual power, and were quickly swallowed by the vicious dog.

And the white-bone tail of the vicious dog still doesn't stop, and it still keeps reaping.

This picture is like a herbivore with its own lawn mower!

Everything in the world, one thing drops one thing.

Even the parallel imports, the spirit water demon gourd who felt jealous, were harvested by the evil dog, and this spirit water demon gourd did not resist at all.

"This guy is so tough!"

"If this guy didn't participate in the war, I'm afraid it would take some trouble to deal with this spirit water demon gourd!"

No worries, the body of the parallel imports has completely softened and turned into a slimy liquid floating on the sea.

"Now, I should behave!" Parallel said.

At this time, parallel imports, if you don't look at the color, are like oil spills from crude oil floating on the water. Of course, parallel imports are not real oil spills, but the whole body has become a highly toxic liquid.

This oily flower did not drift with the flow, and drifted towards the Donggong demon pupil at a rapid speed.

Chapter 4753: : One and a half

The pupils of the Donggong demon pupil were congested and wanted to vomit blood even more.

If he fights alone, even if it's a wheel fight, he won't be afraid of Tianyi, parallel imports and vicious dogs.

However, these three guys are now jointly attacking him.

Moreover, there is a troublesome guy like Li Tian.

Speaking of Li Tian, Li Tian was already full of blood and resurrected. This guy licked his lips and said with a look of intoxication: "Donggong Demon Eye, let's do another shot!"

Come on your sister!

The Donggong demon pupil suddenly felt like he wanted to curse.

The black fire purple dragon that he controlled and attacked Li Tian was not caught by the wind, but it was all the spiritual power he had cultivated hard.

Originally, I wanted to give Li Tian a chance to lose his fighting ability, but only a few minutes ago, this guy turned out to be the same as last time, full of blood and resurrected.

"It turns out this guy deliberately used this method to weaken my spiritual power! I wiped it!"

What a painful realization this is!

"Aren't you coming? Then it's me!" Li Tian said with a sneer.

Huh!

A black figure flashed by, and the Heavenly Qiong Spear in Li Tian's hand continued to pierce the Donggong Demon Eye like lightning. On this day's Qiong Spear, a black fire and purple dragon looked like a beast, constantly provoking The Donggong demon pupil.

Although Li Tian's attack was good-looking, his strength was the weakest among all the attacks, and the damage he could cause to the Donggong demon pupil was also the lowest.

Donggong Demon Tong didn't want to talk to this bitch, but Li Tian, this bitch, went even more excessively.

"Little Li Tian, don't want to be rampant, you kind and Laozi single!" Donggong Yaotong said angrily.

"Single your sister!" Li Tian said disdainfully.

Huh!

Huh!

Huh!

The skeletons controlled by Xiao Tianyi were holding spirit blades, and they kept slashing towards the Donggong Demon Eye!

The Donggong demon pupil does not have the ability to use Li Tian with one heart and two. He has to control the spirit water demon gourd, avoid Xiaotianyi's attacks, and also pay attention to parallel attacks. Now Li Tian is also coming to join this person. This is accidental. , There have been several wounds on his body.

At this time, the wound was dark black, and the wound was no longer bleeding, but it was already numb. The Shangdong Palace Demon Eye was even more afraid of Xiao Tianyi.

If he can't concentrate on Xiao Tianyi, maybe he might die in the hands of this guy today!

Donggong Yaotong watched Liulu and listened to all directions. Suddenly, he found that the parallel imports disappeared at some point.

The pressure brought by the parallel imports to the Donggong Demon Tong was not less than that of Xiao Tianyi, and Donggong Demon Tong's heart suddenly became alert. As a result, he was accidentally injured by Xiao Tianyi's skeleton soldier, and another wound was left on his body.

"Damn it, it's all a **** like Li Tian! Li Tian, I swear, I will kill you!" The Donggong demon pupil roared and abandoned the skeleton soldier of Xiaotianyi, and his figure flashed before Li Tian instantly.

Facing the attack of Li Tiantian's Qiong Spear, the Donggong Demon Eye did not dodge or dodge, and instead of retreating, he reached out and grabbed the Qiong Spear of the sky.

"My day!"

Li Tian's heart suddenly became flustered.

He can pretend to be forceful, but Dong Gong Yaotong is immune to his spiritual attacks. Not to mention that the spear of the sky cannot stab the Dong Gong Yaotong. Even if it can be stab, I am afraid his fate will be worse than the Dong Gong Yaotong. .

A trace of bronze flashed across the Donggong Demon pupil's pupils, and then a group of bronze spiritual power suddenly floated out of his pupils.

This bronze spiritual power has rapidly condensed in mid-air, and instantly condenses into a slender and long handle, the whole body is bronze, only the blade is black spiritual power monster! There was a dazzling cold light on the spirit blade, and that was seven or eight meters away from Li Tian's body. Li Tian already felt fear, and even his body was shaking involuntarily.

"Donggong Demon Eye, this guy turned out to be so strong! The top five guys in the Donggong Super God family are really strong!"

"Fortunately, there are little Tianyi, vicious dogs, and parallel imports today. Otherwise, today's victory or defeat is not certain!" Li Tian thought in his heart.

Huh!

Huh!

The spirit power demon sword hadn't cut Li Tian's body yet, Xiao Tianyi's skeleton soldier blade had already slashed the body of the Donggong demon pupil several times.

The skin was open and the blood was flowing.

However, the Donggong Demon Eye had already made up his mind to kill Li Tian, roaring, and said grimly, "Li Tian, today will be your anniversary of death next year!"

"I'm afraid it's your death day!"

A voice suddenly rang at the feet of the Donggong Demon Tong, and Donggong Demon Tong suddenly discovered that there was a group of black shadows on the bottom of the sea under his feet, and the black shadow rushed upwards quickly!

"Water...parallel imports!"

There was a hint of horror in the Donggong demon pupil's pupils, his feet were lightly touched on the surface of the sea, and his body was already flying and fleeing from the sea.

However, the Donggong Demon Eye was not reconciled to escape like this, the spirit power demon sword he released still slashed towards Li Tian with the coercion of the super domain master.

The blade hadn't reached Li Tian's body, and the wind of the sword had broken through the protective layer of spiritual power on Li Tian's body.

Li Tian felt a slight pain on the top of his head, and then a stream of heat began to flow down his forehead.

It's blood!

"Don't hurt my father Li Tian!" Xiao Tianyi roared.

A trace of spiritual power flashed in the air, and the four or five spiritual power skeletons that were still slashing the Donggong demon pupil just now flashed, and they were already blocked by the blade of the spiritual power demon sword at the same time!

Spiritual blades keep colliding!

Click!

Click!

The weapon blade in the hands of Xiao Tianyi's spiritual power skeleton was constantly shattered under the slashing blow of the destruction, and the bodies of those spiritual power skeletons were also shattered.

The spirit power demon sword still slashed towards Li Tian.

The black shadow of parallel imports has rushed out of the sea, and instantly entangled the Donggong demon pupil!

Hey!

The body of this product is strong acid, it is extremely poisonous!

The Donggong Demon Eye had once again condensed several layers of spiritual power armor around his body, but under the entanglement of the strong acid of parallel imports, these spiritual power armors were still being corroded continuously.

"Give me to die! You ugly water ghost!" The spiritual power knife condensed from the left and right hands of the Donggong Demon Eye slashed at the parallel again.

puff!

puff!

This spiritual power knife can instantly unfold the body of the parallel imports, but it is like drawing a knife to cut off the water, the body of the parallel imports is cut apart by this spiritual sword, but within a second, the body is condensed again.

"It's useless! It's useless! Unless you can destroy all of my body, otherwise, even if you cut me into countless pieces, you still want to hurt my hair!" The parallel imports said with a smile.

Hey!

Donggong demon pupil felt that the skin on his mountain was being melted by this strong acid, and the intense pain made him, the super domain master-level expert, almost fainted.

"Li Tian must die! Li Tian must die!"

A voice rang in Donggong Demon Tong's mind. The Donggong Demon Tong's pupils were congested, and the cheeks that had been melted by strong acid were even more terrifying. At the same time, the mind controlled the spirit power demon sword to speed up to Li Tian: "Then look at me and Li Tian. Who will die first! Hahaha!"

Cang!

Seeing that the spiritual power blade had been slashed towards Li Tian, suddenly, a white shadow appeared on Li Tian's head!

It is the bone tail of the vicious dog!

At this moment, this white bone tail is constantly shining this spiritual power!

Crunch, crunch!

The spirit sword and the white bone tail kept rubbing, making a harsh sound.

"If you want to hurt Li Tian, you have to pass me first!" The vicious dog's voice came from a distance like Hong Lei.

Whoosh!

Whoosh!

Suddenly, this white-bone tail was like a flexible long snake, directly entwining the spirit power demon sword, and withdrew it forcefully, moving away from Li Tian's head!

"Hey, I know you guys can't bear this kid!" Donggong Yaotong is crazy. He seems to have expected that wanting to kill Li Tian will not be so easy. At this time, he ignores the parallel and sour clothes. Pounced at Li Tian.

"If you want to die, die together!" Donggong Demon Tong roared.

Parallel goods suddenly felt the surging spiritual power in the body of the Donggong Demon Tong wrapped in his strong acid body and began to fluctuate violently.

"What? Is this guy going to blow himself up?"

The super domain master-level powerhouse blew himself up, and hundreds of nautical miles in the vicinity would definitely be razed to the ground, even the sea water might flow back!

But Li Tian and others here are absolutely not immune!

"Father Li Tian, run away!"

It's not that Li Tian didn't want to escape, but just now, the roots of the water demon gourd under the sea had entangled Li Tian's legs!

The roots of the spirit water demon gourd are like a vampire, constantly sucking and devouring the spiritual power released from Li Tian's legs, Li Tian can only kneel on the ground weakly!

"Fuck you! I'm an idiot, why can't I bear those two drops of divine power?"

"Does I really want to die here today?"

Xiao Tianyi was angry.

His eyes instantly turned pure white. At this time, Xiao Tianyi could no longer feel the breath of any living person.

Behind Xiao Tianyi's body, a giant withered bone shadow with a height of more than tens of feet appeared, and behind this giant white bone shadow there was a pair of pure white bone wings.

Huh!

Xiao Tianyi teleported to block Li Tian, and he blocked Li Tian with his body.

The Donggong Demon Tong still smashed down, and the strong acid of the parallel imports was corroding Donggong Demon Tong's body, and it was also rapidly devouring the giant bone shadow behind Xiao Tianyi.

Hey!

Hey!

The pair of pure white bone wings would corrode instantly, and the bones of the giant white bone body were constantly breaking.

"Hahaha, let's all die! Let's all die!" Donggong demon pupil hissed hissing.

"dead?"

Click!

At this moment, the magic sword of spiritual power entangled by the white bone tail of the vicious dog was completely shattered and turned into spiritual power to dissipate.

Immediately, the white bone tail went up against the sky, and cut away the giant skeleton body of Xiao Tianyi, cut off the parallel body that was wrapped around the Donggong Yaotong, and slashed it on the Donggong Yaotong.

This white bone tail leaned upward from under the ribs of the Donggong Demon Eye, dividing the Donggong Demon Eye in two!

boom!

boom!

The two halves of the body fell from mid-air and fell onto the sea.

Gurgle!

Gurgle!

The strong acid body of the parallel imports once again merged into one body, wrapping up a body, corroding this body at a speed visible to the naked eye.

And the other half of the Donggong Demon Eye's body, without any spiritual fluctuations, slowly sank toward the bottom of the sea, while his internal organs were still floating on the surface of the sea!

Chapter 4754: :Ran away?

ended!

Everyone finally breathed a sigh of relief!

At the moment the Donggong demon pupil was cut, the spirit water demon gourd on the sea disappeared like a cloud of smoke blown away by the wind.

Xiao Tianyi had fainted and fell into Li Tian's arms.

With a pity on his face, Li Tian stretched out his hand to stroke this little Tianyi's head.

"Thank you! My child!" Li Tian said softly.

At this time, the water ghost who had returned to its original form looked at the vicious dog in surprise!

Parallel products still have too much self-confidence in him, thinking that the most powerful existence of him, the water ghost clan, should be more than enough to deal with the Donggong demon pupil. Only now did he understand how ridiculous his arrogant thoughts are. .

If there is no Li Tian, if there is no Tianyi, if there is no vicious dog, he who rashly attacked the Donggong Demon Eye today, even if he would not be beheaded, I am afraid it would be difficult to get rid of him!

What makes parallel imports feel lingering is that when the bone tail of the vicious dog cuts over, he, the super domain master-level powerhouse, can't avoid it at all!

When the blade formed by the white bone tail slashed through his body, the parallel imports even felt his soul tremble, and the intense pain made him forget the existence of time.

"What a powerful guy!" The parallel imports thought to himself.

For such a powerful guy, parallel imports never want to meet again. Of course, the last thing he wants is to be an enemy of a vicious dog!

After the evil dog slashed the monster pupil of the East Palace, his tail was restored to the ground without any harm. It was just an ordinary white bone tail, which was completely wrapped around Li Tian's waist, wrapping Li Tian and Xiao Tianyi. Put it on his shoulder!

"Li Tian, the battle is over, I should go!" said the vicious dog.

Li Tian stood up slowly, still holding Xiao Tianyi in his arms, a smile appeared at the corner of his mouth, and said, "Okay, thank you! There will be a period later!"

No need for more willingness, the vicious dog's performance just now has completely conquered Li Tian.

The tail of the vicious dog put Li Tian on a coral reef steadily, and looked down at Li Tian, but the vicious dog said nothing. After a few seconds, the spiritual power in the air fluctuated slightly, but the vicious dog did not say anything. Has disappeared out of thin air.

It was as if the bad dog had never appeared before.

On the sea surface, the blood of the Donggong Demon Tong's blood had been diluted by the seawater, and only a few broken internal organs floated on it. The other half of the Donggong Demon Tong's body had also sunk on the bottom of the sea.

"Obscene God, this time all previous efforts have been abandoned, and you have not swallowed the spiritual power of the super domain master-level powerhouse, but... next time, next time I will never lose again!" Li Tian said to the Obscene God.

"East Palace Demon Eye is the top five strongest in the Eastern Palace Super God family. I feel quite lucky that you can retreat with your whole body. As for the Super Domain Master-level powerhouse, there will be opportunities in the future!" said Obscene God.

Huh!

Tang Xiaolong has teleported to Li Tian's side, looking at Li Tian with a look of admiration, and said excitedly: "Little boss, you are really amazing! Donggong demon pupil, super domain master-level powerhouse, Donggong super ***** The top five powerhouses in the family were actually split in half by you! That scene...tsk tut... it makes people excited to watch!"

Li Tian didn't know if Tang Xiaolong had no brains, or if he didn't speak through his brains, he would say so.

In the battle just now, Li Tian's greatest contribution was probably the living target, allowing Donggong Demon Tong to do everything possible to kill him.

If there is no parallel imports to raided the Donggong Demon Eye, interrupting Donggong Demon Eye and slashing Li Tian with a spiritual power demon knife, if there is no Xiaotianyishe to stand in front of Li Tian, if there is no evil dog's last power king, the consequences will be unimaginable.

"Since the realm of the cultivator, I have been killing existences that are stronger than me across levels. This also makes me involuntarily arrogant. I can slay the dragon venerable when I am at the eighth level of the cultivator. , This made me despise the powerful masters of the venerable level. And when I was in the realm of the emperor, I beheaded the master of the frost domain again, which made me start to despise the powerful masters of the domain!"

"Now, my strength has reached the realm of the domain master, and I have begun to despise the super domain master-level powerhouse again! I proudly believe that as long as the cultivation base is slightly stronger than me, I can cross-level beheaded. I didn't expect , Today this battle will be so tragic."

At this moment, Li Tian can be regarded as recognizing himself.

In the past period of time, Li Tian was too relaxed.

After he killed the domain master-level powerhouse at the level of the emperor, his self-confidence was inflated even more.

After the water ghost Guzi helped him break through the advanced stage and reach the realm of the domain master, Li Tian unexpectedly had a kind of domineering in his heart to look at the world and give me someone else.

Thinking about it now, how ridiculous he is.

Li Tian may be the most powerful existence in the domain master state.

But any superdomain master-level powerhouse is definitely not simple.

Little Tianyi, parallel imports, vicious dogs, water birds, Donggong Jiangshan, Donggong Demon Eyes, the cultivation base of which one does not need to be Li Tianchai.

Li Tian just clenched his fist, secretly made up his mind!

"There will never be this kind of embarrassment again, absolutely not! Absolutely!" Li Tian said to himself.

Must constantly improve one's own cultivation.

Tang Xiaolong was already immersed in the joy of watching the battle just now!

At this moment, Tang Xiaolong even felt the spiritual power in his body veins running uncontrollably.

It seems that there is only a chance to break through to the realm of the domain master!

Li Tian looked at the parallel imports, but found that the parallel imports were standing on a coral reef, seeming to be looking for something.

Huh!

Li Tian held Xiao Tianyi, teleported to the side of the parallel imports, and said humbly: "Thank you, the parallel imports, for your help. If there were no parallel imports, we would have suffered misfortune on the flying treasure ship. Thank you!"

Parallel goods waved his hand and said, "I don't need to say thank you. It's also my arrogance, that's why I attacked the Donggong Demon Eye and Donggong Jiangshan, but I didn't expect the Donggong Demon Eye's cultivation base to be far above me, if it weren't for you. Arriving in time, the consequences are disastrous. We are evened!"

"Master parallel imports, are you looking for something?" Tang Xiaolong asked.

Parallel goods said with a puzzled look: "I attacked Donggong Jiangshan and injured Donggong Jiangshan. I wanted to give him as a gift to Li Tian, but now he is gone! Has he sunk into the bottom of the sea?"

"Donggong Jiangshan is also dead? Haha, this is great! Now that the Donggong Super God Family loses two powerful main forces, when we get revenge, it will be easier!" Li Tian said happily.

The parallel imports shook his head slightly, and said, "I'm afraid that the Hundred-legged Insect will die but not be stiff. I just injured Donggong Jiangshan. If he is not dead, he may have escaped! If he does escape, then we This is troublesome!"

Li Tian and Tang Xiaolong nodded at the same time.

The Donggong Super God Family obviously wants Li Tian to die, and even dispatches the top five super domain masters.

Now that the East Palace is fleeing, then the East Palace Super God Family will definitely not give up. Maybe it will send a stronger existence and more Super Domain Master level powerhouses to kill Li Tian.

Li Tian immediately unfolded his spiritual consciousness and began to search for the whereabouts of Donggong Jiangshan on a large scale on the sea and under the sea.

"It's useless. I have probed the nearby seas within dozens of nautical miles with my spiritual sense, but I haven't found the whereabouts of Donggongjiang. He was eaten by a sea beast in the sea. Secondly, maybe that guy pretended to be dead. When we were fighting with the Donggong demon pupil, he took the opportunity to escape!" Parallel said.

"Chasing! You can't let that guy escape anyway!" Li Tian said.

With that said, Li Tian sent Xiao Tianyi into the space of Void Yasha.

"This is the vast ocean, where shall we go to chase? It is really impossible. I will return to the territory of the Shuigui tribe first, and tell the patriarch of your news, and see the patriarch's arrangements!" The parallel imports said, shaking his head.

Li Tian raised his head and looked into the distance, stretched out his hand and said, "Follow in the direction of the Colosseum! Just bet this time!"

Soon, the three had made a decision.

Li Tian followed the parallel imports towards the Colosseum, while Tang Xiaolong teleported back to the flying treasure ship to inform Situ Ningbing and others of his decision, and then followed in the flying treasure ship.

Whoosh!

Whoosh!

The silhouettes of Li Tian and parallel imports kept passing in the sky.

Behind Li Tian and Tang Xiaolong, the flying treasure ship also galloped at full speed.

...

More than half an hour after Li Tian and others left, hundreds of seabirds appeared on the surface of the sea.

These seabirds are at least over seven or eight meters in size, and they are even larger with their wings spread out. They have two sharp claws, and there are faint spiritual fluctuations on the sharp beak. It can be seen that this seabird is not an ordinary seabird.

Of course, these seabirds are not ordinary seabirds, but the most famous predatory bird in this ocean, also known as robber bird!

These predatory birds are omnivores and possess extremely strong vitality, so that any creature and any object may become food for others.

The fluctuating fighting spirit of Li Tian and others attracted this group of birds.

This is a gluttonous feast, because of the battle of Li Tian and others, the dense number of dead fish has floated on the sea.

These predatory birds swooped down constantly, grabbing dead fish on the sea, and swallowing them in one bite.

At this moment, a small boat rushed into the sea at a very fast speed.

The small boat is no more than two meters in length and less than half a meter in width. The whole body is black, and it looks like a canoe.

Small but complete.

If you look closely, you will find that this small boat is not a canoe, but a flying treasure ship that has shrunk hundreds of times and thousands of times in size.

On the flying treasure ship, there are pavilions, masts, and sails.

"Hey! Hey!"

However, at this time, the sails on the flying treasure ship were actually closed, and dozens of fist-sized little people on the small ship went paddling forward.

The huge predatory birds were startled, as if they had seen these little people, these predatory birds made a long cry and swooped down toward the small boat!

However, at this moment, a villain suddenly flew up from the boat, a few flashes, the figure of the little guy continued on the backs of these predatory birds, and then dozens of predatory birds rushing towards the boat exploded instantly. Come.

boom!

boom!

The flesh and feathers were blown to pieces, and they continued to fall downward.

The other predators were startled, flashing their wings in panic, and fled towards the sky.

Chapter 4755: : Little People

At this moment, the sea made waves again, and a huge sea beast over several hundred feet long suddenly jumped up from the sea and fell into the sea again.

boom!

The sea beasts enter the sea, and the water flows rapidly to both sides.

The small boat was floating on the sea, steady and unmoving.

There are no scales on this huge sea beast, but the skin is unusually smooth. There is a thick layer of grease sticking to the sea beast's body, so that the sea beast can avoid being injured by parallel imports and the poison from the Donggong monster pupil.

After the sea beast was like water, it suddenly raised its head and opened its huge mouth for a while, sucking the fish floating on the sea non-stop into its mouth.

Although the sea beast has not yet reached the realm of the domain master, the suction is inherent and extraordinary. The fish floating on the sea seems to be swimming in its mouth automatically, and even the small boat begins to shake slightly.

Although the small boat is a flying treasure ship, its size is too small, and at this time the flying treasure ship is sliding with dozens of little guys, and it is sucked by the sea beast's suction and unable to move.

"Look at me!"

On the flying treasure ship, a little guy with a horseshoe beard and a leaf on his head came forward.

With a 'swish', a fishbone sword on the little guy's waist was unsheathed, and the little guy's feet were lightly tapped on the flying treasure ship, his body was already flying, his wrist flicked, and the fishbone sword swept across the sky. Across the sea, a gust of wind flew out of his fishbone sword.

Huh!

The clouds in the sky were divided into two, and the broad sea was cut away with a sword.

As for the giant sea beast in the sea, the same tragic reminder, with only one sword, the body has become two halves.

This little guy whirled in mid-air and landed on the flying treasure ship lightly.

"It is good!"

"Uncle Wu He's swordsmanship is really superb!" a dozen little guys shouted excitedly around the swordsman.

The little guy called Wu He looked back at the two halves of the sea beast corpse floating on the sea, raised his brow slightly, and said with dissatisfaction: "There is still a trace of asymmetry, failure!"

"Master Wu, it's already quite powerful! With this sword, you can cut through the clouds, cut the sea, and even cut the sea beast into two with a single sword. More importantly, the left and right sides of the sea beast are just the same. A few centimeters, it's already quite powerful!" The other little guys continued to tout!

There was a smile on Wu He's face. He inserted the fishbone sword into the scabbard, and reached out to touch his beard and said, "The journey of cultivation is heavy and long, and it takes a lot of hard work!"

At this moment, there was a sudden exclamation from the crowd: "Look, what is falling out of the sea beast's belly?"

All the little guys looked at the sea beast that had been divided into two at the same time. Blood and internal organs floated on the surface of the sea, and the dead fish that had been swallowed into their stomachs floated out.

However, among these many dead fish, there are two spiritual light balls.

But in these two spheres of spiritual power, there is one person in each, and these two people are the disappeared Donggong Jiangshan, and the Donggong demon pupil who has been split in half by the evil dog and a sword.

Donggong Jiangshan is not dead.

When he was fighting against the parallel imports in the East Palace, his body was swept into the bottom of the sea by the sea, and as a result, he was accidentally swallowed by the behemoth on the bottom of the sea.

When Donggong Jiangshan woke up, the fighting on the sea was fierce. Donggong Jiangshan knew that the outside was full of dangers, and did not dare to break the body of the giant beast rashly, so he wrapped his whole body with a light spiritual power and hid in the sea beast's body. In the belly.

The Donggong demon pupil was divided into two parts, half of the body had been corroded by the strong acid of the parallel imports and disappeared, while the other half also sank and was swallowed by the sea beast again.

Donggong Jiangshan discovered that although Donggong Yaotong's body had no spiritual power fluctuations, his heart was still beating. Donggong Jiangshan immediately wrapped the Donggong Yaotong's body with a layer of spiritual power, waiting for Li Tian and others to leave, he Break open the body of the giant beast, and return to the East Palace Super God Family with the remains of the Donggong Demon Eye.

"Save us! We are members of the Donggong Super God Family! Please send us to the land, and then our Donggong Super God Family must have a lot of thanks!" Donggong Jiangshan saw this flying treasure ship on the sea, and saw this too. The little human race on the boat immediately asked for help.

The little human race is also a mysterious race.

Unlike the Water Ghost Race, Blood Wolf Race, and Youlong Race, the Little Human Race has never disappeared.

They will appear in the eyes of many powerful people every once in a while.

And there is a domain master in the Netherworld that covers these little human races, so that these little human races are not persecuted.

Of course, as far as Donggong Jiangshan knows, these little human races are not kind.

Just like the domain master-level powerhouse mentioned earlier, his body is just a puppet, and the real domain master realm strength is only the little human race that controls his body and lives in his head.

However, with such a domain master-level puppet, the little human race can blatantly appear in people's sight.

But this domain master puppet has never been discovered by other domain masters.

It's just that no matter how well the little human clan domain master hides it, no matter how seamless it is, it will be difficult to escape the sight of the super **** family.

As a mysterious race of the Netherworld Continent, the Eastern Palace Super God Family still pays special attention to the little human race.

Fortunately, the Donggong Super God Family and Xiao Xiao have never celebrated in the past. It is precisely because of this that Donggong Jiangshan will call for help like these little human races.

The wishful thinking in Donggong Jiangshan's heart is good, even if these little human races are not saved, it doesn't matter, anyway, he has slightly recovered some strength now, and he still has the ability to escape from this sea area to land.

Donggong Jiangshan just wanted to use this method to tell the little people that they were members of the Donggong Super God family, so it's best not to think too much.

Wu He frowned as he looked at Donggong Jiangshan, which was covered with slimy and filthy things.

"A member of the Eastern Palace Super God Family?"

"Yes, I am Donggong Jiangshan, and this one next to me is Donggong Demon Eye!" Donggong Jiangshan said.

There was a sneer at the corner of Wu He's mouth, and he said, "You Super God Family can really play, you hide in the belly of the sea beast and play shit!"

Donggong Jiangshan couldn't help but feel a little angry.

What the **** is this?

What is Lao Tzu playing with shit?

If it weren't for avoiding Li Tian parallel imports and other bastards, would Lao Tzu suffer this kind of grievance?

But Donggong Jiangshan was only slightly angry in his heart, a little bit of indignation.

After all, all the guys on this flying treasure ship are not weak, domain master, domain master, domain master..., and the speaking Wu He has clearly reached the super domain master realm.

"Accident! This is just an accident!" Donggong Jiangshan stretched out his hand and washed the filth on his body with sea water, and said.

At this time, another little human race, who just fisted and attacked the little human race powerhouses who had looted the birds, walked to Wu He and said in a low voice, "Master Wu, I look like a trap. It must be Donggong Chao. In order to provoke the contradiction between the super **** family and our little human race, the **** family deliberately burrows into the belly of the sea beasts to pretend to be shit, so that when Master Wu kills these sea beasts, he accidentally kills them, then they can. Seeing the trouble, come to trouble our little human race!"

Donggong Jiangshan felt that he had heard the most stupid words in the world.

"Nima, Lao Tzu are super masters, and Donggong Yaotong is the top five superpowers of the Donggong Super God family. We came to die on purpose for you little things? You think of yourself too much. What's going on!" Donggong Jiangshan thought dissatisfiedly.

"Well, Emperor Wu, you are right! We almost fell into the trap! But..." Wu He turned his head and looked around. He saw that there were no other spiritual power fluctuations on the nearby sea, and suddenly he once again pierced the fishbone sword on his waist. Unplug.

Whoosh!

Wu He's figure flickered, his wrist flicked, and the fishbone long sword had pierced into Donggong Jiangshan's eyebrows impartially!

"Drive me!"

Huh!

Wu He teleported back to the flying treasure ship, and the head of Donggong Jiangshan, a few hundred meters away, burst open instantly.

Can not hide past the first day of the first year, but not the fifteenth.

A super domain master-level powerhouse, after a tragic battle with water birds, did not die, after a parallel attack, did not die, and finally escaped all kinds of dangers, but unexpectedly died in the hands of this little human race.

"Master Wu..." Emperor Wu pointed to the headless corpse of Donggong Jiangshan in surprise, and said in horror: "You...you..."

The fishbone long sword in Wu He's hand smashed off the brains of Donggong Jiangshan attached to the long sword, and he calmly said, "If you make mistakes, this is the real man. Wouldn't Wu He fear that their Donggong Super God family will not succeed?"

Many little human races feel that their little brains are not enough.

what does this mean?

Is it possible that the little human race is going to go to full-scale war with the Donggong Super God Family?

Didn't Master Wu He say to take us to the Colosseum to meet the world? Is it going to train soldiers?

These little human races really wanted to paddle right away and escape here, pretending they had never been here.

Wu He inserted the fishbone long sword into the scabbard, patted Emperor Wu on the shoulder again, and said meaningfully, "Emperor Wu, I'll leave it to you that is not dead! I am optimistic about you!"

"Okay... okay! If it is wrong, it is wrong!"

Emperor Wu leaped, and his body instantly appeared above the body of the Donggong Demon Tong.

"Sorry, it's you ***** it!"

boom!

boom!

boom!

Emperor Wu blasted several punches in a row!

This one with small arms and legs looks like a joke.

But as the spiritual force of each punch blasted out, the sea suddenly exploded.

The corpses of Donggong Jiangshan, Donggong Demon Eye, Sea Beast, and Dead Fish were instantly blown up into blood.

Wu He stretched out his hand and touched his beard with a horoscope, and said with a slight smile, "Isn't this all right? The corpses are destroyed, who knows how they died now?"

The little people looked at each other.

Well, I will give you ten points for this method of destroying the dead.

"Go, target the Colosseum!"

Chapter 4756: : Arrive at the Colosseum

The sea breeze blew, the waves rushed, and several seabirds hovered in the sky.

The sea continued to fly behind Li Tian and Parallel.

He had chased hundreds of nautical miles, but still did not find Donggong Jiangshan.

Although he didn't want to admit it, Li Tian also knew that even if he pursued it, his hope was slim.

"Li Tian, give up!" said the parallel importer.

Li Tian stopped abruptly, his face a little dazed.

Looking up to the west, the sea and the sky line, the red sun is sinking in the west, and the setting sun covers the water. The scenery is beautiful, but there is no shadow of anyone at all.

Nine out of ten times when life is unsatisfactory, Donggong Jiangshan is a super domain master-level powerhouse after all. If he has a chance to escape, a teleport can be teleported hundreds of miles away, how can he fly like an idiot and let Li Tian and others chase him? ?

Besides, even if Donggong Jiangshan is an idiot, he is worried that using teleport will alarm other super-level masters such as parallel imports, but the vast sea is not only in the four directions of southeast, northwest, Donggong Jiangshan makes a choice at will, Li Tian and others also Not helpful for finding a needle in a haystack.

The reason why he chased for hundreds of nautical miles now seems to be more of Li Tian seeking a psychological comfort.

"Okay! I can only hope that Donggong Jiangshan's luck is very bad. When we fought, he was eaten by the sea beast! Now it has become excrement and is discharged into the sea." Li Tian Said with a long sigh.

Parallel goods nodded and said: "If Donggong Jiangshan really escapes, this trip to the Colosseum will become the Dragon Lake Tiger Den. If you can, I advise you not to go to the Colosseum!"

Li Tian shook his head.

If he can't hide from the fifteenth day of the first day of the new year, Li Tian can not go to the Colosseum, can he later? Isn't Li Tian completely hiding and not appearing on the Nether Continent?

Seeing Li Tian shook his head, the parallel imports continued: "If you have to go to the Colosseum, you can. Even if the Super God family knows the news, it will take some time for them to respond and deploy. We still follow the previous arrangements. I am now Return to the water ghost clan and report this to the patriarch. However, when you are in the Colosseum, remember to be patient. If anything happens, immediately evacuate and return to the water ghost clan territory. With the protection of the water ghost clan, even if he wants to It's probably not that easy to take down our water ghost clan again!"

Parallel stocks were somewhat lacking in confidence when they said this. A top five Donggong demon pupil had already let Parallel stocks see the gap between their race and the Donggong Super God Clan. He now relied more on Water Ghost Millet in his heart.

But is there no demigod in the East Palace Super God Family? Thinking of this, parallel imports are even more bottomless.

Although he doesn't know how to read minds, Li Tian can also guess his mind at this time through the expressions on his face and the color of his hair.

Li Tian shook his head again and said, "The Water Ghost, Blood Wolf, and Youlong Clan are the result of thousands of years of management by his uncle Shuiguiguzi. You must not involve these mysterious races before you are fully sure."

"Now, the East Palace Super God Family just wants me to die. I am only a small person in their eyes. To deal with me alone, the East Palace Super God Family will definitely send all the elites of the whole family! As long as this is the case, I will have it. The chance to win, even if we can't win, with our current strength, it shouldn't be difficult to retreat with our whole body!"

"So, don't worry, go back to the water ghost clan territory, and don't block my uncle, just wait for my news in the water ghost clan!"

Li Tian has made a decision in his heart. After the Colosseum is over, he will go to the sea of crying in the Netherworld, continue to practice, continue to practice, and continue to improve his strength.

Li Tian will also look for the four keys left by Chu Jiangnan. Once he finds all of them, Li Tian will immediately return to the Nether Academy and go to the underground library of the Nether Academy to see if he can make a super domain master. After the strong Chu Jiangnan suddenly became the library of a god-level uncle, what kind of cave did he have?

Of course, there is also the blood wolf tribe's territory, Storm Valley, accompanying Xiao Tianyi to the Youlong tribe's territory, and finally it is the Wanshen Mountain where the mysterious goddess who solves all doubts in the happiness is located.

Unless the whole family is dispatched by the Donggong Super God Family, it is not easy to find Li Tian and drive Li Tian into a desperate situation.

And Li Tian believes that when he really takes all these areas to one side, his cultivation level will definitely be greatly improved, and his overall strength will definitely reach unprecedented strength, and at that time, he will be the Super God of Donggong. When the family and the Sanlu Super God family went into full battle.

The expression on the parallel imports became more and more unnatural, and Li Tian also appreciated more in his heart.

Territory master-level Li Tian, facing the Eastern Palace Super God family, is now showing fearlessness, and he, the super-domain master-level powerhouse, the most powerful existence of the water ghost clan, will be in disorder. Looks a little flustered!

Which is strong and weak is now clear at a glance.

The parallel importer finally knew why the patriarch would ask him to follow Li Tian out.

This is definitely not just to protect Li Tian's safety, I am afraid I also have the idea of practicing parallel imports and tempering his character!

Thinking of this, Parallel felt that if he returned to the territory of the Water Ghost Race, he would be afraid of the Eastern Palace Super God Family and eager to find protection.

"Hahaha! I am the strongest existence of the Shuigui tribe, and Li Tian is not afraid of this little baby. What can I fear!"

The parallel imports suddenly opened up, with a smile on his face, he said to Li Tian: "Li Tian, I decided to listen to the patriarch and follow you to go out and do not return to the territory of the water ghost clan!"

"What? This...this..."

Happiness came so suddenly that Li Tian didn't know how to express it.

"What about the water ghosts?"

"Binglai will block the water and cover the earth. As a mysterious race, the water ghost tribe will not exist in the Nether Realm for a day or two. There will be no major problems! We should all trust the patriarch!" Parallel said.

Li Tian is very happy.

He just lost the super domain master-level powerhouse, Vicious Dog, and he is still in the heart. Now there is another parallel import super-domain master-level powerhouse, so that the overall combat power of Li Tian's team remains strong.

When Li Tian and the parallel imports returned to the flying treasure ship, Li Tian told everyone about the parallel imports' decision, and everyone immediately became excited again.

"How can there be no wine at this happy moment!" Li Tian once again pulled out a few boxes of fine wine from the space of Void Yaksha, picked up a bottle of fine wine, and said proudly: "For the decision of parallel imports, we drink freely!"

When the parallel imports saw Li Tian, his eyes began to shine, he smiled, and unceremoniously stuffed Li Tian's wine into his space ring.

"My day..."

"Hahaha..."

On the flying treasure ship, laughter and laughter became a fusion.

...

The flying treasure ship continued to sail towards the Colosseum.

The only thing Li Tian cared about was Xiao Tianyi.

In order to protect Li Tian, Xiao Tianyi's ability seemed to be beyond Xiao Tianyi's control.

It is precisely because of this that Xiao Tianyi fainted!

Li Tian entered the space of Void Yasha.

Dixing Yasha and Feitian Yasha are taking care of Xiaotianyi.

Xiao Tianyi was still in a state of fainting and opened Xiao Tianyi's eyelids. Li Tian saw that Xiao Tianyi's pupils were still white.

There is no sense of 'humanity' in Xiao Tianyi now.

"Xiao Tianyi, you must get better!" Li Tian grabbed Xiao Tianyi's hand and said in a low voice.

Through this battle, Li Tian's character changed slightly again.

He found that leaving the stewardess flying to the treasure ship, although they could enjoy it, it did not benefit his cultivation at all. Moreover, when fighting, he had to take care of their safety. Li Tian would inevitably be distracted. .

"Where are those flight attendants?" Li Tian asked.

Void Yasha showed a weird smile on his face, pointing to the remodeled swimming pool in the flight attendant, and said, "There are so many people in it, and the injuries are extremely serious. We can't take care of it, so I throw them all inside. went!"

Xiao Tianyi won't wake up for a while, and Li Tian walked into the swimming pool.

Pushing the door open, passing through a promenade, and coming to the swimming pool, Li Tian suddenly felt dazzled.

"These three little guys..."

It turned out that many stewardess beauties fainted and were sent into the space of Void Yaksha. Void Yaksha was not in the mood to take care of them carefully. When the three little guys showed their spiritual power, they took these flight attendants to the swimming pool and straightened them out. One by one was thrown into the pool like dumplings.

Then a lot of green trees were dropped in the pool, and the green trees were used to treat the wounds of the flight attendants.

The green tree is a healing medicine, even for Li Tian and other cultivators, it has a great effect, but for these ordinary flight attendants, the effect is even better.

It was just a short time, and the wounds on these flight attendants were already healed. Only those flight attendants with broken bones could not fully recover for the time being.

Although the wounds of the flight attendants are good, their clothes can no longer be worn.

Void Yasha also deeply understood Li Tian's spirit, and directly gave each of them a set of bikinis so that they could heal their injuries in this pool.

Of course, the water in the pool was already being used in any way, and Void Yasha changed the pool water again and dripped into the trees again.

Then just ignore the stewardess and wait for Li Tian to deal with it.

Li Tian walked into the swimming pool and saw all kinds of enchanting beauties by the pool: childlike big breasts, childlike big breasts, childlike big breasts, childlike big breasts...Hahaha, just one word of beauty!

"Let Uncle Li Tian come and check the wounds for you... Tsk tsk... The ketone body without wounds, it is clear and clean, it looks..."

"Fuck, I didn't seem to be here to tease them!" Li Tian immediately slammed into a serious look.

However, these flight attendants are just ordinary people.

In their eyes, Li Tian was a godlike existence, even more diamonds than the fifth king of diamonds.

Flying on a branch to become a phoenix, this kind of opportunity is not always available, how can these flight attendants miss this opportunity for a dog to take Li Tian.

Some flight attendants slightly squinted their eyes, licked their red lips, and made various sultry gestures, even exposing key parts.

Some flight attendants did not hesitate to endure the pain on their bodies, stretched out their hands with Li Tian, wanted to draw Li Tian closer to the pool, and had a mandarin duck playing with their beautiful woman, cooked the raw rice, and declared that they were right. Li Tian is in charge!

Fortunately, Li Tian resisted desperately and was not succeeded by these female beasts!

"The red face is a disaster, and these guys must be sent away as soon as possible!"

"Damn, a little hard, a little respect! But you can't get me...hahaha"

...

A few days later, the island of the Colosseum arrived.

Chapter 4757: : Healing Little Tianyi

Finally arrived at the Colosseum!

Around the main island of the Colosseum, many flying treasure ships have been docked. It can be guessed that many guests have already arrived on the Colosseum.

Whoosh!

Whoosh!

The two venerable masters flew out from the Colosseum Island and stopped when the flying treasure ship approaching Li Tian was several hundred meters away. They clasped their fists and said, "Welcome to the Colosseum, please inform us. Give your name."

If it is a weekday, there are not so many rules in the Colosseum. As long as you come to the Colosseum to participate in the beast competition, they are all guests of the Colosseum.

They are too late to welcome.

Of course, those who can come to the Colosseum will definitely not be ordinary people who have not practiced, and they have no strength or courage to reach the Colosseum.

However, not all cats and dogs can enter the Colosseum in the most grand beast competition in the Colosseum in five hundred years.

Even if you want to enter the Colosseum as an audience, as a gambler, you don't know how many times the requirement has been increased.

"Li Tian, Situ Ningbing, Tang Xiaolong, bring our beasts to participate in the beast contest. This is our invitation letter!" Li Tian then flipped through the invitation letter, saying that his wrist was shaking. The invitation is thrown forward.

The invitation letter flew extremely fast, and it fell into the hands of one of the Colosseum Venerables in an instant.

When I heard Li Tian's name, this venerable could not help being surprised!

After the battle of Yecheng, Li Tian's prestige really resounded throughout the Netherworld.

It's just that there is no TV or internet in the Netherworld. After all, there are only a few who have actually seen Li Tian.

With the invitation letter in his hand, the venerable smile immediately appeared on his face, and he bowed slightly to Li Tian and showed respect to Li Tian.

But that's all.

They represent the Colosseum, which is impossible and will not make excessive moves.

Besides, they have recently received a lot of guests, including super **** family, ancient family, super domain master level powerhouse, and domain master level powerhouse. Although Li Tian's name is loud, it lacks foundation after all.

The venerable's gaze slowly swept across the parallel imports, waterfowl and Xue Ji, but their cultivation skills were limited. Only the two guys wearing baseball caps and sunglasses were a little strange, but they were Unable to detect the cultivation strength of parallel imports and waterbirds.

According to Li Tianyi's initial thoughts, he wanted to hide the parallel imports and the waterfowl, and let these two guys hide in the space of the Void Yaksha. If there is any accident, Li Tian will pretend to be forced again and put these two super domains. Bring out the master-level powerhouse.

However, parallel imports and waterfowl are firmly opposed.

They are here for trials, not to satisfy Li Tian's pretense needs.

There is no way, Li Tian just dressed these two guys up and down. Now, these two guys are totally hip-hop fans, especially when they wear the wide clothes, who can Know that they are water ghosts!

"Several adults, there is no problem, now you can go to the island, please come with me! The flying treasure ship will have another Venerable to guide it to a suitable place to anchor, please rest assured." The Venerable said.

Li Tian and others all flew up and came to this venerable.

"Everyone, apart from the duel arena and the arena arena, the entire island is forbidden to use heavy, instant, and domain. Please also be aware!" The venerable flew in front, turning his head back from time to time to explain to Li Tian and others. Some rules of the Colosseum.

"Duel field?" Li Tian asked suspiciously.

The Venerable smiled and said: "Where there are people, there are rivers and lakes, where there are rivers and lakes, there are battles, and the Colosseum is no exception. If there are conflicts and disputes on the island, they can choose to leave the Colosseum island. , To solve the battle on the vast sea, of course, you can also solve it in the duel field. But the duel field only seeks victory, not life or death!"

While talking, Li Tian and others have arrived at the main island of the Colosseum.

This Venerable no longer guides Li Tian and others, but is guided by other Venerables on the island.

This time it was a female venerable who guided Li Tian and others.

This female venerable is slightly charming, but compared to Xue Ji and Situ Ningbing, it is farther apart.

"Welcome everyone to the Colosseum. There are still seven days before the start of the beasts. In the next seven days, I will serve you! Is this your first time to the Colosseum?" Said.

"Yes!" Li Tian said.

The female veteran smiled slightly and said: "Then please follow me, I will guide you to understand the layout of the Colosseum!"

Speaking of the female veteran flying again, this time the female veteran flew directly to a height of nearly a thousand meters.

When Li Tian and others all flew around the Venerable Woman, the Venerable Woman slowly said, "Look, everyone. Our Colosseum is composed of the main island and several subsidiary islands, just like flowers. Your position is above the main island."

"Look, everyone, the outside of the main island is a beach. The beach is a crater inwards. Inside the crater is the core town of the Colosseum. Although this town is not very big, the Nether Chamber of Commerce in the Netherworld has branches here. If you have any needs, you can go to town! Of course, the Colosseum is a gold-selling cave. There is everything that Netherland has." Then, the female venerable couldn't help but look back at Tang Xiaolong, parallel imports and water birds At a glance.

It's just that the waterfowl parallel imports and others did not respond at all.

The female veteran continued: "As for your residence, our Colosseum has already been arranged, and everyone will follow me!"

Li Tian and others seemed to be tourists led by a tour guide, and once again followed the female venerable to a small courtyard on the outskirts of the crater, halfway up the mountain.

The peaks of the crater are not high, and the **** is not very gentle. On this hillside, every few hundred meters apart, there will be a small courtyard, which feels like a single-family villa. The closer you go to the top of the mountain, the larger the scale of the small courtyard. The greater the distance between the buildings is.

Standing in the small courtyard, you can watch the seascape 270 degrees, and the scenery is naturally nothing.

"This small courtyard is the residence of the guests of the domain master, the top of the mountain is the residence of the super domain master, the ancient family, and the super **** family. At the foot of the mountain is the residence of other invited venerables. The residence is temporarily allocated to you. Guests use it. Before the guests leave the Colosseum, all the guests have absolute rights to this residence. Therefore, I would like to advise you that if you have not received an invitation, you should not easily approach the residence on the top of the mountain!" The female sage said.

After introducing these, the female veteran brought Li Tian and others to familiarize themselves with the room in the lower residence.

This residence is completely a luxurious sea-view villa. There are a total of three different buildings in the small courtyard. There are more than 20 rooms alone, enough for Li Tian and others to live in.

Moreover, all the decorations in the residence are brand new, with all kinds of fruits and meals available.

After everyone got acquainted with the room, the female venerable left the residence.

She stood outside the courtyard, standing on the ground motionless like a sculpture, looking at the sea.

"I forgot to ask the female veteran just now, and I don't know if the Star Domain Master, the Great Emperor Canghai, are there yet!" Li Tian thought in his heart.

Of course, Li Tian didn't just want the Star Domain Master in his heart. After all, a big old man wanted another man, and it didn't feel right to think about it.

What Li Tian really wants to see is...hehe!

A day has not been seen like three autumns. Although this feeling will not appear in Li Tian's heart, the last time the battle of Yecheng, thanks to Xing Chen Xiaoyue's help to invite the Star Domain Lord, Li Tian has not yet thanked Xing Chen Xiaoyue. .

If this time I can meet with Xing Chen Xiaoyue here, Li Tian will definitely thank Xing Chen Xiaoyue.

"Little boss, let's go out and play! I heard from the female venerable just now that this Colosseum is like a big amusement park. There are also many small Colosseums on the main island of the Colosseum. When you come here, first go to see the Colosseum. Hey, of course, maybe you can see someone fighting in the duel arena." Tang Xiaolong said with excitement.

Li Tian waved his hand and said, "Go, I will accompany Xiao Tianyi in the space!"

Xiao Tianyi is still in a state of fainting, Li Tian thought of various ways, but Xiao Tianyi still did not wake up.

Li Tian didn't say anything, but he was very anxious.

Little Tianyi did this to save Li Tian!

Li Tian is not a doctor, and there is no way to heal Xiao Tianyi. All he can do is to spend time with Xiao Tianyi every day, at least it will make his heart feel better.

"Little boss, this is the Colosseum, haven't you listened to the female venerable? You can find everything in the Netherworld here, including the medical hall of course..." Tang Xiaolong said.

Li Tian slapped his thigh, stood up abruptly, and said with excitement: "Yeah! A word that awakens the dreamer, why didn't I think of this problem! Okay, then let's go and see! I must put Xiaotianyi wake!"

...

Leaving the courtyard, the female venerable did not follow Li Tian and the others.

Because teleport cannot be used, Li Tai and others can only choose to fly.

Li Tian and others flew over the top of the mountain, avoiding the buildings on the top of the mountain. The town of the Colosseum is right in front of them. From time to time, there will be venerables flying past in the sky. It is just because the height and direction of the flight are different, there will be no collision. accident.

There was no one flying over the town, which seemed to be an unwritten agreement.

Li Tian and the others landed on the ground a few hundred meters away from the town.

"I'm going to watch the fighting beast show!"

"I'll go as well!"

Tang Xiaolong and Xue Ji were going to watch the fighting beast show. They were going together, and Li Tian let Tang Xiaolong take the Di Xing Yasha to accompany them.

"Although this is the Colosseum, it is not ruled out that the Superdomain Master family will not give the beast scenes, so you must pay attention to safety!" Li Tian said.

"Hey, here is completely different from our water ghost clan territory, we two don't have any goals, just take a look at it!" The parallel imports said with his arms around the water bird.

"Well, if you two are together, I won't worry about it! Let Flying Yasha follow you, so we can contact you in time if something happens!" Li Tian said again.

Li Tian hugged Xiao Tianyi and said to Situ Ningbing, "Whose child needs to be hurt! Let's go, hurry up and treat Xiao Tianyi, and we parents will feel at ease!"

Chapter 4758: : The ancient family debut

The Colosseum, in the town.

The streets are horizontal and vertical, and there are row upon row of street buildings. All the buildings are painted and carved with magnificent magnificent.

There are shops on both sides of the street. These shops are large and small, but the total area of each shop has reached at least thousands of square meters.

These are the shops of major chambers of commerce, and different chambers of commerce have different business scopes.

There are all kinds of gold, silver, jade, clothing and wine that are commonly used for decoration, and various ores and crystals that practitioners can use.

The streets are bustling with hustle and bustle, people are full of voices, and the traffic is busy.

But these powerhouses on the street will deliberately release their spiritual power to show their strength.

Only in this way, those relatively weak guys will avoid.

It feels like a luxury car on the road. Ordinary vehicles are best to stay away.

Li Tian hugged the child and didn't want to be rushed by others. He did what he did and released his spiritual power.

Then...the pedestrians retreated to the side one after another, and Li Tian was immediately empty.

"I rub! This guy... seems to be a domain master-level powerhouse, but fortunately I didn't bump into him!"

"I hate this kind of pretending guy the most. As a domain master-level expert, you still have to come here to do adventures. You can fly directly to the inner city! That area only accepts the master-level ninth-level expert, come here What are you doing here!"

When Li Tian and the others were in the sky, they didn't see the city wall, but they didn't expect that this town could be divided into inner and outer cities.

When someone said that he was pretending to be forced, Li Tian could only smile awkwardly, and then flew directly to the inner city with Situ Ningbing.

It wasn't until Tang Xiaolong whether they also went to the inner city.

Flying at low altitude, Li Tiancai discovered the difference between the inner city and the outer city.

All the buildings in the inner city are more magnificent. Although the streets in the inner city cannot be described as sparsely populated, there are really fewer pedestrians.

Upon landing on the street, a Venerable in Colosseum costumes immediately followed.

This Venerable's cultivation base is not high, only Venerable's fifth-level peak realm.

"Two, I'm from the Colosseum. I don't know what the two and the needs are. I can guide you for free! Also, this is the inner city. There is no need for this person to show off his strength deliberately. Although it is the realm of the domain master, there are not no super domain masters in this inner city, and the convergence is subtle." The venerable said.

Only then did Li Tian realize that in the inner city, no one deliberately releases spiritual power like him, and he just pretended to be forceful, and he looked particularly stupid in this inner city.

Sure enough, although there are not many pedestrians on the street, there are already several pedestrians staring at Li Tian with contempt.

Li Tian didn't care about them, and said to the venerable: "Mr. Youlao, my child is a little sick. I want to find a reliable medical clinic to treat my child!"

The venerable did not ask what Xiao Tianyi was sick with, and said with a slight smile: "Your Excellency has come to the right place. This is the Colosseum. We have a medical hall in the Colosseum, but the entire Netherworld is very famous. We are. The beasts in the Colosseum are all

healed in a medical hall. Even those beasts that have been severely injured, as long as they have a breath... Sorry, missed words, missed words, I will take you there!"

There is no distinction between doctors and veterinarians in the Netherworld. The doctors in these medical centers are called physicians.

This is mainly because there are many races in the Underworld, and humans and human-like races don't know how many species are divided into.

It is impossible to separate physicians from each category, and it is even harder to call them if there is one.

Of course, there is a sequence of learning, and there are specializations in surgery. Not all doctors can cure all diseases, so there is a medical center.

There are many doctors in a large medical hall, and various intractable diseases can be solved.

But in this respect, this kind of large-scale medical center is much better than the general hospitals in the earth world.

This Venerable is no longer talking nonsense, he is just responsible for leading the way.

The Venerable walked extremely fast, Li Tian and Situ Ningbing followed closely behind.

A few minutes later, the venerable brought Li Tian to a medical clinic.

Looking up, the building of this medical hall is 17 or 8 stories high, and this medical hall building is magnificent enough in this inner city.

On the gate of the medical hall, a plaque was erected and hung with four spiritual characters: There is a medical hall!

I rub, the nonsensical things of the Earth World Star Master will actually reappear in the Nether World, making Li Tian from the Earth world feel very serious.

However, these four spiritual power characters are not ordinary, the spiritual power of the large characters fluctuates smoothly, and looking at the spiritual power characters, it can give people an extremely comfortable feeling.

More importantly, these simple big characters made Li Tian feel a kind of domineering domineering, as if to say that there is a medical clinic here, no matter what kind of illness you have, just walk into the house. The medical hall can solve it for you.

"You two, you should have heard the name of this medical center? I will send you here. If you two have other demands, after you come out of this medical center, you can seek help from people wearing our Colosseum costumes." After the venerable said, he stepped aside.

Li Tian and Situ Ningbing looked at each other and walked in with Xiao Tianyi in their arms.

...

When Li Tian and Situ Ningbing walked into Youjia Medical Hall, Tang Xiaolong and Xue Ji had already arrived at an Colosseum!

There was no need to buy a ticket, and no one to accompany, Tang Xiaolong and Xue Ji walked in with the crowd.

Tang Xiaolong did not release any spiritual power, and the spiritual power released by Xue Ji was enough to keep ordinary practitioners away from them.

Soon, they came to the auditorium of the Colosseum.

This is a small Colosseum built in the outer city, about the size of a basketball hall, and can hold up to 10,000 people to watch the Colosseum game.

At this time, there were empty seats everywhere in the audience, Tang Xiaolong and Xue Ji chose two seats at will to sit down and watch the fighting beast game.

In the Colosseum, two ghost beasts the size of ordinary dogs are fighting.

These two ghost beasts are of the same level, and both are eighth-level ghost beasts.

Although Dou Beast's cultivation level is not high, the scene is quite bloody.

At this time, the neck of one fighting beast was torn apart by another fighting beast, and a large piece of fur was lost. The flesh and blood turned out and the blood was flowing, and it looked terrible.

In the auditorium of the Colosseum, excited onlookers clenched their fists, with grinning smiles on their faces, raised their fists high, and kept shouting at the beasts: "Pretty! Kill it!"

Of course, since it is the Colosseum, there must be gambling.

Several were happy, some were worried, and some disappointed spectators tore the gambling ticket in their hands to pieces and shouted angrily: "Trash, you made me lose! Damn, kill it!"

Tang Xiaolong was a little disappointed.

After watching the battle between the small blue tile and the vicious dog, and the battle between the super domain master-level powerhouse, this small fighting beast can no longer satisfy Tang Xiaolong.

Even Xue Ji showed a slightly disappointed expression.

A venerable person beside Xue Ji saw that Xue Ji was pretty. Although he was a little afraid of Xue Ji's cultivation level, he still mustered up the courage and said, "It should be the first time for the two to come to the Colosseum!"

"How do you know?" Xue Ji asked suspiciously.

The Venerable's face immediately showed an unpredictable expression, and said: "I'm an old player who has been in the Colosseum for hundreds of years. There has never been a beast match in the Colosseum except for blood. How exciting. You must be exciting first, and both of you need to be able to play!"

"Can play?"

"That's right. For example, the beast fighting game that was held just now, for a powerful person like us, is naturally not interested in it. However, if the two can actively participate, this beast The game is naturally much more interesting!" The Venerable paused for a while, and continued: "The easiest way to participate, like me, is to bet on winning or losing, and with a lottery, you will care about winning or losing. The appearance of the game is even more exciting."

"Oh, there seems to be another way to hear what you mean?" Tang Xiaolong was interested and interjected.

Tang Xiaolong is learning the demeanor of Li Tianzhuang and actively converging his spiritual power. It seems that Tang Xiaolong's cultivation is far less than Xue Ji, which is the third-level realm of Venerable.

The gambler glanced at Tang Xiaolong, and said with some disdain: "This is natural. In addition to this simplest way, there is also the selection of beasts. For example, the Colosseum will announce one first Participate in the beasts, and then announce a few candidate beasts for the competition, and you will choose the beasts for the competition."

"If the beast you choose wins the game, then in this beast match, all the money that pressures you to lose in the beast match will go to you! And if the beast you choose loses, then you have to Pay all the money you lose in the beast match."

"Of course, not everyone can choose the beast. The Colosseum needs to evaluate the comprehensive strength of each player who chooses the beast to make sure that the player who loses the game can pay all the money. A certain fee must be paid!"

This is really more interesting than ordinary gambling.

The venerable no longer paid attention to Tang Xiaolong, and continued to say to Xue Ji: "There is a more advanced one, that is the Arena of Beasts. This is not where the Colosseum sits on the bank, but the player sits on the bank. This player Regard the beast he brought as the master of the beast, he can accept any player's beast attack. If he wins, the player cannot take away the winning money and needs to continue to accumulate it. If he loses, he must All the accumulated money is lost to the attacker, and he has to pay all the winners."

No matter whether he wins or loses, the player who sits on the bank can't earn or owe it. This is the rhythm of losing money without making money!

Tang Xiaolong suddenly felt like a fool would play this way.

But the gambler seemed to have guessed what Tang Xiaolong was thinking, and said with a look of disdain: "The next beast that is about to take place will be in this form! This bettor comes from a mysterious ancient family. People are rich and willful, and they play this kind of heartbeat!"

Chapter 4759: : Please enter the urn

"I think the two are definitely not ordinary people, do you want to play?"

"I will teach you know-how for free, so that you can feel the fun of fighting beasts!" said the gambler with a polite expression.

Tang Xiaolong glanced at Venerable Gambler, the corner of his mouth curled slightly, and said, "Not interested! Let's go!"

After speaking, Tang Xiaolong and Xue Ji got up and left.

"Don't! It's so boring to come to the Colosseum not to participate in the beast match, nor to participate in the beast entertainment!" The Venerable Gambler reached out and grabbed Xue Ji's arm and said with a smile.

Xue Ji shook her hand, trying to get rid of the shameless paw, but first she didn't get rid of it.

"Let go..." Xue Ji said angrily.

When these two words were said, the spiritual power of Xue Ji's body suddenly increased, and a trace of murderous aura flashed in her eyes.

The gambler said with a rascal expression: "Hey, I have explained to you for a long time. You just leave as you say this. It's not justified. Don't look at me with this kind of eyes. This is the Colosseum. Even if you want to fight me in a duel, Lao Tzu disagrees, you still can't really kill me!"

"Let me say one more thing, let go!" Xue Ji's eyes were cold and she said angrily.

"Hahaha, well, I'll let go!"

Venerable gambler touched Xue Ji's arm with his palm again, and then let go!

Xue Ji just wanted to attack this slut. The ***** immediately hugged her head and screamed while running, "Help, help, someone hit someone!"

This guy is completely a jumping clown, I really don't know how this guy became a Venerable Powerhouse.

After being called by this guy, the surrounding audience immediately stepped back, looking at Tang Xiaolong and Xue Ji with misfortune.

Huh!

Huh!

The two venerable figures wearing Colosseum costumes flashed, and they stood in between Xue Ji and the gambler venerable.

"Everyone, this is the Colosseum. Please abide by the rules of the Colosseum. If you have any conflicts, you can leave the island and go to the sea to resolve it, or you can go to the duel arena!" Said.

Xue Ji said indignantly: "It's him, he was rude first!"

"You can't say so nonsense. I am a guest of honor at this Colosseum. I have lived on this Colosseum Island for hundreds of years. Everyone knows that I like men. How could I make this? Such a disgusting thing!" The gambler said with a grieved expression.

My day, he even said that he likes men.

Xue Ji was full of anger and grievances in her heart.

However, the Venerable Gambler knew too much about the rules of the Colosseum, but Xue Ji was helpless.

This feeling is like playing an online game. There is a ***** hiding in the safe zone and insulting you unscrupulously, but he is in the safe zone, even if you want to kill him, there is no way to start.

"Two, no matter what conflicts you have in the Colosseum, or whether you like men or women, we just follow a rule that we can't make trouble here! Now, please leave here and don't disturb our respected players. !" The venerable said.

anger!

Xue Ji felt that the people in this Colosseum were clearly protecting the gambler, but she could do nothing.

Tang Xiaolong didn't think about this kind of thing. A little bit below his feet, his figure flashed, and he reached out and grabbed the Venerable Gambler.

A trace of anger flashed in the eyes of the two Colosseum venerables, and at the same time they shot to stop Tang Xiaolong.

"Xiaolong! Stop!" Xue Ji stretched out her hand to hold Tang Xiaolong and shook her head.

"But... this disciple..." Tang Xiaolong felt aggrieved to death.

What kind of **** rules are this **** shit, gamblers can insult Xue Ji, but Tang Xiaolong and Xue Ji can't fight back. This is the blame for this gambler who is too good at acting, and now he still pretends to be pitiful. Look like.

"It's okay, let's go!" Xue Ji said.

Tang Xiaolong pointed his finger at Venerable Gambler, and said angrily: "You better die in the Colosseum, otherwise I, Tang Xiaolong, will definitely kill you!"

"Haha, let you auspicious words then!" Venerable Gambler hiding behind the Venerable in the Colosseum, said with a smirk on his face.

Saying that, the gambler involuntarily raised his head and looked at a box on the stage of the Colosseum.

This guy's sight only flashed by, but Tang Xiaolong had already caught his sight. Tang Xiaolong looked up at this box, but he saw that there was a handsome young man sitting in this box, and the unlucky young man was holding a glass. Jiu, actually raised the glass slowly to Tang Xiaolong.

"Who is this guy? Could this matter have something to do with that guy? Is this a trap?" Tang Xiaolong thought alertly.

At this time, the young master Pian Pian stood up, came to the window of the box, and said: "It would be unfair to do this in the Colosseum. I saw with my own eyes which scorpion-headed guy was rude to this beautiful lady, you I can't just cover him up just because this scorpion mouse has participated in a beast match!"

"It's Young Master Ling Wen!"

"I didn't expect that Young Master Ling Wen would actually fight for them!"

"Hehe, only Young Master Ling Wen speaks, the people in the Colosseum may believe it. If we testify, the Colosseum might not adopt it!"

As soon as this Young Master Pianpian finished speaking, many audience members in the audience immediately began to talk.

Could it be that I read it wrong?

Or I misunderstood this son!

Tang Xiaolong couldn't help thinking in puzzlement.

In the audience, the two venerables of the Colosseum bowed slightly to Young Master Ling Wen, and said, "Thank you Ling Yun for speaking up!"

After speaking, the two Colosseum's Venerables apologized to Tang Xiaolong and Xue Ji, and then immediately pulled out the gambler Venerable from whom they reached out, and said sternly: "What else do you have to say now?"

"I... I'm really wronged! I really like men, so how could I do anything to women!" The gambler said with an aggrieved expression.

However, the two Venerables of the Colosseum were unwilling to listen to the explanation of Venerable Gambler.

"Now please leave the Colosseum immediately, or accept their duel challenge, otherwise, we will follow the rules of the Colosseum!"

"Okay...Okay..., I'll leave right away!" Venerable Gambler said with a look of fear.

As he said, Venerable Gambler quickly crossed the crowd with his tail tucked in grief, saw Tang Xiaolong and Xue Ji look back, and hurriedly turned his head and fled outside the Colosseum.

How could Tang Xiaolong allow him to escape easily, and followed Xue Ji with him.

Walking out of this Colosseum, Tang Xiaolong saw the gambler sprinting all the way, and had escaped hundreds of meters away.

"Go away!"

"Get out of the fuck!"

The spiritual power on this venerable body exploded, and he kept rampaging.

"Want to escape? Dreaming!"

Tang Xiaolong was no longer in the slightest shadow, and instantly released his spiritual power, releasing his emperor-level spiritual power.

"The emperor, turned out to be a powerhouse of the emperor's level!"

"I rub, these guys are more and more able to pretend to be forced, will they die if they don't?"

Just now, the onlookers were curiously backing away, saying with an expression of righteous indignation.

Tang Xiaolong's foot lightly touched, and his figure flashed out several tens of meters.

Xue Ji also chased her.

"Dixing Yasha, don't report the situation here to the little boss. He is just a little rubbish. Xue Ji and I chased out the Colosseum, we cracked him and returned to the Colosseum!" Tang Xiaolong said.

On Tang Xiaolong's shoulder, Di Xing Yasha said with an embarrassed expression: "Is this all right? What if there is an accident?"

"Can there be any accidents? He is nothing but **** of the Venerable Sixth level, you can solve them, what else can happen?"

"If you let him run away like this, it would be a real accident. I was right!"

Jixing Yasha is not saying anything!

In Xue Ji's heart, everything seemed to be wrong, as if it was a trap.

However, they have just arrived at the Colosseum Island, and this gambler's elder also met in this small Colosseum with Tang Xiaolong. Could anyone have the power of an unknown prophet!

Xue Ji couldn't figure out what was wrong.

At this time, Venerable Gambler had already escaped from the street.

Whoosh!

Venerable Gambler put his feet on the ground a little, like Astro Boy with an iron arm, his arm stretched out and flew up suddenly.

This guy looked terrified. He couldn't choose his way to escape. He speeded up towards the top of the crater. On the route he had to pass, there was a small courtyard on the top of the mountain. This kind of thing is not like a fake, neither are Xue Ji and Tang Xiaolong. doubt.

No, you have to rush to this guy to fly to the top of the mountain courtyard and force this guy to change the direction of flight, otherwise...

A few seconds later, Tang Xiaolong and Xue Ji also chased out of the street.

The two met by appointment, and flew up at the same time, speeding up the memory of the gambler.

Whoosh!

Whoosh!

This is an air falling chase.

Both Tang Xiaolong and Xue Ji's cultivation bases are much higher than this gambler's venerable, and the latter comes first. When there are hundreds of meters away from the small courtyard, Tang Xiaolong and Xue Ji have already taken the lead. In front of the Venerable Gambler.

A trace of fear flashed across the face of the Venerable Gambler, but he fell directly on the hillside involuntarily, and his figure kept flashing across the woods, and in front of him was the small courtyard on the top of the hill!

I don't know if there are people living in this small courtyard, if anyone lives, I don't know who lives in this house.

Even Tang Xiaolong was reckless, but now he didn't dare to continue chasing forward.

Tang Xiaolong said in a puzzled manner, "Does this idiot want to die?"

"In this case, it saves us from doing it!"

However, at this moment, something happened suddenly.

Suddenly four domain master-level experts flew out of the woods near the small courtyard, surrounding Tang Xiaolong and Xue Ji.

"Who are you? Why do you want to break into the residence of our Ling Wen family? Where are you in your mind?" said one of the domain masters.

"What? Break in? We are clearly at least a few hundred meters away from your residence! Besides, the intruder is clearly..."

Suddenly Tang Xiaolong didn't speak. He saw that Venerable Gambler had appeared in the small courtyard at this time, looking at them with a triumphant expression.

"Don't be rude, they are the distinguished guests I invited by Ling Wen. What are you waiting for? Wouldn't you invite them to the residence?"

At this moment, a voice came from behind Tang Xiaolong. Tang Xiaolong looked back and saw that it was the young master Lingwen who appeared in the private room of the small Colosseum.

Chapter 4760: :Do not misunderstand

This is just a simple trap, but Tang Xiaolong and Xue Ji still fall for it.

Doubts have arisen in their hearts, but the little fluke in their hearts made them ignore the risks!

"Who are you? What do you want to do?" Tang Xiaolong said while protecting Xue Ji.

The mistake has been made, and Tang Xiaolong will not dwell on the mistake he made.

The most important thing now is to protect Xue Ji.

If the guy in front of him who was called Young Master Ling Wen was a disciple and wanted to think about Xue Ji, then even if Tang Xiaolong left him here, he would have to protect Xue Ji.

Master Ling Wen shook the folding fan in his hand and laughed: "Hahaha, do I still need to introduce myself? We should have met in that Colosseum! Master Ling Wen is underneath, and underneath is Ling Wen. Son."

"As for what I want to do, you will soon know. Now, please follow me. If you tear your skin, it will not look good! After all, you broke into the residence of our Lingwen family without authorization, even now I will kill you all, and the Colosseum can't say anything!" Young Master Ling Wen said.

"This is a hundred steps away from your residence..."

Tang Xiaolong just wanted to explain, but before he could finish his words, he was interrupted by Young Master Ling Wen.

"No, no...I think you have misunderstood! This is the top of the mountain. It is an area that only the super **** family and the ancient family can live in. It is not the low-level residence where you emperors and domain masters live. This entire crater top There are only eight residences in total, within 500 meters of the residence, they are all the territory of the residence." Young Master Ling Wen said with a smile.

"This is your intentional design to harm us..." Xue Ji said angrily.

Young Master Ling Wen laughed, put the folding fan in his hand again, slapped the palm lightly with the folding fan, and said, "Yes, I didn't deny it! But, even if I designed to invite you into the urn, what can I do? It is you who have entered the territory of our ancient Lingwen family. Even if I kill you now, I have a reason, but who will believe your words? Besides, if I don't give you a chance, who can you tell them? ?"

"You... shameless!"

"Hahaha, you are the first woman to praise me like this. If it wasn't for the woman who knew you were Li Tian, maybe I would really be shameless to you once. But...a pity, I have no interest in married women! I like it. The thing is... well, no nonsense, let's go on!" Young Master Ling Wen said.

Under the coercion of several domain master-level powerhouses, Tang Xiaolong and Xue Ji could only fall on the ground, and followed Young Master Ling Wen into the residence of their ancient family Ling Wen.

Entering the reception hall of the residence, Tang Xiaolong and Xue Ji were treated as distinguished guests, and the servants immediately offered fragrant tea.

"Please sit down, you stand and look at me like this, I always feel a very uncomfortable feeling!" Young Master Ling Wen sat on a soft collapse and said with his teacup.

Tang Xiaolong didn't know what medicine was sold in Master Ling Wen's gourd.

It stands to reason that he tried his best to design a trap. There must be some tactics, but when he entered the residence, the young man Ling Wen kept silent, and instead treated him and Xue Ji.

"The soldiers are here to cover the water and earth, now let's see what this guy wants to do!"

Tang Xiaolong sat on the soft buttocks and picked up the tea cup. Regardless of the temperature of the tea in the cup, the two drank the tea dry, put the cup on the table, and said, "Mr Lingwen, I also drink this tea. Now you can talk!"

Young Master Ling Wen looked at Xue Ji.

Xue Ji had no choice but to sit down with Tang Xiaolong.

"It's actually very simple. I just want to invite you to stay with me for a few days. During this period, my people and I will treat you as my distinguished guests, as long as you don't want to escape!" Young Master Ling Wen said with a smile.

Tang Xiaolong knew that this guy was a weasel giving New Year greetings to the rooster. He was absolutely uneasy, but he didn't know what this guy wanted to do. If Xue Ji stayed here, even if nothing happened, it would be terrifying. If there is any gap between the little boss and Xue Ji, then Tang Xiaolong will be even more guilty!

"Impossible! I can stay, but Xue Ji can't!"

Tang Xiaolong objected.

Unexpectedly, Young Master Ling Wen did not refuse, and said with a smile: "Of course, as long as one of you two stays with me, as for who of you stays to discuss with me, I will never force it. After all, our Ling Wen family is. One of the oldest families in the Netherworld, we will not do things that are difficult for strong people!"

"It's shameless, if it wasn't for you to be a strong man, would we stay here?" Xue Ji thought in her heart.

Young Master Ling Wen seemed to have guessed what Xue Ji was thinking, and pointed at Xue Ji with the folding fan in his hand and said, "This girl, if you have anything, you might as well say it to your face. The curse in your heart is not a gentleman... lady What!"

Seeing Xue Ji's stunned expression, Young Master Ling Wen smiled triumphantly, and then said, "Have you decided now? Who will stay, it is you, her, or the two of you!"

"I stay!" Tang Xiaolong said.

Then Tang Xiaolong said to Xue Ji: "Go, tell the little boss that I am fine, don't worry about me! Also, if they want to threaten the little boss, you tell the little boss to leave me alone..."

...

In the inner city, there is a medical hall.

After Li Tian and Situ Ningbing paid a generous amount of treasures, they almost paid all the treasures of Li Tian in the dark forest except for the green trees, and Li Tian finally saw the doctor.

Yes, it is a treasure!

There is a medical clinic that does not accept ordinary coins, they only accept valuable items.

But they do not accept Erguotou.

Although reluctant, but for the sake of Xiao Tianyi, Li Tian can only be willing.

He was thinking in his heart that Xiao Tianyi would wake up sooner. If Xiao Tianyi could wake up, he would be willing to let Li Tian pay more treasures.

"Ok?"

As soon as he saw Xiao Tianyi, the doctor's face changed slightly.

"This patient seems strange. It is not the Skeleton Race, but it is not exactly the same as the Corpse Race. It feels like it is a combination of Skeleton Race, Corpse Race, and Human! Strange, this is the first time I have seen this patient! "The doctor stretched out his hand to press Xiao Tianyi's eyebrows, and said with a puzzled look.

It's not a shame that there is a medical clinic, and this doctor has accurately counted the identity of Xiao Tianyi once he took action.

Moreover, Li Tian felt a strong spiritual power fluctuation on this doctor, but from the perspective of cultivation, the strength of this doctor had reached the realm of the domain master.

The domain chief physician is so awesome, no wonder the fees are so expensive!

"Doctor, what happened to him?" Li Tian asked anxiously.

The doctor ignored Li Tian, still closing his eyes slightly, a milky white spiritual power appeared on his hand, and this spiritual power followed his hand and slowly flowed into Xiao Tianyi's eyebrows.

After a few minutes, the doctor let out another cry.

"Weird, really weird! You..." the doctor said to Li Tian: "This is considered a disease, but it is not entirely a disease. I still have no way to cure it, so I need you to treat this...this Chaoyu Tell me in detail why the master-level powerhouse became like this, maybe I can find the reason based on your description!"

Li Tian actually didn't want to talk about it.

After all, this matter involves the Donggong Super God family, if your sister is passed on by these talkative doctors, then Li Tianke is really dangerous.

But for the sake of Xiao Tianyi, Li Tian hesitated and decided to tell the truth.

"A few days ago..."

Li Tiangang spoke, and the naughty doctor suddenly said, "Wait a minute, this... This superdomain master-level powerhouse has a special identity. I need to invite the bone-drying tribe doctor, the corpse tribe doctor, and the medical officer of the medical hall to consult together. Tell me more!"

With that, the doctor stood up, turned and walked out.

After walking out of this ward, he turned around and walked back, saying, "Forget about you, now you two will follow me too! Go to the top floor and receive you in the highest-spec consultation ward!"

Then... Li Tian really saw the Withered Bone Race, the Corpse Race and the Medical Officer.

This is really a magical combination.

The earliest doctor just now had pointed ears, which looked like an elven medical hall. Now there is a dead bone medical hall without a trace of flesh and blood, and a zombie medical hall with a pair of dead fish eyes.

This picture is really weird.

After several doctors had seen Xiao Tianyi, their faces unexpectedly showed surprise expressions... Eh... well, the expression of the Withered Bone Race is hard to describe, anyway, these doctors are very happy.

After Li Tian finished describing the process of Xiao Tianyi's fainting, the room immediately fell into silence.

Sure enough, these guys were also scared by the Donggong Super God Family, but fortunately, the panic in their eyes was replaced by excitement again.

"This is the first time that our medical clinic has encountered this kind of intractable disease, so we need to go all out. At the same time, our medical clinic also hopes that the family members can cooperate with us! In this way, the two will go out first and wait outside. Excuse our most professional doctors!" The medical officer said politely.

The medical officer was only responsible for recording some information, then turned and left.

Li Tian and Situ Ningbing sat on the soft collapse outside the room, waiting for the conclusion of these unreliable guys.

At this moment, Li Tian had already received a message from Dixing Yacha's mind.

Li Tian stood up abruptly, really wanting to rush to the residence of the Lingwen family now, but he still sat down slowly.

Li Tian cannot blame Tang Xiaolong, nor Xue Ji!

The enemy is too cunning, even if Tang Xiaolong and Xue Ji follow Li Tian, they will come up with other ways.

Fortunately, this guy named Ling Wen is still kind, at least he hasn't done anything extraordinary now.

"What the **** is this guy doing?" Li Tian was puzzled.

Li Tian told Situ Ningbing about this matter, and Situ Ningbing couldn't think of a reason.

Moreover, Situ Ningbing didn't have much impression of this ancient Lingwen family, and it seemed that it was indeed old enough.

"Now I can only watch the changes, this Young Master Ling Wen will definitely come to me!" Li Tian said.
