

A Killer 4761

Chapter 4761: : Moved to kill

There are a total of eight small courtyards on the top of the ring.

The eight small courtyards were built in the east, south, west, north, and northeast, southeast, southwest, and northwest directions.

It is said to be a small courtyard, but it is at least several times larger than the small courtyard on the hillside. The pavilions, terraces and pavilions look more like manors.

This is the residence that the Super God family and the ancient family are qualified to live in.

However, I don't know whether it is intentional or unintentional. The eight small courtyards have slightly different specifications.

For example, the residence in the due east direction is slightly larger than the residence in the northeast direction.

Of course, this difference is generally hard to see with the naked eye!

The residence of the ancient Lingwen family is located in the direction of the east, while the small courtyard in the northeast of the residence of the ancient Lingwen family is temporarily used by the Donggong Supershen Family.

Since coming to the Colosseum, the mother has only met the current steward of the Colosseum once (of course, the position can not be the head of the field, otherwise it sounds too low!) Then the mother stayed in the residence and concentrated on practicing.

Mother is waiting for news from Donggong Jiangshan and Donggong Demon Eye.

The Donggong Super God Clan dispatched the top five Donggong Demon Eyes in the clan's strength. This was the first time in the clan for nearly five thousand years.

It can also be seen that the Donggong Super God Family attaches great importance to Li Tian.

It's just that time has passed so long, and there is still no news of Donggong Yaotong and Donggong Jiangshan.

Nor did they see the two of them.

"Will there be any accident?" There was an interesting and ominous premonition in the mother's heart.

will not!

Absolutely impossible!

Li Tian is just a master of the Emperor Realm. Even if there is a Purple Flame Thunder Bear beside him, that stinky bear is definitely not the opponent of Donggong Demon Eye, or even Donggong Jiangshan's opponent.

The two powerhouses of them went out to kill Li Tian.

The mother adjusted her breath, closed her eyes, and continued her practice.

A cultivator at the level of a thousand-year old demon like the mother, if there is no special encounter, it is difficult to make a breakthrough.

With the gradual increase in age, the body will age uncontrollably, even if the mother looks only 50 or 60 years old now, but the body will not deceive.

If you don't pay attention, the spiritual power in your body's veins will dissipate, and your cultivation strength will be impaired unconsciously.

It is precisely because of this that the mother will seize all the time to practice, not to be able to achieve qualitative changes through quantitative accumulation, to become a demigod body, but to anti-aging through practice, and to make her cultivation level within The supreme master peak lasts for a while.

Therefore, the current cultivation of the mother is more of the method of vomiting, anytime, anywhere, without deliberately entering the practice room.

At this moment, a subordinate hurried in.

The so-called subordinates are not really subordinates, but those cultivators who have stayed under the realm of the domain master for many years and hardly have the opportunity to break into the realm of the domain master.

"Mother...Mother...Mother...There is...news."

When he saw this guy walk in, his face was flustered, and he didn't have the kind of tolerance of the Donggong Super God family. This made the mother even more unhappy. She gave him a cold look and said displeasedly: "Donggong Lan, Keep your tongue straight and talk again! If you can't, go back to the family now and never come out again. Shame!"

Donggonglan suddenly felt like falling into an ice cave, with a feeling of head cold to toes.

Although this is just a simple sentence, Donggonglan knows that if he is really sent back to the family, then the fate of him and the family behind him will be completely changed, and may even be directly abandoned.

Donggonglan adjusted his breath, took a few breaths, organized the language in his mind, and then said as calmly as possible: "Mother! Li Tian is at the Colosseum!"

"What?" The mother jumped up sharply.

A hint of anger flashed across her face, a murderous intent flashed in her eyes, and the temperature in the house dropped suddenly.

"What's the matter? Where is the waste in Donggong Jiangshan?"

Donggonglan couldn't help but stepped back three steps, and then stood on his heels, and said in a slightly trembling voice: "In reply to the mother, I haven't heard from the two adults, nor have they seen the two adults come to Fighting Beast. Field! But..."

"If you have something to say, if you have a fart, just let it go, what are you talking about?" The mother said displeasedly.

"Li Tian did not arrive at the Colosseum alone. Situ Ningbing, Tang Xiaolong, Xue Ji, and another strange guy accompanied him! Oh, Li Tian is still holding a child!"

"Have you not seen the shadow of the Purple Flame Thunder Bear?"

"No!"

Donggonglan didn't dare to bend the corner any more, and continued: "Their current residence is halfway through the outer ring. As soon as we got the news meeting they reached, we launched an investigation. According to the information returned, the child in Li Tian's arms seemed to have gotten it. Some kind of illness, now Li Tian and Situ Ningbing took the child to Youjia Medical Clinic."

"And Tang Xiaolong and Xue Ji went to the small Colosseum in the town, and they have been targeted by the son of Ling Wen's family. The latest news is that Tang Xiaolong and Xue Ji have been invited to Ling Wen's home to be guests. As for those two strange The guy is still in the town, and our people are following!"

The mother's brain was spinning fast, she narrowed her eyes slightly, a gleam of light flashed in her pupils, and the ominous premonition rose to her heart again.

Although the mother was reluctant to think so, she still began to wonder if Donggong Jiangshan and Donggong Demon Eye had fallen.

Of course, the best idea is that these two guys didn't kill Li Tian and others, and didn't dare to come to the Colosseum. They are now hiding in hiding and waiting for their chance. But the mother felt that her way of thinking was too naive.

I am afraid that the problem lies with the child and the two strange guys. It is necessary to investigate the identity of the child and the two strange guys as soon as possible!

"Go, ask Donggong Wanmu and Donggong Jiangshui to go out in person and follow the two strange guys. Be sure to find out their identities." Mother said.

Donggong Wanmu and Donggong Jiangshui are both rising stars of the Donggong Super God family. Their strength cultivation is still far behind that of Donggong Jiangshan and Donggong Yaotong, but their cultivation is not weak. Among them, Donggong Jiangshui's cultivation level has already Reached the pinnacle of the domain master, and Donggong Wanmu just broke into the super domain master realm before coming to the Colosseum!

Now there is no one around the mother who is available, so they can only use the two of them to investigate.

In the Colosseum, only the two of them can make the mother feel a little at ease.

"Yes!"

Donggonglan turned around to leave, and was cried out by the mother: "Also... to send a letter to Sanlu's house, just say I will visit tonight!"

When Donggonglan left, the room in the residence was quiet again, but the mother's heart couldn't calm down!

"Li Tian...it seems that our Donggong Super God family still look down upon you! This time after the beast match in the Colosseum is over, let me meet you personally and let me learn about the realm of the emperor. Kill your strength of the domain master-level powerhouse!"

Chapter 4762: : The Wrath of Soy Sauce

Xue Ji is back!

Xue Ji was sent back to her residence by Young Master Ling Wen.

The residence is empty.

Li Tian and Situ Ningbing still have a medical clinic, Tang Xiaolong is trapped in the residence of Ling Wen's family, and the other two unintelligent people are still wandering outside.

The house faces the sea, and spring flowers are blooming, but Xue Ji's heart is full of anxiety.

At night, Li Tian returned to his home at the beginning of the Hua Deng.

Situ Ningbing still has a medical clinic.

Xue Ji originally thought Li Tian would blame her angrily, but Li Tian didn't say anything.

"Just come back! As long as you are okay, everything is fine! Xiaolong..." Li Tian saw Xue Ji sitting alone in front of the window, looking at the sea, and slowly walking behind Xue Ji, reaching out his arm around Xue Ji's shoulder , Said.

Xue Ji didn't know that she suddenly felt very wronged, and her tears couldn't help but flow down!

"What are you crying? The soldiers are here to cover the water and the earth, and when the sky is falling, I will be with Li Tian!" Li Tian stretched out his hands to hold Xue Ji's cheeks, wiped Xue Ji's tears with two thumbs, and continued to comfort Xue Ji with tenderness on his face. To say.

Xue Ji is finally angry!

She pushed Li Tian away and shouted angrily: "Why? Why do you treat me this way? Is Xue Ji, your burden? In your eyes, I am just a pretty old woman? A poor woman who can only live on you?"

"How come? I never thought that way!" Li Tian didn't know why Xue Ji had a sudden attack.

"You don't think so, but you are so much!"

"What does it mean to have you Li Tian when the sky falls? No matter how powerful your Li Tian is, it is also your Li Tian, not me Xue Ji!"

"Before I met you Li Tian, I, Xue Ji, was a goddess, and she was a superb existence in another world, but... But, why do I become your vassal after I know you, and have you as the center every day? "Xue Ji cried and said.

The dissatisfaction in Xue Ji's heart seemed to have found a catharsis. She became more and more excited, and her tears kept flowing down. She continued sobbing and saying, "I don't want this kind of life. I'm fed up with this bad feeling. I want to fight too, instead of being protected by you every time!"

The dissatisfaction in Xue Ji's heart has a long history.

When in another world, Xue Ji can fight side by side with Li Tian.

At the end of the earth world, Xue Ji was also the core figure of Li Tianjun.

However, ever since she came to the Netherworld, Xue Ji has completely become a passerby and a soy sauce existence.

She is a goddess, a figure who once stood on the pinnacle of another world, and an existence respected by thousands of people.

For Li Tian, Xue Ji can be willing to be in another world, can give up her status, can follow Li Tian to the earth world, and everything will come to the underworld.

However, Xue Ji can give up everything, but she cannot give up herself.

Xue Ji needs recognition and respect, not the way she is now, she is completely a soy sauce role.

According to Maslow's hierarchy of needs, what Xue Ji now seeks is a kind of spiritual satisfaction...

Li Tian looked at Xue Ji in surprise.

Do unto others, do not impose on others.

Li Tiantian, who has been an orphan since he was a child, has always longed for being cared for by others. Unconsciously, he would impose his desire on his women.

Li Tian always wanted to use his body to shield many women from wind and rain. All dangers and all difficulties have Li Tian's shoulder.

However, now Li Tian found out that he was wrong!

And it's wrong!

But Li Tian didn't think so, he didn't know what was wrong with him.

Li Tian found that he did not understand women more and more.

Windsor is like this, so is Xue Ji.

"What do you want? Xiaolong is trapped in the house by the ancient family, it is not your fault..." Li Tian also said angrily.

Xue Ji laughed suddenly, she reached out her hand to wipe the tears from the corners of her eyes, and said with a cry and smile: "Look, that's what you think! You think this is our fault, but why do you blame me, even if you can't beat me, It's okay to scold me, let Xue Ji know that I still have a sense of existence!"

"You always ignore my existence, ignore Liu Jimeng, ignore the existence of Ye Jingjing."

What Xue Ji said is true. Liu Jimeng came out with Li Tian from the Venerable Kingdom of the Lord of the Frost Territory, but Li Tian brought Liu Jimeng to the flying treasure ship and asked Liu Jimeng to learn to drive the flying treasure ship. I completely forgot the existence of Liu Jimeng.

This time, when he boarded the Colosseum, Liu Jimeng was thrown on the flying treasure ship by Li Tian and was not brought to the Colosseum.

Li Tian, a big man, may not take it to heart, but Xue Ji's heart is very upset.

She saw her own shadow in Liu Jimeng. She felt that Liu Jimeng was like Li Tian's subsidiary puppet. When she thought of it, she took it out to play, but she kicked it aside when she couldn't remember it.

This feeling made Xue Ji really want to say: Fuck your mother's egg!

Li Tian felt that he was going crazy.

The Eastern Palace Super God Family is asking for trouble with him, and wants him to die all the time.

Now Ling Wen Gulai's family suddenly shot him, Tang Xiaolong is still in the hands of others.

And his godson, Xiao Tianyi, is still fainting now.

All things are not going well, these things are enough to make Li Tian head big, and now he has to follow Xue Ji's ideas.

"What do you want? If I ignore your existence, I won't bring you by my side."

"Ye Cheng, you know, Ye Cheng Huangzun, Dragon Emperor Huangzun, Zhao Family Huangzun, and Ye Meijing... because they are not by my side, they have all been beheaded by the Donggong Super God Family... "

There was a trace of pain on Li Tian's face, and he said, "I am a human being, I am not a god! I have no three heads and six arms, nor can I know everything and satisfy you!"

Li Tiantian sat on the chair bulgingly, upset, and didn't know what to do now.

Women are trouble.

Think about it in another way, put yourself in a position to think about each other, Li Tian and Xue Ji can feel each other's difficulties.

However, this sentence is simple to say, but it is difficult to do.

Xue Ji stopped talking.

She just wanted to become stronger and become a woman who could be like Situ Ningbing, accompany Li Tian to fight alongside Li Tian.

She doesn't want to argue with Li Tian!

"Let's calm down!" Xue Ji said.

The room was quiet again, and the windows came out, and the sound of waves continued to come.

In a few minutes, Li Tian and Xue Ji didn't say a word.

It shouldn't be like this, at least the background music shouldn't be ocean waves.

If you follow the rhythm of the idol drama, the background music should be a song before the end of the earth world, "Wrong Wrong Wrong".

Xue Ji sang: You always say it's my fault, but you are always too selfish. You are used to being silent when arguing, how can you uncover the confusion...

Li Tian sang: Wrong Wrong Wrong, it's my fault, why don't you say it when you are in love, I am so confused about the helplessness of life, can you stop being wordy, it's better to be silent...

Well, the author thinks too much!

After all, this picture...

"Li Tian, let's be apart for a while..., I don't want to lose myself!" Xue Ji said.

I rub, in this situation, this woman still has such a temper, it's really hard to serve her.

"After the battle of the beasts is over, I will send you to the gate of the forbidden zone, you should go back to the earth world first! We are all calm and calm!" Li Tian said.

"Now I will go to the Flying Treasure Ship to accompany Liu Jimeng...!"

"can....."

Chapter 4763: : Invitation from Master Ling Wen

Xue Ji left.

To avoid accidents, Li Tian personally sent Xue Ji to the flying treasure ship.

Of course, in the mooring area of the flying treasure ship, it still belongs to the scope of the Colosseum, and no one dares to provoke the colossal behemoth easily.

When I returned to the house, it was already dark.

At the entrance of the small courtyard, there was a female Venerable, and beside her, there was another Venerable.

"Master Li Tian, this is the venerable who serves the Lingwen family. He is here to deliver the letter!" The female veteran seemed to be confused when seeing Li Tian, and said before Li Tian asked.

The Lingwen family, as expected...

Although this venerable sender was sending letters for the Lingwen family, he belonged to the venerable of the Colosseum, so he was also wearing Colosseum costumes.

Venerable Letter Sender bowed slightly to Li Tian, then raised a roll of animal skin in his hands over his eyebrows, lowered his head slightly, and said, "Master Li Tian, this is a letter from Master Ling Wen. Please have a look! If you If I have a reply, I can wait here!"

Li Tian took the low animal skin scroll in his hand and opened the letter in front of the Venerable Messenger.

The letter was written by Young Master Ling Wen. Don't read the content of the letter first. Just looking at the text gives you a pleasing feeling.

However, the characters are not ordinary characters. They are not characters written in pen and ink, but characters condensed with spiritual power.

Through the spiritual power in this text, Li Tian could feel that the spiritual power cultivated by Master Ling Wen should be water-based spiritual power, and only water-based spiritual power can write this soft feeling.

"No loss is an ancient family, and the family has a deep boulder heritage. This simple letter can tell the cultural confinement of Young Master Ling Wen!" Li Tian thought in his heart.

The content of the letter is very simple, and it can be summed up in one sentence: an appointment? Tonight, the Colosseum!

However, Young Master Ling Wen is an ancient family after all, and the letters he wrote are eloquent, starting with his admiration for Li Tian, and writing until the final writing, before writing to the point.

In one sentence, more than a thousand words can be written by this guy. This kind of watering ability makes it a pity not to become a net writer.

"Go back and tell Young Master Ling Wen, I must be there!" Li Tian received the animal skin letter and said to Venerable Sender.

Venerable Mailman showed a distressed expression on his face and said, "Master Li Tian, please don't embarrass us. We are only serving adults. It is okay to help them run errands to deliver letters, but this message is not within our scope. Inside, please forgive me!"

This is also to prevent misinformation during the delivery of oral messages and cause unnecessary misunderstandings.

Li Tian could understand that he threw the animal skin letter in his hand into the air, and the animal skin floated in the air and unfolded.

Hey!

Li Tian stretched out his finger, but he already had a faint purple lightning spiritual power on his finger. After drawing a few strokes, several purple lightning texts had appeared on the animal skin letter.

It's just that the words written by Li Tian are ugly!

There is no way, who told Li Tian to write words with pure spiritual power for the first time!

Li Tian received the animal skin letter and handed it to Venerable Messenger.

After the sender received the letter, he bowed slightly to Li Tian again, turned and flew towards the crater where the Lingwen family lived.

Young Master Ling Wen asked Li Tian to go to the Colosseum, but he didn't know what medicine this guy sold in his gourd.

Now Li Tian can only accept it passively.

Li Tian didn't enter the residence, and went straight to the inner city. When flying past, Li Tian used his mind to pass through the void Yasha to tell the story.

And Situ Ningbing told Li Tian through Void Yasha that she would accompany Li Tian with him.

Li Tian also wants to break into Longtan Tiger's Den.

Xiao Tianyi was still in a fainting state, and Li Tian lost a powerful helper.

Of course, the safety in this Colosseum should be guaranteed, so Li Tian did not contact Feitian Yasha and asked the parallel imports and waterbirds to follow him.

When Li Tian came to this small Colosseum, Situ Ningbing was already waiting for him at the entrance of the Colosseum.

Seeing Li Tian, Situ Ningbing said: "Li, let's go in!"

"Yep!"

The night at the Colosseum is absolutely lively!

The auditorium of the Colosseum, which can hold almost 10,000 people, is full of seats.

Tonight's fighting beast game has not yet started, but the audience in the audience already has excited expressions on their faces, holding the betting tickets in their hands, and talking loudly.

Li Tian stood at the entrance of the passage and looked around, but did not find Tang Xiaolong.

He didn't know what Young Master Ling Wen looked like, so he could only look for Tang Xiaolong, but there was no Tang Xiaolong in the audience.

Suddenly, a Venerable Man walked behind Li Tian, the same gambler Venerable who had taken Tang Xiaolong and Xue Ji into the bait.

This guy has been driven out of this Colosseum, but now he can reappear here, which shows the influence of the Lingwen family.

Venerable Gambler smiled slightly when he saw Li Tian, as if he didn't mean to be afraid: "The two are Li Tian and Lord Situ Ningbing, right?"

"you are?"

"Hey, let me introduce myself first. I am the gambler who lured Master Tang Xiaolong into the bait during the day. You can just call me the gambler," the gambler said.

Seeing a trace of anger flashed on Li Tian's face and a murderous look on his body, the gambler was taken aback, and he involuntarily stepped back and said quickly: "I'm a runner. The two adults are It's not here to see Young Master Ling Wen. If so, please come with me. Young Master Ling Wen is waiting for two in the box!"

Li Tian was very upset.

That Young Master Ling Wen seemed to have calculated that Li Tian would definitely come, so he waited for Li Tian and Situ Ningbing here instead of waiting for a reply from the Venerable.

This feeling of being led by others made Li Tianzhen want to vent.

Li Tian was very abnormal today, his murderous aura was too strong, and the audience that was still full of voices immediately calmed down a lot.

Many viewers looked at Li Tian curiously.

"I'm a domain master-level powerhouse, it seems that I watched some of the Beasts game tonight!"

"That's not necessarily true. Young Master Ling Wen's battle beast has won seven days in a row, and he has won three games every day. Even if he is a domain master, he doesn't necessarily have a powerful battle beast!"

"But this kid looks very angry, is this kid also calculated by Young Master Ling Wen?"

"What's the matter, let alone a domain master-level powerhouse, it is a superdomain master-level powerhouse, and Master Lingwen is not too small!"

"Haha, regardless of them, we only need to bet on Young Master Lingwen to win. Although the odds are low and pitiful, this is a trade that makes a profit without losing money!"

"That's...that's..."

The audience talked in a low voice.

"Li..." Situ Ningbing stretched out Li Tian's arm, and shook his head slightly towards Li Tian.

Li Tian was awakened immediately, only to discover that he had unconsciously lost his temper.

Hey, if he didn't argue with Xue Ji in the evening, maybe Li Tian wouldn't get angry so easily.

...

Follow the gambler to the second floor of the auditorium, here is a circle of boxes.

This is just an ordinary box, so as long as you have money, you can watch the fighting beast game here.

And Young Master Ling Wen is the banker of this arena, so he is naturally qualified to own the most luxurious private room.

Tuk tuk!

When he came to the door of this private room, the gambler immediately became a little fearful, knocked gently on the hollow wooden door, and said softly: "Mr Lingwen, the person you want to meet has brought !"

"Let them in!" A clear, nice male voice came from inside.

Crunch!

The wooden door was opened from the inside.

It was not Mr. Ling Wen who opened the door, but two young girls who were in their twenty-eighth cardamom years.

The light spiritual power released from these two girls, Li Tian can feel that the cultivation of these two girls is extremely weak, which is probably the realm of the first or second level of cultivators.

However, at such a young age, with this kind of cultivation level, Li Tian felt surprised.

"Please come in!" Venerable Gambler said to Li Tian and Situ Ningbing.

Li Tian and Situ Ningbing walked in, but Venerable Gambler stayed outside.

Crossed the threshold and walked in. There is a screen in front of you, bypassing the screen, this is the scene in the private room.

Near the window, two solid wood chairs are placed, and there is another low case in the middle of the chairs.

The place with his right hand leaning against the wall was a soft collapse. At this time, a man in a white gown with a folding fan in his hand was lying on the collapse, and a beautiful woman behind him was pinching his shoulders for the son.

Really ***** enjoy it.

This is the Colosseum!

Feeling that Li Tian and Situ Ningbing had already walked in, the son-in-law opened his eyes slightly, stretched out the folding fan in his hand, pointed his hand, and said, "I knew you were coming! Sit!"

This brother-in-law is not someone else, but the son of Ling Wen.

Li Tian and Situ Ningbing were not polite, and took a few steps forward and sat on their chairs.

As soon as they were seated, two curvaceous women immediately served Li Tian and Situ Ningbing with fragrant tea.

Putting the tea cups on the short case, the two women did not step back, but stood behind Li Tian and Situ Ningbing, and began to pinch their shoulders for Li Tian and Situ Ningbing.

Li Tian frowned slightly and said with a displeased expression: "No need!"

"Hahaha, isn't the Li Tian brothers strict in their wives? Or is it because there are younger siblings here, you can't let go?" Young Master Ling Wen sat up and said with a loud laugh.

Really **** familiar, who is your brother and who is your sibling.

Li Tian was really helpless for Young Master Ling Wen's shamelessness. Who told Tang Xiaolong to be in the hands of others.

"Where is my brother Tang Xiaolong?" Li Tian said.

Young Master Ling Wen waved his hand and asked the women of Yingying Yanyan to retreat. They picked up a cup of fragrant tea that had been placed before the soft collapse, took a sip, and put the tea cup down again, then slowly said, "Come on. When we arrive at the Colosseum, how can we not watch the beast match? Come, come, come, let's watch the beast match first!"

This guy doesn't care about what Li Tian said, and is not polite at all.

"I don't know if the Li Tian brothers have studied the beasts? I heard that the Li Tian brothers are coming to the Colosseum this time and are also preparing to participate in the beasts competition? I just happened to be preparing to participate in the beasts competition..."

Chapter 4764: : Reach a consensus

"You mean you want to compete with my fighting beast?" Li Tian raised his eyebrows slightly, but a smile appeared on the corner of his mouth, and said, "As long as your fighting beast can enter the finals, you still have this chance. !"

This is confidence!

Xiao Qingwa is now a fighting beast with an emperor-level realm. It should be said that it has the strongest cultivation level in the fighting beast level.

Whether it is a fighting beast or a ghost beast, as long as the cultivation level reaches the domain master, it can be transformed into a human form.

Can a beast that can be transformed into a human form still be called a beast?

If all human-shaped beasts can compete, Li Tian must find the vicious dog anyway.

Nima's, the Vicious Dog is a super existence that can kill even the Eastern Palace Demon Eye of the Super Domain Master. Will it still lose to other Domain Master Scum Beasts?

"Hahaha, it seems you are very confident! I like you like this!"

Young Master Ling Wen smiled slightly, paused for a while, glanced at Li Tian, and then continued: "The fighting beast competition is definitely required, but please don't get me wrong. My requirements are not so low! I have tried my best. Is it just to fight with you?"

Sure enough, it was the same as Li Tian's guess.

However, this guy was too capable of pretending to be forced, and wanted to lead Li Tian by the nose everywhere.

This made Li Tian's impression of this guy even worse.

Since you want to pretend to be forced, then I will meet your need to pretend to be forced.

Li Tian decided not to take the initiative to take care of this grandson.

"Drink tea!"

Li Tian picked up the tea cup and said to Situ Ningbing, then he calmly drank his tea and looked at the Colosseum outside the window.

The corner of Young Master Ling Wen's mouth turned up slightly, and he smiled and said, "I will be the banker in the ring match tonight. Are you interested in playing it? You win if you win, and I will compensate you if you lose!"

This is forcing Li Tian to give full marks.

However, Li Tian also didn't want to lose out in front of this Young Master Ling Wen.

"The ring match?"

"Yes..."

Young Master Ling Wen explained the rules of the arena to Li Tian, and then said: "Beasts in the arena will not participate in the main match of the beasts. However, since I have brought the beasts to the Colosseum. It's an insult to this fighting beast not to ask it to participate in a few games."

"Unexpectedly, the beast in the Colosseum gave me face and the beast that gave me face. I was not careful. I have won more than 20 games in a row! It's so cold, I want to find a suitable one. The opponent is really difficult!"

Pretend, continue to pretend to Laozi!

This guy is even more proficient in acting skills than Li Tian, and he is fully qualified for the chairman of the acting association.

Li Tian can only be an elite of the pretending association at most!

Situ Ningbing has been observing Young Master Ling Wen.

When he first entered this box, Situ Ningbing had already felt the cultivation level of Young Master Ling Wen, the domain master realm should be the peak realm of the domain master, and through the

words and deeds of Young Master Ling Wen during this time, Situ Ningbing had already guessed what Master Ling Wen wanted to do.

A slight smile appeared between Situ Ningbing's eyebrows and eyes, and he whispered to Li Tian, "I know what he wants to do. Now he wants to play, then you can play with him! Doesn't he want to fight beasts? What is it for us to accompany!"

"Don't worry about Tang Xiaolong, he's all right!"

Situ Ningbing finally became the wisdom of Li Tian's team again.

Li Tian hadn't figured it out yet, but he believed Situ Ningbing unconditionally.

"Except for the little blue tile, there are no other fighting beasts. Do you want the little blue tile to compete?"

"Who said there are no other fighting beasts? Black smoke group, Xiaoyasha..."

I rub!

The small Yasha is clearly the Yasha tribe, but the Yasha tribe is a powerful race that is the same as the Protoss, and is actually regarded as a fighting beast by Situ Ningbing.

Hei Yan Tuan is also very awesome, he is the "pet" of the dead monkey of the god-level powerhouse, but it seems that the Black Smoke Tuan can really be a fighting beast.

Li Tian suddenly had a bottom in his heart, and smiled at Young Master Lingwen and said, "I fully agree with your point of view. It is not easy to find a suitable opponent. If this is the case, then let my fighting beast and Master, let's compare your beasts!"

Although Situ Ningbing's voice was terrible, Young Master Ling Wen heard clearly.

"This woman is really not easy, but her strength is too weak, otherwise, I really want to fight her!"

Young Master Ling Wen moved his gaze from Situ Ningbing to Li Tian again, from Li Tian, to Void Yasha who was sitting on Li Tian's shoulders, stood up and said with a smile: "That feeling is good!"

Then, Young Master Ling Wen whispered to the door: "Gambler..."

Venerable Gambler immediately walked in with a look of excitement, bowed, feeling that his head was about to knock on the ground.

"Go and prepare, for today's beast match, my beast will be against Li Tian's beast! The odds remain the same!"

This is the background, this is domineering.

Regardless of Li Tian's beast level, as long as it is Li Tian's beast, he accepts it completely, and the odds remain the same.

Compared to Young Master Ling Wen, Li Tian felt that he was really shabby and terrible!

"Xiyun..." Young Master Ling Wen shouted at the door again.

The woman who squeezed the shoulders of Young Master Ling Wen just now walked in curly, and asked in a salute, "What's your command?"

"Brother Li Tian has agreed to my request. Go back and ask someone to invite Master Tang Xiaolong here!" said Young Master Ling Wen.

Li Tian suddenly became a little silly.

What do you mean? I didn't say anything, how can I say that I have promised your request!

You can't be so shameless!

The corners of Situ Ningbing's mouth cocked again, and Li Tian Shaoan is not anxious.

"Brother Li Tian, since we are going to start the beast match, we are opponents for the time being. Please forgive me for not agreeing to your stay here, Xiwen... Take Brother Li Tian and Master Situ Ningbing to the opposite box! "

"Haha, fighting with Li Tian brothers, I feel excited about this kind of thing!"

...

Then, Li Tian and Situ Ningbing followed another woman to the private room directly opposite the private room where Master Ling Wen was.

Through the window, Li Tian could still see Young Master Ling Wen holding a tea cup and toasting to Li Tian.

"Ningbing, what the **** is going on? Why do I still don't understand?" When Xiwen left, Li Tian asked impatiently.

Situ Ningbing pressed Li Tian on his seat and said with a smile: "Didn't you find out? This Young Master Ling Wen is just more playful and more competitive..."

"I feel that way too. Fighting Beast... It completely feels like the son of the man from the Qing Dynasty!" Li Tian said.

"Yes! Lord Ling Wen is the son of the ancient family Ling Wen, and his cultivation may have reached the pinnacle of the domain master. In the domain master realm, his strength should be ranked in the forefront."

"What about this? If he meets me, he still has to kneel!" Li Tian said domineeringly.

Situ Ningbing smiled slightly and said, "That's where the problem lies. When you were in Yecheng, you killed the domain master-level powerhouse with the cultivation base of the Emperor Realm. Your reputation has risen. Your name, Li Tian, must be Resounding throughout the Netherworld, think about whether the Ling Wen family will hear this news!"

"Is this guy unconvinced with me? Want to challenge me?" Li Tian doubted.

Situ Ningbing nodded again, and said, "I'm afraid it's not far from ten!"

"I rub, this is really difficult! I definitely don't want to lose, but if I win, will this guy pester me more crazily? Moreover, we are the domain masters fighting, if we are not caught in the battle of life and death At that time, I am afraid that no one will come up with the true ability to save his life. You said that if I hurt him or kill him, then the ancient Lingwen family is not the same as the Donggong Super God family, and I am desperate!"

"It's not worth it, it's not worth it! I can't agree to it!" Li Tian shook his head and said with a tangled expression.

"It's too late, you have promised him!"

Li Tian suddenly became anxious, "When did I agree to him? Is it because he agreed to play against his fighting beasts?"

Situ Ningbing smiled without saying a word.

In a moment, Li Tian finally figured out.

The problem lies in the phrase 'It's not cold on heights'.

"It's no use tangling, I will try not to kill him then!" Li Tian thought in his heart.

Soon Venerable Gambler returned, came outside the private room where Li Tian and Situ Ningbing were, and knocked gently on the door. Before Situ Ningbing and Li Tian could answer, the **** had already entered.

"Lord Li Tian, the beast contest has been arranged! After the host introduces the two players, please put the beast in this position, and the beast contest will start soon!" The gambler pointed his finger. A square in the corner of this private room, when Li Tian saw his movements, the gambler continued, "Master Ling Wen asked me to remind you that after the start of the game, the arena will be wheeled in the domain owner In the domain of level-one powerhouses, there is no need to worry about damage to the playing field. In order to make the battle beast more exciting, please send the most powerful beast out to fight!"

What a **** shit!

Lao Tzu aims to win the champion of the Beast Fighting Competition. The quasi-sacred weapon is already in Lao Tzu's pocket. Could Lao Tzu's Beast Beast still fail here?

After the Venerable Gambler left, Li Tian brought the black smoke ball and the little blue tile out of the space of the Qiong Spear of the sky, and began to discuss with Situ Ningbing who should be sent on the court.

...

When Li Tian and Young Master Ling Wen met, the mother of the Donggong Super God Family had already been sitting in the residence where the San Lu Super God Family was.

This fighting beast meeting was extraordinary, and the Sanlu Super God family also paid special attention.

To this end, the patriarch Sanlu Taibao sent several super domain master-level powerhouses: General Sanlu, Sanlu joined the army and others.

"General, my lips are dead and my teeth are cold. Although it has not yet come to the life and death of my Donggong Super God family, but because of Li Tian, this little bitch, it has deeply hurt the face of my Donggong Super God family!"

"Donggong step explained that the bones are not cold, and now the demon pupil and Donggong Jiangshan are still alive and dead! So I also ask General Sanlu to help the Donggong family. After

the fighting beasts match is over, Li Tian, the little bitch, will definitely be killed in one fell swoop!" Said.

Chapter 4765: : Fighting Beasts

General Sanlu is very tangled!

He is just a martial artist. In the Sanlu Chao Super God family, his cultivation level can also be ranked in the top five, but in the status of the family, he can't even rank in the top ten. Naturally, this kind of teaming up with the Donggong Super God Family to deal with Li Tian is not something he can make a decision!

"Mother... this matter is very important. I have to report to the patriarch. Only after the patriarch agrees can I give you an answer! Please forgive me!" General Sanlu said.

The mother suddenly became a little unhappy, and said with a cold snort: "Our four super-god families are in the same spirit. The battle of Wanshenshan ten thousand years ago, our four super-god families joined forces to resist the gods, although our super-god families The loss was heavy, but he also killed the god-level powerhouse Yu Wanshenshan, and after that, he had more than three thousand years of stability in the Netherworld."

"More than 7,000 years ago, the strong from the other end of the gate of the restricted area struck. It was also the main battle between our two super-god families. Together, they will only have the super-domain master's peak realm, but have the power of this demigod. Slashed, and exchanged for the prosperity of the Nether Realm for more than 7,000 years."

"Now, the undercurrents of the Nether Realm are surging, and the major strengths are about to move, and all this points to Li Tian from outside the forbidden zone. This kid has only been in the Nether Realm in just a few years, and the Nether Realm has been restless. If we don't Riding on Li Tianyu's wings and beheading him, I am afraid it will be another catastrophe in the Netherworld by then!"

After the mother was talking, she became more excited: "White Horse and Xiuyu Super God family have short-sightedness, they can just sit back and watch, but Sanlu Super God family is also in Youland, and Li Tian will burn this fire sooner or later. With regard to the Sanlu Super God Family, if the San Lu Super God Family is out of the picture now, then don't blame the Donggong Super God Family for being rude!"

General Sanlu said with a bitter face, "Mother, you said I understand the truth, but you don't understand my situation in the Sanlu Super God family. It's useless for me to embarrass you like this! Let's talk about the Donggong Super God. The family is the head of the four super **** families. To deal with a little Li Tian, do other super **** families need to intervene? This will make the world's heroes laugh!"

Doesn't the mother understand this truth?

However, if the Donggong Demon Eye and Donggong Jiangshan really had an accident, then the Donggong Super God family would already be three super domain masters in a row. If this news is made known to the patriarch Donggong Zhentian, then the whole Donggong Super God Don't even want to know the peace of the family.

And she, I am afraid that she will be punished the most severely by the patriarch!

"Huh! General Sanlu, please pay attention to your words! I am not asking you Sanlu Super God Family, but negotiating with you! Since your San Lu Super God Family sits idly by, then I have nothing to say. That's it! You guys do it for yourself!"

The mother was about to flee away in anger. General Sanlu suddenly became a little panicked. He quickly stood up and stopped the mother again.

"Mother, don't be angry, so let me report the mother's request to the patriarch. Before the end of the fighting beast game, no matter whether the news of the patriarch can come back, I will take my people and follow the mother, how about this?" General Sanlu said.

There was a smile on the face of the mother, and she said, "Isn't it okay if you say it like this? Then you wait for my news!"

...

Li Tian is still in the Colosseum!

He didn't know that on the crater, the East Palace Super God Family and the San Lu Super God Family had conspired to harm him.

At this time, Li Tian was still struggling with who to send out the game.

Xiaoqingwa, Heiyan Tuan'er, Xiaoyacha, these three goods are unexpectedly unwilling!

Xiao Qingwa's cold and arrogant expression seemed to be saying that he was going to participate in the current seed player, how could he participate in such a low-grade competition.

Heiyan Tuan'er said directly and resolutely: "I've been a dead monkey with a god-level powerhouse, so don't ask me to play this kind of pediatric tricks!"

Xiao Yasha did not dare to show weakness: "I am a noble Yasha clan..."

"Don't be naughty, if you don't speak, you are a fighting beast!" Li Tian said.

Xiaoyasha suddenly became angry: "One more thing, who is the fighting beast? You are the fighting beast, and your family are all fighting beasts!"

In the venue, the host has already started to introduce the two participating parties, but Li Tian has not convinced any little guy yet.

"Let's grab a lot!" Situ Ningbing said suddenly.

Li Tian suddenly brightened his eyes and said, "This is a good idea, it depends on who the heavens favors!"

According to probability, this lottery is the fairest.

There is no opinion on the three little things.

As a result, Xiaoyasha was very lucky... caught the paper ball.

"There is no way, Xiaoyasha, you are the man chosen by God. This game depends on you! You can only win, not lose!" Li Tian said.

Xiaoyasha had no choice, his own choice, even with tears in his mouth, had to finish the game.

...

"Below is the main beast of this beast contest, the swallow...cloud...beast carefully cultivated by the oldest Lingwen family in the Netherworld!" The host intentionally pulled the beast with his extremely infectious voice. Shouted the long voice.

Gululu! A fat white ball rolled out of the tunnel.

The cloud swallowing beast is definitely a cute pet.

The head and body are a whole. The eyes, nose, mouth, and ears are as if they were drawn by someone with a pen. Moreover, the limbs of this cloud swallowing beast are so short that they can hardly be seen, giving a big dumpling. The sense of sight.

As soon as the Cloud-Swallowing Beast came out, the scene immediately screamed from the mountains and the tsunami.

"Cloud-swallowing beast! Cloud-swallowing beast!"

"Cloud Swallowing Beast, I love you..."

"It would be great if I had a cloud swallowing beast! Even if this little thing can't fight, it's very eye-catching just to keep it up!"

"Dream you! This Cloud Swallowing Beast is a magical species only found in the territory where the Lingwen family is located. It is rare even in the Lingwen family, so let's stop dreaming!"

"Weak people do not have ideals. What's the difference between that and salted fish?"

"...I was speechless..."

Everyone talked a lot.

There is no way, the Cloud Swallowing Beast is too awesome.

When they saw the Cloud Swallowing Beast, it was as if they saw the coin beckoning to them.

The host was also a powerful person at the Venerable level. He cleared his throat and continued:

"Our master of the cloud swallowing beast, Venerable's ninth-level primary realm. There are only seven days to enter the Beast World, but seven days Over time, the cloud-swallowing beast's record is very brilliant."

"Seven days of defense, a total of 20 rounds were held, and the Cloud-Swallowing Beast maintained a complete victory! Seventeen of them killed the opponent in seconds and four times! What needs to be mentioned here is that the Cloud-Swallowing Beast's opponent has the weakest cultivation It is the Venerable's early eighth level, and the strongest is the Venerable's mid-level ninth level!"

Li Tian couldn't help being surprised when he heard the words!

Fuck, this Cloud Swallowing Beast is too awesome!

The battle at the same level turned out to be a spike, and it turned out to be a torture. This is basically the Beast version of Li Tian!

Li Tian couldn't help looking at Void Yasha with some worry!

Chapter 4766: : Shock the audience

Xukong Yasha didn't like Li Tian's look very much.

"You seem to look down on me very much? Wouldn't I be killed by that meat ball in seconds?" Void Yasha said dissatisfiedly.

Li Tian nodded heavily, then drew a cross on his body with his hand, with a sad expression on his face.

"Do you also feel that I will be killed by this meat ball?" Void Yasha looked at Situ Ningbing, Xiaoqingwa and Black Smoke Group again.

As a result, Void Yasha was insulting himself, and everyone nodded at the same time!

Void Yasha felt as if he had been greatly insulted, and he hugged Li Tian's arm... and cried and said, "I don't have the slightest confidence, or change the black smoke group, he has fought side by side with the god-level monkey. Strong! I...I'm underage..."

puff!

Li Tian almost spit out old blood.

Can you point your face? Let alone say that there are thousands of years old monsters, and they are also cute, and they say that they are underage. Why do you make me feel bad!

Li Tian stretched out his hand and dragged Void Yasha from his arm and directly pressed it on the passage leading to the arena.

An inexplicable suction came, and Void Yasha was directly sucked in...

...

"Before our Challenger Beast has come out, let's introduce some of the owner of the Challenger Beast. He is the famous Li...the Lord of Heaven!"

"Maybe you all feel a little strange to this Li Tianyu lord, so in the battle of Yecheng a few months ago, the famous emperor Li Tianyu must have heard of it. Yes, this Li Tianyu lord is Li. Emperor Emperor! In just a few months, Emperor Li has already broken through the realm of the domain master."

The host didn't know who the beast was participating in the challenge. In order not to be cold, he began to introduce Li Tian.

When the audience heard Li Tian's name, they were really at a loss. They didn't know what Li Tian was or whether Li Tian was something.

However, when the words of Yecheng War were spoken, all the audience in the audience became quiet.

Emperor Li Tianzun, this name already represents everything.

The emperor class is strong enough to kill the domain master class.

However, now that Li Tian has actually reached the realm of the domain master, how terrifying has the strength of this guy grown?

"Everyone, during the Battle of Yecheng, the two Nether Beasts around Lord Li Tianyu left a deep impression on all the onlookers at that time. They were the Little Blue Tile and the Vicious Dog. The Nether Beast Little Blue Tile were both Venerable Nine Level pinnacle realm, that is, our

human being's imperial noble realm. If you were in Yecheng at the beginning, then you would know that this little blue tile fighting beast is definitely the nightmare of an emperor-class expert."

"As for the other Nether Beast Vicious Dog, although it only has the eighth level of the Venerable, its combat effectiveness is not weak. It is said that with the Venerable's eighth level of strength, the Vicious Dog can single out the strongest Emperor. It is definitely among the beasts. Fighting madness!"

"Now, let's wait and see, is it the little blue tile or the vicious dog who participated in the war this time?"

Of course, the host knew that the vicious dog was so big that it was impossible to enter this small Colosseum.

But it doesn't matter. After all, no gambler at the scene has ever seen a bad dog. Moreover, in this environment, the atmosphere is the atmosphere.

Sure enough, after the host said so, the atmosphere on the scene was better, and all the gamblers onlookers could not help but scream in excitement.

They all want to win, but they also want to see a fierce game.

The cloud swallowing beast felt very good when thinking about this kind of thing against a beast of the emperor rank!

Gululu!

There was a grunting sound from the passage, and it seemed that the fighting beast had been sent into the passage.

The host shouted again: "Dear audience, please raise your hands and welcome our challenger with applause..."

Gululu!

duang!

Roll out a small Yasha from the passage!

Only the slap-sized little Yasha!

The host was about to stare out, staring at the little thing in the Colosseum dumbfounded.

After a few seconds, the host reacted this time and quickly rescued the scene and said, "This...this...is another fighting beast of Lord Li Tianyu. You look at the strong body and strong muscles of the head fighting beast... ...The strength of this fighting beast is so powerful that it is known as the sorrow of the fighting beast ghost. Look at his eyes, there is really a kind of **** blocking and killing the gods, and the Buddha blocking the killing of the Buddha! By the way, there is also the small piece behind the fighting beast. The tail... how cute and cute..."

I rub!

I really can't keep going!

The gamblers at the scene felt like they were going crazy!

Could it be more shameless?

This is also called fighting beast?

"Fuck, what the **** is this? Is this a vicious dog?"

"I can't see it! With such a small thing, I can trample to death with one foot. Does he have the strength of the Emperor Realm?"

"I finally found out. This must be Young Master Ling Wen's intention to find such a fighting beast to fight for his beast!"

"Damn, fortunately I'm witty, I bought the Cloud Swallowing Beast to win, otherwise I will lose miserably this time!"

"Hahaha, among the audience, none of the 100 people who bought the Yun Tuan Beast lost!"

The audience talked a lot, and they were disappointed in the beast match, and they felt thankful that they had made the right choice.

Void Yasha was very upset. He slowly got up from the ground, patted the dirt on his body, and then raised his hands to greet the surrounding audience!

"Thank you!"

"I am Xiaoyasha! Thank you for your support..., I will work hard!"

As soon as Xiaoyasha spoke, the audience at the scene suddenly seemed to be choked, speechless.

The entire Colosseum was extremely quiet, and everyone's eyes fell on Xiaoyasha's body.

"See... hell. This... this little guy can talk..."

"Could it be... Does this guy already possess the realm of the domain master?"

"Look at it, where is the fighting beast? It is clearly a human being! Arms, legs, head, and a tail?"

"These are not important at all, even if he is not the domain master, at least I am afraid that he has the realm of the emperor, this game is destined to be very exciting!"

"Yes, Emperor Li Tian...No, Lord Li Tianyu is really powerful, no wonder he..." The audience paused deliberately when he said this, looked around, lowered his voice and continued: "No wonder the Eastern Palace Super God Family It will be even worse on him!"

"Hush, don't talk nonsense about this kind of thing, the Donggong Super God Family has also arrived at the Colosseum, if you let them know that you say this to them, they will definitely suffer revenge!"

Hum!

A domain master-level powerhouse casts the field of the Colosseum in an instant!

The scene fell silent again.

"Dear audience...Dear audience, the much-anticipated arena is about to begin. This is destined to be a once-in-a-lifetime beast match. The opportunity is not to be missed and will not come again. If you have not placed a bet, please hurry up and bet!

"Now, please count down with me: ten...nine...eight..."

With the host yelling 'start', this fighting beast match has just begun.

...

Young Master Ling Wen stood in front of the window of his box, and when he saw Xiaoyacha coming out, his brows wrinkled slightly.

He had seen Xiao Yasha. Through the fluctuations of spiritual power released from Xiao Yasha, Master Ling Wen could guess that Xiao Yasha's strength was at most the sixth or seventh level of the Venerable, but Li Tian actually sent Xiao Yasha into it. After leaving the Colosseum, Master Ling Wen felt a perfunctory feeling.

Huh!

Young Master Ling Wen retracted the folding fan in his hand, but he could not help revealing a murderous aura.

"Li Tian, in the past few months, the one voice I heard the most every day is your name! Patriarch and father compare you to me, huh, why are you comparing me? I am Ling Wen The heir of the family is the patriarch of the Lingwen family in the future. And you?"

"The Emperor Realm can kill the domain master-level powerhouse. This is indeed very powerful, but I have done this kind of thing thousands of years ago! Originally, this time I came to the Colosseum, I just wanted to teach I will teach you a lesson, and let you know that even if you can kill the domain master, it is only to kill those ***** domain masters."

"But, I didn't expect you to have reached the realm of the domain master! In that case, let us use the battle between us to prove who is the strongest among the domain masters of the Nether Realm and who can enter. The top of the Nether Academy's domain master list!"

"However, I am not only trying to beat you in my strength, but I also want to crush you in all directions! In the beast match, mine will also win the final victory, and your beast, Can only be torn into pieces."

"Don't you want to perfuse me? Then I will let the fighting beast you competed directly be killed into scum!" When Young Master Ling Wen said the last sentence, a ray of light flashed across his right finger.

This light group flashed past, but the Cloud Swallowing Beast in the Colosseum suddenly looked towards Young Master Lingwen's box, and then, this Cloud Swallowing Beast suddenly burst into a powerful murderous aura.

...

Inside Li Tian's box.

Seeing the murderous aura suddenly erupting from the cloud swallowing beast, the spirit power that was surging enough to make the little blue tile fear, Situ Ningbing's face was slightly solemn.

"Lee..."

Li Tian's face was relaxed.

"It's okay, don't be scared by the momentum of the cloud swallowing beast!"

Li Tian knows the strengths of Xiaoqingwa, Heiyan Tuan'er, and Xiaoyasha quite well.

Among these little guys, Li Tian's most assured is Xiao Yasha.

Don't look at Xiao Yasha's lowest level of cultivation, but this product is from the Yasha clan, and Xiao Yasha has followed Li Tian for many years, and when he becomes shameless, even Li Tian will definitely feel scared.

Therefore, Li Tian would cheat and let Xiaoyacha catch the lottery finally.

"It's starting, Xiao Qingwa, open your eyes and enjoy this game!" Li Tian said.

...

Game start!

The cloud-swallowing beast's figure teleported to Xiaoyacha's body as soon as it flashed, and all the fluff on the whole body of this fleshy ball suddenly bounced out, from top to bottom, like steel needles, slammed into it. Xiaoyasha!

Facing the suffocating spiritual power fluctuations, Xiaoyasha seemed completely unresponsive!

"Is this over?"

However, at this moment, in front of Xiaoyasha, a one-foot-long crack suddenly appeared in the void, as if the space had been torn apart.

The cloud-swallowing beast's unbiased tens of thousands of needle-like fluffs happened to pierce directly into this space gap, and a huge suction force came from this space gap, and it kept sucking the cloud-swallowing beast tightly. .

An expression of horror appeared in the eyes of the angry cloud swallowing beast, and it screamed!

"Blade of the Void!"

Chapter 4767: : Beast registration

"Impossible! This...this is not an ability that can only be displayed by a venerable beast...could it be...this is a god!" Young Master Ling Wen rushed forward, with a look of fear in his eyes, he couldn't help himself. Roared.

On the fingers of Young Master Ling Wen's right hand, the light ball kept flashing, but the powerful suction in the void was sucking the Cloud Swallowing Beast tightly. No matter how the Young Master Ling Wen moved his fingers, the Cloud Swallowing Beast was still being slowly Inhale into the void.

...

In the auditorium of the Colosseum, nearly 10,000 spectators turned out to be silent at this time.

All the audience couldn't help swallowing, staring at the scene in the Colosseum dumbfounded.

All this came too suddenly, they never expected that the domineering and invincible Cloud Devouring Beast would encounter this powerful opponent.

This was only a few seconds, and the Cloud Swallowing Beast had completely lost its ability to move.

These viewers have reason to believe that it will not take long for the Cloud-Swallowing Beast to be swallowed by the crack.

Gradually, there was a deep voice from the audience.

"This...what on earth is this? I have never seen this way of fighting!"

"Will I be dazzled? Is that a space crack? In this Colosseum, there will be a space crack? Don't tell me that the ability of that little thing is displayed. I don't listen, and I don't believe it!"

"Damn, I have lost miserably now! I have put all my wealth on the cloud swallowing beast, but now..."

The host gradually reacted. He wanted to continue to explain with his very seductive voice, but he couldn't say anything when the words came to his lips!

This kind of fighting method, this kind of fighting scene, has exceeded his understanding.

Probably only the legendary ***** has this ability!

...

In Li Tian's box, Situ Ningbing let out a breath.

"Li, did you know it a long time ago?" Situ Ningbing asked.

Li Tian laughed and said, "This is Xiaoyasha's natural skill. If he doesn't want to die, he can only use this skill! It's a pity that this cloud swallowing beast is so powerful! Twenty battles, 17 matches. Spike, four torture..."

Li Tian pinched a count, and suddenly said angrily: "I'm going to fuck! There are a total of 20 battles, how can you win 21? Did the host teach the maths?"

"I'm afraid the host counts this battle as the victory of the Cloud-Swallowing Beast, so that's why!" Situ Ningbing explained.

There seemed to be no suspense about victory in the battle, and Li Tian and others all looked relaxed.

Li Tian raised his head and looked at the opposite, the box belonging to Young Master Ling Wen. He happened to see Young Master Ling Wen walking away from his back!

"Hey, this guy's psychological endurance is more fragile than the hymen. I really hope this kid goes crazy... and then never trouble me again!" Li Tian said in a low voice.

Then, as soon as Li Tian finished speaking, he heard Master Ling Wen's voice coming from outside the door.

"Brother Li Tian, it is very impolite to say this behind a strong person with the same level of cultivation as you!"

Young Master Ling Wen didn't care whether Li Tian agreed with him or not, this guy had already walked in swaggeringly.

"Li Tian, the day when the fighting beast game ends is when we fight! Then, don't you want to run away!"

Young Master Ling Wen left such a sentence, turned around and left...and left...

Li Tian looked at the back of Young Master Ling Wen disappearing at the door, patted his chest and said, "I wiped it and scared me to death. I think this guy will fight me hard! The ancient family, that's what I like, even if I am Scolding him, he won't turn his face..."

"Try to scold me again!"

Although Young Master Ling Wen had turned and left, his voice still came back.

Li Tian couldn't help covering his mouth, and greeted the 18th generation of Master Ling Wen's ancestors in his heart.

"Little boss...oooo..." At this moment, a figure walked in again outside the door, and went to Tang Xiaolong, who was 'kidnapped' by Young Master Ling Wen. Before this guy came in, he cried first. It came in, and when his figure flashed in, the guy had already hugged Li Tian's arm, and the one who was crying was very happy.

"Little boss...oooh, I thought I would never see you again!"

It's sad that this guy is crying. If this guy is not Li Tian's brother, Li Tianzhen wants to kill him!

You are a powerful emperor, can you cry so fiercely?

When you cry, you can cry, can you not pull it like this, if you let others see, they think I have done you something!

When Li Tian and Tang Xiaolong were fighting for their wits, the battle in the Colosseum was almost over.

Xiao Yasha looked at the Cloud-Swallowing Beast with disdain, and suddenly moved behind him, stretched out his small hand and patted hard.

Snapped!

The Cloud Swallowing Beast and Xiao Yasha suddenly disappeared at the same time!

Immediately afterwards, the void crack disappeared.

The sight of the audience at the scene quickly searched in the Colosseum. They wanted to find Xiaoyasha, but soon they were disappointed.

"Is this a sad story? Is this a result of losing both ends?"

However, at this moment, someone suddenly screamed: "Look, that little...Little Yasha has appeared!"

That's right, Xiaoyasha appeared in the Colosseum again, he appeared in the Colosseum as a winner!

An exquisite armor and a small scimitar in his hand, so that if you want to pull the wind, there is the wind.

And the cloud swallowing beast?

Who can think of a loser!

"Xiaoyasha...Xiaoyasha..."

The few guys who bought Xiaoyasha and won, suddenly fell into madness, constantly shouting Xiaoyasha's name.

Tuk tuk...

At this time, there was a knock on the door.

Tang Xiaolong was finally interrupted by the knock on the door, crying, stood up, looking at Li Tian with embarrassment.

"Come in!"

Following Li Tian's invitation, two venerables in Colosseum costumes walked in from outside!

One of the Venerable's cultivation reached the ninth-level initial state of the Venerable, while the other Venerable's cultivation reached the domain master state.

Li Tian's brows couldn't help but frown.

"That's not right, isn't the Colosseum even the powerhouse of the Emperor Realm? How can there be a domain master-level powerhouse here?"

Moreover, Li Tian remembered very clearly that this domain master had not appeared during the Yecheng battle. In other words, this domain master was not one of the so-called top twenty domain masters in the Netherworld before.

"Is there a strong family support behind the Colosseum?" Li Tian thought with doubts in his heart.

The domain master-level powerhouse bowed slightly to Li Tian and said, "Master Li Tian, I am Xue Tao, the new steward of this Colosseum, and this is my assistant! That's the case, this time Li Tian is in the ring. Master Tian's fighting beast has already won. According to the rules, Master Li Tian can get all the wealth accumulated by the master Lingwen's fighting beast in the past 20 victories."

Li Tian's heart suddenly blossomed!

After going to a medical clinic once, Xiao Tianyi didn't know what was going on, so he was washed and emptied!

If you have no money in your pocket, you have no bottom in your heart.

Although the wine business in Nanchu County should have saved Li Tian a lot of possessions, he was not in him after all.

Suddenly there is an income, which is something to be happy about.

The domain master started straight to the point, and then said: "I wonder if Lord Li Tian is interested in letting your fighting beast continue to participate in the arena?"

"No, my Beast is going to participate in the main match of Beasts. It's enough to participate in this kind of contest! Oh, sorry, I don't look down on the ring match!" Li Tian quickly explained.

The domain master Xue Tao waved his hand slightly and didn't mind, and then said: "Since you are going to participate in the race, I don't know if Lord Li Tian's Beast has already signed up? There are still six days before the race starts, if you don't sign up. , You can't participate in the competition!"

"Sign up, my Fighting Beast received the invitation letter, should I sign up too?" Li Tian asked.

Master Xue Tao nodded and said: "Yes, the beast that accepts the invitation does not need to participate in the qualifying, and will be directly treated as a seed player and enter the knockout. If I remember not, the beast invited by the street of Li Tian should have Xiaoqing Watt and the vicious dog."

"Yes! It's just a shame that the bad dog can't come to the competition this time for some reason!" Li Tian said.

Domain Master Xue Tao also showed a regretful expression and said, "That's really a pity! Lord Li Tian, our Colosseum is one of the registration locations. If Lord Li Tian doesn't mind, I can help you here. Beasts sign up!"

As he said, the assistant behind Master Xue Taoyu took a step forward, bowed again to Li Tian and Situ Ningbing, and then said: "When registering, you need to provide some basic information about the fighting beast, such as fighting beasts. The name, or the resounding nickname, and the size, weight, and type level of the fighting beast..."

The main purpose of Master Xue Tao's presence here is of course not to sign up for Xiaoqingwa, they are interested in Li Tian's Xiaoyacha.

After all, the success of a fighting beast competition, the most important thing is whether a few beasts can stand out in the beasts competition and become the focus of everyone's relish, and will even lead the main beasts in the next few hundred years or even thousands of years. The trend.

Xiaoyasha obviously echoed this request.

Li Tian's goal is to take down the quasi artifact and train the team by the way.

In this case, Li Tian was not polite, and directly registered the names of Xukong Yacha and Heiyan Tuan.

In this way, in the beast match, Li Tian has a greater probability of winning! It's just that Heiyan Tuaner and Void Yasha need to participate in qualifying, which is somewhat troublesome.

The registration went well, and Master Xue Taoyu left with his assistant contentedly.

At this time, Xiaoyasha has returned triumphantly!

"Master Li Tian, give me a chance, and I will give you a surprise! Hey, I will give you a gift!" Xiaoyasha thief said sullenly.

Li Tian just took care not to let Tang Xiaolong cry, but didn't watch the Beast Beast game carefully. Now that he heard the words of Void Yasha, Li Tian's heart suddenly felt uneasy.

Chapter 4768: : There are always people who want to harm me

Li Tian was indeed shocked.

Who would have thought that Xiaoyasha would kidnap the Cloud-Swallowing Beast when he was playing in the Colosseum!

Yes, you read it right.

In the space of the Earth Travel Yaksha, the Cloud-Swallowing Beast stayed here pitifully.

The space of Di Xing Yaksha is many times larger than it was in the earth world. It is a storage space and still retains a lot of fine wine.

And the Cloud-Swallowing Beast was curled up between the wine boxes.

Seeing Li Tian and Xukong Yasha, this little thing would completely curl up like glutinous rice balls, and would not even dare to look at Xukong Yasha.

What is certain is that Void Yasha really left a shadow in the heart of the Cloud-Swallowing Beast!

In the next few days, Li Tian was in this entanglement.

He really didn't know how to deal with the cloud swallowing beast.

This is Young Master Ling Wen's fighting beast, even if Li Tian can tame the cloud swallowing beast, Li Tian would not dare to let the cloud swallowing beast fight with him.

"It's better to be thrown into the void!" Li Tian said.

Every time Li Tian said this, the Cloud-Swallowing Beast that had finally recovered a little confidence suddenly shrank into a ball, hiding on the ground shivering.

Okay, I really don't understand how this guy can kill the ninth-level battle beast in seconds!

"This guy is just a meat ball, I'll be hungry for a few days before I say it." Li Tian said.

...

Li Tian is not in the mood to control the cloud swallowing beast now.

On the second day of the fighting beast competition, there was news from a medical clinic that Xiao Tianyi...still fainted!

Li Tianzhen wanted to explode.

Still fainting, did you ***** send someone to notify me?

You should know that Li Tian was with Xiao Tianyi outside the hospital all day that day. These ***** didn't even put a fart, but when Li Tian returned to the residence, they came to notify, and they were still a waste notification.

"Master Li Tian, now we have a medical clinic that is half-closed, and more than half of the doctors are studying...Oh, no, it's brainstorming to treat your child! At least we now know that we have a certain idea, I believe Your child will recover soon!" The doctor who came to notify Li Tian said with a silly look.

Well, Li Tian can't bring Xiao Tianyi back!

People are professional!

And what Li Tian can do in the past few days, in addition to entangled in how to deal with the cloud swallowing beast, is to accompany Xiao Tianyi and watch Xiao Tianyi being studied by a group of medical lunatics... Oh no, it's treatment!

...

The headquarters of the Colosseum is located in the crater, in the very center of the inner city.

This is like a gene chain, with two winding towers intersecting.

The height of the main body of the building exceeds four to five hundred meters, even exceeding the height of the crater.

Standing anywhere in the inner city of the Colosseum, as long as you look up at the center and rest assured, you can clearly see this wonderful building.

Needless to say, this must be a masterpiece of the Void Spirit Race.

I don't know how much the Colosseum paid for the construction of this building!

Every time he sees this building, Li Tian thinks, if he can stand in a room on the top of this building and look at the distant sea view, it must feel very good!

It is a pity that Li Tian and the others can fly higher than this building, but they cannot get too close to this building.

At this time, the top floor of this headquarters building is a whole, with an overall area of over several thousand square meters, but there are neither doors nor windows here, and it looks like a completely sealed space.

It is empty here, only a four-push chair is placed in the most central position!

The height of the four legs of this chair is more than three meters, and the height of the backrest is more than ten meters. It seems that the chair is very uncoordinated.

Huh!

A figure of a person appeared in this space instantly, but it was the domain master Xue Tao who had seen Li Tian last night!

After the domain master Xue Tao appeared, he walked a few steps quickly, came to the chair, knelt down, and raised a few pieces of animal skins in his hands over his head.

"My lord, Li Tian's little blue tile has already signed up! Li Tian's other two beasts have also been signed up! According to the arrangement, after five days, the official competition of the beasts will begin! First, the qualifying matches will be arranged and the qualifying will end After that, it will enter the fifteen-day official competition!" Xue Taoyu said.

At this time, a wave of spiritual power flashed on the chair, and gradually the figure of an old man slowly appeared on the chair. The old man was holding a blue cane in his hand, and his whole body was covered by wheels with light spiritual power. In the light, it is difficult to see the appearance of this old man.

Huh!

The animal skin in the hands of the master Xue Tao has flew up and fell into the hands of the old man!

"Very good, very good! The more beasts in the competition, the better!"

boom!

A ball of flame suddenly ignited from the old man's hands, and those animal skins were instantly burned to ashes!

The old man handed the blue cane in his hand to Master Xue Tao, and said with a trembling voice: "For this day, I can give up everything. It is just a quasi-sacred tool. As long as this plan succeeds, I can go further! At that time, the Colosseum can become as powerful as the Super God Family!"

"It's finally starting! To wait for this day, I have been waiting for thousands of years, and now it's finally about to begin!" The old man's spiritual power suddenly began to flow uncontrollably, and the white light on the old man's body At this time it also disappeared partly.

Master Xue Taoyu just saw the old man's face under the white light with his extra light.

"This... turns out to be..."

Domain Master Xue Tao was shocked, and the spiritual power fluctuations on his body were abnormal for an instant. Domain Master Xue Tao wanted to control, but it was too late.

The old man's voice came lightly: "Did you see it?"

The cold sweat on Master Xue Tao's face was involuntarily flowing down, just a question, his clothes were completely soaked, as if they were fished out of the water, Master Xue Tao's head turned quickly, he Thought of various results of different answers.

In the end he decided to tell the truth: "I saw it!"

The old man was not angry, and his voice still softly said: "See it, see it! It's nothing!"

The stone hanging in the heart of Master Xue Taoyu slowly landed.

"Don't worry, I don't have Xue Tao today without an adult. Xue Tao is loyal to the adults and willing to follow them to the death. Even if the adults are going to kill me now, I have absolutely no complaints!" Xue Tao said sternly.

The old man suddenly laughed.

"It's not that serious. I brought you up with one hand and cultivated with the other hand. Although you and I are of different races, I have already regarded you as my son. As long as this matter succeeds, my cultivation will go further. At that time, I will naturally help you to go further! You know, this is not difficult for me!" said the old man.

Domain Master Xue Tao's face immediately showed a trace of joy.

Furthermore, isn't that the super domain master realm?

I, Xue Tao, are just an ordinary person. I am already satisfied with today's cultivation base, but I didn't expect to have a further opportunity!

"My father..." Xue Taona bowed his head, kowtowing several heads, and then said: "If the adults don't mind, I am willing to recognize the adults as the father!"

It cannot be said that Lord Xue Tao has no backbone, but people have to bow their heads under the eaves. In the Colosseum, although his position is lofty, only he knows that all of his is given to him by this adult. If you leave here An adult, Xue Tao is nothing!

Besides, the domain master Xue Tao expressed sincere admiration and gratitude to this adult in his heart. This call from his father was sincere and sincere.

Of course, if this adult is really a human race, then Xue Tao can perform better!

"Haha, this is the best! This is the best!" The old man nodded, and then said: "It has not been a few days since the start of the game. As my most effective helper, you have worked so hard!"

"Just what I should do! Father!"

"Also, after cultivating those little boys for so long, there must be no mistakes in this section, so everyone should pay attention to it! If something goes wrong this time, I don't know if I can wait another five hundred Years! If... Forget it..., go down!" said the old man.

After saying these words, the spiritual power of the old man slowly disappeared, and the old man also disappeared as the spiritual power disappeared, as if he was invisible.

Domain Master Xue Tao didn't stay here. He teleported and disappeared from here instantly.

When he appeared again, Domain Master Xue Tao had already appeared at the bottom of this building!

Who could have imagined that there is a huge underground world under this building.

The stench in this underground world is full of blood, carrion, and feces. Even if Master Xue Taoyu can enter here with his breath, he still feels uncomfortable!

In this underground world, there is no light, it's pitch black, and you can't see the existence of your hand!

And in this darkness, there are green eyes everywhere, these green eyes are fierce, staring at the master Xue Taoyu, and the owner of these eyes is the possession of the Colosseum for hundreds of years, the beast!

This underground world is the slaughterhouse of the Colosseum!

But the butchers in the slaughterhouse are none other than these fighting beasts!

The staff of the Colosseum searched for the most suitable beast cubs in the Nether Continent, and then they were trained and trained to become qualified beasts. Only the beasts that have participated in the beast competition and won 30 victories can enter here.

But here is another hell.

Out of every hundred beasts, only one beast can stay here alive, and the beast that survives is the butcher!

Over the past few hundred years, there have been thousands of fighting beasts that have experienced battles and only know how to kill!

"Children, your hard days have come to an end! As long as you get through more than ten days, when the real race starts, it will be the day you debut!"

"In the beast match, you have to fight with elite beasts from all major families. Use your minions and your cultivation bases to shred all your opponents, and then swallow them all!"

"And among you, only the final winner can survive, and only it is the only lucky person..."

Chapter 4769: : The race starts

The next few days, it's quiet!

The two guys, the waterfowl and the parallel imports, have already visited the Colosseum all over, and they began to miss the goodness of the water ghosts again, and they crawled on the ground all day long.

Only when drinking, the two goods will cheer.

Li Tian started to suspect that these two guys just wanted to cheat, so he chose to pretend!

But Li Tian doesn't care!

Isn't it just fine wine? What we have is!

Carrying out a few boxes of Niulanshan is enough for this guy to sing and conquer after getting drunk!

The only good news these days is that Xiao Tianyi finally opened his eyes, and his eyes are no longer all white.

Of course, this is not the credit of having a medical clinic, their greatest credit is that they have no credit!

It's just that Xiao Tianyi's eyes still don't turn, speak, or move, as if they were...vegetative.

Li Tian took Xiao Tianyi back and stayed with him every day.

Seeing Xiao Tianyi like this, Li Tian felt a pain in his heart!

What makes Li Tian feel even more distressed is that the parallel imports and the waterfowl, the two unscrupulous guys, do not understand Li Tian's mood at all, and even as long as Li Tianyi is not paying attention, the two unintelligible goods will secretly pour wine into Tianyi!

Fortunately, Xiao Tianyi is not a human being!

...

In a blink of an eye, five or six days passed, and the Colosseum race officially began.

The first to be held is a qualifying round, which is equivalent to a qualifying round.

Only the Colosseum in Xiaoyasha and Black Smoke Group, which has not received an invitation, needs to participate.

And like Xiao Qingwa who received the invitation letter, who is directly as a seed player, he does not need to participate in this kind of qualifying match!

Just last night, the quasi-artifact, the quasi-artifact, a azure blue cane, was inserted directly on the top of the Colosseum headquarters building, as if it were a lightning rod!

This quasi-sacred tool is only in terms of appearance, it is much better than Li Tian's Heavenly Qiong Spear.

Although Li Tian's Heavenly Qiqiong Spear is awesome, but in his hand, unless Li Tian uses spiritual power to pack the weapon, it looks like an ordinary weapon.

This azure blue cane quasi-sacred tool is different. The spiritual power on the cane fluctuates obviously. Even if it is inserted on a building several hundred meters high, Li Tian standing on the ground can feel the refreshing spiritual power. fluctuation!

"It's mine!" Li Tian thought in his heart.

For this quasi-artifact, Li Tian is full of confidence.

It is a pity that Li Tiandan hurts the attitude of Black Smoke Tuaner and Xiaoyacha!

These two goods resolutely protested against Li Tian's atrocities, and resolutely protested that Li Tian decided to sign up without their permission!

"I'm rubbing it, it doesn't make sense. On the day of registration, you two will be there clearly!" Li Tian said dissatisfied.

Hei Yan Tuan'er and Xiao Yacha said in unison: "Then we are to give you face, so we don't refute you face to face! But you can't regard the face we give you as your capital for oppressing us!"

Li Tian smelled a conspiracy.

Such a long sentence, these two goods were said at the same time!

If there is no conspiracy here, then hell!

"What do you want?" Li Tian said.

"As long as there is our game, we want you to accompany us to the competition, if you do not agree, then we will strike! Even if you force us to participate, we will deliberately lose the game!" said the two little things.

What should Li Tian do? It turned out to be jealous of watching Li Tian take care of Xiao Tianyi every day!

"Good! I promise you!" Li Tian said.

Hei Yan Tuan'er and Xiao Yacha became excited immediately.

"Hey, Master Li Tian, then you will follow me to participate in the competition today, and there will be my game today!" Xiaoyasha said.

The venue for the Colosseum Race is no longer on the main island of the Colosseum, and has moved to the six islands around the main island.

A huge Colosseum was built on each of the six islands, and the qualifying matches were started on the six islands at the same time, uninterrupted!

There are a lot of beasts who have signed up for the qualifying rounds, but the intensity of this kind of beasts is definitely not comparable to the main match.

The rules of the qualifying competition are also very simple. For example, Xiaoyasha needs to participate in a beast match today. In this beast match, there are a total of ten beasts. In the course of the match, these ten beasts The beasts can attack each other, and the last thing that can stand is to win and automatically advance to the next round.

Then win three consecutive rounds to enter the race.

After the last battle with the Cloud-Swallowing Beast, Xiaoyasha's reputation is also a resounding existence in the Beast World.

Many gamblers don't need to know Li Tian, but they can't help but know Xiaoyasha, this guy can 'spike' the powerful existence of the Cloud Swallowing Beast.

What the Colosseum wanted was a good start. Naturally, this opportunity would not be missed. Then Xiaoyasha was arranged on the first day.

The female veteran responsible for serving Li Tian and others has already arranged everything, including the schedule of the beast match, the information of the opponents of each match of Xiaoyasha, and the venue of the match, etc., she has handed it over in the form of animal skins. Li Tian.

Then under the leadership of the female venerable, Li Tian and others flew to one of the Colosseum islands.

According to the location of these islands, these Colosseum are numbered from one to six, and the Colosseum where Li Tian and others came is Colosseum 6.

This Colosseum is several times larger than the ancient Roman arena in the earth world. Each Colosseum can accommodate at least seventy to eighty thousand people. Even if the giants come to this Colosseum, they also have their seats!

It's just that it's just a qualifying game now. There are not many spectators who come to the scene to watch the game, but more gamblers!

Li Tian didn't know the situation of other Colosseum spectators, at least this Colosseum No. 6 in the Xiaoyasha competition had a very high attendance rate, almost forty to fifty thousand people.

"Little Yasha! Little Yasha!"

Before Xiaoyasha was on stage, the gamblers and spectators in the stands were shouting the name of this Xiaoyasha!

This kind of momentum makes people involuntarily feel surging.

Because Li Tian is the owner of the fighting beast, he can go to the auditorium instead of going to the audience, but can go through the passage and watch the battle up close.

There are a total of ten passages in the entire Colosseum, just to allow ten beasts to enter through different passages.

Once the beasts enter the Colosseum, they will immediately be controlled by the domain master-level powerhouse, and only the final winner can get out of the Colosseum.

Inside the Colosseum, there was a passionate voice from the host. He was introducing all the participating beasts in order. After introducing a beast, that beast would enter the center of the Colosseum.

As a star player, Xiaoyasha was finally accepted.

Through the passage, Li Tian looked at the beasts that had appeared in the Colosseum!

A fighting beast with gray-brown fluff all over his body that looked like an earth-dog. Its appearance was not good, but it had the eighth-level peak realm of the Venerable.

"It's not dangerous to Xiaoyasha!"

An elephant the size of an elephant, with fiery red scales all over the body, and the whole body looks like a fighting beast burning with flames, but it is insignificant, only in the early stage of the seventh level.

"It can be completely ignored!"

The host's voice sounded again: "Below... our beast star Xiao... Yasha!"

His voice hasn't fallen yet, and there is a roar like a mountain whistling and a tsunami from the entire arena. Through this shout, you can see how popular Xiaoyasha is!

"Little Yasha, don't be nervous, relax, just show your true strength!" Li Tian said.

Xiaoyasha didn't listen to Li Tian's words at all, and his figure flickered several times before he walked in!

Hum!

The domain master-level strong domain instantly rounded the Colosseum, and the battle was about to start.

...

This Colosseum is bigger than a few football fields. Xiaoyasha appears in the Colosseum like a little mouse. If the audience is not all cultivators, I am afraid they may not be able to see Xiaoyasha. exist!

Ten fighting beasts walked towards the center in unison.

Regardless of the level of these beasts, since they entered the Colosseum, their fate has been decided.

Win, leave alive!

Lose, die here!

Those huge beasts are powerful and powerful, just like proud generals, while those smaller beasts show more of their dexterity, just like elves.

Ten fighting beasts, of different sizes, meet in the center of the Colosseum.

The fighting beast competition has not officially started yet, this gathering is to give these fighting beasts a chance to get to know each other!

Xiaoyasha's eyes didn't scan a fighting beast, and he would call out two words from this every year: "Garbage!"

Finally, a fighting beast showed its fangs at Xiaoyasha, as if it had understood Xiaoyasha's words.

Xiaoyasha laughed. The host hadn't announced the start of the Beast Beast game. He pretended to say to the Beast Beast: "Sorry, don't get me wrong, I'm not saying you are rubbish! I mean. Everyone present is rubbish!"

Huhu!

Huhu!

Sure enough, although these fighting beasts have not yet reached the realm of the domain master, they can understand Xiaoyacha's words.

Xiaoyasha's words successfully aroused the anger of these fighting beasts. Looking at the expressions of these fighting beasts, it seemed that they all wanted to tear this little thing into pieces!

"Please follow me to start the countdown: 10...9...8...start!"

Whoosh!

Whoosh!

Huh!

Four or five fighting beasts flung their teeth and claws at Xiaoyasha at the same time, with big mouths and sharp claws, and the wind blade of spiritual power greeted him at the same time!

This is a fair fight, and this is the cruelty of qualifying!

These fighting beasts have already learned the alliance right from the beginning!

However... there is no use for eggs!

Xiaoyasha suddenly disappeared out of thin air in the eyes of these fighting beasts!

The sights of several fighting beasts quickly searched for Xiaoyasha's whereabouts on the Colosseum, but...there is no use for eggs!

The audience on the stage is going crazy!

What do you mean? This is just the beginning of the game, why did you hide!

The voice of the host came out: "Dear viewers, you are not mistaken, our superstar player Xiaoyasha has disappeared out of thin air! This is not teleportation, once again, this is not teleportation,...oh, look, The fire unicorn has fallen! This is just the beginning, and the fire unicorn player has fallen!"

"Wow! It's cruel!"

In the passage, Li Tian said triumphantly: "The river mussels fight, the fisherman gains, the mantis catches the cicada and the oriole, hehe, this little Yaksha is really shameless, I really have the style of Li Tian!"

Chapter 4770: : Can you still find a helper?

"Fell! Another fighting beast has fallen!"

"This time it is the fighting beast with the eighth-level peak realm that fell..."

"The battle continues, Xiaoyasha is still missing!"

"Little Yasha is really a mystery, I really don't know how its owner Li Tian surrendered this fighting beast!"

"Look at it... Another fighting beast was hit hard!"

Over the Colosseum, the host's voice was heard from time to time. As he said, Xiaoyasha completely disappeared, and even the domain master who cast the domain could not feel the existence of Xiaoyasha!

But as a host, you can't be cold, so even if Xiaoyasha disappears, the host will still pull out Xiaoyasha from time to time, and then use his three-inch tongue to praise Xiaoyasha as a wild flower.

Had Li Tian not known that Xiao Yasha had obtained his shameless true biography, Li Tian would have suspected that this was Xiao Yasha's carefully designed tactic!

Over time, the number of fallen beasts in the Colosseum is still increasing.

Moreover, as long as these fallen fighting beasts have not lost their combat effectiveness, they will stand up again and rush toward their opponents frantically.

Blood is the normal state of the Colosseum, and flesh and blood are flying across the board.

If several fighting beasts besieged a fighting beast, and tore the fallen beast to pieces, the audience on the stage would be even happier.

Before I knew it, half an hour had passed.

At this moment, the three fighting beasts were torn into pieces, even with the green tree, they couldn't recover the wounds of these fighting beasts.

Four fighting beasts also fell to the ground covered in blood, convulsing constantly.

There are only two standing beasts, one of which is a beast that looks like a dog, but at this time, the body of this beast is also full of blood, and the blood is dripping down, looking like that. It looks terrifying.

And the other standing fighting beast had blood on its body, but it did not flow from its body! This is a useful Venerable ninth-level mid-level realm. It looks like an anteater, and its body seems to be a fighting beast with chopsticks thick and thin tubes!

"It seems that the victory or defeat is determined. If our Xiaoyasha player does not show up when one of the beasts falls, he will be regarded as an automatic waiver, and the winner will be able to stand in the end. The fighting beast!" said the host.

At this moment, the last two fighting beasts launched an attack!

As the host said, there is no suspense at all in this battle. The anteater-like fighting beast was spiked by the anteater-like fighting beast before it rushed forward. , The thorn became a hedgehog.

"Look, that fighting beast is about to fall... No, this fighting beast is a brave fighter, it hasn't given up... it's still insisting! Xiaoyasha hasn't appeared yet, we will finally win The person will be born soon..." the host raised his voice and shouted.

But at this moment, huh! Xiaoyasha appeared.

Xiao Yasha did a good job of stabbing a knife after the black queen, and then the head of the dog fighting beast that was still insisting just now was instantly cut off by the knife in Xiao Yasha's hand!

Gululu!

The head is rolling on the ground!

The scene of the Colosseum was quiet instantly!

"Oh... my God! Xiao Yasha appeared! Our star player finally appeared! It appeared at just the right time, and Xiao Yasha took advantage of the fisherman's profit and killed a fighting beast!" the host exclaimed excitedly Tao.

"Really a genius player, I have to start admiring it!"

There was a burst of cheers in the auditorium of the Colosseum!

"Little Yasha... Little Yasha!"

Almost all the audience is shouting the name of this Xiaoyasha.

That's right, these gambler audiences have been completely impressed by the abilities that Xiaoyasha demonstrated.

The abilities of the fighting beast are not only the displayed strength, but also the judgment and utilization of the situation!

Xiaoyasha used this simplest method to get the most benefits.

And it, now only needs to face the Anteater Fighting Beast!

"One side is our star beast Xiaoyasha, and the other is the anteater beast that has not been injured so far. Who will be the final victory? Let's wait and see!" said the host.

...

In the Colosseum, blood was flowing.

Just after a beast match, the ground of the entire Colosseum was destroyed and messed up.

Xiaoyasha is standing on a boulder..., well, compared to Xiaoyasha, it is a boulder, with a sneer at the corner of its mouth, and said: "I know you can understand me, and you know my strength, so , If you don't want to die, just fall to the ground and pretend to be dead. As long as I win the promotion, I won't embarrass you!"

This guy even started negotiations with his opponent.

The anteater fighting beast has reached the end, how could it easily give up.

Whoosh!

Whoosh!

A dozen spikes were shot out of the tube behind the anteater.

This spike is only the size of a toothpick and looks ordinary, but there is a cold light on this spike, both the cold light of spiritual power and the highly toxic cold light on this spike.

If this spike is shot on Xiao Yasha, Xiao Yasha will probably lose his ability to move and collapse to the ground just like that dog fighting beast.

However, Xiaoyasha is not the dog fighting beast.

Through Li Tian's observation of the battle, Xiaoyasha had already known all the fighting methods and weaknesses of all fighting beasts.

Huh!

Xiaoyasha teleported hundreds of meters away in an instant, but this time, Xiaoyasha had a helper beside him!

It was the cloud swallowing beast that was "kidnapped" by Xiaoyasha!

"I...wipe! What is this?"

"This... isn't this Young Master Lingwen's Cloud Swallowing Beast? How could it appear here?"

"Look at that cloud swallowing beast's expression, it seems that Xiaoyasha has been subdued!"

"Is this the ***** point? The point is, this Xiaoyasha actually called for a helper. As a star beast, can it be more shameless?"

The audience continued to talk about it as if it was a chicken blood.

The gambler viewers who like Xiaoyasha continue to support Xiaoyasha, no matter what other viewers say, they can't change the image of Xiaoyasha in their hearts.

Gamblers and viewers who don't like Xiaoyasha kept black Xiaoyasha, even cursing and cursing Xiaoyasha!

But no matter what the audience in the audience thinks, Xiaoyasha is really so shameless!

"I have given you a chance, this is your own death, then don't blame me for being ruthless!" Xiaoyasha said with a smug look.

With that said, Xiao Yasha's figure flashed, and he was already standing on the cloud swallowing beast.

At this time, Xiao Yasha was full of spirits, and the rustling on his face made Li Tian couldn't help but want to smoke him!

Xiao Yasha pointed the knife forward, pointed at the Anteater Fighting Beast, and shouted, "Cloud-Swallowing Beast, give it to me!"

Whoosh!

The speed of the cloud swallowing beast is so fast, it just flew in front of the anteater in an instant, and the white fluff on his body immediately turned into spikes...

However, at this moment, the anteater fighting beast suddenly fell to the ground, and he had an epiphany and began to play dead!

Unfortunately, everything is too late!

"Give you a chance, you are not sure, and you want Lao Tzu to die, now you don't have a chance, this is pretending to be dead, it's too late!"

The fluffy spikes released by the cloud swallowing beast directly shot through the body of the anteater, and within a few seconds, the body of the anteater was completely turned into rotten meat!

Xiaoyasha took advantage of the victory and pursued, cutting off all the heads of all the fighting beasts that were pretending to be dead and not dead, and then sent the Cloud-Swallowing Beast into the space!

The battle is over!
