

A Killer 4801

Chapter 4801: : Watch the competition (1)

Haiqin is definitely a scheming bitch, and even wants to use this to destroy the relationship between the little human race and the Donggong Super God Family.

However, Li Tian likes it.

After meeting, although Li Tian and Haiqin's relationship did not get closer, Li Tian already knew what to do in the future and what to do.

That afternoon Xiaoyasha's battle was won without suspense.

This guy still hid and waited for the other fighting beasts to kill each other, and then he took the thugs and swallowed the cloud beast to take advantage of the fisherman.

For this kind of cheap tactics, no other fighting beasts can do anything.

Unless they don't fight and sit where they are, it is better than anyone to be patient.

But this method is first of all that it will never win or lose, and secondly, there are beasts in the Colosseum in any beast match. Even if other beasts want to live in peace, these undercover beasts will not agree.

Therefore, Xiaoyasha can take advantage of every game.

If you refuse to accept it, our fighting beast is cheap, so what can you do.

There was no match between Xiaoqingwa and Ugly Fighting Beasts and Lingwen Beasts that day. After the fighting beasts ended, for Li Tian, there was nothing to watch.

Back to the residence, Situ Ningbing and others have all returned.

"Li, after investigation, the cultivation base of that ugly fighting beast is really good. It is the same as the news of Young Master Lingwen. It is indeed four emperor-level fighting beasts. It's just why this fighting beast has such an abnormal change. There is no news yet. But...Tang Xiaolong lured the two Colosseum domain owners through fine wine. Now Xiaolong is actively making friends with them, hoping that through this line, he can find clues to why such beasts appeared! Situ Ningbing said.

"Where are the tickets for the Beast Beasts? I need tickets for the Lingwen Beast and Ugly Beast Beasts. Then we will go to watch together!" Li Tian said.

Situ Ningbing shook his head slightly, and said, "The Ugly Beasts and Lingwen Beasts both won with absolute advantage yesterday. Now the tickets are hard to find. Parallel and Waterbirds are trying to find ways to see if they can. The black is to get a few tickets. But you risk it, they have a way, they will steal if they can't buy it, and they will grab it if they can't steal it!"

Well, the superdomain master-level powerhouse went so far as to do such a thing, and Li Tian was drunk thinking about it!

Situ Ningbing continued: "The Ugly Fighting Beast was uninjured in the battle yesterday. With absolute torture, all 35 Beasts were killed. According to the audience who watched the game yesterday, the Ugly Fighting Beast's fighting method It's very simple, it's fighting with the most

basic methods of flapping, biting, etc. However, this fighting beast has four heads and can look around everywhere without dead ends at 360 degrees!"

"More importantly, the limbs that support the body of this fighting beast are strong, and on top of the four limbs, there are eight other sharp claws, so the fighting method of this fighting beast must have not been fully displayed. If this ugly fight If the beast can break through evolution, then the cultivation base of the ugly beast will be stronger, and conservatively estimated to be above the small blue tile."

"As for the Lingwen Beast, look at this, this is a painting with an audience!" Situ Ningbing handed a piece of animal skin to Li Tian, and then said: "The Lingwen Beast's fighting method is simpler, you see These patterns on the Lingwen Beast are said to be able to release strong light, just like...laser. Yes, this is the laser, instantly killing 35 other beasts! However, the one that Lingwen Beast participated in. In the game, there is no emperor-class beast, so this battle has little reference value."

This information is very useful, but it is also the most basic information. Li Tian must have first-hand information.

Now we can only wait for the fruits of parallel imports and waterfowl!

As a result, when Li Tian and the Fifth Water Moon were lingering that night, the Fifth Water Moon solved the problem of Li Tian's ticket with one sentence!

"I rub, I forget that I have another official identity: the elders of the Nether Academy, Situ Ningbing and the others are still students of the Nether Academy!" Li Tian said with a suddenly realized expression, patted the fifth Shuiyue's hip.

Fifth Shuiyue immediately turned over and rode on Li Tian, took the posture of a female superior, tightened 'Little Brother Li' with her legs, and said with a charming smile: "You still know your identities. I haven't returned to Nether Academy in the year! After the Fighting Beast Convention is over, come with me back to Nether Academy! In Nether Academy, there is me covering you, no one dares to bully you!"

"That's it?" Li Tian stretched out his hand, barely grasping a bunny in Fifth Shuiyue with both hands, squeezing it hard, and said.

Fifth Shuiyue, this lady's chest is really huge, Li Tian can only hold happiness with both hands.

But this girl may be because of cultivation reasons, but her chest is unusually tall, still elastic, holding it in her hand, it feels... Tsk Tsk, give Li Tian 10,000 Aoi Sora and don't change it.

After being caught by Li Tian, Fifth Shuiyue groaned, riding on Li Tian as if riding a horse, leaping up and down constantly, panting and saying, "Just cover it! Don't stop..."

Although Li Tian was very 'working hard', fortunately the problem was solved in this way.

...

The next day, there was another battle between Xiaoqingwa, Ugly Fighting Beast, and Lingwen Beast.

The battle between Xiao Qingwa and Lingwen Beast began at the same time. Li Tian would definitely follow Xiao Qingwa to participate in the beast competition, so he could only give up the Lingwen beast competition.

Fortunately, the little blue tile's beast match was played against the ugly beast in the first Colosseum, and today's beast match is also before the little blue tile's match, waiting for the little blue tile to participate in the beast. After the game, the next game is the ugly beast.

It seems that when this kind of schedule was arranged, the Colosseum might have done it deliberately.

Before the game, Xiao Qingwa suddenly spoke to Li Tian.

The little blue tile is already a super domain master-level ghost beast powerhouse, but the little blue tile can currently transform into a human form, and Li Tian can't speak even as a little blue tile.

As a result, the little blue tile was like a mutant crow, vomiting.

"Papa Li Tian..."

Xiao Qingwa yelled the first sentence a little nervously and excitedly.

In addition to being surprised, Li Tian was more of a thunder.

No matter if Xiao Tianyi is called Father Li Tian, now Xiao Qingwa is also called Father Li Tian.

Of course, this is also related to Li Tian and the dark and soft raising and small blue tiles.

Xiao Qingwa has already treated Li Tian as a father!

"Well, you can call it whatever you want!" Li Tian understood Xiao Qingwa's thoughts and said.

Xiao Qingwa was happy then, and continued: "Dad Li Tian, I'm so happy, I'm so excited, I can finally call your father like Xiao Tianyi, do you know? The first time I saw you when I opened my eyes. At the time, I had already assumed that you were my father, my father."

Li Tian nodded slightly.

Little pets seem to be like this!

"Only later did I know. We are not of the same kind, you are a human being, and I am just your ghost beast! However, I am still willing to treat you as my father, so I am willing to fight for you and be your mount! I know that the day before yesterday, I have evolved into a blood-eyed lion, so I can speak."

"But, I dare not say. Today, I will be on the court soon, and I finally have the courage to shout out this special meaning. Father Li Tian, please cheer for me, I will not let you down! Quasi-artifact, I'll get it back for you!"

This is a good boy!

"Good! Pay attention to safety!" Li Tian said encouragingly.

In the end, I don't know whether it was because he was inspired by Li Tian or Xiao Qingwa knew that he was going to watch the Ugly Fighting Beast game next. Xiao Qingwa's performance was extremely brave.

In this battle beast match, even the small blue tile, there are a total of twelve beasts, and only one of the other eleven beasts has the mid-level ninth level of the Venerable. Beast, but even if Xiao Qingwa faced so many powerful fighting beasts, Xiao Qingwa still had a spike, spike, spike...

This is not just a question of strength suppression, Xiao Qingwa also wants to use this method to show his own strength.

From the start to the end of the game, there was no more than two minutes in total, which also included the time for the little blue tile to devour other beast crystals.

Some spectators were just late. When they entered the Colosseum, the game was over. They could only see the staff of the Colosseum cleaning the Colosseum, and Xiao Qingwa was already sitting with Li Tian. In the auditorium on the innermost floor of the Colosseum.

It was the Fifth Water Moon that led Li Tian and others in.

Li Tian, Situ Ningbing, and Tang Xiaolong all entered the Colosseum in the name of the elder students of the Nether Academy.

Little Qingwa was sent into the space of Void Yasha by Li Tian, and after he entered the seat, he brought it out again.

Soon, the Colosseum was cleaned up, and the host's voice sounded over the Colosseum.

"Dear viewers, viewers, was the Beasts game just wonderful? Yes, it was wonderful, but it was too short. We haven't watched enough yet, right?" It seems that a host was changed. The style has also changed a bit. This guy seems to be asking and answering himself, and continues: "But it doesn't matter, because we will soon have the next beast match. This beast match will definitely be more exciting than the previous one. ."

"All the audience, please follow me and call out his name, because this game has the beast carefully cultivated by our Colosseum——Gold...eye...green...lion~!" the host shouted.

However, the audience shouted in unison: "Ugly...force...fight...beast!"

The host is embarrassed!

That's right, this fighting beast is very ugly, but who the ***** gave this name?

The family is clearly the Golden Eye Lioness!

The audience laughed instantly!

What a joy!

The Beasts game has not started yet, there is such a small episode. If the host can shout like this every time the game starts, then it must be great!

No matter how the audience laughed, the Ugly Fighting Beast ran out of the passage quickly, and the Ugly Fighting Beast galloped around the audience quickly. After a lap, he came to Xiao Qingwa and faced him. Xiao Qingwa made an extremely provocative action.

It seems to be saying to Xiaoqingwa: Come on! Let you see my strength!

Chapter 4802: : Watch the competition (2)

However, this ugly fighting beast clearly underestimated the little blue tile!

Xiao Qingwa leaped forward and rushed to the railing, then shouted at the Ugly Fighting Beast:
"Fuck... I won't talk to Ugly!"

This voice was loud and loud, and the voice constantly echoed over the entire Colosseum!

All the audience laughed again!

"Haha, stupid, right?"

"Ugly forces are a lot of mischief. Now Xiao Qingwa is a blood-eyed lion. You are so ugly and want to challenge Xiao Qingwa?"

"Quickly go back and have milk!"

Li Tian and others immediately activated the group mocking skills, and various vicious words kept cursing the ugly fighting beast!

At this moment, the heart of the Ugly Fighting Beast was broken!

If there is no way, the ugly person must learn more, and the ugly animal must practice more.

Now that the strength level is not as high as Xiaoqingwa, he dares to be so arrogant. This is because he stretched his face to make people beat him. Naturally, Li Tian would not miss this opportunity.

The ugly fighting beast wanted to pounce out of it, and fight to the death with Xiaoqingwa. Unfortunately, the domain master-level powerhouse in the Colosseum has already used the domain. The ugly beast is completely self-inflicted. Can't attack the little blue tile, and can't speak, can only shout angrily on one side!

Amidst the curses of Li Tian and others, this beast match officially started!

Just like the beast competition that Xiaoqingwa participated in, this one is also twelve beasts, but the beasts of the beast king are the beasts!

Li Tian really couldn't understand why so many emperor-level fighting beasts would suddenly appear when cursing?

Why has he never encountered it before!

If you don't understand it, then don't think about it, the battle beast competition has already begun, and the ugly battle beast has begun to fight with the other eleven beasts!

This ugly fighting beast vented all its anger on other fighting beasts.

An emperor-class fighting beast pounced on the ugly fighting beast, and was immediately divided by the ugly fighting beast!

The scene was bloody, but the blood of the people who went to see it was spurting.

And this ugly fighting beast bit almost every inch of this emperor-level fighting beast's body into slag, and then spit it out!

Blood and filthy things dripped down the corners of the ugly fighting beast's mouth, and the body of the ugly fighting beast had been stained red with blood.

powerful!

Very powerful!

The impression of the Ugly Fighting Beast on the audience!

Ouch!

The four heads of the Ugly Fighting Beast roared in the direction of Xiao Qingwa at the same time.

Deafening, the sound reverberates all around!

Show off your might, this is a provocation!

Xiao Qingwa was not the loser either, she broke free from Li Tian's arms again, and shouted at the ugly fighting beast.

This seems to be the language of the Golden-eyed Blue Lion clan, anyway, as Li Tian heard it, this is the roar of the fighting beast.

It's just that Xiao Qingwa's roar was louder, and even when this roar came out, the domain of the wheel cover on the Colosseum shook slightly!

The spiritual power on Xiao Qingwa's body began to surging gradually!

"Little Blue Tile..."

Xiao Qingwa turned his head and glanced at Li Tian, then once again screamed at the ugly beasts in the Colosseum, and then said in human language: "The top of the beasts game, the finals, I am waiting for you! Big... ..Ugly...force..."

Well, after such a vent, Xiao Qingwa's mood is obviously better.

No matter how Ugly Beast provokes Xiao Qingwa, Xiao Qingwa will directly ignore him.

The 200,000 spectators at the scene will shout loudly: "Go away, it's ugly!"

The ugly fighting beasts turned grief and anger into killing, and the next ten fighting beasts will be miserable!

They are also emperor-level fighting beasts, but they have not even had the chance to cry.

puff!

hiss!

Click!

Click!

In the entire Colosseum, there was only the sound of the ugly beasts tearing the bodies of these beasts.

Gradually, the audience in the auditorium stopped talking or scolded fighting beasts.

Many audiences were shocked by the aura of the ugly fighting beasts, and some audiences were scared by the **** scenes and did not dare to lift their heads. I really can't understand how these venerables have cultivated to this level of cultivation.

The ugly beast game is torture and killing. The battle is very simple. Except for the first beast that was cloned, the other beasts were killed by him alive. Before death, those beasts still have Spiritual power fluctuates, and there is a breath.

Such brutality also gave this ugly fighting beast a certain support. In the audience, hundreds of spectators finally felt a kind of flaunting power at this time, shouting the name of the ugly fighting beast in unison: "Golden Eye LionGolden Eyed Lioness....."

Obviously, this name is not domineering at all.

As a result, I didn't know who suddenly shouted: "Ugly Fighting Beast...Ugly Fighting Beast..." As a result, tens of thousands of people yelled.

The game is no longer interesting here, because now this ugly fighting beast is just a golden-eyed blue lion, even if it is a four-headed imperial-level powerhouse, it is only an imperial-level powerhouse, really. Don't let Xiaoqingwa look at it.

"The strength of this fighting beast does not make an impression on the little blue tile, but this ugly fighting beast will definitely evolve into a blood-eyed lion in the next fighting beasts. If we want to know how this beast is Strength, I'm afraid we can't miss the next game!" Li Tian said.

Fifth Shuiyue also nodded slightly.

"It's a pity that the evil dog has already left. Otherwise, let the evil dog point the little blue tile, maybe the little blue tile can also grind the gun, and the cultivation base will be slightly improved, so that even if this ugly fighting beast becomes a blood-eyed lion, little blue tile's chance of winning It will be bigger too!" Situ Ningbing said.

Li Tian is also deeply sorry.

Now I can only take one step at a time like this!

After watching the beasts game, Li Tian and others returned to their homes. Li Tian sent the little blue tile into the space of the Qiong Spear of the sky, and let the black smoke group, Tang Xiaolong, water birds, and parallel imports enter the Qiong Spear of the sky to accompany Xiao Qing. Tile practice.

The days pass quickly!

The fighting beast game is going on every day. Li Tianyou took Xiaoyasha to see the ugly fighting beast game. Xiaoyasha also expressed no pressure.

After that, Li Tian took Xiao Qingwa to watch the Lingwen Beast game, and Xiao Qingwa said that it was a big ugly force!

Well, who is called Xiaoqingwa is to make you like it!

In these few days, the people bought by the Sea-Monster Clan Haiqin had secretly started activities.

The news that the little people killed the Donggong Demon Eye and Donggong Jiangshan gradually began to spread in the Colosseum.

When the mother heard this rumor for the first time, she just sneered, thinking that it was someone deliberately instigating a divorce and wanting a conflict between the Eastern Palace Super God Family and the Little Human Race, but as this rumor became more and more true, Mother Mother had to start to doubt.

Three City Tigers, this is one of them, and Li Tian seems to have the power to kill the Donggong Demon Eye and Donggong Jiangshan.

As for the little human races, **** it, I don't know how the creator made these little guys, the fighting power is so powerful.

Moreover, these little things have a bad temper, and if they don't agree with each other, they will act immediately.

Otherwise, with the strength of the little human race, it will not be just a mysterious family, at least it should be counted as an ancient family.

In the following few days, the Donggong Super God Family secretly sent people to investigate and track the Little Human Race.

As a result, these little human races didn't know if it was their own convulsion, or they ignored the Eastern Palace Super God Family.

When these things happened, the faces of these goods still showed complacency, and from time to time there was a meaning of "I'm doing this, you can do it like this!"

This made the matter of the little human race beheading the Donggong Demon Eye and Donggong Jiangshan.

It was against this background that Li Tian brought the Fifth Shuiyue to visit the little human race in the name of the elder of the Nether Academy.

...

The residence of the little human race is the same as the Nether Academy, at the top of the crater.

It's just a different location.

Li Tian and Fifth Shuiyue came outside the residence of the little human race and asked the Venerable Colosseum to report.

After a while, the little human race, Emperor Wu flew out of his residence.

Emperor Wu first looked at Li Tian up and down, and then looked at Fifth Shuiyue, and then...this bitch's eyes kept staring at the groove on Fifth Shuiyue's chest, as if he wanted to drill. Go into that ditch and play hide and seek!

Fifth Shuiyue smiled, and as soon as he reached out, he grabbed Wu Di in his hand, and then smiled and said, "This place belongs to Li Tian. If you dare to think about it, I will put you in the **** of the ugly fighting beast. Here, let you play it all at once!"

Emperor Wu was immediately frightened by this violent woman in Nether Academy.

Hastily invited Fifth Shuiyue and Li Tian into the residence.

Entering the residence, dozens of small human races are satisfied to fly, giving people the feeling of a big bug flying.

But the eyes of these goods are almost all sweeping the ditch of Fifth Water Moon!

"If there is a ditch, there will be fire. The mighties of the earth world don't deceive me!" Li Tian exclaimed in his heart.

However, the ditch belongs to Li Tian, and you can only look at it from a distance!

Even so, Li Tian wanted to use a fly swatter to kill these guys, or spray these guys with insecticide.

The big sword master of the little human race was finally a little angry.

"How decent is it to be so rude in front of the guests? Where should we put our little human faces?"

With a word from Master Wu He, the little human races immediately became more honest, kneeling neatly on a table, only Master Wu still flying in the air, receiving Li Tian and the Fifth Shuiyue.

"Two guests, please here, because the two guests have huge bodies, please forgive us for not being able to entertain with tea, please forgive me!" Master Wu said politely.

"Master Wu is welcome!"

Master Wu continued to fly in mid-air, and said, "I don't know what is going on when the two guests come to the door? Our little human race doesn't seem to have much intersection with Nether Academy!"

It's time for Li Tian to play!

Li Tian coughed softly and said, "Master Wu, the rumors spreading outside now all say that the Donggong Demon Eye and Donggong Jiangshan of the Donggong Super God Family died under Master Wu's swordsmanship!"

"Yes, I just killed a fish. Who knows that the two members of the Eastern Palace Super God family are hidden in this fish. It can't be regarded as my fault!" Master Wu even directly justified himself.

Chapter 4803: : Wu He's request

"Isn't Master Wu afraid that the Eastern Palace Super God Family will trouble you?" Li Tian said.

Wu He laughed, but he had already released a powerful sword aura invisibly.

This sword aura seemed invisible, but it was extremely murderous, and even Li Tian, a domain master-level powerhouse, had to use spiritual power to resist.

"Master Wu, it would be too rude to treat visitors like this!" Fifth Shuiyue said.

After saying this, the sword energy in Master Wu's body has also disappeared in half.

Master Wu smiled again: "The little human clan has been established for tens of thousands of years. What hasn't the wind and rain seen? Not to mention the Eastern Palace Super God Family, even if the four super God families unite to deal with us, hum, they are not immune. Can... find us!"

Li Tianzhen wanted to explode.

I'm going to your mother!

It was so powerful just now, it turned out to be a turning point.

"It turned out to be just fleeing! Tsk tsk, what good tricks do I have when I am a little human!" Li Tian immediately said with a disdainful expression.

"What are you talking about? There is a kind of you and me, Emperor Wu, come and try!" Emperor Wu flew up suddenly and flew in front of Li Tian, and said angrily.

"Emperor Wu!" Master Wu also released a murderous aura, but he still sternly drew away Emperor Wu before he said with a sneer to Li Tian, "It seems that you look down on this life-saving method!"

"No, I didn't say that I look down on this kind of life-saving means. I am dissatisfied with you. If you want to talk about the means of escape, I call myself second, and no one in the entire Netherworld dares to claim first!" Li Tian said.

"Hahaha!" Master Wu suddenly laughed, his expression was so disdainful.

"Master Wu, do you not believe me? I don't know if you dare to make a bet with me? It's in this residence, in this room, I'll hide, and you will find it. If I find it, I will count as I lose. But if you can't find me, count me as winning, how?"

"However, we'd better bring a lottery. If I lose, we can promise you one request, no matter what the request is, but if you lose, your little human race only needs to promise us one request!" Li Tian said

Master Wu looked at Li Tian like an idiot.

This residence occupies an area of Aurora, which is a few thousand square meters, which is quite a vast space for the little human race.

However, Li Tian is a normal human being. In such a small area, where can he hide?

"Okay, I promise you! I but my terms are very simple, if we win, then please let me and my people play hide-and-seek on the Fifth Water Moon Elder..." Said this, this old man A smile finally appeared on his face.

Li Tian didn't expect this guy to make such a request.

Fifth Shuiyue knew Li Tian's skills, and said with a slight smile, "This is totally acceptable, but I suggest that you have to set a time first, otherwise if you little human race keep searching as a pretext, then there is no way to bet. Go on!"

"Hey, yes, then take a stick of incense, no, take a half-pillar incense as the time limit!" Master Wu felt that he had won, and he had begun to imagine leading dozens of little human races into the ditch. Good times in the house.

Li Tian also laughed. Real Lao Tzu is playing hide-and-seek. Lao Tzu wants to make you feel desperate and even start to doubt life in the future.

"Give you time for three sticks of incense, if not, then give you time for three sticks of incense!" Li Tian said coquettishly.

"No, it's just half a stick of incense!" Master Wu insisted.

Since Master Wu insisted so much, Li Tian was not welcome.

"Then everyone sits in rows here and eats fruits and fruits, I will go to the room and hide them, so I am not allowed to peek at it!" As Li Tian flipped through his hands, there was already a lot of fruits in his hands and placed the fruits. On the table, he handed the Fifth Water Moon Fruit to him, saying: "After Elder Water Moon finishes eating the fruit, you can start to count and come to me!"

In the Netherworld, it is really inconvenient to have no timing tools.

Li Tian walked upstairs, then randomly opened the doors of several rooms, and then teleported directly into the space of the Qiong Lance of Heaven!

"Want to find me? Find your sister! I go in first and take a good bath, and then I'll sleep."

...

Whoosh!

Whoosh!

The figures of the little human race kept flying in the residence, they were looking for Li Tian.

As time passed, Fifth Shuiyue continuously lit three sticks of incense according to Li Tian's request. The three sticks of incense had been burned, but the little man still couldn't find Li Tian.

The fifth water and moon lit the fourth incense!

"Impossible, absolutely impossible! How big is this residence in total, so it is possible to find him?"

Emperor Wu said with a look of disbelief, "Master Wu, will Li Tian use teleport to hide elsewhere!"

Master Wu's face was green, and he reprimanded: "Shut up, Elder Li Tian went upstairs brightly, how could he use teleportation to hide elsewhere? Keep looking for me! If within Liuzhuxiang I can't find Li Tian yet, hum!"

Master Wu doesn't know how to punish these little things.

Whoosh!

Whoosh!

The little human race has more than 30 powerful people, but they have turned the upper and lower floors of this residence a few times, and they have not found Li Tian.

In a blink of an eye, the fifth incense was burned out, and the sixth incense was ignited by the fifth water moon.

Master Wu almost wants to kill someone!

"Assholes, we are the little humans who are best at hiding. Don't you... No, it seems that I must be on the stage!" Master Wu flew up angrily, his figure constantly flying across the room. Flying over a room, he can confirm whether there is a hidden person in that room.

Even if Li Tian condensed all his spiritual power, he could not escape Master Wu's search.

However, a few minutes later, Master Wu flew back in despair.

"Elder Shuiyue, please invite Elder Li Tian out, I admit that our little human race has lost!"

When Master Wu said this, almost all the little human races actually started to cry.

Sure enough, they have begun to doubt their lives.

"Sorry Master Wu, Elder Li Tian hid him, and I can't find it unless he comes out voluntarily! Now we can only wait patiently!" Fifth Shuiyue said apologetically.

There is no way, why did Li Tian hide in the space?

In the entire Netherworld, it is estimated that only Li Tian has the artifact that can accommodate living people, and only Li Tian has the Yasha that can create space.

Master Wu said with a grim expression, "I don't know what Elder Shuiyue and Elder Li Tian want our little human race to do? As long as it is within my reach, I will promise you!"

I have used six sticks of incense, but Li Tian has not been found, and Master Wu has no face to talk braggingly, only dare to say what he can!

Fifth Shuiyue smiled, and said, "Wait for Elder Li Tian to come out and let him tell you!"

Master Wu can only agree.

Li Tian took a comfortable bath in the hot spring in the space of Qiong Spear of the sky, and then took a short nap before he teleported out without a hassle and went downstairs.

Seeing Li Tian, the little human race looked surprised, and then they cried aggrievedly at the same time: "Woo, Lord Li Tian, where are you hiding!"

Chapter 4804: : Li Tian's request

Master Wu He Wu now sees Li Tian and dare not have that kind of contempt in his heart.

In the Netherworld, the strong are respected, and the capable are teachers.

Since Li Tian's strength in hiding is much stronger than the little human race, Master Wu can only serve Li Tian.

"Elder Li Tian, our little human race has surrendered! I don't know what you want. As long as Wu He can do it, I can't help it!" Master Wu reached out and touched his mustache.

This is what Li Tian wants.

"Master Wu, I am dissatisfied with you. Before your little human race met the Donggong Demon Eye and Donggong Jiangshan, it was my Li Tianjun regiment who went through a fierce battle with them, but these two guys escaped... .." Li Tian said.

Master Wu suddenly realized, "So, it's no wonder those guys hide in the belly of the fish!"

"Therefore, my Li Tianjun regiment has already become enmity with the Donggong Super God Family. I am worried that the Donggong Super God Family will attack my Li Tianjun after the Beast Contest is over, so I want to form an alliance with Master Wu and the little human race! Both of us! No matter who is attacked by the Eastern Palace Super God Family, the other party must unconditionally assist! This alliance can be a one-time or permanent!" Li Tian said.

Only then did Master Wu understand Li Tian's request.

But Master Wu shook his head and said, "Master Li Tian, it's not that I can't promise you, but I can't promise you. I am just a great swordsman in the little human race. I have some status, but I don't have it. The right to decide on such an important matter. If you wish, Lord Li Tian, I can take my disciple Wu Di and a few others to accompany you for three days after the Colosseum game. After three days, let your Lord Li Tian hide. Ability, even if the Donggong Super God Family wants to find you, I am afraid it is impossible!"

"As for the alliance, when I return to the clan, I will report to the patriarch and the elders in detail. If the patriarch is willing to form an alliance, then I will send someone to get in touch with Lord Li Tian. If the patriarch is unwilling, then I There is nothing I can do!"

All this is reasonable, Li Tian already feels very satisfied!

"Thank you Master Wu!" Li Tian said sincerely.

Master Wu waved his hand again and said, "However, if the Fifth Water Moon Elder can..." This guy swallowed a bit, and then said: "Let me play in this ditch for a few days, I am willing to follow Li Master Tian went out and wandered!"

Li Tian almost fainted!

What is subversion of the outlook on life!

You are a great swordsman!

How could this be!

Also, isn't it possible to unite with me, Li Tianjun, not as good as the ditch that Fifth Shuiyue has grown?

What are you pursuing!

However, this request of Master Wu made Li Tian think of a way to keep Master Wu.

Don't you like the groove of big breasts?

Okay, I, Li Tian, can buy you a few women with ***** at a big price in the Netherworld. I will let you lie down and watch one!

Fifth Shuiyue saw that it was helpful to Li Tian, and immediately nodded in agreement.

These little guys are not even men at all, it's just that...they don't get these little things on weekdays, so they want this.

Then, Master Wu He Wu of the Little Human Race was levelled by the ditch of the Fifth Water Moon!

Li Tian really wants to cry without tears!

...

In the next few days, Li Tian was looking for a woman with ***** like Fifth Shuiyue in the Colosseum. He searched for him, and he was really found. This woman looks pretty good, absolutely Can't be described in ugly words, but can barely be described as beautiful.

But if she stands with Fifth Shuiyue, then she can only be described as ugly.

This woman's cultivation level was only at the first level of a cultivator, because the family members offended someone who could not afford to offend, and then the entire cultivation family was destroyed, leaving only her young lady who was forcibly sent into the brothel.

what?

There are brothels in the Netherworld?

Ha ha!

It seemed that there was no man in the Netherworld.

Those cultivators, who are immersed in cultivation as adults, don't have time to talk about love.

But cultivators can't take action against ordinary people, they can't do those things that commit adultery and looting.

What about some desires?

Find the red line in the underworld!

Red Line is not a matchmaking company or a brothel that does pimp business.

Super large chain brothel.

It can be said that there are red-line brothels in almost all the kingdoms of the Venerable, and how could there be no brothels in the Colosseum, a super-selling golden cave!

This woman is called Hongxiu, which is Hongxiu's fragrance. Then Li Tian bought this woman for a big price and gave it directly to Master Wu of the Little Human Race.

However, after playing happily for a day, the little people asked Li Tian to take the red sleeves back.

It turns out that although the little human race is powerful, there is no way to walk around with such a huge woman.

However, Master Wu said that he liked this gift very much. After the Colosseum game is over, Master Wu will follow Li Tian, so Li Tian must keep this woman by his side.

According to the gossip from Emperor Wu, Master Wu especially likes to rest and sleep in the middle of the two huge red-sleeved bunnies, saying that Master Wu likes that awesome feeling, and even Master Wu said that he even practiced. Energetic.

Well, Master Wu really knows how to play!

...

Settling the little human race, Li Tian's life is back on track here.

Take the little blue tile and Xiaoyasha every day to participate in the beast match, or watch the ugly beast and the Lingwen beast.

Now, Xiaoyasha, Xiaoqingwa, Lingwenmon and Ugly Fighting Beast are the four most famous contestants in the Beast Beast Competition, and even everyone is asserting that these four guys will definitely meet in the semifinals.

The only thing people are curious about now is when the ugly fighting beast will evolve into a blood-eyed lion.

And this is what Li Tianyi is concerned about.

As the battle of the beasts enters the final ten days, the semi-finals will be held in three days and the finals will be held in ten days.

Today is the last race.

There will only be four games in total today, and it has become a one-on-one life and death battle.

Li Tian's game of Xiaoqingwa and Lingwenmon were played at the same time, and then the game of Xiaoyasha and the Ugly Fighting Beast were played at the same time.

After various clues investigations, Li Tian knows that the opponent of Ugly Fighting Beast today does not belong to the Colosseum on the surface, but is the Beast of a super domain master-level powerhouse, but in fact, Ugly Fighting Beast's opponent The opponent is also under the control of the Colosseum.

"It is today, I am afraid that the ugly fighting beast will evolve into a blood-eyed lion!" Li Tian said firmly with his eyes.

Situ Ningbing also nodded slightly, and said, "I didn't expect the Colosseum to be so tolerant, but until now, we still haven't found out what the Colosseum wants to do!"

"Soldiers will come to block, water will come to cover, now there are still ten days, we will work step by step!" Li Tian said.

Rumble!

The metal fence in front of Li Tian opened.

"Xiao Qingwa, it's finally time to wait until this day, and simply win the victory, and then let's watch that ugly match!" Li Tian said to Xiao Qingwa.

Little Qingwa nodded slightly.

"Papa Li Tian rest assured, even if that ugly man turns into a blood-eyed lion, he will not be my opponent!"

"let's go!"

"Dear viewers, dear viewers, today we are in the quarter-finals. Now our seed player, super beast star Xiao Qingwa has already appeared. The highly anticipated and highly anticipated moment is finally about to begin. Please follow us. I count down together: 10...9...8...start!"

Chapter 4805: :War Unicorn Flamethrower

Today, Xiaoqingwa's opponent is equally extraordinary!

Of course, if a beast can kill all the way to the quarter-finals from the very beginning, there is no ordinary beast!

This beast turned out to be a beast selected by the Donggong Super God family, which shows how disgusting the Colosseum is.

However, it is clear that the Colosseum is unscrupulous for the purpose, and it seems that they have not informed the Donggong Super God family that the little blue tile will advance to become the blood clear green lion.

This is a unicorn flame-breathing beast with a golden horn on top of its head, which looks like a golden horned king. This unicorn flame-breathing beast is a beast at the peak of the emperor's realm. According to the Colosseum The introduction is a ghost beast that claims to have killed a domain master-level powerhouse.

Having killed a domain master-level powerhouse, this should be watery. According to Li Tian's speculation, this fighting beast should have cooperated with his master and slayed a domain master-level powerhouse.

But Li Tian couldn't judge this kind of thing.

With the host's "start", the beast match officially begins!

The body of this unicorn flame-breathing beast was instantly covered by crimson flame spiritual power wheels, and the golden horn above its head was constantly emitting black smoke, as if... an ancient steam train rushed over. same.

Immediately afterwards, the unicorn flame-breathing beast's mouth instantly began to continuously spray flames towards the small blue tile.

The billowing flames engulfed black smoke and burned in the air. The unicorn flame-throwing beast sprayed out the flames and made the air of the entire Colosseum become hot. Little Qingwa's limbs kept moving on the ground, his figure quickly shuttle through the Colosseum, avoiding the hot flames.

Thick smoke billowed, the battle had just begun, and the next layer of black clouds had already accumulated on the top of the curtain in this domain.

Although the flame ejected by the unicorn smoke-breathing beast is not three hundred and sixty degrees, it protects the beast without dead angles, but it is not easy for Xiao Qingwa to attack the beast.

This is the strength of this fighting beast!

In the auditorium, even though the audience is separated by domains, they still feel like a hot wave sweeping over them.

This is a kind of psychological suggestion, but these audiences who have cultivated to the realm of the venerable will start to sweat.

This is still Colosseum One, and on the innermost seat, the mother has a stern face, as if everyone owes her money.

The reason why the mother sent the unicorn flame-breathing beast was to obtain the quasi-sacred tool at the beginning, and the approach to the quasi-sacred tool still moved the mother.

But later, when Li Tian arrived at the Colosseum and started the beast match, the mother's more thoughts were to snipe Xiaoqingwa into the final.

It's just that the mother didn't expect that the little blue tile would evolve into a blood-eyed lion in the first battle, which made the mother feel a little confused.

In order to be able to snipe the little blue tile, kill the little blue tile that already has the realm of the domain master, and cut off a powerful help from Li Tian, the mother even gave up her cultivation skills, and she just helped the unicorn flamethrower improve. First-order cultivation base.

The current unicorn flamethrower has reached the realm of the domain master.

However, the mother did not allow the unicorn flame beast to show up.

Mother wants to give Xiao Qingwa a surprise.

As far as the performance of the unicorn flamethrower today is concerned, the mother is still very satisfied.

So far, the unicorn flamethrower is still not arrogant or impatient, and still maintains his beast-like form.

Moreover, the unicorn flamethrower began to continuously release black smoke before the start of the game and just after entering the field.

After the host's countdown began, the unicorn flame beast began to accelerate the release of black smoke.

Audiences who don't know the truth will think that this is the way the Beast is trying to oppress the opponent in this way, but they didn't expect that this is also the only means of the Unicorn Flamebreath that already has a human mind.

Once the jetted black smoke gets thicker and thicker and reaches a certain level, then even if the opponent finds that the black smoke is also problematic, it may be too late.

At that time, the unicorn flamethrower can completely take the initiative, and even behead the opponent and win easily.

Of course, this is also thanks to the domain. If there is no domain, how can the unicorn flame beast condense black smoke so quickly in the sky!

"The unicorn flame-breathing beast, doing a good job, just continue like this! Only the little blue tile that you killed, the fighting beast, will not be in vain for my training of you." The mother thought in her heart.

"Little Blue Tile... Little Blue Tile..."

"Little Blue Tile... Little Blue Tile..."

In the auditorium, all the audience supported Xiao Qingwa in unison. This kind of shout made the mother feel irritated.

"damn it....."

In the Colosseum, Xiao Qingwa continued to deal with other emperor-class beasts before, but he used all the attacks he could, but was blocked by this unicorn flamethrower.

But Xiao Qingwa didn't seem to be in a hurry, and still followed his rules to circle the unicorn flamethrower.

Even the small blue tile's circle has made the audience in the auditorium feel a little dizzy.

In the passage, Situ Ningbing said with some worry: "Isn't this fighting beast saying that there is only an emperor-level realm? But why can't the little blue tile be attacked now? Is something accidental?"

"Probably not, I feel that Xiaoqingwa seems to be looking for a battle. Soon, this fighting beast will end his mission!" Li Tian said.

At this moment, Xiaoqingwa suddenly accelerated.

Whoosh!

Whoosh!

Shadows kept flashing across the Colosseum.

Once the little blue tile accelerates, the flame sprayed by the unicorn flamethrower can't keep up with the speed of the little blue tile.

Huh!

Suddenly, the little blue tile had appeared behind the unicorn flame-breathing beast, and the sharp claws grabbed the beast's body.

Seeing that the sharp claws of the little blue tile were about to make contributions, the fighting beast rolled on the spot and threw forward more than ten meters. Then, the fighting beast began to spray flames again.

However, at this time, the flame-throwing beast seemed to be too brave just now, and now the beast sprayed out more like black smoke, and even the flames that convolve with the black smoke have become black.

The end of the entire domain has been covered by black smoke wheels, and it is difficult for spectators sitting on the top few floors to see the beast's game in the Colosseum.

"Is there anything weird about these black smoke?" Tang Xiaolong asked.

"There must be weird, otherwise this domain master level fighting beast will not be completely defensive! This black smoke may be another attack method of his!" Li Tian said.

"What? Do you mean the domain master-level fighting beast? Isn't this unicorn flame-breathing beast an emperor-level fighting beast?" Situ Ningbing and Tang Xiaolong exclaimed at the same time.

Li Tian said calmly: "In the beginning, this unicorn flame-breathing beast emperor was right, but it should be this kind of hidden strength. Just now, when the little blue tile was about to attack this fighting beast, this Fighting Beast clearly used the extreme time to use the domain once, and then it avoided the attack of Xiaoqingwa!"

The Netherworld has such disadvantages. No one will check that stimulants are magical things. How many of these fighting beasts can take drugs without restraint.

"Damn it, did this unicorn flame-breathing beast reach the domain master level before participating in the competition?" Tang Xiaolong waved his fist and said angrily.

Li Tian nodded and said: "I am afraid that is the case now! Little Blue Tile has been training for a while, let alone the domain master, even with the super domain master level powerhouse, the little blue tile has also tried, the domain master does not Horrible, as long as this one-horned flame-breathing beast doesn't play tricks!"

Xiao Qingwa was on the Colosseum, he had already realized this situation.

Xiao Qingwa has been showing that it is difficult for him to attack this unicorn flame-breathing beast, even if he uses the strength of the domain master level, it is very reluctant.

Little Blue Tile is a blood-eyed lion who has been promoted to the domain master level. His goal is to have another blood-eyed lion who has always had four heads. Therefore, this unicorn flame-breathing beast or the Lingwen beast in the next game are all Must be defeated in his hands.

The reason why he still entangles with this unicorn flamethrower is because he wants to see what tricks he can play!

At this time, the unicorn inflammation beast seemed to feel that he had taken the initiative, and suddenly began to spray flames again.

Hot flames ejected from his mouth, and the temperature in the domain became higher and higher, and the higher the temperature, suddenly, the unicorn flamethrower stopped attacking, and then this guy suddenly changed into a human form, and immediately A powerful murderous aura was released from this body.

In the domain, the temperature drops instantly on the ground.

Rumble!

Rumble!

Within the domain, there was a scene of lightning and thunder, and lightning bolts continued to pound down.

Several lightning bolts exploded right next to Xiao Qingwa's body.

boom!

The ground was burnt black by lightning at this moment, and a wisp of black smoke emerged from the ground.

More lightning fell without deviation, and the entire domain has become a dense lightning network!

In the audience, many spectators were surprised by the scene before them.

"Domain master, this unicorn flame-breathing beast turned out to be the domain master!"

"The domain owner is not uncommon at all. It is uncommon for this unicorn flame-breathing beast to design such a strict attack method!"

"Lightning, if this lightning strikes you, the consequences will be disastrous, but isn't this unicorn flamethrower afraid of lightning?"

At this moment, a bolt of lightning fell, and it was about to hit the unicorn flame beast. Who knew that the lightning was offset and suddenly landed on the golden horn of the unicorn flame beast.

boom!

Electric current ran wildly on the golden horn of the unicorn flamethrower, but it did not continue to wander outward.

"I...Fuck! It turned out to be a lightning rod!"

Li Tian and others, who possessed modern scientific knowledge, were instantly defeated by this golden horn!

"I'm defeated!"

When Li Tian just saw the unicorn flame-breathing beast transforming into a human form, he was wondering if he would take out a gourd and shout at the blue tile: 'Little blue tile, I call you, do you dare to agree?' It's so ridiculous.

As a result, this horrendous means turned out to be completely unexpected.

But... don't forget that Tiancai Li is the ancestor of playing video games!

This looks like a thunder and lightning like the little snake, can it still beat the little blue tile?

"It's over! After finishing work, I'm waiting for the next game!" Li Tian said confidently.

Chapter 4806: : Beheading, the difference in strength

As if hearing what Li Tian said, Xiao Qingwa suddenly accelerated again!

"Dear viewers, viewers, I am not mistaken, am I? The little blue tile has accelerated again! The little blue tile rushed to the unicorn flamethrower, the unicorn flamethrower began to counterattack, the unicorn flamethrower sprayed out red The black flame, not good, was easily avoided by the little blue tile. The little blue tile is still approaching the unicorn flamethrower. Is he trying to solve the battle?" the host said.

"Impossible! It is impossible at all?"

In the front row, in the auditorium belonging to P in the VIP, the mother who was still as stable as a mountain suddenly stood up, rushed forward, reached out and grabbed the railing, her arm tremblingly said.

Mother couldn't believe what she saw before her!

Just because the impact that Xiao Qingwa brought to her was too strong.

This shouldn't be the speed that a fighting beast that just broke through to the domain master level should have!

The current unicorn flamethrower is at the initial level of the domain master. According to the mother's guess, the small blue tile, which is already a blood-eyed lion, naturally has a racial advantage. When it breaks through the domain master, it should be better than the ordinary ghost. The beast is more powerful, and probably will never exceed the strength of the domain master's second-level peak.

If everything is in accordance with the grandmother's conjecture, in the case where this level difference is not particularly huge, the unicorn flamethrower is completely likely to reverse.

The Netherworld is round, what can't happen?

What's more, the 'Thunder Giant Spirit Flash' created by the unicorn flamethrower is completely capable of blasting and killing domain masters below the third level!

However, all these changes are too fast, and now the speed displayed by the little blue tile is faster, and it has far exceeded the speed limit that the territorial master third-level ghost beast should have. The mother even felt the sky falling in the sky. Lei seemed to be chasing the little blue tile.

Whoosh!

Whoosh!

This is not an illusion of the mother, but it is also true.

When the lightning couldn't catch up with the little blue tile, it steadily fell on the ground behind the little blue tile, and the ground was immediately scorched into black, bursting with blue smoke.

"Wow, this is all right?"

"Fuck, it's too fake!"

"Oh my God! My eyes are going to be blind!"

In the front row, the stunned audience kept exclaiming.

"What the **** is going on, that idiot unicorn flame-breathing beast, the idiot cloud created by it completely blocked Lao Tzu's sight!"

"The host is an idiot, don't explain when it's time to explain, and explain it when it's not! Damn, complaint, bad review!"

In the back row, the viewers whose sight was blocked by the clouds were even more anxious.

The audience in the last few rows couldn't help standing up, they rushed to the front and squatted on the ground to watch the game.

You want Mao's seat, there is a seat and you can't see the battle, what's the point!

"This...is this the real speed of Xiaoqingwa? It's amazing, this is completely faster than lightning!"

"If you are strong, you will be strong. It seems that there are still strong opponents before Xiaoqingwa will show his full strength. Before we felt that Xiaoqingwa was already strong enough to kill opponents in a second. It turned out that this guy has been despising those Fighting beast!"

"More than despising Fighting Beasts, I feel that Xiao Qingwa is also despising us audiences, and he can't even see his true strength."

"Do you think Xiao Qingwa is still hiding his strength?"

"I am afraid that this possibility cannot be ruled out! After all, after Xiao Qingwa's victory in this battle, the next opponent is Lingwen Beast. If he uses his full strength while fighting this beast, he will have no trump card to save in the next battle. Up!"

The audience rushed to the front row and squatted on the ground to watch.

Now, almost everyone is optimistic about Xiaoqingwa's promotion!

At this time, more and more back-row audiences rushed to the front row, catching the sight of the front-row audience.

For a time, there was a strong smell of gunpowder in the auditorium. If it weren't for fear of the Colosseum's rules, these audiences would most likely also stage a full martial arts.

"Host...I **** Nima!"

"The Colosseum...I **** Nima!"

Suddenly, someone in the back row yelled such a sentence, and then more and more audience yelled along with it.

It seems that only such swear words can express their dissatisfaction with the host of this game and their dissatisfaction with the Colosseum.

The host felt very wronged.

Although Xiao Qingwa is approaching the unicorn flamethrower, but because of the lightning and the unicorn flamethrower's flames, he will not be able to attack the unicorn flamethrower for a while. Looking at it from his perspective, I only saw two fighting beasts circling in circles, so explain this situation!

"Dear spectators, dear spectators, the little blue tile is approaching the unicorn flame-breathing beast, approaching...the little blue tile is attacking, wow, so strong spiritual control, the spiritual power on the little blue valley's claws is actually better than thin ice Even thinner. If this claw catches the body of the Unicorn Flamethrower, then the Unicorn Flamethrower will definitely die on the spot. Unfortunately, the Unicorn Flamethrower is not a good kind, black flames and constant falling Ben Lei pushed Xiao Qingwa back!"

"Little Qingwa did not give up, he came again, but...Suddenly there was a dense lightning firepower net in front of Xiaoqingwa. If Xiaoqingwa continues to move forward, it may be struck by lightning. Then the consequences will be. ..."

"Oh my god, what am I seeing? The speed of the little blue tile has increased again! This is impossible, this is completely impossible! Is this the true strength of the blood-eyed lion?"

"Yes, you guessed it right, the little blue tile passed through the dense lightning firepower net and attacked..."

Huh!

Huh!

Huh!

boom!

Click!

"Dear viewers, dear viewers, even if the smoke is blocking your realization, everyone should have heard this loud noise? That's right, the little blue tile has succeeded, and the unicorn flamethrower has become The Horned Flamebreath! His golden horn...broken!"

The more the host explained, the more handy it became, but the audience who stood in the front row watching the game did not step back.

There is no direct way to listen to the radio or to watch TV. Even if the host says it will be more vivid and vivid, it will definitely be more exciting to watch the battle that you have not seen in person.

"Oh, my God! The Unicorn Flarebeast was eating its own fruit! That lightning hit the Unicorn Flarebeast... I'm sorry, he has no golden horns. Lightning is now an indiscriminate attack. Knocked down!"

"Yes, he was knocked down by the lightning he created! Do you believe it? I can't believe my eyes! At this moment, Xiao Qingwa is definitely not fighting alone, he is not alone..." The host screamed excitedly.

In the domain, the head of the unicorn flame-breathing beast was full of blood. This was the blood that flowed out after the unicorn was hit by the small blue tile, and the unicorn was broken. However, at this time, the blood had turned black. This is because lightning hit the unicorn flamethrower.

The body of the unicorn flame-breathing beast was dark, and there were some white foam in the corner of its mouth. At this time, the body was still twitching.

But the unicorn flamebreather was not reconciled, he didn't want to just give up!

He is now a domain master-level powerhouse, and can already become a human being.

As long as he can kill the little blue tile, the mother has promised him to abstain in the next game, and he will live a human life.

But now he has arrived.

Trembling and swaying, the unicorn flamebreather stood up.

The lightning in the sky is still falling, but it is much rarer than before.

Xiao Qingwa dodges a few lightnings again, swish! The sound of the earth has come to the unicorn flamethrower, the little blue tile's sharp claws slashed across the unicorn's neck, and a mirror-like spiritual power flashed over the little blue tile's sharp claws. The head of the unicorn flamethrower was directly cut off.

The battle is over!

The black cloud of the domain owner slowly dissipated.

The audience in the auditorium can finally see the scene in the Colosseum.

Xiao Qingwa stood beside the corpse of the Unicorn Flamethrower, and tore off the crystals of the Unicorn Flamethrower, swallowed it in one bite, and then whispered in human language: "I will not kill you, no How strong you are, but I want to see how much you have, but... you are still too weak. If you are not a beast of the Eastern Palace Super God family, maybe you can die a little bit more easily, at least I don't It will blow off the golden horns that you are most proud of, and will not let you suffer the bitter fruits of your own brewing!"

In this beast match, Xiao Qingwa was torturing and killing this unicorn flamethrower. Through battle, he shredded the last pride in the heart of the unicorn flamethrower, and let him eat his own fruit before he died. Under the claws of the little blue tile.

Through the last move of the little blue tile, many people can see clearly that the little blue tile can actually condense the spiritual power into a mirror.

This kind of strength, even the domain master level five or six might not be able to do it!

"The Unicorn Flame Breathing Beast was beheaded! The last one who was promoted was Xiao Qingwa, let us send the warmest applause to Xiao Qingwa, thank Xiao Qingwa for giving us such a wonderful beast comparison. Of course, We also want to send the applause to the Donggong Super God Family, and thank them for their dedication in this beast match!" said the host.

This is completely Nima's face!

The face of the mother was ugly and terrible.

Originally, it was difficult for the mother to improve her cultivation, and she could only rely on continuous cultivation to maintain her current state, strength, and appearance.

But in order to slay the little blue tile, the mother actually gave up her own spiritual power to inject into the body of the unicorn flamethrower, and then induced the spiritual power hidden in the body of the unicorn flamethrower, so that he could break into the domain. the Lord.

As a result, the mother's plan failed.

This psychological blow made the mother feel lost, and she also felt that she was no longer as strong as before.

The mother felt like she was a few years old in an instant.

"Li Tian, I swear, I will kill you!"

"Ten days, the last ten days, when ten days are up, as long as you leave the Colosseum, I will let you know the fear and pain of death!" Madam said grimly.

Chapter 4807: : Another blood-eyed lion is born!

Victory!

Li Tian was happy, but felt that it was inevitable, and there was nothing to surprise!

At the same time that the battle of Xiaoqingwa was over, Lingwen Beast's battle in Colosseum No. 2 was also over.

Lingwenmon easily won the victory and advanced to the semifinals smoothly.

Next is the Xiaoyasha game and the Ugly Fighting Beast game will be held at the same time.

Xiaoyacha Li Tian handed it to Situ Ningbing and Tang Xiaolong, and asked them to accompany Xiaoyacha to the battle.

But Li Tian stayed here, let Fifth Shuiyue take them into the auditorium of the Colosseum, and then watch the ugly fighting beast game.

Li Tian felt this way in his heart, that this ugly fighting beast is likely to complete its transformation in this fighting beast game.

In the next game, as long as the Ugly Fighting Beast is not out and Xiao Yasha advances smoothly, then Xiao Yasha will encounter the Ugly Fighting Beast in the semi-finals, and Xiao Qingwa may encounter this fight in the finals. beast.

Li Tian and Fifth Shuiyue, Xiao Qingwa appeared in the audience.

According to the past routine, the host introduced the beast to enter the arena, the domain master displayed the domain, then began to count dozens, and finally shouted to start, the beast game officially began.

After Li Tian's investigation, the final result was the same as Li Tian's guess. The opponent of the Ugly Fighting Beast this time was the one arranged by the Colosseum, only the Emperor's realm.

If Li Tian's guess is correct, this emperor-class beast is actually a cover, a cover that allows the ugly beast to advance to the blood-eyed lion at the final critical moment.

At the beginning of the battle, it seemed that the battle was slightly different from Li Tian's guess.

This emperor-level fighting beast was here to deliver medicine, but this emperor-level fighting beast was unwilling.

After all, he can reach his current level and advancement, although there is the help of the Colosseum, but this royal-level battle beast dared to kill and win back.

Now, his destiny has directly become a beast that delivers medicine. Sending beast crystals can transform the ugly beast into a blood-eyed lion beast. This result is unwilling to accept. !

Therefore, this fighting beast can only fight.

Even if it is the risk of being torn apart, he has to fight it.

And this ugly fighting beast is still the same as before. Even if he has the advantage, he is not willing to easily kill this emperor-level fighting beast. It's like a cat and a mouse. He wants to kill the emperor. Tier-level fighting beast is exhausted from playing, this ugly fighting beast will consider swallowing the beast crystal, and then successfully advance and degenerate in the eyes of everyone!

Huh!

Huh!

The Emperor-level fighting beast is resisting, but his attack looks so weak!

boom!

This emperor-class fighting beast was slapped by the ugly fighting beast with one claw and flew out, hit the end of the domain, and landed on the ground again.

Then, the Ugly Fighting Beast used the four small claws on his upper body to greet the emperor-level fighting beast at the same time, asking him to continue to die.

This emperor-class beast has no choice.

Its fate has long been chosen, and it is already doomed to die here.

However, it just doesn't want to admit this fate.

war!

Then fight!

As an imperial beast, even if it is dead, it will die vigorously!

This battle is very boring!

At least the audience at the scene thought so!

This kind of feeling is not that two beasts with disparity in strength are fighting, but it feels like they are fighting a fake battle match!

The Emperor-level fighting beast eventually fell. When he fell, the body of this Emperor-level fighting beast was wounded everywhere, and almost none of his bones were intact.

The Ugly Fighting Beast only bit the limbs of the Fighting Beast with its four heads, and pulled it hard to divide the body.

Four beast crystals the size of a goose egg appeared on one of the corpses, and then they were swallowed by the four heads of the fighting beast.

"True! Fuck! There are four beast crystals on the body of a fighting beast. Is this Nima lying to a ghost?"

Some viewers saw these beast crystals and immediately cursed in dissatisfaction.

But there are also audiences who said they can understand.

"You know the egg, this is to enhance the strength of this fighting beast, to increase the viewing of the battle, but unfortunately the strength of this fighting beast is not good, even if you hang sixteen or twenty-six beast crystals, it will still There is no way to win!"

"Yes, that is, we all know that this battle must be ugly to force the domain master to win, and we are all betting on ugly beasts. You win the money, and the Colosseum loses, what did he lie to you? Up?"

At this moment, the Ugly Fighting Beast finally began to evolve.

It was almost the same as the evolution of Xiaoqingwa, the only difference was that there was no wound on the body of this fighting beast, so although the spiritual power on this ugly fighting beast was surging, it would not escape randomly.

Dou Beast had four heads and eight eyes flushed with blood almost at the same time.

Like flames burning in the eyes of this beast!

The four heads of the Ugly Fighting Beast were raised to the sky and howled at the same time, shouting at the sky.

The sound resounded like Hong Lei in the Colosseum!

This is not a roar of pain, but excitement!

Yes, it's just excitement!

The eight eyes gradually turned blood red, and the necks of the four heads had also turned into blood red fluff, like a flame beating.

However, no matter how the fighting beast changes, he still can't escape a ugly word.

However, this product has also become a real blood-eyed lion, and four heads have become blood-eyed lions at the same time.

Ouch!

The Ugly Fighting Beast roared again, his body flashed abruptly, and he had already arrived in front of Xiao Qingwa.

This guy was finally qualified to show off against the little blue tile, and then opened his mouth and shouted at the little blue tile!

It's not that all the ghost beasts can speak when they reach the realm of the domain master, such as the Lingyun beast, or the ugly fighting beast in front of you!

Xiao Qingwa has followed Li Tian since he was a child, and he has been in touch with his eyes. In addition, Xiao Qingwa has been in secret contact for a few days before he dared to speak. Then he called out Li Tian's name and talked.

But what about this one?

To be precise, these four goods have been kept in the dark underground since they were captured by the Colosseum. There are only fighting beasts here, and few humans will step in.

From the time of cubs, there was no environment for learning human language, how could it suddenly speak human words!

As for the dark forest or the other ghost beasts transforming into human beings, it takes a long time to practice before they can speak.

Xiao Qingwa jumped a step forward, jumped on the railing, and said with a look of contempt: "Go away, no matter how you change, you are still ugly!" Then Xiao Qingwa returned to Li Tian's arms with great power. .

Ugly Fighting Beast was bitter, but he couldn't tell, so he could only yell at Xiao Qingwa in anger.

"Dear audiences, audiences, just now, we received the latest news. All the quarter-final matches have ended. As we expected before, the final beasts that entered the semi-finals are: Blood Eye Leo Little Blue Tile, Rune Master Lingwen Beast, Void Blade Xiaoyasha, ugly four-headed fighting beast!"

I don't know what the host thinks, so he gave the four fighting beasts a nickname.

Not to mention, these four nicknames are particularly appropriate.

Especially the four heads of the ugly fighting beast really echoed the temperament and image of this product.

"The semi-finals will be held in three days. They will be the blood-eyed lion little blue tile against the rune master Lingwen Beast, and the blade of the void Xiaoyasha will face the four heads of the ugly beast! Every audience can be in these three days. , Place a bet on the beasts you like, we will decide the order of the game based on the total approval rate of the four beasts in these three days!" said the host.

...

Regardless of Li Tian's willingness, the schedule of the Beast Contest is still going on according to the original plan of the Colosseum.

If nothing happens, Xiaoqingwa will still meet the Ugly Fighting Beast in the final.

What Li Tian can do is to grasp the information as much as possible so that he will not be more passive.

That night, after Tang Xiaolong took nearly half a month, and spent about 20 boxes of fine wine and a lot of money, Tang Xiaolong finally knocked open the mouths of the two animal farm personnel he had deliberately met with a sugar-coated cannonball. .

Just as Li Tian and others had guessed, this ugly fighting beast is the other four golden-eyed lion brothers of a mother of Xiao Qingwa.

"After the four beasts were brought back to the Colosseum, they were trapped underground in the headquarters of the Colosseum. After various rigorous killings, they stood out from the crowd."

"The reason why these golden-eyed blue lion fighting beasts have become what they are now is because the Colosseum accidentally opened the treasure chest that the Colosseum has guarded for countless years, and found a copy of the founder of the Colosseum. "Inheritance of the Beast King."

"Inheritance of the Beast King? Is the Colosseum created by the Beast King?" Li Tian asked in surprise.

"I don't know, I also listened to them. They said, "The Legacy of the Beast King" records many weird things, and this ugly beast is the result of an experiment with four golden-eyed lion cubs, but They don't understand exactly how they did it. However, the strength of the beasts created through this special method can increase rapidly."

"If you continue to undergo a certain special training, the golden-eyed blue lion can also evolve into a blood-eyed blue lion, and this is only the intermediate stage of the golden-eyed blue lion fighting beast. The strongest cultivation base of the fighting beast at this stage can reach close Super Domain Lord Realm. And the ultimate goal of the Colosseum this time is above this, it is the ultimate meaning of "Beast King Legacy!"

"What is the ultimate meaning?"

"These two guys are vaguely unclear, I don't think they know at all!"

"Also, the two of them have repeatedly told me that I must not pass it to the outside world, otherwise, once discovered by a big figure in the clan, then both of them will die ugly!"

"Little boss, do you think the Colosseum wants to **** the little blue tile back, and then integrate the little blue tile into the body of the ugly fighting beast, creating a more... ugly monster?" Tang Xiaolong asked.

Chapter 4808: : Half-final, tentative attack.

Three days later, the semi-finals of the Beasts Contest finally kicked off.

According to the betting results of the first three days, the support rate of the four heads of the ugly fighting beast is the highest, reaching 47%!

Next is Lingwen Beast, with a support rate of 31%!

But Xiaoqingwa and Xiaoyasha together got a 22% approval rate.

Among them, Xiaoyasha has the lowest support rate, accounting for less than one point.

In this way, the final order of the game will come out.

The competition venue is still the No. 1 Colosseum that can accommodate 200,000 people.

The order of the game is, the game between Xiaoyasha and Ugly Fighting Monster is given priority in the first game, and the game between Xiaoqingwa and Lingwenmon is placed in the second game.

It can be seen from the support rate that this game is definitely the most disparity in strength.

The personal cultivation level approaching Xiaoyasha is not very strong. The reason why Xiaoyasha can enter the semi-finals is also because Xiaoyasha can be called the helper Yunyun Beast, and in order to enter the semi-finals, Xiaoyasha even returned Two other Xiaoyasha were called.

In this way, Xiaoyasha also reluctantly made it to the semifinals.

And what about the ugly fighting beast? Now it is a blood-eyed green lion with four heads. From this point of view, the Ugly Fighting Beast is much more powerful than Xiao Qingwa.

Li Tian knows that if Xiaoyasha is allowed to hide, then even ten ugly beasts may not be able to defeat Xiaoyasha. Unfortunately, this game is one-to-one. Unless Xiaoyasha abstains, he can't Avoid.

This time the Colosseum's famous text stipulated that Xiaoyasha should not evade more than ten times each time, and the number of times of evasion and disappearance in each battle should not exceed five times.

Xiaoyasha's fascination was thus abolished by a document.

Although it has to be said that the Colosseum made this decision for the enjoyment of the game, Li Tian was quite unhappy.

Before the game, Li Tian said to Xiaoyasha: "Xiaoyasha, I don't have high expectations of you. As long as you can hold on for a few more rounds, you can spy on Xiaoqingwa how strong this ugly fighting beast is. If there is danger, hide immediately and hide in the space. You can lose the game, but there is more important work to be done next, so you must come back safely!"

"Master Li Tian, don't worry! I have been following you for more than ten or twenty years. I have not learned anything else in these years. The ability to pretend to be forced and run away dare to be ranked third in the Netherworld. No one dares to call it second!" Xiaoyasha said.

Well, Li Tian was also despised by this stuff.

But is Li Tian easy? This is not to shoulder the safety of the entire Li Tian army, he has to do it!

Colosseum One.

There is still an hour before the start of the game, and the impatient audience has already entered the stadium, looking for their seats, waiting for the next wonderful performance.

Half an hour before the start of the game, Xiaoyasha and Ugly Fighting Beast have been invited into the passage, waiting to be summoned.

More than ten minutes before the start of the game, the major super **** families, ancient families, mysterious races, and super domain masters arrived one after another and took their seats according to the pre-arranged seats.

Less than a minute before the start of the game, the host has already begun to introduce the beasts of both sides.

Rumble!

The metal fences opened, Xiao Yasha waved to Li Tian and walked into the Colosseum.

With the host leading the scene countdown at the same time, and then shouting 'start' at the same time, Xiaoyasha, with a glorious mission on his shoulders, began his semifinal journey.

Because of various restrictions, Xiaoyasha knew that his escape ability could not be fully displayed.

Huh!

The small dumpling cloud swallowing beast was released instantly.

"Fight, little glutinous rice balls! I will cover you!" Xiaoyasha shouted.

The strength of the Cloud-Swallowing Beast is definitely not weak, at least stronger than the ordinary Emperor-level powerful Beasts. It is precisely for this reason that Young Master Lingwen dared to let the Cloud-Swallowing Beast set up an arena to challenge all opponents who dare to challenge him Guys!

It's just that, now the cloud-swallowing beast's opponent is the ugly beast. The strength of this beast can no longer be described by the emperor-level beast or the ordinary domain master-level beast. According to Xiaoyasha's understanding of the blood-eyed lion, The Cloud-Swallowing Beast is not the opponent of the Blood-Eyed Lioness at all.

This is not the point, anyway, their purpose is not to kill this ugly fighting beast, as long as they can test the strength of this ugly fighting beast.

Five opportunities to hide in the space, each time you can hide for ten seconds.

This is the opportunity that Xiao Yasha can use. As long as this opportunity is used, Xiao Yasha believes that he and the Cloud Swallowing Beast can be safe and sound.

As for the future, leave it to the little blue tile of the blood-eyed lion!

boom!

The Ugly Fighting Beast was immediately excited when he saw Xiaoyasha and the Cloud Swallowing Beast. The five spiritual powers on his body unexpectedly released four at the same time, four heads, and four wheels in four colors, red fire and cyan. Wood, yellow gold, blue water, the spiritual power released from each head is enough to make Xiaoyasha feel fear and despair.

The body of the small dumpling trembled involuntarily. This meaty dumpling-like figure, like Xiaoyasha, flashed continuously, rushing towards the ugly fighting beast, and the body of the small dumpling was also released. Strong spiritual power.

People are more damned than people, and they should be thrown away.

Compared with the spiritual power released by the ugly fighting beast, the spiritual power released by the small dumplings is simply not enough!

"Ha ha!"

"Fool!"

"How to do?"

"Tear him!"

Then the faces of the four heads of the Ugly Fighting Beast showed a trace of mockery at the same time, and said one after another.

Damn, it's good to have four heads, you can even talk to yourself, and it won't be boring.

Whoosh!

Xiao Tang Yuan's figure flashed past, and several lightning spiritual powers were released from his body.

This spiritual power is really lightning spiritual power, just like the electrical sign drawn next to the words "Beware of Electricity" on the earth world meter box.

The spiritual power released by the small glutinous rice **** is exactly like this, extremely regular, just like a small flying knife.

These few lightning spiritual powers were about to fall on these 'dog heads', but... they were directly avoided by the four heads, or they opened their mouths and used the spiritual power they released to give Offset.

Immediately afterwards, these four heads bite towards the small glutinous rice **** at the same time.

The small tangyuan is a cloud swallowing beast, which looks like a marshmallow. He has an ability, but it can control the fluffiness of his body.

Hey!

A few flashes of lightning flashed over him, his whole body was tightly fluffy, and the figure of the little dumpling seemed to have shrunk again in an instant.

As a result, only two of the four heads bit the glutinous rice balls, and the other two heads collided with all their strength, bang! With a sound of the ground, they collided together.

The impact was really serious, even the audience in the audience felt painful.

Ouch!

Ouch!

The two colliding heads suddenly screamed.

At this time, the other two had torn the heads of the glutinous rice balls, almost at the same time, trying to tear the glutinous rice **** apart.

However, at this moment, a sharp blade the size of a tooth suddenly stuck on the neck of one of the heads.

"It's Xiaoyasha!"

That's right, it's Xiaoyasha!

Using space, Xiaoyasha teleported silently around these heads, casting cold arrows at any time.

The knife was inserted, Xiao Yasha did not stop, only the palm-sized body constantly shuttled through the fluff on the neck of this ugly fighting beast, and the knife in his hand was still inserted in the neck of this head, following As Xiaoyasha galloped, the knife had already cut a wound on the neck.

Ouch!

The fighting beast's head let out a scream, and instantly released the torn little glutinous rice ball in his mouth.

Then, the little glutinous rice **** flew out like an angry bird!

"small things!"

"you wanna die!"

"Fuck him!"

The spiritual power on the other three heads instantly covered Xiaoyasha, and Xiaoyasha felt a tremor in his heart, and a fear of death surged in his heart.

Chances are, it can only take less than a second to be responsible for once Xiaoyasha is locked by this spiritual power, then Xiaoyasha is likely to finish playing directly.

Huh!

Xiaoyasha disappeared.

But ten seconds later, Xiaoyasha had already appeared next to Xiaotangyuan.

"How is it?" Xiaoyasha asked Xiao Tangyuan.

"Very powerful, powerful and terrifying. As far as the current strength is concerned, it is indeed much more difficult to deal with than Xiaoqingwa, especially since the four heads can almost simultaneously issue the commands they want to use. That is really terrifying. This is true. It feels like you are fighting four domain master-level powerhouses at the same time, and you have no way to defend!"

"But... as far as the current situation is concerned, it is not without opportunity. Each of these four heads seems to have its own thinking. At some point, they will not be unified, and may even make opposite actions, such as Say, when you stabbed one of the heads in the neck just now, one of the other three heads actually wanted to blast off you with that head..." Xiao Tangyuan said.

"What this, that head! They can use different spiritual powers at the same time, just use the golden wood water fire earth head to describe it, but I already understand what you mean, let's test it again to see if I can use the void The blade frightened these ugly people!" Xiaoyasha said.

The battle just started, but it was very exciting.

No one thought that Xiao Yasha, who seemed to be the weakest, would be playing so vigorously.

"What do you think? Is it possible for Xiaoyasha to win?"

"It's hard to say, after all, there is no weaker in the battle beast that can enter the semi-finals, not to mention Xiaoyasha is not weak, and his helper Yunyun Beast is also not weak!"

"I think it's difficult. Now this Ugly Fighting Beast hasn't played yet, but Xiaoyasha and his cloud-swallowing beast friends are already fighting with all their strength. Once the Ugly Fighting Beast is angered, then the two of them will have nothing opportunity!"

Irritated?

That's right, Xiao Yasha was just trying to anger this ugly fighting beast, otherwise how could he judge the true strength of this ugly fighting beast?

Chapter 4809: : Half-final, Xiaoyasha abstained

Xiao Tang Yuan attacked again!

This time, the small glutinous rice ***** seemed to still kill the ugly fighting beast with the determination to die.

Huh!

Huh!

The figure of the small glutinous rice ***** keeps flashing in the Colosseum, because the speed of the small glutinous rice ***** is so fast, it feels like the small glutinous rice ***** are teleporting, and in just a few seconds, the small glutinous rice ***** have once again been defeated. Before the beast.

Just like the lightning of the small flying knife this time only one of the heads that releases the golden spiritual power is the target, dozens of lightning strikes at this golden head at the same time, just like the special effects in the blockbuster, the picture is still full of beauty.

As long as the lightning can fall on this golden head, even if it can't explode the golden head, at least it can hurt Jin's head.

Seeing that the lightning was about to fall on Jin's head, but at this moment, Xiao Tangyuan suddenly felt that he released the lightning and disappeared suddenly.

Immediately afterwards, the small tangyuan felt he was floating in the air, completely unable to move.

"This...what's going on?" Xiao Tangyuan said in surprise.

"Stupid!"

"It's the domain!"

"Own!"

"Send to death!"

The four heads said mockingly.

That's right, it is the domain!

In the domain displayed by the domain master-level powerhouse, even if the domain master did not deliberately suppress the battle in it, the emperor-level glutinous rice ***** could not even be used for an instant, and the ugly fighting beast has reached the domain master because of its strength. , Not only does it display instantaneously, it can also release the domain again in the domain, forming a peculiar mid-domain phenomenon.

In the audience, it exploded in an instant.

"I... I read it right? It turned out to be a domain!"

"That's right, the phenomenon of the domain in the domain can actually appear, can it be said that... the strength of this ugly fighting beast has surpassed the domain master of the Colosseum?"

"It's hard to tell. If I'm not mistaken, when Little Blue Tile fought with the Unicorn Flarebeast a few days ago, the Unicorn Flarebeast also used it, but at that time the Unicorn Flarebeast used it. The domain lasts for an extremely short time, no ugly fighting beast is so strong!"

"I'm about to kneel! It's not a loss that the beasts competition is held only once in five hundred years. These beasts are too strong, and let us not let the hard-pressed sages live in the future!"

"I have participated in beasts competitions for thousands of years, but this year's beasts are absolutely the most powerful in terms of strength and number. This is just an accident. You still have hope. Don't doubt your life! "

At the innermost floor of the Colosseum auditorium, the host of Xue Taoyu's main seat continued to accompany him.

Seeing the performance of the ugly fighting beast, the domain master Xue Tao showed an imperceptible smile on his face.

Seeing that things are proceeding step by step according to the plan, Master Xue Tao feels that victory is ahead, and everything he does is full of hope.

"As long as everything goes well in the plan, I may get advice from my father again, and I may reach the realm of Super Domain Master by then. Never again, like now, I need to accompany a smiley face when I see anyone!" Master Xue Tao thought in his heart.

Next door to him is the Donggong Super God Super God Family.

The mother's face was neither happy nor angry, she just glanced at Master Xue Tao and said faintly: "Master Xue Tao seems very happy?"

"Where, this fighting beast approaching is the beast cultivated by our Colosseum. If I can win by luck, I will naturally be happy too!"

"Fear of heights is not a fluke to win, right? If nothing else, the final winner of this beast competition is this ugly thing. In this way, your quasi-artifact prizes in the Colosseum are also preserved, and your purpose It has been reached, it is a good calculation!"

"Mother, you can't say that. The current little Yasha, Li Tian's other little blue tile has always been fighting beasts, and Young Master Lingwen's fighting beasts, Lingwen beasts, are very powerful beasts, and both Has the strength to beat the championship. Therefore, it is too early to jump to conclusions!"

The mother sneered twice, not speaking, but thinking in her heart, "If your Colosseum can cooperate with our Donggong Super God family after the fighting beast game is over, then everything is easy to say. If you re-enter, then don't Blame my mother for turning her face, and I will not spare you lightly when we settle the accounts after the autumn!"

The Colosseum, on the field.

The small glutinous rice **** were instantly trapped by the ugly fighting beast's domain, and it was impossible to get rid of it.

At this time, Xiao Yasha made a decisive decision and used his strongest move to encircle Wei and save Zhao.

Huh!

Xiaoyasha silently appeared on the head of the Ugly Fighting Beast Mu's head. That's right, Xiaoyasha seemed to be standing above Li Tian's shoulders, standing directly on the wooden head, and following Xiaoyasha The appearance of this wooden head immediately appeared a halo!

No, this is not the aperture, but the blade of the void!

It's just that, this time, the length of this void blade torn apart the void is longer.

call!

A powerful suction power came out from the blade of the void. The wooden head hesitated to be too close to the void, and there was no time to escape. With a swish, it was sucked by the blade of the void.

The wooden head is bigger than the crack in the Void Blade. This head is just sucked... It's like a vacuum cleaner sucking your hair, but this sudden change really shocked the Ugly Fighting Beast.

The other three heads wanted to escape here, but they fled in three different directions.

Fortunately, these three heads reached a unified consensus in an instant, and at the same time stepped back in the opposite direction where the wooden head was.

But... these four heads share the same body, no matter how they retreat, it is impossible to leave the wooden head down.

In a panic, the domain in that domain disappeared in an instant.

Huh!

Xiaoyasha teleported and appeared in front of the small glutinous rice balls, stretched out his hand to shoot, and sent the small glutinous rice **** into the space. Then, the small glutinous rice **** disappeared.

After more than ten seconds, Xiaoyasha reappeared, then raised his hands and shouted loudly to the staff watching the Colosseum: "I have violated the Colosseum's restrictions on me. I give up! Abstain!"

coax!

The people in the Colosseum hadn't reacted yet, and the audience in the audience fry the pan again.

"Abstaining? Abstaining at this time? The ugly fighting beast has now been sucked by his Void Blade, and now he has the upper hand, why did he abstain at this time? Is he to let this ugly fighting beast? Did you meet Xiao Qingwa in the final?"

"I'm afraid this is not the case, even if we are bystanders, but now, only Xiao Qingwa knows the strength of the ugly fighting beast best. He feels that there is no way to defeat the ugly fighting beast, so he chooses to abstain and save his life!"

"Hahaha, don't laugh and be generous, okay? Xiaoyasha still needs to abstain to save his life? If he wants to hide, who can find him? Who can take him? I think this may be Li Tian's tactics!"

The audience present insisted on different opinions, and no one could persuade each other.

Of course, they are also worrying about eating carrots first. They are not the masters of this beast, nor have they bet on Xiaoyasha to win the game. This kind of result has no effect on them!

"Unfortunately, such a wonderful game, but it is over without it over!"

Master Xue Tao is still satisfied with this result.

He also knew that this little Yasha was not an ordinary ghost beast, the ugly beast might win, but it was impossible to kill the beast.

And if the fighting continues, the more ugly fighting beasts will be exposed, and it will not benefit their Colosseum plan.

"Well, since Xiaoyasha abstained, then I will announce that this battle is over! The winner is Ugly... Blood-eyed Lioness, Mutant Blood-eyed Lioness!" Master Xue Tao declared loudly.

Damn, it's a mutant blood-eyed lion, what a nice name, it must be called an ugly fighting beast, how vulgar!

Immediately afterwards, the host began to repeat the words of the master Xue Taoyu, announcing the end of the game loudly, and the mutant blood-eyed Lioness easily advanced to the finals, and his opponents would be the winners of Lingwenbeast and Xiaoqingwa!

When the host finished shouting these words, Xiao Yasha immediately sat on the ground prostration, and the Void Blade on the Ugly Fighting Beast Wood's head disappeared.

"So that's the case, it really is Xiaoyasha holding the Ugly Fighting Beast helpless, so I have to give up the game!"

Xiaoyasha dragged his exhausted body and tail, slowly flying towards the passage where Li Tian and others were.

However, a trace of triumph flashed across Xiao Yasha's face at this time.

Domain Master Xue Tao is worried that the mutant blood-eyed lion will be exposed too much. Isn't Xiao Yasha worried that he has exposed too much? Besides, now Xiao Yasha has enough understanding of the weakness of the ugly fighting beast. As long as he can grasp this weakness, Xiao Qingwa definitely has the possibility of winning!

No, it will definitely win!

"Xiaoyasha, you are beautiful. Although you lose, you lose momentum, especially Void Blade. If you can increase the power, then you might win this game!" Li Tian put Xiaoyasha on his shoulder, said encouragingly.

Xiaoyasha smiled and said: "Master Li Tian, the power of my Void Blade can't be increased if I want to increase it, but I already know the weakness of this beast, as long as we grasp the opportunity and cooperate well, Killing this fighting beast is no problem!"

"Hahaha, it is strange that Xiaoyasha has also learned to talk big..." Before Tang Xiaolong had finished speaking, Li Tian kicked him again.

"What do you mean by boasting? Don't you think Xiaoqingwa can't win?"

"I... I didn't mean that, it's just that Xiaoyasha's bragging look really has your demeanor, but I just like the little boss like you!" Tang Xiaolong quickly explained.

Li Tian and others immediately laughed.

At this time, the staff of the Colosseum began to clean up the Colosseum again.

Although the previous game did not cause much damage, they still cleaned the Colosseum in accordance with their usual practice.

"Little Qingwa, you are ready, you will be on the stage next! Do you have confidence in dealing with Lingwen Beast?"

"Have!"

"Okay, Zhan! Give Young Master Ling Wen off!"

Chapter 4810: : Half-final, Xiaoqingwa vs. Lingwen Beast

It was still the same venue and the same audience, except that the protagonists of the Beast Beast game were replaced by Lingwen Beast and Little Blue Tile.

Young Master Ling Wen, who watched Xiaoyasha fighting with the mutant blood-eyed lion, felt a little regretful.

Others may not be able to see it, but he likes to pretend to be forced, flying in a high place, watching the normal game from the perspective of God, but he is very clear that Xiao Yasha did not use his full strength.

"It seems that you are full of confidence that Xiao Qingwa will enter the finals. You also want to see two blood-eyed lions meet in the finals. Unfortunately, what you met is my son Lingwen's Lingwen beast, yours The plan will fail in the end!" Young Master Ling Wen said to himself.

Flew down from above the Colosseum, penetrated the passage, and came to the metal fence gate. In the passage opposite were Li Tian and his small blue tile. Young Master Ling Wen turned over, and there was already a bronze wine bottle in his hand, Ling Wen. The son threw the bronze wine bottle on the ground casually, and the bronze wine bottle swayed in size and became a Lingwen Beast.

"Lingwen Beast, your only goal is to kill the little blue tile. As for whether you can win the championship, this is not your consideration, and I don't care! When the game starts, regardless of all consequences, you can fight as you want. This domain has opened a hole. This is also your strength, no one will blame you!" Young Master Ling Wen seemed to say to himself.

And the Lingwen Beast seemed to understand, and it seemed that he didn't understand, standing on the ground, its body shaking rhythmically.

Ten minutes later.

"Dear spectators, dear spectators, welcome to continue watching a large-scale beast match held every five hundred years in the Colosseum. Today we are holding a semi-final. The beast match held on this venue just now has mutant blood. With the performances brought by the Lios and Xiaoyasha, the Mutant Blood-Eyed Lios finally won with a slight advantage, and his next opponent in the finals is the winner of the upcoming beast match!"

"Next, let's invite our first contestant in today's competition, Xiao...Qing...Wa, Xiao Qingwa is the seed player of this beast competition, and is a super battle that has risen rapidly in the past few years. The beast, the little blue tile is a golden-eyed lion clan, but in the first race, the little blue tile has been successfully promoted and transformed into a blood-eyed blue lion, and his cultivation has reached the domain master level. There are a few domain master-level ghost beasts in this

competition! In the beast competition held in the past month, Xiaoqingwa passed all the way to the semi-finals with a record of victory."

"However, because Xiao Qingwa was seriously injured in the first game and almost fell, it also affected the support rate of Xiao Qingwa's contestants, but this is not the point. Xiao Qingwa's player is because of this time. It's the Phoenix Nirvana that is injured. We will wait and see whether the Xiaoqingwa player can defeat his opponent and advance to the final."

"Let's welcome Xiaoqingwa to the stage...!" the host stretched out his voice and shouted.

As the rumbling metal fence opened, the little blue tile quickly ran into the Colosseum, ran around the Colosseum, and greeted the audience!

The host's voice sounded again: "Now let's introduce Xiaoqingwa's opponent. I must be familiar with this player. He is the beast Lingwen Beast of Master Lingwen. Lingwen Beast is produced in ancient times. The rare ghost beast of the family Lingwen family. In the past battles, the Lingwen beast also entered the semi-finals with a record of complete victory, and the Lingwen beast's record was even more terrifying. In the first game, the Lingwen beast instantly killed the audience. Fighting Beast began his domineering journey of fighting beasts. In the next fighting beasts, his opponents became stronger and stronger, but no beasts could cause harm to Lingwen beasts. Lingwen beasts were still incapable. Comparable domineering and easy clearance."

"Now, the rare beast of Lingwen Beast will meet the advanced beast of blood-eyed lion, a variant of the golden-eyed lion. This will be a huge collision of super powers. Who will win the final victory? How about successfully advancing to the final? The answer will be announced immediately, let us now have the warmest applause to welcome... Ling... Wen... Beast... debut!"

Rumble!

The metal fence door opened again, and Lingwenmon shook its body, slowly walking towards the center of the Colosseum.

From the day when the Beast Fighting started, the most central and most dangerous place was the Lingwen Beast's home field, and now he stood in this position again.

Except for the warm applause when these two fighting beasts appeared, there was no sound.

Everyone seems to have been used by the host, the group leader, to use a big mute technique.

Hum!

A domain master-level powerhouse displays the domain and covers the entire Colosseum wheel. If the audience takes a closer look, you will find that the Colosseum field is also slightly releasing spiritual power, and this domain master displays it. Spiritual power reflects each other.

"All the audience, please follow me to count dozens of numbers: 10...5...1..., start!" With the host's shout, the game officially began.

At the start of the game, Xiaoqingwa stood on the periphery of the Colosseum, and Lingwen Beast stood in the center of the Colosseum. Neither of the two beasts moved.

"I won't move an enemy. It seems that these two beasts have reached the highest level of beasts. No wonder they can enter the finals with a record of victory. This strength has to be admirable!"

This is the gap, the host can explain the motionlessness so eloquently.

However, Little Blue Tile and Lingwen Beast still did not move.

"Dear viewers, viewers, have you seen it? Although the fighting beast hasn't moved yet, and even their spiritual power has not fluctuated at all, I may feel that these two fighting beasts seem to be using their gods. You are testing the opponent, yes, you are fighting with your spiritual consciousness."

"Look at their movements, look at their expressions, especially their eyes... Oh, sorry, the Lingwen Beast does not have eyes. Because the Lingwen Beast has been cultivated to become full of eyes!"

"The murderous intent is spreading on them. I feel the whole earth is shaking, and the air seems to be stagnant. This is a feeling that the mountains and rain are about to come and the wind is full of the buildings. This is a feeling that the dark clouds are pressing against the city and want to destroy the city!"

This host is really no one.

This kind of deceiving ability makes the audience in the audience even think that their own cultivation base is too low, so they can't see clearly the moves performed by these two domain master level fighting beasts?

In the passage, Young Master Ling Wen couldn't help but frown slightly, and looked up at the passage where Li Tian was, but because of the backlight, he didn't see anything.

Just now.

Hum!

Little Qingwa's spiritual power soared instantly!

It's just ordinary blue wood attribute spiritual power, but it feels unusual to be displayed by the little blue tile.

The green fluff on Xiao Qingwa's body is like spreading weeds, fluttering gently with the fluctuation of spiritual power.

But... But, at this time, the fluff is also full of spiritual power.

Whoosh!

Whoosh!

The little blue tile moved!

This fighting beast does not move, it moves astonishing!

Teleport, it turned out to be teleport!

Teleportation is naturally very common, but in the domain of a domain master-level powerhouse, teleportation can be performed, just like a mutant blood-eyed lion, which makes people feel that their cultivation base is powerful.

In an instant, Xiao Qingwa's figure was less than three or four meters away from the Lingwen Beast, successfully approaching.

However, at this time, Lingwen Beast also moved. Lingwen Beast was different from Xiaoqingwa. He seemed to be placed in a big cauldron here. When he moved ten strange lines on his body, a flash of light suddenly flashed. .

Immediately afterwards, from this vein, rays of spiritual power were continuously released.

To be precise, this is not a ray, just like a spiritual blade.

"Appeared! Appeared!" The host's voice immediately shouted: "In the past ten battles, I don't know how many fighting beasts have died in the aura released by this pattern on the Lingwen beast. The fighting beasts seemed to be cut into pieces in an instant, now..."

The host's tongue is so fast that he wants to say what he wants to say before something happens in the next second, but how can his tongue quickly pass the attack of these domain masters? His words have not been finished yet, the battle on the Colosseum has changed rapidly!

"Oh my God, I finally saw it! This is the first time I have seen such a defense method! This is the strength of the little blue tile, it seems we really underestimated the strength of the little blue tile" the host exclaimed.

At this time, a spiritual power mirror suddenly appeared on the sharp claws of the little blue tile, a spiritual power mirror as thin as paper, but this was not the power of the wood spirit, but the power of the water spirit, the light blue water spirit mirror.

The aura released by the Lingwen beast was directly flew out by this mirror, and directly blasted on the closing curtain of the domain master of the Colosseum.

Hey!

This aura collided violently with the ending curtain of the domain, and the ending curtain of the entire domain was shaking slightly.

"I wipe it, it's so scary! This turned out to be the rebound light of the aura released from the Lingwen Beast, if the Lingwen Beast directly attacked my domain, what would happen? And if there is no such a fighting beast under the field The arranged array will help me see, will my domain stop breaking in an instant?"

"These fighting beasts are really awesome!" The cold sweat on the domain owner almost fell, thinking in his heart.

Although the small blue tile released the spiritual power mirror, spreading the aura released by the Lingwen Beast, but his body also flew back, and was pulled away again at the close distance.

"Damn, I didn't expect this Lingwen beast's Lingwen attack to be so powerful. I still want to use the other way to attack him, reflecting the light to attack him, but I didn't expect this reflected light to be beyond my control!" Qingwa thought in his heart.

But Xiao Qingwa did not flinch. His figure dodged a few aura attacks from Lingwen Beast, and suddenly shouted: "Domain!"

With this loud shout, a smaller domain covered the small blue tile and the Lingwen Beast wheel, and at this moment, the Lingwen Beast body suddenly dimmed.

"opportunity!"

Huh!

The little blue tile teleported, and the spiritual power in the mirror on the sharp claws slashed towards the Lingwen beast like a sharp blade.
