

## A Killer 4831

Chapter 4831: : Hong Zhan is back!

In her arms, Xue Ji's body wound healed slowly and slowly.

The wound could heal, but Xue Ji's body temperature gradually dropped again!

Li Tian's body was trembling slightly, his eyes were full of sadness...!

Pain, sorrow, despair, anger, Li Tian's whole body is covered in this haze.

Slowly, Li Tian kissed!

His lips kissed Xue Ji's blood-stained lips, but tears continued to fall like broken beads, falling on Xue Ji's face, mixed with blood, and could no longer distinguish between blood and Tears, but this was originally Li Tian's blood and tears.

Just experienced short-term happiness, but have to endure eternal farewell!

Li Tian's heart was blocked, he wanted to cry, he wanted to scream, he wanted to vent, but... but Li Tian did nothing, he just hugged Xue Ji and kissed Xue Ji!

"Yes... I'm sorry... it's my fault..."

Although Xue Ji left with a smile, Li Tian's heart seemed to have been pierced by the blade, and Li Tian's body was a little convulsed in pain.

"I shouldn't go back to the Colosseum!"

"I shouldn't be brave!"

"I shouldn't..."

Xue Ji is dead, and Li Tian is heartbroken.

And Xiao Qingwa and Xiao Tianyi were stunned by the sudden accident.

"Chance! This is definitely the best opportunity to get rid of Li Tian!"

General Sanlu couldn't help but show a sneer on his face. His figure flashed and he had appeared behind Li Tian. The giant axe in his hand slashed towards Li Tian's neck without hesitation, and wanted to cut Li Tian's head directly. Come down!

Although Li Tian was grieving, he did not lose his reason. When facing the attack of General Sanlu, Li Tian held Xue Ji's body in his arms and hid subconsciously!

Moreover, the shadow of the Underworld King appeared behind Li Tian in a flash.

Huh!

With a white light on the Xuanbing Spirit Axe, it instantly cut the Nether King's body in half, and the Nether King's body disappeared.

The blade of the giant axe was still cut on Li Tian's back, and a wound from his left shoulder to his right waist appeared, puff! Blood spurted out from the wound violently.

"not dead?"

General Sanlu wanted to continue to slash and attack Li Tian, but Xiao Tianyi and Xiao Qingwa had already reflected.

Ouch!

Xiaoqing Wa Yangtian roared, his figure flashed, and his body directly ran into General Sanlu, knocking General Sanlu away.

Xiao Tianyi stood in front of Li Tian, looking at the wound on Li Tianhou's back, and seeing Xue Ji who had fallen into Li Tian's arms, Xiao Tianyi suddenly felt a pain in his heart.

"Xue...Mother Xue Ji!"

"Li...Papa Li Tian!"

Tears continued to flow from Xiao Tianyi's pupils.

This is the first time Xiao Tianyi shed tears!

Tears are not transparent water drops, but black like black ink.

"Papa Li Tian, I want to kill him! I want to kill him! I want to kill him!" Xiao Tianyi took off the sunglasses from his eyes. At this moment, there seemed to be a layer of water in his black pupils. Fog, this is Xiao Tianyi's tears.

Xiao Tianyi's pupils were black and terrifying, and a breath of death was released from his pupils. It seemed that Xiao Tianyi wanted to breathe General Sanlu into his pupils.

Feeling the change on Xiao Tianyi's body, a trace of fear flashed across General Sanlu's face!

Now, he finally knew why he was so afraid of Xiaotianyi!

"This guy... this guy, I'm afraid it's even more forbidding than the woman just now. If the mother is not dead, maybe we can join hands to wipe out all the Li Tian army, but unfortunately... I missed this most. Great opportunity, I don't know what the Li Tianjun regiment will grow up like!"

General Sanlu suddenly felt that the Super God family seemed to offend a powerful and terrifying opponent.

Li Tianqiang endured the pain in his back and stood up slowly, still holding Xue Ji in his arms.

"Little Tianyi, he..."

Li Tian originally wanted to say that General Sanlu was his opponent, but Li Tian found that he had no power to fight back in front of General Sanlu!

Too weak, the cultivation base is still too weak!

When faced with such a behemoth as the Super God Family, Li Tian once again realized that his cultivation base was weak and pitiful, he did not even have the strength to avenge Xue Ji!

"I want to live! I want to \*\*\*\*\* him up!" Li Tian said angrily, as if he was possessed by the devil.

Xiao Tianyi nodded slightly!

His pupils turned out to be like Xiao Tianyi's eyes, turning into tears that kept flowing out of his pupils, black like ink.

However, when the tears struck Xiao Tianyi's cheeks, they disappeared magically.

At this moment, behind Xiao Tianyi, the giant skeleton appeared again.

If you look closely, you will find that a small black spot appeared in each of the two empty eye sockets of the giant skeleton.

This little black spot kept getting bigger with Xiao Tianyi's tears, and then... the giant skeleton also began to cry.

Tears of ink the size of an egg continuously flowed out of his eye sockets, and ran across the facial bones of the giant skeleton. Some of them fell on the bones of the body, penetrated in, and disappeared.

Washed with tears, the face bones of this giant skull gradually turned black, as black as charcoal. As long as the skeleton bones dripped with tears, they gradually became ink color, as if they were painted in ink. On the skeleton's body, the black smoke wheel gradually released from him!

General Sanlu's face became more dignified, and the mysterious ice spirit axe in his hand slammed into the giant skeleton again!

Cang!

However, this time, the body of the giant skeleton only shook slightly, leaving only a mark on the black bone.

"This... a powerful defense..." General Sanlu was surprised!

Suddenly, General Sanlu felt a breath of death, but saw that the blade of the mysterious ice spirit axe in his hand turned black at this instant.

Inadvertently, General Sanlu's arm touched those black auras. At this time, there was a tingling and itching on his arm, and then his arm seemed to be growing grass, with some black hairs growing. .

General Sanlu was shocked!

"This...this turned out to be..."

General Sanlu can be sure that this kind of thing should only appear on the dead body, and it is on the dead body that has become refined, at this time the fluff appeared on his body. Within the veins of his body, the spiritual power began to be out of control, as if his spiritual power was nourishing the black fluff.

how is this possible?

General Sanlu's figure flashed, and he moved backwards, fleeing from the black smoke on the giant withered bones!

At this moment, a black spirit knife that was more than three feet long in that giant dry bone hand was cut down with black smoke!

The momentum of Mount Tai's top pressure caused General Sanlu's body to tremble slightly, and he quickly raised the profound ice spirit ax to block him!

Cang!

General Sanlu just blocked slightly, and his body fell down.

With fear in his heart, General Sanlu not only continued to fight, his figure flashed, he had appeared more than a dozen nautical miles away, and he wanted to take his people to escape!

At this moment, a red light flashed from the skyline of the sea and the sky!

Huh!

This red light slashed towards General Sanlu!

Chapter 4832: : Separate things

Huh!

A ray of blood!

The blood splashed more than half a foot tall!

General Sanlu was alert and had already raised the Xuanbing Spirit Axe to stop him!

However, the red light still instantly cut off the handle of the Xuanbing Spirit Axe, and cut off General Sanlu's arm with black fur.

This arm was still holding on to the handle of the Xuanbing Spirit Axe, but it had fallen downward!

General Sanlu let out a scream, his eyes quickly swept around, and said angrily: "Who is it? I dare to attack my General Sanlu!"

no answer!

Only one blade suspended in mid-air appeared in front of him-Hong Zhan!

General Sanlu remembers this and demon sword!

Nearly ten thousand years ago, it was this demon sword that was disturbed by the emperor of the Netherworld, and the level of the domain master was turned upside down. The four super \*\*\*\* families originally wanted to use this demon sword for their own use, but found that every generation of the demon sword will die. It was so miserable, they simply couldn't surrender this red cut.

It is precisely because of this that the four super-god families did not intervene in the affairs of the domain master emperor and domain master, and the demon sword was banished through the gate of the restricted area.

At this moment, the whole body of the Demon Sword was blood red...It was as if blood had infested the entire Demon Sword's blade.

The evil spirit on the demon knife is stronger and heavier!

Several dragons roared from under his feet, and General Sanlu suddenly lowered his head, only to see that his severed arm that was chopped off by the red chop had already been entangled by dozens of purple electric dragons at this time! With a loud noise, the broken arm was instantly exploded into flesh and blood, and disappeared completely!

Li Tian, Xiao Tianyi, Xiao Qingwa, Tang Xiaolong have teleported over!

Not far away, the silhouettes of super-domain master-level powerhouses such as the Sea-Monster Clan, Water Ghost Clan, and Fifth Water Moon flickered, and they had also surrounded them!

General Sanlu saw his tribe of the Sanlu Super God family, except for a strong man who died in battle, all the others were captured alive, without exception!

With so many superdomain master-level powerhouses appearing, even if General Sanlu had the power of a maternal grandmother, he would still kneel here.

Let alone save the tribe of the Sanlu Super God Family, this is absolutely impossible! The Arabian Nights!

Huh!

A black light slashed, but the black spirit knife in the hands of the ink giant skeleton slashed towards General Sanlu again.

Huh!

A red light flashed, but Hong Zhan slashed towards General Sanlu from another direction!

General Sanlu had already broken his arm and dared not resist any more.

Huh!

General Sanlu used teleportation and instantly escaped more than ten nautical miles.

"Li Tian, the revenge of the broken arm, my general Sanlu can not hold the grudge, but... if you dare to touch one of my Sanlu Super God Family, I will let you know the consequences of angering the Super God Family!" General San Lu A dozen nautical miles apart, shouted at Li Tian.

If Xue Ji is still alive, then Li Tian and General Sanlu may lie to each other and make false impressions.

However, Xue Ji has already died in the hands of General Sanlu. In addition to Li Kuafu's past life more than 7,000 years ago, Li Tian and Sanlu's super \*\*\*\* family already have an antagonism to each other. How could Li Tian care about three? General Lu is a threat!

Huh!

Li Tian sent Xue Ji into the space of Void Yasha, teleported, and came to the Sanlu super \*\*\*\* family who had been controlled by the parallel imports and others.

"Obscene God, this domain master will come to you first to try!" Li Tian said to the Obscene God.

Speaking of Li Tian stretched out his hand and pressed it on the head of one of the domain master-level experts, the obscene \*\*\*\* released dozens of transparent-colored tentacles and instantly got into the body of the domain master-level master. The strong screamed, and then the spiritual power in his body was continuously absorbed and swallowed by these transparent tentacles!

"Zhuzi, dare you...!"

General Sanlu flew into a rage, but Li Tian didn't catch his anger at all. He stretched out his hand, and General Sanlu waved his hand and said, "The super-domain master of the Sanlu super \*\*\*\* family has so shamelessly attacked a weak woman. If you are a real man, come and fight my Li Tian decisively! Regardless of victory or defeat, Li Tian will never embarrass your people again!"

"You dare?"

Li Tian's words are full of provocation!

Li Tian knew that the strength of General Sanlu was above Xiaotianyi, and also above the parallel imports, water ghosts, and several other Sea-Monster superdomain masters. If you want to kill him, you must work together, otherwise one or three. General Lu's strength, if he wanted to escape, there was nothing to stop him!

"General, save us!"

Not all members of the Sanlu Super God family have spine. Seeing a domain master-level powerhouse was instantly sucked into a carcass by Li Tian, a few of these clansmen cried out and went to General Sanlu. For help.

The muscles on General Sanlu's face twitched slightly. He is a martial artist, but General Sanlu is absolutely rough and fine. If Li Tian's words can be believed, the sun will come out from the west.

"Li Tian..."

General Sanlu gritted his teeth and looked at Li Tian, but he dared not take a step forward!

"It seems that these people are not important to your General Sanlu, in that case..."

Snapped!

Li Tian kicked the body of the domain master-level powerhouse that had been sucked away, and grabbed a domain master-level powerhouse again.

The transparent-colored tentacles released by the obscene \*\*\*\* once again penetrated into the body of this domain master-level powerhouse, constantly sucking and devouring his spiritual power.

"Ah~"

This strong man just let out a scream, he has lost his resistance, and can only let the spiritual power in his body be absorbed uncontrollably.

"General! You...you can't leave us!"

The powerhouses of the Sanlu Super God Family were shrouded by the fear wheel of death, looking at General Sanlu, begging for mercy.

"Don't worry, my general Sanlu will tell the patriarch about your affairs, and my Sanlu super \*\*\*\* family will definitely avenge you!"

General Sanlu knew that he couldn't save these people, and even if he continued to stay here, it would only make him feel uncomfortable, and he might as well turn around and leave.

Huh!

With the fluctuation of spiritual power, General Sanlu disappeared out of thin air.

"It seems that your general Sanlu has given up on you! In that case, you will all die for me!" Li Tian said frantically with a fierce face.

"Obscene god, I want them all to become you and my spiritual energy! I want them all to die! All..."

Obscene God can feel the anger in this matter. As a former god-level powerhouse, he can't help Li Tian. He can only watch Xue Ji fall. This feeling makes Obscene God very uncomfortable.

Suddenly, hundreds of transparent tentacles were released from Li Tian's body.

These powerhouses of the Sanlu Super God family are suspended in the air. Each powerhouse has at least dozens of transparent shots in his body. At this time, Li Tian is like an octopus, and those spiritual powers are constantly moving. Li Tian's body is flowing inside.

"Xiao Litian, the sorrows have changed smoothly!"

"Xiao Litian, listen to my obscene advice, no matter what you must practice, you must become stronger! The Nether Realm is the weak and the strong, but the God Realm is even more desperate. Only you become stronger, not only become stronger, become the strongest A big existence, then others will be jealous, fear you, and respect you!"

It's not that Li Tian doesn't understand the truth of obscene God's words, but... Li Tian can't do it now, and now he just wants to kill these Sanlu Super God family members!

call!

The \*\*\*\* of obscenity let out a sigh and said: "Xiao Litian, throughout the ages, at present, at home and abroad, the world of the underworld, the other world, is not a precedent for resurrection without death, such as Tang Xiaolong! Instead of you being sad here, why not go to the Sixiang Old man, see if they can have a chance to save Xue Ji..."

A word to wake up the dreamer!

Li Tian was already desperate, but his obscene words awakened Li Tian!

That's right! Why didn't I think of this problem?

"Xue Ji, maybe there is still something to save..."

"Huh? A surprise! Li Tian boy, among the clansmen of the Sanlu Super God family, there is still a super domain master who is in the middle of the first level! Hahaha, as long as I absorb and refine all his spiritual power After that, I can condense my body!" The obscene \*\*\*\* laughed twice, and suddenly felt that it seemed inappropriate to laugh at this time, and immediately began to absorb the spiritual power of these Sanlu Super God family members.

Li Tian felt the surging spiritual power constantly rushing into his veins, and then flowing into his heart.

Chu Jiangnan entered the devil, and the water ghost millet soared. Even if Li Tian absorbs more spiritual power, it is difficult to refine it easily at this time, and can only slowly figure it out.

In just a few minutes, seven or eight members of the Sanlu Super God family were sucked into corpses and fell into the ocean, becoming food for fish, shrimps and crabs!

"Li..." Situ Ningbing came to Li Tian, stretched out his hand to put Li Tian in her arms, and said: "It will all pass, and now we have been at war with the two super \*\*\*\* families of Donggong and Sanlu at the same time, and Xiuyu The relationship between the Super God Family is also in an extremely dangerous situation. Now, let's follow the Sea-Monster Clan to the Underworld and enter the secret realm for cultivation!"

"Only when we all become stronger can we get revenge!"

"No! Ningbing, maybe there is still a chance! I want to return to the Lord of Frost Territory and take the old man of the four elephants here to see if there is a chance to bring Xue Ji back to life!" Li Tian said firmly with his eyes.

Situ Ningbing worried that Li Tian would hope the greater the hope and disappointment, but when he saw Li Tian persisted, he did not object. Approaching Tang Xiaolong is a living example of Li Tian. It is not easy to convince Li Tian.

"Parallel, now the water ghost tribe has no leader. I want you to return to the water ghost tribe and continue to lead the water ghost tribe to practice. There are many super domain master level experts in the water ghost tribe. However, everyone's cultivation is generally low. To a strong like General Sanlu, as long as three or four, all the strong of the water ghost clan may fall!" Li Tian said to the parallel imports again.

Parallel products used to be the second in the world, and he looked like he was arrogant. This time he came out with Li Tian, and he learned that there are mountains outside the mountains and there are people outside the world. Finally, he also knows that the water ghost millet is well-intentioned.

"Sorrow! Lord Li Tian, our water ghost clan is waiting for the day when the adults lead us to kill the super \*\*\*\* family territory!" Parallel goods also confessed to the water bird, asking him to protect Li Tian's safety no matter what. I greeted everyone and disappeared instantly.

Chapter 4833: : Kill to vent your anger

The Fifth Shuiyue who secretly helped Li Tian led the people of Nether Academy, teleported to Li Tian: "Elder Li Tian, the Colosseum has already been understood, and I will return to Nether Academy. It is your solid backing!"

This time the Fifth Shuiyue adventure assisted Li Tian, and now she must rush back to the Nether Academy as soon as possible to inform the old dean, the elder and others about the Colosseum, so that they can prepare early.

"Be careful and have a smooth journey!" Li Tian's clothes were covered with blood, and he didn't give it to Fifth Shuiyue Yongao. He just grabbed her hand and said.

What did Fifth Shuiyue want to say to comfort Li Tian, but in the end she didn't say it, and left with the people from Nether Academy.

The water bird carrying a tattered corpse came to Li Tian and said, "Master Li Tian, this is the corpse of the white light old man you want. These birdmen of the Sanlu Super God family still want to \*\*\*\* them, but they are We killed one person!"

Li Tian looked at the skinny corpse of the dimmed old man, and saw that the corpse's left hand finger was wearing a space ring. Li Tian wiped the space ring off and put it in the skin. There was already a black flame on his arm. Want to burn the body of the white light old man.

However, what made Li Tian feel surprised was that the black spiritual power flame only burned the clothes that looked like rags outside the white light old man's corpse, and the white light old man's corpse was safe and sound.

As mentioned earlier, when Shuiguiguzi bombarded the old man with white light, Li Tian saw that the old man with white light seemed to be a dog. Now all his clothes have been burned and his body is completely exposed. Hey, it is really an old dog!

An old dog with almost all the fluff off!

This white light old man was originally not a human, but a ghost beast in the realm of a demigod, but this fellow was also sadly reminded not to be wanted. He failed to ascend in the day, and finally he was beaten back to his original form, even if he could transform into a human. It will not last long.

More importantly, the strength of this old dog was seriously damaged.

"This old dog's corpse is so powerful that it can't even use my flame..." Li Tian's words had not yet fallen, and the flying red sword flashed in front of Li Tian, as a red light flashed, red Zhan has divided this old dog's body into two!

A beast crystal fell from this corpse!

Li Tian's eyes were quick, and he took the beast crystal in his hand.

The beast crystal of the ghost beast of the demigod realm!

Even if this old dog fails to ascend and his cultivation base is severely damaged, this beast crystal is at least much stronger than the superdomain master ninth-level peak beast crystal, and the spiritual power contained in it is not comparable to the ordinary superdomain master-level ghost beast beast crystals. .

The powerhouse of the demigod realm, or soaring into the \*\*\*\*\* realm.

Even if you can't ascend, the powerhouse of the half-god realm will find a top secret place to become their corpse hiding place when they know their fate not long ago. It is impossible for ordinary people to get it. This thing.

But he didn't expect that the corpse of the old white light could fall into Li Tian's hands, and the demigod-level beast crystal could fall into Li Tian's hands.

"Is it for Xiaoqing Tile? Or is it for Brother Ziyang Thunder Bear?" Li Tian hesitated.

At this moment, the obscene \*\*\*\*\* who was refining spiritual power in Li Tian's heart suddenly moved, "Little...little Li Tian...this is a semi-god-level beast crystal, and the spiritual power in this beast crystal is too surging. And powerful, even the Purple Flame Thunder Bear and Little Blue Tile can't be surrendered and used! It's better to give it to me..."

"Here it is? You refine the spiritual power you just absorbed, can't you condense it out of your body?"

"Yes, that's right! But even if I can condense my body, my cultivation level can reach the first level of the super domain master at most. If Xiao Litian meets a powerful person like General Sanlu, we are still helpless. ! And this beast crystal, you gave the purple flame thunder bear and the little blue tile, even if they don't explode and die, they want to completely refine this spiritual power, it is impossible for them not to have decades or hundreds of years!"

"However, I am a former god-level powerhouse. As long as this beast crystal is given to me, and I refine this beast crystal, my cultivation level should be able to reach the superdomain master's eight or ninth level by that time! When we meet General Sanlu, we can get revenge!" The God of Obscene said excitedly.

revenge!

There is nothing more attractive to Li Tian than this. Li Tian did not hesitate, "Then this beast crystal will be handed over to you!"

The obscene \*\*\*\*\* was overjoyed, stretched out the transparent color to shoot, directly rolled up the beast crystal, and forcibly pulled into Li Tian's body!

As for the space ring left by the white light old man, Li Tian had no intention of looking at it now, and even the treasures on the Colosseum, Li Tian had no intention of looking for it.

The three super-domain master-level powerhouses of the Sea-Monster Clan were ordered by the patriarch to follow Li Tian.

Although they felt that it was very, very unreliable for Li Tian to resurrect Xue Ji, they did not stop it either.

Maybe you can witness the birth of a miracle?

If they knew that Tang Xiaolong next to them was a miracle, they really didn't know what they would think in their hearts.

...

Li Tian abandoned the flying treasure ship and left the flying treasure ship in the Colosseum. He only sent the people on the flying treasure ship into the space of Qiong Spear of the sky, and then began to take the super domain masters through continuous teleportation. Depart from the Lord's Kingdom of Frostland.

The distance of this teleport is limited!

It does not mean that Li Tian can return to Lord Yushuang's Venerable Kingdom in an instant!

In the vast sea, there are many islands. The distances of these islands vary from far to near, and these islands are the footholds of the powerful people above the noble level teleport!

Huh!

Huh!

The figures of Li Tian and others kept flashing!

In less than a few minutes, they had been teleported to an island at least thousands of seas away from the Colosseum.

Such ultra-long-distance teleportation consumes a huge amount of energy. Even if Li Tian is a domain master-level powerhouse, he still needs to take a break after continuous teleportation, just like... come on.

Huh!

Li Tian and others appeared on an island.

At this time, the island they were on was only seven or eight domain master-level venerable kingdoms from the mainland.

The area of the island is small, and the perimeter of the island is only a dozen kilometers.

There is only one mountain range on the island, a large green jungle.

Li Tian and others stood on the ground, resting in place!

By running the spiritual power, it only takes a few weeks to adjust, teleport again, and then they can teleport directly to the land continuously.

Huhu!

The sea breeze howls!

At this moment, Li Tian seemed to hear a scream from the other side of the island in the sea breeze.

This scream Li Tian is so familiar, it feels like...

Situ Ningbing also heard the cry for help, looked at Li Tian excitedly, and said, "Ye Liangchen?"

"No...impossible! The Third Young Master and Ye Jingjing have been killed by the Donggong Demon Eye in Yecheng!"

Li Tian also felt that the call for help was like Ye Meijing's voice, but he didn't believe that Ye Liangchen was still alive, nor that Ye Liangchen would come to this island.

...

On the other side of the island, here is a cliff, and the waves are constantly beating the shore, as if a giant beast is roaring.

On this cliff, there are several caves eroded by sea breeze, and the caves are at least ten feet away from the sea.

Because it is far away from the mainland, here is the back of the island. It can be said that this place is rare. Even if the powerful people above the venerable level teleport and land on this island, they will not stop, they will teleport away instantly.

However, in this cave, there is a domain master powerful Nether Beast!

"Call it, whatever you call it!"

"Hey, I really didn't expect that there are people who have the courage to follow me to this island and follow me to my cave. How should I praise your spirit of sending you to death?" This domain master Nether The beast said with a sneer.

At this moment, in front of him, the third Young Master Nether was beaten and fell on the ground with a swollen skin, and he didn't know if his legs and arms were broken.

"Although this little Pi Niang is not our Nether Beast race, but... hey, since my cultivation reached the realm of the domain master, my taste has gradually changed. It is not unacceptable for human beings! How about, Xiaopi Mother, as long as you follow me, I will release these three wastes!" said the master of the Nether Beast Domain.

Ye Liangchen was bloodstained all over, desperately trying to protect Ye Jingjing, but he just got up and took a step before falling to the ground again!

"Little girl, run away, leave us alone!" Ye Liangchen said, crawling on the ground.

The Netherworld Beast Domain Master smiled very happily. He sat on a stone chair and said with a smile: "Escape? Hahaha, where do you go? You have a chance to escape in front of a domain master like me. ?"

Can't escape!

"You little Pi Niang, I only show you a face when I think you are a bit attractive, do you really think that I will not dare to eat them in human form?"

"Believe it or not I strengthened you, and then eat them all. I'll tell you, I'm limited in patience, and finally give you ten numbers to consider, otherwise..." A trace of anger flashed across the face of the Nether Beast Domain Master, Shouted at Ye Meijing.

"If I were you, I wouldn't do this. Instead, I would kneel on the ground and beg this beautiful lady for mercy..." Suddenly a voice came coldly from outside the cave, and then a figure had walked in from outside the cave.

The Third Nether Master, Ye Meijing, and the master of the Nether Beast Domain looked at the incoming figure at the same time!

"Li Tian..."

"Brother Li Tian..."

"You are Li Tian! So you are the Emperor Li that they said? Hahaha, the tone is so big, but..."

The master of the Nether Beast Domain hadn't finished speaking, and the figure flashed with a flash of spiritual power on the sharp claws, and he had already pounced on Li Tian!

Li Tianfei kicked and kicked directly on the stomach field of the dying funny girl, and kicked the goods on the stone bench.

The stone chair collapsed, and the Nether Beast Domain Master sat on the ground, poof! A burst of blood spurted out.

"You... are you actually a domain master-level powerhouse? Not the emperor?"

"Emperor? I'm not anymore!"

Huh!

Huh!

Huh!

Several figures continuously appeared behind Li Tian, this was either the emperor or the domain master, and more of them turned out to be super domain master-level powerhouses.

This domain master-level ghost beast was scared to pee in an instant!

Li Tian raised his hand abruptly and said coldly: "The Third Young Master Nether, kill him! Kill him!"

Chapter 4834: : Disappointed hope

"Did this beast act against you?" Li Tian asked.

Ye Meijing shook his head, put his arm around Li Tian's arm, but tears fell back and forth, crying: "Li Tian, my father...Father respect him...oooo"

"I know, Donggong Yaotong and Donggong Jiangshan did it! Both of them have been beheaded by us, and we will get revenge!" Li Tian said.

Hearing that Li Tian had taken revenge, Ye Meijing cried for a while, and then gradually stopped.

.

After communication, Li Tian knew that the third son of the Netherworld and Ye Meijing had escaped because of going out for a trial, and when they returned to the kingdom of the Lord, their father had been killed.

The Three Young Masters guessed that this matter must be inseparable from the Donggong Super God Family. The three wanted revenge, but they did not have a specific revenge object. The three of them discussed it and decided to find Li Tian in the Lord of the Frostland Kingdom. .

After arriving in the kingdom of the Lord of the Frost Territory, they knew that the murderers who killed their father were the Donggong Demon Eye and Donggong Jiangshan of the Donggong Super God Family, and they already knew that these two Super Territory masters had gone to the Colosseum. , Ready to kill Li Tian halfway.

A few of them set out from the Venerable Kingdom of the Frostland Lord, and wanted to go to the Colosseum to find Li Tian.

However, their cultivation ability is limited, it is not easy to reach the Colosseum.

Besides, they were not invited by the Colosseum, and they didn't even have the qualifications to board the Colosseum. Later, several people discussed that a venerable who was on the mainland had to stay and waited for the end of the Colosseum. Then make the next step.

In this kingdom of the Venerable, by chance, they heard the domain owner boasted after drinking that he was the owner of a small island, guarding a magical treasure, and this treasure is of great help in improving cultivation. , As long as it is applied properly, it is not impossible to reach the super domain master level.

The Third Young Master Nether is eager for revenge, so he wants to secretly follow the Nether Beast Superdomain Master, so as to steal the treasure he guards.

After arriving on this island, the Third Nether Master and Ye Meijing stayed on the island for seven or eight days. Only then did the Nether Beast Domain Master leave the island again, and then they came to this cave.

Who knew they were looking for the treasure in the cave, and the Nether Beast Domain Master returned.

Li Tian already knew about the next thing, this Nether Beast was not a promising Nether Beast, and he had to express a little thought about Ye Meijing.

At this time, the soy sauce party Nether Beast Domain Master had been beaten to death by the angry Third Young Master Nether several times. If it weren't for the domain master-level powerhouse with a thick skin, I'm afraid he would have been beaten to death by the Third Nether Master. .

"Tell me what treasure are you guarding?" Li Tian asked.

The master of the Nether Beast Territory has been beaten into a pig's head. He kneels in front of Li Tian with a blue nose and swollen face. He keeps begging for mercy in front of the many powerful men behind Li Tian: "Several adults, the villain is bragging. What treasure can I have on this broken

island? Just a broken key. If it weren't for a super power to inspire me, let me break into the realm of the domain master and transform into a human form, I would not guard this broken key. Yeah!"

"Several adults, uncle, I have already said everything I know, I will give you the key, and please don't kill me, leave me a dog!" The master of the Nether Beast domain begs for mercy Tao.

key?

Li Tian has already figured it out.

I am afraid that this Nether Beast Domain Master left the key to protect Chu Jiangnan, so he had to stay here.

However, it is clear that the guardians left by Chu Jiangnan are very unreliable, and they like to do things that bully men and women, otherwise, this key would not be obtained by Li Tian.

"Take the key out!"

"Can you let me go, your lord?" The Nether Beast Domain Master bargained!

"Why don't you hand it over, I will interrupt your three legs, or I will kill you, I will find it myself!" Li Tian said coldly.

Woo, the Nether Beast Domain Master burst into tears suddenly.

Isn't it just bragging? It's too risky to provoke so many emperors, domain masters, and super domain masters!

However, he didn't dare not hand it in, so he could only hand over the key he guarded with the box to Li Tian.

Li Tian said to do it, and as expected, the Third Young Master interrupted the three legs of his lower body, and then let him go.

With the addition of this key, Li Tian and Nether Academy already have four keys, and the remaining three keys can open the secret realm door of the underground library.

These are not important points!

Then Li Tian sent the Third Young Master and Ye Meijing into the space of Qiong Spear of Heaven and continued on his way.

After about three more days, Li Tian and others kept teleporting, even if it was the Venerable Kingdom of the domain master-level powerhouse, Li Tian and others also teleported past.

Those domain master-level powerhouses didn't dare to provoke Li Tian, they could only open one eye and close another, pretending that nothing happened.

Returning to Lord Yushuang's Venerable Kingdom, Liu You had already returned from the Spirit Earth Desert. He did not expect that he would only go to the Spirit Earth Desert once. So many things happened in this Venerable Kingdom, and he also managed to hide. After a catastrophe.

After seeing the Sixiang old man, after a brief greeting, Li Tian expressed his intention.

"Little baby Li Tian, it's not that we don't want to help you, it's just..." The old man Qinglong shook his head, glanced at the other three old men, and then said: "This is a change of fate, with several

extremely important links. , There can be no mistakes in any link, and then it is possible to come back to life!"

"First, the dead body is well preserved!"

"Secondly, the dead soul of the deceased did not go far because of some fetters or resentment!"

"Third, the deceased's cultivation base can't be stronger than our four old guys!"

"Fourth, even if all of the above are available, there is only a certain probability problem."

"and so....."

Looking at Li Tian's painful expression, the Sixiang old man closed his mouth one after another, not knowing how to continue talking to Li Tian.

Li Tian was very disappointed and desperate!

Life and death, unless those cultivators who cut off emotions, or very few people can look at it lightly and openly at the time.

At this moment, a voice came from Li Tian's mind: "Little Li Tian, if you are sure you want to save Xue Ji's baby, it will not be impossible!"

It was another molestation of God, and another sentence made Li Tian instantly full of hope!

"You said, you want to save her like this?"

"If you die, you won't be able to resurrect. As long as your cultivation reaches the level of a demigod, you will have the opportunity to turn on the ghosts!"

demon? Isn't this the place Xiao Tianyi dreamed of after fainting last time?

After half a month, Li Tian heard the name again.

Li Tian couldn't help thinking of the Yin Cao Jifu in the Chinese myths and stories of the earth world!

Is it that ghosts are like the overworld in the legend of the earth world?

The obscene \*\*\*\*\* can know Li Tian's thoughts, and continue: "If you want to understand the ghosts, we must first introduce the gods I know. The water ghost Guzi ascended in the day and entered the gods, but you know that he ascended and entered. Is it that \*\*\*\*\* realm?"

Li Tian was immediately confused by the question.

"Isn't there only one God Realm?"

"No, no! Just like the earth world and the nether world we live in, there is not only one \*\*\*\*\* realm. Have you forgotten the pictures you saw in the battlefield of death? That is between different \*\*\*\*\* realms. War scenes."

"Different \*\*\*\*\* realms govern different small realms. The number of small realms that we live in now corresponds to five or six hundred small realms. It is considered a relatively medium \*\*\*\*\* realm, and a larger \*\*\*\*\* realm. Governs thousands of small worlds."

Li Tian's worldview gradually became clear.

"No matter how many \*\*\*\*\* realms there are in the wild universe we live in, but all the powers of the \*\*\*\*\* realms and small realms fall, ordinary people, and animals will enter a place, that is, ghosts!"

"That is to say, there is a ghost in the countless gods! But don't worry, just like the six reincarnations in the legend of the earth world, most of the dead souls who enter the ghost will forget their past. Such dead souls will soon Will be reincarnated, born in a small realm of a different \*\*\*\*\* realm."

"These reincarnations, few people can remember their past lives, but they do not rule out special circumstances! And for some special reasons, those dead souls who will not forget the past when entering the ghost will stay in the ghost!"

"So, if the girl Xue Ji hasn't reincarnated, maybe she will stay in the ghost mythical creature, as long as you can enter the ghost mythical creature, you may meet again, but... this chance is very slim! It's not as good as you expect Xue Ji Nv's baby can be reborn as soon as possible..." the \*\*\*\*\* of obscenity shook his head and said.

"No!" Li Tian said decisively: "Xue Ji will definitely not forget me, she will definitely be waiting for me in the ghost, so anyway, I must go to the ghost!"

The obscene \*\*\*\*\* admired Li Tian very much, and continued: "However, there are a total of eighteen layers of ghosts, and each layer is vast. It is less difficult to meet her in the vast ghosts than to find a needle in a haystack..."

"There is a saying in the earth world that we are bound to meet for thousands of miles. I believe her, and she will also believe me! We will definitely meet in ghosts!" Li Tian finally showed a rare smile on his face.

"Okay! But I still have to remind you that even if you meet in a ghostly mythical creature, at that time Xue Ji's baby was only in undead state. If you want Xue Ji's baby to be resurrected, you must keep her current body intact. Maybe there is still a chance to bring her back to life." The \*\*\*\*\* of obscenity said.

"Relax, I have let Void Yasha open up another space, a vacuum space dedicated to park Xue Ji's body! Xue Ji has fallen asleep peacefully in it, and when we meet next time, it will be when she wakes up!" Li Tian said.

Every dark cloud has a Phnom Penh, and all the pain in life will have hope!

Xue Ji's sudden death caused Li Tian's world to be covered by dark clouds, but now, Li Tian finally saw the dark clouds of Phnom Penh.

Li Tian held Hong Zhan tightly in his hand, his eyes firmly muttered to himself: "Xue Ji! Wait for me..."

## Chapter 4835: : The changes of Hongzhan

The obscene \*\*\*\*\* said very clearly that only when the cultivation base reaches the state of a demigod can it be possible to open the ghost mythical creature and enter the ghost mythical creature, so Li Tian's most important task now is to cultivate and revenge!

In the home of Lord Liu Youyu (originally from Lord Frostland), a magnificent building like a royal palace stands north of the capital of Lord Liu Youyu.

This building has always been a training place for Lord Yu Frost.

The country has changed, and this place has become Liu You's training place, but today the owner here is Li Tian.

A hall was empty. Only Li Tian was sitting in the middle of the hall. The breeze blew, and the Manbu hanging around the hall was fluttering in the wind.

Li Tian sat cross-legged on the ground, staring at Hong Zhan floating beside him!

Just the day after Li Tian and others arrived in the kingdom of Venerable Liu You, the entire Netherworld was completely stunned by the news.

Corpse!

It was the race that got out of the Three Corpses, but it was exterminated!

This is a few major genocide events in the history of the Netherworld for tens of thousands of years!

You know, even for the four super \*\*\*\*\* families, it is extremely difficult to destroy a race.

However, the corpse race was really annihilated!

The corpse race was destroyed, and the most amazing thing is that no clue has been found so far, as if these corpse races were all beheaded overnight.

"Did you?"

Li Tian stared at Hong Zhan who had been suspended in front of him for a few months, and his tone was flat, as if he was chatting with his old friend.

Hong Zhan slightly swayed from side to side twice, as if she was shaking her head in denial.

"You didn't do it?"

Hong Zhan swayed slightly left and right again, as if still denying.

"Hahaha!" Li Tian suddenly laughed.

He wanted to annihilate the corpse clan a long time ago, but he has not spared this time.

Don't say Li Tian is cruel, cruel your sister!

The earth world was almost destroyed by the three little corpses of the corpse clan, and they established their corpse kingdom. Are they not cruel?

If this kind of hatred is not avenged by extermination, no other vengeance will be able to resolve the hatred!

But fortunately, without Li Tian's action, the corpse clan is now annihilated.

"In the entire Netherworld, I really don't know who else has such a big hatred with the corpse clan. Isn't it who you are? But...you did a beautiful job! Welcome home!" Li Tian smiled and stretched out his arm to Hong Zhan. Opened his palms.

Whoosh!

Hong Zhan flew directly into Li Tian's palm!

A familiar feeling returned to Li Tian's hands, as if... Li Tian held a woman's arm!

After a few months, Hong Zhan has changed!

The body of the former Red Slash was not blood-red, but the blade of the current Red Slash seems to have just been infested from blood. Even if it is more than ten meters away from the Red Slash, you can smell it. The smell of blood!

Moreover, Hong Zhan is much stronger than before. Slashing General Sanlu is the best proof. This may be because Hong Zhan swallowed the entire corpse clan corpse crystal, which made Hong Zhan's own strength a certain improvement.

However, Hong Zhan is just a weapon!

How could she be so spiritual?

Does she still fail to cultivate herself?

Holding Hong Zhan tightly, Li Tian could feel that there seemed to be some kind of connection between him and Hong Zhan.

As long as Li Tian relaxes, Hong Zhan will release a silky substance entwined with Li Tian, as if being touched by a beloved woman.

Li Tian couldn't help closing his eyes, enjoying the pleasure.

Before he knew it, Li Tian fell asleep.

In the past few days, Li Tian didn't close his eyes, and finally fell asleep at this time!

I don't know how long it took, Li Tian opened his eyes, the sky was already dark, there was no light in the hall, and no one else existed. Except for Xiao Tianyi, the other super domain masters were sent by Li Tian. Go out and go to other territories, kingdoms, or empires to deliver news.

The Donggong Super God Family played a sneak attack shamelessly, and it is difficult to guarantee that they and the Sanlu Super God Family will play again. For safety reasons, Li Tian decided to abandon these noble kingdoms and empires. Then take everyone to the Nether Cry Sea of the Nether Continent to try in the secret realm.

Of course, the premise is that these powerhouses are willing to follow Li Tian.

Li Tian knows that these people such as Little Hot Pot will definitely not have any problems, but the long-established powerhouses such as the Star Domain Master and the Great Emperor may not follow Li Tian. They and Li Tian are not affiliated. It is a cooperative relationship, and Li Tian can't force others.

Xiao Tianyi is responsible for the security of the entire building, which makes the entire country of Venerable Liu You very safe.

Li Tian let out a breath, he hasn't been so comfortable in sleep for a long time.

Even in his sleep just now, Li Tian's body stopped practicing, and he was completely relaxed.

"Huh? Where's Hong Zhan?"

Li Tian suddenly discovered that Hong Zhan had disappeared!

Before Li Tian fell asleep, Li Tian held Hong Zhan in his hand. It was as if Hong Zhan was doing a massage for Li Tian, but now he disappeared.

Li Tian sat up, his gaze slowly swept around, there was still no shadow of Hong Zhan in the darkness.

"Isn't it because I lost my temper and left by myself?" Li Tian couldn't help thinking.

But at this moment, Li Tian suddenly smelled a strong smell of blood!

Hong Zhan is still nearby, but where can she go?

Li Tian used his mind to communicate with Hong Zhan, and wanted Hong Zhan to fly back to him.

Li Tian's heart moved, and he really felt the presence of Hong Zhan. At this time, Li Tian's clothes, as thin as cicada wings, instantly turned into Hong Zhan's appearance.

"This... how is this possible? Did Hong Zhan just become a shirt on my body?" Li Tian thought in surprise.

"Hong Zhan, did you change your clothes just now?" Li Tian asked.

Hong Zhan's blade nodded slightly, as if confirming the answer!

Damn it, it's still true!

When in the earth world, Hong Zhan merged with the nine-color corpse crystals in Li Tian's heart to transform into bone armor.

But now, the nine-color corpse crystal has long been fused with the spiritual power of Li Tian's cultivation, but he did not expect that Hong Zhan could still become a garment.

With Hong Zhan's current cultivation base, turned into a garment, then this garment definitely possesses extremely strong defensive power.

More importantly, the red sword and white city clothes worn on Li Tian is an extra secret weapon. If Li Tian is at war with an enemy, as long as Li Tian's mind moves, Hong Zhan will suddenly change back to weapon form. The opponent was shocked, and if the sneak attack is reasonable, it may not be impossible to kill the opponent!

Li Tian suddenly came of interest.

"Hong Zhan, how did you do it? Let me see when you turn into clothes again!" Li Tian said.

The Red Zhan in Li Tianshi's hand seemed to have understood what Li Tian said, releasing something like silk through the hilt of the Red Zhan.

"That's how it feels!"

Li Tian felt his whole body in a relaxed state again, as if someone was massaging Li Tian.

Li Tian stared at Hong Zhan, and saw that Hong Zhan had turned into a layer of blood red silk and gradually covered Li Tian's body, turning into a red cloak!

"Awesome!"

Wearing the costume formed by Hong Zhan, Li Tian felt as if someone was holding him, and a sense of security emerged spontaneously.

As long as Li Tian is willing and his mind moves, Hong Zhan will turn into a blade again!

"Hahaha, this is good! If you want to sneak attack on someone, just get close to him, and then you can sneak attack him silently!" Li Tian danced happily.

Li Tian jumped up, and his figure appeared outside the hall of this kind of palace.

"Xiao Tianyi, we've been here!" Li Tian said.

Even if Xiao Tianyi still wears sunglasses at night, seeing Li Tian's interest, he is unwilling to attack Li Tian, and said with a slight smile: "Dad Li Tian, you are not my opponent! I am afraid that I will hurt you by losing my hand!"

This stinky boy, can't you give me some face!

"Fight in the domain, stop here! Explain in advance, I have a big killer, you can pay attention to it!" Li Tian said excitedly.

Xiao Tianyi finally got a little bit of interest, "Okay, then let's try it out!"

With that said, Yu wheeled the entire palace in an instant.

Huh!

Li Tian's wrist flicked, and the Heavenly Qiong Spear appeared in his hand. With a light touch on his feet, he opened the distance between him and Xiao Tianyi in an instant, and then said: "Little Tianyi, are you ready? I can come! "

"bring it on!"

"What a \*\*\*\* boy!"

Li Tian flew up, his body shadow drew a line in the shady domain, and then...the tall Underworld King appeared instantly behind Li Tian. Purple lightning appeared in the Underworld King's pupils, which looked extremely dazzling in the darkness.

drink!

Li Tian burst out, and ninety-nine black fire purple dragons appeared on his body instantly, and then these black fire purple dragons, the dark underworld, and Li Tian attacked Xiao Tianyi at the same time.

Little Tianyi really won't let Li Tian, at the moment the Dark Underworld King appeared, a giant skeleton nearly two hundred meters tall also appeared in front of Xiao Tianyi, and the eyes of this giant skeleton were jet black. , A black spiritual power sword in his hand slashed directly at the head of the dark underworld!

The Dark Pluto used the trident in both hands to block it, and in the other two groups of flames, two electric dragons blasted at the giant skeleton at the same time.

boom!

With a loud noise, the Dark Pluto was instantly beaten!

The body of the giant skeleton just shook slightly!

As soon as the ninety-nine black fire purple dragons in front of Li Tian appeared beside Xiao Tianyi, they were swept away by a thorn in Xiao Tianyi's hand and completely dissipated.

"Dad Li Tian, you are not my opponent, you surrender!" Xiao Tianyi said with a smug smile on his face.

At this time, Li Tian's body was already approaching the giant skeleton!

This giant skeleton is formed by the spiritual power of the small Tianyi, and he understands it with Xiaotianyi's mind. Naturally, he will not really hurt Li Tian. I saw the black sword of spiritual power in the hand of this giant skeleton disappeared and then opened the huge The palm of his hand suddenly grabbed Li Tian.

"opportunity!"

The moment the giant palm was about to catch Li Tian, a red light suddenly flashed from Li Tian's body, instantly cutting off the five fingers of the giant palm!

Between the lightning and flint, Xiao Tianyi was stunned. After a while, he said excitedly: "Dad Li Tian...this...this is too sudden! Hong Zhan... can change into this form. If it wasn't you who killed it but me, I'm afraid I would have to defend myself with all my strength to escape by chance!"

Chapter 4836: : Legacy of the Beast God

Seeing that the fingers of that giant skeleton could be cut off, Li Tian was satisfied.

Li Tian has seen how powerful the giant skeleton is.

Hong Zhan can change into this kind of thing, Li Tian decided to keep Xiao Tianyi strictly confidential, not to talk about it to anyone, and this is Li Tian's future magic weapon.

After the competition with Xiao Tianyi, Li Tian returned to the hall again.

"Now I can finally look at the space ring I got from the old dog, the old white light!"

When he got this ring, Li Tian was in the most sorrowful period, and there was no time to look at the contents. Now, after a few days of calming down, Li Tian finally took out this spatial ring.

This space ring didn't know that it was made of the material above. It felt cold in the hand. Li Tian's divine sense flashed from this space ring. Sure enough, because of the fall of the white light old man, this space ring had become Nothing!

Li Tian immediately imprinted this spatial ring with his spiritual sense, and then the ring became Li Tian's thing.

Li Tian used his divine sense to open the space ring...

As Li Tian guessed, the volume of this space ring is very large, it should be about three to four hundred square meters in size. This space ring has a larger volume than those space rings obtained by Li Tian before.

Of course, not all powerhouses have space rings.

For many powerful people, this spatial ring is probably beyond the ability to be forced, and will not bring any help to their cultivation. On the contrary, it may affect their spiritual power because of this spatial ring. Show and play.

So, having been in the Netherworld for so long, this should be the first space ring Li Tian got.

Divine consciousness entered the space ring, and saw that this space of several hundred square meters was specially designed by the white light old man in the shape of "back". There are five floors in total, and there are shelves inside, just like bookshelves in a library. What are on the shelf are not books, but various treasures.

On the outermost circle of shelves, all kinds of gems, ores, and metals are stacked.

I don't know how long the old man Bai Guang has collected it. The items on a shelf alone are more valuable than all the collections of many territories and the whole country, and quality is not a concept at all!

On the shelf in the second circle, medicinal materials are stacked!

Since the old man white light is a ghost beast, he still spends most of his time in various jungles and mountains. It is precisely because of this that he can find so many medicinal materials. The cultivation base is of great help.

On the third circle of shelves, beast crystals were stacked!

Seeing these beast crystals, Li Tian felt that his eyes were about to be blind. The domain master-level ghost beast crystals, unfortunately...there are not many of these beast crystals, only a few dozen. It is estimated that the white light old man is approaching the ghost beast. , And reluctant to hunt the same kind.

On the fourth circle of the shelf, there are weapons and weapons hanging!

There is the same taboo on every weapon. It is possible that these weapons belong to the white light old man himself, or it is possible that this product has ransacked a weapons chamber. The quality standards of these weapons are all very good, at least they can reach treasures, or even spiritual weapons, but they are still far from the quasi-sacred weapons, but if they are used by the venerable powerhouses, they will definitely be robbed. Battered!

The last circle is not a shelf, but like a wall. It surrounds a table in the center. On this table, there is soft silk and satin. A black wooden box is placed on the silk. The wooden box is open. Inside each was a roll of animal skins and a wooden sign!

"This wooden sign is somewhat similar to the wooden sign given to me by Ziyan Thunder Bear. I don't know that the old man Bai Guang is dead. What use is this wooden sign keeping!"

Li Tian didn't think too much about this wooden sign, so he opened the roll of animal skins with his divine consciousness!

Well, fortunately, Li Tian studied the Nether Beast Art in the Nether Academy, or Li Tian is really not sure that this animal skin is "Inheritance of the Beast God".

Li Tian probably read the "Inheritance of the Beast God", this inheritance is divided into four parts, namely, the animal training chapter, the animal training chapter, the training chapter, and the weapon refining chapter!

However, the first sentence on this animal skin is, non-Nether Beast cultivation, it may be crazy.

I don't know if it is a threat or a real warning, Li Tian is afraid to take risks anyway.

"It seems that this beast \*\*\*\*\* inheritance is destined to be handed over to the Ziyan Thunder Bear and a few! Or, if their cultivation base is enhanced, then they will be a big help for me to bring down the super \*\*\*\*\* family!" Can comfort myself so.

After thinking of a good place for the most important "Beast God Inheritance", Li Tian began to think of a good home for the other things in this space ring!

Now, the core members of the Li Tianjun regiment have generally high cultivation bases, such as Li Tianyu's master realm, Tang Xiaolong's master realm, Situ Ning's ice emperor realm, little Tianyi super realm master, little hot pot emperor realm, and Xiaoqingwa The super domain master realm and the evil dog that has left are also the super domain master realm.

The things in the ring in this space are used again for Li Tian, but the usefulness is not very big anymore.

"Would you like to send these things back to the earth world? The earth world is now under the control of the kid Li Mu. If you can get the support of these things, the strength of Tianxia and Tianmen will definitely be improved again. It is also very beneficial!"

"There is also the Skystab Legion. This legion guards the gates of the forbidden area. It can also be regarded as a barrier to the earth world. Although it cannot guarantee that it can be a powerhouse above the super domain master, it is absolutely not allowed to let the three corpses. This kind of clown will go to Huo Huo Earth World!"

Thinking of this, the problem is much simpler.

But Li Tian still has a problem that he is worried about now.

That is, Li Tian has now angered the two super \*\*\*\*\* families of Donggong and Sanlu. If they come to deal with Li Tian, Li Tian is not afraid, but they are afraid that these two families are shamelessly dealing with similar things. Liu You waited for these people.

Unless Li Tian sends them to the emperor Qionghao's space again, Li Tian has no way to protect them.

How can this be good!

Suddenly, a thought flashed through Li Tian's mind.

"Yes, why don't I just imitate the earth world? Haha, I don't believe that if they do, Donggong and Sanlu Super God Family still have the face to deal with these weak people? First, write to Netherworld Academy , And also to the ancient Lingwen family, you must first get their support, and then write to the four super \*\*\*\*\* families...Haha" Thinking of this, Li Tian's mood instantly improved.

Chapter 4837: : Permanently neutral

Li Tian's idea is very simple. It is to build a permanent neutral country like the earth world.

Perhaps it is not appropriate to call a country, it should be called a permanent neutral zone. This neutral zone will never participate in any battle between families and the kingdom of the Lord.

Of course, this permanent neutral zone cannot be established by Li Tianlai, but by the refugees from the battlefield of death.

The ancestors of these refugees have already entered the battlefield of death, and every five hundred years, they will be cut by the strong practitioners from the underworld like cutting leeks. As for the mistakes made by their ancestors, blood has been used long ago. It's cleaned up.

Who the \*\*\*\* has the face to seek revenge from these people?

However, it is not easy to establish a permanent neutral zone. It is not that Li Tian shouts a slogan and immediately becomes a neutral zone.

The most important point is that it must be recognized by the most powerful forces, families, and groups in the Nether Realm, and this status will only be recognized after everyone has recognized it.

However, Li Tianhao still has some connections with large groups such as the Nether Academy, the Lingwen Ancient Family, the Southern Chu Chamber of Commerce, etc. As long as they get their approval, the Nether Academy will send people to help mediate from them, and those territories and empires should not Will refuse.

Of course, the final is the recognition of the four super \*\*\*\* families.

However, given the relationship between Li Tian and the four super \*\*\*\* families, if they did not unite to encircle and suppress Li Tian, they would already be kind to Li Tian, so how could they allow Li Tian to do such small actions.

Therefore, Li Tian can no longer interfere with this kind of thing.

Moreover, this neutral zone needs to clear all relations with Li Tian as soon as possible.

Li Tian and Liu You discussed the matter separately, and told Liu You what he thought.

"Brother Li Tian, we are inexhaustible to kill the people on the battlefield of death. Whether it is Donggong or Sanlu, let them come!" Liu You shook his head, disagreeing with Li Tian's thoughts, said.

Li Tian waved his hand and said with a smile: "It is because the people on the battlefield of death have gone through so many sufferings that they have to cherish the hard-earned happiness. If it is only for dying, then why do you want to return to the underworld? Listen to me , Draw all boundaries with me, and then do what I say, it will definitely succeed!"

"But... but in the future, we and Li Tian brothers... we can't be ungrateful people!" Liu You said slightly moist eyes.

"This is not your ungratefulness, but I am so tired, I can't stand so many people! The safety of hundreds of thousands of people, this should not be something that Li Tian, who is like a ranger, should do, or leave it to you Do it!" Li Tian said.

This is also Li Tian's true thoughts.

Li Tian will definitely have a battle with the Donggong and Sanlu Supershen Clan. It will be okay to win at that time and eradicate them, but if it can't be eradicated, if Donggong and Sanlu become shameless at that time, the ones who will suffer These ordinary practitioners.

After Li Tian's continuous guidance, Li Tian finally convinced Liu You.

Li Tian took out half of the treasure from the ring of the white light old man and gave it to Liu You, so that he could use it to build a permanent neutral zone, and the sky thorns would also become the team guarding the gate of the restricted zone through the whitewashing process.

Permanent neutrality does not necessarily mean that you cannot have your own armed forces. When the permanent neutral zone is attacked, you have the right to self-defense and counterattack!

Li Tianneng taught Liu You all the things he thought of, and whether he succeeded in the end was up to Liu You!

From now on, Li Tian only needs to take the core members of Li Tian's army, along with Ye Meijing, Liu Jimeng and other wives.

As for the twenty flight attendants who had a relationship with Li Tian before, they were free.

Li Tian gave them all the money, treasures, status, reputation, etc. they wanted, and then these poor girls returned home and immediately transformed themselves. They became ladies of everyone, and they were completely taken care of by Li Tian.

However, their relationship with Li Tian ends here.

Li Tian is really too tired and doesn't want to be distracted by these women anymore.

After these things were handled properly, Li Tian went to visit the old man in Sixiang again.

The Sixiang elder came to the Netherworld to find a way to deal with the three corpses, and then he became a spiritual earth miner. If Li Tian hadn't rescued them, they would be able to dig the spiritual soil to death. After Li Tian, the elders of the four elephants began to take care of their lives.

Now that the three corpses have been wiped out, there is no point for them to stay in the Netherworld. Since they are taking care of their lives, it is better to return to the earth world. With their strength, they can walk sideways in the earth world.

Therefore, Li Tian wants to send the four elephant elders back to the earth world, so that they can enjoy their old age.

Of course, Li Tian still cared about the earth world's father Mu Yunlong.

Since there are so many rare and exotic treasures, if the old man can't live long, it is Li Tian's unfilial piety.

After listening to Li Tian's narration, the four old men looked at each other and nodded at the same time.

"Little Li Tian, we have heard about our master Guiguzi and Li Kua's reincarnation. We did not expect that we would have such a relationship. Now we really have nothing to remember in the Netherworld. Here, the four of our old guys can't help you much, in fact, don't need you to say, we have long wanted to return to the earth world!" said the old man Qinglong.

Li Tian bowed to the four elders, and then handed a space ring in his hand to the green dragon elder, and said, "The sense of consciousness on this space ring has been erased by me, and I have stored a lot of Netherworld. Treasures are of great help to improving cultivation. I hope that several masters will continue to cultivate in the earth world and stay young forever! Also, it is my grandpa, he is just an ordinary person. Although he received some training guidance later, he did not improve.

How much, I hope the four masters can give my grandfather some pointers, and at least let him enjoy his current happiness."

The old man Xuanwu looked at Li Tian kindly, and said, "Little Li Tian, don't worry about things in the earth world! To you, you are offended by another great person in the Netherworld, Donggong Super God Family, San Lu Chao None of the God Family or the Super God Family of Fish Cultivation is easy to provoke, but we trust you!"

"Master Wang decided on the Central Plains Day in the north, and the family sacrifice has never forgotten to tell Nai Weng. When Xiao Litian really calms down the entire Nether Realm, you must tell us so that the stone in our hearts can fall to the ground and stop doing it for you Worried!" The old Suzaku added immediately.

"Good! I don't think this kind of day will be too far away!" Li Tian said with certainty.

The four elephant old men left, it was Li Tian who personally sent them to the gate of the restricted area and watched them pass through the gate of the restricted area...

call!

Li Tianchang sighed, and now they can go to the Nether Continent, to the Nether Cry Sea, and to the Secret Realm when the little hot pot returns!

Thinking of this, Li Tian couldn't help being proud, and roared at the sky: "Underworld, Li Tian is here!"

Chapter 4838: :The anger of the little hot pot

The little hot pot felt he was alive and moist.

Since he followed Li Tian, his cultivation can be said to have advanced by leaps and bounds.

In the past few thousand years, he could reach the realm of the venerable. It took him less than 20 years to reach the highest realm of the venerable emperor. He can become the strongest under the realm of the domain master. His opponents and those who defeated him are also very few.

After the Battle of Yecheng, the little hot pot alone took charge of the kingdom of the emperor, which made him float slightly.

A strong man in the realm of the emperor!

The kingdom of the emperor!

This kind of thing is something that Little Hot Pot had never thought of before.

However, the little hot pot has not forgotten his roots. When he left the Netherworld, the little hot pot also had an elder sister at the rank of venerable.

Blessed and shared, since the small hot pot now has various benefits following Li Tianneng, he naturally does not want to forget his sister.

After taking care of everything in the Venerable's homeland, the little hot pot embarked on his journey to find relatives.

The Yanhuo people mainly live in areas with frequent volcano activity, because for the Yanhuo people, magma and flames are their favorites. For the lazy rock fire clan, there is nothing more

comfortable than lying in the hot lava, allowing the body to naturally absorb the spiritual power in the magma.

The sister of Little Hotpot controls an archipelago with volcanoes everywhere.

This archipelago is very close to the coast of the You Mainland, but it is not easy to get here from the location of the small hot pot.

The small hot pot first took the flying treasure ship, and passed the other kingdoms of the emperor, the domain master, and then got off the flying treasure ship, continuously teleporting, and marching toward the sister's archipelago.

The journey went smoothly, but when the small hot pot arrived in the Venerable Kingdom of the archipelago full of volcanoes, the Venerable Kingdom had actually become a ruin. The volcano that might have been blasted to collapse at any time was covered by volcanic ash. This island is full of volcanic ash.

On the island, all the buildings were destroyed. The small hot pot flew for about a circle, and there was no complete building on the entire island. Judging from the destroyed buildings, the island country was deserted. Not long!

The heart of the little hot pot is suddenly not beautiful.

He made a special trip to find his elder sister. Before this person saw it, he saw a mess, how could he not be anxious in his heart.

What happened to this Venerable Kingdom?

Where will my sister be now?

Fortunately, on this ruined island, there are still traces of the activities of the Yanhuo tribe.

Soon, based on the traces of activities left by these rock fire tribes, the small hot pot found other rock fire tribes who were hiding in the cave and still staying on the island.

The cultivation bases of these Yanhuo tribes are generally low, with the majority of the first and second levels of the disciples, and only a few have reached the seventh or eighth level of the disciples. Suddenly I saw a Yanhuo clan with the emperor realm. , These Yanhuo clan members immediately knelt to the ground, treating the small hot pot like a god.

"Tell me, what happened to this island kingdom?" Little Hotpot asked anxiously.

"My lord, you are also a strong rock fire clan, but you must help us!" These rock fire clan said one after another.

But after a long time, he didn't say a single point, and the little hot pot couldn't help being a little angry, "Come on, you say it alone, everyone else shut up for me!"

"My lord, our Venerable Country was originally a remote country, and few outsiders set foot in it. Our Yanhuo people live here and live and work in peace and contentment. But about a month ago, suddenly a foreigner came to our island country. , Our Yanhuo clan treats these foreigners with courtesy and warm hospitality. However, about ten days ago, these foreigners suddenly said that they found some important minerals in the volcano and wanted to occupy ours. volcanic!"

"Of course, our Yanhuo clan would not agree with this kind of thing. Our Yanhuo clan swears to defend our living land. But... these foreigners, relying on their strength, involuntarily destroyed our volcano, and attacked the whole All the houses on the island collapsed, trying to drive us away from here."

"My lord of the country went to reason with these foreigners, but he was seriously injured, and I do not know his life or death. Now the lord of the country was sent to the back of this cave by us, healed in the lava of the volcano, and he didn't know people. Living here, you can't leave here!" One of the Lao Yan Huo Clan said with an angry face.

The little hot pot can't help but get angry!

This is the place where he grew up. Although it is far inferior to other islands and beautiful land, but for the Yanhuo people, this island is their best home, but now it is only because of the discovery of this important ore. , Just want to drive the Yanhuo clan from the land where they have lived for tens of thousands of years.

Small hot pot does not agree with this kind of thing!

"Do you know who these foreigners are? How strong are their cultivation bases?" Little Hot Pot asked.

However, these rock fire races hesitated, not knowing what kind of race the foreigners are, and how strong these strong men are.

There is no way. For these Yanhuo tribes, the cultivation base is already strong enough to reach the rank of the nobleman. As for the rank one or the rank nine, in their eyes, it seems that there is not much difference.

"Those foreigners will definitely come again. The adults are powerful. Please protect our island country and fight against foreigners together!" These Yanhuo tribes don't know Little Hot Pot, but because Little Hot Pot is of the same race as them Relationship, I want a small hot pot to help them.

"This is natural. We Yanhuo clan share the same hatred. As long as I meet, I can't just sit idly by. Now take me to see your Lord of the Kingdom!" The little hot pot gritted his teeth secretly, holding back what was in his heart. Said angrily.

Following that old man from the Rock Fire clan, he passed through a passage that could only accommodate a normal person, and his eyes suddenly opened up. Although the volcano collapsed and the top of the volcano covered the crater, the magma under the volcano was still hot.

At the edge of the scarlet magma, a woman from the Yanhuo race was sitting.

Seeing this woman from the Yanhuo tribe, the little hot pot became a little excited. Although she had not seen each other for thousands of years, the appearance of this woman had not changed much. The little hot pot recognized at a glance that this woman was his sister. , The elder sister of the three-level pinnacle realm expert.

"Sister..." Little Hot Pot shouted to her sister.

The Laoyan Huo Clan man looked at the little hot pot in amazement, and said in surprise: "Could it be...Is the adult the younger brother of the lord?"

Chapter 4839: : Give face

"Yes! The Lord of this country is my sister!"

"That's good, that's good! Our island country will be saved when the young master comes back!" The old Yanhuo clan man burst into tears with excitement. "The country lord is injured. Because the mansion will fall, the young master will definitely be able to turn the tide and save our Yanhuo clan from fire and water!"

Little Hot Pot really wants to reminisce about the past and chat with his sister, but the sister now looks like...

The injuries of the rock fire tribe are different from the human injuries of the ordinary races. The hands of the ordinary race humans can be treated with drugs or with precious tree greens. However, the rock fire clan can only enter the magma and slowly nourish it through the magma flame.

And the speed of this nourishment and recovery is naturally much slower. Even if the recovery speed is fast, it will take almost a year and a half. Of course, if it goes well, it will not take so long to regain consciousness.

"I have to give my sister a surprise! When my sister regains consciousness, this island country must return to its original appearance, and those who hurt my sister..." Little Hot Pot's body involuntarily released a murderous aura.

The age of the uncle of the Yanhuo clan is only more than three thousand years old, but as a waste of cultivation, he is only a cultivator at the three-level primary realm, and he is already regarded as an uncle in the ethnic group.

Following Uncle Yanhuo, I met all the people who are still on the island.

There are only six to seven hundred people, most of them are the old, weak, sick, pregnant, and women with children...women.

The cultivation base of these people is low, if it is good to deal with ordinary people, and if they want to deal with the powerhouse of the real noble level, it can be said that they do not have any effective combat effectiveness.

The little hot pot can't help but feel a headache.

The uncle of the Yanhuo clan was very excited. He climbed up and raised his arms and said: "Everyone, you see this young and promising boy, who is the younger brother of our lord, and is our young lord. Now the lord is injured, we The Rock Fire clan has no leader, so I propose that we now regard the young master as our country master and lead us against foreigners!"

"it is good!"

"it is good!"

"it is good!"

The faces of these Yanhuo tribesmen couldn't help showing excitement, and even their bodies would release a sense of war.

All kinds of small hot pot helpless.

The aunt who is holding the baby, can you stop teasing, your baby is going to breastfeed, go and breastfeed!

And the uncle with a broken leg, can you find a walking stick, and you think you are a rabbit!

That little brother with a runny nose, your cultivation hasn't reached the peak of the first level of a cultivator, okay, okay if you are so anxious to die?

The little hot pot jumped up and jumped onto the rock where the uncle of the Yanhuo clan was, and pressed his arm, so that the Yanhuo clan members would not be overly fanatical and excited.

"Everyone, I understand your feelings very well. All of our Yanhuo tribes want to protect our homeland, but can we not make a fuss? Those foreigners are strong people who can easily be injured even at the Venerable level. Don't join in the fun! Leave this to my little hot pot, and I will definitely guard our home!" Little hot pot said.

call!

"It scared me to death, I really want me to go to war with me! I really want me to be cannon fodder! Of course this kind of thing is done by a strong and powerful man like the young master! Young master, I support you!" said the woman holding the child with a sigh of relief.

I rub!

The small hot pot suddenly felt like being calculated.

Well, fortunately, this calculation is also his willingness.

After all, for the Yanhuo clan, the stronger the cultivation base, the heavier the responsibilities they have to bear.

Since he is now the only emperor-level powerhouse in the Rock Fire Clan of this island country, he will also bear the responsibility of protecting the island country!

"This aunt can rest assured, since my little hot pot is back, we will definitely not humiliate our people again!" Little hot pot turned and asked the uncle Yanhuo clan, "Uncle, is there only so many people left in our clan? When I left here, our Yanhuo clan still had a lot of powerhouses in the ninth-level cultivator realm, and even powerhouses who reached the realm of noble ones. How about these other people?"

The uncle Yanhuo said, "After the island nation was attacked by foreigners and the country's lord was injured. The young men on the island were outraged and formed a legion to seek justice from foreigners. As a result, they were... Those foreigners were arrested and taken away from the island. Now they do not know their life or death."

The courage is commendable, knowing that you can't do it, knowing that it might be death but you are determined to do it, this kind of spirit is also moved by the little hot pot, although they may irritate the foreigners, but the little hot pot has no reason Blame them, after all, they are also fighting for the living territory of the Yanhuo tribe.

To blame, I can only blame the Yanhuo Clan for being too weak in the Nether Realm, where the weak and the strong.

If you can invite the great \*\*\*\* of Black Smoke Tuaner here, and let the magma released by Black Smoke Tuaner be used by many clansmen to practice, then maybe the overall strength of the Yanhuo tribe will be further improved. In this Netherworld The world can be considered to have a certain degree of self-protection ability.

The little hot pot is thinking about countermeasures.

I don't know the race of the foreigner, the cultivation base of the foreigner, or the location of the foreigner's territory. The small hot pot can only wait.

The small hot pot leads the tribe to rebuild their homes on the ruins every day.

These people have some cultivation bases, but they have absolutely no problems when they work.

After a few days, the small hot pot and others in the ruins on the island finally recovered a small area, so that these people would not continue to live in the cave.

For several days, everything was normal on Yanhuo Clan Island, and there was no news from outsiders.

The little hot pot is getting more and more irritable!

At this moment, the Xiaoyan Huo Clan with a nasal mucus suddenly ran away from a distance, and said with a trembling voice: "Young... young... young master, foreigners... foreigners are here!"

Needless to say this slug, the little hot pot has already seen the flying treasure ship flying in mid-air.

Seeing this flying treasure ship, the little hot pot couldn't help feeling a little uneasy.

Flying treasure ships are not something that ordinary venerables are eligible to own, and even the emperor-class powerhouses own flying treasure ships.

Huh!

Huh!

Huh!

Several figures flew down from the flying treasure ship, but they landed on the houses just built by the little hot pot and others!

All of these guys have lizard heads, and they look like big reptiles walking upright, with odious faces.

Boom!

Boom!

The house under their feet collapsed instantly.

The hard work of the Yanhuo clan waiting for the small hot pot in the past few days has been destroyed.

"Yeah, I'm really sorry! You ruined your homeland again!" One of the lizards had a sneer on his face, but he didn't mean to be embarrassed. Sure enough, the face of the lizard changed in an instant, and his face roared savagely: "No Did you ask you to get out of here? It's really shameless!"

The little hot pot came out from behind the crowd, resisting the anger in his heart, and then restrained and hid his own cultivation base. He bowed slightly to the heads of these lizards, and said, "It turns out to be the lizard royal family, so disrespectful! My host is Emperor Li Tianhuang who shines in the battle of Yecheng. Please also ask a few people who can give my host Li Tian a face. First let us Yanhuo clan members come back. Let's turn fighting into jade..."

Chapter 4840: : What is face?

Before he finished talking about the little hot pot, he was interrupted by the words of a lizard-head Venerable. The lizard-head Venerable's face pretended to be surprised, "It turns out that your master is Emperor Li Tianzun? That's the fighting force in Yecheng. CUHK shines, the famous Emperor Li?"

"Yes!"

The little hot pot's face is only slightly beautiful, and he nods slightly,

"Hahaha!" The humble lizard-headed venerable laughed immediately, smiling, and suddenly smiling, and said solemnly: "I don't know!"

You are paralyzed!

I don't know you, what is it?

A cold light flashed through the pupils of another lizard head with a dark red head, and he said coldly: "When will there be another Li Tianhuang in the underworld, do you want our lizard royal family to give face? Grade-level \*\*\*\* even talks about face in front of our lizard royal family. What is his Li Tian!"

Little hot pot got it!

These \*\*\*\* are shameless!

The lizard royal family is considered a very famous race in the Nether Realm, and the famous lizard king domain master belongs to this race.

The little hot pot saw that the foreigners were originally the lizard royal family. He didn't want to add trouble to Li Tian. He wanted to turn the big things into small things. As long as they send the Yanhuo people back and don't continue to destroy the Yanhuo people's territory, then this He can tolerate things and turn the story.

However, now this lizard royal family is shameless, and a powerful emperor in the small hot pot reasoned with them, and removed face, even Li Tian, but they were shameless. He also mocked and insulted Li Tian.

"Since you don't know my master Li Tian, then things will be easier! Let's do our best!"

The little hot pot was suddenly furious, and a wave of powerful pressure fell from the sky, and it instantly fell on these lizard-headed masters!

thump!

thump!

The heads of these lizards, who possessed the fifth and sixth level of the Venerable Realm, suddenly showed a trace of panic, but their bodies had already knelt on the ground involuntarily.

Huh!

The little hot pot teleported to the dark red lizard-headed Venerable who had just spoken badly, and waved his hand to give this Venerable slap!

call!

The hot lava appeared on the hand of the small hot pot, the palm of the hand fell across the cheek, and half of the face of the dark red lizard head was instantly burned without a trace!

Ah~

The venerable uttered a scream, and when he reached the ground, he kept twitching. You can't die when you die, but you definitely suffer when you live!

"You...you dare to take action against our lizard royal family members? Don't... don't you be afraid of the lizard royal domain lord?" Another venerable knelt on the ground with fear in his eyes, and said with a trembling voice.

The little hot pot flew with a kick and kicked it on the chin of the venerable. The venerable flew up and flew back several tens of meters before falling heavily to the ground. His chin, neck, The cheeks are already covered by hot lava, even if you are not dead, you will definitely lose a layer of skin!

"I will save face with you, you \*\*\*\*\* talk about strength with me, I will talk about strength with you \*\*\*\*\* now, and you will talk about face with me!" The little hot pot kicked out a few more kicks. The lizard heads on the ground all fell down, stomped their heads with their feet, and coldly continued: "Want to play strength with me? You are not worthy of rubbish!"

The little hot pot is really angry this time.

In the Netherworld, the weak eat the strong, the survival of the fittest, the law of the jungle, this is understandable.

However, among the many emperors and domain masters, if there is no feud, they will still give each other some face, and will not directly make things out of control.

Emperor Li Tianhuang, although only a newly promoted Emperor, Li Tian's current reputation is well known throughout the Netherworld. Even if the lizard Emperor is here, I am afraid he will give Li Tianhuang respect, but he did not think of these bitches. Not so on the road.

At this moment, a pressure that was also an emperor class instantly broke the pressure released by the small hot pot.

Those venerables who had been beaten by the little hot pot immediately teleported back to the flying treasure ship with their tails between them.

"Huh? There are even Emperor-level powerhouses!"

The little hot pot frowned and looked at the flying treasure ship.

Between the bow of the flying treasure ship stood a... a... a lizard lizard with a triangular head and triangular eyes, and the imperial coercion just now was released from the lizard lizard.

The little hot pot can feel that the strength of the lizard lizard is half a catty compared to him. It is really necessary to fight life and death, and the outcome is not necessarily the winner.

"Hey, Xiao Xiaoyan Huo Clan, big breath! Want to play with strength? Okay, then let me play with you!" A cold light flashed in the eyes of the lizard Huangzun standing on the flying treasure ship, and he sneered. Said the voice.

The flying treasure ship had not landed yet, and a dozen or so lizard-headed lizards in the early stage of the ninth level of the venerable jumped off the flying treasure ship.

These lizard-headed masters knew the cultivation strength of Little Hot Pot and knew that they were not opponents of Little Hot Pot, so their target was not Little Hot Pot, but the other Yanhuo clan behind Little Hot Pot.

Seeing the clansmen surrounded by these noble-level powerhouses, the little hot pot's face couldn't help but feel a little angry.

"Want to save your people? If you can beat me, then I can forgive your disrespect to the lizard king domain lord, and also forgive these rock fire races. If I get lucky to beat you, then hey, you Just take your people and get out of this island immediately, let alone our lizard royal people bullying!"

Whoosh!

Without waiting for the little hot pot to agree, the triangular-eyed lizard king flew down on the flying treasure ship.

Hum!

A force of pressure fell from the sky in an instant, hitting the small hot pot... and the Yanhuo tribe!

The members of the Yanhuo clan suddenly screamed and knelt to the ground one after another, while the young children of the Yanhuo clan fainted on the spot, and even suffered severe injuries.

Bastard!

Little Hot Pot didn't expect that the triangular-eyed lizard emperor was so despicable, he quickly used pressure to break the pressure on him, and at the same time used pressure to rescue these people.

"Hey!"

The triangular-eyed lizard emperor sneered, and the figure had appeared in front of the small hot pot, and the surging spiritual power was released from his body. The whole body was wrapped in a layer of heavy scales, and every scale was covered by the spirit. Force wrapped.

This lizard emperor was distracted by the small hot pot, leaned forward with his right shoulder, and directly hit the chest of the small hot pot with surging spiritual power.

Although the small hot pot was already on guard, he was caught off guard.

boom!

With a loud noise, the spiritual power in front of the little hot pot was shattered, and the body of the little hot pot was directly hit and flew out.

It hit the volcanic \*\*\*\* hundreds of meters away, and even his body sank into the rock.

The triangular-eyed lizard emperor sneered, "Hey, you dare to be arrogant with just such a strength?"
