

A Killer 49

Chapter 49: I'm just a poor man, what's wrong?

But Li Tian was depressed, it was no different from being shot while lying down.

"The eldest lady of the Tang company? Is it the daughter of our company's boss?" Li Tian was stunned.

"Nonsense, of course it is." Xiao Zhao said.

Li Tian was shocked, as if he had taken Dali pills.

"I don't know him." Li Tiandao.

Xiao Zhao whitened Li Tian and gave Li Tian a look: "Don't pretend, the lady is calling you by name, don't you know? What about a lie?"

Li Tian felt aggrieved: "I really don't know any **** lady, I haven't been to Kyoto for a month, so how can I know any lady?"

How could he imagine that when he first came to Kyoto, he ran into that little friend who was the boss of the Tang company's baby daughter, who was also the daughter of the Tang company.

Li Tian walked out of the dormitory with a trace of wonder and hesitation, wearing a rustic security uniform and walked outside.

When he got outside, Li Tian saw Tang Feifei, the big beauty who was parked beside the stunning red LotusCars.

To be honest, when he first saw Tang Feifei, Li Tian didn't dare to recognize it, and he couldn't believe it in his eyes.

Oh my god, what the earth, why is she? Is it the **** girl who was played around when she first arrived in Kyoto? At the same time, he was shocked and stunned. He is the daughter of the Tang company? The chairman's daughter? And he was the daughter of the boss of the company that he did himself?

What a ridiculous thing.

And Tang Feifei over there, of course also saw Li Tian at this moment.

Looking at him there with a smile.

"Hey, handsome guy, do you remember me?" Feifei laughed and ran over, as happy as a little sparrow, as if she was very happy to see Li Tian.

What about Li Tian? Stand there motionless.

His eyes were shocked and surprised, and suddenly a burst of anger rose straight up, and there was no way that the things that were tricked last time could still be firmly remembered in Li Tian's heart.

"What's the matter? Don't you recognize me? It's me, Feifei..." Tang Feifei said with a smile on his face.

After she finished speaking, who knew that Li Tian didn't even pay attention to her, so he turned around and left.

All of a sudden, Feifei was dumbfounded.

"What are you doing?"

"Hey....."

Her words passed into Li Tian's ears word by word, but unfortunately the stubborn donkey-like Li Tian didn't even take care of her. He still walked forward without turning back.

The Tang family eldest, who was rejected so categorically for the first time, was embarrassed in her heart and hot on her face.

"Li, stop for me." A roar came out of the unbearable Tang Feifei.

Tang Feifei's pretty pale face shouted at Li Tian with tears in her eyes.

Surprisingly, Li Tian stood there this time.

Then, he paused, slowly turned around, and cast a contemptuous look at Tang Feifei.

"Miss? Interesting?"

"Is it interesting for rich people like you to play with people like me? I tell you girl, although you are rich, you are the daughter of the president of the Tang company, but you can't be too much. Yes, I came from a poor family, and I am a poor man. One, but my TMD is at least a person, with self-esteem and a bottom line."

"Miss, I can tell you one word responsibly now: Get out."

The voice was cold and powerful, Feifei's stomach was almost exploding when it came out of this guy's mouth.

She wanted to tell him that all of these things weren't intentional, and that she concealed her identity for another reason.

But Feifei, who has had a strong self-esteem since she was a child, and her temper is equally stubborn, she was willing to cry and explain there, so she became angry.

"Smelly bastard!" Feifei yelled out loudly, her angry body trembling.

Li Tian stared at Feifei fiercely with his eyes: "Who are you scolding? You have the ability to curse again?" He clenched his fists tightly, as if going up to beat Feifei.

Feifei is not afraid of him: "Smelly bastard, stinky bastard, stinky bastard... I will scold you..."

Li Tian endured his anger, his fists were clenched and then loosened, and when he opened, he clenched.

"You can do it, girl, I've never beaten a woman in my life, so you're cruel... I'll go, can't I stay away from you?"

Li Tian said this, and was about to leave.

"Li, you are an idiot, you are the number one idiot in the world, you thought I was trying to lie to you... I was also involuntarily involuntarily at the time, besides, why did I play you? The person sent by Dad was taken back."

Feifei's words came from the back one by one, but what about Li Tian? He really walked towards the dormitory and stopped responding to her.

Feifei's pretty face flushed with anger. In addition, this was originally the door of the Tang company. The employees who went to work were stunned. The daughter who looked at the company said in astonishment, "Is this the eldest lady?" "

"Yes, of course it is the eldest lady."

"Oh my god, why did the eldest come to the company and who did you fight with?"

"I don't know, it seems like a security guard?"

"Really? The security quarreled with the eldest lady..." All the employees of the company were speechless.

In the hearts of these people, the daughter of the Tang family is an inviolable god, and now the lowest security guard in the company dares to quarrel with the eldest daughter of the Tang company, which of course will cause an uproar.

Where is Feifei? Seeing that the employees of the Tang company, from the manager to the clerks, all came out, stomping their feet fiercely, and in Cherry's little mouth a sentence was fiercely dropped: "Smelly Li Tian, you wait for me..." "

After speaking, he quickly got on LotusCars and stepped on the gas pedal. The car drove out of the square at a fast speed, leaving the Tang company.

In the dormitory, Xiao Zhao and Yu Dahai were whispering there.

"Brother Yu, what kind of character are you Li Zi?"

"Grandma, our company's eldest lady actually called him by name? I wondered, why is it also a security guard, so the gap is so big?" Xiao Zhao said with a trace of jealousy in his heart.

Although Yu Dahai was not jealous, he was still puzzled and shook his head there.

"I don't know either. I'll know if I will ask Xiao Li later."

"The kid wouldn't tell me..." Xiao Zhao said.

When the two were talking like this, Li Tian already walked in with a gloomy expression.

"he came."

Xiao Zhao said to Yu Dahai.

Li Tian who walked in did not speak too much, but sat on his small iron bed depressed.
