

A Killer 4951

Chapter 4951: : So that's it

"I do!"

This is Liu Jimeng's answer!

Liu Jimeng blurted out without any hesitation!

In this way, Li Tian, Liu Jimeng, and Ye Meijing looked at Situ Ningbing at the same time, and they were all waiting for Situ Ningbing's answer.

Situ Ningbing smiled, and shook his head slightly!

"I knew it! I knew it! Li Tian, now do you know who really loves you? You used to be alienated from me and Liu Jimeng, but when you really encounter difficulties, it is still me and Liu Jimeng chose to be by your side, but your favorite, where is your favorite Situ Ningbing? She..."

"Shut up, you!" Situ Ningbing suddenly released a murderous intent, and said with a sneer: "I will not stay in this cold metal world forever, nor will Li! You idiot!"

"Hahaha!"

Li Tian suddenly laughed.

A word to wake up the dreamer!

When Li Tian's cultivation realm broke through to the early stage of Super Domain Master's eighth level, he was indeed a little flustered and a little at a loss.

Therefore, he thought he would stay in this metal world forever.

But now, when Situ Ningbing said these words, Li Tian immediately thought of the Beast Boy!

This guy is the mid-level ninth-level cultivation base of Super Domain Master, and he has not given up his dream of leaving the metal world!

This guy is still working hard for this dream, and put more hopes on Li Tian.

Then, why did Li Tian give up this hope in his heart?

Isn't it just looking for artifacts?

Isn't it just looking for twelve artifacts?

Now I have two artifacts in Li Tian, and my cultivation base has reached the initial stage of the eighth level of Super Domain Master. Is it difficult to find twelve artifacts?

It should be no more difficult than when I first entered the metal world!

"Ningbing, thank you!" Li Tian said with a smile.

The coldness on Situ Ningbing's face was like a spring breeze.

"Li, I know that you will not give up! Although my cultivation is not as high as Liu Ji's dream, I will always be by your side no matter when and where, and I will never change from this life to death!" Situ Ningbing Said.

Li Tian reached out and hugged Situ Ningbing.

This is why Li Tian always likes to keep Situ Ningbing by his side.

Because he knew that Situ Ningbing would always stand behind him, as long as he turned around, he could see Situ Ningbing.

that's enough!

Of course, Liu Jimeng's answer and Li Tian are also very satisfied!

As a woman, a beautiful woman who now has the seventh-level initial realm of Super Domain Lord, if she leaves the metal world and returns to the Nether Realm, she will definitely become the dream lover of many men in the entire Nether Realm, a good wife and a good wife!

"Simeng, thank you too! Come, let your brother kiss!" Li Tian put his arm around Liu Jimeng again!

Wow!

Ye Meijing suddenly burst into tears.

As Ye Meijing started to cry, the spiritual power released from her continued to rise.

"I... go!"

Li Tian, Situ Ningbing, and Liu Jimeng were all stunned!

This... It seems that the cultivation level of Little Pi Niang, who has the least talent for cultivation, has reached the peak of Super Domain Master's eighth level, and it is only a thin line from the beginning of Super Domain Master's ninth level!

The cultivation realm is higher than Situ Ningbing, Liu Jimeng, and Li Tian.

No wonder this little Pi Niang said that she is willing to accompany Li Tian in the metal world forever.

It turns out that this little Pi Niang knew that she was going to be trapped in the metal world, that's why!

The aggrieved Ye Meijing wanted to drill into Li Tian's arms, but was pushed away by the deliberately mischievous Li Tian, drilled into his arms, and was pushed away again.

Then... Ye Meijing squatted on the ground and cried sadly.

Ewha brings rain!

The more you cry, the more sad!

"Li, why don't you come to comfort her and comfort her?" Situ Ningbing hit Li Tian's hand, a little angered.

Cough!

Li Tian also felt that this joke seemed a bit big.

Walked over and squatted beside Ye Meijing.

"Your cultivation level has reached the pinnacle of Transcendent Master's eighth level. It is the strongest among all of us. It is really gratifying!"

"Woohoo!"

"Don't cry, you should be happy! You see, in the past twenty years, your cultivation level has been greatly improved, and it is the highest cultivation improvement among all of us. Moreover, these two decades it has passed, because your cultivation level has improved, and you are now more and more beautiful. Isn't this something to be happy about? What is it like me! The cultivation level is not as high as you, but mine has become this. It looks like. Do you know how to write miserable characters?"

"Woo...oooo..., how do you write it?"

"Look at my face! My face is a big tragic character!"

"But... Wu Wu, Li Tian, I just want to avenge my father and our Venerable Nation, so... Wu Wu, I forgot such a taboo in the metal world when I was practicing. At that time, my cultivation base was already at the 8th level of Super Domain Master! Woo, are we really going to be trapped in the metal world and never return to the Underworld?" Ye Meijing cried very sad.

Li Tian's heart suddenly felt like being grabbed!

Yecheng Huangzun, Zhao Family Huangzun, and Dragon Clan Huangzun, these three monarchs' kingdoms are more or less because of Li Tian, which was targeted by the Super God Family. In the past, Li Tian only wanted to find the Super God Family to settle accounts. , But never thought it was because these three emperor kingdoms were destroyed and revenge.

Therefore, in words, it will inevitably be revealed.

It is precisely because of this that Ye Meijing wants to make her stronger, and she will complete her revenge on her own!

"Silly girl!"

Li Tian stretched out his right hand to embrace Ye Meijing's shoulder, and wiped Ye Meijing's tears with his left hand. He smiled and said, "Don't you understand what Ningbing said? Although we are trapped in the metal world now, There are still other ways and ways to leave the metal world! Have you forgotten the beast boy?"

"Really...really? Can we really leave the metal world?"

"Now I can't guarantee it, but there is always hope! Besides, you have to believe me!"

"Believe! I must all believe in you! It's just...Woo, I knew that, I shouldn't have stopped practicing, and wasted five years of great time! Otherwise, I might already be able to cultivate to the ninth level of Super Domain Master! "

I'm going!

Li Tian almost sprayed a mouthful of old blood on the ground.

Super domain master ninth level?

This little Pi Niang's cultivation talent is too awesome!

"Ye Meijing, how did you cultivate? Everyone has been cultivating for 20 years. No, you only spent 15 years. Why can your cultivation level reach the eighth level of Super Domain Master?"

Ye Meijing looked up at the giant metal sculpture that was out of sight, and said, "It's the giant metal statue next to the miraculous mountain, aren't you?"

"That's it!"

Chapter 4952: : Downhill

What does it mean that a fool has a fool?

Of course, this does not rule out the possibility of Ye Meijing's chance!

What Li Tian, Liu Jimeng, and Situ Ningbing comprehend are the bones of this wild dragon. Only Ye Meijing, who cannot comprehend the bones, chose the giant metal statue, and this guy really penetrated this. The supernatural power on the giant metal statue, in just fifteen years, Ye Meijing's cultivation realm has reached the eighth level of the super domain master.

In this regard, compared to Li Tian, I don't know how awesome it is.

After listening to Ye Meijing's words, Situ Ningbing and Liu Jimeng were also embarrassed.

Anyway, the ashes of Li Tian and Ye Meijing's cultivation realm surpassed Transcendent Master's eighth realm, so the two of them still wanted to continue to comprehend this metal statue.

But in the face of the metal statue, no matter how hard they perceive and work hard, they can't enter that state, at least in a short time.

"Ningbing, sending dreams, beautiful scenery, or if you continue to stay here for enlightenment, I need to leave the miraculous mountain for now..."

"What are you going to do? I want to go with you!" Ye Jingjing said.

Ye Meijing felt that his cultivation level had reached the eighth level of Super Domain Master, and he could already fight alongside Li Tian.

"I'm very worried about Xiaolong, You Yinrou, and Stars and Xiaoyue. We have been in the metal world for more than 20 years. I don't know how they are doing in the past 20 years? I didn't look for them before. Because I don't have enough strength, if I am still obsessed with cultivation and do not look for them, then I can't feel at ease!"

Situ Ningbing nodded slightly.

"In that case, then we will go with you!"

"Then your cultivation base..."

"You can wait until you find Xiaolong and the others before continuing! Besides, there are twelve miracles in the twelve regions of the metal world, and I want to see other miracles too!"

"I'll follow you too! My cultivation level has reached the seventh level of Super Domain Lord, and I can finally fight side by side with Li Tian. I am very happy!" Liu Jimeng said.

Everyone discussed again, and still decided to leave Miracle Mountain!

Li Tian turned his head and looked back. The bones of the great dragon that had been stepped on by the giant metal statue had disappeared.

The bones of this great dragon had been integrated into Li Tian's body and became a part of Li Tian's body.

The cyan dragon shadow on the great dragon had already appeared in Li Tian's heart, and it was considered to be home in Li Tian's heart.

Although Li Tian comprehended the giant metal statue, and the current Li Tianchou's force, but Li Tian did not regret it.

After all, the Super Domain Master's eighth level cultivation realm really exists!

Moreover, after transforming the body and the veins of the body through the bones of the prehistoric giant dragon, and adding such a layer of broken scales on his body, Li Tian felt that his body strength may have exceeded the ordinary steel dozens of times or even white. The hardness of the times, now, even if you don't use the Red Wing Divine Equipment, Li Tian is also very sure about dealing with the super domain master's ninth-level early and mid-level strong!

Thinking about it this way, it is not unacceptable to be ugly!

Because of Li Tian's continuous breakthroughs, the golden dragon picture in Li Tian's heart can now be opened by more than a foot.

On this golden dragon map, a small half map appeared.

It can be seen that this small half of the map depicts the metal world. If Li Tian guessed correctly, the gift treasure of the great dragon should be somewhere in the metal world.

The black bead, the black bead that Li Tian felt out of reach, is now getting closer to Li Tian.

Li Tian believed that if he could refine the Red Sword now, the black beads could provide the Red Sword with a steady stream of energy, and Li Tian would be able to display the Red Wing God outfit again.

It is a pity that it is not easy to refining Hong Zhan, and there is the human soul in the current Hong Zhan, which makes Li Tian inevitably hesitate when refining Hong Zhan.

After all, this human soul has once saved Li Tian, and Li Tian feels that this soul is full of kindness to him. He can't ignore the human soul and refining it together!

Then there is the cyan dragon in the atrium.

Now this cyan dragon is constantly transforming the environment in his atrium, and it is so busy.

The serf turned over and sang. Although the blue dragon already belonged to Li Tian, after all, Li Tian could feel the shadow of the wild dragon from the blue dragon. Li Tian cleaned the bones of the wild dragon for 20 years, and now it's blue. The dragon has worked for him, which feels so cool!

Li Tian led the three beauties down from the ninth ladder!

When climbing the miraculous mountain, it was difficult everywhere, and now everyone's cultivation base has been greatly improved, and then down from the miraculous mountain, there is almost no difficulty.

Go to the eighth ladder smoothly.

"This... Li Tian? Are you... Li Tian?"

The beast boy could hardly believe his eyes when he saw Li Tian's appearance. If it weren't for Li Tian and three beauties with him, he would definitely not believe that the man in front of him was Li Tian.

"Your cultivation level has reached...impossible, but in just 20 years, your cultivation level has actually reached the initial stage of Transcendent Master's eighth level? Too...too surprising! By the way, you What's the matter with this layer of scales on his body?" The Beast Boy asked Li Tian in surprise.

Before Li Tian had time to answer, the beast boy suddenly realized.

"I understand, I finally understand why the bones of that giant dragon suddenly disappeared. It turned out to be refined by you? It's...really... incredible. You can actually take the dragon of the miraculous mountain Skeleton refining, if this news spreads, I am afraid the entire metal world will be shocked!"

What the beast boy didn't know was that the miraculous mountain did not know how many powerful people were cultivating at the same time, and there were many powerful people who were comprehending the bones of the wild dragon on the top of the miraculous mountain.

As a result... the bones of this great dragon suddenly disappeared, and the entire miraculous mountain has fallen into chaos. Many powerful people have already taken the first step and passed the news to the outside world. It has not been long before there will be other powerful people. The visitor came to the miraculous mountain and inquired about the reason for the sudden disappearance of the dragon bones.

"Yes!" Li Tian nodded vigorously.

The beast boy swallowed involuntarily, wondering if it was envy or fright.

"That's good, now we are finally grasshoppers tied to a rope! Now if you want to leave the metal world, you must follow me to continue searching for artifacts."

Then the beast boy was shocked by the cultivation level of the three women around Li Tian.

He never imagined that if he could climb the ninth ladder, his cultivation level would increase so quickly!

It's just that he can only envy it!

While Li Tian was talking to the Beast Boy, in the distance, the other man who had climbed the eighth ladder finally made up his mind and started to climb the ninth ladder!

"Let's go, I don't know how the meat ball and firewood are in their current cultivation realm!" Li Tian looked at the lower level and said in a low voice.

Chapter 4953: : Li Tian is angry

Miracle Mountain, seventh ladder.

Everyone who can persist in climbing this ladder possesses great perseverance.

Without super perseverance, these cultivators would definitely not be able to insist on climbing here.

Among the various cultivators who came to the Chen Continent and the Miracle Mountain, there are not a few who have super perseverance.

Therefore, although the number of people cultivating on the seventh ladder is not too much, it definitely exceeds a hundred.

Where there are people, there are rivers and lakes, and where there are rivers and lakes, there are struggles.

Even in Miracle Mountain, this kind of struggle exists.

The winner of the battle can seize a better training position.

The loser, if lucky and not beheaded, can still leave the miraculous mountain alive with his life.

Li Tian and others came to the seventh ladder, trying to find the meat ball, firewood and others of the Sea-Monster Clan, but they had been searching around the miraculous mountain for a long time, and they did not find the meat ball or firewood.

"Aren't these guys waiting impatiently and went down the mountain?" When Li Tian said this, he was already a little angry.

Meat ball and firewood, these are the two Sea-Monster Clan that Li Tian is more optimistic about.

Moreover, the two of them can stick to the seventh ladder, and it should not be difficult for these two guys to reach the super domain master realm in twenty years.

At that time, if you return to the Netherworld Weeping Sea, several super-domain masters of the Sea-Monster clan will be born, and Li Tian also seems to confess to Haiqin.

But... these two guys are gone.

"Could it be that you can't stand the mighty power of the miraculous mountain, so..." The Beast Boy didn't finish his words, but he already understood what he meant.

"It shouldn't be, maybe we missed something, and then look for it carefully! Let's find it separately! Whether we find it or not, we will continue to meet on this road at that time!" Li Tian also has this kind of worry in his heart, but he decided to look for it again. After all, this kind of cultivation opportunity is very important to any cultivator. In Li Tian's heart, he still believes that Rouqiu has this kind of consciousness.

Miracle Mountain, the seventh ladder, Li Tian doesn't know how long the seventh ladder's circumference is, but judging from their fastest search speed before, he should go around the seventh ladder of the mountain to find a circle, even if they are all super The domain master-level powerhouses, their moving speed has already exceeded the speed of sound, but it takes half a day to get down this lap.

Li Tian and others separately searched again.

Beast Boy took Liu Jimeng and Ye Meijing to search from left to right, while Li Tian and Situ Ningbing searched from right to left.

Whoosh!

Whoosh!

Li Tian and the beast boy's figure one after another, galloping forward quickly.

The miraculous mountain cannot fly, otherwise it will be punished by the gods and burst into death.

Otherwise, their speed could be faster.

The eyes of the two quickly swept across the ladder.

No!

Not here either.

Although it is called a ladder, it is also relative to the miraculous mountain.

The entire seventh ladder is not a smooth journey.

In addition, there are always some foreign cultivators who have various quirks or... abilities, and these guys will always mess up the seventh ladder.

For example, some practitioners will spin silk.

Just like a spider spirit, some silk threads are spit out, and the silk threads are used to make a 'hammocks' similar to spider webs, and then the bodies of these practitioners cling to such hammocks to practice.

Some practitioners will devour the metal on the miraculous mountain, and then...just like drawing a wire, turning the metal through another channel of the body into wire or steel, and then use these metal steel to build on the seventh ladder. A lair belongs to them.

Of course, more of them are normal people, sitting on the ground with their legs crossed and practicing with their eyes closed.

For example, Li Tian galloped past just now, and saw the one who was sitting in the square cave on the miraculous mountain wall cultivating...

wrong!

At this moment, Li Tian saw that Situ Ningbing had stopped.

"Li, come here!" Situ Ningbing waved to Li Tian and told Li Tian to go back.

The corners of Li Tian's mouth turned upwards slightly, and as expected he hadn't made a mistake just now.

"I seem to see the Bull Head Sword!"

"I seem to have seen it too!"

Li Tian took Situ Ningbing back.

After walking back no more than a hundred meters, the two saw that there were dense caves everywhere on the miraculous mountain.

These caves are big and small.

The largest cave is more than ten meters high, while the smaller cave is only the size of a fist.

These caves are shelters for cultivators who have climbed to the seventh ladder.

The cave in front of Situ Ningbing and Li Tian is no more than five meters in height, three meters in width, and even less than two meters in depth. In such a cave, sitting on a cross-legged seat. There were almost three-meter-high cultivators. What attracted Li Tian's Situ Ningbing's attention was the cultivator's knees with a large sword lying horizontally.

The head of this sword is the bull's head.

Bull Head Sword!

As if feeling the gazes of Li Tian and Situ Ningbing, the cultivator slowly opened his eyes, and a powerful murderous aura had been released from him.

what!

Li Tian couldn't help taking a breath.

This guy turned out to be a mid-level ninth-level super domain master.

On the miraculous mountain, there are actually ninth-level mid-level powerhouses of the super domain master. I don't know what these guys think in their minds, knowing that they will be trapped in the miraculous mountain, they have to cultivate to break through to this realm!

What a fool!

The cultivator opened his eyes and saw Li Tian and Situ Ningbing's cultivation base, but his pale blue eyes that were like gems flashed with disdain.

"Is there food? Leave food, I can forgive you for not dying!"

What a big tone!

But it seems that only the ninth-level super domain master dare to have such a tone.

"The bull-head sword in your hand is my friend. Please let go of my friend!" Li Tian said.

The cultivator's mouth showed a sarcasm, and he reached out and raised the bull's head sword, and laughed twice.

"Your friends? Hahaha, it's the best way. You can trade your food for your friends! Oh, what I need to explain in advance is that your friends don't know the current affairs, and the spirits of the spirit race have been sealed by me. Of this sword, the sword in my hand can only be regarded as your friend's...coffin at best!"

"Li...Lord Li Tian...is it really you?"

"Save us! I am... I am a meatball..."

"And me, I am Firewood... Li Tian, save us!"

At this moment, the sound of meat ball and firewood calling for help came from behind the cultivator.

"They are also your friends? That's the best! The food in their space ring has been eaten by me. I will save their lives and wait for you to redeem them!" The cultivator reached out and grabbed the meat ball and firewood. !

It hasn't been seen for twenty years, the original fleshy ***** are as thin as wood!

Now only skin and bones are left!

And the firewood that was originally scrawny almost turned into dry firewood!

hungry!

Li Tian is angry!

Chapter 4954: : Piff is angry

The cultivator laughed!

He didn't expect that Li Tian, a trash who only had the first eighth level of Transcendent Master, would dare to gnaw his teeth in the face of him, a strong man in the middle of the ninth level of Transcendent Master?

"Lao Tzu is at a critical juncture of cultivation. You are now obediently handing over the food and taking your trash friends with you. Otherwise, although Lao Tzu doesn't like to eat living people, if you don't know the life and death, then Lao Tzu will not. You are polite!" The practitioner said with a sneer.

This cultivator has been here for tens of thousands of years. During these tens of thousands of years, he also needs to eat occasionally.

But the food he was carrying had already been eaten, so he could only rob other practitioners on the seventh ladder.

It can be said that almost all the cultivators on the seventh ladder have been robbed by him.

The Sea-Monster Clan's meat balls, firewood, and bull-head swords were originally cultivating, but unfortunately they were robbed by this practitioner.

In order to protect the meat ball and firewood, the Bull Head Sword had even its spirits sealed in the body, temporarily losing its ability to transform into a human form.

Before entering the miraculous mountain, Li Tian distributed the ingredients purchased from the fairyland and the ingredients later looted to these Sea-Monster tribe and others, but they were snatched away by this guy, and the two of them were only for 20 years. Without food, hungry became dry wood.

"Li, give him food, anyway we are leaving the miraculous mountain!" Situ Ningbing saw that Li Tian was already angry, stretched out his hand and said Li Tian.

Right now the meat ball and firewood are still in the hands of the cultivator. If Li Tian starts to work with this cultivator now, the meat ball and firewood will definitely suffer first. Even if he kills the cultivator at that time, Li Tian rescues them. Just two corpses is not worth the gain.

Li Tian let out a sigh, suppressing the anger in his heart.

"Let go of them! My food is for you!"

With that said, Li Tian took out all the little food left in the space ring.

They were neatly placed on the ground in front of the cultivator.

The cultivator sneered, his mind moved, and several powerful spiritual powers were immediately released from him, and then these spiritual powers changed into arms, and the ingredients that Li

Tian took out were collected one by one. However, he did not intend to let go of the meat ball and firewood. Instead, he pointed to Situ Ningbing with his condensed spiritual power arm and said, "And your food... and the weapon in your hand. !"

"Food can be given to you, but this weapon will not work!" Situ Ningbing said firmly.

This weapon is the butcher knife and god!

If Situ Ningbing felt that the butcher knife was just an ordinary weapon before, but after coming to the metal world, Situ Ningbing knew that the butcher knife was not an ordinary weapon.

If Red Slash was a divine weapon, this butcher knife and slaughter ***** should almost be a quasi divine weapon.

"Haha, is it still your turn to bargain with me now?"

"Put down your weapons, get out quickly, or else..."

When this cultivator was saying this, a loud noise suddenly came from his body!

boom!

With this loud noise, Li Tian and Situ Ningbing felt that the spiritual power of the seventh ladder and even the eighth ladder was constantly pouring here, pouring into the body of this cultivator.

When this cultivator was talking to Li Tian Situ Ningbing, his cultivation level was raised again.

"Two purposes?"

Li Tian's pupils opened wide involuntarily, his face was full of surprise.

After so long, it was the first time Li Tian saw someone who could do two things like him.

And this guy's current cultivation realm has reached the ninth level of the super domain master!

That is a stronger existence than the beast boy!

It was Li Tian's first super domain master ninth-level peak power opponent after he came to the metal world.

"Hahaha!"

There was joy on the face of the cultivator, and he laughed wildly with excitement.

His cultivation realm finally reached the ninth-level pinnacle realm of Super Domain Lord, and he could finally walk sideways in the metal world!

"Ningbing, you give him the butcher knife and save our people first!" Li Tian said.

Li Tian is now a rat throwing weapon. As long as he can save the meat ball, firewood and bull head sword from his hands, even if this guy's cultivation reaches the ninth level of the super domain master, Li Tian is not afraid to fight.

"Hey, it's already late!"

The cultivator slowly stood up from the cave.

A giant who is more than six or seven meters tall and covered with fluffy body stood in front of Li Tian, looking down at Li Tian.

"If just now, I might have let you go, but unfortunately, you missed the best opportunity!"

"Now my roaring Tianzun's cultivation level has reached the ninth level of the super domain master. I no longer need to stay in the miraculous mountain to practice, so... after conquering the miraculous mountain, my next goal is the fairyland. I also want to start a sect in the fairyland, and have a place like other super domain masters at the ninth level!"

"So, I need help! I need you to join my team and follow me to the fairyland. I want you to be slaves of my roaring heavenly sovereign and serve me forever! As for the two realms of cultivation, only the initial stage of the super domain master Realm rubbish, if you are willing, then give it back to you!" Roaring Tianzun did not give Li Tian and Situ Ningbing any room for negotiation at all. He threw the meat ball and firewood on the ground and pointed at Li Tian with an unquestionable expression. Can not resist, said coldly.

Seeing the meat ball and wood fire escape, Li Tian laughed again.

"Your proposal is not bad, and it coincides with me! I am also going to Wonderland, but...not to be your servant!"

"There are too many powerhouses in this world, but no one who dared to refuse me shouting at Tianzun can leave the miraculous mountain alive! You are no exception..."

When he said these words, the spiritual power of the roaring Tianzun's body suddenly increased and changed.

These spiritual powers condensed into countless fists, like raindrops, constantly hitting Li Tian!

Densely dense, inevitable!

boom!

boom!

Li Tian raised his arms to block his cheeks and took two punches abruptly!

With just two punches, Li Tian had already taken dozens of steps back continuously!

"Lee..."

Situ Ningbing attacked the roar Tianzun, but the fist condensed with spiritual power by the roar Tianzun fell to the ground with a punch!

puff!

Situ Ningbing spouted a mouthful of blood and fell to the ground, unable to move.

This is the gap in strength!

If Roar Tianzun is willing, he can kill Situ Ningbing directly!

The corners of Li Tian's mouth twitched slightly, his eyes staring at the roaring Tianzun, but a sneer appeared at the corners of his mouth: "What a strong attack! It's not a loss to be the ninth-level peak powerhouse of the Transcendent Master, but... where is your power?"

"Shenwei? It is necessary to use the power to deal with small garbage like you? Hahaha!"

Roaring Tianzun put his feet on the ground a little, and rushed towards Li Tian again!

At this time, Li Tian slowly raised his right arm, and in Li Tian's palm, several purple dragons were already swimming in his palm!

"It seems that you are reluctant to use the power of God, so try the dragon power I cultivated!"

Chapter 4955: : Hong Huang Qinglong

When the roar Tianzun rushed towards Li Tian, Li Tian blasted two palms at the roaring Tianzun!

With every palm blast, at least a dozen purple little dragons escaped from Li Tian's palm!

It's not that the roaring Tianzun's strength is too weak, nor that Li Tian's cultivation base is too strong. However, the moment these two dozen small dragons were released from Li Tian's hands, they immediately turned into twenty. There are several huge flood dragons that are more than three feet long. This dragon is full of purple lightning. Through this purple lightning, you can see the white keel inside the dragon's body!

It seemed that the purple water dragon seemed to be formed by Li Tian's spiritual power, but the white bones were quite realistic, and it seemed that the water dragon had come alive.

What a strange creature!

More importantly, the dragon's body unexpectedly released a powerful dragon!

In an instant, the roaring Tianzun was besieged by these more than twenty dragons with dragon power!

Roaring Tianzun's cultivation strength is not weak, and he immediately used his divine power to fight against these flood dragons.

Fist to Jiaolong!

Shenwei vs. Longwei!

For a while, Tianzun and Li Tian fought evenly against each other!

"Hahaha, I finally know why you kid dare to be so arrogant, but it's a pity that your cultivation level is still too far behind me, so let me use my spiritual power to destroy you little insects one by one. Tear the ground into pieces!" Roar Tianzun is not angry but happy.

He was forced to flee from his original world to the metal world. He has no retreat, so the roaring ***** only wants to stand in the fairyland of the metal world, the most suitable area for humans to live and live, and since his cultivation level has been reached The ninth level of the super domain master, then he will not just be peaceful and live a life, he will also have his place in the fairyland like other powerhouses in the fairyland.

Become the existence that everyone fears in the Heart Wonderland, and if this plan is to be completed, he alone will definitely not work, and the strength shown by Li Tian now can meet his requirements.

Therefore, Roar Tianzun laughed. He wanted to defeat Li Tian, completely defeat him, and then subdue Li Tian and become his most loyal servant!

It's a pity...In the beginning, Roaring Tianzun slowed down half a step because he was reluctant to display his power!

When the roaring Tianzun realized that Li Tian was definitely not an ordinary opponent, and wanted to release his divine power again, the twenty-odd purple flood dragons had instantly condensed him into fists with dragon claws and ripped him into pieces.

Roaring Tianzun was panicked, once again gathering spiritual power.

This time, every fist he condenses is full of supernatural power!

But even so, the roaring sky will be able to withstand the attacks of more than twenty purple dragons!

boom!

boom!

Full of fists!

After a brief period of panic, Roar Tianzun finally mastered the battle in his rhythm!

However, the roaring Tianzun felt that the divine power he had finally cultivated was quickly losing.

Amazing!

This is the divine power that Roar Tianzun has finally cultivated!

Divine power is a non-renewable resource for cultivators who have not yet reached the semi-god state.

It takes a lot of time and energy to cultivate divine power, but releasing that divine power is only an instant.

If you can't defeat the opponent within a few minutes, then the effect of the divine power will begin to weaken until it disappears!

The divine power that this roaring Tianzun cultivated was not a one-off.

His tens of thousands of years of cultivation in the miraculous mountain have already contained a trace of divine power in his body.

Moreover, his current control of the divine power has reached a very skilled state.

As far as his current cultivation base is concerned, his divine power can be used at least 16 or 7 times!

In other words, even if he yells at Tianzun and encounters a ninth-level peak powerhouse of the same level, he can still fight 16 or 7 times without losing the wind!

It is a pity that he met Li Tian!

What he met was Li Tian who had obtained all the inheritance of the great dragon.

Even the bones of the prehistoric dragons have become part of Li Tian's body!

This makes Longwei a part of any trick Li Tian uses.

Li Tian now seems to be a super wealthy, and Roaring Tianzun can only be regarded as a small upstart who just won the lottery and won five million.

Doufu?

Li Tian can play a hundred roaring gods without a problem!

The battle is still going on. In the entire area, there are dragon shadows and boxing shadows everywhere!

From time to time, you can see a purple flood dragon being smashed to pieces by that powerful fist!

From time to time, you can see the fists condensed from the body of the roaring Tianzun being torn into pieces by the dragon claws.

Although the ground did not shake the mountain, the battle between these two super powers still shocked many powers on the seventh ladder.

Whoosh!

Whoosh!

Whoosh!

There are constantly strong people galloping from a distance!

"Who is it? How dare you challenge the roaring Tianzun?"

"Challenge the roaring god? Don't be kidding, it's almost the same to be killed by the roaring god!"

"But this strong man we haven't seen before is also very powerful, and at this time there is no wind down!"

"That's that Roaring Heavenly Sovereign hasn't gotten serious yet. You must know that as early as a thousand years ago, Roaring Heavenly Sovereign was already the king of this seventh ladder, and no one could touch his position!"

"Hey, the cultivation realm of Roaring Heavenly Sovereign seems to have improved again! It has reached the ninth level of the super domain master!"

"Now even the gods can't save that kid! That kid will definitely die!"

"It's good to be dead, the food plundered by the roaring sky is enough for him to use for a long time, we don't need to be his target anymore!"

On the seventh ladder, Li Tian and the roaring Tianzun were fighting at both ends of the battle.

The cultivation bases of these strong men are generally not weak, the weakest ones already possess the seventh-level initial state of the superdomain master, and more are the seventh-level peak of the superdomain master, or even the eighth-level superdomain master!

"It's impossible for him to lose! Because he is Li Tian!" Meatball and Firewood, who had hidden thousands of meters away, looked at Li Tian with admiration, and said firmly.

"Li Tian?"

The faces of Meatball and Firewood could not help showing a trace of pride.

Li Tian is a strong man with a red wing **** outfit, a super strong man who can slay the ninth-level super master!

After these twenty years, Li Tian's name is probably now resounding throughout the metal world!

The onlooker cultivator's voice changed, "This name...this is horrible!"

The way of heaven is heaven!

Therefore, in the world where many cultivators live, few people dare to name it after the word heaven!

No wonder this cultivator thinks so.

"Huh! You will soon know the strength of Li Tian!" Rouqiu and Chaihuo thought unwillingly.

Situ Ningbing was knocked down by Roar Tianzun, only to escape from the battle ring with the help of meatball and firewood.

At this time, she was in no mood to argue with these onlookers, her eyes were staring straight at Li Tian, cheering for Li Tian!

"Lee..."

It seems that he heard the prayer in Situ Ningbing's heart, Li Tian turned his head to look at Situ Ningbing, and then muttered to himself in a low voice: "Enough! My true strength is almost understood, there is no need to waste time!" Speaking of this, cyan spiritual power was constantly pouring out of Li Tian, and these spiritual powers gathered together and gradually formed the shadow of a cyan dragon over several hundred feet.

"Honghuang Qinglong! Come out and make an appearance!"

Chapter 4956: :Who is a slave?

With a dragon chant resounding across the sky, the cyan prehistoric dragon behind Li Tian seemed alive instantly!

The mighty Longwei descended from the sky and landed on the roaring Tianzun!

This Longwei is far less powerful than what Li Tian saw on the bones of the great dragon, after all, this Longwei hasn't materialized yet.

However, this Longwei was a bit more powerful than the divine power cultivated by the roaring sky.

Roaring Heavenly Sovereign is the ninth-level peak powerhouse of the super domain master, but he has just cultivated to this realm, how can he resist the dragon power displayed by this prehistoric blue dragon?

Dangling!

Dangling!

The two legs of roaring Tianzun kept trembling.

The mighty divine coercion seemed to him to crush these two legs.

One by one, the fists condensed with spiritual power on the body of the roaring Tianzun were shattered by the dragon power released by this wild blue dragon!

Bang 1

boom!

boom!

Every time the spiritual power fist was fired, the whole body of the roaring Tianzun would tremble suddenly!

fear!

This is a kind of fear that comes from the heart!

Even if the cultivation base of the roaring Tianzun has reached the ninth-level peak of the super domain master, facing this wild blue dragon, the heart of the roaring Tianzun is still trembling!

The arms clenched fists were also shaking!

In the distance, the powerful onlookers dilated their pupils, staring dumbfounded at the great blue dragon that suddenly appeared behind Li Tian!

Do not!

To be precise, this is not a prehistoric dragon!

But judging from the size of this blue dragon, compared to the original bones of the original dragon on the top of the miraculous mountain, it is too much!

And the dragon power released from this blue dragon is also far from reaching the dragon power released by the great dragon!

However, even so, this prehistoric blue dragon is enough to make these powerful people clean and terrified!

"Qinglong! Such a huge blue dragon! Could it be..."

"Could it be that the bones of the prehistoric dragon disappeared because of this... this adult?" The strong man originally wanted to talk about the kid Li Tian, but when the words came to his lips, he subconsciously became an adult.

"Very likely! Everything is possible!"

"This is definitely not a coincidence. There are not so many coincidences in this world! The disappearance of the bones of the great dragon must have something to do with this adult!"

Almost instantly, these onlookers changed their words one after another, calling Li Tian an adult!

There was a smile on Situ Ningbing's face.

Although the Longwei released by the Qinglong made her feel a little afraid, her psychology is very happy!

Situ Ningbing looked at the onlookers with great interest. She could see clearly that after the appearance of this blue dragon, the surrounding strong men couldn't help trembling!

Even Situ Ningbing saw that some powerhouses even crawled around and turned to escape!

Meatball, firewood is happy!

"It was the **** who said that Lord Li Tian was not good? Get out of here!"

Not to mention that the meat ball and the firewood are fake tigers. The two of them have been suffocated for 20 years, and now they are finally exasperated, just thinking about releasing all the suffocation and anger in their hearts now.

No one speaks.

Even when the meat ball and firewood yelled these words, the onlookers at the same time stepped back.

Oh shit!

It's only in the early stage of the eighth level of the Super Domain Lord, who dares to challenge the peak power of the ninth level of the Super Domain Lord. Anyone with a normal mind will judge that this is Li Tian seeking death by himself, but... who knows that Li Tian is like this Fierce! The purple flood dragon that can unleash the power of the gods is as if you don't need money. That's not even a big deal. Now a **** mini version of the wild dragon has been released.

Li Tian, are you sure you are just an early super domain master at the eighth level?

Are you here to make us play?

The eyes of Meatball and Firewood are hot, and they especially hope that someone can stand up.

But they are destined to be disappointed.

When they saw the Great Blue Dragon, those strong men who had just insulted Li Tian had already trembling all over, turning around and fleeing sullenly.

In the battle circle!

Puff!

Roaring Tianzun persisted for a long time, but at this time finally couldn't hold on, his legs softened and knelt down in front of Li Tian!

"You said...who do you want to be someone's slave?" Li Tian slowly walked towards the roaring sky, and said with a sneer.

The expression on roaring Tianzun's face was very complicated, he clenched his teeth, but did not answer.

He feels aggrieved!

Is he **** a dignified super domain master ninth-level peak powerhouse?

It was cleaned up by the small trash in the early eighth stage of the Super Domain Lord, and now it is even humiliated by Li Tian!

This... Is there any **** reason for this?

Li Tian gave the feeling of roaring Tianzun, like playing an online game, full-level players wearing a cloth, came to the novice village with bare hands. The overlord of Novice Village, just about to start, clean up this pretending guy, this **** immediately changed the full-level equipment, held the artifact, summoned the beast, and then waited for you to move him!

Are they cheap?

Roar Tianzun did not answer!

The scene is very embarrassing!

Li Tian smiled slightly, but he unknowingly released a powerful murderous aura!

"Let me ask you one last sentence. Who said he wanted me to be his servant?"

Roaring Tianzun lowered his head, but even so, he could feel the group of ***** who had been bullied by him watching his jokes in the distance.

Reply?

Still not answering?

This is a problem!

Answer, lose face, even if he roars Tianzun can gain a foothold in the fairyland in the future, but his face has been lost to grandma's house!

But if you don't answer, you may lose your life!

Roaring Tianzun didn't believe that Li Tian would appreciate his backbone, and then he walked up to him and helped him up and treated him as a guest.

"Yes... I said..."

"What did you say? If I remember correctly, you are willing to follow me Li Tian. When I am Li Tian's servant, you should have no opinion when I am talking?" Li Tian said with a sneer.

Roaring Tianzun was taken aback, but the corners of his mouth showed a sneer.

Let me be a dignified super domain master ninth-level peak powerhouse, a powerhouse who is only a line away from the half-god realm, to give you this little trash who only has the superdomain master's eighth-level initial realm as a slave?

Did you not wake up, or did I not wake up?

This is not the way to dream?

With a subtle movement, Li Tian could see it all!

It seems that you really cannot rely on strength to subdue this kind of thing!

Sometimes the face is also very important, but unfortunately, Li Tian is disfigured!

I can't eat on my face anymore!

That being the case, there is no point in keeping this roaring Tianzun!

Li Tian's heart moved, and the great blue dragon stretched out behind him slowly moved, and the head of that green dragon had been moving from a high place to the kneeling roaring Tianzun!

"kill!"

Following Li Tian's words, Hong Huang Qinglong opened his mouth, biting into the roaring Tianzun!

Click!

Click!

Chapter 4957: : It's a misunderstanding

With a scream from the roaring Tianzun, his body was instantly torn into two parts by the wild dragon!

Click!

Click!

With a move of Li Tian's mind, these two bodies fell in front of Li Tian, and the great blue dragon disappeared immediately!

Huh!

Huh!

Li Tian began to gasp again!

Your sister!

Unleashing this trick has a lot of damage to Li Tian's body!

Li Tian felt his body veins seem to be on fire, and there was a faint fiery pain.

And his bones are also loud like popping beans. If it weren't for the transformation of the inner skeleton of his body by the great dragon, Li Tian might kneel down in front of the roaring god!

"Although this technique is powerful, it is not realistic to use it frequently. It seems that I will try not to use this technique when necessary in the future!" Li Tian thought in his heart.

Roaring Tianzun's body was bitten into two pieces, but he did not die immediately!

This guy's vitality is also tenacious enough, his arms supporting his body is still crawling forward!

Li Tian picked up the bull's head sword that fell on the ground, carrying the giant sword, and step by step to catch up with the roaring Tianzun.

His body was bitten into two pieces. Although he was not dead yet, the spiritual power on the roaring Tianzun had been scattered uncontrollably. His cultivation level had just reached the ninth-level peak of the super domain master, but now he has fallen to the super The domain master is in the third and fourth level.

"I...I can be your servant, you...you..."

"Doesn't it feel too late? I have given you many opportunities, what a pity!"

Li Tian sneered, stepped on the two sides of the field outside, and then swung his sword to slash it!

Huh!

Roaring Tianzun subconsciously condensed his spiritual power into a fist and used it as the bull's head sword cut by Li Tian!

Click!

The spiritual power fist was smashed in an instant, and then the two-meter-long Bull Head Sword smashed the spiritual power fist with a single sword and slashed towards the roaring Tianzun again.

puff!

The body of the roaring Tianzun has been torn apart by the dragon claws of the Great Blue Dragon!

Now that Li Tian exerted Longwei's Bull Head Sword with one sword, it easily cut the chest of the roaring Tianzun!

Blood spurted randomly along the wound, roaring Tianzun persisted for a few seconds, and finally fell in a pool of blood!

Sadly, the sword body of the Bull Head Sword seemed to be unable to withstand the mighty power of the dragon exerted by Li Tian, and the sword body instantly cracked!

"Tsk tusk! This dragon power is really strong, and the host body of super domain masters like the Bull Head Sword can't bear it! It seems that I want the Bull Head Sword as my weapon to be unreliable!" Li Tian couldn't help but shook his head and said.

Li Tian cut off the body of Roaring Tianzun twice!

Of course this was not whip the corpse, Li Tian could not do such a thing.

"Fuck, doesn't this thing have crystals? Super domain master ninth-level peak powerhouse? How can there be no crystals?"

Then Li Tian was still disappointed!

Roaring Heavenly Sovereign didn't know whether there was no today, or whether the crystals on the body had been crushed by the prehistoric blue dragon, and Li Tian didn't find it!

"Li...Li Tian...what is going on here?"

Feeling the violent energy fluctuations, the beast boy led Ye Meijing and Liu Jimeng desperately to rush over, and then they saw Li Tian looking for precious crystals in a pile of studying in Europe!

Li Tian suddenly turned his head and looked in the direction of the Beast Boy and the others!

"Beast boy, don't throw the people around you away! It's him!" Li Tian said casually, pointing to a super domain master eighth-level peak powerhouse.

This super domain master eighth-level pinnacle powerhouse has not yet figured out what is going on. He looks around to see who Li Tian is referring to.

But the beast boy has launched an attack on him!

"I...this should be a misunderstanding, I have never provoke this adult!"

misunderstanding!

Of course this is a misunderstanding!

Aren't there many misunderstandings in the paralyzed metal world every day?

But what?

This is also a world where the weak and the strong eat the strong, so what if it is a misunderstanding!

The beast boy's action was simple and neat, and before the super domain master's eighth-level peak powerhouse could react, he had already injured him.

Then... this hapless guy hasn't figured out what happened, he has been bitten by the beast boy!

You can't die anymore!

"This...what is going on?"

"I didn't see how this guy provoke Li Tian, why did he suddenly do it?"

"It shouldn't be..."

Suddenly, these powerful people onlookers had such a bad feeling in their hearts!

Soon, their hunch came true!

Yes, they didn't provoke Li Tian, but did Li Tian provoke Tianzun with anger?

Did the meat ball provoke the roaring Tianzun? Did the firewood make Tianzun angry?

No!

The strong are qualified to provoke at any time and launch attacks at any time. This is originally the rule of the metal world.

Li Tian didn't get a crystal from Roaring Heavenly Sovereign. His heart was actually very hurt. At this time, he would definitely have to find it from other strong men.

Then, this hapless superdomain master eighth-level powerhouse became the dead soul under the mouth of the beast boy!

As the beast boy began to attack the strong man, Li Tian, Ye Jingjing, and Liu Jimeng moved at the same time!

Immediately afterwards, two super domain masters at the seventh-level peak were brutally murdered!

Uh, okay, actually Li Tian also feels embarrassed. These powerhouses are just watching the show, but they have lost their lives, which is really bad!

However, if you change your mind, if Li Tian and Roar Tianzun are both injured and dying, at this time, the onlookers will definitely not love the letter to rescue the wounded and rescue Li Tian, but will take the opportunity to kill Li Tian. !

As for Situ Ningbing and the others, they are certainly inevitable!

"Run away!"

"This guy wants to kill us..."

"Run!"

The onlookers turned around and fled to the distance, and many of them ran directly to the steps leading to the sixth ladder!

Li Tian shook his head disappointedly!

The script shouldn't be played like this!

His idea is to kill all the strong on the seventh ladder, but now?

What kind of a thing is that only so few guys have been killed!

Blame only the miraculous mountain, there are too many passages between each ladder!

"Li...Li Tian, are you trying to get his crystals?" Beast Boy pointed to the super domain master's eighth-level peak powerhouse who was killed by him and asked.

"That's right!"

"I... Then you said it early, I just showed my superpower! What a waste!"

"Well, it's quite a waste! Why don't you continue to stay here to practice? It's just dealing with the trash of a Transcendent Master's eighth-level peak..." After saying this, Li Tian felt that there was something wrong, and he stopped quickly!

"Don't think about it, Li Tian, we are an alliance, you can't cross the river and tear down the bridge like this!"

Li Tian smiled and said, "Don't worry, I also need to find all twelve artifacts, so no!"

With that said, Li Tian has found the Fire Meteor Bow from the Space Ring!

"When I hold this bow, I always feel that the bow is guiding me wherever I go. Should we first follow the direction pointed by the Jihuo Meteor Bow?"

Chapter 4958: : Shou and Tian Qi

From the scrawny meatball mouth, after hearing the story of Li Tian, the 'trash' at the beginning of the eighth level of the super domain master, killed a strong man at the ninth level of the super domain master, the beast boy suddenly felt that his whole person was not. All right!

Li Tian, justifiably became the captain, leader, boss, and leader of this team!

Needless to say Li Tian, Beast Boy is willing to take the responsibility of becoming Li Tian's servant.

You see, isn't that good?

Li Tian is an insightful person who appreciates the beast boy!

Uh, okay it's a metal beast!

Li Tian also wanted to continue to kill two people on the seventh ladder, just wanting to kill two people purely, without any reason!

But Li Tian and others searched the entire seventh ladder, and they didn't even see a ghost shadow!

Li Tian was very disappointed!

"These guys are too spineless, right? This is gone? This is the miraculous mountain? Don't you know how rare and precious the opportunity to practice is?"

For what Li Tian said, Beast Boy could only haha.

He was regarded as Li Tian, his cultivation strength suddenly increased, which caused the whole person to start blindly expanding!

However, in any case, in the metal world, even if Li Tian is swollen to heaven, he now has this qualification!

Super domain master ninth level peak?

This kind of strong should belong to the most powerful existence in the metal world, right?

But your sister was easily killed by Li Tian!

What is Li Tian's trick called, 'the wild dragon? '

I rub, you think my beast boy is stupid, don't understand!

It must be a prehistoric dragon!

Li Tian, this guy is going to heaven!

Turning his head to look at Li Tian, the beast boy felt more and more in his heart that it was a wise choice for him to form an alliance with Li Tian!

The beast boy's heart couldn't help but feel proud.

The beast boy is triumphant.

But the Bull Head Sword that was finally freed from the seal has a bitter face!

Is it easy to come to Miracle Mountain?

However, not only did the hard-working Niutou Sword's cultivation realm not improve, but because of the innocent calamity, the cultivation realm actually fell to the fourth-level peak of the super domain master!

The heart of the bull head sword is dead!

Before, when Li Tian saw his Bull Head Sword, his eyes were staring, as if he was hungry...cough, as if he had seen a divine tool.

But now?

Li Tian's gaze swept over the Bull Head Sword, and he didn't have any intention to subdue the Bull Head Sword!

Niu Tou Jian took the initiative to show his favor and wanted to be Li Tian's weapon, but Li Tian politely declined.

It's so sad.

Li Tian and others went all the way down without encountering any challenges!

"Why is there no one on the sixth ladder?" Li Tian asked puzzledly looking at the empty sixth ladder on both sides of the passage!

The beast boy really wanted to spit out Li Tian with a mouthful of blood. Later, when he thought that he was like a metal steel beast, he couldn't spray the red stuff at all, so he gave up!

They came to the fourth ladder smoothly. The Sea-Monster tribe who practiced on the fourth ladder had just heard about Li Tian's brave story. After seeing Li Tian, they immediately rushed to surround him.

"Tsk tusk! Lord Li Tian, you are really more and more manly now!"

"Hey, Master Li Tian, if Master Haiqin sees you like this, it will definitely be hard for you!"

"Haha, Master Li Tian, you are not the man chosen by our Master Haiqin, it really shines! Please take my knees!"

Wear thousands of things, don't wear flattery!

The flattery of these Sea-Monster tribes is actually not sober and refined, but Li Tian still nodded his head and accepted all the flattery!

Looking at the cultivation of these guys, Li Tian couldn't help shaking his head!

In twenty years, the cultivation of these guys has improved, but only one super domain master first-level strong was born, and the other cultivation realms are still at the seventh or eighth level of the domain master, or even five. On the sixth level.

There is only one person in the ninth-level peak realm of the two super domain masters!

Well, you can't force it on them.

These guys can reach this state, Haiqing should be satisfied!

But Li Tian is not very satisfied!

Pay and return are not proportional at all!

I think that when I left the Netherworld Cry Sea, there were so many Sea-Monster tribes, now there are only dozens of them. The death rate is too high!

"When I find Xiaolong and the others, if Xiaolong and their cultivation are not satisfactory, they can only be allowed to go to other regions to practice miracles! Come to the metal world, you can't let them go back empty-handed!" Li Tian thought in his heart.

Leaving Miracle Mountain, there is no one who does not have eyesight to die!

This made Li Tian and others less troublesome!

The Chen Continent is vast and boundless, but there is metal everywhere. Li Tian is not in the mood to play in the Chen Continent. Besides, Li Tian still cares about Tang Xiaolong and others in his heart, and he has to go and see the direction guided by the Fire Shooting Bow. So Li Tian didn't stop and took everyone to the place where the space battleship was docked.

Li Tian didn't want to make trouble, but trouble took the initiative to find Li Tian.

The Beast Boy left the Beast Boy's space battleship guarded by the metal and steel giant beasts, and the Space Battleship of the Spirit Clan... is gone!

Everything has cause and effect!

Li Tian slaughtered on the miraculous mountain, but the strong men on the miraculous mountain had to escape.

Many of these powerhouses have been practicing on the miraculous mountain for hundreds of years. When they returned to the area where the space warships were docked, their space warships had already been taken away by other powerhouses.

Then, the powerhouses on these miraculous mountains can only **** other people's space battleships.

Unfortunately, Li Tian and others became others!

"What can I do?" Ponytail asked bitterly.

"It doesn't matter! We can grab other strong space battleships! Anyway, A grabs B's space battleship, B grabs C's space battleship, and then C grabs D's space battleship. Someday someone will grab it. A's head, so no one has lost!" Li Tian nodded slightly, looking like a tyrant, and said seriously.

"Master Li Tian is really knowledgeable!"

"Listen to Li Tian's words, I am better than ten years of reading when I am young!"

These Sea-Monster tribes started to flatter again!

At this time, if someone shouts, 'Lord Li Tian, he has boundless magic power, dominates the world, and longevity is the same! 'That would be perfect!

The beast boy already understood Li Tian's meaning, and took the two surviving metal and steel behemoths to grab other people's space fighters.

Li Tian was still immersed in all sorts of flattering sounds, enjoying himself.

At this moment, Bull Head Sword said bitterly, "Lee...sir Li Tian, it's not Yaxing that I want to disturb you. It's just that there are a lot of powerful weapon spirits on the space battleship of our spirit race. While cultivating in the middle of the world, the Lord of the Ratshead Blade is also in the space battleship. If they have three long and two short, our Spirit Clan will really be annihilated!"

"I'll wipe it! Forget about this, take back the space battleship that belongs to us first before it's serious!"

Chapter 4959: : Kill enough at once

The beast boy quickly snatched back a space battleship!

It's just that the big fish escaped, leaving only the small fish and shrimps. This space battleship is really small!

You ask how young Li Tian is?

If the space battleship of the spirit clan in the past was an ocean-going tanker, the space battleship that Beast Boy snatched back was a canoe!

This is also the beast boy's eyesight and quick hands, if you don't want to go later, even this small space battleship will escape!

Fortunately, even the smallest space battleship can hold Li Tian and others.

It's just a bit crowded after entering!

The squeeze is a bit squeezed, it is also the Sea-Monster tribe squeezing together.

Dozens of Sea-Monster tribes are squeezed into a small space, the picture is really picturesque!

"Whose the fuck's tentacles are in my nostrils?"

"Fuck, that guy's pliers caught my tintin?"

"Who touches my ass? It tickles me, I want to fart!"

"You **** dare to fart? Believe it or not Li Tian threw you out!"

Dozens of Sea-Monster tribes were noisy, but the guy who wanted to fart rather squeezed the fart out of his mouth!

Uh!

This sour...

Fortunately, Li Tian, Beast Boy, Situ Ningbing, Liu Jimeng, Ye Meijing, Meat Ball, Firewood, and other super domain masters who are above the realm, no one dares to approach them. They still have enough space for activities. .

It's just that this... heavy taste has already begun to permeate the space.

The strong like Li Tian can only hold their breath immediately!

Damn, fortunately, these powerhouses can take a long time without breathing, otherwise Li Tianzhen might throw that guy out!

The horsetail gun and bull head sword are in the cockpit!

They can use the cloud map to track the space battleships of their spirit race!

Fortunately, there is such a magical thing as the cloud map. Otherwise, it would be too difficult to find a space battleship in the endless dark metal world!

"Just in front, it seems that our space fighter has just been snatched and there is not much time!"

The ponytail spear looked at the light spot of the weapon spirit space battleship that appeared on the cloud map he was wearing, and said with some excitement.

"Speed up, catch up! Damn, it's really annoying to dare to **** the space battleship of our Spirit Race!" Niutoujian said with a bit of anger in his heart, but gradually Niutoujian's face became heavy. Get up, "I'm going...it seems something is wrong, why is the distance getting farther and farther?"

"I am afraid that the space battleship of our Spirit Race has begun to accelerate, but the speed of the space battleship we snatched back cannot reach such a speed!"

"What to do? Do you want to tell Master Li Tian about them?"

"Are you stupid? Master Li Tian's heart is concerned about Tang Xiaolong and other strong men who entered the metal world with him. If he were to let him know, he would definitely think about looking for his people first, and then our tools The spirit race is really going to be annihilated!"

"But, is this really good? If Master Li Tian knew about it, would you blame us!"

"Probably not? Li Tian has been separated from his brother for more than 20 years, so I don't care if I wait longer!"

The Bull Head Sword and the Horsetail Gun looked at each other, and then they decided happily!

Space battleships were flying in the endless darkness, but at this time, the direction they were flying was farther and farther away from where Tang Xiaolong and You Yinrou were located!

...

Li Tian didn't know that the space battleship flew in the opposite direction of Tang Xiaolong.

After returning to the space battleship, Li Tian began to close his eyes and rest.

At the same time, Li Tian has a dual purpose.

While practicing, he was communicating with the soul in Hong Zhan!

Hong Zhan's shamelessness has surpassed the limit that Li Tian could endure.

So Li Tian wants to refine Hong Zhan as soon as possible!

However, if you want to refine Hong Zhan, you can't avoid the soul in Hong Zhan.

Li Tian wanted to communicate with the soul in Hong Zhan, to see if there were other ways to make this soul come out of Hong Zhan.

In this way, he can avoid hurting this soul who is kind to him in the process of refining Hong Zhan.

"No! I don't know what the reason is. My soul has been imprisoned in Hong Zhan. If you want to refine Hong Zhan, you will also refine my soul!" Hong Zhan. Said the soul.

"Who are you? Why are you imprisoned in Hong Zhan?"

Li Tian is so curious about this soul now!

He felt that he might know this soul, and this soul might also know him.

Of course, there are not a few people who died in Li Tian's red behead, and Li Tian knew each other.

However, this soul has no malice, but will take the initiative to help Li Tian, which makes Li Tian have to consider this soul.

From this point of view, Li Tian is a kind person!

That soul was silent for a moment!

"I don't know very well. My soul was already in Hong Zhan when I awakened! It's just...I vaguely remember that the owner of Hong Zhan was Li Tian! And Li Tian..."

At this time, there was a cry of pain from the soul in Hong Zhan!

"Are you OK....."

"Do you want it?"

Li Tian's mind communicated with the soul in Hong Zhan, but the soul never answered Li Tian!

Li Tian's mood suddenly turned bad.

He began to worry about whether this soul had been hurt, but he was helpless again!

"Red Slash...!"

Li Tian stood up abruptly, with anger on his face, walking back and forth in the narrow space of the space battleship.

The strong men of the Sea-Monster tribe felt Li Tian's anger, and squeezed together again, looking at Li Tian with a little horror.

"Li, Hong Zhan..." Situ Ningbing asked.

Knowing his words and deeds scared Situ Ningbing and the others, Li Tian adjusted his breathing and sat down again.

"It's okay! It's the soul in Hong Zhan..."

Situ Ningbing and others all knew that there was a human soul in Li Tian's Red Slash, and they had guessed who this soul was, but there were too many dead souls killed by Li Tianhong, and they were not sure.

However, Situ Ningbing and others are still more inclined that this dead soul is Tang Feifei's soul.

It seems that only this explanation is the most reasonable!

It is precisely because of this that Li Tian wanted to confirm it several times.

However, haste is not enough. Who is this soul has not yet been confirmed, but the soul seems to have been hurt!

This is not what Li Tian wanted to see!

"Meatball, you go ask Bull Head Sword, how long will it take to catch up with the **** of the Space Battleship of the Snatcher Spirit Race?"

Li Tian was upset, the best way at this time was to find these **** to vent their anger.

Meatball just stood up, at this moment, the cockpit door of this small space battleship opened, and the Bull Head Sword hurriedly ran out of it.

"Master Li Tian, the space battleship of our Spirit Race has finally stopped, and we will be able to catch up immediately!"

"Okay! Don't interfere with any of you, let me kill enough at once!"

Chapter 4960: :I do not know him

The Bull Head Sword and the Horsetail Gun volunteered to invite Ying, and wanted to participate in the battle with Li Tian, but Li Tianyi verbally refused.

Later, these two guys were moved by Li Tian, and understood with reason, saying that this matter was related to the life and death of the Spirit Clan. Even if they died, they would fight with Li Tian.

Seeing the two super domain master-level powerhouses crying to death in front of Li Tian, Li Tian could only reluctantly accept these two guys back and forth.

However, Li Tianchou said that even if these two guys followed, they could only make soy sauce, not interfere!

"Soy sauce?"

Obviously, the powerful spirits do not know what soy sauce is!

After Situ Ningbing explained patiently, these two guys realized that they were supposed to be passers-by!

That is to work without effort.

Then shouted and cheered behind Li Tian.

This bull-head sword and ponytail gun are both good at it, and immediately agreed!

Bull Head Sword even recommended himself and took the initiative to become Li Tian's weapon to help Li Tian!

Again, Li Tianyi was vocally rejected!

The bull-head sword can hardly bear the dragon power displayed by Li Tian. If Li Tian really uses the bull-head sword as a weapon, then the enemy will kill more and kill less, let alone the bull-head sword!

This is not the result Li Tian wants to see!

"Li, use my butcher knife to kill the gods!" Situ Ningbing said.

Li Tian looked at the butcher knife that Situ Ningbing handed over.

This is just a dagger. For a fierce man like Li Tian, such a dagger is really small.

But now Li Tian can also use weapons that he hasn't endured. If he doesn't use the butcher knife to slaughter the gods, then he can only use the Qingyun Jue.

But... there is no such thing as a good guy, it always feels like a little less manly!

"Well, let's make do with it!" Li Tian took the butcher knife and butchered the god, nodded and said.

The beast boy looked at Li Tian with resentment.

"You should listen to me if you knew it! Let's find other artifacts first. As long as we can find other artifacts, twelve artifacts, there is always one that suits you!"

Bullhead sword and ponytail gun are not happy anymore!

"Wait until the collection of twelve artifacts, will the strong men of our spirit clan still survive? Beast boy, you are the metal and steel beast, we are the spirit clan, millions of years ago, we are likely to be a family, Do you understand? If our Spirit Clan is destroyed, the next one that should be destroyed is your Metal Steel Orc..."

Li Tian looked helplessly as the two domain masters of the Qi Ling tribe were fighting with the beast boy!

Then, Li Tian didn't care about these birdmen...

Keke, it looks like a metal bump, carrying Situ Ningbing's weapon, butchering the god! Flew directly from the space battleship!

The endless darkness makes people feel like cold!

A few kilometers away, the space battleship of the Spirit Clan was suspended in mid-air!

Li Tian speeded up and flew toward the space battleship!

After a few seconds, the Bull Head Sword and Ponytail Spear followed Li Tian and flew over!

"Master Li Tian, let's act together!"

Li Tian gave these two goods a blank eye!

"Master Li Tian, your look is so handsome... However, we know that there is a secret passage on the space battleship of the Spirit Clan, which can lead directly into the space battleship!"

"Say early! Waste my eyes!"

The Bull Head Sword and Ponytail Spear led the way, and soon the three of them flew to the Space Battleship of the Spirit Race!

After being modified and deformed, the space battleships of the Artifacts are now much smaller, and they are not very conspicuous.

Falling on the space battleship, the defense of the space battleship did not activate, and it is not known whether the ***** who snatched the space battleship did not activate it, or the defense system has failed.

Li Tian followed these two cargoes to the abdomen passage of the space battleship.

Then enter the space battleship through this channel!

The space battleship is extremely quiet, and there is no trace of battle!

There is no other filthy things such as blood, minced meat, etc.

This can only show two problems. Either battle has not occurred in the space battleship, or the ***** who rob the space battleship love the environment!

Passing through the passage, did not encounter an enemy!

Li Tian couldn't help feeling a little surprised in his heart!

"Look in the cockpit!"

Li Tian swaggered to the cockpit with a bull-head sword and a ponytail gun!

There is no one here!

"How is it possible? Didn't we meet the ghost warship?" Niutoujian muttered to himself in a puzzled manner.

Go to your sister's ghost warship!

This is clearly the warship of the Spirit Race!

"Bull head sword, horsetail gun, you are responsible for driving the space battleship! I will go to other areas to see!" Li Tian said.

There is definitely a problem with the sense of smell of metal creatures like the Artifacts!

When Li Tian entered this space battleship, he could smell a stinky smell, as if someone hadn't bathed in at least 20 years!

Uh, it seems that Li Tian hasn't bathed in at least 20 years! However, Li Tian's cultivation realm has reached the early stage of Transcendent Master's eighth level. The spiritual power released from his

body can automatically decompose the filth excreted from his body's pores, even the blood spattered on Li Tian's body. Can be broken down by these spiritual powers.

Then, Li Tian was... still ugly with scales all over!

But this is not the point!

The point is that Li Tianneng can smell those odors coming from other areas, as if telling Li Tian that the **** who robbed the space battleship are in other areas!

Li Tian carried the butcher knife and slaughtered the god, and soon came to the cultivation area of the other powerful people of the Qi Spirit Race!

Before entering the doorway, Li Tian heard the noise coming from this area!

"Haha, I didn't expect us to **** a space battleship from the Spirit Clan!"

"So many weapons of the Spirit Race, it's amazing!"

"Come, come, come, everyone picks one, and the others stay and use them for food when we get to Wonderland!"

"Haha, if it weren't for this creepy guy, we wouldn't find this area yet!"

"He is really our lucky star!"

"Not only our lucky stars, but our food! Hahaha!"

Li Tian stood at the door of this area and saw more than a dozen shaggy guys with their backs facing him. Each of these beast-like guys was holding a weapon that was transformed into a host by the spirit race!

"Hey, this guy looks meaty, it tastes quite good compared to it!"

The furry guys are surrounding a male human, with a smirk and silly, slowly approaching the hapless guy.

The weapons in their hands are like knives and forks, they can cut this guy into pieces of meat and swallow them at any time!

And at this moment, the hapless guy saw Li Tian!

His pupils expanded involuntarily, seeming to see the hope of survival, and he stretched out his arms and shouted at Li Tian: "My lord...help me!"

Huh!

A dozen furry guys turned their heads instantly and looked at Li Tian angrily.

"Haha, you go on, I don't know him!"
