

## A Killer 4961

Chapter 4961: : Wulitou leader

Obviously, these beast-like creatures did not listen to Li Tian!

Ouch!

Ouch!

Ouch!

These beasts roared, screamed twice, and pounced on Li Tian!

"I'm going! Why are you rushing to me? My meat is not delicious!"

Li Tian wanted to hide next to him, punching a beast against him!

boom!

Li Tian's fist slammed through the beast!

There was an expression of disbelief in the eyes of this beast, and he screamed in pain, his body became soft and prone, hanging on Li Tian's arm motionless!

Tick!

Tick!

Blood flowed from the wound of this beast, and Li Tian's arm fell continuously instantly!

On the ground, a pool of blood appeared instantly!

All the furry beasts were stunned!

Who is this pervert?

Didn't see how he used his spiritual power, why did he kill our partner with one punch?

Our little friend, the cultivation base has reached the top level of the superdomain master, he was hit by a second?

At this moment, these beasts finally recalled the fear of death...!

Cough!

"I'm so sorry, I didn't mean it! It seems that you like eating raw meat very much, if you don't mind, just eat him!" Li Tian stretched out his left hand and he punched the furry guy through. The corpse was lifted up, thrown away, and at the feet of other guys, but Li Tian's face didn't show the slightest embarrassment!

"Good... so strong!"

"Idiot, how can he exaggerate his own power at this time?"

"Yes... I'm sorry! I'm afraid..."

Guru!

Almost all the furry beasts swallowed their saliva at the same time!

afraid?

Who the \*\*\*\*\* is not afraid of!

This guy is a super pervert who can kill the super domain master-level powerhouse with one punch!

But what can you do if you are afraid now?

Is it because we are afraid that this guy can let us go?

The hapless guy who was surrounded just now was completely shocked!

"This is the strong! This is the real strong!"

"Damn it, why are there so many strong men in the metal world?"

"When will I become as strong as him?"

This unlucky person is not someone else, it is the member of the dark organization who is sent to the metal world group of five, Hang Kun!

Ram Kun, the nickname Ram Vigorously!

Possessing the seventh-level initial realm of the domain master class, after entering the metal world, because of the sudden appearance of the wolf rider, he and his little friends are all lost.

Then Hang Kun began his hard journey.

At this time, the professional skills of the dark organization training played a great role!

Steal without food!

If you can beat it, grab it!

If you can't grab it, run away!

If you can't escape, just pretend to be a grandson and be a pug!

In this way, twenty years have been passed by him without any risk.

And the cultivation realm of Hang Kun has also reached the peak of the ninth level of the domain master!

It's only a thin line away from the super domain master realm!

Hang Kun finally had the courage to go to the miraculous mountain, he wanted to experience the miracles on the miraculous mountain, and break through to the realm of the super domain master in one fell swoop!

But before going to Miracle Mountain, there is one more thing Hangkun needs to do, and that is to steal food!

Super domain master class powerhouse, Hang Kun dare not provoke!

So Hang Kun focused on those space battleships.

Don't say, this guy is using this skill, and it really made him steal a lot of things. If it weren't for these furry beasts to \*\*\*\*\* this space battleship, it might be the body of the spirit race. All weapons are stolen!

As a result, the unlucky cargo was trapped in the space battleship of the Spirit Clan!

Who said these furry beasts are very strong in cultivation realm, and the weakest have reached the realm of domain master.

Therefore, Hang Kun could only find a remote place to hide, waiting for the opportunity to slip out.

It's just that these fluffy guys are flying the space battleship all the time, and Hang Kun can't find any chance to escape.

As time went by, those furry guys began to search the entire space battleship, and Hang Kun felt that if he continued to stay in the space battleship, he might be found by these guys.

Therefore, Hang Kun decided to venture out of the space battleship!

Guy, this guy just escaped from this area, was spotted by the furry guys, and then blocked here.

Just when these beasts were about to eat him raw, Li Tian descended from the sky like a savior!

Hang Kun did not recognize that the scaly lizard man was Li Tian, and without hesitation he shouted, "My lord, save me!"

Hang Kun's idea is very simple. He doesn't care who this lizard man is or who these furry guys are. He just wants to find the right opportunity and escape from here.

The thing I love to hear most is that these furry monsters and this lizardman are both defeated, and then he will take advantage of it.

But... Li Tian's punch destroyed Jean's dream.

Hang Kun's idea of reaping the benefits of the fisherman suddenly fell apart!

The only good news is that this lizardman did not eat raw meat, and even threw the hairy guy's body over!

"My lord, come on!"

"My lord, I am optimistic about you!"

Seeing that Li Tian was so sturdy, the \*\*\*\*\* Hankun immediately hid in the corner, raised his arms and shouted, cheering for Li Tian.

At the same time, he has to create an illusion for these furry guys. This lizard man is his master and is here to save him!

Haha, are you scared!

However...it's useless!

The furry beasts are afraid of Li Tian, as for Hang Kun...

"Squash him for me!"

Following the roar of the furry beast leader, four or five furry beasts rushed over, and they were violently beaten at Hang Kun!

This is the picture you love to hear!

Li Tian didn't have any organization, but watched with interest these guys beating this unfortunate!

The furry beast leader thought about appropriate words, and said: "This...is the space battleship yours? This guy is sneaky, trying to steal your space battleship, and was discovered by our brothers, and then we traveled all the way from Chen Continent. Chasing here, finally caught this guy! Well, that's it! Now, this space battleship is back to you, you don't have to thank us, and don't ask our names, we never leave names for doing good things, just It will be in the diary! Okay, that's it, let's go!"

Has this furry beast leader watched too many nonsensical movies?

He even played such tricks with Li Tian!

Li Tian suddenly laughed!

He really likes these guys!

If you can catch a few of these guys back to the earth world and shoot nonsensical movies, the box office will definitely be a leverage!

Unfortunately, Li Tian has no such interest!

The leader of the furry beast walked over in a swaggering manner. As soon as he walked in front of Li Tian, Li Tian suddenly reached out to stop him.

Then, turning around, the palm of his right hand slammed on the head of the leader, and he slammed to the ground!

boom!

The entire space battleship shook twice!

Then, this guy's head was broken into a pool of paste!

"This grandson can't let us go! Brothers, kill me!"

Chapter 4962: : Don't like your name

"Let you go?"

These guys are not here to be funny, are they?

Now that you have come to the metal world, since you dare to steal other people's space battleships, don't you have the consciousness of death?

Li Tian originally wanted to use a butcher knife to kill these guys one by one, so as to vent his dissatisfaction and anger.

But now hearing the words of these idiots, Li Tian suddenly had no interest in continuing to fight.

It's just a small trash in the early days of the Super Domain Lord, no matter how many Li Tian kills, it is just torture!

Li Tian flipped it casually and sent the butcher knife to the space ring, and then...

The left and right hands became claw-shaped at the same time, the palms of the palms were facing each other, and the hands were horizontal to the chest, and then they exchanged up and down twice!

And in his left and right hands, seven or eight little purple dragons appeared at the same time!

When these furry beasts just rushed in front of Li Tian, Li Tian blasted out!

A dozen purple dragons rose into the sky!

Occupy the entire training area in an instant!

And those fluffy guys were bombarded into pieces by these little purple dragons before they could react!

boom!

boom!

boom!

The bodies of the furry beasts kept bursting open, like a tomato being blown up, flesh and blood flying!

The walls, floors, and ceilings of this cultivation area are filled with pieces of meat and blood...

This picture...tsk!

However, Li Tian played well without passion!

If it is in a TV series, should there be background music at this time? For example, the background music when Qiao Feng played the Eighteen Palms of the Dragon in the "Tianlong Ba Bu" is great!

After all, Li Tian mimicked the trick of Qiao Feng's heroes!

"Although this is still "Qing Yun Jue", but it feels that "Qing Yun Jue" is so imposing. From now on, my move will be called "Dragon and Eighteen Claws". Hahaha, this is so interesting!" Li Tian stood everywhere. In the flesh and blood, a weird smile appeared on the corner of his mouth!

With this smile, Li Tian peed his pants involuntarily!

Ram Kun!

The elites cultivated by the dark tissue were scared to pee by the power displayed by Li Tian!

Seeing the appearance of this cowardly bag and smelling the strong smell of blood, there was suddenly a hint of disharmonious urine, and Li Tian's face flashed with anger!

Reached out, claws, Li Tianzheng wanted to smash this guy to death...

"Big...sir, you are Li Tian, right?" Hang Kun knelt on the ground covered with flesh and blood, and said in a trembling voice.

"Do you know me? No, I have become like this. Can you still recognize me?"

Li Tian felt very surprised!

Although he knows that because of the Red Wing God costume, he has already gained a certain reputation in the metal world, but he is equivalent to being a gas network celebrity. He has not appeared in the metal world for 20 years, plus his 'facelift' Failure, now they have become such a ghost, it should be that no one can recognize him!

"You really are Lord Li Tian, as long as you use your "Blue Cloud Jue", I can recognize you even if you turn to ashes!" Hang Kun said excitedly.

Li Tian's face immediately became cloudy.

Will the paralyzed chat well?

What is Laozi turning into ashes?

and many more!

Something seems wrong!

How does this guy know that I am using "Qingyun Jue"?

Could it be...

Could it be...

This guy has a crush on me?

Have I made the investigation so clear?

"Master Li Tian! We are fellow..."

I go!

Li Tian almost spurted out a mouthful of blood!

Fellow?

"Are you \*\*\*\*\* earthling?"

Ram Kun shook his head vigorously!

"I also come from the Netherworld..."

Hum!

Hearing this news, Li Tian only felt his head dizzy!

So shocking!

"You say you are from the Netherworld?"

"Yes! And, I'm also a good brother of Master Li Tian...Long Yin's companion!" Hang Kun stretched out his hand and wiped the blood and scum on his face, and gave Li Tian a smile that he thought was very sweet!

"Long Yin? Why are you in the metal world?"

"It's a long story..."

Hang Kun began to tell how he entered the metal world, but this guy also knows what is the point. When telling the story, this guy emphasized how strong the relationship between him and Long Yin is, in order to draw him closer to Li Tian. the distance!

"You said Long Yin has also come to the metal world?"

"Yes, that's right! But that was already ten years ago, and now Long Yin doesn't know his life or death!"

Li Tian suddenly felt messy!

This sister, it turns out that there is more than one passage from the Underworld to the metal world!

Of course, Li Tian still doesn't know that his son Li Mu has also come to the metal world. Otherwise, he can't be more messy?

Hang Kun has slowly stood up.

After such a short period of effective communication, he felt that he had established a certain intimate relationship with Li Tian.

Next, he will follow Li Tian in the metal world!

Then, break through to the realm of the domain master in the shortest time, and then find opportunities to get in touch with other members of the dark organization, and then return to the underworld!

At that time, his status in the dark organization will surely rise...The boat is high, serving as the elder of the dark organization, marrying Bai Fumei, and embarking on the pinnacle of life...

"Long Yin! Haha, I didn't expect Long Yin to also come to the metal world! It seems that I and Long Yin really have fate! Oh, by the way, what did you say your name just now?" Li Tian asked with a smile.

"Back to Master Li Tian, my name is Hang Kun!"

"aviation?"

"No, it's Hankun! Hankun who is vigorously day by day!"

"Well, good name!"

boom!

Then... the boat of friendship turned over if you said it turned over!

Li Tian killed this guy with one palm!

"Don't blame me, your name is too...personal! I don't like it!"

The relationship between Li Tian and Long Yin is good!

But that is only limited to him and Long Yin!

As for the dark organization!

Haha you haha!

When the \*\*\*\* Super God family dealt with me, Li Tian, there seemed to be your assassin organization.

If it weren't for thinking that Long Yin was my friend of Li Tian, Long Yin didn't do any harm to me Li Tian, or I would even kill him with him!

At this time, Li Tian didn't know that the stars, Xiaoyue and the vicissitudes of life had fallen into Long Yin's hands.

Moreover, Long Yin almost cuckold Li Tian and Tang Xiaolong, a pair of good friends.

Although Li Tian and Xing Chen Xiaoyue have not established a relationship, Xing Chen Xiaoyue is also a woman appointed by Li Tian...

Haha, shameless again!

"Long Yin, I hope you are still alive!"

After Li Tian slayed all these furry beasts and Hankun, Ratsou Knife and other powerful spirit tribes slowly stood up from the pool of blood, and saluted Li Tian one by one.

The Bull Head Sword and the Horsetail Spear felt the violent energy fluctuations from the training area, and hurried over!

"Lord Li Tian, my old cow (horse) will help you!"

Chapter 4963: : The devil is back

Snatch back the space battleship of the weapon spirit race, the next step is to find the artifact.

However, before looking for the artifact, Li Tian needs to go to Wonderland first!

After all, for Li Tian, looking for Tang Xiaolong and others is a serious matter!

Also the most important thing!

And Wonderland, here is the only place that leads to the twelve regions, and it is also the collection and distribution center of all news.

As long as Li Tian can control the fairyland, even if he only controls a part of it, it will be of great help to finding Tang Xiaolong and others!

Everyone agreed with Li Tian's decision!

Beast Boy is now relying on Li Tian, and he must now consider the problem from Li Tian's standpoint.

He only knew that only to help Li Tian find his good friends, his wives, Li Tian could search for the artifact wholeheartedly.

The spirit race feel this is an opportunity!

Set foot in the fairyland, and then announce to the world that the Spirit Clan and the explosively powerful Li Tian are the best partners.

In this way, the powerful spirit tribes scattered everywhere can come to the fairyland and gather under Li Tian!

Then we will try to revive the great cause of the spirit clan!

Of course the Sea-Monster Clan agreed even more!

Wonderland, that is their sad place.

Paralyzed, in the fairyland, the Sea-Monster tribe was either almost sold as a slave, or the sold one was almost eaten by others.

It was really shameful to throw it at grandma's house!

Now they are back in the fairyland. Although their cultivation level hasn't improved much, they still can't make it to the stage in the eyes of those super powers, but this is not important.

The important thing is that they follow Li Tian.

that's enough!

These Sea-Monster tribes are quite proficient in the matter of foxes and tigers!

The space battleship is flying fast in the endless darkness!

On the cloud map, we are getting closer and closer to the fairyland!

Li Tian couldn't help but get a little excited!

Isn't the fairyland the place where Li Tian's "dreams"?

Last time, if there was no red wing \*\*\*\*\* outfit, Li Tian would have been hanging here.

And because of the Red Wing God outfit, Li Tian almost became the target of public criticism, and finally escaped!

"This time, Li Tian, I want to let all the powerhouses in Wonderland know that Wonderland has really changed!" Li Tian thought in his heart.

The space fighter of the Qiling tribe landed at the docking point, and Li Tian led a group of people to fly directly to the main island of Wonderland!

However, Li Tian's ideals are full, but the reality is very skinny!

Not long after flying out of the space battleship, suddenly a large number of Tiger Roar clan robbers shouted and killed Li Tian and others.

This group of Tiger Roar clan robbers, there are hundreds of them, and their cultivation level is generally not low!

Super domain master level 5 and 6 powerhouses are their main force!

"Hahaha, I waited for a long time and finally waited till today! After a long time, I finally have a fat sheep delivered to my door!" A tiger robber bandit who wears a golden helmet and has reached the eighth level of the super domain master sneered. Stepped out from the crowd, his eyes greedily swept across the many Sea-Monster tribes and said.

Although a strong tiger roar clan can't remember the appearance of all the strong clan of the sea monster clan, he can still probably feel that the sea monster clan in front of him seems to have been robbed by them once! Then there was a smile on his face, and he said to the golden helmeted tiger roar clan expert, "My lord, these... these guys seem to have been captured by us once!"

"Really? Haha, it seems that they are destined to become slaves to the robbers of our Tiger Roar clan! Little ones, what are you waiting for? Give me a hand! They are all \*\*\*\*\* to me, and they are taken to the fairyland to sell money!" The Golden Helmet robber said with a good smile.

What is Yuanjialuzhai!

What these Tiger Roar clan bandits like to do most is to lie in ambush near the fairyland and do their hands on those weak and powerful aliens. This is their means of making money and practicing!

unfortunately.....

At this moment, another strong man from the Tiger Roar clan discovered the Beast Boy!

"Big... Your lord, it's the Beast Boy! It's the ninth-level mid-level powerhouse Beast Boy who had followed the Demon King Li Tian!" When this guy saw Beast Boy, his voice was already trembling.

Super domain master ninth-level mid-level powerhouse can be regarded as an absolute powerhouse in Wonderland.

How dare they, these tiger roar clan bandits, attack the super domain master ninth-level mid-level powerhouse?

Of course, in order for these tiger roar tribes to become stronger as a real race, several of them also made sacrifices, and took the initiative to cultivate to the early stage of the ninth level of the super domain master, and then protect these tiger roar bandits!

However, today these super domain masters at the early stage of the ninth level did not go to work with them.

The golden helmet robber's face was cloudy.

So many fat sheep, if you just give up like this, it's not his style!

However, if you really want to take down the beast boy, their losses will be very heavy!

It's really hard to choose!

"My lord...or else, let's retreat! Don't be ashamed!"

"Asshole! Who said we are going to retreat?" The Golden Helmet robber couldn't help being angry, and punched the guy who had persuaded him, and then roared grimly: "We beg for wealth and danger, if we can take the beast. Boy, this guy alone can stop us from taking risks for decades! Brothers..."

The golden helmet robber felt something was wrong.

On weekdays, the strong men who were besieged by their Tiger Roar clan robbers would tremble with fright and look dead.

But now the faces of these guys surrounded by hundreds of robbers from the Tiger Roar clan showed excitement one by one.

It feels like these guys are waiting for a good show to be performed.

Who is the prey?

Did you make a mistake?

The Golden Helmet Robber did not shout the last words, his gaze quickly swept across the group of strong men surrounded, wanting to find the reason for the excitement of these Sea-Monster Clan!

Soon, his sight fell on Li Tian!

At this time, Li Tian had already pushed away the Sea-Monster Clan blocking him with some impatientness, and walked out slowly!

"What nonsense, come up and die!"

It looks very strange!

However, this voice is so familiar!

Even after twenty years, these tiger roar robbers remember this voice!

"Yes... it's Li Tian!"

"It's Li Tian in the Red Wing God costume!"

When the robbers of the Tiger Roar clan shouted these words, Li Tian had already released fifty or sixty purple dragons with "Eighteen Claws of the Dragon"!

Long Teng nine days!

Long Yin Shaotian!

These purple dragons all possess this powerful dragon!

For a while, these tiger robbers were beaten up!

In just an instant, more than a dozen tiger robbers were blasted into pieces!

The robber of the Golden Helmet Tiger Roar tribe only felt that his whole body was shaking uncontrollably. He turned and fled, shouting: "I'm going! Li Tian, the demon king is back! Brothers...Run!"

Chapter 4964: : Reasonable Li Tian

Li Tian didn't know that he actually had the name of a demon king in Wonderland!

Although it was very unfriendly, Li Tian still accepted it angrily!

The devil is the devil!

The robbers of the Tiger Roar clan, left dozens of corpses and fled!

The one who ran was called a fast, no matter how Li Tian called, he couldn't stop at all!

When Li Tian performed "Eighteen Claws of the Dragon", the powerful dragon still attracted the attention of the powerhouses in Wonderland.

These powerhouses who were originally in and in cultivation flew up from the fairyland main island one after another, wanting to see what is sacred, they dare to go wild in the fairyland.

Whoosh!

Whoosh!

Whoosh!

Super domain master ninth-level powerhouse.

An all-in-one super domain master ninth-level powerhouse!

At least fifty or sixty powerhouses of this realm flew out of the fairyland main island quickly, looking at both sides of the battle from a distance!

"It's the robbers of the Tiger Roar! It seems that they kicked on the steel plate this time!"

"Hahaha, these guys also have today, I really want to give this picture a thumbs up!"

"But I don't know where the fool came from. When encountering these little \*\*\*\*\* from the Huhou clan, he also released his supernatural power!"

"Tsk tsk, it's a sledgehammer, what a waste!"

"I'm afraid it's a strong man who just came down from the miracle mountain, want to be awe-inspiring!"

In the eyes of these powerhouses, Li Tian is just an idiot who doesn't know the power of God!

These powerful men watched the tiger robber robbers who fled from the wasteland with interest, and soon they noticed the purple flood dragon released by Li Tian!

"This...this feeling is..."

"Is it him?"

Li Tian's moves are a bit different from twenty years ago, and Li Tian's appearance has also changed a lot, but these powerful people still instantly recalled the scene of Li Tian, the demon king, killing the Qingfeng poster twenty years ago. !

"Fuck! It's the Demon King who is back!"

"You talk first, I'm leaving now!"

"The old wife next door is waiting for delivery, I'll go see..."

Then, these incredible powerhouses sandwiched their tails, turned and hurried back to the fairyland!

Li Tian is not terrible now, after all, he hasn't done anything to these powerful men.

But these powerhouses clearly remember that twenty years ago, because of onlookers Li Tian fighting with Qingfeng original poster, some unlucky ones were directly killed by the demon king Li Tian!

Spike!

Is it easy to cultivate to the ninth level of Super Domain Master?

Being beheaded by this demon king in this way is worthless!

Li Tian put away the purple dragon, and said helplessly: "Why are all gone? It seems that these super powers in Wonderland still don't welcome us!"

"It's not that we are not welcome, but you are not welcome!" Beast Boy corrected!

"Hey, just wait for you! But I like it!" Li Tian smiled sly!

Li Tian smashed everyone to the wonderland!

Those super powerhouses hid, but the ordinary powerhouses in the immortal realm did not know that Li Tian, the great demon king, had returned.

The fairyland is still full of flowers, and it is very lively!

"Li, now that we have arrived in Wonderland, what are we going to do next?"

"I'm thinking about how to find Tang Xiaolong and Youanrou quickly, but my brain can't think of an effective way, so I can only use the most primitive and savage method to launch a crowd of tactics, and to subdue some strong And let these strong men find it for us!"

"Are you going to unify Wonderland?"

"Haha, you have a good idea, but unfortunately I can't do it with my current ability! But letting the other powerful strengths of Wonderland give me Li Tian a face, it shouldn't be difficult to help me!"

The beast boy is full of black lines!

You Li Tian has the face of a fart in Wonderland.

These powerhouses are just afraid of killing you when you bastard!

It's just that he dare not say it clearly.

"Li, do you remember Qingfeng Tower?"

"Ok!"

"The owner of the Qingfeng Tower was beheaded, and the strong of the Qingfeng Tower also suffered heavy casualties. This force of the Qingfeng Tower may have disappeared now, so this Qingfeng Tower should belong to you. I believe other strong people in Wonderland will not do it. There are opinions. Under the reward, there must be a brave man. As long as we take out all the boundaries of Qingfeng Tower and Qingfeng Tower, as long as anyone can provide effective clues to find Tang Xiaolong and the others, we will put the entire boundary of Qingfeng Tower and Qingfeng Tower strength Give it to them, I think there will be many strong people coveting!" Situ Ningbing said.

Li Tian nodded.

This method is much better than his method of using force to solve it!

Moreover, Li Tian also thought of a way!

The seventeenth floor of Qingfeng Building is entirely made of metal!

It is entirely possible to treat Qingfeng Building as a building, and then make a huge building advertisement.

For example, write 'Tang Xiaolong, I miss you! I think you can't sleep as much as you think!'  
'Similar promotional language.

In this way, as long as Tang Xiaolong, Youanrou and others come to Wonderland, they will definitely see this advertisement!

Moreover, other powerful people who have left the fairyland will also remember this slogan, and then spread this slogan to the entire metal world.

So I'm not afraid to find Tang Xiaolong and the others.

"Tsk tusk, I'm a \*\*\*\*\* genius!" Li Tianqing couldn't help sighing!

Revisiting the old place, don't have a taste.

Li Tian and others went straight to Qingfeng Tower!

Before arriving at Qingfeng Tower, Li Tian and others discovered that Qingfeng Tower had already been occupied by other powerful people at some point, and that Qingfeng Tower had reopened!

However, this time Qingfenglou is not in the business of 'human meat buns', but has become a slave 'concentration camp' and a trading center for the slave trade!

Qingfeng Tower, all kinds of races, all kinds of creatures come in and out, so lively!

"It seems that Qingfeng Tower has already been occupied, and it might be difficult to come back now!"

"It doesn't matter, I will know it with emotion and reason, and make sense with the current owner of Qingfenglou! It's just that so many people follow me in, I am afraid it will cause misunderstanding! Beast boy, you take four or five Let the Sea-Monster clan go and change the first ingredients! We are all qualified people. We can trade crystals as much as possible not to grab them, and don't destroy the harmony of the fairyland!"

Beast Boy had a black line on his face. He hadn't planned to \*\*\*\* it, but now that Li Tian said it, it seemed that he couldn't justify it if he didn't \*\*\*\* a bit.

The several Sea-Monster tribes who were spotted were suddenly very excited!

Everyone is gearing up, ready to do it!

I rub! These guys are not misunderstanding, right?

"I said you guys are so excited to get wool? It's just going to buy some food! You must listen to the arrangements of the beast boy, do..."

"We understand! Hey, Boss Li Tian, don't speak so bluntly. Too blunt is not good!"

"I'm going! You guys..."

Ok! Li Tian is really helpless! What he said, these guys can no longer listen!

Four or five people were taken away by the beast boy, Li Tian looked at the crowd around him!

"You guys stay here, Ye Meijing and Liu Jimeng look at them! Ye Meijing has the highest cultivation base here!"

Ye Meijing originally refused, but when she heard Li Tian's last words, a smile appeared on her face.

"Relax! They will leave it to me!"

Li Tian took Situ Ningbing into Qingfeng Tower!

Chapter 4965: : Zifeiyu

"Two people, what do I need? We have all kinds of slaves here. We can be slaves to the Hercules of coolies, humanoid slaves that can be pets, and other slaves that can be used as food ingredients. Of course, if you are If you want to find two beautiful or overweight women to serve, we also have everything here!"

As soon as Li Tian and Situ Ningbing walked into the Qingfeng Tower, a man in the early stage of the Transcendent Master immediately followed and took the initiative to introduce Li Tian and Situ Ningbing to the slaves they sold here!

Seeing that Li Tian and Situ Ningbing didn't respond to him, this super domain owner Xiao Er did not feel discouraged, snapped his fingers, and continued: "It seems that both of you are not satisfied with the slave I just introduced. I want to be a slave with a higher level of cultivation. If this is the case, it may be a little more troublesome. We have followed the regulations of Qingfeng Tower. If two want to buy slaves with a cultivation level that exceeds the domain owner, then two must. There must be at least one person whose cultivation level reaches the domain master..."

Li Tian snorted coldly, unleashing the spiritual power of his superdomain master's eighth-level initial realm, and then said coldly: "Now I am qualified to buy a superdomain master's slave, am I?"

While Li Tian released his spiritual power, all the customers on the first floor of Qingfeng Building, as well as the slaves trapped in the cage, turned to look at Li Tian at the same time.

Super domain master eighth level!

Powerful people in this realm are already powerful in Wonderland. Such powerhouses appear on the first floor and naturally attract the attention of others!

A strange look flashed across the eyes of the super domain master-level shop Xiaoer, with a smile on his face.

"Of course! Of course enough! Two strong people can go directly to the seventeenth floor of our Qingfeng Building! Where is the most powerful superdomain master slave in our Qingfeng Building! Let our colleagues at the top of Qingfeng Building come to accompany them. Let's shop!" As he said, this superdomain master-level powerhouse didn't know what tricks he used. It might be a mind-like communication, and soon a superdomain master-level powerhouse at the eighth level came down from the upper floor. .

This powerhouse's cultivation realm is higher than Li Tian, reaching the mid-level 8th level of Super Domain Master!

Situ Ningbing and Li Tian subconsciously looked at each other when they saw that the Super Domain Master's eighth-level mid-level powerhouse was only serving as a shop assistant for Li Tian and others.

"It seems that the current Qingfeng Tower is only stronger than the Qingfeng Tower twenty years ago!"

It only took one look, Li Tian and Situ Ningbing understood their thoughts from each other's eyes.

Li Tian stretched out his hand to hold Situ Ningbing's hand and squeezed gently.

"Don't worry, the stronger the more interesting, only in this way can we subdue Qingfeng Tower, and we can quickly gain a foothold in the fairyland!"

Situ Ningbing immediately realized Li Tian's consciousness.

"Hello, two guests, I'm a guy on the 17th floor of Qingfeng Building, you can call my number, 17! 17 is my name!"

Li Tian and Situ Ningbing nodded slightly.

"I need to explain to the two in advance. If the two are only sightseeing, they can do sightseeing on the first floor of Qingfeng Building. Our Qingfeng Building will treat each other with courtesy. If the two need to go to the main floor of Chaoyu, even for sightseeing. , Our Qingfeng Tower also has

a rule, that is, at least one of the two must buy our slaves, even if it only buys the lowest-level supradomain master slaves, our Qingfeng Tower also expresses gratitude! And if the two do not buy any slaves, When the two leave Qingfeng Tower, we will also collect money from a superdomain master's first-level initial realm slave..."

"Is this the minimum consumption?"

"You two can understand that!"

17 is polite everywhere, but in his words he is full of confidence.

Li Tian and Situ Ningbing didn't speak any more, but followed the fellow of the Super Domain Master's eighth-level mid-level powerhouse upstairs.

The second floor is the domain master-level strong slave, but Li Tian and Situ understand clearly that the guys in Qingfenglou here are also super-domain master eighth-level strong! Going up again, starting from the second floor, the guys on each floor of Qingfeng Building are all super domain masters at level eight!

Even if the number of people on each level is not too large, the number of these super domain masters at level 8 is already extremely large!

Good guy, what kind of power it is that has such a strong foundation!

Situ Ningbing also stretched out his hand to reach Li Tian, and gently shook Li Tian's arm.

It meant to tell Li Tian that this Qingfeng Tower might not be easy to deal with, and to signal Li Tian not to act rashly.

But Li Tian stretched out his hand and squeezed Situ Ningbing's hand in turn.

"It doesn't matter, I am here!"

Now that Li Tian has decided, Situ Ningbing can only accompany him!

However, Situ Ningbing's heart felt a little uneasy.

Although Li Tian's cultivation realm is only in the early stage of the Super Domain Master's eighth level, Li Tian's strength is indeed beyond doubt. Even if it is a Super Domain Master's ninth-level peak powerhouse, Li Tian has a way to deal with it!

However, if she followed Li Tian, it would definitely affect Li Tian.

17 Take Li Tian to look up layer by layer, and walk up layer by layer.

Li Tian said impatiently: "No need to look, let's go straight to the top floor! Let me see your top slaves in Qingfeng Tower! Buy the best slaves if you want!"

17 smiled slightly, and said, "This guest, the two top-most players will be able to board sooner or later, but our top-level slaves are powerful in the early stage of the ninth level of Transcendent Master. With the current two cultivation levels, I'm afraid ..."

The 17 words are very polite and polite.

Li Tian smiled slightly, not angry.

"Have you heard this sentence? How can you know the joy of fish?"

"No!"

"Then I will translate it for you. You are not the \*\*\*\* me, how do you know that I can't surrender the slaves of the ninth-level superdomain master?"

17 Startled, he couldn't understand why Li Tian was suddenly angry!

His eyebrows jumped twice, and finally he suppressed the anger in his heart!

"This guest, I will take you to the top! But..."

"But what? You just lead the way, you just talk a lot!"

Situ Ningbing glared at Li Tian!

"Is this what you call reasonable?"

"Hey, I can't help seeing this kind of guy who looks down on people!"

Being scolded as a dog, 17's eyes flashed with hostility, and he thought coldly, "A good pair of dogs and men, now let you be crazy for a while, wait until you reach the top level, if you guys and dogs dare to play We, don't blame our Qingfeng Tower for turning you into slaves!"

"Hey, this little Pi Niang has thin skin and tender meat, especially her two long legs. It's really a good gun stand! If..."

While talking, 17 had already brought Li Tian and Situ Ningbing to the 17th floor!

This floor is empty, near the windows in the southeast, northwest, and there are a total of four cages!

One of the four prisons holds a super domain master ninth-level early powerhouse!

And there are only two guys on this floor of Qingfeng Building, who are also the cultivation bases of the ninth level of the Super Domain Master!

"So many super domain masters of the ninth level...really awesome!"

Chapter 4966: : This guy is so strong

The strength of the current Qingfeng Tower should never be underestimated!

Li Tian and Situ Ningbing had just arrived on the seventeenth floor, and the two super domain masters at the early stage of the ninth level immediately followed them.

And 17 seems to be able to communicate with these two guys through mind-sensing, these two super domain masters at the ninth level of the early powers do not know whether they consciously or unconsciously deliberately released two powerful murderous auras!

The corners of Li Tian's mouth curled up slightly!

This is giving him power!

"On the seventeenth floor, there are a total of four superdomain masters at the ninth level of the early realm slaves. If you want to buy any superdomain masters at the ninth level, you need to pay four superdomain masters The crystals, or something that can provide a higher equivalent in exchange!"

Another powerhouse immediately added: "Because your cultivation level is not the initial level of Transcendent Master's ninth level, Qingfeng Tower will not be responsible for any accidents that occur after your purchase of slaves!"

Li Tian nodded slightly.

At this moment, he was wondering how powerful the strength behind Qingfeng Tower was!

There are dozens of super domain masters in the eighth-level realm, and two super domain masters in the ninth-level initial realm. These are just the strength on the surface of Qingfeng Tower.

Being able to capture or sell the ninth-level primary realm slaves of the superdomain master, this shows that it is conservatively estimated that there will be at least one superdomain master ninth-level mid-level or peak powerhouse in Qingfeng Tower.

Li Tian still couldn't guess how many powerhouses were in the early stage of the ninth level.

Li Tian didn't take care of the two Super Domain Masters who were in the early stage of the ninth level, but slowly came to the cage where the slaves were held!

Ouch~!

As soon as Li Tian came to the cage, the animal-shaped slave in the cage screamed at Li Tian, and even wanted to pounce on Li Tian through the cage.

"Damn little thing, I was accidentally caught by your little rubbish. I have the ability to let the beast master out, and the beast will fight you for three hundred rounds!"

Gee, what a big tone.

It's a pity to be imprisoned in this metal cage, and I can't rush out!

"Guests be careful, if you are beheaded by these slaves because of your own reasons, we will not take any responsibility!" Superdomain Master reminded the strong ninth-level early.

Li Tian likes these guys.

Damn, I want you to die in my heart, but I am very polite.

"Then what if I accidentally beheaded these slaves?" Li Tian asked, turning his head.

Including 17, the three guys were slightly taken aback, and then they all laughed at the same time.

"Guests don't make a joke! Just your cultivation level..."

Li Tian repeated what he said just now!

17 I can see that Li Tian is serious, showing a professional smile, and said: "If you can kill these slaves, you don't need any responsibility for the guest Chengan!"

From the point of view of 17, Li Tian, who had only the initial realm of the super domain master, could not be the opponent of these super domain masters' ninth-level initial realm slaves.

If Li Tian doesn't want to die, he should stand far away and not deliver anything to these slaves to avoid accidental death!

However, a smile appeared on Li Tian's face!

This is what he wants!

Li Tian slowly approached the cage that held this beast master!

"Guest! We warn you very seriously that these slaves have not been completely tamed yet, if there is an accident..."

"Oh! Shut up, just let this little thing come over and see how I broke his neck!" The beast in the cage yelled and interrupted the fellow!

Seeing Li Tian approaching the cage, the slaves in the other three cages suddenly became excited on the seventeenth floor.

They held the railings of the cage with both hands and kept shaking the cage, even using their spiritual power to bombard the railings of the cage!

boom!

boom!

"Wow!"

"Wow!"

"Master Beast, kill this kid!"

"Haha, I'm really looking forward to it! I didn't expect that we could still see a good show!"

The beast master did not approach the railing, but circled in the huge cage, like a wild beast.

The beast master gave Li Tian an illusion, making Li Tian think that he was still far away from danger. As long as Li Tian got close to the railing, the beast master would rush over in an instant, and then grabbed Li Tian's neck with lightning speed. His neck was broken!

"The \*\*\*\* Super Territory Master is just a trash at the early stage of the eighth level. You can't help it, want to buy me?"

"Wait, am I an idiot? Why should I do it in the cage? If this kid buys me out and I do it outside, won't I be free?"

A gleam of light flashed in the eyes of Lord Beast, and a smile appeared at the corner of his mouth.

Then the beast master was like a pug, holding it obediently in the cage, and then crawling to the front of the cage, lowered his head, looking at Li Tian from the corner of his eye.

Are 17 and the other two guys on this floor dumbfounded?

Is this making wool?

You are the enhancer of the ninth-level initial realm of the super domain master, can you not be ashamed!

Hahaha!

Li Tian also laughed.

Li Tian came to the cage and whispered to the beast master, "Do you want to get out alive?"

The beast nodded!

"Very well, I will save you, and then you will listen to me for no more than twenty years. After twenty years, you will be free! Will you? Nod your head if you want!"

The beast master didn't know what Li Tian meant.

These are not important, what he wants most now is to get out of this cage.

As for what Li Tian said, he couldn't even hear a word!

After the Beast Lord and I go out, it's not necessarily who will listen to who sends!

The beast nodded again!

"This slave, I want it!"

But the slaves in the other cages were extremely stupid. Seeing that the beast master didn't do anything to Li Tian, these guys were immediately extremely disappointed and clamored to tear Li Tian apart.

For this request, Li Tian felt that he had to meet it.

Then, Li Tian slowly came to the cage near the south window!

"Go to hell, little thing!"

The guy in this cage looks very similar to humans, but he has four arms on his body... to be precise, four claws. Seeing Li Tian approaching the cage, two claws are holding on to the railing of the cage, and the other two. A paw stretched out of the cage and grabbed Li Tian abruptly.

At this moment, Li Tian suddenly raised his palm, and slammed a palm at this guy!

Four purple dragons flew out from Li Tian's arm, and got into this metal cage!

This time, the purple flood dragon released by Li Tian was of a small size and could rotate freely in this cage.

Then, the four purple dragons instantly tore this four-clawed guy to pieces!

puff!

puff!

Flesh and blood fly!

Damn Li Tian's face, there was a purple dragon digging out this guy's crystal from his body, and then sending it to his palm!

"This this....."

17. The other two strong guys have been dumbfounded!

"This guy is so strong!!"

Chapter 4967: : Enough now!

Who can think of it!

A guy in the early stage of the Super Domain Master's eighth level unexpectedly killed a powerful person in the Super Domain Master's ninth level in an instant.

Even if this slave is only in the early stage of the ninth level of the superdomain master, even if he is trapped in a cage, even if he underestimates Li Tian, but, ask yourself, if it is them, can they do it?

17's eyes stared at Li Tian.

He certainly can't do it.

He wanted to know how Li Tian did it!

Leapfrog spike!

This is not something that the average powerhouse can do!

It seems... it seems that the purple flood dragon released by this guy just now contains this dragon power?

Long Wei!

Longwei, this is the same existence as Shenwei, what is this guy for?

Is it just because of my dog eyes... I despise him, so he will prove it to me?

The beast is about to be scared to pee!

He secretly rejoiced in his heart.

"Damn, fortunately I'm smart, otherwise it's me who is dead now!"

"Who is this guy? He can be killed by leapfrogging, what a powerful existence!"

"It seems that what he said just now should be serious, then my beast master will use twenty years of freedom in exchange for the prolongation of my life!"

After the heart was the same, the beast master suddenly felt relaxed.

"Actually, it's not bad to follow this strong guy! His current cultivation level is only the initial stage of the eighth level of the super domain master. If his cultivation level rises to the initial stage of the ninth level of the super domain master, then the super domain master will be at the ninth level. I am afraid that the peak power will no longer be his opponent. In this way, following him, I can also cross the metal world!"

The beast master stared at Li Tian, but his eyes gradually became hot.

After Li Tian got the crystal again, he took back the purple dragon. The four-clawed powerhouse twitched a few times in the cage behind him, and he was already dead and couldn't die again!

In the eyes of 17, Beast Lord and others, Li Tian looked towards the west window!

What was imprisoned in it was a strong man with bark skin all over, and this strong man also had a small flower growing on his head, which seemed quite positive.

But just now this guy clamored more powerfully than the four-clawed powerhouse.

Li Tian slowly walked towards the strong bark.

When he was more than ten meters away from the bark strongman's cage, Li Tian had already asked: "Will you follow me? With your twenty years of freedom, it will be your life!"

"I...I..." There was a tangled expression on the face of the strong bark, his eyes turned left and right, as if he didn't know how to answer Li Tian!

"Is it hard to answer?"

Li Tian continued to walk towards him slowly!

It is less than five meters away from the cage!

17. There was a sneer on the faces of two other strong guys at this moment.

It was as if a big drama was about to be staged, and there was a hint of expectation on their faces!

No, it must be weird!

"Lee..."

Situ Ningbing wanted to remind Li Tian, but when she first called out Li Tian's name, the strong bark nodded in agreement.

"I am willing to follow you!"

Is it my illusion?

Situ Ningbing thought with some doubts in her heart.

Li Tian nodded in satisfaction, "Very well, and he, I want too!"

"Wonder! You are all bullies! Is this succumbing?" The strong man leaning in the north cage laughed wildly, grabbing the cage railing with both hands, shaking constantly, and shouted at Li Tian: "Come on, kid, Grandpa is willing to follow you too, but when Grandpa walks out of this cage, he will crush your head! Kick your kid's head as a ball..."

Li Tian has turned around!

He admired the spirit of this guy!

Since this guy decided to die, Li Tian can only help him!

But when Li Tian turned around, he suddenly felt a gust of wind behind his ears!

quickly!

very fast!

Soon Li Tian didn't react at all!

A green tree vine entangled Li Tian's neck!

On this vine, there are dense spikes, and each spike is shining with a faint purple!

At first glance, you know that this purple is highly toxic!

"Hey, if I were willing to give in, Lao Tzu would not be desperate to come to the metal world, let alone be trapped in this cage! I want Lao Tzu to follow you, in the next life!" The strong bark pulled hard, and it has already Li Tian dragged to the edge of the cage!

The strong bark is full of confidence in the real tree vine released from his arm!

As long as one of these spikes can penetrate Li Tian's skin, the spiritual power in Li Tian's body veins will be out of control.

In this way, even if Li Tian's strength is strong, he can only wait to die!

However, the guy is still very cautious.

It seemed that he was afraid that Li Tian could attack him, and while pulling the vines, he kept backing away.

"Boy, don't you feel that your whole body's cultivation level can't be used now? Haha, as long as I am willing, I can use the tree and vine to screw off your kid's head with a little strength! However, your life is to me it's still useful, so I'll leave your dog's life temporarily! Ask your companion to pay and let Lao Tzu get out of here!"

"Li..." Situ Ningbing wanted to run to help Li Tian, but was rejected by Li Tian waved!

The bark guy's idea is very good, but he didn't know that the scales on Li Tian's body were not ordinary scales. How could the thorns of these tree vines pierce the dragon scales of the great dragon?

"Hey, it's interesting!" Li Tian laughed out loud.

With Li Tian's laughter, Li Tian slowly turned, facing the strong bark!

Then the bark expert was surprised to find that the expression on Li Tian's face had not changed at all, not even a trace of redness on his face!

"No...impossible! The spikes on my vines can be pierced even if they are steel, how come..." The voice of the strong vines began to tremble!

Li Tian stretched out his hands, grabbed onto the vines, used Longwei on his arms, and slammed hard, and the strong bark directly hit the cage railing!

"no no....."

The strong bark wanted to retreat, but the vines released from his arm had fallen into Li Tian's hands. He had no choice but to retreat!

Li Tian let go of his right hand, with one hand into claws, and cast "Eight Claws of the Dragon".

Nine purple dragons flew out of Li Tian's hands and got into the metal cage!

The strong bark is dismembered instantly!

At the moment when the strong bark died, the little flower on his head quickly withered!

However, from the body of the strong bark, what was found was not a crystal, but a dark green seed!

This is the first time Li Tian has seen such a thing!

No matter what, put this seed away first and rest assured in the space ring.

Then Li Tian turned to the Beast Lord, and said coldly, "This is the first time!"

The beast master instantly felt cold sweat flowing from his back, and his whole body couldn't help shaking.

While he was trembling, Li Tian had already flashed, and he had come to the final cage.

He didn't give this guy any chance to talk nonsense, and then Li Tian killed the guy and put the crystal in his hands!

The two crystals of the super domain masters at the early stage of the ninth level were pinched by Li Tian and sent to 17.

"Now, let go of my slave!"

17 Look at Li Tian like a fool.

"Guest, although your strength is very strong, you can't buy and sell! A slave of the ninth level of the superdomain master needs four crystals! Four, do you know digital?" said 17 He raised four fingers at Li Tian.

Li Tian's hand shadow flashed, and he instantly grabbed his two fingers, and then...click!

"Enough now!"

Chapter 4968: : The man who pulls the wind

A scream!

The \*\*\*\* of 17 have been directly poked off by Li Tian!

Blood came out of his fingers and kept flowing down!

17 Holding the injured hand, screamed in pain.

It stands to reason that a super domain master's eighth-level peak powerhouse can have a strong endurance to pain even if his arm is cut.

However, Li Tian, this little bitch, even displayed his dragon power when he poke 17 fingers!

He also controlled Long Wei to drill into 17's wound, continuously destroying his skin cells!

This constant and abnormal pain makes 17 simply unbearable!

Seeing 17 injured, the other two guys on this floor were taken aback, and then a trace of anger flashed across their faces!

"You dare to run wild in my Qingfeng Tower, looking for death!" One of the guys roared, and simultaneously released spiritual power with both hands, instantly condensing two spikes, and the figure flashed towards Li Tian.

"roll!"

A simple one-word answer!

As he shouted this word, Li Tian's legs flashed and kicked out at lightning speed!

boom! A dull sound came from the guy's abdomen, and then I heard 'click! ' Click! With two beeps, this one kicked out. As soon as this guy rushed to Li Tian's side, he was kicked and flew out by Li Tian, and then climbed on the ground, unable to move for a long time!

With a simple kick, several ribs of this guy have broken.

Moreover, the constant pain still came from his body!

Long Wei!

See Long Wei again!

With this kick, Li Tian also used Longwei!

The ordinary blow with Longwei is no longer an ordinary blow!

This power can be imagined!

The other guy rushed to a position only three meters away from Li Tian, but stopped abruptly, not daring to take a step forward!

Li Tian's eyes were full of playful abuse, and he coldly snorted, "Go! Go find the owner of Qingfeng Tower! Tell him, just say that the owner of Qingfeng Tower is back!"

"Go... go! Call more people!" the guy who fell on the ground screamed.

Whoosh!

The other guy stood up and flew out directly from Qingfeng Tower!

"Now can I release my slave?"

Hearing Li Tian's voice, 17 shivered all over.

Enduring the pain, slowly stood up and walked towards the cage where the beast master was imprisoned!

Inside the cage, the beast master has little stars in his eyes!

The only look in Li Tian's eyes is worship!

These guys are strong at the early stage of the ninth level of Transcendent Master. This guy just kicked and flew out!

What a domineering picture!

How awesome is this guy!

The beast master felt that he was already excited, don't want it!

Following such a master, you will never be oppressed again, never be insulted again!

Following such a master, even if you lose twenty years, no, even if it is eternal freedom, can it be like this?

The cage where the Beast Lord was held was taken away by 17.

The beast master walked two steps quickly, and knelt down in front of Li Tian!

"The beast master Yi Shouxing meets his master!"

The beast master lowered his head and knocked his head on the ground, and then he did not dare to look at Li Tian!

He knew that before the strong bark attacked Li Tian, he made a mistake, which had affected his impression in Li Tian's heart.

Therefore, now he wants to think of Li Tianshi with the most sincere attitude!

And told Li Tian that since his Beast Lord chose to follow Li Tian, he would follow him forever and never betray!

As if he hadn't heard the Beast Lord speaking, Li Tian walked to a chair on his own, turned around and sat on it!

When he came to Qingfeng Tower today, he didn't intend to buy any slaves, he just wanted to return to Qingfeng Tower!

Only in the process of waiting for the Qingfeng Tower, Li Tian changed his attention again!

The metal world is always a face-to-face... No, it is a world that looks at strength.

If Li Tian doesn't have the strength, he would kneel upstairs and beg the current owner of Qingfenglou to return Qingfenglou to him. I'm afraid that the owner of Qingfenglou would not take a look at Li Tian with positive pressure, and even make his dog legs. They discounted Li Tian's legs and threw them into the cage to sell them as slaves.

Especially when I see 17, this guy's tone is very polite.

But the attitude of despising Li Tian in his bones deeply irritated him. In that case, he must show his strength.

If this is the case, then we must let Qingfenglou understand that he Li Tian is not an easy one!

Therefore, Li Tian used his thunder method to kill three superdomain master slaves in the early stage of the ninth level, so Li Tian smashed 17 fingers, so Li Tian kicked the superdomain master's early ninth level buddy!

Speak with strength and tell them that this Qingfeng Tower belongs to Lao Tzu Li Tian!

Now I am back!

This Qingfeng Tower has returned obediently, otherwise, everyone can only see the truth in strength!

Of course, in fact, Li Tian had already guessed that the current Qingfeng Tower, with such a huge influence, could easily return Qingfeng Tower to Li Tian?

There is another battle!

And the opponent in this battle is much stronger than the opponent just now!

Super domain master mid-level 9?

Super domain master ninth level peak?

It's all possible!

But Li Tian doesn't matter!

But Li Tian is fearless!

Originally it was deliberately looking for something, but can you still be afraid that it won't happen?

As for the super domain master ninth-level peak powerhouse?

It's a big deal, just release the prehistoric dragon again!

Li Tian can still bear this pain!

Hum!

At this moment, there was a shock in Li Tian's heart!

Then Li Tian's face showed joy!

At this time, at this time, Li Tian actually refined the black beads!

That's right, even when he was just fighting, Li Tian refined the black beads with a single mind!

The effort paid off, and now this kind of child is finally under Li Tian's control!

Surging spiritual power!

your sister!

The demigod-level beast crystal of the white light old man is really not covered!

This surging spiritual power has already made Li Tian feel fear!

Too powerful spiritual power!

Li Tian simply cannot control it!

Although Li Tian has refined the black beads, Li Tian has refined only 51%. It is like a joint-stock company. Li Tian has already held a controlling stake and became the largest shareholder.

The only pity is that the spiritual power of this black bead is still trapped inside the bead and used by the facial ghost Li Tian!

Otherwise, Li Tian doubted that he would break through again, with one sentence breaking through to the ninth-level peak realm of the super domain master!

Hey, forget it!

Now this state is the best!

If my cultivation realm really reaches the ninth level of the super domain master, then if I want to pretend to be forceful, I can only converge my cultivation and disguise.

However, a man like me, even if I want to converge, I can't do it at all!

I am like a firefly in the black smoke, so windy, so dazzling...

Ahem, Li Tian suddenly felt that he was going to be fascinated by himself!

And at this moment, in the distant sky, a dozen or so spiritual powers of the ninth-level super domain master flew to the Qingfeng Tower quickly!

"Come! Finally!"

Chapter 4969: : The owner of Qingfeng Tower

The whole wonderland is shaking!

Continually there are super domain master level powerhouses flying up, looking at the dozens of super domain master level 9 powerhouses flying!

"What exactly happened?"

"It looks like Qingfeng Tower!"

"Qingfeng Tower? Qingfeng Tower again?"

"Why do you say yes again?"

"Don't you know? Twenty years ago, Li Tian, the owner of the Red Wing Divine Costume, fought against Qingfeng Tower. At that time, the strong men in Qingfeng Tower were almost slaughtered!"

"Li Tian... is the man called the Demon King?"

"That's right! It's him! But since then, Li Tian has disappeared and never appeared again. It seems that other regions have never seen a red wing \*\*\*\* outfit!"

"This time it won't be Li Tian, right? The Red Wing God outfit deals with so many strong men, can he win?"

"Don't be kidding! After the Qingfeng Tower incident 20 years ago, the powerhouses of the entire fairyland were studying the weaknesses of the Red Wing Divine Costume. Don't say it, they really discovered the weaknesses!"

"What are the weaknesses of the Red Wing God outfit?"

"No secret... I'll go, what do you mean by staring at me?"

"Despise you! I will suffocate you if you don't say it, never say it!"

"Ahem, okay, the weakness of the Red Wing Divine Costume is the ability to continue. The last time Li Tian just killed two Super Territory 9th-level powerhouses in succession, the side effects of the Red Wing Divine Costume were revealed, and finally Li Tian fled. So, now as long as three powerful ninth-level super domain masters join forces, as long as they are willing to die, it is not difficult to defeat the Red Wing Divine Costume!"

"It turns out that there are so many superdomain masters at the beginning of the ninth level, there are still mid-stages, and there are even two superdomain masters at the ninth level. Even if the owner of the red wing \*\*\*\* outfit returns to the Qingfeng Tower, I am afraid they will There are no scum left behind!"

"But... it's strange, why didn't other super domain masters ninth-level powerhouse fly out to watch?"

The people who don't know the truth talk about it!

Whoosh!

Whoosh!

Whoosh!

Now all the elites of Qingfeng Tower are dispatched!

Target Qingfeng Tower!

Goal Li Tian!

One super domain master ninth-level early realm strong, 13 super domain master ninth mid-stage realm strong, two super domain master ninth peak realm strong!

This is all the forces in Qingfeng Tower now!

In the current Qingfeng Tower, even the powerful wolf riders who occupy the Yin Continent dare to challenge!

This shows their power!

Whoosh!

Whoosh!

Whoosh!

Sixteen strong men of the Strong Wind Tower landed on the top of the Qingfeng Tower after flying half a circle in the air.

Then standing in different directions, the figure flashed, and easily jumped into the 17th floor of Qingfeng Building from the window!

...

In Qingfeng Building, Li Tian is still sitting on a chair!

Situ Ningbing stood behind Li Tian!

So many super domain masters ninth-level powerhouse suddenly appeared on the 17th floor, Situ Ningbing's heart was also a little drumming!

He has seen Li Tian behead the ninth-level pinnacle powerhouse of Super Domain Master, but can Li Tianneng deal with so many powerhouses?

"Lee..."

Li Tian waved his hand gently, telling Situ Ningbing not to speak.

The beast is kneeling on the ground!

Suddenly the appearance of so many super domain masters ninth-level strong, the beast master was also taken aback!

"Qingfeng Tower has such a powerful force..."

The beast master did not dare to look up, he did not know what choice he should make now!

Are you continuing to kneel here and play dead?

Did you enter the cage obediently?

Or is it.....

The beast master slowly raised his head, he saw Li Tian was watching him!

Just because Li Tian looked at the beast master more in the crowd, the beast master's heart was suddenly full of power!

The Beast Lord didn't stand up, he knelt and walked to Li Tian in the gaze of all Qingfeng Tower experts!

"Lord...Master! Please allow Lord Beast Yi Shouxing to fight alongside you! Even if... Lord Beast I died here today, I have no regrets!" Lord Beast said firmly with his eyes.

There was a satisfied smile on Li Tian's solemn face, "Stand up! I bought you, not to let you die! You will be of great use in the future! But now...you will protect me for me. Woman! You just need to do your duty, you don't need to sacrifice your life!"

The beast master nodded heavily and stood behind Li Tian!

The dozens of powerful men in Qingfeng Tower, none of them said anything, just watching Li Tianzhuang quietly!

When the Beast Lord also stood behind Li Tian, the host of Qingfeng Tower now showed a trace of murderous aura!

"Listen to A Can, you are the original owner of Qingfeng Tower?"

A Chan is the guy in the early stage of the ninth level of the super domain master who just fled to move the rescuers!

"But as far as I know, the owner of the Qingfeng Tower was beheaded twenty years ago. Before we came to the Wonderland, the Qingfeng Tower was an unowned thing!"

The current owner of Qingfeng Tower is Gong Shetian!

All the guys and strong men in the entire Qingfeng Tower are from the same world as Gong Shetian.

This is a small world!

The entire world is about one-tenth the size of the earth world!

And this world is ruled by a certain quasi-god!

And all the strong in this world only believe in this god!

For this quasi god,

Gong Shetian led these thousands of powerhouses to the metal world!

Thousands of years have passed, and they have been comprehending miracles on the mainland of Shen.

The reason why all of them are above the eighth level of the super domain master is to occupy the fairyland and gradually control the fairyland so that the fairyland is in their hands!

The purpose of these guys is very simple, to make the metal world gradually become the back garden of their world, only belonging to the secret realm of their world.

Then they continue to cultivate strong people below the eighth level of Super Domain Master in the metal world!

Let more powerful people enter the realm of God and become servants of the gods they believe in!

It can be said that these guys are typical representatives of abandoning themselves and perfecting others.

It's a pity that Li Tian and other strong foreigners in the metal world are not the others, and they are crystals!

It is a crystal that allows those who have left the metal world and returned to their world to continue to improve their cultivation!

"Since it is an unowned thing, whoever obtains it belongs to whom! I think you should have no opinion on this point?"

"No!"

"Very well! In that case, if you kill my slave and wound my people, I'm afraid we have to settle this account properly!"

Gong Shetian is very strong, but he knows that strength is built on absolute overwhelming strength.

However, after listening to A Can's introduction, Gong Shetian was a little confused about Li Tian.

For this reason, Gong Shetian showed relative restraint on Li Tian when he came to Qingfeng Tower!

But with Li Tian's retreat, Gong Shetian felt that Li Tian should be showing weakness.

And at this time, he did discover that Li Tian's cultivation realm was only in the early stage of Super Domain Master 8!

Is such an opponent really worth fearing?

Gong Shetian cast colors on the powerhouses on his left and right, letting them slowly approach Li Tian!

Li Tiansi remained unmoved, nodded, and said, "What you said is not wrong! But in the metal world who has the big fist, who makes sense, you must have no opinion on this point?"

Gong Shetian's face changed!

At this time, Li Tian pointed his right thumb to himself, and said, "Who said that Qingfeng Tower has no owner? Twenty years ago, when the owner of Qingfeng Tower was killed by me, this Qingfeng Tower already belonged to me. Li Tian !"

Chapter 4970: : To collect rent

Li Tian's words shocked the powerhouses on the seventeenth floor of Qingfeng Tower!

Twenty years ago, did the poster of Qingfenglou actually die in the hands of this man?

impossible!

Totally impossible!

Before occupying Qingfeng Tower, Gong Shetian conducted a detailed investigation into the past history of Qingfeng Tower!

Behind the man who killed the poster of Qingfeng Lou, there is a pair of red wings, which are the red wing gods in the legend of the metal world!

Moreover, the man with the red wing \*\*\*\*\* outfit is a normal human!

However, the man in front of him, no matter from which angle, he felt a bit like a lizard clan or a human dragon clan!

Thinking of this, Gong Shetian's face relaxed.

There is no need to have any doubts, the guy in front of you is here to find fault on purpose!

I just wanted to blackmail with the name of the owner of the Red Wing God costume!

It's a pity that he made the wrong wishful thinking, and he doesn't know how powerful Qingfeng Tower is now!

A Chan said that the man in front of him could instantly kill the slaves of the Super Domain Master's ninth-level initial realm, Gong Shetian believed.

The world is so big that there are no surprises, and it is not uncommon to see the race Gong Shetian with the strongest combat power in an instant.

However, the fake is the fake. The man in front of him kills only the slaves trapped in the cage. As for A-Chan, Ade (another man who fell on the ground), why did this guy not kill?

I'm afraid this guy doesn't have this ability at all!

As for Shenwei?

Gong Shetian has also been in the metal world for thousands of years, and besides, he is also the ninth-level peak powerhouse of the super domain master.

Any domain master-level powerhouse can cultivate divine power, and this is completely achievable in the metal world.

However, Shenwei is like the crystal of the ninth-level super domain master in your pocket, and there will be no more when it runs out!

It's just that some people only have one crystal in their pockets, and some people have a little more crystals in their pockets, there will be ten, twenty, or at most a hundred or so.

However, Gong Shetian has never seen any strong person's cultivation of divine power can be displayed at will, unscrupulously displayed! !

Your sister, is this awesome?

Do you think it is ordinary spiritual power?

Besides, the guy in front of him is only at the early stage of the eighth level of Super Domain Master.

The small trash of this realm wants to kill the slaves of the superdomain master's ninth-level initial realm, then he must use some means.

And Shenwei is the only means he can rely on.

When his power is exhausted, he will be the weakest garbage!

Thinking of this, Gong Shetian's face showed a smile.

sneer!

Furthermore, this sneer turned into a wild laugh!

"Hahaha, I really agree with what you just said! The metal world, the weak eat the strong, the strong is respected, if you think you have the strength that can compete with Qingfeng Tower, then you can show it, but..." said here Gong Shetian's tone was cold, "However, if you want to blackmail our Qingfeng Tower in this way, then I am afraid you have chosen the wrong person!"

Up to now, Gong Shetian still hasn't broken his face with Li Tian, which shows how strong Gong Shetian's endurance is!

After saying this, Gong Shetian winked at the two mid-level ninth-level super domain masters beside him. The two experts understood, nodded slightly, and moved forward two more steps.

"Let us come to learn and teach your brilliant tricks!"

The aura of these two super domain masters of the mid-level ninth-level powerhouse rose sharply. As the powerful murderous aura spread everywhere, the temperature of the entire seventeenth floor dropped instantly, and even the surrounding air seemed to be stagnant. The air in the nostrils is like a knife blade, and it hurts the skin in the nasal cavity!

"and many more....."

At the moment when these two powerhouses wanted to rush towards Li Tian, Li Tiangu suddenly stretched out his hand!

The smile on Gong Shetian's face is even stronger!

Now, everything doesn't need to be doubted anymore. The guy in front of you is a liar, a blackmailer, and a model to die.

In this case, there is no need to continue to deliberately restrain this guy!

Li Tian could probably guess the thoughts of Gong Shetian and others. He still sat on the chair, without the slightest panic, with a light wind, his gaze slowly swept over the dozens of powerful men surrounding him. .

"Before I do it, I have something to say!"

"I'm the most reasonable person. I have already tried my best to explain the truth to you just now. This Qingfeng Tower and all the property and land of Qingfeng Tower belong to me! If you are unwilling to return Qingfeng Tower, I too I can understand, after all, you are now running a business, and I will not take care of your business, but you must at least give me the rent you occupied for these years!"

"I only want rent, it's not an embarrassment to you! Everyone is coming to the metal world to eat and practice. There is no need to fight and kill, and there is no need to fight for life and death. In case I lose my hand, If you kill all of you in the Qingfeng Tower, am I really becoming the devil? I still love face!"

Hahaha!

All the strong on the seventeenth floor laughed!

Is this guy mentally retarded?

He went to Qingfeng Building to collect rent!

This guy still missed?

Want to kill all the strong in Qingfeng Tower?

Are you here to be funny?

Ask the entire fairyland, who dares to say that he has the ability to uproot Qingfeng Tower?

All the powerhouses in Qingfeng Tower now feel that Li Tian is a neurotic, the kind of man who will die if he doesn't pretend to be forced!

Even the beast lord behind Li Tian blushed for Li Tian!

"It's a pity! You picked the wrong place! Stop talking nonsense, kill this guy, and then make a human skin lantern to hang on the roof of Qingfeng Tower, let all the guys in the metal world know that, come to Qingfeng Tower Looking for something, this is the end!" Gong Shetian has lost interest in Li Tian, he turned around and left!

At the moment Gongshetian issued the order, several super-domain masters in the mid-level realm already rushed towards Li Tian!

I want to cut off Li Tian's head!

Only the deaf and mute super domain master ninth-level peak powerhouse who followed Gong Shetian did not move.

He did not hear the dialogue between Li Tian and Gong Shetian, nor did he hear Gong Shetian's order, nor did he see Gong Shetian's gesture.

In his mind, Li Tian is probably really a clown!

This super domain master ninth-level peak powerhouse is called the dragon tooth powerhouse.

Gong Shetian turned around, and the dragon tooth powerhouse also turned around.

But... just as they turned around!

A majestic spiritual power instantly rose behind them, and two consecutive violent explosions came from behind!

Gong Shetian and Longya powerhouse turned around at the same time, and then instantly, their pupils involuntarily enlarged!
