Chapter 5: Mysterious woman sober

But he just took a casual look, and then walked towards the hotel.

After walking over, Li Tian suddenly felt something was wrong.

"How come such a luxury car suddenly appeared in Liaocheng?"

"Moreover, after I suddenly picked up a mysterious woman, it looks like that woman is definitely a rich person. Is there any connection between this?"

After thinking carefully, Li Tian turned his head and glanced at the two cars again.

I saw that the two cars had stopped in front of a small shop.

A few tall men in black suits came out of the car and walked towards the small shop.

"Hey, have you ever seen a woman in her 20s who was injured and dressed in a black leather jacket. She looks very beautiful and looks very cold?"

The four men in black suits who walked out of the Audi asked with cold faces to a woman in her 30s holding a baby in the store.

The woman in her 30s did not know that the child in her arms was frightened by the dangerous breath brought by the four men in black suits, nor did she know that it was because of other reasons that she cried sharply. .

While the woman was coaxing the child in her arms, she said to a few four men in black suits in non-standard Mandarin: "Why is the voice so loud? Really, it scared my child. "

"I want to ask you something." Another man in a black suit next to him, when he heard the woman talking nonsense, suddenly roared.

The woman suddenly became a little frightened, and the child in her arms began to cry.

"I haven't seen it, I haven't seen it." The woman said quickly, holding the child in her arms and stepping back, as if she was impatient.

The four men in black suits standing there suddenly looked cold.

One of them took a step forward, clenched his fists, as if about to hit the woman, scared the woman pale and hid herself, and the child in her arms cried loudly.

"How many big brothers are you doing?"

Suddenly a voice came over.

Four men in black suits turned their heads and saw a guy looking at them with a smiling face.

Isn't this Li Tian? It turned out that Li Tian just ran over when he heard the children crying in fright.

"Who are you?" A tall and thin man in a suit gave Li Tian a cold eye.

Li Tian smiled and said, "I'm from this small city, what's wrong? Brothers, it looks like you have just come to Liaocheng, right? If you need help, just say."

Li Tian said like a good old man.

The tall and thin man asked, "Have you ever seen a woman in her 20s who was injured? She was beautiful in black leather."

After the tall and thin man asked coldly, Li Tian was taken aback, obediently, and really connected. It turns out that these strangers in luxury cars are really related to the woman he picked up.

Originally, Li Tian wanted to say that he had seen it, but he suddenly felt that the men in black suits across from him were a bit vicious, as if they were not good people.

Plus, what is the relationship between the woman lying in her own house and these people hasn't been figured out yet? It would be okay if it was the friend of the mysterious woman at home, but in case it was an enemy, it would be a disaster. Don't forget that the woman was still hurt so badly.

Li Tian was thinking about how to answer. He only heard the tall and thin man suddenly say coldly, "Have you ever seen it?"

Li Tian said quickly: "No, no."

"But the eldest brothers don't worry, if I see you then, I will definitely inform you as soon as possible." Li Tian said with a smile.

Hearing Li Tian's words, the lanky man didn't even look at Li Tian again. He suddenly turned his head and walked over to the Land Rover Freelander 2 parked next to him.

The window of the car slowly shook down, and a macho with red hair and two calf-like eyes appeared in Li Tian's sight.

The hideous face made Li Tian feel a sense of fear.

Except for seeing such a character on TV, Li Tian was the first to meet him.

After seeing the lanky man in suit lowered his ears and said a few words to the red-haired man, the red-haired man nodded slightly, and the car window closed again.

The other four men in suits only glanced at Li Tian slightly, then got into the car and drove away.

Looking at the two distant cars, Li Tian wondered: What is the origin of these people, and what is the relationship with the woman lying next to his house? No, I have to save the woman quickly when I turn around, and then ask him carefully.

When Li Tian went to the hotel to ask for more than half a month's wages, the woman in the room suddenly opened her eyes.

Maybe it's because the effect of Li Tianshang medicine is good, or because this woman has good physical strength, but now it can be seen that this mysterious woman really woke up.

When she opened her eyes, both hands were instinctively clenched tightly, and a pair of bright eyes looked at her surroundings vigilantly.

At the same time, he walked out of the small bed with difficulty.

After cold eyes glanced at the room in front of her, this mysterious woman could immediately tell who was living here?

Looking at this messy small room, the woman's eyebrows frowned slightly.

"Why am I in this place?" the woman muttered to herself there.

Then I hurried to see my wound. It was unexpected that the wound was bandaged, and medicine was still on, and there were several bottles of antibiotics on the table next to her.

When seeing these things, the woman slowly stood up while covering her wound, glanced outside through the small muddy window, without speaking.
