

A Killer 501

Chapter 501: Sword, painting, book

To be honest, Li Tian didn't know what Xuanyuan Sword was, but he could feel that Xuanyuan Sword was definitely not an ordinary thing.

"Is this Xuanyuan sword the treasure of the Yuwen family?" Li Tian asked, frowning.

"Not bad."

"Xuanyuanjian has always been the treasure of the Yuwen family, and few people know that the Yuwen family has such an artifact." The Black Eagle in front of him said word by word.

Li Tian thought for a while and wanted to ask, "Then the clan master knows that this Xuanyuan sword is placed in the Yuwen family?"

"It must be in the Yuwen family's secret room." Black Hawk said hoarsely.

"Secret room?" Li Tian was stunned when he heard it.

He had heard what Chen Qiaozhi had told me: The Yuwen family has two emperors and they must not go.

The first is the restricted area, and the second is the secret room.

Especially this secret room is an even more inaccessible place, because if a person wants to go to the secret room, he must pass the restricted area first...

But now I heard this Black Eagle say that he was going to help the Duanmu clan master to steal something: It was in the secret room of the Yuwen family, and Li Tian was stunned when he heard it.

"Why, are you scared?" Black Hawk suddenly stared at Li Tian in front of him and asked.

Li Tian turned his head and glanced at Black Hawk.

"What do you think?"

Black Hawk sneered: "Even if you are afraid, you have to go."

"Don't worry, I will naturally go." Li Tian said coldly.

"Also, I'd better remind you of something...The characters around you should have enough courage, or I'm afraid they won't even have the courage to join the Yuwen family."

"You don't need to worry about this."

"Okay, I have finished asking what should be asked."

Having said that, Li Tian turned around and walked out of the black eagle's door.

After Li Tian walked out of the black eagle's door, the vicious smile on the black eagle's face slowly converged, and the corner of his mouth said evilly: I hope you don't die in the Yuwen family this time, hehe.

Li Tian left the Yuwen family's room and went straight back to his room.

There was an uneasy and ominous feeling on his face.

And suddenly he remembered what Old Monster Ge had said when he first met him. He told himself, never do the big thing at hand. If you do it, the consequences will be disastrous, and many people will die. ...

Thinking of this, Li Tianyin vaguely felt that Ge Lao had really predicted something?

You must know that the thing Duanmu Heiming wanted to steal this time turned out to be the treasure of the Yuwen family: Xuanyuanjian!

Once the treasure of the Yuwen family is stolen by himself, there must be a big chaos in the Yuwen family... Then will something really happen? Li Tian guessed.

With an ugly face all the way, Li Tian slowly entered his room.

When Tang Xiaolong and Chen Qiaozhi in the room saw Li Tian come in with an ugly expression, they were all taken aback.

Tang Xiaolong saw that Li Tian looked ugly, and he was the first to speak, "Little boss, what's the matter? Did that **** didn't tell you?"

But seeing Li Tian shook his head.

This shook his head can not help making the brothers even more depressed.

"Did he tell you?" Chen Qiaozhi also asked.

Li Tian slowly raised his head and said, "Well, he did tell me."

"what?"

"What did he let you steal from the Yuwen family?" Chen Qiaozhi couldn't help but curiously asked. Tang Xiaolong, A Qiu, and Old Monster Ge looked at Li Tian curiously.

But seeing Li Tian slightly said three words from his mouth: "Xuanyuanjian!"

"What?" As soon as Li Tian said this sentence, the old monster Ge, who was sitting originally, suddenly jumped up like a poisonous snake biting his butt, and at the same time, his face instantly turned pale.

On the contrary, Chen Qiaozhi and Tang Xiaolong looked at the old monster Ge with a huge reaction.

"What's up, old monster?" Chen Qiaozhi asked, taking a look at the old monster Ge.

Old Monster Ge ignored him, turned his eyes and stared at Li Tian unblinkingly and asked, "Is what you just said is true or not? The Duanmu family... want you... steal... Xuanyuan sword?"

At this moment, Li Tian couldn't help but curiously looked at Old Monster Ge who had a huge reaction, nodded slowly, and said, "Yeah."

"Oh my God!"

"No wonder I saw the omen of killing from your face! No wonder..." Old Monster Ge suddenly muttered to himself.

"Old monster, what are you talking about?" Tang Xiaolong over there looked at Old Monster Ge with a puzzled face and said.

Old Monster Ge turned his head and stared at Tang Xiaolong fiercely.

"You...you guys... hey! It's just a bunch of pigs... don't know anything." Old Ge suddenly cursed at Tang Xiaolong and Chen Qiaozhi.

This curse made the brothers even more depressed.

"Old monster, you have something to say, what's the matter? Isn't it just stealing a sword? You are so excited!" Tang Xiaolong said with a gloomy look.

But seeing Old Monster Ge really looked extremely ugly, he said to himself incoherently, "There really is Xuanyuan Sword in the world... is it true...?" He asked himself side by side.

At the same time, a hand suddenly took out a yellowed torn book from the dusty gray pocket on his back... The book was not very thick, dirty, and torn. When he took it out, he turned pages carefully.

Tang Xiaolong, who was next to him, leaned close to the dense small prints and illustrations.

Tang Xiaolong asked in a daze, "Old Monster Ge, what are you?"

"You shut up, don't talk." Old Ge said.

Tang Xiaolong really closed his mouth in depression.

Seeing Lao Ge turned over a dozen pages and finally stopped, his eyes stared at the broken book he was holding in his hand, then his excited eyes beamed and said, "Could it be that the legend is true... ..Is the ancient sacred thing really still in the world? It's incredible." Old Monster Ge said to himself like a lunatic.

Li Tian and Tang Xiaolong both looked at the book that Old Monster Ge was holding, carefully drawing three illustrations.

The first illustration is a sword of Qiyu Angxuan!

A domineering sword, gleaming...

The second picture is: an opened book, the top of the book is all blank, without any fonts.

When Li Tian rigorously touched this book, he couldn't help but stunned slightly...subconsciously, he thought of the celestial scroll in his backpack, the book on the second picture of this mountain It seems to be the same as your old broken book, huh? It turned out to be blank.

Where does Li Tian know at the moment that the book he possesses is an ancient relic? At the moment he was just curious.

Look at the third picture again: It turned out to be an illustration with a phoenix... Phoenix picture?

When he saw this, Li Tian was stunned for a moment. Tang Xiaolong next to him was also puzzled and said, "What is this?"

Chen Qiaozhi didn't understand it, but he could see it plainly.

"The first one is a sword, the second one is a book, and the third one seems to be a picture of a phoenix." Chen Qiaozhi said silently.

And look at the old monster Ge? The whole person looked dumbfounded and stared at the three things above, while still muttering in his mouth: Is the legend true? If it is true, then the gate of the restricted area at the top of the snow mountain is also true? Oh my God, it's incredible...

Chapter 502: Ancient secret

Listening to Old Monster Ge talking to himself alone, Li Tian and his brothers looked at him depressed.

It took a long time for the old monster Ge to slowly recover.

Tang Xiaolong blinked his eyes and looked at Old Monster Ge who was "stricken" and asked, "Old monster, what is going on? What are you stupefied?"

Chen Qiaozhi and Li Tian next to him were all blinking at the old monster Ge.

But after seeing Old Monster Ge regaining his sober consciousness, he suddenly cast his eyes on Li Tian.

"Are you really sure that the thing Duanmu family wants you to steal is Xuanyuan Sword?" Old Monster Ge in front of him suddenly asked Li Tian, who stared at him with wide eyes.

Li Tian nodded with certainty: "Yes."

"Old Ge, what's the matter?" Li Tian in front of him asked with a surprised look at Old Monster Ge in front of him.

Old Monster Ge suddenly took a deep breath and looked into the distance with deep eyes, as if looking at something. After a while, he slowly said, "Have any of you heard of the legend of ancient relics?"

Hearing what Old Monster Ge said, Li Tian and Chen Qiaozhi couldn't help being stunned together. You looked at me one by one, I looked at you, stunned, and then both shook their heads.

"Legend? You are crazy, old monster! It's the 21st century now." Tang Xiaolong said with horror on his face.

He has always been prejudiced against Old Monster Ge, only feeling that half of Old Monster Ge's words are farts.

Old Monster Ge went up and glared at Tang Xiaolong.

"you shut up."

"What about you? Have you heard of the legend about ancient relics?" Old Monster Ge turned his head and looked at Li Tian and the Tao of Chen Qiao in front of him.

Chen Qiaozhi and Li Tian both shook their heads. They really didn't know the legend about ancient relics.

"It seems you really don't know..."

"Old monster, just say what you have, don't pretend to be a ghost here." Chen Qiaozhi said in front of him.

Old Ge slowly took his deep eyes back, and then said earnestly word by word: "The legend about ancient relics, in fact, I also heard people say a long time ago."

"The legend has left three things from ancient times. One of these three things is the current Xuanyuan Sword." Ge Lao said slowly.

Listening to what Ge Lao said, Li Tian couldn't help frowning slightly, and he secretly said: Is this Ge Lao saying true or false?

Xuanyuanjian? It turned out to be an ancient relic?

What legend is there? Nonsense...

Tang Xiaolong over there was full of disbelief, sitting alone with a cigarette in his mouth, while Li Tian and Chen Qiaozhi both frowned and looked at Old Monster Ge in front of them.

"Old Monster Ge, if you say that this Xuanyuan sword is one of the three ancient relics, what are the other two ancient relics?" Chen Qiaozhi is often the kind of person who hits the nail on the head, and his questioning is only the most important thing. important.

Listening to Chen Qiaozhi's question, Old Monster Ge in front of him slowly passed the broken book he held in his hands.

"The remaining two are these two things." Old Monster Ge said while passing the book in his hand to Li Tian and Chen Qiaozhi.

After handing it over, Li Tian and Chen Qiaozhi both took a look.

"There is a book, a sword, and a picture drawn on it? Could the other two ancient relics be a book? There is also a picture?" Chen Qiaozhi blinked his eyes and asked Old Monster Ge.

"Not bad!"

"Of those two things, one is the Heavenly Book Pill Scroll and a sacred book, and the other is a picture of a phoenix, a picture that can see through the future." Old Monster Ge said seriously.

When Li Tian listened to Old Monster Ge saying this, he was slightly taken aback: Heavenly Book Pill Roll? Tianshu Danju...

I don't know why, when Li Tian heard these four words, a strange feeling suddenly rose in his heart. After Li Tian found out that feeling, he was shocked to know that it was the energy in his body. Suddenly, it began to rush to the whole body continuously... and it felt like the tadpole on the broken book entered his body when Li Tian was studying the "broken book".

This feeling made Li Tian slightly surprised, but disappeared.

Chen Qiaozhi and Old Monster Ge over there certainly didn't notice this slight change in Li Tian, and they still said: "Old monster, are you saying true or false?"

"of course it's true!"

"Why do I lie to you..." Old Monster Ge looked very angry and said solemnly.

"If you say so, what the Duanmu family asked Li Tian to do this time is to steal the Yuwen family's Xuanyuan sword."

"Yeah, I have always heard that the Yuwen family has a treasure, but I never thought that this treasure was a great treasure!!" Old Monster Ge said with eyes full of light.

"The legend says that the Xuanyuan Sword was Emperor Dayu's divine weapon and a treasure handed down from generation to generation. Since it was left in the hands of the witch god, it has disappeared... Hey, I didn't expect that this divine weapon was actually in the hands of the Yuwen family. ."

"The Yuwen family is originally an ancient family, and it has royal blood. If this Xuanyuan sword really exists in the world, it can only be owned by a family like the Yuwen family." Chen Qiaozhi said slightly.

Li Tian listened to their conversation, deeply shocked.

He never thought that the thing Duanmu Heiming let himself steal was a supreme treasure left over for thousands of years... and it should be the heirloom of the Yuwen family!

No wonder, Duanmu Heiming would let himself be an outsider to do this. If he stole it himself, then for the Duanmu family, he undoubtedly mastered a magic weapon. If he did not steal it, then the Duanmu family could also stay out of the matter. Here, Li Tian deeply felt that the Duanmu family was really sinister.

"Old Ge, I have a question I want to ask you." Li Tian said suddenly.

Old Monster Ge blinked and said, "You ask."

"I want to ask, about the three ancient relics, what legends are still hidden... I personally think that it is not just three things, I think these three things are of any use?" Li Tian asked.

Hearing what Old Monster Ge said, Li Tian suddenly let out his eyes.

"Good question!"

"I guess the dark Duanmu family must also know the mystery of the legend about the ancient relics." Old Ge said slightly, touching his chin with his hand.

"What is the secret?" Chen Qiaozhi asked.

At this moment, even Tang Xiaolong over there couldn't help but leaned over, listening with his ears erected.

Just listen to Old Ge slowly said: "The legendary ancient relics have three pieces, the Xuanyuan sword, the heavenly book pill scroll, and the phoenix picture... The ancient legend records that if these three things can be brought together, they can Open the door to Tianshan's restricted area."

Chapter 503: Chen Qiaozhi's words

"The gate of Tianshan's restricted area?" Li Tian and Chen Qiao's capital were stunned. This was the first time I heard such a big secret.

"Yes."

"Qiaozhi, I think you should be aware of the ancient wrecks that our country's archaeological team found in Tianshan several decades ago... Some of those ancient wrecks are human bones, and some are instruments... obtained from archaeologists. According to the information, those tools should be the tools of the Stone Age." Ge Laodao said.

After Chen Qiaozhi supported the glasses on his eye sockets with a word, then he nodded seriously.

"Well, it's true."

"I once had a friend who studied this stuff. He told me that our country had discovered some ancient relics on the top of the Tianshan Mountains many years ago. However, because the technological conditions at that time had not yet reached the current level, so at that time Can only return without success."

"But they deeply remembered that those wrecks were buried on the top of the Tianshan Mountains, buried under the deep ice... No one knows where that dynasty was? No one knows the top of the mountain. What is buried... But because no clue was found, the top of the mountain has always been a mystery, a mystery of the world, and it is more mysterious than the world-famous Devil's Delta."

"Do you know what is on the top of the mountain that day?"

"I don't know." Chen Qiaozhi and Li Tiandao said.

"But I think that the top of the mountain definitely has an unknown secret." Chen Qiaozhi added.

"Well, let me tell you... The ancient legend has a gate to the restricted area on the top of the mountain, and only after gathering three ancient relics can the gate of the restricted area of the mountain be opened." Ge Lao said.

"The gate of the restricted area? Is this legend still true?" Li Tian asked with a frown.

Old Ge slowly said, "I don't know this, but there is such a legend."

"Regarding the legend of the gate of the restricted area on the top of the Tianshan Mountains, I think no one in the world has known the real secret... so no one knows whether it is true or not, but the ancient relics are real and true. In the world." Old Ge said.

"The Duanmu family wants you to steal the Yuwen family's Xuanyuan sword this time...presumably the Duanmu family knew the secret of that Xuanyuan sword for a long time, so they sent you there."

Li Tian frowned deeply and said, "Well, it seems to be the case."

"It seems that Duanmu Heiming should have known the secret a long time ago, and let you do it."

"Little boss... Then according to what you said, that Xuanyuan Sword is so awesome... and it is still an ancient **** soldier, then I think the Yuwen family must treat it as an ancestor... It must be difficult to steal, right?" Tang Xiaolong blinked his eyes and said.

Listening to Tang Xiaolong's words, Li Tian nodded silently.

Thinking of what the Black Hawk said to himself, he was a little depressed.

"Xiaolong is right. It seems that trying to steal that Xuanyuan sword this time is indeed extremely difficult."

"Because Xuanyuanjian is probably placed in the Yuwen family's secret room." Li Tian said word by word.

When Li Tian said these words all at once, Chen Qiaozhi and Tang Xiaolong were all stunned.

After everyone paused for a few seconds, Old Monster Ge jumped up first: "Nima, in the secret room of Yuwen family?"

That Chen Qiaozhi was also full of ugly expressions at this moment, and he was stunned.

Everyone knows that the secret room of the Yuwen family is the most dangerous place, because since the construction of the Yuwen family until now, no one has been able to live out of that secret room, and if you want to enter the secret room, you must first go through the terrible restricted area.

Just a restricted area is full of organs and traps. Now there is another secret room? No wonder Old Monster Ge jumped up.

Tang Xiaolong was also a little depressed at the moment: "His uncle, the gangsters of the Duanmu family, let the little boss do such a dangerous thing." Tang Xiaolong said with a look of resentment.

Li Tianwu smiled bitterly.

What can he do? Being poisoned by the Sanshengmen of the Duanmu family, he has no choice but to obey the Duanmu family.

"Old Monster Ge, it seems that the time has come to show your true strength."

"Didn't you always say that there is no lock you can't open, and no wall you can't get through?" Chen Qiaozhi said with a smile at the old monster Ge.

Old Monster Ge suddenly cursed: "Dead and sick ghost, I have provoke you, you lied to me here, and you have caused such a lot of bad things...Your uncle,"

Chen Qiaozhi was indifferent to his verbal abuse, with a slight smile still on the corner of his mouth, and slowly said: "Old monster, I know that you always like to do stimulating things the most. This time it's hard to wear such stimulating things, you Can you not do it?"

"I like excitement, but I don't like losing my life." Old Ge said depressed.

"Do you really think we will die if we enter the Yuwen family's secret room?" Chen Qiaozhi raised his eyes and looked at the old monster Ge.

"It must be a life of nine deaths."

"If we just pass the forbidden area of the Yuwen family, maybe we can live, but if we want to go to the Yuwen family's secret room, and also want to steal the treasure of their family from it? It must be death." Say decisively.

"Are you scared?" Chen Qiaozhi asked, blinking at Old Monster Ge.

"Nonsense, fools are not afraid." Old Ge said strangely.

"Since you are afraid, then you go!" Chen Qiaozhi said suddenly.

Old Monster Ge suddenly heard Chen Qiaozhi drive himself away, and was slightly taken aback: "You let me go? Are you kidding me? If I go, you guys must be dead without even entering the restricted area."

"Whether we die or live, it's better than some people behave like a turtle?" Chen Qiaozhi looked at the old monster Ge contemptuously.

Old Monster Ge groaned in his nose: "Are you playing the stimulating method... stimulating me? Hey, I can tell you, even if you stimulate me again, I won't be fooled by you."

Then Chen Qiaozhi smiled faintly: "Do you really think so?"

"Isn't it?"

"You are wrong, let me tell you, old monster, I like to take risks and do things that others don't dare to do... If we fail to steal Xuanyuan Sword this time, even if we die in Yuwen family At least we died without regret..."

"By the way, if we succeed in luck, hehe, then we will be blessed. At least we have seen the ancient relic Xuanyuan sword inherited for thousands of years. Old monster, you say that based on these two points, we should not risk Smoke this time?"

Chapter 504: give it to me

Chen Qiaozhi's words have endless persuasive power, so after Old Monster Ge heard it, he was a little depressed.

Old Monster Ge originally thought he had seen through Chen Qiaozhi's aggressive generals, but he still caught his trick.

Now Old Monster Ge hesitated suddenly, his bright eyes blinked.

Suddenly turned his face to look at Chen Qiaozhi and said with a smile: "Sick ghost, your mouth can really say it, and it is really a talent to be able to make things of the dead so righteous by you."

Chen Qiaozhi burst into laughter, coughed twice and said slightly, "I'm just telling the truth."

"Okay, okay, my old man will be fooled by you again this time! I'll take you...this time I go to the Yuwen family and I will work with you." Old monster Ge finally took it and prepared Joined Li Tian and the others.

Li Tian was of course extremely happy when he heard that Old Ge was finally ready to work with him this time.

At the very least they have one more "rare talent."

Chen Qiaozhi also smiled. He knew in his heart that if this old monster Ge could join them, then the possibility of entering the Yuwen family this time would at least reach half.

The black and white Shuangsha continued to monitor the Liaobei Railway Station for the past two days, but so far they have not found the trace of the young lady Duanmuying.

Black Hawk is also depressed. Until now, he has not found that Duan Muying. He only feels that he has been completely fooled by that girl. He is extremely angry. He never expected that this often careless lady would avoid him. The hunt?

But anger turned anger, he didn't dare to delay major events.

Isn't this? The Black Hawk in the Xiboer Hotel is on the phone to Duanmu Heiming.

"Patriarch, I have already told Li Tian about Xuanyuanjian, when is the Patriarch planning to let the kid surnamed Li do it?" Hei Ying said cautiously on the phone.

The Duanmu Black Eagle on the other end of the phone did not speak for a long time, and it took a long time before a faint voice came from the phone saying: "Just let him do it in these two days."

"Good!" Black Hawk said here.

"Clan Lord, once he enters the Yuwen family, are we going to follow him in?" Black Eagle asked.

"No need!" Just listen to the Duanmu clan leader's decisive refusal.

"Is the clan leader planning to let him enter the Yuwen family to steal this time?"

"Ok!"

"Remember, we don't have to tear our face with the Yuwen family yet, so this time, we must stay out of the matter and let him do it alone." Duanmu Heiming said.

"But, I'm worried that the kid surnamed Li will be able to get in, but I'm afraid that he won't be able to get out?" Black Hawk said.

Duanmu Heiming sneered: "Don't worry, that kid's ability is definitely greater than you think!"

"Well, since the clan leader has decided, I will notify him immediately." Black Hawk said.

"Yeah." Duanmu Heiming hummed on the other side of the phone.

"Haven't Ying'er found yet?" Sudden Mu Clan Master suddenly asked on the other side of the phone.

As soon as he said the name of Duanki Ying, the black hawk's face suddenly became extremely ugly.

There he said quickly: "Damn your subordinates, I haven't found any trace of the eldest lady..."

"how is this possible?"

"The subordinates also found it impossible. We have sent so many people there to guard along the road. Whether it is the airport or the train station, we have sent people to stare at them, but so far we have not found any of Missy. Trace..." Black Hawk said.

Duanmu Heiming suddenly said angrily on the phone: "A bunch of idiots!"

"Damn your subordinates."

"Forget it, don't worry about Ying'er for now, it's still important..." Duanmu Heiming on the other end of the phone said suddenly.

"Subordinates know."

After Duanmu Heiming decided that Li Tian would act immediately in these two days, the Black Hawk told Li Tian the news.

When Li Tian learned that Duanmu Heiming was letting him act, he was undoubtedly more excited.

In the past two days, he let Tang Xiaolong and Ah Qiu go to the Yuwen family to patrol.

Tang Xiaolong and Ah Qiu are still patrolling around outside the Yuwen family.

"Aqiu, you said the **** Yuwen family is so strict, if we sneak in, how should we get in?" Tang Xiaolong said with a depressed expression.

A Qiu, who was wearing sunglasses, coldly spit out a few words from his mouth and said: "As long as you think of a way, you can always get in."

Tang Xiaolong glanced at A Qiu in front of him: "Fuck, what you said is nothing."

The two people kept patrolling around the Yuwen family, but they looked around, and so far they have not found the most suitable way to enter the Yuwen family.

All around the Yuwen family are power grids over three meters high. Anyone who touches the power grid will be electrocuted alive.

Moreover, there are more than a dozen Yuwen family members guarding the front gate, and it must be impossible to enter.

With such a tight guard, how can they get in?

After Tang Xiaolong and A Qiu had circled the Yuwen family for a few times, they finally retreated without success.

"Little boss, there is no way for this **** thing to get in!" Tang Xiaolong in front of him said with a gloomy expression.

Li Tian frowned slightly and said, "How about the back door?"

"There is no back door!"

"Moreover, the front door is full of power grids over three meters high. There are more than a dozen Yuwen family members guarding the front door. It is impossible to get in." Tang Xiaolong said.

Hearing Tang Xiaolong's words in front of him, Li Tian was completely depressed.

Now there is no way to even enter the Yuwen family, what can we do?

Chen Qiaozhi, who was next to him, frowned slightly and said slightly, "If the power grid is cut off, then you can go in?"

"Cut off the power grid? Are you kidding me, that's a 380v power grid. If people don't turn to gray when they touch it, that would be a strange thing!" Tang Xiaolong said with a gloomy expression.

Chen Qiaozhi smiled slightly and said, "Don't forget, Old Ge is still here!"

"Right, Old Ge?" Chen Qiao said, smiling at the old monster Ge over there.

Old Monster Ge went up and blanked Chen Qiao's eyes: "Are you wearing a high hat for my old man?"

"Hehe, I don't dare, I just tell the truth." Chen Qiaozhi said with a smile.

Old Monster Ge frowned, then paused and said, "Don't worry, leave it to me to go in."

"Really?" Tang Xiaolong looked at the old monster Ge in front of him in surprise and said.

"Nonsense, I said if you can go in, you can go in, so you don't have to worry about it." Old Ge said strangely.

Chapter 505: Tell you the truth

Han Yun felt the sweetness of love for the first time since Li Tian had that night with that beautiful Han.

In the Shinhwa Group, Han Yun has also become extremely excited these days, and even her work is exceptionally good.

The girls in the sales department are so happy to see their President Han, and most of them understand what's going on.

Although Han Yun's mentality was exceptionally good these past two days, there was another thing that bothered her.

That is how the Shenhua Group has so many strangers for no reason!

Those strangers are all wearing black suits, and their faces are extremely cold. The most important thing is that these men in black suits can come and go freely in Shinhwa Group... and even Chairman Hu Ruihu seems to have to look at them. Doing things with his face.

This made Han Yun very puzzled, and couldn't help but lining up: Who are these guys in black suits?

But whenever he asked about Hu Rui, Hu Rui just laughed, and then told Han Yun in front of him: "You don't care about these things... Anyway, you only need to do the work you are doing. "

Hearing what Hu Rui said, Han Yun frowned slightly.

Although she was extremely surprised, she couldn't help it. Since the chairman said so, what can she do?

After spending a day in the company, Han Yun finally couldn't help but miss her in the afternoon, and drove to the Nasibel Hotel by herself.

After arriving at the Siber Hotel, Han Yun went straight to the hotel room where Li Tian was staying.

During the period, why did she see so many men in black suits in the corridor? It seems like those strange men in his company.

After seeing these men in black suits, Han Yun couldn't help being taken aback.

Then he knocked on the door of Li Tian's hotel room.

After opening the door of the hotel, Li Tian saw Li Tian at a glance.

"You are here." Li Tianxiao said as he looked at Han Yun at the door.

Han Yunqiao blushed and whispered to Li Tian, "I miss you..."

Although the voice was small, it was still heard by Li Tian sincerely. Listening to her words, there was a warm current in Li Tian's heart, which echoed in his heart.

"fool!"

Li Tian slowly stretched out and held her slender hand.

Tang Xiaolong inside looked at Li Tian and Miss Han Yun at the door, and was very happy.

I couldn't help but smile and said, "Little boss is really happy!"

Li Tian took Han Yun's slender hand, turned his head and was about to talk, but only listened to Han Yun in front of him saying: "I have something to chat with you alone."

Listening to Han Yun's words, Li Tian nodded.

Then he followed Han Yun in front of him and walked out.

After getting outside, but seeing Han Yun's face full of shyness, she was like a girl and said to Li Tiandao, "What have you been up to these two days?"

Li Tian smiled and said, "I'm not busy."

"Oh, did you miss me?" When Han Yun said these words, her pretty face turned red.

Li Tian hugged Han Yun and said, "Of course I did."

Han Yun snuggled tightly in his arms.

"By the way, I want to ask you something." Han Yun suddenly raised his head and said to Li Tiandao, who was blinking at the moment.

Li Tian was startled slightly, looking at Han Yun in his arms and said, "You can ask."

"I want to know more about you." Han Yun said suddenly.

Li Tian frowned and said: "Know me?"

"Yes, I don't know anything about you so far...Don't you feel it?" Han Yun said with blinking eyes.

Li Tian frowned when he heard Han Yun say this. She really didn't know anything about herself, but could she tell her?

Li Tian was contradictory there, because he was not sure whether he should really tell Han Yun everything now... he was afraid that once he told her, she would not accept it for a while.

Han Yun, who was next to him, looked at Li Tian, who was a little ugly, and asked, "What's the matter? Do you have anything unspeakable?"

Li Tian slowly turned his head to look at Han Yun in front of him and said: "I don't want to hide from you, but I am afraid that once you tell you the truth, you will be in danger." Li Tian said the truth.

However, seeing Han Yun smiled.

"Is it really dangerous?"

Li Tian nodded.

"But I don't care, I just want you to tell me personally... You have said that you will never lie to me in this life, and I want to hear you tell the truth." Han Yun raised her bright eyes like autumn water and looked unblinking. Li Tiandao at this moment said.

Li Tian sighed helplessly. He really didn't want to hide Han Yun in front of him, but should he tell all the truth about Han Yun in front of him?

After thinking about it, Li Tian finally decided.

"Okay, then I will tell you." Li Tian finally made up his mind to say.

"It's just that I have a small request." Li Tian suddenly added.

After adding this sentence, Han Yun was taken aback for a moment: "What's the requirement?"

"If I tell you, you must promise me that you must never talk about this to anyone, because once you say it, then your life is likely to be in danger."

Listening to what Li Tian said was so serious, Han Yun smiled and looked at Li Tiandao and said, "Is it so scary?"

"Yeah." Li Tian said seriously.

Han Yun said: "Well, then I must be tight-lipped."

After hearing Han Yun's promise, Li Tian was relieved.

"Okay, I tell you."

"Do you know the four major families in China?" Li Tian suddenly looked at Han Yun in front of him and asked.

When Han Yun heard it, she was slightly taken aback.

"Of course I know that the four major families in China have risen in fame and wealth, just like the Yuwen family in Liaobei Province, where they are connected to government officials and down to gangsters. There are people from all walks of life." Han Yun said .

The power of the four major families has great influence in the country, so ordinary people will know these four ancient families.

Hearing what Han Yun said, Li Tian continued: "Then I tell you, I am a member of the Dark Duanmu Family, one of the four major families."

After Li Tian suddenly said his current identity, that Han Yun was stunned. A pair of eyes looked at Li Tian with an unbelievable pair of eyes.

"You?" Han Yun was stunned.

"Yeah!" Li Tian said sincerely looking at her.

"Oh my God, are you saying true or false? Are you really from one of the four big families?" Han Yun asked Li Tian with astonishment on his face.

"Well, yes, I am the fifth elder of the Duanmu family."

Chapter 506: start to act

Li Tian told all of his own affairs to Han Yun in front of him,

Listening to everything Li Tian said, Han Yun suddenly believed that what Li Tianyuan said turned out to be true, and that he really belonged to the Duanmu family.

Han Yun frowned when she heard it: "I don't understand. Since you belong to the four major families, why did you suddenly come to Liaoning Province?"

Li Tian smiled faintly: "That's only because we have big things to do here..."

Han Yun tilted her little head and asked with a puzzled face, "What do you mean?"

Li Tian said to her, "I was sent by the Duanmu family to do things."

"Han Yun, do you know that Hu Rui, the chairman of your Shinhwa Company, is so respectful to me?" Li Tian said suddenly.

After Li Tian said this, Han Yun was taken aback.

She was really puzzled before, and she didn't know why Hu Dong of her company would be so respectful to Li Tian. At this moment, she shook her head slightly, blinking those bright eyes and looking at Li Tian in front of her. .

But listening to Li Tian said slightly: "Because even your entire Shenhua Group is actually from the Duanmu family."

After Li Tian suddenly told the truth, Han Yun was stunned.

what

"You mean our company?"

"It turned out to be... Could it be that Shenhua Group really belongs to the Duanmu family?" Han Yun's pretty face was full of shock.

Li Tian nodded to her truthfully.

"Yes."

"Although the chairman of your Shinhwa Group is Hu Rui on the surface, the person who really controls the Shenhua Group is the Duanmu family. To put it bluntly, Hu Rui is just a pretender."

Listening to Li Tian telling her such a big truth Han Yun, a small mouth almost opened in surprise.

"Oh my God, it turned out to be like this..." Han Yun whispered in shock.

"No wonder, Hu Dong is like a subordinate in front of you... No wonder he has never had any chairmanship in the company. It turns out that he is just a puppet..." Han Yun said.

Li Tian smiled.

"Now do you understand?" Li Tian said slowly, taking Han Yun's slender hand.

Han Yun nodded silently, a strange color appeared in Li Tian's eyes.

"Then are you good people or bad people?" Han Yun asked Li Tiandao a very interesting question suddenly.

Li Tian smiled faintly: "To tell the truth, the people in the Duanmu family are not good people. They are sinister and evil, and they often use all means to achieve a certain purpose, and they kill people without blinking their eyes."

Listening to Li Tian's words, Han Yun's hand held by Li Tian suddenly became cold.

Looking at Li Tiandao with his eyes open: "What about you?"

"I?"

"I am not a good person, but I know I am definitely not a bad person."

"Have you killed anyone?" Han Yun asked Li Tian suddenly again.

Li Tian didn't lie, and said slowly: "Killed."

Han Yun's pretty face turned pale when he heard Li Tian admit that he had killed someone, and the slender hand held tightly by Li Tian also shrank back.

"No wonder you are so powerful, no wonder the last time that Yu Wenjie brought so many people you were not afraid at all... So you are the elder of the Duanmu family." Han Yun looked at Li Tiandao in shock.

"Since you know that the Duanmu family is so evil, why join their family? And still be the fifth elder of their family?"

Li Tian smiled bitterly: "Han Yun, there are many things, you don't know."

"But you can tell me."

"Why?"

Li Tian sighed deeply. Just as he told Han Yun of all his experience, he suddenly heard the sound of footsteps in the corridor.

Li Tian frowned and looked up, but he saw that the leader of Anbu, Black Eagle, and his men were walking over.

Of course, the Black Hawk at the moment saw Li Tian in front of him at a glance.

A pair of extremely evil eyes looked at Li Tian with a yin smile, and then focused on Han Yun's face. When his eyes were on Han Yun, the corner of Hei Ying's mouth showed a weird smile.

"Fifth elder, who is this?" Hearing that Black Eagle walked over with a treacherous smile, he stared at Han Yun in front of him and said.

Li Tian looked disgusted when he saw this black eagle.

At the moment, he said with a cold snort: "What does it matter to you?"

The Black Hawk smiled grimly.

"Yeah, I really don't care about what I do...but the five elders are better to focus on important matters in the past two days, and it is best not to talk about things that are related to children." Black Hawk said hoarsely. At that time, he took a special look at Han Yun in front of him.

Then the people with him sneered and walked forward.

After he left, Han Yun slowly turned her eyes to look at Li Tian in surprise and said, "Are these people also from the Duanmu family?"

"Yeah." Li Tiandao said.

"What are you guys doing in Liaobei Province suddenly?" Han Yun asked.

Li Tian felt that it was enough to tell Han Yun. If you tell her again, I am afraid she will become more and more nervous and afraid, so he said in a casual way: "Han Yun, listen to me, we are coming to Liaoning Province this time. Do big things, but as for what big things are, I can't tell you!"

"You believe me, I am doing this for your own good." Han Yun nodded silently when Li Tian said that.

"Okay! Then I won't ask."

"However, you have to promise me that you must protect yourself." Han Yun said to Li Tiandao in front of him with a full face of concern.

Li Tian took his lover in his arms with satisfaction, and said, "Fool, don't worry."

"I may not have time to accompany you in these two days, because we will start to act in these two days. I promise you that once my task is completed, I will look for you." Li Tian finally said to that Han Yun.

Han Yun did not ask any more, what exactly Li Tian was going to do this time, she just nestled in his broad chest...

After two days of preliminary surveillance.

Li Tian and the others have begun to plan an action plan.

Since the Black Hawk and Black and White Shuangsha did not join this operation, the only people who entered the Yuwen family this time were Li Tian, Tang Xiaolong, and his brothers.

Chen Qiaozhi didn't know where he got a detailed map of Yuwen's family house.

From the map, Li Tianneng can see that the entire building of the Yuwen family is like a huge "prison."

A "prison" that allows people to enter but cannot let people out.

In addition to the three-meter-high iron fence that uses the power grid as a cover, the main entrance is guarded by many Yuwen family members. If you want to get in, to be honest, it is simply difficult to heaven.

Chapter 507: Monitor

"If we want to go in, we must go in from this place." Chen Qiaozhi in front of him slowly said with his finger on the map.

"Ok."

"Leave the power grid to me to solve...I will leave the entire Yuwen family without electricity within one minute." Old Monster Ge said aside.

"But in this minute, you'd better go in safely." Old Monster Ge repeated again.

"So don't worry, one minute is more than enough." Tang Xiaolong said with a smile.

Chen Qiaozhi said again: "After we entered, here, here, and here... there are members of the Yuwen family guarding them. You'd better kill them all, otherwise, we won't be able to go deep inside. :"

Listening to what Chen Qiaozhi said, Tang Xiaolong was immediately depressed.

"how is this possible,?"

"Sick ghost, do you know how many people in Yuwen's family are guarding? It is completely impossible to kill these people silently."

Tang Xiaolong frowned and said.

He is right. The Yuwen family is indeed extremely tightly guarded. Not only are there only a dozen Yuwen family members guarding them, but they are not far apart. If someone breaks in, then the entire Yuwen There must be a large number of people coming to the family for reinforcements.

At that time, let alone want to go in, I am afraid that even flies can't fly in.

"This is the only way to enter the Yuwen family. If you don't kill these people, it's impossible to get in." Chen Qiaozhi said.

Li Tian, who had not spoken all the time, said suddenly: "It's okay, these people will leave it to me."

Tang Xiaolong raised his eyes and glanced at Li Tian: "Little boss, you haven't been to the Yuwen family to see it, but there are many guards here."

Li Tian smiled slightly: "Don't worry, they hand it to me."

"Well."

"If we can pass the second level smoothly, then we can reach the Yuwen family's restricted area, and this is it." Chen Qiaozhi in front of him suddenly pointed his finger at a special place marked with red handwriting on the map and said.

"After reaching the penalty zone, Old Monster Ge has to play." Chen Qiaozhi smiled in front of him.

Old Monster Ge touched his chin covered with beard and scum, and said playfully: "It has been rumored that the Yuwen family has 36 tricks and top traps. This time, my old man must learn. Learn."

"Old monster, how confident do you think we are?" Tang Xiaolong asked, looking at the old monster Ge in front of him.

Old Monster Ge went up and gave him a fierce look.

"How the **** do I know? It's the first time I have entered the Yuwen family, okay?" Old Ge asked strangely.

"Wipe, I'm afraid I won't feel safe following you."

"Then you don't follow me."

The two quarreled.

Then Chen Qiaozhi continued to point to the last goal on the map and said: "If we are really lucky enough to pass through the Yuwen family's restricted area, then we will reach the most mysterious and dangerous place of the Yuwen family, the secret room."

When it came to this, Tang Xiaolong and Old Monster Na Ge closed their mouths.

"There are not only the deadly organs of the Yuwen family in the secret room, but there must be more dangerous things. Elder Ge, how much do you know about the secret room of the Yuwen family?" Chen Qiaozhi raised his eyes and looked at the old Ge in front of him.

Old Monster Ge was depressed.

"I haven't been in again, how would I know?"

"Don't worry anymore. It's a blessing or a curse, but you will know it right away. Now I am worried that there is a bird to use." Tang Xiaolong said in that careless manner.

"Brothers, this operation is undeniably dangerous... I just want to say that with you, I have been worth living in this life, thank you, thank you for taking the risk for me." Li Tian said sincerely.

Tang Xiaolong smiled and walked over and took Li Tian's shoulders, haha said, "Are we brothers... are you still so polite?"

"By the way, little boss, all those **** go in, right?" The **** in Tang Xiaolong's mouth were of course referring to the black and white double evil spirits, and the members of the Duanmu family such as Black Eagle.

Li Tiandao: "Yeah."

"Duanmu Heiming originally did not intend to let their family intervene in this matter. The reason why I chose to start with the Yuwen family was just because I was a foreigner..."

"Damn, these bastards."

"Little boss, after we come out of the Yuwen family, we will turn around and clean up those bastards." Tang Xiaolong said with a bit of resentment.

A sharp murderous intent flashed in Li Tian's eyes.

"Don't worry, I will repay the hatred with the Duanmu family one day."

"And this time, if it is really successful, Duanmu Heiming wants Yuwen Family's Xuanyuan Sword... Hmph, I won't let him succeed so easily." Li Tiandao.

"Little boss, you can use the Xuanyuan Sword they want for your antidote!" Tang Xiaolong finally said cleverly this time.

Li Tian actually had this idea.

He originally intended to use what Duanmu Heiming wanted to obtain this time, and then exchange for the antidote to the Sanshengmen on his body. In this way, he would not be controlled by the Duanmu family... Once Li Tian was not controlled by the Duanmu family After controlling, he can leave the dark family and restore his freedom.

At that time, gratitude is gratitude, grievance is grievance, presumably Li Tian will personally have the past and the present new and old accounts, all together.

"Okay, that's the decision for now." Just listen to Chen Qiaozhi who put the map away and said.

"Leave tomorrow night."

In this way, Li Tian and his brothers finally decided to start with the Yuwen family tomorrow night.

This day is a day of rejuvenation.

Because Li Tian was still a little worried, he personally prepared to go to the outskirts of the Yuwen family to inspect.

After exiting the Siber Hotel, he took a taxi along the way and drove quickly towards the Yuwen family mansion.

When he arrived near the Yuwen family, Li Tian got out of the car after giving the taxi master the money.

With his eyes cast, Li Tian was secretly shocked in front of the Qi Yu Angxuan, the huge Yuwen family.

"It's really worthy of being one of the four major families of the royal family! It is really impressive!"

To be honest, the Yuwen family is more powerful than the dark Duanmu family.

A brilliant building made of white marble stands there.

From a distance, you can see the three-meter-high iron fence of the Yuwen family...There is also a deadly power grid on it.

Li Tian walked back and forth there and watched.

"It's annoying, I'm annoying... I really don't want to stay in this broken place."

In a hotel on a street not far from the Yuwen's family, but I saw that Kino-sakura was talking irritably with her ankles there.

The two of them, who had been in Liaobei Province for 3 full days, were waiting here for Li Tian's appearance, so the two of them almost stayed close to the Yuwen family.

The first day was okay, but after a day, and another day later, the young lady Duanki Ying finally couldn't help it.

Situ Ningbing was unmoved.

"Hey, don't you feel annoying at all...for three days, for three whole days, you have stayed in this ruined house...and that little bastard, who hasn't appeared yet... I'm so angry... ..I'm so angry!" Duanmuying almost shouted.

Situ Ningbing in front of him finally turned his head slowly and glanced at Mu Ying.

"If you get bored, go downstairs and walk by yourself."

Chapter 508: By mistake

Duanmuying pouted and said, "Okay, okay, I'll go down and wander around by myself."

Duanmuying who was talking really walked down the hotel alone.

When she arrived at the bottom of the hotel, Duanmuying was strolling there alone. This was the first time she came outside alone, and it was still in northern Liaoning, so it was undoubtedly relatively new to her.

Looking at the endless stream of people passing by on the street, as well as the vehicles coming and going, she felt extremely excited.

"Damn Li Tian, where is Liaobei Province?" She muttered there alone.

At the same time, he could not help but walk step by step towards the mansion of the Yuwen family not far away.

Duanmuying wondered as she walked: "Why are you going to send Li Tian to the Yuwen family this time? Is it to deal with the Yuwen family?"

Duanmuying, who was thinking, walked towards the Yuwen family in front of her.

The Yuwen family mansion in front was huge, like a terrifying monster. Duanmuying blinked her eyebrows and looked at it a few times, thinking: It seems that it is not a simple matter to deal with this family. I really don't know if Li Tian will do it. Do this?

Duanmu Ying was thinking about this, her eyes curled slightly.

Suddenly found that a familiar figure was sitting in a taxi at the front of the street.

When she suddenly saw this familiar figure, Duanmuying was stunned. "Li Tian..." The words came out of her mouth instantly.

"Oh my god, that turned out to be that little bastard!" Duanmuying became excited all at once.

She really saw Li Tian's back.

"Li Tian..." Duanmuying, who was surprised to find that Li Tian had actually appeared here, suddenly shouted at the figure desperately.

It's a pity that the shrill sound of passing cars on the street covered her voice.

Then Li Tian slowly got into the taxi ahead, but did not hear Duanmuying's call.

Duanmuying was in a hurry, and finally found Li Tian's traces with great difficulty. How could she be lost like this?

"Li Tian...Hey...Li Tian..." Duanmuying yelled from behind while she hurriedly chased the taxi that was driving away slowly.

But because there are too many vehicles, Duanmu Ying can't cross the road.

At this moment, I could only watch that Li Tian got into the taxi. After the taxi started, the car slowly drove forward.

Duanmuying was out of breath, but still couldn't catch up to the taxi in front of her. At the moment, she watched the taxi drive away silently...he was so angry that she almost yelled.

When pedestrians on the road saw this beautiful girl roaring on the side of the road, they couldn't help turning their heads and glanced at her curiously.

Duanmuying was disappointed and uncomfortable again, staring at Li Tianyuan's direction and standing lonely.

Unexpectedly, I discovered Li Tian's trace? But she didn't keep up... She was going crazy now.

The person who got in the taxi was indeed Li Tian.

But Li Tianan was still sitting there quietly in a taxi that was speeding forward.

The driver in front suddenly changed his car and turned his head and smiled and asked, "Sir, did you see someone in the back greeting you?"

Li Tian was slightly taken aback when he heard the driver say so.

"What?" Li Tian asked in surprise.

The driver smiled and said, "I seemed to see a beautiful woman in the rear yelling at you from the rear mirror just now..."

"No way." Li Tian was stunned for a while, and then subconsciously turned his head and looked back, but besides the passing cars, there were no girls behind.

The driver said, "I'm not sure that the girl must be looking for you! Haha, but she was indeed shouting here just now..."

"Oh." Li Tian said, and couldn't help thinking to himself that he didn't know a woman at all except for that Han Yun, only a few days after he came to this northern province of Liaoning.

So he smiled and said, "Maybe you have admitted the wrong person."

"Oh, maybe."

The driver in front also said with a smile.

To be honest, Li Tian would not have imagined that the eldest lady of the Duanmu family, Duanmuying, who was chasing to death just now, would be the eldest lady of the Duanmu family...It is even more unlikely that Duanmuying would come to Northern Liaoning with Situ Ningbing.

So he didn't care about this matter at all.

But what about Duanmu Ying? She really saw Li Tian this time, but unfortunately she didn't let him turn around to see herself.

Thinking of this, she was depressed. At the moment, Duanmuying ran towards the hotel.

Panting and opening the door of the room, Situ Ningbing was quietly packing things up.

"Oh my God, who did I see just now?" Duanmuying gasped as soon as she entered the door.

Situ Ningbing looked at her, frowned slightly, then put down what was in his hands, turned his head to look at her and asked, "Who?"

"I found that little bastard." A word suddenly came out of Duanmuying's mouth.

Of course Situ Ningbing knew who this little ***** in Duan Muying's mouth was talking about?

Can't help but froze at the moment.

"Really?"

"Of course it's true!" Duanmuying said, patting her chest.

"Is he there?" Situ Ning Binghuo suddenly stood up and asked.

Duanmuying's expression suddenly became a little ugly: "He's gone."

"Didn't you say that you saw him? Why would you let him go?" Situ Ningbing looked at Duanmuying with a depressed face.

Duanmuying said aggrievedly: "I never thought that little ***** didn't even hear me calling him..."

"I chased him all the way and called his name all the way... It's a pity that he just didn't hear his ears like donkey hair... How can you blame me!" Duanmu Ying said with her red and **** mouth.

"Are you really sure that the person you saw is Li Tian?" Situ Ningbing asked again.

"It must be him, 100%." Duanmuying said.

Situ Ningbing did not ask any more, and stood there frowning.

After thinking about it for a while, a pair of beautiful eyes looked at the Yuwen family outside with a bright glass window, and murmured: "It seems that he really wants to attack the Yuwen family."

Hearing Situ Ningbing's silent words, Mu Ying was taken aback for a while.

"You said Li Tian is going to attack Yuwen's family?"

"Yeah." Situ Ningbing nodded silently.

"I guess he came here this time to survey the Yuwen family's terrain... so I'm sure they should start with Yuwen family in two days." Situ Ningbing said in front of him.

"Ah? What should I do?" Just listen to Duanmuying in front of her saying.

"We don't know where that little **** lives? How to stop him then?" Duanmuying said.

Chapter 509: start to act

Situ Ningbing stroked her hair with her hand, and then slowly said, "It seems we can only wait here."

"Wait?"

"Ok!"

"It has been preliminarily determined that Li Tian will immediately attack Yuwen Family, and it should be within these two days. As long as we stay here, we should be able to spot them." Situ Ningbing said.

"It seems that this is the only way." Duanmuying said with a sad expression.

It was a mistake this time Li Tian didn't meet Duan Muying.

After he returned to the Siber Hotel, he told his brothers what he had seen.

Things are still the same as previously expected. The plan is set for tomorrow night. After tomorrow night, Li Tian and Tang Xiaolong are ready to attack the Yuwen family.

During this day, the brothers were very silent and seldom spoke.

Old Monster Na Ge, I don't know where to pour a lot of things... Those things were put in a bag. As for what things are in it, Old Monster Na Ge didn't tell Li Tian and the others.

Tang Xiaolong once wanted to open that pocket, but was stopped by Old Monster Ge. He cursed, "You **** don't allow me to touch my old man's things."

Tang Xiaolong retracted his arms depressed.

"Fuck, what kind of shit? As for hiding it like that?"

Chen Qiaozhi's preparation is very simple, he only needs to carry his clever head...so he doesn't have many things on hand.

Tang Xiaolong took out a knife for the first time. The knife was a field saber, extremely sharp, and a domineering skull was engraved on the handle.

Looking at a knife that Tang Xiaolong did not know where he took out, Li Tian frowned slightly. To be honest, it was the first time he saw Tang Xiaolong playing with a knife.

From his squeezing movements and his proficiency in playing with the knife in his hand, Li Tian could feel that Tang Xiaolong's skills in playing with the knife were absolutely top-notch.

Where is Ah Qiu? He didn't see him preparing anything. He had always been sitting there cold like a stone, motionless like a bell.

For tomorrow night's action, the brothers are waiting quietly there.

A peaceful night passed.

That night, Li Tian lay on the bed thinking a lot, and couldn't help but think of his beloved Situ Ningbing.

The thought of Situ Ningbing made Li Tian's heart aching, and he felt a little sorry for her...

"Is she okay now? Is she still hating herself?" The Li Tian in front of them didn't know.

The only thing he knows now is to quickly get rid of the control of the Duanmu family... and then find that Situ Ningbing by himself, and find his future wife.

The next day, Black Hawk prepared a car for Li Tian, a brand new black business car.

The car key reached out and threw it to Li Tian in front of him.

"Fifth Elder, you are about to act tonight... I hope everything goes well for you."

Standing there with a treacherous smile on his face, the black eagle said in a hoarse voice.

"This car is given to you so that you can use it when you escape..." Black Hawk continued.

Li Tian nodded faintly: "Are you outside?"

The Black Hawk smiled strangely and nodded.

"Yes, the patriarch has ordered, we can only assist you outside..."

"Fuck, a bunch of tortoises shrinking their heads." Tang Xiaolong scolded from behind.

The Black Hawk was also calm, and smiled slightly at the corner of his mouth.

"Fifth Elder, Xuanyuanjian is in the Yuwen family secret room... I hope you can steal that thing smoothly tonight..." Black Eagle said slowly.

"Do not worry."

"That's good."

"The hope of the patriarch can be entrusted to the five elders." Black Hawk said with a grimly smile.

At 6 o'clock in the afternoon, Li Tian decided to start.

After taking the brothers into the commercial car, Tang Xiaolong drove in front of the car, and drove towards the Yuwen family.

On the way, Chen Qiaozhi said slowly: "After we go in tonight, remember not to alarm the Yuwen family... Once we are alarmed, if we want to come out smoothly, it is simply impossible.

"The sick ghost is right."

"Especially the Yuwen family also has two fierce gods...Try not to provoke them." Old Monster Ge added.

While driving, Tang Xiaolong blinked his eyes and turned back and asked, "Who?"

"Duguxie... Phoenix!"

When Li Tian heard these two names, he also frowned slightly.

"Are those two amazing?" Tang Xiaolong asked.

Old Monster Ge snorted: "One is a sword master, even the Rukawa family who claims to be the number one swordsman in Little Japan is defeated by Duguxie, and the other is a man who will be beaten by a glance. Ecstatic, coquettish woman, don't you say it's amazing?"

Tang Xiaolong raised his eyebrows and raised his face with a smile and said, "Is that right? It's so awesome... if you have a chance, you must ask them to learn from each other."

"Take it to you." Old Monster Ge said haha.

After driving through a few blocks, I could quickly see the brightly lit Yuwen family from a distance.

The Yuwen family is like a palace at night, bright and shining.

Tang Xiaolong drove the car and stopped quietly on a street not far from the Yuwen family.

Inside the car, but seeing the brothers all raised their eyes and glanced at the Yuwen family in front of them, tonight they were going to start attacking the family.

"Start action after 10 o'clock."

"Qiaozhi, is everything ready?" Li Tian asked in front of him.

Chen Qiaozhi nodded slightly: "Yeah."

"At that time, Ge Lao will solve all the power grid matters first... Then Xiaolong, and Ah Qiu, follow me." Li Tian ordered.

Tang Xiaolong and A Qiu in the car nodded there.

After making all the preparations, they began to wait...waiting for the time to come.

All is ready except for the opportunity!

Now for Li Tian and the others, as long as two hours have passed, they will start to act.

Whether Li Tian can steal the "Supreme Treasure" from this Yuwen family tonight, it seems that everything is a huge suspense.

Time is still passing by every minute.

Tang Xiaolong in the car handed Li Tian a cigarette, and then he lit one at the same time, smoking it quietly in his mouth, and staring at the guard at the Yuwen family's main entrance with his eyes unblinking at the same time.

The guards at the main entrance of the Yuwen family are currently guarded by six members in suits. And judging from their work and rest time, it seems that they change shifts every two hours.

"It's more than 9:40... there are still more than ten minutes." Chen Qiaozhi glanced at the watch on his wrist and said slowly.

So the brothers started to be energetic one by one.

Chapter 510: Unexpected thing

Old Na Ge also moved slightly, and looked at Chen Qiaozhi with a pair of wretched eyes: "Sick ghost, where is the main switch of the Yuwen family?"

"just in front."

"Hao Le, you'll see me later." Old Monster Ge stretched as he said, and slowly took out a long thin iron wire from the old bag, then held it tightly and held it in his hand. , The other hand took out a pair of iron pliers from inside.

Li Tian looked at Old Monster Ge and frowned slightly, thinking that Old Monster Ge was holding these two ordinary things, and he was about to cut off the power switch of the Yuwen family's strong defense system?

It's incredible.

Chen Qiaozhi seemed to have seen Li Tian's thoughts, and smiled at Li Tian there and said, "Don't worry, Old Monster Ge is sure to do such a wicked thing."

"Your uncle!" Old Monster Ge cursed at Chen Qiaozhi.

Li Tian also laughed.

"Okay, it's 10 o'clock, and the action will begin."

"Old monster, you go to cut off the power grid..." Just listen to Chen Qiaozhi in front of you.

Old Monster Ge also recovered a serious face, and said slightly, "Remember, you only have one minute. If it takes too long, it will definitely arouse the Yuwen family's vigilance... understand?"

"understood!"

"Go ahead."

Old Monster Ge then numbly opened the car door, and swiftly walked towards the Yuwen family main switch room in front of him like a cat.

The main switch room is a closed room, and there is an electronic code lock outside.

After Old Monster Ge arrived here like a fox, his bright eyes glanced at the code lock on it, and he muttered, "Nima, it's such a high-tech."

While talking, he saw Old Monster Ge slowly fumbled the thin wire out of his hand.

After touching out the thin wire, he inserted the thin wire into a tiny hole of the electronic lock...At the same time, he slightly stuck his head on the electronic lock, as if listening to something...

His fingers were very flexible, moving slightly, and the iron wire in his hand didn't know what he was muttering. However, after less than a minute, he saw the electronic lock in front of him ticking sharply...

Then I saw the door of the room with the main switch clicked open a gap.

Actually opened?

Old Monster Ge actually opened the electronic door in front of him... After opening it, Old Monster Ge was like a thief, and his body shrank.

Seeing the old monster Ge over there smoothly enter the main switch door of the Yuwen family, Tang Xiaolong over here said with a smile, "That old thing does have a hand."

"Nonsense, if he doesn't even have this ability? Then he won't be called Old Monster Ge." Chen Qiaozhi said.

After the old monster Ge there successfully reached the gate of the switch, Li Tian also began to prepare.

After waiting for the old monster Ge to solve all the peripheral power grids of the Yuwen family, Li Tian and the others will quickly enter the Yuwen family.

Li Tian and Tang Xiaolong are now silently closing their breaths, waiting for this moment.

Two minutes after the old monster Ge went into the switch room, the bright light at the door of the Yuwen family's guard suddenly went out.

At the moment it went out: "Do it!"

Li Tian spit out a word coldly, then quickly opened the door of the car, and sprinted towards the three-meter-high wall over there.

Tang Xiaolong behind him, and Ah Qiu also followed at a strange speed.

However, after the main entrance of Yuwen family over there suddenly went out, the guards suddenly became vigilant.

"What happened?"

"What happened?"

...

The guard members of the Yuwen family were talking there...

"You, go to the switch room and see what's going on?" A voice came from the Yuwen family guard.

Then I saw a guard in a suit walking towards the switch room.

At this moment, Li Tian, Na Aqiu, and Tang Xiaolong went under the three-meter-high fence. The power grid on the fence was shut down by Old Monster Ge. Now is undoubtedly the best time for them to enter the Yuwen family. .

But at this critical juncture, suddenly a car drove over from the street next to it, and it was still driving with bright lights.

The originally dark Yuwen family's main entrance was illuminated by the car light, and it suddenly brightened... But Li Tian and the others had originally wanted to enter the Yuwen family by hiding their bodies in the dark, but they didn't expect a car to come suddenly. car?

"Someone... broke in."

Suddenly, a loud shout came out from one of the Yuwen family members.

"Come and catch them...someone has broken into the family..."

With this shout, Li Tian suddenly said, "No!"

"Xiaolong... Aqiu, let's retire... I can't do anything today."

Tang Xiaolong and Ah Qiu also realized that their whereabouts had been discovered at the moment, and they had no choice but to quickly turn around and ran towards the commercial car.

"Damn, it's the car driven by the bastard... why come here at this time?" Tang Xiaolong looked depressed, and while turning the front of the car quickly, he cursed.

Li Tian also had an ugly face. He had planned well but was disrupted by an unknown car.

At this moment, they had been discovered by the Yuwen family, and they could only leave here quickly...or else they would definitely not dare to imagine.

Then Tang Xiaolong turned the front of the car and accelerated the accelerator to drive forward quickly.

"No... Old Ge hasn't come up yet." Li Tian said suddenly.

Chen Qiaozhi also suddenly remembered Ge Lao.

"Fuck me, is Old Monster Ge still in the switch room?" Tang Xiaolong also suddenly remembered and said.

Just now because of their anxiety, they almost forgot about the boss.

"What to do?"

"The members of the Yuwen family behind are going to catch up."
