

## A Killer 5011

Chapter 5011: : Forced breakthrough

However, the gap in strength cannot be filled by a small madness!

If the Bronze Hammer Saint was the Haoyue in the sky, then Ziyan Thunder Bear's current cultivation strength could barely be regarded as a beacon.

The cultivation strength of the two differed by at least a few hundred, and even stepped forward to the Purple Flame Thunder Bear!

Seeing the purple flame thunder bear mad figure suddenly grow bigger, and the purple flame thunder bear's arms have already grasped the hammer of the bronze hammer sage... Eh, it is a bronze hammer formed by spiritual power, the bronze hammer sage There was a trace of sarcasm on his face, and his spiritual power was slightly increased. The spiritual power on the copper hammer formed by the condensed spiritual power was instantly increased by many times!

"It seems that you are very confident in your strength! Unfortunately, for the super domain master-level powerhouse, strength is no longer the most important existence. Only the cultivation base level determines the strength of the cultivation base, and your cultivation base level. It's still too far away from me!" The Bronze Hammer Saint said with a sneer.

boom!

The purple flame thunder bear is completely ants in front of the bronze hammer saint!

The Bronze Hammer Saint hadn't fully used his strength, the Purple Flame Thunder Bear had already knelt to the ground, because of the surging spiritual power fluctuations, because of that powerful power, the Purple Flame Thunder Bear's arms instantly fractured, and his hands were relieved. The copper hammer slammed directly on the shoulder of Ziyan Thunder Bear.

If it weren't for Li Mu to attack the saint of the bronze hammer, the purple flame thunder bear would be dried up by the bronze hammer and smashed directly into meat patties, or bear meat!

Huh!

Huh!

Huh!

There is a sword in Li Mu's hand that is condensed by spiritual power!

The spiritual sword in his hand is like a poisonous snake, chasing the bronze hammer sage.

Li Mu's swordsmanship has been simplified. This attack looks quite simple, but each of these swords has already exerted his strongest combat power at the seventh-level pinnacle realm of Transcendent Master. What a pity... Li Mu is facing now Is a super domain master ninth-level peak powerhouse.

It feels like a three-year-old child holding a sharp sword and shouting with a super strong man.

No matter how brilliant Li Mu's swordsmanship is, but Li Mu's long sword never hurt the Bronze Hammer Sage, not even a single hair on the Bronze Hammer Sage was cut off!

"Hey, when you kid play with a sword, your body looks more graceful, and I'm getting more and more itchy in my heart when you see it. Come, come, come, let me play with you more..." The person avoided Li Mu's sword, turned his body along the sword that Li Mu stabbed, and touched Li Mu's cheek again behind him, with a lewd smile on his face, Li Mu seemed to look in his eyes He was already stripped of his clothes and cocked his hips teasing him.

So strong!

At this moment, Li Mu knew how terrifying a super domain master ninth-level peak powerhouse was!

Not to mention that some of their super domain masters below the eighth level besieged the bronze hammer saints, even if there are hundreds of super domain masters seventh-level peak powers, I am afraid it is impossible to be the bronze hammer saints. opponent!

How to do?

How to do?

Purple Flame Thunder Bear has been injured!

Yin Mo Yin Niu has been injured!

Although the earth evil sky eagle and the sky gang raccoon were not injured, their cultivation strength did not threaten the bronze hammer saints at all!

Li Mu's heart was involuntarily panicked!

In particular, being disgusted and teased by the Bronze Hammer Saints made Li Mu's attack more and more messy!

"If it were Father here, what choice would he make?" Li Mu began to think about the problem from Li Tian's perspective.

"Flee, that's right! If the father is here, he will definitely not look at his brother, his relatives are hurt, and when there is no absolute possibility of winning, the father will definitely not risk staying here..."

Li Mu had already figured it out in an instant.

"Escape...you quickly run away with Sanlu Shulan, escape from the fairyland, here is my resistance!" Li Mu shouted at the purple flame thunder bear and the others!

"Hehe, it seems you have already figured it out! As long as you are willing to stay with Lao Tzu, Lao Tzu can consider letting them go..." The Bronze Hammer Saint once again escaped Li Mu's sword attack, with his backhand on Li Mu's hip Touched it again!

nausea!

Disgusting to death!

A normal man was stared at by another abnormal animal, and he ate tofu in this way. That feeling made Li Mu more disgusting than eating a fly!

However, Li Mu now has no way to fight back, and he doesn't even have a chance to struggle, so he can only bear it silently!

The Tiangang flame raccoon dog and the earth evil raccoon vulture respectively supported the purple flame thunder bear and the Yinmo silver bull, and brought the Sanlu Shulan that rushed out of the room.

Sanlu Shulan has changed her appearance, her appearance has nothing to do with beautiful women.

Seeing the appearance of Sanlu Shulan, the Bronze Hammer Saint almost didn't vomit out sickly!

Is this woman worthy of Li Mu and the others?

Is this true love?

I have to say that love makes people blind, just like the Bronze Hammer Sage. His attention is now completely on Li Mu, he didn't even look at Sanlu Shulan carefully, nor could he see that it was Sanlu Shulan's face because of Yi. Rong didn't change his expression at all.

"Li Mu..." Sanlu Shulan shouted to Li Mu while standing outside the courtyard.

"Get out!" Li Mu roared!

"Go... let's go quickly. The battle here must have attracted the attention of other strong men. If discovered by the doglegs of the artifact strong men, we may not be able to go even if we want to go by then!" Tian Gang Yan raccoon dragged San Lu Shulan said.

Tiangang flame raccoon, earth evil vulture, etc. are all ghost beasts. They don't know what \*\*\*\*\* is, so it is difficult for them to understand why Li Mu made such a decision because of this woman! However, in any case, they can only support Li Mu now, and can only drag Sanlu Shulan to escape!

Looking at the backs of Ziyan Thunder Bear and others who have escaped, Li Mu finally showed a smile on his face!

Li Mu once had the opportunity to raise his cultivation level to the super domain master level 8 or higher, but because Li Mu knew the rules of the metal world, he knew that the super domain master level 8 or above could not leave the metal world, so Li Mu The curtain has been suppressing his cultivation level.

After accurately knowing that his father Li Tian's cultivation level had reached the eighth level of the super domain master, Li Mu has been considering whether to raise his cultivation level to the super domain master eight. Always hesitating, but now, when it was time for life and death, Li Mu suddenly wanted to understand.

boom!

The surging spiritual power began to fluctuate on Li Mu's body, and then a powerful spiritual power fell from the sky and poured into Li Mu's body.

In an instant, Li Mu had already raised his cultivation realm to the early stage of Super Domain Master 8!

"Oh? Hahaha, I didn't expect you to suppress your cultivation level all the time, but... so what can you do! Unless your cultivation level is raised to the ninth-level peak of the super domain master, otherwise... hey, I got it Your little white face!" said the bronze hammer saint with a sneer.

Chapter 5012: : Gallup, the Powerful Artifact

Jin Zhongtian has been hiding in the dark!

When he saw the Bronze Hammer saint teasing Li Mu, Jin Zhongtian had a kind of jealousy in his heart!

Jin Zhongtian doubted whether he had become a pervert, and he was shocked to feel this way.

After all, the former Jin Zhongtian was also a great master, and a pure man who likes women. In the Netherworld, Jin Zhongtian has already married and established a business, and even has children and grandchildren around his knees, but since he and the bronze hammer sage in the metal world, Jin Zhongtian discovered that he was not so resistant to men.

But... this is not the point.

The point is that the Bronze Hammer Saint did not follow his Jin Zhongtian's idea to deal with Li Mu and others.

For the sake of Li Mu, the Bronze Hammer Sage actually let go of Sanlu Shulan and others. Jin Zhongtian felt that his heart was full of roars. He felt that the chrysanthemum he offered had not received the corresponding return. He felt the copper The strong hammer is playing with his feelings.

Jin Zhongtian really wanted to rush out like a shrew, and slap the face of the strong with a copper hammer.

But...Jin Zhongtian and clear, he is just one of the many playthings of the copper hammer powerhouse, if he really did this, he would die ugly!

Jin Zhongtian withdrew his sight from the bronze hammer saint again, and fell on the purple flame thunder bear and others who were rushing in the street. Jin Zhongtian frowned slightly, hesitated and turned to the purple flame thunder bear. Sanlv Shulan chased after him from the back.

Jin Zhongtian also saw Sanlu Shulan, the ugly woman who doesn't eat dogs!

At that moment, Jin Zhongtian even believed that Sanlu Shulan was an ugly girl.

However, seeing this woman's graceful figure, Jin Zhongtian's heart suddenly moved.

It's disguise!

"The ugly face of this woman is fake!" Jin Zhongtian had a judgment in his heart!

There was ecstasy in Jin Zhongtian's heart, but soon he calmed down!

"It's a beautiful woman, she really is a beautiful woman! Hey, Li Mu, Li Mu, I didn't expect that the hero of Li Tian would give birth to a son like you. For a woman, he knew that his mission was about to be completed, but Jin Zhongtian's mind was running fast, he was thinking about how to make the Ziyan Thunder Bear and others die here, even he had already begun to figure out \*\*\*\*\* Li Mu in the fairyland.

Only when Li Mu and others are all beheaded, can these draconian things he did be covered up, and Jin Zhongtian can have the opportunity to wait for Li Tian to return to the fairyland, and he has the opportunity to get close to Li Tian again and be taken away by Li Tian. Rescued from the hands of the strong.

Whoosh!

Jin Zhongtian flew up, and he accelerated towards Qingfeng Tower.

...

The powerful artifact is called Ludwig. Gallup is a strong man from a small world!

This guy is nearly two meters tall. He is strong and sturdy. He looks a bit like a Westerner in the earth world. His eyes are blue and he looks deep and charming. Any woman who sees these eyes will be attracted by these eyes. , Coupled with Gallup's long blond hair, makes this guy look full of masculine charm.

Gallup has been in the metal world for more than 100,000 years. In the first 100,000 years, he was the most inconspicuous existence. His highest cultivation realm was only in the early stage of reaching the seventh level of Transcendent Master. It stands to reason that this The guy's cultivation level is already good and he can fully protect himself in the metal world. This guy originally planned to leave the metal world and return to his original small world to become a strong man and enjoy the improvement of his cultivation strength. Of various glory.

However, Gallup had an accident when he was about to leave the metal world.

Because his handsome appearance attracted the attention of a group of female creatures from other worlds, that group of female creatures did not look like humans at all, and the leader of this group of female creatures completely ignored Gallup's forcible opposition and directly took Gallup Defeated, and then something happened that made Gallup feel sick.

At that moment, Gallup was desperate. He really wanted to explode, but... Ants were still greedy, not to mention that he had already possessed the seventh-level initial realm of Transcendent Master.

Gallup decided to forget the pain and leave this metal world that made him sad, but when Gallup was about to leave, he was suddenly attacked by a strongman of the Spirit Gold clan, and then poor Gallup became a prisoner. A slave to a wolf riding a strong man!

Gallup was sent to the continent just occupied by the wolf-riding strong, and began to work hard to excavate slavery.

If there hadn't been that accident, Gallup's greatest possibility would be to get the best results when digging metal, then be released, and then leave the metal world, return to his original world, and become a strong one.

However, that accident completely changed Gallup's training trajectory.

In the metal world, almost all the strong know that the strong wolf riders are plundering slaves everywhere. The strong wolf riders order these slaves to dig metal everywhere in the land of the twelve regions occupied by them, but they know what the strong wolf riders are. Not many people are digging for what they are looking for.

But Gallup, by chance, knew exactly what the wolf riding powerhouse was looking for and digging.

Maybe it was Gallup's destiny. When this guy and his slave friends were digging for metal, they unexpectedly found what the wolf-riding powerhouses had been looking for, which was buried by the once miraculous powerhouse in the metal world. Something in the metal continent!

The wolf riders were extremely excited. They rewarded each of the slaves who were digging three demi-god crystals. Then...the wolf riders suddenly revealed their hideous true colors, and they took the digging experts away. All trapped in caves of metal land, let them fend for themselves.

At that moment, Gallup and his slave friends were full of despair!

Only Gallup felt excited!

Crystal, this is a demigod crystal!

Without this demi-god crystal, Gallup would never know that his gloved weapon turned out to be an artifact!

Without this demi-god crystal, Gallup would never know that a demi-god crystal could activate the artifact he possessed!

Although trapped underground in the metal land, Gallup did not panic at all. He began to absorb the spiritual power in a demigod crystal, allowing his cultivation level to smoothly break through to the early stage of Transcendent Master 8, And then directly absorbed the two demi-god crystals into the body to activate the artifact.

Then, Gallup beheaded all the other strong men in the entire cave, snatching all the demi-god crystals they obtained in his hands, and then Gallup forcibly broke through the cave and ruled from the strong wolf rider The mainland escaped!

Then, Gallup started his road to the strong!

But... Gallup couldn't do without the metal world anymore. He was left in this dark world forever.

Therefore, Gallup wants revenge. He wants all the beauties in the metal world to pay for those female creatures!

"My lord... Lord Gallup, I found the beauty you want, but she is about to escape from the metal world. I... I am not her opponent. Please also Master Gallup with me to deal with that beauty!" Zhongtian flew directly to the seventeenth floor of Qingfeng Tower, floating in midair, and said to the powerful artifact inside the window.

Chapter 5013: : Li Tian is back

If Qingfenglou were a woman, then Qingfenglou would definitely lament that the men who had been to her were so ruthless and unjust.

In the short span of more than 20 years, Qingfeng Tower has changed owners three times.

Every time the owner changes, the owner of the Qingfeng Tower will show off the Qingfeng Tower's dressing up and welcome all kinds of men to enter and go to her. For example, the first Qingfeng Tower was a restaurant, and the later Qingfeng Tower slave trading place, or the current one. Qingfeng Building is a brothel.

Qingfeng Tower is like a broken flower and a willow, becoming more and more unbearable and vulgar.

Is there a brothel in Wonderland?

Of course there was, before Gallup came.

But weird things like Gallup are really rare, because Gallup this guy plays with excitement and heartbeat. Only you can't think of it, you can't do it without Gallup.

Mature woman?

Qingfeng Tower has it!

Loli?

Qingfeng Tower also has it!

Sister Yu?

Of course there is also Qingfeng Tower!

wife?

Hahaha, there are even more cruel beasts!

In addition, there are double P, triple P, multiple P, anyway, various pictures will appear on each floor of Qingfeng Building.

There is only the seventeenth floor of Qingfeng Tower. This is Gallup's world alone. Even his most trusted people are not allowed to enter the seventeenth floor unless he is a beautiful woman.

On the seventeenth floor of Qingfeng Tower, all kinds of beauties in Wonderland are trapped here for Gallup to enjoy.

The women who can enter the seventeenth floor are absolutely the best, of course, this is judged by Gallup's eyes.

Here, all the women were stripped naked by Gallup, and then ravaged by this guy in various ways, such as sex, such as binding, such as...cough cough, this kind of discordant picture is still rare The description is subtle.

Hearing Jin Zhongtian's words, Gallup pushed away the wriggling woman crawling on him, his eyes flashed, and a lustful smile appeared on his face, "Woman?"

"Beautiful woman!" Jin Zhongtian said with certainty.

As soon as he heard the words 'beautiful woman', Gallup stood up abruptly, "Go! Take me! I need women, many beautiful women...hahaha!"

With Jin Zhongtian leading the way, Gallup quickly caught up with the Purple Flame Thunder Bear and the others who had not had time to escape from the main island of Wonderland, and blocked the Purple Flame Thunder Bear and others' escape route!

Ziyan Thunder Bear stretched out his hand to block the others behind him, and said to the Tiangang Yanli and others: "You escape, let me solve it here..."

"But you..."

"Nothing! Anyway, I have been injured. It is almost impossible to escape from here today. In that case, it is better to let me fight upright. If you can all escape, even if I die here today. All this is worth it!" Ziyan Thunder Bear said.

Ziyan Thunder Bear knew that he could not be the opponent of this magical powerhouse at all, but like Li Mu, someone always needs to stand up when necessary, even if he knows it is to die, he must stand up. It was Li Mu who stood up before, but now he should also be the number one boss. dead?

Definitely!

Ziyan Thunder Bear had already thought about dying in that way, in order to contain the powerful artifact to the greatest extent, and to allow other powerful ones to escape from here!

Blew!

That's right, at this time, it seems that there is only one way to go!

Gallup, a powerful artifact, completely ignored the existence of Ziyan Thunder Bear and others. His sight fell on Sanlv Shulan. Seeing Sanlv Shulan's zombie face, it seemed to be an ugly product of a failed plastic surgery. Face, Gallup's face involuntarily flashed a trace of anger!

"Jin Zhongtian, is this the beauty you are talking about?" Gallup reached out a claw and grabbed Jin Zhongtian, who was hiding not far behind him, in front of him. The claws pinched Jin tightly. Zhongtian said coldly with a flash of cold light in his eyes on his neck.

A panic flashed across Jin Zhongtian's face, but in the hands of the powerful artifact, he didn't even have the luck to fight back. Jin Zhongtian's pinched face was flushed and he couldn't breathe completely, "Big...sir, this A woman uses Yi Rongshu, you...you can tell by looking at her figure, she is definitely a beautiful woman, if not, there is no need to use Yi Rongshu, if it is not a beautiful woman, they will not make it. Protect her with such a big sacrifice!"

"is it?"

Gallup was looking at Sanlv Shulan. If he looked carefully, he could see that Sanlv Shulan's figure was absolutely not bad. Gallup let go of Jin Zhongtian, and then grabbed Sanlu Shulan again!

Whoosh!

Sanlu Shulan didn't have time to resist at all, she involuntarily floated towards Gallup and fell into Gallup's claws. With Gallup's spiritual power violently fluctuating, Sanlu Shulan's disguise mask was instantly shattered by the shock, and as the disguise mask shattered and fell, Sanlu Shulan's appearance was completely visible.

beauty!

It really is a beauty!

The skin of Sanlu Shulan is very good, it can be broken when blown, and it seems that water can flow out with a pinch!

Sanlu Shulan's face was very ugly. She didn't expect that she had just escaped from the tiger's mouth and now fell into the claws. She knew very well that in front of the magical powerhouse, the Purple Flame Thunder Bear and others weren't the powerhouse's opponent at all. ...I will follow you, you let them go!"

With the sound of a mosquito, Sanlu Shulan instantly lost her energy when she said this, and her body completely softened.

Gallup likes this kind of fair-skinned and beautiful woman most. Seeing Sanlu Shulan's true face, Gallup couldn't help laughing wildly, "Haha, good! I promise you!" Gallup turned his head again. Looking at Jin Zhongtian, he smiled and said: "Jin Zhongtian, I did not misunderstand you. Your mission is completed. According to this standard, you will find me two beautiful women in ten days..."

"Jin Zhongtian! It really is this \*\*\*\*\* who is making a ghost!"

"Jin Zhongtian, we are all from the Netherworld. I didn't expect you to treat us like this! Do you know who she is? She is the Sanlu Shulan of the Sanlu Super God family, so you dare to betray Sanlu Chao. God family, it seems that you don't want to live back to the metal world!" The eyes of the four super-domain master-level powerhouses, Ziyan Thunder Bear, Yin Mo Yin Niu, Earth Evil Sky Eagle, and Tian Gang Flame Raccoon, were full of anger. Just tear Jin Zhongtian to pieces!

After hearing Gallup's words, Jin Zhongtian was immediately stunned, with a bitter expression on his face, almost crying, and begged Gallup for mercy: "Big...sir, don't you say I just need to find a beautiful woman? Already? This...this..."

"I know you won't refuse me! I'll go back to Qingfeng Building and enjoy it, and I'll leave it to you to deal with..." Gallup didn't put the Purple Flame Thunder Bear and others in his eyes at all. He didn't even think about helping Jin Zhongtian cook Ziyan Thunder Bear and others.

Seeing Gallup about to leave, the silhouettes of the Tiangangyan raccoon and the earth evil eagle flashed, blocking in front of Gallup from the left and right sides respectively. The Tiangangyan raccoon's eyebrows bounced slightly, and his expression was grim. "Do you know who the person you are holding is? She is the woman of Li Mu, the son of Li Tian, the owner of the Red Wing God Costume. Are you not afraid of Li Tian?"

Gallup was startled when he heard Li Tian's name, but there was no fear on his face. On the contrary, he was more excited!

"Li Tian? Hahaha, I have heard of Li Tian before I came to the fairyland...have several beautiful wives, hehe, the Qingfeng Tower that Li Tian stayed in the fairyland has been wiped out by me and has been occupied by me, if he dares If you come to Wonderland, I don't mind the woman who enjoys him and his son at the same time...Tsk, I'm a little excited thinking about this picture!"

With a wave of Gallup, two powerful light clusters of spiritual power poured out from his body, and instantly exploded in front of the Tiangang flame raccoon and the earth evil eagle. These two super domain masters at the seventh level were affected by this. Tuanguang flew back several tens of meters continuously and landed heavily on the ground.

"Fuck! I'm only interested in women. I'll spare you guys from dying today, go find your main force Li Tian, and let him bring his wife to Wonderland!"

Does Gallup desire women?

Not really!

It's just that he has suffered from women's losses, and he naturally begins to hate women in his heart!

So to be precise, Gallup is sick!

You must be cured if you are sick!

In the metal world, there are not many strong men who can cure the magical weapon Gallup, but Li Tian is one of them!

Gallup had just turned around to fly away from here, he suddenly realized that a powerful divine might had locked him.

Li Tian is back!

Chapter 5014: :Are you ready?

Gallup turned around abruptly and looked at the strong man who displayed his mighty power!

Then he saw Li Tian slowly walking down from midair with the beast master!

Li Tian?

Li Tian!

Gallup had never seen Li Tian, but he was quite sure that this strong man was Li Tian, the owner of the Red Wing God costume, because the dangerous aura released from this guy was too similar to the aura released from him. Place.

Almost all the strong guys on the scene looked at Li Tian at the same time!

"Li Tian is back!"

"Great Demon King Li Tian is back!"

"The big demon Li Tian who kills without blinking is back!"

At this moment, those powerhouses in Wonderland were crying with joy.

At the beginning, they were so longing for Li Tian, the great demon king, to get out of the fairyland, but they never thought that they would miss Li Tian so much!

Ziyan Thunder Bear looked at Li Tian, and didn't know what to do. The rough master Ziyan Thunder Bear had an urge to cry!

Tiangangyan raccoon and earth evil vulture climbed up from the ground, and looked at Li Tian. These two powerhouses are more concerned about Li Tian's cultivation level. Transcendent Master is promoted to the first eighth level? Can this kind of cultivation realm be the opponent of an artifact powerhouse who already possesses the ninth-level pinnacle of the super domain master?

Wait, the entourage behind Li Tian turned out to be the mid-level ninth level of the superdomain master. In this case, Li Tian's true strength may at least be at the peak of the ninth level of the superdomain master. Otherwise, what will he rely on to subdue the superdomain? What about the entourage in the middle of the ninth grade?

At this moment, the Tiangangyan raccoon dog and the earth evil Tianjiu finally relaxed. The two looked at each other, and then sat on the ground. The dirt ground was not particularly soft, but they seemed to be sitting on soft clouds. The same, a smile appeared on his face involuntarily.

The Yin Mo Yin Niu looked at Li Tian, he was not as subtle as the Purple Flame Thunder Bear, and he was not as clever as the Tiangang Flame raccoon and the Earth Shaman's wife Tianjiu. He resisted the pain and rushed directly to embrace Li Tian. With a look of excitement on his arm, he shouted: "Brother Li Tian, is it really you? They all said you are in this metal world, but...but...great, our brothers finally got together again! "

Seeing Ziyan Thunder Bear and others, Li Tian still felt very surprised in his heart!

He did not expect that the four of these brothers would have come to the metal world, but when he thought about Long Yin before, all of this made sense. It seems that he and the powerful sea-monsters are not the only ones who have come to the metal world. .

"Yes! We finally got together again, but why are you so miserable? Tell me, who did the good thing, let me vent your anger for you!" Li Tian looked at Yin Mo Yin Bull, Purple Flame Thunder Bear, etc. The wound on the human body couldn't help being a little angry, and said coldly.

When saying this, Li Tian's eyes were already fixed on Gallup, the magical powerhouse who killed all the powerhouses who left him in Qingfeng Tower.

The ninth-level peak cultivation base of Super Domain Master is worth Li Tian's hands!

What's more, this guy is still a powerful artifact, it is more worthy of Li Tian's all-out effort!

While Li Tian was looking at Gallup, the magical powerhouse was also looking at Li Tian.

Gallup was actually a little disappointed when he felt Li Tian's cultivation level at the early stage of the eighth level of Super Domain Master.

Although he already knows that Li Tian can kill the ninth-level peak powerhouse of the super domain master, he believes that this is entirely because Li Tian relies on the artifact. Li Tian owns the artifact, and Gallup also owns the artifact. If the artifact and the artifact cancel each other out If so, Gallup, the cultivation base of the ninth-level peak realm of the super domain master, can completely kill the guy Li Tian.

"Li Tian?"

Seeing Li Tian nod his head slightly, Gallup's disappointed expression on his face became stronger, his gaze looked behind Li Tian again, and he chirped a few times and said, "Where is your woman?"

An anger flashed across Li Tian's eyes!

This guy is completely provoking Li Tian.

Seeing Li Tian's eyes fall on Sanlu Shulan's body, Gallup's face showed a trace of complacency, and he put Sanlu Shulan in his arms behind him, sneered and said: "You don't feel very Familiar? You read that right, this is your son Li Mu's woman, but...hehe, she will soon become my crotch plaything!"

Li Mu?

Li Tian suddenly remembered that he had handed Li Mu to Ziyan Thunder Bear, and let Ziyan Thunder Bear take Li Mu to practice together.

Now Ziyan Thunder Bear and others are here, but Li Mu is the only one who has not seen Li Mu. Has Li Mu already suffered misfortune? Or does Li Mu didn't come to the metal world?

Li Tian suddenly turned his head and looked at Yin Mo Yin Niu, "Where is Li Mu?"

"Brother Li Tian, Li Mu, in order to cover our escape, is fighting with the Bronze Hammer Sage. The Bronze Hammer Sage is a powerhouse with the ninth-level peak realm of the Superdomain Lord, Brother Li Tian, now I will show you the way, let's go first Save Li Mu boy!" Yin Mo Yin Niu said anxiously.

"Master Beast! Follow them to save Li Mu!" Li Tian turned to look at the Beast Master and shouted. Then Li Tian looked around again and shouted to the other strong men who were hiding in the distance: "Tell all the strong in Wonderland. Of all the forces, I, Li Tian, is back!"

"He?" Ziyang Lei Xiong and others looked at Li Tian with some doubts.

Let a super domain master ninth-level mid-level powerhouse to deal with a super domain master ninth-level peak powerhouse, this seems to be an act of death!

But the beast master did not hesitate, stretched out his hand to lift the Yin Mo Yin Niu, and said: "You can only lead the way. Since Lord Li Tian has returned, this fairyland will be Lord Li Tian's world from now on, as long as they know Lord Li Tian has returned. Wonderland, we don't need to act, someone will take care of the hammer saint!"

"Bronze Hammer Saint!" Yin Mo Yin Niu corrected.

"Haha, he will soon become a hammer at all!" Beast Master said confidently.

The beast master's confidence is well-founded. When he saw Li Tian returning to the fairyland, those other strong men who had witnessed Li Tian's true body had already turned and flew out. I am afraid that the news of Li Tian's return to the fairyland is now like wings. The same, soon flew into the ears of the stewards of the major forces in Wonderland.

Li Tian is the devil!

However, Li Tian has not touched the other seven powers of Wonderland, so, compared to the powerful artifacts, these forces should be closer to Li Tian.

If the Beast Lord's guess is correct, when they rushed to the location of Li Mu, I am afraid that other powers' super domain masters, ninth-level strongmen, had already acted on the bronze hammer saints, and lost the bronze hammer protected by the artifact strong ones. Saint, that is the existence of \*\*\*\*\* like a hammer!

Li Tian made arrangements for the rescue of Li Mu, and then turned to look at Gallup, the powerful artifact, but Li Tian completely ignored Gallup's existence, and said to Sanlu Shulan: "You... I seem to have seen you! Are you a woman from the Sanlu Super God family?"

Sanlu Shulan originally thought she was about to die in a fairyland. The moment he saw Li Tian appear, Sanlu Shulan couldn't help but shed a few tears. When Li Tian asked her, Sanlu Shulan struggled a lot. She wanted to break free from Gallup, but...Sanlu Shulan reached out her hand to wipe away the tears, nodded and said: "Yes, I have seen you before! You are Li Tian!"

"Very good! I don't know how you appeared in the metal world, nor how you and Li Mu got together. These are not important. The important thing is that I want to tell you that since you are my son Li Mu Woman, I won't let you be wronged by watching you! Are you ready?" Li Tian said.

Are you ready?

What do you mean?

Gallup suddenly felt a sense of alertness, but Li Tian appeared in front of him in the next second! boom!

Chapter 5015: : Five minutes, no more

Teleport!

Since coming to the metal world, this is the first time Gallup has seen someone show teleport!

His pupils expanded uncontrollably, and Li Tian's figure in his pupils was getting bigger and bigger, and Li Tian's fist with spiritual power had already hit his abdomen heavily! At this moment, Gallup felt his abdomen turned upside down, there was a fiery pain in his abdomen, and then his whole body flew out!

All these changes are so fast, Sanlu Shulan only flew out in the blink of an eye, and the powerful magical weapon that was still holding him just now!

So strong!

It is too strong!

This is Li Tian, this is the Li Tian that Sanlu Shulan once saw!

Although...Although Li Tian's current appearance has changed a lot, the spirit of Li Tian still makes Sanlu Shulan feel familiar!

Li Tian stretched out his hand and grabbed Sanlu Shulan, a slight smile appeared at the corner of his mouth, "Wuyao is a member of the Sanlu Super God family, and when faced with this kind of danger, he still doesn't change his face, regardless of me and Netherworld. As far as you are concerned, I still quite approve of what kind of festival the Super God family has! Go on, now I should leave it to my performance!"

Looking at Li Tian, Sanlu Shulan was only deeply shocked, and felt shocked from the bottom of his heart!

The powerhouse of artifacts is the supreme existence in the fairyland.

There are so many powerful forces in the immortal realm, so many super domain masters ninth-level peak powerhouses, but in front of the magical powerhouses, they dare not even let go.

But what about Li Tian?

Li Tian has just returned to the fairyland. He doesn't care how awesome your magical weapon is, he will do it when he comes up, and he will knock the magical weapon to the ground as soon as he does it! This not only requires Li Tian to have a strong strength, but also requires Li Tian to have the unmatched domineering look at the world!

Sanlu Shulan had to admit that she admired Li Tian more than Li Mu.

In fact, Sanlu Shulan had already admired Li Tian before she met Li Mu, otherwise she would not beg her father Sanlu Shangqing to take her to meet Li Tian.

It's just that under the circumstances of fate and coincidence, Sanlu Shulan and Li Mu actually walked together.

The current Li Mu still looks a little immature, at least Li Mu does not have the powerful strength of Li Tian, at least Li Mu does not have the domineering power of Li Tian.

At this moment, in the eyes of Sanlu Shulan, Li Tian is a hero!

She hovered in the air and looked at Li Tian with some dementia, but in her heart she also began to fantasize that one day Li Mu could protect her like Li Tian so domineeringly!

At this time, the powerhouses in Wonderland hiding in the distance are about to boil!

"This guy is Li Tian, this guy is the big demon Li Tian!"

"It's really awesome, that guy Gallup is a powerful artifact, he was beaten by Li Tian like this?"

"I never thought that Li Tian turned out to be an early powerhouse at the eighth level of Transcendent Master. I always thought that this guy's cultivation level should also be at the ninth level of Transcendent Master...I really don't look good!"

"When you look at you, you are not a native..., I mean it didn't take long for you to come to Wonderland. You should have heard of the Holy Beast Hall! The three holy beasts in the Holy Beast Hall are all super domain masters. The powerhouse at the ninth level, it took only a moment in Li Tian to behead the three sacred beast powerhouses in the Holy Beast Hall, and even the Holy Beast Hall was completely destroyed!"

"The big devil is so domineering?"

"of course!"

"Great Demon King Li Tian is so awesome?"

"That is!"

"If this is the case, then why do I see these strong men seem to welcome Li Tian..."

"Eh, although Li Tian is also a very livestock animal, he is still more popular than Li Tian, who is strong with artifacts, don't speak, see that the strong with artifacts has stood up..."

"Quack, today I finally had the honor to witness the battle of the super strong..."

...

The powerful artifact slowly climbed up from the ground.

There was a trace of blood at the corner of his mouth, and the artifact powerhouse stretched out his thumb to wipe the blood. Looking at the blood, the corner of Gallup's mouth tilted slightly upward, revealing a smile.

Gallup has never been injured since he successfully activated the artifact!

Even if he didn't use the artifact most of the time, but with his cultivation base of the ninth-level peak realm of the superdomain master, no one could harm him.

However, this Li Tian, the owner of the legendary Red Wing Divine Costume, also didn't use the Divine Costume, and he was able to use Teleport and wound him. This made the magic weapon powerhouse feel very excited.

Yes, it's just excitement!

It's the excitement of meeting opponents!

"Hey, although it was only a short period of less than a year, I have almost forgotten what the pain feels like, and almost forgot what it feels like to be injured! Li Tian, you successfully angered me. Now, I will let you know how irritated My consequence!" Gallup said with a sneer.

With that said, he flipped over and took out his artifact from the space ring!

I don't know what material the glove is made of. It doesn't look like leather, but it has a soft feeling on the hand.

The name of this glove is very common: Zhen Lei!

When Gallup got the glove by chance, he didn't realize that the glove was an artifact.

At that time, Gallup just used this glove as an ordinary piece of equipment to protect his hands.

Of course, if there is no demigod crystal.

As Gallup slowly activated his spiritual power, the leather-like gloves gradually began to shine with dazzling light. At first, the light was more like metal, but gradually the light turned into diamond-like Dazzling.

As Gallup urged his spiritual power, this glove seemed to come alive. Following Gallup's arms, he quickly turned both of his arms into diamonds, and then Gallup. His neck, cheeks, body, and his whole body were all shining like diamonds!

Dazzling!

Also very angry!

This kind of artifact is awesome just because it looks good!

It is the first time that many ordinary powerhouses in Wonderland have seen this form of Gallup.

For a while, the eyes of the powerhouses who were onlookers were completely attracted by Gallup.

"I... Fuck me, why do I feel that the cultivation strength of the strong magical weapon seems to have increased several levels in an instant... Has he reached the realm of a demigod?"

"It's no wonder that in the fairyland, there is no strong person at the ninth level of the super domain master dare to challenge the powerful artifact. The aura released by this guy alone is enough to make ordinary ninth level masters feel suffocated!"

"Challenge? Haha, those who dare to challenge the powerful artifact have become rotten flesh. Those who challenge the powerful artifact have long been shattered! Now I really don't know what method Li Tian uses to deal with the powerful artifact !"

The onlookers said the situation.

Gallup enjoyed the shocked gazes of these onlookers. The corners of his mouth were slightly tilted, revealing two rows of teeth, which also shined with diamond-like light, "Li Tian, I heard that your red wing costume is the strongest defense. I heard that your Red Wing God outfit is the strongest attack. Come and change it. Let us take a look. Let these ants know who is the strongest magic weapon!"

Li Tian stretched out a slap at Gallup and said with a sneer: "I'll give you five minutes. If I don't overturn you in five minutes, I'll let you see and see my red wing costume!"

"Five minutes?" Gallup felt that he was greatly insulted!

"Yes, it's five minutes, no more!" Li Tian sneered, and his figure flashed before appearing in front of Gallup again.

Chapter 5016: : I do

Li Tian came up to be his signature action "Dragon and Eighteen Claws"!

Ninety-nine and eighty-one purple flood dragons flocked to Gallup directly with powerful divine might!

If you don't blow it, Li Tian's purple dragon is enough to deal with any super domain master ninth-level peak powerhouse, but... if you want to deal with the artifact powerhouse Gallup, it seems that the purple dragon is still so short of fire. .

The dragons soared into the sky, surrounding Gallup, each purple dragon carrying a powerful dragon.

The dragon's sharp claws kept gripping Gallup's body, making a piercing sound!

Gallup did not expect Li Tian's cultivation level to be average, but his cultivation strength turned out to be so powerful.

These ninety-nine purple flood dragons, the purple flood dragons with powerful dragon powers, although they can't threaten Gallup's life for the time being, this is enough to make Gallup feel in a hurry, especially when the dragon's claws are caught in Gallup. On Pu's body, Gallup felt pain for the first time when he used the artifact!

Gallup didn't dare to be negligent, his fists kept blasting out like a storm.

At this time, Gallup doesn't need to deliberately find a target, there are targets everywhere around his body anyway!

boom!

boom!

boom!

As a powerful artifact, Gallup's fist also carries a powerful divine power.

Shenwei vs. Longwei!

On this point alone, Gallup does not lose to Li Tian!

Even when Gallup's fist strikes the body of the purple dragon, the purple dragon can hardly resist the attack of the fist. The purple dragon will be like a severely injured snake, twisting its body a few times, instantly Will explode!

The two sides started to work. In less than a minute, more than 30 purple dragons released by Li Tian were smashed by Gallup's fists, but Gallup also paid a price for it. Dozens of wounds have appeared on the body!

But Gallup didn't care at all!

He thought quickly in his mind.

Li Tian released ninety-nine purple dragons. If he could kill 30 purple dragons per minute, he would be able to smash all the purple dragons released by Li Tian in just three minutes. Then Li Tian Will definitely display the red wing \*\*\*\*\* outfit.

Only by forcing Li Tian's red wing costume, Gallup knows how sure he is to win!

boom!

boom!

boom!

The sky is dim and the earth is shaking!

This battle attracted the attention of almost all powerful forces in Wonderland from the beginning!

However, it is not the stewards of the major forces who are responsible for paying attention to the fighting here, because after these stewards know that Li Tian has returned to Wonderland, their first idea is to find a way to hug Li Tian's thigh.

And now there is an excellent opportunity to hold Li Tian's thigh, and that is to deal with the Bronze Hammer Saint!

...

When Li Tian and the artifact powerhouse Gallup started to work, Li Mu didn't know that his father Li Tian had already arrived in Wonderland.

Li Mu's cultivation level has been raised to the initial stage of the ninth level of Transcendent Master. This is the result of his forced breakthrough, and it is also the highest level of cultivation that Li Mu has been able to break through so far, but... facing the ninth level of Transcendent Master. The realm of the bronze hammer saint, Li Mu still did not see the slightest chance of winning.

Not to mention winning, Li Mu felt that he didn't even have a chance to escape!

The strength of this Bronze Hammer Saint, the powerhouse at the ninth level of the Super Domain Master, is really not imaginary, even if the Bronze Hammer Saint has been playing with Li Mu and has no idea of killing Li Mu, but Li Mu is not yet. The opponent of the Bronze Hammer Saint, he can only support it firmly!

"I don't know where Uncle Purple Flame Thunder Bear and the others have escaped now? I don't know if they have already escaped from the fairyland... Escape! Escape! You must escape from the fairyland, you must go to the Yin Continent..." Li In the mind of the screen, thinking wildly.

In fact, when Li Mu made a decision, he kept asking himself whether it was worth it!

For the daughter of an enemy's family, is it worth it to make him pay such a heavy price?

But Li Mu didn't want to understand the answer!

Li Mu knew that if he was asked to make a choice again, he would definitely choose to let Sanlu Shulan escape.

The Bronze Hammer Saint seemed to know that Li Mu was thinking wildly. He reached out his hand and touched Li Mu's cheek again, and said with an obscene smile: "Do you think about the

women who have escaped? If I tell you, even if they are from mine I'm afraid I can't escape the fairyland with my hands. I don't know what you would think? I know you don't believe it, but... Hey, do you know Jin Zhongtian? He told me that there was a woman hidden in this small courtyard, and he let I am here to trouble you!"

"You...what did you say?"

"Jin Zhongtian?" Li Mu gritted his teeth and called out Jin Zhongtian's name.

Li Mu didn't expect him to be on guard everywhere, but he was still put on by Jin Zhongtian.

"Is it angry? Even if you are so angry, it will not help, because Jin Zhongtian has sold your woman to the powerful artifact! Tsk tsk...If the powerful artifact takes action, protect the super domains of your woman I am afraid that the main powerhouse will die miserably!"

"Hey, do you really want Jin Zhongtian to die? Unfortunately, you have no way to kill Jin Zhongtian, but... if you can listen to Lao Tzu obediently and serve Lao Tzu obediently, maybe Lao Tzu can help you kill it. Kill Jin Zhongtian?" The Bronze Hammer Saint said with an obscene smile.

Li Mu's eyes were a little flustered.

Although he was very reluctant, he still couldn't help but automatically fill in the scenes of Sanlu Shulan and the powerful magic weapon being together for children, and he seemed to have seen the purple flame thunder bear, the Tiangang flame raccoon, the earth evil sky eagle, The tragic death of several uncles of Yin Mo Yin Niu!

Do not!

No!

Li Mu finally discovered his weakness.

This weakness is not that his cultivation level is not high, but that his heart is soft.

In fact, Li Mu had suspected Jin Zhongtian before, and even he was wary of Jin Zhongtian, but because of Jin Zhongtian's deceptive performance, Li Mu let his guard down.

If... if Li Mu had been cruel and beheaded Jin Zhongtian directly, then there would be no ending like this!

At this moment, Li Mu felt that he had finally become a little mature.

"I...I'm willing to follow you..." Li Mu suddenly stopped attacking, his hands drooping naturally, a touch of pain flashed in his eyes, and then looked up at the strong copper hammer, and continued: "I am willing to serve you, but... ...You must promise me to send this dog-like thing Jin Zhongtian to me and let me kill this guy with my own hands!"

There was a trace of pride on the face of the bronze hammer saint, and he reached out his hand and touched Li Mu's cheek. He could feel Li Mu's body trembling involuntarily, as if it were fear, as if it were afraid.

"Don't be afraid, I will be very gentle! As long as you serve me comfortably, Jin Zhongtian's fate is yours!" The Bronze Hammer Saint said with satisfaction.

Chapter 5017: : Sorrowful Bronze Hammer Saint

The Bronze Hammer Saint is not a pervert!

He didn't have the bizarre experience of Gallup, and naturally he didn't have the kind of mental journey of Gallup.

The Bronze Hammer Saint has always liked male appearance, and he never concealed this.

Artifact powerhouses also know the hobby of the Bronze Hammer Sage, and the radish and cabbage have their own loves. At this point, Li Mu is not willing to comment on the Bronze Hammer Sage too much. It is also possible to legally fall in love and get married legally.

But Li Mu himself is not gay, so his body is resistant.

But for... Li Mu can only bear it!

Li Mu closed his eyes, this is not to enjoy, but to endure!

The hands of the Bronze Hammer Saint had already touched his chest, and Li Mu felt that he seemed to be climbing thousands of ants on his body. The nausea made Li Mu have the urge to commit suicide.

"No, I can't give up, take another patience, another patience!" Li Mu kept admonishing himself in his heart.

The Bronze Hammer Sage began to intensify. This guy's arm has been holding Li Mu's buttocks, and the other hand has reached Li Mu's crotch. The Bronze Hammer Sage has both "attack and accept", and his mind He had begun to fantasize about the scene of Li Mu's falling down with Li Mu, and even this guy had stretched out his tongue to lick Li Mu's cheek.

This is just the temptation of the Bronze Hammer Saint.

Although Li Mu had already succumbed to him verbally, but Li Mu is now a strong man in the early stage of the ninth level of Transcendent Master, and the Bronze Hammer Saint is still a little wary of it! Fortunately, Li Mu didn't seem to respond, he still just forced his eyes, and his body still couldn't help but tremble slightly!

The Bronze Hammer Saint once again intensified, reaching into Li Mu's crotch!

Two men, standing in the small courtyard where they were fighting just now, this scene made normal men look like they would definitely feel sick.

But Li Mu did not resist, and when the Bronze Hammer Saint reached out his hand to touch the thing under Li Mu's crotch, the Bronze Hammer Saint obviously felt that Li Mu... was hard!

Hahaha!

Has Li Mu been bent by the Bronze Hammer Saint?

The Bronze Hammer Sage is not sure yet, but Li Mu's physical reaction makes the Bronze Hammer Sage very proud, "Just so, relax, and soon you will feel the unprecedented stimulation. From now on, you Will gradually like this feeling. Facts have proved that only the basic love between men and men is true love. As for women... let's forget about the existence of that species!"

The Bronze Hammer Saint still licked Li Mu's ear with his tongue...

Li Mu's body gradually softened, and he seemed to be ready to reach out his arm to hold the bronze hammer saint at any time.

"Tsk tusk, this little guy is delicate and tender, it's really tickle to look at!"

The breath of the bronze hammer sage couldn't help but the ground became heavy. He stretched out his arms to embrace Li Mu's waist from behind, and was preparing for the next move, but at this moment, the spirit on Li Mu's body The strength rises suddenly...

The Bronze Hammer Saint was taken aback, but he found that Li Mu was still pressing his eyes, as if nothing had happened.

"Is it my illusion? Or is it that I have really picked up this little guy's sex, so this little guy can't control the fluctuation of spiritual power?" The Bronze Hammer Saint continued again, he could feel Li Mu The spiritual power on his body was constantly fluctuating, and gradually the bronze hammer saint relaxed his vigilance.

He wants to do it!

Do it now!

However, at this moment, Li Mu's spiritual power suddenly increased. With this increase in spiritual power, a sharp spiritual power slammed into the belly of the bronze hammer saint!

what!

The Bronze Hammer Sage hurt, and slammed Li Mu's back with a palm, blasting Li Mu out.

But Li Mu suddenly turned around when he was blasted out, and slashed his sword on the arm of the bronze hammer saint.

puff!

Blood sprayed from the broken arm of the bronze hammer saint, and his arm was cut to the ground by Li Mu with a sword.

Li Mu's body hit the metal wall hard!

The Bronze Hammer Sage's blow was very heavy. Li Mu felt a hot pain on his back. It seemed that the location of the hot pain was not only the broken bones, but Li Mu still endured the pain and swayed slowly. Standing up, the spiritual power sword in his hand flickered and seemed to be scattered at any time.

"You...you slut, when I treat you like this, you still want to kill me? Today, I am going to kill you!" The bronze hammer saint's abdomen was pierced by Li Mu's spiritual sword, directly from His back pierced out. Although this sword was not enough to kill the Bronze Hammer Sage, it also greatly reduced the Bronze Hammer Sage's power to hit Li Mu. Now, plus the Bronze Hammer Sage's right The arm was cut off, and the saint of bronze hammer looked much more miserable than Li Mu.

Wow!

Li Mu spit out blood, but there was no panic on his face. On the contrary, Li Mu's face became a little more ferocious and a little more angry.

"Kill me? Now do you think you still have this strength?" Li Muqiang said in pain.

Paralyzed, is Li Mu easy?

If it wasn't for the sudden attack just now, would Li Mu bear the humiliation and pretend to accept the tease of this dead glass?

But all this now seems to be worth it!

The abdomen of the Bronze Hammer Saint was pierced by the spiritual power long sword, and the wounds were constantly pouring out in an instant, and the Bronze Hammer Saint once touched Li Mu's claws and was also cut off by Li Mu with a sword. Damaged by the attack, but now the real strength of the two has finally been pulled to the same level, and even Li Mu now has a slight advantage.

The Bronze Hammer Sage watched Li Mu approach step by step, his mind was turning quickly.

"There is no need to fight this little rubbish. As long as I leave this small courtyard, if he dares to chase him, he will soon be discovered by other strong men. Then this little \*\*\*\* will be besieged by all the strong men in Wonderland..." The Bronze Hammer Saint thought in his heart.

Thinking of this, the Bronze Hammer Saint did not hesitate. He stretched out his left hand to pick up the severed arm, tapped his feet on the ground, and flew out of the courtyard. After he was discharged from the courtyard, he looked back and saw Li. The curtain rushed out!

Outside the small courtyard, seeing the strong fighting, some ordinary cultivators with a level of cultivation below the super domain master began to flee in a panic.

The Bronze Hammer Saint didn't care, because he had already seen that in the distance there were a lot of powers from the super domain master's eighth level peak, the super domain master ninth level early, the super domain master ninth level mid-level, and even the super domain master ninth level peak. Flew in this direction.

"Hey, boy, this is a fairyland, this is a world of powerful artifacts, you just wait to be trampled to death by many powerful people! After you die, even if I don't like female sex, I will definitely charge a few by then. Your woman...hahaha!" The Bronze Hammer Saint laughed arrogantly.

Li Mu saw that many powerful men kept flying towards him, and Li Mu's heart was already desperate!

At this moment, a sentence suddenly came out among those strong: "The guy whose arm was cut off is the Bronze Hammer Saint, kill him..."

Then... there is no more!

The Bronze Hammer Saint was soon drowned in the crowds of strong men!

At least dozens of super domain masters of the ninth level besieged the bronze hammer saint. Even if this guy didn't break his arm, he might not be the opponent of these people!

As a result, the Bronze Hammer Saint is really sad...

Chapter 5018: : Wings can't escape

Li Mu let out a sigh and fell to the ground feebly.

Forcibly breaking through, although his cultivation level has been improved, the physical damage to him is also extremely large. In addition, after the forcible breakthrough, Li Mu has no time to

recuperate. At this time, the spiritual power in his body is already in chaos. Li Mu, the saint of beheading the bronze hammer, was still holding his breath. Now the saint of bronze hammer was bombarded into \*\*\*\* by a vote of super domain master ninth-level powerhouse. The breath in Li Mu's heart relaxed, and the spiritual power in his body veins It began to surge uncontrollably.

Falling to the ground, Li Mu felt pain all over his body, especially the veins of his body that seemed to be swollen. That kind of pain caused Li Mu to breathe heavily, but Li Mu's face But with a slight smile.

Ok!

The Bronze Hammer Saint was finally beheaded, and the next goal should be Jin Zhongtian. Only by beheading Jin Zhongtian, can Li Mu feel a little better in his heart!

Li Mu still didn't understand what happened in Wonderland. He thought that the reason why so many powerful men killed the Bronze Hammer Sage was because the Bronze Hammer Sage had done too many things that hurt the world and reason. Before daring to move the Bronze Hammer Sage, these strong men did not dare to do it. Now that Li Mu has injured the Bronze Hammer Sage, it is quite reasonable for these strong men to fall into the stone.

Li Mu knew that when he stabbed the saint of the bronze hammer, he didn't think about leaving again or from the fairyland. These strong men helped him kill the saint of the bronze hammer, and he would leave here soon. The death of the saint will also fall on Li Mu.

It doesn't matter, Li Mu stepped up time to run spiritual power...

At this moment, a figure emerged from the crowd, it was the Yin Mo Yin Niu who had been injured, and behind the Yin Mo Yin Niu was a powerful mid-level ninth super master.

"Boy Li Mu..., hahaha, you're not dead, that's great! It looks like we have caught up..." Yin Mo Yin Niu flew over, sat down beside Li Mu, stretched out his The palm of a cow's hoof slapped Li Mu's back hard, and he smiled nicely.

Li Mu saw Yin Mo Yin Niu, his face was full of happiness, "You... Uncle, you are also alive? Purple flame thunder bear, Tiangang flame raccoon, and Earth evil Tianyu uncles? Are they also..."

"Hahaha, we are all alive! It's not easy to kill us!" Seeing Li Mu's eyes were a little erratic, he seemed to want to ask something but he didn't say what he said, Yin Mo Yin Niu continued Said: "Sanlu Shulan is fine..."

"What is going on? Why am I suddenly a little confused now?" Li Mu asked.

At this time the Beast Master had also flown over, half kneeling in front of Li Mu, and said respectfully: "The little man Beast Master pays homage to the young master!"

Young master?

Li Mu didn't expect a super domain master mid-level ninth-level strong man to show such a big gift when he saw him, but what the \*\*\*\* is the young master? Who is this guy? Could it be... Could it be that my father has returned to the fairyland?

"Kid Li Mu, have you already figured it out? Hahaha, yes, the Li Tian brothers have returned to the fairyland, and now he is fighting the magical powerhouse Gallup!" Yin Mo Yinniu said with a

smile, just because of him The injury was serious, and he laughed too boldly. He tugged the injured part and coughed several times continuously.

"Are these people Father's subordinates?" Li Mu stretched out his hand and gently patted the Yin Mo Yin Niu on the back. After Yin Mo Yin Niu's coughing subsided, he pointed to the saints who had killed the bronze hammer. After that, the super masters who snatched the bodies of the bronze hammer saints!

With a smug expression on his face, the beast master said with a smile: "They are not Li Tian's subordinates. This time, Li Tian only took me to the fairyland. As for these guys, they are all fairyland. The stewards of the major forces! They volunteered to help Master Li Tian deal with the powerful artifacts, and only a part of them came here, and many powerful ones have already gone to Qingfeng Tower!"

Li Mu was finally relieved.

Li Mu wanted to stand up, the beast master quickly reached out to help Li Mu, but was pushed away by Li Mu, "Take me to see Father, right, where is Jin Zhongtian? All this is the \*\*\*\*\* of Jin Zhongtian. Harm, don't let that \*\*\*\*\* Jin Zhongtian escape!"

"Jin Zhongtian? Broken. Just now, everyone's attention was focused on the battle between Brother Li Tian and the powerful artifact, but they forgot the existence of Jin Zhongtian. Maybe this guy has now slipped away..." Yin Mo Yin Niu patted his thigh with regret and said.

"Young Master, don't worry, he can't run!"

The beast master turned around to express his gratitude to the stewards of the major forces in the fairyland, and then he said about Jin Zhongtian.

"It's just a fifth-level superdomain master rubbish, so don't worry, this guy will leave it to us!"

"Yes, as long as the powerful artifact is defeated and killed by Master Li Tian, all of the powerful artifact can not escape with the wings. When Master Li Tian returns to the fairyland, the entire fairyland has been completely blocked, only allowing entry but not leaving. , Jin Zhongtian definitely can't escape!"

"Hehe, we didn't catch up when we bombarded the Bronze Hammer Saint, this time Jin Zhongtian left it to us to solve it!"

"Solving your sister, our task is to find Jin Zhongtian, this kind of \*\*\*\*\* must be handed over to Master Li Mu to solve it!"

The stewards of the major forces in the fairyland took an oath and expressed their attitudes one after another. Then these stewards took their people and turned and left, and began to look for the whereabouts of Jin Zhongtian in the whole fairyland.

Seeing so many super powers coming and going like wind, Li Mu still couldn't believe it.

"Master Beast, why did the stewards of the major forces in the fairyland help my father? My father's reputation in the fairyland is not so good. They all call my father the great demon king, and they \*\*\*\*\* the bronze hammer. What does the corpse that has been smashed to do? Do you want to eat the flesh and blood of the bronze hammer saint?" Li Mu asked puzzledly.

"The young master must not dare to call me an adult. I am a slave of Li Tian. It is already my honor for you to call me the beast master." The beast master waved his hand quickly and looked back at the flying farther and farther. The stewards of the major forces, the beast master continued: "They snatched the body of the bronze hammer saint just to claim credit in front of Master Li Tian. Before Master Li Tian left the fairyland, these stewards had been completely destroyed by Li Tian. Adults surrender! They call Lord Li Tian the Great Demon King, but that is more of their fear and respect for Lord Li Tian, and perhaps recognition of Lord Li Tian's strength! Master, I will take you over now, if we fly too slowly, maybe when we rush past, the battle between Lord Li Tian and the powerful magic weapon will be over!"

Chapter 5019: : Qinglong is out

five minutes?

Gallup didn't know it had been a few minutes, but the number of purple dragons surrounding him had been drastically reduced.

"Hey, really ignorant! For the powerful artifact, this is just the purple dragon with the ninth-level peak strength of the superdomain master, and it is impossible to hurt me! I think you can do anything else? Five minutes? Hey, Let's see whose face hurts now!" Gallup said with a sneer in his heart.

However, Gallup's sneer did not last long.

"How is it possible? About thirty seconds ago, the number of purple flood dragons besieging me was already less than 30. Why did the more I kill, the more purple flood dragons there were?" Gallup suddenly It was discovered that the number of purple flood dragons besieging him continued to increase.

Gallup suddenly turned his head to look at Li Tian, he saw Li Tian's double claws were flying out of the purple dragon!

That's it...

"Oh, sorry, you found it! Hahaha, should I continue?" Li Tian said with a smile.

Gallup stared at Li Tian, watching the smile on Li Tian's face is so cheap!

That's right, Li Tian is a \*\*\*\*\* in Gallup's eyes!

This \*\*\*\*\* first used 99 purple dragons to continuously consume Gallup. When Gallup finally killed fifty or sixty purple dragons, Li Tian, the slut, once again performed "Dragon with Eighteen Claws". ", the number of purple dragons was made up to 99.

In other words, Gallup used all the purple water dragons to kill with all the cultivation bases, and it was easy for Li Tian to make up more purple water dragons. This is how Li Tian, a bitch, was consuming Gallup. Spiritual power consumes Gallup's supernatural power.....

Gallup must consume a lot of spiritual power to activate the artifact. Gallup and Li Tian are different in this regard.

You must know that Li Tian's Red Slash and the Demi-God Crystals are in Li Tian's heart. The Red Slash is activated by the God-Level crystals from Li Tian's body, spontaneously and actively

released, and it is inside the Red Slash. There is that soul again, so the spiritual power consumed by Li Tian's red wing divine outfit is not much.

But just like that, Li Tian would feel his whole body soft and weak every time he used the Red Wing God outfit.

And Gallup?

Gallup's artifact has not been integrated into the body that carries him, and Gallup has not cultivated a demi-god-level crystal in his body veins or in his atrium, so if you want to activate the artifact, Gallup must Consume a lot of spiritual power!

And if his divine tool is to fully display its strength, the spiritual power consumed is gone!

In less than three minutes, Gallup had swallowed a demi-god crystal. Without this demi-god crystal, Gallup might have been defeated by now!

Bitch!

What a \*\*\*\* bitch!

I want this insidious way to deal with Lao Tzu, but Lao Tzu is a powerful artifact, how could he sit still!

A faint anger flashed across Gallup's face, and he once again turned out a demigod crystal with his hands and quickly delivered it to his mouth.

boom!

boom!

boom!

After Gallup killed a few more dragons in succession, he rushed towards Li Tian!

He wanted to fight a decisive battle with Li Tian, the owner of the Red Wing Divine Costume, instead of being entangled by this endless purple dragon, slowly being consumed by Li Tian to death!

Gallup now even suspects that Li Tian doesn't have the strength to defeat him within five minutes. The reason why Li Tian, a \*\*\*\* said this, is because he wants to delay time and slowly consumes himself.

Whoosh!

Gallup is extremely fast!

The flying speed of the strong with the \*\*\*\* outfit will be greatly improved!

He has approached Li Tian!

Gallup raised his fist. He wanted to bang Li Tian's cheeky smiling face with his fist, and smash the dog face with one punch.

"Take it to death, Li Tian!" Gallup roared!

Fist!

At this time, Gallup's body is full of diamond-like light, and more importantly, the diamond light on Gallup's fist seems to have been completely substantive. Li Tian's cheek!

Gallup had already seen the spiritual power surrounding Li Tian's body begin to surge wildly, it seems that the fist can pierce this spiritual power at any time, and blast Li Tian's face!

However... Li Tian didn't seem to have the intention of fighting Gallup head-on. When Gallup flew to Li Tian suddenly, Li Tian's feet were already lightly on the ground and flew backwards. The fist light seems to be able to pierce Li Tian's cheap face every time, but every time it is slightly worse!

Bitch!

Don't run away!

Gallup's heart was roaring wildly!

At this moment, Gallup saw Li Tian's face suddenly showing a hint of mockery!

That's right, Gallup is so familiar with that feeling!

Every time an overpowered guy wants to challenge Gallup, his face will show this expression involuntarily.

I didn't expect this expression to appear on Gallup's opponent now!

Damn it?

Is this looking down on me?

Lao Tzu is the same as you, a powerful artifact, and Lao Tzu's cultivation realm is much higher than you. What capital do you have arrogantly?

Gallup accelerated again, his fists blasted towards Li Tian like a violent storm!

Now, Gallup only wants to smash Li Tian's mean face!

But at this moment, Gallup suddenly felt that Li Tian's spiritual power began to rise suddenly...

"Hey, this guy is finally about to use his Red Wing God costume. It seems that my attack has already had a great impact on him..." Gallup thought to himself.

wrong!

Suddenly, Gallup realized a hint of danger!

Because he saw that there was no change in Li Tian's body, but the spiritual power on his body gradually turned into a rich cyan. This cyan spiritual power was like the waves of the sea, surging and turbulent, and this spiritual power contained Gallup's mighty power makes Gallup feel terrified!

"How is it possible? Li Tian is only a Super Domain Master's eighth-level early stage, how could he release such a powerful spiritual power?" A trace of panic flashed across Gallup's face.

This guy has forgotten the purple flood dragon released by Li Tian just now, isn't the spiritual power carried by that one far surpassed the initial eighth level of the superdomain master?

Yin!

A dragon roar suddenly spread over Gallup's head!

The sound of the dragon's roar alone made Gallup almost kneel down, not to mention the desperate dragon's might in the dragon's roar!

Gallup suddenly raised his head, but saw that he did not know when he was fighting with Li Tian, and there was already a huge blue dragon on his head... the wild blue dragon!

Chapter 5020: : Who competes

"This... what is this?"

It is impossible for Gallup not to know Qinglong!

"Wh... when did you appear here?"

There was a trace of panic on Gallup's face, and even his voice became trembling.

No one answered Gallup's words!

Because the expressions on the faces of the onlookers at this time are more surprised than Gallup!

They have been paying attention to Li Tian, staring at the battle between Li Tian and Gallup. They didn't show up when Gallup was about to attack Li Tian, but they only blinked, even before they came to the level. Has appeared.

In addition to being surprised, these are more shocking for the audience!

The dragon power released from this wild blue dragon made the onlookers feel trembling uncontrollably.

It is a trembling of fear!

Even these onlookers couldn't even speak, all of them became dumb!

Ziyan Thunder Bear was shocked!

Tian Gang Yan Tan was shocked!

The earth evil eagle was shocked!

Sanlu Shulan fell directly to the ground under the pressure of the powerful Longwei.

All the strong people below the third level of the super domain master have the opportunity to kneel and look at the giant dragon that suddenly appeared in the sky in horror!

Like Sanlu Shulan, those powerhouses whose cultivation level is not at a certain level, when they first met Li Tian, they were still worried about whether Li Tian was the opponent of the magic weapon powerhouse, but now they are beginning to be the magic weapon powerhouse. The person is worried.

How should the powerful magical weapon deal with such a wild dragon?

Li Tian's face remained as usual. He looked at the artifact powerhouse coldly, sneered, and said: "I just said that I will give you five minutes at most. If I didn't make a mistake, it should be just over four minutes. In other words...hehe, you can still live for a minute, do you want to say a few words to this beautiful world before you die? This is a special treatment for a powerful artifact like you!"

cheap!

It really is a bitch!

Gallup has woken up from panic!

He wanted to scold Li Tian, but Gallup found that his throat seemed to be pinched by something, and he couldn't even make a sound.

Is it because of fear?

I'm not even afraid of death. Is he still afraid of such a small bug?

Gallup kept suggesting himself psychologically. He wanted to tell himself that the prehistoric blue dragon above his head was nothing more than a small bug, just like those purple dragons. I wouldn't want to hurt him with the thunder-shaking artifact, but... why Gai Loop felt his body still trembling involuntarily.

Only at this time did Gallup know that he was also afraid of death. He has reached the pinnacle of the metal world and is the most powerful existence. He has enjoyed the supremacy and the pleasure of completely controlling the life and death of others. Luopu suddenly discovered that his life and death were not in his hands, and Gallup finally felt fear!

No way!

I can't be so scared!

I am a powerful artifact!

Gallup was still hypnotizing himself in a low voice, but he couldn't help holding Li Tian's words in his mind.

last minute?

Does my Gallup really only have the last minute left?

I don't want to die!

I haven't enjoyed this feeling enough, I can't die!

Gallup certainly won't just stop here!

He knew the principle of capturing the thief first, and also knew that the great blue dragon above his head was released by Li Tian.

Only need to kill Li Tian, no, even if he only needs to hit Li Tian hard, he has a chance to win, even if he can't win, Gallup also knows that his chance of fleeing will be great by then. As long as he can escape the fairyland alive, the whole metal The world is still the world of Gallo Heaven, and he can still live that kind of bohemian life.

Thinking of this, Gallup once again stuffed two demi-god-level crystals into his mouth and forcibly refined the two demi-god-level crystals!

The two demi-god crystals continuously released surging spiritual powers, which poured into Gallup's veins, and instantly enriched the whole body veins... Gallup had an unprecedented feeling, he felt His cultivation strength seems to have inadvertently improved again!

Although Gallup knows that this may be just an illusion, but... he wants this illusion to paralyze him, so that he is full of courage!

If Li Tian could see through, he could see that there were cracks in the veins in Gallup's body at this time, and spiritual power began to drift outward along the small cracks, as spiritual power was in Gallup's body. Wandering inside, blood began to fill Gallup's entire body!

There was a little more blood in the light of the diamond on Gallup, as if it were a blood diamond!

"Hahaha, Li Tian, are you ready to die?"

Gallup's pupils were full of blood, and his eyes were staring straight at Li Tian like a madman. Gallup at this time was a wolf!

Seeing Gallup's body changed into this appearance, Li Tian couldn't help but started shaking his head!

Li Tian did not expect Gallup to be so unbearable!

He is a strong magical tool. When he saw the prehistoric blue dragon, he was scared and completely lost his square inch. He even forcibly refined the crystals of the demigod grade continuously. Isn't this correct for the mind of the divine tool? If Li Tian's guess is correct, even if he didn't take the shot, Gallup would soon be swallowed by the artifact, and eventually become a beast that only knows how to fight!

Li Tian's child counts time!

He originally wanted to ask Gallup a few words about demi-god crystals and artifacts, but now Gallup has become this kind of appearance, and it is impossible for Li Tian to get any clues of useful value from him.

"Honghuang Qinglong, do it..."

When Li Tian yelled these words, Gallup also rushed towards Li Tian!

Li Tian saw that the spiritual power on the fists thrown by Gallup seemed more surging, but the fists were no longer as powerful as before!

The Longwei released by the Honghuang Qinglong was once again upgraded to another level. When Gallup immediately rushed to Li Tian, the dragon claws of the Honghuang Qinglong suddenly caught Gallup, and Gallup was like a chicken caught. In the same way, there is no way to break free from the hands of the prehistoric blue dragon, even the fist light he condensed into is instantly crushed by the claws of the prehistoric blue dragon!

The continuous sound of bone breaking came out of Gallup's body. After Gallup was pinched by the dragon's claws and lost the ability to resist, he was torn into pieces by the dragon's claws... Sprayed from high in the sky, the minced meat kept falling down...

The dignified powerhouse with artifacts didn't even hurt Li Tian a single bit. He was already dead and couldn't die again!

At this moment, the whole fairyland is quiet!

The stewards of the major forces had already accelerated their flight in the direction of Li Tian fighting when they saw the Great Blue Dragon, but when they flew over, they only saw the scene of

the last powerful artifact being tortured and killed. After half a year, These stewards once again saw the power of the desperate and terrifying dragon!

At this moment, the hearts of these powerhouses all came up with a sentence: As soon as the green dragon comes out, who will fight for the front!
