

A Killer 5041

Chapter 5041: : Claws thorns wishful

Follow the dragon map to the west of the Great Dragon Secret Hidden, where there is also a metal pillar that reaches the sky.

With the previous combat experience, this time Li Mu and the other three still put in the previous formation, while Li Tian still fights alone.

There are only two artifacts left. What appears here is either a rouge image or a claw thorn Ruyi, so the hearts of Li Tian and others are more remarkable!

The rouge picture is a roll of beauty pictures.

Once the rouge figure is psychic, this thing doesn't need a master at all.

Because the rouge picture itself can condense the human form, condense into a great beauty, and the beauty of this beauty is definitely not low.

However, the only disadvantage is that once the rouge image is condensed into a human form, there is no such thing as a artifact, because the artifact is a beauty, and a beauty is an artifact. Of course, if the rouge image cannot condense into a human form, then it must not be underestimated, because this rouge On the map, nine beauties can be summoned one after another, and the combat effectiveness of these beauties will gradually increase.

The claw thorn Ruyi is different from the rouge picture.

Even if the claw thorn Ruyi is a psychic, it can never be transformed into a beauty, but the claw thorn Ruyi is known for its powerful destructive power. Even if one of the most defensive ghost mirrors faces an already psychic claw attack, Li Tian suspects The ghost teeth mirror that has not been activated will kneel.

Therefore, when Li Tian was looking for the artifact, he had stopped the dual-purpose practice, instead focusing more on Li Mu and others to prevent accidents.

Although Li Tian was defensive, the battle came inadvertently.

With three blue lights flashing from the metal pillar hand!

"So strong!"

Almost at the moment when these three blue lights flashed, Li Tian had a judgment against the artifact in his heart, it was the claw stabbing the wish!

Moreover, Li Tian can clearly feel that the attack power of this claw thorn Ruyi is definitely not weak. I am afraid that only he can fight this claw thorn Ruyi among all the people present. If Xiao Qingwa and others forcefully fight this blue light, the consequences will be unimaginable. .

At this moment, Li Tian didn't dare to be scornful, the red wing ***** outfit behind him suddenly spread out.

Gently tap his feet on the ground. With the flapping of his wings, Li Tian was like a whirlwind, instantly blocking the three blue lights!

Cang!

Cang!

Cang!

Three metal-like crashing sounds came from Li Tian's ears, and the claws that pierced the wishful mind had already been cut on Li Tian's red wing ***** outfit!

The Red Wing Divine Equipment is an activated divine weapon, and it is stronger in defense and attack than just the psychic claws, but even so, the Red Wing Divine Equipment's wings were also cut off with three white marks! When the claw thorn missed a hit, it immediately turned into a blue light, hiding behind the metal pillar, and when Li Tian spread his wings and flew over, the claw thorn Ruyi had disappeared.

"Fuck! Just attack Lao Tzu once and want to escape? It's not that easy!" Li Tian's eyes flashed with anger, and he quickly swept around, ... except for the smoke in the void, he couldn't see anymore. To a ray of blue light.

"Did you hide it?" There was a sneer on the corner of Li Tian's mouth.

The claw thorn Ruyi, but an artifact, even if the claw thorn is well hidden, the artifact in Li Tian's hand can still feel a strong vibration, which shows that the claw thorn Ruyi is still nearby and did not really leave here. Of course, even the claws It is definitely not so easy for Stabbing Ruyi to leave, unless it waits until the Ancient Dragon Secret Vault automatically opens and automatically releases the Void Vortex, or until Li Tian unlocks the four seals, so the current Claw Sting Ruyi is Turtle in the urn.

The only difference is that the minions of this turtle in the urn are still relatively powerful.

Li Tian moved his body cautiously, he was already certain that Claw Ruyi was watching him in some way, and was still waiting for the opportunity to sneak attack him!

Xiao Qingwa, Li Mu, and Xiao Tianyi still maintained a defensive posture. The wishful attack just now really scared the three little guys. At this time, the three of them no longer dare to be careless or distracted. . When they had subdued the Yuxu Sword and the Nine-color Tianyin Yin before, they had succeeded, and they had hardly received much serious damage, but that had belonged to the past after all, and they also knew that their success was due to luck.

The three little guys were engrossed, as if they were facing a big enemy, this made Li Tianneng more at ease, and it also allowed him to focus more on dealing with the claws.

Soon, Claw Stabbing Ruyi made a second sneak attack!

This time the target of Claw Stabbing Ruyi has become the Li Mu trio!

The blue light suddenly appeared, Li Mu and the other three were running spiritual power almost simultaneously, Xiao Qingwa was responsible for defense, and Li Mu and Xiao Tianyi were responsible for attack.

Huh!

A blue light flashed, and the sharp Ghost Tooth on the Ghost Tooth Mirror was sadly cut off by the claw Ruyi again. This time, the Ghost Tooth Mirror was not as lucky as the last time it dealt with the Yuxu Sword, and Ruyi's powerful attack remained on the Ghost Tooth Mirror. After three slash marks that were as deep as one finger, after Xiao Qingwa's head received such a powerful blow, his

head was obviously slow to react, as if he was a little confused by the powerful attack, and his eyes were instantly dead.

Cang!

Cang!

The Huaguang Fan and Xiaotianyi in Li Mu's hand control the Bahuang Refining Ruler and simultaneously attack the Clawstab Ruyi. Although Huaguang Fan and Bahuang Refining Ruler have limited attack power, they do have a strong impact on the Clawspur Ruyi's continued attack. A trace of influence.

The strong one moves, the victory or defeat is often produced in that second.

Li Tian had already flown over the moment the claw stabbing wishful attack was blocked.

This time, hundreds of red feathers flew out of the wings of the Red Wing God's outfit, and they smashed into the claw Ruyi like a storm.

It is almost impossible for these red feathers to hurt the claws and Ruyi, but this is not the point at all. Li Tian did not want to use the red feathers to hurt the claws and Ruyi. He only needs to make these red feathers hurt. The feather red cut released by the wing ***** entangled Ruyi, making it impossible for Ruyi to get out easily.

Cang!

Cang!

Cang!

Red Slash Feathers were continuously hit by claws and fell slowly, but soon these hit feathers flew back and became double wings again, and more Red Slash feathers flew out on the wings.

three hundred.....

five hundred.....

one thousand.....

even more.....

The sky is full of Red Slash Red Wings, densely packed!

It is impossible for Claw Ruyi to want to get away.

What's even worse is that Li Tian applied Longwei on each of the Red Slashing Wings, which allowed the Red Slashing Wings to continuously consume the Claws and Stabbing Ruyi.

"You are paralyzed, can't you hide, can you hide? I see how you hide!" Li Tian sneered while standing at the corner of his mouth.

Li Tian is so confident and so **!

There was no suspense in the battle. The battle lasted for less than ten minutes. The spiritual power of Claw Stabbing Ruyi was exhausted, and it could only fall into Li Tian's hands.

Twelve artifacts, but the last one is missing: rouge map!

Chapter 5042: : What to force

No nonsense!

Li Tian and others followed Longtu soon to the metal pillar in the north of Secret Tibet.

However, what made Li Tian and others feel puzzled was that when they came here, they didn't feel any tremor in the artifact in their hands.

"Are you here to find me? I have been waiting here for a long time!" A graceful beauty walked out from behind the metal pillar.

Graceful and curvaceous, just the way of walking is enough to make many men bleed, and the figure is forward and backward, which is really awesome, especially this... This beauty is almost full of body, only some important parts of the body use spirit The glimmer of force condensed blocked.

puff!

Li Mu almost didn't spray a nosebleed!

This young man is so powerful that he will inevitably be unable to control such a beauty.

Paralyzed, this kind of enchanting beauty can completely make Li Mu bow down!

Of course, not only Li Mu, but even Li Tian couldn't help but sway in his heart.

However, Li Tian's mind is very clear that this beauty is not a person, but the legendary artifact rouge.

"My name is Rouge, do you see my beauty?" The beauty transformed into a rouge picture turned around, showing her perfect figure, and then continued: "Your eyes have betrayed you, from your In my eyes, I saw a kind of sex! Hey, do you want me? It depends on how good you are!"

"You...you...you, and you, you guys fight each other, whoever has the strongest cultivation base, who can live to the end, I am yours!" Rouge stretched out her finger and pointed at Li Tian , Li Mu, Xiao Qingwa, and Xiao Tianyi said with a certain expression on their faces.

Everyone has a love for beauty, and it is not wrong to want to show yourself in front of beauties.

However, Li Mu and others knew very well that the person with the highest cultivation level was definitely not Li Tian, but the one with the strongest cultivation level was definitely Li Tian.

Beauty is common, and beauty is common.

But the beauty in front of me is obviously not ordinary, because this guy is a femme fatale. As soon as we met, he wanted to provoke the relationship between Li Mu and others and Li Tian, and wanted Li Mu and others to kill Li Tian and his son. The evil intentions are evident.

Li Mu, Xiao Tianyi, and Xiao Qingwa looked at Li Tian at the same time. The three little guys stepped back at the same time, and then looked at each other. The three guys said in unison: "Father, you can go. !"

Obviously, Rouge did not expect that Li Mu and others would be Li Tian's sons, nor did Rouge expect to face such a big beauty as him, except that Li Mu was a little absent at first, but he would be so calm. This is not what Rouge wanted. See the situation.

"Since ancient times, when the hero was born as a teenager, in fact, I still prefer young people, but...you are really scumbags now, but it is really disappointing!" Rouge made a pitiful posture, facing Li Mu and the other three guys. Secretly winking.

Li Mu did not dare to look directly at Rouge, and deliberately turned his head to the side.

However, the Void Yasha and Feitian Yasha that fell on Li Mu and the others seemed to be charmed, and their pupils flew towards Li Tian red.

"Li Tian, I want to fight you!" Xukong Yasha said.

"This beauty is mine! Whoever dares to **** me, I will kill anyone!" Feitian Yasha said.

The two little guys had already flew towards Li Tian when they said this, and at the same time landed on Li Tian, angrily as if they really wanted to kill Li Tian.

Li Tian finally couldn't help laughing. He stretched out his hand and knocked the two little guys off his body, stunned directly, and then threw them to Li Mu. Then he looked at Rouge and said with a smile: "What are you acting like? Ah? Do you have one?"

"Rude! What do you...what do you mean?" Rouge said with a delicate expression without expecting Li Tian to be so rude.

"What do you mean? Hahaha, as the old saying goes, I advise you not to pretend to be forced to be struck by thunder! You said that you are a magnificent artifact. Do you have that organ? Do you have that function? Taking a 10,000 step back, you really have that organ, you really have that ability, but are you gold or silver, is it worth our father and son's rebellion? If you want to provoke our relationship, you are the ugly one Looks good too?" The smile on Li Tian's face gradually disappeared, replaced by a bit more mockery!

With Li Mu, Xiao Tianyi, and Xiao Qingwa's current realm of cultivation, whether in the earth world or in the underworld, or even in the metal world, what kind of woman (mother ghost beast) they can't find? Rouge is very beautiful, but it is poisonous, as long as people with a little bit of mind and a little bit of concentration will not be confused by her beauty!

Li Tian said a few harsh words on Rouge Xiafei's cheeks.

"You...you...you are shameless!"

"Shameless? That's something you haven't heard of me even more shameless! Look, you are now stripped and standing in front of me, but I don't even have the slightest bit of sex, and there is even a feeling of wanting to vomit, you say What a failure for you to become such an ugly woman as a change!" When Li Tian said this, he was slowly approaching Rouge, and the red feathers on the wings behind Li Tian flew by hundreds more. Come out, ready to attack at any time.

Rouge was frightened by Li Tian's aura and involuntarily stepped back two steps, "You...what do you want to do now? As a man, can you still beat a weak and weak woman like me? That's not a hero's work. for!"

"Hero? When did I say that I was a hero? A woman? Of course women are not for fighting, but for doing it! Unfortunately, you are not!" Li Tian said with a sneer. When this sentence was said, the hundreds of red feather cutting blades had already flown out, slashing towards Rouge from all directions.

Li Tian must collect all twelve artifacts, and the rouge picture is the last one.

Not to mention that the rouge in front of me is just a change of the rouge map. Even if she is really a beauty, as beautiful as Xi Tzu and as beautiful as Diao Chan, Li Tian will definitely kill him without hesitation. Of course, if she is really a beauty, Li Tian doesn't mind hehehehehe first before tidying up.

Rouge saw that her provocative and discordant skills had not worked, and that Li Tian had already acted murderously, and the spiritual power condensed into a body flashed, and instantly transformed back to its original shape, becoming a rouge map that was more than one foot wide and five feet long. And nine beauties with different postures have emerged on this rouge picture.

At this time, the spiritual power on the rouge map began to flicker surgingly, and the spiritual power on the beauty image ranked first is even more turbulent. It seems that the fully armed beauty will come down from the rouge map at any time, and Li Tianda Do it! Uh! There seems to be nothing wrong with this!

At this moment, hundreds of red feather-cutting blades flew out at the same time, continuously cutting on the rouge map!

The rouge picture is just a scroll, I don't know what material it is made of!

Continuously slashed by the Red Slashing Feather Blade, the picture scroll will be chopped down even if it is forged metal.

Adding to the fact that Li Tian, a little bitch, really doesn't have the idea of pitying and cherishing jade, the Red Slash Feather Blade has been given Longwei, and the power is even greater!

The beauty warrior who had just flashed half a figure was beaten back alive by Li Tian. As the number of red feather blades slashed, the spiritual power on the nine beauties on the rouge map became weaker and weaker!

When you woke up, Void Yasha and Feitian Yasha saw this scene and pointed to Li Tian's back and said in unison: Beast!

Chapter 5043: : Twelve Artifacts

When the spiritual power on the rouge map was exhausted, the rouge map fell into Li Tian's hands without any suspense.

In this way, red chop, set fire shooting star arrow (Yuanyang extinguishing **** bow), boxing thunderbolt, ghost tooth mirror, eight barren refining ruler, two instrument umbrella, Huaguang fan, rouge map, imperial sword, nine colors The twelve artifacts in the legend of the metal world were all collected by Li Tian.

This is not one artifact, nor two artifacts, but a total of twelve!

In the history of the metal world, only a certain strong man in the previous zodiac has performed such a feat, but it is a pity that the guy's ultimate fate is relatively sad, and he will explode when the void is broken. .

call!

Li Tian let out a breath and sat down on the ground.

Although Li Mu and others were reluctant, they still handed over the artifact to Li Tian.

Li Tian placed the twelve artifacts (the Yuanyang Mie Shen Bow and Jihuo Meteor Arrow separately) neatly placed in front of him. He looked and looked, touched and touched, and then Li Tian looked like it was a fool who laughed and closed his mouth from ear to ear. The only thing that made Li Tian feel regret was that Hong Zhan was still in his heart. Li Tian could not take Hong Zhan out of his body for the time being. Otherwise, this twelve-level artifact would be fine today. Get together again.

Li Mu, Xiao Tianyi, and Xiao Qingwa also gathered around.

"it's beautiful!"

"Yes! This is an artifact! I like it whether it's ugly or not!"

"My father, we... are we going back to the Nether Realm?"

Li Tian nodded slightly.

About to leave the metal world, Li Tian's mood became a little complicated.

In order to gather the twelve artifacts, Li Tian spent more than three years.

In the metal world, it has been nearly thirty years in the blink of an eye.

Thirty years, this is Li Tian's past half of his life has been spent in the metal world.

The three little Yashas just flew over.

"These are the twelve artifacts of the metal world? That's nothing but that!" Void Yasha said with some disdain.

"Yes! It's really ugly to die, and the power of the artifact is ordinary!" Feitian Yasha followed in agreement.

"Do you want to give the rouge picture to both of you?" Dixing Yasha said dissatisfiedly.

A word came to the pain in the hearts of these two Xiaoyasha.

Void Yasha and Feitian Yasha immediately chose to shut up.

However, after shutting up briefly for less than a minute, Void Yasha went on to say, "Master Li Tian, your current cultivation realm is just around the corner from the demigod. You will definitely enter the God Realm by then, but... In the earth world, when will we return to the earth world? In retrospect, Haiyasha is a little gentler, I like Haiyasha more!"

"I think so too!" Feitian Yasha echoed.

"..."

No longer able to chat happily, Dixing Yasha was flew over Li Tian's shoulders by these two guys, and ignored them.

Li Tian put away the artifact, and once again returned to the crystal mountain accumulated in the secret storage of the great dragon.

The two purple unicorns knew that Li Tian and the others had successfully conquered the four artifacts based on the fluctuations in the spiritual power in the secret store. Now their task of

guarding the secret storehouse of the great dragon has been completed. As long as Li Tian unlocks the seals in the south, east and northwest, These two semi-god-level divine beasts can leave here.

Li Tian really wants to subdue these two purple unicorns...Uh, in fact, these two purple unicorns have been subdued by the great dragon, and they are still subdued. Li Tian really wants these two purple unicorns to continue to follow. He, then returned to the Nether Realm with him to deal with the old demigod monsters in the Super God family.

It is a pity that the two purple unicorns have been trapped in the secret storage of the great dragon for too long, but they are not willing to continue following Li Tian.

Helpless, Li Tian could only give up.

However, the most thanks to the two purple unicorns, Li Tian did not hesitate to let the two purple unicorns choose ten crystals at will in the crystal mountain. The two purple unicorns are also unceremonious, and each selected ten from the crystal mountain. Quasi-God and God-level crystals.

Watching Li Tian and others return safely, David felt an indescribable sour feeling in his heart.

"Congratulations, Master Congratulations! The adults have now collected all twelve artifacts, and they will surely sweep the metal world and become the well-deserved emperor of the metal world. Even because the adults have collected all twelve artifacts, they may even break the limit and become metal. The only ***** in the world!" David said flatly.

Everyone has the right to choose. As far as David stays here, Li Tian believes that David definitely made a correct choice, otherwise the current David may have become a corpse, and this guy has also followed I have been with Li Tian for a few years, so Li Tian will not hate David for a correct choice.

"David, we will leave the metal world soon after we have emptied the treasures here, what are your plans? If you want to leave the metal world, I can send you a ride and let you leave early." Li Tian said.

David was a little moved, and cried out loudly, "Master Li Tian, I...I really want to roam with the adults, but..."

"I understand that there should be people or things worthy of your memory in your previous world, so I won't force you. Besides, look at the strong men around me, which one is inferior to you in cultivation? Go back. Go back to the world you are in, practice steadily, and live in peace! If you can't enter the God Realm, it's best not to enter the God Realm...maybe it's just another metal world!" Li Tian said.

"Ok....."

Li Tian began to install these crystals in his spatial ring.

This is an extremely huge project. Li Tian wears a total of three space rings on both hands. Li Tian's three space rings are almost filled with dangdang. If these crystals are peanuts, just these three The crystals in a space ring are enough for Li Tian to eat for a year.

Li Mu, Xiao Tianyi, and Xiao Qingwa also kept installing these crystals in the space ring they were wearing.

However, Li Tian said first that they needed to give all the quasi-god and god-level crystals they found to him. First, to prevent them from bringing death to them because of the quasi-god and god-level crystals, it was also Li Tian In order to be able to distribute reasonably in the future, so as not to cause conflicts between people because of these crystals.

At this time, Void Yasha was on the top again.

This guy started madly transporting these crystals into his own space. It took only half an hour before and after. It is conservatively estimated that the number of crystals transported into the space by Void Yasha is the sum of all Li Tian and others. Of course Void Yasha found it. The quasi-god-level and god-level crystals were also given to Li Tian.

There is no way, who calls Li Tiancai the boss!

About a week later, the space rings of Li Tian and others were already full of Dangdang, and the space of Void Yaksha was also full. Even the various fine wines left in the space of Void Yaksha were moved out by Void Yaksha, and Honghuangju Less than one-third of the dragon's secret possession was pretended to be taken away.

Li Tian is very hurt, Li Tian is very sad!

If it weren't for the quasi-god-level and god-level crystals, Li Tian might have been more injured!

"It seems that these remaining crystals and our fine wines can only stay here. I hope that future generations can find these secrets! And we...should also leave!" Li Tian said.

Chapter 5044: : Huiyin Mainland

After contacting the four seals, the space hidden by the great dragon became less stable. Two demi-god-level purple unicorns bid farewell to Li Tian, and as they dived into the void, they moved away from the metal world. A world.

Li Tian and others returned to the metal world again with the help of Xukong Yasha.

"Master Li Tian has the crystals you gave me. Even if I return to my original world, my cultivation level wants to reach the ninth-level pinnacle of the superdomain master, even a demigod is very possible! But I always Remember your advice to me. I decided to leave the metal world now, let's not live it!" David said.

David is gone.

This guy is not as honest as Li Tian imagined. Even if there are two purple unicorns guarding him, when Li Tian conquered the four artifacts, this guy also installed a lot of crystals in his space ring, as if he was treating Li As the sky said, with these crystals, it is not difficult for him to become a demigod at all.

Moreover, after the guy David returned to his world, with the crystals he carried, his family could become the super ***** family of that world.

Of course, David's careful eyes can't escape Li Tian's eyes.

Li Tian just opened and closed his eyes on this, after all, the great dragon was too bullish to break, and Li Tian and others could not finish with so many crystals.

"Brother Li Tian! Is everything going well?"

"smoothly!"

"Master Li Tian, is this secret realm dangerous?"

"that's it!"

"Li Mu..."

Seeing Li Tian and the others coming out of the secret hiding place, the purple flame thunder bear, the Tiangang flame raccoon, and the earth evil sky eagle all gathered around. Of course, there was also Li Mu's woman, Sanlu Shulan, asking questions about Li Tian and others.

"Brother Li Tian, what treasures are there in this secret store? Are there artifacts?"

"Yes, let's hear it, we are all curious!"

"There must be artifacts, I don't know if there are other treasures that can increase the level of cultivation?"

Before Li Tian had time to pretend to be forced, Xiao Tianyi, the little guy, was the first to pretend to be forced. As long as the powerhouses around him, this guy would each issue a dozen or so crystals of the ninth-level peak realm of the Transcendent Master.

"Are the treasures in this secret store these crystals?"

"I wipe it, you have made a fortune, do you have any more? Can you give me more?"

"The crystal of the ninth-level peak realm of the super domain master, now it has also become a Chinese cabbage, hahaha, really cool!"

"Is it cool? Then I will make you cooler again!" Xiao Tianyi gave out one of the demigod crystals in his space ring.

"me....."

"Is it a demigod crystal? Am I right?"

"Sure enough, it's a secret hiding! Oh, I knew I would go in too!"

"I want too. Give me some more..."

Seeing the crystals of the demigod level, the eyes of Emperor Star and Emperor Canghai were straight. The two people's cultivation realm is now the weakest, and they urgently need to quickly improve their cultivation realm, especially when they heard about Xingchen Xiaoyue and Canghai. When the cultivation realm of the two Sang Tian had surpassed their fathers, these two guys were even more eager to improve their cultivation.

"I have a share, I have a share! I have already prepared it for you! One person has twenty crystals of the ninth-level peak realm of the super domain master, and five crystals of the semi-god realm. As long as your cultivation level can be improved, this way There are some crystals!" Li Tian said proudly.

Emperor Xingchen was shocked!

The Great Emperor Canghai looked at the skin bag handed over to him in amazement!

Ziyan Thunder Bear could hardly believe his ears, and asked Li Tian's clothes.

Except for the people who came out of the secret store, Li Tian's words shocked everyone.

Just now everyone felt that the ninth-level peak realm crystal of the super domain master was a Chinese cabbage, but in a blink of an eye, even the crystal of the demigod level became a Chinese cabbage.

Everyone can now get five demigod crystals. As long as the cultivation level is improved, as long as the crystals are used up, there will be more crystals available. This is a local tyrant!

Void Yasha has already begun to brag, telling all the experiences of Li Tian and others in the secret storage of the great dragon. Of course, the four artifacts are just a piggyback. This guy focuses on describing the various crystals like mountains. .

It's a pity that the seal in the Secret Treasure of the Great Dragon is unlocked. Now this area is not very stable. Void Yaksha wants to pretend to bring everyone into his space and let everyone see it with their own eyes, almost filling the space. The wish of the crystal was also lost.

"So many crystals? With so many crystals, Li Tian brothers can cultivate a superdomain master-level team of 10,000 people, no, even more people. By then, they can completely sweep the Netherworld. See who dares to be. Arrogant in front of us!"

"Hahaha, cool! It really is cool! Now we have so many crystals for cultivation, if our cultivation level can't go up, it's really a bit unreasonable. Brother Li Tian, we are leaving the metal world. ? I can't wait to fight the Super God Family now!"

"Yes, when we were paralyzed on the top of our ghost beast's most sacred peak, we were beaten and fled like mourning dogs. Now it should be for the Super God family to pay a bitter price! If time is abundant, I really Cultivation of the image to the ninth level of the super domain master and then return to the underworld!"

Sanlv Shulan's arm holding her skin trembling slightly.

To say that she still doubted Li Tian's strength before, after so many years following Li Tian everywhere to conquer the artifact, Sanlu Shulan has begun to believe that Li Tian has that ability, and now, so many high-level crystals make Sanlu even more powerful. Shulan firmly believed that Li Tian was fully capable of dealing with the Super God Family.

"No, if I return to the Netherworld, I must rush back to the Sanlu Super God Family as soon as possible, and persuade my father to shake hands with Master Li Tian! All this is the fault of the East Palace Super God Family, yes, yes, it is the East Palace. The fault of the Super God Family..." Shulan was already thinking about how to transfer Li Tian's anger to the East Palace Super God Family.

The space battleship flew rapidly in the endless darkness.

Because they already knew that Li Tian had collected twelve artifacts, everyone knew that they had entered the countdown when they left the metal world, so this endless darkness became the beauty in their eyes.

After nearly a month of flying, the space battleship finally flew back to the Yin continent.

Everyone is apart. There should be wine and food, but Void Yasha left the wine in the secret storage of the great dragon, but the excitement and joy are still there, especially Tang Xiaolong and others each got a bag full of crystals. .

Weakly force the Sea-Monster tribe into a carnival!

The weak forcing spirits are also caught in a carnival!

(The wolf riding powerhouse left the metal world, all the Lingjin tribes of the Yin Continent were beheaded, and all the slaves of the Qi Ling tribe were released. Now the Qi Ling tribe has occupied the Yin Continent, and the whole race of the Qi Ling tribe has begun to flourish. Signs!)

When everyone was overjoyed, the beast master came to Li Tian, the beast master retracted the skin with crystals in front of Li Tian, looked at Li Tian with sincere eyes, and said, "Master Li Tian, if you want to leave the metal world, Please bring me, I am willing to be a cow and horse for Master Li Tian!"

Chapter 5045: : Countdown to leave

"If you stay in the metal world, with the crystals I left you, it will be enough to make your cultivation level reach the highest super domain master ninth-level pinnacle, allowing you to stand at the peak of the metal world and become a respected existence. , And the most loyal ally of the Spirit Clan. I believe that you have a place in both the fairyland and the entire metal world. Are you sure you want to follow me?" Li Tian said.

The Beast Lord did not hesitate and nodded affirmatively, "Even if I stand on top of the metal world, what can I do? Do you want me to live a life without pursuit and purpose? No, that's not what my Beast Lord pursues. Life. Let's talk about being a slave for one day and a lifelong servant. I will always have the mark of Master Li Tian on my body. I will always be Master Li Tian's slave!"

Li Tian looked at the beast master. When he rescued the beast master from the slave's cage, Li Tian didn't even think about taking the beast master back to the Nether Realm, but when the beast master said, "A slave for a day, life Li Tian was still a little touched when he said that he was a servant.

During the long years of Li Tian's cultivation, many people will walk into Li Tian's life, and may leave Li Tian's life. Li Tian can't guarantee that the Beast Lord will follow him to the end, but only relying on the Beast Lord This sentence gave Li Tian a new understanding of Beast Lord.

"Then you have to be prepared. After I leave the metal world and return to the Netherworld, there will be a big battle waiting for us. At that time, our opponents are not only the super domain masters, but also half A strong man in the realm of gods..." Li Tian stretched out his hand to hand the beast master over the skin with crystals and pushed it back, and continued: "So, hurry up and practice. When I figure out how to use twelve artifacts, we will I'm leaving now!"

"Well! As long as I'm following Master Li Tian, even if I'm dealing with a demigod powerhouse, I'm full of confidence!"

...

The Yin Continent is now under the control of the Spirit Clan. Those slave powerhouses who chose to follow Li Tian at the beginning, when the wolf riding powerhouse and Long Yin left Yin Continent, many strong men were struck by lightning from the sky and fell. After hearing the news

that Li Tian was about to leave the Yin Continent to leave the metal world, they left the Yin Continent one after another.

Leaving the metal world has entered the countdown.

Li Tian is studying twelve artifacts every day, after all, he doesn't want to explode and die.

All the powerhouses except Li Tian are seizing the time to practice.

There are cultivators everywhere in the miracle cave of Yin Continent.

Perhaps because of the large amount of crystal supply, people are breaking through almost every day, especially those strong in the Sea-Monster clan.

These guys have achieved more breakthroughs in their cultivation in just one month than they have improved in the past 30 years. This has to make Li Tian sigh.

According to the original plan, Li Tian and others came to the metal world for thirty years. Li Tian would follow the Sea-Monster Clan to return to the Nether Cry Sea through the secret passage of the Sea-Monster Clan, but now because of the cultivation level of Li Tian and others Beyond the eighth level of Super Domain Master, Li Tian and others can only be temporarily left in the metal world.

Thirty years before the approaching time node, Li Tian let the Bull Head Sword and Horsetail Gun pilot the space battleship, and then he personally escorted the Sea-Monster Clan to the area where they arrived.

"Master Li Tian... If Master Haiqin asks us about your situation, how should we answer her?" Meatball's eyes were whirling tears, he asked as he stretched out his hand and wiped his tears.

Rouqiu is full of confidence in Li Tian, but... the iron law of the metal world is that strong people whose cultivation level reaches Super Domain Master 8 or above cannot leave this world. It has been nearly 30 years since they came to the metal world. In the time, not even wrapped in the past hundreds of thousands of years and millions of years, only the wolf rider has found the 'rule' and took the rule to leave the metal world. Apart from that, no one can leave. .

So at the moment of parting, Meatball is still a little worried.

"Meat ball, firewood, do you believe me?" Li Tian asked firmly.

These two guys looked into Li Tian's eyes and said without hesitation: "Believe! Except for Master Haiqin, we believe in you the most, Master Li Tian!"

"That's good, tell Hai Qin after I go back, at most half a year I can definitely return to the Netherworld!" Li Tian said with his fist clenched.

"Lord Li Tian, we trust you!"

"Yes, we will wait for Master Li Tian to return in the Nether Cry Sea!"

"My lord, when you come back, we will also follow my lord to fight the Netherworld Cry Sea and kill the Super God Family!"

The agreed time has come, and in the endless dark sky, a strong energy wave gradually appeared, followed by a faint light flashing in the darkness, and then circles of strange light appeared in the darkness.

Li Tian turned to Sanlu Shulan, Emperor Xingchen, Emperor Canghai, Xingchen Xiaoyue, and the vicissitudes of life and said: "The time is up, you should also go back!"

The cultivation bases of the few of them have not reached the initial stage of Super Domain Master 8 so far, so the safest way is to return through the secret passage.

The Great Emperor Star held Li Tian's hand tightly, and after a few seconds, he slowly let go, "We are waiting for you in the Nether Realm! Lord Li Tian, the Li Tian Legion that belongs to the Nether Realm needs you, the Nether Realm. Tens of billions of people need you!"

The Great Emperor Canghai also grasped Li Tian's hand tightly, "Lord Li Tian, since the moment we chose to stand by your side, our Canghai Empire has no retreat, and now I have already given up my life. I gave it to you, we are waiting for you!"

"Relax, at most six months, I will definitely be back!"

The vicissitudes of life and Tang Xiaolong are crooked.

For the choice of the vicissitudes of life, the Emperor Canghai is now deeply grateful, and he naturally agreed to the marriage of the vicissitudes of the sea and Tang Xiaolong. Even the Emperor Canghai has repeatedly hinted that Tang Xiaolong will work hard and strive to let the royal blood of the Canghai Empire as soon as possible. Open branches and loose leaves.

Gee!

Xing Chen Xiaoyue looked at Li Tian affectionately. After the Long Yin incident, Xing Chen Xiaoyue finally let go of the girl's restraint and confessed to Li Tian.

Li Tian had also accepted Xing Chen Xiaoyue's love, but Li Tian was so busy that he didn't even do the most important things.

"Go back, wait for me to come back!"

Parting is always sad, Sanlu Shulan hugged Li Mu, and the two of them whispered to each other for a long time before weeping farewell.

"Li Mu, I will definitely persuade the Sanlu Super God Family, trust me..."

"I believe in you! Shulan, if you can't feel comfortable with your father, you must wait for me to come back in the sea of crying in the underworld. Let's take a long-term plan and don't be arrogant!" Li Mu shouted with a wave.

At this moment, the powerful Sea-Monster tribes have waved towards Li Tian and others and flew into those apertures. Soon the figures of these Sea-Monster tribes faded. It only takes tens of seconds for these Sea-Monster tribes to wear. Go back to the underworld through this channel that links the two worlds.

The Great Emperor Xingchen and Great Emperor Canghai waited for this to fly in and gradually disappear into the endless darkness of the metal world.

Chapter 5046: : Thirty Years in Hedong

Netherworld!

Since Li Tian left the Netherworld, some changes have taken place in the Netherworld.

Thirty years is long enough for ordinary people. Thirty years is even half of the lives of some people. But for cultivators, thirty years is just a flash. Some cultivators even practice in retreat once. It will go through a hundred years.

In the past thirty years in the Netherworld, it has been an extraordinary thirty years for both cultivators and ordinary people.

This is thirty years of precariousness!

This is 30 years of turmoil in various countries!

Once dominated the so-called 20 domain masters and 18 emperors of the Netherworld, because of the super **** family's present life, they either chose to submit to the super **** family or were directly erased by the super **** family and disappeared completely. With the 20 domain masters, Eighteen dozen imperial emperors disappeared, no matter these domain masters or imperial emperors, the kingdom of emperor they controlled also disappeared.

Replaced by the lord!

The four super **** families are now the four largest lords in the nether world!

In addition to the eight ancient families, these twelve families almost completely carve up the entire Nether Realm.

The permanent neutral state that was once established under Li Tian's single-handed leadership is not immune, and now it only exists in theory.

Because this permanent neutral country now only has their Venerable Nation City, and only the gate of the last restricted area. If it is not for the intervention of the Nether Academy, if it is not for the opposition of the eight ancient families, if it is not for the differences within the super **** family. , This neutral country will probably be wiped out.

Now the Super God Family has pointed the finger at the Nether Academy, at the Nether Cry Sea, and at the barren land where the mysterious races hide. The Super God family is gradually eroding the area occupied by the mysterious races. If this situation is allowed to continue, within ten years, the mysterious race habitat in the Underworld may gradually decrease or even disappear.

If there is any place in the entire Netherworld that can be spared, it is the Wanshen Mountain, the Wanshen Mountain where the mysterious woman is located!

The existence of Wanshen Mountain is the eternal pain in the hearts of the four super **** families!

The current four super-god families still dare not touch the mysterious woman's Nilin on the Wanshen Mountain, but... this is only for the time being. We must know that the reason why the four super-god families are now gradually controlling the Netherworld is to deal with the woman in Wanshen Mountain!

Thousands of years ago, this mysterious woman descended from the sky, and the four super **** families paid a heavy price to snipe the mysterious woman and others.

However, even if the price paid is painful, the four super **** families did not give up the idea of killing this woman. After all, on the side of the couch, no one can allow others to snore. As long as this mysterious woman still exists, then the four super **** families will always feel uneasy.

Only by beheading this woman, the rule of the four great families in the underworld can be permanently firm!

Therefore, the mysterious woman of Wanshen Mountain must die!

In order to be able to kill this woman, the four super **** families, especially the East Palace super **** family, have been preparing for thousands of years.

Now the Netherworld has gradually been controlled by the four super **** families. As long as the elders of the super **** families break through, it is the time when the four super **** families launch their final attack on Wanshen Mountain.

Waiting for the widow to break through does not affect the four super-god families' actions on other targets, such as Nether Cry Sea.

Thirty years ago, Haiqin led the Sea-Monster Clan out of the Nether Weeping Sea. In the end, although the Sea-Monster Clan ended in failure, the Super God Cultivation Family paid a heavy price for this.

For the Super God Cultivation Family, they can tolerate the existence of other powerful strengths in Nether Cry, but the Sea-Monster Clan is absolutely not tolerated by the Super God Cultivation Family.

Therefore, when the East Palace Super God Family was willing to help the Xiuyu Super God Family deal with the Sea-Monster Clan, Xiuyu was lonely and formed an alliance with the East Palace Super God Family. Then in the next thirty years, the two great The Super God Family continuously attacked the Sea-Monster Clan.

For this reason, the Sea-Monster Clan has almost dared not to be out of the sea.

But even so, the Super God Cultivation Clan did not let go of the Sea-Monster Clan's plan.

Now the Super God Xiuyu family has united with the Donggong Super God family and the Sanlu Super God family to extend the attack range to the Nether Cry Sea.

The small Sea-Monster tribe has to face the attacks of three super-god families at the same time. It is conceivable that the Sea-Monster tribe will have to bear the pressure. The territory of the clan may have been swept away by the super **** family.

Nether crying sea!

The violent wind rolls over the dark clouds, and the pressure of the dark clouds is very low and low. Where the sea and the sky are connected, it seems that the dark clouds seem to be connected to the sea and the sea. The squally wind blows up the huge waves and the waves hit the shore, and occasionally a few purple lightning will fall between the sky and the sea.

This kind of weather has been going on for nearly a dozen days. Perhaps because of the bad weather, the strong men of the Super God Family have not teamed up to enter the Nether Cry Sea, so that the Sea-Monsters in the Nether Cry Sea can get a little bit. respite.

But Haiqin understands that this kind of madness is only temporary, and the reason why the Super-Shen Family has not launched a general attack on the Sea-Monster Clan is because now the Super-God Family is fighting on multiple lines. Once the Super-God Family draws out In the future, the Sea-Monster Clan will suffer a crisis.

In order to alleviate the crisis, the Haiqin layer secretly dispatched the domain master-level siren to contact the Nether Academy, hoping to get in touch with the Nether Academy. Unfortunately, the siren who was sent out never came back. I think it was already by the Super God family. The powerhouses have discovered that they have been beheaded!

call!

Hai Qin quickly adjusted his breathing to prevent the anxiety in his heart from affecting his spiritual power.

As a semi-god powerhouse, he was so embarrassed by the attack of the super-god family, Hai Qin's anger can be imagined.

Fortunately, the powerhouses of the Haiqin Sea Monster Race who entered the secret realm are coming back soon.

As long as Li Tian and others can return to the Nether Cry Sea, the Sea-Monster Clan's cultivation strength will be greatly improved, even if they can't repel the combined attack of the Super God Clan, at least they will be able to fight back.

In the past thousands of years, the number of Sea-Monster tribes entering the secret realm will be hundreds or even thousands of them each time, but only a few strong people who can return to the Nether Cry Sea alive have their cultivation realm to reach the super domain master realm. The reason why the Sea-Monster Clan has the current power is entirely accumulated with lives.

However, this is also helpless.

As long as the Sea-Monster Clan rises, and as long as the Sea-Monster Clan can return to land, it will be worth the hefty price.

This time, Hai Qin was full of confidence in the strong men who entered the secret realm, because this time the leader was her man Li Tian.

"This is if the sea-monster tribe's warriors can have twenty superdomain master-level powerhouses back alive, I will be satisfied!" Hai Qin thought in his heart.

Haiqin continued to run his spiritual power, and the spiritual power in the air fluctuated violently. As a strong light flashed by, a shadow finally appeared slowly...

"It's a super domain master powerhouse!"

As soon as this figure appeared, Hai Qin could clearly feel the figure's cultivation realm, the third-level peak realm of the superdomain master.

A series of figures gradually appeared, and everyone's cultivation level was above the superdomain master realm. Even the weakest cultivation was the superdomain master first level peak, and at this time the number of people coming out of the secret realm channel had reached Forty-three!

"Unexpectedly... there are so many super domain master-level powerhouses! It seems that our Sea-Monster Clan is finally about to rise..."

Chapter 5047: : Li Tian didn't come back

Without Li Tian...

Did not see Li Tian's figure...

When there were no figures in the secret passage, Hai Qin still didn't see Li Tian's figure, and he couldn't help but feel a little flustered.

What happened?

Why is there no Li Tian?

Why didn't Li Tian come back?

Is it... Is it...

Hai Qin couldn't help having a bad premonition in her heart. Her heart was already in a mess, and the spiritual power that was working naturally began to violently fluctuate. Then the secret realm channel shook suddenly, and finally closed in Hai Qin's stunned mouth.

and many more!

I can understand that Li Tian hasn't come back, but why are there emperors of stars and great seas here?

Even if thirty years have passed, Hai Qin has clearly remembered that the two guys who followed Li Tian into the secret realm were not in the presence of these two guys. According to the few information sent back from outside, Hai Qin knew that the two former domain masters were not already Are you strangled in the dark forest?

In addition to these two people, there is another woman Hai Qin has never seen before. She is Sanlu Shulan!

Li Tian did not come back, and there were a few more people in this team. Hai Qin's excitement had long since disappeared, replaced by deep anxiety. Hai Qin was eager to know what happened in the secret realm.

"Master Haiqin..." Meatball and firewood came to Haiqin at this time, and at the same time saluted Haiqin.

Haiqin's memories of the two young geniuses of the Kraken clan are still fresh. Thirty years have passed, and the meat ball and firewood have all grown from a kid to an adult Kraken. After thirty years of travel in the secret world, these two guys are now The cultivation level is already the highest among all the Sea-Monster tribes that have entered the secret realm, reaching the mid-level fifth and fifth-level peaks of the superdomain master respectively.

"Routy ball, why didn't Li Tian come back?" Hai Qin couldn't wait to interrupt Rouqiu, a touch of worry flashed on his face and asked: "Did something accident happen? Or..." Hai Qin couldn't imagine the most. Bad news.

Meatball bowed slightly and replied with a smile: "Sir Huihaiqin, there have indeed been many accidents in the secret realm. This is why Lord Li Tian has not come back, but please rest assured that Lord Li Tian can't Returning through the secret realm channel is because Master Li Tian's cultivation realm has reached the eighth level or higher of the superdomain master, so..."

"What? Li... Li Tian's cultivation level has now reached the Super Domain Master 8 level or higher? Isn't that... Doesn't it mean that he will never come back?" Although he knew that Li Tian was still safe and sound, Hai Qin did. There is a feeling of spinning around, "Blame me, blame me for not telling him the rules in the secret realm, otherwise he wouldn't be trapped in that secret realm..."

Haiqin felt deep self-blame.

"Master Haiqin, things are not as bad as you think." Chai Huo continued.

When Chai Huo opened his mouth to speak, other Sea-Monster clan powerhouses also interrupted one after another, seeming to want to behave in front of Haiqin.

Everyone is you who start to talk about what happened in the metal world in the past.

People are messy, not only listening hard, but also messy.

For example, a Sea-Monster tribe was still talking about the Sea-Monster tribe being attacked and becoming slaves as soon as it entered the secret realm. Soon another guy interrupted and started telling the story of Li Tian rescued them in Wonderland.

"Shut up!" Hai Qin was so angry that everyone shut up, and then pointed at the meat ball that had grown into a big fat man and said: "It's up to you to talk about meat ball!"

"Master Haiqin, I can't finish talking about the things that happened in the secret realm for three days and three nights..." But Rouqiu didn't rush to tell the story that happened in the metal world, but first took the Great Emperor Canghai, the Great Star and the Shulan Sanlu I introduced it to Haiqin.

Hearing Rouqiu introducing Sanlu Shulan, Haiqin's face involuntarily flashed a trace of dislike, but this trace of dislike flashed past, except for the fact that he was aware of the meatball that he was competing with, no one else felt it. To.

"Master Haiqin, Master Sanlu Shulan is a member of the Sanlu Super God family, but she is also a woman from Master Li Tian's son Li Mu. Before we came back, Master Li Tian told me that she must Treat Sanlv Shulan kindly, and let us return to the Nether Cry Sea, arrange for Sanlv Shulan to go back as soon as possible, so..." Rouqiu paused, waiting for Haiqin's instructions.

"Then send her out! But..." Haiqin wanted to cover Sanlv Shulan's eyes when sending Sanlv Shulan out to avoid Sanlv Shulan remembering that the Sea-Monster Clan was crying in the netherworld. The territory is located, but the moment she said this, she dispelled the thoughts in her heart, "But you must pay attention to safety. Now the conflict between the Super God Family and our Sea-Monster Clan is getting worse!"

"Thank you, Master Haiqin, when I go back to see my father, I will definitely persuade him not to stop the Sanlu family from getting involved in the battle between the Super God Family and the Li Tian Army and the Sea Monster Clan..." Sanlv Shulan saluted Haiqin.

Haiqin didn't have any expression fluctuations because of Sanlu Shulan's words, but simply said "I hope so!"

Before Sanlu Shulan had time to see the underwater world where the Sea-Monster Clan was located, she was taken away from the seabed by a few superdomain master-level Sea-Monsters.

Caring is chaotic. Knowing that Li Tian is not in danger right now, and should be able to return from the secret realm, Hai Qin is not so anxious. She first arranges the great emperors of Canghai, Xingchen, the vicissitudes of the sea, and Xingchen Xiaoyue. , Immediately summoned all the super domain masters who had just returned to the Nether Cry Sea.

After Haiqin told these super-domain master-level powerhouses about the attack of the super-god family that had been encountered in the Netherworld crying sea, these sea-monster tribes who had returned from the secret realm suddenly exploded, and they were filled with righteous indignation. Now rush out of the Netherworld Cry Sea and fight the Super God Family for 300 rounds.

"Paralled, the Super God Family is really impatient!"

"They did it! When we were in the Secret Realm, the race that was stronger than us was defeated by us!"

"Yes, if Master Li Tian comes back, we will definitely be able to ***** them!"

However, these Sea-Monster tribes just roared a few times to express their anger towards the Super God Clan. After all, these guys who first returned through the secret realm channel had the weakest cultivation strength.

Haiqin didn't feel full of confidence because the Sea-Monster clan had returned to the super-god family powerhouses in the secret realm. He really led these guys to kill them. Instead, Hai-mon clan super-domain master powerhouses were arranged to be responsible Inspection and defense.

Everything was properly arranged, and Haiqin allowed Rouqiu to tell the story in the secret realm.

But Haiqin never dreamed that Sanlv Shulan's departure from the Sea-Monster Clan's territory would bring a catastrophe to the Sea-Monster Clan.

Chapter 5048: : Fall into the pit

After Sanlu Shulan left the Netherworld Cry Sea, she was followed by the super domain master powerhouse of the Super God Cultivation Family, and then the news was reported to the solitary Xiuyu as quickly as possible.

To be honest, Sanlu Shulan is now a super domain master-level powerhouse, she can fully teleport when she returns to the Nether Realm, and she will quickly leave the Underworld and return to the Sanlu Super God family, but Sanlu Shulan Having lived in the metal world for thirty years, she hadn't gotten used to it when she returned to the Netherworld, and she forgot that she could teleport.

Therefore, when Xiuyu Lonely took a few super-domain master-level powerhouses and appeared in front of Sanlu Shulan with a teleport, Sanlu Shulan looked confused.

"Isn't this my little niece Sanlu Shulan? Just now, my people told me that there was a girl who flew out of the sea of crying under the sea that looked like you. I didn't believe it, but when the facts were in front of me, I had to Believe it." Xiuyu Lonely said as an elder, standing in front of Sanlu Shulan with a meaningful smile on his face.

Sanlv Shulan recognizes the loneliness of fish repairing, and also knows that the head of the fish repairing family is now a demigod powerhouse, and his strength is vaguely higher than that of her father Sanlu Shangqing, so Sanlv Shulan dare not see the lonely fish repairing With the slightest negligence, he hurriedly bowed and saluted Xiuyu Lonely.

"Shulan visits Uncle Xiuyu!"

"Don't be gifted! Since you have come to the Underworld, you must go to the Xiuyu family as a guest. It just so happens that many of your Sanlu Super God family are also in the Underworld now." Xiuyu Ji Liao said in a tone that could not be rejected. Sanlu Shulan said.

Xiuyu's loneliness remembers very clearly. Ten or twenty years ago, Sanlu Shulan was sucked into the small black house on the top of the holy peak when he followed the Sanlu Super God Family and the Donggong Super God Family in the dark forest against the purple flame thunder bear. Then it disappeared.

For this reason, Sanlu Shangqing and the Donggong Super God Family are still a little unhappy.

But today, Sanlu Shulan flew out of the sea of crying, and was even sent out of the sea by several super-domain master-level masters of the Sea-Monster tribe. What is the connection between this and the loneliness of fish repair, I still don't understand. , But Xiuyu is lonely but he knows Sanlu Shulan's role in dealing with the Sea-Monster Clan.

"Thank you for the invitation of Uncle Xiuyu. It's just that Shulan has been away from home for some time. There must be a lot of concern for the father and mother in the family, so Shulan will not bother Uncle Xiuyu, and needs to rush back to the Sanlu Super God family as soon as possible to tell his father. My mother is safe!" Sanlu Shulan politely declined the invitation to Xiuyu's loneliness.

Xiuyu's lonely face couldn't help showing a slight anger, and he said displeasedly: "I, as your elder, Xiuyu's loneliness, and as the patriarch of the Super God Family of Xiuyu, invited you personally, don't you still invite you? As for your affairs, I will send someone to the Sanlu Super God Family to tell Sanlu Shangqing your information. Presumably, Sanlu Shangqing will arrive in the Underworld soon, and you will be able to see you father and daughter."

"Also, at this time, your old uncle Donggong and White Horse King Kong are also in my fish repairing mansion. It is more or less inappropriate if you don't go to meet Uncle Donggong!"

Speaking of this, if Sanlu Shulan refuses any more, she is really not very sensible.

Sanlu Shulan thought in her heart, with her current super domain master level cultivation base, if she really wants to use teleport to rush back to the Sanlu super ***** family, it will not take much time, then it is better to cultivate the fish super ***** family Visit to visit.

In the metal world, Sanlu Shulan also had brief exchanges with Li Tian. Through Li Tian's words and deeds, Sanlu Shulan knew that Li Tian had a slight affection for the White Horse King Kong of the White Horse Super God family. If possible, Sanlu Shulan also wanted to convince the White Horse King Kong not to let the White Horse Super God Family get involved in this battle.

"If this is the case, then Shulan is so disturbing!" Sanlu Shulan saluted again.

"Hahaha, this is decent! The Sanlu Super God Family is really talented. It has only been more than ten years. The San Lu Super God Family has added another Super Territory Master-level powerhouse. If you have the opportunity, Shulan, you should get close to the few insignificant things in our fish repair house, and give pointers to their cultivation by the way." Xiu Yu said lonely and politely.

The territory of the Super God Cultivation Family is now nearly one-third of the Underworld, and its core area is still the territory of the Super God Cultivation Family 30 years ago.

The Super God Xiuyu family has a long history. After generations of expansions by the family heads, the mansion of the Super God Xiuyu family now occupies a very large area, at least tens of

thousands of acres. Such a magnificent building is not enough to describe it as a mansion. Appropriately, it might be more accurate to describe it as a city.

It is the first time that Sanlu Shulan has stepped into the residence of the Yu Super God Family, oh, of course, it is not to step into, but to fly into!

Falling to the core area where the patriarch of the Super God Family of Xiuyu is located, Shulan Sanlu followed the loneliness of Xiuyu to a quiet courtyard. As expected, Shulan Sanlu saw Donggong Zhentian, the patriarch of the Super God Family of the East Palace, and the Super God Family White Horse. The Patriarch White Horse King Kong.

"Meet the two uncles!" Sanlu Shulan said politely.

Seeing Sanlu Shulan, Donggong Zhentian and White Horse King Kong couldn't help showing a trace of horror. The three patriarchs met here just now, Xiuyu Lonely left temporarily after receiving a message, saying that he wanted to introduce one. An important guest to the two patriarchs.

But they didn't expect that what Xiuyu's loneliness brought back was the Sanlu Shulan who had disappeared.

"Shulan, don't be too polite! Let me take a good look at you...Tsk, yes, I haven't seen you in just 20 years, your cultivation level has reached the current level, and you were sucked into the top of the holy peak. Little black room, the old man of Sanlu Shangqing didn't blame me less! Now it seems that it was a blessing in disguise. Now, when he sees me again, the old man of Sanlu Shangqing dare to blow his beard and stare at me." Zhentian perfunctorily talked about Sanlu Shulan, while looking at Xiuyu Lonely. I don't know where Xiuyu Lonely got Sanlu Shulan. Of course Donggong Zhentian didn't know what was in the lonely gourd of Xiuyu. What medicine are you selling!

"The two patriarchs must be very curious about why Shulan appeared here. In fact, I am also curious. Let Shulan solve our doubts now! Sanlu Shulan, come and tell us now that you were sucked in. Where did the little black house go? Why did you fly out of the sea of crying?" Xiu Yu said solitaryly.

what?

Nether crying sea?

Isn't that the territory of the Sea-Monster Clan?

Donggong Zhentian suddenly guessed what he wanted to do.

"Several uncles, twenty years ago, I..." Sanlu Shulan still didn't know that she had fallen into the pit dug for her by Xiuyu Solitude, and began to vividly tell what happened in the metal world. Things.

When Sanlu Shulan mentioned that Li Tian, Tang Xiaolong, Li Mu and others had reached the eighth level of Super Domain Master and were trapped in the metal world, the patriarchs of the three super **** families showed a trace of hardship. Perceived smile, but soon when they heard that Li Tian had collected twelve artifacts, possessed a large number of demi-god crystals, and had found a way to leave the metal world, the faces of the three patriarchs flashed again. disturbed.

Xiuyu lonely and Donggong Zhentian glanced at each other, and instantly understood each other's meaning: the time must be quickened!

Chapter 5049: : Shake hands and make peace?

Sanlu Shulan didn't know what Xiuyu's loneliness and Donggong Zhentian's thoughts were in her heart. Now she just wanted to show the powerful strength of Li Tian and others, so that the Super God family could know the true strength of Li Tian's army. Let the Super God Family retreat, and finally can fight Li Tian and Li Tianjun into a jade silk.

I have to say that Sanlu Shulan's thoughts are naive, but she can never realize how deep the hatred between the Super God Xiuyu family and the Sea-Monster family is, and she never knows how the Eastern Palace Super God family rules the Super God family. How strong is the ** of the Netherworld.

"Sanlu Shulan, according to what you are saying now, Li Tian should have many crystals from the ninth-level peak realm of the superdomain master. These crystals are just like the beast crystals, which can quickly increase the cultivation level?"

"Yes! There are also demigod crystals, but Master Li Tian didn't say exactly how many of these crystals are, and I am not very clear. But..." Sanlu Shulan pulled out a skin from her spatial ring. Pour out a few shining crystals from the skin, and then said: "He gave all the strong sea-monster clan and the strong of the Li Tianjun regiment each such a crystal, and there are at least ten of these skins. There is at least one demigod crystal in the ninth-level peak realm of the superdomain master!"

Seeing the demigod crystal in the hands of Shulan Sanlu, a trace of greed flashed in the eyes of the lonely Xiuyu and Donggong Zhentian. Any crystal of a demigod strong, as long as they can make reasonable use of their cultivation. Let a super domain master level powerhouse be born in their super **** family, and if this super domain master level powerhouse is extremely talented, his cultivation level must not be low.

However, these two patriarchs are also semi-god-level powerhouses after all. Their greed is well concealed, and neither of them even said that they would reach out and take the crystal in Sanlu Shulan's hand to confirm that the crystal is true or false.

Of course, for the powerhouses above the super domain master, there is no need to hold them in their hands. They can already clearly feel the surging spiritual power contained in the crystals in the hands of Sanlu Shulan.

White Horse King Kong is calm enough, even if Donggong Zhentian and Xiuyu Lonely make small moves below, and constantly exchange eyes with each other, White Horse King Kong also has a calm expression, just drinking the Super God Family of Xiuyu. The wine prepared didn't mean to interrupt.

But when White Horse King Kong saw the demigod crystal, he could no longer remain calm.

Guru!

King White Horse clearly heard him swallowing saliva, his hand holding the wine glass was shaking slightly, and his heart was beating wildly.

Demigod crystal!

Demigod crystal!

If I can obtain such a demi-god crystal for me to use for cultivation, then my cultivation realm may be able to break through and reach the demi-god state.

White Horse King Kong suddenly felt a little upset, as if he was sweating unconsciously.

"Damn it, why am I so gagged when I see a demigod crystal? Haven't I already taken fame and wealth, and everything? But... but... if I have a chance, why don't I fight it again?"

"The semi-god powerhouse is not only the improvement of my personal cultivation level, it can also make our white horse super **** family's position in the underworld more stable, and it can also make our white horse super **** family be among the super **** families. Have more say in China!"

White Horse King Kong's brain started to work quickly again.

"Sanlu Shulan's words are very straightforward. There must be other demigod crystals in Li Tian's hands, but how can I get a demigod crystal from Li Tian's hands?"

Xiuyu Lonely soon adjusted his breathing, and continued to ask Sanlu Shulan: "And you said Li Tian has collected twelve artifacts? Can these artifacts greatly increase the cultivation level of the practitioner? Could it be that Li Tian has now broken through to the realm of a demigod?"

Sanlu Shulan shook her head slightly, "Master Li Tian's current cultivation level still seems to be the pinnacle of Transcendent Master's eighth level, and there is still a gap between Super Domain Master's ninth level, but because of the artifact, Master Li Tian Now it is possible to kill the ninth-level peak powerhouse of the Superdomain Lord! It's just because Lord Li Tian is still trapped in the metal world, and his cultivation level has not been improved. If Lord Li Tian can return to the Netherworld, then Li Heaven's cultivation realm will soon rise to the half-god realm, so...I think if possible, why can't our Super God family live in peace with Li Tian and the Li Tian army behind Li Tian?"

"Now the Li Tianjun regiment is not just Li Tian alone with a high level of cultivation. His son Li Mu's cultivation level has also reached the mid-level ninth level of the superdomain master, and it is only a short line from the ninth level of the superdomain master. Apart from that, Li Tian also had a slave entourage by his side. His cultivation realm was also in the mid-level ninth level of Transcendent Master. In addition, Situ Ningbing, Youanrou, Tang Xiaolong, Liu Jimeng, Ye Meijing, and Ziyang The four ghost beasts such as Thunder Bear, as well as Little Blue Tile, Little Tianyi, etc. are already in the Transcendent Realm, and their cultivation realms have generally reached the eighth level of the Transcendent Master or close to the eighth level of the Transcendent Master..."

Sanlu Shulan showed the powerful strength of the Li Tian army, which is to let the patriarchs of the three super **** families of Xiuyu Lonely, Donggong Zhentian, and White Horse King Kong know that Li Tian is no longer what it used to be. The Heavenly Legion made peace, and when Li Tianzhen returned to the Underworld, the consequences would be disastrous at that time.

"Several uncles, logically speaking, I am a junior, and I shouldn't point fingers at your decisions, but I am also a member of the Super God family. I have no reason to watch our Super God family get involved in danger, so if you can Please listen to the younger generation's advice to shake hands with the Li Tianjun regiment, I can act as the middleman and deliver the message of shaking hands for both of you!" Sanlu Shulan said sincerely.

After listening to Sanlu Shulan's description, Xiuyu's loneliness and Donggong Zhentian's faces were very ugly.

They did not expect that the Li Tianjun regiment is now so powerful. If you do not consider the existence of the demigod-level powerhouses, the number of superdomain master-level powerhouses owned by the Li Tianjun regiment is close to any super-god family, and the Li Tianjun regiment's The overall cultivation level of these super domain master-level powerhouses is higher. If they are really allowed to return to the nether world, so that they can get a chance to practice, then the four super **** families may have to face more than ten people. Demigod powerhouse.

If one day does arrive, even if all the widows of the four super-god families leave the customs, it may be difficult to say the victory or defeat by that time. Moreover, there will be the Sea-Monster Clan behind Li Tian, including Haiqin, and Netherworld Academy, There is that mysterious woman from Wanshen Mountain!

"Sanlv Shulan today, you will live with Uncle Xiuyu's house. I will send someone to invite your father. Let's discuss the matter of shaking hands with Li Tianjun!" Donggong's eyes flashed. A trace of cunning, and then said to San Lu Shulan.

"Really? That's great!"

Chapter 5050: : Ready to do it

Sanlu Shulan is very excited!

She really wished to fly back to the Nether Cry Sea now to tell Hai Qin the news.

"Of course it's true, can the uncles lie to you? But Sanlu Shulan, even if we really have such an idea, this will not happen overnight, and the grievances between our Super God Family and the Sea-Monster Clan are too deep, even Now that we want to shake hands with the Sea-Monster Clan to make peace, that requires the Sea-Monster Clan's consent..."

"I can understand this, but I believe that as long as everyone treats each other sincerely, everyone can definitely feel each other's sincerity! Uncles, if you need me, please speak up. It is my duty to Sanlu Shulan!" Sanlu Shulan said .

"You are right. As long as everyone treats each other sincerely, we can understand each other's goodwill, but this matter needs to be considered for a long time, especially our four super **** families must reach a unified consensus as soon as possible, and we must let the Sea-Monster Clan know Our goodwill, otherwise the fighting will continue, and casualties will be inevitable. As a result, the conflict and hatred between our Super God Family and the Sea-Monster Clan will only continue to deepen!"

Xiuyu loneliness is definitely an acting school. If this guy can come to the earth world, then with his acting skills, he can definitely sweep all kinds of movie kings!

"Uncle Xiuyu, you are right. We must let the Sea-Monster Clan know our goodwill. If possible, I can convey the meaning of the Super God Family to the Sea-Monster Clan!" Sanlv Shulan said excitedly.

Although Sanlu Shulan is a member of the Sanlu Super God family, she hasn't been involved in the world after all. To the old foxes like Shang Xiuyu Lonely and Donggong Zhentian, Sanlu Shulan was played around in a few words, and she wanted to leave now. Return to the territory of the Sea-Monster Clan and tell Haiqin and Sea-Monster Clan the news she has received.

Even Sanlu Shulan had begun to imagine how happy he would be after hearing the good news when Li Mu followed Li Tian back to the Netherworld.

"Sanlu Shulan, we can understand your feelings, but you have just returned to the Underworld and the journey is exhausted, so you should go to rest first, and it will not be too late to go until the storm on the sea of Nether Cry is slightly smaller!" Donggong Zhen Tian's face showed elder care, and said with a smile.

Sanlv Shulan insisted many times, but was rejected by Xiuyu lonely and Donggong Zhentian for various reasons, but Sanlu Shulan didn't think much about it.

Sanlv Shulan was taken by someone from the Super God Family of Xiuyu, and when he left, there was always a smile on Sanlv Shulan's face.

When she was in the metal world, she once told Li Tian that she wanted to prevent the conflict and fighting between the Super God Family and the Li Tian Army. Now she felt that she had taken a solid step towards her goal.

When Sanlu Shulan left the room, White Horse King Kong frowned slightly and said, "Are you really good to cheat a little girl like this? You are her elders!"

"Little girl? Hahaha, please don't be funny! This girl is just stupid, her age is not too young! Besides, it is important, let alone deceive her, if necessary, sacrifice any of the super ***** family No one is too much!" Donggong Zhentian said with a sneer.

Shaking hands to make peace?

how is this possible!

After hearing the description of Sanlu Shulan, Donggong Zhentian knew that the Li Tian army's wings were already stiff. If we don't hurry up and get rid of them, once they are relieved, they will belong to the Super God family at that time. Disaster, even the end.

There is no need to communicate between Donggong Zhentian and Xiuyu Lonely. They only need to look at each other to know what is in each other's hearts. Sanlu Shulan must go to the Sea-Monster clan territory, but not at that time. To convey the message of peace, Sanlu Shulan led the Super God Family into the territory of the Sea Monster Race.

Now, only by speeding up to eradicate the Sea-Monster Clan and snatching demi-god-level crystals from those strong Sea-Monster Clan who have just returned from the secret realm, can we quickly cut off Li Tian's wings in the Underworld, and enable the Super God family to gain the strength Greater improvement.

As for Li Tian?

Hahaha, yes, he now possesses magic, his current cultivation realm and true strength are already very strong, but he is not a demigod when he is approaching, and when he returns to the underworld, he will be dealt with if he is not stable. His best time.

"White Horse King Kong, now it's up to your White Horse Super God Family to make a decision. As long as our four super God families are twisted together, we can definitely sweep the entire Nether Realm, and even make the mysterious races and ancient families disappear completely! When the plan of Netherworld is achieved, the Netherworld will belong to our four super *****

families. The Netherworld belongs to your White Horse Super God family and the Xiuyu Super God family, while the Nether World belongs to the Sanlu Super God family and the Donggong Super God family!" Zhentian said bewitchingly.

White Horse King Kong hesitated.

There is no good feast, and the Super God Xiuyu family invited him to the Xiuyu Family and Donggong Zhentian Meeting. White Horse King Kong knew that the Super God Xiuyu, Donggong, and Sanlu would never allow the Super God White Horse Family to take care of themselves.

Xiuyu was lonely and struck the iron while it was hot, and continued: "Li Tian obtained the secret storage of the great dragon from the secret realm, and obtained a large number of crystals, including demigod crystals. According to my guess, Li Tian's secret storage may be better than Sanlu Shulan knows a lot more, and it is even very possible that there are quasi-god-level crystals in the secret collection. If our four super-god families can snipe the Li Tian army, we can get the secret of the great dragon Zang, when the time comes, the status of our four super **** families in the underworld will be forever. Even... we can all look forward to our bright future into the gods!"

Seeing the White Horse King Kong still hesitating, Xiu Yu continued to say: "We all know the capabilities of the White Horse Super God Family. We can understand that the White Horse Super God Family is conservative and does not want to be in danger, but the four super **** families From ancient times to the present, it has been a whole. No matter how you show your favor to Li Tian, I am afraid that Li Tian's hatred of the Super God family will not be eliminated. Especially in the past 30 years, although the White Horse Super God family has not directly targeted the Li Tian army, But when it comes to dealing with the Sea-Monster Clan, I have never been weak. You must know that the patriarch of the Sea-Monster Clan Haiqin is now Li Tian's woman..."

The expression on White Horse King Kong's face has changed more and more, "It's important, I have to discuss with the family elder..."

Donggong Zhentian and Xiuyu's lonely faces showed an imperceptible smile.

Donggong Zhentian nodded slightly, and a killing intent flashed across his face and said: "Of course! Three days, after three days, all the strong men of our Donggong Super God family can reach the Nether Cry Sea..."
