

A Killer 5061

Chapter 5061: : Disagreement

With the transformed body of the prehistoric dragon and countless demigod crystals, it is so easy for Li Tian to reach the ninth level of the super domain master. He also knows that until now, Li Tian can understand the original dragon. The reason why Yin Xiu's realm has improved so quickly.

Of course, breakthrough methods like Li Tian can be replicated.

But the premise is very important, that is, the cultivator needs to have such a good body and also have so many demigod crystals.

The beast boy is very injured.

Even if Li Tian gave him a lot of demi-god crystals, these crystals are not very useful to him such a metal and steel creature. The beast boy has no choice but to return the demi-god crystals to Li Tian. It's really a sad story.

But even so, the Beast Boy's cultivation realm has inadvertently reached the ninth level of the super domain master.

But... the time spent by the two is worlds apart.

The beast boy attributed this difference to the difference between races!

After the cultivation level was improved, Li Tian immediately took out an artifact again and began to try to fuse this artifact.

"Hey, beast boy, it is so..."

The artifact had just appeared in Li Tian's hands, was quickly activated by Li Tian, and then combined with Li Tian's body.

Li Tian is really excited now!

"Finally...Finally we are going back to the Nether Realm!"

Li Tian excitedly continued to fuse the artifact, and the eighth artifact was also easily fused successfully!

Ninth...

Tenth...

The eleventh item...

When the eleventh artifact was successfully integrated, Li Tian seemed to have seen something he had never seen before in the metal world.

The entire metal world is no longer dark, but is composed of countless threads.

Li Tian can only vaguely feel these lines, but he can't see clearly and naturally can't touch them.

"Is this the law? This is the law of the metal world? I...I have touched the threshold of a demigod?"
Li Tian was shocked.

The beast boy didn't know what Li Tian saw, but...At this moment, the powerful spiritual power released from Li Tian turned out to be much stronger than the divine power released by Li Tian when he used the artifact, and of course compared to the prehistoric Azure Dragon. The coercive spiritual power released is still much worse, but it is enough to make the beast boy feel fear.

Apart from fear, the beast boy is more excited.

Li Tian has already fused eleven artifacts, but Li Tian has no adverse reactions now. In this regard, Li Tian is better than the strong twelve zodiac signs in the metal world.

The beast boy has already begun to dream about leaving the metal world to see the picture of the underworld.

Li Tian didn't have time to take care of the beast boy, he was still feeling the rules of the metal world, and Li Tian gradually realized something.

"So that's it..."

In the metal world, what Li Tian can see at present is a world composed of threads. Li Tian wants to leave the world of this thread. The simplest and rude way is to break these threads, which means that Li Tian is fusing. After arranging twelve artifacts, his cultivation instantly reached the realm of a demigod, and then temporarily broke the rules of the metal world to leave the metal world.

A smile appeared on Li Tian's face, and then slowly closed his eyes.

He is feeling this metal world.

I have to say that being close to the demigod makes Li Tianneng feel different.

Li Tian can feel that many things in the metal world are alive, such as space battleships not far away, such as metal bumps accidentally suspended in endless darkness for tens of kilometers, such as the Yin continent tens of thousands of miles away... ...

and many more!

The Yin Continent is actually alive?

Li Tian felt that his three views were about to collapse. Li Tian quickly opened his eyes and stopped thinking about the fact that there is life in the mainland.

"Back to Yin Continent, take our people and leave the metal world immediately..." Li Tian said.

...

Netherworld!

Li Wuque is very sad.

In the battle formation of the Sea-Monster Clan, she, a small character with only the ninth level of the domain master, fainted as soon as she saw the cruelty of the war. When she woke up, she had already appeared in the Nether Academy.

It was Sanlu Shulan who rescued her.

After Sanlv Shulan entrusted Li Wuque to the Nether Academy, he visited the old dean, hoping that she hoped that the Nether Academy would truce with the Sanlv Supershen Family.

It's just that... Sanlu Shulan's wish was not fulfilled.

When Li Wuque woke up, he didn't see Sanlu Shulan. Before she woke up, Sanlu Shulan had already left the Nether Academy and returned to the Sanlu Super God Family.

After that, the news that the Sea-Monster Clan was destroyed and Haiqin's skyrocketing in the day reached Nether Academy.

The bad news gradually came back, and Li Wuque's face became more gloomy.

In just a few days, Li Wuque's life world has undergone earth-shaking changes. Even if Li Wuque is almost 30 years old this year, she still cannot adapt to such a big change suddenly. The old dean and senior elder showed special concern for Li Wuque, but there was no smile on Li Wuque's face. Hatred, anger, and sadness filled Li Wuque's heart.

"Uncle Dean, do you have any other news from the Sea-Monster Clan?"

Every time I saw Li Wuque asking this question with expectant eyes, the old dean's heart would be twitched. The old dean wanted to tell Li Wuque the good news, but... the Sea Monster Clan seemed to be true. Completely extinct from the Netherworld, he could only helplessly shook his head.

"Wuwei little girl, if there is no news, it is good news. Now the Netherworld Cry Sea has been gradually controlled by the Super God Cultivation Clan. You Sea-Monster Clan must have some strong people who escaped by chance, but they dare not show up now and hide." The old dean said with relief.

Li Wuque nodded slightly, unable to tell whether it was sadness or sorrow on his face! She knew that her twin brother Li Xiaoyu had indeed escaped with a sea-monster clan, but now Li Wuque didn't dare to tell anyone about the news, even the old dean in front of him.

The old dean was careful not to sigh anymore. He looked at Li Wuque quietly, and there was a little Li Tian's shadow on Li Wuque's face.

Since Li Tian left Nether Academy, many things have happened in Nether Academy. Li Tian's departure, Chu Jiangnan's return, Chu Jiangnan's devildom, Chu Jiangnan provoked the Supershen family, and Nether Academy became involved in a fight... This has allowed the Nether Academy to be in control for so many years. Suddenly the old dean was caught off guard.

Many times the old dean suddenly felt a sense of powerlessness, and many times he even imagined that he was an ordinary old man.

"Wuwei little girl, all the suffering will pass! Although your mother Haiqin has ascended into the realm of the gods, your father should be back soon. As long as your father returns, this unfavorable situation will gradually begin. Turn it around!" said the old dean.

The old dean was under tremendous pressure at this time.

After the destruction of the Sea-Monster Clan, the Super God Clan surely pointed the finger at Nether Academy.

Just yesterday the old dean received bad news. He went out to find Chu Jiangnan and wanted to bring the enchanted Chu Jiangnan back to Netherworld. He was provoked by the Donggong Super God family and the San Lu Super God family. If they didn't agree with each other, they started to do

it. The two super domain masters of the Nether Academy were attacked and killed, and the two elders fell..., the other elders risked their lives and escaped back.

The Donggong Super God Family and the San Lu Super God Family asked the Nether Academy to ask the Nether Academy to surrender the three elders recovered within three days, otherwise the Nether Academy will be strongly hit by the combination of the four super God families.

The Super God Family finally started working on the Netherworld Academy.

Chapter 5062: : The College Dilemma

Nether Academy.

The Venerable Kingdom where Nether Academy is located may be due to the existence of Nether Academy. It has not yet submitted to the four super **** families for the time being. However, when hundreds of super domain master-level four super **** families appeared outside the Nether Academy, The Lord of the Venerable Kingdom, the strong man who only has the mid-level ninth level of Venerable, is still like the four super **** families extending an olive branch.

As a result, hundreds of super-domain master-level powerhouses of the four super-gods stayed in this state of the Venerable in a fair manner. These super-domain master-level powerhouses are in groups of three or five, and will appear outside the main gate of Nether Academy from time to time. , Very provocative.

The old dean, the great elder and others were very angry.

Since the establishment of Nether Academy, there has never been any strong person who dared to provoke Nether Academy so much, but... now the total number of super-domain master elders in Nether Academy is not as high as the number of supers The number of domain masters is half.

Nether Academy is already at a disadvantage in terms of numbers. Besides, there is no demigod in Nether Academy except Chu Jiangnan. In the realm of cultivation, Nether Academy is also much weaker than Super God Family, so now if Nether Academy rashly and If the Super God Clan goes to war, Netherworld Academy will definitely be the second Sea-Monster Clan.

But... just like this is being bullied by the Super God Family, and its dignity is swept away, the status of Nether Academy in the Nether Realm will plummet.

"Old Dean, the **** of the Super God Family are clamoring again to let us hand over Elder Ma and Elder Gao!"

"Asshole! What a deception!"

"Old Dean, tomorrow is the last day limited by the Super God Family..."

The old dean looked at the elders surrounding him, his head a bit big.

Don't go to war, and beg to get all these elders out?

This kind of feeling is like being slapped on the left cheek for no reason, and then the guy who slaps you also asks you to bring his right cheek up to make him slap it.

and,

Even if the Netherworld Academy really does this, the Super God Family may not find a reason for the time being, and the Netherworld Academy can continue to linger. However, since the four super **** families have now decided to target Nether Academy, they will definitely make excuses again.

Does Nether Academy want to withdraw all the elders and send them to death?

However, if you want to protect these elders, the toughness that Nether Academy wants to behave is bound to fight directly with the Super God Family now, and the final result is that Nether Academy has been hit hard. It may not take a few days. Nether Academy will also disappear in the Netherworld.

It's really hard to choose!

"Old dean, it's dead anyway, let's just fight them!"

"Yes, our Netherworld Academy was a powerful existence on the same level as the four super-god families, but now it is... unexpectedly... Hey, the Netherworld Academy has never been so useless before, old dean, you Xia Minglang! Let's swear to death. Nether Academy co-exists and perishes!"

The elders are so excited that they can't wait to rush out now and kill the people of the Super God Family.

"Shao An, don't be impatient, now we rush out, for the super **** family, it is right in the middle..." the old dean said with a sigh.

As the dean of the Netherworld Academy, the old dean has really considered too many problems, and he is still weighing the pros and cons to find the most reasonable solution.

Elder Zhang angrily said: "Should not be restless? It is said that it is light. Since the news of the destruction of the Sea-Monster tribe came back, the students of the lower academy of Nether Academy have already begun to flee. The students of the middle academy yesterday Seventy or eighty people also fled, and now the people in the academy are panicking. In two days, maybe our Nether Academy students will really run away!"

"The old dean and elder, now not only the students of the college are escaping, but... even some teachers have begun to pack their bags. The reason why these teachers have not chosen to escape is that they are looking for a suitable opportunity! It is said that... According to rumors, the Super God Family has extended an olive branch to these teachers in Nether Academy. As long as they escape from Nether Academy, Super Theological Academy can accept them!"

"Damn traitor! These guys are just overwhelmed and killed!"

"Everyone has ambitions and can't force it! Our Netherworld Academy who wants to leave will definitely not stop. Wait a minute..."

"Wait?"

All the elders looked at the old dean helplessly, wondering what else they wanted to wait for the dean! Is it waiting for the conscience of the patriarchs of the four super **** families to discover?

If the old dean didn't say anything, the elders couldn't ask more.

The elders retreated, and the old dean's room fell into silence again. After the elder followed the elders, he quickly opened the door and walked in.

The old dean sat on the chair feebly, without looking up, the old dean knew who came in there.

"Is there any news from Elder Shuiyue?" the old dean asked.

The great elder sat down next to the old dean, frowned, nodded slightly and said: "According to the information sent by the elder Shuiyue, the Sea-Monster Clan does have survivors, but... survived that battle. The Sea-Monster Clan seems to have disappeared out of thin air. Even if the Sea-Monster Clan survives, there is no hope anymore; the Water Ghost Clan is still indecisive. After the Water Ghost Valley soars, give it to the Water Ghost Clan. After Li Tian, the water ghost clan is still waiting for Li Tian!"

"Where is the little human?"

"The same can't be expected! The little human races come and go without a trace. If they want to hide, even the super **** family may not find their traces, and now the super **** family does not pose a danger to the little human race. So they are also unwilling to take risks!"

"What about other mysterious races?"

The old dean had already realized that the four great super-god families were likely to pose a threat to the Nether Academy when the four super-god families first targeted the Li Tianjun regiment, so the old dean had secretly sent Fifth Shuiyue and so on. The elder secretly contacted the ancient family and the mysterious race, hoping to unite against the super **** family.

However, the old dean's idea was wonderful, but the reality slapped the old dean severely.

Compared with the mysterious race, the eight ancient families are more willing to get close to the super **** family. The old dean's ideas were betrayed by some of the eight ancient families before they were put into action.

As for the mysterious race, the elders of Nether Academy have found quite a few.

However, many of these mysterious races have been frightened by the Super God family. The first thing they think of when encountering danger is to escape. When the Super God family behaves aggressively, many mysterious races flee to the depths of the sea and mountains with their tails in their hands. Deep, deep in the jungle.

"Where is Chu Jiangnan? If Jiangnan can come back, as long as the widows of the Super God family have not left the customs, maybe we can temporarily confront the Super God family..." The old dean had to pin his last hope at this time. Chu Jiangnan body.

However, the enchanted Chu Jiangnan is a double-edged sword. It is very likely to injure himself when killing the enemy. Moreover, the elders sent out a few days ago had conflicts with the people of the super **** family when they were looking for Chu Jiangnan. Nether Academy is now more passive.

"Old Dean, you said...Should we ask for help from the Ten Thousand God Mountain?" The Great Elder suddenly asked.

Chapter 5063: : The decision of the old dean

If you have an idea, do it, otherwise how would you know if you can succeed!

After thinking of the mysterious woman in Wanshen Mountain, the Great Elder immediately said goodbye to the old dean, got up and teleported to leave the Nether Academy, and went to Wanshen Mountain!

night!

The darkness of the Nether Academy was completely different from the brilliant lights of the past.

A bright moon hung in the high sky, and the moonlight fell on the ground, making it seem that the entire Nether Academy was exceptionally peaceful.

Tomorrow is the last day when the Super God Family gave Nether Academy a notice, but as of now, Nether Academy has not made any statement, which made the teachers and students of Nether Academy feel fear.

There are no eggs under the covering nest?

But not all people are willing to live with Nether Academy.

Xi Xi Suo Suo!

Somewhere outside the academy collection, under a tree, suddenly a few more figures appeared!

The cultivation base of these guys is not high, and they don't wear any space ring on their hands. It can be seen that these guys are definitely the poor in the academy.

In the silhouette, a man with a beard looked around nervously, seeing that there seemed to be no danger in the surroundings quietly, and then he beckoned everyone around him to squat down, "Are you all ready? ?"

The man's name is Huang Yang. He is a teacher in the lower academy. He has just reached the middle of the ninth level of the Venerable. He also belongs to the lower position among the teachers in the Nether Academy. The other figures surrounding him are also inferior academics. Teacher.

"Huang Yang, let's just leave the Nether Academy, but... why do we want to destroy the library in the Nether Beast Academy? If... if we were caught by the elders, we would definitely die and look ugly." One of the teachers asked somewhat puzzledly.

A trace of displeasure flashed in Huang Yang's eyes, and he snorted coldly: "Netherworld Academy is completely finished. In the future, the Netherworld must be the world of the super **** family. Although the super **** family is willing to take us in regardless of the previous dislike. If we leave the Netherworld Academy and join the Super God Family in this way, our status in the Super God Family will certainly not be very high, and we may even become the followers of the Super God Family."

"However, as long as we take the practice exercises in the library to the Super God Family, then our position in the Super God Family will definitely change. Maybe the Super God Family appreciates us and will also include us. In the Super God Family, then we will also be a member of the Super God Family!"

This is the name Huang Yang prepared for the vote!

"If we do this, are we too bad things? After all, we have lived in Nether Academy for so many years, and Nether Academy treats us not badly, right!"

"What kind of choices do you think Nether Academy will make tomorrow?"

"No... I don't know!"

"Then I tell you, no matter what choice the Nether Academy makes, the four super **** families will not let go of the Nether Academy. After all, now only the Nether Academy can pose a certain danger to the four super **** families, and only eliminate Nether In the academy, the four super **** families can sit back and relax. Therefore, sooner or later this Nether Academy will be destroyed by the four super **** families. I will ask you again, if the Nether Academy is destroyed by the four super **** families, the practice in this library Will the Fa fall into the hands of the Super God Family?" Huang Yang asked.

The others nodded at the same time.

"That's right, those who know the current affairs are outstanding, anyway, the exercises of the Tibetan Academy will fall into the hands of the Super God Family sooner or later. We just delivered the exercises to them a few days in advance. For the Netherworld Academy There won't be any changes, but for us, these exercises can change our destiny! I will ask you at the end, do you do it or not?" Huang Yang demanded step by step.

The strong man hesitated a bit, but after a while, he nodded heavily.

"dry!"

...

The wall fell down and everyone pushed and beat everyone up.

This night is destined to be a restless night.

While Huang Yang and others were preparing to start off against the Tibetan Academy, other places in the Nether Academy were also performing various good shows.

In the upper-class academy, Liu Kaixuan, the eighth-ranked strong man, stood outside the dormitory of the upper-class academy's female quarter.

If it was in the old days, this guy would definitely not have the courage to stand here, because once the elders of the Nether Academy found out that he dared to enter the girls' dormitory area, then he must be punished severely.

However, now the elders of the Nether Academy are panicked and can't take care of themselves, how can they take care of the demeanor of the Nether Academy.

Liu Kaixuan is waiting for his beloved girl.

During the day today, Liu Kaixuan clearly told the girl that he would take the girl away tonight.

Of course, this is not a romantic love story, nor is it an elopement for love.

It's just wishful thinking of this guy.

"I haven't come out yet, it seems that I have to use some tricks!" Liu Kaixuan showed a sneer on his face.

Liu Kaixuan is the son of a certain emperor,

As early as ten years ago, his father had already submitted to the Donggong Super God Family.

Recently, Liu Kaixuan's father and relatives passed a letter, telling Liu Kaixuan that he must leave the Netherworld Academy as soon as possible.

Liu Kaixuan knew that this must be the Super God Family's hands on the Netherworld Academy. Sure enough, the four super **** families soon surrounded Nether Academy.

Liu Kaixuan was about to leave, but before he left, he had to take away the girl he liked.

Of course, if the girl doesn't leave, then Liu Kaixuan doesn't mind using some force.

When Liu Kaixuan was about to forcibly rush into the girls' dormitory, the door of the girls' dormitory opened and several women walked out of it, but there was no girl Liu Kaixuan liked.

In the middle of the night, everyone ran into such a strange situation, but everyone was tacitly aware.

These women glanced at Liu Kaixuan, but did not say anything, and soon disappeared into the night, seeming to have escaped.

"Hey, what a good opportunity!" Liu Kaixuan's figure flashed into the dormitory.

...

The old dean stood on the top of the highest peak of the Nether Academy, his face was pale under the moonlight, and the young people in the Nether Academy did not want to hide everything from him, but the old dean even stopped and reprimanded them. No idea.

When the disaster comes, the old dean cannot protect the safety of these teachers and students, and letting them escape for their lives has become the only choice for the old dean.

Behind the old dean, a dozen elders stood up.

When the night was dark, the old dean summoned all the elders in the Nether Academy and told them the old dean's decision: Zhan!

No matter what kind of news the elder brings back, the old dean has already decided to fight!

The teachers and students of Nether Academy can escape, but the old dean will not choose to escape, even if he is dead, he will be with Nether Academy.

At this moment, the old dean suddenly felt a faint energy fluctuation in the courtyard of his residence. Someone teleported and appeared in the courtyard.

"Are you back?" the old dean thought in his heart.

Chapter 5064: : Demonizing Chu Jiangnan

early morning!

The first morning light shone on the mountains of the Nether Academy, and the darkness of the whole night was completely dispersed in an instant.

Unlike the past, today's Nether Academy is extremely quiet!

Just last night, the Netherworld Academy experienced a great escape for teachers and students.

This is the largest college in the Netherworld with more than tens of thousands of student practitioners and thousands of practitioner teachers. After one night, fewer than five thousand students stayed in the college, and fewer than 30 teachers stayed in the college.

Even among the students and teachers who stayed, at least half of them wanted to find a chance to leave.

What makes these students and teachers who stayed feel strange is that none of the administrators of the Nether Academy jumped out to stop the students' escape.

Even if these students and teachers broke into the storage and the library when they left, none of the old dean and the elders came out to stop them.

This is not scientific!

"You didn't even leave?"

"A few meanings, do you and my face look like traitors?... Why didn't you leave?"

"I am ready to share the glory and disgrace with Nether Academy!"

"speak English!"

"Hey! I didn't find a suitable way out. Those **** of the paralyzed Super God family actually said that my cultivation base did not reach the fifth level of the domain master. If I rely on the Super God family, I can only serve as a follower of the Super God family, paralyzed. It's really deceiving!"

"Isn't it possible? I heard that as long as the students from the Nether Academy join the Super God Family, they will be treated fairly well!"

"Come on, it's all fools! If you were to join the Super God family ten years ago, you might get a lot of benefits, but now the four Super God families have almost ruled the Nether Academy. Not taken seriously. As for those students? The same is true. If their parents were the first to join the Super God family, then they are almost considered to be members of the Super God family, but the other students are super The God Family only gave a vague promise. Once the Nether Academy is destroyed, the fate of those students will probably be miserable!"

"So you decided to stay to accompany the funeral at Nether Academy?"

"What's a joke? Although the foundation of Netherworld Academy is not as good as the Super God Family, after all, Nether Academy is a powerful force that has stood for hundreds of thousands of years. I always feel that the old dean must be holding bad water in his heart. Maybe they have already With a way to deal with the Super God Family, I am waiting to see who can advance and retreat with the Academy!"

"I feel the same way when you say that, since that's the case, we will continue to stay and see where things will go!"

The remaining teachers gathered in twos and threes, talking about the four super **** families surrounding the Netherworld Academy this time, and the students fled away. In this case, the teachers in the Netherworld Academy have no way to give the students peace of mind. They were in class, looking forward to it, as if they were still a little bit looking forward to how the Super God Family would treat the Netherworld Academy.

...

Outside the Nether Academy, the powerhouses of the four super **** families have arrived one after another.

Now, there are close to one hundred and fifty super-domain master-level experts outside the Nether Academy.

It can be seen that the four super **** families are ready to fight.

What made people feel surprised was that none of the four patriarchs of the four super **** families arrived at the scene.

But what can this be, anyway, for these powerful members of the Super God Family, Nether Academy is much easier to deal with than Sea-Monster Clan.

The Sea-Monster Clan had at least one demigod-level powerhouse, Haiqin, but what about Nether Academy?

Only the enchanted Chu Jiangnan!

Thinking of Chu Jiangnan, the powerhouses of these super **** families would involuntarily flash a cold light.

The reason why the patriarchs of the four super **** families did not come to Nether Academy was because they were chasing Chu Jiangnan now.

I have to say that Chu Jiangnan is strong enough. Just two days ago, after the Super God family gave a notice to the Nether Academy, this fellow dared to kill the East Palace Super God family alone, breaking through the East Palace Super God. After the family's defense, he rushed into the mountain range where the elders of the East Palace Super God Family were located. Then, Chu Jiangnan single-handedly killed three retired East Palace Super God family elders, and was surrounded by other elders. Retreat all over.

You must know that the cultivation realm of the three elders who were killed were all demigods, even if Chu Jiangnan was a sneak attack, but the three elders were killed continuously, which still made Donggong Zhentian feel extremely angry!

The loss of the three demigod elders, although it has not caused the East Palace Super God family to hurt their muscles and bones, but this is much heavier than the Super God family killing the three super domain masters of the Nether Academy, the East Palace Super God The family was furious, and all the elders who had been practicing in retreat were sent out in order to besieged and killed Chu Jiangnan.

However, after this guy Chu Jiangnan beheaded the three elders, he turned around and went to the Sanlu Super God Family.

The elders of the Sanlu Super God family were lucky. These guys broke through before Chu Jiangnan arrived in the Sanlu Super God family. Chu Jiangnan did not dare to break into the Sanlu Super God family, but simply killed the three. A super domain master of the Lu Chaoshen family, and three domain master level powerhouses.

The super **** family, even when the mysterious woman and the fallen strong man landed on Wanshen Mountain, and the four super **** families led all the strong men above the master level

of the Nether Realm to besiege these two uninvited guests, the super ***** None of the family's native territories have been attacked like this.

But this time Donggong and Sanlu were attacked by Chu Jiangnan.

Sanlu Super God Family is angry!

The patriarchs of the two super-god families of Donggong and Sanlu led the elders of the clan and they were lonely with Xiuyu, and the white horse King Kong began to besiege Chu Jiangnan, but... Chu Jiangnan, a ***** with a large vote of demigod-level powerhouse, was in the Netherworld. After taking a lap, Jie flew towards Wanshen Mountain.

The ultimate goal of the four super ***** families is a mysterious woman.

However, they are not yet fully prepared, and even if they want to besiege the mysterious woman, they don't want a strong man like Chu Jiangnan to stand on their opposite side. Therefore, if they don't want to lose too much to kill Chu Jiangnan. , They must rush to Chu Jiangnan to kill him before entering Wanshen Mountain, otherwise once Chu Jiangnan enters Wanshen Mountain, they will probably not be able to play by then.

However... something they didn't expect happened again.

The ***** of Chu Jiangnan went to Wanshen Mountain with just a silly shot. After successfully eliciting the mysterious woman, Chu Jiangnan turned and ran away.

The four super ***** families are embarrassing. The widows of the white horse and the Xiuyu super ***** family have not broken the barrier. If they do it now, their chances of winning are not great. They have to run away cheeky and continue to search for the whereabouts of Chu Jiangnan. Pursue Chu Jiangnan.

Of course, these things that happened afterwards are not known to the superdomain masters who are now outside the Nether Academy. Their goal now is to force the Nether Academy to do it as soon as possible!

"It's time for us to play! No matter what choice the Nether Academy makes, we must do whatever it takes to turn the Nether Academy over..." As the temporary leader of the Nether Academy this time, Donggong Zang gathered the strongest of the four super ***** families. Say it together.

"Wow!"

Chapter 5065: : Give me face

Whoosh!

Whoosh!

More than one hundred and fifty super domain master level experts flew into the Nether Academy, overwhelming!

The students and teachers in the academy stood stupidly on the spot, looking up at these super domain masters who had broken in in amazement.

"Super...super domain master-level powerhouse!"

"This... so many superdomain master level powerhouses..."

"It's over, I'm afraid Nether Academy is really over!"

The students and teachers of the Nether Academy have a lot of knowledge, and the super domain master-level master Nether Academy also has it, but suddenly they saw more than a hundred super domain master-level masters flying over their heads. These students and teachers were all Scared and confused.

Those who were able to reach the realm of the domain master were frightened all over their bodies trembling, while those students who were cultivated underground were directly frightened and paralyzed on the ground, and even peed their pants in fright.

"Hehe, is this the strength of Nether Academy?"

"Nether Academy is nothing but that!"

"It is really an insult to us to make Netherworld Academy be as famous as our four super **** families!"

"Hahaha, soon the Nether Academy will cease to exist! From now on, the entire Nether Realm will belong to our Super God Family!"

The powerhouses of the Super God family are still in the realm of no one, no one dares to step forward to stop them, even they did not even see a super domain master powerhouse. This is what makes these guys more arrogant and more aggressive. furious.

There was a smug smile on Donggong Zang's face. The four super-god families joined forces. Sure enough, no power in the Nether realm was an opponent. Although they lost more than a dozen members of the super-god family in the battle against the Sea-Monster tribe, It's just an accident, and accidents don't happen every time, such as today.

The teachers and students in the Netherworld Academy have almost all escaped, and the rest are some straw bags. The only ones who can have a little influence on the strong men of the Super God family are the elders. Unfortunately...So far, no elder has dared to come forward. .

Donggong Zang is very relaxed. It seems that the Nether Academy is the back garden of his house at this time. "Follow me. Let's go directly to the residence of Dean Zhou of the Nether Academy and go directly to Dean Zhou!"

Whoosh!

Whoosh!

Whoosh!

More than a hundred super domain master-level experts followed the Donggong Zang, and quickly flew towards the old dean's residence where the highest peak of the Nether Academy is located. The reason why these guys are flying instead of teleporting is to show off their power.

Before flying to the main peak, Donggong Zang had already seen a dozen super-domain master-level elders from the old dean's courtyard gathered here.

"Sure enough, all the powerhouses of the Netherworld Academy are here, let's go down! Enclose this residence first!" Following Donggong Zang's order, more than one hundred and fifty powerhouses of the Super God family fell around the residence. Surrounded by dozens of super domain master-level powerhouses of the East Palace Super God Family.

Then Donggong Zang smiled on his face, stomped and walked slowly, "Three days are up, if your Nether Academy cannot give us an explanation for the four super **** families today, then don't blame us. You are welcome!"

The four super-god families now want to be bitches, but they also have to establish a memorial to destroy the Sea-Monster Clan. The Super-God Family Master is famous. After all, the Sea-Monster Clan is a mysterious race and was kicked out tens of thousands of years ago. People' outside this category.

But Nether Academy is different, and the reputation of Nether Academy in the Nether Realm is still very high, so the Super God Family would want to find an excuse.

Looking at Donggong Zang, the old dean's face involuntarily showed a trace of deep contempt.

Donggong Zang's cultivation level can only be regarded as ordinary. If this kind of person wants to enter the Netherworld Academy 30 years ago, he must ask for the consent of the Nether Academy in advance, and if he wants to see the old dean, he must be in advance. Make an appointment because he is not qualified yet.

Hedong for thirty years, Hexi for thirty years.

With the gradual rise of the four super **** families, this kind of role dared to show off in front of him.

The old dean forced the anger in his heart, and said with some disapproval: "You can't kill but nod. Are your four super **** families deceiving people too much? Just because of a few words conflict, the two elders of our Netherworld Academy were caught You killed, our Netherworld Academy has not yet asked you for justice. Now your Super God family comes to ask for sins, and we have to hand over the other elders who escaped by chance. Is this how your Super God family handles things? Is it too overbearing?"

"Domineering? Justice? Hahaha! Old man, did you live to the belly of a dog? When did you have justice in the Netherworld? Big fist is justice, big fist is domineering!" Dong Gong Zang has not spoken yet, behind him A young super domain master-level powerhouse of sneered.

Who is this guy?

It seems that the age is not high, but the realm of cultivation is not weak, Donggong Zang can't even see the specific realm of this young young man.

Could it be that the genius Xiuyu Junfeng in the Super God Family?

But I never heard that Xiu Yu Junfeng came to You Continent!

Donggong Zang glanced back at Xiao Young with a bit of discomfort. The four super **** families have such a drawback. Except for the well-known super powers in the super **** family, many strong people rarely show up. Donggong Sanlu and Xiuyu Baima two super **** families are on different continents. It is reasonable that the members of the four super **** families do not know each other.

"Don't interrupt, this one in front of us is the old dean of the Netherworld Academy, a strong man in the mid-level ninth level of the Transcendent Master, we must respect..." When Donggong Zang said this, his face couldn't help but show After ridiculing, seeing the young super domain master

nodded, Donggong Zang turned around and continued to say to the old dean: "Old dean, you are reasonable and reasonable to ask for justice. Our Super God family is not unreasonable. However, we are not unreasonable. Secretly, listening at the same time will be clear. Does Chu Jiangnan still belong to your Nether Academy?"

"Chu Jiangnan is a traitor to the Nether Academy and he no longer belongs to the Nether Academy, but after all, he left the Nether Academy. After entering the devil, our Nether Academy is obliged to bring him back to the Academy for strict supervision for the common people of the Nether Realm!" Knowing that Donggong Zang was going to make a fuss on Chu Jiangnan, so he explained first.

Donggong Zang nodded slightly, and said, "Very well, Chu Jiangnan has been enchanted, and now has become a great demon. In this case, Chu Jiangnan is everyone's possession and punishment. Our four super **** families should also be qualified and obliged. Kill Chu Jiangnan, right? So from this point of view, the purpose of our Super God Family and Nether Academy are the same. But... the elders of your Nether Academy want to protect the great demon Chu Jiangnan, and for this we and us The strong of the Super God family had a dispute."

"Nether Academy wants to shelter the great demon Chu Jiangnan? Even in order to protect Chu Jiangnan these elders did not hesitate to work with our Super God family, and even injured a strong man in our Super God family. This thing must be done well. After pondering, our Super God family has reason to believe that these elders of the Nether Academy and Chu Jiangnan are in the same group. In that case, it is reasonable for our Super God family to behave on behalf of the sky and kill the great demon's comrades. !and so....."

Donggong Zang's words were not finished yet, and an elder behind the old dean finally couldn't help interrupting Donggong Zang's nonsense, "Fart, you **** fart! When did we hurt the super-shen family? Now? It was you who provoked, and we can't bear it any more. So we started!"

"Oh? I couldn't bear it before doing it, and it hurt our people. Then our Super God family couldn't bear to kill two of Chu Jiangnan's accomplices, isn't it normal? Now we ask the Netherworld Academy to take these few Is it normal for the little demon to hand it over?" Donggong Zang said with a sneer.

Reasonable?

Talk about your sister!

Now that I have a big fist, I will tell you Mao's truth.

Even if Lao Tzu is arrogant, as long as Lao Tzu has a big fist, that makes sense.

"Fart, when are we little demon?" The strong man shouted angrily again.

"What are you going to do with the trash in the Netherworld Academy? There are more than one hundred and fifty super domain master-level powerhouses in our four super **** families. Now you can play them as you want, and kill them as you want. As long as we kill them all and not let one of them leave the Netherworld Academy, isn't this truth finally left to us? Are you right?" The young and powerful man behind Donggong Zang said again.

Donggong looked upset.

Who is this paralyzed guy?

Having said that, you can't say it in a high-sounding way. After all, everyone is a face.

"Yes, there is nothing to talk about with these old things in Nether Academy, let's do it!"

"Hahaha, our more than one hundred super domain masters can appear here, it is already considered as a face to the old people in Nether Academy!"

"Netherworld, the weak eat the strong, and the strong are respected. As long as we get rid of these old miscellaneous hairs in Nether Academy, I don't believe anyone else dares to chew his tongue?"

For a time, the super domain masters behind Donggong Zang used their spiritual powers, ready to do it at any time.

At this moment, a man with scaly all over came out behind the old dean.

"Huh? Who is this guy? I have never heard of such an elder in Nether Academy! Is this the killer of Nether Academy? Did they also hire strong foreign aid? Shouldn't it, now who in the entire Nether Realm would dare? Against our Super God Family?" Dong Gong Zang couldn't help but feel a trace of doubt in his heart.

The scaly man walked out slowly, a cold light flashed in his eyes, and a smile appeared at the corner of his mouth after a while and said: "I understand this. According to the Super God family, they are basically certain. It means that whoever has a big fist makes sense! But I am confident that my fist is also big enough, so what I said should also make sense. So... Give me a face to Li Shashen, and both of you will give in. Nether Academy should not pursue the killing of the elders, the Super God Family appropriately pushed out several murderers and let them apologize for themselves!"

Chapter 5066: : Hands-on

Suicide and apologize!

Hearing these words, these powerful people in the Super God family felt that they were going crazy.

This guy also dared to say anything, asking the strong man of the Super God family to commit suicide in order to apologize. Isn't this forcibly hitting the Super God family in the face?

And what exactly is Li Shashen?

That's right, Li Shashen's cultivation base is not weak, Super Domain Master's ninth-level peak realm.

This realm is considered to be an absolute powerhouse even in the four super ***** families, but... the reason why the super ***** family became the super ***** family is that they have a deep foundation. The patriarchs of the four super ***** families almost They are all semi-god-level powerhouses, and almost all the widows of the super-god family have reached the realm of demi-god cultivation.

In front of the super-god family who has a demigod-level powerhouse, it is really shameless to dare to brazenly say that he has a bit of weight.

Donggong Zang knows very well that although this time there are no demigod-level powerhouses sent to the four super ***** families in Nether Academy, but there are at least four powerhouses in the ninth-level peak realm of the superdomain master, such as the one behind Donggong Zang It seems that a very young super domain master level powerhouse, his cultivation realm is the super domain master ninth level peak.

When did such a brazen person appear in the Netherworld?

Dong Gong Zang smiled, he smiled happily.

The conflict between the Super God family and the Netherworld Academy will actually jump out of such an unknown person to preside over justice. This feeling is like a conflict between the United States and the Soviet Union in the earth world. As a result, a small African country that claims to uphold justice is the same. Hilarious.

"I heard it right? Can you repeat what you just said? I promise not to kill you!" Dong Gong Zang said with a smile.

Li Shashen shook his head helplessly, and said: "Since you Qiang Lei asked me to say it again, then I can only reluctantly say it again, give me a face..."

"It's not this sentence! It's the sentence that made our super ***** family powerhouse apologize!" When Dong Gong Zang said this sentence, the smile on his face had completely disappeared, replaced by a monstrous anger, he felt super ***** The family was humiliated, and it was Nether Academy that humiliated them.

Donggong Zang believes that the reason why Li Shashen dared to humiliate the Super God family is also because of the instruction of the Nether Academy behind him. Unfortunately, this idiot with scaly whole body has not figured out the situation, so he dared to stand up for justice. Isn't this seeking a dead end?

Li Shashen didn't seem to put Dong Gong Zang in his eyes at all, and he repeated what he had just said again, and added another sentence, "I'm not willing to say more if it's extra, if you give me this face. , Then we can still play happily together, we can still be friends, if you don't give me this face, then it is a provocation to me Li Shashen, it is a provocation to Nether Academy, then don't blame me Li Shashen for being cruel! "

Dong Gong Zang smiled again.

The super domain master-level powerhouses behind Donggong Zang also laughed.

Even these elder-level powerhouses in Nether Academy showed a knowing smile on their faces.

To be honest, a guy whose cultivation level has reached the ninth-level pinnacle level of Transcendent Master should not be such an idiot, but the idiot of this guy in front of him seems to be beyond the scope of human understanding, and he has reached a new level of idiot.

"Old dean, it seems that your Netherworld Academy is unwilling to make friends?" Donggong Zang ignored the existence of Li Killing, staring at the old dean and asked coldly.

"This... we'd better follow Li Killing God's arrangement. As long as the murderers of your Super God family apologize, our Nether Academy can forget the blame!" The old dean said solemnly.

"Hahaha, good, good, since Nether Academy is so ignorant of good and bad, then..."

Before Donggong Zang had finished speaking, he was interrupted by Li Shashen.

"I'm paralyzed, don't you think of what I say as air? I ask you one last sentence, will you give me face..."

"Go away, otherwise our Super God Family will fight with you!"

"Where is the mess that ran out, dare to move our Super God family to make trouble, you don't have that qualification yet!"

"I'm paralyzed, even he killed someone who pretended to be forced, and I have never seen anyone who likes to use his life as a price to pretend to be forced!"

The super domain masters behind Donggong Zang are gearing up, and some even start to use their spiritual power, just want to do it immediately.

When it comes to this, there is no need to continue the discussion. The four super **** families want to find a reason to start with the Netherworld Academy. Now it seems that there is no need to find a reason. It seems that the Netherworld Academy is also looking for a reason to the Super God Family Hands on.

But, does Nether Academy have this strength?

Could it be based on the Li Killing God in front of me?

Is he qualified?

At this moment, Li Shashen also laughed.

"In fact, everyone knows that the Netherworld is a world where the weak and the strong eat the weak. Whoever has a high level of cultivation has the right to speak. He said that this is just to find a reason for himself. In that case...I am satisfied Your request, I give you a reason to do it!"

When Li Killing God was saying these words, the murderous aura on his body suddenly rose, and the surging spiritual power continued to flow out of him!

"Ok... so strong! Who is this guy?"

"The ninth level of the super domain master? It seems that this guy's current cultivation base should be about the same as that of the White Horse King Kong, such a strong person may be difficult to deal with!"

"What should I do? Do it? With such a guy messing up, the price we have to pay to eradicate the Nether Academy may be very high, even... it is very likely that the price paid is even greater than that of dealing with the Sea-Monster!"

"Master Donggong...?"

Suddenly, there was a trace of alertness in the hearts of these powerhouses of the Super God family. The relaxed pride on their faces had disappeared, replaced by a trace of panic.

Dong Gong Zang looked at this guy who claimed to be Li Killing God in surprise.

He saw a trace of compassion in Li Shashen's eyes. At this time, this guy no longer looked like an idiot, but rather like a super strong man with the power of life and death.

"Do it!"

Two words were screamed out of Li Shashen's mouth. At this moment, Dongcheng Zang was even a little dazed, and he even had an illusion.

Just who is the protagonist today, who is in charge of life and death?

Hands on?

Whether these two words are good or not should be said by me, and only me, the interim commander of the combined team of the four super **** families, is qualified to say this sentence!

Suddenly, there was a vigilance in Donggong Zang's heart, and he felt that there seemed to be danger to lock him.

Immediately afterwards, Donggong Zang felt that the spiritual power of the young superdomain master behind him soared, and this guy seemed to have taken action!

Click!

Sure enough, the young super domain master-level powerhouse made a move, and a long sword of spiritual power cut through Dongcheng Zang's neck, and Donggong Zang's head fell to the ground, his head in a strange place.

puff!

Blood spurted from Donggong Zang's neck and splashed onto Donggong Zang's face, who had fallen to the ground.

Donggong Zang hadn't died immediately, he didn't understand why this super **** family powerhouse suddenly shot at him, but unfortunately, Dongcheng Zang had no time to know the truth, he couldn't die!

Chapter 5067: : I'm Li Tian

The change is so fast!

Before everyone reacted, Donggong Zang had already been beheaded.

The script shouldn't be described like this, right?

This time I came to the Netherworld Academy, the powerhouses of the four super **** families are here to find trouble!

According to the original script, the strong men killed at this time should be the elders handed over by the Nether Academy. After killing these elders, the four super **** families continued to insult and provoke the Nether Academy, and then they These elders of Nether Academy defeated one by one.

but.....

but.....

The head that fell to the ground now turned out to be Donggong Zang!

It turned out to be the temporary commander of the four super **** families united by the strong!

The strong men of the East Palace Super God Family were shocked!

The powerhouses of the Sanlu Super God Family were shocked!

The strong men of the Super God Family of Fish Cultivation were shocked!

The strong of the White Horse Super God Family were shocked!

In shock, the four powerful super **** families stared at this guy at the same time.

Who is this guy?

Is it the strong man of the Donggong Super God family?

Impossible, how could the strong of the Eastern Palace Super God family betray his family?

Is it a strong man in the Sanlu Super God Family?

I heard that Shulan Sanlv once appeared in Nether Academy after returning to the Nether Continent. Could it be that Sanlv Supershen Clan has already formed an alliance with Nether Academy?

It seems impossible!

After the demon of Chu Jiangnan beheaded the three elders of the Donggong Super God Family, he pointed the finger at the San Lu Super God Family, and the loss of the San Lu Super God Family was not small.

Wouldn't it be the strongest of the White Horse Super God Family?

It seems that when the four super **** families were united, the White Horse Super God family was not happy. In the battle with the Sea-Monster Clan, the White Horse King Kong was also the first to evacuate with the strong of the White Horse Super God family.

The super **** family?

It is also very possible!

What the Super God Cultivation family likes to play most is to hide deeply. Isn't this guy Xiu Junfeng?

The strong men of the four super **** families have not begun to join forces to deal with the strong men of the Nether Academy, they have begun to suspect each other!

Li Shashen is naturally Li Tian!

And that young super domain master-level powerhouse is Li Mu!

Last night Li Tian took Li Mu, Situ Ningbing and others back to the Nether Realm!

Seeing that the city under the sea in the Nether Cry Sea had turned into ruins, and the Sea-Monster Clan had completely disappeared, Li Tian was furious.

Li Tian searched for a long time in the sea of crying, but he could not find a trace of the Sea-Monster Clan.

Li Tian knew that something he didn't know had happened in the Nether Realm during the time he was away.

So Li Tian thought of the old dean instantly, he wanted to hear about the Sea-Monster tribe from the old dean.

Li Tian teleported back to the Nether Academy, but found that the Nether Academy was no longer what it used to be. The teachers and students in the Nether Academy were constantly fleeing, and the Nether Academy seemed particularly desolate.

Through the old dean, Li Tian knew what had happened in the Netherworld in recent years, learned about the Sea-Monster tribe being besieged by the three super-god families, and learned about Haiqin's ascent into the gods.

Li Tian saw him and Haiqin's daughter, Li Wuque.

When Li Wuque saw his father Li Tianhou weeping bitterly, and told Li Tian everything she knew.

Sanlu Shulan!

The four super **** families!

Li Mu was injured.

He didn't believe that Sanlu Shulan would do such a thing, but what he saw in Nether Cry Sea couldn't be faked.

Moreover, this half sister could not lie to him about this kind of thing.

Li Tian is very angry!

He couldn't wait to immediately lead all the strong men of Li Tian's regiment, immediately rushed out, and beheaded all the strong men of the Eastern Palace and the Sanlu Super God Family.

But...Through the old dean, Li Tian knows that the foundations of the four super **** families are far stronger than he can imagine. Those elders are immortal, and Li Tian now leads the strong to attack the super **** family, that is no different. To die.

Fortunately, the demi-god-level powerhouses of the four super-god families are busy dealing with Chu Jiangnan. This time, there is no demi-god-level powerhouse among the powerhouses who came to the Nether Academy.

Therefore, Li Tian decided to make the powerhouses of the four super **** families pay a heavy price, and this price was that all the super domain master-level powerhouses who entered the Nether Academy would all die!

At present, there are a total of 13 super domain masters and extremely powerful in the Netherworld Academy. In the Li Tianjun regiment, Li Tian, Li Mu, Tang Xiaolong, Ye Meijing, and Beast Boy are all ninth-level super domain masters, and Situ Ningbing, Liu Jimeng, You Yinrou, Purple Flame Thunder Bear, Tiangang Flame Raccoon, Earth Evil Sky Eagle, and Little Tianyi are already in the mid-level ninth level of Transcendent Master. As for the other powerhouses, their cultivation realms are basically at the eighth level of Transcendent Master. The above has even reached the early stage of the ninth level of Super Domain Master.

If you analyze from the strength on paper alone, let alone more than one hundred and fifty super domain master-level powerhouses, even if there are a hundred more, they may not be the opponents of Li Tian and others.

However, the super domain master level powerhouse of the super **** family will escape if they can't be beaten. Once these guys are allowed to escape, the super **** family will soon send a demigod level powerhouse to deal with the Li Tianjun regiment to deal with the Netherworld Academy.

At that time, Li Tian and others will no longer be opponents.

Therefore, Li Tian would want Li Mu to sneak into the super ***** family powerhouse at night, who knew that Li Mu had successfully mixed in and was regarded as a member of the super ***** family.

Right now, the battle had just begun, and the strong men of the four super ***** families were suspicious of each other. This was Li Tian's best opportunity.

The spiritual power in the air fluctuated slightly, and super domain master-level powerhouses suddenly appeared among the crowds of different super ***** families, and then the battle began!

boom!

boom!

boom!

Surging spiritual power continued to explode in the residence of the dean at the highest peak of the Nether Academy, and the body of a super domain master-level expert was instantly shattered.

The violent explosion sounded in the mountains where the Nether Academy was located. All the teachers and students in the Nether Academy raised their heads and looked towards the direction of the dean's residence. There were tears in their eyes. Several of them had reached the seventh or eighth level of the domain master. The teacher wanted to rush to the mountain and help the Netherworld Academy to tide over the difficulties, but they had just flown a few kilometers, before they reached the main peak, they were shocked by the powerful force, and their whole body trembled and fell to the ground involuntarily.

kill!

kill!

kill!

Although today's battle is far inferior to the battle that took place on the Ten Thousand Gods Mountain, today this day is destined to be recorded in the history of the Underworld.

"Don't keep one!"

The murderous aura on Li Tian's body is still rising, his gaze swept across these super ***** family powerhouses coldly, and his gaze has been locked on the four super domain master ninth-level peak powerhouses.

The cultivation level of these four guys is really not weak, even Tang Xiaolong, Li Mu and others will have nothing to do with them for a while.

Huh!

Li Tian instantly appeared behind one of the ninth-level peak powerhouses of the Super Domain Master. The strong man had already realized the danger and suddenly turned and attacked Li Tian. Unfortunately, his attack was easily avoided by Li Tian, and then... ..Li Tian's dragon claws directly pierced his body, and his heart was withdrawn by Li Tian's claws.

"Die!"

The hands of this super domain master ninth-level peak powerhouse tore the shirt of Li Tian's upper body, his face was filled with unbelievable eyes, blood hailing blood foam continuously from the

corner of his mouth, this guy's voice Tremblingly asked: "How... how is it possible? Li Sha... Killing God, you... who are you!"

boom!

Li Tian squeezed his heart to pieces, and blood splashed on his cheeks, and then flowed down the cheeks!

"Li Tian!"

Chapter 5068: :completely annihilated

Hearing the name 'Li Tian', all the super **** family powerhouses were slightly startled.

In such a moment, three more super domain master-level powerhouses were killed by Li Tianjun!

Li Tian is back!

Li Tian is back!

Li Tian is back!

A trace of chaos was involuntarily revealed on the faces of the strong men of these super **** families.

Being flustered, it is inevitable that there will be loopholes in battle.

In the face of Li Tianjun's super domain masters of the eighth, ninth and even the ninth level, any mistakes may bring disaster to the top.

Panic, the power of attack weakened, these super **** family powerhouses only have the power to parry.

"It's Li Tian!"

The super domain master powerhouse of the White Horse Super God Family only felt bitter in his heart.

The attitude of the White Horse King Kong is very clear. The White Horse Super God Family is not willing to be an enemy of Li Tian, because the White Horse King Kong can show the fate of the White Horse Super God Family according to Li Tian.

But...because of Sanlu Shulan's few words, coupled with the guidance of other super **** family patriarchs, Bai Majin would just make the wrong decision.

Now that Li Tian is back, the White Horse Super God Family has stood on the opposite side of Li Tian.

Bitter!

These powerful members of the White Horse Super God Family only wanted to escape from the Nether Academy as soon as possible, and then told the Patriarch Baima King Kong the news that Li Tian had returned to the Nether Realm.

However, they are tightly entangled here.

Even if someone can teleport and escape, soon his head will be teleported back by Li Tian!

Li Tian!

This guy's current strength is no longer Super Domain Master Level, it has exceeded their imagination!

Donggong, Sanlu, and the super domain master powerhouses of the Super God Family of Xiuyu also felt their lives suffer.

In fact, at the beginning of the battle, when the powerhouses of the Super God family saw the Purple Flame Thunder Bear, Situ Ningbing, and Tang Xiaolong, they should think of the powerhouses that are closely related to Li Tian. This scaly guy from is Li Tian, but because Li Tian's appearance has changed so much, and this guy who pretends to be forced to call himself a ***** of death, so these strong men did not recognize it.

Although they have been recognized now, they have missed the best chance to escape.

boom!

boom!

boom!

The powerhouses of the Super God Family are constantly being bombarded!

From the beginning of the battle to the present, within three minutes before and after, more than fifty super-level masters of the Super God family have been bombarded and killed.

The small courtyard where the old dean lived has long since been completely different and devastated.

There were corpses everywhere, and minced meat everywhere. At this time, the courtyard had become a Hell of Shura.

The old dean, the great elder, and several super domain masters of the eighth and ninth levels have also joined the melee.

Don't underestimate the old dean. This old man is probably about to follow in the footsteps of the Sea-Monster clan elder. It is estimated that he is on the verge of hanging out at his age, but the old dean's strength is not weak at all, and he has started Come, the old dean is even more cruel and cruel.

Any strong person below the fifth level of the super domain master can hardly support for more than 30 seconds in his hands, and the old dean seems to be venting his anger, and almost every one of his opponents will be killed by him.

That picture is really cruel!

The other elders in the Netherworld Academy generally have a low level of cultivation, and are basically at the first to third level of the super domain master.

These elders have no worse hatred for the Super God Family than Li Tian, so they also want to participate in the battle, but because of the limited cultivation level, these old guys can only deal with three or four, or even four elders, against one super The powerhouses of the ***** family, although they can also kill the enemy, but...but...were even disgusted by the powerhouses of Li Tianjun.

Then, these elders could only retreat to one side and gather together as a crowd of melon eaters.

"Hey, the back waves of the sea push the front waves, and those of us who used to be loud and loud in the underworld are actually rejected."

"There is no way, those little guys that we all look down on are far beyond us now! Look at the master of the dark domain, this little guy's cultivation level has reached the peak of the eighth level of the super domain master, short In just thirty years, this guy's cultivation realm is already so powerful!"

"They are also the Twenty Great Domain Masters. Except for the dark and soft, the other domain masters have either already submitted to the Super God family and become running dogs of the Super God family, or they have disappeared and been completely destroyed by the Super God family. You dark soft luck is the best, her current cultivation level is not weak, and following Li Tian, her future is unlimited!"

"Why? Are you envious? How about I talk to Elder Li Tian and let him take you too?"

"Go aside! After Elder Li Tian came back this time, the crystals given to us are enough to make our cultivation realm reach Super Domain Master 8 or above in a short time, even... hey, this time the old dean The Great Elder and the Great Elder may break through to the demigod. From now on, our Netherworld Academy will have three demigod-level powerhouses!" As he spoke, the elder's face could not help showing a trace of pride.

Just yesterday, Li Tian gathered all the elders who stayed in the Nether Academy and presented each elder with ten crystals of the ninth-level peak realm of the Transcendent Master, and two demigods to the old dean and the great elder. Grade crystal.

Demigod crystal, the eyes of the old dean and the elder are almost straight when they see this crystal!

Especially the old dean. His cultivation level has been trapped at the ninth-level peak of the super domain master for too long. Now the cultivation level has not been improved, but has gradually weakened. The old dean knows that if he cannot break through to become a god, he I'm afraid that the time is running out, but now, Li Tian has gifted him two demi-god crystals. This is tantamount to opening a window to the old dean who has closed the door of becoming a god. The dean makes reasonable use of these two demigod crystals, and it is entirely possible for him to become a god.

"Do you want demigod crystals too?"

"Nonsense, don't you want it?"

"Hey, I want it! Then we have to cut down whether our cultivation level can be raised to the ninth level of Super Domain Lord. Elder Li Tian is not a stingy person, as long as our cultivation level is raised to Super Domain Lord IX. At the highest level, Elder Li Tian will definitely give us a demi-god-level crystal! Becoming a god, I didn't expect that we would be able to imagine becoming a **** in our lifetime!"

"It's still early to become a god. Let's watch the battle wholeheartedly now! Super God Family... Hey, this time, the more than one hundred and fifty super domain master-level powerhouses of the four super **** families will probably stay here. ..." There was a smug expression on this elder's face, it felt as if these powerful men were all killed by him.

"I'm already worried now. If the patriarchs of the Super God family knew about this, then their revenge... I can't imagine it!"

Chapter 5069: : Four options

The super **** family is very powerful.

This doesn't need Li Tian to say, everyone in the Netherworld knows it.

However, the most powerful enemy always needs an opponent, and Li Tian is obviously such a person.

This has nothing to do with strength, but attitude!

The reason why Li Tian wants to wipe out the powerhouses of the four super **** families today is to clearly tell the super **** family that he Li Tian is back, and his attitude of Li Tian is to kill the super **** family.

The battle continued, and Li Tian continued to pretend.

Of the more than 150 super-domain master-level powerhouses of the four super **** families, only more than 80 have been beheaded!

There are a lot of super domain master-level powerhouses in the Super God family, but apart from the few super domain master-level master-level powerhouses who have been killed by Li Tian, the other super domain master-level powerhouses are completely destroyed by Li. The Heavenly Legion hangs and beats.

One hit two!

One hit three!

Being strong is self-willed, dissatisfied?

The Li Tianjun regiment treats all kinds of dissatisfaction, until you are satisfied!

boom!

A strong man from the Donggong Super God family reacted slowly, and his head was chopped off.

Then... there is no more then.

After the game is over, the strong man can go to reincarnation happily!

Such scenes are constantly being staged in Nether Academy!

These strong men of the Donggong Super God family are not puppets. They want to escape when they know that they cannot defeat Li Tian's army, but if a single person escapes, then his head will soon be lifted by Li Tian or the beast boy. Come back, escaping becomes death!

boom!

The body of another super domain master-level expert exploded, and blood and meat splashed everywhere along with the explosion. Xiao Qingwa, a stupid nether beast that had no time to escape, was splashed with blood. Become a **** ghost beast.

"What to do? The guys in the Li Tianjun regiment are too strong. Unless the patriarch or the widows come personally, if we continue to fight like this, sooner or later we will all be beheaded!"

"The paralyzed Donggong Zang has been beheaded, now who do we listen to? If someone commanded, so many powerful members of our Super God family would not be defeated so tragically!"

"I don't want to die! I...I just participated in the battle against the Sea-Monster Clan, and I have already escaped once. I don't want to die here for no reason. Who can tell me what should I do! "

"Fuck, why don't we know the news that Li Tian returned to the Nether Academy? What does the **** intelligence team do? What does the **** dark tissue do?"

As the strong men around them continue to fall, the super masters of the super **** family also feel scared, and they also feel fear, especially the images of those strong who teleported away being beheaded by Li Tian constantly. Appearing in front of everyone, these strong men finally felt desperate.

escape!

Must escape as soon as possible!

This is the thought in the minds of these super master super domain masters of the super **** family.

but.....

"Everyone flees together, we go in different directions..."

puff!

The powerful super domain master of the Eastern Palace Super God family wanted to be the temporary commander, but before he could finish his words, Li Tian instantly appeared in front of him, and then this guy was directly divided by Li Tian. , The one who died is called a miserable one!

but!

This sentence reminded the other strong men of the Super God family. Except for those who were tightly entangled and couldn't get out of them, the other strong men also abandoned Li Tianjun's opponents and performed in all directions. Teleport and escape.

In an instant, more than 30 super-shen clan powerhouses fled, and then 27 or 8 super-domain master-level powerhouses used teleport to escape. As a result, Li Tian, Beast Boy and others, chose to take it. No matter how strong it is, there is no way to chase so many strong people at the same time.

Only in this way, the pressure on the strong men of the Li Tianjun regiment suddenly weakened, and then... the remaining strong men of the Super God family were instantly killed.

"Damn, I escaped so much! Little boss, are we chasing? My spiritual sense has locked one person, and now that guy is not far away from us..." Tang Xiaolong was bloody, and he reached out and touched the blood on his face. Said somewhat unfinishedly.

Li Tian slowly shook his head, "Don't chase! Almost 60 superdomain master-level powerhouses escaped, a little more than I expected, even if we chase them out, we will kill 20 or 30 more, but other The strong will soon return to the territory of the Super God family, and within a few hours,

the half-god strong of the Super God family will rush to the Nether Academy, which will be dangerous at that time."

boom!

Tang Xiaolong fisted the old dean's house that had been stumbling down and collapsed, and said with some discouragement: "It's really useless! We have cultivated in the metal world for 30 years and have experienced so many dangers. I thought we were strong enough, but... ..I didn't expect that after we came back, we would still suffer from the bird aura of the Super God Family, and the blood and blood of the Sea-Monster Clan would not have any revenge!

Li Tian didn't have such a depressed feeling.

He is already the most powerful existence in the metal world. Any super-powerful person has to kneel when encountering Li Tian!

But now?

The Super God family actually had so many demigod elders, which completely exceeded Li Tian's expectation.

It's not as good as the enchanted Chu Jiangnan now, at least Chu Jiangnan still beheaded the demigod powerhouse.

"Elder Li Tian, how should we choose now?" The old dean had already begun to clean up the blood stains on his body, and then teleported to Li Tian and asked.

Li Tian hurriedly saluted the old dean, then waved his hand quickly and said, "Old dean, don't embarrass me anymore. I'm still good at fighting and killing me. You must be strategizing and you must be old! You must have already thought of a countermeasure. Right?"

With a satisfied smile on the old principal's face, he nodded slightly, "Yes, Netherworld Academy has been in the Nether Realm for hundreds of thousands of years, and it must not fall into my hands. Before you come, the Great Elder and I Several plans have been discussed. The first plan is to invite the mysterious race against the Super God family. Unfortunately, because the mysterious race is weak and fearful, and the Shanghai Monster Race has just been exterminated, this plan has not proceeded. The second plan is to invite Wanshen Mountain. The mysterious strong woman who is inextricably related to you made a shot. Unfortunately, you also know that the elder ran away for nothing, and that woman is out of sight, the elder elder did not even see anyone."

"The third plan is to lead the elders of our Nether Academy, and some teachers and students to escape from the Nether Academy and go to the Nether Continent..."

"Go to the Underworld? The Underworld is the domain of the fish repair and white horse super **** family!"

A smile appeared on the old dean's face, and said, "Although Li Wuque didn't say it clearly, I know that the Sea-Monster Clan must not have been completely destroyed. At least one of the Sea-Monster Clan must have escaped. It should have been hiding now. It's a well-known place, so my idea is to go to Netherworld and cry in the sea. Li Wuque will definitely not sit idly by!"

"Besides, there is the last and the most dangerous plan..."

Before the old dean had finished speaking, Li Tian had already guessed it.

"Is it the underground library of the library?"

Chapter 5070: : Let the storm come harder

There is a secret realm in the underground library. Only the old dean, the great elder, Chu Jiangnan, Fifth Shuiyue, Li Tian and others know about this matter.

But what is the situation in the secret realm? The old conservative dean is still more inclined to take people to flee to the Nether Cry Sea to find the Sea-Monster Clan, and then hide with the Sea-Monster Clan.

"Elder Li Tian, do you prefer that kind of plan?" the old dean asked.

Before Li Tian had spoken, Tang Xiaolong said again with dissatisfaction, "Is this still going to be asked? It must be Option 1. Let's contact the Blood Wolf Clan, Youlong Clan, and other mysterious races, and then work with the Super God Clan! The little boss now has so many crystals, within thirty years, all of us can become demigods. At that time, we still need to fear the super **** family?"

Situ Ningbing couldn't help shaking his head.

It wasn't that Tang Xiaolong was wrong, but the most important thing now was time, but the Super God Family obviously wouldn't give Nether Academy and Li Tianjun time.

Thirty years, I am afraid that there is not even three days!

"It shouldn't be a problem if it's just us superdomain master-level powerhouses going to the underworld, but... if you want to lead the teachers and students of the nether college to the underworld, you will definitely be intercepted by the super **** family. I'm afraid it's all dangerous." Situ Ningbing said thoughtfully.

The old dean sighed, nodded slightly, and said, "Yes, if it is before Elder Li Tian comes back, this is indeed a problem, but I know that the three little Yashas of Elder Li Tian have enough space for us. So many people, then..."

"Sorry old dean, I'm afraid I will let you down! The space in Xiaoyasha is full, it can't accommodate so many people, it can only accommodate dozens of people at most, more than a hundred people are impossible!" Li Tian couldn't bear to fight. The old dean was broken, but still had to tell the truth.

"How is it possible? Is it... Is it..."

The old dean had already guessed a result, but he couldn't believe it anyway.

Crystal!

The crystals of the ninth-level peak realm of the Transcendent Master, the crystals of the demigod level, actually piled up the entire space of the Void Yaksha?

Did Li Tian save the world in his life? Why did he get so many crystals?

If there is enough time for Li Tian to use these crystals to cultivate, his cultivation level may not only reach the demigod, the quasi-god, and it is entirely possible that he is even above the **** level!

The old dean looked at Li Tian with some resentment.

He was still moved by Li Tian's generosity last night, but after knowing that Li Tian has so many crystals, the old dean's move turned into contempt.

It's like someone who won a big prize of 100 million yuan and gave you a dollar. Will you feel generous and moved by his actions?

of course.....

This is where the wise see the wise and the benevolent, but it is obvious that the old dean was not moved.

However, the old dean was not a person with a small belly, and soon he wanted to understand that as long as his cultivation level improved, Li Tian would definitely not be stingy.

"So it seems that we can only choose the last way now, but the secret realm of the underground library does not know what is going on, and I don't know whether these teachers and students can come back alive after entering the secret realm..." Thinking of the old dean's eye pupil here There seems to be an extra layer of mist in the middle.

The old dean is very old, and has an unspeakable attachment to Nether Academy.

Seeing the Nether Academy fall apart, his heart will inevitably feel a little uncomfortable.

"Old dean, there is a saying in my hometown, how do you see rainbows without going through wind and rain? Netherworld Academy is actually a greenhouse. Although the Academy also has experience going out, how many students can really have the strength when they enter the Academy? In the battle of life and death, the students of the same level will be the first to die! I think entering the secret realm is the best choice, as long as these teachers and students have good seed, try in the secret realm. After a few years of practice, their cultivation level will definitely be doubled. Only then will the Nether Academy's revival hope!" said the old dean Li Tiankuan.

The elder nodded slowly, and then said: "Yes, the secret realm of our Nether Academy can give birth to a demigod power like Chu Jiangnan. If we can use this secret realm to try out sooner, our elder, our teacher I'm afraid I didn't know how many semi-god-level powerhouses were born in my life. If that were the case, there would be no such misery as our Nether Academy today!"

The old dean seemed to have made a lot of determination, and finally nodded, "Okay, then we will go to the secret realm. I also hope that when I am the dean of the Nether Academy, there will be a few more semi-god-level experts, as long as... ..As long as..." The old dean didn't finish what he said, but all the elders knew well that the old dean was worried that a traitor like Chu Jiangnan would appear again, and worried that after coming out of the secret realm, the cultivators would become like Chu Jiangnan.

The old dean, the great elder, and other elders of the Nether Academy are going to gather the students and teachers who are still in the Nether Academy.

After the powerhouses of the Super God family entered the Netherworld Academy, there were students and teachers who fled the academy one after another. The number of students and teachers who can stay now may not exceed three thousand, and the number of people who are willing to follow Li Tian and others into the secret realm for adventure I'm afraid it's even less, but this is no longer what Li Tian cares about.

Because the old dean asked Li Tian for a few things, he hoped that Li Tian could find the fifth water moon and Chu Jiangnan.

Hey, the old dean can really use people!

From returning to the Netherworld, Li Tian has only seen Li Wuque once.

Li Wuque has grown into a big girl now, and Li Tian must do his father's responsibilities.

Li Wuque knew the whereabouts of Li Xiaoyu and others, and Li Tian would also bring Li Xiaoyu to his side and enter the secret realm to continue practicing.

In addition, Li Tian also needs to find Liu You, Ye Liangchen, Long Aotian, Zhao Ritian and others.

The neutral country is now dead in name. After Li Tian engages in the Super God family like this, the Super God family will definitely retaliate wildly, and these guys might die by then.

In addition, Li Tian also needs to meet the mysterious woman of Wanshen Mountain.

Because Li Tian is afraid that the guys of the Super God family will enter the earth world through the gate of the restricted zone frantically. Once the strong man of the Super God family enters the earth world, no one in the earth world is the opponent of the Super God family and will stay in the earth world. The family members of the family are in danger.

Also, if possible, Li Tian will go to the Blood Wolf and Youlong Clan.

Shuigui Guzi is the patriarch of these two races. Now Shuigui Guzi has soared for more than 30 years, and he doesn't know what the situation of these two races is now.

If possible, Li Tian is also willing to become the patriarch of these two races, and then train and cultivate talented powerhouses in these two races. When Li Tian and others come out of the secret realm, these powerhouses are against the super The most powerful force of the God Family.

Calculating like this, Li Tian felt that his time was really not enough!

Even if Li Tian's current cultivation level has reached the ninth level of the super domain master, he can basically walk around the Netherworld through ten or so teleports, but many things can't be solved by teleport.

Time!

For the first time, Li Tian felt that his time was not enough.

"My Father..." Li Mu came to Li Tian, his eyes dodged, and he didn't dare to look at Li Tian's eyes, "I...I want to go to the Sanlv Super God Family once before entering the secret realm. I want to see San Lu. Shulan once!"

Li Tian's heart was tight, and then he quickly relaxed again.

"You should ask her! Go, Lao Tzu will accompany you to the Sanlu Super God Family, we also learn from Chu Jiangnan and make a big fuss about the Super God Family!" Li Tian said with a smile.

The storm will come sooner or later, let the storm come violently!
