

A Killer 5071

Chapter 5071: : Manjinyama

The road has to be taken step by step, and the meal has to be eaten one bite at a time.

If the steps are too large, it is easy to pull the eggs, eat too fast, and easy to choke.

Before going to the Sanlu Super God Family, Li Tian had to arrange everything.

Fortunately, the Li Tianjun regiment is strong enough now, as long as it does not encounter the demigod-level old monsters, who is really not the power of the Li Tianjun regiment.

"Ningbing, you take Void Yasha and Li Wuque to the Nether Cry Sea. You must find Li Xiaoyu. If the number of survivors of the Sea-Monster tribe is small, if there are only dozens of them, you will bring them all back. Let's go underground together. In the secret realm of the library, if there are a large number of survivors of the Sea-Monster tribe, they can distribute some crystals at will, let them continue to practice, and bring Li Xiaoyu and Li Wuque back to me." Li Tian said to Situ Ningbing.

Situ Ningbing nodded slightly.

Li Tian looked around, "Ye Meijing, your cultivation base has reached the ninth level of Transcendent Master, follow Ningbing to help her! Well, there is also Xiao Tianyi, you must follow Ningbing, you must pay attention to safety!"

Situ Ningbing took Ye Meijing, Xiao Tianyi and Void Yasha to find Li Wuwei, and then Situ Ningbing asked Void Yasha to bring everyone into the space, teleporting to the Nether Cry Sea.

"Xiaolong, you go to the neutral country and bring Liu You and others back to me. The neutral country is now an empty shell, and it is useless to keep it. Let them not bear the neutral country. We will come back sooner or later, and wait until next time. We will return to the Netherworld, when I will send Liu You a large territory, so that those suffering guys who came out of the battlefield of death will have their own territory." Li Tian said to Tang Xiaolong.

Tang Xiaolong banged his chest, "Don't worry, little boss!"

"Xiaolong, if you encounter a super **** family on the road, would you solve it like this?" Li Tian asked with some worry.

"I listen to the arrangement of the little boss, if you let me **** them, then I will **** them. If you don't let me fight, then I will catch my tail and flee back!" Tang Xiaolong said.

Li Tian breathed a sigh of relief. What he was most afraid of was Tang Xiaolong's arrogance, and then he would fight with the powerhouse of the Super God family. Li Tian still believed in Tang Xiaolong's cultivation base, but if he brought Liu You and others with him. , The danger will definitely increase, when no one else is brought back, Tang Xiaolong will plant it again!

Li Tian is still a little worried about Tang Xiaolong, even if Liu Jimeng and Beast Lord, Purple Flame Thunder Bear, Yin Mo Yin Niu follow Tang Xiaolong, so even if he encounters a small group of super **** family powerhouses, as long as he is not a half god. Realm, Tang Xiaolong and the others can definitely beat them.

The Blood Wolf tribe and Youlong tribe didn't have time to go this time, so they could only wait for Li Tian to come out of the secret realm before going.

Wanshen Mountain Li Tian must go, and he can only go personally!

Fortunately, Wanshen Mountain is located between the Nether Academy and the territory of the Sanlu Supershen Family. Li Tian only needs to drop in to Wanshen Mountain.

Li Tianyou arranged for other strongmen of the Li Tianjun regiment to guard the Netherworld Academy to prevent the strongmen of the Super God family from killing their carbine. After that, Li Tiancai took Li Mu on the journey to the territory of the Sanlu Super God family.

...

Huh!

Huh!

The figures of Li Tian and Li Mu continuously teleported, and soon came to the Wanshen Mountain.

Wanshen Mountain is not an independent mountain, but the main peak of the endless Wanshen Mountain.

After entering the Wanshen Mountain Range, Li Tian immediately felt a little unusual.

You know, this is the Wanshen Mountain Range, and I don't know how far it is from Wanshen Mountain, but Li Tian clearly felt that the pressure here is much stronger than other areas.

Although this pressure has not affected Li Tian's teleportation, Li Tian and Li Mu can no longer teleport for long distances. The two of them can only teleport a distance of three to four kilometers at a time, constantly moving towards the night. Advance.

Wanshen Mountain is known as one of the four treasures of cultivation in the Netherworld Academy, but based on the current situation, a strong person who can enter here must at least reach the domain master level. Otherwise, let alone teleport, even walking. It's all difficult.

Gradually, a Tongtian mountain peak appeared in the eyes of Li Tian and Li Mu.

From a distance, the top of the Ten Thousand Gods Mountain is white, and the sun will form a golden dome on the top of the snow mountain, which is truly beautiful.

Wangshan ran to death, Wanshen Mountain had appeared in front of Li Tian and Li Mu, but it was not easy to teleport to Wanshen Mountain.

"My father, I still don't understand what the mysterious woman of Wanshen Mountain has to do with my father, how strong is her cultivation realm, and why are the demigods of the four super **** families Will she be so afraid of her?" Li Mu asked with some doubts.

This question is really difficult for Li Tian to answer.

For so many years, Li Tian has been following the road paved by this woman. Even if Li Tian can go beyond the road paved by this woman, he will soon return to the right path.

Because of the water ghost Guzi and Li Kua's father more than 7,000 years ago, Li Tian once guessed that this mysterious woman might have some connection with his mother, but...this is only Li Tian's guess.

As for how powerful this woman's cultivation is, just think about the name Wanshenshan to see some clues.

The four super **** family powerhouses lead almost all the powerhouses in the entire Netherworld. Among them, there are super realm master level powerhouses of the super **** family, demigod level powerhouses, but in the end the mysterious woman was injured, but now Still safe and sound, but the four super **** families need ten thousand years to gradually recover.

Demi god?

Definitely more!

As far as the current cultivation base is concerned, Li Tian suspects that the mysterious woman's cultivation base has reached Quasi-God.

Li Tian did not speak, and Li Mu stopped asking.

The figures of the father and son kept teleporting forward, and the mountains and mountains kept appearing at their feet.

The closer you are to Wanshen Mountain, the stronger the powerful pressure, and the continuous teleportation even made Li Tian's breathing involuntarily rush.

After more than half an hour of continuous teleportation, Li Tian and Li Mu finally arrived at Wanshen Mountain!

What Li Tian didn't expect was that this Wanshen Mountain was almost an independent upper, because the continuous mountain range gradually became flat when it reached the Wanshen Mountain, and in the end it almost became a plain.

"My father... here... there are a lot of bones here..." Li Mu couldn't help but change a little when seeing the increasing number of bones on the ground.

Li Mu has never been to the Death Battlefield, and naturally he has never seen the phantom in the Supreme Palace of the Refugees in the Death Battlefield.

"Don't be surprised, you are now a strong person in the ninth-level peak realm of the Transcendent Master! The reason why this place is called the Wanshen Mountain is because there has been an ancient battle here, and countless strong people have fallen. At this point, the pattern of the entire Netherworld cultivator has changed!" Li Tian said with longing on his face.

Chapter 5072: : White Temple

Looking up at the top of the Ten Thousand Gods Mountain, Li Tian still remembers the pictures he saw in the underground palace.

It's here, I don't know how many strong people were wiped out in smoke.

The domain master-level powerhouses and super domain master-level powerhouses succeeded each other like locusts, but under the mysterious woman, these powerhouses were strangled instantly.

Perhaps, these domain master-level powerhouses also hide the demigod-level powerhouses of the super **** family, but no one can cause harm to that mysterious woman.

Li Tian's current cultivation base has reached the ninth-level peak of Super Domain Lord, and it is only a thin line away from the demigod.

However, every time Li Tian thinks of that scene, his blood is still boiling!

Li Tian knew that if his current cultivation base was against thousands of Venerable-level powerhouses, even domain master-level powerhouses, he could almost do it.

However, if it is a demigod... then hehe.

When the super **** family was besieging the Nether Academy, the elder once came to Wanshen Mountain.

It is a pity that the great elder's face is not big enough, and the great elder did not see the owner of Wanshen Mountain, that powerful mysterious woman.

Li Tian didn't know if he could see the mysterious woman today.

"Hey, is there anyone? Senior, Li Tian passed by Wanshen Mountain, especially to visit Senior....." Li Tiantian shouted at Wanshen Mountain.

In this endless mountain range, a person seems small, even if Li Tian's cultivation level has reached the ninth level of the super domain master at this time, but in front of the Ten Thousand God Mountain, Li Tian still feels small.

The shout went out. Li Tian didn't know how far his voice could go, or if the mysterious woman could hear it, but Li Tian knew that his time was not very rich. If there is really no way to see this mysterious woman today, Li Tian could only think of other ways, for example, hey, let the Beast Lord wait for the mysterious goddess here in the future, and then pass his demands through the Beast Lord.

Of course, besides the beast master, he can also be the beast boy.

After all, Beast Boy loves the Nether Realm so much, Li Tian always wants him to know the different mountains and rivers in the Nether Realm!

Hum!

Just as Li Tian was thinking about it, a divine sense swept across Li Tian and Li Mu.

So strong!

Li Tian and Li Mu looked at each other, and their faces showed shock at the same time.

It's the mysterious woman from Wanshen Mountain!

Li Tian could clearly feel that after thirty years of absence, the cultivation of this mysterious woman seemed to be more refined.

"Senior, the younger Li Tiantian is here to visit, and I also invite the elders to show up, the younger ones have important things to ask for!" Li Tian behaved here as if he was a good baby, not daring to get the slightest sting.

"Come on!"

A voice fell from the sky and exploded in Li Tian and Li Mu's ears.

Go up?

Li Tian looked up at Wanshen Mountain. Apart from the white snow, Li Tian did not see anyone there.

Of course, Li Tian's eyes are not astronomical telescopes, and he cannot see the specific situation of the tens of thousands of meters high on the top of the Pantheon.

"My father, she...she wants you to go up!" Li Mu said.

"Asshole boy, don't you go up with Lao Tzu?" Li Tian said uncomfortably.

Li Mu shook his head quickly, "My father, Wanshen Mountain is an excellent place to practice. Since I have come to Wanshen Mountain, I can't miss this opportunity for cultivation!"

Li Tian was very pleased, "If that's the case, then you can practice here, and come and go for your father!"

Huh!

Li Tian used teleport, wanting to teleport instantly to the top of Wanshen Mountain.

It is a pity that his good wishes were soon shattered.

The Wanshen Mountain is more sacred than the top of the holy peak. Li Tian's teleportation did not exceed one hundred and eighty meters, as if he had hit an invisible glass with his head, and could no longer continue to teleport upward.

Li Tian could only use his hands and feet together and began to climb to the top of Wanshen Mountain.

Of course, Li Tian's current cultivation base does not require him to climb like a monkey. As long as his feet are lightly tapped, his figure can jump more than ten meters in an instant. Li Tian can also fly, but maybe it is because of the existence of supernatural power. Because of this, Li Tian is quite strenuous to fly.

Li Tian had also thought about releasing his divine might, but when he thought of the power of the mysterious woman, Li Tian still gave up this idea wittily.

A few minutes later, Li Tian had already climbed to a height of 10,000 meters. Looking back, he could no longer see Li Mu, and he didn't know where this guy had gone to practice.

"Really a good, hard-working and serious child. As long as this child maintains this attitude, becoming a ***** is just around the corner... Wait, am I being deceived?" Li Tian suddenly realized a problem, even if Mount Ten Thousand Gods is a holy land for cultivation, but is there a place more suitable for cultivation than the miracles of the metal world? Li Mu is not afraid of mysterious women, so use this excuse!

Li Tian shook his head helplessly.

About ten minutes later, Li Tian finally climbed to the top of Wanshen Mountain.

call!

call!

The wind is very strong on the top of the mountain, and snowflakes are still convoluted in the wind, which is somewhat chilly.

However, this bit of chill has no effect on Li Tian, who is in the ninth-level pinnacle realm of Super Domain Master.

The top of Wanshen Mountain is quite steep, but the area is vast. If the feet of an ordinary cultivator level strong, it would take at least three days and three nights to go around.

Li Tian's gaze swept across the neighborhood quickly, and soon Li Tian found the difference between the top of the Ten Thousand Gods Mountain.

A huge white palace is located here. This white palace and the white snow complement each other. If it were not for close observation, Li Tian might not have known that there was a palace on the top of the Ten Thousand Gods Mountain.

Even if Li Tian is only a kilometer away from this palace, as long as Li Tian is distracted, the white palace seems to disappear soon.

"Since you have seen my temple, why not come in and bow down?"

The mysterious woman's voice sounded in Li Tian's ears again. Li Tian quickly dispelled the random thoughts in his mind, stared at the white palace intently, and walked over quickly.

Rumble!

With two loud noises, the giant white door outside the white palace slowly opened... a crack in the door.

When the huge gate was opened, the white snow on the eaves of the palace did not move, except for the snowflakes that were blown down by the wind.

Li Tian adjusted his breath and got in through the crack of the door!

Entering this white palace, Li Tian was immediately shocked by the sight in front of him.

"This... this is..." Li Tian was dumbfounded, staring at the scene in front of him dumbfounded, his voice was trembling, his body was trembling, he even felt so difficult to move his steps.

Not being scared, but shocked!

Li Tian was completely shocked by the sight before him!

"Is it surprising? Did you feel a little familiar? Now that you have come in, then listen to my story and solve some doubts in your heart by the way!" The mysterious goddess sat in the middle of the hall and said calmly .

Chapter 5073: : Nether History

But Li Tian couldn't calm down!

At this time, Li Tian felt that his eyes were not enough, and his eyes remained in the temple.

The white temple, judging from Li Tian's eyes, is a bit simple and crude, but it does not affect the beauty of the temple.

The temple is very magnificent, the huge temple hall is comparable to the most magnificent railway station hall in the earth world, and even has no notes.

In the temple, thirty-six huge pillars support the main hall, and on the left and right sides of this huge pillar, there are three magnificent huge idols!

The idol, this is the standard product of the temple, there is nothing wrong with it.

But what made Li Tian feel surprised is that this temple enshrines a total of six gods, but not all of them are humans.

There are three pure human idols, and the other three are human-like idols.

Of course, the most important thing is that one of the idols is very similar to the mysterious woman in front of them from that angle.

"This...this idol..." Li Tian felt that his brain was not enough, his voice was trembling, and the fingers of his right hand pointed at the female idol and asked.

The mysterious woman was still sitting on the ground, her complexion as usual, her expression did not fluctuate at all, she stretched out her finger to point to herself, and said softly, "It's me!"

In fact, Li Tian should have guessed it a long time ago, but when the woman said it herself, Li Tian's heart jumped abruptly.

Li Tian began to guess when this temple was built, and he was guessing the identity of this woman. At the same time, he was still wondering who the other idols in the temple were. Li Tian quickly walked towards the mysterious woman, about ten minutes away from the woman. When Mi was about to stop, he sat down in front of the woman in a kneeling position.

"Senior, can I ask a question? When was this temple built?" Li Tian asked.

A soft light flashed in the mysterious woman's eyes, as if she was recalling the time at that time. After a while, her eyes fell on Li Tian again, and she said softly: "It's been a long time now. In terms of time in the Netherworld, it should be almost a million years ago!"

Li Tian couldn't help taking a breath.

A million years ago?

Does the woman in front of me already have a life span of one million years?

The mysterious woman was full of Li Tian, but there was a smile on her face.

"Do you feel that I am very old? Hahaha, in fact, I also feel that I am very old. Old I am about to forget the years that I have lived in the Netherworld. Seeing this temple, with your intelligence, sure You can guess some things, in fact, you are right. More than a million years ago, they and I were both powerful men living in the Nether Realm!" said the mysterious woman.

Then, the mysterious woman began to tell her story in the underworld.

Although the story of the mysterious woman is very concise, with almost no specific details, just like the outline of a certain novel, but the story has been told for almost an hour.

According to the story told by this mysterious woman, Li Tian knew that more than one million years ago, the gods of the Netherworld continent coexisted. At that time, it was the golden age of cultivators. There are also many quasi-god-level powerhouses.

In that golden age of cultivators, demigods could not cause heavenly calamity, and only quasi-gods could cause heavenly calamity when they ascended.

The mysterious woman and her other five friends are all quasi-god-level powerhouses.

What needs to be added here is that before that era, the Netherworld was not what it is now.

Human cultivators consider themselves the masters of the Netherworld, and believe that they are the orthodox cultivators, while other humanoids are grouped into demons.

Different concepts and constant conflicts.

In that era, the war between humans and demons never stopped.

It is conceivable that there were many demi-god-level powerhouses like dogs in that era, and a small conflict occurred randomly, which must be a group fight of demi-god-level powerhouses.

That picture is really beautiful, don't want it!

When gods fight, mortals suffer.

Battles at the demigod level and even the quasi-god level often fought in the dark, and even a certain continent in the Netherworld was completely sunk into the ocean due to the war between humans and demons, and completely disappeared. Flowing into a river must be inevitable.

It is unknown how many years this situation lasted.

Until more than one million years ago, three superpowers were born among human beings.

Different guesses will know that one of the three superpowers is a mysterious woman.

However, at this time, three super powers were also born in the demons, that is, the owners of the other three human-like deities in the temple.

Then... the battle escalated.

Ordinary super domain master-level powerhouses and demi-god-level powerhouses cannot stop these six super abnormal powerhouses at all.

In just ten years, at least half of the demigod-level powerhouses among humans and demons have fallen, and they were all killed by these six powerhouses!

These six powerhouses often clash and fight with each other, but their cultivation bases are similar, and no one can do anything about it.

After ten years of fighting, the golden age of cultivation in the Netherworld gradually declined. Whether it was humans or demons, it was hard to bear at that time.

Except for these six powerhouses, no one dared to be arrogant. The one who lives is called cautious, and any carelessness is likely to cause killing.

It is definitely not a way to fight like this. Whether it is the demons or human beings, they all desperately hope for peace.

At this time, the six powerhouses became representatives of public opinion, and then they sat down on the top of the Ten Thousand Gods Mountain.

There is nothing that cannot be solved. The demands of the demons are recognized by humans, and they can be treated like humans and become a part of human beings instead of being treated as monsters. The demands of humans cannot be accompanied by the demons. Slaughter, let alone treat humans as the dinner of monsters, wantonly beheaded and swallowed.

As a result, the two sides hit it off.

This is a triumphant meeting, and also a successful meeting.

After the meeting, the human race and the demons built this white temple on the top of the Pantheon Mountain in order to commemorate this victory.

The six statues in the temple are the six giants who participated in the meeting.

After decades, humans and demons merged with each other.

The Netherworld is fairly harmonious.

But...there are a large number of demigod-level powerhouses. This feeling is like the United States and the Soviet Union at the time, everyone has nuclear weapons. Although they can temporarily peace, they are always wary of each other in their hearts.

Then, the six strong men gathered again.

Since he couldn't believe the other party, he could only take away all the demigod-level powerhouses.

The six powerhouses gathered all the demigod-level powerhouses in the Netherworld here, and then...these six guys forcefully opened the heavenly gates and soared in the day!

Those semi-god-level powerhouses followed the six powerhouses into the God Realm and started the journey of the God Realm!

Since then, there have been few demigod-level powerhouses in the Netherworld, and the superdomain master-level powerhouse has become the master.

"What happened later?" Li Tian asked.

Chapter 5074: : Fall of the Gods

"later....."

There was a hint of sweetness on the mysterious woman's face. At this time, she was no longer the woman with the halo of the strong all over her body, she looked more like a spring girl.

"The God Realm is not the world of bliss, and the struggle in the God Realm is even better than the Nether Realm. Fortunately, when we first entered the God Realm, our six cultivation bases were not bad, and there were other demigods who supported it. , We were able to gain a foothold in the God Realm soon, and later... Later I met Father Li Kua, the Father Li Kua from the earth world!"

Needless to say, this Li Kua's father is Li Tian's...Of course he is not Li Tian's father. To be precise, it should be Li Tian's father's previous life! "

This is a love story.

The mysterious woman has lived and practiced in the Nether Realm for so long, but she has always been a bachelor woman. She did not expect to encounter love after entering the God Realm.

Two quasi-god-level powerhouses practice together, explore together, and kill the enemy together, which is a standard amphibious double-flying routine.

The two powerhouses have been in the ***** realm for hundreds of thousands of years, and their cultivation realm has also been steadily improved, and they have broken through to the god-level realm smoothly.

The improvement of their cultivation level has accompanied them to have more power to speak in the gods.

But like many love stories, their love stories do not have a happy ending.

The gods are turbulent, and the gods of the nether world are also involved.

When more powerful opponents appeared, the mysterious woman and Li Kuafu, as well as the ***** realm powerhouses of the entire Nether realm, and the ***** realm powerhouses of the earth world were all involved.

The battle of the gods broke out, and the gods fell one by one.

The mysterious woman and Li Kuafu also suffered heavy losses.

The two god-level powerhouses were forced to flee.

The mysterious woman's plan is to return to the Netherworld and continue to practice. When their injuries recover and their cultivation level is raised to the ***** level again, or even higher than the ***** level, they can return to the ***** world.

Then, people are not as good as heaven.

Hundreds of thousands of years have passed, and the Netherworld has long been different from what it used to be.

The mysterious woman and Father Li Kua descended from the sky, causing panic among the powerful men in the Netherworld at that time.

Especially the four super ***** families in the Nether Realm at that time, they were empty in the Nether Realm, equivalent to the earth emperors of the Nether Realm.

Now two super-powers suddenly descended from the sky. The four super-powers were afraid that these two super-powers would affect their rule. Then the four super-powers united and summoned all the powers of the Netherworld to reach the Wanshen Mountain, and then it happened. The most famous battle of Wanshen Mountain in the modern history of the Netherworld.

The mysterious woman probably never dreamed that she and Li Kuafu had just escaped back to the Nether Realm, and they would immediately be besieged by the strong of the Nether Realm.

You must know that these powerhouses are all descendants of the Big Six!

The final result was the fall of Li Kua's father, and the mysterious woman suffered heavy damage and the realm of her cultivation plummeted!

Almost all the demigod-level powerhouses in the Netherworld fell, and the super-domain master-level powerhouses were almost slaughtered.

This is a story that hurts both sides.

After listening to the story told by the mysterious woman, Li Tian felt a pain in his heart for no reason.

Li Tian began to wonder, if one day he returns to the earth world, when all the strong people in the earth world do not know him, will he be besieged by the strong people in the earth world?

It would be fine if they were besieged by ordinary earth world powerhouses, if there were descendants of his children and grandchildren among these besiegers, the picture would be really beautiful.

Fortunately, the mysterious woman had no descendants in the Nether Realm at the beginning, so she had no worries, and did not have the slightest tenderness when she started.

The powerhouses of the four super-god families were hard pressed, and even their patriarchs almost fell.

There is no winner in this battle.

Li Tian probably already understood the following story.

After that is the story of the female domain master, the story of Li Kuafu's soul reborn in the earth world and becoming a super power, the story of Li Kuafu and the water ghost Guzi...

"Remember what I told you when I was crying in Netherworld?"

Li Tian nodded slightly.

"Hurry up and become strong, and become a man like your father! Only if you become strong enough, you are qualified to follow me into the ghost..." the mysterious woman said.

Li Tian was already a little moved by the story of the mysterious woman.

"Senior, can I ask you another question?" Li Tian asked.

"Say something!"

"Senior can calculate what will happen 10,000 years later, I want to ask Senior can calculate my current whereabouts?"

Through communicating with the mysterious woman, Li Tian knew that for ten thousand years, this mysterious woman had not left the Nether Realm and could not be his mother.

The mysterious woman pondered for a moment, then slowly shook her head.

"I'm really sorry!"

Li Tian felt very disappointed and very sad.

Li Tian is now more than sixty years old. If his mother was just an ordinary person, even if she survived the end of the world, she would probably be dead by this time.

It is very sad that the son wants to be raised but does not wait for the relatives, but it is even more sad that Li Tian has not even seen his mother.

Now Li Tian's cultivation realm is already at the ninth level of the super domain master, not far from the half-god realm, but Li Tian didn't feel the slightest joy.

If possible, Li Tian would rather use all his cultivation bases in exchange for family harmony, even if he lives like ordinary people.

Cultivation level, wealth, power and authority are all for others to see. If there is no family member, even if you can stand at the top of the world, it can be so!

"God is not omnipotent!" the mysterious woman said again.

Li Tian nodded slightly, he did not forget his purpose of coming to Wanshenshan this time, "Senior, what happened in the Nether Realm now must have been heard by you. After I returned from the secret realm of the metal world, I joined the Nether Academy to kill. There are hundreds of super domain master-level powerhouses in the super **** family, now... the four super **** families may already know about this, the four super **** families will definitely revenge wildly, so now I can only take mine People, as well as people from Nether Academy, enter the secret realm of the underground library of the Nether Academy! Therefore, before I leave, I have one thing I need to ask seniors. After I return from the secret realm, my cultivation level must have reached a half god. , When I finish dealing with the affairs of the Super God Family, I will go to ghost mythical creatures with Senior!"

"What's the matter? Is it the gate of the restricted area?"

Li Tian nodded slightly and continued: "The earth world is my hometown. There are very few cultivators in the earth world. When the three corpses entered the earth world, the earth world was turned upside down. Therefore, I don't want any strong in the underworld. The person entered the earth world again, so..."

"I understand, leave the gate of the forbidden zone to me! By the way, there is someone in my temple that you should probably meet. If you can, you can take her to the secret realm to try it out!" The mysterious woman moved her heart. The figure flew out from the spear of the sky in her hands.

Chapter 5075: : Sanlu Shangqing's troubles

The woman who came out of the Heavenly Qiong Spear was not someone else, but the female domain master.

At first, a strand of soul entered the earth world, and then this strand of soul was reborn in the earth world as the female domain master of Situ Ningbing.

In the past thirty years, the Super God family frantically attacked the Venerable Kingdom, the domain master, etc., which were related to Li Tian, and the female domain master was also not spared.

The mysterious goddess didn't know what the reason was, so she rescued the female domain master, and then took her to Wanshen Mountain to let her continue her practice. By the way, she gave a few pointers.

I have to say that the progress of the female domain master's cultivation level is still good.

Her cultivation realm has reached the ninth level of the domain master, and it is only a line away from the super domain master realm.

Summoned by the mysterious woman, the female domain master saluted the mysterious woman slightly, and then stood behind the female domain master obediently.

The female domain master is still cold, but she now has no arrogant capital in front of Li Tian.

Li Tian, the little person who could be squeezed by her at will, has now become a powerhouse at the ninth level of the Transcendent Master, and Situ Ningbing's cultivation level is far higher than her.

I have to say that life is really full of drama, 30 years in Hedong, 30 years in Hexi!

But Li Tian didn't reject the female domain master. After all, this guy was almost the same as Situ Ningbing from his appearance.

If the female domain master is also collected, and then put together with Situ Ningbing, then they will be twins!

That picture...

Hahaha!

As soon as a smile appeared at the corner of Li Tian's mouth, he immediately closed it.

In front of the mysterious woman, he dare not make any trouble.

"I gave her a new name, her name is Situ Qingning, let her follow you from now on!" said the mysterious woman.

Situ Lime!

Tsk tsk, even the name is based on Situ Ningbing's name.

It seems that in the future, the female domain master and Situ Ningbing will no longer have the difference between the deity and the clone, and the two should exist independently of each other.

"Senior arranged for her to follow me into the secret realm. I will definitely not refuse, but I still have to go to the Sanlu Super God family now. It might be inconvenient to take her with her. Therefore, if Senior allows me, I want her to go first. Nether Academy, let her wait for me in Nether Academy. Isn't this a neglect of seniors?" Li Tian asked.

"Get out! Do you think I didn't know what was in your mind just now?"

Before Li Tian had time to explain, the mysterious woman waved her hand and he only felt a flower in front of him. Li Tian found that he had appeared at the bottom of Wanshen Mountain and Li Mu was holding a few dead bones at this time.

"father....."

Li Tian's sudden appearance shocked Li Mu, and then the dry bones in his hand were instantly crushed by Li Mu.

"What's so fun about these dry bones?"

"Father, you must have never imagined that among these dry bones there will be the dry bones of a demigod-level powerhouse. I found a lot of demigod-level crystals here, hehe..." Li Mu, like a child, stretched out his hand triumphantly. , Showing Li Tian the crystals he had obtained, "Unfortunately, many of these demi-god-level crystals have been broken, and the spiritual power in the crystals has been consumed very seriously. I really can't understand that the Netherworld is such

a treasure of cultivation. With so many crystals, why don't the experts of the Nether Realm come here to practice!"

Li Mu still looked puzzled.

Li Tian really wanted to slap Li Mu's head.

This is the Wanshen Mountain, where the mysterious woman exists.

The strong man didn't want to live anymore, so he dared to come here to die!

"You just have to think about why these dead bones appeared here, and you will understand everything!"

"Could it be...that mysterious woman?" Li Mu's face was full of shock!

Li Tian looked relieved, "Probably only if we enter here will Wanshen Mountain be so safe and sound! Let's go, the things here have been done, let's go to the Sanlu Super God Family!"

...

Territory of the Sanlu Super God family.

After thirty years of expansion, the territory of the Sanlu Super God Family is now broader than ever before.

But Sanlu Shangqing couldn't be happy.

Just now, the super domain master-level powerhouse sent by the Sanlu Super God Family to the Nether Academy came back.

At the beginning, the Sanlu Super God family had sent out nearly forty super domain master-level powerhouses, which was almost the entire number of super-domain master-level powerhouses in the Sanlu super **** family.

But...but only a dozen **** people came back, and the other superdomain master-level experts all stayed in the Nether Academy.

Of course, he was not staying in the Nether Academy as a guest, but he had died.

This is the heaviest loss of the Sanlu Super God Family in nearly ten thousand years, and it has even shaken the foundation of the San Lu Super God Family.

"The words of the Hui chieftain are Li Tian! We did not expect that Li Tian has already returned to the Nether Academy! And... and as Miss Shulan said, the members of the Li Tian army are very powerful, and the general realm has reached the super domain. We are not their opponents at all in the early and middle stages of the ninth level!"

The corner of Sanlu Shangqing's eyes twitched slightly, and she couldn't help sighing in anger.

When Sanlu Shulan returned to the family, Sanlu Shangqing was a happy one.

The daughter who had been young for more than 30 years returned safely, and her cultivation realm had reached the superdomain master level. This was indeed something to be happy about.

What makes Sanlv Shangqing even more happy is that the other three super-sacred families highly praise Sanlv Shulan, and they desperately praise Sanlv Shulan, saying that Sanlu Shulan played a

vital role in destroying the sea monster clan. , And sent a few skins of crystals to the Sanlu Super God Family, saying that those crystals were obtained by San Lu Shulan for the San Lu Super God Family.

Those crystals were naturally plundered from the dead of the Sea-Monster Clan, and many crystals still had a strong smell of sea, but Sanlu Shangqing didn't care at all, he was still happy to accept it.

Nonsense, there are demi-god crystals among these crystals, which is what Sanlu Shangqing would dream of!

Later, although Sanlu Shulan persuaded Sanlu Shangqing many times, saying that the Li Tianjun regiment was strong, saying that the Li Tianjun regiment would definitely come back, and that she was framed by the other three super **** families, but what happened to Sanlu Shangqing? I can't listen.

Li Tianjun is strong?

So how can it be, it's just a group of mobs who have not yet reached the semi-god level.

Almost all the patriarchs of the Super God family should reach the level of demigod, and that demigod will not abuse his entire Li Tian army casually!

Besides, the widows of the Super God Family have broken out one after another, and the power of the Demigod has become the absolute core of the Super God Family. Not to mention Li Tian, even the mysterious woman of the Wanshen Mountain will be upset by them sooner or later!

But now..., Sanlu Shangqing feels a deep pain!

The only good news is that the other three super **** families have suffered similar losses. This makes the Sanlu Super God family not lagging behind in the competition between the super **** families. At this moment, Sanlu Shangqing suddenly felt a sense A strong spiritual power fluctuation came from somewhere in the family mansion, and a loud noise came immediately in that direction.

boom!

Chapter 5076: : Scream

The earth is shaking!

"Chu Jiangnan, I will **** your grandma!"

Sanlu Shangqing was furious in an instant, and his figure disappeared in a flash.

The enchanted Chu Jiangnan didn't know what medicine he had taken wrong. In the past two days, he was always looking for trouble with the Sanlu Super God family.

There are many demi-god-level powerhouses in the Sanlu Super God family, but these demi-god-level powerhouses are not the little ones who look after the family nursing home. As the family widow, they certainly can't stand by and wait for Chu Jiangnan to find trouble.

But after all, the widows are members of the super **** family, and the widows are also responsible for solving problems. Therefore, every time Chu Jiangnan comes to the Sanlu Super God family to make trouble, the demigod widows will immediately stop practicing and rush out.

However, Chu Jiangnan had disappeared in an instant when the widows rushed out to obtain Ecuador.

The elders can only give up!

But...but...but...as long as the elders relax, no, I am afraid that it does not relax, as long as the elders return to the training room to continue practicing, Chu Jiangnan will come back again.

If Chu Jiangnan's goal is only the widows, Sanlu Shangqing doesn't have to worry. After Chu Jiangnan harassed the Donggong Super God Clan, now the three or five widows of the San Lu Super God Clan have established a practice. The team, several demi-god-level powerhouses are practicing at the same time, not afraid that Chu Jiangnan will come to target these elders, or that Chu Jiangnan will not come.

It's just that the preparations of the Sanlu Super God Family are obviously useless.

The elders are ready, but Chu Jiangnan's goal is not the elders.

Chu Jiangnan's goal may be chickens in the Sanlu Super God family's mansion, or dogs, possibly the buildings of the San Lu Super God family, and most likely the domain owners of the San Lu Super God family, Super domain master-level powerhouse, Chu Jiangnan enters and exits so repeatedly, the Sanlu Super God family is restless.

Sanlu Shangqing was too troubled, but also temporarily helpless.

The main reason is that Chu Jiangnan's cultivation strength has been greatly improved after being enchanted. Now, Chu Jiangnan's cultivation level is definitely the top level among demi-god powerhouses. It is conservatively estimated that Chu Jiang's cultivation level has now At the peak of the demigod, otherwise, the elders of the four super-god families will not let Chu Jiangnan escape.

Among the four super **** families, only a few widows are Chu Jiangnan's opponents. If you want to kill Chu Jiangnan and turn Chu Jiangnan's body into a corpse, you must have the demigod rank of the Sanlu Super God family. All the strong are dispatched, and the most important prerequisite is that Chu Jiangnan loves the battle and does not escape, otherwise, everything is ha ha!

Chu Jiangnan, who was enchanted, was a lunatic.

For whom, whoever is uncomfortable.

Huh!

Huh!

Huh!

The figure of Sanlu Shangqing appeared in the explosion area instantly.

This was originally the ancestral hall of the Sanlu Super God Family. The strong people with the super realm master level of the San Lu Super God Family and above will be sent here and enshrined, but now this is built by the Xu Ling family The nine-story ancestral hall has been toppled over, and it has been destroyed in a disarray.

Also appearing here are the other four widows of the Sanlu Super God Family.

The cultivation level of these four elders has reached the mid-stage demigod or the peak of the demigod, but they came quickly, Chu Jiangnan escaped faster, this guy Chu Jiangnan definitely ran away with a punch, and waited until they arrived. At this time, Chu Jiangnan was no longer here.

"This bastard! Runs faster than rabbits!"

Sanlu Shangqing was so angry that he really wanted to eat the meat of Chu Jiangnan and drink the blood of Chu Jiangnan!

Several elders looked at each other.

These elders felt disdainful of Chu Jiangnan's hooliganism, but they were also helpless.

It's like a bear kid who always hits your glass with a slingshot. You don't know when he will come. Anyway, he will turn around and run away as soon as he finishes the shot. When you chase it out, that guy has already escaped.

"Dear old widows, this is no way to go on like this. If Chu Jiangnan continues to make trouble like this, the face of our Sanlu Super God family will be lost, and... Dear widows, this is the ancestral hall of our San Lu Super God family. This time, Chu Jiangnan, a ***** might attack the ancestral hall, maybe next time this ***** will dig the ancestral grave of our Sanlu Super God family! Please come up with some methods, or Sanlu Chao The God Family really has no peace!" Sanlu Shangqing bowed to several elders and said with a bitter expression.

Several elders looked at each other and sighed at the same time.

"From my personal feeling, Chu Jiangnan looks normal. He seems to want to use this method to put pressure on our Super God family and want our Super God family to retreat from the Netherworld Academy. Although the guy has been enchanted, he still has deep feelings for Netherworld Academy. In that case, we can take advantage of Chu Jiangnan's weakness!" said one of the silver-haired elders.

"How to use it?" Sanlu Shangqing asked.

The elder reached out his hand and touched his beard, and said confidently, "We will target whatever he cares about. Since Chu Jiangnan cares about Nether Academy, then we will target Nether Academy, as long as we can capture the old dean and senior elder of Nether Academy. After waiting for many elders, I don't believe that Chu Jiangnan will be the bait when the time comes. But...At that time, we will need the cooperation of the widows of other super ***** families, and we must kill Chu Jiangnan in one fell swoop! I don't know if the super domain masters we sent to the Nether Academy have captured the Nether Academy, I hope they did not kill the old principal and the elder by mistake!"

Sanlu Shangqing suddenly felt a touch of sadness, "You elders, I'm afraid... I'm afraid I disappointed everyone! Just now, the superdomain master-level powerhouses we sent out came back, but..."

"Could it be that the old dean and the elder of the Nether Academy have been beheaded? If this is the case, it would be a bit troublesome..."

"No..., don't get me wrong, you elders, the Netherworld Academy is safe and sound. It was the powerhouse sent by our four super ***** families and was besieged by the Li Tian army. It was more than one hundred and fifty super domain master-level powerhouses who finally escaped.

There are only about fifty people, and only a dozen of our Sanlu Super God Family escaped back!" Sanlu Shangqing felt his face hurt.

"what....."

Several elders were shocked by the news.

The four super **** families have fallen to nearly a hundred super domain master level powerhouses, this news is too shocking.

"If I'm not wrong, the patriarchs and elders of the other great super **** families will soon go to the nether academy, and they are bound to level the nether academy, but... our Sanlu super **** family has been caught by Chu Jiangnan. People are entangled, if we rush all the members out, the mansion and territory of our Sanlu Super God Family will definitely suffer severe damage..." Sanlu Shangqing said bitterly.

"Now it seems that we can only adopt the second plan: stay on the ground and wait for the rabbit! Patriarch, you lead five or six elders to the Nether Academy, and round with the elders of other super **** families, level the Nether Academy, and be sure to capture the old principal alive. He and the great elders and other elder-level powerhouses, and our remaining elders stay in the Sanlu Super God family and are responsible for protecting the family territory."

...

On a mountain dozens of kilometers away from the Sanlu Super God Family Mansion, Chu Jiangnan stood on the top of the mountain and looked at the direction of the Sanlu Super God Family Mansion, "Li Tian, presumably now you have sneaked in! I can only help. You are here!"

Half an hour ago.

Li Tian and Li Mu have sneaked into the Sanlu Super God Family.

By randomly grabbing an entourage in the Sanlu Super God family, Li Tian knew that Sanlu Shulan's residence was next to the residence of Sanlu Shangqing. Now the head of the Sanlu Super God family and the widows in the family have returned. At the mansion, Li Tian and Li Mu wanted to escape Sanlu Shangqing, a demigod powerhouse, and sneak into Sanlu Shulan's boudoir. The difficulty can be imagined.

If you are not careful, Li Tian and Li Mu will alarm Sanlu Shangqing, and Li Tian and Li Mu may be in danger.

If there is Void Yasha with him, Li Tian and Li Mu may still have some bottom in their hearts. Now Void Yasha has followed Situ Ningbing to the Nether Cry Sea. If once discovered by San Lu Shangqing, then Li Tian and Li Mu I am afraid that all the elders in the Sanlu Super God Family will be chased and killed.

This picture is not what Li Tian wants to see.

There is no alternative, Li Tian can only persuade Li Mu to temporarily give up meeting with Sanlu Shulan.

At this moment, Li Tian unexpectedly discovered Chu Jiangnan, this guy was actually preparing to attack the super domain masters who were returning to the Sanlu Super God family.

Chu Jiangnan has indeed been enchanted. His appearance seems to have undergone certain changes. There is a fierce light in his eyes, and it seems that he may be angry at any time, but Chu Jiangnan has not lost his mind, even if Li Tian has changed his appearance now. Chu Jiangnan can also remember Li Tian clearly.

After some communication, Li Tian knew that Chu Jiangnan, who had been enchanted, was only unable to control the killing impulse in his body for many times, and some changes had taken place in the external model of his body. Other than that, Chu Jiangnan was no different from a normal person, and Li Tian knew The trouble for Chu Jiangnan to find the Super God Family is to use this method to let the Super God Family know that there are demigod-level powerhouses in the Nether Academy. If the Super God Family dared to attack the Nether Academy, he would be a ghost and haunt him. Super **** family.

It is a pity that the four super **** families did not take Chu Jiangnan to heart. The four super **** families sent more than 150 super domain master-level powerhouses to besiege the Netherworld Academy, and then the widows of the super **** family also started. Pursue Chu Jiangnan.

Chu Jiangnan knew that he could not save the Netherworld Academy, so while getting rid of the chase of the elders of the Super God family, he constantly attacked the territories and residences of the East Palace and the Sanlu Super God family.

Now, more than half of the mansion of the Donggong Super God family, covering an area of tens of square kilometers, has been destroyed in the hands of Chu Jiangnan. After the widows of the Donggong Super God family began to fully guard, Chu Jiangnan immediately came to Sanlu Super God. Family, harass the Sanlu Super God Family.

Every time Chu Jiangnan enters the residence of the Sanlu Super God family, it will inevitably kill several powerful men, followers, or poultry and animals of the San Lu Super God family. Now Chu Jiangnan has already engaged the Sanlu Super God family. It is the restlessness.

"Hey, how difficult is it to enter the core area of the Sanlu Super God Family? You can go without worry, I will collapse the Sanlu Super God Family's ancestral hall and bring the attention of the Sanlu Super God Family powerhouse Li Du is attracted in my direction, and the old boy Sanlu Shangqing is attracted to the past. When the time comes, you will walk in with a swagger." Chu Jiangnan said swornly.

This is a strategy played by the ancestors of the Chinese people in the earth world. I didn't expect that the old natives of the Underworld would also play a strategy. Don't even mention that Chu Jiangnan's trick is just like playing with the sound. Mu and Li Tian have now successfully sneaked in.

In the quaint boudoir, Sanlu Shulan looked at Li Mu with tears in her eyes, "Moen, listen to me to explain, things are not what you know!"

Chapter 5077: : Sudden change

Only Li Mu and Sanlu Shulan were in the boudoir.

Xiaobiesheng was newly married. The meeting should be a joy. At this time, the two should be hugging each other tightly. If Li Tian was not outside the boudoir, perhaps Li Mu and Sanlu Shulan should hurry up. , But... Now Li Mu's eyes were full of anger, Sanlu Shulan's eyes were tearful, and there was a feeling of tension in the room.

"Explanation? Well, I risked my death to come here today to hear an explanation from you!" Li Mu said angrily.

Sanlu Shulan was very sad, tears wailing, "Li Mu, you know me, I will never betray you, and before returning from the metal world, I have told Lord Li Tian that I would persuade my father and The Li Tianjun shook hands and made peace. This is an accident! It was the Super God Family of Xiuyu and the Super God Family of Donggong who deceived me and gave me a set!"

With that said, Sanlu Shulan told Li Mu in detail what happened.

"Li Mu, I'm sorry! I know it is my stupidity that makes Donggong Zhentian and Xiuyu lonely to take advantage of, but...but...I really didn't mean to harm the Sea-Monster Clan, I...I...you know How did I get through these days? I just want to wait until you come back and I will give you an explanation, and then I personally say sorry to Master Li Tian. After that, you have to kill and listen to you, I will never have any Resentment, any resistance!" Sanlu Shulan cried and said.

Sanlu Shulan has lost weight, and her mental state is not good.

You must know that a strong person who has reached the realm of the superdomain master, even if it doesn't apply anything for several years, can maintain the normal functioning of the body only by relying on spiritual power, and this will never happen, but now Sanlu Shulan It's just that I haven't seen Li Mu for just a month, and it has become like this, which shows how Sanlv Shulan's life is this month.

After listening to Sanlu Shulan's explanation, Li Mu felt a little loose in his heart.

Li Mu and the Sea-Monster Clan didn't have much deep feelings, and even the Sea-Monster Clan's subconscious thought Li Mu had little to do with him.

So when he could feel the grievance of Sanlu Shulan, and also the sadness of Sanlu Shulan, Li Mu was already soft-hearted.

Li Mu wanted to walk to Sanlu Shulan, put his arm around Sanlu Shulan, and then told Sanlu Shulan that he would not blame her.

But... thinking of the helpless eyes of the half-mother Li Wuque, Li Mu couldn't help feeling a little bit more hate in his heart.

Li Mu wanted to accept Sanlu Shulan's explanation, but he couldn't!

To use a bad word to describe the love between Sanlv Shulan and Li Mu, it is Nie Yuan.

It was originally the children of hostile parties, it was not easy for them to fall in love.

Before that, Li Mu and Sanlu Shulan had made all kinds of preparations. In the metal world, Li Mu and Sanlu Shulan's feelings were due to Li Tian's acquiescence, so they both saw hope, but All this was ruined by the destruction of the Sea-Monster Clan. Li Mu could hardly imagine how he would face Li Tian and the same father Li Wuque and Li Xiaoyu if Sanlu Shulan became his woman. Half-brother and sister.

Sanlu Shulan had already explained it, but Li Mu's eyes gradually became hollow, without saying a word.

Sanlv Shulan looked at Li Mu eagerly. The performance of Li Mu has already made Sanlv Shulan feel like a knife cut, "Li...Li Mu, you speak, whether you beat me and scold me, you are here When

you talk, you don't say a word like this, you make me feel very strange, you make me feel very scared!"

A wry smile appeared on Li Mu's face.

Talk, what to say?

Seeing Sanlu Shulan's miserable and sad appearance, Li Mu wanted to speak, but he felt his throat dry again.

"Say...what? Are you asking me to say forgive you? Sanlu Shulan, I...I can forgive you, but how do I face my father, how do I face my half-brothers and sisters? , And...the Sea-Monster Clan who survived..." Li Mu wanted to love bravely, but he couldn't help but consider realistic issues, "Sanlu Shulan, are you willing to give up your parents and family for me? Is your entire Sanlu Super God Family?"

Sanlu Shulan's expression was startled, she seemed to be lost in thought, but soon she shook her head slowly, she couldn't do it!

Li Mu smiled bitterly, "You can't do it, and I can't do the same! We were originally...a mistake together! Now this mistake has not reached the point where it is irreversible. We will not meet again in the future. This is the last time I have come to see you. Sanlu Shulan, how do you do it yourself!"

"Do not!"

Li Mu turned to leave, Sanlu Shulan rushed forward and hugged Li Mu from behind.

"Li Mu, you can't go! You are my first man in Sanlu Shulan, and also my only man. Li Mu, I know I was wrong, please don't leave me, you take me to see Li Lord Tian, let me explain to Lord Li Tian that I will bear all the mistakes, but please don't leave me!"

Sanlu Shulan's tears wet the clothes behind Li Mu, and Li Mu's heart began to fluctuate again.

The conversation between Li Mu and Sanlu Shulan Li Tian heard clearly.

Hey!

Li Tianchang sighed.

Li Tian is also very tangled in his heart now.

Sanlu Shulan's explanation Li Tian believed seven or eight points. He believed that Sanlu Shulan was not intentional. It was just that the **** enmity of the Sea-Monster tribe could not be solved with a single sentence of sorry. If Sanlu Shulan followed Li Mu, then the next three Lu Shulan was bound to endure a lot of pressure, more pressure than she would have to endure with Li Mu in the metal world.

Li Mu is the eldest son, and his cultivation level is also the strongest among Li Tian's children.

If it were in the earth world, Li Mu might have already married, married, and had children, but because Li Mu followed Li Tian to the Netherworld, he chose to fight with Li Tian. Until now, Li Mu met a girl he likes, so no matter what Li Mu will support him whatever choice he makes!

But Li Tian was not willing to intervene, he was waiting for Li Mu to make a choice.

If Li Mu chooses to forgive Sanlv Shulan, as long as Li Mu walks out with Sanlv Shulan's hand and tells Li Tian, then Li Tian will take care of the rest.

Is the attitude of the Kraken Clan important?

Outside of Haiqin, Li Xiaoyu, and Li Wuque, the powerhouse of the Sea-Monster clan is also dispensable for Li Tian.

Now Haiqin has soared, and what remains is the problems of Li Xiaoyu and Li Wuque.

Although Li Mu, Li Xiaoyu and Li Wuque are half-parents, Li Tian also has his own ideas and plans. Li Xiaoyu and Li Wuque will definitely be left in the Underworld by Li Tian in the future, and Li Tian can give them what they want everything they want, but they will definitely not take them with them.

If their cultivation level can cultivate to a demigod, they are willing to fly to the gods to find Haiqin, that is their ability, Li Tian will not stop it.

But Li Mu is definitely different. Li Mu is Li Tian's eldest son, and his current cultivation level and strength are closest to Li Tian, and Li Mu also has this willingness to follow Li Tian, so Li Tian is willing to take Li Mu into the secret realm. , Into the ghost mythical creature, and even finally into the gods.

As for the Sanlu Super God Family, Li Tian is also not worried.

Damn, after Li Tian and Li Tian's legions generally reach the level of demigod, Li Tian will find the Super God family to settle accounts. Seeing Sanlv Shulan's face, Li Tian is willing to give Sanlv a favor A face, willing to leave him a dog's life, but the other powerhouses of the Sanlu Super God family, the other powerhouses of the Donggong, Xiuyu, and the White Horse Super God family, especially the powerhouses of the demigod and super domain master realm must die!

Li Tian condensed his spiritual power, and he hid his figure in the shadow outside Sanlu Shulan's boudoir.

At this time, Li Tian could feel that there were faint spiritual power fluctuations everywhere in the Sanlu Super God family. This was the super domain master-level powerhouse and the elders who were gathering. It seemed that the San Lu Super God family was ready to set off as if the Nether Academy.

It can't be delayed anymore. Once the elders of the Super God Family are allowed to enter the Nether Academy, the plan of Li Tian and others to enter the underground library of the Nether Academy may be ruined, and they may be in danger by then, not only that. Both Li Tian and Li Mu need to be more careful when leaving the Sanlu Super God Family.

Tuk tuk!

Li Tian gently knocked on the wooden window of Sanlu Shulan's boudoir.

In the boudoir, Li Mu was slightly startled.

"Sanlv Shulan, we...we have too many involuntary things! If you are willing to give up the whole family, then Li Mu is also willing to bear all kinds of pressure, but unfortunately... When I asked you just now, you hesitated. And... you have already said that you can't give up your Sanlu Super

God Family, we are destined to have no way to be together! Sanlu Shulan, let go!" There was a layer of mist in Li Mu's eyes.

"I... I won't let go. If I let go, you will disappear in front of my eyes, and we may really be over!"

"Shulan, it's not that we don't love each other enough, but...Since it is a mistake that we are together, let this mistake end as soon as possible!"

"No!" Sanlu Shulan Jiesdili shouted: "I don't want to end! Li Mu, you bastard, if you killed me in the metal world, I wouldn't be so painful, nor would I. If you make mistakes, you will not be loved or hated by you. For thirty years, for thirty years, I have been following you, and my heart has long been tied to you. You know what, when I was knowing that Donggong and the Xiuyu Super God Family used me, did you know that I was in pain? I thought of death. At that time, I would rather die in the sea of crying in the dark, so that you will always remember me. But...God Without accepting me, Master Haiqin soared, dark clouds covered, and the sky thunder rolled. I don't know how many superdomain master-level powerhouses died under the sky thunder, but I was safe and sound. Later... I saw Li Wuque, it was me. After saving Li Wuque, I want to redeem my sins!"

At this time, Sanlu Shulan still has the slightest appearance of a super domain master-level master, crying like a girl who is broken in love, and now this girl is holding her man tightly, almost in a begging tone I was talking to Li Mu, "Li Mu, I changed my mind. I am willing to give up everything for you. You take me to see Lord Li Tian, I will explain...I...I...really don't want to. I really can't bear it!"

Outside the window, Li Tian was also moved by Sanlu Shulan's desperate love.

Who the **** hasn't been young, who hasn't been in love before, but there are a few people who can love themselves like Sanlu Shulan.

It is difficult to predict the future result, but Sanlu Shulan has now made a choice.

"Boy, it's rare to meet such a girl who likes you. This is your blessing, so let's go! As for tomorrow's affairs, who knows what will happen?" Li Tian thought in his heart, but he did not say Export.

At this moment, something happened suddenly.

Huh!

Huh!

Huh!

Several figures in a row fell on the small courtyard, roof, and fence where Sanlu Shulan's boudoir was located. At least seven widows of the Sanlu Super God family surrounded Li Tian and others, and there were a few more divine consciousnesses in an instant. Li Tian, Li Mu, and even Sanlu Shulan were locked separately!

Sanlu Shangqing appeared in the courtyard, unable to see the expression on his face.

"Shulan, my dear daughter, if you leave our Sanlu Super God Family like this, I will definitely be sad, but...hehe, everything is solved now! You like that kid, I can keep him a dog, To perfect you, but in the future you will stay in the Sanlv Super God Family obediently!" After Sanlv Shangqing said this to Sanlv Shulan's boudoir, he turned around and stared at Li Tian, his face. At last there was a sneer.

"Li Tian, we finally meet!"

Chapter 5078: :forever and ever!

I fuck!

This is Li Tian's mood now!

No, Li Tian's mood is hard to sum up with these two words.

This feeling is even more disgusting than a dog!

Numb!

I just had a good feeling for Sanlu Shulan, but because of Sanlu Shulan's pig-killing ghost cry and wolf howling attracted Sanlu Shangqing and others, Li Tian had no good feelings in his heart!

If time can go back, Li Tian would rather take Sanlu Shulan directly, and wait until a safe place to let Sanlu Shulan and Li Mu continue their love for their children!

boom!

When danger came, Li Mu in the room shook off Sanlu Shulan, broke out the window, rolled on the ground and got up and immediately leaned against Li Tian.

It can be seen that Li Mu is very nervous!

Although the little guy's gaze quickly swept over the god-level powerhouses of the super **** family that had surrounded them, seemingly wondering how to get out of here, but when he realized that the realm of the cultivation of these elders was far away from him When he was with Li Tianshang, the little guy's face still showed a trace of panic involuntarily.

"My father, we..."

Li Tian stretched out his hand to hold Li Mu's trembling arm, and said, "Don't worry, as long as you and I are there, absolutely no one can hurt you!"

"Hahaha! What an arrogant guy! I have known that Li Tian is famous for being able to pretend, but I didn't expect to meet up to be more famous! Today I want to see and see, you are only the ninth-level pinnacle realm of the superdomain master How can we escape from our Sanlu Super God family!" Sanlu Shangqing smiled sarcastically on her face.

Sanlv Shangqing's mood suddenly improved a lot.

Li Tian, the guy in front of him is Li Tian who has caused the four super **** families to suffer. He didn't expect to throw himself into the net and send him to the door.

There is really no way to go in heaven, and no way to hell, you break in.

In the eyes of Sanlu Shangqing, Li Tian is no different from a super fat sheep.

As long as Li Tian can be taken down, then the Sanlu Super God Family can obtain all of Li Tian's treasures, countless crystals, and artifacts.

These things can make the Sanlu Super God Family rise quickly, and they can quickly make the San Lu Super God Family stand out among the four Super God families.

Even Sanlu Shangqing can imagine a bright future.

For example, after the four super **** families unify the Nether realm, the Sanlu Super God family will take away the East Palace, Xiuyu, and White Horse Super God Family by the way, the beautiful new Nether!

"Do you really want to see? Sanlu Shangqing, I advise you not to force me, if I go crazy, I will even be afraid of myself! Don't tear down your entire Sanlu Super God family then!" Li Tian's face was as usual, and he said calmly.

Does Li Tian have this ability?

There is an egg!

If Li Tian owns twelve artifacts, Li Tian can of course fuse twelve artifacts and instantly elevate the cultivation realm to the semi-god realm. He can also fight against the elders of the Sanlu Super God family, but, In the metal world, when Li Tian broke through the void, the twelve artifacts remained in Li Tian's heart because of the existence of the soul in Red Slash. The other eleven artifacts fell apart in an instant, moving towards the void. Fly in different directions.

Although Li Tian and others were quick and quick, they started to work, but there were only eight artifacts that fell into the hands of the Li Tianjun regiment, and not all of these artifacts were in Li Tian's hands. So Sanlu Shangqing was right. Li Tian now It's pretending to be force, and it's forcing it.

But Li Tian is not completely unrelieved.

Li Tian now has a lot of demi-god, even quasi-god, and god-level crystals. If he is rushed by a guy from the Sanlu Super-God family, Li Tian doesn't mind swallowing a quasi-god or even a god-level crystal directly. Forcing a breakthrough, of course, even if the breakthrough is unsuccessful, Li Tian still has the great blue dragon in his heart, and Li Tian can still use the power of the great blue dragon and the power of the red wing **** outfit.

"Hahaha, it's interesting! If we are not in a hostile relationship, I would really like to chat with you and watch you quietly pretend to be forced, but unfortunately... I know you too well, my daughter Sanlu After Shulan came back, I have already figured out all the circumstances of you and the Li Tianjun regiment. You Li Tian is indeed a rare cultivator genius, and your cultivation strength is indeed very strong. It can even be said that you are now It's invincible under a demigod!" Sanlu Shangqing was analyzing this Li Tian confidently. He paused on purpose when he said that, and then said with a smile: "Unfortunately, your true strength is limited to this!"

"Father! I don't allow you to hurt them!" Sanlu Shulan rushed out from the boudoir, blocked Li Mu with her body and blocked Li Tian by the way, shouting sharply.

Sanlu Shangqing's eyebrows twitched slightly. He seemed to have expected that Sanlu Shulan would come out to stop him, so in an instant, Sanlu Shangqing returned to normal, "Sanlu Shulan, just now and this kid I can almost hear every word that I say, for this kid you are willing to give up the entire super **** family, hehe, I never thought that my Sanlu Shangqing would give birth to a courageous daughter like you, but... you are willing to do it for this The kid gave up the super **** family, my Sanlu Shangqing will not give up the entire super **** family because of your daughter! Now roll aside immediately, I promise to leave this kid's life to you...otherwise..."

"Father! Is there no way for our Sanlu Super God Family to coexist with Li Tianjun? Do you want to put the entire San Lu Super God family into a dangerous situation for the so-called false name? Father, please don't be obsessed with it. That's it!" Sanlu Shulan cried and begged.

Since childhood, Sanlv Shangqing has been the hero in Sanlv Shulan's mind.

In the eyes of Sanlv Shulan, Sanlv Shangqing seemed to be omnipotent, and Sanlv Shangqing seemed to be able to resolve any difficulties.

However, after Sanlu Shulan met Li Tian, Sanlu Shulan knew that there was more than one hero in this world.

When Li Tianchu came to the Netherworld, his cultivation was only the first level of the Venerable, but in just a few decades, Li Tian's current cultivation has reached the ninth level of the super domain master. There is not only Li Tian's luck, but also Li Tian's strength.

Now that Li Tian has so many crystals, Li Tian and the members of Li Tian's army are just around the corner.

Perhaps the Sanlu Super God Family can keep Li Tian here, but what about the other members of the Li Tian army?

Once the other powerhouses of the Li Tianjun regiment break through to the realm of the super domain master, then the next Sanlu Super God family may really have no peace.

And most importantly, Sanlu Shulan knew that Li Tian and the mysterious woman of Wanshen Mountain also had some kind of connection. The wrath of that mysterious woman was not something that the Sanlu Super God family could bear.

Unfortunately, Sanlu Shangqing did not think that Li Tian had a chance to stand up, and he believed that after Li Tian was beheaded, the Li Tian army would inevitably be without a leader, and the entire Li Tian army would soon be wiped out.

"It seems that you are already stubborn against the kid. If so, then I will fulfill you!" Sanlu Shangqing's spiritual power suddenly surged, and then Sanlu Shangqing casually pointed a finger with a golden spirit on the tip of her finger. Li Fei came out and directly pierced San Lu Shulan's heart!

"Be careful!"

Li Mu stretched out his hand to pull Sanlu Shulan, but how could his movements be faster than the half-god powerhouse Sanlu Shangqing!

puff!

This golden spiritual power pierced Sanlv Shulan's clothes, and pierced Sanlv Shulan's skin, blood spurted out.

Tick!

Tick!

The blood kept falling down the wound, and the clothes on Sanlu Shulan's chest was instantly dyed red with blood.

"I'll ask you one last sentence, don't you let me go!" Sanlu Shangqing asked coldly.

For a super careerist, the life and death of a daughter really cannot be compared with the rise of the entire super **** family.

"Father..." Sanlu Shulan's face was full of shock. She never thought that her father, the legal person who loved her the most, would actually attack her. At this moment, Sanlu Shulan was not in physical pain but heartache, although Sanlu Shangqing is still waiting for Sanlu Shulan's final reply, but Sanlu Shulan's heart is full of chills, "Father, what am I in your eyes? Is your daughter really...really inferior to you? Ambitious?"

"Shut up! You guy who abandoned the whole family for this kid is not qualified to say this! If you insist on sending you to death with this kid, then I can only fulfill you!" Sanlu Shangqing was furious, and his fingers moved forward again. Stabbed a point.

Sanlv Shulan's brows wrinkled slightly, and soon unfolded again. Sanlv Shulan turned to look back at Li Mu, her eyes full of nostalgia.

Li Mu suddenly felt distressed. He just stretched out his hand to pull Sanlu Shulan in his arms, blocking him, but he saw Sanlu Shulan's body rush forward.

puff!

That golden spiritual power directly pierced Sanlv Shulan's heart, and pierced out of Sanlv Shulan's back.

Tick!

Tick!

Blood began to drip from behind Sanlu Shulan again.

Li Tian was startled, he didn't expect Sanlu Shulan to make such a choice.

Sanlu Shangqing was shocked, he just wanted Sanlu Shulan to retreat.

The other powerhouses of the Sanlu Super God family were shocked, they did not expect that Sanlu Shulan would be so stubborn!

Li Mu rushed to Sanlu Shulan, and behind him he hugged Sanlu Shulan, who was covered in blood, in his arms. Tears finally couldn't stop flowing down. Li Mu wanted to take out the tree green from the space ring, but he continued. The crystals that were taken out several times were all crystals, huh, the crystals of the ninth-level peak realm of the Transcendent Lord fell to the ground, and there were a few demi-god-level crystals in it, but Li Mu had completely ignored it.

Sanlv Shulan reached out and grabbed Li Mu's hand, and said with a trembling voice: "Li...Li Mu, I said, I am willing to give up the whole family for you, I am willing to give up the whole world, now... now you believe me Have you said that? I...I really didn't mean to harm the Sea-Monster Clan, I really...I really like you very much! If...if possible, I would rather stay in the metal world with you forever. In that endless dark metal world, find a place to stay at will, just the two of us...forever...forever..."

Chapter 5079: : The rhythm of heads-up

Li Mu could feel that the signs of Sanlu Shulan's life were gradually disappearing.

The life of a cultivator is much more tenacious than ordinary people, just like Li Tian, this guy wandered on the edge of death after N times, but finally came alive.

In addition to Li Tian's pig's feet halo, the most important thing is Li Tian's sturdy body, strong vitality, and strong survival force. The same is true for other cultivators.

It's just that Sanlu Shulan's mental state was extremely poor for more than a month because of the Sea-Monster Clan's affairs, and Li Mu told her to break up, which made Sanlu Shulan unlovable. Now Sanlu Shulan wanted to die with all his heart, just wanting to die happily in Li Muhuai.

The most important thing is that Sanlu Shangqing's long thorns have pierced Sanlu Shulan's heart!

"Shulan, you will be fine! Don't sleep... please, wake up, don't sleep..." Li Mu's arms, palms, and body were covered with blood, and the hot blood made Li Mu feel He was flustered when he was burning. He wanted to hold down Sanlu Shulan's wound with his palm, and wanted to prevent the blood from flowing out of Sanlu Shulan's body, but this wound was a penetrating wound caused by the spiritual power of a demigod powerhouse, Li Mu The green trees used can't organize the blood to continuously flow out.

"Li Mu, I... I'm really tired and can die in your arms. This is the happiest thing in my life. If... If there is an afterlife, shall we all be ordinary people? Then I will have to When I meet you, I still want to like you. I want to marry you..."

"Well! I promise you... I promise you all!"

Click!

Click!

Li Mu's tears kept falling like broken beads. The tears had fascinated his eyes, but the blood flowing from the corner of Sanlu Shulan's mouth in Li Mu's eyes was even more dazzling. Li Mu stretched out his hand and wanted He wiped off the blood and wanted to kiss Sanlu Shulan to prove that he still loved her.

Sanlv Shulan slowly closed her eyes, two crystal clear tears squeezed out of the corner of her eye. It was not known whether it was because of pain or sadness, but the corner of Sanlu Shulan's mouth was slightly upward, revealing a trace. Sweet smile.

"Li...Li Mu...I am very happy to know you..."

Sanlv Shulan finally closed her eyes, her face was so peaceful.

Sanlv Shangqing was stupid.

His heart was shaking, his arms were shaking, and his voice was shaking.

"why?"

"why?"

"Why did you make such a choice? I raised you for so many years and cared for you for so many years. Isn't it as good as the thirty years you spent with this kid?"

Unfortunately, Sanlu Shulan was no longer able to answer his question.

The other elders of the Sanlu Super God Family sighed almost simultaneously.

There was a trace of compassion on their faces involuntarily, they felt compassion for Sanlu Shulan, and felt compassion for themselves.

Being born in a super **** family seems to be glorious, but how can outsiders know the true sadness?

The members of the Super God Family, for the glory of the Super God Family, and for the benefit of the Super God Family, are always ready to dedicate and sacrifice for the Super God Family.

no matter who.

Today is Sanlu Shulan, and it may be them in the future.

These elders seem to have seen their own destiny.

As members of the Sanlu Super God Family, the widows experienced the Battle of Wanshen Mountain ten thousand years ago. They were lucky enough to survive, but their widows were only slightly older and had a higher cultivation level. The status is also higher.

However, they are born into a super-god family and die as a super-god family ghost. Even if they fly into the gods, they still bear the mark of the super-god family, and they still have to pay for those who have entered the gods. struggle.

Li Tian secretly felt sorry for the girl Sanlu Shulan, and it was only a pity, and now he still has to consider how to get away from the super **** family on the third floor!

"Hey!"

Sanlu Shangqing's face changed, and she suddenly sneered, "Originally for my daughter, I was willing to leave you as a trash dog, but unfortunately... Since you like my daughter so much, and my daughter likes it so much. You, then you will stay here for the funeral of my daughter!"

The murderous aura on Sanlu Shangqing suddenly climbed, and the surging spiritual power flew out like needles.

Li Tian and Sanlu Shangqing are at least ten meters apart, but when Sanlu Shangqing releases his murderous intent, Li Tian can still feel a kind of fear!

This is the strength of the demigod powerhouse.

Li Tian knows that his current cultivation level is not yet an opponent of a demigod powerhouse, but... not being an opponent does not mean that Li Tian will be able to catch it! Li Tian began to use his spiritual power secretly, his mind moved, and the red wing **** outfit had instantly grown from behind him.

The huge wings made Li Tian, the scaly guy all over his body, look more like the Dragon Race of the Nether Realm, a little more majestic, and a little more domineering.

Immediately after Li Tian's heart position floated out of the ghost tooth mirror!

The Ghost Tooth Mirror skyrocketed, and Li Tian's upper body was quickly blocked behind the Ghost Tooth Mirror, and the ghost tooth thorns on the Ghost Tooth Mirror flashed with cold light, which made people feel that Li Tian had a few more on his body. Divide!

"This should be the Red Wing Divine Costume and the Ghost Tooth Mirror! The Red Wing Divine Costume that Sanlu Shulan particularly respected, it seems that Li Tian has something to do!"

"Hey, I didn't expect that Li Tian, in this state, would be close to a demigod in his cultivation level, and he is almost a powerful player in the same period as the White Horse King Kong!"

"Sacred weapon powerhouse! Sure enough, I am a magic weapon powerhouse! Since the mysterious woman of Wanshen Mountain fought over ten thousand years ago, I haven't seen an artifact powerhouse in ten thousand years. Today this guy will leave it to me to solve!"

"This is probably unrealistic. The best way to deal with the powerful artifact is to swarm up and kill this guy with the fastest speed! As for the artifact...hehe..." The widows of the Sanlu Super God family all geared up. I want to fight Li Tian, but the purpose of these elders is not just a simple trick.

There are not many artifacts in the entire Netherworld. Once you have a artifact, your cultivation realm will definitely be greatly improved.

It's just that, the artifact is not for anyone who is handsome, nor for whoever has a high cultivation level.

Everyone is the elder of the Sanlu Super God family, and if the cultivation level is almost the same, it will naturally be the one who grabs it!

"I won't bother you elders today. Li Tian and Li Mu must be solved by me personally. No one can intervene. As for the artifact, please rest assured that Li Tian has a total of twelve artifacts. Give to the survivor!" Sanlu Shangqing took a step forward and said with a sneer.

Is this the rhythm of heads-up?

Li Tian now only has two artifacts on his body, namely the Red Slash and the Ghost Tooth Mirror. As for the other six artifacts, they are all in the possession of other powerhouses. However, the Sanlu Shangqing wants Li Tian to single out. Li Tian's heart is happy, naturally. Will not expose him.

"Hahaha, I, Li Tian, have never killed a demi-god-level expert. Since you want to die, let the patriarch of the Sanlu super-god family become the first demi-god-level under my sword. Dead soul!"

Before the words fell, the figure moved!

Chapter 5080: : The finishing touch

Start first to be strong, then start to suffer.

Li Tian's cultivation level is weaker than Sanlu Shangqing, and it is almost impossible to win. If he wants to safely protect Li Mu from leaving here, Li Tian can only do his best!

Cack!

A Quasi-God Crystal was stuffed into Li Tian's mouth, and it was instantly crushed!

boom!

The powerful spiritual power of the quasi-god crystal began to spread from Li Tian's mouth. The ten most powerful spiritual powers escaped everywhere, and only a few of them were forcibly absorbed by Li Tian and entered the body veins. One, one percent, that is not something that the ninth-level peak power of the super domain master can absorb. This spiritual power has just poured

into Li Tian's body veins, and he immediately felt that his body veins were on fire. In general, wherever I go, I feel a hot pain.

The bones of his body were blasting like beans, and the dragon scales on Li Tian's body turned completely crimson, and the surging spiritual power continued to surge from Li Tian's body, like a curling flame, like Li Tian's. The body is already on fire.

Of course it was not the real flame, but the spiritual power in this quasi-god-level crystal.

At this time, Li Tian had teleported to Sanlu Shangqing!

Huh!

Huh!

Huh!

The red wing **** outfit behind Li Tian stabs Sanlu Shangqing from the left and right at the same time. At this time, Li Tian's red wing **** outfit also seemed to be on fire. The surging spiritual power even shocked Sanlu Shangqing.

"This... this guy is the ninth-level peak of the super domain master? This surging spiritual power may have surpassed the demigod-level powerhouse to release the most powerful spiritual power, right? It's hard to understand... is this guy devouring it? Demigod crystal? Yes! It must be so, otherwise, how could he release such a powerful spiritual power?" San Lu Shangqing thought to himself.

Li Tian's attack is very sharp. He can easily kill the man who can easily kill the ninth-level pinnacle power of the superdomain master. He doesn't do it, and the attack will continue as soon as he does it, like a rolling river. However, Sanlu Shangqing is a demigod-level powerhouse. Although Li Tian's attack is sharp, he can only say that he is idiotic and dreaming if he wants to seconds in an instant!

The figure of Sanlu Shangqing easily evaded the attack of Li Tian's red-winged **** outfit a few times easily, but he wanted to fight back, but suddenly found that a dozen giant purple dragons suddenly appeared in front of him, these dragons. The scales on his body were gleaming, and the roar of dragons rushed straight into the sky. The most important thing was that these flood dragons could unleash powerful dragon might.

It was Li Tian's dual purpose, using the red wing **** to attack Sanlu Shangqing, his left and right hands simultaneously cast "Eighteen Claws of the Dragon".

More than a dozen purple dragons continuously flew out of Li Tian's palms, and went straight to Sanlu Shangqing.

Ninety-nine purple dragons with powerful dragons encircled Sanlu Shangqing in an instant. The powerful Longwei wheel covers him, even if he wants to kill out of these 99 purple dragons, it's not easy. thing. However, it is not the best time for Li Tian to take Li Mu to escape. There are elders of the Sanlu Super God family, and Li Tian cannot escape!

Li Tian watched six ears and listened to all directions, secretly operating spiritual power.

"Fuck, the movement here is so big now, why isn't this guy Chu Jiang still doing it?"

The reason why Li Tian this guy was besieged by the Sanlu Super God family's version of the god-level powerhouse also showed calmness. In addition to the red wing divine outfit, in addition to the purple dragon, in addition to the wild blue dragon, his biggest support is Chu Jiangnan.

If Chu Jiangnan made the move, would it still be a matter to escape from here? Maybe you can slaughter a few powerhouses from the Sanlu Super God Family!

A smile appeared on Sanlu Shangqing's face, he felt happy from the bottom of his heart!

After the cultivation level reached a demigod, Sanlu Shangqing hadn't fought happily for a long time. The stronger Li Tian demonstrated, the higher Sanlu Shangqing's sense of accomplishment in defeating Li Tian, of course. The most important thing is that the stronger Li Tian's performance now is, the more it can explain the value of Li Tian's treasures!

Huh!

San Lu Shangqing stretched out his right hand and separated a claw, and a black pen suddenly appeared in his hand.

This black pen is called the finishing touch!

It is the only artifact in the Sanlu Super God family!

According to legend, the ancestor of the Sanlu Super God family, the ancestor who had reached the quasi-shen cultivation level but always suppressed the cultivation level and was unwilling to ascend. When he used this brush to draw the cyan dragon, the cyan dragon suddenly came alive. The ancestors of the Sanlu Super God family rose into the sky.

At this moment, dark clouds in the sky convolved, and the gate of heaven opened wide!

The ancestor of the Sanlu Super God family passively ascended to a god, and this finishing touch was left behind and became the weapon of the patriarch of the Sanlu Super God family.

Huh!

Sanlu Shangqing catches the finishing touches, draws a stroke in the air at will, and immediately there is a green dragon application!

Although this blue-colored flood dragon has not yet reached the level of demi-god level cultivation, it also carries a powerful divine power on its body, and... this blue flood dragon is actually a bit stronger than the purple flood dragon displayed by Li Tian. Two purple dragons were torn apart in between.

I got a big fuck!

Li Tian was really scared!

This paralyzed is a demigod?

Could demigods already create things out of thin air?

Fuck me!

Li Tian didn't dare to neglect, "Dragon and Eighteen Claws" came out again!

Can't you kill? Lao Tzu's ninety-nine purple dragons are not vegetarian, so Lao Tzu will play with you in a sea of people...Long sea tactics, see who can play to death!

Although the spiritual power possessed by Li Tian's slut's network is not as good as that of a demigod, the spiritual power cultivated in his heart chamber is much richer than that of a demigod.

Huh!

Sanlu Shangqing didn't care at all. This guy used the finishing touch to draw dragons in the air, and just a few breaths, four or five blue dragons were drawn by this guy and joined the battle.

Huh!

Sanlu Shangqing's figure flashed, and the finishing touch of the dragon in his hand suddenly stabbed forward, and it was in the middle of the eyes of a purple dragonfly released by Li Tian. The eyes of this purple dragonfly seemed to have come to life, and turned suddenly. One lap, and then... this purple flood dragon turned rebellious, and started to bite other purple flood dragons frantically.

Li Tian tried to control the dragon with his mind, but he found that he had lost contact with the purple dragon.

This purple dragon is now under the control of Shangqing Sanlu!

Li Tian was hurt!

This feeling is like playing an online game, you finally get a superb summoned beast, but it is stolen by a slut.

Huh!

Huh!

Huh!

Three Lu Shangqing attacked continuously, and seven or eight purple dragons became traitors!

"Hey, you have an artifact, and I also have an artifact, and... this artifact can display even stronger abilities in the hands of my demigod-level powerhouse, and in your hands, Li Tian, it is just a flashy ornament. Can't you release the purple water dragon? Hey, it won't take long before the purple water dragons you release will be under my control! What else do you have, just use it!" Sanlu Shangqing said triumphantly.

Seeing the triumphant appearance of this bitch, Li Tianzhen wanted to punch him in the face with a peach blossom, but Li Tian held back.

The corner of Li Tian's mouth turned up slightly, revealing a sneer: "Since you like to control the dragon that Lao Tzu releases, then try this. If you can control the dragon, Lao Tzu and your last name, if you can't, , You and Laozi's last name..."
