

A Killer 5081

Chapter 5081: : Murder and arson

Sanlu Shangqing felt that Li Tian did not have the slightest demeanor of a strong person, just like a local rogue.

As a strong man whose cultivation level has reached the peak of the ninth level of Super Domain Master, his words are so vulgar, which makes Sanlu Shangqing feel very embarrassed!

Sanlv Shangqing didn't want to answer Li Tian's words, but Li Tian's words also deeply stimulated him.

"Okay, let Lao Tzu see what you release..."

Before Sanlu Shangqing had finished speaking, he saw that the flame spiritual power on Li Tian's body had faded and replaced by blue spiritual power. At this time, a giant blue dragon appeared on top of Li Tian's head, this giant blue dragon. The size of the bucket has instantly reached the thickness of the bucket and several tens of feet long, but the body of this giant blue dragon is still swelling.

If this giant blue dragon only changes its body shape, then Sanlu Shangqing's face will not change at all, but... the dragon power released by this giant blue dragon is not at all the purple released by Li Tian before. The dragon is not comparable to the cyan dragon that Sanlu Shangqing drew with the finishing touch.

powerful!

Very powerful!

boom!

boom!

boom!

Continual explosions sounded around. The purple water dragons released by Li Tian and the blue water dragons painted by Sanlu Shangqing continued to explode. The explosive power of these dragons was extraordinary. Houses within a radius of several kilometers. As the dragon exploded, it collapsed continuously.

The ordinary powerhouses of the Sanlu Chaoshe family who were standing on these houses just now have suffered. Those with a slightly stronger level of cultivation can escape from the explosion, while the level of cultivation is relatively low. A disciple or a noble-level powerhouse did not even have a chance to escape.

The size of the dragon is still getting bigger, and now this huge and strong size has surpassed the largest size that Li Tian previously released in the metal world.

Sanlv Shangqing was shocked!

The widows of the Sanlu Super God Family were shocked!

"This... the cultivation realm of this giant dragon seems to have reached the half-god realm, and the dragon power released by the dragon seems to have reached the peak of the half-god realm!"

"What a terrifying dragon, what a powerful force! This wild blue dragon seems to be more difficult to deal with than Chu Jiangnan. All the elders present must work together, otherwise we might also be in danger!"

"I have heard of Li Tian's fame a long time ago, but I never thought that this guy would be so perverted! The cultivation realm of the ninth-level peak of the Transcendent Master could release a great and wild blue dragon whose strength reached the peak of a demigod. I don't know what this guy's body is made of!"

"Hey, guys, stay calm, if I'm not mistaken, it's because Li Tian swallowed the crystal just now. I guess the crystal he swallowed just now may have reached the Quasi-God level! Only the released prehistoric blue dragon will possess such strength and power. But...hehe, this situation will never last, and it will not take long before Li Tian's body veins will completely burst and die!"

The widowed elders were shocked and analyzed the reasons why Li Tian only became strong.

Li Tian and Li Mu were equally shocked.

"I...I'm going! Have my strength reached this level? Could it be...Isn't it possible that I can level the Super God Family without going to the secret realm anymore?" Li Tian felt ecstatic in his heart. Two more Quasi-God Crystals appeared in his hand.

"I'm paralyzed, I have crystals. I will have a good fight with the Sanlu Super God family today. If we can make the Sanlu Super God family upright and kill all the widows who rely on the old and sell the old, I will Li Tianjun. You can gain a foothold in the Netherworld, and you can gradually eradicate the Super God Family!"

Yin!

A dragon chant sounded over the mansion of the Sanlu Super God Family, and then a voice sounded in Li Tian's ear.

"Li Tian, if you want to die quickly, continue to swallow these crystals! This is a crystal of a quasi-god-level expert. It stands to reason that your current cultivation level can only swallow the crystal of a half-god-level cultivation at most, otherwise you will explode and die, just because your body and veins have been modified by me, so you can withstand a quasi-god-level crystal. If you swallow one more now, you will die by then."

Li Tian couldn't help but shivered.

Paralyzed, dad was scared to death!

"Boy Li Tian, don't think about unrealistic ideas anymore. If these elders unite to deal with you, even if I am not their opponent now, you still want to escape here as soon as possible!" Hong Huang Qinglong's voice kept appearing in Li Tian's ear.

Li Tian glanced over the elders, and sure enough, he found that the spiritual power of the elders was constantly increasing, and they were ready to do it.

"Honghuang Qinglong, even if we want to escape, we shouldn't be too embarrassed. We have to kill one or two of the existence of so many powerful old widows!" Li Tian said to Honghuang Qinglong carefully.

Hong Huang Qinglong's voice continued to ring in Li Tian's ears: "You fellow, you think about such things at this time! Although it is difficult...but fortunately, the Sanlu Super God family is not only me now, it will soon be three. The Lu Chaoshen family residence will be disrupted, so leave it to me then!"

Summoned the wild blue dragon, this wild blue dragon attracted the attention of most powerful people, and Li Tian's figure flashed to Li Mu's side.

"We are ready to go!"

; Li Mu nodded numbly, but his eyes never left the body of Sanlu Shulan!

The death of Sanlu Shulan hit Li Mu not lightly.

Sanlu Shulan was Li Mu's first love, and the two were still in love more than a month ago, but in a blink of an eye, Sanlu Shulan has turned into a cold corpse.

Li Mu cleaned up Sanlu Shulan's remains, and put Sanlu Shulan's body flat on Lan's body covered in blood, and Sanlu Shulan seemed to be asleep.

"My father, I'm sorry, I...I..." There were tears in Li Mu's eyes.

Li Tian stretched out his hand and patted Li Mu on the shoulder, comforting him and said, "I can understand your feelings, Xue Ji..." Li Tian didn't finish his words. When thinking of Xue Ji, Li Tian's heart would also appear flustered. , Now the elders of the Sanlu Super God Family will besiege the prehistoric Qinglong.

Sanlu Shangqing tried to attack Li Tian many times, but the wild blue dragon protected Li Tian very tightly. To harm Li Tian, he had to defeat the wild blue dragon.

"Son, don't be too sad. Sadness will blind your eyes so that you can't see the whole world clearly. Practice hard. When we come out of the secret realm of the underground library of the Nether Academy, we will go to the ghost mythical creature together. Then maybe you I can see Shulan again!" Li Tian said.

boom!

At this moment, a loud noise suddenly came from thousands of meters away, and then the fire blazed into the sky in that area. The powerhouses of the Sanlu Super God family kept rushing towards that area, but their bodies had not yet landed. It was hit by a powerful spiritual wave and exploded in mid-air.

It's Chu Jiangnan!

The devil Chu Jiangnan is back!

Chapter 5082: : Die or die

The Sanlu Super God Family Mansion is completely messed up!

Chu Jiangnan came too suddenly, and the demigod pinnacle powerhouse's destructive ability was astonishing. In a flash, more than fifty or sixty houses were collapsed by Chu Jiangnan. In addition, this guy was killing people everywhere and setting fire everywhere. Where the house of the Super God Family has fallen into chaos inside and outside.

"Don't mess! Deal with Li Tian first! As long as we can take Li Tian, even if the Sanlu Super God family's mansion is completely destroyed, we will not hesitate!" Sanlu Shangqing is the patriarch of this family, and he made a decisive decision at a difficult time. Prevent the elders from doing avatar to deal with Chu Jiangnan, because he knows the value of Li Tian.

Chu Jiangnan?

That's right, Chu Jiangnan may be more harmful than Li Tian right now, but Chu Jiangnan has no use value at all. Even if it takes pains to finally successfully keep Chu Jiangnan in the Sanlu Super God family, how can this be? It's just an extra corpse!

But what about Li Tian?

As long as you can kill Li Tian, you will be able to obtain countless superdomain masters' ninth-level peak, demigod, and quasi-god crystals, as well as artifacts owned by Li Tian. These things are as poor as Chu Jiangnan Silk's rotten flesh carcass is much better!

Hearing what Sanlu Shangqing said, the widows of the Sanlu Super God Family also gradually calmed down and continued to deal with the prehistoric blue dragon released by Li Tian!

boom!

boom!

boom!

The sound of explosions continued to be heard over the Sanlu Super God family mansion. These dozen demi-god-level powerhouses joined forces to besiege, and it goes without saying that the strength is naturally stronger than before. It is still impossible to get rid of these powerhouses. Not to mention beheading an old widow!

The radiant waves of spiritual power are constantly flying around in the air, and they are constantly exploding, just like fireworks.

More than a dozen demi-god-level powerhouses, many of them are mid-level demi-god-level powerhouses, and even some elders have not been able to find that they have reached the demi-god pinnacle level. With so many powerhouses with a degree of cooperation, Honghuang Qinglong is restricted everywhere, from time to time. Will bear the attack of these strong people.

Yin!

Rao is the great defensive dragon, but it can only barely protect Li Tian and Li Mu, even because of the continuous attack, the scales on the body of the great blue dragon are shattered a lot, if it is not the spirit in Li Tian's body. If the strength is still strong enough, perhaps at this time the Great Blue Dragon has been blasted to pieces, and the winner has already been divided.

The powerhouses of the Sanlu Super God family didn't hurt Li Tian, but Li Tian couldn't help but become more anxious.

"Damn Chu Jiangnan, this is the time to still do woolen yarn, come and help!"

What Li Tian didn't know was that Chu Jiangnan knew that Li Tian must have been discovered by Sanlu Shangqing and others when he felt the strong spiritual power fluctuations from the Sanlu Super God family's mansion. He wanted to help Li Tian. , But Chu Jiangnan's devildom does not

mean that he is an idiot. He knows the strength of the widows. If he rashly comes to Li Tian's side, it will be self-inflicted.

So the clever Chu Jiang wanted to make a noise, but he didn't expect that the widows who always liked to chase him were not fooled!

At this time, Chu Jiangnan made a wrong decision.

Since the widows of the Sanlu Super God Family did not chase Chu Jiangnan, Chu Jiangnan decided to behead all the Sanlu Super God family powerhouses he could encounter.

boom!

boom!

boom!

In less than ten minutes, there were no fewer than hundreds of members of the Sanlu Super God Family who died under Chu Jiangnan, and these beheaded were all powerful members of the San Lu Super God Family.

Chu Jiangnan was blushing!

The enchanted guy was already unable to suppress the devilishness in his heart, and it was difficult to suppress the murderousness in his heart. After so many killings, the devilishness in Chu Jiangnan's heart was completely released.

Super domain master power?

kill!

Domain master powerhouse?

kill!

Venerable powerhouse?

kill!

The realm of cultivator?

kill!

The members of the Sanlu Super God Family were afraid of being killed. They didn't know why Sanlu Shangqing and the elders didn't come to rescue them, so they could only flee around in fear.

However, Chu Jiangnan is a demigod, how many people can escape alive?

There are at least hundreds of thousands of people inside and outside the mansion of the Sanlu Super God Family, and these people have become the target of Chu Jiangnan.

The corpses are everywhere, and the blood flows into a river!

Broken corpses and meat are everywhere!

Chu Jiangnan's eyes were red, and he was gasping for breath, and his spiritual power seemed to escape uncontrollably, but the more enchanted this guy, the stronger his true combat power!

"The patriarch... if we let Chu Jiangnan continue to kill like this, even if our Sanlu Super God Family takes over Li Tian, it will probably not be able to rise again in a short time!"

"Patriarch, let me stop Chu Jiangnan!"

"The Patriarch..."

The Sanlu Super God family, after hundreds of thousands of years of multiplication, the family is divided into dozens of branches, and these branches are collectively called the Sanlu Super God Family, but within the clan, these branches are relatively independent, and they The residential area is also divided.

The area where Chu Jiangnan bombed just now is a branch that has declined, and no demigod enhancement was born, so Sanlu Shangqing and the elders can also pretend not to see and ignore the killing of Chu Jiangnan, but...now Chu Jiangnan is already He rushed into the core area of the Sanlu Super God family, where many branches of the elders lived in this area.

Now that Chu Jiangnan has killed their children and grandchildren, it is impossible for these elders to sit idly by.

boom!

boom!

boom!

The continuous bombardment made the body of the prehistoric blue dragon shrunk by one-third, and the power of the prehistoric blue dragon did not seem to be that great.

If this level of attack continues, Sanlu Shangqing believes that in less than half an hour, Li Tian and his prehistoric blue dragon must kneel.

Sanlu Shangqing could pretend to be ruthless enough to ignore the death of her daughter Sanlu Shulan before his eyes, but he couldn't be ruthless enough to stop these elders from saving their children and grandchildren.

"The elders of political achievements, the elders of Jiayin, you two must be more careful when dealing with Chu Jiangnan..." Sanlu Shangqing said reluctantly but helplessly.

The two elders immediately teleported to attack Chu Jiangnan!

The two elders left, but Li Tian didn't feel at ease!

"What to do? This enchanted Chu Jiangnan must have encountered great difficulties now, and there must be no way to rely on it now. Now...it seems that I can only rely on myself!" Li Tian thought quickly in his heart, thinking about this At that time, a Quasi-God Crystal in Li Tian's hand was stuffed into his mouth again.

"My father, no!"

Li Mu anxiously stopped, but Li Tian had already crushed the Quasi-God Crystal!

Just die!

People are dead and birds are in the sky, I don't believe that I am afraid of death and can't escape from here?

boom!

Chapter 5083: Red cut out

If you look at Li Tian from the perspective of a bystander, in fact, Li Tian is very mad at many times.

Because this guy always puts himself in danger, it makes people look scared.

However, many people like Li Tian throughout the ages, both at home and abroad, can only succeed if they put themselves to death and live.

To say that it sounds good is to fight back, and to say that it is not to sound is to act as a gangster.

Obviously, this time Li Tian succeeded again!

Li Tian smashed a Quasi-God-level crystal again, and walked around Li Tian's body surgingly and recklessly. This time, Li Tian's body was really on fire.

Crackling!

The dragon scales on Li Tian continued to explode, as if throwing a bamboo pole into a fire.

The blood continued to flow down along these bursting scales, but the blood would be evaporated by the surging spiritual power instantly, staining the dragon scales on Li Tian's body into blood red. If the explosion of the dragon scales was just a skin trauma, the veins inside Li Tian's body were suffering pain that he had never endured!

This time, Li Tian smashed the quasi-god-level crystals, and the same ten ** spiritual power escaped to the surroundings, but the remaining spiritual power was absorbed by Li Tian into the body veins, and now Li Tian's veins Full of surging spiritual power, this spiritual power is like boiling water, and Li Tian has no way to completely control it.

Even if the surging spiritual power entered Li Tian's body, it still ran around restlessly, impacting Li Tian's body, and more importantly, the powerful divine power released by this quasi-god-level crystal. It has exceeded the limit that Li Tian can bear in his application.

Huh boom!

Huh boom!

Li Tian felt his body bones cracking rapidly!

If it hadn't been for the bones of Li Tian's body after being transformed by the great dragon, he would have already knelt down by now.

However, even if the keel of the Great Dragon has the ability to heal, the pain needs Li Tian to bear it himself!

Your sister!

This kind of pain is unbearable even if Li Tian's cultivation level is upgraded to two levels.

Ah~!

Li Tian let out a scream, and with this scream, his body skin pores burst open suddenly.

boom!

boom!

boom!

The power of this burst is not so powerful, but it is enough to blow up the flesh and blood of Li Tian's limbs, and even the scales on his skin are blown up. Li Tian, who looked just now majestic, is already **** and embarrassed. Unbearable.

"Crazy man, this guy is definitely a lunatic!" Sanlu Shangqing looked at Li Tian in surprise, with a hint of panic involuntarily in his heart.

How strong the energy contained in the quasi-god-level crystal is still unknown, but he knows that if an ordinary superdomain master ninth-level guy forcibly swallows the refining demi-god-level crystal, it will bring a great deal to the body. If you practice improperly or carelessly, you may even be in danger of exploding.

However, what Li Tian devours cultivation is a Quasi-God Crystal!

Quasi-God Crystal!

This guy didn't know whether he was ignorant or fearless, but he really dared to swallow it.

This guy Li Tian was unharmed after devouring the first one?

Sanlv Shangqing was only impressed with the physical sturdiness of Li Tian, but Sanlv Shangqing always believed in the judgment of the elders in the clan. Li Tian must have suffered great internal injuries, as long as Forcing this guy to continuously run his spiritual power into the battle, maybe the battle is not over, Li Tian will burst into the street!

However, let Sanlu Shangqing disappointed!

The battle has been going on for such a long time, Li Tian, this **** is still safe, even... this **** once again swallowed the second Quasi-God Crystal.

This time, Sanlu Shangqing saw the result he wanted to see!

Sure enough, Li Tian's body was greatly hurt, but...

"I'll go to your grandma to get a kick!"

Sanlu Shangqing saw Li Tian's body swaying, but this guy never fell down, but... the shape of the great and wild blue dragon hovering above Li Tian's head was restored to the shape it was just now, and even now the body of the great and wild blue dragon is back again. It has become a bit huge, and the dragon scales that have been smashed before have become intact by ghosts.

Yin!

The strength of Honghuang Qinglong really became even stronger.

Sanlu Shangqing and all the widows suddenly felt the pressure on their bodies increased sharply!

boom!

boom!

boom!

Colorful spiritual power flies randomly in the sky.

This time, the Great Blue Dragon has not only protected Li Tian, defensively, and even started to counterattack!

Even if the cultivation base of Sanlu Shangqing and the other clan elders have reached the half-god level, they are not the prehistoric blue dragons formed by spiritual power, and they will fall if they are not careful. In this way, the scale of victory in the battle is already Began to tilt towards Li Tian gradually.

However, Sanlu Shangqing and the elders were not anxious to take down the prehistoric Qinglong and Li Tian at this time, because they felt that Li Tian is now at the end of the crossbow, and may completely collapse at any time.

"What a formidable lunatic, if our Sanlu Super God family can have such a strong man, our San Lu Super God family will surely rise quickly and become the first of the four super God families!"

"Hey! You still think too much. He is so desperate. Perhaps he is a last resort to win the final victory, but it is also very likely that he will be driven to a dead end and suffer defeat. God will not be far away to favor a person forever, even if he Luckily, he won ninety-nine times, but he only needs to lose once, and he will fall into the abyss of eternal disaster!"

"A respectable opponent, but I will accept his artifact without hesitation!"

The surging spiritual power that swallowed Quasi-God-level crystals began to recede. Li Tian seemed to be dehydrated. His whole body was dry, and his eyes began to be a little blurred. The reason why he hadn't fainted and died was entirely dependent on him. The faith in the heart is supporting!

"My father..."

Li Mu looked at Li Tian like this, only feeling a sorrow in his heart.

escape?

Ten or so elders of the Sanlu Super God family still locked Li Tian and Li Mu with their spiritual sense, and they couldn't use teleport to escape!

Li Tian's body shook abruptly. At this moment, with a loud noise, Chu Jiangnan finally came over.

Chu Jiangnan teleported and appeared with a **** head in his hands.

This enchanted guy had already killed a demigod widow in just such a short time, which is evident in Chu Jiangnan's strength.

It's just that... Chu Jiangnan's double pupils are red, and the whole person is completely ecstatic, and has lost the ability to judge the enemy and ourselves!

boom!

This guy Chu Jiangnan was suddenly killed, and he rushed straight into the wild dragon!

At this moment, Li Tian seemed to have reached the limit, his whole body was trembling, even the red wing **** outfit behind him would shrink and disappear inside his body!

Huh!

Just as he was about to bald his head, a red light flew out from Li Tian's body: Red cut out!

Chapter 5084: : Red Slash Transformation

Before Li Tian left the metal world, Li Tian was already in full control of twelve artifacts, including Hong Zhan, of course.

However, Hong Zhan is slightly different from other artifacts.

Although the spirits in other artifacts have spirits, Li Tian feels that the spirits in those artifacts are really unscrupulous. When the artifacts fall into Li Tian's hands, these spirits obey Li Tian's control obediently, and if Li Tian God gave these artifacts to others, and the spirits in these artifacts would immediately loyal to the new owner.

The spirit clan in the demon sword of Hong Zhan is different. The spirit sword of Hong Zhan is a careerist who worships the strong and follows the strong unscrupulously. However, the ultimate goal of the Red Sword Spirit is to swallow the host, so the only way for Li Tian to completely control the Red Slash is to refine the Red Slash.

Fortunately, the female soul in Hong Zhan refined Hong Zhan, and the demon sword of Hong Zhan completely lost his demon nature and became the divine tool controlled by the female soul in Hong Zhan.

After the female soul refines Hong Zhan, Hong Zhan can already leave Li Tian's heart, just like now!

Huh!

Huh!

Huh!

As soon as the red cut came out, he cut directly to Sanlu Shangqing!

This demon knife, even if the demon nature is destroyed, but its power is not diminished.

Even, because the female soul has been completely refined and bombed, in Li Tian's heart there are the primordial blue dragon, black beads, and the spiritual nourishment of Li Tian's continuous cultivation, devouring, and refining, which makes the current Red Slash even more than before. Strong.

Cut it out with a single knife, and a red light of spiritual power over seven or eight feet long slashed towards Sanlu Shangqing!

"So strong!"

Sanlu Shangqing's expression changed, and he continued to teleport to avoid!

The three swords that Hong Zhan slashed in succession carried powerful divine power, no worse than the dragon power released by the prehistoric Qinglong. Fortunately, the instant Hong Zhan rushed out of Li Tian's body, Sanlu Shangqing had it. Beware, otherwise even he, a demigod powerhouse, might not be able to withstand the power of the three swords!

Sanlu Shangqing hid in the past, but the three-sword spirit energy wave from the red cut flew directly, and landed in three different places several kilometers away.

boom!

The first red light fell on a large group of dense buildings, as if a blockbuster fell, at least a few hundred houses collapsed in an instant with this red light.

boom!

Secondly, when the red light fell on the lake, the powerful spiritual force cut the lake surface open, and cut the mud at the bottom of the lake into a huge crack that was thousands of meters long and dozens of meters wide!

boom!

The third red light slashed on a mountain in the mansion of the Sanlu Super God family. This mountain is slightly smaller than the average Chongshan, but it is thousands of times larger than the ordinary rockery, but this is repeated afterwards. Ang cut off, and the mountain was cut off.

The widowed elders who were fighting against the Great Blue Dragon were shocked.

As a semi-god powerhouse, they can naturally do this, even they can destroy a mountain, a lake, or even a city at will.

But Hong Zhan is not a demigod powerhouse, just a weapon!

The widows sighed in their hearts, "The paralyzed we are members of the Super God family. I used to feel how tall I am, but now, compared with Li Tian, how do I feel that I am a poor woman? ! This guy has so many crystals and artifacts..."

and many more!

These elders suddenly wanted to understand that the red cut in front of them was an artifact, and only an artifact could possess such a powerful power!

For a time, these elders were moved!

The heart is not as good as the action. At least five or six elders abandoned the prehistoric Qinglong and rushed directly to Hong Zhan, wanting to ***** Hong Zhan into his own hands.

It can't be said that these elders are wrong, it's just that...now the Great Dragon, Chu Jiangnan, and more than a dozen elders have formed a balanced relationship in the battle. As long as Li Tian can sustain it, this balanced relationship will continue. Keep it going, no one can do anything in a short time.

Of course, with the passage of time, the widows of the Sanlu Supershen Family will gradually gain the upper hand. After all, Li Tian is now groggy, and Chu Jiangnan has been completely enchanted, but at this time, there are actually four or five widows. In order to ***** the artifact withdrawn.

The balance is instantly broken!

Before the four or five elders could ***** Hong Zhan, they suddenly felt a powerful energy fluctuation behind them, followed by a thunderous loud noise.

boom!

Several elders turned around at the same time, only to find that a certain mid-level demi-god powerhouse in the Sanlu Super God family was killed by the Great Blue Dragon at this moment!

"how is this possible?"

"This... is just an instant, how can it be..."

Regardless of whether these elders are willing to accept the reality, it is indeed another elder who has fallen.

The demi-god-level powerhouse was cut, and the demi-god-level crystal in the explosion of the body exploded. The direct consequence was that the violent spiritual power swept around like a violent wind, and the shock wave produced by the explosion of the crystal continued to destroy the surrounding area. The building is like throwing an atomic bomb in the mansion of the Sanlu Super God Family. Even if Sanlu Shangqing and the widows are trying their best to use spiritual barriers to resist, Li Tian is four to five kilometers away. The buildings in the area were still razed to the ground instantly.

opportunity!

"Now! Go!"

Li Tian and Li Mu's father and son have a clear heart, and they teleport at the same time without any hesitation.

Huh!

Huh!

Huh!

Li Tian, Li Mu, and Chu Jiangnan disappeared at the same time, and in a flash, they fled to the top of an unknown mountain dozens of kilometers away. Looking back, the Sanlu Super God Family was almost in ruins, and Li Tian was released in the sky. The great blue dragon that came out slowly disappeared after a few minutes.

"Unfortunately, my red cut..."

When the crystal in the body of the demigod strong just exploded, Hong Zhan was also involved.

Whoosh!

A red light flew from the direction of the super **** family on the third floor, and it teleported through several times in a row, and appeared in front of Li Tian in an instant, and then... this red sword turned into a girl!

"This...this is..."

Li Tian's pupils dilated involuntarily, full of unbelievable expressions.

how is this possible?

Can Hong Zhan be transformed?

Moreover, this girl turned out to be... Don Feifei!

That's right, Don Feifei!

The female soul in that red sword turned out to be Tang Feifei!

Although Hong Zhan transformed into a human appearance, it was as if the Spirit Clan still maintained a metallic physique, but Li Tian could clearly see the appearance of this transformed human being like Tang Feifei.

Li Tian was completely shocked!

He even felt that his three views were going to be subverted!

"Feifei! I... I miss you so much..."

Li Tian stretched out his arms and wanted to embrace Hong Zhan, but as soon as his arms were stretched out, his whole body was completely fainted.

Li Mu was quick with his eyes, teleported to Li Tian's side, and reached out to help Li Tian.

"It's dangerous here, let's withdraw quickly!" Li Mu said to Chu Jiangnan and Hong Zhan.

"it is good!"

Hong Zhan stared at Li Mu suspiciously, "He just called me Don Feifei? Who is Tang Feifei?"

Chapter 5085: :bad news

Tang Feifei had fallen before Li Mu was born. Li Mu had not seen Tang Feifei himself, but he had seen Tang Feifei's posthumous photos, but now Li Mu didn't know why Hong Zhan could change into Tang Feifei's appearance. , But the changed Tang Feifei of Hong Zhan had no impression of the past.

But fortunately, Li Mu was not willing to let Hong Zhan's changed Tang Feifei have the painful memory of the past, especially the memory of his father Li Tian killing her personally!

Li Mu assisted Li Tian, who had fainted, and found an excuse to stop Hong Zhan at will. Hong Zhan didn't ask any more, turning into a red light and got into Li Tian's body again.

Li Mu assisted Li Tian, who had fainted, and looked back at the Sanlu Super God family territory behind him. Seeing that it was already in a mess, he resolutely said to Chu Jiangnan: "It is not suitable to stay here for long. We should leave here as soon as possible and return to Nether Academy!"

The Sanlu Super God family suffered heavy losses this time.

In order to keep Li Tian, the patriarch Sanlu Shangqing's youngest daughter, Sanlu Shulan, committed suicide. In the melee, the bones of Sanlu Shulan were also involved. Now I am afraid that there are no bones left, which is even worse than this. The mansion that the Sanlu Super God family has been continuously expanding for hundreds of thousands of years has been almost destroyed. The clan doesn't know how many people died in this battle. Of course, the Sanlu Super God family feels unbearable. The widows of the two semi-god powerhouses were killed by Chu Jiangnan and Honghuang Qinglong.

With such a heavy loss, the Sanlu Super God Family will definitely not let it go. Once it is caught up by the Sanlu Super God Family's widow, the consequences can be imagined.

Huh!

Huh!

Li Mu and Chu Jiangnan disappeared instantly.

...

The earth world, the original Beitang city.

After unifying the earth world, Li Bai made a staggering decision to settle the capital in Beitang.

In addition to Beitang, North America, South America, Oceania, Europe, and Africa each have a companion capital!

The other countries of the earth world previously died out completely.

The world is divided into five hundred counties and provinces by Li Bai, which adopts the prefecture and county system management system that has existed since the Qin era, and the central government is highly centralized.

The entire earth world is now the Li family dynasty!

And the supreme ruler of the earth world is Li Bai!

Li Bai accomplished the Hongyuan goal that Li Tian did not accomplish in the earth world.

However, the countries of the earth world died out, but the forces opposed to the Li family dynasty have not been completely eradicated.

These forces are like terrorists, hiding in uninhabited mountains or rainforests, but these forces can't become big weapons, they can only make some small actions secretly, otherwise the strong in the Tianmen created by Li Tian will instantly fall from the sky and punish them. These forces.

Li Bai became the supreme commander of the earth world, and Li Tian was posthumously named the Emperor of Heaven.

Whoosh!

Li Bai's figure crossed the sky and soon appeared in Beitang Li Family Royal Hospital.

Behind Li Bai, there are Duanmuying, Bai Jing, Ouyang Shiqing, Ouyang Man, Manzi, Captain and others!

This royal hospital is located in the foothills of Zhongnan Mountain and covers an area of at least a thousand acres. The hospital is no longer like a hospital, but more like a royal garden.

As soon as Li Bai landed, the strong and the director of the Royal Hospital greeted him.

"How is the situation?" Li Bai asked anxiously.

Those who can stay in the Imperial Royal Hospital are certainly not ordinary people, but there are only a few empires in the entire Earth World that can alarm Li Bai, the highest commander in the Earth world.

"Not too optimistic! Master Mu Yunlong is a strong cultivator, his body is still very strong, much stronger than ordinary people, but maybe because Master Mu Yunlong is old and too late to practice, so... If you can, try to follow the wishes of Master Mu Yunlong!" The dean did not finish his words, but the meaning was already clear.

Mu Yunlong fell into a coma in the morning. Although Mu Yunlong was rescued after the rescue, the situation is still not optimistic, and the most important thing is that Mu Yunlong can no longer continue to practice in this state. The Royal Hospital Earth World is the best. In terms of his medical ability, Mu Yunlong is at best able to maintain the current situation, and it may deteriorate at any time.

"Does grandpa have any requirements?" Duanmuying asked.

The dean of the Royal Hospital frowned slightly, and soon began to stretch and said, "Master Mu Yunlong wants to see Lord Tiandi!"

"Didn't my father come back yet?" Li Bai asked.

"No... Master Tiandi has been in the underground palace of Wangtasi recently. Master Mu Yunlong was the first to arrive after he was in a coma. He is now accompanying Master Mu Yunlong, but... Master Mu Yunlong kept saying that he wanted to see Master Tiandi! Said the dean of the royal hospital.

Duanmuying, Bai Jing, Ouyang Shiqing and others stopped at the same time.

Perhaps many people don't know that Li Tian in the earth world is just a clone. Although this clone is enough to be fake, it is difficult for them to distinguish Li Tian's women, but their mentality is very clear. Li Tian in the earth world is just Avatar.

The real Li Tian has gone to the Netherworld, and what Mu Yunlong wants to see now is definitely Li Tian's deity.

However, there has been no news of Li Tian's deity for more than 30 years.

When the Sixiang old man returned to the earth world, Li Tian clearly asked the Sixiang old man, the barbarians, and the captain to strictly guard the gates of the restricted area. Unless there is a strong cultivation level that can reach the domain master, the earth world is absolutely not allowed. The strong man entered the Netherworld.

In the past thirty years, outside of the Earth World's Li Tian clone, no one's cultivation has reached the realm of the domain master.

With the continuous improvement of Li Tian's cultivation base and the fact that the deity and the clone are not in the same world, the connection between the deity and the clone has become smaller and smaller. After Li Tian entered the metal world, Li Tian's clone and The deity has completely lost contact.

Because of this, Li Tian's clone's cultivation realm is not very high now, it's just the beginning of the domain master.

"Let me talk about it! Since the old man has this wish, he must invite Li Tian back. Maybe... Maybe this is the last time Li Tian has seen him!" Duanmuying said.

The door of the ward opened automatically, and what appeared in front of everyone was a ward that was more luxurious than the presidential suite.

There is no annoying smell of disinfectant in the ward. The whole suite is clean, bright and luxurious. Mu Yunlong is lying on the hospital bed. His energy is not bad. At this time, he is turning

his head and looking out the window. Li Tian's clone is sitting. Beside, talking to the old man in a low voice.

In the rest area of the ward, the most elite doctors and nurses of the Royal Hospital are sitting here, standing by at any time.

Seeing Duanmuying and others coming in, Mu Yunlong turned his head back, with a slightly better expression on his face. Mu Yunlong pointed his finger at Li Tian's clone, and said with some disapproval: "You have fooled me for almost forty years, now I think I want to see my grandson Li Tian, not this fake!"

There was a trace of embarrassment on Li Tian's face, standing up and bowing to Mu Yunlong.

"Grandpa, since you don't want to see me, but you want to see the deity, then I will go to the Nether Realm and bring your grandson back to you!"

Chapter 5086: : Who can save you

The gate of the underworld, the forbidden zone!

As the spiritual power on the door of the restricted area began to fluctuate violently, a figure appeared here.

This person is Li Tian, a clone of the earth world.

The clone Li Tian looked around suspiciously and frowned slightly as he watched several corpses lying near the gate of the restricted area that had already begun to decay.

According to the previous four elephant old man, the gate of the forbidden zone in the underworld should be controlled by Li Tian, and there are many strong guards outside the gate of the forbidden zone, but there is no strong guard here at all. There are only some corpses that have begun to decay.

"Could... Could it be that my deity encountered any difficulties?" Li Tian, the clone, thought in his heart.

Thinking of this, the avatar Li Tian tried to sense the deity of Li Tian through his mind. As long as the deity and the avatar are in the same world, they will directly have some contact and induction. Unfortunately, at this time, the deity of Li Tian is in a faint, and the avatar Li Tian does not. Feel the existence of Li Tian's deity.

The avatar Li Tian couldn't help thinking of some bad pictures in his mind.

I don't know why the avatar Li Tian smiled on his face when he thought of the picture that the deity might have died.

At first, Li Tian thought that he was Li Tian. His status in the Li Tian woman and Li Tian's family in the earth world should be the same as that of his deity Li Tian. He also wanted to be a qualified husband, grandson, and father. Tian's deity and clone still have feelings, and clone Li Tian can also play his identity.

However, when the self-consciousness of the clone Li Tian became more and more clear, and his mind felt that he had lost contact with Li Tian's deity again, the clone Li Tian found that whether it was Duanmuying, Bai Jing, or Mu Yunlong, his attitude towards him was unclear. Feeling that some slight changes have taken place, if it weren't for Mr. Mu Yunlong's serious illness this time, Li Tian, the clone of this slight change, would not have felt so obvious.

But when Mr. Mu Yunlong asked to see Li Tian's deity, the avatar Li Tian's heart was actually hurt. He felt that he was a substitute, and also an unqualified substitute. The avatar Li Tian was very upset. , But Li Tian still held back the clone and did not break out.

"Father Mu Yunlong wants to see you, no matter which of us is the deity or the clone, the old man is our pro-grandpa after all, and I still have to fulfill the old man's death wish as far as possible, but... hey, if the deity unfortunately encounters you. If you do, then the identity of the deity belongs to me!"

Huh!

The avatar Li Tian's figure disappeared.

A few seconds later, the figure of the mysterious woman from Wanshen Mountain suddenly appeared from the void. She couldn't help shaking her head as she watched the disappearance of Li Tian, and said to herself: "I hope this is just an accident..."

...

The Netherworld is permanently neutral!

Lord Liu You felt very desperate, unprecedented despair!

There are mountains and rivers in the country, this sentence is certainly applicable in the ancient society of the earth world, but for a permanently neutral country, this sentence is completely nonsense.

At this time, the permanent neutral country was in ruins, the city was completely destroyed, even the mountains outside the city were turned upside down, and there was no life on the mountains.

Standing on the dilapidated city wall, Liu You looked at the ruins of the city's buildings and the corpses everywhere, but Liu You didn't have any expression on his face. He didn't even know who to hate.

"Am I doing something wrong? Shouldn't I leave with Li Tian from the battlefield of death?" Liu You muttered to himself.

Liu You asked himself this question more than once, especially in the past thirty years, Liu You asked himself almost every few days, because Liu You had already begun to doubt whether he was right to bring the refugees back to the Netherworld. s Choice.

Looking back, the secret realm of the death battlefield disappeared after Liu You and the others followed Li Tian into the nether realm. All the refugees and practitioners in the death battle also returned to the nether realm. You brought the refugees and followed Li Tian only to return to the Nether Realm a few days earlier.

But it was precisely because of that, Liu You was branded with Li Tian.

Branded, Liu You and Liu You's refugees are all members of the Li Tianjun regiment.

Once upon a time, this brand made Liu You feel very proud, but pride is always so short-lived.

Before Li Tian was about to leave the Netherworld to go to the Sea-Monster Clan's secret realm, Li Tian wanted to erase the imprints on Liu You and the refugees and form a permanent neutral country.

"At that time, it is estimated that Li Tian would have expected today?" Liu You thought with a wry smile.

The idea of a permanent neutral country is absolutely advanced. Liu You, the refugees who escaped from the battlefield of death, and the bandits in the Lika Desert like this permanent neutral country because they feel that this special state of the Lord is their protection. They can start life in the nether world again.

It is a pity that Li Tian offends the four super **** families.

In the eyes of the four powerful super-god families, this permanent neutral country is nothing more than a layer of skin. After removing this layer of skin, Liu You is still a member of the Li Tian army.

It is precisely because of this that when the four super **** families were preparing to clean up the Li Tian forces in the Netherworld, the permanent neutral country also received a certain impact. At that time, because the Nether Academy was still strong, the Lingwen ancient family, the Wanshenshan and other forces also remained neutral. , The suppression of the four super **** families was only carried out in secret.

But even so, the permanent neutrality has never ceased in the past 30 years.

Almost every year, strong people of unknown origin will attack permanent neutral countries.

The cultivation strength of these powerful men is far higher than that of Liu You and the others. After battles, although the permanent neutral country is still there, the domestic powerhouses have gradually suffered large-scale battle deaths.

After the refugees who returned from the battlefield of death under the dominance of the Super God family and the bandits in the Lika Desert were pardoned, most of the refugees and bandits in the neutral country left for various reasons, and only the neutral country remained. A frame.

Liu You and the others just persisted with the thoughts in their hearts.

The leaks in the house met with continuous rain.

It was at this time that the four super gods and Nether Academy had completely torn their skins. More than one hundred and fifty super domain master-level experts in the four super **** families besieged Nether Academy. Nether Academy was too busy to take care of themselves, and then there were Some ancient families jumped out to show their loyalty to the super **** family.

Then, a permanent neutral country became the sight before him, and Liu You's efforts were destroyed.

Huh!

Huh!

Huh!

More than a dozen figures appeared on the dilapidated city wall in a row, surrounding Liu You.

Liu You didn't recognize these strong men, but through the marks on the clothes of these strong men, Liu You could accurately know that these strong men belonged to the ancient Bauhinia family and the ancient Red Star family.

"Liu You, you are only relying on the Nether Academy and the ancient family of the spiritual position. It is a pity that the Nether Academy has been wiped out by the powerful four super **** families at this time and disappeared completely in the Nether Realm, and Ling Wen Gulai The family is receiving a certain widow from the Eastern Palace Super God family at this time. I am afraid that there is no time to take care of you. Who else can save you now?" A strong man wearing a nine-star bauhinia robe flew to Liu You with a mocking face on his face. Said with a smile.

Chapter 5087: : They are coming

A wry smile appeared on Liu You's face.

This Venerable Kingdom is completely finished.

The three silly brothers of the Netherworld, Liu You, had already been beheaded by these ancient family powerhouses, and even the body was not left behind.

The refugees in the Venerable's country have already escaped.

"If you want to kill, you have to scrape it, but I still have a few words to say before I die!" Liu You said.

The Nine-Star Bauhinia Robe Power is a superdomain master-level powerhouse in the ancient Bauhinia family. His cultivation level has reached the superdomain master first-level mid-level realm. This strength may not be prominent in the super **** family, but If it is in the entire Netherworld, it is also an absolute strong existence.

And Liu You's cultivation strength has not reached the realm of the domain master, and he is really weak and pitiful in front of the Jiuxing Bauhinia Robe powerhouse. He doesn't believe that Liu You can turn out any waves.

"I want to hear what else you can say!" said the Jiuxing Bauhinia Robe powerhouse.

Liu You raised his head to look at the messy kingdom of the Venerable, but the expression on his face gradually calmed down.

"Actually, it's hard for me to understand why you ancient families want to help the evil spirits? In the past thirty years, the great kingdoms of the nether world and the territories have been destroyed one by one by the four super **** families, and then the four super **** families have again Extend your tentacles to the mysterious race and the Nether Academy. Now you ancient families seem to have benefited. You have become the lord of one party. You don't know how many times the area of your territory has expanded, but... don't you think about who will Is it the next Nether Academy?"

"Once the Nether Academy is destroyed, who else in the Nether Realm can stop the four super **** families? At that time, the patriarchs of your ancient families and you elders and strong men can only follow the four super gods like a dog Family, if you dare to offend the Super God Family, maybe you will be the next Nether Academy!" Liu You said.

People are about to die, and their words are good. Liu You said this not only to vent his unhappiness and anger, but also to give a warning to these ancient families. Of course, if you can provoke the super **** family and the ancient family The contradiction between is the best.

However, Liu You couldn't help but looked in the direction of Ming Continent.

In that far invisible place, there is the Sea-Monster Clan that has been wiped out by the Super God Clan!

Liu Jimeng went to this place with Li Tian.

"The safety of sending dreams with Li Tian should be guaranteed! Ha ha, yes, as long as sending dreams can have a good future, I didn't count as a failure with the whole family of refugees following Li Tian..." Liu You already slowly He closed his eyes and said, "Let's do it! Have fun, use my head to exchange some dog food with your master Super God family!"

In the ears of the Jiuxing Bauhinia Robe and the others, what Liu You said before was still human, but the last sentence was a complete insult, a naked insult. At this moment, the Jiuxing Zijin and the others were finally caught by Liu. You completely angered.

After tens of thousands of years of inheritance, these two ancient families are going downhill. In these two ancient families, there are very few super domain masters, not to mention the legendary existence of demigods. The Great Ancient Family was able to rank among the eight ancient families this time, and their family became the new lord because of the support of the Eastern Palace Super God Family, but in return, these two ancient families would become the minions of the Dong Palace Super God Family.

In the past thirty years, the Bauhinia Ancient Family and the Chixing Ancient Family have secretly helped the Donggong Super God Family solve many inconvenient matters that the Super God Family has to solve. Now when the Super God Family and Nether Academy are completely torn apart, the two The big ancient family will also come out of the dark.

The brows of the powerful Jiuxing Bauhinia robe frowned slightly. He felt that Liu You's words seemed to be slapped on his face, making him, the super domain master-level expert, feel that his face was hot and painful, Jiuxing The strong bauhinia robe sneered, and said fiercely: "Okay, then we'll take your dog's head to change some dog food..."

However, before his words fell in the surrounding air, there was a strong wave of energy immediately.

Through this energy fluctuation, the powerful nine-star bauhinia robe can roughly determine the number of people and the strength level of the people coming.

The super domain master level powerhouse, the several cultivation base realms that have come have reached the super domain master realm, and the cultivation base strength is a bit higher than the nine-star bauhinia robe powerhouse.

This is the judgment of Jiuxing Bauhinia Robe.

"Is it a strong man in the super ***** family?"

Then a few figures also appeared on the dilapidated wall.

"I didn't expect that there are super domain masters in the ghost beasts. I have never heard of this before. Who are these guys?" The experts of the ancient Bauhinia family and the Scarlet Star ancient family looked at each other, and they were stunned. Here.

Naturally, the people who appeared on the broken city wall were not others, but Tang Xiaolong, Liu Jimeng, Ziyang Thunder Bear and Yin Mo Yin Niu.

Ten seconds ago, when Tang Xiaolong and others teleported into the territory of the neutral country, they found that the neutral country was already a waste of life and turned into a ruin. Tang Xiaolong and the people knew that the neutral country must have encountered some sudden change. Neglect once again teleported into the national city, and then saw the scene of Liu You being besieged by these ancient family powerhouses.

"Brother!" Liu Jimeng teleported to Liu You, fending off the strong men of the ancient family, and then asked hurriedly: "What happened? Who are these guys? Are they strong members of the Super God family? ?"

Speaking of this, Liu Jimeng suddenly released a murderous aura.

Huh!

Huh!

Tang Xiaolong, Ziyang Thunder Bear, Yin Mo Yin Niu instantly teleported to the periphery of these ancient family powerhouses, and at the same time, they used their gods to lock the few two super-domain master-level powerhouses of these ancient families. As for those who have domain master realm The latter was directly ignored by Tang Xiaolong and others.

Hearing Liu Jimeng's voice, Liu You, who closed his eyes, thought he had the auditory hallucinations.

Liu You opened his eyes until Liu Jimeng released a powerful murderous intent and heard the voices of Ziyang Thunder Bear and Tang Xiaolong.

Thirty years have passed, and Liu Jimeng's appearance has hardly changed. The only thing that has changed the most is Liu Jimeng's cultivation level.

"Super...super domain master level?" Liu You could hardly believe it, looking at Liu Jimeng with shock on his face!

Also shocked were the strong men of the Bauhinia Ancient Family and the Red Star Ancient Family.

brother?

This woman actually called Brother Liu You?

Could it be... Is this woman Liu Jimeng?

The ancient families had checked the situation of the neutral country clearly before they started, and naturally they knew that Liu You had a younger sister who followed Li Tian.

However, Liu Jimeng's cultivation level is not so high in the information!

For a time, the strong men of these ancient families have already felt a pain for a while!

Liu You smiled happily when he was born, and pointed to the powerful Jiuxing Bauhinia Robe and said, "Didn't you say that no one can save me? Now they are here, dreaming, Xiaolong, these people..."

Chapter 5088: : Ready to enter the secret realm

The first reaction of the strong nine-star bauhinia robe is to escape!

How to fight the paralyzed one?

Tang Xiaolong's super domain master ninth realm, Liu Jimeng's super domain master ninth realm, Ziyen Thunder Bear and Yin Demon Silver Bull have now reached the super domain master's eighth realm. On the contrary, look at the ancient Bauhinia family and The ancient red star family, the highest level of cultivation of these two ancient families participating in this mission is the Jiuxing Bauhinia Robe Powerhouse.

As for the others, in front of the super domain master-level powerhouse, they are not enough to watch!

It is a pity that Tang Xiaolong did not give the Jiuxing Bauhinia Robe powerhouse a chance to escape.

Huh!

Tang Xiaolong instantly teleported to the Jiuxing Bauhinia Robe powerhouse, suppressed him with absolute strength, and then...

boom!

Tang Xiaolong's right fist with the thunder-shaking weapon in his gloves slammed heavily on the Jiuxing Bauhinia Robe, and then there was no more. The Jiuxing Bauhinia Robe, the super domain master-level expert, had not had time to make any resistance. Xiaolong's whole body completely exploded with a fist, and his body became minced meat.

The battle started in Tang Xiaolong's punch.

boom!

boom!

boom!

Facing the siege of the four super domain masters, the strong men of the ancient Bauhinia family and the ancient red star family fell to the ground one by one without the slightest strength to fight back.

There is almost no suspense in the battle!

Within a minute, the powerful men of the two ancient families who destroyed the permanent neutral country were completely beheaded by Tang Xiaolong and others.

Liu You was only excited for a moment, and soon his face was full of sadness again.

"If you can get there soon, this permanent neutral country will not be destroyed, and Ye Liangchen and the others will not die so tragically that they can't even find their bones!" Liu You said.

Liu Jimeng, Ziyen Thunder Bear, Yin Mo Yin Niu looked up at Tang Xiaolong at the same time, but soon the three of them shook their heads at the same time.

They could actually arrive earlier, but after leaving the Nether Academy, Tang Xiaolong and others unexpectedly discovered two super-domain master-level masters from the Super God Cultivation Family who were running away.

Tang Xiaolong is not willing to watch the super master super master of the super ***** family slip away in front of him, inspiring Liu Jimeng, the purple flame thunder bear, and the Yinmo Yinniu to fight side by side with him, chasing and killing these two. After more than half a day of chasing and killing the super domain master class powerhouse, Tang Xiaolong got his wish. These two super ***** family powerhouses were beheaded by four people, but it also delayed their time to reach the neutral country.

"I'm really sorry, we should have arrived earlier, but...if anyone of you dared to tell the little boss, you would be dead!" Tang Xiaolong said.

Liu Jimeng frowned slightly, then paused and said, "Li Tian has a good explanation, but how should we explain Ye Meijing? Ye Liangchen was beheaded, and even the bones were gone. Ye Meijing was in the Netherworld. There will be no relatives anymore..."

Tang Xiaolong's psychology was also a little flustered.

If it weren't for his extravagance, they could rush to a neutral country half a day in advance, and Ye Liangchen and others would not die miserably.

Of course, the tragic death of Ye Liangchen and others is not Tang Xiaolong's fault, but it does not mean that Ye Meijing would not think so. Moreover, Ye Liangchen, Long Aotian, and Zhao Ritian were Li Tian's brothers in the death battle. The brothers were a little bit watery, but they also kowtow together.

Thinking of this, Tang Xiaolong felt that he became more and more panicked. He wanted to do something to make up for it, but he didn't seem to think of a better way other than fighting.

"Why don't we kill these two ancient families now, kill these two ancient families, and eradicate them for revenge for Ye Liangchen and others?" Tang Xiaolong said.

The purple flame thunder bear immediately stopped, "We don't want to continue to grow extravagantly. Now the strong men of the four super ***** families may have fled back. If the super ***** family wants to retaliate, then their strong men may already be there. On the way to Nether Academy, we should hurry back to Nether Academy and wait for Brother Li Tian to arrange!"

"Yes, the ancient Bauhinia family and the Chixing ancient family are just small characters. To deal with these two ancient families, it is not a handy way to catch them. When that time comes, let Ye Meijing take care of the enemy!" Liu Jimeng said.

"It seems that it can only be so, let's return now!" Tang Xiaolong said with some worry.

Huh!

Huh!

Huh!

With Liu You, Tang Xiaolong and others immediately began to set off toward Nether Academy.

After Tang Xiaolong and others disappeared, the figure of the clone Li Tian also rushed here.

However, he arrived late and did not see Tang Xiaolong. Fortunately, the clone Li Tian found a survivor among the rubble. The clone Li Tian saved the survivor whose cultivation level was only Venerable Level 5 or 6. When he came out, this guy was extremely excited. He knelt down and

knocked his head in front of Li Tian and said, "Thank you, Lord Li Tian...I...I am willing to be a cow and horse for Lord Li Tian!"

"Do you know Tang Xiaolong, Situ Ningbing and others? Do you know where they are now? Take me to see him!" The clone Li Tian doesn't know if Li Tian is still alive, so he wants to ask if this guy knows Tang Xiaolong. , I also want to take him to see Tang Xiaolong through this guy.

"Big...sir, if you come a few minutes earlier, you will be able to see Sir Tang Xiaolong. Just now...when I pretended to be dead, Tang Xiaolong and others had just left from here. Their purpose should be Nether Academy, or else Shall I send adults to Nether Academy?" This said for the survivor.

...

Netherworld, Nether Academy!

After the Li Tianjun regiment severely inflicted the battle against the coalition forces of the four super **** families, Nether Academy regained confidence.

Now, the faces of the students of the Netherworld Academy can't help showing pride, and the previous fear and haze have long been wiped out.

"I rub, it's really awesome! The Li Tian army was able to defeat the coalition forces of the four super **** families! Elder Li Tian is really not talking, a blockbuster! Now I am afraid that the entire Netherworld already knows Elder Li Tian's Be famous!"

"I'm afraid that the four super **** families won't let this go, and the revenge of the super **** family is not something we ordinary people can bear!"

"I'm afraid of a bird. I just heard one of my elders talk about it seems that Elder Li Tian has killed the Sanlu Super God family. Look, this is domineering, this is strength. If I can enter Li Tian after graduating from Netherworld Academy Members of the Legion..."

"Hahaha, please don't be funny, okay? Don't you know that the cultivation base of Li Tianjun regiment members has generally reached the eighth level of Transcendent Master? Our entire Nether Academy is eligible to enter the Li Tianjun regiment. Only a few elders!"

"Hey, if a person doesn't have a dream, what is the difference between a salted fish and a salted fish. Even if I can't become a member of the Li Tianjun regiment, I feel pretty good that my cultivation level can improve!"

Those students and teachers who stayed secretly celebrated that they had made a correct choice, because at this time the old dean and others have begun to gather all the students, teachers and students who are still in the school, and prepare to take them there. The secret place of the underground library.

As long as Li Tian comes back, they can venture into the mystery of the legend of Nether Academy.

Chapter 5089: : Killer debut

Situ Ningbing and others returned to the Netherworld Academy first.

Also returning to the Nether Academy with Situ Ningbing were Li Xiaoyu, Xingchen Xiaoyue, the vicissitudes of life, the Great Emperor and the Great Emperor.

The other Sea-Monster clan powerhouses also want to come to Nether Academy with Situ Ningbing and others, and they also want to enter the secret realm together to cultivate and improve their cultivation strength so as to avenge the Sea-Monster clan.

But in the end they were all stopped by Li Xiaoyu. Situ Ningbing made his own claim and left tens of thousands of crystals from the ninth-level peak powerhouse of the Transcendent Master. There were only less than two thousand survivors of the Sea-mon. They can be divided into five crystals. If they can concentrate on cultivation, these crystals can cultivate dozens or even hundreds of superdomain master-level experts.

Li Xiaoyu and Li Wuque met after reunion, the two embraced and wept with joy.

The two of them have reached the age of thirty and can no longer be considered children.

But after experiencing the calamity of the Sea-Monster Clan, they will inevitably feel embarrassed when they meet again.

Haiqin has already ascended. If Li Xiaoyu and Li Wuque cannot reach the realm of a demigod, then they may never see Haiqin. The two and the childless child are similar, but fortunately Li Tian is back.

When talking about Li Tian, Li Wuque's face involuntarily showed a trace of pride.

"What kind of person is our father?" Li Xiaoyu couldn't help asking.

"Our father Li Tian is the greatest hero in the world, he..." Li Wuque began to tell.

Li Tian now has dragon scales all over his body, but in terms of appearance, Li Tianxian does not look like a human anymore, but this change is normal in the eyes of Li Xiaoyu and Li Wuque, who grew up in the Kraken clan. Many Sea-Monster clan powerhouses also have scales on their bodies.

Li Xiaoyu had imagined the scene of reunion with Li Tian countless times, but he never thought it would be the scene of the next reunion.

Li Tian is back, Li Tian is already sober.

It was only because he had swallowed two Quasi-God-level crystals in a row that the side effects at this time were gradually revealed. Now Li Tian is still in a panic, and even struggles to stand up. If it weren't for Li Mu's support, Li Tian would have been true. Will fall to the ground.

"This is our hero father?"

Li Xiaoyu saw Li Tian's appearance, to be honest, he was very disappointed.

Even if Li Tian doesn't step on the auspicious clouds and flies away, but at least he still needs to be healthy, but now? It's completely sickly.

The old dean, great elder, Situ Ningbing and others quickly surrounded them.

"How did it happen? Why did Elder Li Tian suffer such a serious injury?" The old dean asked worriedly, saying that the old dean could not wait to take out the tree green, and wanted to check whether Li Tian was injured. Where.

Li Tian waved his hand quickly and said, "It doesn't matter, it's me..."

"Don't be aggressive, this guy and Li Mu went to the Sanlu Super God Family, and a little accident happened to be surrounded by the San Lu Super God Family's San Lu Shang Qing and the widows of the San Lu Super God Family..." Chu Jiangnan said with ease.

This sentence is easy to say, but everyone present can feel the thrill.

"Did you rescue them?" The old dean turned to Chu Jiangnan and asked.

Chu Jiangnan smiled bitterly, shook his head and said, "I don't have that strength! Facing the siege of a dozen elders from the Sanlu Super God family who are all demigod-level powerhouses, I only have the ability to escape. Save them."

"Is it the one from Wanshen Mountain?"

Chu Jiangnan shook his head again.

"It's Li Tian himself. This **** guy, I haven't seen him for decades. I didn't expect that his cultivation level has reached the ninth-level peak of the super domain master, and the potential that this guy has exploded is really amazing." Chu Jiangnan said.

No one said the details. The elders of these Netherworld Academy can only make up their own minds. They can hardly imagine how Li Tian, who was only the ninth-level pinnacle realm of the Super Domain Lord, escaped from the dozens of elders of the Sanlu Super God Family. from?

"Also, two elders of the Sanlu Super God Family have fallen. Li Tian and I each killed one of the elders, so the strong men of the San Lu Super God Family will probably be here soon, so we will immediately To open the secret realm of the underground library, it takes time to enter the secret realm." Chu Jiangnan said.

what?

Kill the elders?

The elders of Chu Jiangnan's strength Nether Academy knew very well that this guy had sneaked into the East Palace Super God Family and beheaded three powerful widows of the East Palace Super God Family.

But what about Li Tian?

The ninth-level pinnacle realm of the super domain master can kill the demigod-level powerhouse, this is no joke!

At this moment, the old dean was shocked.

The great elder and many elders were shocked.

The other strongmen of Li Tianjun were also shocked.

"This is our father!" Li Wuque said proudly to Li Xiaoyu beside him.

Li Xiaoyu was already speechless in surprise.

He was somewhat disappointed in his psychology just now, and now he is as proud as Li Wuque.

If it weren't for Li Tian being surrounded by the elders of the Nether Academy and the strong men of the Li Tian army, Li Xiaoyu would definitely want to rush to give Li Tian a big hug.

"This kid... really won't let us down!"

"Netherworld Realm is about to change completely soon!"

"Super God family, hehe, these **** arrogant guys provoke people they shouldn't provoke! Not surprisingly, when Li Tian returns from the secret realm of the underground library, it will be the time when the four super **** families are uncomfortable. ."

The old deans and elders of the Nether Academy sighed.

The news of Li Tian's return soon spread, and at the same time, the news that Li Tian and Chu Jiangnan beheaded the elders of the Sanlu Super God family.

For a time, Nether Academy boiled again.

"I knew... I knew that the paralyzed, Elder Li Tian would definitely not let the Super God Family bully us!"

"Slay the old elders! Hahaha, after the great **** of Chu Jiangnan, our Netherworld Academy has another **** who can kill the demigod-level powerhouse!"

"I really want to worship Elder Li Tian, I really can't figure out how Elder Li Tian did it!"

The male students and male teachers of Netherworld College talked about Li Tian with a face of admiration, while the female students and female teachers wanted to recommend themselves as pillows and let Li Tian vent on them wantonly, and then they could give Li Tiansheng a monkey. .

The old dean was shocked and immediately began to make arrangements.

After the final statistics, the total number of students and teachers left in the Nether Academy is more than five thousand one hundred. So many people enter the secret realm at the same time, and it takes a lot of time. Fortunately, Chu Jiangnan has found all the other keys to open the secret realm. I came back to the old dean.

The secret realm has been opened, and the students of the Nether Academy have begun to enter the secret realm under the leadership of the elders.

Li Tian's face was very ugly, and he was most worried about Tang Xiaolong, so he let Tang Xiaolong go to the nearest neutral country.

But now that the students have entered more than half, they still haven't seen Tang Xiaolong and others.

As time went by, Li Tian's heart became more and more disturbed. He was worried that the widows of his Super God family would kill at Nether Academy at any time. Once the widows chased them to Nether Academy, then with the current strength of Li Tian and others There is simply no way to compete with the Super God Family.

"This **** guy, I must pump his **** after coming back!" Li Tian said uncomfortably.

Situ Ningbing came to Li Tian, who was cultivating and rehabilitating his body, and comforted Li Tian and said: "Li, the little dragon now is not what it used to be. If the little dragon has not returned, I am afraid they will have some difficulties!"

"I hope so, but we can't just wait and die!"

"Are you ready to use him?"

Li Tian nodded.

"Yes, this was originally intended to deal with the Super God family, but I didn't expect that the Super God family still has so many powerful elders. Although that guy is not enough to compete with the many survivors of the Super God family, he has him. We can be more at ease."

"Void Yasha, please come out of your space by giving me the obscene ***** and the black smoke ball!"

When he was in the metal world, Li Tian got the secret possession of the great dragon, and then the two guys, the obscene ***** and the black smoke group, were not willing to enter the metal world to practice, but directly used the many crystals obtained by Li Tian. Especially the demigod and quasi-god crystal cultivation.

After returning to the Netherworld, the cultivation level of Obscene God and Heiyan Tuan'er reached the demigod at the same time in tandem, and the cultivation state of Obscene God reached the mid-demi-god stage, and the Heiyan Tuan'er also reached Demigod's early days. (The main reason for this is that Obscene God and Heiyan Tuan'er were once powerhouses above the Demigod level. As long as they have enough crystal support, it is quite easy to return to the God level again!)

Li Tian was originally planning to use the indecent ***** and the black smoke group as killers to deal with the super ***** family, but since knowing that there are many demigod elders in the super ***** family, Li Tian gave up this idea, now it's time to put Liang The killer is out.

...

As the students and teachers gradually entered the secret realm, the Netherworld Academy gradually calmed down.

The quieter, the more dignified Li Tian and others felt.

Hearing Li Tian's arrangement, the molestation was dissatisfied.

He felt that Li Tian was betraying him and asking him to die.

"Boy Li Tian, I tell you, as long as the widows of the Super God family appear, I will definitely escape faster than you!" The God of Obscenity continued uncomfortably: "You bastard, I just swallowed a few of you. It's just a crystal, and you want me to die. There are a dozen or even dozens of demigod-level powerhouses, let alone me and the black smoke group, even with Chu Jiangnan, we are not opponents! "

Compared with the obscene god, the black smoke group was very calm, and then the black smoke group glanced at the obscene ***** with extremely contempt, and said: "The lure of the king of food, I am worried about the king! The ***** of obscenity, I look down on it. You, if the dead monkey is still here, that guy will be able to ***** the so-called powerhouses of the Super God family with one stick..."

"Ha ha!"

The obscene ***** chuckled, not speaking, it seems that he knows who the dead monkey the black smoke group is talking about.

At this moment, there was a slight fluctuation of spiritual power in the air of Nether Academy!

"Who is it? Tang Xiaolong is still the Super God Family?"

Chapter 5090: : Start first

"coming!"

The obscene god's gaze firmly looked towards a certain direction in the Netherworld Academy.

The spiritual power fluctuates most obviously in that place, and a strong figure has already appeared there.

"Yes... the powerhouse of the Sanlu Super God Family!"

Li Tian's heart sank, the thing he feared most still happened.

At this time, the number of students and teachers in the Netherworld Academy who have entered the secret realm has probably exceeded 4,000, and it takes only a few minutes for the remaining more than 1,000 people to enter the secret realm. What makes Li Tian feel bad is that Tang Xiaolong and others. Haven't returned to Nether Academy.

If Li Tian abandons the students and teachers of the Netherworld Academy and enters the secret realm first, then it is tantamount to abandoning Tang Xiaolong and the others. In case, after Li Tian and others enter the secret realm, if Tang Xiaolong enters the secret realm again, then Tang Xiaolong and others must be ill-fortune.

Huh!

Huh!

Huh!

The elders of the Sanlu Super God family appeared one by one.

One...

Two...

Three...

In just a moment, all the eleven elders of the Sanlu Super God Family appeared under the leadership of Sanlu Shangqing.

Demi god!

The widows of the Sanlu Super God family are all semi-god-level powerhouses, and now these twelve demi-gods appear in Nether Academy.

Thousands of students gathered outside the underground library of Nether Academy.

"What should I do? The powerhouse of the Super God family has already appeared, we...we will not become cannon fodder?"

"You have to believe in Elder Li Tian, in the old dean, and in Chu Jiangnan, they must have a way to deal with the powerhouse of the Super God family!"

"I hope so, but why do I have such a bottomless mind? The front numb walks faster, do you want to let Lao Tzu die outside?"

The crowd panicked.

The students at the back squeezed forward desperately, wanting to enter the secret realm as soon as possible.

These guys are all cultivators, and the weakest cultivation level has reached the realm of venerable.

This riot is not something ordinary people can bear.

There was a disagreement and even some people even started.

Chu Jiangnan immediately beheaded several students who were making trouble.

There was already enough riots, but now these students are even more worried.

Chu Jiangnan's powerful killing intent was undiminished, and he stared at the students coldly and said angrily: "You'd better give me peace and self-control. If you don't want to die, obey the discipline! Otherwise, they will be your fate. "

Chu Jiangnan, a fascinated guy, killed people when he didn't agree with him, but no one thought that Chu Jiangnan had done too much.

The Grand Elder comforted everyone and said, "Since you all chose to stay, it means that you all believe in Nether Academy. Now I can tell you all with certainty that the sky in our Nether Academy cannot collapse. Even if it does, there will be elders Chu Jiangnan and Li Tian. Wait for it! Elder Li Tian and Chu Jiangnan are both powerful men who have killed the elders."

I have to say that this sentence is still very effective, and the crowd gradually calmed down.

Huh!

Huh!

Chu Jiangnan, the old dean and others all appeared beside Li Tian.

"Elder Li Tian, it will take a while for all the students to enter the secret realm..." the old dean said worriedly.

Li Tian looked at the elders of the Sanlu Super God Family and Sanlu Shangqing who had surrounded them, but there was a slight smile on his face.

"Old Dean, even if you enter the secret realm ahead of time, you can leave it to me, Chu Jiangnan and others to solve it!"

"How can this be? Elder Li Tian, although my strength is not as good as you, but you are definitely not as good as me in fighting foreign enemies!" said the old dean.

"Yes, there are still us! The elders of the Nether Academy have no spoils, let's ***** them together!" The great elder also said eagerly.

"And us!" said several elders.

Li Tian is full of black lines.

"Old dean, dear elders, I believe that you all have the determination to fight to the death with the strong of the Sanlu Super God family, but now is not the time for arrogance, we still don't know what is going on in the secret realm, so the secret realm I need you more now."

These old guys are too self-aware.

In front of a demigod powerhouse, even if the old dean and all the elders unite, it may not be one of their demigod opponents.

If these old guys stay here, it would be nothing more than sending them to death for nothing. Li Tian said to Situ Ningbing and the others: "You too, take care of Li Xiaoyu and Li Wuque for me. We will wait a while. Xiaolong, he will enter the secret realm soon!"

"Be careful! I'll wait for you inside!" Situ Ningbing said.

"This... Elder Li Tian, we are waiting for you inside!"

The old dean was not being polite, and immediately led Li Tianjun's other members to the Tibetan Academy quickly, and followed the students from the Nether Academy.

At this time, there are only three powerhouses around Li Tian: Obscene God, Heiyan Tuan'er, and Chu Jiangnan, who have reached the realm of demigods, and the three Xiaoyashas who follow Li Tian with them, but they are facing Sanlu Super God. The twelve semi-god powerhouses in the family besieged, whether it was Li Tian, Chu Jiangnan, or molesting the gods, they were calm and calm, not to mention the slightest panic.

...

Sanlu Shangqing has discovered that the students of the Nether Academy are constantly walking to the main building of the Tibetan Academy. When he sees these student numbers and the members of the Li Tianjun regiment are still in the Nether Academy, he can guess it. There must be something else in this library.

Sanlu Shangqing knew very well that if he wanted to take Li Tian, he had to block Li Tian's retreat, but Sanlu Shangqing had another worry in his heart.

He knows the strength of Li Tian and Chu Jiangnan. Once Li Tian and others are blocked in their retreat, they will definitely fight back. By then, they will naturally break the net again, and now Li Tian is not the only demigod in Chu Jiangnan. , There are two other demigod-level helpers, even if the Sanlu Supergod Family can obtain Li Tian's crystals and artifacts, they will probably have to pay an extremely heavy price. In the end, they might be just making wedding dresses for other supergod families. .

Sanlv Shangqing began to struggle.

Hands on?

Not necessarily easy to win.

Don't do it?

Do you watch Li Tian and others slip away in front of them, raising tigers?

Sanlv Shangqing began to miss his youngest daughter, Sanlv Shulan, and even Sanlv Shangqing felt a little regretful in his heart for not listening to Sanlv Shulan's advice.

It's a pity that there is no turning back arrow in the bow.

The suicide of Sanlu Shulan made it impossible for the Sanlu Super God family to negotiate peace with Li Tianjun.

"Patriarch, do it!"

Several elders of the Sanlu Super God family surrounded Sanlu Shangqing and urged at the same time.

"Wait a moment..."

Sanlu Shangqing's eyebrows twitched slightly, but in the end he was still reluctant to take risks now, he was still waiting for other super **** families.

"The Patriarch..."

"Patriarch, the Nether Academy also has a secret realm during transmission. Once they hide in the secret realm, we will really miss the best opportunity by then!"

Sanlu Shangqing finally gritted his teeth and said with a fierce look: "Preparing to do it, the six elders will join forces to deal with Chu Jiangnan, and the rest of us will deal with Li Tian and his helpers together, fast...I fuck...this cheap People, how dare..."

Before Sanlu Shangqing had finished speaking, he discovered that the little black smoke ball on Li Tian had already started!
